Item 1

The Board of Directors currently consists of twelve members divided into three classes with overlapping three-year terms. In accordance with the Company's policy on the age limitations for directors, Mrs. Dorothy K. Light is retiring from the Board of Directors after sixteen years of service, effective as of the date of the Meeting. The Board is not nominating a replacement for Ms. Light at this time. Subsequent to the Meeting, the Board of Directors will therefore consist of eleven members.

Five individuals have been nominated for election as directors at the Meeting. Messrs. Codey, Downes, Koeppe and Turner will each serve for a three-year term expiring in 2010 and until their respective successors are elected and have qualified. Each of the nominees is currently serving as a director of the Company and, except for Ms. Kenny, each has been previously elected by the Company's shareholders. Ms. Kenny's nomination to the Board was recommended by a non-management director. There were no nominee recommendations from shareholders or from any group of shareholders. Unless otherwise indicated on a proxy, the proxy holders intend to vote the shares each proxy represents for all of the nominees for election as directors.

The affirmative vote of a plurality of the shares of the Common Stock, present or represented by proxy and voted at the Meeting, is required for the election of directors.

Proxies solicited by the Board will be voted in favor of the nominees listed below, unless otherwise specified in the proxy. **THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR
THE PROPOSED NOMINEES FOR THE BOARD OF DIRECTORS**

INFORMATION ABOUT THE BOARD

During fiscal 2006, there were ten meetings of the Board of Directors. Each director attended more than 75 percent of the combined meetings of the Board of Directors and the Committees on which he or she served during the year. The Company encourages all directors to attend the Company's annual shareholders' meeting if at all possible. Eleven of the twelve directors serving at the time of the annual shareholders meeting in 2006 attended that meeting.

Board Standards of Independence

The standards set by the Board require each member of the Board, other than the CEO, to be independent. The independence standards (Company Independence Guidelines) set by the Board in the Company's corporate governance guidelines (the Corporate Governance Guidelines) are more stringent than the definition of independence set forth in the New York Stock Exchange (the NYSE) listing standards. The director independence standards, as set forth in the Company Independence Guidelines, provide as follows:

Each member of the Board, other than the CEO, shall be independent. In order for a Board member or candidate for election to the Board to qualify as independent, that person or his or her immediate family members must have no material business or other relationships with the Company. The Board has adopted the following categorical standards in defining material business relationships:

A member of the Board will have a material business relationship with the Company or any subsidiary, if the Board member directly or indirectly receives any compensation other than Board or committee meeting fees from the Company or an immediate family member of the Board member is an executive officer of the Company; or

A member of the Board is a partner in, or controlling shareholder or executive officer of, any organization to which the Company has made, or from which the Company has received, payments in any material amount or otherwise has a material relationship.

A person may not become a director if that person had a relationship listed under either of the two paragraphs above during the past three years which would have prevented that person from being a member of the Board at that time.

A Board member may sit on the board of any affiliate of the Company so long as, except for being a director on each such board of directors, the member otherwise meets the independence requirements for each such entity, including the receipt of only ordinary-course compensation for serving as a member of the board of directors. Each member of the Board shall submit a letter of resignation to the Chairman of the Board when the member changes his or her principal occupation or employment, or leaves or retires from the business with which such occupation or employment was carried out. The letter shall be submitted to the Board for its determination as to whether to accept such resignations.

With the exception of Mr. Downes, the Chairman of the Board and CEO, each member of the Board has been determined to be independent in accordance with the above standards. Additionally, the Company made no contributions during fiscal 2006 to any charitable organization in which any independent director serves as an executive officer in any single fiscal year within the preceding 3 years in an amount in excess of the greater of \$1 million or two percent of the charitable organization's consolidated gross revenues. The Company Independence

Guidelines are described in the Corporate Governance Guidelines and are available on the Company's website at <http://www.njliving.com> under the caption "Investor Relations". A printed copy is available to any shareowner who requests it by contacting the Corporate Secretary. The Corporate Secretary may be contacted in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, NJ 07719.

Non-management Directors

The non-management members of the Board meet without management present at each regularly scheduled meeting of the Board unless they decide it is not necessary to do so. The non-management director meetings are chaired by the lead director, currently Mr. Lawrence R. Codey. Any shareholder or interested party wishing to communicate with the non-management directors on an anonymous basis may do so by calling Ethicspoint, Inc., an unaffiliated toll-free hotline service at 1-866-384-4277 or via E-mail at <http://www.ethicspoint.com>. Ethicspoint, Inc. will then notify the lead director or another designated representative of the non-management directors. A copy of the Board's Corporate Governance Guidelines, which sets forth the policies regarding the lead director and meetings of the non-management directors, as well as the policy on communicating with the non-management directors are available on the Company's website at <http://www.njliving.com> under the caption Investor Relations. A printed copy of each is available to any shareowner who requests it by contacting the Corporate Secretary.

Code of Business Conduct and Ethics

The Board of Directors has adopted the Principal Executive Officer and Senior Financial Officers Code of Ethics governing the Company's CEO and senior financial officers, in compliance with the Sarbanes-Oxley Act of 2002 and United States Securities and Exchange Commission (SEC) regulations and the NJR Code of Conduct, a code for all directors, officers and employees as required by the NYSE rules (collectively, the Codes). The Codes form the foundation of a comprehensive process that includes compliance with all corporate policies and procedures, an open relationship among colleagues that contributes to good business conduct, and the high integrity level of our employees. The Codes cover all areas of professional conduct, including employment policies, conflicts of interest, intellectual property and the protection of confidential information, as well as strict adherence to all laws and regulations applicable to the conduct of our business. Copies of both Codes are available on the Company's website at <http://www.njliving.com> under the caption Investor Relations. A printed copy of each Code is available to any shareowner who requests it by contacting the Corporate Secretary.

In discharging its oversight responsibility as to the audit process, the Audit Committee took the following actions, consistent with Independence Standards Board Standard No. 1 Independence Discussions with Audit Committees : 1) obtained from the independent registered public accounting firm a formal written statement describing all relationships between the independent registered public accounting firm and the Company that might bear on their independence, 2) discussed with the independent registered public accounting firm relationships that may impact their objectivity and independence and 3) satisfied itself as to the independent registered public accounting firm's independence. The Audit Committee also discussed with management, the internal auditors and the independent registered public accounting firm the quality and adequacy of the Company's internal controls and the internal audit functions, organization, responsibilities, budget and staffing. Management has the responsibility for the preparation of the Company's financial statements and the independent registered public accounting firm has the responsibility for the audit of those statements.

Based on the above-mentioned review and discussions with management and the independent registered public accounting firm, the Audit Committee recommended to the Board the filing of the Company's audited financial statements in its Annual Report on Form 10-K for the fiscal year ended September 30, 2006, with the SEC. The Audit Committee also reappointed Deloitte and Touche, LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2007.

REMUNERATION OF DIRECTORS

Directors who are not officers of the Company or its subsidiaries are compensated as follows: (1) each Director receives an annual cash retainer of \$25,000 and 800 shares of Common Stock; (2) each Director receives a fee of \$1,500 for each Board and Committee meeting attended and (3) the chairs of the Audit and Executive Committees

receive an annual retainer of \$10,000 and the chairs of all other Board Committees receive an annual retainer of \$5,000. The lead non-management director receives an annual retainer of \$10,000. Directors who are also officers of the Company or its subsidiaries do not receive additional compensation for serving on the Board. All directors are reimbursed for any out-of-pocket expenses incurred in attending Board or Committee meetings. Share ownership guidelines have been established for Directors that specify the expected level of stock ownership of 4,000 shares of Common Stock to be achieved over a five-year period.

LEADERSHIP DEVELOPMENT AND COMPENSATION COMMITTEE REPORT

Remuneration of Executive Officers

The Leadership Development and Compensation Committee (the LDCC) of the Board of Directors consists of five non-management directors who are independent of the Company under the standards set by the SEC, the NYSE and the Board.

The LDCC's executive compensation philosophy is designed to attract, engage, reward and retain qualified executive personnel who will provide superior results and enhance the Company's position in a highly competitive market. The LDCC reviews the performance of all officers of the Company and its subsidiaries and makes recommendations to the Board with respect to the compensation of such officers. The LDCC also reviews and makes recommendations to the Board relating to the benefit programs applicable to all officers and has oversight of certain of the Company's employee benefit plans.

The LDCC works with an independent compensation consultant to review the competitive marketplace for the senior executives of the Company. This review includes levels of compensation; including base salary, annual short-term incentive, long-term incentive and executive benefits and perquisites, as well as the design of such incentive vehicles. Through this approach, the LDCC assures that the program is in keeping with the stated compensation philosophy.

The sources of data for such review are a combination of competitive data from an established comparator group of companies in the regulated natural gas utility industry who are believed to have business models similar to that of the Company and whose inclusion is reviewed annually (the Comparator Group). This direct data is supplemented with published industry surveys and, for selected positions where the skills are transferable beyond the utility industry, general industry information. Many, but not all, of the companies included in the Comparator Group are contained in Company Peer Group (as defined below and described under the caption Performance Graph on page 13).

The LDCC compares this external data to the compensation provided to senior Company executives. The LDCC, using this and other information, establishes salaries and incentive opportunities for each executive. Following review of the business plan of the Company and based on recommendations of the CEO, the LDCC establishes threshold, target and maximum performance objectives to be used for incentive compensation. The LDCC additionally considers and sets performance objectives for the CEO.

The LDCC believes that in general, for target performance, total remuneration for the Company's senior executives should approximate the median paid to similar executive positions in the marketplace. However, if Company or individual achievement exceeds target expectations, the LDCC believes that it is appropriate to provide rewards that reflect such performance and that individual total remuneration may exceed the median of the marketplace in such instances.

Base Salary

In setting the base salary level of each executive officer, the LDCC considers the marketplace compensation data, as well as the executive's experience level, demonstrated capabilities, time and placement in position and the actual performance of the executive.

Incentive Plan

Under the Officer Incentive Compensation Plan (the Incentive Plan), officers and certain key employees of the Company, as designated by the LDCC, have the opportunity for additional compensation in the form of cash, or

restricted stock, based upon an evaluation by the LDCC, with respect to a single fiscal year, of the performance of the Company, an executive's area of primary responsibility, customer satisfaction, leadership and achievement of established goals. Incentive award opportunities are based on a percentage of the base salary of each executive. Actual awards, as determined by the LDCC, may range from 0 to 150 percent of target.

The performance metrics used in awarding short-term incentives include earnings, customer satisfaction and leadership, which are measured against targets that are established at the beginning of the fiscal year. The leadership

component allows for the recognition of superior individual performance as determined by the CEO and recommended to the LDCC. In the case of earnings and customer satisfaction, the Company met its plan targets for the year.

The LDCC may also provide for special awards which recognize accomplishments by individual executives that are beyond levels of expected performance.

Long-Term Plan

For fiscal 2006, the Employee and Outside Director Long-Term Incentive Plan (the Long-Term Plan) provides for the award of stock options (the Stock Options), performance units (the Performance Units), or restricted stock (the Restricted Stock) to designated employees. The LDCC believes that Performance Units, each unit of which is equal to a share of Common Stock, and Restricted Stock awards provide executives with a strong incentive to create earnings that could support the payment of dividends and to focus on stock price appreciation. As the value of the Company's stock is generally considered the strongest indicator of long-term financial performance, equity-based incentives are a primary element of the Company's long-term compensation program. This has been accomplished through the award of Stock Options, which allow the executive to benefit by appreciation in stock price, and the performance-based Performance Units and Restricted Stock awards, which provide strong incentives to executives by relating a portion of their compensation to the future value of the Company's stock.

Additionally, the use of stock-based compensation encourages individuals to act as owner/managers and is an important means of fostering a mutual interest between management and shareholders. To further encourage this mutual interest, share ownership guidelines have been adopted which specify by position an expected level of stock ownership to be achieved by executives and directors over a five-year period. These guidelines are described in the Corporate Governance Guidelines, discussed above.

The LDCC has established a practice of making grants under the Long-Term Plan every other year. Performance Units are valued at the time of grant at fair market value as calculated by a consultant using a lattice model. The currently outstanding Performance Units will only vest upon (i) the attainment of a schedule of performance goals related to total shareholder return (stock price appreciation plus dividends, which are treated as though reinvested) as measured against a twenty-one company peer group (the Company Peer Group) over a period of 30 months and (ii) additional service beyond the point when the goal is reached. The higher the ranking of the Company among the Company Peer Group, the greater the number of Performance Units that will be earned, up to a maximum of 150 percent of the target. No Performance Units will vest if the Company does not perform in at least the top half of the Company Peer Group. As of September 30, 2006, based upon the Company's total shareholder return relative to its peers, the recipients of Performance Units under the Long-Term Plan would be entitled to a payout equal to 110 percent of the target number of Performance Units granted to them during the current 30-month cycle.

Stock Options granted have an exercise price equal to fair market value at the time of grant. Special recognition grants of Restricted Stock were made under the Long-Term Plan to selected officers in fiscal 2006. These grants were designed to recognize the success of the Company in fiscal 2005 that was not reflected in the incentive payouts for that year and, through the use of four-year cliff vesting, to provide for the retention of selected key executives. Also in fiscal 2006, the LDCC made awards under the Long-Term Plan in the form of Performance Units and Stock Options to only those executives who were hired, or promoted during the year. Two-thirds of the total value of these awards was in the form of performance shares and one-third in the form of stock options. The Performance Units were valued at time of grant at fair market value as calculated by a consultant using a lattice model. The Stock Options awarded were valued using the Black-Scholes model, and have an exercise price equal to fair market value at the time of grant.

Other Benefits

As discussed above, the LDCC intends that the level of Company benefits, as a component of executives' total compensation, be consistent with total compensation, including benefits, of comparable publicly traded companies. The scope of the benefit programs for executives in fiscal 2006 was not materially changed from the prior year.

CEO Compensation

In fiscal year 2006, the LDCC established a base salary of \$650,000 for Mr. Downes. This amount is positioned at approximately the median of the marketplace base salary and is based upon marketplace compensation data, his experience level, demonstrated capabilities, time and placement in position and actual performance. The fiscal 2006 consolidated Company results met or exceeded the target performance goals, resulting in payment of a short-term incentive bonus to Mr. Downes in the amount of \$400,000. These goals related to earnings, customer satisfaction and his overall leadership. The Company met its earnings target and exceeded its customer satisfaction targets in fiscal 2006.

No long-term incentive grants were made to Mr. Downes in fiscal 2006. As stated above, the LDCC has granted equity based long-term incentives every two years. For fiscal 2005, the LDCC granted to Mr. Downes 48,000 options together with 12,000 Performance Units (the target number) which could be earned based on the Company's total shareholder return exceeding that of at least 14 of the 22 companies comprising the Company Peer Group for the 30-month period ending September 30, 2007. As of September 30, 2006 (and assuming that the Company's performance relative to the Company Peer Group remains at the same level at the end of the current 30-month cycle), based upon the Company's total shareholder return relative to its peers, Mr. Downes would be entitled to a payout equal to 110 percent of the target number of Performance Units granted to him during the current 30-month cycle. 50 percent of such payout would occur on October 1, 2007, and the remaining 50 percent would be paid out on October 1, 2008, if Mr. Downes is still employed by the Company.

United States Federal Income Tax Limits on Deductibility

Section 162(m) of the Internal Revenue Code (the Code) provides that executive compensation in excess of \$1 million to an individual officer will not be deductible for purposes of corporate income tax unless it is performance-based compensation and is paid pursuant to a plan meeting certain requirements of the Code. The LDCC has relied and intends to continue to rely on performance-based compensation programs for annual and long-term incentive awards. The LDCC seeks, through such programs, to fulfill corporate business objectives. The LDCC currently anticipates that, to the extent practicable and in the Company's best interest, such programs will be designed to satisfy the requirements of Section 162(m) with respect to the deductibility of compensation paid. The LDCC recognizes, however, that there may be business considerations that dictate that compensation be paid that is not deductible under Section 162(m).

Compensation Committee Interlocks and Insider Participation

No member of the LDCC is a former or current officer or employee of the Company or any of its subsidiaries, nor does any executive officer of the Company serve as an officer, director or member of a compensation committee of any entity whose executive officer or director is a director of the Company.

(1) Ms. Dugan joined the Company in December 2005. Ms. Dugan received an award of 3,000 Performance Units issued pursuant to the Long-Term Plan on December 5, 2005. The aggregate value of these Performance Units as of September 30, 2006 was \$147,900 based upon the value of the Common Stock as of that date and assuming vesting of one hundred percent of the Performance Units. These Performance Units will vest in full only if the Company's total shareholder return exceeds that of at least 14 of the 22 companies comprising the Company Peer Group. If the Performance Units vest, Ms. Dugan will receive 50 percent of her award on October 1, 2007. The remaining 50 percent will be paid out on October 1, 2008 if she is still employed by the

Company. This award is described in more detail under LONG-TERM PLAN AWARDS IN LAST FISCAL YEAR.

- (2) Mr. Downes was awarded a performance bonus of \$300,000 for achievements in fiscal 2005, reflecting consolidated Company results that met or exceeded the Company's specific fiscal 2005 goals. Despite this fact, Mr. Downes elected not to accept this performance bonus because NJNG, the Company's regulated subsidiary, did not meet its earnings target due to unusual weather and customer usage patterns prevalent in fiscal 2005.
- (3) Mr. Downes holds 12,000 Performance Units that were granted to him pursuant to the Long-Term Plan in fiscal 2005 and have an aggregate value as of September 30, 2006, of \$591,600 based upon the value of the Common Stock as of that date and assuming vesting of one hundred percent of the Performance Units. Mr. Shields holds 4,500 Performance Units that were granted to him in fiscal 2005 pursuant to the Long-Term Plan and have an aggregate value as of September 30, 2006 of \$221,850, based upon the value of the Common Stock as of that date and assuming vesting of one hundred percent of the Performance Units. Mr. Lockwood and Ms. Ellis each

hold 2,250 Performance Units that were granted to each of them in fiscal 2005 pursuant to the Long-Term Plan and have an aggregate value (for each of Mr. Lockwood and Ms. Ellis) as of September 30, 2006 of \$110,925 based upon the value of the Common Stock as of that date and assuming vesting of one hundred percent of the Performance Units. The Performance Units will only vest if the Company's total shareholder return ranks in the 50th percentile or higher as measured against the Company Peer Group over a period of 30 months ending September 30, 2007. If the Company's total shareholder return ranks at the 50th percentile during that period, the Performance Units that will be earned will be 50 percent of the amount granted. In order for the holder of the Performance Units to earn 100 percent of the amount granted, the Company's total shareholder return will have to exceed that of at least 14 of the 22 companies comprising the Company Peer Group. The higher the Company's ranking, the greater the Performance Units that will be earned, up to a maximum of 150 percent of the grant, plus an equivalent number of units that reflect accrued reinvested dividends on the total (Possible Total). If the Performance Units vest, each executive will receive 50 percent of the Possible Total on October 1, 2007. The remaining 50 percent will be paid out on October 1, 2008 if the executive is still employed by the Company.

- (4) Mr. Lockwood was granted 350 shares of restricted stock on February 1, 2006. The value at fiscal year-end of the 350 shares of restricted stock was \$17,255. These shares will be restricted for a four-year period ending on February 1, 2010. Dividends on these restricted shares accrue at the same time and at the same rate as paid to all other shareholders.
- (5) Ms. Ellis joined the Company in December 2004. She was granted 489 shares of restricted stock on February 1, 2006. The value at fiscal year-end of the 489 shares of restricted stock was \$24,108. These shares will be restricted for a four-year period ending February 1, 2010. Dividends on these restricted shares accrue at the same time and at the same rate as paid to all other shareholders.

Information regarding restricted stock awards under the Long-Term Plan are described under the column entitled "Restricted Stock Awards" in the "Summary Compensation Table" on page 14 above.

- * Ms. Dugan was awarded Performance Units, each of which represents a share of Common Stock, pursuant to the Long-Term Plan. The Performance Units will only vest if the Company's total shareholder return ranks in the 50th percentile as measured against the Company Peer Group over a period of 30 months ending September 30, 2007. If the Company's total shareholder return ranks in the 50th percentile of the Company Peer Group during that period, Ms. Dugan will receive the "threshold" number of Performance Units listed in the table above. If the Company's total shareholder return exceeds that of exactly 14 of the 22 companies comprising the Company Peer Group, Ms. Dugan will receive the "target" number of Performance Units listed in the table above. The higher the Company's ranking, the greater the Performance Units that will be earned, up to a maximum of 150 percent of the grant (indicated as "Maximum" in the table above), plus an equivalent number of units that reflect accrued reinvested dividends on the total ("Possible Total"). If the Performance Units vest, Ms. Dugan will receive 50 percent of the Possible Total on October 1, 2007. The remaining 50 percent will be paid out on October 1, 2008 if the executive is still employed by the Company.

RETIREMENT PLANS**Pension Plan Table**

The following table shows, for the highest average compensation (which is based upon the twelve-month average of the highest consecutive sixty months of base salary) and years of service indicated, the estimated annual pension benefit payable commencing upon retirement at age 65, including amounts attributable to the Plan for Retirement Allowances for Non-Represented Employees (the Retirement Allowance Plan) and any other defined benefit supplementary or excess pension award plans in specified compensation and years of service classifications, and assumes that payments will be made in the form of a 50 percent joint and survivor annuity. Benefits under the Retirement Allowance Plan shown below are not subject to any deduction for Social Security or other offset amounts. Benefits collected prior to age 60 and completion of 20 years of service (excluding disability retirements) are subject to early commencement reductions ranging from 30 to 50 percent, depending on age at the time of commencement. The annual salary and bonus for the most recent fiscal year for the Named Executive Officers is indicated in the Annual Fiscal Year Compensation columns of the Summary Compensation Table.

To the extent benefits that would otherwise be payable to an employee under the Retirement Allowance Plan and the Savings Plan exceed the specified limits on such benefits imposed by the Code, the Company intends to pay such excess benefits to the employee at the time the employee receives payment under the respective plan. These excess benefit payments would be made from the general funds of the Company. As of September 30, 2006, Messrs. Downes, Lockwood and Shields and Ms. Ellis were eligible for excess benefit payments under both plans.

The Company has supplemental retirement agreements (Supplemental Retirement Agreements) with Messrs. Downes, Shields, Lockwood and certain other officers not named in the Summary Compensation Table, payable over a five-year period commencing with retirement at age 65. At projected retirement, the total maximum amount payable to Mr. Downes under his Supplemental Retirement Agreement is currently \$250,000. Messrs. Shields and Lockwood would each be entitled to maximum amounts of \$125,000 under their respective Supplemental Retirement Agreements.

CHANGE OF CONTROL ARRANGEMENTS

Long-Term Plan

Under the Long-Term Plan, in the event of a Change of Control (as defined in the Long-Term Plan) of the Company, the Board may, among other things, accelerate the entitlement to outstanding benefits awarded thereunder. Pursuant to the Long-Term Plan a Change of Control shall be deemed to have occurred if (1) absent prior approval by the Board, 30 percent or more of the Company's outstanding securities entitled to vote in elections of directors shall be beneficially owned, directly or indirectly, by any person, entity or group; or (2) individuals currently constituting the Board (or the successors of such individuals nominated by a Board on which such individuals or such successors constituted a majority) cease to constitute a majority of the Board. The Long-Term Plan is proposed to be replaced by the 2007 Stock and Award Incentive Plan, as described under APPROVAL OF THE 2007 STOCK AWARD AND INCENTIVE PLAN below. Under the 2007 Stock and Award Incentive Plan, the main proposed difference in the definition of Change of Control would be an increase in the percentage described in clause (1) of the first sentence of this paragraph from 30 percent to 35 percent.

Supplemental Retirement Agreements

Pursuant to the Supplemental Retirement Agreements of Messrs. Downes, Shields and Lockwood, in the event of a change of control of the Company, the right to the amounts payable to each of them thereunder becomes immediately vested and such amounts are immediately payable in the event of a subsequent termination of employment for any reason. Change of Control of the Company is defined in the Supplemental Retirement Agreements as a reportable change of control under the proxy rules of the SEC, including the acquisition of a 30 percent beneficial voting interest in the Company, or a change in any calendar year in such number of directors as constitutes a majority of the Board, unless the election, or the nomination for election by the Company's shareholders, of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the year.

Employment Continuation Agreements

The Company has entered into agreements (Employment Continuation Agreements) with each of Mr. Downes, Mr. Lockwood, Mr. Shields and Ms. Ellis that provide each such executive certain rights in the event that his or her employment with the Company is terminated within two years following the occurrence of a Change of Control (i) by the Company without Cause (i.e., conviction of a felony, gross neglect, willful malfeasance or willful gross misconduct which has had a material adverse effect on the Company or repeated material willful violations of the executive's duties which result in material damage to the Company's business or reputation) or (ii) by the executive for Good Reason (e.g., due to a material breach of the agreement by the Company, including, without limitation, a material adverse change in the executive's position or responsibilities or a reduction of the executive's compensation). Subject to the limitation described below, upon either such termination of employment, the executive will receive three times, in the case of Mr. Downes, and two times, in all other cases, the sum of (x) his or her then annual base salary and (y) the average of his or her annual bonuses with respect to the last three calendar years ended prior to the Change of Control. The Employment Continuation Agreements further provide that, if any such executive is subject to the so-called golden parachute excise tax imposed under Section 4999 of the Code, the Company shall make an additional payment to the executive in an amount sufficient to place the executive in the same after-tax position as if no such excise taxes had been imposed. For purposes of these agreements, a Change of Control generally means (i) the acquisition by any person of beneficial ownership of securities representing 25 percent or more of the combined voting power of the Company's securities; (ii) within any 24-month period, the persons who were directors of the Company immediately before such period (the Incumbent Directors) and directors whose nomination or election is approved by two-thirds of the Incumbent Directors and directors previously approved by the Incumbent Directors cease to constitute a majority of the Board or (iii) the shareholders of the Company approve a merger, consolidation, share exchange, division, sale or other disposition of all or substantially all of the assets of the Company, as a result of which the shareholders of the Company immediately prior to such event do not hold, directly or indirectly, a majority of the Voting Power (as defined in the Employment Continuation Agreements) of the acquiring or surviving corporation.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Apart from the delivery of regulated natural gas service to any Director or executive officer living in the Company's service territory, the Company does not engage in transactions with its directors or executive officers.

APPROVAL OF THE 2007 STOCK AWARD AND INCENTIVE PLAN

[Item (2) on Proxy Card]

Introduction

At the Annual Meeting, shareholders will be asked to approve the 2007 Stock Award and Incentive Plan (the 2007 Plan), which was approved by the Board of Directors on November 15, 2006. The Board and its LDCC approved the 2007 Plan to assist the Company:

Attract, retain, motivate and reward officers, employees, directors, consultants and advisors to the Company and its subsidiaries and affiliates;

Strengthen the Company's capability to develop, maintain and direct a competent management team;

Provide equitable and competitive compensation opportunities;

Recognize individual contributions and reward achievement of Company goals; and

Promote creation of long-term value for shareholders by closely aligning the interests of participants with the interests of shareholders.

The Board and the LDCC believe that awards linked to Common Stock and awards with terms tied to Company performance can provide incentives for the achievement of important performance objectives and promote the long-

term success of the Company. Therefore, the Board and the LDCC view the 2007 Plan as an essential element of the Company's overall compensation program.

The 2007 Plan, if approved by shareholders, would replace the Long-Term Plan, which has been effective since January 23, 2002. Tax regulations would have required that, in 2007, the Company obtain shareholder approval of the performance goals incorporated into the Long-Term Plan in order that future grants of performance-based awards could qualify under Section 162(m) of the Internal Revenue Code (the Code). In view of the significant changes in accounting rules, tax laws and other regulations since the Long-Term Plan was approved in 2002, and given the need to again obtain shareholder approval relating to the Long-Term Plan, the Board and the LDCC agreed with the recommendation of compensation consultants to replace the Long-Term Plan with a new plan that, like the Long-Term Plan, provides broadly for equity and incentive awards but contains updated compliance provisions. The Company is seeking approval for shares, in addition to the number remaining available under the Long-Term Plan, so that the 2007 Plan can meet the needs of the Company for the foreseeable future.

Information on the total number of shares available under our existing equity compensation plans and subject to outstanding options as of the end of the last fiscal year is presented above under the caption **SECURITIES AUTHORIZED FOR ISSUANCE UNDER COMPENSATION PLANS**. Based on the Company's equity award plans in effect and outstanding awards at December 6, 2006, if shareholders approve the 2007 Plan the total number of shares subject to outstanding awards and available for future awards under the 2007 Plan and other continuing equity compensation plans would be as follows:

Shares subject to outstanding awards	654,991
Shares to be available for future equity awards, including under the proposed 2007 Plan	1,428,751
Total shares	2,083,742
Percentage of outstanding shares*	7.5%
Percentage of outstanding shares (including reserved shares as outstanding)	7.0%

Calculated based upon options outstanding as of December 6, 2006, and assuming issuance of the maximum number of Performance Units (150 percent of the number of Performance Units granted) at the end of the current 30-month cycle.

* Shares outstanding includes all Common Stock outstanding at December 6, 2006 and does not include issuance of unissued shares reserved for outstanding or future awards under the existing plans and the proposed 2007 Plan.

The 2007 Plan would make 750,000 new shares of Common Stock available for equity awards, representing approximately 2.7 percent of the shares outstanding. If approved by shareholders, the 2007 Plan would replace the Long-Term Plan, and therefore approximately 678,751 shares that remain available under the Long-Term Plan (as of December 6, 2006) would also be made available under the 2007 Plan. No new awards would be granted under the Long-Term Plan, although the LDCC retains full authority regarding outstanding awards under that Plan. Shares subject to outstanding awards under the Long-Term Plan and the Long-Term Incentive Compensation Plan effective October 1, 1999 and the Restricted Stock and Stock Option Program for Outside Directors effective January 1, 2001 may become available under the 2007 Plan if such shares are not delivered to the participant, in accordance with the share counting rules of the 2007 Plan explained below under the caption Shares Available Under the 2007 Plan.

Overview of 2007 Plan Awards

The 2007 Plan authorizes a broad range of awards which the Board may award at its discretion, including:

restricted stock, a grant of actual shares subject to a risk of forfeiture and restrictions on transfer

performance shares or other stock-based performance awards (these include deferred stock or restricted stock awards that may be earned by achieving specific performance objectives)

deferred stock, a contractual commitment to deliver shares at a future date, which may or may not be subject to a risk of forfeiture (forfeitable deferred stock is sometimes called restricted stock units)

cash-based performance awards tied to achievement of specific performance objectives

other awards based on Common Stock

dividend equivalents

stock options (incentive stock options and nonqualified stock options)

stock appreciation rights (SARs)

shares issuable in lieu of rights to cash compensation

Vote Required for Approval

Approval of the 2007 Plan will require the affirmative vote of a majority of the votes cast at the Annual Meeting by the holders of shares entitled to vote on the matter, provided that the total votes cast on the proposal represent over 50 percent in interest of all securities entitled to vote on the proposal. The Board considers the 2007 Plan to be in the best interests of the Company and its shareholders and therefore recommends that the shareholders vote to approve the 2007 Plan at the Annual Meeting.

Reasons for Shareholder Approval

The Board seeks approval of the 2007 Plan by shareholders in order to meet requirements of the New York Stock Exchange (the NYSE) and to satisfy requirements of tax law to help preserve the Company's ability to claim tax deductions for compensation to executive officers. In addition, the Board regards shareholder approval of the 2007 Plan as desirable and consistent with corporate governance best practices.

Section 162(m) of the Code limits the deductions a publicly held company can claim for compensation in excess of \$1 million in a given year paid to the Chief Executive Officer and the four other most highly compensated executive officers serving on the last day of the fiscal year (generally referred to as the named executive officers).

Performance-based compensation that meets certain requirements is not counted against the \$1 million deductibility cap, and therefore remains fully deductible. For purposes of Section 162(m), approval of the 2007 Plan will be deemed to include approval of the general business criteria upon which performance objectives for awards are based, described below under the caption *Performance-Based Awards*. Shareholder approval of general business criteria, without specific targeted levels of performance, will permit qualification of incentive awards for full tax deductibility for a period of five years under Section 162(m). Shareholder approval of the performance goal inherent in stock options and SARs (increases in the market price of stock) is not subject to a time limit under Section 162(m).

In addition, shareholder approval will permit designated stock options to qualify as incentive stock options under the Code for a period of ten years. Such qualification can give the holder of the options more favorable tax treatment, as explained below.

Restriction on Repricing and Loans

Consistent with the requirements of the NYSE, the 2007 Plan includes a restriction providing that, without shareholder approval, the Company will not amend or replace options or SARs previously granted under the Plan in a transaction that constitutes a repricing. For this purpose, a repricing is defined as amending the terms of an option or SAR after it is granted to lower its exercise price, any other action that is treated as a repricing under generally accepted accounting principles, or canceling an option at a time when its strike price is equal to or greater than the fair market value of the underlying stock in exchange for another option, SAR, Restricted Stock, or other equity, unless

the cancellation and exchange occurs in connection with a merger, acquisition, spin-off or other similar corporate transaction. Adjustments to the exercise price or number of shares subject to an option or SAR to reflect the effects of a stock split or other extraordinary corporate transaction will not constitute a repricing.

The 2007 Plan does not authorize loans to participants.

Description of the 2007 Plan

The following is a brief description of the material features of the 2007 Plan. This description, including information summarized above, is qualified in its entirety by reference to the full text of the proposed 2007 Plan, a copy of which is attached to this Proxy Statement as Appendix A.

Shares Available under the 2007 Plan. If the 2007 Plan is approved by the Company's shareholders, 750,000 shares will be reserved for delivery to participants, plus shares remaining available for new grants under the Long-Term Plan and shares recaptured from outstanding awards under the Long-Term Plan and two other equity plans under which no further awards are being granted. The shares reserved may be used for any type of award under the 2007 Plan. A maximum of 750,000 shares will be reserved for delivery pursuant to incentive stock options as defined in Section 422 of the Code (ISOs).

Only the number of shares actually delivered to participants in connection with an award after all restrictions have lapsed will be counted against the number of shares reserved under the 2007 Plan. Thus, shares will remain available for new awards if an award expires, is forfeited, or is settled in cash, if shares are withheld or separately surrendered to pay the exercise price of an option or to satisfy tax withholding obligations relating to an award, if fewer shares are delivered upon exercise of a SAR than the number of shares covered by the SAR, or if shares that had been issued as restricted stock are forfeited. These same rules will apply to awards under the Long-Term Plan and the Long-Term Incentive Compensation Plan effective October 1, 1999; and the Restricted Stock and Stock Option Program for Outside Directors effective January 1, 2001, so that shares may become available under the 2007 Plan to the extent that shares are not in fact both delivered and vested in connection with those awards. Under the 2007 Plan, awards may be outstanding relating to a greater number of shares than the aggregate remaining available under the 2007 Plan, so long as the LDCC ensures that awards will not result in delivery and vesting of shares in excess of the number then available under the 2007 Plan. Shares delivered under the 2007 Plan may be either newly issued or treasury shares.

On December 6, 2006, the last reported sale price of the Common Stock in composite transactions for NYSE-listed securities was \$52.05 per share.

Per-Person Award Limitations. The 2007 Plan includes a limitation on the amount of awards that may be granted to any one participant in a given year in order to qualify awards as performance-based compensation not subject to the limitation on deductibility under Section 162(m) of the Code. Under this annual per-person limitation, no participant may in any year be granted share-denominated awards under the 2007 Plan relating to more than his or her Annual Limit. The Annual Limit equals 300,000 shares plus the amount of the participant's unused Annual Limit relating to share-based awards as of the close of the previous year, subject to adjustment for splits and other extraordinary corporate events. In the case of cash-denominated awards, the 2007 Plan limits performance awards that may be earned by a participant to the participant's defined Annual Limit, which for this purpose equals \$2.5 million plus the amount of the participant's unused cash Annual Limit as of the close of the previous year. The per-person limit for cash-denominated performance awards does not operate to limit the amount of share-based awards, and vice versa. These limits apply only to awards under the 2007 Plan, and do not limit the Company's ability to enter into compensation arrangements outside of the 2007 Plan.

Adjustments. Adjustments to the number and kind of shares subject to the share limitations and specified in the share-based Annual Limit are authorized in the event of a large and non-recurring dividend or distribution, recapitalization, stock split, stock dividend, reorganization, business combination, or other similar corporate transaction, equity restructuring as defined under applicable accounting rules, or other similar event affecting the Common Stock. The Company is also obligated to adjust outstanding awards upon the occurrence of these types of events to preserve, without enlarging, the rights of 2007 Plan participants with respect to such awards. The LDCC may adjust performance conditions and other terms of awards in response to these kinds of events or to changes in

applicable laws, regulations, or accounting principles, except that adjustments to awards intended to qualify as performance-based generally must conform to requirements imposed by Section 162(m).

Eligibility. Executive officers and all other employees of the Company and its subsidiaries, non-management directors serving on the Board and others who provide substantial services to the Company and its subsidiaries and affiliates, are eligible to be granted awards under the 2007 Plan. In addition, any person who has been offered

employment by the Company or a subsidiary or affiliate may be granted awards, but such prospective grantee may not receive any payment or exercise any right relating to the award until he or she has commenced employment or the providing of services. The Company currently has approximately 766 employees and 11 non-employee directors. The selection of participants and the nature and size of the awards granted to participants is subject to the discretion of the LDCC. Accordingly, the Company cannot specifically identify those to whom awards may be granted under the 2007 Plan because no such determination has been made. Awards currently outstanding under the Long-Term Plan are held by a total of approximately 95 employees and 11 non-management directors of the Company as of December 6, 2006.

Administration. The 2007 Plan is administered by the LDCC, except that the Board may itself act to administer the Plan. The Board must perform the functions of the LDCC for purposes of granting awards to non-management directors. (References to the LDCC here mean the LDCC or the full Board exercising authority with respect to a given award.) The 2007 Plan provides that the composition and governance of the LDCC shall be established in the LDCC's charter adopted by the Board. Subject to the terms and conditions of the 2007 Plan, the LDCC is authorized to select participants, determine the type and number of awards to be granted and the number of shares to which awards will relate or the amount of a performance award, specify times at which awards will be exercisable or settled, including performance conditions that may be required as a condition thereof, set other terms and conditions of such awards, prescribe forms of award agreements, interpret and specify rules and regulations relating to the 2007 Plan, and make all other determinations which may be necessary or advisable for the administration of the 2007 Plan. Nothing in the 2007 Plan precludes the LDCC from authorizing payment of other compensation, including bonuses based upon performance, to officers and employees, including the executive officers, outside of the 2007 Plan. The Board of Directors rather than the LDCC will exercise authority under the 2007 Plan to grant awards to non-management directors, and as to other LDCC determinations to make grants under the 2007 Plan the Board will generally review those decisions and determine whether or not to ratify them. The 2007 Plan authorizes the LDCC to delegate authority to executive officers to the extent permitted by applicable law, but such delegation will not authorize grants of awards to executive officers without direct participation by the LDCC. The 2007 Plan provides that members of the LDCC and the Board shall not be personally liable, and shall be fully indemnified, in connection with any action, determination, or interpretation taken or made in good faith under the 2007 Plan.

Stock Options and SARs. The LDCC is authorized to grant stock options, including both ISOs, which can result in potentially favorable tax treatment to the participant, and non-qualified stock options. SARs may also be granted, entitling the participant to receive the excess of the fair market value of a share on the date of exercise over the SAR's designated base price. The exercise price of an option and the base price of a SAR are determined by the LDCC, but generally may not be less than the fair market value of the shares on the date of grant. The maximum term of each option or SAR will be ten years. Subject to this limit, the times at which each option or SAR will be exercisable and provisions requiring forfeiture of unexercised options (and in some cases gains realized upon an earlier exercise) at or following termination of employment or upon the occurrence of other events generally are fixed by the LDCC. Options may be exercised by payment of the exercise price in cash, shares having a fair market value equal to the exercise price or surrender of outstanding awards or other property having a fair market value equal to the exercise price, as the LDCC may determine. This may include withholding of option shares to pay the exercise price if that would not result in additional accounting expense. The LDCC also is permitted to establish procedures for broker-assisted cashless exercises. Methods of exercise and settlement and other terms of SARs will be determined by the LDCC. SARs may be exercisable for shares or for cash, as determined by the LDCC. Options and SARs may be granted on terms that cause such awards not to be subject to Section 409A of the Code (Section 409A), or with terms that cause those awards to be deferral arrangements subject to Section 409A.

Restricted and Deferred Stock/Restricted Stock Units. The LDCC is authorized to grant restricted stock and deferred stock. Prior to the end of the restricted period, shares granted as restricted stock may not be sold, and will be forfeited in the event of termination of employment in specified circumstances. The LDCC will establish the length of the restricted period for awards of restricted stock. Aside from the risk of forfeiture and non-transferability, an award of

restricted stock entitles the participant to the rights of a shareholder of the Company, including the right to vote the shares and to receive dividends (which may be forfeitable or non-forfeitable), unless otherwise determined by the LDCC.

Deferred stock gives a participant the right to receive shares at the end of a specified deferral period. Deferred stock subject to forfeiture conditions may be denominated as an award of restricted stock units. The LDCC will establish any vesting requirements for deferred stock/restricted stock units granted for continuing services. One advantage of restricted stock units, as compared to restricted stock, is that the period during which the award is deferred as to settlement can be extended past the date the award becomes non-forfeitable, so the LDCC can require or permit a participant to continue to hold an interest tied to Common Stock on a tax-deferred basis. Prior to settlement, deferred stock awards, including restricted stock units, carry no voting or dividend rights or other rights associated with stock ownership, but dividend equivalents (which may be forfeitable or non-forfeitable) will be paid or accrue if authorized by the LDCC.

Other Stock-Based Awards, Stock Bonus Awards and Awards in Lieu of Other Obligations. The 2007 Plan authorizes the LDCC to grant awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to Common Stock. The LDCC will determine the terms and conditions of such awards, including the consideration to be paid to exercise awards in the nature of purchase rights, the periods during which awards will be outstanding, and any forfeiture conditions and restrictions on awards. In addition, the LDCC is authorized to grant shares as a bonus that is free of restrictions, or to grant shares or other awards in lieu of obligations under other plans or compensatory arrangements, subject to such terms as the LDCC may specify.

Performance-Based Awards. The LDCC may grant performance awards, which may be awards of a specified cash amount or may be share-based awards. Generally, performance awards require satisfaction of pre-established performance goals, consisting of one or more business criteria and a targeted performance level with respect to such criteria as a condition of awards being granted or becoming exercisable or settleable, or as a condition to accelerating the timing of such events. Performance may be measured over a period of any length specified by the LDCC. If so determined by the LDCC, in order to avoid the limitations on tax deductibility under Section 162(m) of the Code, the business criteria used by the LDCC in establishing performance goals applicable to performance awards to the named executive officers will be selected from among the following:

Revenues;

Expenses;

Gross margin or gross profit, including pre-tax profit before payment of specified compensation;

Any earnings or net income measure, including earnings from operations, earnings before taxes, earnings before interest and/or taxes and/or depreciation, statutory earnings before realized gains (losses), or net income available to common shareholders;

Operating margin or operating profit;

Earnings or earnings per share (EPS), including or excluding extraordinary items;

Operating cash flow, free cash flow, cash flow return on investment, or net cash provided by operations;

Return on equity, assets, capital employed or investment;

Economic profit or value created;

Stock price or total shareholder return; and/or

Strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, total market capitalization, business retention, new product generation, regulatory initiatives, geographic business expansion goals, cost targets (including cost of capital), investment portfolio yield, customer satisfaction, employee satisfaction, credit agency ratings, management of employment practices and employee benefits, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates, joint ventures or lines of business.

The LDCC retains discretion to set the level of performance for a given business criteria that will result in the earning of a specified amount under a performance award. These goals may be set with fixed, quantitative targets, targets relative to past Company performance, or targets compared to the performance of other companies, such as a published or special index or a group of companies selected by the LDCC for comparison. The LDCC may specify

that these performance measures will be determined before payment of bonuses, capital charges, non-recurring or extraordinary income or expense, or other financial and general and administrative expenses for the performance period, if so specified by the LDCC. As an example, one type of performance award that may be granted under the 2007 Plan is annual incentive awards, payable in cash or in shares upon achievement of pre-established performance objectives achieved during a specified year.

Other Terms of Awards. Awards may be paid in cash, shares, other awards or other property, at the discretion of the LDCC. The LDCC may require or permit participants to defer the settlement of all or part of an award, including shares issued upon exercise of an option subject to compliance with Section 409A, in accordance with such terms and conditions as the LDCC may establish, including payment or crediting of interest or dividend equivalents on any deferred amounts. The 2007 Plan allows vested but deferred awards to be paid out to the participant in the event of an unforeseeable emergency. The LDCC is authorized to place cash, shares or other property in trusts or make other arrangements to provide for payment of the Company's obligations under the 2007 Plan. The LDCC may condition awards on the payment of taxes, and may provide for mandatory or elective withholding of a portion of the shares or other property to be distributed in order to satisfy tax obligations. Awards granted under the Plan generally may not be pledged or otherwise encumbered and are not transferable except by will or by the laws of descent and distribution, or to a designated beneficiary upon the participant's death, except that the LDCC may permit transfers of awards other than incentive stock options on a case-by-case basis, but such transfers will be allowed only for estate-planning purposes but may not include transfers to other third parties for value.

The 2007 Plan authorizes the LDCC to provide for forfeiture of awards and award gains in the event a participant fails to comply with conditions relating to non-competition, non-solicitation, confidentiality, non-disparagement and other requirements for the protection of the business of the Company. Awards under the 2007 Plan may be granted without a requirement that the participant pay consideration in the form of cash or property for the grant (as distinguished from the exercise), except to the extent required by law. The LDCC may, however, grant awards in substitution for, exchange for or as a buyout of other awards under the 2007 Plan, awards under other Company plans, or other rights to payment from the Company, and may exchange or buy out outstanding awards for cash or other property. The LDCC also may grant awards in addition to and in tandem with other awards or rights. In granting a new award, the LDCC may determine that the in-the-money value or fair value of any surrendered award may be applied to reduce the purchase price of any new award, subject to the requirement that repricing transactions must be approved by shareholders.

Dividend Equivalents. The LDCC may grant dividend equivalents, which are rights to receive payments equal in value to the amount of dividends paid on a specified number of shares of Common Stock while an award is outstanding. These amounts may be in the form of cash or rights to receive additional awards or additional shares of Common Stock having a value equal to the cash amount. The awards may be granted on a stand-alone basis or in conjunction with another award, and the LDCC may specify whether the dividend equivalents will be forfeitable or non-forfeitable. Typically, rights to dividend equivalents are granted in connection with restricted stock units or deferred stock, so that the participant can earn amounts equal to dividends paid on the number of shares covered by the award while the award is outstanding.

Vesting, Forfeitures, and Related Award Terms. The LDCC may in its discretion determine the vesting schedule of options, restricted stock and other awards, the circumstances that will result in forfeiture of the awards, the post-termination exercise periods of options and similar awards, and the events that will result in acceleration of the ability to exercise and the lapse of restrictions, or the expiration of any deferral period, on any award.

In addition, the 2007 Plan gives the LDCC authority to provide that, in the event of a Change in Control of the Company, outstanding awards will vest on an accelerated basis and options and SARs will be exercisable, and performance conditions (if any are specified for an award) will be deemed met at specified levels. The distribution of

awards upon a Change in Control may be limited by applicable restrictions under Section 409A.

Amendment and Termination of the 2007 Plan. The Board may amend, suspend, discontinue, or terminate the 2007 Plan or the LDCC's authority to grant awards thereunder without shareholder approval, except as required by law or regulation or under the Listed Company Manual of the NYSE. NYSE rules require shareholder approval of any material amendment to plans such as the 2007 Plan. Under these rules, however, shareholder approval will

not necessarily be required for all amendments which might increase the cost of the 2007 Plan or broaden eligibility. Unless earlier terminated, the authority of the LDCC to make grants under the 2007 Plan will terminate ten years after the latest shareholder approval of the 2007 Plan, and the 2007 Plan will terminate when no shares remain available and the Company has no further obligation with respect to any outstanding award.

United States Federal Income Tax Implications of the 2007 Plan

The Company believes that under current law the following United States federal income tax consequences generally would arise with respect to awards under the 2007 Plan.

Options and SARs that are not deemed to be deferral arrangements under Section 409A would have the following tax consequences: The grant of an option or a SAR will create no federal income tax consequences for the participant or the Company. A participant will not have taxable income upon exercising an option that is an ISO, except that the alternative minimum tax may apply. Upon exercising an option that is not an ISO, the participant generally must recognize ordinary income equal to the difference between the exercise price and the fair market value of the freely transferable or non-forfeitable shares acquired on the date of exercise. Upon exercising a SAR, the participant must generally recognize ordinary income equal to the cash or the fair market value of the shares received.

Upon a disposition of shares acquired upon exercise of an ISO before the end of the applicable ISO holding periods, the participant must generally recognize ordinary income equal to the lesser of (i) the fair market value of the ISO shares at the date of exercise minus the exercise price or (ii) the amount realized upon the disposition of the ISO shares minus the exercise price. Otherwise, a participant's sale of shares acquired by exercise of any option generally will result in short-term or long-term capital gain or loss measured by the difference between the sale price and the participant's tax basis in such shares. The tax basis normally is the exercise price plus any amount recognized by the participant as ordinary income in connection with the option's exercise. A participant's sale of shares acquired by exercise of a SAR generally will result in short-term or long-term capital gain or loss measured by the difference between the sale price and the tax basis in the shares, which normally is the amount he or she recognized as ordinary income in connection with the SAR's exercise.

The Company normally can claim a tax deduction equal to the amount recognized as ordinary income by a participant in connection with the exercise of an option or SAR, but no tax deduction relating to a participant's capital gains. Accordingly, the Company will not be entitled to any tax deduction with respect to an ISO if the participant holds the shares for the applicable ISO holding periods prior to selling the shares.

Awards other than options and SARs that result in a transfer to the participant of cash or shares or other property generally will be structured under the 2007 Plan to meet applicable requirements under Section 409A. If no restriction on transferability or substantial risk of forfeiture applies to amounts distributed to a participant, the participant generally must recognize ordinary income equal to the cash or the fair market value of shares actually received. Thus, for example, if the Company grants an award of restricted stock units that has vested or requires or permits deferral of receipt of cash or shares under a vested award, the participant should not become subject to income tax until the time at which shares or cash are actually distributed, and the Company will become entitled to claim a tax deduction at that time. On the other hand, if a restriction on transferability and substantial risk of forfeiture applies to shares or other property actually distributed to a participant under an award (such as, for example, a grant of restricted stock), the participant generally must recognize ordinary income equal to the fair market value of the transferred amounts at the earliest time either the transferability restriction or risk of forfeiture lapses. In all cases, the Company can claim a tax deduction in an amount equal to the ordinary income recognized by the participant, except as discussed below. A participant may elect to be taxed at the time of grant of restricted stock or other property rather than upon lapse of restrictions on transferability or the risk of forfeiture, but if the participant subsequently forfeits such shares or property he or she would not be entitled to any tax deduction, including as a capital loss, for the value of the shares or

property on which he or she previously paid tax.

Any award that is deemed to be a deferral arrangement (excluding certain exempted short-term deferrals) will be subject to Section 409A. Participant elections to defer compensation under such awards and as to the timing of distributions relating to such awards must meet requirements under Section 409A in order for income taxation to be deferred upon vesting of the award and tax penalties avoided by the participant.

Some options and SARs may be subject to Section 409A, which regulates deferral arrangements. In such case, the distribution to the participant of shares or cash relating to the award would have to be restricted in order for the participant not to be subject to tax and a tax penalty at the time of vesting. In particular, the participant's discretionary exercise of the option or SAR could not be permitted over a period extending more than a year in most cases. If the distribution and other award terms meet applicable requirements under Section 409A, the participant would realize ordinary income at the time of distribution of shares or cash rather than exercise, with the amount of ordinary income equal to the distribution date value of the shares or cash less any exercise price actually paid. The Company would not be entitled to a tax deduction at the time of exercise, but would become entitled to a tax deduction at the time shares are delivered at the end of the deferral period.

As discussed above, compensation that qualifies as performance-based compensation is excluded from the \$1 million deductibility cap of Internal Revenue Code Section 162(m), and therefore remains fully deductible by the company that pays it. Under the 2007 Plan, options and SARs granted with an exercise price or base price at least equal to 100 percent of fair market value of the underlying stock at the date of grant, performance awards to employees the LDCC expects to be named executive officers at the time compensation is received, and certain other awards which are conditioned upon achievement of performance goals are intended to qualify as such performance-based compensation. A number of requirements must be met in order for particular compensation to so qualify, however, so there can be no assurance that such compensation under the 2007 Plan will be fully deductible under all circumstances. In addition, other awards under the 2007 Plan, such as non-performance-based restricted stock and restricted stock units, generally will not so qualify, so that compensation paid to certain executives in connection with such awards may, to the extent it and other compensation subject to Section 162(m)'s deductibility cap exceed \$1 million in a given year, not be deductible by the Company as a result of Section 162(m). Compensation to certain employees resulting from vesting of awards in connection with a change in control or termination following a change in control also may be non-deductible under Code Sections 4999 and 280G.

The foregoing provides only a general description of the application of United States federal income tax laws to certain awards under the 2007 Plan. This discussion is intended for the information of shareholders considering how to vote at the Annual Meeting and not as tax guidance to participants in the 2007 Plan, as the consequences may vary with the types of awards made, the identity of the recipients and the method of payment or settlement. Different tax rules may apply, including in the case of variations in transactions that are permitted under the 2007 Plan (such as payment of the exercise price of an option by surrender of previously acquired shares). The summary does not address in any detail the effects of other federal taxes (including possible golden parachute excise taxes) or taxes imposed under state, local or foreign tax laws.

New Plan Benefits Under the 2007 Plan

Because future awards under the 2007 Plan will be granted in the discretion of the LDCC, the type, number, recipients, and other terms of such awards cannot be determined at this time. Information regarding the Company's recent practices with respect to annual incentive awards and stock-based compensation under existing plans is presented in the Summary Compensation Table, LONG-TERM PLAN AWARDS IN LAST FISCAL YEAR and OPTION GRANTS IN LAST FISCAL YEAR tables elsewhere in this Proxy Statement and in the Company's financial statements for the fiscal year ended September 30, 2006, in the Annual Report which accompanies this Proxy Statement.

If shareholders decline to approve the 2007 Plan, no awards will be granted under the 2007 Plan, but awards may continue to be granted under the existing Long-Term Plan.

APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**[Item 3 on Proxy Card]****Item 3**

The shares represented by the proxies will be voted for approval of the appointment of Deloitte & Touche LLP (unless otherwise indicated on proxy) as the Company's independent registered public accounting firm (auditors) to report to the shareholders on the financial statements of the Company for the fiscal year ending September 30, 2007. Each professional service performed by Deloitte & Touche LLP during fiscal 2006 was approved in advance, and the possible effect on the auditors' independence was considered by the Audit Committee. Deloitte & Touche did not provide any non-audit related services for the Company during fiscal 2006. Information relating to fees paid to Deloitte & Touche over the past two years is set forth below.

The Audit Committee has retained Deloitte & Touche LLP to report to the shareholders on the financial statements of the Company for the fiscal year ending September 30, 2007. Although submission of the appointment of an independent registered public accounting firm to shareholders is not required by law, the Board of Directors, consistent with its past policy, considers it appropriate to submit the selection of an independent registered public firm for shareholder approval. Representatives of Deloitte & Touche LLP are expected to be present at the Meeting with the opportunity to make a statement if they desire to do so and to be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares of Common Stock of the Company present, or represented by proxy, and voted at the Meeting is required for the approval of this item. The Board has not determined what action it would take if the shareholders do not approve the selection of Deloitte & Touche LLP, but may reconsider its selection if the shareholders' action so warrants.

Independent Registered Public Accounting Firm Fees

Aggregate fees billed to the company for the fiscal years ended September 30, 2006 and 2005, by the Company's principal accounting firm, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, Deloitte & Touche) are shown in the following table:

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who beneficially own more than ten percent of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC and the NYSE. Officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of these reports furnished to the Company, the Company believes that all filing requirements applicable to such officers and directors (the Company not being aware of any ten-percent holder) were complied with during fiscal 2006 except as follows:

Mr. Craig Lynch, Vice President - Energy Delivery of New Jersey Natural Gas Company, a subsidiary of the Company, sold 39,561 shares of Common Stock on August 29, 2006; however, the sale was not reported on a filed Form 4 until September 11, 2006.

Expenses of Solicitation

All expenses of soliciting proxies, including clerical work, printing, and postage will be paid by the Company. Proxies may be solicited personally or by mail, telephone, facsimile, Internet or telegraph, by officers and other regular employees of the Company, but the Company will not pay any compensation for such solicitations. In addition, the Company has agreed to pay The Altman Group, Inc. a fee of \$6,000 plus reasonable expenses for proxy solicitation services. The Company will also reimburse brokers and other persons holding shares in their names or in the names of nominees for their expenses for sending material to beneficial owners and obtaining proxies from beneficial owners.

Shareholder Proposals for 2008 Annual Meeting

Proposals from shareholders intended to be presented at the 2008 Annual Meeting must be received by the Company on or before August 24, 2007 to be considered for inclusion in the Company's Proxy Statement and for consideration at that meeting. Shareholders submitting such proposals are required to be the beneficial owners of shares of the Common Stock amounting to at least \$2,000 in market value and to have held such shares for at least one year prior to the date of submission.

The Company's By-Laws set forth the procedures a shareholder must follow to nominate directors or to bring other business before shareholder meetings. For a shareholder to nominate a candidate for director at the 2008 Annual Meeting, notice of the nomination must be received by the Company no later than by November 10, 2007. The notice must describe various matters regarding the nominee, including name, address, occupation and shares held. (See **INFORMATION ABOUT THE BOARD'S COMMITTEES - Nominating/Corporate Governance Committee** for more information regarding the director nomination process.) For a shareholder to bring other matters before the 2008 Annual Meeting, and to include a matter in the Company's proxy statement and proxy for that meeting, notice must be received by the Company no later than November 9, 2007. The notice must include a description of the proposed business, the reasons therefor and other matters specified in the Company's By-Laws. In each case, the notice must be timely given to the Corporate Secretary of the Company, whose address is Office of the Corporate Secretary, 1415 Wyckoff Road, Wall, New Jersey 07719. Any shareholder desiring a copy of the Company's By-Laws will be furnished one without charge upon written request to the Corporate Secretary.

OTHER BUSINESS

The Board does not know of any other business that may be brought before the Meeting. However, if any other matters should properly come before the Meeting or at any adjournment thereof, it is the intention of the persons named in the accompanying proxy to vote on such matters as they, in their discretion, may determine.

3. ADMINISTRATION.

(a) *Authority of the Committee.* The Plan shall be administered by the Committee, which shall have full and final authority, in each case subject to and consistent with the provisions of the Plan, to select Eligible Persons to become Participants; to grant Awards; to determine the type and number of Awards, the dates on which Awards may be exercised and on which the risk of forfeiture or deferral period relating to Awards shall lapse or terminate, the acceleration of any such dates, the expiration date of any Award, whether, to what extent, and under what circumstances an Award may be settled, or the exercise price of an Award may be paid, in cash, Stock, other Awards,

or other property, and other terms and conditions of, and all other matters relating to, Awards; to prescribe documents evidencing or setting terms of Awards (such Award documents need not be identical for each Participant or each Award), amendments thereto, and rules and regulations for the administration of the Plan and amendments thereto; to construe and interpret the Plan and Award documents and correct defects, supply omissions or reconcile inconsistencies therein; and to make all other decisions and determinations as the Committee may deem necessary or advisable for the administration of the Plan. Decisions of the Committee with respect to the administration and interpretation of the Plan shall be final, conclusive, and binding upon all persons interested in the Plan, including Participants, Beneficiaries, transferees under Section 11(b) and other persons claiming rights from or through a

Participant, and shareholders. The foregoing notwithstanding, (i) the Board shall perform the functions of the Committee for purposes of granting Awards under the Plan to non-employee directors (the functions of the Committee with respect to other aspects of non-employee director awards is not exclusive to the Board, however); and (ii) Committee decisions with regard to the grant of awards to executive officers will be subject to the ratification of the Board of Directors, unless otherwise determined by the Board.

(b) *Manner of Exercise of Committee Authority.* The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee. The Committee may act through subcommittees, including for purposes of perfecting exemptions under Rule 16b-3 or qualifying Awards under Code Section 162(m) as performance-based compensation, in which case the subcommittee shall be subject to and have authority under the charter applicable to the Committee, and the acts of the subcommittee shall be deemed to be acts of the Committee hereunder. The Committee may delegate to officers or managers of the Company or any subsidiary or affiliate, or committees thereof, the authority, subject to such terms as the Committee shall determine, to perform such functions, including administrative functions, as the Committee may determine, to the extent (i) that such delegation will not result in the loss of an exemption under Rule 16b-3(d) for Awards granted to Participants subject to Section 16 of the Exchange Act in respect of the Company and will not cause Awards intended to qualify as performance-based compensation under Code Section 162(m) to fail to so qualify, and (ii) permitted under applicable provisions of the New Jersey Business Corporation Act.

(c) *Limitation of Liability.* The Committee and each member thereof, and any person acting pursuant to authority delegated by the Committee, shall be entitled, in good faith, to rely or act upon any report or other information furnished by any executive officer, other officer or employee of the Company or a subsidiary or affiliate, the Company's independent auditors, consultants or any other agents assisting in the administration of the Plan. Members of the Committee, any person acting pursuant to authority delegated by the Committee, and any officer or employee of the Company or a subsidiary or affiliate acting at the direction or on behalf of the Committee or a delegee shall not be personally liable for any action or determination taken or made in good faith with respect to the Plan, and shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action or determination.

4. STOCK SUBJECT TO PLAN.

(a) *Overall Number of Shares Available for Delivery.* The total number of shares of Stock reserved and available for delivery in connection with Awards under the Plan shall be (i) 750,000 shares, plus (ii) the number of shares that, immediately prior to the Effective Date, remain available for new awards under the Preexisting Plan plus (iii) the number of shares subject to awards under the Preexisting Plan which become available in accordance with Section 4(b) after the Effective Date; provided, however, that the total number of shares with respect to which ISOs may be granted shall not exceed the number specified under clause (i) above. Any shares of Stock delivered under the Plan shall consist of authorized and unissued shares or treasury shares.

(b) *Share Counting Rules.* The Committee may adopt reasonable counting procedures to ensure appropriate counting, avoid double counting (as, for example, in the case of tandem or substitute awards) and make adjustments in accordance with this Section 4(b). Shares shall be counted against those reserved to the extent such shares have been delivered and are no longer subject to a risk of forfeiture. Accordingly, (i) to the extent that an Award under the Plan or an award under the Pre-existing Plan is canceled, expired, forfeited, settled in cash, settled by delivery of fewer shares than the number underlying the Award or award, or otherwise terminated without delivery of shares to the participant, the shares retained by or returned to the Company will not be deemed to have been delivered under the Plan; and (ii) shares that are withheld from such an Award or award or separately surrendered by the participant in payment of the exercise price or taxes relating to such an Award or award shall be deemed to constitute shares not delivered and will be available under the Plan. The Committee may determine that Awards may be outstanding that

relate to more shares than the aggregate remaining available under the Plan so long as Awards will not in fact result in delivery and vesting of shares in excess of the number then available under the Plan. In addition, in the case of any Award granted in assumption of or in substitution for an award of a company or business acquired by the Company or a subsidiary or affiliate or with which the Company or a subsidiary or affiliate combines, shares delivered or

deliverable in connection with such assumed or substitute Award shall not be counted against the number of shares reserved under the Plan.

5. ELIGIBILITY; PER-PERSON AWARD LIMITATIONS.

(a) *Eligibility.* Awards may be granted under the Plan only to Eligible Persons. For purposes of the Plan, an Eligible Person means (i) an employee of the Company or any subsidiary or affiliate, including any executive officer or employee director of the Company or a subsidiary or affiliate, (ii) any person who has been offered employment by the Company or a subsidiary or affiliate, provided that such prospective employee may not receive any payment or exercise any right relating to an Award until such person has commenced employment with the Company or a subsidiary or affiliate, (iii) any non-employee director of the Company, and (iv) any person who provides substantial services to the Company or a subsidiary or affiliate. An employee on leave of absence may be considered as still in the employ of the Company or a subsidiary or affiliate for purposes of eligibility for participation in the Plan. For purposes of the Plan, a joint venture in which the Company or a subsidiary has a substantial direct or indirect equity investment shall be deemed an affiliate, if so determined by the Committee. Holders of awards granted by a company or business acquired by the Company or a subsidiary or affiliate, or with which the Company or a subsidiary or affiliate combines, are eligible for grants of substitute awards granted in assumption of or in substitution for such outstanding awards previously granted under the Plan in connection with such acquisition or combination transaction.

(b) *Per-Person Award Limitations.* In each calendar year during any part of which the Plan is in effect, an Eligible Person may be granted Awards intended to qualify as performance-based compensation under Code Section 162(m) under the Plan relating to up to his or her Annual Limit. A Participant's Annual Limit, in any year during any part of which the Participant is then eligible under the Plan, shall equal 300,000 shares plus the amount of the Participant's unused Annual Limit relating to the same type of Award as of the close of the previous year, subject to adjustment as provided in Section 11(c). In the case of an Award which is not valued in a way in which the limitation set forth in the preceding sentence would operate as an effective limitation satisfying applicable law (including Treasury Regulation 1.162-27(e)(4)), an Eligible Person may not be granted Awards authorizing the earning during any calendar year of an amount that exceeds the Eligible Person's Annual Limit, which for this purpose shall equal \$2.5 million plus the amount of the Eligible Person's unused cash Annual Limit as of the close of the previous year (this limitation is separate and not affected by the number of Awards granted during such calendar year subject to the limitation in the preceding sentence). For this purpose, (i) earning means satisfying performance conditions so that an amount becomes payable, without regard to whether it is to be paid currently or on a deferred basis or continues to be subject to any service requirement or other non-performance condition, (ii) a Participant's Annual Limit is used to the extent an amount or number of shares may be potentially earned or paid under an Award, regardless of whether such amount or shares are in fact earned or paid, and (iii) the Annual Limit applies to Dividend Equivalents under Section 6(g) only if such Dividend Equivalents are granted separately from and not as a feature of another Award.

6. SPECIFIC TERMS OF AWARDS.

(a) *General.* Awards may be granted on the terms and conditions set forth in this Section 6. In addition, the Committee may impose on any Award or the exercise thereof, at the date of grant or thereafter (subject to Sections 11(e) and 11(k)), such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine, including terms requiring forfeiture of Awards in the event of termination of employment or service by the Participant and terms permitting a Participant to make elections relating to his or her Award. The Committee shall retain full power and discretion with respect to any term or condition of an Award that is not mandatory under the Plan, subject to Section 11(k) and the terms of the Award agreement. The Committee may require payment of consideration for an Award except as limited by the Plan.

(b) *Options.* The Committee is authorized to grant Options to Participants on the following terms and conditions:

(i) Exercise Price. The exercise price per share of Stock purchasable under an Option (including both ISOs and non-qualified Options) shall be determined by the Committee, provided that such exercise price shall

A-5

be not less than the Fair Market Value of a share of Stock on the date of grant of such Option, subject to Section 8(a). Notwithstanding the foregoing, any substitute award granted in assumption of or in substitution for an outstanding award granted by a company or business acquired by the Company or a subsidiary or affiliate, or with which the Company or a subsidiary or affiliate combines may be granted with an exercise price per share of Stock other than as required above. No adjustment will be made for a dividend or other right for which the record date is prior to the date on which the stock is issued, except as provided in Section 11(c) of the Plan.

(ii) *Option Term; Time and Method of Exercise.* The Committee shall determine the term of each Option, provided that in no event shall the term of any Option exceed a period of ten years from the date of grant. The Committee shall determine the time or times at which or the circumstances under which an Option may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the methods by which such exercise price may be paid or deemed to be paid and the form of such payment (subject to Sections 11(k) and 11(l)), including, without limitation, cash, Stock (including by withholding Stock deliverable upon exercise), other Awards or awards granted under other plans of the Company or any subsidiary or affiliate, or other property (including through broker-assisted cashless exercise arrangements, to the extent permitted by applicable law), and the methods by or forms in which Stock will be delivered or deemed to be delivered in satisfaction of Options to Participants (including, in the case of 409A Awards, deferred delivery of shares subject to the Option, as mandated by the Committee, with such deferred shares subject to any vesting, forfeiture or other terms as the Committee may specify).

(iii) *ISOs.* The terms of any ISO granted under the Plan shall comply in all respects with the provisions of Code Section 422.

(c) *Stock Appreciation Rights.* The Committee is authorized to grant SARs to Participants on the following terms and conditions:

(i) *Right to Payment.* An SAR shall confer on the Participant to whom it is granted a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one share of Stock on the date of exercise over (B) the grant price of the SAR as determined by the Committee.

(ii) *Other Terms.* The Committee shall determine the term of each SAR, provided that in no event shall the term of an SAR exceed a period of ten years from the date of grant. The Committee shall determine at the date of grant or thereafter, the time or times at which and the circumstances under which a SAR may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the method of exercise, method of settlement, form of consideration payable in settlement, method by or forms in which Stock will be delivered or deemed to be delivered to Participants, whether or not a SAR shall be free-standing or in tandem or combination with any other Award, and whether or not the SAR will be a 409A Award or Non-409A Award. Limited SARs that may only be exercised in connection with a Change in Control or termination of service following a Change in Control as specified by the Committee may be granted on such terms, not inconsistent with this Section 6(c), as the Committee may determine. The Committee may require that an outstanding Option be exchanged for an SAR exercisable for Stock having vesting, expiration, and other terms substantially the same as the Option, so long as such exchange will not result in additional accounting expense to the Company.

(d) *Restricted Stock.* The Committee is authorized to grant Restricted Stock to Participants on the following terms and conditions:

(i) *Grant and Restrictions.* Restricted Stock shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose, which restrictions may lapse separately or in combination at such times, under such circumstances (including based on achievement of performance goals and/or future service

requirements), in such installments or otherwise and under such other circumstances as the Committee may determine at the date of grant or thereafter. Except to the extent restricted under the terms of the Plan and any Award document relating to the Restricted Stock, a Participant granted Restricted Stock shall have all of the rights of a shareholder, including the right to vote the Restricted Stock and the right

A-6

to receive dividends thereon (subject to any mandatory reinvestment or other requirement imposed by the Committee).

(ii) Forfeiture. Except as otherwise determined by the Committee, upon termination of employment or service during the applicable restriction period, Restricted Stock that is at that time subject to restrictions shall be forfeited and reacquired by the Company; provided that the Committee may provide, by rule or regulation or in any Award document, or may determine in any individual case, that restrictions or forfeiture conditions relating to Restricted Stock will lapse in whole or in part, including in the event of terminations resulting from specified causes.

(iii) Certificates for Stock. Restricted Stock granted under the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Stock are registered in the name of the Participant, the Committee may require that such certificates bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Restricted Stock, that the Company retain physical possession of the certificates, and that the Participant deliver a stock power to the Company, endorsed in blank, relating to the Restricted Stock.

(iv) Dividends and Splits. As a condition to the grant of an Award of Restricted Stock, the Committee may require that any dividends paid on a share of Restricted Stock shall be either (A) paid with respect to such Restricted Stock at the dividend payment date in cash, in kind, or in a number of shares of unrestricted Stock having a Fair Market Value equal to the amount of such dividends, or (B) automatically reinvested in additional Restricted Stock or held in kind, which shall be subject to the same terms as applied to the original Restricted Stock to which it relates, or (C) deferred as to payment, either as a cash deferral or with the amount or value thereof automatically deemed reinvested in shares of Deferred Stock, other Awards or other investment vehicles, subject to such terms as the Committee shall determine or permit a Participant to elect. Unless otherwise determined by the Committee, Stock distributed in connection with a Stock split or Stock dividend, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock with respect to which such Stock or other property has been distributed.

(e) *Deferred Stock*. The Committee is authorized to grant Deferred Stock to Participants, subject to the following terms and conditions:

(i) Award and Restrictions. Issuance of Stock will occur upon expiration of the deferral period specified for an Award of Deferred Stock by the Committee (or, if permitted by the Committee, as elected by the Participant). In addition, Deferred Stock shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose, which restrictions may lapse at the expiration of the deferral period or at earlier specified times (including based on achievement of performance goals and/or future service requirements), separately or in combination, in installments or otherwise, and under such other circumstances as the Committee may determine at the date of grant or thereafter. Deferred Stock may be satisfied by delivery of Stock, other Awards, or a combination thereof (subject to Section 11(l)), as determined by the Committee at the date of grant or thereafter.

(ii) Forfeiture. Except as otherwise determined by the Committee, upon termination of employment or service during the applicable deferral period or portion thereof to which forfeiture conditions apply (as provided in the Award document evidencing the Deferred Stock), all Deferred Stock that is at that time subject to such forfeiture conditions shall be forfeited; provided that the Committee may provide, by rule or regulation or in any Award document, or may determine in any individual case, that restrictions or forfeiture conditions relating to Deferred Stock will lapse in whole or in part, including in the event of terminations resulting from specified causes. Deferred Stock subject to a risk of forfeiture may be called restricted stock units or otherwise designated by the Committee.

(iii) Dividend Equivalents. Unless otherwise determined by the Committee, Dividend Equivalents on the specified number of shares of Stock covered by an Award of Deferred Stock shall be either (A) paid with respect to such Deferred Stock at the dividend payment date in cash or in shares of unrestricted Stock having a Fair Market Value

equal to the amount of such dividends, or (B) deferred with respect to such Deferred Stock, either as a cash deferral or with the amount or value thereof automatically deemed reinvested in additional

A-7

Deferred Stock, other Awards or other investment vehicles having a Fair Market Value equal to the amount of such dividends, as the Committee shall determine or permit a Participant to elect.

(f) *Bonus Stock and Awards in Lieu of Obligations.* The Committee is authorized to grant to Participants Stock as a bonus, or to grant Stock or other Awards in lieu of obligations of the Company or a subsidiary or affiliate to pay cash or deliver other property under the Plan or under other plans or compensatory arrangements, subject to such terms as shall be determined by the Committee.

(g) *Dividend Equivalents.* The Committee is authorized to grant Dividend Equivalents to a Participant, which may be awarded on a free-standing basis or in connection with another Award. The Committee may provide that Dividend Equivalents shall be paid or distributed when accrued or shall be deemed to have been reinvested in additional Stock, Awards, or other investment vehicles, and subject to restrictions on transferability, risks of forfeiture and such other terms as the Committee may specify.

(h) *Other Stock-Based Awards.* The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Stock or factors that may influence the value of Stock, including, without limitation, convertible or exchangeable debt securities, other rights convertible or exchangeable into Stock, purchase rights for Stock, Awards with value and payment contingent upon performance of the Company or business units thereof or any other factors designated by the Committee, and Awards valued by reference to the book value of Stock or the value of securities of or the performance of specified subsidiaries or affiliates or other business units. The Committee shall determine the terms and conditions of such Awards. Stock delivered pursuant to an Award in the nature of a purchase right granted under this Section 6(h) shall be purchased for such consideration, paid for at such times, by such methods, and in such forms, including, without limitation, cash, Stock, other Awards, notes, or other property, as the Committee shall determine. Cash awards, as an element of or supplement to any other Award under the Plan, may also be granted pursuant to this Section 6(h).

(i) *Performance Awards.* Performance Awards, denominated in cash or in Stock or other Awards, may be granted by the Committee in accordance with Section 7.

7. PERFORMANCE AWARDS.

(a) *Performance Awards Generally.* Performance Awards may be denominated as a cash amount, number of shares of Stock, or specified number of other Awards (or a combination) which may be earned upon achievement or satisfaction of performance conditions specified by the Committee. In addition, the Committee may specify that any other Award shall constitute a Performance Award by conditioning the right of a Participant to exercise the Award or have it settled, and the timing thereof, upon achievement or satisfaction of such performance conditions as may be specified by the Committee. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may exercise its discretion to reduce or increase the amounts payable under any Award subject to performance conditions, except as limited under Sections 7(b) in the case of a Performance Award intended to qualify as performance-based compensation under Code Section 162(m).

(b) *Performance Awards Granted to Covered Employees.* If the Committee determines that a Performance Award to be granted to an Eligible Person who is designated by the Committee as likely to be a Covered Employee should qualify as performance-based compensation for purposes of Code Section 162(m), the grant, exercise and/or settlement of such Performance Award shall be contingent upon achievement of a preestablished performance goal and other terms set forth in this Section 7(b).

(i) Performance Goal Generally. The performance goal for such Performance Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this Section 7(b). The performance goal shall be objective and shall otherwise meet the requirements of Code Section 162(m) and regulations thereunder, including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being substantially uncertain. The Committee may determine that such Performance Awards shall be granted, exercised and/or settled upon achievement of any one performance goal or that two or

A-8

more of the performance goals must be achieved as a condition to grant, exercise and/or settlement of such Performance Awards. Performance goals may differ for Performance Awards granted to any one Participant or to different Participants.

(ii) Business Criteria. One or more of the following business criteria for the Company, on a consolidated basis, and/or for specified subsidiaries or affiliates or other business units of the Company shall be used by the Committee in establishing performance goals for such Performance Awards:

(1) Revenues;

(2) Expenses;

(3) Gross margin or gross profit;

(4) Any earnings or net income measure, including earnings from operations, earnings before taxes, earnings before interest and/or taxes and/or depreciation, statutory earnings before realized gains (losses), or net income available to common shareholders;

(5) Operating margin or operating profit;

(6) Earnings or earnings per share (EPS), including or excluding extraordinary items;

(7) Operating cash flow, free cash flow, cash flow return on investment, or net cash provided by operations;

(8) Return on equity, assets, capital employed or investment;

(9) Economic profit or value created;

(10) Stock price or total shareholder return; and

(11) Strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, total market capitalization, business retention, new product generation, rate increase actions, geographic business expansion goals, cost targets (including cost of capital), investment portfolio yield, customer satisfaction, employee satisfaction, agency ratings, management of employment practices and employee benefits, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates, joint ventures or lines of business.

The targeted level or levels of performance with respect to such business criteria may be established at such levels and in such terms as the Committee may determine, in its discretion, including in absolute terms, as a goal relative to performance in prior periods, or as a goal compared to the performance of one or more comparable companies or an index covering multiple companies. Performance Goals may be particular to a Participant, the Company or a division, subsidiary or other business segment of the Company, or may be based on the performance of the Company as a whole.

(iii) Performance Period; Timing for Establishing Performance Goals. Achievement of performance goals in respect of such Performance Awards shall be measured over a performance period of up to one year or more than one year, as specified by the Committee. A performance goal shall be established not later than the earlier of (A) 90 days after the beginning of any performance period applicable to such Performance Award or (B) the time 25% of such performance period has elapsed.

(iv) Performance Award Pool. The Committee may establish a Performance Award pool, which shall be an unfunded pool, for purposes of measuring performance of the Company in connection with Performance Awards. The amount of such Performance Award pool shall be based upon the achievement of a performance goal or goals based on one or more of the business criteria set forth in Section 7(b)(ii) during the given performance period, as specified by the Committee in accordance with Section 7(b)(iv). The Committee may specify the amount of the Performance Award pool as a percentage of any of such business criteria, a percentage thereof in excess of a threshold amount, or as another amount which need not bear a strictly mathematical relationship to such business criteria.

A-9

(v) **Settlement of Performance Awards; Other Terms.** Settlement of Performance Awards shall be in cash, Stock, other Awards or other property, in the discretion of the Committee. The Committee may, in its discretion, increase or reduce the amount of a settlement otherwise to be made in connection with such Performance Awards, but may not exercise discretion to increase any such amount payable to a Covered Employee in respect of a Performance Award subject to this Section 7(b) beyond the level of payment authorized for achievement of the performance goal specified under this Section 7(b) based on the actual level of achievement of such goal. Any settlement which changes the form of payment from that originally specified shall be implemented in a manner such that the Performance Award and other related Awards do not, solely for that reason, fail to qualify as performance-based compensation for purposes of Code Section 162(m). The Committee shall specify the circumstances in which such Performance Awards shall be paid or forfeited in the event of termination of employment by the Participant or other event (including a Change in Control) prior to the end of a performance period or settlement of such Performance Awards.

(c) **Written Determinations.** Determinations by the Committee as to the establishment of performance goals, the amount potentially payable in respect of Performance Awards, the level of actual achievement of the specified performance goals relating to Performance Awards, and the amount of any final Performance Award shall be recorded in writing in the case of Performance Awards intended to qualify under Section 162(m). Specifically, the Committee shall certify in writing, in a manner conforming to applicable regulations under Section 162(m), prior to settlement of each such Award granted to a Covered Employee, that the performance objective relating to the Performance Award and other material terms of the Award upon which settlement of the Award was conditioned have been satisfied.

8. CERTAIN PROVISIONS APPLICABLE TO AWARDS.

(a) **Stand-Alone, Additional, Tandem, and Substitute Awards.** Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution or exchange for, any other Award or any award granted under another plan of the Company, any subsidiary or affiliate, or any business entity to be acquired by the Company or a subsidiary or affiliate, or any other right of a Participant to receive payment from the Company or any subsidiary or affiliate; provided, however, that a 409A Award may not be granted in tandem with a Non-409A Award. Awards granted in addition to or in tandem with other Awards or awards may be granted either as of the same time as or a different time from the grant of such other Awards or awards. Subject to Sections 11(k) and (l) and subject to the restriction on repricing under Section 11(e), the Committee may determine that, in granting a new Award, the in-the-money value or fair value of any surrendered Award or award or the value of any other right to payment surrendered by the Participant may be applied to the purchase of any other Award.

(b) **Term of Awards.** The term of each Award shall be for such period as may be determined by the Committee, subject to the express limitations set forth in Sections 6(b)(ii), 6(c)(ii) and 8 or elsewhere in the Plan.

(c) **Form and Timing of Payment under Awards; Deferrals.** Subject to the terms of the Plan (including Sections 11(k) and (l)) and any applicable Award document, payments to be made by the Company or a subsidiary or affiliate upon the exercise of an Option or other Award or settlement of an Award may be made in such forms as the Committee shall determine, including, without limitation, cash, Stock, other Awards or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis. The settlement of any Award may be accelerated, and cash paid in lieu of Stock in connection with such settlement, in the discretion of the Committee or upon occurrence of one or more specified events, subject to Sections 11(k) and (l). Subject to Section 11(k), installment or deferred payments may be required by the Committee (subject to Section 11(e)) or permitted at the election of the Participant on terms and conditions established by the Committee. Payments may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of Dividend Equivalents or other amounts in respect of installment or deferred payments denominated in Stock. In the case of any 409A Award that is vested and no longer subject to a risk of forfeiture (within the meaning of Code Section 83), such Award will be distributed to the Participant, upon application of the Participant, if the

Participant has had an unforeseeable emergency within the meaning of Code Sections 409A(a)(2)(A)(vi) and 409A(a)(2)(B)(ii), in accordance with Section 409A(a)(2)(B)(ii).

A-10

9. CHANGE IN CONTROL.

(a) *Effect of Change in Control.* In the event of a Change in Control, the Committee may provide that any of the following provisions shall apply in the Award document or otherwise:

(i) The lapse of forfeiture conditions and other restrictions applicable to Awards granted under the Plan, and/or the payment of such Awards as of the time of the Change in Control or other specified time without regard to vesting or other conditions, except to the extent of any waiver by the Participant and subject to applicable restrictions set forth in Section 11(a); and

(ii) The vesting and exercisability of any Award carrying a right to exercise that was not previously exercisable and vested as of the time of the Change in Control and, upon any termination of employment or service by the Participant other than a termination for cause within two years after the Change in Control, provision for such Awards to remain outstanding and exercisable until the earlier of three years after such termination or the stated expiration date of such Award, subject only to applicable restrictions set forth in Section 11(a);

(iii) The lapse of any deferral of settlement terms, forfeiture conditions and other restrictions applicable to an unvested Award granted under the Plan and provision for such Awards to be fully payable as of the time of the Change in Control or other specified time without regard to deferral and vesting conditions, except to the extent of any waiver by the Participant (if permitted under Section 409A) and subject to applicable restrictions set forth in Section 11(a); and

(iv) With respect to an outstanding Award subject to achievement of performance goals and conditions, such performance goals and conditions may be deemed to be met or exceeded.

provided, however, that no distribution shall occur with respect to a 409A Award unless the Change in Control also constitutes a 409A Ownership/Control Change.

(b) *Definition of Change in Control.* Change in Control means the occurrence of any one of the following events after the date of grant of any affected Award:

(i) Any Person (as defined below) has acquired Voting Securities (as defined below) of the Company and, immediately thereafter, is the beneficial owner (within the meaning of Rule 13d-3, as promulgated under Section 13(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) of Voting Securities of the Company representing thirty-five (35%) percent or more of the combined Voting Power (as defined below) of the Company's securities;

(ii) Within any 24-month period, the persons who were directors of the Company immediately before the beginning of such period (the Incumbent Directors) shall cease (for any reason other than death) to constitute at least a majority of the Board or the board of directors of any successor to the Company, provided that any director who was not a director at the beginning of such period shall be deemed to be an Incumbent Director if such director (A) was elected to the Board by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of this Section 9(b)(ii) and (B) was not designated by a person who has entered into an agreement with the Company to effect a Corporate Event, as described in Section 9(b)(iii); or

(iii) The stockholders of the Company have approved a merger, consolidation, share exchange, division, sale or other disposition of all or substantially all of the assets of the Company, or a complete liquidation of the Company (a Corporate Event), and such Corporate Event has been consummated, except that a Corporate Event shall not trigger a Change in Control under this clause (iii) if the shareholders of the Company immediately prior to such Corporate

Event shall hold, directly or indirectly and without substantial change in the proportionate interest of each shareholder, immediately following such Corporate Event a majority of the Voting Power of (x) in the case of a merger or consolidation, the surviving or resulting corporation, (y) in the case of a share exchange, the acquiring corporation or (z) in the case of a division or a sale or other disposition of assets, each surviving, resulting or acquiring corporation which, immediately following the relevant Corporate Event, holds more than 10% of the consolidated assets of the Company immediately prior to such Event.

A-11

For purposes of this Section 9(b), *Person* shall have the meaning ascribed to such term in Section 3(a)(9) of the Exchange Act, as supplemented by Section 13(d)(3) of the Exchange Act; provided, however, that *Person* shall not include (i) the Company or any subsidiary of the Company or (ii) any employee benefit plan sponsored by the Company or any subsidiary of the Company. For purposes of this Section 9(b), a specified percentage of *Voting Power* of a company shall mean such number of the Voting Securities as shall enable the holders thereof to cast such percentage of all the votes which could be cast in an annual election of directors (without consideration of the rights of any class of stock other than the common stock of the company to elect directors by a separate class vote); and *Voting Securities* shall mean all securities of a company entitling the holders thereof to vote in an annual election of directors (without consideration of the rights of any class of stock other than the common stock of the company to elect directors by a separate class vote).

(c) *Definition of 409A Ownership/Control Change.* A *409A Ownership/Control Change* shall be deemed to have occurred if a *Change in Control* occurs which involves transactions which constitute a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company, within the meaning of Code Section 409A(a)(2)(A)(v).

10. ADDITIONAL AWARD FORFEITURE PROVISIONS.

The Committee may condition a Participant's right to receive a grant of an Award, to exercise the Award, to retain cash, Stock, other Awards, or other property acquired in connection with an Award, or to retain the profit or gain realized by a Participant in connection with an Award, including cash or other proceeds received upon sale of Stock acquired in connection with an Award, upon compliance by the Participant with specified conditions relating to non-competition, confidentiality of information relating to or possessed by the Company, non-solicitation of customers, suppliers, and employees of the Company, cooperation in litigation, non-disparagement of the Company and its subsidiaries and affiliates and the officers, directors and affiliates of the Company and its subsidiaries and affiliates, and other restrictions upon or covenants of the Participant, including during specified periods following termination of employment or service to the Company.

11. GENERAL PROVISIONS.

(a) *Compliance with Legal and Other Requirements.* The Company may, to the extent deemed necessary or advisable by the Committee and subject to Section 11(k), postpone the issuance or delivery of Stock or payment of other benefits under any Award until completion of such registration or qualification of such Stock or other required action under any federal or state law, rule or regulation, listing or other required action with respect to any stock exchange or automated quotation system upon which the Stock or other securities of the Company are listed or quoted, or compliance with any other obligation of the Company, as the Committee may consider appropriate, and may require any Participant to make such representations, furnish such information and comply with or be subject to such other conditions as it may consider appropriate in connection with the issuance or delivery of Stock or payment of other benefits in compliance with applicable laws, rules, and regulations, listing requirements, or other obligations. The foregoing notwithstanding, in connection with a *Change in Control*, the Company shall take or cause to be taken no action, and shall undertake or permit to arise no legal or contractual obligation, that results or would result in any postponement of the issuance or delivery of Stock or payment of benefits under any Award or the imposition of any other conditions on such issuance, delivery or payment, to the extent that such postponement or other condition would represent a greater burden on a Participant than existed on the 90th day preceding the *Change in Control*.

(b) *Limits on Transferability; Beneficiaries.* No Award or other right or interest of a Participant under the Plan shall be pledged, hypothecated or otherwise encumbered or subject to any lien, obligation or liability of such Participant to any party (other than the Company or a subsidiary or affiliate thereof), or assigned or transferred by such Participant otherwise than by will or the laws of descent and distribution or to a Beneficiary upon the death of a Participant, and

such Awards or rights that may be exercisable shall be exercised during the lifetime of the Participant only by the Participant or his or her guardian or legal representative, except that Awards and other rights (other than ISOs and SARs in tandem therewith) may be transferred to one or more transferees during the lifetime of the Participant for purposes of estate-planning, and may be exercised by such transferees in accordance with the terms of such Award, but only if and to the extent such transfers are permitted by the Committee and the Committee

A-12

has determined that there will be no transfer of the Award to a third party for value, and subject to any terms and conditions which the Committee may impose thereon (which may include limitations the Committee may deem appropriate in order that offers and sales under the Plan will meet applicable requirements of registration forms under the Securities Act of 1933 specified by the Securities and Exchange Commission). A Beneficiary, transferee, or other person claiming any rights under the Plan from or through any Participant shall be subject to all terms and conditions of the Plan and any Award document applicable to such Participant, except as otherwise determined by the Committee, and to any additional terms and conditions deemed necessary or appropriate by the Committee.

(c) *Adjustments.* In the event that any large, non-recurring dividend or other distribution (whether in the form of cash or property other than Stock), recapitalization, forward or reverse split, Stock dividend, reorganization, merger, consolidation, spinoff, combination, repurchase, share exchange, liquidation, dissolution, equity restructuring as defined under FAS 123R, or other similar corporate transaction or event affects the Stock such that an adjustment is determined by the Committee to be appropriate or, in the case of any outstanding Award, which is necessary in order to prevent dilution or enlargement of the rights of the Participant, then the Committee shall, in an equitable manner as determined by the Committee, adjust any or all of (i) the number and kind of shares of Stock which may be delivered in connection with Awards granted thereafter, including the number of shares available under Section 4, (ii) the number and kind of shares of Stock by which annual per-person Award limitations are measured under Section 5, (iii) the number and kind of shares of Stock subject to or deliverable in respect of outstanding Awards, (iv) the exercise price, grant price or purchase price relating to any Award or, if deemed appropriate, the Committee may make provision for a payment of cash or property to the holder of an outstanding Option (subject to Section 11(I)), and (v) the performance goals or conditions of outstanding Awards that are based on share prices. In addition, the Committee is authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards (including Performance Awards and performance goals and any hypothetical funding pool relating thereto) in recognition of unusual or nonrecurring events (including, without limitation, events described in the preceding sentence, as well as acquisitions and dispositions of businesses and assets) affecting the Company, any subsidiary or affiliate or other business unit, or the financial statements of the Company or any subsidiary or affiliate, or in response to changes in applicable laws, regulations, accounting principles, tax rates and regulations or business conditions or in view of the Committee's assessment of the business strategy of the Company, any subsidiary or affiliate or business unit thereof, performance of comparable organizations, economic and business conditions, personal performance of a Participant, and any other circumstances deemed relevant; provided that no such adjustment shall be authorized or made if and to the extent that the existence of such authority (i) would cause Options, SARs, or Performance Awards granted under the Plan to Participants designated by the Committee as Covered Employees and intended to qualify as performance-based compensation under Code Section 162(m) and regulations thereunder to otherwise fail to qualify as performance-based compensation under Code Section 162(m) and regulations thereunder, or (ii) would cause the Committee to be deemed to have authority to change the targets, within the meaning of Treasury Regulation 1.162-27(e)(4)(vi), under the performance goals relating to Options or SARs granted to Covered Employees and intended to qualify as performance-based compensation under Code Section 162(m) and regulations thereunder.

(d) *Tax Provisions.*

(i) *Withholding.* The Company and any subsidiary or affiliate is authorized to withhold from any Award granted, any payment relating to an Award under the Plan, including from a distribution of Stock, or any payroll or other payment to a Participant, amounts of withholding and other taxes due or potentially payable in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company and Participants to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Stock or other property and to make cash payments in respect thereof in satisfaction of a Participant's withholding obligations, either on a mandatory or elective basis in the discretion of the Committee, or in satisfaction of other tax obligations. Other provisions of the Plan

notwithstanding, only the minimum amount of Stock deliverable in connection with an Award necessary to satisfy statutory withholding requirements will be withheld, unless withholding of any additional amount of Stock will not result in additional accounting expense to the Company.

A-13

(ii) Required Consent to and Notification of Code Section 83(b) Election. No election under Section 83(b) of the Code (to include in gross income in the year of transfer the amounts specified in Code Section 83(b)) or under a similar provision of the laws of a jurisdiction outside the United States may be made unless expressly permitted by the terms of the Award document or by action of the Committee in writing prior to the making of such election. In any case in which a Participant is permitted to make such an election in connection with an Award, the Participant shall notify the Company of such election within ten days of filing notice of the election with the Internal Revenue Service or other governmental authority, in addition to any filing and notification required pursuant to regulations issued under Code Section 83(b) or other applicable provision.

(iii) Requirement of Notification Upon Disqualifying Disposition Under Code Section 421(b). If any Participant shall make any disposition of shares of Stock delivered pursuant to the exercise of an ISO under the circumstances described in Code Section 421(b) (i.e., a disqualifying disposition), such Participant shall notify the Company of such disposition within ten days thereof.

(e) *Changes to the Plan.* The Board may amend, suspend or terminate the Plan or the Committee's authority to grant Awards under the Plan without the consent of shareholders or Participants; provided, however, that any amendment to the Plan shall be submitted to the Company's shareholders for approval not later than the earliest annual meeting for which the record date is at or after the date of such Board action if such shareholder approval is required by any federal or state law or regulation or the rules of the New York Stock Exchange, or if such amendment would materially increase the number of shares reserved for issuance and delivery under the Plan, and the Board may otherwise, in its discretion, determine to submit other amendments to the Plan to shareholders for approval. The Committee is authorized to amend outstanding awards, except as limited by the Plan. The Board and Committee may not amend outstanding Awards (including by means of an amendment to the Plan) without the consent of an affected Participant if such an amendment would materially and adversely affect the rights of such Participant with respect to the outstanding Award (for this purpose, actions that alter the timing of federal income taxation of a Participant will not be deemed material unless such action results in an income tax penalty on the Participant, and any discretion that is reserved by the Board or Committee with respect to an Award is unaffected by this provision). Without the approval of shareholders, the Committee will not amend or replace previously granted Options or SARs in a transaction that constitutes a repricing, which for this purpose means any of the following or any other action that has the same effect:

Lowering the exercise price of an option or SAR after it is granted;

Any other action that is treated as a repricing under generally accepted accounting principles;

Canceling an option or SAR at a time when its exercise price exceeds the fair market value of the underlying Stock, in exchange for another option or SAR, restricted stock, or other equity;

provided, however, that the foregoing transactions shall not be deemed a repricing if pursuant to an adjustment authorized under Section 11(c). With regard to other terms of Awards, the Committee shall have no authority to waive or modify any such Award term after the Award has been granted to the extent the waived or modified term would be mandatory under the Plan for any Award newly granted at the date of the waiver or modification. A cancellation and exchange described in clause (iii) of the preceding sentence will be considered a repricing regardless of whether the Option, Restricted Stock or other equity is delivered simultaneously with the cancellation, regardless of whether it is treated as a repricing under generally accepted accounting principles, and regardless of whether it is voluntary on the part of the Participant.

(f) *Right of Setoff.* The Company or any subsidiary or affiliate may, to the extent permitted by applicable law, deduct from and set off against any amounts the Company or a subsidiary or affiliate may owe to the Participant from time to time, including amounts payable in connection with any Award, owed as wages, fringe benefits, or other

compensation owed to the Participant, such amounts as may be owed by the Participant to the Company, including but not limited to amounts owed under Section 10(a), although the Participant shall remain liable for any part of the Participant's payment obligation not satisfied through such deduction and setoff. By accepting any Award granted hereunder, the Participant agrees to any deduction or setoff under this Section 11(f).

A-14

(g) *Unfunded Status of Awards; Creation of Trusts.* The Plan is intended to constitute an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant or obligation to deliver Stock pursuant to an Award, nothing contained in the Plan or any Award shall give any such Participant any rights that are greater than those of a general creditor of the Company; provided that the Committee may authorize the creation of trusts and deposit therein cash, Stock, other Awards or other property, or make other arrangements to meet the Company's obligations under the Plan. Such trusts or other arrangements shall be consistent with the unfunded status of the Plan unless the Committee otherwise determines with the consent of each affected Participant.

(h) *Nonexclusivity of the Plan.* Neither the adoption of the Plan by the Board nor its submission to the shareholders of the Company for approval shall be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements, apart from the Plan, as it may deem desirable, including incentive arrangements and awards which do not qualify under Code Section 162(m), and such other arrangements may be either applicable generally or only in specific cases.

(i) *Payments in the Event of Forfeitures; Fractional Shares.* Unless otherwise determined by the Committee, in the event of a forfeiture of an Award with respect to which a Participant paid cash consideration, the Participant shall be repaid the amount of such cash consideration. No fractional shares of Stock shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, other Awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

(j) *Compliance with Code Section 162(m).* It is the intent of the Company that Options and SARs granted to Covered Employees and other Awards designated as Awards to Covered Employees subject to Section 7 shall constitute qualified performance-based compensation within the meaning of Code Section 162(m) and regulations thereunder, unless otherwise determined by the Committee at the time of allocation of an Award. Accordingly, the terms of Sections 7(b) and (c), including the definitions of Covered Employee and other terms used therein, shall be interpreted in a manner consistent with Code Section 162(m) and regulations thereunder. The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given Participant will be a Covered Employee with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean only a person designated by the Committee as likely to be a Covered Employee with respect to a specified fiscal year. If any provision of the Plan or any Award document relating to a Performance Award that is designated as intended to comply with Code Section 162(m) does not comply or is inconsistent with the requirements of Code Section 162(m) or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements, and no provision shall be deemed to confer upon the Committee or any other person discretion to increase the amount of compensation otherwise payable in connection with any such Award upon attainment of the applicable performance objectives.

(k) *Certain Limitations on Awards to Ensure Compliance with Section 409A.*

(i) *409A Awards and Deferrals.* Other provisions of the Plan notwithstanding, the terms of any 409A Award (which for this purpose means only such an Award held by an employee subject to United States federal income tax), including any authority of the Company and rights of the Participant with respect to the 409A Award, shall be limited to those terms permitted under Section 409A, and any terms not permitted under Section 409A shall be automatically modified and limited to the extent necessary to conform with Section 409A. The following rules will apply to 409A Awards:

(A) If a Participant is permitted to elect to defer an Award or any payment under an Award, such election will be permitted only at times in compliance with Section 409A (including transition rules thereunder);

(B) The Committee may, in its discretion, require or permit on an elective basis a change in the distribution terms applicable to 409A Awards (and Non-409A Awards that qualify for the short-term deferral exemption under Section 409A) during 2007] in accordance with, and to the fullest extent permitted by, Proposed Treasury Regulation § 1.409A (including Preamble § XI.C) and IRS Notice 2005-1 and IRS Notice 2006-79, and at any other time in accordance with Section 409A and guidance thereunder. The Director of Human Resources of the Company is authorized to modify any such outstanding Awards to permit election of

A-15

different deferral periods provided that any such modifications may not otherwise increase the benefits to Participants or the costs of such Awards to the Company;

(C) The Company shall have no authority to accelerate distributions relating to 409A Awards in excess of the authority permitted under Section 409A;

(D) Any distribution of a 409A Award triggered by a Participant's termination of employment and intended to qualify under Section 409A(a)(2)(A)(i) shall be made only at the time that the Participant has had a separation from service within the meaning of Section 409A(a)(2)(A)(i) (or earlier at such time, after a termination of employment, that there occurs another event triggering a distribution under the Plan or the applicable Award agreement in compliance with Section 409A);

(E) Any distribution of a 409A Award subject to Section 409A(a)(2)(A)(i) that would be made within six months following a separation from service of a Specified Employee (or key employee) as defined under Section 409A(a)(2)(B)(i) shall instead occur at the expiration of the six-month period under Section 409A(a)(2)(B)(i). In the case of installments, this delay shall not affect the timing of any installment otherwise payable after the six-month delay period;

(F) In the case of any distribution of a 409A Award, if the timing of such distribution is not otherwise specified in the Plan or an Award agreement or other governing document, the distribution shall be made not later than 75 days after the date at which the settlement of the Award is specified to occur;

(G) If any portion of an Award that is scheduled to vest at a single specified date (a vesting tranche) is partly deemed a 409A Award and partly deemed exempt from Section 409A (as a short-term deferral or otherwise), the time of settlement of the entire tranche will be governed by the distribution rules applicable to the 409A Award (except to the extent that this rule cannot apply to a distribution that would otherwise occur in 2007; and

(H) The rules applicable to 409A Awards under this Section 11(k)(i) constitute further restrictions on terms of Awards set forth elsewhere in this Plan. Thus, for example, a 409A Option/SAR shall be subject to restrictions, including restrictions on rights otherwise specified in Section 6(b) or 6(c), in order that such Award shall not result in constructive receipt of income before exercise or tax penalties under Section 409A.

(ii) *Rules Applicable to Non-409A Options/SARs.* With respect to Non-409A Options/ SARs, in applying Code Sections 1563(a)(1), (2) and (3) for purposes of determining a controlled group of corporations under Code Section 414(b), the language at least 20 percent shall be used instead of at least 80 percent at each place it appears in Sections 1563(a)(1), (2) and (3), and in applying Treasury Regulation § 1.414(c)-2 (or any successor provision) for purposes of determining trades or businesses (whether or not incorporated) that are under common control for purposes of Section 414(c), the language at least 20 percent shall be used instead of at least 80 percent at each place it appears in Treasury Regulation § 1.414(c)-2.

(iii) *Distributions Upon Vesting.* In the case of any Award providing for a distribution upon the lapse of a risk of forfeiture, if the timing of such distribution is not otherwise specified in the Plan or an Award agreement or other governing document, the distribution shall be made not later than March 15 of the year following the year in which the risk of forfeiture lapsed.

(iv) *Scope and Application of this Provision.* For purposes of this Section 11(k), references to a term or event (including any authority or right of the Company or a Participant) being permitted under Section 409A mean that the term or event will not cause the Participant to be deemed to be in constructive receipt of compensation relating to the 409A Award prior to the distribution of cash, shares or other property or to be liable for payment of interest or a tax

penalty under Section 409A.

(l) *Governing Law.* The validity, construction, and effect of the Plan, any rules and regulations relating to the Plan and any Award document shall be determined in accordance with the laws of the State of New Jersey, without giving effect to principles of conflicts of laws, and applicable provisions of federal law.

(m) *Awards to Participants Outside the United States.* The Committee may modify the terms of any Award under the Plan made to or held by a Participant who is then resident or primarily employed outside of the United

A-16

States, or establish one or more sub-plans for such participants, in any manner deemed by the Committee to be necessary or appropriate in order that such Award shall conform to laws, regulations, and customs of the country in which the Participant is then resident or primarily employed, or so that the value and other benefits of the Award to the Participant, as affected by foreign tax laws and other restrictions applicable as a result of the Participant's residence or employment abroad shall be comparable to the value of such an Award to a Participant who is resident or primarily employed in the United States. An Award may be modified under this Section 11(m) in a manner that is inconsistent with the express terms of the Plan, so long as such modifications will not contravene any applicable law or regulation or result in actual liability under Section 16(b) for the Participant whose Award is modified.

(n) *Limitation on Rights Conferred under Plan.* Neither the Plan nor any action taken hereunder shall be construed as (i) giving any Eligible Person or Participant the right to continue as an Eligible Person or Participant or in the employ or service of the Company or a subsidiary or affiliate, (ii) interfering in any way with the right of the Company or a subsidiary or affiliate to terminate any Eligible Person's or Participant's employment or service at any time (subject to the terms and provisions of any separate written agreements), (iii) giving an Eligible Person or Participant any claim to be granted any Award under the Plan or to be treated uniformly with other Participants and employees, or (iv) conferring on a Participant any of the rights of a shareholder of the Company unless and until the Participant is duly issued or transferred shares of Stock in accordance with the terms of an Award or an Option is duly exercised. Except as expressly provided in the Plan and an Award document, neither the Plan nor any Award document shall confer on any person other than the Company and the Participant any rights or remedies thereunder. Any Award shall not be deemed compensation for purposes of computing benefits under any retirement plan of the Company or any subsidiary or affiliate and shall not affect any benefits under any other benefit plan at any time in effect under which the availability or amount of benefits is related to the level of compensation (unless required by any such other plan or arrangement with specific reference to Awards under this Plan).

(o) *Severability.* If any of the provisions of this Plan or any Award document is finally held to be invalid, illegal or unenforceable (whether in whole or in part), such provision shall be deemed modified to the extent, but only to the extent, of such invalidity, illegality or unenforceability, and the remaining provisions shall not be affected thereby; provided, that, if any of such provisions is finally held to be invalid, illegal, or unenforceable because it exceeds the maximum scope determined to be acceptable to permit such provision to be enforceable, such provision shall be deemed to be modified to the minimum extent necessary to modify such scope in order to make such provision enforceable hereunder. The Plan and any Award documents contain the entire agreement of the parties with respect to the subject matter thereof and supersede all prior agreements, promises, covenants, arrangements, communications, representations and warranties between them, whether written or oral with respect to the subject matter thereof. No rule of strict construction shall be applied against the Company, the Committee, or any other person in the interpretation of any terms of the Plan, Award, or agreement or other document relating thereto.

(p) *Plan Effective Date and Termination.* The Plan shall become effective if, and at such time as, the shareholders of the Company have approved it by a majority of the votes cast at a meeting of shareholders by the holders of shares entitled to vote thereon, provided that the total vote cast on the proposal represents over 50% in interest of all securities entitled to vote on the proposal. The date of such shareholder approval shall be the Effective Date. Upon such approval of the Plan by the shareholders of the Company, no further awards shall be granted under the Employee and Outside Director Long-Term Incentive Compensation Plan, but any outstanding awards under that plan shall continue in accordance with their terms. Unless earlier terminated by action of the Board of Directors, the authority to make new grants under the Plan shall terminate on the date that is ten years after the latest date upon which shareholders of the Company have approved the Plan, and the Plan will remain in effect until such time as no Stock remains available for delivery under the Plan and the Company has no further rights or obligations under the Plan with respect to outstanding Awards under the Plan.

The By-Laws of New Jersey Resources Corporation (together with its subsidiaries, the Company) in Article IV, Section 2 require the Board of Directors (Board) to appoint an Audit Committee (Committee) composed of at least three independent directors. No Committee member may simultaneously serve on the audit committees of more than three public companies, unless the Board determines that such simultaneous service does not impair the Committee member's ability to effectively serve on the Committee and such determination is disclosed in the proxy statement.
