Item 2. Acquisition or Disposition of Assets

On October 10, 2002, Baldwin Technology Company, Inc. ("Baldwin or the Company") sold substantially all of the assets of its Baldwin Kansa subsidiary ("BKA"). The consideration received for the transaction, after certain post-closing adjustments (and net of certain transaction costs of approximately \$33,000) was approximately \$3,736,000, which approximated the net book value of the assets sold. During the fourth quarter of the fiscal year ended June 30, 2002, the Company recorded an impairment charge of \$5,434,000 related to the goodwill associated with this business, as the recorded value of this goodwill exceeded the assessment of its fair value made by the Company. The Company utilized the net proceeds from this transaction to reduce its outstanding debt.

On September 26, 2001, the Company sold substantially all of the assets of its Roll Handling Group ("RHG"). The Company recorded an impairment charge during the fiscal year ended June 30, 2001 of approximately \$14,831,000 as a

result of the write-off of assets, primarily patents and goodwill, including \$961,000 of cumulative translation adjustments associated with this business. The Company filed a Current Report on Form 8-K dated September 26, 2001, related to this transaction.

On November 16, 2001, the Company sold substantially all of the assets of its Print on Demand ("POD") business. As a result of this sale, the Company recorded an impairment charge during the fiscal year ended June 30, 2001 of approximately \$687,000 to write-off the goodwill associated with the POD business. On September 27, 2000, the Company sold substantially all of the assets of its Baldwin Stobb Division ("BSD"). The effects of the POD and BSD transactions were insignificant to Baldwin's consolidated financial statements, and together they comprise the "Other" category in the accompanying notes to the unaudited pro forma financial information, presented below.
