Item 1.01 Entry into a Material Definitive Agreement.

Entry into Derivative Contracts

On June 2, 2009, Wright Express Corporation (the Company) purchased put option contracts and sold call option contracts, designed to be a costless collar, on the wholesale price of gasoline with Bank of America, N.A. and the retail price of diesel fuel with Wachovia Bank, N.A. (collectively, the Contracts). The Contracts have an aggregate notional amount of approximately 6.7 million gallons of gasoline and diesel fuel and will settle on a monthly basis during the last three quarters of 2010. The settlement of the Contracts is based upon the New York Mercantile Exchange's New York Harbor Reformulated Gasoline Blendstock for Oxygen Blending and the U.S. Department of Energy's weekly retail on-highway diesel fuel price for the month. The Contracts lock in a weighted average retail floor price of approximately \$2.65 per gallon and a weighted average retail ceiling price of approximately \$2.71 per gallon.

On June 8, 2009, the Company issued a press release announcing this transaction.

Approval of Director Indemnification Agreements

On June 2, 2009, the Company entered into indemnification agreements (the Agreement) with each of the Company's directors. The Agreement provides that, among other things, the Company will indemnify a director against certain liabilities that may arise by reason of status or service with the Company, and that the Company will advance expenses paid or incurred as a result of a proceeding as to which the director may be indemnified. The Agreement also provides customary procedures regarding the defense of certain claims. The form of Agreement is attached as Exhibit 10.1 and is incorporated by reference into this Item 1.01.
