OUR ANNUAL MEETING

What is the agenda for our annual meeting?

At our 2010 annual meeting, our stockholders will act upon the election of the three nominees for Class C directors named in this proxy statement, the ratification of the selection of KPMG LLP as our independent registered public accounting firm for 2010 and any other business that comes before our annual meeting in compliance with the advance notice and other applicable provisions of our by-laws. In addition, Donald H. Nikolaus, our president and chief executive officer, will report on our performance during 2009. Following that report, Mr. Nikolaus will then open the floor for questions from stockholders during the question-and-answer portion of our annual meeting.

The Delaware General Corporation Law, or the DGCL, our certificate of incorporation and our by-laws govern our annual meeting, our relationships with our stockholders and the rights, powers, duties and obligations of our stockholders, directors, officers and employees.

The DGCL expressly authorizes advance notice by-laws. We have advance notice provisions in our by-laws so that our proxy statement can disclose to all of our stockholders the matters that our stockholders will consider at our annual meeting. We did not receive any advance notices of matters for stockholder action at our 2010 annual meeting of stockholders. Accordingly, no matter other than the election of three Class C directors and the ratification of the selection of KPMG LLP as our independent registered public accounting firm for 2010 may be properly presented at our 2010 annual meeting. See Stockholder Proposals.

How will we conduct the business of our annual meeting?

Our by-laws also govern the organization and conduct of business at our stockholders' meetings. Our board of directors has designated Mr. Nikolaus to call our annual meeting to order and serve as chairman of our annual meeting. As chairman of our annual meeting, Mr. Nikolaus will determine the order of the business and the procedure of our annual meeting. Mr. Nikolaus will announce the opening and closing of the polls for each matter upon which our stockholders will vote at our annual meeting.

Who can attend our annual meeting?

All stockholders of record as of the close of business on February 26, 2010, or their duly appointed proxies, may attend our annual meeting. We reserve the right to request photographic identification, such as a driver's license, before we admit you to our annual meeting. Even if you currently plan to attend our annual meeting, we recommend that you submit your proxy using one of the methods described below under *How do I vote my shares?* so that we can include your vote if you later decide not to attend, or are unable to attend, our annual meeting.

You are a stockholder of record if your name appears on the list of stockholders our transfer agent has prepared for our annual meeting. During the ten days that precede our annual meeting, you may inspect an alphabetical list of the holders of record of our Class A common stock and our Class B common stock during normal business hours for any purpose germane to our annual meeting. Generally, you are a stockholder of record if you receive dividend checks and proxy materials directly from us.

If your shares are registered in street name, which means that a broker or other nominee is the holder of record of your shares and you generally do not receive dividend checks and proxy materials directly from us, you must provide proof of your beneficial ownership as of February 26, 2010 to our corporate secretary, such as your most recent account

statement prior to that date, a copy of the voting instruction card provided by your broker, bank, trustee or nominee or other evidence of ownership as well as photographic identification.

If you have any questions about our annual meeting or voting your shares, please call Jeffrey D. Miller at (800) 877-0600 or e-mail him at jeffmiller@donegalgroup.com.

What vote is required?

Election of Class C Directors. The three persons nominated for election as Class C directors in accordance with our by-laws who receive the highest number of **FOR** votes cast by the holders of our Class A common stock and our Class B common stock, voting together as a single class, will be elected as Class C directors for a term of three years and until our stockholders elect their successors. If you properly submit your proxy and mark **Withhold Authority**, the proxies will not vote your shares with respect to the nominee or nominees as to which you so indicate but we will count your shares as present at our annual meeting in determining whether a quorum exists. Our certificate of incorporation and by-laws do not authorize cumulative voting in the election of our directors.

Ratification of the Selection of KPMG LLP. Ratification of the selection of KPMG LLP as our independent registered public accounting firm for 2010 requires the affirmative vote of a majority of the votes entitled to be cast by the holders of our Class A common stock and our Class B common stock present at our annual meeting.

Although we consider abstentions and broker non-votes as outstanding shares entitled to vote at our annual meeting and count those shares in determining the number of votes necessary for a majority, the share ownership of Donegal Mutual assures the presence of a quorum at our annual meeting. Broker non-votes are shares held by brokers or nominees for which we have not received voting instructions from the beneficial owner of, or person otherwise entitled to vote the shares, and as to which the broker or nominee does not have discretionary voting power.

Who may vote at our annual meeting?

Record and beneficial holders of our Class A common stock and our Class B common stock as of the close of business on February 26, 2010 will receive notice of, and are entitled to vote, at our annual meeting and any adjournment or postponement of our annual meeting by following the procedures we describe in our proxy statement.

What voting rights do our stockholders have?

As of February 26, 2010 we had outstanding:

19,924,944 shares of our Class A common stock, each of which may cast one-tenth of a vote with respect to each matter presented for a vote at our annual meeting in accordance with our by-laws; and

5,576,775 shares of our Class B common stock, each of which may cast one vote with respect to each matter presented for a vote at our annual meeting in accordance with our by-laws.

Therefore, the holders of all of our outstanding Class A common stock may in the aggregate cast a total of 1,992,494 votes at our annual meeting, and the holders of all of our outstanding Class B common stock may cast in the aggregate a total of 5,576,775 votes at our annual meeting.

As of February 26, 2010, Donegal Mutual owned 8,355,184 shares, or 41.9%, of our outstanding Class A common stock and 4,180,234 shares, or 75.0%, of our outstanding Class B common stock. Donegal Mutual therefore has the right to cast approximately two-thirds of the total number of votes that may be cast at our annual meeting on any matter presented for a vote of our stockholders in accordance with our by-laws.

Donegal Mutual has advised us that it will vote all of its shares for the election of John J. Lyons, S. Trezevant Moore, Jr. and R. Richard Sherbahn as Class C directors and all of its shares for the ratification of the selection of

KPMG LLP as our independent registered public accounting firm for 2010. Therefore, based on the votes Donegal Mutual will cast at our 2010 annual meeting, our stockholders will elect John J. Lyons, S. Trezevant Moore, Jr. and R. Richard Sherbahn as Class C directors and our stockholders will ratify the selection of KPMG LLP as our independent registered public accounting firm for 2010.

The deadline for stockholders of record to vote telephonically or using the internet is 12:00 a.m., local time, on April 15, 2010.

When requested, enter your control numbers listed on your proxy card, and then create and submit your ballot over the internet. The website address is www.investorvote.com/DGIC.

Vote by mail mark, sign and date your proxy card and return it in the postage-paid envelope we have provided you.

If a broker, bank, nominee or other holder of record holds your shares, see **How do I vote my shares held in street name?** below.

What is a quorum at our annual meeting?

Our by-laws state that a quorum at our annual meeting consists of the presence in person or by proxy of the holders of a majority of the total votes entitled to be cast by the holders of our Class A common stock and our Class B common stock outstanding on the record date. Because Donegal Mutual owns approximately two-thirds of the voting power of our outstanding Class A common stock and Class B common stock, the presence of Donegal Mutual at our annual meeting will assure the presence of a quorum and that our stockholders will be able to conduct the business of our annual meeting.

What does our board of directors recommend?

Our board of directors unanimously recommends that you vote:

FOR the election of the three nominees for Class C directors named in this proxy statement; and

FOR the ratification of the selection of KPMG LLP as our independent registered public accounting firm for 2010.

Unless you mark your proxy card to the contrary, our proxies will vote your shares for the election of the three Class C nominees for director named in this proxy statement and for the ratification of the selection of KPMG LLP.

How do I vote my shares held in street name?

If you are not a stockholder of record, but you are a beneficial owner as of February 26, 2010, which means that your name is not included in our stockholder records, you must either direct the holder of record of your shares how to vote your shares on the matters our stockholders will consider at our annual meeting or you must first obtain a form of proxy from your holder of record that you may then vote as if you were a record holder.

How do I vote my 401(k) plan shares?

If you participate in Donegal Mutual's 401(k) plan, you may vote your shares of Class A common stock and Class B common stock credited to your 401(k) plan account as of February 26, 2010. You may vote by completing, signing and returning the proxy card that accompanies this proxy statement.

Table of Contents***May I change my vote?***

You may revoke your proxy at any time prior to the closing of voting at our annual meeting. If you are a stockholder of record, you may revoke your proxy by:

submitting written notice of revocation to our corporate secretary;

submitting a later dated proxy by telephone, internet or mail; or

voting in person at our annual meeting if you properly identify yourself to our judges of election.

However, if you attend our annual meeting and do not submit a ballot, we will count the proxy you most recently submitted.

If your shares are not registered in your name and are registered in the name of a bank, broker, nominee or other holder of record, you should follow the instructions of the bank, broker, nominee or other holder of record regarding the revocation of your proxy.

OUR RELATIONSHIP WITH DONEGAL MUTUAL

Introduction

A group of local residents and business owners formed Donegal Mutual in Lancaster County, Pennsylvania in 1889 to provide property and casualty insurance.

Since 1986, Donegal Mutual and the insurance companies subsidiaries of DGI have conducted business together as the Donegal Insurance Group. During 2009, A.M. Best Company reported that the Donegal Insurance Group was ranked 118th among property and casualty insurance companies in the United States based on 2008 net premiums written and assigned the Donegal Insurance Group an A.M. Best rating of A (Excellent). The Donegal Insurance Group has also received the Ward's Top 50 award for each of the last five years.

The Formation of DGI

In the mid-1980s, Donegal Mutual recognized the need to develop additional sources of capital and surplus to remain competitive and to have the capacity to expand its business and assure its long-term viability. Donegal Mutual determined to implement a downstream holding company structure as a strategic response. Thus, in 1986, Donegal Mutual formed us as a downstream holding company, then wholly owned by Donegal Mutual. We in turn formed Atlantic States as our wholly owned subsidiary. We then effected a public offering to provide the surplus necessary to support the business we began to receive on October 1, 1986 pursuant to a proportional reinsurance agreement, or pooling agreement, between Donegal Mutual and Atlantic States that became effective on that date.

Under this pooling agreement, Donegal Mutual and Atlantic States pool substantially all of their respective premiums, losses and loss expenses. Donegal Mutual then cedes 80% of the pooled business to Atlantic States.

As the capital of Atlantic States has increased, its underwriting capacity has increased proportionately. Therefore, as we originally planned in the mid-1980s, Atlantic States has successfully raised the capital necessary to support the growth of its direct business as well as accept increases in its allocation of business from the underwriting pool, which has increased from an initial allocation of 35% in 1986 to an 80% allocation since March 1, 2008. The size of the underwriting pool has increased substantially. We do not anticipate any further changes in the pooling agreement between Atlantic States and Donegal Mutual in the foreseeable future, including any change in the participation of Atlantic States in the underwriting pool.

Since we established our downstream holding company structure in 1986, Donegal Mutual and our insurance subsidiaries have conducted business together while maintaining their separate legal and corporate existence. As such, Donegal Mutual and our insurance subsidiaries share the same business philosophies, the same management, the same employees, the same facilities and we offer the same types of insurance products.

In addition, as the Donegal Insurance Group, Donegal Mutual and our insurance subsidiaries share a combined business plan to achieve market penetration and underwriting profitability objectives. The products Donegal Mutual and our insurance subsidiaries offer are generally complementary, thereby allowing the Donegal Insurance Group to offer a broad range of products to a given market and to expand the Donegal Insurance Group's ability to service an entire personal lines or commercial lines account. Distinctions within the products Donegal Mutual and our insurance subsidiaries offer generally relate to specific risk profiles targeted within similar classes of business, such as preferred tier products versus standard tier products, but we and Donegal Mutual do not allocate all of the standard risk gradients to one company. Therefore, the underwriting profitability of the business the individual companies write

directly will vary. However, since the underwriting pool homogenizes the risk characteristics of all business Donegal Mutual and Atlantic States write directly, Donegal Mutual and Atlantic States share the underwriting results in proportion to their respective participation in the underwriting pool. We realize 80% of the results of the underwriting pool because Atlantic States has an 80% participation in the pool. The business Atlantic States derives from the pool represents the predominant percentage of our total revenues.

Table of Contents

In April 2001, we recapitalized. We effected a one-for-three reverse stock split of our Class B common stock, which has one vote per share, and issued two shares of our Class A common stock, which has one-tenth of a vote per share, as a stock dividend for each post-reverse stock split share of our Class B common stock. As a result of the reverse split and the stock dividend, each of our stockholders as of April 19, 2001 continued to own the same number of shares of our common stock, with one-third of the shares being shares of our Class B common stock and two-thirds of the shares being shares of our Class A common stock. As a result, the relative voting power and equity interest of our then stockholders remained constant and Donegal Mutual's continued ownership of more than a majority of the voting power of our outstanding common stock better enabled us to maintain our long-term relationship with Donegal Mutual.

We completed this recapitalization because we believed a capital structure that has more than one class of publicly traded securities offered us a number of benefits. The principal benefit from the recapitalization is our ability to issue our Class A common stock or securities convertible into or exchangeable for our Class A common stock for financing, acquisition and compensation purposes without materially adversely affecting the relative voting power of any stockholder, including Donegal Mutual. At the time of the recapitalization, our board of directors recognized that the recapitalization was likely to favor longer-term investors, including Donegal Mutual, and could discourage attempts to acquire us, which our board of directors believed to be remote in any event because Donegal Mutual controls more than a majority of the voting power of our common stock.

We believe our relationships with Donegal Mutual since 1986 have substantially benefited us and our stockholders and provide us and our insurance subsidiaries with many advantages. We believe these advantages include the following:

facilitating our stable management, the consistent underwriting discipline of our insurance subsidiaries, external growth and long-term profitability;

creating operational and expense synergies from the combination of resources and integrated operations of Donegal Mutual and our insurance subsidiaries;

enhancing our opportunities to expand by acquisition because of the ability of Donegal Mutual to affiliate with and acquire control of other mutual insurance companies and, thereafter, demutualize them and sell them to us;

producing more stable and uniform underwriting results for our insurance subsidiaries over extended periods of time than we could achieve without our relationship with Donegal Mutual; and

providing Atlantic States with a significantly larger underwriting capacity because of the underwriting pool Donegal Mutual and Atlantic States have maintained since 1986.

The Coordinating Committee

We and Donegal Mutual have maintained a coordinating committee since our formation in 1986. The coordinating committee consists of two members of our board of directors, neither of whom is a member of Donegal Mutual's board of directors, and two members of Donegal Mutual's board of directors, neither of whom is a member of our board of directors. The purpose of the coordinating committee is to establish and maintain a process whereby the transactions between Donegal Mutual and our insurance subsidiaries can be the subject of an annual evaluation process, in which both parties have separate approval rights, that considers the fairness of each intercompany transaction to Donegal Mutual and its policyholders and to us and our stockholders.

Table of Contents

The coordinating committee approval process for a new agreement between Donegal Mutual and us or one of our insurance subsidiaries or a change in such an agreement is as follows:

a new agreement and any change to a previously approved agreement must receive coordinating committee approval. The coordinating committee will only approve a new agreement or a change in an existing agreement if:

both of our members on the coordinating committee determine that the new agreement or the change in an existing agreement is fair and equitable to us and in the best interests of our stockholders; and

both of Donegal Mutual's members on the coordinating committee determine that the new agreement or the change in an existing agreement is fair and equitable to Donegal Mutual and its policyholders;

the new agreement or the change in an existing agreement must be approved by our board of directors; and

the new agreement or the change in an existing agreement must be approved by the Donegal Mutual board of directors.

The coordinating committee also meets annually to review each existing agreement between Donegal Mutual and us or our insurance subsidiaries, including a number of reinsurance agreements between Donegal Mutual and our insurance subsidiaries. The purpose of the review is to examine the results of the reinsurance agreements over the past five years and to determine if the terms of the existing agreements remain fair and equitable to us and our stockholders and fair and equitable to Donegal Mutual and its policyholders or if Donegal Mutual and we should mutually agree to certain adjustments. In the case of these reinsurance agreements, the adjustments typically relate to the reinsurance premiums, losses and reinstatement premiums. These agreements are ongoing in nature and will continue in effect throughout 2010 in the ordinary course of business.

Robert S. Bolinger and John J. Lyons serve as our members of the coordinating committee. See Item 1 Election of Directors for certain information about Messrs. Bolinger and Lyons. John E. Hiestand and Frederick W. Dreher serve as Donegal Mutual's members of the coordinating committee. Certain information about Mr. Hiestand and Mr. Dreher is as follows:

Mr. Hiestand, age 71, has been a director of Donegal Mutual since 1983 and has been a self-employed provider of insurance administrative services for more than the past five years. Mr. Hiestand beneficially owns 5,575 shares of our Class A common stock and 157 shares of our Class B common stock. In 2009, Donegal Mutual paid directors fees of \$31,000 in cash to Mr. Hiestand and granted him a restricted stock award of 311 shares as director compensation.

Mr. Dreher, age 69, has been a director of Donegal Mutual since 1996 and has been a partner in the law firm of Duane Morris LLP since 1971. Mr. Dreher's primary practice area is the representation of financial institutions, including banks and insurance companies. Mr. Dreher served as chairman of the corporate department of Duane Morris LLP for approximately 20 years. Mr. Dreher also served as a Commissioner of Lower Merion Township for eight years. Mr. Dreher also served as a member of the board of directors of Bay View Capital Corporation, a bank holding company located in San Mateo, California from 2002 to 2006. Mr. Dreher beneficially owns 90,901 shares of our Class A common stock and 33,022 shares of our Class B common stock. In 2009, Donegal Mutual paid director fees of \$31,250 in cash to Mr. Dreher and granted him a restricted stock award of 311 shares as director compensation.

The Risk Management Committee

We and Donegal Mutual have had an enterprise risk management program for the past several years. In order to provide a formal corporate governance structure for this program, we and Donegal Mutual formed a risk management committee in December 2009. Our risk management committee consists of 14 officers of either us or Donegal Mutual, including all of our executive officers. The purpose of our risk management committee is to assess and monitor the major strategic, operational, regulatory, informational and external risks

Table of Contents

in the business of Donegal Mutual and us and the control processes with respect to the risks that might impact the operations of Donegal Mutual and us.

Our risk management committee is responsible for:

assessing the effectiveness of our identification and management of risks;

developing and recommending policies and procedures relating to risk assessment, risk management and risk reporting;

assessing our risk management, compliance and control activities and the adequacy of such activities in identifying our risks; and

reporting periodically to our board of directors.

The risk management committee will meet quarterly and annually evaluate its performance of its responsibilities.

Agreements With Donegal Mutual

Donegal Mutual provides facilities, personnel and other services to us and our insurance subsidiaries. Donegal Mutual allocates certain related expenses to Atlantic States in relation to the relative participation of Donegal Mutual and Atlantic States in the pooling agreement. Our insurance subsidiaries other than Atlantic States reimburse Donegal Mutual for their respective personnel costs and bear their proportionate share of information services costs based on their respective percentage of the total written premiums of the Donegal Insurance Group. Charges for these services totaled \$60.2 million for 2009.

We lease office equipment and automobiles to Donegal Mutual and Southern. Donegal Mutual and Southern made total lease payments to us of \$921,583 in 2009.

Donegal Mutual and Atlantic States participate in an underwriting pool, whereby both companies pool substantially all of their respective premiums, losses and loss expenses and receive an allocated percentage of their combined underwriting results. The underwriting pool excludes certain intercompany reinsurance assumed by Donegal Mutual from our insurance subsidiaries. Since March 1, 2008, Atlantic States has had an 80% share of the results of the pool and Donegal Mutual has had a 20% share of the results of the pool.

Donegal Mutual and Atlantic States may amend or terminate the pooling agreement at the end of any calendar year by agreement of the parties, subject to approval by the boards of directors of Donegal Mutual and Atlantic States and by the coordinating committee. Our 2009 annual report to stockholders contains additional information describing the underwriting pool.

In addition to the underwriting pool and third-party reinsurance, our insurance subsidiaries have various ongoing reinsurance agreements with Donegal Mutual. These agreements include:

catastrophe reinsurance agreements with Atlantic States, Le Mars and Southern;

an excess of loss reinsurance agreement with Southern;

a quota-share reinsurance agreement with Le Mars;

a quota-share reinsurance agreement with Peninsula; and

a quota-share reinsurance agreement with Southern.

We refer you to footnote 3 in the notes to our financial statements included in our annual report to stockholders for further information about the reinsurance agreements between Donegal Mutual and our insurance subsidiaries. The intent of these catastrophe and excess of loss reinsurance agreements is to lessen the effects of a single large loss, or an accumulation of smaller losses arising from one event, to levels that are appropriate given each insurance subsidiary's size, underwriting profile and surplus position.

Donegal Mutual and Peninsula have a quota-share reinsurance agreement that transfers to Donegal Mutual 100% of the premiums and losses related to the workers' compensation product line of Peninsula in certain

Table of Contents

states. Peninsula offers workers' compensation insurance in certain states in order to provide Donegal Mutual with an additional pricing tier where an insurance company may only offer a single pricing tier.

Donegal Mutual and Southern maintain a quota-share reinsurance agreement that transfers to Southern 100% of the premiums and losses related to certain personal lines products Donegal Mutual offers in Virginia through the use of Donegal Mutual's automated policy quoting and issuance system.

Donegal Mutual and Le Mars have a quota-share agreement that transfers to Le Mars 100% of the premiums and losses related to certain products Donegal Mutual offers in certain Midwest states, which provide the availability of additional complementary products to Le Mars' commercial accounts.

Donegal Mutual also maintains 100% retrocessional reinsurance agreements with Southern and Le Mars that were initially put into place in order that Southern and Le Mars could share Donegal Mutual's A.M. Best rating of A (Excellent). The retrocessional reinsurance agreements do not otherwise provide for pooling or reinsurance with or by Donegal Mutual and do not transfer insurance risk to Donegal Mutual for accounting purposes. In addition, Donegal Mutual and we entered into a capital support agreement with Sheboygan that permits Sheboygan to share Donegal Mutual's A.M. Best rating of A (Excellent).

We own 48.2% and Donegal Mutual owns 51.8% of Donegal Financial Services Corporation, or DFSC. DFSC owns 100% of Province Bank FSB, or Province Bank, a federal savings bank with offices in Marietta, Columbia and Lancaster, Pennsylvania. We and Donegal Mutual conduct banking operations in the ordinary course of business with Province Bank.

Donegal Mutual leases 3,600 square feet in a Donegal Mutual-owned building in Marietta, Pennsylvania to Province Bank. In addition, Province Bank leases 3,000 square feet of space in a building in Lancaster, Pennsylvania from DFSC. Both leases provide for an annual rent based on an independent appraisal. Donegal Mutual and Province Bank are also parties to an administrative services agreement whereby Donegal Mutual provides various human resources services, principally payroll and employee benefits administration, administrative support, facility and equipment maintenance services and purchasing, to Province Bank, subject to the overall limitation that the costs Donegal Mutual charges to Province Bank may not exceed the costs of independent vendors for similar services and further subject to annual maximum cost limitations specified in the administrative services agreement.

The coordinating committee annually reviews each of the agreements and transactions described above and in January 2010 approved the terms of such agreements and transactions for 2010.

RELATED PERSON TRANSACTIONS

We have a related persons policy. This policy applies to related party transactions other than those that require the approval of our coordinating committee. This policy establishes procedures for the approval of transactions between us and related persons because we recognize that related person transactions present a heightened risk of a conflict of interest and can create the appearance of impropriety. Our policy requires that all proposed related person transactions must receive the approval of our audit committee before we can enter into the transaction. In addition, if the transaction continues for more than one year, our audit committee must annually approve the continuation of the transaction. Our transactions with Donegal Mutual require the prior approval of the coordinating committee. See "Our Relationship with Donegal Mutual - The Coordinating Committee."

Donald H. Nikolaus, our President and one of our directors and the President and a director of Donegal Mutual, is also a partner in the law firm of Nikolaus & Hohenadel. Such firm has served as general counsel to Donegal Mutual since 1970 and as our general counsel since 1986, principally in connection with the defense of claims litigation arising in

Lancaster, Dauphin and York counties of Pennsylvania. We pay such firm its customary fees for such services. Those fees were \$369,372 in 2008 and \$445,231 in 2009.

Patricia A. Gilmartin, one of our directors and a director of Donegal Mutual, is an employee of Associated Donegal Insurance Brokers. That firm has no affiliation with us except that it receives insurance

commissions in the ordinary course of business from our insurance subsidiaries and Donegal Mutual in accordance with their standard commission schedules and agency contracts.

Frederick W. Dreher, a director of Donegal Mutual, is a partner in the law firm of Duane Morris LLP, which represents us, our insurance subsidiaries and Donegal Mutual in certain legal matters. We pay such firm its customary fees for such services. Those fees were \$1,226,249 in 2008 and \$1,611,823 in 2009.

ITEM 1 ELECTION OF DIRECTORS

Introduction

The DGCL, the Pennsylvania Insurance Holding Companies Act, or the Holding Companies Act, and our by-laws govern the election of our directors by our stockholders. Because Donegal Mutual has owned more than a majority of the voting power of our common stock since our inception, Donegal Mutual has always had the ability to elect all of our directors.

The following discussion summarizes these provisions and describes the process our nominating committee follows in connection with the nomination of candidates for election as directors by our stockholders.

Nominations

The Holding Companies Act requires that the board of directors of a Pennsylvania-domiciled insurance company insurer or a company that controls a Pennsylvania-domiciled insurance company, such as DGI, maintain a committee or committees comprised solely of directors who are not officers or employees of the Pennsylvania-domiciled insurance company or its holding company and who do not own beneficially a 10% or greater interest in the voting stock of such insurance company or its holding company and annually perform the following actions:

recommend the selection of such insurance company's independent registered public accounting firm;

review the financial condition of such insurance company;

review the scope and results of such insurance company's independent audit and any internal audit;

nominate candidates for election as directors by stockholders; and

evaluate the performance of such insurance company's principal officers of such insurance company and recommend to such insurance company's board of directors the selection and compensation of the insurer's principal officers.

Table of Contents

Our by-laws provide that:

our board of directors shall annually appoint a nominating committee that consists of not less than two directors who are not officers or employees of Donegal Mutual or us and who do not own beneficially 10% or more of our Class A or Class B common Stock; and

the nominating committee shall, prior to each annual meeting of stockholders, determine and nominate candidates for election as directors by our stockholders.

In accordance with these by-law provisions, on April 16, 2009, our board of directors appointed a nominating committee consisting of R. Richard Sherbahn and Philip H. Glatfelter, II. Neither Mr. Sherbahn nor Mr. Glatfelter is an officer or employee of Donegal Mutual or us or a beneficial owner of a 10% or greater interest in our Class A common stock or our Class B common stock.

Our Nominating Procedures

Our stockholders may nominate candidates for election as directors at any annual meeting of our stockholders provided they comply with the advance notice provisions of our by-laws. We describe those procedures under Stockholder Proposals in this proxy statement. Our nominating committee may also consider candidates our management proposes. We do not use executive search firms to identify director candidates.

With the exception of applicable regulations of the SEC, the listing application standards of the NASDAQ Global Select Market, or NASDAQ, and the Holding Companies Act, our nominating committee does not have any specific, minimum qualifications for the nomination of director candidates. Our nominating committee may take into account such factors as it deems appropriate, and include the judgment, skill, diversity and business experience of the candidate, the interplay of the candidate's experience with the experience of the other members of our board of directors and the extent to which the candidate would contribute to the overall effectiveness and experience of our board of directors.

Our nominating committee and our board of directors considers, at a minimum, the following factors in identifying and evaluating potential new board members, including any candidates nominated by our stockholders, or the continued services of existing board members:

A director is nominated based on his or her professional experience. He or she should be accomplished and have recognized achievements in his or her respective field.

Whether the director serves as a member of Donegal Mutual's board of directors.

A director should have relevant education, expertise and experience, and be able to offer advice and guidance to the Chief Executive Officer based on that expertise and experience.

A director should possess high personal and professional ethics, integrity and values.

A director must be inquisitive and objective, have the ability to exercise practical and sound business judgment, and have an independent mind.

A director must be willing to devote sufficient time and effort to carrying out his or her duties and responsibilities effectively.

A director should have the ability to work effectively with others.

We seek qualified individuals who, taken together, represent a diversity of skills, backgrounds and experience, including ethnic background, gender and professional experience.

Our nominating committee assesses which functional skills or areas of expertise are needed to round out the existing collective strengths of the board as part of its director selection process.

Since our formation in 1986 and because of Donegal Mutual's voting control of us, our board has always had a meaningful number of directors who also serve as members of the board of directors of Donegal Mutual. This membership has ranged from six of eight directors in 1986 to five of 11 directors in 2010. It is our intent

Table of Contents

and the intent of Donegal Mutual to maintain a significant presence of Donegal Mutual directors on our board as long as Donegal Mutual owns more than a majority of the voting power of our common stock.

In nominating director candidates, our nominating committee takes into account the diversity of our policyholder and stockholder base. Our nominating committee does not discriminate against any director candidate on the basis of race, color, religion, sex, national origin, age, ancestry or disability.

The Role of Our Nominating Committee

Our nominating committee met on February 5, 2010 to evaluate the performance and qualifications of the Class C members of our board of directors whose terms will expire at our 2010 annual meeting. After considering the performance and qualifications of the Class C members of our board of directors during 2009, our nominating committee nominated the candidates named below for election as Class C directors. On March 10, 2010, our board of directors accepted the report of our nominating committee and approved the nomination by our nominating committee of the three persons named below as candidates for election as Class C directors.

Our Nominees for Election as Class C Directors

Our board of directors currently has 11 members, and consists of four Class A directors, four Class B directors and three Class C directors. We elect each director for a three-year term and until the election of the director's successor. The current three-year terms of our directors expire in 2010 (Class C), 2011 (Class A) and 2012 (Class B), respectively.

We will elect three Class C directors at our annual meeting. Unless you have marked your proxy card to the contrary, we have instructed the proxies named on your proxy card to vote for the election of the three nominees named below. Each nominee for election as a Class C director is currently a Class C director.

If any of the named nominees becomes unavailable for any reason, our board of directors will designate a substitute nominee. Our board of directors believes each nominee will be able to serve if elected. A majority of our board of directors may fill any vacancy that arises in our board of directors until the expiration of the term of the class of directors in which the vacancy occurs.

Our board of directors recommends a vote FOR the election of our three nominees for Class C directors named below.

The names of our three nominees for election as Class C directors, and our Class A directors and our Class B directors who will continue in office after our annual meeting until the expiration of their respective terms and the election of their respective successors, together with certain information regarding them, are as follows:

For 28 years prior thereto, he was a partner in the accounting firm of KPMG LLP where his practice focused on property and casualty insurance companies. Mr. Wampler is also a member of the subscribers advisory committee of the third largest medical professional liability insurer in Pennsylvania. We believe his background brings expertise to our board of directors in understanding statutory accounting principles as well as generally accepted accounting principles and in analyzing and maintaining internal controls over financial reporting.

Of our 11 directors, six (Messrs. Bolinger, Garcia, Lyons, Mahan, Moore and Wampler) are independent and have no affiliation with Donegal Mutual. Five of our 11 directors (Mrs. Gilmartin and Messrs. Glatfelter, Kraft, Nikolaus and Sherbahn) are affiliated with Donegal Mutual, our majority stockholder, with whom we have a variety of inter-company agreements providing for, among other things, the pooling of underwriting

Table of Contents

results, reinsurance and expense-sharing. See *Stock Ownership* *Our Relationship with Donegal Mutual*. We believe our board membership appropriately represents our public stockholders, who collectively own about 33.7% of the voting power of our common stock, and Donegal Mutual, which owns 66.3% of the voting power of our common stock.

Corporate Governance

Because Donegal Mutual owns more than 50% of the combined voting power of our Class A common stock and our Class B common stock, applicable NASDAQ regulations classify us as a controlled company. Because we are a controlled company, we are exempt from a number of NASDAQ corporate governance requirements. However, because we believe those principles represent sound corporate governance principles, we voluntarily comply with the NASDAQ requirements that:

the members of the nominating committee of our board of directors must be independent;

the members of the compensation committee of our board of directors must be independent; and

a majority of the members of our board of directors must be independent.

Our Board of Directors and Committee Structure

Our board of directors met eight times in 2009. Our board of directors has an executive committee, an audit committee, a nominating committee, a compensation committee and, together with Donegal Mutual, a coordinating committee. Philip H. Glatfelter, II is the chairman of our board of directors.

Executive Committee

Our executive committee met seven times in 2009. The members of our executive committee are Philip H. Glatfelter, II, Donald H. Nikolaus and R. Richard Sherbahn. Our executive committee has the authority to take all action that our full board of directors can take, consistent with the DGCL, between meetings of our board of directors.

Audit Committee

Our audit committee met 11 times in 2009. The members of our audit committee are Robert S. Bolinger, John J. Lyons and Richard D. Wampler, II. Each member of our audit committee satisfies the independence requirements of the SEC and is in compliance with applicable provisions of the Holding Companies Act and the Sarbanes-Oxley Act of 2002.

Our audit committee is responsible for:

selecting our independent registered public accounting firm;

reviewing the scope and results of our independent registered public accounting firm's audit of our financial statements;

Compensation Committee

Our compensation committee met three times in 2009. The members of our compensation committee are Philip H. Glatfelter, II and R. Richard Sherbahn. The members of the Donegal Mutual compensation committee are Frederick W. Dreher, Philip H. Glatfelter, II and R. Richard Sherbahn. Following these joint meetings, our compensation committee meets and makes compensation determinations with respect to our executive officers and other employees.

**ITEM 2 RATIFICATION OF OUR AUDIT COMMITTEE S SELECTION OF KPMG LLP
AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2010**

Our audit committee has appointed KPMG LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2010. Although our by-laws do not require that we submit our audit committee s appointment of KPMG LLP to our stockholders for ratification, we do so as a matter of good corporate governance.

Representatives of KPMG LLP will attend our annual meeting and will respond to appropriate questions. The KPMG LLP representatives will also be able to make a statement if they determine to do so.

*Our board of directors recommends that you vote **FOR** the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2010.*

Even if our stockholders ratify the appointment, the audit committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

Our compensation committee oversees our compensation and benefit plans and policies. Its oversight of our compensation process includes reviewing and recommending for approval by our board of directors equity awards to our executive officers and all compensation decisions relating to our executive officers.

Our compensation committee determined that the primary objectives of our compensation programs for our executive officers are to:

Attract and retain talented and dedicated executive officers who contribute to our growth, development and profitability and to encourage their retention.

We believe we achieved this objective because three of our five named executive officers have worked with us since our formation in 1986, and our other two named executive officers have worked for us for 23 and 17 years, respectively.

Motivate our executive officers to achieve our strategic business objectives and to reward them when they achieve those objectives.

We believe we achieved this objective through our compound annual growth rate, which was 4.8% for the five years ended December 31, 2009, and through our compound rate of growth in our book value, which was 8.5% for the five years ended December 31, 2009.

Provide long-term compensation to our executive officers that rewards them for sustained financial and operating performance and leadership excellence.

We believe we achieved this objective based on our combined ratio, which has outperformed the combined ratio of the property and casualty industry as a whole for the five years ended December 31, 2009 based on data prepared by A.M. Best Company. Our results demonstrate that our compensation systems do not reward the undue taking of risk.

To achieve these objectives, we compensate our executive officers through a combination of base salary, annual cash bonuses that are principally based on our underwriting income and long-term equity compensation.

Our compensation committee's charter reflects these responsibilities, and our compensation committee reviews its charter annually.

Our Compensation Philosophy and Risk Considerations

Risk Management Considerations

Our compensation committee believes that our underwriting profitability-based bonus plan and our performance-based equity ownership programs create incentives that are designed to result in long-term

Table of Contents

stockholder value. We have designed the following elements of our compensation programs to promote the creation of long-term value and that we therefore believe discourages behavior that could lead to excessive risk:

The financial metrics we use to determine the bonuses of our executive officers are metrics our compensation committee believe promote long-term stockholder value. These measures include underwriting profitability, return on equity and growth in net written premium. Our compensation committee sets limits on these bonus payments that encourage success without encouraging excessive risk-taking that seeks short-term results.

The stock options we grant vest in three equal annual installments and remain exercisable for up to five years from the date of grant, which our compensation committee believes encourages our executive officers to attain sustained long-term performance;

If we become obligated to restate our financial results because one of our executive officers has violated the financial reporting requirements under the federal securities laws, applicable law permits us to recover incentive compensation from that executive officer, including profits the executive officer received from the sale of our securities. If such an event were to arise, our board of directors would exercise its business judgment to determine the action it believes appropriate at that time. Such action could include recovery or cancellation of any incentive payment made to an executive officer on the basis of meeting or exceeding performance targets if our board of directors determines that such recovery or cancellation is appropriate due to intentional misconduct by that executive officer that resulted in the achievement of performance targets that would not have been achieved absent such misconduct.

Evaluation of Executive Performance in 2009 and Executive Compensation

Our compensation committee does not restrict its evaluation of the performance of our named executive officers to predetermined formulas or a limited set of criteria. Our compensation committee considered our progress during 2009 in achieving the short-term and long-term objectives described below:

Our continued achievement of underwriting results superior to the underwriting results of other property and casualty insurance companies on a long-term basis.

We believe we achieved this objective in 2009 because, in spite of increased severe weather events, our statutory combined ratio for 2009 was 101.1%, compared to approximately 100.6% for the property and casualty industry combined ratio for 2009 as projected by A.M. Best Company. We believe our underwriting results were reasonable in light of a challenging underwriting environment.

Our achievement of a compound rate of revenue growth in excess of 4.0% over a five-year period.

We believe we achieved this objective for the five years ended December 31, 2009 because our compound rate of revenue growth for that period was 4.8%.

Our status in being named as one of Ward's top 50 performing insurance companies over a five-year period.

We believe we achieved this goal in 2009 because we received this award for the fifth straight year.

Our continued geographic expansion.

One measure of our achievement of this objective in 2009 was Donegal Mutual's completion of a 100% quota-share reinsurance of the property and casualty insurance business of Southern Mutual Insurance Company in Georgia and

South Carolina, which benefits us as a result of Atlantic States participation in the pooling agreement with Donegal Mutual.

Our development of automated underwriting and policy issuance software that enables us to compete with national carriers.

Table of Contents

During 2009, we continued to expand the use of this state-of-the-art system to all of our subsidiaries. We also received the 2009 Interface Partner Award from Applied Systems, an insurance technology company, in recognition of our achievements in agency-carrier communications.

Our achievement of book value growth over a five-year period.

We believe we achieved this objective for the five years ended December 31, 2009 because our compound rate of book value growth for that period was 8.5%.

On an overall basis, our compensation committee believes that we made progress in achieving the targets established for these objectives at the start of 2009. Our performance and book value growth in 2009 were the basis of the decisions made by our compensation committee at its meetings in December 2009 and February 2010 with respect to adjustments to base salary and the allocation of our annual cash bonuses among our officers, including our named executive officers.

The specific compensation decisions made for each of our named executive officers in 2009 appropriately reflect our financial and operational performance in 2009. Our compensation committee also evaluates the achievement by our named executive officers of our other corporate objectives, and the contribution of each of our named executive officers to those achievements in each such officer's primary area of responsibility. We use our discretion in making compensation decisions after reviewing our performance and the objective performance of our named executives based on financial and operational objectives. We do not retain compensation consultants. We do not have any form of employment, severance or change-of-control agreements with any of our named executive officers.

Our Cash Incentive Plan

For a number of years, we have had a cash incentive compensation plan for our officers, including our named executive officers, that is tied to a formula that is based on the annual underwriting income and other financial metrics of the Donegal Insurance Group. The formula operates as follows:

We first determine the base underwriting income of the Donegal Insurance Group for the year;

We then adjust the base underwriting income by adding back our accrual for bonuses to our officers, and make a formula-based adjustment to limit the impact of any catastrophe losses and guaranty fund assessments on our base underwriting income;

We then adjust the amount so determined as the plan specifies based on variable percentages of the growth in net written premium of Donegal Insurance Group for the year;

We then multiply the amount so determined by a percentage that is based on our return on equity for the year; and

We then multiply the amount so determined by a predetermined factor, and the resulting amount constitutes the executive incentive compensation pool for the applicable year, which is allocated by the compensation committee to our officers, including our named executive officers.

If the Donegal Insurance Group's surplus for the year is below an amount the Plan specifies, we reduce the executive incentive compensation pool by 50%.

The Compensation of Our Officers

Our officers receive the following compensation:

Base Salary. We establish the base salaries of our officers, including our named executive officers, based on the scope of their responsibilities and the recommendation of our chief executive officer to our compensation committee for other than his own compensation. Our compensation committee reviews the base salaries of our named executive officers annually, including our chief executive officer, and recommends adjustments to base salaries annually after taking into account individual

Table of Contents

responsibilities, performance, length of service, current salary, experience and compensation history as well as our results of operations.

Annual Cash Bonus. Our officers, including our named executive officers, receive annual cash bonuses based primarily on the underwriting results of the Donegal Insurance Group. We determine the maximum aggregate amount available annually for our officers by formula as described above. Our compensation committee then recommends to our board of directors the percentage of the maximum amount we should allocate among our officers, including our named executive officers, on a discretionary basis. Our chief executive officer recommends the allocation of any earned bonuses for our officers, including our named executive officers other than himself, to our compensation committee. Our compensation committee reviews our chief executive officer's recommendations and then recommends the annual bonuses for all of our executive officers, including our chief executive officer, to our board of directors. We pay the cash bonuses in a single payment.

Long-Term Equity Incentives. We believe that we can maximize our long-term performance best if we tie the value of the long-term benefits our executives receive to our long-term performance. We design our long-term equity compensation plans to provide all members of our management, including our named executive officers, with equity incentives to foster the alignment of their interests with the interests of our stockholders.

The primary form of equity compensation that we have historically awarded to our officers, including our named executive officers, is stock options. Our compensation committee receives preliminary recommendations for periodic stock option grants from our chief executive officer for our officers other than himself. Our compensation committee then reviews his recommendations and recommends stock option grants for all of our officers, including our chief executive officer, to our board of directors for approval.

Our stock option plans authorize us to grant options to purchase shares of our Class A common stock to our employees, officers and directors.

In accordance with NASDAQ rules, we do not grant stock options that have exercise prices below the fair market value of our Class A common stock on the date of grant.

We do not reduce the exercise price of stock options because of the subsequent decline of the price of our Class A common stock below the exercise price, except in connection with adjustments to reflect recapitalizations, stock or extraordinary dividends, stock splits, mergers, spin-offs and similar events permitted by the applicable stock option plan unless we first obtain stockholder approval.

Our Compensation Process

In assessing the performance of our named executive officers in light of the objectives our board of directors establishes, our compensation committee reviews specific achievements associated with attainment of the objectives, the degree of difficulty of the objectives and the extent to which significant unforeseen obstacles or favorable circumstances affected their performance. As part of its oversight of the compensation of our named executive officers, our compensation committee recommended the following compensation adjustments for 2009 for our named executive officers:

increases in base salaries of our named executive officers for 2009 that averaged 1.7%, which our compensation committee considered reasonable based on publicly available information from companies we consider to be our informal peer group (EMC Insurance Group, Harleysville Group Inc., Mercer Insurance Group, State Auto Financial Corporation and Selective Insurance Group); and

due to the decrease in our underwriting profitability in 2009 compared to historical amounts, the individual allocations from our incentive bonus pool to our named executives decreased. The decreases were based on factors including a rate of net written premium growth of less than 5.0%, and reductions in underwriting profitability and return on equity compared to historical averages. Our compensation committee regarded the individual allocations to our executive officers as appropriate recognition of the underwriting results, our return on equity and growth of our insurance subsidiaries in 2009.

Table of Contents***Tax Matters***

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally does not allow us to deduct for federal income tax purposes annual compensation we pay to any of our executive officers named in the Summary Compensation Table below that is in excess of \$1 million, unless such compensation is paid pursuant to a performance-based plan is generally not subject to the Section 162(m) limitation.

Although our compensation committee is aware of the Section 162(m) limitation, our compensation committee believes that it is equally important to maintain flexibility and the competitive effectiveness of the compensation of our named executive officers. Our compensation committee may, therefore, from time to time, authorize compensation that is not deductible for federal income tax purposes if our compensation committee believes it is in our best interests and the best interests of our stockholders to do so.

Summary Compensation Table

The following table shows the compensation we paid during 2007, 2008 and 2009 for services rendered in all capacities to our chief executive officer, our chief financial officer and our three other most highly compensated executive officers. We refer to these persons, who are named in the table below, as our named executive officers. We do not have employment agreements with any of our named executive officers, nor do we provide any of them with restricted stock awards, with the exception of two of our executive officers who receive an annual restricted stock award of 311 shares as part of their compensation as members of our board of directors and the Donegal Mutual board of directors, non-equity incentive plan compensation, deferred compensation or pension benefits.

Based on the compensation paid to our named executive officers in 2009, their salaries accounted for 76.0% of their total compensation in 2009 and their performance-based bonuses accounted for 16.3% of their total compensation in 2009.

In the case of Messrs. Shenk, Miller and Wagner, the total shown includes a matching 401(k) plan contribution of \$11,000, \$11,059 and \$11,021, respectively, paid during 2009. In the case of Mr. Greenya, the total shown includes directors fees of \$30,000 and a matching 401(k) plan contribution of \$11,021 paid during 2009.

Our President and Chief Executive Officer

Base Salary. Mr. Nikolaus received a base salary of \$555,000 in 2009, 2008 and 2007. We did not increase the base salary of Mr. Nikolaus for these years at his request and also because Mr. Nikolaus prefers that a substantial portion of his compensation be performance-based.

Annual Cash Bonus. Mr. Nikolaus received a bonus of \$150,000 in respect of 2009 and a bonus of \$360,000 in respect of 2008, which represent allocations from our formula-based bonus plan tied to our underwriting profitability and a subjective analysis of the performance of Mr. Nikolaus in 2008 and 2009. The principal subjective factors in determining the allocations to Mr. Nikolaus were the leadership he provides us, his achievement of our objectives in 2008 and 2009 and our overall financial, strategic and operational performance in 2008 and 2009. Mr. Nikolaus received a 35% and 39% allocation from the bonus pool in 2009 and 2008, respectively.

Our Senior Vice President and Chief Underwriting Officer

Base Salary. Mr. Greenya received a base salary of \$185,000 in 2009 compared to a base salary of \$180,000 in 2008. This 2.8% increase reflected a cost-of-living adjustment.

Annual Cash Bonus. Mr. Greenya received a bonus of \$34,000 in respect of 2009 and a bonus of \$58,000 in respect of 2008. This 41% decrease in his 2009 bonus was principally the result of our reduced underwriting profitability. The bonus reflected Mr. Greenya's effective oversight of our underwriting operations and compliance function and his participation in negotiating cost-effective renewals of our reinsurance.

Our Senior Vice President and Chief Financial Officer

Base Salary. Mr. Miller received a base salary of \$197,000 in 2009 compared to a base salary of \$187,000 in 2008. The 5.3% increase reflected Mr. Miller's successful performance of his responsibilities as our chief financial officer and a cost-of-living adjustment. The principal reason for the increase was Mr. Miller's meeting of objective and subjective performance criteria we established.

Annual Cash Bonus. Mr. Miller received a bonus of \$38,000 in respect of 2009 and a bonus of \$62,000 in respect of 2008. This 39% decrease in his 2009 bonus was principally the result of our reduced underwriting profitability. The bonus reflected Mr. Miller's effective oversight of our financial reporting and our systems of internal control.

Our Senior Vice President of Claims

Base Salary. Mr. Shenk received a base salary of \$232,000 in 2009 compared to \$229,000 in 2008. The 1.3% increase represented a cost-of-living adjustment.

Annual Cash Bonus. Mr. Sherk received a bonus of \$34,000 in respect of 2009 and a bonus of \$58,000 in respect of 2008. This 41% decrease in his 2009 bonus was principally the result of our reduced underwriting profitability. The bonus reflected Mr. Sherk's effective leadership of our claims function and the quality and promptness of our claims service.

Table of Contents***Our Senior Vice President and Treasurer***

Base Salary. Mr. Wagner received a base salary of \$185,000 in 2009 compared to a base salary of \$180,000 in 2008. This 2.8% increase reflected a cost-of-living adjustment.

Annual Cash Bonus. Mr. Wagner received a bonus of \$34,000 in respect of 2009 and a bonus of \$58,000 in respect of 2008. This 41% decrease in his 2009 bonus was principally the result of our reduced underwriting profitability. The bonus reflected Mr. Wagner's effective supervision of our billing, cash management and treasury functions.

Grants of Plan-Based Awards

We did not grant any stock options to our named executive officers during 2009.

During 2008, we granted non-qualified options to purchase shares of our Class A common stock at an exercise price of \$17.50 per share, which options vest in three equal installments on March 1, 2009, March 1, 2010 and March 1, 2011, respectively, as follows:

Name	Number of Shares Subject to Option
Donald H. Nikolaus	175,000
Cyril J. Greenya	40,000
Jeffrey D. Miller	45,000
Robert G. Shenk	40,000
Daniel J. Wagner	40,000

Stock Incentive Plans

We have an equity incentive plan for employees and an equity incentive plan for our directors. Under these plans, our board of directors, upon the recommendation of our compensation committee, may grant options to purchase our Class A common stock and, in the case of our directors, restricted stock awards as well as stock options. Grants under the plans can take the form of incentive stock options, non-qualified stock options, stock appreciation rights, stock units and other stock-based awards. With the exception of an annual fixed restricted stock award to our directors, all of our incentive compensation grants have been stock options. The purpose of the plans is to provide long-term incentive awards to our employees and directors as a means to attract, motivate, retain and reward talented persons.

As of December 31, 2009, we had reserved 2,338,500 shares of our Class A common stock for grants under our equity incentive plan for employees and 284,170 shares of our Class A common stock for grants under our equity incentive plan for directors. If shares covered by an option cease to be issuable for any reason, we may again grant options to purchase those shares.

Our board of directors may adjust the number and kind of shares available for grants and options under our plans and the exercise price of outstanding options in the event of a merger, consolidation, reorganization, stock split, stock dividend or other event affecting the number of outstanding shares of our common stock. Unless otherwise provided in individual option agreements, unvested options do not automatically accelerate in the event of a business combination or in the event of the sale of all or substantially all of our assets.

Our board of directors, upon the recommendation of our compensation committee, has:

the authority to determine the persons eligible to be granted options, the number of shares subject to each option, the exercise price of each option, the vesting schedule, the circumstances in which the vesting of options is accelerated and any extension of the period for exercise; and

full discretionary authority to determine any matter relating to options granted under our plans.

Our board of directors has the authority to suspend, amend or terminate our plans, except as would adversely affect the rights of persons holding outstanding awards without the consent of such persons.

None of our named executive officers participated in or had account balances in non-qualified deferred compensation plans or other deferred compensation plans that we maintained in 2007, 2008 or 2009, and none is contemplated for 2010.

Director Compensation

Our directors and the directors of Donegal Mutual received an annual retainer of \$30,000 in 2009. A person who serves both on our board of directors and the board of directors of Donegal Mutual receives only one annual retainer. Members of the committees of our board of directors and of the board of directors of Donegal Mutual received a fee of \$250 for each committee meeting attended in 2009, with the exception of meetings of the audit committees. Members of the audit committees received a fee of \$500 for each meeting attended in 2009. Since March 1, 2008, we allocate 20% of director compensation to Donegal Mutual and 80% to us.

Under our equity incentive plan for directors, each of our directors and each director of Donegal Mutual who is not also one of our directors receives an annual restricted stock award of 311 shares of our Class A common stock as of the first business day of each year, provided the director served as a member of our board of directors or the board of directors of Donegal Mutual during any portion of the preceding year. Each of our directors and each of the directors of Donegal Mutual is also eligible to receive non-qualified options to purchase shares of our Class A common stock in an amount determined by our board of directors from time to time. Donegal Mutual reimburses us for the restricted stock awards granted to those directors of Donegal Mutual who are not also members of our board of directors.

The following table sets forth a summary of the compensation we paid to our non-officer directors during 2009.

or pending action, suit or proceeding by reason of the fact that such person is or was one of our directors or officers, or, while one of our directors or officers, is or was serving, at our request, as a director or officer of another entity. Insofar as indemnification for liabilities arising under the federal securities laws may be permitted to our officers and directors pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in such laws and is unenforceable.

In addition, our certificate of incorporation and by-laws permit us, at our expense, to purchase and maintain insurance to protect us and any director, officer or employee against any liability of any character asserted against or incurred by us or any such director, officer or employee, or arising out of any such person's corporate status, whether or not we would have the power to indemnify such person against such liability under Delaware law. We also have and intend to maintain directors' and officers' liability insurance.

Report of Our Compensation Committee

Our compensation committee held a joint meeting with the compensation committee of the board of directors of Donegal Mutual. The compensation committees reviewed and discussed the compensation discussion and analysis that appears under the caption "Executive Compensation" with management.

Based on the review and discussion by our compensation committee with management and the joint meeting with the members of the compensation committee of Donegal Mutual, the members of our compensation committee then held a separate meeting at which our compensation committee reviewed our success in meeting our corporate objectives for 2009 and the individual performance of our named executive officers and then recommended to our board of directors that our board of directors approve the inclusion of the compensation discussion and analysis set forth in this proxy statement under the caption "Executive Compensation" for filing with the SEC and the incorporation by reference of such compensation discussion and analysis in our annual report on Form 10-K for the year ended December 31, 2009 for filing with the SEC.

AUDIT AND NON-AUDIT FEES

Our audit committee approves the fees and other significant compensation we pay to our independent registered public accounting firm for the preparation and issuance of an audit report or related work incidental to the opinion. Our audit committee also approves all auditing services and permitted non-audit services, including the fees and terms thereof, to be performed for us by our independent registered public accounting firm, subject to the de minimis exceptions for non-audit services described in the Exchange Act. Our audit committee delegates to our audit committee chairman pre-approval authority for non-audit services up to \$25,000 subject to subsequent approval by the full audit committee at its next scheduled meeting.

Our audit committee reviewed and discussed with KPMG LLP the following fees for services KPMG LLP rendered to us during 2009 fiscal year and considered the compatibility of non-audit services with KPMG LLP's independence.

Audit Fees. The fees of KPMG LLP we incurred in connection with the audit of our annual consolidated and statutory financial statements for those fiscal years, the reviews of our consolidated financial statements included in our Form 10-Q quarterly reports and services performed in connection with filings of registration statements and offerings for our fiscal years ended December 31, 2008 and 2009 were \$715,000 and \$765,000, respectively.

Audit-Related Fees. We did not pay any audit-related fees to KPMG LLP during 2008 and 2009.

Tax Fees. We did not pay any tax fees to KPMG LLP during 2008 or 2009.

All Other Fees. We paid KPMG LLP aggregate fees for other services during our fiscal years ended December 31, 2008 and 2009 of \$63,500 and \$-0-, respectively.

Report of Our Audit Committee

Our audit committee performs its responsibilities in accordance with the Exchange Act, and each of our audit committee members satisfies the independence and financial literacy requirements under applicable Exchange Act rules. Our board of directors has determined that all three members of our audit committee, Robert S. Bolinger, John J. Lyons and Richard D. Wampler, II, satisfy the financial expertise requirements and have the requisite experience as defined by the SEC's rules. Our audit committee operates pursuant to a written charter, the full text of which may be viewed on our website at <http://www.donegalgroup.com>. Our audit committee reviews and reassesses the adequacy of its charter on an annual basis.

Our audit committee undertakes the following primary responsibilities:

the selection, appointment, determination of funding for, compensation, retention and oversight of the work of our independent registered public accounting firm and the review of its qualifications and independence;

the approval, in advance, of all auditing services and all non-audit services to be performed by our independent registered public accounting firm;

the oversight of our accounting and financial reporting processes, including the overview of our financial reports and our internal audit function;

the establishment of procedures for the receipt, retention and treatment of complaints we receive regarding accounting, internal accounting controls or auditing matters; and

the responsibility for reviewing reports and disclosures of all related person transactions, subject to the approval of the audit committee and the process set forth in our by-laws relating to the coordinating committee.

In carrying out these responsibilities, our audit committee, among other things:

monitors preparation of quarterly and annual financial reports by our management;

Table of Contents

supervises the relationship between us and our independent registered public accounting firm, including having direct responsibility for its appointment, compensation and retention, reviewing the scope of its audit services, approving audit and non-audit services and confirming the independence of our independent registered public accounting firm; and

oversees management's implementation and maintenance of effective systems of internal and disclosure controls, including review of our policies relating to legal and regulatory compliance, ethics and conflicts of interest and review of our internal audit program.

Our audit committee met 11 times during 2009. Our audit committee schedules its meetings in order to have sufficient time to devote appropriate attention to all of its responsibilities. When it deems it appropriate, our audit committee holds meetings with our independent registered public accounting firm and with our internal auditors in executive sessions at which our management is not present.

As part of its oversight of our financial reporting process, our audit committee reviews all annual and quarterly financial statements and discusses them with our independent registered public accounting firm and with management prior to the issuance of the statements. During 2009, management and our independent registered public accounting firm advised our audit committee that each of these financial statements had been prepared in accordance with generally accepted accounting principles, and they reviewed significant accounting and disclosure issues with our audit committee. These reviews included discussion with our independent registered public accounting firm as to the matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (The Auditor's Communication With Those Charged With Governance) as adopted by the Public Company Accounting Oversight Board, or PCAOB, in Rule 3200T, including the accounting principles we employ, the reasonableness of significant judgments made by management and the adequacy of the disclosures in our financial statements. Our audit committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with our audit committee concerning independence and has discussed with the independent registered public accounting firm its independence.

Our audit committee also reviewed methods of enhancing the effectiveness of our internal and disclosure control systems. Our audit committee, as part of this process, analyzed steps taken to implement recommended improvements in our internal control procedures.

Based on our audit committee's reviews and discussions as described above, our audit committee recommended to our board of directors that our board of directors approve the inclusion of our audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2009 for filing with the SEC.
