Report of Independent Registered Public Accounting Firm

Plan Administrator

TechTeam Global Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits of the TechTeam Global Retirement Savings Plan as of December 31, 2008 and 2007, and the related statement of changes in net assets available for benefits for the year ended December 31, 2008. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan s internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2008 and 2007, and the changes in its net assets available for benefits for the year then ended December 31, 2008, in conformity with U.S. generally accepted accounting principles. Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2008, and Schedule of Reportable 5% Transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan s management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

TechTeam Global Retirement Savings Plan Notes to the Financial Statements December 31, 2008

# 1. Description of the Plan

The following description of the TechTeam Global Retirement Savings Plan (the Plan ) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan s provisions.

#### General

The Plan is a defined contribution plan covering eligible, full-time employees of TechTeam Global, Inc. (the Company ) and TechTeam Cyntergy, LLC, a domestic subsidiary of the Company. Employees of other domestic subsidiaries of the Company are covered under a separate plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ( ERISA ). Employees become eligible to participate in the Plan on the first day of the month following three months from their date of hire.

# **Contributions**

Participants may contribute up to 75% of pretax annual compensation, as defined in the Plan document, subject to the legislated limitations. Participants may also contribute amounts representing distributions from other qualified plans. A participant may direct their contributions to any of the Plan s fund options.

The Company may make discretionary matching contributions to the Plan, which are contributed into the TechTeam Global Stock Fund. During 2008, the Company elected to make matching contributions on a dollar-for-dollar basis on the first 1% of a participant s base compensation and match an additional 50 cents on each dollar contributed that is between 1% to 6% of a participant s base compensation. During 2007, the Company elected to make matching contributions on a dollar-for-dollar basis up to 3% of a participant s base compensation.

Participants generally cannot redirect Company contributions to other fund options. In 2007, the Company implemented rules relating to the Pension Protection Act of 2006, which require plans to allow participants the option to diversify from employer stock. As a result, participants age 55 and older had 100% of their employer match transferred to a diversifiable fund, whereby each participant has an option to transfer Company contributions into investments other than the TechTeam Global Stock Fund. Participants with more than three years of service had 33% of their employer match transferred to the diversifiable fund. In 2007, a total of \$1.7 million was transferred to the diversifiable fund.

# 1. Description of the Plan (continued)

# **Participant Accounts**

Each participant s account is credited with the participant s contributions and allocations of the Company s contributions, investment earnings and Plan expenses. Allocations are based on participant earnings or account balances, as defined.

# **Vesting**

Participants are immediately vested in their contributions. The Plan s vesting provisions changed effective January 1, 2008, such that participants will become fully vested in Company contributions upon completion of two years of service, as well as upon death, disability or retirement. Participants hired prior to January 1, 2008 became fully vested in Company contributions upon completion of one year of service, as well as upon death, disability or retirement at designated ages.

#### **Forfeitures**

The Company is permitted to use forfeited balances to reduce future employer contributions. At December 31, 2008 and 2007, forfeited account balances totaled \$29,316 and \$20,931, respectively.

#### **Loans to Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum of the lesser of \$50,000 or the greater of 50% of their vested account balance or \$10,000 reduced by any outstanding loan balance on the date the new loan is made. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the participant s account balance and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

# 1. Description of the Plan (continued)

#### **Payment of Benefits**

A participant will receive a lump-sum distribution equal to the value of his or her account upon termination of service, death, disability or retirement. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant s account.

# **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, the amount in each participant s account would become 100% vested and would be distributed to each participant in accordance with distribution policies set forth in the Plan.

# **Fees and Expenses**

All expenses incurred by the Plan, consisting primarily of administrative costs, are paid by the Plan. The cost of the annual audit of the Plan s financial statements is paid by the Company.

# 2. Summary of Accounting Policies

# **Use of Estimates**

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates that affect the amounts reported and disclosed in the financial statements and accompanying notes. Actual results could differ from those estimates.

# 2. Summary of Accounting Policies (continued) Investments

Investments consist of mutual funds, pooled separate accounts, TechTeam Global, Inc. common stock and an unallocated contract. The fair value of participation units owned by the Plan in mutual funds and pooled separate accounts is based on quoted redemption values on the last business day of the Plan year. The TechTeam Global Stock Fund is administered as a pooled separate account and is stated at fair value. Investment in the unallocated contract is stated at the contract value, which approximates fair value. Participant loans are stated at the amount of their outstanding balance, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan provides the Principal Fixed Income Guaranteed Option (PFIGO), a benefit-responsive group annuity contract issued by Principal Life Insurance Company ( PLIC ), as an investment option for participants. The objective of this investment option is to guarantee principal and provide a stated interest crediting rate backed by PLIC. Characteristics of this investment option allow for the principal value to remain stable regardless of the volatility of the bond markets. The PFIGO is a group annuity contract with a fixed rate of interest. Under the existing contract, the interest crediting rate is adjusted on a semi-annual basis and will not be less than the guaranteed minimum interest rate, which was 3% in 2008 and 2007. The average yield earned (interest credited) by the Plan and credited to participants was 4.63% and 4.65% in 2008 and 2007, respectively. Changes in future interest crediting rates will not be reported as an adjustment from fair value to contract value since fair value is considered book value less an early withdrawal charge for benefit-responsive investment contracts.

# 4. Investments (continued)

During 2008, the Plan s investments appreciated (depreciated) in fair value, as determined by quoted market prices or rate of return, as follows:

TechTeam Global Stock Fund	\$ (3,545,001)
Pooled separate accounts	(3,675,047)
Mutual Funds	(1,439,750)
Unallocated Contracts	63,120

\$ (8,596,678)

#### 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

# 6. Reconciliation of Financial Statements to Form 5500

Contributions on the Form 5500 are recorded on the cash basis for the Plan year ended December 31, 2008. A reconciliation of net assets available for plan benefits per the December 31, 2008 financial statements to the Form 5500 is as follows:

Net assets available for plan benefits per the financial statements (accrual basis)	\$ 13,427,581
Contributions receivable on the accrual basis	(89,523)

Net assets available for plan benefits per the Form 5500 (cash basis)

\$13,338,058

A reconciliation of the contributions made for plan benefits per the December 31, 2008 financial statements to the respective Form 5550 is as follows:

\$ 2,970,860
(89,523)
283,669
(102,352)
1

Contributions made for benefits per the Form 5500 (cash basis)

\$3,062,654

#### 7. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 6, 2005, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended and restated, is qualified and the related trust is tax exempt.

# 8. Financial Instruments Measured at Fair Value

On January 1, 2008, the Company adopted the provisions of SFAS No. 157, Fair Value Measurements (SFAS 157) related to financial assets and liabilities as well as other assets and liabilities carried at fair value on a recurring basis. The valuation techniques required by SFAS 157 are based on observable and inobservable inputs using the following hierarchy:

Level 1 Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3 Unobservable inputs that reflect the reporting entity s own assumptions.

The following table presents the Plan s fair value hierarchy for those assets measured at fair value:

		Quoted Prices in Active Markets	Significant		
	Balance at	for Identical	Other Observable	Significant Unobservable	
<b>Investment Category</b>	December 31, 2008	Items (Level 1)	Inputs (Level 2)	Inputs (Level 3)	
Pooled separate accounts Mutual funds	\$ 5,083,051 2,600,792	\$ 2,600,792	\$ 4,891,639	\$ 191,412

# 8. Financial Instruments Measured at Fair Value (continued)

Level 3 assets are not readily corroborated by observable market data. Fair value for the pooled separate accounts was provided by Principal Financial Group and the plan administrator compared a sample of underlying assets with quoted market sources. As more fully described in Note 2, the unallocated contract is valued at contract value which approximates fair value. The participant loan is valued at cost plus accrued interest, which approximates fair value. The following table represents a reconciliation of all Level 3 investments:

	Balance at December			Purchases,	Balance at
<b>Investment Category</b>	31, 2007	Total Losses	Interest Credited	Issuances, Settlements	December 31, 2008
Unallocated contracts Pooled separate accounts Participant loans	\$ 1,366,317 47,887 639,972	\$ (26,955)	\$ 63,121	\$ 462,441 170,480 (46,580)	\$1,891,879 191,412 593,392

# 9. Subsequent Event

The Company suspended matching contributions under the Plan for all employees effective April 27, 2009.
