**Our Company**

We are one of the leading health care services companies in the United States. At December 31, 2009, we operated 163 hospitals, comprised of 157 general, acute care hospitals; five psychiatric hospitals; and one rehabilitation hospital. The 163 hospital total includes eight hospitals (seven general, acute care hospitals and one rehabilitation hospital) owned by joint ventures in which an affiliate of HCA is a partner, and these joint ventures are accounted for using the equity method. In addition, we operated 105 freestanding surgery centers, eight of which are owned by joint ventures in which an affiliate of HCA is a partner, and these joint ventures are accounted for using the equity method. Our facilities are located in 20 states and England. For the year ended December 31, 2009, we generated revenues of \$30.052 billion and net income attributable to HCA Inc. of \$1.054 billion.

Our primary objective is to provide a comprehensive array of quality health care services in the most cost-effective manner possible. Our general, acute care hospitals typically provide a full range of services to accommodate such medical specialties as internal medicine, general surgery, cardiology, oncology, neurosurgery, orthopedics and obstetrics, as well as diagnostic and emergency services. Outpatient and ancillary health care services are provided by our general, acute care hospitals, freestanding surgery centers, diagnostic centers and rehabilitation facilities. Our psychiatric hospitals provide a full range of mental health care services through inpatient, partial hospitalization and outpatient settings.

Certain of our affiliates provide a variety of management services to our health care facilities, including patient safety programs; ethics and compliance programs; national supply contracts; equipment purchasing and leasing contracts; accounting, financial and clinical systems; governmental reimbursement assistance; construction planning and coordination; information technology systems and solutions; legal counsel; human resources services; and internal audit services.

On November 17, 2006, we completed our merger (the Merger) with Hercules Acquisition Corporation, pursuant to which we were acquired by Hercules Holding II, LLC (Hercules Holding), a Delaware limited liability company owned by a private investor group comprised of affiliates of Bain Capital Partners (Bain Capital), Kohlberg Kravis Roberts & Co. (KKR), Merrill Lynch Global Private Equity (MLGPE) (each a Sponsor), affiliates of Citigroup Inc. (Citigroup) and Bank of America Corporation (the Sponsor Assignees) and affiliates of HCA founder, Dr. Thomas F. Frist Jr., (the Frist Entities, and together with the Sponsors and the Sponsor Assignees, the Investors) and by members of management and certain other investors (the Management Participants). The Merger, the financing transactions related to the Merger and other related transactions are collectively referred to in this prospectus as the

Recapitalization. See Ownership and Corporate Structure and Certain Relationships and Related Party Transactions for additional information regarding the Recapitalization and its impact on our corporate and governance structure.

**Our Strengths**

*Largest Provider with a Diversified Revenue Base.* We are the largest investor-owned health care services provider in the United States. We maintain a diverse portfolio of assets with no single facility contributing more than 2.4% of revenues and no single metropolitan statistical area contributing more than 7.8% of revenues for the year ended December 31, 2009. In addition, we maintain a diversified payer base,

## **Table of Contents**

including approximately 3,000 managed care contracts, with no one commercial payer representing more than approximately 8% of revenues for the year ended December 31, 2009. We believe our broad geographic footprint and diverse revenue base limit exposure to any single local market. We also provide a diverse array of medical and surgical services across different settings ranging from large hospitals to ambulatory surgery centers ( ASCs ), which, we believe, limits our exposure to changes in reimbursement policies targeting specific services or care settings.

*Leading Market Positions.* We maintain the number one or two inpatient position in nearly all of our markets, with our share of local inpatient admissions typically ranging from 20% to 40%. Additionally, we believe we have the leading position in one or more clinical areas, such as cardiology or orthopedics, in many of our markets. As a result, our hospitals are in demand by patients and large employers, which enables us to negotiate for favorable rates and terms from a wide range of commercial payers.

*Strong Presence in Growth Markets.* We have a strong market presence in a number of the fastest growing markets in the United States. We believe the majority of the large markets in which we have a presence will experience more rapid growth among the population aged 65 or older than the national average, based on the most recently available census data. We believe we will benefit from our presence in these key markets due to an expected increase in hospital spending.

*Well-Capitalized Portfolio of High-Quality Assets.* We have invested over \$7.8 billion in our facilities over the five-year period ended December 31, 2009 to expand the range, and improve the quality, of services provided at our facilities. As a result of our disciplined and strategic deployment of capital, we believe our hospitals are competitive and will continue to attract high-quality physicians, maximize cost efficiencies and address the health care needs of our local communities.

*Leading Provider of Outpatient Services.* We are one of the largest providers of outpatient services in the United States, and these outpatient services accounted for approximately 38% of our revenues in 2009. The scope of our outpatient services reflects a recent trend toward the provision of an increasing number of services on an outpatient basis. An important component of our strategy is to achieve a fully integrated delivery model through the development of market-leading outpatient services, both to address outpatient migration and to provide higher growth, higher margin services.

*Reputation for Quality.* Since our founding, we have maintained an unwavering focus on patients and clinical outcomes. We have invested extensively in quality over the past 10 years, with an emphasis on implementing information technology and adopting industry-wide best practices and clinical protocols. As a result of these efforts, settled professional liability claims, based on actuarial projections per 1,000 beds, have dropped from 18.3 in 1999 to 12.6 in 2008. We also previously participated in the Centers for Medicare & Medicaid Services ( CMS ) National Voluntary Hospital Reporting Initiative and now participate in its successor, the Reporting Hospital Quality Data for Annual Payment Update program, which currently requires hospitals to report on their compliance with 46 quality measures in order to receive a full Medicare market basket payment increase. The Patient Protection and Affordable Care Act as amended by the Health Care and Education Reconciliation Act of 2010 ( Health Reform Legislation ) further ties payment to quality measures by establishing a value based purchasing system and adjusting hospital payment rates based on hospital-acquired conditions ( HACs ) and hospital readmissions. We believe quality of care increasingly will influence physician and patient choices about health care delivery and impact our reimbursement as payers put more emphasis on performance. Our reputation and focus on providing high-quality patient care continue to make us the provider of choice for thousands of individual health care consumers, physicians and payers.

*Proven Ability to Innovate.* We strive to be at the forefront of industry best practices and expect to continue to increase our operational efficiency through a variety of strategic initiatives. Our previous operating improvement initiatives include:

*Leveraging Our Purchasing Power.* We have established a captive group purchasing organization ( GPO ) to partner with other health care services providers to take advantage of our combined purchasing power. Our GPO generated \$107 million, \$93 million and \$89 million of administrative fees

## **Table of Contents**

from suppliers in 2009, 2008 and 2007, respectively, for performing GPO services and significantly lowered our supply costs. Because of our scale, our GPO has a per-unit cost advantage over competitors that we believe ranges from 5% to 21%.

*Centralizing Our Billing and Accounts Receivable Collection Efforts.* We have built regional service centers to create efficiencies in billing and collection processes, particularly with respect to payment disputes with managed care companies. This effort has resulted in increased, incremental cash collections.

*Demonstrated Strong Cash Flows.* Our leading market positions, diversified revenues, focus on operational efficiency and high-quality portfolio of assets have enabled us to generate strong operating cash flows over the past several years. We generated cash flows from operating activities of \$2.747 billion in 2009, \$1.990 billion in 2008 and \$1.564 billion in 2007. We believe expected demand for hospital and outpatient services, together with our diversified payer base, geographic locations and service offerings, will allow us to continue to generate strong cash flows.

*Experienced Management Team.* Members of our management team are widely considered leaders in the hospital industry and have made significant equity investments in our company. Richard M. Bracken was appointed our CEO and President, effective January 1, 2009, and Chairman of the Board of Directors, effective December 15, 2009. Mr. Bracken began his career with us approximately 30 years ago and has held various executive positions with the Company, including, most recently, as our President and Chief Operating Officer since January 2002. Our Executive Vice President and Chief Financial Officer, R. Milton Johnson, joined us over 27 years ago, has held various positions in financial operations at the Company and has served as a director since December 15, 2009. In addition, we benefit from our team of world-class operators who have the experience and talent necessary to run a complex health care business.

## **Strategy**

We are committed to providing the communities we serve high quality, cost-effective health care while complying fully with our ethics policy, governmental regulations and guidelines and industry standards. As a part of this strategy, management focuses on the following principal elements:

*Maintain Our Dedication to the Care and Improvement of Human Life.* Our business is built on putting patients first and providing high quality health care services in the communities we serve. Our dedicated professionals oversee our Quality Review System, which measures clinical outcomes, satisfaction and regulatory compliance to improve hospital quality and performance. We are implementing hospitalist programs in some facilities, evidence-based medicine programs and infection reduction initiatives. In addition, we continue to implement health information technology to improve the quality and convenience of services to our communities. We are using our electronic medication administration record, which uses bar coding technology to ensure that each patient receives the right medication, to build toward a fully electronic health record that will provide convenient access, electronic order entry and decision support for physicians. These technologies improve patient safety, quality and efficiency.

*Maintain Our Commitment to Ethics and Compliance.* We are committed to a corporate culture highlighted by the following values – compassion, honesty, integrity, fairness, loyalty, respect and kindness. Our comprehensive ethics and compliance program reinforces our dedication to these values.

*Leverage Our Leading Local Market Positions.* We strive to maintain and enhance the leading positions we enjoy in the majority of our markets. We believe the broad geographic presence of our facilities across a range of markets, in combination with the breadth and quality of services provided by our facilities, increases our attractiveness to patients and large employers and positions us to negotiate more favorable terms from commercial payers and increase the number of payers with whom we contract. We also intend to strategically enhance our outpatient presence in our

communities to attract more patients to our facilities.

## **Table of Contents**

*Expand Our Presence in Key Markets.* We seek to grow our business in key markets, focusing on large, high growth urban and suburban communities, primarily in the southern and western regions of the United States. We seek to strategically invest in new and expanded services at our existing hospitals and surgery centers to increase our revenues at those facilities and provide the benefits of medical technology advances to our communities. We intend to continue to expand high volume and high margin specialty services, such as cardiology and orthopedic services, and increase the capacity, scope and convenience of our outpatient facilities. To complement this intrinsic growth, we intend to continue to opportunistically develop and acquire new hospitals and outpatient facilities.

*Continue to Leverage Our Scale.* We will continue to obtain price efficiencies through our group purchasing organization and build on the cost savings and efficiencies in billing, collection and other processes we have achieved through our regional service centers. We are increasingly taking advantage of our national scale by contracting for services on a multistate basis. We are expanding our successful shared services model for additional clinical and support functions, such as physician credentialing, medical transcription, electronic medical recordkeeping and health information management, across multiple markets.

*Continue to Develop Physician Relationships.* We depend on the quality and dedication of the physicians who practice at our facilities, and we encourage, consistent with applicable laws, both primary care physicians and specialists to join our medical staffs. We sometimes assist physicians who are recruited under applicable regulatory provisions with establishing and building a practice or joining an existing practice. As part of our comprehensive approach to physician integration in our markets, we will continue to:

- expand the number of high quality specialty services, such as cardiology, orthopedics, oncology and neonatology;
- use joint ventures with physicians to further develop our outpatient business, particularly through ASCs;
- develop medical office buildings to provide convenient facilities for physicians to locate their practices and serve their patients;
- focus on improving the quality, advanced technology, infrastructure and performance of our facilities; and
- employ physicians as appropriate.

*Become the Health Care Employer of Choice.* We will continue to use a number of industry-leading practices to help ensure our hospitals are a health care employer of choice in their respective communities. Our staffing initiatives for both care providers and hospital management provide strategies for recruitment, compensation and productivity to increase employee retention and operating efficiency at our hospitals. For example, we maintain an internal contract nursing agency to supply our hospitals with high quality staffing at a lower cost than external agencies. In addition, we have developed several proprietary training and career development programs for our physicians and hospital administrators, including an executive development program designed to train the next generation of hospital leadership. We believe our continued investment in the training and retention of employees improves the quality of care, enhances operational efficiency and fosters our reputation as an employer of choice.

**Ownership and Corporate Structure**

At December 31, 2009, approximately 97.1% of our outstanding shares of capital stock was held indirectly by the Investors, and the remaining approximately 2.9% was held directly by the Management Participants and employees. Our corporate structure was achieved through a series of equity contributions which occurred in connection with the Merger. The indebtedness figures in the diagram below are as of December 31, 2009, except that we also set forth the indebtedness incurred under our existing senior secured credit facilities in connection with the February 2010 distribution, the March 2010 offering of the 7 1/4% senior secured notes due 2020 and the use of proceeds therefrom.

- (1) In connection with the Recapitalization, approximately \$3.776 billion of cash equity was invested by investment funds associated with or designated by the Sponsors and their respective assignees and approximately \$950 million was invested by the Frist Entities and their respective assignees, of which \$885 million was in the form of a rollover of the Frist Entities' equity interests in HCA and \$65 million was a cash equity investment. As of December 31, 2009, investment funds associated with each of the Sponsors indirectly owned 24.7% of our company, affiliates of Citigroup and Bank of America Corporation (who are the Sponsor Assignees) indirectly owned 3.2% and 1.0% of our company, respectively, and the Frist Entities and their assignees indirectly owned 18.8% of our company. - (2) Represents \$125 million invested by the Management Participants in the form of a rollover of their previously existing equity interests in HCA to equity interests in HCA following the Merger and through cash investments. Additionally, on January 30, 2007, we completed an offering of 781,960 shares of our common stock to approximately 570 of our employees for an aggregate purchase price of \$40 million. The original investment amounts have been reduced by \$18 million for stock option exercise settlements and shares repurchased through December 31, 2009. Our common stock is registered pursuant to Section 12(g) of the Exchange Act, and as of December 31, 2009, there were 629 holders of record.
- (3) In connection with the Recapitalization, we entered into (i) a \$2.000 billion asset-based revolving credit facility with an original six-year maturity (the "asset-based revolving credit facility") (\$715 million outstanding at December 31, 2009, and an additional approximately \$1.050 billion drawn in connection with the February 2010 distribution); (ii) a \$2.000 billion senior secured revolving credit facility with an original six-year maturity (the "senior secured revolving credit facility") (none outstanding at December 31, 2009, without giving effect to outstanding letters of credit, but approximately \$600 million of which was

We refer to the facilities described under (ii) through (v) above, collectively, as the cash flow credit facility and, together with the asset-based revolving credit facility, the senior secured credit facilities.

- (5) In connection with the Recapitalization, we issued \$4.200 billion of second lien notes (comprised of \$1.000 billion of 91/8% notes due 2014 and \$3.200 billion of 91/4% notes due 2016) and \$1.500 billion of 95/8%/103/8% second lien toggle notes (which allow us, at our option, to pay interest in-kind during the first five years at the higher interest rate of 103/8%) due 2016. During 2009, we paid interest of \$78 million in-kind increasing the principal balance of the second lien toggle notes to \$1.578 billion. In February 2009, we issued \$310 million aggregate principal amount of 97/8% notes due 2017 (the 2009 second lien notes ). The 2009 second lien notes include a \$10 million unamortized debt discount that reduces the existing indebtedness. We refer to the senior secured notes issued in connection with the Recapitalization as the 2006 second lien notes and, collectively with the 2009 second lien notes, as the second lien notes.

The Hospital Company and the first-tier subsidiaries of the subsidiary guarantors (but limited to 65% of the voting stock of any such first-tier subsidiary that is a foreign subsidiary), subject to certain exceptions.
- (8) Includes subsidiaries which are designated as restricted subsidiaries under our indenture dated as of December 16, 1993, certain of their wholly-owned subsidiaries formed in connection with the asset-based revolving credit facility and certain excluded subsidiaries (non-material subsidiaries).

Ranking of the Exchange First Lien Notes Each series of exchange first lien notes will be our senior secured obligations and will:

**Table of Contents**

rank senior in right of payment to any future subordinated indebtedness;

rank equally in right of payment with all of our existing and future senior indebtedness;

be effectively senior in right of payment to indebtedness under our existing second lien notes (including the exchange 2017 notes) to the extent of the collateral securing such indebtedness;

be effectively equal in right of payment with indebtedness under our cash flow credit facility and the other exchange first lien notes to the extent of the collateral (other than certain European collateral securing our senior secured European term loan facility) securing such indebtedness;

be effectively subordinated in right of payment to all indebtedness under our asset-based revolving credit facility to the extent of the shared collateral securing such indebtedness; and

be effectively subordinated in right of payment to all existing and future indebtedness and other liabilities of our non-guarantor subsidiaries (other than indebtedness and liabilities owed to us or one of our guarantor subsidiaries).

As of December 31, 2009, on an adjusted basis after giving effect to the February 2010 distribution, the offering of the outstanding September 2020 notes and the use of proceeds therefrom:

the outstanding first lien notes and related guarantees would have been effectively senior in right of payment to \$6.088 billion of second lien notes (including the outstanding 2017 notes), effectively equal in right of payment to approximately \$7.746 billion of senior secured indebtedness under our cash flow credit facility (other than our senior secured European term loan facility), the other outstanding first lien notes and approximately \$170 million of other secured debt, and effectively junior in right in payment to \$1.765 billion of indebtedness under our asset-based revolving credit facility, in each case to the extent of the collateral securing such indebtedness;

the outstanding first lien notes and related guarantees would have been effectively subordinated in right of payment to approximately \$479 million equivalent outstanding under the senior secured European term loan facility and \$192 million of other secured debt of our nonguarantor subsidiaries, which primarily represents capital leases; and

we would have had an additional \$1.301 billion of unutilized capacity under our senior secured revolving credit facility and \$230 million of unutilized capacity under our asset-based revolving credit facility, subject to borrowing base limitations.

Ranking of the Exchange 2017 Notes

The exchange 2017 notes will be our senior secured obligations and will:

the outstanding 2017 notes and related guarantees would also have been effectively subordinated in right of payment to approximately \$479 million equivalent outstanding under the senior secured European term loan facility and \$192 million of other secured debt of our nonguarantor subsidiaries, which primarily represents capital leases;

the outstanding 2017 notes and related guarantees would have ranked equal in right of payment to \$5.778 billion of second lien notes issued in 2006 at the time of the Merger; and

rank equally in right of payment with all existing and future senior indebtedness of the guarantor subsidiary;

be effectively senior in right of payment to the guarantees of our second lien notes (including the exchange 2017 notes) to the extent of the guarantor subsidiary's collateral securing such indebtedness;

be effectively equal in right of payment with the guarantees of our cash flow credit facility and the other exchange first lien notes to the extent of the guarantor subsidiary's collateral (other than certain European collateral securing our senior secured European term loan facility) securing such indebtedness;

be effectively subordinated in right of payment to the guarantees of our asset-based revolving credit facility to the extent of the guarantor subsidiary's collateral securing such indebtedness; and

be effectively subordinated in right of payment to all existing and future indebtedness and other liabilities of any subsidiary of a guarantor that is not also a guarantor of the notes.

For the year ended December 31, 2009, our non-guarantor subsidiaries accounted for approximately \$12.468 billion, or 41.5%, of our total revenues. As of December 31, 2009, our non-guarantor subsidiaries accounted for approximately \$9.672 billion, or 40.1%, of our total assets and approximately \$6.750 billion, or 21.1%, of our total liabilities. See Note 16 to our consolidated financial statements included in this prospectus.

**Guarantees of the Exchange 2017 Notes**

The exchange 2017 notes will be fully and unconditionally guaranteed on a senior secured basis by each of our existing and future direct or indirect wholly-owned domestic subsidiaries that guarantees our obligations under our senior secured credit facilities (except for certain special purpose subsidiaries that have only guaranteed and pledged their assets under our asset-based revolving credit facility). Each subsidiary guarantee will:

rank senior in right of payment to all existing and future subordinated indebtedness of the guarantor subsidiary;

rank equally in right of payment with all existing and future senior indebtedness of the guarantor subsidiary;

be effectively subordinated in right of payment to indebtedness under our asset-based revolving credit facility to the extent of the collateral securing such indebtedness on a first-priority basis, and to indebtedness under our

other senior secured credit facilities and to the exchange first lien notes to the extent of the collateral securing such indebtedness on a first- and second-priority basis; and

be effectively subordinated in right of payment to all existing and future indebtedness and other liabilities of any subsidiary of a guarantor that is not also a guarantor of the notes.

Security for the Exchange First Lien Notes

Each series of exchange first lien notes and guarantees will be secured by first-priority liens, subject to permitted liens, on certain of the assets of HCA Inc. and the subsidiary guarantors that secure our cash flow credit facility and the other exchange first lien notes on a *pari passu* basis, including:

substantially all the capital stock of any wholly owned first-tier subsidiary of HCA Inc. or of any subsidiary guarantor of the notes (but limited to 65% of the voting stock of any such wholly owned first-tier subsidiary that is a foreign subsidiary); and

substantially all tangible and intangible assets of our company and each subsidiary guarantor, other than (1) other properties that do not secure our senior secured credit facilities, (2) deposit accounts, other bank or securities accounts and cash, (3) leaseholds and motor vehicles, (4) certain European collateral and (5) certain receivables collateral that only secures our asset-based revolving credit facility, in each case subject to exceptions, and except that the lien on properties defined as principal properties under our existing indenture dated as of December 16, 1993, so long as such indenture remains in effect, will be limited to securing a portion of the indebtedness under the notes, our cash flow credit facility and the first lien notes that, in the aggregate, does not exceed 10% of our consolidated net tangible assets; provided that, with respect to the portion of the collateral comprised of real property for the exchange September 2020 notes, we will have up to 60 days from the issue date of the outstanding September 2020 notes to complete those actions required to perfect the first-priority lien on such collateral.

See Risk Factors Risks Related to the Notes There are circumstances other than repayment or discharge of the notes under which the collateral securing the notes and guarantees will be released automatically, without your consent or the consent of the trustee for an explanation of one of the important exceptions to the obligation to pledge the capital stock of first-tier subsidiaries of any subsidiary guarantors.

The exchange first lien notes and guarantees of the exchange notes also will be secured by second-priority liens, subject to permitted liens, on certain receivables of HCA Inc. and the subsidiary guarantors that secure our asset-based revolving credit facility on a first-priority basis.

See Description of the April 2009 Notes Security, Description of the August 2009 Notes Security and Description of the March 2010 Notes Security.

Security for the Exchange 2017 Notes

The exchange 2017 notes and guarantees of the exchange 2017 notes will be secured by second-priority liens, subject to permitted liens, on certain of the assets of HCA Inc. and the subsidiary guarantors that secure our senior secured credit facilities and our first

lien notes on a first-priority basis. The assets that will secure the exchange 2017 notes will include:

substantially all the capital stock of any wholly owned first-tier subsidiary of HCA Inc. or of any subsidiary guarantor of the notes (but limited to 65% of the voting stock of any such wholly owned first-tier subsidiary that is a foreign subsidiary), subject to certain exceptions; and

substantially all tangible and intangible assets of our company and each subsidiary guarantor, other than (1) properties defined as principal properties under our indenture dated as of December 16, 1993, so long as any indebtedness secured by those properties on a first-priority basis remains outstanding, (2) other properties that will not secure our senior secured facilities, (3) deposit accounts, other bank or securities accounts and cash, (4) leaseholds and motor vehicles, (5) certain European collateral and (6) certain receivables collateral that only secures our asset-based revolving credit facility, in each case subject to certain exceptions.

See Risk Factors Risks Related to the Notes There are circumstances other than repayment or discharge of the notes under which the collateral securing the notes and guarantees will be released automatically, without your consent or the consent of the trustee for an explanation of one of the important exceptions to the obligation to pledge the capital stock of first-tier subsidiaries of any subsidiary guarantors.

The exchange 2017 notes and guarantees of the exchange 2017 notes also will be secured by third-priority liens, subject to permitted liens, on the accounts receivable and certain related assets of HCA Inc. and certain of the subsidiary guarantors, and the proceeds thereof, to the extent permitted by law and contract, which assets will secure our asset-based revolving credit facility on a first-priority basis and our other senior secured credit facilities and our first lien notes on a second-priority basis.

Additionally, from time to time before February 15, 2012 with respect to the exchange 2017 notes, April 15, 2012 with respect to the exchange 2019 notes, August 15, 2012 with respect to the exchange February 2020 notes and March 15, 2013 with respect to the exchange September 2020 notes, we may choose to redeem up to 35% of the principal amount of each of the exchange notes at a redemption price equal to 109.875% of the face amount thereof, with respect to the exchange 2017 notes, 108.500% of the face amount thereof, with respect to the exchange 2019 notes, 107.875% of the face amount thereof, with respect to the exchange February 2020 notes and 107.250% of the face amount thereof, with respect to the exchange September 2020 notes, in each case with the net cash proceeds that we raise in one or more equity offerings, so long as at least 50% of the aggregate principal amount of each of the exchange notes remains outstanding afterwards.

**Change of Control Offer**

Upon the occurrence of a change of control, you will have the right, as holders of the exchange notes, to require us to repurchase some or all of your exchange notes at 101% of their face amount, plus accrued and unpaid interest to the repurchase date.

We may not be able to pay you the required price for exchange notes you present to us at the time of a change of control, because:

we may not have enough funds at that time; or

the terms of our indebtedness under our senior secured credit facilities may prevent us from making such payment.

Your right to require us to repurchase the exchange notes upon the occurrence of a change of control will cease to apply to a series of exchange notes at all times after such exchange notes have investment grade ratings from both Moody's Investors Service, Inc. and Standard & Poor's.

**Certain Covenants**

The indenture governing the exchange notes contains covenants limiting our ability and the ability of our restricted subsidiaries to:

incur additional debt or issue certain preferred shares;

pay dividends on or make other distributions in respect of our capital stock or make other restricted payments;

make certain investments;

sell certain assets;

create liens on certain assets to secure debt;

consolidate, merge, sell or otherwise dispose of all or substantially all of our assets;

enter into certain transactions with our affiliates; and

designate our subsidiaries as unrestricted subsidiaries.

**Table of Contents**

These covenants are subject to a number of important limitations and exceptions. See Description of the February 2009 Notes, Description of the April 2009 Notes, Description of the August 2009 Notes and Description of the March 2010 Notes. Many of these covenants will cease to apply to a series of exchange notes at all times after such exchange notes have investment grade ratings from both Moody's Investors Service, Inc. and Standard & Poor's.

**No Prior Market**

The exchange notes will be freely transferable but will be new securities for which there will not initially be a market. Accordingly, we cannot assure you whether a market for the exchange notes will develop or as to the liquidity of any such market that may develop. The initial purchasers in the private offering of the outstanding notes have informed us that they currently intend to make a market in the exchange notes; however, they are not obligated to do so, and they may discontinue any such market-making activities at any time without notice.

**Ratio of Earnings to Fixed Charges**

The following table sets forth the ratio of earnings to fixed charges of HCA Inc. for the periods indicated. The ratio of earnings to fixed charges for the years ended December 31, 2009, 2008 and 2007 have been derived from our audited consolidated financial statements appearing elsewhere in this prospectus. The ratio of earnings to fixed charges for the years ended December 31, 2006 and 2005 have been derived from our audited consolidated financial statements that are not included in this prospectus.

Ratio of earnings to fixed charges(a)	1.91x	1.52x	1.57x	2.61x	3.85x

- (a) For purposes of calculating the ratio of earnings to fixed charges, earnings consist of net income attributable to noncontrolling interests and income taxes plus fixed charges, exclusive of capitalized interest. Fixed charges include cash and noncash interest expense, whether expensed or capitalized, amortization of debt issuance cost, and the portion of rent expense representative of the interest factor.

**Risk Factors**

You should consider carefully all of the information set forth in this prospectus prior to exchanging your outstanding notes. In particular, we urge you to consider carefully the factors set forth under the heading Risk Factors.

**Table of Contents**

**RISK FACTORS**

*You should carefully consider the risk factors set forth below as well as the other information contained in this prospectus before deciding to tender your outstanding notes in the exchange offers. Any of the following risks could materially and adversely affect our business, financial condition or results of operations; however, the following risks are not the only risks facing us. Additional risks and uncertainties not currently known to us or those we currently view to be immaterial also may materially and adversely affect our business, financial condition or results of operations. In such a case, the trading price of the exchange notes could decline or we may not be able to make payments of interest and principal on the exchange notes, and you may lose all or part of your original investment.*

**Risks Related to the Exchange Offers**

*There may be adverse consequences if you do not exchange your outstanding notes.*

If you do not exchange your outstanding notes for exchange notes in the exchange offer, you will continue to be subject to restrictions on transfer of your outstanding notes as set forth in the offering memorandum distributed in connection with the private offering of the outstanding notes. In general, the outstanding notes may not be offered or sold unless they are registered or exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the outstanding notes under the Securities Act. You should refer to Summary The Exchange Offers and The Exchange Offers for information about how to tender your outstanding notes.

The tender of outstanding notes under the exchange offers will reduce the outstanding amount of each series of the outstanding notes, which may have an adverse effect upon, and increase the volatility of, the market prices of the outstanding notes due to a reduction in liquidity.

*Your ability to transfer the exchange notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the exchange notes.*

We are offering the exchange notes to the holders of the outstanding notes. The outstanding notes were offered and sold in 2009 and 2010 to institutional investors.

We do not intend to apply for a listing of the exchange notes on a securities exchange or on any automated dealer quotation system. There is currently no established market for the exchange notes, and we cannot assure you as to the liquidity of markets that may develop for the exchange notes, your ability to sell the exchange notes or the price at which you would be able to sell the exchange notes. If such markets were to exist, the exchange notes could trade at prices that may be lower than their principal amount or purchase price depending on many factors, including prevailing interest rates, the market for similar notes, our financial and operating performance and other factors. The initial purchasers in the private offering of the outstanding notes have advised us that they currently intend to make a market with respect to the exchange notes. However, these initial purchasers are not obligated to do so, and any market making with respect to the exchange notes may be discontinued at any time without notice. In addition, such market making activity may be limited during the pendency of the exchange offers or the effectiveness of a shelf registration statement in lieu thereof. Therefore, we cannot assure you that an active market for the exchange notes will develop or, if developed, that it will continue. Historically, the market for non-investment grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the notes. The market, if any, for the exchange notes may experience similar disruptions and any such disruptions may adversely affect the prices at which you may sell your exchange notes.

***Certain persons who participate in the exchange offers must deliver a prospectus in connection with resales of the exchange notes.***

Based on interpretations of the staff of the SEC contained in *Exxon Capital Holdings Corp.*, SEC no-action letter (April 13, 1988), *Morgan Stanley & Co. Inc.*, SEC no-action letter (June 5, 1991) and *Shearman & Sterling*, SEC no-action letter (July 2, 1983), we believe that you may offer for resale, resell or otherwise transfer the exchange notes without compliance with the registration and prospectus delivery

requirements of the Securities Act. However, in some instances described in this prospectus under Plan of Distribution, certain holders of exchange notes will remain obligated to comply with the registration and prospectus delivery requirements of the Securities Act to transfer the exchange notes. If such a holder transfers any exchange notes without delivering a prospectus meeting the requirements of the Securities Act or without an applicable exemption from registration under the Securities Act, such a holder may incur liability under the Securities Act. We do not and will not assume, or indemnify such a holder against, this liability.

### **Risks Related to Our Indebtedness**

***Our substantial leverage could adversely affect our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or our industry, expose us to interest rate risk to the extent of our variable rate debt and prevent us from meeting our obligations.***

We are highly leveraged. As of December 31, 2009, on an as adjusted basis after giving effect to the February 2010 distribution, the offering of the outstanding September 2020 notes and the use of proceeds therefrom, our total indebtedness would have been approximately \$27.345 billion. Our high degree of leverage could have important consequences, including:

increasing our vulnerability to downturns or adverse changes in general economic, industry or competitive conditions and adverse changes in government regulations;

requiring a substantial portion of cash flow from operations to be dedicated to the payment of principal and interest on our indebtedness, therefore reducing our ability to use our cash flow to fund our operations, capital expenditures and future business opportunities;

exposing us to the risk of increased interest rates as certain of our unhedged borrowings are at variable rates of interest;

limiting our ability to make strategic acquisitions or causing us to make nonstrategic divestitures;

limiting our ability to obtain additional financing for working capital, capital expenditures, product or service line development, debt service requirements, acquisitions and general corporate or other purposes; and

limiting our ability to adjust to changing market conditions and placing us at a competitive disadvantage compared to our competitors who are less highly leveraged.

We and our subsidiaries have the ability to incur additional indebtedness in the future, subject to the restrictions contained in our senior secured credit facilities and the indentures governing our outstanding notes. If new indebtedness is added to our current debt levels, the related risks that we now face could intensify.

***We may not be able to generate sufficient cash to service all of our indebtedness and may not be able to refinance our indebtedness on favorable terms. If we are unable to do so, we may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.***

Our ability to make scheduled payments on or to refinance our debt obligations depends on our financial condition and operating performance, which are subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We cannot assure you we will maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness.

As of December 31, 2009, on an as adjusted basis after giving effect to the February 2010 distribution, the offering of the outstanding September 2020 notes and the use of proceeds therefrom, our substantial indebtedness would have included \$9.990 billion of indebtedness under our senior secured credit facilities maturing in 2012 and 2013, \$4.150 billion aggregate principal amount of first lien notes maturing in 2019 and 2020, \$6.088 billion of second lien notes maturing in 2014, 2016 and 2017 and \$6.856 billion aggregate principal amount of unsecured senior notes and debentures that mature on various dates from 2010 to 2095 (including \$5.454 billion maturing through 2016). Because a significant portion of our indebtedness matures in the next few years, we may find it necessary or prudent to refinance that indebtedness with longer-maturity debt at a higher interest rate. In February, April and August of 2009 and in March of 2010, for example, we

## **Table of Contents**

issued \$310 million in aggregate principal amount of 97/8% second lien notes due 2017, \$1.500 billion in aggregate principal amount of 81/2% first lien notes due 2019, \$1.250 billion in aggregate principal amount of 77/8% first lien notes due 2020 and \$1.400 billion in aggregate principal amount of 71/4% first lien notes due 2020, respectively. We used the net proceeds of those offerings to prepay term loans under our cash flow credit facility, which currently bears interest at a lower floating rate. Our ability to refinance our indebtedness on favorable terms, or at all, is directly affected by the current global economic and financial conditions. In addition, our ability to incur secured indebtedness (which would generally enable us to achieve better pricing than the incurrence of unsecured indebtedness) depends in part on the value of our assets, which depends, in turn, on the strength of our cash flows and results of operations, and on economic and market conditions and other factors.

If our cash flows and capital resources are insufficient to fund our debt service obligations or we are unable to refinance our indebtedness, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure our indebtedness. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. If our operating results and available cash are insufficient to meet our debt service obligations, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. We may not be able to consummate those dispositions, or the proceeds from the dispositions may not be adequate to meet any debt service obligations then due.

### ***Our debt agreements contain restrictions that limit our flexibility in operating our business.***

Our senior secured credit facilities and the indentures governing our outstanding notes contain various covenants that limit our ability to engage in specified types of transactions. These covenants limit our and certain of our subsidiaries ability to, among other things:

incur additional indebtedness or issue certain preferred shares;

pay dividends on, repurchase or make distributions in respect of our capital stock or make other restricted payments;

make certain investments;

sell or transfer assets;

create liens;

consolidate, merge, sell or otherwise dispose of all or substantially all of our assets; and

enter into certain transactions with our affiliates.

Under our asset-based revolving credit facility, when (and for as long as) the combined availability under our asset-based revolving credit facility and our senior secured revolving credit facility is less than a specified amount for a certain period of time or, if a payment or bankruptcy event of default has occurred and is continuing, funds deposited into any of our depository accounts will be transferred on a daily basis into a blocked account with the administrative agent and applied to prepay loans under the asset-based revolving credit facility and to cash collateralize letters of credit issued thereunder.

Under our senior secured credit facilities, we are required to satisfy and maintain specified financial ratios. Our ability to meet those financial ratios can be affected by events beyond our control, and there can be no assurance we will

continue to meet those ratios. A breach of any of these covenants could result in a default under both our cash flow credit facility and our asset-based revolving credit facility. Upon the occurrence of an event of default under our senior secured credit facilities, our lenders could elect to declare all amounts outstanding under our senior secured credit facilities to be immediately due and payable and terminate all commitments to extend further credit. If we were unable to repay those amounts, the lenders under our senior secured credit facilities could proceed against the collateral granted to them to secure such indebtedness. We have pledged a significant portion of our assets as collateral under our senior secured credit facilities, and that collateral (other than certain European collateral securing our senior secured European term loan facility) is also pledged as collateral under our first lien notes. If any of the lenders under our senior

## **Table of Contents**

secured credit facilities accelerate the repayment of borrowings, there can be no assurance we will have sufficient assets to repay our senior secured credit facilities and the first lien notes.

### **Risks Related to Our Business**

#### ***Our hospitals face competition for patients from other hospitals and health care providers.***

The health care business is highly competitive, and competition among hospitals and other health care providers for patients has intensified in recent years. Generally, other hospitals in the local communities we serve provide services similar to those offered by our hospitals. In addition, CMS publicizes on a website performance data related to quality measures and data on patient satisfaction surveys hospitals submit in connection with their Medicare reimbursement. Federal law provides for the future expansion of the number of quality measures that must be reported. Additional quality measures and future trends toward clinical transparency may have an unanticipated impact on our competitive position and patient volumes. In addition, the Patient Protection and Affordable Care Act as amended by the Health Care and Education Reconciliation Act of 2010 ( Health Reform Legislation ) requires all hospitals to annually establish, update and make public a list of the hospital's standard charges for items and services. If any of our hospitals achieve poor results (or results that are lower than our competitors) on these quality measures or on patient satisfaction surveys or if our standard charges are higher than our competitors, our patient volumes could decline.

In addition, the number of freestanding specialty hospitals, surgery centers and diagnostic and imaging centers in the geographic areas in which we operate has increased significantly. As a result, most of our hospitals operate in a highly competitive environment. Some of the facilities that compete with our hospitals are owned by governmental agencies or not-for-profit corporations supported by endowments, charitable contributions and/or tax revenues and can finance capital expenditures and operations on a tax-exempt basis. Our hospitals are facing increasing competition from specialty hospitals, some of which are physician-owned, and from both our own and unaffiliated freestanding surgery centers for market share in high margin services and for quality physicians and personnel. If ambulatory surgery centers are better able to compete in this environment than our hospitals, our hospitals may experience a decline in patient volume, and we may experience a decrease in margin, even if those patients use our ambulatory surgery centers. In states that do not require a Certificate of Need ( CON ) for the purchase, construction or expansion of health care facilities or services, competition in the form of new services, facilities and capital spending is more prevalent. Further, if our competitors are better able to attract patients, recruit physicians, expand services or obtain favorable managed care contracts at their facilities than our hospitals and ambulatory surgery centers, we may experience an overall decline in patient volume. See Business Competition.

#### ***The growth of uninsured and patient due accounts and a deterioration in the collectibility of these accounts could adversely affect our results of operations.***

The primary collection risks of our accounts receivable relate to the uninsured patient accounts and patient accounts for which the primary insurance carrier has paid the amounts covered by the applicable agreement, but patient responsibility amounts (deductibles and copayments) remain outstanding. The provision for doubtful accounts relates primarily to amounts due directly from patients.

The amount of the provision for doubtful accounts is based upon management's assessment of historical writeoffs and expected net collections, business and economic conditions, trends in federal and state governmental and private employer health care coverage, the rate of growth in uninsured patient admissions and other collection indicators. Due to a number of factors, including the recent economic downturn and increase in unemployment, we believe our facilities may experience growth in bad debts, uninsured discounts and charity care. At December 31, 2009, our allowance for doubtful accounts represented approximately 94% of the \$5.176 billion patient due accounts receivable balance. The sum of the provision for doubtful accounts, uninsured discounts and charity care increased from

\$6.134 billion for 2007, to \$7.009 billion for 2008 and to \$8.362 billion for 2009.

A continuation of the trends that have resulted in an increasing proportion of accounts receivable being comprised of uninsured accounts and a deterioration in the collectibility of these accounts will adversely affect our collection of accounts receivable, cash flows and results of operations. The Health Reform Legislation

## **Table of Contents**

seeks to decrease over time the number of uninsured individuals, by among other things, requiring employers to offer, and individuals to carry, health insurance or be subject to penalties. However, it is difficult to predict the full impact of the Health Reform Legislation due to the law's complexity, lack of implementing regulations or interpretive guidance, gradual implementation and possible amendment, as well as our inability to foresee how individuals and businesses will respond to the choices afforded them by the law.

### ***Health care reform and changes in governmental programs may reduce our revenues.***

In March 2010, President Obama signed the Health Reform Legislation into law. The Health Reform Legislation represents significant change across the health care industry. As a result of the law's complexity, lack of implementing regulations or interpretive guidance, gradual implementation and possible amendment, the impact of the Health Reform Legislation is not yet fully known. The primary goal of the Health Reform Legislation is to decrease the number of uninsured individuals by expanding coverage to approximately 32 million additional individuals through a combination of public program expansion and private sector health insurance reforms. The Health Reform Legislation expands eligibility under existing Medicaid programs, imposes financial penalties on individuals who fail to carry insurance coverage and creates affordability credits for those not enrolled in an employer-sponsored health plan. Further, the Health Reform Legislation requires states to establish a health insurance exchange and permits states to create federally funded, non-Medicaid plans for low-income residents not eligible for Medicaid. The Health Reform Legislation establishes a number of health insurance market reforms, including a ban on lifetime limits and pre-existing condition exclusions, new benefit mandates, and increased dependent coverage. Health insurance market reforms that expand insurance coverage should increase revenues from providing care to previously uninsured individuals; however, many of these provisions of the Health Reform Legislation will not become effective until 2014 or later. It is also possible that implementation of these provisions could be delayed or even blocked due to court challenges. In addition, there may be efforts to repeal or amend the Health Reform Legislation.

Further, the Health Reform Legislation contains a number of provisions designed to significantly reduce Medicare and Medicaid program spending, including reductions in Medicare market basket updates and Medicare and Medicaid disproportionate share funding. A significant portion of our patient volume is derived from government health care programs, principally Medicare and Medicaid. Specifically, we derived approximately 40% of our revenues from the Medicare and Medicaid programs in 2009. Reductions to our reimbursement under the Medicare and Medicaid programs by the Health Reform Legislation could adversely affect our business and results of operations, to the extent such reductions are not offset by the expected increases in revenues from providing care to previously uninsured individuals.

Because of the many variables involved, we are unable to predict the net effect on the Company of the reductions in Medicare and Medicaid spending, the expected increases in revenues from providing care to previously uninsured individuals, and numerous other provisions in the law that may affect the Company. We are further unable to foresee how individuals and businesses will respond to the choices afforded them by the Health Reform Legislation. Thus, we cannot predict the full impact of the Health Reform Legislation on the Company at this time.

In addition to the Health Reform Legislation, in recent years, legislative and regulatory changes have resulted in limitations on and, in some cases, reductions in levels of payments to health care providers for certain services under the Medicare and Medicaid programs. For example, effective January 1, 2008, CMS significantly revised the payment system used to reimburse ambulatory surgery centers (ASCs) and expanded the number of procedures that Medicare reimburses if performed in an ASC. More Medicare procedures now performed in hospitals, such as ours, may be moved to ASCs, reducing surgical volume in our hospitals. Also, more Medicare procedures now performed in ASCs, such as ours, may be moved to physicians' offices. Commercial third-party payers may adopt similar policies.

Further, CMS has recently completed a two-year transition to full implementation of the Medicare severity diagnosis-related group ( MS-DRG ) system, which represents a refinement to the existing diagnosis-related group system. Realignments in the MS-DRG system could impact the margins we receive for certain services. For federal fiscal year 2010, CMS has provided a 2.1% market basket update for hospitals that submit certain quality patient care indicators and a 0.1% update for hospitals that do not submit this data.

## **Table of Contents**

Medicare payments to hospitals in federal fiscal years 2008 and 2009 were reduced to eliminate what CMS estimated to be the effect of coding or classifications changes as a result of hospitals implementing the MS-DRG system. If CMS retrospectively determines the adjustment levels for federal fiscal years 2008 and 2009 were inadequate, CMS may impose additional adjustments in future years. Although CMS has not imposed an adjustment for federal fiscal year 2010, CMS has announced its intent to impose payment adjustments in federal fiscal years 2011 and 2012 because of what CMS has determined to be an inadequate adjustment in federal fiscal year 2008. It is not clear what impact, if any, the market basket reductions required by the Health Reform Legislation will have on CMS's proposal. Additionally, Medicare payments to hospitals are subject to a number of other adjustments, and the actual impact on payments to specific hospitals may vary. In some cases, commercial third-party payers and other payers such as some state Medicaid programs rely on all or portions of the Medicare MS-DRG system to determine payment rates, and adjustments that negatively impact Medicare payments may also negatively impact payments from those payers.

Since most states must operate with balanced budgets and since the Medicaid program is often the state's largest program, states can be expected to adopt or consider adopting legislation designed to reduce their Medicaid expenditures. The current economic downturn has increased the budgetary pressures on most states, and these budgetary pressures have resulted, and likely will continue to result, in decreased spending for Medicaid programs in many states. Further, many states have also adopted, or are considering, legislation designed to reduce coverage, enroll Medicaid recipients in managed care programs and/or impose additional taxes on hospitals to help finance or expand the states' Medicaid systems. The Health Reform Legislation provides for significant expansions to the Medicaid program, but these changes are not required until 2014. In addition, the Health Reform Legislation will result in increased state legislative and regulatory changes in order for states to comply with new federal mandates, such as the requirement to establish health insurance exchanges, and to participate in grants and other incentive opportunities.

On May 1, 2009, the Department of Defense implemented a prospective payment system for hospital outpatient services furnished to beneficiaries of TRICARE, the Department of Defense's health care program for members of the armed forces, similar to that utilized for services furnished to Medicare beneficiaries. Because the Medicare outpatient prospective payment system rates have historically been below TRICARE rates, the adoption of this payment methodology for TRICARE beneficiaries reduces our reimbursement; however, TRICARE outpatient services do not represent a significant portion of our patient volumes.

Current or future health care reform efforts, changes in laws or regulations regarding government health programs, other changes in the administration of government health programs and changes to commercial third-party payers in response to health care reform and changes to government health programs could have a material, adverse effect on our financial position and results of operations.

***If we are unable to retain and negotiate favorable contracts with nongovernment payers, including managed care plans, our revenues may be reduced.***

Our ability to obtain favorable contracts with nongovernment payers, including health maintenance organizations, preferred provider organizations and other managed care plans significantly affects the revenues and operating results of our facilities. Revenues derived from these entities and other insurers accounted for 52% and 53% of our patient revenues for the years ended December 31, 2009 and December 31, 2008, respectively. Nongovernment payers, including managed care payers, continue to demand discounted fee structures, and the trend toward consolidation among nongovernment payers tends to increase their bargaining power over fee structures. Our future success will depend, in part, on our ability to retain and renew our managed care contracts and enter into new managed care contracts on terms favorable to us. Other health care providers may impact our ability to enter into managed care contracts or negotiate increases in our reimbursement and other favorable terms and conditions. For example, some of our competitors may negotiate

## **Table of Contents**

exclusivity provisions with managed care plans or otherwise restrict the ability of managed care companies to contract with us. It is not clear what impact, if any, the increased obligations on managed care payers and other payers imposed by the Health Reform Legislation will have on our ability to negotiate reimbursement increases. If we are unable to retain and negotiate favorable contracts with managed care plans or experience reductions in payment increases or amounts received from nongovernment payers, our revenues may be reduced.

### ***Our performance depends on our ability to recruit and retain quality physicians.***

The success of our hospitals depends in part on the number and quality of the physicians on the medical staffs of our hospitals, the admitting practices of those physicians and maintaining good relations with those physicians. Although we employ some physicians, physicians are often not employees of the hospitals at which they practice and, in many of the markets we serve, most physicians have admitting privileges at other hospitals in addition to our hospitals. Such physicians may terminate their affiliation with our hospitals at any time. If we are unable to provide adequate support personnel or technologically advanced equipment and hospital facilities that meet the needs of those physicians, they may be discouraged from referring patients to our facilities, admissions may decrease and our operating performance may decline.

### ***Our hospitals face competition for staffing, which may increase labor costs and reduce profitability.***

Our operations are dependent on the efforts, abilities and experience of our management and medical support personnel, such as nurses, pharmacists and lab technicians, as well as our physicians. We compete with other health care providers in recruiting and retaining qualified management and support personnel responsible for the daily operations of each of our hospitals, including nurses and other nonphysician health care professionals. In some markets, the availability of nurses and other medical support personnel has been a significant operating issue to health care providers. We may be required to continue to enhance wages and benefits to recruit and retain nurses and other medical support personnel or to hire more expensive temporary or contract personnel. As a result, our labor costs could increase. We also depend on the available labor pool of semi-skilled and unskilled employees in each of the markets in which we operate. Certain proposed changes in federal labor laws, including the Employee Free Choice Act, could increase the likelihood of employee unionization attempts. To the extent a significant portion of our employee base unionizes, it is possible our labor costs could increase materially. In addition, the states in which we operate could adopt mandatory nurse-staffing ratios or could reduce mandatory nurse staffing ratios already in place. State-mandated nurse-staffing ratios could significantly affect labor costs and have an adverse impact on revenue if we are required to limit admissions in order to meet the required ratios. If our labor costs increase, we may not be able to raise rates to offset these increased costs. Because a significant percentage of our revenues consists of fixed, prospective payments, our ability to pass along increased labor costs is constrained. Our failure to recruit and retain qualified management, nurses and other medical support personnel, or to control labor costs, could have a material, adverse effect on our results of operations.

### ***If we fail to comply with extensive laws and government regulations, we could suffer penalties or be required to make significant changes to our operations.***

The health care industry is required to comply with extensive and complex laws and regulations at the federal, state and local government levels relating to, among other things:

billing and coding for services;

relationships with physicians and other referral sources;

adequacy of medical care;

quality of medical equipment and services;

qualifications of medical and support personnel;

**Table of Contents**

confidentiality, maintenance, data breach, identity theft and security issues associated with health-related and personal information and medical records;

the screening, stabilization and transfer of individuals who have emergency medical conditions;

licensure and certification;

hospital rate or budget review;

preparing and filing of cost reports;

operating policies and procedures; and

addition of facilities and services.

Among these laws are the federal Anti-kickback Statute, the federal physician self-referral law (commonly called the Stark Law), the Federal False Claims Act ( FCA ) and similar state laws. We have a variety of financial relationships with physicians and others who either refer or influence the referral of patients to our hospitals and other health care facilities, and these laws govern those relationships. The Office of Inspector General of the Department of Health and Human Services ( OIG ) has enacted safe harbor regulations that outline practices deemed protected from prosecution under the Anti-kickback Statute. While we endeavor to comply with the applicable safe harbors, certain of our current arrangements, including joint ventures and financial relationships with physicians and other referral sources and persons and entities to which we refer patients, do not qualify for safe harbor protection. Failure to qualify for a safe harbor does not mean the arrangement necessarily violates the Anti-kickback Statute, but may subject the arrangement to greater scrutiny. However, we cannot offer assurance that practices outside of a safe harbor will not be found to violate the Anti-kickback Statute. Allegations of violations of the Anti-kickback Statute may be brought under the federal Civil Monetary Penalty Law, which requires a lower burden of proof than other fraud and abuse laws, including the Anti-kickback Statute.

Our financial relationships with referring physicians and their immediate family members must comply with the Stark Law by meeting an exception. We attempt to structure our relationships to meet an exception to the Stark Law, but the regulations implementing the exceptions are detailed and complex, and we cannot provide assurance every relationship complies fully with the Stark Law. Unlike the Anti-kickback Statute, failure to meet an exception under the Stark Law results in a violation of the Stark Law, even if such violation is technical in nature.

Additionally, if we violate the Anti-kickback Statute or Stark Law, or if we improperly bill for our services, we may be found to violate the FCA, either under a suit brought by the government or by a private person under a *qui tam*, or whistleblower, suit.

If we fail to comply with the Anti-kickback Statute, the Stark Law, the FCA or other applicable laws and regulations, we could be subjected to liabilities, including civil penalties (including the loss of our licenses to operate one or more facilities), exclusion of one or more facilities from participation in the Medicare, Medicaid and other federal and state health care programs and, for violations of certain laws and regulations, criminal penalties. See Regulation and Other Factors.

CMS published a proposal to collect information from 400 hospitals regarding their ownership, investment and compensation arrangements with physicians. Called the Disclosure of Financial Relationships Report (or DFRR ), CMS intends to use this data to monitor compliance with the Stark Law, and CMS may share this information with

other government agencies. Many of these agencies have not previously analyzed this information and have the authority to bring enforcement actions against hospitals filing such reports. The DFRR and its supporting documentation are currently under review by the Office of Management and Budget, and it is unclear when, or if, it will be finalized.

Because many of these laws and their implementing regulations are relatively new, we do not always have the benefit of significant regulatory or judicial interpretation of these laws and regulations. In the future, different interpretations or enforcement of these laws and regulations could subject our current or past practices to allegations of impropriety or illegality or could require us to make changes in our facilities,

## **Table of Contents**

equipment, personnel, services, capital expenditure programs and operating expenses. A determination we have violated these laws, or the public announcement that we are being investigated for possible violations of these laws, could have a material, adverse effect on our business, financial condition, results of operations or prospects, and our business reputation could suffer significantly. In addition, other legislation or regulations at the federal or state level may be adopted that adversely affect our business.

### ***We have been and could become the subject of governmental investigations, claims and litigation.***

Health care companies are subject to numerous investigations by various governmental agencies. Further, under the FCA, private parties have the right to bring *qui tam*, or whistleblower, suits against companies that submit false claims for payments to, or improperly retain overpayments from, the government. Some states have adopted similar state whistleblower and false claims provisions. Certain of our individual facilities have received, and other facilities may receive, government inquiries from federal and state agencies. Depending on whether the underlying conduct in these or future inquiries or investigations could be considered systemic, their resolution could have a material, adverse effect on our financial position, results of operations and liquidity.

Governmental agencies and their agents, such as the Medicare Administrative Contractors, fiscal intermediaries and carriers, as well as the OIG, CMS and state Medicaid programs, conduct audits of our health care operations. Private payers may conduct similar post-payment audits, and we also perform internal audits and monitoring. Depending on the nature of the conduct found in such audits and whether the underlying conduct could be considered systemic, the resolution of these audits could have a material, adverse effect on our financial position, results of operations and liquidity.

As required by statute, CMS is in the process of implementing the Recovery Audit Contractor ( RAC ) program on a nationwide basis. Under the program, CMS contracts with RACs to conduct post-payment reviews to detect and correct improper payments in the fee-for-service Medicare program. The Health Reform Legislation expands the RAC program's scope to include Medicaid claims by requiring all states to enter into contracts with RACs by December 31, 2010. In addition, CMS employs Medicaid Integrity Contractors ( MICs ) to perform post-payment audits of Medicaid claims and identify overpayments. Throughout 2010, MIC audits will continue to expand. The Health Reform Legislation increases federal funding for the MIC program for federal fiscal year 2011 and later years. In addition to RACs and MICs, several other contractors, including the state Medicaid agencies, have increased their review activities.

Should we be found out of compliance with any of these laws, regulations or programs, depending on the nature of the findings, our business, our financial position and our results of operations could be negatively impacted.

### ***Controls designed to reduce inpatient services may reduce our revenues.***

Controls imposed by Medicare, managed Medicare, Medicaid, managed Medicaid and commercial third-party payers designed to reduce admissions and lengths of stay, commonly referred to as utilization review, have affected and are expected to continue to affect our facilities. Utilization review entails the review of the admission and course of treatment of a patient by health plans. Inpatient utilization, average lengths of stay and occupancy rates continue to be negatively affected by payer-required preadmission authorization and utilization review and by payer pressure to maximize outpatient and alternative health care delivery services for less acutely ill patients. Efforts to impose more stringent cost controls are expected to continue. For example, the Health Reform Legislation eliminates current statutory restrictions on the use of prepayment review by Medicare contractors. Although we are unable to predict the effect these changes will have on our operations, significant limits on the scope of services reimbursed and on reimbursement rates and fees could have a material, adverse effect on our business, financial position and results of operations.

***Our overall business results may suffer from the recent economic downturn.***

The United States economy has weakened significantly. Depressed consumer spending and higher unemployment rates continue to pressure many industries. During economic downturns, governmental entities

**Table of Contents**

often experience budget deficits as a result of increased costs and lower than expected tax collections. These budget deficits may force federal, state and local government entities to decrease spending for health and human service programs, including Medicare, Medicaid and similar programs, which represent significant payer sources for our hospitals. Other risks we face from general economic weakness include potential declines in the population covered under managed care agreements, patient decisions to postpone or cancel elective and non-emergency health care procedures, potential increases in the uninsured and underinsured populations and further difficulties in our collecting patient co-payment and deductible receivables. The Health Reform Legislation seeks to decrease over time the number of uninsured individuals, provides for the expansion of the Medicaid program and contains a number of insurance market reforms designed to broaden insurance coverage, such as eliminating the use of pre-existing condition exclusions. However, it is difficult to predict the full impact of the Health Reform Legislation due to the law's complexity, lack of implementing regulations or interpretive guidance, gradual implementation and possible amendment.

***The industry trend towards value-based purchasing may negatively impact our revenues.***

There is a trend in the health care industry toward value-based purchasing of health care services. These value-based purchasing programs include both public reporting of quality data and preventable adverse events tied to the quality and efficiency of care provided by facilities. Governmental programs including Medicare and Medicaid currently require hospitals to report certain quality data to receive full reimbursement updates. In addition, Medicare does not reimburse for care related to certain preventable adverse events (also called "never events"). Many large commercial payers currently require hospitals to report quality data, and several commercial payers do not reimburse hospitals for certain preventable adverse events. Further, we have implemented a policy pursuant to which we do not bill patients or third-party payers for fees or expenses incurred due to certain preventable adverse events.

The Health Reform Legislation contains a number of provisions intended to promote value-based purchasing. Beginning in federal fiscal year 2013, hospitals that satisfy certain performance standards will receive increased payments for discharges during the following fiscal year. These payments will be funded by decreases in payments to all hospitals for inpatient services. For discharges occurring during federal fiscal year 2014 and after, the performance standards must assess hospital efficiency, including Medicare spending per beneficiary. In addition, the Health Reform Legislation provides for reduced payments based on a hospital's HAC rates and readmission rates and requires HAC rates and readmission rates to be made public. Currently, Medicare no longer assigns an inpatient hospital discharge to a higher paying MS-DRG if a selected HAC was not present on admission. Effective July 1, 2011, the Health Reform Legislation will likewise prohibit the use of federal funds under the Medicaid program to reimburse providers for medical assistance provided to treat HACs. Beginning in federal fiscal year 2015, hospitals that fall into the top 25% of national risk-adjusted HAC rates for all hospitals in the previous year will also receive a 1% reduction in Medicare payment rates. For discharges occurring during a fiscal year beginning on or after October 1, 2012, hospitals with excessive readmissions for certain conditions will receive reduced Medicare payments for all inpatient admissions.

We expect value-based purchasing programs, including programs that condition reimbursement on patient outcome measures, to become more common and to involve a higher percentage of reimbursement amounts. We are unable at this time to predict how this trend will affect our results of operations, but it could negatively impact our revenues.

***Our operations could be impaired by a failure of our information systems.***

Any system failure that causes an interruption in service or availability of our systems could adversely affect operations or delay the collection of revenues. Even though we have implemented network security measures, our servers are vulnerable to computer viruses, break-ins and similar disruptions from unauthorized tampering. The occurrence of any of these events could result in interruptions, delays, the loss or corruption of data, or cessations in

the availability of systems, all of which could have a material adverse effect on our financial position and results of operations and harm our business reputation.

**Table of Contents**

The performance of our information technology and systems is critical to our business operations. In addition to our shared services initiatives, our information systems are essential to a number of critical areas of our operations, including:

accounting and financial reporting;

billing and collecting accounts;

coding and compliance;

clinical systems;

medical records and document storage;

inventory management;

negotiating, pricing and administering managed care contracts and supply contracts; and

monitoring quality of care and collecting data on quality measures necessary for full Medicare payment updates.

***If we fail to effectively and timely implement electronic health record systems, our operations could be adversely affected.***

As required by the American Recovery and Reinvestment Act of 2009, HHS is in the process of developing and implementing an incentive payment program for eligible hospitals and health care professionals that adopt and meaningfully use certified electronic health record ( EHR ) technology. If our hospitals and employed professionals are unable to meet the requirements for participation in the incentive payment program, we will not be eligible to receive incentive payments that could offset some of the costs of implementing EHR systems. Further, beginning in 2015, eligible hospitals and professionals that fail to demonstrate meaningful use of certified EHR technology will be subject to reduced payments from Medicare. Failure to implement EHR systems effectively and in a timely manner could have a material, adverse effect on our financial position and results of operations.

***State efforts to regulate the construction or expansion of health care facilities could impair our ability to operate and expand our operations.***

Some states, particularly in the eastern part of the country, require health care providers to obtain prior approval, known as a CON, for the purchase, construction or expansion of health care facilities, to make certain capital expenditures or to make changes in services or bed capacity. In giving approval, these states consider the need for additional or expanded health care facilities or services. We currently operate health care facilities in a number of states with CON laws. The failure to obtain any requested CON could impair our ability to operate or expand operations. Any such failure could, in turn, adversely affect our ability to attract patients to our facilities and grow our revenues, which would have an adverse effect on our results of operations.

***Our facilities are heavily concentrated in Florida and Texas, which makes us sensitive to regulatory, economic, environmental and competitive conditions and changes in those states.***

We operated 163 hospitals at December 31, 2009, and 73 of those hospitals are located in Florida and Texas. Our Florida and Texas facilities combined revenues represented approximately 51% of our consolidated revenues for the

year ended December 31, 2009. This concentration makes us particularly sensitive to regulatory, economic, environmental and competitive conditions and changes in those states. Any material change in the current payment programs or regulatory, economic, environmental or competitive conditions in those states could have a disproportionate effect on our overall business results.

In addition, our hospitals in Florida and Texas and other areas across the Gulf Coast are located in hurricane-prone areas. In the recent past, hurricanes have had a disruptive effect on the operations of our hospitals in Florida, Texas and other coastal states, and the patient populations in those states. Our business

**Table of Contents**

activities could be harmed by a particularly active hurricane season or even a single storm, and the property insurance we obtain may not be adequate to cover losses from future hurricanes or other natural disasters.

***We may be subject to liabilities from claims by the Internal Revenue Service.***

At December 31, 2009, we were contesting before the Appeals Division of the Internal Revenue Service ( IRS ) certain claimed deficiencies and adjustments proposed by the IRS in connection with its examination of the 2003 and 2004 federal income tax returns for HCA and eight affiliates that are treated as partnerships for federal income tax purposes ( affiliated partnerships ). The disputed items include the timing of recognition of certain patient service revenues and our method for calculating the tax allowance for doubtful accounts.

Six taxable periods of HCA and its predecessors ended in 1997 through 2002 and the 2002 taxable year of four affiliated partnerships, for which the primary remaining issue is the computation of the tax allowance for doubtful accounts, are pending before the IRS Examination Division as of December 31, 2009.

The IRS began an audit of the 2005 and 2006 federal income tax returns for HCA and seven affiliated partnerships during 2008. We anticipate the IRS Examination Division will conclude its audit in 2010. During 2009, the seven affiliated partnership audits were resolved with no material impact on our operations or financial position. We anticipate the IRS will begin an audit of the 2007 and 2008 federal income tax returns for HCA during 2010.

Management believes HCA, its predecessors and affiliates properly reported taxable income and paid taxes in accordance with applicable laws and agreements established with the IRS and final resolution of these disputes will not have a material, adverse effect on our results of operations or financial position. However, if payments due upon final resolution of these issues exceed our recorded estimates, such resolutions could have a material, adverse effect on our results of operations or financial position.

***We may be subject to liabilities from claims brought against our facilities.***

We are subject to litigation relating to our business practices, including claims and legal actions by patients and others in the ordinary course of business alleging malpractice, product liability or other legal theories. See Business Legal Proceedings. Many of these actions involve large claims and significant defense costs. We insure a portion of our professional liability risks through a wholly-owned subsidiary. Management believes our reserves for self-insured retentions and insurance coverage are sufficient to cover insured claims arising out of the operation of our facilities. Our wholly-owned insurance subsidiary has entered into certain reinsurance contracts, and the obligations covered by the reinsurance contracts are included in its reserves for professional liability risks, as the subsidiary remains liable to the extent that the reinsurers do not meet their obligations under the reinsurance contracts. If payments for claims exceed actuarially determined estimates, are not covered by insurance, or reinsurers, if any, fail to meet their obligations, our results of operations and financial position could be adversely affected.

***We are exposed to market risks related to changes in the market values of securities and interest rate changes.***

We are exposed to market risk related to changes in market values of securities. The investments in debt and equity securities of our wholly-owned insurance subsidiary were \$1.309 billion and \$7 million, respectively, at December 31, 2009. These investments are carried at fair value, with changes in unrealized gains and losses being recorded as adjustments to other comprehensive income. At December 31, 2009, we had a net unrealized gain of \$20 million on the insurance subsidiary's investment securities.

We are exposed to market risk related to market illiquidity. Liquidity of the investments in debt and equity securities of our wholly-owned insurance subsidiary could be impaired by the inability to access the capital markets. Should the

wholly-owned insurance subsidiary require significant amounts of cash in excess of normal cash requirements to pay claims and other expenses on short notice, we may have difficulty selling these investments in a timely manner or be forced to sell them at a price less than what we might otherwise

## **Table of Contents**

have been able to in a normal market environment. At December 31, 2009, our wholly-owned insurance subsidiary had invested \$396 million (\$401 million par value) in municipal, tax-exempt student loan auction rate securities ( ARS ) that continued to experience market illiquidity since February 2008 when multiple failed auctions occurred due to a severe credit and liquidity crisis in the capital markets. It is uncertain if auction-related market liquidity will resume for these securities. We may be required to recognize other-than-temporary impairments on these investments in future periods should issuers default on interest payments or should the fair market valuations of the securities deteriorate due to ratings downgrades or other issue specific factors.

We are also exposed to market risk related to changes in interest rates, and we periodically enter into interest rate swap agreements to manage our exposure to these fluctuations. Our interest rate swap agreements involve the exchange of fixed and variable rate interest payments between two parties, based on common notional principal amounts and maturity dates. The net notional amounts of the swap agreements represent balances used to calculate the exchange of cash flows and are not our assets or liabilities. See Management's Discussion and Analysis of Financial Condition and Results of Operations Market Risk.

***Since the Recapitalization, the Investors control us and may have conflicts of interest with us in the future.***

As of December 31, 2009, the Investors indirectly owned approximately 97.1% of our capital stock due to the Recapitalization. As a result, the Investors have control over our decisions to enter into any significant corporate transaction and have the ability to prevent any transaction that requires the approval of shareholders. For example, the Investors could cause us to make acquisitions that increase the amount of our indebtedness or sell assets.

Additionally, the Sponsors are in the business of making investments in companies and may acquire and hold interests in businesses that compete directly or indirectly with us. One or more of the Sponsors may also pursue acquisition opportunities that may be complementary to our business and, as a result, those acquisition opportunities may not be available to us. So long as investment funds associated with or designated by the Sponsors continue to indirectly own a significant amount of the outstanding shares of our common stock, even if such amount is less than 50%, the Sponsors will continue to be able to strongly influence or effectively control our decisions.

## **Risks Related to the Notes**

*The following risks apply to the outstanding notes and will apply equally to the exchange notes.*

***The secured indebtedness under our senior secured asset-based revolving credit facility are effectively senior to the first lien notes to the extent of the value of the receivables collateral securing such facility on a first-priority basis.***

Our asset-based revolving credit facility has a first-priority lien in the accounts receivable of our company and our domestic subsidiaries, with certain exceptions. Our other senior secured credit facilities and the first lien notes have a second-priority lien in those receivables (except for those of certain special purpose subsidiaries that only guarantee and pledge their assets under our asset-based revolving credit facility). The indentures governing the first lien notes and the second lien notes permit us to incur additional indebtedness secured on a first-priority basis by such assets in the future. The first-priority liens in the collateral securing indebtedness under our asset-based revolving credit facility and any such future indebtedness are higher in priority as to such collateral than the security interests securing the first lien notes and the guarantees. Holders of the indebtedness under our asset-based revolving credit facility and any other indebtedness secured by higher priority liens on such collateral will be entitled to receive proceeds from the realization of value of such collateral to repay such indebtedness in full before the holders of the first lien notes will be entitled to any recovery from such collateral. As a result, holders of the first lien notes will only be entitled to receive proceeds from the realization of value of assets securing our asset-based revolving credit facility on a higher priority basis after all indebtedness and other obligations under our asset-based revolving credit facility and

**Table of Contents**

any other obligations secured by higher priority liens on such assets are repaid in full. The first lien notes are effectively junior in right of payment to indebtedness under our asset-based revolving credit facility and any other indebtedness secured by higher priority liens on such collateral to the extent of the realizable value of such collateral. Even if there were receivables collateral or proceeds left over to pay the exchange first lien notes and the cash flow credit facility after a foreclosure on that collateral and payment of the outstanding amounts under the asset-based revolving credit facility, that collateral would be subject to the first lien intercreditor agreement, and the representative of the lenders under the cash flow credit facility would initially control actions with respect to that collateral. See

Even though the holders of the first lien notes benefit from a first-priority lien on the collateral that secures our cash flow credit facility, the representative of the lenders under the cash flow credit facility will initially control actions with respect to that collateral.

As of December 31, 2009, the first lien notes would have been effectively junior to \$715 million of indebtedness outstanding under our asset-based revolving credit facility to the extent of the value of collateral securing such indebtedness, and we borrowed an additional approximately \$1.050 billion under our asset-based revolving credit facility in connection with the February 2010 distribution, with which the first lien notes are also effectively junior.

***Other secured indebtedness, including our senior secured credit facilities, is effectively senior to the 2009 second lien notes to the extent of the value of the collateral securing such facility on a first- and second-priority basis.***

Certain of our senior secured credit facilities are collateralized by a first-priority lien, subject to permitted liens, in, among other things, the capital stock of our company, the capital stock of any material wholly owned first-tier subsidiary of our company or of any U.S. subsidiary guarantor and substantially all of our and the U.S. subsidiary guarantors' other tangible and intangible assets, subject to exceptions. In addition, our asset-based revolving credit facility has a first-priority lien in the accounts receivable of our company and certain of our subsidiaries, and our other senior secured credit facilities, other than the European term loan facility, and our first lien notes have a second-priority lien in those receivables. The indentures governing the first lien notes and the second lien notes permit us to incur additional indebtedness secured on a first-priority basis by such assets in the future. The first- and second-priority liens in the collateral securing indebtedness under our senior secured credit facilities and our first lien notes and any such future indebtedness are higher in priority as to such collateral than the security interests securing the 2009 second lien notes and the other second lien notes and the related guarantees.

The 2009 second lien notes and the other second lien notes and the related guarantees are secured, subject to permitted liens, by a second-priority lien or a third-priority lien, as the case may be, in the assets that secure our senior secured credit facilities and first lien notes on a first-priority or second-priority basis, as the case may be. Holders of the indebtedness under our senior secured credit facilities, our first lien notes and any other indebtedness collateralized by a higher-priority lien in such collateral will be entitled to receive proceeds from the realization of value of such collateral to repay such indebtedness in full before the holders of the 2009 second lien notes and the other second lien notes will be entitled to any recovery from such collateral. As a result, holders of the 2009 second lien notes and the other second lien notes will only be entitled to receive proceeds from the realization of value of assets securing our senior secured credit facilities and our first lien notes on a higher-priority basis after all indebtedness and other obligations under our senior secured credit facilities, our first lien notes and any other obligations secured by higher-priority liens on such assets are repaid in full. The 2009 second lien notes and the other second lien notes are effectively junior in right of payment to indebtedness under our senior secured credit facilities, our first lien notes and any other indebtedness collateralized by a higher-priority lien in our assets, to the extent of the realizable value of such collateral. In addition, the indenture governing the 2009 second lien notes permits us to incur additional indebtedness secured by a lien that ranks equally with the 2009 second lien notes and the other second lien notes. Any such indebtedness may further limit the recovery from the realization of the value of such collateral available to satisfy holders of the 2009 second lien notes.

**Table of Contents**

***The value of the collateral securing the notes may not be sufficient to satisfy our obligations under the notes.***

The fair market value of the collateral is subject to fluctuations based on factors that include, among others, general economic conditions and similar factors. The amount to be received upon a sale of the collateral would be dependent on numerous factors, including, but not limited to, the actual fair market value of the collateral at such time, the timing and the manner of the sale and the availability of buyers. By its nature, portions of the collateral may be illiquid and may have no readily ascertainable market value. In the event of a foreclosure, liquidation, bankruptcy or similar proceeding, the collateral may not be sold in a timely or orderly manner, and the proceeds from any sale or liquidation of this collateral may not be sufficient to pay our obligations under the notes.

To the extent that liens securing obligations under the senior secured credit facilities and the first lien notes, pre-existing liens, liens permitted under the indenture and other rights, including liens on excluded assets, such as those securing purchase money obligations and capital lease obligations granted to other parties (in addition to the holders of any other obligations secured by higher priority liens), encumber any of the collateral securing the notes and the guarantees, those parties have or may exercise rights and remedies with respect to the collateral that could adversely affect the value of the collateral for the applicable series of notes and the ability of the applicable collateral agent, the trustee under the applicable indenture or the holders of the applicable series of notes to realize or foreclose on the collateral.

The first lien notes and the related guarantees are secured, subject to permitted liens, by a first-priority lien in the collateral that secures our cash flow credit facility on a first-priority basis (other than any European collateral securing our senior secured European term loan facility) and share equally in right of payment to the extent of the value of such collateral securing such cash flow credit facility on a first-priority basis. The first lien notes and the related guarantees are not secured by any of the European collateral described in *Description of Other Indebtedness Senior Secured Credit Facilities Guarantee and Security*. The indentures governing the first lien notes permit us to incur additional indebtedness secured by a lien that ranks equally with the first lien notes. Any such indebtedness may further limit the recovery from the realization of the value of such collateral available to satisfy holders of the first lien notes.

The 2009 second lien notes and the related guarantees are secured, subject to permitted liens, by a second-priority lien in the collateral that secures our cash flow credit facility and our first lien notes on a first-priority basis (other than any European collateral securing our senior secured European term loan facility) and share equally in right of payment with the other second lien to the extent of the value of such collateral. The 2009 second lien notes and the related guarantees are not secured by any of the European collateral described in *Description of Other Indebtedness Senior Secured Credit Facilities Guarantee and Security*. The indenture governing the 2009 second lien notes permits us to incur additional indebtedness secured by a lien that ranks either senior to the 2009 second lien note or equally with the 2009 second lien notes. Any such indebtedness may further limit the recovery from the realization of the value of such collateral available to satisfy holders of the 2009 second lien notes.

There may not be sufficient collateral to pay off all amounts we may borrow under our senior secured credit facilities, the notes and additional notes that we may offer that would be secured on the same basis as the first lien notes or the second lien notes. Liquidating the collateral securing the notes may not result in proceeds in an amount sufficient to pay any amounts due under the notes after also satisfying the obligations to pay any creditors with prior liens. If the proceeds of any sale of collateral are not sufficient to repay all amounts due on the notes, the holders of the notes (to the extent not repaid from the proceeds of the sale of the collateral) would have only a senior unsecured, unsubordinated claim against our and the subsidiary guarantors' remaining assets.

***Claims of noteholders are structurally subordinate to claims of creditors of all of our non-U.S. subsidiaries and some of our U.S. subsidiaries because they do not guarantee the notes.***

The notes are not guaranteed by any of our non-U.S. subsidiaries, our less than wholly-owned U.S. subsidiaries or certain other U.S. subsidiaries. Accordingly, claims of holders of the notes are structurally

**Table of Contents**

subordinate to the claims of creditors of these non-guarantor subsidiaries, including trade creditors. All obligations of our non-guarantor subsidiaries will have to be satisfied before any of the assets of such subsidiaries would be available for distribution, upon a liquidation or otherwise, to us or a guarantor of the notes.

For the year ended December 31, 2009, our non-guarantor subsidiaries accounted for approximately \$12.468 billion, or 41.5%, of our total revenues. As of December 31, 2009, our non-guarantor subsidiaries accounted for approximately \$9.672 billion, or 40.1%, of our total assets and approximately \$6.750 billion, or 21.1%, of our total liabilities. See Note 16 to our consolidated financial statements.

***If we default on our obligations to pay our indebtedness, we may not be able to make payments on the notes.***

Any default under the agreements governing our indebtedness, including a default under our senior secured credit facilities that is not waived by the required lenders or a default under the indentures governing our notes, and the remedies sought by the holders of such indebtedness, could prevent us from paying principal, premium, if any, and interest on the notes and substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness (including covenants in our senior secured credit facilities, the indentures governing the first lien notes and the indentures governing the second lien notes), we could be in default under the terms of the agreements governing such indebtedness. In the event of such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest, the lenders under our senior secured credit facilities could elect to terminate their commitments thereunder, cease making further loans and institute foreclosure proceedings against our assets, and we could be forced into bankruptcy or liquidation. If our operating performance declines, we may in the future need to obtain waivers from the required lenders under our senior secured credit facilities to avoid being in default. If we breach our covenants under our senior secured credit facilities and seek a waiver, we may not be able to obtain a waiver from the required lenders. If this occurs, we would be in default under the instrument governing that indebtedness, the lenders could exercise their rights, as described above, and we could be forced into bankruptcy or liquidation.

***The lien ranking provisions of the indentures and other agreements relating to the collateral securing the first lien notes on a second priority basis will limit the rights of holders of the first lien notes with respect to that collateral, even during an event of default.***

The rights of the holders of the first lien notes with respect to the receivables collateral that secures the asset-based revolving credit facility on a first-priority basis and that secures our cash flow credit facility and our first lien notes on a second-priority basis are substantially limited by the terms of the lien ranking agreements set forth in the indentures and the applicable receivables intercreditor agreements, even during an event of default. Under the indentures and the applicable receivables intercreditor agreements, at any time that obligations that have the benefit of the higher priority liens are outstanding, any actions that may be taken with respect to such collateral, including the ability to cause the commencement of enforcement proceedings against such collateral, to control the conduct of such proceedings and to approve amendments to releases of such collateral from the lien of, and waive past defaults under, such documents relating to such collateral, will be at the direction of the holders of the obligations secured by the first-priority liens, and the holders of the first lien notes secured by lower-priority liens may be adversely affected.

In addition, the indentures and the applicable receivables intercreditor agreements contain certain provisions benefiting holders of indebtedness under our asset-based revolving credit facility, including provisions requiring the trustee and the collateral agent for the first lien notes not to object following the filing of a bankruptcy petition to certain important matters regarding the receivables collateral. After such filing, the value of this collateral could

materially deteriorate, and holders of the first lien notes would be unable to raise an objection.

## **Table of Contents**

The receivables collateral that secures the first lien notes and guarantees on a lower-priority basis is also subject to any and all exceptions, defects, encumbrances, liens and other imperfections as may be accepted by the lenders under our asset-based revolving credit facility, whether on or after the date the first lien notes and guarantees are issued. The existence of any such exceptions, defects, encumbrances, liens and other imperfections could adversely affect the value of the collateral securing the first lien notes, as well as the ability of the collateral agent to realize or foreclose on such collateral.

***The lien ranking provisions of the indenture and other agreements relating to the collateral securing the 2009 second lien notes limit the rights of holders of the 2009 second lien notes with respect to that collateral, even during an event of default.***

The rights of the holders of the 2009 second lien notes with respect to the collateral that secures the 2009 second lien notes and the other second lien on a second-priority or third-priority basis, as the case may be, are substantially limited by the terms of the lien ranking agreements set forth in the indenture and the intercreditor agreement relating to the 2009 second lien notes, even during an event of default. Under the indenture and the intercreditor agreement, at any time that obligations that have the benefit of the higher-priority liens are outstanding, any actions that may be taken with respect to such collateral, including the ability to cause the commencement of enforcement proceedings against such collateral and to control the conduct of such proceedings, and the approval of amendments to, releases of such collateral from the lien of, and waivers of past defaults under, such documents relating to such collateral, will be at the direction of the holders of the obligations secured by the first-priority and second-priority liens, as applicable, and the holders of the notes secured by lower-priority liens may be adversely affected.

In addition, the indenture and the intercreditor agreement relating to the 2009 second lien notes contain certain provisions benefiting holders of indebtedness under our senior secured credit facilities and the first lien notes, including provisions requiring the trustee and the collateral agent not to object following the filing of a bankruptcy petition to a number of important matters regarding the collateral. After such filing, the value of this collateral could materially deteriorate, and holders of the 2009 second lien notes and the other second lien notes would be unable to raise an objection. In addition, the right of holders of obligations secured by first-priority and second-priority liens, as applicable, to foreclose upon and sell such collateral upon the occurrence of an event of default also would be subject to limitations under applicable bankruptcy laws if we or any of our subsidiaries become subject to a bankruptcy proceeding.

The collateral that secures the 2009 second lien notes and the other second lien notes and the related guarantees on a lower-priority basis is also subject to any and all exceptions, defects, encumbrances, liens and other imperfections as may be accepted by the lenders under our senior secured credit facilities, the collateral agent for our first lien notes and other creditors that have the benefit of higher-priority liens on such collateral from time to time, whether on or after the date the 2009 second lien notes and guarantees were issued. The existence of any such exceptions, defects, encumbrances, liens and other imperfections could adversely affect the value of the collateral securing the 2009 second lien notes and the other second lien notes as well as the ability of the collateral agent for the second lien notes to realize or foreclose on such collateral.

***Even though the holders of the first lien notes benefit from a first-priority lien on the collateral that secures our cash flow credit facility, the representative of the lenders under the cash flow credit facility will initially control actions with respect to that collateral.***

The rights of the holders of the first lien notes with respect to the collateral that secures the first lien notes on a first-priority basis is subject to a first lien intercreditor agreement among all holders of obligations secured by that collateral on a first-priority basis, including the obligations under our cash flow credit facility. Under that intercreditor agreement, any actions that may be taken with respect to such collateral, including the ability to cause the

commencement of enforcement proceedings against such collateral, to control such proceedings and to approve amendments to releases of such collateral from the lien of, and waive past defaults under, such documents relating to such collateral, will be at the direction of the authorized representative of the lenders under the cash flow credit facility until (1) our obligations under the cash flow credit facility are discharged (which discharge does not include certain refinancings of the cash flow credit facility) or (2) 90 days

## **Table of Contents**

after the occurrence of an event of default under the indentures governing the first lien notes. Under the circumstances described in clause (2) of the preceding sentence, the authorized representative of the holders of the indebtedness that represents the largest outstanding principal amount of indebtedness secured by a first-priority lien on the collateral (other than the cash flow credit facility) and has complied with the applicable notice provisions gains the right to take actions with respect to the collateral.

Even if the authorized representative of a series of first lien notes gains the right to direct the collateral agent in the circumstances described in clause (2) above, the authorized representative must stop doing so (and those powers with respect to the collateral would revert to the authorized representative of the lenders under the cash flow credit facility) if the lenders' authorized representative has commenced and is diligently pursuing enforcement action with respect to the collateral or the grantor of the security interest in that collateral (whether our company or the applicable subsidiary guarantor) is then a debtor under or with respect to (or otherwise subject to) an insolvency or liquidation proceeding.

In addition, the senior secured credit facilities and the indentures governing the first lien notes permit us to issue additional series of notes that also have a first-priority lien on the same collateral. As explained above, any time that the representative of the lenders under the cash flow credit facility does not have the right to take actions with respect to the collateral pursuant to the first lien intercreditor agreement, that right passes to the authorized representative of the holders of the next largest outstanding principal amount of indebtedness secured by a first-priority lien on the collateral. Even though the outstanding 2019 notes are the largest series of outstanding first lien notes, if we issue additional first lien notes in the future in a greater principal amount than the outstanding 2019 notes, then the authorized representative for those additional notes would be earlier in line to exercise rights under the first lien intercreditor agreement than the authorized representative for the outstanding 2019 notes.

Under the first lien intercreditor agreement, the authorized representative of the holders of the first lien notes may not object following the filing of a bankruptcy petition to any debtor-in-possession financing or to the use of the shared collateral to secure that financing, subject to conditions and limited exceptions. After such a filing, the value of this collateral could materially deteriorate, and holders of the first lien notes would be unable to raise an objection.

The collateral that secures the first lien notes and guarantees on a first-priority basis will also be subject to any and all exceptions, defects, encumbrances, liens and other imperfections as may be accepted by the authorized representative of the lenders under our cash flow credit facility or of a series of first lien notes during any period that such authorized representative controls actions with respect to the collateral pursuant to the first lien intercreditor agreement. The existence of any such exceptions, defects, encumbrances, liens and other imperfections could adversely affect the value of the collateral securing the first lien notes as well as the ability of the collateral agent for the first lien notes to realize or foreclose on such collateral for the benefit of the holders of the first lien notes.

***We will in most cases have control over the collateral, and the sale of particular assets by us could reduce the pool of assets securing the notes and the guarantees.***

The collateral documents allow us to remain in possession of, retain exclusive control over, freely operate, and collect, invest and dispose of any income from, the collateral securing the notes and the guarantees, except, under certain circumstances, cash transferred to accounts controlled by the administrative agent under our asset-based revolving credit facility.

In addition, we will not be required to comply with all or any portion of Section 314(d) of the Trust Indenture Act of 1939 (the "Trust Indenture Act") if we determine, in good faith based on advice of counsel, that, under the terms of that Section and/or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including no action letters or exemptive orders, all or such portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released collateral. For example, so long as no default or event of default under the indenture would result therefrom

and such transaction would not violate the Trust Indenture Act, we may, among other things, without any release or consent by the indenture trustee, conduct ordinary course activities with respect to collateral, such as selling, factoring, abandoning or otherwise

disposing of collateral and making ordinary course cash payments (including repayments of indebtedness). See

Description of the February 2009 Notes, Description of the April 2009 Notes, Description of the August 2009 Notes and Description of the March 2010 Notes.

***There are circumstances other than repayment or discharge of the notes under which the collateral securing the notes and guarantees will be released automatically, without your consent or the consent of the trustee.***

Under various circumstances, collateral securing the notes will be released automatically, including:

a sale, transfer or other disposal of such collateral in a transaction not prohibited under the indenture;

with respect to collateral held by a guarantor, upon the release of such guarantor from its guarantee;

with respect to collateral that is capital stock, upon the dissolution of the issuer of such capital stock in accordance with the indenture;

as to the first lien notes, with respect to any receivables collateral in which the first lien notes have a second-priority lien upon any release by the lenders under our asset-based revolving credit facility of their first-priority security interest in such collateral; *provided* that, if the release occurs in connection with a foreclosure or exercise of remedies by the collateral agent for the lenders under our asset-based revolving credit facility, the lien on that collateral will be automatically released but any proceeds thereof not used to repay the obligations under our asset-based revolving credit facility will be subject to lien in favor of the collateral agent for the holders of the first lien notes and our cash flow credit facility;

as to the first lien notes, with respect to the collateral upon which the first lien notes have a first-priority lien, upon any release in connection with a foreclosure or exercise of remedies with respect to that collateral directed by the authorized representative of the lenders under our cash flow credit facility during any period that such authorized representative controls actions with respect to the collateral pursuant to the first lien intercreditor agreement. Even though the holders of the first lien notes share ratably with the lenders under our cash flow credit facility, the authorized representative of the lenders under our cash flow credit facility will initially control actions with respect to the collateral, whether or not the holders of the notes agree or disagree with those actions. See Even though the holders of the first lien notes benefit from a first-priority lien on the collateral that secures our cash flow credit facility, the representative of the lenders under the cash flow credit facility will initially control actions with respect to that collateral ; and

as to the 2009 second lien notes, with respect to any collateral in which the 2009 second lien notes have a second-priority or third-priority lien, upon any release by the lenders under our senior secured credit facilities and the collateral agent for our first lien notes of their first-priority or second-priority security interests in such collateral unless such release occurs in connection with a discharge in full in cash of first lien obligations, which discharge is not in connection with a foreclosure of, or other exercise of remedies with respect to, non-receivables collateral by the first lien secured parties (such discharge not in connection with any such foreclosure or exercise of remedies, a Payment Discharge ); *provided* that, in the case of a Payment Discharge, the lien on any non-receivables collateral disposed of in satisfaction in whole or in part of first lien obligations shall be automatically released, but any proceeds thereof not used for purposes of the discharge of first lien obligations in full in cash or otherwise in accordance with the indentures governing the second lien notes shall be subject to lien in favor of the collateral agent for the 2009 second lien notes and the other second lien notes.

In addition, the guarantee of a subsidiary guarantor will be automatically released to the extent it is released under the senior secured credit facilities or in connection with a sale of such subsidiary guarantor in a transaction not prohibited

by the indenture.

The indentures governing the notes also permit us to designate one or more of our restricted subsidiaries that is a guarantor of the notes as an unrestricted subsidiary. If we designate a subsidiary guarantor as an

**Table of Contents**

unrestricted subsidiary for purposes of the indentures governing the notes, all of the liens on any collateral owned by such subsidiary or any of its subsidiaries and any guarantees of the notes by such subsidiary or any of its subsidiaries will be released under the indentures but not necessarily under our senior secured credit facilities. Designation of an unrestricted subsidiary will reduce the aggregate value of the collateral securing the notes to the extent that liens on the assets of the unrestricted subsidiary and its subsidiaries are released. In addition, the creditors of the unrestricted subsidiary and its subsidiaries will have a senior claim on the assets of such unrestricted subsidiary and its subsidiaries. See Description of the February 2009 Notes, Description of the April 2009 Notes, Description of the August 2009 Notes and Description of the March 2010 Notes.

***The imposition of certain permitted liens will cause the assets on which such liens are imposed to be excluded from the collateral securing the notes and the guarantees. There are also certain other categories of property that are excluded from the collateral.***

The indentures governing the notes permit liens in favor of third parties to secure additional debt, including purchase money indebtedness and capital lease obligations, and any assets subject to such liens are automatically excluded from the collateral securing the notes and the guarantees. Our ability to incur purchase money indebtedness and capital lease obligations is subject to the limitations as described in Description of the February 2009 Notes, Description of the April 2009 Notes, Description of the August 2009 Notes and Description of the March 2010 Notes. In addition, certain categories of assets are excluded from the collateral securing the notes and the guarantees. Excluded assets include the assets of our non-guarantor subsidiaries and equity investees, certain capital stock and other securities of our subsidiaries and equity investees, certain properties that do not secure our senior secured credit facilities, certain European collateral that secures our senior secured European term loan facility, deposit accounts, other bank or securities accounts, cash, leaseholds and motor vehicles, and the proceeds from any of the foregoing. Also, the lien on properties defined as principal properties under our existing indenture dated as of December 16, 1993, so long as that indenture remains in effect, will be limited to securing a portion of the indebtedness under our cash flow credit facility and the first lien notes that, in the aggregate, does not exceed 10% of our consolidated net tangible assets. These principal properties do not secure the 2009 second lien notes or the other second lien notes. See Description of the February 2009 Notes, Description of the April 2009 Notes, Description of the August 2009 Notes and Description of the March 2010 Notes. If an event of default occurs under any series of notes and those notes are accelerated, the notes and the guarantees will rank equally with the holders of other unsubordinated and unsecured indebtedness of the relevant entity with respect to any excluded property.

As of December 31, 2009, our non-guarantor subsidiaries accounted for approximately \$9.672 billion, or 40.1%, of our total assets and approximately \$6.750 billion, or 21.1%, of our total liabilities.

***The pledge of the capital stock, other securities and similar items of our subsidiaries that secure the notes will automatically be released from the lien on them and no longer constitute collateral for so long as the pledge of such capital stock or such other securities would require the filing of separate financial statements with the SEC for that subsidiary.***

The notes and the guarantees are secured by a pledge of the stock of some of our subsidiaries. Under the SEC regulations in effect as of the issue date of the notes, if the par value, book value as carried by us or market value (whichever is greatest) of the capital stock, other securities or similar items of a subsidiary pledged as part of the collateral is greater than or equal to 20% of the aggregate principal amount of any class of notes then outstanding, such subsidiary would be required to provide separate financial statements to the SEC. Therefore, the indentures and the collateral documents relating to each series of notes provide that any capital stock and other securities of any of our subsidiaries will be excluded from the collateral for so long as the pledge of such capital stock or other securities to secure that series of notes would cause such subsidiary to be required to file separate financial statements with the SEC pursuant to Rule 3-16 of Regulation S-X (as in effect from time to time).

As a result, holders of the notes could lose a portion or all of their security interest in the capital stock or other securities of those subsidiaries during such period. It may be more difficult, costly and time-consuming

**Table of Contents**

for holders of the notes to foreclose on the assets of a subsidiary than to foreclose on its capital stock or other securities, so the proceeds realized upon any such foreclosure could be significantly less than those that would have been received upon any sale of the capital stock or other securities of such subsidiary. See Description of the February 2009 Notes Security, Description of the April 2009 Notes Security, Description of the August 2009 Notes Security and Description of the March 2010 Notes Security.

***Your rights in the collateral may be adversely affected by the failure to perfect security interests in certain collateral in the future.***

Applicable law requires that certain property and rights acquired after the grant of a general security interest, such as real property, equipment subject to a certificate and certain proceeds, can only be perfected at the time such property and rights are acquired and identified. The trustees or the collateral agents for the notes may not monitor, or we may not inform the trustees or the collateral agents of, the future acquisition of property and rights that constitute collateral, and necessary action may not be taken to properly perfect the security interest in such after-acquired collateral. The collateral agents for the notes have no obligation to monitor the acquisition of additional property or rights that constitute collateral or the perfection of any security interest in favor of the notes against third parties. Such failure may result in the loss of the security interest therein or the priority of the security interest in favor of the notes against third parties.

***The collateral is subject to casualty risks.***

We intend to maintain insurance or otherwise insure against hazards in a manner appropriate and customary for our business. There are, however, certain losses that may be either uninsurable or not economically insurable, in whole or in part. Insurance proceeds may not compensate us fully for our losses. If there is a complete or partial loss of any of the pledged collateral, the insurance proceeds may not be sufficient to satisfy all of the secured obligations, including the notes and the guarantees.

***We may not be able to repurchase the notes upon a change of control.***

Upon the occurrence of specific kinds of change of control events, we will be required to offer to repurchase all outstanding notes at 101% of their principal amount plus accrued and unpaid interest. The source of funds for any such purchase of the notes will be our available cash or cash generated from our subsidiaries' operations or other sources, including borrowings, sales of assets or sales of equity. We may not be able to repurchase the notes upon a change of control because we may not have sufficient financial resources to purchase all of the notes that are tendered upon a change of control. Further, we are contractually restricted under the terms of our senior secured credit facilities from repurchasing all of the notes tendered by holders upon a change of control. Accordingly, we may not be able to satisfy our obligations to purchase the notes unless we are able to refinance or obtain waivers under the instruments governing that indebtedness. Our failure to repurchase any series of notes upon a change of control would cause a default under the indenture governing that series of notes and a cross-default under the instruments governing our senior secured credit facilities and the indentures governing our other first lien notes and second lien notes. The instruments governing our senior secured credit facilities also provide that a change of control will be a default that permits lenders to accelerate the maturity of borrowings thereunder. Any of our future debt agreements may contain similar provisions.

***In the event of our bankruptcy, the ability of the holders of the notes to realize upon the collateral will be subject to certain bankruptcy law limitations.***

The ability of holders of the notes to realize upon the collateral will be subject to certain bankruptcy law limitations in the event of our bankruptcy. Under applicable U.S. federal bankruptcy laws, secured creditors are prohibited from

repossessing their security from a debtor in a bankruptcy case without bankruptcy court approval and may be prohibited from disposing of security repossessed from such a debtor without bankruptcy court approval. Moreover, applicable federal bankruptcy laws generally permit the debtor to continue to retain collateral, including cash collateral, even though the debtor is in default under the applicable debt instruments, provided that the secured creditor is given adequate protection.

**Table of Contents**

The meaning of the term "adequate protection" may vary according to the circumstances, but is intended generally to protect the value of the secured creditor's interest in the collateral at the commencement of the bankruptcy case and may include cash payments or the granting of additional security if and at such times as the court, in its discretion, determines that a diminution in the value of the collateral occurs as a result of the stay of repossession or the disposition of the collateral during the pendency of the bankruptcy case. In view of the lack of a precise definition of the term "adequate protection" and the broad discretionary powers of a U.S. bankruptcy court, we cannot predict whether or when the collateral agent for the notes could foreclose upon or sell the collateral or whether or to what extent holders of notes would be compensated for any delay in payment or loss of value of the collateral through the requirement of "adequate protection."

Moreover, the collateral agents may need to evaluate the impact of the potential liabilities before determining to foreclose on collateral consisting of real property, if any, because secured creditors that hold a security interest in real property may be held liable under environmental laws for the costs of remediating or preventing the release or threatened release of hazardous substances at such real property. Consequently, the collateral agents may decline to foreclose on such collateral or exercise remedies available in respect thereof if they do not receive indemnification to their satisfaction from the holders of the notes.

***Federal and state fraudulent transfer laws may permit a court to void the guarantees, and, if that occurs, you may not receive any payments on the notes.***

Federal and state fraudulent transfer and conveyance statutes may apply to the issuance of the notes and the incurrence of the guarantees. Under federal bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws, which may vary from state to state, the notes or guarantees could be voided as a fraudulent transfer or conveyance if (1) we or any of the guarantors, as applicable, issued the notes or incurred the guarantees with the intent of hindering, delaying or defrauding creditors or (2) we or any of the guarantors, as applicable, received less than reasonably equivalent value or fair consideration in return for either issuing the notes or incurring the guarantees and, in the case of (2) only, one of the following is also true at the time thereof:

we or any of the guarantors, as applicable, were insolvent or rendered insolvent by reason of the issuance of the notes or the incurrence of the guarantees;

the issuance of the notes or the incurrence of the guarantees left us or any of the guarantors, as applicable, with an unreasonably small amount of capital to carry on the business;

we or any of the guarantors intended to, or believed that we or such guarantor would, incur debts beyond our or such guarantor's ability to pay as they mature; or

we were or any of the guarantors was a defendant in an action for money damages, or had a judgment for money damages docketed against us or such guarantor if, in either case, after final judgment, the judgment was unsatisfied.

If a court were to find that the issuance of the notes or the incurrence of the guarantee was a fraudulent transfer or conveyance, the court could void the payment obligations under the notes or such guarantee or further subordinate the notes or such guarantee to presently existing and future indebtedness of ours or of the related guarantor, or require the holders of the notes to repay any amounts received with respect to such guarantee. In the event of a finding that a fraudulent transfer or conveyance occurred, you may not receive any repayment on the notes. Further, the voidance of the notes could result in an event of default with respect to our and our subsidiaries' other debt that could result in acceleration of such debt.

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or an antecedent debt is secured or satisfied. A debtor will generally not be considered to have received value in connection with a debt offering if the debtor uses the proceeds of that offering to make a dividend payment or otherwise retire or redeem equity securities issued by the debtor.

We cannot be certain as to the standards a court would use to determine whether or not we or the guarantors were solvent at the relevant time or, regardless of the standard that a court uses, that the issuance

**Table of Contents**

of the guarantees would not be further subordinated to our or any of our guarantors' other debt. Generally, however, an entity would be considered insolvent if, at the time it incurred indebtedness:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

***Your ability to transfer the notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the notes.***

We cannot assure you that an active market for the exchange notes will develop or, if developed, that it will continue. Historically, the market for non investment-grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the notes. We cannot assure you that the market, if any, for the exchange notes will be free from similar disruptions or that any such disruptions may not adversely affect the prices at which you may sell your notes. In addition, the exchange notes may trade at a discount from the price at which the outstanding notes of the applicable series were initially offered, depending upon prevailing interest rates, the market for similar notes, our performance and other factors.

ML Global Private Equity Fund, L.P., ML HCA Co. Invest, L.P. and Merrill Lynch Ventures L.P. 2001 are affiliates of Banc of America Securities LLC, which was one of the initial purchasers of the outstanding notes. As a result of this affiliate relationship, if Banc of America Securities LLC conducts any market making activities with respect to the exchange notes, Banc of America Securities LLC will be required to deliver a market making prospectus when effecting offers and sales of the exchange notes. For as long as a market making prospectus is required to be delivered, the ability of Banc of America Securities LLC to make a market in the exchange notes may, in part, be dependent on our ability to maintain a current market making prospectus for its use. If we are unable to maintain a current market making prospectus, Banc of America Securities LLC may be required to discontinue its market making activities without notice.

***The outstanding 2017 notes and the outstanding 2019 notes were issued with original issue discount for U.S. federal income tax purposes.***

The outstanding 2017 notes and the outstanding 2019 notes were issued with original issue discount (OID) for U.S. federal income tax purposes in an amount equal to the difference between their stated principal amount and their issue price. U.S. holders of the outstanding 2017 notes and the outstanding 2019 notes will be required to include such difference in gross income on a constant yield to maturity basis in advance of the receipt of cash payment thereof regardless of such holder's method of accounting for U.S. federal income tax purposes. **USE OF PROCEEDS**

We will not receive any cash proceeds from the issuance of the exchange notes pursuant to the exchange offers. In consideration for issuing the exchange notes as contemplated in this prospectus, we will receive in exchange a like principal amount of outstanding notes, the terms of which are identical in all material respects to the exchange notes. The outstanding notes surrendered in exchange for the exchange notes will be retired and cancelled and cannot be reissued. Accordingly, the issuance of the exchange notes will not result in any change in our capitalization.

- (1) On January 27, 2010, our Board of Directors declared a distribution to the Company's stockholders and holders of vested stock options, which was paid on February 5, 2010. The distribution was \$17.50 per share and vested stock option, or approximately \$1.750 billion in the aggregate. The distribution was funded using borrowings of approximately \$1.650 billion under our existing senior secured credit facilities and approximately \$100 million of cash on hand.
- (2) In connection with the Recapitalization, we entered into (i) a \$2.000 billion asset-based revolving credit facility with an original six-year maturity (the "asset-based revolving credit facility") (\$715 million outstanding at December 31, 2009 and an additional approximately \$1.050 billion was drawn in connection with the February 2010 distribution); (ii) a \$2.000 billion senior secured revolving credit facility with an original six-year maturity (the "senior secured revolving credit facility") (none outstanding at December 31, 2009, without giving effect to outstanding letters of credit, but approximately \$600 million of which was drawn in connection with the February 2010 distribution); (iii) a \$2.750 billion senior secured term loan A facility with an original six-year maturity (\$1.908 billion outstanding at December 31, 2009, and approximately \$1.618 billion outstanding after giving effect to the use of the estimated net proceeds of the outstanding September 2020 notes); (iv) an \$8.800 billion senior secured term loan B facility with an original seven-year maturity (\$6.515 billion outstanding at December 31, 2009, and approximately \$5.528 billion

outstanding after giving effect to the use of the estimated net proceeds of the offering of the outstanding September 2020 notes); and (v) a 1.000 billion ( 394 million, or \$564 million-equivalent, outstanding at December 31, 2009, and approximately 335 million, or \$479 million-equivalent, outstanding after giving effect to the use of the estimated net proceeds of the offering of the outstanding September 2020 notes), senior secured European term loan facility with an original seven-year maturity. We refer to the facilities described under (ii) through (v) above, collectively, as the cash flow credit facility and, together with the asset-based revolving credit facility, the senior secured credit facilities.

- (3) In April 2009, we issued \$1.500 billion aggregate principal amount of first lien notes at a price of 96.755% of their face value, resulting in \$1.451 billion of gross proceeds, which were used to repay obligations under our cash flow credit facility after the payment of related fees and expenses. In August 2009, we issued \$1.250 billion aggregate principal amount of first lien notes at a price of 98.254% of their face value, resulting in \$1.228 billion of gross proceeds, which were used to repay obligations under our cash flow credit facility after the payment of related fees and expenses. In March 2010, we issued \$1.400 billion aggregate principal amount of first lien notes at a price of 99.095% of their face value, resulting in approximately \$1.387 billion of gross proceeds, which were used to repay obligations under our cash flow credit facility after the payment of related fees and expenses. In each case, the discount will accrete and be included in interest expense until the applicable first lien notes mature.
- (4) Consists of capital leases and other secured debt with a weighted average interest rate of 6.84%.
- (5) Consists of \$4.200 billion of second lien notes (comprised of \$1.000 billion of 91/8% notes due 2014 and \$3.200 billion of 91/4% notes due 2016) and \$1.578 billion of 95/8%/103/8% second lien toggle notes (which allow us, at our option, to pay interest in kind during the first five years at the higher interest rate of 103/8%) due 2016. In addition, in February 2009 we issued \$310 million aggregate principal amount of 97/8% second lien notes due 2017 at a price of 96.673% of their face value, resulting in \$300 million of gross proceeds, which were used to repay obligations under our cash flow credit facility after payment of related fees and expenses. The discount on the 2009 second lien notes will accrete and be included in interest expense until those 2009 second lien notes mature.
- (6) Consists of (i) an aggregate principal amount of \$367 million medium-term notes with maturities ranging from 2010 to 2025 and a weighted average interest rate of 8.42%; (ii) an aggregate principal amount of \$886 million debentures with maturities ranging from 2015 to 2095 and a weighted average interest rate of 7.55%; (iii) an aggregate principal amount of \$5.407 billion senior notes with maturities ranging from 2010 to 2033 and a weighted average interest rate of 6.79%; (iv) £121 million (\$196 million-equivalent at December 31, 2009) aggregate principal amount of 8.75% senior notes due 2010; and (v) \$10 million of unamortized debt discounts that reduce the existing indebtedness. For more information regarding our unsecured and other indebtedness, see Description of Other Indebtedness.

(a) For purposes of calculating the ratio of earnings to fixed charges, earnings consist of net income attributable to noncontrolling interests and income taxes plus fixed charges, exclusive of capitalized interest. - (d) Licensed beds are those beds for which a facility has been granted approval to operate from the applicable state licensing agency.
- (e) Weighted average licensed beds represents the average number of licensed beds, weighted based on periods owned.

- (g) Equivalent admissions are used by management and certain investors as a general measure of combined inpatient and outpatient volume. Equivalent admissions are computed by multiplying admissions (inpatient volume) by the sum of gross inpatient revenue and gross outpatient revenue and then dividing the resulting amount by gross inpatient revenue. The equivalent admissions computation equates outpatient revenue to the volume measure (admissions) used to measure inpatient volume, resulting in a general measure of combined inpatient and outpatient volume.
- (h) Represents the average number of days admitted patients stay in our hospitals.
- (i) Represents the average number of patients in our hospital beds each day.
- (j) Represents the percentage of hospital licensed beds occupied by patients. Both average daily census and occupancy rate provide measures of the utilization of inpatient rooms.
- (k) Represents the number of patients treated in our emergency rooms.
- (l) Represents the number of surgeries performed on patients who were not admitted to our hospitals. Pain management and endoscopy procedures are not included in outpatient surgeries.
- (m) Represents the number of surgeries performed on patients who have been admitted to our hospitals. Pain management and endoscopy procedures are not included in inpatient surgeries.
- (n) Revenues per day is calculated by dividing the revenues for the period by the days in the period. Days revenues in accounts receivable is then calculated as accounts receivable, net of the allowance for doubtful accounts, at the end of the period divided by revenues per day.
- (o) Gross patient revenues are based upon our standard charge listing. Gross charges/revenues typically do not reflect what our hospital facilities are paid. Gross charges/revenues are reduced by contractual adjustments, discounts and charity care to determine reported revenues.
- (p) Represents the percentage of patient revenues related to patients who are not admitted to our hospitals.

**Overview**

We are one of the leading health care services companies in the United States. At December 31, 2009, we operated 163 hospitals, comprised of 157 general, acute care hospitals; five psychiatric hospitals; and one rehabilitation hospital. The 163 hospital total includes eight hospitals (seven general, acute care hospitals and one rehabilitation hospital) owned by joint ventures in which an affiliate of HCA is a partner, and these joint ventures are accounted for using the equity method. In addition, we operated 105 freestanding surgery centers, eight of which are owned by joint ventures in which an affiliate of HCA is a partner, and these joint ventures are accounted for using the equity method. Our facilities are located in 20 states and England. For the year ended December 31, 2009, we generated revenues of \$30.052 billion and net income attributable to HCA Inc. of \$1.054 billion.

**2009 Operations Summary**

Net income attributable to HCA Inc. totaled \$1.054 billion for 2009, compared to \$673 million for 2008. The 2009 results include losses on sales of facilities of \$15 million and impairments of long-lived assets of \$43 million. The 2008 results include gains on sales of facilities of \$97 million and impairments of long-lived assets of \$64 million.

Revenues increased to \$30.052 billion for 2009 from \$28.374 billion for 2008. Revenues increased 5.9% on a consolidated basis and 6.1% on a same facility basis for 2009, compared to 2008. The consolidated revenues increase can be attributed to the combined impact of a 2.6% increase in revenue per equivalent admission and a 3.2% increase in equivalent admissions. The same facility revenues increase resulted from a 2.6% increase in same facility revenue per equivalent admission and a 3.4% increase in same facility equivalent admissions.

During 2009, consolidated admissions increased 1.0% and same facility admissions increased 1.2%, compared to 2008. Inpatient surgical volumes increased 0.3% on a consolidated basis and increased 0.5% on a same facility basis during 2009, compared to 2008. Outpatient surgical volumes declined 0.4% on a consolidated basis and declined 0.1% on a same facility basis during 2009, compared to 2008. Emergency department visits increased 6.6% on a consolidated basis and increased 7.0% on a same facility basis during 2009, compared to 2008.

For 2009, the provision for doubtful accounts declined to 10.9% of revenues from 12.0% of revenues for 2008. The combined self-pay revenue deductions for charity care and uninsured discounts increased \$1.486 billion for 2009, compared to 2008. The sum of the provision for doubtful accounts, uninsured discounts and charity care, as a percentage of the sum of net revenues, uninsured discounts and charity care, was 23.8% for 2009, compared to 21.9%

for 2008. Same facility uninsured admissions increased 4.7% and same facility uninsured emergency room visits increased 6.5% for 2009, compared to 2008.

Interest expense totaled \$1.987 billion for 2009, compared to \$2.021 billion for 2008. The \$34 million decline in interest expense for 2009 was due to a reduction in the average debt balance offsetting an increase in the average interest rate.

### **Critical Accounting Policies and Estimates**

The preparation of our consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities and the reported amounts of revenues and expenses. Our estimates are based on historical experience and various other assumptions we believe are reasonable under the circumstances. We evaluate our estimates on an ongoing basis and make changes to the estimates and related disclosures as experience develops or new information becomes known. Actual results may differ from these estimates.

We believe the following critical accounting policies affect our more significant judgments and estimates used in the preparation of our consolidated financial statements.

#### ***Revenues***

Revenues are recorded during the period the health care services are provided, based upon the estimated amounts due from payers. Estimates of contractual allowances under managed care health plans are based upon the payment terms specified in the related contractual agreements. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The estimated reimbursement amounts are made on a payer-specific basis and are recorded based on the best information available regarding management's interpretation of the applicable laws, regulations and contract terms. Management continually reviews the contractual estimation process to consider and incorporate updates to laws and regulations and the frequent changes in managed care contractual terms resulting from contract renegotiations and renewals. We have invested significant resources to refine and improve our computerized billing systems and the information system data used to make contractual allowance estimates. We have developed standardized calculation processes and related training programs to improve the utility of our patient accounting systems.

The Emergency Medical Treatment and Active Labor Act ( EMTALA ) requires any hospital participating in the Medicare program to conduct an appropriate medical screening examination of every person who presents to the hospital's emergency room for treatment and, if the individual is suffering from an emergency medical condition, to either stabilize the condition or make an appropriate transfer of the individual to a facility able to handle the condition. The obligation to screen and stabilize emergency medical conditions exists regardless of an individual's ability to pay for treatment. Federal and state laws and regulations, including but not limited to EMTALA, require, and our commitment to providing quality patient care encourages, the provision of services to patients who are financially unable to pay for the health care services they receive. The Health Reform Legislation requires health plans to reimburse hospitals for emergency services provided to enrollees without prior authorization and without regard to whether a participating provider contract is in place. Further, the Health Reform Legislation contains provisions that seek to decrease the number of uninsured individuals, including requirements, which do not become effective until 2014, for individuals to obtain, and employers to provide, insurance coverage. These mandates may reduce the financial impact of screening for and stabilizing emergency medical conditions. However, it is difficult to predict the full impact of the Health Reform Legislation due to the law's complexity, lack of implementing regulations or interpretive guidance, gradual implementation and possible amendment.

We do not pursue collection of amounts related to patients who meet our guidelines to qualify as charity care; therefore, they are not reported in revenues. Patients treated at our hospitals for nonelective care, who have income at or below 200% of the federal poverty level, are eligible for charity care. The federal poverty level is established by the federal government and is based on income and family size. We provide discounts from our gross charges to uninsured patients who do not qualify for Medicaid or charity care. These discounts are similar to those provided to many local managed care plans.

Due to the complexities involved in the classification and documentation of health care services authorized and provided, the estimation of revenues earned and the related reimbursement are often subject to interpretations that could result in payments that are different from our estimates. Adjustments to estimated Medicare and Medicaid reimbursement amounts and disproportionate-share funds, which resulted in net increases to revenues, related primarily to cost reports filed during the respective year were \$40 million, \$32 million and \$47 million in 2009, 2008 and 2007, respectively. The adjustments to estimated

**Table of Contents**

reimbursement amounts, which resulted in net increases to revenues, related primarily to cost reports filed during previous years were \$60 million, \$35 million and \$83 million in 2009, 2008 and 2007, respectively. We expect adjustments during the next 12 months related to Medicare and Medicaid cost report filings and settlements and disproportionate-share funds will result in increases to revenues within generally similar ranges.

***Provision for Doubtful Accounts and the Allowance for Doubtful Accounts***

The collection of outstanding receivables from Medicare, managed care payers, other third-party payers and patients is our primary source of cash and is critical to our operating performance. The primary collection risks relate to uninsured patient accounts, including patient accounts for which the primary insurance carrier has paid the amounts covered by the applicable agreement, but patient responsibility amounts (deductibles and copayments) remain outstanding. The provision for doubtful accounts and the allowance for doubtful accounts relate primarily to amounts due directly from patients. An estimated allowance for doubtful accounts is recorded for all uninsured accounts, regardless of the aging of those accounts. Accounts are written off when all reasonable internal and external collection efforts have been performed. Our collection policies include a review of all accounts against certain standard collection criteria, upon completion of our internal collection efforts. Accounts determined to possess positive collectibility attributes are forwarded to a secondary external collection agency and the other accounts are written off. The accounts that are not collected by the secondary external collection agency are written off when they are returned to us by the collection agency (usually within 12 months). Writeoffs are based upon specific identification and the writeoff process requires a writeoff adjustment entry to the patient accounting system. We do not pursue collection of amounts related to patients that meet our guidelines to qualify as charity care.

The amount of the provision for doubtful accounts is based upon management's assessment of historical writeoffs and expected net collections, business and economic conditions, trends in federal, state, and private employer health care coverage and other collection indicators. Management relies on the results of detailed reviews of historical writeoffs and recoveries at facilities that represent a majority of our revenues and accounts receivable (the hindsight analysis) as a primary source of information in estimating the collectibility of our accounts receivable. We perform the hindsight analysis quarterly, utilizing rolling twelve-months accounts receivable collection and writeoff data. We believe our quarterly updates to the estimated allowance for doubtful accounts at each of our hospital facilities provide reasonable valuations of our accounts receivable. These routine, quarterly changes in estimates have not resulted in material adjustments to our allowance for doubtful accounts, provision for doubtful accounts or period-to-period comparisons of our results of operations. At December 31, 2009 and 2008, the allowance for doubtful accounts represented approximately 94% and 92%, respectively, of the \$5.176 billion and \$5.148 billion, respectively, patient due accounts receivable balance. The patient due accounts receivable balance represents the estimated uninsured portion of our accounts receivable. The estimated uninsured portion of Medicaid pending and uninsured discount pending accounts is included in our patient due accounts receivable balance.

The revenue deductions related to uninsured accounts (charity care and uninsured discounts) generally have the inverse effect on the provision for doubtful accounts. To quantify the total impact of and trends related to uninsured accounts, we believe it is beneficial to view these revenue deductions and provision for doubtful accounts in combination, rather than each separately. A summary of these amounts for the years ended December 31, follows (dollars in millions):

	<b>2009</b>	<b>2008</b>	<b>2007</b>
Provision for doubtful accounts	<b>\$ 3,276</b>	\$ 3,409	\$ 3,130
Uninsured discounts	<b>2,935</b>	1,853	1,474
Charity care	<b>2,151</b>	1,747	1,530

Totals	<b>\$ 8,362</b>	\$ 7,009	\$ 6,134
--------	-----------------	----------	----------

The provision for doubtful accounts, as a percentage of revenues, increased from 11.7% for 2007 to 12.0% for 2008 and declined to 10.9% for 2009. However, the sum of the provision for doubtful accounts,

**Table of Contents**

uninsured discounts and charity care, as a percentage of the sum of net revenues, uninsured discounts and charity care increased from 20.5% for 2007 to 21.9% for 2008 and to 23.8% for 2009.

Days revenues in accounts receivable were 45 days, 49 days and 53 days at December 31, 2009, 2008 and 2007, respectively. Management expects a continuation of the challenges related to the collection of the patient due accounts. Adverse changes in the percentage of our patients having adequate health care coverage, general economic conditions, patient accounting service center operations, payer mix, or trends in federal, state, and private employer health care coverage could affect the collection of accounts receivable, cash flows and results of operations.

The approximate breakdown of accounts receivable by payer classification as of December 31, 2009 and 2008 is set forth in the following table:

	<b>% of Accounts Receivable</b>		
	<b>Under 91 Days</b>	<b>91 180 Days</b>	<b>Over 180 Days</b>

***Professional Liability Claims***

We, along with virtually all health care providers, operate in an environment with professional liability risks. Our facilities are insured by our wholly-owned insurance subsidiary for losses up to \$50 million per occurrence, subject to a \$5 million per occurrence self-insured retention. We purchase excess insurance on a claims-made basis for losses in excess of \$50 million per occurrence. Our professional liability reserves, net of receivables under reinsurance contracts, do not include amounts for any estimated losses covered by our excess insurance coverage. Provisions for losses related to professional liability risks were \$211 million, \$175 million and \$163 million for the years ended December 31, 2009, 2008 and 2007, respectively.

Reserves for professional liability risks represent the estimated ultimate cost of all reported and unreported losses incurred through the respective consolidated balance sheet dates. The estimated ultimate cost includes estimates of direct expenses and fees paid to outside counsel and experts, but does not include the general overhead costs of our insurance subsidiary or corporate office. Individual case reserves are established based upon the particular circumstances of each reported claim and represent our estimates of the future costs that will be paid on reported claims. Case reserves are reduced as claim payments are made and are adjusted upward or downward as our estimates regarding the amounts of future losses are revised. Once the case reserves for known claims are determined,

information is stratified by loss layers and retentions, accident years, reported years, and geographic location of our hospitals. Several actuarial methods are employed to utilize this data to produce estimates of ultimate losses and reserves for incurred but not reported claims, including: paid and incurred extrapolation methods utilizing paid and incurred loss development to estimate ultimate losses; frequency and severity methods utilizing paid and incurred claims development to estimate ultimate average frequency (number of claims) and ultimate average severity (cost per claim); and Bornhuetter-Ferguson methods which add expected development to actual paid or incurred experience to estimate ultimate losses. These methods use our company-specific historical claims data and other information. Company-specific claim reporting and settlement data collected over an approximate 20-year period is used in our reserve estimation process. This company-specific data includes information regarding our business,

**Table of Contents**

including historical paid losses and loss adjustment expenses, historical and current case loss reserves, actual and projected hospital statistical data, professional liability retentions for each policy year, geographic information and other data.

Reserves and provisions for professional liability risks are based upon actuarially determined estimates. The estimated reserve ranges, net of amounts receivable under reinsurance contracts, were \$1.024 billion to \$1.270 billion at December 31, 2009 and \$1.102 billion to \$1.332 billion at December 31, 2008. Our estimated reserves for professional liability claims may change significantly if future claims differ from expected trends. We perform sensitivity analyses which model the volatility of key actuarial assumptions and monitor our reserves for adequacy relative to all our assumptions in the aggregate. Based on our analysis, we believe the estimated professional liability reserve ranges represent the reasonably likely outcomes for ultimate losses. We consider the number and severity of claims to be the most significant assumptions in estimating reserves for professional liabilities. A 2% change in the expected frequency trend could be reasonable likely and would increase the reserve estimate by \$16 million or reduce the reserve estimate by \$15 million. A 2% change in the expected claim severity trend could be reasonable likely and would increase the reserve estimate by \$69 million or reduce the reserve estimate by \$63 million. We believe adequate reserves have been recorded for our professional liability claims; however, due to the complexity of the claims, the extended period of time to settle the claims and the wide range of potential outcomes, our ultimate liability for professional liability claims could change by more than the estimated sensitivity amounts and could change materially from our current estimates.

The reserves for professional liability risks cover approximately 2,600 and 2,800 individual claims at December 31, 2009 and 2008, respectively, and estimates for unreported potential claims. The time period required to resolve these claims can vary depending upon the jurisdiction and whether the claim is settled or litigated. The average time period between the occurrence and payment of final settlement for our professional liability claims is approximately five years, although the facts and circumstances of each individual claim can result in an occurrence-to-settlement timeframe that varies from this average. The estimation of the timing of payments beyond a year can vary significantly.

Reserves for professional liability risks were \$1.322 billion and \$1.387 billion at December 31, 2009 and 2008, respectively. The current portion of these reserves, \$265 million and \$279 million at December 31, 2009 and 2008, respectively, is included in other accrued expenses. Obligations covered by reinsurance contracts are included in the reserves for professional liability risks, as the insurance subsidiary remains liable to the extent reinsurers do not meet their obligations. Reserves for professional liability risks (net of \$53 million and \$57 million receivable under reinsurance contracts at December 31, 2009 and 2008, respectively) were \$1.269 billion and \$1.330 billion at December 31, 2009 and 2008, respectively. The estimated total net reserves for professional liability risks at December 31, 2009 and 2008 are comprised of \$680 million and \$724 million, respectively, of case reserves for known claims and \$589 million and \$606 million, respectively, of reserves for incurred but not reported claims.

Changes in our professional liability reserves, net of reinsurance recoverable, for the years ended December 31, are summarized in the following table (dollars in millions):

	<b>2009</b>	<b>2008</b>	<b>2007</b>

## **Table of Contents**

The favorable development related to prior years' claims resulted from declining claim frequency and moderating claim severity trends. We believe these favorable trends are primarily attributable to tort reforms enacted in key states, particularly Texas, and our risk management and patient safety initiatives, particularly in the area of obstetrics.

### ***Income Taxes***

We calculate our provision for income taxes using the asset and liability method, under which deferred tax assets and liabilities are recognized by identifying the temporary differences that arise from the recognition of items in different periods for tax and accounting purposes. Deferred tax assets generally represent the tax effects of amounts expensed in our income statement for which tax deductions will be claimed in future periods.

Although we believe we have properly reported taxable income and paid taxes in accordance with applicable laws, federal, state or international taxing authorities may challenge our tax positions upon audit. Significant judgment is required in determining and assessing the impact of uncertain tax positions. We report a liability for unrecognized tax benefits from uncertain tax positions taken or expected to be taken in our income tax return. During each reporting period, we assess the facts and circumstances related to uncertain tax positions. If the realization of unrecognized tax benefits is deemed probable based upon new facts and circumstances, the estimated liability and the provision for income taxes are reduced in the current period. Final audit results may vary from our estimates.

#### ***Revenue/Volume Trends***

Our revenues depend upon inpatient occupancy levels, the ancillary services and therapy programs ordered by physicians and provided to patients, the volume of outpatient procedures and the charge and negotiated payment rates for such services. Gross charges typically do not reflect what our facilities are actually paid. Our facilities have entered into agreements with third-party payers, including government programs and managed care health plans, under which the facilities are paid based upon the cost of providing services, predetermined rates per diagnosis, fixed per diem rates or discounts from gross charges. We do not pursue collection of amounts related to patients who meet our guidelines to qualify for charity care; therefore, they are not reported in revenues. We provide discounts to uninsured patients who do not qualify for Medicaid or charity care that are similar to the discounts provided to many local managed care plans.

Revenues increased 5.9% to \$30.052 billion for 2009 from \$28.374 billion for 2008 and increased 5.6% for 2008 from \$26.858 billion for 2007. The increase in revenues in 2009 can be primarily attributed to the combined impact of a 2.6% increase in revenue per equivalent admission and a 3.2% increase in equivalent admissions compared to the prior year. The increase in revenues in 2008 can be primarily attributed to the combined impact of a 5.2% increase in revenue per equivalent admission and a 0.5% increase in equivalent admissions compared to 2007.

Consolidated admissions increased 1.0% in 2009 compared to 2008 and declined 0.7% in 2008 compared to 2007. Consolidated inpatient surgeries increased 0.3% and consolidated outpatient surgeries declined 0.4% during 2009 compared to 2008. Consolidated inpatient surgeries declined 4.5% and consolidated outpatient surgeries declined 0.9% during 2008 compared to 2007. Consolidated emergency department visits increased 6.6% during 2009 compared to 2008 and increased 2.5% during 2008 compared to 2007.

Same facility revenues increased 6.1% for the year ended December 31, 2009 compared to the year ended December 31, 2008 and increased 7.0% for the year ended December 31, 2008 compared to the year ended December 31, 2007. The 6.1% increase for 2009 can be primarily attributed to the combined impact of a 2.6% increase in same facility revenue per equivalent admission and a 3.4% increase in same facility equivalent admissions.

The 7.0% increase for 2008 can be primarily attributed to the combined impact of a 5.1% increase in same facility revenue per equivalent admission and a 1.9% increase in same facility equivalent admissions.

**Table of Contents**

Same facility admissions increased 1.2% in 2009 compared to 2008 and increased 0.9% in 2008 compared to 2007. Same facility inpatient surgeries increased 0.5% and same facility outpatient surgeries declined 0.1% during 2009 compared to 2008. Same facility inpatient surgeries declined 0.5% and same facility outpatient surgeries declined 0.2% during 2008 compared to 2007. Same facility emergency department visits increased 7.0% during 2009 compared to 2008 and increased 3.6% during 2008 compared to 2007.

Same facility uninsured emergency room visits increased 6.5% and same facility uninsured admissions increased 4.7% during 2009 compared to 2008. Same facility uninsured emergency room visits increased 4.5% and same facility uninsured admissions increased 1.7% during 2008 compared to 2007. Management believes same facility uninsured emergency department visits and same facility uninsured admissions could continue to increase during 2010 if the adverse general economic and unemployment trends continue.

At December 31, 2009, we owned and operated 38 hospitals and 33 surgery centers in the state of Florida. Our Florida facilities revenues totaled \$7.343 billion and \$7.099 billion for the years ended December 31, 2009 and 2008,

respectively. At December 31, 2009, we owned and operated 35 hospitals and 23 surgery centers in the state of Texas. Our Texas facilities' revenues totaled \$8.042 billion and \$7.351 billion for the years ended December 31, 2009 and 2008, respectively. During 2009 and 2008, 57% and 55%, respectively, of our admissions and 51% of our revenues were generated by our Florida and Texas facilities. Uninsured admissions in Florida and Texas represented 64% and 63% of our uninsured admissions during 2009 and 2008, respectively.

We provided \$2.151 billion, \$1.747 billion and \$1.530 billion of charity care (amounts are based upon our gross charges) during the years ended December 31, 2009, 2008 and 2007, respectively. We provide discounts to uninsured patients who do not qualify for Medicaid or charity care. These discounts are similar to those provided to many local managed care plans and totaled \$2.935 billion, \$1.853 billion and \$1.474 billion for the years ended December 31, 2009, 2008 and 2007, respectively.

**Table of Contents**

We receive a significant portion of our revenues from government health programs, principally Medicare and Medicaid, which are highly regulated and subject to frequent and substantial changes. We have increased the indigent care services we provide in several communities in the state of Texas, in affiliation with other hospitals. The state of Texas has been involved in the effort to increase the indigent care provided by private hospitals. As a result of this additional indigent care provided by private hospitals, public hospital districts or counties in Texas have available funds that were previously devoted to indigent care. The public hospital districts or counties are under no contractual or legal obligation to provide such indigent care. The public hospital districts or counties have elected to transfer some portion of these available funds to the state's Medicaid program. Such action is at the sole discretion of the public hospital districts or counties. It is anticipated that these contributions to the state will be matched with federal Medicaid funds. The state then may make supplemental payments to hospitals in the state for Medicaid services rendered. Hospitals receiving Medicaid supplemental payments may include those that are providing additional indigent care services. Such payments must be within the federal UPL established by federal regulation. Our Texas Medicaid revenues included \$474 million, \$262 million and \$232 million during 2009, 2008 and 2007, respectively, of Medicaid supplemental payments pursuant to UPL programs.

(a) Represents the total number of patients admitted to our hospitals and is used by management and certain investors as a general measure of inpatient volume.

- (b) Equivalent admissions are used by management and certain investors as a general measure of combined inpatient and outpatient volume. Equivalent admissions are computed by multiplying admissions (inpatient volume) by the sum of gross inpatient revenue and gross outpatient revenue and then dividing the resulting amount by gross inpatient revenue. The equivalent admissions computation equates outpatient revenue to the volume measure (admissions) used to measure inpatient volume, resulting in a general measure of combined inpatient and outpatient volume.
- (c) Same facility information excludes the operations of hospitals and their related facilities that were either acquired, divested or removed from service during the current and prior year.

***Years Ended December 31, 2009 and 2008***

Net income attributable to HCA Inc. totaled \$1.054 billion for the year ended December 31, 2009 compared to \$673 million for the year ended December 31, 2008. Financial results for 2009 include losses on sales of facilities of \$15 million and asset impairment charges of \$43 million. Financial results for 2008 include gains on sales of facilities of \$97 million and asset impairment charges of \$64 million.

Revenues increased 5.9% to \$30.052 billion for 2009 from \$28.374 billion for 2008. The increase in revenues was due primarily to the combined impact of a 2.6% increase in revenue per equivalent admission and a 3.2% increase in equivalent admissions compared to 2008. Same facility revenues increased 6.1% due primarily to the combined impact of a 2.6% increase in same facility revenue per equivalent admission and a 3.4% increase in same facility equivalent admissions compared to 2008.

During 2009, consolidated admissions increased 1.0% and same facility admissions increased 1.2% for 2009, compared to 2008. Consolidated inpatient surgical volumes increased 0.3%, and same facility inpatient surgeries increased 0.5% during 2009 compared to 2008. Consolidated outpatient surgical volumes declined 0.4%, and same facility outpatient surgeries declined 0.1% during 2009 compared to 2008. Emergency department visits increased 6.6% on a consolidated basis and increased 7.0% on a same facility basis during 2009 compared to 2008.

Salaries and benefits, as a percentage of revenues, were 39.8% in 2009 and 40.3% in 2008. Salaries and benefits per equivalent admission increased 1.3% in 2009 compared to 2008. Same facility labor rate increases averaged 3.7% for 2009 compared to 2008.

Supplies, as a percentage of revenues, were 16.2% in 2009 and 16.3% in 2008. Supply costs per equivalent admission increased 2.1% in 2009 compared to 2008. Same facility supply costs increased 5.9% for medical devices, 4.0% for pharmacy supplies, 7.1% for blood products and 7.0% for general medical and surgical items in 2009 compared to 2008.

Other operating expenses, as a percentage of revenues, declined to 15.7% in 2009 from 16.1% in 2008. Other operating expenses are primarily comprised of contract services, professional fees, repairs and maintenance, rents and leases, utilities, insurance (including professional liability insurance) and nonincome taxes. The overall decline in other operating expenses, as a percentage of revenues, is comprised of relatively small reductions in several areas, including utilities, employee recruitment and travel and entertainment. Other operating expenses include \$248 million and \$144 million of indigent care costs in certain Texas markets during 2009 and 2008, respectively. Provisions for losses related to professional liability risks were \$211 million and \$175 million for 2009 and 2008, respectively.

Provision for doubtful accounts declined \$133 million, from \$3.409 billion in 2008 to \$3.276 billion in 2009, and as a percentage of revenues, declined to 10.9% for 2009 from 12.0% in 2008. The provision for doubtful accounts and the allowance for doubtful accounts relate primarily to uninsured amounts due directly from patients. The decline in the provision for doubtful accounts can be attributed to the \$1.486 billion increase in the combined self-pay revenue deductions for charity care and uninsured discounts during 2009, compared to 2008. The sum of the provision for doubtful accounts, uninsured discounts and charity care, as a percentage of the sum of net revenues, uninsured discounts and charity care, was 23.8% for 2009, compared to 21.9% for 2008. At December 31, 2009, our allowance for doubtful accounts represented approximately 94% of the \$5.176 billion total patient due accounts receivable balance, including accounts, net of estimated contractual discounts, related to patients for which eligibility for Medicaid coverage or uninsured discounts was being evaluated.

Equity in earnings of affiliates increased from \$223 million for 2008 to \$246 million for 2009. Equity in earnings of affiliates relates primarily to our Denver, Colorado market joint venture.

Depreciation and amortization decreased, as a percentage of revenues, to 4.8% in 2009 from 5.0% in 2008. Depreciation expense was \$1.419 billion for 2009 and \$1.412 billion for 2008.

Interest expense decreased to \$1.987 billion for 2009 from \$2.021 billion for 2008. The decrease in interest expense was due to reductions in the average debt balance. Our average debt balance was

**Table of Contents**

\$26.267 billion for 2009 compared to \$27.211 billion for 2008. The average interest rate for our long-term debt increased from 7.4% for 2008 to 7.6% for 2009.

Net losses on sales of facilities were \$15 million for 2009 and included \$8 million of net losses on the sales of three hospital facilities and \$7 million of net losses on sales of real estate and other health care entity investments. Gains on sales of facilities were \$97 million for 2008 and included \$81 million of gains on the sales of two hospital facilities and \$16 million of net gains on sales of real estate and other health care entity investments.

Impairments of long-lived assets were \$43 million for 2009 and included \$19 million related to goodwill and \$24 million related to property and equipment. Impairments of long-lived assets were \$64 million for 2008 and included \$48 million related to goodwill and \$16 million related to property and equipment.

The effective tax rate was 37.3% and 28.5% for 2009 and 2008, respectively. The effective tax rate computations exclude net income attributable to noncontrolling interests as it relates to consolidated partnerships. Primarily as a result of reaching a settlement with the IRS Appeals Division and the revision of the amount of a proposed IRS adjustment related to prior taxable periods, we reduced our provision for income taxes by \$69 million in 2008. Excluding the effect of these adjustments, the effective tax rate for 2008 would have been 35.8%.

Net income attributable to noncontrolling interests increased from \$229 million for 2008 to \$321 million for 2009. The increase in net income attributable to noncontrolling interests related primarily to growth in operating results of hospital joint ventures in two Texas markets.

***Years Ended December 31, 2008 and 2007***

Net income attributable to HCA Inc. totaled \$673 million for the year ended December 31, 2008 compared to \$874 million for the year ended December 31, 2007. Financial results for 2008 include gains on sales of facilities of \$97 million and asset impairment charges of \$64 million. Financial results for 2007 include gains on sales of facilities of \$471 million and an asset impairment charge of \$24 million.

Revenues increased 5.6% to \$28.374 billion for 2008 from \$26.858 billion for 2007. The increase in revenues was due primarily to the combined impact of a 5.2% increase in revenue per equivalent admission and a 0.5% increase in equivalent admissions compared to 2007. Same facility revenues increased 7.0% due primarily to the combined impact of a 5.1% increase in same facility revenue per equivalent admission and a 1.9% increase in same facility equivalent admissions compared to 2007.

During 2008, consolidated admissions declined 0.7% and same facility admissions increased 0.9%, compared to 2007. Inpatient surgical volumes declined 4.5% on a consolidated basis and same facility inpatient surgeries declined 0.5% during 2008 compared to 2007. Outpatient surgical volumes declined 0.9% on a consolidated basis and same facility outpatient surgeries declined 0.2% during 2008 compared to 2007. Emergency department visits increased 2.5% on a consolidated basis and increased 3.6% on a same facility basis during 2008 compared to 2007.

Salaries and benefits, as a percentage of revenues, were 40.3% in 2008 and 39.9% in 2007. Salaries and benefits per equivalent admission increased 6.3% in 2008 compared to 2007. Same facility labor rate increases averaged 5.1% for 2008 compared to 2007.

Supplies, as a percentage of revenues, were 16.3% in 2008 and 16.4% in 2007. Supply costs per equivalent admission increased 4.5% in 2008 compared to 2007. Same facility supply costs increased 8.0% for medical devices, 2.8% for pharmacy supplies, 18.7% for blood products and 6.6% for general medical and surgical items in 2008 compared to 2007.

Other operating expenses, as a percentage of revenues, increased to 16.1% in 2008 from 15.7% in 2007. Other operating expenses are primarily comprised of contract services, professional fees, repairs and maintenance, rents and leases, utilities, insurance (including professional liability insurance) and nonincome taxes. Increases in professional fees paid to hospitalists, emergency room physicians and anesthesiologists represented 20 basis points of the 2008 increase in other operating expenses. Other operating expenses include

\$144 million and \$187 million of indigent care costs in certain Texas markets during 2008 and 2007, respectively. Provisions for losses related to professional liability risks were \$175 million and \$163 million for 2008 and 2007, respectively.

Provision for doubtful accounts, as a percentage of revenues, increased to 12.0% for 2008 from 11.7% in 2007. The provision for doubtful accounts and the allowance for doubtful accounts relate primarily to uninsured amounts due directly from patients. The increase in the provision for doubtful accounts, as a percentage of revenues, can be attributed to an increasing amount of patient financial responsibility under certain managed care plans and same facility increases in uninsured emergency room visits of 4.5% and uninsured admissions of 1.7% in 2008 compared to 2007. At December 31, 2008, our allowance for doubtful accounts represented approximately 92% of the \$5.148 billion total patient due accounts receivable balance, including accounts, net of estimated contractual discounts, related to patients for which eligibility for Medicaid coverage or uninsured discounts was being evaluated.

Equity in earnings of affiliates increased from \$206 million for 2007 to \$223 million for 2008. Equity in earnings of affiliates relates primarily to our Denver, Colorado market joint venture.

Depreciation and amortization declined, as a percentage of revenues, to 5.0% in 2008 from 5.4% in 2007. Depreciation expense was \$1.412 billion for 2008 and \$1.421 billion for 2007.

Interest expense declined to \$2.021 billion for 2008 from \$2.215 billion for 2007. The decline in interest expense was due to reductions in both the average debt balance and the average interest rate on long-term debt. Our average debt balance was \$27.211 billion for 2008 compared to \$27.732 billion for 2007. The average interest rate for our long-term debt declined from 8.0% for 2007 to 7.4% for 2008.

Gains on sales of facilities were \$97 million for 2008 and included \$81 million of net gains on the sales of two hospital facilities and \$16 million of net gains on sales of real estate and other health care entity investments. Gains on sales of facilities were \$471 million for 2007 and included a \$312 million gain on the sale of our two Switzerland hospitals, a \$131 million gain on the sale of a facility in Florida and \$28 million of net gains on sales of real estate and other health care entity investments.

Impairments of long-lived assets were \$64 million for 2008 and included \$48 million related to goodwill and \$16 million related to property and equipment. The \$24 million asset impairment for 2007 related to property and equipment.

The effective tax rate was 28.5% for 2008 and 26.6% for 2007, respectively. The effective tax rate computations exclude net income attributable to noncontrolling interests as it relates to consolidated partnerships. Primarily as a result of reaching a settlement with the IRS Appeals Division and the revision of the amount of a proposed IRS adjustment related to prior taxable periods, we reduced our provision for income taxes by \$69 million in 2008. Our 2007 provision for income taxes was reduced by \$85 million, principally based on receiving new information related to tax positions taken in a prior taxable year, and by an additional \$39 million to adjust 2006 state tax accruals to the amounts reported on completed tax returns and based upon an analysis of the Recapitalization costs. Excluding the effect of these adjustments, the effective tax rates for 2008 and 2007 would have been 35.8% and 37.0%, respectively.

Net income attributable to noncontrolling interests increased from \$208 million for 2007 to \$229 million for 2008. The increase relates primarily to our Austin, Texas market partnership and our group purchasing organization.

## **Liquidity and Capital Resources**

Our primary cash requirements are paying our operating expenses, servicing our debt, capital expenditures on our existing properties, acquisitions of hospitals and other health care entities and distributions to noncontrolling interests. Our primary cash sources are cash flow from operating activities, issuances of debt and equity securities and dispositions of hospitals and other health care entities.

Cash provided by operating activities totaled \$2.747 billion in 2009 compared to \$1.990 billion in 2008 and \$1.564 billion in 2007. Working capital totaled \$2.264 billion at December 31, 2009 and \$2.391 billion at

**Table of Contents**

December 31, 2008. The \$757 million increase in cash provided by operating activities for 2009, compared to 2008, related primarily to the \$473 million increase in net income and \$143 million improvement from changes in operating assets and liabilities and the provision for doubtful accounts. The \$426 million increase in cash provided by operating activities for 2008, compared to 2007, relates primarily to changes in working capital items. The changes in accounts receivable (net of the provision for doubtful accounts), inventories and other assets, and accounts payable and accrued expenses contributed \$42 million to cash provided by operating activities for 2008 while changes in these items decreased cash provided by operating activities by \$485 million for 2007. The net impact of the cash payments for interest and income taxes was an increase in cash payments of \$203 million for 2009 compared to 2008 and an increase of \$111 million for 2008 compared to 2007.

Cash used in investing activities was \$1.035 billion, \$1.467 billion and \$479 million in 2009, 2008 and 2007, respectively. Excluding acquisitions, capital expenditures were \$1.317 billion in 2009, \$1.600 billion in 2008 and \$1.444 billion in 2007. We expended \$61 million, \$85 million and \$32 million for acquisitions of hospitals and health care entities during 2009, 2008 and 2007, respectively. Expenditures for acquisitions in all three years were generally comprised of outpatient and ancillary services entities and were funded by a combination of cash flows from operations and the issuance or incurrence of debt. Planned capital expenditures are expected to approximate \$1.5 billion in 2010. At December 31, 2009, there were projects under construction which had an estimated additional cost to complete and equip over the next five years of \$1.2 billion. We expect to finance capital expenditures with internally generated and borrowed funds.

During 2009, we received cash proceeds of \$41 million from dispositions of three hospitals and sales of other health care entities and real estate investments. We also received net cash proceeds of \$303 million related to net changes in our investments. During 2008, we received cash proceeds of \$143 million from dispositions of two hospitals and \$50 million from sales of other health care entities and real estate investments. During 2007, we sold three hospitals for cash proceeds of \$661 million, and we also received cash proceeds of \$106 million related primarily to the sales of real estate investments and \$207 million related to net changes in our investments.

Cash used in financing activities totaled \$1.865 billion in 2009, \$451 million in 2008 and \$1.326 billion in 2007. During 2009, 2008 and 2007, we used cash proceeds from sales of facilities and available cash provided by operations to make net debt repayments of \$1.459 billion, \$260 million and \$1.270 billion, respectively. During 2009, 2008 and 2007, we made distributions to noncontrolling interests of \$330 million, \$178 million and \$152 million, respectively. We also paid debt issuance costs of \$70 million for 2009. We or our affiliates, including affiliates of the Sponsors, may in the future repurchase portions of our debt securities, subject to certain limitations, from time to time in either the open market or through privately negotiated transactions, in accordance with applicable SEC and other legal requirements. The timing, prices, and sizes of purchases depend upon prevailing trading prices, general economic and market conditions, and other factors, including applicable securities laws. Funds for the repurchase of debt securities have, and are expected to, come primarily from cash generated from operations and borrowed funds.

In addition to cash flows from operations, available sources of capital include amounts available under our senior secured credit facilities (\$3.181 billion as of December 31, 2009 and \$3.142 billion as of January 31, 2010) and anticipated access to public and private debt markets.

On January 27, 2010, our Board of Directors declared a distribution to the Company's stockholders and holders of vested stock options. The distribution was \$17.50 per share and vested stock option, or approximately \$1.750 billion in the aggregate. The distribution was paid on February 5, 2010 to holders of record on February 1, 2010. The distribution was funded using funds available under our existing senior secured credit facilities and approximately \$100 million of cash on hand.

Investments of our professional liability insurance subsidiary, to maintain statutory equity and pay claims, totaled \$1.316 billion and \$1.622 billion at December 31, 2009 and 2008, respectively. The insurance subsidiary maintained net reserves for professional liability risks of \$590 million and \$782 million at December 31, 2009 and 2008, respectively. Our facilities are insured by our wholly- owned insurance subsidiary for losses up to \$50 million per occurrence; however, since January 2007, this coverage is subject to a \$5 million per occurrence self-insured retention. Net reserves for the self-insured professional liability

**Table of Contents**

risks retained were \$679 million and \$548 million at December 31, 2009 and 2008, respectively. Claims payments, net of reinsurance recoveries, during the next 12 months are expected to approximate \$240 million. We estimate that approximately \$90 million of the expected net claim payments during the next 12 months will relate to claims subject to the self-insured retention.

**Financing Activities**

Due to the Recapitalization, we are a highly leveraged company with significant debt service requirements. Our debt totaled \$25.670 billion and \$26.989 billion at December 31, 2009 and 2008, respectively. Our interest expense was \$1.987 billion for 2009 and \$2.021 billion for 2008.

During February 2009, we issued \$310 million aggregate principal amount of 97/8% senior secured second lien notes due 2017 at a price of 96.673% of their face value, resulting in \$300 million of gross proceeds. During April 2009, we issued \$1.500 billion aggregate principal amount of 81/2% senior secured first lien notes due 2019 at a price of 96.755% of their face value, resulting in \$1.451 billion of gross proceeds. During August 2009, we issued \$1.250 billion aggregate principal amount of 77/8% senior secured first lien notes due 2020 at a price of 98.254% of their face value, resulting in \$1.228 billion of gross proceeds. After the payment of related fees and expenses, we used the proceeds from these debt offerings to repay outstanding indebtedness under our senior secured term loan facilities.

Management believes that cash flows from operations, amounts available under our senior secured credit facilities and our anticipated access to public and private debt markets will be sufficient to meet expected liquidity needs during the next twelve months.

**Contractual Obligations and Off-Balance Sheet Arrangements**

- (a) We have not included obligations to pay estimated professional liability claims (\$1.322 billion at December 31, 2009) in this table. The estimated professional liability claims, which occurred prior to 2007, are expected to be funded by the designated investment securities that are restricted for this purpose (\$1.316 billion at December 31, 2009). We also have not included obligations related to unrecognized tax

benefits of \$628 million at December 31, 2009, as we cannot reasonably estimate the timing or amounts of additional cash payments, if any, at this time.

- (b) Estimates of interest payments assumes that interest rates, borrowing spreads and foreign currency exchange rates at December 31, 2009, remain constant during the period presented.
- (c) Amounts relate to future operating lease obligations, purchase obligations and other obligations and are not recorded in our consolidated balance sheet. Amounts also include physician commitments that are recorded in our consolidated balance sheet.
- (d) Amounts relate primarily to instances in which we have agreed to indemnify various commercial insurers who have provided surety bonds to cover damages for malpractice cases which were awarded to plaintiffs by the courts. These cases are currently under appeal and the bonds will not be released by the courts until the cases are closed.
- (e) Amounts relate primarily to various employee benefit plan obligations in which we have letters of credit outstanding.
- (f) In consideration for physicians relocating to the communities in which our hospitals are located and agreeing to engage in private practice for the benefit of the respective communities, we make advances to physicians, normally over a period of one year, to assist in establishing the physicians' practices. The actual amount of these commitments to be advanced often depends upon the financial results of the physicians' private practices during the recruitment agreement payment period. The physician commitments reflected were based on our maximum exposure on effective agreements at December 31, 2009.
- (g) We have entered into guarantee agreements related to certain leases.

**Market Risk**

We are exposed to market risk related to changes in market values of securities. The investments in debt and equity securities of our wholly-owned insurance subsidiary were \$1.309 billion and \$7 million, respectively, at December 31, 2009. These investments are carried at fair value, with changes in unrealized gains and losses being recorded as adjustments to other comprehensive income. At December 31, 2009, we had a net unrealized gain of \$20 million on the insurance subsidiary's investment securities.

We are exposed to market risk related to market illiquidity. Liquidity of the investments in debt and equity securities of our wholly-owned insurance subsidiary could be impaired by the inability to access the capital markets. Should the wholly-owned insurance subsidiary require significant amounts of cash in excess of normal cash requirements to pay claims and other expenses on short notice, we may have difficulty selling these investments in a timely manner or be forced to sell them at a price less than what we might otherwise have been able to in a normal market environment. At December 31, 2009, our wholly-owned insurance subsidiary had invested \$396 million (\$401 million par value) in municipal, tax-exempt student loan auction rate securities (ARS) that continue to experience market illiquidity since February 2008 when multiple failed auctions occurred due to a severe credit and liquidity crisis in the capital markets. It is uncertain if auction-related market liquidity will resume for these securities. We may be required to recognize other-than-temporary impairments on these investments in future periods should issuers default on interest payments or should the fair market valuations of the securities deteriorate due to ratings downgrades or other issue specific factors.

We are also exposed to market risk related to changes in interest rates, and we periodically enter into interest rate swap agreements to manage our exposure to these fluctuations. Our interest rate swap agreements involve the exchange of fixed and variable rate interest payments between two parties, based on common notional principal amounts and maturity dates. The notional amounts of the swap agreements represent balances used to calculate the exchange of cash flows and are not our assets or liabilities. Our credit risk related to these agreements is considered low because the swap agreements are with creditworthy financial institutions. The interest payments under these agreements are settled on a net basis. These derivatives have been recognized in the financial statements at their respective fair values. Changes in the fair value of these derivatives are included in other comprehensive income.

**Table of Contents**

With respect to our interest-bearing liabilities, approximately \$1.205 billion of long-term debt at December 31, 2009 is subject to variable rates of interest, while the remaining balance in long-term debt of \$24.465 billion at December 31, 2009 is subject to fixed rates of interest. Both the general level of interest rates and, for the senior secured credit facilities, our leverage affect our variable interest rates. Our variable rate debt is comprised primarily of amounts outstanding under the senior secured credit facilities. Borrowings under the senior secured credit facilities bear interest at a rate equal to an applicable margin plus, at our option, either (a) a base rate determined by reference to the higher of (1) the federal funds rate plus 0.50% and (2) the prime rate of Bank of America or (b) a LIBOR rate for the currency of such borrowing for the relevant interest period. The applicable margin for borrowings under the senior secured credit facilities, with the exception of term loan B where the margin is static, may be reduced subject to attaining certain leverage ratios. The average rate for our long-term debt increased from 6.9% at December 31, 2008 to 7.6% at December 31, 2009.

On March 2, 2009, we amended our \$13.550 billion and 1.000 billion senior secured cash flow credit facility, dated as of November 17, 2006, as amended February 16, 2007 (the cash flow credit facility), to allow for one or more future issuances of additional secured notes, which may include notes that are secured on a *pari passu* basis or on a junior basis with the obligations under the cash flow credit facility, so long as (1) such notes do not require any scheduled payment or redemption prior to the scheduled term loan B final maturity date as currently in effect and (2) the proceeds from any such issuance are used within three business days of receipt to prepay term loans under the cash flow credit facility in accordance with the terms of the cash flow credit facility. The U.S. security documents related to the cash flow credit facility were also amended and restated in connection with the amendment in order to give effect to the security interests granted to holders of such additional secured notes.

On March 2, 2009, we amended our \$2.000 billion senior secured asset-based revolving credit facility, dated as of November 17, 2006, as amended and restated as of June 20, 2007 (the ABL credit facility), to allow for one or more future issuances of additional secured notes or loans, which may include notes or loans that are secured on a *pari passu* basis or on a junior basis with the obligations under the cash flow credit facility, so long as the proceeds from any such issuance are used to prepay term loans under the cash flow credit facility within three business days of the receipt thereof. The amendment to the ABL credit facility also altered the excess facility availability requirement to include a separate minimum facility availability requirement applicable to the ABL credit facility, and increased the applicable LIBOR and ABR margins for all borrowings under the ABL credit facility by 0.25% each.

The estimated fair value of our total long-term debt was \$25.659 billion at December 31, 2009. The estimates of fair value are based upon the quoted market prices for the same or similar issues of long-term debt with the same maturities. Based on a hypothetical 1% increase in interest rates, the potential annualized reduction to future pretax earnings would be approximately \$12 million. To mitigate the impact of fluctuations in interest rates, we generally target a portion of our debt portfolio to be maintained at fixed rates.

Our international operations and the European term loan expose us to market risks associated with foreign currencies. In order to mitigate the currency exposure related to debt service obligations through December 31, 2011 under the European term loan, we have entered into cross currency swap agreements. A cross currency swap is an agreement between two parties to exchange a stream of principal and interest payments in one currency for a stream of principal and interest payments in another currency over a specified period.

**Financial Instruments**

Derivative financial instruments are employed to manage risks, including foreign currency and interest rate exposures, and are not used for trading or speculative purposes. We recognize derivative instruments, such as interest rate swap agreements and foreign exchange contracts, in the consolidated balance sheets at fair value. Changes in the fair value of derivatives are recognized periodically either in earnings or in stockholders' equity, as a component of other

comprehensive income, depending on whether the derivative financial instrument qualifies for hedge accounting, and if so, whether it qualifies as a fair value hedge or a cash flow hedge. Gains and losses on derivatives designated as cash flow hedges, to the extent they are effective, are

## **Table of Contents**

recorded in other comprehensive income, and subsequently reclassified to earnings to offset the impact of the hedged items when they occur. Changes in the fair value of derivatives not qualifying as hedges, and for any portion of a hedge that is ineffective, are reported in earnings.

The net interest paid or received on interest rate swaps is recognized as interest expense. Gains and losses resulting from the early termination of interest rate swap agreements are deferred and amortized as adjustments to expense over the remaining period of the debt originally covered by the terminated swap.

## **Effects of Inflation and Changing Prices**

Various federal, state and local laws have been enacted that, in certain cases, limit our ability to increase prices. Revenues for general, acute care hospital services rendered to Medicare patients are established under the federal government's prospective payment system. Total fee-for-service Medicare revenues approximated 23% in 2009, 23% in 2008 and 24% in 2007 of our total patient revenues.

Management believes hospital industry operating margins have been, and may continue to be, under significant pressure because of changes in payer mix and growth in operating expenses in excess of the increase in prospective payments under the Medicare program. In addition, as a result of increasing regulatory and competitive pressures, our ability to maintain operating margins through price increases to non-Medicare patients is limited.

## **IRS Disputes**

At December 31, 2009, we were contesting before the Appeals Division of the Internal Revenue Service (the IRS) certain claimed deficiencies and adjustments proposed by the IRS in connection with its examinations of the 2003 and 2004 federal income returns for HCA and eight affiliates that are treated as partnerships for federal income tax purposes (affiliated partnerships). The disputed items include the timing of recognition of certain patient service revenues and our method for calculating the tax allowance for doubtful accounts.

Six taxable periods of HCA and its predecessors ended in 1997 through 2002 and the 2002 taxable year of four affiliated partnerships, for which the primary remaining issue is the computation of the tax allowance for doubtful accounts, are pending before the IRS Examination Division as of December 31, 2009. The IRS began an audit of the 2005 and 2006 federal income tax returns for HCA and seven affiliated partnerships during 2008. We anticipate the IRS Examination Division will conclude its audit in 2010. During 2009, the seven affiliated partnership audits were resolved with no material impact on our operations or financial position. We anticipate the IRS will begin an audit of the 2007 and 2008 federal income tax returns for HCA during 2010.

Management believes HCA, its predecessors and affiliates properly reported taxable income and paid taxes in accordance with applicable laws and agreements established with the IRS and final resolution of these disputes will not have a material, adverse effect on our results of operations or financial position. However, if payments due upon final resolution of these issues exceed our recorded estimates, such resolutions could have a material, adverse effect on our results of operations or financial position.

**BUSINESS**

**Our Company**

We are one of the leading health care services companies in the United States. At December 31, 2009, we operated 163 hospitals, comprised of 157 general, acute care hospitals; five psychiatric hospitals; and one rehabilitation hospital. The 163 hospital total includes eight hospitals (seven general, acute care hospitals and one rehabilitation hospital) owned by joint ventures in which an affiliate of HCA is a partner, and these joint ventures are accounted for using the equity method. In addition, we operated 105 freestanding surgery centers, eight of which are owned by joint ventures in which an affiliate of HCA is a partner, and these joint ventures are accounted for using the equity method. Our facilities are located in 20 states and England. For the year ended December 31, 2009, we generated revenues of \$30.052 billion and net income attributable to HCA Inc. of \$1.054 billion.

Our primary objective is to provide a comprehensive array of quality health care services in the most cost-effective manner possible. Our general, acute care hospitals typically provide a full range of services to accommodate such medical specialties as internal medicine, general surgery, cardiology, oncology, neurosurgery, orthopedics and obstetrics, as well as diagnostic and emergency services. Outpatient and ancillary health care services are provided by our general, acute care hospitals, freestanding surgery centers, diagnostic centers and rehabilitation facilities. Our psychiatric hospitals provide a full range of mental health care services through inpatient, partial hospitalization and outpatient settings.

Certain of our affiliates provide a variety of management services to our health care facilities, including patient safety programs; ethics and compliance programs; national supply contracts; equipment purchasing and leasing contracts; accounting, financial and clinical systems; governmental reimbursement assistance; construction planning and coordination; information technology systems and solutions; legal counsel; human resources services; and internal audit services.

**Our Strengths**

*Largest Provider with a Diversified Revenue Base.* We are the largest investor-owned health care services provider in the United States. We maintain a diverse portfolio of assets with no single facility contributing more than 2.4% of revenues and no single metropolitan statistical area contributing more than 7.8% of revenues for the year ended December 31, 2009. In addition, we maintain a diversified payer base, including approximately 3,000 managed care contracts, with no one commercial payer representing more than approximately 8% of revenues for the year ended December 31, 2009. We believe our broad geographic footprint and diverse revenue base limit exposure to any single local market. We also provide a diverse array of medical and surgical services across different settings ranging from large hospitals to ambulatory surgery centers ( ASCs ), which, we believe, limits our exposure to changes in reimbursement policies targeting specific services or care settings.

*Leading Market Positions.* We maintain the number one or two inpatient position in nearly all of our markets, with our share of local inpatient admissions typically ranging from 20% to 40%. Additionally, we believe we have the leading position in one or more clinical areas, such as cardiology or orthopedics, in many of our markets. As a result, our hospitals are in demand by patients and large employers, which enables us to negotiate for favorable rates and terms from a wide range of commercial payers.

*Strong Presence in Growth Markets.* We have a strong market presence in a number of the fastest growing markets in the United States. We believe the majority of the large markets in which we have a presence will experience more

rapid growth among the population aged 65 or older than the national average, based on the most recently available census data. We believe we will benefit from our presence in these key markets due to an expected increase in hospital spending.

*Well-Capitalized Portfolio of High-Quality Assets.* We have invested over \$7.8 billion in our facilities over the five-year period ended December 31, 2009 to expand the range, and improve the quality, of services provided at our facilities. As a result of our disciplined and strategic deployment of capital, we believe our

## **Table of Contents**

hospitals are competitive and will continue to attract high-quality physicians, maximize cost efficiencies and address the health care needs of our local communities.

*Leading Provider of Outpatient Services.* We are one of the largest providers of outpatient services in the United States, and these outpatient services accounted for approximately 38% of our revenues in 2009. The scope of our outpatient services reflects a recent trend toward the provision of an increasing number of services on an outpatient basis. An important component of our strategy is to achieve a fully integrated delivery model through the development of market-leading outpatient services, both to address outpatient migration and to provide higher growth, higher margin services.

*Reputation for Quality.* Since our founding, we have maintained an unwavering focus on patients and clinical outcomes. We have invested extensively in quality over the past 10 years, with an emphasis on implementing information technology and adopting industry-wide best practices and clinical protocols. As a result of these efforts, settled professional liability claims, based on actuarial projections per 1,000 beds, have dropped from 18.3 in 1999 to 12.6 in 2008. We also previously participated in the Centers for Medicare & Medicaid Services ( CMS ) National Voluntary Hospital Reporting Initiative and now participate in its successor, the Reporting Hospital Quality Data for Annual Payment Update program, which currently requires hospitals to report on their compliance with 46 quality measures in order to receive a full Medicare market basket payment increase. The Patient Protection and Affordable Care Act as amended by the Health Care and Education Reconciliation Act of 2010 ( Health Reform Legislation ) further ties payment to quality measures by establishing a value based purchasing system and adjusting hospital payment rates based on hospital-acquired conditions ( HACs ) and hospital readmissions. We believe quality of care increasingly will influence physician and patient choices about health care delivery and impact our reimbursement as payers put more emphasis on performance. Our reputation and focus on providing high-quality patient care continue to make us the provider of choice for thousands of individual health care consumers, physicians and payers.

*Proven Ability to Innovate.* We strive to be at the forefront of industry best practices and expect to continue to increase our operational efficiency through a variety of strategic initiatives. Our previous operating improvement initiatives include:

*Leveraging Our Purchasing Power.* We have established a captive group purchasing organization ( GPO ) to partner with other health care services providers to take advantage of our combined purchasing power. Our GPO generated \$107 million, \$93 million and \$89 million of administrative fees from suppliers in 2009, 2008 and 2007, respectively, for performing GPO services and significantly lowered our supply costs. Because of our scale, our GPO has a per-unit cost advantage over competitors that we believe ranges from 5% to 21%.

*Centralizing Our Billing and Accounts Receivable Collection Efforts.* We have built regional service centers to create efficiencies in billing and collection processes, particularly with respect to payment disputes with managed care companies. This effort has resulted in increased, incremental cash collections.

*Demonstrated Strong Cash Flows.* Our leading market positions, diversified revenues, focus on operational efficiency and high-quality portfolio of assets have enabled us to generate strong operating cash flows over the past several years. We generated cash flows from operating activities of \$2.747 billion in 2009, \$1.990 billion in 2008 and \$1.564 billion in 2007. We believe expected demand for hospital and outpatient services, together with our diversified payer base, geographic locations and service offerings, will allow us to continue to generate strong cash flows.

*Experienced Management Team.* Members of our management team are widely considered leaders in the hospital industry and have made significant equity investments in our company. Richard M. Bracken was appointed our CEO and President, effective January 1, 2009, and Chairman of the Board of Directors, effective December 15, 2009. Mr. Bracken began his career with us approximately 30 years ago and has held various executive positions with the

Company, including, most recently, as our President and Chief Operating Officer since January 2002. Our Executive Vice President and Chief Financial Officer, R. Milton Johnson, joined us over 27 years ago, has held various positions in financial operations at the Company and has served as a

director since December 15, 2009. In addition, we benefit from our team of world-class operators who have the experience and talent necessary to run a complex health care business.

### **Our Strategy**

We are committed to providing the communities we serve high quality, cost-effective health care while complying fully with our ethics policy, governmental regulations and guidelines and industry standards. As a part of this strategy, management focuses on the following principal elements:

*Maintain Our Dedication to the Care and Improvement of Human Life.* Our business is built on putting patients first and providing high quality health care services in the communities we serve. Our dedicated professionals oversee our Quality Review System, which measures clinical outcomes, satisfaction and regulatory compliance to improve hospital quality and performance. We are implementing hospitalist programs in some facilities, evidence-based medicine programs and infection reduction initiatives. In addition, we continue to implement health information technology to improve the quality and convenience of services to our communities. We are using our electronic medication administration record, which uses bar coding technology to ensure that each patient receives the right medication, to build toward a fully electronic health record that will provide convenient access, electronic order entry and decision support for physicians. These technologies improve patient safety, quality and efficiency.

*Maintain Our Commitment to Ethics and Compliance.* We are committed to a corporate culture highlighted by the following values – compassion, honesty, integrity, fairness, loyalty, respect and kindness. Our comprehensive ethics and compliance program reinforces our dedication to these values.

*Leverage Our Leading Local Market Positions.* We strive to maintain and enhance the leading positions we enjoy in the majority of our markets. We believe the broad geographic presence of our facilities across a range of markets, in combination with the breadth and quality of services provided by our facilities, increases our attractiveness to patients and large employers and positions us to negotiate more favorable terms from commercial payers and increase the number of payers with whom we contract. We also intend to strategically enhance our outpatient presence in our communities to attract more patients to our facilities.

*Expand Our Presence in Key Markets.* We seek to grow our business in key markets, focusing on large, high growth urban and suburban communities, primarily in the southern and western regions of the United States. We seek to strategically invest in new and expanded services at our existing hospitals and surgery centers to increase our revenues at those facilities and provide the benefits of medical technology advances to our communities. We intend to continue to expand high volume and high margin specialty services, such as cardiology and orthopedic services, and increase the capacity, scope and convenience of our outpatient facilities. To complement this intrinsic growth, we intend to continue to opportunistically develop and acquire new hospitals and outpatient facilities.

*Continue to Leverage Our Scale.* We will continue to obtain price efficiencies through our group purchasing organization and build on the cost savings and efficiencies in billing, collection and other processes we have achieved through our regional service centers. We are increasingly taking advantage of our national scale by contracting for services on a multistate basis. We are expanding our successful shared services model for additional clinical and support functions, such as physician credentialing, medical transcription, electronic medical recordkeeping and health information management, across multiple markets.

*Continue to Develop Physician Relationships.* We depend on the quality and dedication of the physicians who practice at our facilities, and we encourage, consistent with applicable laws, both primary care physicians and specialists to join our medical staffs. We sometimes assist physicians who are recruited under applicable regulatory provisions with establishing and building a practice or joining an

existing practice. As part of our comprehensive approach to physician integration in our markets, we will continue to:

expand the number of high quality specialty services, such as cardiology, orthopedics, oncology and neonatology;

use joint ventures with physicians to further develop our outpatient business, particularly through ASCs;

develop medical office buildings to provide convenient facilities for physicians to locate their practices and serve their patients;

focus on improving the quality, advanced technology, infrastructure and performance of our facilities; and

employ physicians as appropriate.

*Become the Health Care Employer of Choice.* We will continue to use a number of industry-leading practices to help ensure our hospitals are a health care employer of choice in their respective communities. Our staffing initiatives for both care providers and hospital management provide strategies for recruitment, compensation and productivity to increase employee retention and operating efficiency at our hospitals. For example, we maintain an internal contract nursing agency to supply our hospitals with high quality staffing at a lower cost than external agencies. In addition, we have developed several proprietary training and career development programs for our physicians and hospital administrators, including an executive development program designed to train the next generation of hospital leadership. We believe our continued investment in the training and retention of employees improves the quality of care, enhances operational efficiency and fosters our reputation as an employer of choice.

## **Business Drivers and Measures**

### ***Our Financial Policies and Objectives***

We seek to optimize our financial and operating performance by implementing the business strategy set forth under Our Strategy. Our success in implementing this strategy depends, in turn, on our ability to fulfill our financial policies and objectives, which include the following:

*Operations:* We plan to focus on our core operations – the provision of high quality, cost-effective health care in large, high growth urban and suburban communities, primarily in the southern and western regions of the United States. Our specific policies designed to maintain this focus include:

use investments in new and expanded services to drive use of our facilities;

seek rate increases from managed care payers commensurate with increases in our underlying costs to provide high quality services;

manage operating expenses by, among other methods, leveraging our scale;

seek cost savings by reducing variations in our patient care and support processes and reducing our discretionary operating expenses; and

consider divesting non-core assets, where appropriate.

*Leverage:* We expect to have significant indebtedness for the foreseeable future. However, we expect to:

manage our floating interest rate exposure through our \$8.5 billion aggregate notional amount of pay-fixed rate swap agreements related to our senior secured credit facilities debt at December 31, 2009; and

endeavor to improve our credit quality over time.

**Table of Contents**

*Capital Expenditures:* We plan to maintain a disciplined capital expenditure approach by:

targeting new investments with potentially high returns;

deploying capital strategically to improve our competitive position and market share and to enhance our operations; and

manage discretionary capital expenditures based on the strength of our cash flows.

**Operational Factors**

In pursuing our business and our financial policies and objectives, we pay close attention to a number of performance measures and operational factors.

Our revenues depend upon inpatient occupancy levels, the ancillary services and therapy programs ordered by physicians and provided to patients, the volume of outpatient procedures and the charges and negotiated payment rates for such services. Our expenses depend upon the levels of salaries and benefits paid to our employees, the cost of supplies and the costs of other operating expenses. To monitor these variables, we use a variety of metrics, including those described below.

*Volume Measures:*

admissions, which is the total number of patients admitted to our hospitals and which we use as a measure of inpatient volume;

equivalent admissions, which is a measure of patient volume that takes into account both inpatient and outpatient volume;

the payer mix of our admissions, i.e., the percentage of our admissions related to Medicare, Medicaid, managed Medicare, managed Medicaid, managed care and other insurers, and uninsured patients;

emergency room visits;

inpatient and outpatient surgeries; and

the average daily census of patients in our hospital beds.

*Pricing Measures:*

revenue per equivalent admission; and

revenue, minus our provision for doubtful accounts, per equivalent admission.

*Expense Measures:*

salaries and benefits per equivalent admission;

supply costs per equivalent admission;

other operating expenses (including contract services, professional fees, repairs and maintenance, rents and leases, utilities, insurance and nonincome taxes) per equivalent admission; and

operating expenses, minus our provision for doubtful accounts, per equivalent admission.

We set forth the volume measures described above, except for payer mix, for the years ended December 31, 2009, 2008, 2007, 2006 and 2005 under the heading Operating Data in Selected Financial Data. We give details about the payer mix for the years ended December 31, 2009, 2008 and 2007 in Management's Discussion and Analysis of Financial Condition and Results of Operations Results of Operations Revenue/Volume Trends.

The pricing and expense measures described above can be derived by dividing (1) the amounts from the applicable line items in our income statement (minus our provision for doubtful accounts, where indicated) by

(2) equivalent admissions, which are set forth under the heading "Operating Data" in "Selected Financial Data."

### ***Business Segments***

Our company operations are structured in three geographically organized groups:

*Western Group.* The Western Group is comprised of the markets in Alaska, California, Colorado, Idaho, Kansas, Nevada, Oklahoma, Texas and Utah. Samuel Hazen, who has held various positions with HCA for 24 years, is the Western Group's President. As of December 31, 2009, there were 55 consolidating hospitals within the Western Group. The Western Group includes seven of our non-consolidated hospitals, with respect to which major strategic and operating decisions are shared equally with non-HCA partners. For the year ended December 31, 2009, the Western Group generated revenues of \$13.140 billion.

*Central Group.* The Central Group is comprised of the markets in Indiana, Georgia (northern portion), Kansas, Kentucky, Louisiana, Mississippi, Missouri, New Hampshire, Tennessee and Virginia. Paul Rutledge, who has held various positions with HCA for 20 years, is the Central Group's President. As of December 31, 2009, there were 46 consolidating hospitals within the Central Group. The Central Group includes one of our non-consolidating hospitals, with respect to which major strategic and operating decisions are shared equally with non-HCA partners. For the year ended December 31, 2009, the Central Group generated revenues of \$7.225 billion.

*Eastern Group.* The Eastern Group is comprised of the markets in Florida, Georgia (southern portion) and South Carolina. Charles Hall, who has held various positions with HCA for 20 years, is the Eastern Group's President. As of December 31, 2009, there were 48 consolidating hospitals within the Eastern Group. For the year ended December 31, 2009, the Eastern Group generated revenues of \$8.807 billion.

We also owned and operated six hospitals in England as of December 31, 2009, which are included in our Corporate and Other Segment. These international facilities generated revenues of \$709 million for the year ended December 31, 2009. Our divisions and market structures are designed to augment our market-based strategy to provide integrated services to their respective community. This structure allows our management to focus on manageable groupings of hospitals and provide them with direct support.

Note 13 to our audited consolidated financial statements contains information by segment on our revenues, equity in earnings of affiliates, adjusted segment EBITDA and depreciation and amortization for the years ended December 31, 2009, 2008 and 2007.

### **Health Care Facilities**

We currently own, manage or operate hospitals; freestanding surgery centers; diagnostic and imaging centers; radiation and oncology therapy centers; comprehensive rehabilitation and physical therapy centers; and various other facilities.

At December 31, 2009, we owned and operated 150 general, acute care hospitals with 38,349 licensed beds, and an additional seven general, acute care hospitals with 2,269 licensed beds, which are operated through joint ventures, which are accounted for using the equity method. Most of our general, acute care hospitals provide medical and surgical services, including inpatient care, intensive care, cardiac care, diagnostic services and emergency services. The general, acute care hospitals also provide outpatient services such as outpatient surgery, laboratory, radiology, respiratory therapy, cardiology and physical therapy. Each hospital has an organized medical staff and a local board of trustees or governing board, made up of members of the local community.

Our hospitals do not typically engage in extensive medical research and education programs. However, some of our hospitals are affiliated with medical schools and may participate in the clinical rotation of medical interns and residents and other education programs.

**Table of Contents**

At December 31, 2009, we operated five psychiatric hospitals with 490 licensed beds. Our psychiatric hospitals provide therapeutic programs including child, adolescent and adult psychiatric care, adult and adolescent alcohol and drug abuse treatment and counseling.

We also operate outpatient health care facilities which include freestanding ASCs, diagnostic and imaging centers, comprehensive outpatient rehabilitation and physical therapy centers, outpatient radiation and oncology therapy centers and various other facilities. These outpatient services are an integral component of our strategy to develop comprehensive health care networks in select communities. A majority of our ASCs are operated through partnerships or limited liability companies, with majority ownership of each partnership or limited liability company typically held by a general partner or subsidiary that is an affiliate of HCA.

Certain of our affiliates provide a variety of management services to our health care facilities, including patient safety programs; ethics and compliance programs; national supply contracts; equipment purchasing and leasing contracts; accounting, financial and clinical systems; governmental reimbursement assistance; construction planning and coordination; information technology systems and solutions; legal counsel; human resources services; and internal audit services.

**Sources of Revenue**

Hospital revenues depend upon inpatient occupancy levels, the medical and ancillary services ordered by physicians and provided to patients, the volume of outpatient procedures and the charges or payment rates for such services. Charges and reimbursement rates for inpatient services vary significantly depending on the type of payer, the type of service (e.g., medical/surgical, intensive care or psychiatric) and the geographic location of the hospital. Inpatient occupancy levels fluctuate for various reasons, many of which are beyond our control.

We receive payment for patient services from the federal government under the Medicare program, state governments under their respective Medicaid or similar programs, managed care plans, private insurers and directly from patients. The approximate percentages of our revenues from such sources were as follows:

	<b>Year Ended December 31,</b>		
	<b>2009</b>	<b>2008</b>	<b>2007</b>
Medicare	<b>23%</b>	23%	24%
Managed Medicare	<b>7</b>	6	5
Medicaid	<b>6</b>	5	5
Managed Medicaid	<b>4</b>	3	3
Managed care and other insurers	<b>52</b>	53	54
Uninsured	<b>8</b>	10	9
Total	<b>100%</b>	100%	100%

Medicare is a federal program that provides certain hospital and medical insurance benefits to persons age 65 and over, some disabled persons, persons with end-stage renal disease and persons with Lou Gehrig's Disease. Medicaid is a federal-state program, administered by the states, which provides hospital and medical benefits to qualifying individuals who are unable to afford health care. All of our general, acute care hospitals located in the United States are certified as health care services providers for persons covered under Medicare and Medicaid programs. Amounts

received under Medicare and Medicaid programs are generally significantly less than established hospital gross charges for the services provided.

Our hospitals generally offer discounts from established charges to certain group purchasers of health care services, including private insurance companies, employers, HMOs, PPOs and other managed care plans. These discount programs generally limit our ability to increase revenues in response to increasing costs. See Business Competition. Patients are generally not responsible for the total difference between established hospital gross charges and amounts reimbursed for such services under Medicare, Medicaid, HMOs or PPOs and other managed care plans, but are responsible to the extent of any exclusions, deductibles or coinsurance

features of their coverage. The amount of such exclusions, deductibles and coinsurance continues to increase. Collection of amounts due from individuals is typically more difficult than from governmental or third-party payers. We provide discounts to uninsured patients who do not qualify for Medicaid or charity care under our charity care policy. These discounts are similar to those provided to many local managed care plans. In implementing the discount policy, we attempt to qualify uninsured patients for Medicaid, other federal or state assistance or charity care under our charity care policy. If an uninsured patient does not qualify for these programs, the uninsured discount is applied.

### ***Medicare***

#### **Inpatient Acute Care**

Under the Medicare program, we receive reimbursement under a prospective payment system ( PPS ) for general, acute care hospital inpatient services. Under the hospital inpatient PPS, fixed payment amounts per inpatient discharge are established based on the patient s assigned Medicare severity diagnosis-related group ( MS-DRG ). The Centers for Medicare & Medicaid Services ( CMS ) recently completed a two-year transition to full implementation of MS-DRGs to replace the previously used Medicare diagnosis related groups in an effort to better recognize severity of illness in Medicare payment rates. MS-DRGs classify treatments for illnesses according to the estimated intensity of hospital resources necessary to furnish care for each principal diagnosis. MS-DRG weights represent the average resources for a given MS-DRG relative to the average resources for all MS-DRGs. MS-DRG payments are adjusted for area wage differentials. Hospitals, other than those defined as new, receive PPS reimbursement for inpatient capital costs based on MS-DRG weights multiplied by a geographically adjusted federal rate. When the cost to treat certain patients falls well outside the normal distribution, providers typically receive additional outlier payments.

MS-DRG rates are updated and MS-DRG weights are recalibrated using cost relative weights each federal fiscal year (which begins October 1). The index used to update the MS-DRG rates (the market basket ) gives consideration to the inflation experienced by hospitals and entities outside the health care industry in purchasing goods and services. In federal fiscal year 2009, the MS-DRG rate was increased by the full market basket of 3.6%. For the federal fiscal year 2010, CMS has set the MS-DRG rate increase at the full market basket of 2.1%. However, the Health Reform Legislation includes a 0.25% reduction to the market basket for 2010 for discharges occurring on or after April 1, 2010. The Health Reform Legislation also provides for the following reductions to the market basket update for each of the following federal fiscal years: 0.25% in 2011, 0.1% in 2012 and 2013, 0.3% in 2014, 0.2% in 2015 and 2016 and 0.75% in 2017, 2018 and 2019. For federal fiscal year 2012 and each subsequent federal fiscal year, the Health Reform Legislation provides for the annual market basket update to be further reduced by a productivity adjustment tied to an economy-wide productivity average as determined by the Department of Health and Human Services ( HHS ). In addition, the Health Reform Legislation mandates several pilot programs intended to evaluate alternative payment methodologies, including a national bundled payment program for inpatient hospital services provided to treat eligible medical conditions or episodes of care. A decrease in payments rates or an increase in rates that is below the increase in our costs may adversely affect the results of our operations.

In federal fiscal years 2008 and 2009, CMS reduced payments to hospitals through a documentation and coding adjustment intended to account for changes in payments under the MS-DRG system that are not related to changes in patient case mix. In addition, CMS has the authority to determine retrospectively whether the documentation and coding adjustment levels for federal fiscal years 2008 and 2009 were adequate to account for changes in payments not related to changes in case mix. CMS has not imposed an adjustment for federal fiscal year 2010, but has announced its intent to impose reductions to payments in federal fiscal years 2011 and 2012 because of what CMS has determined to be an inadequate adjustment in federal fiscal year 2008. Such payment adjustments may adversely affect the results of our operations. It is not clear what impact, if any, the market basket reductions required by the Health Reform Legislation will have on CMS s proposal.

Further realignments in the MS-DRG system could also reduce the payments we receive for certain specialties, including cardiology and orthopedics. CMS has focused on payment levels for such specialties in

**Table of Contents**

recent years in part because of the proliferation of specialty hospitals. Changes in the payments received for specialty services could have an adverse effect on our results of operations.

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 ( MMA ) provides for rate increases at the full market basket if data for patient care quality indicators are submitted to the Secretary of HHS. As required by the Deficit Reduction Act of 2005 ( DRA 2005 ), CMS has expanded, through a series of rulemakings, the number of quality measures that must be reported to receive a full market basket update. CMS currently requires hospitals to report 46 quality measures in order to qualify for the full market basket update to the inpatient PPS in federal fiscal year 2011. Failure to submit the required quality indicators will result in a two percentage point reduction to the market basket update. All of our hospitals paid under Medicare inpatient MS-DRG PPS are participating in the quality initiative by submitting the requested quality data. While we will endeavor to comply with all data submission requirements as additional requirements continue to be added, our submissions may not be deemed timely or sufficient to entitle us to the full market basket adjustment for all of our hospitals.

As part of CMS' s goal of transforming Medicare from a passive payer to an active purchaser of quality goods and services, for discharges occurring after October 1, 2008, Medicare no longer assigns an inpatient hospital discharge to a higher paying MS-DRG if a selected HAC was not present on admission. In this situation, the case is paid as though the secondary diagnosis was not present. Currently, there are ten categories of conditions on the list of HACs. In addition, CMS has established three National Coverage Determinations ( NCDs ) that prohibit Medicare reimbursement for erroneous surgical procedures performed on an inpatient or outpatient basis. The Health Reform Legislation provides for reduced payments based on a hospital' s HAC rates and readmission rates and requires HAC rates and readmission rates to be made public. Beginning in federal fiscal year 2015, hospitals that fall into the top 25% of risk-adjusted HAC rates for all hospitals in the previous year will receive a 1% reduction in payment rates. For discharges occurring during a fiscal year beginning on or after October 1, 2012, hospitals with excessive readmissions for certain conditions will receive reduced payments for all inpatient admissions.

Historically, the Medicare program has set aside 5.10% of Medicare inpatient payments to pay for outlier cases. CMS estimates that outlier payments accounted for 4.8% of total operating DRG payments for federal fiscal year 2008. For federal fiscal year 2009, CMS established an outlier threshold of \$20,045, and for federal fiscal year 2010, CMS has increased the outlier threshold to \$23,140. We do not anticipate the increase to the outlier threshold for federal fiscal year 2010 will have a material impact on our results of operations.

**Outpatient**

CMS reimburses hospital outpatient services (and certain Medicare Part B services furnished to hospital inpatients who have no Part A coverage) on a PPS basis. CMS continues to use fee schedules to pay for physical, occupational and speech therapies, durable medical equipment, clinical diagnostic laboratory services and nonimplantable orthotics and prosthetics, freestanding surgery centers services and services provided by independent diagnostic testing facilities.

Hospital outpatient services paid under PPS are classified into groups called ambulatory payment classifications ( APCs ). Services for each APC are similar clinically and in terms of the resources they require. A payment rate is established for each APC. Depending on the services provided, a hospital may be paid for more than one APC for a patient visit. The APC payment rates were updated for calendar years 2008 and 2009 by market baskets of 3.30% and 3.60%, respectively. On November 20, 2009, CMS published a final rule that updated payment rates for calendar year 2010 by the full market basket of 2.1%. However, the Health Reform Legislation includes a 0.25% reduction to the market basket for 2010. The Health Reform Legislation also provides for the following reductions to the market basket update for each of the following calendar years: 0.25% in 2011, 0.1% in 2012 and 2013, 0.3% in 2014, 0.2% in 2015 and 2016 and 0.75% in 2017, 2018 and 2019. For calendar year 2012 and each subsequent calendar year, the

Health Reform Legislation provides for an annual market basket update to be further reduced by a productivity adjustment tied to an economy-wide productivity average as determined by HHS. CMS continues to require hospitals to submit quality data relating to outpatient care to receive the full market basket increase under the outpatient PPS in

**Table of Contents**

calendar year 2010. CMS required hospitals to report data on eleven quality measures in calendar year 2009 for the payment determination in calendar year 2010 and will continue to require hospitals to report the existing eleven quality measures in calendar year 2010 for the 2011 payment determination. Hospitals that fail to submit such data will receive the market basket update minus two percentage points for the outpatient PPS.

**Rehabilitation**

CMS reimburses inpatient rehabilitation facilities ( IRFs ) on a PPS basis. Under IRF PPS, patients are classified into case mix groups based upon impairment, age, comorbidities (additional diseases or disorders from which the patient suffers) and functional capability. IRFs are paid a predetermined amount per discharge that reflects the patient's case mix group and is adjusted for area wage levels, low-income patients, rural areas and high-cost outliers. CMS provided for a market basket update of 2.5% for federal fiscal year 2010. However, the Health Reform Legislation requires a 0.25% reduction to the market basket for 2010 for discharges occurring on or after April 1, 2010. The Health Reform Legislation also provides for the following reductions to the market basket update for each of the following federal fiscal years: 0.25% in 2011, 0.1% in 2012 and 2013, 0.3% in 2014, 0.2% in 2015 and 2016 and 0.75% in 2017, 2018 and 2019. For federal fiscal year 2012 and each subsequent federal fiscal year, the Health Reform Legislation provides for the annual market basket update to be further reduced by a productivity adjustment tied to an economy-wide productivity average as determined by HHS. Beginning in federal fiscal year 2014, IRFs will be required to report quality measures to HHS or will receive a two percentage point reduction to the market basket update. As of December 31, 2009, we had one rehabilitation hospital, which is operated through a joint venture, and 46 hospital rehabilitation units.

On May 7, 2004, CMS published a final rule to change the criteria for being classified as an IRF. Pursuant to that final rule, 75% of a facility's inpatients over a given year had to have been treated for at least one of 10 specified conditions, and a subsequent regulation expanded the number of specified conditions to 13. Since then, several statutory and regulatory adjustments have been made to the rule, including adjustments to the percentage of a facility's patients that must be treated for one of the 13 specified conditions. Currently, the compliance threshold is set by statute at 60%. Implementation of this 60% threshold has reduced our IRF admissions and can be expected to continue to restrict the treatment of patients whose medical conditions do not meet any of the 13 approved conditions. In addition, effective January 1, 2010, IRFs must meet additional coverage criteria, including patient selection and care requirements relating to pre-admission screenings, post-admission evaluations, ongoing coordination of care and involvement of rehabilitation physicians. A facility that fails to meet the 60% threshold or other criteria to be classified as an IRF will be paid under the acute care hospital inpatient or outpatient PPS, which generally provide for lower payment amounts.

**Psychiatric**

Inpatient hospital services furnished in psychiatric hospitals and psychiatric units of general, acute care hospitals and critical access hospitals are reimbursed under a prospective payment system ( IPF PPS ), a per diem payment, with adjustments to account for certain patient and facility characteristics. IPF PPS contains an outlier policy for extraordinarily costly cases and an adjustment to a facility's base payment if it maintains a full-service emergency department. CMS has established the IPF PPS payment rate in a manner intended to be budget neutral and has adopted a July 1 update cycle, with each twelve month period referred to as a rate year. The rehabilitation, psychiatric and long-term care ( RPL ) market basket update is used to update the IPF PPS. The annual RPL market basket update for rate year 2010 is 2.1%. However, the Health Reform Legislation includes a 0.25% reduction to the market basket for rate year 2010. The Health Reform Legislation also provides for the following reductions to the market basket update for each of the following rate years: 0.25% in 2011, 0.1% in 2012 and 2013, 0.3% in 2014, 0.2% in 2015 and 2016 and 0.75% in 2017, 2018 and 2019. For rate year 2012 and each subsequent rate year, the Health Reform Legislation provides for the annual market basket update to be further reduced by a productivity adjustment tied to an economy-wide productivity average as determined by HHS. As of December 31, 2009, we had five psychiatric

hospitals and 32 hospital psychiatric units.

### **Ambulatory Surgery Centers**

CMS reimburses ambulatory surgery centers ( ASCs ) using a predetermined fee schedule. Reimbursements for ASC overhead costs are limited to no more than the overhead costs paid to hospital outpatient departments under the Medicare hospital outpatient PPS for the same procedure. Effective January 1, 2008, ASC payment groups increased from nine clinically disparate payment groups to an extensive list of covered surgical procedures among the APCs used under the outpatient PPS for these surgical services. Because the new payment system has a significant impact on payments for certain procedures, CMS has established a four-year transition period for implementing the required payment rates. Moreover, if CMS determines that a procedure is commonly performed in a physician's office, the ASC reimbursement for that procedure is limited to the reimbursement allowable under the Medicare Part B Physician Fee Schedule, with limited exceptions. In addition, all surgical procedures, other than those that pose a significant safety risk or generally require an overnight stay, are payable as ASC procedures. As a result, more Medicare procedures now performed in hospitals may be moved to ASCs, reducing surgical volume in our hospitals. Also, more Medicare procedures now performed in ASCs may be moved to physicians' offices. Commercial third-party payers may adopt similar policies. The Health Reform Legislation requires HHS to issue a plan by January 1, 2011 for developing a value-based purchasing program for ASCs. Such a program may further impact Medicare reimbursement of ASCs or increase our operating costs in order to satisfy the value-based standards. For federal fiscal year 2011 and each subsequent federal fiscal year, the Health Reform Legislation provides for the annual market basket update to be reduced by a productivity adjustment tied to an economy-wide productivity average as determined by HHS.

### **Other**

Under PPS, the payment rates are adjusted for the area differences in wage levels by a factor ( wage index ) reflecting the relative wage level in the geographic area compared to the national average wage level. Beginning in federal fiscal year 2007, CMS adjusted 100% of the wage index factor for occupational mix. The redistributive impact of wage index changes, while slightly negative in the aggregate, is not anticipated to have a material financial impact for 2010. However, the Health Reform Legislation requires HHS to report to Congress by December 31, 2011 with recommendations on how to comprehensively reform the Medicare wage index system.

As required by the MMA, CMS is implementing contractor reform whereby CMS has competitively bid the Medicare fiscal intermediary and Medicare carrier functions to 15 Medicare Administrative Contractors ( MACs ), which are geographically assigned. CMS has awarded contracts to all 15 MAC jurisdictions; as a result of filed protests, CMS is taking corrective action regarding the contracts in several jurisdictions. While chain providers had the option of having all hospitals use one home office MAC, HCA chose to use the MACs assigned to the geographic areas in which our hospitals are located. The individual MAC jurisdictions are in varying phases of transition. For the transition periods and for a potentially unforeseen period thereafter, all of these changes could impact claims processing functions and the resulting cash flow; however, we are unable to predict the impact at this time.

Under the Recovery Audit Contractor ( RAC ) program, CMS contracts with RACs to conduct post-payment reviews to detect and correct improper payments in the fee-for-service Medicare program. CMS has awarded contracts to four RACs that are implementing the RAC program on a nationwide basis as required by statute. The Health Reform Legislation expands the RAC program's scope to include Medicaid claims by requiring all states to enter contracts with RACs by December 31, 2010.

### **Managed Medicare**

Managed Medicare plans relate to situations where a private company contracts with CMS to provide members with Medicare Part A, Part B and Part D benefits. Managed Medicare plans can be structured as HMOs, PPOs or private fee-for-service plans. The Medicare program allows beneficiaries to choose enrollment in certain managed Medicare

plans. In 2003, MMA increased reimbursement to managed Medicare plans and expanded Medicare beneficiaries healthcare options. Since 2003, the number of beneficiaries choosing to receive their Medicare benefits through such plans has increased. However, the Medicare Improvements for Patients and Providers Act of 2008 imposed new restrictions and implemented focused cuts to certain managed

## **Table of Contents**

Medicare plans. In addition, the Health Reform Legislation reduces payments to managed Medicare plans. In light of the current economic downturn and the recently enacted legislation, managed Medicare plans may experience reduced premium payments, which may lead to decreased enrollment in such plans.

### ***Medicaid***

Medicaid programs are funded jointly by the federal government and the states and are administered by states under approved plans. Most state Medicaid program payments are made under a PPS or are based on negotiated payment levels with individual hospitals. Medicaid reimbursement is often less than a hospital's cost of services. Effective July 1, 2011, the Health Reform Legislation will prohibit the use of federal funds under the Medicaid program to reimburse providers for medical assistance provided to treat HACs. The Health Reform Legislation also requires states to expand Medicaid coverage to all individuals under age 65 with incomes up to 133% of the federal poverty level by 2014. Expansion of the Medicaid program could adversely affect future levels of reimbursement received by our hospitals.

Since most states must operate with balanced budgets and since the Medicaid program is often the state's largest program, states can be expected to adopt or consider adopting legislation designed to reduce their Medicaid expenditures. The current economic downturn has increased the budgetary pressures on most states, and these budgetary pressures have resulted and likely will continue to result in decreased spending for Medicaid programs in many states. Further, many states have also adopted, or are considering, legislation designed to reduce coverage, enroll Medicaid recipients in managed care programs and/or impose additional taxes on hospitals to help finance or expand the states' Medicaid systems. As permitted by law, certain states in which we operate have adopted broad-based provider taxes to fund the non-federal share of Medicaid programs.

Through DRA 2005, Congress has expanded the federal government's involvement in fighting fraud, waste and abuse in the Medicaid program by creating the Medicaid Integrity Program. Among other things, the DRA 2005 requires CMS to employ private contractors, referred to as Medicaid Integrity Contractors (MICs), to perform post-payment audits of Medicaid claims and identify overpayments. MICs are assigned to five geographic regions and have commenced audits in several of the states assigned to those regions. Throughout 2010, MIC audits will continue to expand to other states. The Health Reform Legislation increases federal funding for the MIC program for federal fiscal year 2011 and later years. In addition to MICs, several other contractors, including the state Medicaid agencies, have increased their review activities. The Health Reform Legislation expands the RAC program's scope to include Medicaid claims by requiring all states to enter contracts with RACs by December 31, 2010. Future legislation or other changes in the administration or interpretation of government health programs could have a material, adverse effect on our financial position and results of operations.

### ***Managed Medicaid***

Managed Medicaid programs enable states to contract with one or more entities for patient enrollment, care management and claims adjudication. The states usually do not relinquish program responsibilities for financing, eligibility criteria and core benefit plan design. We generally contract directly with one of the designated entities, usually a managed care organization. The provisions of these programs are state-specific.

Enrollment in managed Medicaid plans has increased in recent years, as state governments seek to control the cost of Medicaid programs. However, general economic conditions in the states in which we operate may require reductions in premium payments to these plans and may reduce reimbursement received from these plans.

### ***TRICARE***

TRICARE is the Department of Defense's health care program for members of the armed forces. On May 1, 2009, the Department of Defense implemented a prospective payment system for hospital outpatient services furnished to TRICARE beneficiaries similar to that utilized for services furnished to Medicare beneficiaries. Because the Medicare outpatient prospective payment system APC rates have historically been

## **Table of Contents**

below TRICARE rates, the adoption of this payment methodology for TRICARE beneficiaries reduces our reimbursement; however, TRICARE outpatient services do not represent a significant portion of our patient volumes.

### ***Annual Cost Reports***

All hospitals participating in the Medicare, Medicaid and TRICARE programs, whether paid on a reasonable cost basis or under a PPS, are required to meet certain financial reporting requirements. Federal and, where applicable, state regulations require the submission of annual cost reports covering the revenues, costs and expenses associated with the services provided by each hospital to Medicare beneficiaries and Medicaid recipients.

Annual cost reports required under the Medicare and Medicaid programs are subject to routine audits, which may result in adjustments to the amounts ultimately determined to be due to us under these reimbursement programs. These audits often require several years to reach the final determination of amounts due to or from us under these programs. Providers also have rights of appeal, and it is common to contest issues raised in audits of cost reports.

### ***Managed Care and Other Discounted Plans***

Most of our hospitals offer discounts from established charges to certain large group purchasers of health care services, including managed care plans and private insurance companies. Admissions reimbursed by commercial managed care and other insurers were 34%, 35% and 37% of our total admissions for the years ended December 31, 2009, 2008 and 2007, respectively. Managed care contracts are typically negotiated for terms between one and three years. While we generally received annual average yield increases of 6% to 7% from managed care payers during 2009, there can be no assurance that we will continue to receive increases in the future. It is not clear what impact, if any, the increased obligations on managed care payers and other health plans imposed by the Health Reform Legislation will have on our ability to negotiate reimbursement increases.

### ***Uninsured and Self-Pay Patients***

A high percentage of our uninsured patients are initially admitted through our emergency rooms. For the year ended December 31, 2009, approximately 81% of our admissions of uninsured patients occurred through our emergency rooms. The Emergency Medical Treatment and Active Labor Act ( EMTALA ) requires any hospital that participates in the Medicare program to conduct an appropriate medical screening examination of every person who presents to the hospital s emergency room for treatment and, if the individual is suffering from an emergency medical condition, to either stabilize that condition or make an appropriate transfer of the individual to a facility that can handle the condition. The obligation to screen and stabilize emergency medical conditions exists regardless of an individual s ability to pay for treatment. The Health Reform Legislation requires health plans to reimburse hospitals for emergency services provided to enrollees without prior authorization and without regard to whether a participating provider contract is in place. Further, the Health Reform Legislation contains provisions that seek to decrease the number of uninsured individuals, including requirements, which do not become effective until 2014, for individuals to obtain, and employers to provide, insurance coverage. These mandates may reduce the financial impact of screening for and stabilizing emergency medical conditions. However, it is difficult to predict the full impact of the Health Reform Legislation due to the law s complexity, lack of implementing regulations or interpretive guidance, gradual implementation and possible amendment.

We are taking proactive measures to reduce our provision for doubtful accounts by, among other things: screening all patients, including the uninsured, through our emergency screening protocol, to determine the appropriate care setting in light of their condition, while reducing the potential for bad debt; and increasing up-front collections from patients subject to co-pay and deductible requirements and uninsured patients.

**Table of Contents****Hospital Utilization**

We believe that the most important factors relating to the overall utilization of a hospital are the quality and market position of the hospital and the number and quality of physicians and other health care professionals providing patient care within the facility. Generally, we believe the ability of a hospital to be a market leader is determined by its breadth of services, level of technology, emphasis on quality of care and convenience for patients and physicians. Other factors that impact utilization include the growth in local population, local economic conditions and market penetration of managed care programs.

The following table sets forth certain operating statistics for our health care facilities. Health care facility operations are subject to certain seasonal fluctuations, including decreases in patient utilization during holiday periods and increases in the cold weather months. The data set forth in this table includes only those facilities that are consolidated for financial reporting purposes.

- (d) Weighted average licensed beds represents the average number of licensed beds, weighted based on periods owned.

- (f) Equivalent admissions are used by management and certain investors as a general measure of combined inpatient and outpatient volume. Equivalent admissions are computed by multiplying admissions (inpatient volume) by the sum of gross inpatient revenue and gross outpatient revenue and then dividing the resulting amount by gross inpatient revenue. The equivalent admissions computation equates outpatient revenue to the volume measure (admissions) used to measure inpatient volume, resulting in a general measure of combined inpatient and outpatient volume.

## **Competition**

Generally, other hospitals in the local communities served by most of our hospitals provide services similar to those offered by our hospitals. Additionally, in recent years the number of freestanding ASCs and diagnostic centers (including facilities owned by physicians) in the geographic areas in which we operate has increased significantly. As a result, most of our hospitals operate in a highly competitive environment. In some cases, competing hospitals are more established than our hospitals. Some competing hospitals are owned by tax-supported government agencies and many others are owned by not-for-profit entities that may be supported by endowments, charitable contributions and/or tax revenues and are exempt from sales, property and income taxes. Such exemptions and support are not available to our hospitals. In certain localities there are large teaching hospitals that provide highly specialized facilities, equipment and services which may not be available at most of our hospitals. We are facing increasing competition from specialty hospitals, some of which are physician-owned, and both our own and unaffiliated freestanding ASCs for market share in high margin services.

Psychiatric hospitals frequently attract patients from areas outside their immediate locale and, therefore, our psychiatric hospitals compete with both local and regional hospitals, including the psychiatric units of general, acute care hospitals.

Our strategies are designed to ensure our hospitals are competitive. We believe our hospitals compete within local communities on the basis of many factors, including the quality of care, ability to attract and retain quality physicians, skilled clinical personnel and other health care professionals, location, breadth of services, technology offered and prices charged. Pursuant to the Health Reform Legislation, hospitals will be required to publish annually a list of their standard charges for items and services. We have increased our focus on operating outpatient services with improved accessibility and more convenient service for patients, and increased predictability and efficiency for physicians.

Two of the most significant factors to the competitive position of a hospital are the number and quality of physicians affiliated with the hospital. Although physicians may at any time terminate their affiliation with a hospital we operate, our hospitals seek to retain physicians with varied specialties on the hospitals' medical staffs and to attract other qualified physicians. We believe physicians refer patients to a hospital on the basis of the quality and scope of services it renders to patients and physicians, the quality of physicians on the medical staff, the location of the hospital and the quality of the hospital's facilities, equipment and employees. Accordingly, we strive to maintain and provide quality facilities, equipment, employees and services for physicians and patients.

Another major factor in the competitive position of a hospital is our ability to negotiate service contracts with purchasers of group health care services. Managed care plans attempt to direct and control the use of hospital services and obtain discounts from hospitals' established gross charges. In addition, employers and traditional health insurers continue to attempt to contain costs through negotiations with hospitals for managed care programs and discounts from established gross charges. Generally, hospitals compete for service contracts with group health care services purchasers on the basis of price, market reputation, geographic location, quality and range of services, quality of the medical staff and convenience. Our future success will depend, in part, on our ability to retain and renew our managed

care contracts and enter into new managed care contracts on favorable terms. Other health care providers may impact our ability to enter into managed care contracts or negotiate increases in our reimbursement and other favorable terms and conditions. For example, some of our competitors may negotiate exclusivity provisions with managed care plans or otherwise restrict the ability of managed care companies to contract with us. The trend toward consolidation among non-government payers tends to increase their bargaining power over fee structures. The importance of obtaining contracts with

**Table of Contents**

managed care organizations varies from community to community, depending on the market strength of such organizations.

State certificate of need ( CON ) laws, which place limitations on a hospital's ability to expand hospital services and facilities, make capital expenditures and otherwise make changes in operations, may also have the effect of restricting competition. We currently operate health care facilities in a number of states with CON laws. Before issuing a CON, these states consider the need for additional or expanded health care facilities or services. In those states which have no CON laws or which set relatively high levels of expenditures before they become reviewable by state authorities, competition in the form of new services, facilities and capital spending is more prevalent. See Regulation and Other Factors.

We and the health care industry as a whole face the challenge of continuing to provide quality patient care while dealing with rising costs and strong competition for patients. Changes in medical technology, existing and future legislation, regulations and interpretations and managed care contracting for provider services by private and government payers remain ongoing challenges.

Admissions, average lengths of stay and reimbursement amounts continue to be negatively affected by payer-required pre-admission authorization, utilization review and payer pressure to maximize outpatient and alternative health care delivery services for less acutely ill patients. The Health Reform Legislation eliminates statutory restrictions on the use of prepayment review by Medicare contractors. Increased competition, admission constraints and payer pressures are expected to continue. To meet these challenges, we intend to expand our facilities or acquire or construct new facilities where appropriate, to better enable the provision of a comprehensive array of outpatient services, offer market competitive pricing to private payer groups, upgrade facilities and equipment, and offer new or expanded programs and services.

**REGULATION AND OTHER FACTORS**

**Licensure, Certification and Accreditation**

Health care facility construction and operation are subject to numerous federal, state and local regulations relating to the adequacy of medical care, equipment, personnel, operating policies and procedures, maintenance of adequate records, fire prevention, rate-setting and compliance with building codes and environmental protection laws. Facilities are subject to periodic inspection by governmental and other authorities to assure continued compliance with the various standards necessary for licensing and accreditation. We believe our health care facilities are properly licensed under applicable state laws. Each of our acute care hospitals are certified for participation in the Medicare and Medicaid programs and are accredited by The Joint Commission. If any facility were to lose its Medicare or Medicaid certification, the facility would be unable to receive reimbursement from federal health care programs. If any facility were to lose accreditation by The Joint Commission, the facility would be subject to state surveys, potentially be subject to increased scrutiny by CMS and likely lose payment from non-government payers. Management believes our facilities are in substantial compliance with current applicable federal, state, local and independent review body regulations and standards. The requirements for licensure, certification and accreditation are subject to change and, in order to remain qualified, it may become necessary for us to make changes in our facilities, equipment, personnel and services. The requirements for licensure also may include notification or approval in the event of the transfer or change of ownership. Failure to obtain the necessary state approval in these circumstances can result in the inability to complete an acquisition or change of ownership.

**Certificates of Need**

In some states where we operate hospitals and other health care facilities, the construction or expansion of health care facilities, the acquisition of existing facilities, the transfer or change of ownership and the addition of new beds or services may be subject to review by and prior approval of state regulatory agencies under a CON program. Such laws generally require the reviewing state agency to determine the public need for additional or expanded health care facilities and services. Failure to obtain necessary state approval can result in the inability to expand facilities, complete an acquisition or change ownership.

**State Rate Review**

Some states have adopted legislation mandating rate or budget review for hospitals or have adopted taxes on hospital revenues, assessments or licensure fees to fund indigent health care within the state. In the aggregate, indigent tax provisions have not materially, adversely affected our results of operations. Although we do not currently operate facilities in states that mandate rate or budget reviews, we cannot predict whether we will operate in such states in the future, or whether the states in which we currently operate may adopt legislation mandating such reviews.

**Federal Health Care Program Regulations**

Participation in any federal health care program, including the Medicare and Medicaid programs, is heavily regulated by statute and regulation. If a hospital fails to substantially comply with the numerous conditions of participation in the Medicare and Medicaid programs or performs certain prohibited acts, the hospital's participation in the federal health care programs may be terminated, or civil or criminal penalties may be imposed under certain provisions of the Social Security Act, or both.

***Anti-kickback Statute***

A section of the Social Security Act known as the Anti-kickback Statute prohibits providers and others from directly or indirectly soliciting, receiving, offering or paying any remuneration with the intent of generating referrals or orders for services or items covered by a federal health care program. Courts have interpreted this statute broadly and held that there is a violation of the Anti-kickback Statute if just one purpose of the remuneration is to generate referrals, even if there are other lawful purposes. Furthermore, the Health Reform Legislation provides that knowledge of the law or the intent to violate the law is not required.

**Table of Contents**

Violations of the Anti-kickback Statute may be punished by a criminal fine of up to \$25,000 for each violation or imprisonment, civil money penalties of up to \$50,000 per violation and damages of up to three times the total amount of the remuneration and/or exclusion from participation in federal health care programs, including Medicare and Medicaid. The Health Reform Legislation provides that submission of a claim for services or items generated in violation of the Anti-kickback Statute constitutes a false or fraudulent claim and may be subject to additional penalties under the federal False Claims Act ( FCA ).

The Office of Inspector General at HHS ( OIG ), among other regulatory agencies, is responsible for identifying and eliminating fraud, abuse and waste. The OIG carries out this mission through a nationwide program of audits, investigations and inspections. As one means of providing guidance to health care providers, the OIG issues Special Fraud Alerts. These alerts do not have the force of law, but identify features of arrangements or transactions that the government believes may cause the arrangements or transactions to violate the Anti-kickback Statute or other federal health care laws. The OIG has identified several incentive arrangements that constitute suspect practices, including: (a) payment of any incentive by a hospital each time a physician refers a patient to the hospital, (b) the use of free or significantly discounted office space or equipment in facilities usually located close to the hospital, (c) provision of free or significantly discounted billing, nursing or other staff services, (d) free training for a physician's office staff in areas such as management techniques and laboratory techniques, (e) guarantees which provide, if the physician's income fails to reach a predetermined level, the hospital will pay any portion of the remainder, (f) low-interest or interest-free loans, or loans which may be forgiven if a physician refers patients to the hospital, (g) payment of the costs of a physician's travel and expenses for conferences, (h) coverage on the hospital's group health insurance plans at an inappropriately low cost to the physician, (i) payment for services (which may include consultations at the hospital) which require few, if any, substantive duties by the physician, (j) purchasing goods or services from physicians at prices in excess of their fair market value, and (k) rental of space in physician offices, at other than fair market value terms, by persons or entities to which physicians refer. The OIG has encouraged persons having information about hospitals who offer the above types of incentives to physicians to report such information to the OIG.

The OIG also issues Special Advisory Bulletins as a means of providing guidance to health care providers. These bulletins, along with the Special Fraud Alerts, have focused on certain arrangements that could be subject to heightened scrutiny by government enforcement authorities, including: (a) contractual joint venture arrangements and other joint venture arrangements between those in a position to refer business, such as physicians, and those providing items or services for which Medicare or Medicaid pays, and (b) certain gainsharing arrangements, i.e., the practice of giving physicians a share of any reduction in a hospital's costs for patient care attributable in part to the physician's efforts.

In addition to issuing Special Fraud Alerts and Special Advisory Bulletins, the OIG issues compliance program guidance for certain types of health care providers. The OIG guidance identifies a number of risk areas under federal fraud and abuse statutes and regulations. These areas of risk include compensation arrangements with physicians, recruitment arrangements with physicians and joint venture relationships with physicians.

As authorized by Congress, the OIG has published safe harbor regulations that outline categories of activities deemed protected from prosecution under the Anti-kickback Statute. Currently, there are statutory exceptions and safe harbors for various activities, including the following: certain investment interests, space rental, equipment rental, practitioner recruitment, personnel services and management contracts, sale of practice, referral services, warranties, discounts, employees, group purchasing organizations, waiver of beneficiary coinsurance and deductible amounts, managed care arrangements, obstetrical malpractice insurance subsidies, investments in group practices, freestanding surgery centers, ambulance replenishing, and referral agreements for specialty services.

The fact that conduct or a business arrangement does not fall within a safe harbor, or it is identified in a Special Fraud Alert or Advisory Bulletin or as a risk area in the Supplemental Compliance Guidelines for Hospitals, does not

necessarily render the conduct or business arrangement illegal under the Anti-kickback Statute. However, such conduct and business arrangements may lead to increased scrutiny by government enforcement authorities.

## **Table of Contents**

We have a variety of financial relationships with physicians and others who either refer or influence the referral of patients to our hospitals and other health care facilities, including employment contracts, leases, medical director agreements and professional service agreements. We also have similar relationships with physicians and facilities to which patients are referred from our facilities. In addition, we provide financial incentives, including minimum revenue guarantees, to recruit physicians into the communities served by our hospitals. While we endeavor to comply with the applicable safe harbors, certain of our current arrangements, including joint ventures and financial relationships with physicians and other referral sources and persons and entities to which we refer patients, do not qualify for safe harbor protection.

Although we believe our arrangements with physicians and other referral sources have been structured to comply with current law and available interpretations, there can be no assurance regulatory authorities enforcing these laws will determine these financial arrangements comply with the Anti-kickback Statute or other applicable laws. An adverse determination could subject us to liabilities under the Social Security Act, including criminal penalties, civil monetary penalties and exclusion from participation in Medicare, Medicaid or other federal health care programs.

### ***Stark Law***

The Social Security Act also includes a provision commonly known as the Stark Law. The Stark Law prevents the entity from billing Medicare and Medicaid programs for any items or services that result from a prohibited referral and requires the entity to refund amounts received for items or services provided pursuant to the prohibited referral. The law, thus, effectively prohibits physicians from referring Medicare and Medicaid patients to entities with which they or any of their immediate family members have a financial relationship, if these entities provide certain designated health services reimbursable by Medicare, including inpatient and outpatient hospital services, clinical laboratory services and radiology services. Sanctions for violating the Stark Law include denial of payment, civil monetary penalties of up to \$15,000 per claim submitted and exclusion from the federal health care programs. The statute also provides for a penalty of up to \$100,000 for a circumvention scheme. There are exceptions to the self-referral prohibition for many of the customary financial arrangements between physicians and providers, including employment contracts, leases and recruitment agreements. Unlike safe harbors under the Anti-kickback Statute with which compliance is voluntary, an arrangement must comply with every requirement of a Stark Law exception or the arrangement is in violation of the Stark Law. Although there is an exception for a physician's ownership interest in an entire hospital, the Health Reform Legislation prohibits newly created physician-owned hospitals from billing for Medicare patients referred by their physician owners. As a result, the new law will effectively prevent the formation of physician-owned hospitals after December 31, 2010. While the new law grandfathers existing physician-owned hospitals, it does not allow these hospitals to increase the percentage of physician ownership and significantly restricts their ability to expand services.

Through a series of rulemakings, CMS has issued final regulations implementing the Stark Law. Additional changes to these regulations, which became effective October 1, 2009, further restrict the types of arrangements facilities and physicians may enter, including additional restrictions on certain leases, percentage compensation arrangements, and agreements under which a hospital purchases services under arrangements. While these regulations were intended to clarify the requirements of the exceptions to the Stark Law, it is unclear how the government will interpret many of these exceptions for enforcement purposes. CMS has indicated it is considering additional changes to the Stark Law regulations. Because many of these laws and their implementing regulations are relatively new, we do not always have the benefit of significant regulatory or judicial interpretation of these laws and regulations. We attempt to structure our relationships to meet an exception to the Stark Law, but the regulations implementing the exceptions are detailed and complex, and we cannot assure that every relationship complies fully with the Stark Law.

On September 14, 2007, CMS published an information collection request called the Disclosure of Financial Relations Report ( DFRR ). The DFRR and its supporting documentation are currently under review by the Office of

Management and Budget, and it is unclear when, or if, it will be finalized. CMS has indicated that responding hospitals will have a limited amount of time to compile a significant amount of information relating to their financial relationships with physicians. A hospital may be subject to substantial penalties if it is unable to assemble and report this information within the required time frame or if any applicable

## **Table of Contents**

government agency determines that the submission is inaccurate or incomplete. Depending on the final format of the DFRR, responding hospitals may be subject to substantial penalties as a result of enforcement actions brought by government agencies and whistleblowers acting pursuant to the FCA and similar state laws, based on such allegations as failure to respond within required deadlines, that the response is inaccurate or contains incomplete information, or that the response indicates a potential violation of the Stark Law or other requirements.

### ***Similar State Laws***

Many states in which we operate also have laws similar to the Anti-kickback Statute that prohibit payments to physicians for patient referrals and laws similar to the Stark Law that prohibit certain self-referrals. The scope of these state laws is broad, since they can often apply regardless of the source of payment for care, and little precedent exists for their interpretation or enforcement. These statutes typically provide for criminal and civil penalties, as well as loss of facility licensure.

### ***Other Fraud and Abuse Provisions***

The Health Insurance Portability and Accountability Act of 1996 ( HIPAA ) broadened the scope of certain fraud and abuse laws by adding several criminal provisions for health care fraud offenses that apply to all health benefit programs. The Social Security Act also imposes criminal and civil penalties for making false claims and statements to Medicare and Medicaid. False claims include, but are not limited to, billing for services not rendered or for misrepresenting actual services rendered in order to obtain higher reimbursement, billing for unnecessary goods and services, and cost report fraud. Federal enforcement officials have the ability to exclude from Medicare and Medicaid any investors, officers and managing employees associated with business entities that have committed health care fraud, even if the officer or managing employee had no knowledge of the fraud. Criminal and civil penalties may be imposed for a number of other prohibited activities, including failure to return known overpayments, certain gainsharing arrangements, billing Medicare amounts that are substantially in excess of a provider's usual charges, offering remuneration to influence a Medicare or Medicaid beneficiary's selection of a health care provider, contracting with an individual or entity known to be excluded from a federal health care program, making or accepting a payment to induce a physician to reduce or limit services, and soliciting or receiving any remuneration in return for referring an individual for an item or service payable by a federal health care program. Like the Anti-kickback Statute, these provisions are very broad. Under the Health Reform Legislation, civil penalties may be imposed for the failure to report and return an overpayment within 60 days of identifying the overpayment or by the date a corresponding cost report is due, whichever is later. To avoid liability, providers must, among other things, carefully and accurately code claims for reimbursement, promptly return overpayments and accurately prepare cost reports.

Some of these provisions, including the federal Civil Monetary Penalty Law, require a lower burden of proof than other fraud and abuse laws, including the Anti-kickback Statute. Civil monetary penalties that may be imposed under the federal Civil Monetary Penalty Law range from \$10,000 to \$50,000 per act, and in some cases may result in penalties of up to three times the remuneration offered, paid, solicited or received. In addition, a violator may be subject to exclusion from federal and state health care programs. Federal and state governments increasingly use the federal Civil Monetary Penalty Law, especially where they believe they cannot meet the higher burden of proof requirements under the Anti-kickback Statute. Further, individuals can receive up to \$1,000 for providing information on Medicare fraud and abuse that leads to the recovery of at least \$100 of Medicare funds under the Medicare Integrity Program.

### **The Federal False Claims Act and Similar State Laws**

The *qui tam*, or whistleblower, provisions of the FCA allow private individuals to bring actions on behalf of the government alleging that the defendant has defrauded the federal government. Further, the government may use the

FCA to prosecute Medicare and other government program fraud in areas such as coding errors, billing for services not provided and submitting false cost reports. When a private party brings a *qui tam* action under the FCA, the defendant is not made aware of the lawsuit until the government commences its own investigation or makes a determination whether it will intervene. When a defendant is determined by a court of law to be liable under the FCA, the defendant may be required to pay three times the actual damages

## **Table of Contents**

sustained by the government, plus mandatory civil penalties of between \$5,500 and \$11,000 for each separate false claim. There are many potential bases for liability under the FCA. Liability often arises when an entity knowingly submits a false claim for reimbursement to the federal government. The FCA defines the term knowingly broadly. Though simple negligence will not give rise to liability under the FCA, submitting a claim with reckless disregard to its truth or falsity constitutes a knowing submission under the FCA and, therefore, will qualify for liability. The Fraud Enforcement and Recovery Act of 2009 expanded the scope of the FCA by, among other things, creating liability for knowingly and improperly avoiding repayment of an overpayment received from the government and broadening protections for whistleblowers. Under the Health Reform Legislation, the FCA is implicated by the knowing failure to report and return an overpayment within 60 days of identifying the overpayment or by the date a corresponding cost report is due, whichever is later. Further, the Health Reform Legislation expands the scope of the FCA to cover payments in connection with the new health insurance exchanges to be created by the Health Reform Legislation, if those payments include any federal funds.

In some cases, whistleblowers and the federal government have taken the position, and some courts have held, that providers who allegedly have violated other statutes, such as the Anti-kickback Statute and the Stark Law, have thereby submitted false claims under the FCA. The Health Reform Legislation clarifies this issue with respect to the Anti-kickback Statute by providing that submission of claims for services or items generated in violation of the Anti-kickback Statute constitutes a false or fraudulent claim under the FCA. Every entity that receives at least \$5 million annually in Medicaid payments must have written policies for all employees, contractors or agents, providing detailed information about false claims, false statements and whistleblower protections under certain federal laws, including the FCA, and similar state laws. In addition, federal law provides an incentive to states to enact false claims laws comparable to the FCA. A number of states in which we operate have adopted their own false claims provisions as well as their own whistleblower provisions under which a private party may file a civil lawsuit in state court. We have adopted and distributed policies pertaining to the FCA and relevant state laws.

## **HIPAA Administrative Simplification and Privacy and Security Requirements**

The Administrative Simplification Provisions of HIPAA require the use of uniform electronic data transmission standards for certain health care claims and payment transactions submitted or received electronically. These provisions are intended to encourage electronic commerce in the health care industry. HHS has issued regulations implementing the HIPAA Administrative Simplification Provisions and compliance with these regulations is mandatory for our facilities. In addition, HIPAA requires that each provider use a National Provider Identifier. In January 2009, CMS published a final rule making changes to the formats used for certain electronic transactions and requiring the use of updated standard code sets for certain diagnoses and procedures known as ICD-10 code sets. While use of the ICD-10 code sets is not mandatory until October 1, 2013, we will be modifying our payment systems and processes to prepare for the implementation. Implementing the ICD-10 code sets will require significant administrative changes, but we believe that the cost of compliance with these regulations has not had and is not expected to have a material, adverse effect on our business, financial position or results of operations. The Health Reform Legislation requires HHS to adopt standards for additional electronic transactions and to establish operating rules to promote uniformity in the implementation of each standardized electronic transaction.

The privacy and security regulations promulgated pursuant to HIPAA extensively regulate the use and disclosure of individually identifiable health information and require covered entities, including health plans and most health care providers, to implement administrative, physical and technical safeguards to protect the security of such information. The American Recovery and Reinvestment Act of 2009 (ARRA), which was signed into law on February 17, 2009, broadened the scope of the HIPAA privacy and security regulations. In addition, ARRA extends the application of certain provisions of the security and privacy regulations to business associates (entities that handle identifiable health information on behalf of covered entities) and subjects business associates to civil and criminal penalties for violation of the regulations. We enforce a HIPAA compliance plan, which we believe complies with HIPAA privacy and

security requirements and under which a HIPAA compliance group monitors our compliance. The privacy regulations and security regulations have and will continue to impose significant costs on our facilities in order to comply with these standards.

## **Table of Contents**

As required by ARRA, HHS published an interim final rule on August 24, 2009, that requires covered entities to report breaches of unsecured protected health information to affected individuals without unreasonable delay but not to exceed 60 days of discovery of the breach by a covered entity or its agents. Notification must also be made to HHS and, in certain situations involving large breaches, to the media. Various state laws and regulations may also require us to notify affected individuals in the event of a data breach involving individually identifiable information.

Violations of the HIPAA privacy and security regulations may result in civil and criminal penalties, and ARRA has strengthened the enforcement provisions of HIPAA, which may result in increased enforcement activity. Under ARRA, HHS is required to conduct periodic compliance audits of covered entities and their business associates. ARRA broadens the applicability of the criminal penalty provisions to employees of covered entities and requires HHS to impose penalties for violations resulting from willful neglect. ARRA also significantly increases the amount of the civil penalties, with penalties of up to \$50,000 per violation for a maximum civil penalty of \$1,500,000 in a calendar year for violations of the same requirement. In addition, ARRA authorizes state attorneys general to bring civil actions seeking either injunction or damages in response to violations of HIPAA privacy and security regulations that threaten the privacy of state residents. Our facilities also remain subject to any federal or state privacy-related laws that are more restrictive than the privacy regulations issued under HIPAA. These laws vary and could impose additional penalties.

There are numerous other laws and legislative and regulatory initiatives at the federal and state levels addressing privacy and security concerns. For example, the Federal Trade Commission issued a final rule in October 2007 requiring financial institutions and creditors, which may include health providers and health plans, to implement written identity theft prevention programs to detect, prevent, and mitigate identity theft in connection with certain accounts. The Federal Trade Commission has delayed enforcement of this rule until June 1, 2010.

## **EMTALA**

All of our hospitals in the United States are subject to EMTALA. This federal law requires any hospital participating in the Medicare program to conduct an appropriate medical screening examination of every individual who presents to the hospital's emergency room for treatment and, if the individual is suffering from an emergency medical condition, to either stabilize the condition or make an appropriate transfer of the individual to a facility able to handle the condition. The obligation to screen and stabilize emergency medical conditions exists regardless of an individual's ability to pay for treatment. There are severe penalties under EMTALA if a hospital fails to screen or appropriately stabilize or transfer an individual or if the hospital delays appropriate treatment in order to first inquire about the individual's ability to pay. Penalties for violations of EMTALA include civil monetary penalties and exclusion from participation in the Medicare program. In addition, an injured individual, the individual's family or a medical facility that suffers a financial loss as a direct result of a hospital's violation of the law can bring a civil suit against the hospital.

The government broadly interprets EMTALA to cover situations in which individuals do not actually present to a hospital's emergency room, but present for emergency examination or treatment to the hospital's campus, generally, or to a hospital-based clinic that treats emergency medical conditions or are transported in a hospital-owned ambulance, subject to certain exceptions. At least one court has interpreted the law also to apply to a hospital that has been notified of a patient's pending arrival in a non-hospital owned ambulance. EMTALA does not generally apply to individuals admitted for inpatient services. The government has expressed its intent to investigate and enforce EMTALA violations actively in the future. We believe our hospitals operate in substantial compliance with EMTALA.

## **Corporate Practice of Medicine/Fee Splitting**

Some of the states in which we operate have laws prohibiting corporations and other entities from employing physicians, practicing medicine for a profit and making certain direct and indirect payments or fee-splitting arrangements between health care providers designed to induce or encourage the referral of patients to, or the recommendation of, particular providers for medical products and services. Possible sanctions for violation of these restrictions include loss of license and civil and criminal penalties. In addition, agreements between the corporation

## **Table of Contents**

and the physician may be considered void and unenforceable. These statutes vary from state to state, are often vague and have seldom been interpreted by the courts or regulatory agencies.

### **Health Care Industry Investigations**

Significant media and public attention has focused in recent years on the hospital industry. This media and public attention, changes in government personnel or other factors may lead to increased scrutiny of the health care industry. While we are currently not aware of any material investigations of the Company under federal or state health care laws or regulations, it is possible that governmental entities could initiate investigations or litigation in the future at facilities we operate and that such matters could result in significant penalties, as well as adverse publicity. It is also possible that our executives and managers could be included in governmental investigations or litigation or named as defendants in private litigation.

Our substantial Medicare, Medicaid and other governmental billings result in heightened scrutiny of our operations. We continue to monitor all aspects of our business and have developed a comprehensive ethics and compliance program that is designed to meet or exceed applicable federal guidelines and industry standards. Because the law in this area is complex and constantly evolving, governmental investigations or litigation may result in interpretations that are inconsistent with our or industry practices.

In public statements surrounding current investigations, governmental authorities have taken positions on a number of issues, including some for which little official interpretation previously has been available, that appear to be inconsistent with practices that have been common within the industry and that previously have not been challenged in this manner. In some instances, government investigations that have in the past been conducted under the civil provisions of federal law may now be conducted as criminal investigations.

Both federal and state government agencies have increased their focus on and coordination of civil and criminal enforcement efforts in the health care area. The OIG and the Department of Justice have, from time to time, established national enforcement initiatives, targeting all hospital providers that focus on specific billing practices or other suspected areas of abuse. The Health Reform Legislation includes additional federal funding to fight health care fraud, waste and abuse, including \$95 million for federal fiscal year 2011, \$55 million in federal fiscal year 2012 and additional increased funding through 2016. In addition, governmental agencies and their agents, such as the Medicare Administrative Contractors, fiscal intermediaries and carriers, may conduct audits of our health care operations. Private payers may conduct similar post-payment audits, and we also perform internal audits and monitoring.

In addition to national enforcement initiatives, federal and state investigations have addressed a wide variety of routine health care operations such as: cost reporting and billing practices, including for Medicare outliers; financial arrangements with referral sources; physician recruitment activities; physician joint ventures; and hospital charges and collection practices for self-pay patients. We engage in many of these routine health care operations and other activities that could be the subject of governmental investigations or inquiries. For example, we have significant Medicare and Medicaid billings, numerous financial arrangements with physicians who are referral sources to our hospitals, and joint venture arrangements involving physician investors. Certain of our individual facilities have received, and other facilities may receive, government inquiries from federal and state agencies. Any additional investigations of the Company, our executives or managers could result in significant liabilities or penalties to us, as well as adverse publicity.

Commencing in 1997, we became aware we were the subject of governmental investigations and litigation relating to our business practices. As part of the investigations, the United States intervened in a number of *qui tam* actions brought by private parties. The investigations related to, among other things, DRG coding, outpatient laboratory billing, home health issues, physician relations, cost report and wound care issues. The investigations were concluded

through a series of agreements executed in 2000 and 2003 with the Criminal Division of the Department of Justice, the Civil Division of the Department of Justice, various U.S. Attorneys' offices, CMS, a negotiating team representing states with claims against us, and others. In January 2001, we entered into an eight-year Corporate Integrity Agreement ( CIA ) with the OIG, which expired January 24, 2009. If the government were to determine that we violated or breached the CIA or other federal or state laws relating to Medicare, Medicaid or similar programs, we could be subject to substantial monetary fines, civil and criminal penalties and/or

## **Table of Contents**

exclusion from participation in the Medicare and Medicaid programs and other federal and state health care programs. Alleged violations may be pursued by the government or through private *qui tam* actions. Sanctions imposed against us as a result of such actions could have a material, adverse effect on our results of operations and financial position.

### **Health Care Reform**

In March 2010, President Obama signed the Health Reform Legislation into law. The Health Reform Legislation represents significant change across the health care industry. As a result of the law's complexity, lack of implementing regulations or interpretive guidance, gradual implementation and possible amendment, the impact of the Health Reform Legislation is not yet fully known. The primary goal of the Health Reform Legislation is to decrease the number of uninsured individuals by expanding coverage to approximately 32 million additional individuals through a combination of public program expansion and private sector health insurance reforms. The Health Reform Legislation expands eligibility under existing Medicaid programs, imposes financial penalties on individuals who fail to carry insurance coverage and creates affordability credits for those not enrolled in an employer-sponsored health plan. Further, the Health Reform Legislation requires states to establish a health insurance exchange and permits states to create federally funded, non-Medicaid plans for low-income residents not eligible for Medicaid. The Health Reform Legislation establishes a number of health insurance market reforms, including a ban on lifetime limits and pre-existing condition exclusions, new benefit mandates, and increased dependent coverage. Health insurance market reforms that expand insurance coverage should increase revenues from providing care to previously uninsured individuals; however, many of these provisions of the Health Reform Legislation will not become effective until 2014 or later. It is also possible that implementation of these provisions could be delayed or even blocked due to court challenges. In addition, there may be efforts to repeal or amend the Health Reform Legislation.

Further, the Health Reform Legislation contains a number of provisions designed to significantly reduce Medicare and Medicaid program spending, including reductions in Medicare market basket updates and Medicare and Medicaid disproportionate share funding. A significant portion of our patient volume is derived from government health care programs, principally Medicare and Medicaid. Specifically, we derived approximately 40% of our revenues from the Medicare and Medicaid programs in 2009. Reductions to our reimbursement under the Medicare and Medicaid programs by the Health Reform Legislation could adversely affect our business and results of operations, to the extent such reductions are not offset by the expected increases in revenues from providing care to previously uninsured individuals.

The Health Reform Legislation prohibits newly created physician-owned hospitals from billing for Medicare patients referred by their physician owners. As a result, the new law will effectively prevent the formation of physician-owned hospitals after December 31, 2010. While the new law grandfathers existing physician-owned hospitals, it does not allow these hospitals to increase the percentage of physician ownership and significantly restricts their ability to expand services.

Because of the many variables involved, we are unable to predict the net effect on the Company of the reductions in Medicare and Medicaid spending, the expected increases in revenues from providing care to previously uninsured individuals, and numerous other provisions in the law that may affect the Company. We are further unable to foresee how individuals and businesses will respond to the choices afforded them by the Health Reform Legislation. Thus, we cannot predict the full impact of the Health Reform Legislation on the Company at this time.

Current and possible future changes in the Medicare, Medicaid, and other state programs, including Medicaid supplemental payments pursuant to upper payment limit programs, may impact reimbursements to health care providers and insurers. Many states have enacted, or are considering enacting, health reform measures, including reforms designed to reduce their Medicaid expenditures and change private health care insurance. States have also adopted, or are considering, legislation designed to reduce coverage, enroll Medicaid recipients in managed care

programs and/or impose additional taxes on hospitals to help finance or expand states Medicaid systems. Some states, including states in which we operate, have applied for and have been granted federal waivers from current Medicaid regulations to allow them to serve some or all of their Medicaid participants through managed care providers. The Health Reform Legislation will result in increased state legislative and regulatory changes in order

## **Table of Contents**

for states to comply with new federal mandates, such as the requirement to establish health insurance exchanges and the expansion of Medicaid enrollment, and to participate in grants and other incentive opportunities.

Hospital operating margins have been, and may continue to be, under significant pressure because of deterioration in pricing flexibility and payer mix, reductions in Medicaid expenditures and growth in operating expenses in excess of the increase in PPS payments under the Medicare program. Changes to federal and state government health care programs, to commercial plans and to other aspects of the health care industry resulting from the Health Reform Legislation may increase the pressure on hospital operating margins.

## **General Economic and Demographic Factors**

The United States economy has weakened significantly. Depressed consumer spending and higher unemployment rates continue to pressure many industries. During economic downturns, governmental entities often experience budget deficits as a result of increased costs and lower than expected tax collections. These budget deficits may force federal, state and local government entities to decrease spending for health and human service programs, including Medicare, Medicaid and similar programs, which represent significant payer sources for our hospitals. Other risks we face from general economic weakness include potential declines in the population covered under managed care agreements, patient decisions to postpone or cancel elective and non-emergency health care procedures, potential increases in the uninsured and underinsured populations and further difficulties in our collecting patient co-payment and deductible receivables. The Health Reform Legislation seeks to decrease over time the number of uninsured individuals, by among other things requiring employers to offer, and individuals to carry, health insurance or be subject to penalties. However, it is difficult to predict the full impact of the Health Reform Legislation due to the law's complexity, lack of implementing regulations or interpretive guidance, gradual implementation and possible amendment.

The health care industry is impacted by the overall United States financial pressures. The federal deficit, the growing magnitude of Medicare expenditures and the aging of the United States population will continue to place pressure on federal health care programs.

## **Compliance Program and Corporate Integrity Agreement**

We maintain a comprehensive ethics and compliance program that is designed to meet or exceed applicable federal guidelines and industry standards. The program is intended to monitor and raise awareness of various regulatory issues among employees and to emphasize the importance of complying with governmental laws and regulations. As part of the ethics and compliance program, we provide annual ethics and compliance training to our employees and encourage all employees to report any violations to their supervisor, an ethics and compliance officer or a toll-free telephone ethics line. The Health Reform Legislation requires providers to implement core elements of a compliance program criteria to be established by HHS, on a timeline to be established by HHS, as a condition of enrollment in the Medicare or Medicaid programs, and we may have to modify our compliance programs to comply with these new criteria.

Until January 24, 2009, we operated under a CIA, which was structured to assure the federal government of our overall federal health care program compliance and specifically covered DRG coding, outpatient PPS billing and physician relations. We underwent major training efforts to ensure that our employees learned and applied the policies and procedures implemented under the CIA and our ethics and compliance program. The CIA had the effect of increasing the amount of information we provided to the federal government regarding our health care practices and our compliance with federal regulations. Under the CIA, we had numerous affirmative obligations, including the requirement to report potential violations of applicable federal health care laws and regulations. Pursuant to this obligation, we reported a number of potential violations of the Stark Law, the Anti-kickback Statute, EMTALA,

HIPAA and other laws, most of which we consider to be nonviolations or technical violations. We submitted our final report pursuant to the CIA on April 30, 2009. These reports could result in greater scrutiny by regulatory authorities. The government could determine that our reporting and/or our resolution of reported issues was inadequate. A determination that we breached the CIA and/or a finding of violations of applicable health care laws or regulations could subject us to repayment requirements, substantial monetary penalties, civil penalties, exclusion from participation in the Medicare and Medicaid and other federal and state health care programs and, for violations of certain laws and regulations, criminal penalties. Although the CIA expired on January 24, 2009, we maintain our

## **Table of Contents**

ethics and compliance program in substantially the same form. However, the audit plans in the CIA have been modified and the reportable events process has been converted to an internal reporting process.

### **Antitrust Laws**

The federal government and most states have enacted antitrust laws that prohibit certain types of conduct deemed to be anti-competitive. These laws prohibit price fixing, concerted refusal to deal, market monopolization, price discrimination, tying arrangements, acquisitions of competitors and other practices that have, or may have, an adverse effect on competition. Violations of federal or state antitrust laws can result in various sanctions, including criminal and civil penalties. Antitrust enforcement in the health care industry is currently a priority of the Federal Trade Commission. We believe we are in compliance with such federal and state laws, but future review of our practices by courts or regulatory authorities could result in a determination that could adversely affect our operations.

### **Environmental Matters**

We are subject to various federal, state and local statutes and ordinances regulating the discharge of materials into the environment. We do not believe that we will be required to expend any material amounts in order to comply with these laws and regulations.

### **Insurance**

As is typical in the health care industry, we are subject to claims and legal actions by patients in the ordinary course of business. Subject to a \$5 million per occurrence self-insured retention, our facilities are insured by our wholly-owned insurance subsidiary for losses up to \$50 million per occurrence. The insurance subsidiary has obtained reinsurance for professional liability risks generally above a retention level of \$15 million per occurrence. We also maintain professional liability insurance with unrelated commercial carriers for losses in excess of amounts insured by our insurance subsidiary.

We purchase, from unrelated insurance companies, coverage for directors and officers liability and property loss in amounts we believe are adequate. The directors and officers liability coverage includes a \$25 million corporate deductible for the period prior to the Recapitalization and a \$1 million corporate deductible subsequent to the Recapitalization. In addition, we will continue to purchase coverage for our directors and officers on an ongoing basis. The property coverage includes varying deductibles depending on the cause of the property damage. These deductibles range from \$500,000 per claim up to 5% of the affected property values for certain flood and wind and earthquake related incidents.

### **Employees and Medical Staffs**

At December 31, 2009, we had approximately 190,000 employees, including approximately 49,000 part-time employees. References herein to employees refer to employees of our affiliates. We are subject to various state and federal laws that regulate wages, hours, benefits and other terms and conditions relating to employment. At December 31, 2009, employees at 20 of our hospitals are represented by various labor unions. It is possible additional hospitals may unionize in the future. We consider our employee relations to be good and have not experienced work stoppages that have materially, adversely affected our business or results of operations. Our hospitals, like most hospitals, have experienced labor costs rising faster than the general inflation rate. In some markets, nurse and medical support personnel availability has become a significant operating issue to health care providers. To address this challenge, we have implemented several initiatives to improve retention, recruiting, compensation programs and productivity.

Our hospitals are staffed by licensed physicians, who generally are not employees of our hospitals. However, some physicians provide services in our hospitals under contracts, which generally describe a term of service, provide and establish the duties and obligations of such physicians, require the maintenance of certain performance criteria and fix compensation for such services. Any licensed physician may apply to be accepted to the medical staff of any of our hospitals, but the hospital's medical staff and the appropriate governing board of the hospital, in accordance with established credentialing criteria, must approve acceptance to the staff. Members of the medical staffs of our hospitals often also serve on the medical staffs of other hospitals and may terminate their affiliation with one of our hospitals at any time.

**Table of Contents**

We may be required to continue to enhance wages and benefits to recruit and retain nurses and other medical support personnel or to hire more expensive temporary or contract personnel. As a result, our labor costs could increase. We also depend on the available labor pool of semi-skilled and unskilled employees in each of the markets in which we operate. Certain proposed changes in federal labor laws, including the Employee Free Choice Act, could increase the likelihood of employee unionization attempts. To the extent a significant portion of our employee base unionizes, our costs could increase materially. In addition, the states in which we operate could adopt mandatory nurse-staffing ratios or could reduce mandatory nurse-staffing ratios already in place. State-mandated nurse-staffing ratios could significantly affect labor costs, and have an adverse impact on revenues if we are required to limit patient admissions in order to meet the required ratios.

**Properties**

The following table lists, by state, the number of hospitals (general, acute care, psychiatric and rehabilitation) directly or indirectly owned and operated by us as of December 31, 2009:

In addition to the hospitals listed in the above table, we directly or indirectly operate 105 freestanding surgery centers. We also operate medical office buildings in conjunction with some of our hospitals. These office buildings are primarily occupied by physicians who practice at our hospitals. Fourteen of our general, acute care hospitals and three of our other properties have been mortgaged to support our obligations under our senior secured cash flow credit facility and the first lien secured notes we issued in 2009 and 2010. These three other properties are also subject to

second mortgages to support our obligations under the second lien secured notes we issued in 2006 and 2009.

We maintain our headquarters in approximately 1,200,000 square feet of space in the Nashville, Tennessee area. In addition to the headquarters in Nashville, we maintain regional service centers related to our shared services initiatives. These service centers are located in markets in which we operate hospitals.

## **Table of Contents**

We believe our headquarters, hospitals and other facilities are suitable for their respective uses and are, in general, adequate for our present needs. Our properties are subject to various federal, state and local statutes and ordinances regulating their operation. Management does not believe that compliance with such statutes and ordinances will materially affect our financial position or results of operations.

## **Legal Proceedings**

We operate in a highly regulated and litigious industry. As a result, various lawsuits, claims and legal and regulatory proceedings have been and can be expected to be instituted or asserted against us. The resolution of any such lawsuits, claims or legal and regulatory proceedings could materially and adversely affect our results of operations and financial position in a given period.

### ***Government Investigations, Claims and Litigation***

In January 2001, we entered into an eight-year CIA with the Office of Inspector General at HHS, which expired on January 24, 2009. Under the CIA, we had numerous affirmative obligations, including the requirement to report potential violations of applicable federal health care laws and regulations. Pursuant to these obligations, we reported a number of potential violations of the Stark Law, the Anti-kickback Statute, EMTALA and other laws, most of which we consider to be nonviolations or technical violations. We submitted our final report pursuant to the CIA on April 30, 2009. The government could determine that our reporting and/or our resolution of reported issues was inadequate. Violation or breach of the CIA, or violation of federal or state laws relating to Medicare, Medicaid or similar programs, could subject us to substantial monetary fines, civil and criminal penalties and/or exclusion from participation in the Medicare and Medicaid programs. Alleged violations may be pursued by the government or through private *qui tam* actions. Sanctions imposed against us as a result of such actions could have a material, adverse effect on our results of operations or financial position.

### ***Merger Litigation in State Court***

In 2006, the Foundation for Seacoast Health filed suit against HCA in state court in New Hampshire. The Foundation alleged that both the 2006 Recapitalization transaction and a prior 1999 intra-corporate transaction violated a 1983 agreement that placed certain restrictions on transfers of the Portsmouth Regional Hospital. In May 2007, the trial court ruled against the Foundation on all its claims. On appeal, the New Hampshire Supreme Court affirmed the ruling on the Recapitalization, but remanded to the trial court the claims based on the 1999 intra-corporate transaction. The trial court ruled in December 2009 that the 1999 intra-corporate transaction breached the transfer restriction provisions of the 1983 agreement. The trial court will now conduct further proceedings to determine whether any harm has flowed from the alleged breach, and if so, what the appropriate remedy should be, including determining whether, pursuant to the Foundation's assertion, that it should have the right to purchase the hospital.

### ***General Liability and Other Claims***

We are a party to certain proceedings relating to claims for income taxes and related interest before the IRS Appeals Division. For a description of those proceedings, see Management's Discussion and Analysis of Financial Condition and Results of Operations - Pending IRS Disputes and Note 5 to our consolidated financial statements.

We are also subject to claims and suits arising in the ordinary course of business, including claims for personal injuries or for wrongful restriction of, or interference with, physicians' staff privileges. In certain of these actions the claimants have asked for punitive damages against us, which may not be covered by insurance. In the opinion of management, the ultimate resolution of these pending claims and legal proceedings will not have a material, adverse effect on our results of operations or financial position.

**Table of Contents****MANAGEMENT****Directors**

The holder of 91,845,692 shares of our common stock, representing approximately 97.1% of the shares of our common stock entitled to vote on the record date, executed a written consent in lieu of an annual meeting removing the Company's existing directors and re-electing thirteen directors to serve as members of our Board of Directors. That consent and the election of directors will become effective on or about April 28, 2010. The directors will serve until their successors are duly elected and qualified or until the earlier of their death, resignation, or removal. ## **Board of Directors and Board Committees**

### ***Director Independence***

Our Board of Directors consists of thirteen directors, who are each managers of Hercules Holding. The Amended and Restated Limited Liability Company Agreement of Hercules Holding requires that the members of Hercules Holding take all necessary action to ensure that the persons who serve as managers of Hercules Holding also serve on the Board of Directors of HCA. See Certain Relationships and Related Party Transactions. In addition, Mr. Bracken's employment agreement provides that he will continue to serve as a member of our Board of Directors so long as he remains an officer of HCA. Because of these requirements, together with Hercules Holding's ownership of approximately 97.1% of our outstanding common stock, we do not currently have a policy or procedures with respect to stockholder recommendations for nominees to the Board of Directors, nor do we have a nominating/corporate governance committee, or a committee that serves a similar purpose. Effective December 31, 2008, Jack O. Bovender, Jr. retired as Chief Executive Officer but retained the role of executive Chairman of the Board until

December 15, 2009, and effective January 1, 2009, Mr. Bracken was appointed to serve as Chief Executive Officer of the Company. Effective December 15, 2009, Mr. Bracken was appointed Chairman of the Board, and Mr. Johnson was appointed as a member of the Board of Directors. Our Board of Directors currently has four standing committees: the Audit and Compliance

Committee, the Compensation Committee, the Executive Committee and the Patient Safety and Quality of Care Committee. Each of the Investors (other than the Sponsor Assignees) has the right to have at least one director serve on all standing committees.

Though not formally considered by our Board because our common stock is not listed on any national securities exchange, based upon the listing standards of the New York Stock Exchange ( NYSE ), the national securities exchange upon which our common stock was listed prior to the Merger, we do not believe any of our directors would be considered independent because of their relationships with certain affiliates of the funds and other entities which hold significant interests in Hercules Holding, which owns approximately 97.1% of our outstanding common stock, and other relationships with us. See Certain Relationships and Related Party Transactions. Accordingly, we do not believe that any of Messrs. Birosak, Frist, Gordon or Momtazee, the members of our Audit and Compliance Committee, would meet the independence requirements or Rule 10A-1 of the Exchange Act or the NYSE s audit committee independence requirements, or that Messrs. Connaughton, Forbes or Michelson, the members of our Compensation Committee, would meet the NYSE s independence requirements.

**Director Qualifications**

The Board of Directors seeks to ensure the Board is composed of members whose particular experience, qualifications, attributes and skills, when taken together, will allow the Board to satisfy its oversight responsibilities effectively. In identifying candidates for membership on the Board, the Board takes into account (1) minimum individual qualifications, such as high ethical standards, integrity, mature and careful judgment, industry knowledge or experience and an ability to work collegially with the other members of the Board and (2) all other factors it considers appropriate, including alignment with our stockholders, especially investment funds affiliated with the Sponsors. While we do not have any specific diversity policies for considering Board candidates, we believe each director contributes to the Board of Directors overall diversity diversity being broadly construed to mean a variety of opinions, perspectives, personal and professional experiences and backgrounds.

In 2009, Messrs. Birosak, Bracken, Connaughton, Forbes, Freeman, Frist III, Frist, Gordon, Johnson, Michelson, Momtazee, Pagliuca and Thorne were elected to the Company's Board. Messrs. Birosak, Connaughton, Forbes, Freeman, Frist III, Frist, Gordon, Michelson, Momtazee, Pagliuca and Thorne were appointed to the Board as a consequence of their respective relationships with investment funds affiliated with

## **Table of Contents**

the Sponsors and the Frist Entities. They are collectively referred to as the Sponsor Directors. Messrs. Bracken and Johnson are collectively referred to as the Non-Sponsor Directors.

When considering whether the Board's directors and nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable the Board to satisfy its oversight responsibilities effectively in light of the Company's business and structure, the Board focused primarily on the information discussed in each of the Board members' biographical information set forth above.

Each of the Company's directors possesses high ethical standards, acts with integrity, and exercises careful, mature judgment. Each is committed to employing their skills and abilities to aid the long-term interests of the stakeholders of the Company. In addition, our directors are knowledgeable and experienced in one or more business, governmental, or civic endeavors, which further qualifies them for service as members of the Board. Alignment with our stockholders is important in building value at the Company over time.

Each of the Sponsor Directors was elected to the Board pursuant to the Amended and Restated Limited Liability Company Agreement of Hercules Holding. Pursuant to such agreement, Messrs. Freeman, Michelson and Momtazee were appointed to the Board as a consequence of their respective relationships with KKR, Messrs. Birosak, Forbes and Thorne were appointed to the Board as a consequence of their respective relationships with Bank of America Corporation, Messrs. Connaughton, Gordon and Pagliuca were appointed to the Board as a consequence of their respective relationships with Bain Capital and Messrs. Frist III and Frist were appointed to the Board as a consequence of their respective relationships with the Frist Entities.

As a group, the Sponsor Directors possess experience in owning and managing enterprises like the Company and are familiar with corporate finance, strategic business planning activities and issues involving stakeholders more generally.

The Non-Sponsor Directors bring leadership, extensive business, operating, legal and policy experience, and tremendous knowledge of our Company and the Company's industry, to the Board. In addition, the Non-Sponsor Directors bring their broad strategic vision for our Company to the Board. Mr. Bracken's service as the Chairman and Chief Executive Officer of the Company and Mr. Johnson's service as Executive Vice President, Chief Financial Officer and Director creates a critical link between management and the Board, enabling the Board to perform its oversight function with the benefits of management's perspectives on the business. In addition, having the Chief Executive Officer and Executive Vice President and Chief Financial Officer, and Messrs. Bracken and Johnson in particular, on our Board provides our Company with ethical, decisive and effective leadership.

The Amended and Restated Limited Liability Company Agreement of Hercules Holding provides that each Sponsor has the right to designate three directors, that the Frist Entities have the right to designate two directors and that the Board will include two representatives of management of our Company. Any directors nominated to fill the directorships selected by the Sponsors and the Frist Entities are chosen by the applicable Sponsor or the Frist Entities, as the case may be. The Sponsors, the Frist Entities and the other members of the Board participate in the consideration of nominees to the Board as representatives of the Company's management.

### ***Board Leadership Structure***

The Board appointed the Company's Chief Executive Officer as Chairman because he is the director most familiar with the Company's business and industry, and as a result is best suited to effectively identify strategic priorities and lead the discussion and execution of strategy. The Board believes the combined position of Chairman and CEO promotes a unified direction and leadership for the Board and gives a single, clear focus for the chain of command for our organization, strategy and business plans. Because the Company is a controlled corporation and the Board is

primarily composed of Sponsor Directors, the Company does not have a lead or any other independent directors.

### ***Board's Role in Risk Oversight***

Risk is inherent with every business. Management is responsible for the day-to-day management of risks the Company faces, while the Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. Our Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental aspect of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. The involvement of the full Board of Directors in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

We conduct an annual enterprise risk management assessment, which is facilitated by the Company's enterprise risk management team in collaboration with the Company's internal auditors. The senior internal audit executive officer reports to the Chief Executive Officer and Chairman and to the Audit and Compliance Committee in this capacity. In this process, we assess risk throughout the Company by conducting surveys and interviews of Company employees and directors soliciting information regarding business risks that could significantly adversely affect the Company, including the achievement of its strategic plan. We then identify any controls or initiatives in place to mitigate any material risk and the effectiveness of any such controls or initiatives. The enterprise risk management team annually prepares a report for senior management and, ultimately, the Board of Directors regarding the key identified risks and how the Company manages these risks to review and analyze both on an annual and ongoing basis. Senior management attends the quarterly Board meetings and is available to address any questions or concerns raised by the Board regarding risk management and any other matters. Additionally, each quarter, the Board of Directors receives presentations from senior management on strategic matters involving our operations.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board assist the Board in fulfilling its oversight responsibilities in certain areas of risk. In particular, the Audit and Compliance Committee focuses on financial and enterprise risk exposures, including internal controls, and discusses with management, the senior internal audit executive officer, the senior chief ethics and compliance officer and the independent auditor the Company's policies with respect to risk assessment and risk management. The Audit and Compliance Committee also assists the Board in fulfilling its duties and oversight responsibilities relating to the Company's compliance with applicable laws and regulations, the Company Code of Conduct, and related Company policies and procedures, including the Corporate Ethics and Compliance Program. The Compensation Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Patient Safety and Quality of Care Committee assists the Board in fulfilling its risk oversight responsibility with respect to the Company's policies and procedures relating to patient safety and the delivery of quality medical care to patients.

### ***Board Meetings and Committees***

During 2009, our Board of Directors held nine meetings. All directors attended at least 75% of the Board meetings and meetings of the committees of the Board on which the director served. Given that we do not presently intend on holding annual stockholder meetings because we are not currently publicly traded, HCA has not adopted a policy regarding director attendance at annual meetings of stockholders. The Company did not have an annual meeting of stockholders in 2009 and our directors were re-elected through stockholder action taken on written consent effective September 21, 2009.

### ***Audit and Compliance Committee***

Our Audit and Compliance Committee is composed of James C. Momtazee, Chairman, Christopher J. Birozak, Thomas F. Frist III, and Christopher R. Gordon. In light of our status as a closely held company and the absence of a public trading market for our common stock, our Board has not designated any member of the Audit and Compliance Committee as an audit committee financial expert. None of the members of the Audit and Compliance Committee would meet the independence requirements of Rule 10A-1 of the Exchange Act or the NYSE's audit committee independence requirements, because of their relationships with certain affiliates of the funds and other entities which hold significant interests in Hercules Holding, which, as of April 1, 2010, owned approximately 97.1% of our outstanding common stock, and other relationships with us. See Certain Relationships and Related Party Transactions. This committee reviews the programs of our internal auditors, the results of their audits, and the adequacy of our system of internal controls and accounting practices. This committee also reviews the scope of the annual audit by our independent registered public accounting firm before its commencement, reviews the results of the audit and reviews the types of services for which we retain our independent registered public accounting firm. The Audit and Compliance Committee has adopted a charter which can be obtained on the Corporate Governance page of the Company's website at [www.hcahealthcare.com](http://www.hcahealthcare.com). In 2009, the Audit and Compliance Committee met five times.

### ***Compensation Committee***

Our Compensation Committee is currently composed of John P. Connaughton, Chairman, James D. Forbes and Michael W. Michelson. None of the members of our Compensation Committee would meet the NYSE's independence requirements. The Compensation Committee is generally charged with the oversight of our executive compensation and rewards programs. Responsibilities of the Compensation Committee include the review and approval of the following items:

Executive compensation strategy and philosophy;

Compensation arrangements for executive management;

Design and administration of the annual cash-based Senior Officer Performance Excellence Program;

Design and administration of our equity incentive plans;

Executive benefits and perquisites (including the HCA Restoration Plan and the Supplemental Executive Retirement Plan); and

Any other executive compensation or benefits related items deemed noteworthy by the Compensation Committee.

In addition, the Compensation Committee considers the proper alignment of executive pay policies with Company values and strategy by overseeing employee compensation policies, corporate performance measurement and assessment, and Chief Executive Officer performance assessment. The Compensation Committee may retain the services of independent outside consultants, as it deems appropriate, to assist in the strategic review of programs and arrangements relating to executive compensation and performance. In 2009 the Compensation Committee hired Semler Brossy Consulting Group, LLC to assist in conducting an assessment of competitive executive compensation. The Compensation Committee may consider recommendations from our Chief Executive Officer and compensation consultants, among other factors, in making its compensation determinations. The Compensation Committee has the authority to delegate any of its responsibilities to one or more subcommittees as the committee may deem appropriate. For a discussion of the processes and procedures for determining executive and director compensation and the role of

executive officers and compensation consultants in determining or recommending the amount or form of compensation, see Executive Compensation Compensation Discussion and Analysis. The Compensation Committee has adopted a charter which can be obtained on the Corporate Governance page of our website at [www.hcahealthcare.com](http://www.hcahealthcare.com). In 2009, the Compensation Committee met eight times.

**EXECUTIVE COMPENSATION**

**Compensation Risk Assessment**

In consultation with the Compensation Committee, members of Human Resources, Legal, Enterprise Risk Management and Internal Audit management conducted an assessment of whether the Company's compensation policies and practices encourage excessive or inappropriate risk taking by our employees, including employees other than our named executive officers. This assessment included a review of the risk characteristics of our business and the design of our incentive plans and policies. Although a significant portion of our executive compensation program is performance-based, the Compensation Committee has focused on aligning the Company's compensation policies with the long-term interests of the Company and avoiding rewards or incentive structures that could create unnecessary risks to the Company.

Management reported its findings to the Compensation Committee, which agreed with management's assessment that our plans and policies do not encourage excessive or inappropriate risk taking and determined such policies or practices are not reasonably likely to have a material, adverse effect on the Company.

**Compensation Discussion and Analysis**

The Compensation Committee (the Committee) of the Board of Directors is generally charged with the oversight of our executive compensation and rewards programs. The Committee is currently composed of John P. Connaughton, James D. Forbes and Michael W. Michelson. In early 2009, the Committee also included George A. Bitar, and determinations with respect to 2009 compensation were made by such Committee. Responsibilities of the Committee include the review and approval of the following items:

Design and administration of the annual cash-based Senior Officer Performance Excellence Program (PEP);

Design and administration of our equity incentive plans;

Executive benefits and perquisites (including the HCA Restoration Plan and the Supplemental Executive Retirement Plan); and

Any other executive compensation or benefits related items deemed appropriate by the Committee.

In addition, the Committee considers the proper alignment of executive pay policies with Company values and strategy by overseeing executive compensation policies, corporate performance measurement and assessment, and Chief Executive Officer performance assessment. The Committee may retain the services of independent outside consultants, as it deems appropriate, to assist in the strategic review of programs and arrangements relating to executive compensation and performance.

As discussed in more detail below, the material elements and structure of the named executive officers' compensation program were negotiated and determined in connection with the Merger, subject to annual adjustments in the Committee's discretion.

***Compensation Philosophy and Objectives***

The core philosophy of our executive compensation program is to support the Company's primary objective of providing the highest quality health care to our patients while enhancing the long term value of the Company to our stockholders. Specifically, the Committee believes the most effective executive compensation program (for all executives, including named executive officers):

Reinforces HCA's strategic initiatives;

Aligns the economic interests of our executives with those of our stockholders; and

Encourages attraction and long term retention of key contributors.

The Committee is committed to a strong, positive link between our objectives and our compensation and benefits practices.

Our compensation philosophy also allows for flexibility in establishing executive compensation based on an evaluation of information prepared by management or other advisors and other subjective and objective considerations deemed appropriate by the Committee, subject to any contractual agreements with our executives. The Committee will also consider the recommendations of our Chief Executive Officer. This flexibility is important to ensure our compensation programs are competitive and that our compensation decisions appropriately reflect the unique contributions and characteristics of our executives.

***Compensation Structure and Benchmarking***

Our compensation program is heavily weighted towards performance-based compensation, reflecting our philosophy of increasing the long-term value of the Company and supporting strategic imperatives. Total direct compensation and other benefits consist of the following elements:

**Total Direct Compensation**

Base Salary  
Annual Cash-Based Incentives (offered through our PEP)  
Long-Term Equity Incentives (in the form of Stock Options)

**Other Benefits**

Retirement Plans  
Limited Perquisites and Other Personal Benefits  
Severance Benefits

The Committee does not support rigid adherence to benchmarks or compensatory formulas and strives to make compensation decisions which effectively support our compensation objectives and reflect the unique attributes of the Company and each executive. Our general practice, however, with respect to pay positioning, is that executive base salaries and annual incentive (PEP) target values should generally position total annual cash compensation between the median and 75th percentile of similarly-sized general industry companies. We utilize the general industry as our primary source for competitive pay levels because HCA is significantly larger than its industry peers. See the discussion of benchmarking below for further information. The named executive officers' pay fell within the range noted above for jobs with equivalent market comparisons.

**Table of Contents**

The cash compensation mix between salary and PEP has historically been more weighted towards salary than competitive practice among our general industry peers would suggest. Over time, we have made steps towards a mix of cash compensation that will place a greater emphasis on annual performance-based compensation.

Although we look at competitive long-term equity incentive award values in similarly-sized general industry companies when assessing the competitiveness of our compensation programs, we do not make annual executive option grants (and we did not base our initial post-Merger 2007 stock option grants on these levels) since equity is structured differently in closely held companies than in publicly-traded companies. As is typical in similar situations, the Investors wanted to share a certain percentage of the equity with executives shortly after the consummation of the Merger and establish performance objectives and incentives up front in lieu of annual grants to ensure our executives long-term economic interests would be aligned with those of the Investors. This pool of equity was then further allocated based on the executives' responsibilities and anticipated impact on, and potential for, driving Company strategy and performance. The resulting total direct pay mix on a cumulative basis, is heavily weighted towards performance-based pay (PEP plus stock options) rather than fixed pay, which the Committee believes reflects the compensation philosophy and objectives discussed above.

In accordance with agreements entered into at the time of the Merger, our named executive officers received the 2x Time Options (as defined below) in 2009 with an exercise price equal to two times the share price at the Merger (or \$102.00). The Committee allocated those options in consultation with our Chief Executive Officer based on past executive contributions and future anticipated impact on Company objectives. For additional information regarding the 2x Time Options, see Elements of Compensation Long-Term Equity Incentive Awards: Options below.

***Compensation Process***

The Committee ensures executives' pay levels are materially consistent with the compensation strategy described above, in part, by conducting annual assessments of competitive executive compensation. Management (but no named executive officer), in collaboration with the Committee's independent consultant, Semler Brossy Consulting Group, LLC, collects and presents compensation data from similarly-sized general industry companies, based to the extent possible on comparable position matches and compensation components. The following nationally recognized survey sources were utilized in anticipation of establishing 2009 executive compensation:

<b>Survey</b>	<b>Revenue Scope</b>
Towers Perrin Executive Compensation Database	Greater than \$20B
Hewitt Total Compensation Measurement	\$10B - \$25B
Hewitt Total Compensation Measurement	Greater than \$25B

These particular revenue scopes were selected because they were the closest approximations to HCA's revenue size. Each survey that provided an appropriate position match and sufficient sample size to be used in the compensation review was weighted equally. For this purpose, the two Hewitt survey cuts were considered as one survey, and we used a weighted average of the two surveys (65% for the \$10B - \$25B cut and 35% for the Greater than \$25B).

Data was also collected from health care providers within our industry including Community Health Systems, Inc., Health Management Associates, Inc., Kindred Healthcare, Inc., LifePoint Hospitals, Inc., Tenet Healthcare Corporation and Universal Health Services, Inc. These health care providers are used only to obtain a general understanding of current industry compensation practices since we are significantly larger than these companies. CEO and CFO compensation data was also collected and reviewed for large public health care companies which included, in addition to health care providers, companies in the health insurance, pharmaceutical, medical supplies and related

industries. This peer group's 2008 revenues ranged from \$7.2 billion to \$81.2 billion with median revenues of \$21.3 billion. The companies in this analysis included Abbott Laboratories, Aetna Inc., Amgen Inc., Baxter International Inc., Boston Scientific Corp., Bristol-Myers Squibb Company, CIGNA Corp., Coventry Health Care, Inc., Express Scripts, Inc., Humana Inc., Johnson & Johnson,

## **Table of Contents**

Eli Lilly and Company, Medco Health Solutions Inc., Merck & Co., Inc., Pfizer Inc., Quest Diagnostics Incorporated, Schering-Plough Corporation, Tenet Healthcare Corporation, Thermo Fisher Scientific Inc., UnitedHealth Group Incorporated, Wellpoint, Inc. and Wyeth.

Consistent with our flexible compensation philosophy, the Committee is not required to approve compensation precisely reflecting the results of these surveys, and may also consider, among other factors (typically not reflected in these surveys): the requirements of the applicable employment agreements, the executive's individual performance during the year, his or her projected role and responsibilities for the coming year, his or her actual and potential impact on the successful execution of Company strategy, recommendations from our Chief Executive Officer and compensation consultants, an officer's prior compensation, experience, and professional status, internal pay equity considerations, and employment market conditions and compensation practices within our peer group. The weighting of these and other relevant factors is determined on a case-by-case basis for each executive upon consideration of the relevant facts and circumstances.

### ***Employment Agreements***

In connection with the Merger, we entered into employment agreements with each of our named executive officers and certain other members of senior management to help ensure the retention of those executives critical to the future success of the Company. Among other things, these agreements set the executives' compensation terms, their rights upon a termination of employment, and restrictive covenants around non-competition, non-solicitation, and confidentiality. These terms and conditions are further explained in the remaining portion of this Compensation Discussion and Analysis and under Narrative Disclosure to Summary Compensation Table and 2009 Grants of Plan-Based Awards Table Employment Agreements.

In light of Mr. Bovender's retirement from the position of Chief Executive Officer, effective December 31, 2008, and continuing service to the Company as executive Chairman until December 15, 2009, the Company entered into an Amended and Restated Employment Agreement with Mr. Bovender, effective December 31, 2008. The material amendments to Mr. Bovender's prior employment agreement as set forth in the Amended and Restated Employment Agreement are described below under Mr. Bovender's Continuing Severance Benefits and under Narrative Disclosure to Summary Compensation Table and 2009 Grants of Plan-Based Awards Table Employment Agreements.

The Company also amended Mr. Bracken's employment agreement, effective January 1, 2009, to reflect his appointment to the position of Chief Executive Officer.

### ***Elements of Compensation***

#### ***Base Salary***

Base salaries are intended to provide reasonable and competitive fixed compensation for regular job duties. The threshold base salaries for our executives are set forth in their employment agreements. We did not increase named executive officer base salaries in 2009, other than an increase in Mr. Johnson's base salary, as detailed below, in order to better align his salary with market for his position as Chief Financial Officer based on general industry surveys. In light of Mr. Bovender's retirement from the position of Chief Executive Officer and continuing role as executive Chairman and Mr. Bracken's assumption of the responsibilities of Chief Executive Officer, Mr. Bovender's base salary for 2009 was reduced to \$1.144 million (as described further in Narrative Disclosure to Summary Compensation Table and 2009 Grants of Plan-Based Awards Table Employment Agreements Mr. Bovender's Employment Agreements), and Mr. Bracken's 2009 base salary was increased to \$1.325 million. Similarly, taking into consideration the additional responsibilities being assumed by the position of Executive Vice President and Chief Financial Officer and relevant market comparables from the survey data, Mr. Johnson's 2009 salary was set at \$850,000, reflecting an

increase of approximately 7.6% from his 2008 salary. In light of actual total cash compensation realized for 2009 and current target cash compensation opportunities levels, no merit base salary increases are planned for 2010 at this time. Mr. Rutledge's salary will be increased by 3.7% effective April 1, 2010 as an internal equity adjustment to internal peer roles.

**Table of Contents***Annual Incentive Compensation: PEP*

The PEP is intended to reward named executive officers for annual financial performance, with the goals of providing high quality health care for our patients and increasing stockholder value. Accordingly, in 2008, the Company's 2008-2009 Senior Officer Performance Excellence Program, as amended (the "2008-2009 PEP"), was approved by the Committee to cover annual cash incentive awards for both 2008 and 2009. Each named executive officer in the 2008-2009 PEP was initially assigned a maximum 2009 annual award target expressed as a percentage of salary ranging from 72% to 132%, which under the terms of the 2008-2009 PEP applies to the lesser of (a) the named executive officer's 2009 base salary, or (b) 125% of the named executive officer's 2008 base salary. The Committee had the discretion to reduce, but not increase, the 2009 Threshold, Target and Maximum percentages as set forth in the 2008-2009 PEP. Mr. Bovender's 2009 PEP target and an additional one-time \$250,000 bonus opportunity based on his contributions to certain legislative initiatives as determined by the Committee were set forth in his Amended Employment Agreement, as described in Narrative Disclosure to Summary Compensation Table and 2009 Grants of Plan-Based Awards Table Employment Agreements Mr. Bovender's Employment Agreement. The Committee set Mr. Bracken's 2009 target percentage at 130% of his 2009 base salary in connection with his appointment as Chief Executive Officer and amended the 2008-2009 PEP to set Mr. Johnson's 2009 target percentage at 80% of his 2009 base salary in light of the additional responsibilities assumed by the position of Executive Vice President and Chief Financial Officer. The 2009 target percentage for each of Ms. Wallace and Messrs. Hazen and Rutledge was set at 66% of their respective 2009 base salaries (see individual targets in the table below). These targets were intended to provide a meaningful incentive for executives to achieve or exceed performance goals.

The 2008-2009 PEP was designed to provide 100% of the target award for target performance, 50% of the target award for a minimum acceptable (threshold) level of performance, and a maximum of 200% of the target award for maximum performance, while no payments were to be made for performance below threshold levels. The Committee believes this payout curve is consistent with competitive practice. More importantly, it promotes and rewards continuous growth as performance goals have consistently been set at increasingly higher levels each year. Actual awards under the PEP are generally determined using the following two steps:

1. The executive's conduct must reflect our mission and values by upholding our Code of Conduct and following our compliance policies and procedures. This step is critical to reinforcing our commitment to integrity and the delivery of high quality health care. In the event the Committee determines the participant's conduct during the fiscal year is not in compliance with the first step, he or she will not be eligible for an incentive award.
2. The actual award amount is determined based upon Company performance. In 2009, the PEP for all named executive officers, other than Mr. Hazen and Mr. Rutledge, incorporated one Company financial performance measure, EBITDA, defined in the 2008-2009 PEP as earnings before interest, taxes, depreciation, amortization, minority interest expense (now, net income attributable to noncontrolling interests), gains or losses on sales of facilities, gains or losses on extinguishment of debt, asset or investment impairment charges, restructuring charges, and any other significant nonrecurring non-cash gains or charges (but excluding any expenses for share-based compensation under ASC 718, *Compensation-Stock Compensation* (ASC 718)) (EBITDA). The Company EBITDA target for 2009, as adjusted, was \$4.768 billion for the named executive officers. Mr. Hazen's 2009 PEP, as the Western Group President, was based 50% on Company EBITDA and 50% on Western Group EBITDA (with a Western Group EBITDA target for 2009 of \$2.352 billion, as adjusted) to ensure his accountability for his group's results. Similarly, Mr. Rutledge's 2009 PEP, as the Central Group President, was based 50% on Company EBITDA and 50% on Central Group EBITDA (with a Central Group EBITDA target for 2009 of \$1.137 billion, as adjusted). The Committee chose to base annual incentives on EBITDA for a number of reasons:

It effectively measures overall Company performance;

It can be considered an important surrogate for cash flow, a critical metric related to paying down the Company's significant debt obligation;

**Table of Contents**

It is the key metric driving the valuation in the internal Company model, consistent with the valuation approach used by industry analysts; and

It is consistent with the metric used for the vesting of the financial performance portion of our option grants.

These EBITDA targets should not be understood as management's predictions of future performance or other guidance and investors should not apply these in any other context. Our 2009 threshold and maximum goals were set at approximately +/- 3.6% of the target goal to reflect likely performance volatility. EBITDA targets were linked to the Company's short-term and long-term business objectives to ensure incentives are provided for appropriate annual growth.

Upon review of the Company's 2009 financial performance, the Committee determined that Company EBITDA performance for the fiscal year ended December 31, 2009 was above the maximum performance levels as set by the Compensation Committee, as adjusted; likewise, the EBITDA performance of the Western Group and Central Group also exceeded the maximum performance targets, as adjusted.

	<b>2009 Adjusted EBITDA Target</b>	<b>2009 Actual Adjusted EBITDA</b>
Company	\$ 4.768 billion	\$ 5.512 billion
Western Group	\$ 2.352 billion	\$ 2.841 billion
Central Group	\$ 1.137 billion	\$ 1.325 billion

Accordingly, the 2009 PEP was paid out as follows to the named executive officers (the actual 2009 PEP payout amounts are included in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table):

<b>Named Executive Officer</b>	<b>2009 Target PEP (% of Salary)</b>	<b>2009 Actual PEP Award (% of Salary)</b>
Richard M. Bracken (Chairman and CEO)	130%	260%
R. Milton Johnson (Executive Vice President and CFO)	80%	160%
Beverly B. Wallace (President, Shared Services Group)	66%	132%
Samuel N. Hazen (President, Western Group)	66%	132%
W. Paul Rutledge (President, Central Group)	66%	132%
Jack O. Bovender, Jr. (Retired Chairman)	50%	100%

Mr. Bovender also received the additional bonus of \$250,000 based upon his contributions to certain of the Company's legislative initiatives as described above.

On March 31, 2010, the Committee adopted the 2010 Senior Officer Performance Excellence Program (the 2010 PEP). Under the 2010 PEP, the named executive officers of the Company shall be eligible to earn performance awards based upon the achievement of certain specified performance targets. The specified performance criteria for the Company's named executive officers and other participants is EBITDA (as defined in the 2010 PEP), and with respect to the Western and Central Group Presidents, 50% of their respective award opportunities are based on EBITDA for

the Company's Western and Central Groups, respectively. Target awards for the named executive officers are the same as for 2009 and are as follows:

130% of base salary for Richard M. Bracken, our Chairman and CEO;

80% of base salary for R. Milton Johnson, our Executive Vice President and CFO;

66% of base salary for Beverly B. Wallace, our President Shared Services Group;

66% of base salary for Samuel N. Hazen, our President Western Group; and

66% of base salary for W. Paul Rutledge, our President Central Group.

Participants will receive 100% of the target award for target performance, 25% of the target award for a minimum acceptable (threshold) level of performance, and a maximum of 200% of the target award for

## **Table of Contents**

maximum performance. No payments will be made for performance below specified threshold amounts. Payouts between threshold and maximum will be calculated by the Committee in its sole discretion using straight-line interpolation. The Committee may make adjustments to the terms and conditions of, and the criteria included in, awards under the 2010 PEP in recognition of unusual or nonrecurring events affecting a participant or the Company, or the financial statements of the Company, or in certain other instances specified in the 2010 PEP.

The Committee set the named executive officers' 2010 target performance goals under the PEP based on realistic expectations of Company performance, ensuring successful execution of our plans in order to realize the most value from these awards. While we do not intend to disclose our 2010 PEP EBITDA target, as an understanding of that target is not necessary for a fair understanding of the named executive officers' compensation for 2009 and could result in competitive harm and market confusion, we consistently set targets that require an increase in EBITDA year over year to promote continuous growth consistent with our business plan. For 2010, the Committee has the ability to apply negative discretion based on performance of company-wide quality metrics against industry benchmarks, and for Ms. Wallace, negative discretion can be applied based on performance of individual goals related to the operations of the Shared Services Group.

Awards pursuant to the 2010 PEP that are attributable to the performance goals being met at target level or below will be paid solely in cash, and, in the event performance goals are achieved above the target level, the amount of an award attributable to performance results in excess of target levels shall be payable 50% in cash and 50% in restricted stock units.

The Company can recover (or clawback) incentive compensation pursuant to our 2010 PEP that was based on (i) achievement of financial results that are subsequently the subject of a restatement due to material noncompliance with any financial reporting requirement under either GAAP or federal securities laws, other than as a result of changes to accounting rules and regulations, or (ii) a subsequent finding that the financial information or performance metrics used by the Committee to determine the amount of the incentive compensations are materially inaccurate, in each case regardless of individual fault. In addition, the Company may recover any incentive compensation awarded or paid pursuant to this policy based on the participant's conduct which is not in good faith and which materially disrupts, damages, impairs or interferes with the business of the Company and its affiliates. The Committee may also provide for incremental additional payments to then-current executives in the event any restatement or error indicates that such executives should have received higher performance-based payments. This policy is administered by the Committee in the exercise of its discretion and business judgment based on the relevant facts and circumstances.

### *Long-Term Equity Incentive Awards: Options*

In connection with the Merger, the Board of Directors approved and adopted the 2006 Stock Incentive Plan for Key Employees of HCA Inc. and its Affiliates (the 2006 Plan). The purpose of the 2006 Plan is to:

Promote our long term financial interests and growth by attracting and retaining management and other personnel and key service providers with the training, experience and abilities to enable them to make substantial contributions to the success of our business;

Motivate management personnel by means of growth-related incentives to achieve long range goals; and

Further the alignment of interests of participants with those of our stockholders through opportunities for increased stock or stock-based ownership in the Company.

In January 2007, pursuant to the terms of the named executive officers' respective employment agreements, the Committee approved long-term stock option grants to our named executive officers under the 2006 Plan consisting

solely of a one-time, multi-year stock option grant in lieu of annual long-term equity incentive award grants ( New Options ). In addition to the New Options granted in 2007, the Company committed to grant the named executive officers 2x Time Options (as defined below) in their respective employment agreements, as described in more detail below under Narrative Disclosure to Summary Compensation Table and 2009 Grants of Plan-Based Awards Table Employment Agreements. The Committee believes stock options are the most effective long-term vehicle to directly align the interests of

## **Table of Contents**

executives with those of our stockholders by motivating performance that results in the long-term appreciation of the Company's value, since they only provide value to the executive if the value of the Company increases. As is typical in leveraged buyout situations, the Committee determined that granting all of the stock options (except the 2x Time Options) up front rather than annually was appropriate to aid in retaining key leaders critical to the Company's success over the next several years and, coupled with the executives' significant personal investments in connection with the Merger, provide an equity incentive and stake in the Company that directly aligns the long-term economic interests of the executives with those of the Investors.

The New Options have a ten year term and are divided so that 1/3 are time vested options, 1/3 are EBITDA-based performance vested options and 1/3 are performance options that vest based on investment return to the Sponsors, each as described below. The combination of time, performance and investor return based vesting of these awards is designed to compensate executives for long term commitment to the Company, while motivating sustained increases in our financial performance and helping ensure the Sponsors have received an appropriate return on their invested capital before executives receive significant value from these grants.

The time vested options are granted to aid in retention. Consistent with this goal, the time vested options granted in 2007 vest and become exercisable in equal increments of 20% on each of the first five anniversaries of the grant date. The time vested options have an exercise price equivalent to fair market value on the date of grant. Since our common stock is not currently traded on a national securities exchange, fair market value was determined reasonably and in good faith by the Board of Directors after consultation with the Chief Executive Officer and other advisors.

The EBITDA-based performance vested options are intended to motivate sustained improvement in long-term performance. Consistent with this goal, the EBITDA-based performance vested options granted in 2007 are eligible to vest and become exercisable in equal increments of 20% at the end of fiscal years 2007, 2008, 2009, 2010 and 2011 if certain annual EBITDA performance targets are achieved. These EBITDA performance targets were established at the time of the Merger and can be adjusted by the Board of Directors in consultation with the Chief Executive Officer as described below. We chose EBITDA (defined in the award agreements as earnings before interest, taxes, depreciation, amortization, minority interest expense (now, net income attributable to noncontrolling interests), gains or losses on sales of facilities, gains or losses on extinguishment of debt, asset or investment impairment charges, restructuring charges, and any other significant nonrecurring non-cash gains or charges (but excluding any expenses for share-based compensation under ASC 718 with respect to any awards granted under the 2006 Plan)) as the performance metric since it is a key driver of our valuation and for other reasons as described above in the Elements of Compensation Annual Incentive Compensation: PEP section of this Compensation Discussion and Analysis. Due to the number of events that can occur within our industry in any given year that are beyond the control of management but may significantly impact our financial performance (e.g., health care regulations, industry-wide significant fluctuations in volume, etc.), we have incorporated vesting provisions. The EBITDA-based performance vested options may vest and become exercisable on a catch up basis, such that options that were eligible to vest but failed to vest due to our failure to achieve prior EBITDA targets will vest if at the end of any subsequent year or at the end of fiscal year 2012, the cumulative total EBITDA earned in all prior years exceeds the cumulative EBITDA target at the end of such fiscal year.

As discussed above, we do not intend to disclose the 2010-2011 EBITDA performance targets as they reflect competitive, sensitive information regarding our budget. However, we deliberately set our targets at increasingly higher levels. Thus, while designed to be attainable, target performance levels for these years require strong, improving performance and execution, which in our view, provides an incentive firmly aligned with stockholder interests.

As with the EBITDA targets under our PEP, pursuant to the terms of the 2006 Plan and the Stock Option Agreements governing the 2007 grants, the Board of Directors, in consultation with our Chief Executive Officer, has the ability to

adjust the established EBITDA targets for significant events, changes in accounting rules and other customary adjustment events. We believe these adjustments may be necessary in order to effectuate the intents and purposes of our compensation plans and to avoid unintended consequences that are inconsistent with these intents and purposes. For example, the Board of Directors exercised its ability to make

## **Table of Contents**

adjustments to the Company's 2009-2011 EBITDA performance targets (including cumulative EBITDA targets) for facility dispositions and accounting changes occurring during the 2009 fiscal year.

The options that vest based on investment return to the Sponsors are intended to align the interests of executives with those of our principal stockholders to ensure stockholders receive their expected return on their investment before the executives can receive their gains on this portion of the option grant. These options vest and become exercisable with respect to 10% of the common stock subject to such options at the end of fiscal years 2007, 2008, 2009, 2010 and 2011 if the Investor Return (as defined below) is at least equal to two times the price paid to stockholders in the Merger (or \$102.00), and with respect to an additional 10% at the end of fiscal years 2007, 2008, 2009, 2010 and 2011 if the Investor Return is at least equal to two-and-a-half times the price paid to stockholders in the Merger (or \$127.50). Investor Return means, on any of the first five anniversaries of the closing date of the Merger, or any date thereafter, all cash proceeds actually received by affiliates of the Sponsors after the closing date in respect of their common stock, including the receipt of any cash dividends or other cash distributions (including the fair market value of any distribution of common stock by the Sponsors to their limited partners), determined on a fully diluted, per share basis. The Sponsor investment return options also may become vested and exercisable on a catch up basis if the relevant Investor Return is achieved at any time occurring prior to the expiration of such options.

Upon review of the Company's 2009 financial performance, the Committee determined the Company achieved the 2009 EBITDA performance target of \$4.821 billion, as adjusted, under the New Option awards; therefore, pursuant to the terms of the 2007 Stock Option Agreements, 20% of each named executive officer's EBITDA-based performance vested options vested as of December 31, 2009. Further, 20% of each named executive officer's time vested options vested on the second anniversary of their grant date, January 30, 2009. As of the end of the 2009 fiscal year, no portion of the options that vest based on Investor Return have vested; however, such options remain subject to the catch up vesting provisions described above.

In each of the employment agreements with the named executive officers, we also committed to grant, among the named executive officers and certain other executives, 10% of the options initially authorized for grant under the 2006 Plan at some time before November 17, 2011 (but with a good faith commitment to do so before a change in control (as defined in the 2006 Plan) or a public offering (as defined in the 2006 Plan) and before the time when our Board of Directors reasonably believes that the fair market value of our common stock is likely to exceed the equivalent of \$102.00 per share) at an exercise price per share that is the equivalent of \$102.00 per share ( 2x Time Options ). On October 6, 2009, the 2x Time Options were granted. The Committee allocated those options in consultation with our Chief Executive Officer based on past executive contributions and future anticipated impact on Company objectives. Forty percent of the 2x Time Options were vested upon grant to reflect employment served since the Merger, an additional twenty percent of the options vested on November 17, 2009, and twenty percent of the options granted to each recipient will vest on November 17, 2010 and November 17, 2011, respectively. The terms of the 2x Time Options are otherwise consistent with other time vesting options granted under the 2006 Plan.

For additional information concerning the options awarded in 2007 and 2009, see the 2009 Grants of Plan-Based Awards and Outstanding Equity Awards at 2009 Fiscal Year-End Tables.

### ***Ownership Guidelines***

While we have maintained stock ownership guidelines in the past, as a non-listed company, we no longer have a policy regarding stock ownership guidelines. However, we do believe equity ownership aligns our executive officers interests with those of the Investors. Accordingly, all of our named executive officers were required to rollover at least half their pre-Merger equity and, therefore, maintain significant stock ownership in the Company. See Security Ownership of Certain Beneficial Owners.

***Retirement Plans***

We currently maintain one qualified retirement plan for which the named executive officers are eligible, the HCA 401(k) Plan, to aid in retention and to assist employees in providing for their retirement. We also used to maintain the HCA Retirement Plan, which as of April 1, 2008, merged into the HCA 401(k) Plan

## **Table of Contents**

resulting in one qualified retirement plan. Generally all employees who have completed the required service are eligible to participate in the HCA 401(k) Plan. Each of our named executive officers participates in the plan. For additional information on these plans, including amounts contributed by HCA in 2009 to the named executive officers, see the Summary Compensation Table and related footnotes and narratives and 2009 Pension Benefits.

Our key executives, including the named executive officers, also participate in two supplemental retirement programs. The Committee and the Board initially approved these supplemental programs to:

Recognize significant long-term contributions and commitments by executives to the Company and to performance over an extended period of time;

Induce our executives to continue in our employ through a specified normal retirement age (initially 62 through 65, but reduced to 60 upon the change in control at the time of the Merger in 2006); and

Provide a competitive benefit to aid in attracting and retaining key executive talent.

The Restoration Plan provides a benefit to replace a portion of the contributions lost in the HCA 401(k) Plan due to certain IRS limitations. Effective January 1, 2008, participants in the SERP (described below) are no longer eligible for Restoration Plan contributions; however, the hypothetical accounts maintained for each named executive officer as of January 1, 2008 will continue to be maintained and will be increased or decreased with hypothetical investment returns based on the actual investment return of the Mix B fund within the HCA 401(k) Plan. For additional information concerning the Restoration Plan, see 2009 Nonqualified Deferred Compensation.

Key executives also participate in the Supplemental Executive Retirement Plan (the SERP), adopted in 2001. The SERP benefit brings the total value of annual retirement income to a specific income replacement level. For named executive officers with 25 years or more of service, this income replacement level is 60% of final average pay (base salary and PEP payouts) at normal retirement, a competitive level of benefit at the time the plan was implemented. Due to the Merger, all participants are fully vested in their SERP benefits and the plan is now frozen to new entrants. For additional information concerning the SERP, see 2009 Pension Benefits.

In the event a participant renders service to another health care organization within five years following retirement or termination of employment, he or she forfeits the rights to any further payment, and must repay any payments already made. This non-competition provision is subject to waiver by the Committee with respect to the named executive officers.

### ***Personal Benefits***

Our executive officers receive limited, if any, benefits outside of those offered to our other employees. Generally, we provide these benefits to increase travel and work efficiencies and allow for more productive use of the executive's time. Mr. Bracken is permitted to use the Company aircraft for personal trips, subject to the aircraft's availability. Prior to his retirement, Mr. Bovender was also permitted to use the Company aircraft for personal trips, subject to the aircraft's availability. The named executive officers may have their spouses accompany them on business trips taken on the Company aircraft, subject to seat availability. In addition, there are times when it is appropriate for an executive's spouse to attend events related to our business. On those occasions, we will pay for the travel expenses of the executive's spouse. We will, on an as needed basis, provide mobile telephones and personal digital assistants to our employees and certain of our executive officers have obtained such devices through us. The value of these personal benefits, if any, is included in the executive officer's income for tax purposes and, in certain limited circumstances, the additional income attributed to an executive officer as a result of one or more of these benefits will be grossed up to cover the taxes due on that income. Except as otherwise discussed herein, other welfare and employee-benefit

programs are the same for all of our eligible employees, including our executive officers. For additional information, see footnote (4) to the Summary Compensation Table.

***Severance and Change in Control Benefits***

As noted above, all of our named executive officers have entered into employment agreements, which provide, among other things, each executive's rights upon a termination of employment in exchange for non-competition, non-solicitation, and confidentiality covenants. We believe that reasonable severance benefits are appropriate in order to be competitive in our executive retention efforts. These benefits should reflect the fact that it may be difficult for such executives to find comparable employment within a short period of time. We also believe that these types of agreements are appropriate and customary in situations such as the Merger wherein the executives have made significant personal investments in the Company and that investment is generally illiquid for a significant period of time. Finally, we believe formalized severance arrangements are common benefits offered by employers competing for similar senior executive talent.

***Severance Benefits for Named Executive Officers (other than Mr. Bovender)***

If employment is terminated by the Company without cause or by the executive for good reason (whether or not the termination was in connection with a change-in-control), the executive would be entitled to accrued rights (cause, good reason and accrued rights are as defined in Narrative Disclosure to Summary Compensation Table and 2009 Grants of Plan-Based Awards Table Employment Agreements ) plus:

Subject to restrictive covenants and the signing of a general release of claims, an amount equal to two times for Ms. Wallace and Messrs. Hazen and Rutledge and three times in the case of Messrs. Bracken and Johnson the sum of base salary plus PEP paid or payable in respect of the fiscal year immediately preceding the fiscal year in which termination occurs, payable over a two year period;

Pro-rata bonus; and

Continued coverage under our group health plans during the period over which the cash severance is paid.

Additionally, unvested options will be forfeited; however, vested New Options (including 2x Time Options) will remain exercisable until the first anniversary of the termination of the executive's employment.

Because we believe a termination by the executive for good reason (a constructive termination) is conceptually the same as an actual termination by the Company without cause, we believe it is appropriate to provide severance benefits following such a constructive termination of the named executive officer's employment. All of our severance provisions are believed to be within the realm of competitive practice and are intended to provide fair and reasonable compensation to the executive upon a termination event.

***Mr. Bovender's Continuing Severance Benefits***

In light of his long-term service to the Company and his retirement from the position of Chief Executive Officer, the Company entered into an Amended and Restated Employment Agreement with Mr. Bovender, effective December 31, 2008 (the Amended Employment Agreement ). Mr. Bovender's Amended Employment Agreement provides that, effective as of the expiration of the Employment Term (as defined in Narrative Disclosure to Summary Compensation Table and 2009 Grants of Plan-Based Awards Table Employment Agreements ), Mr. Bovender was entitled to receive the accrued rights as described above for the other named executive officers. Mr. Bovender was also entitled to receive a pro rata portion of his bonus under the 2008-2009 PEP based on the Company's actual results for 2009 ( Mr. Bovender's Prorated Bonus ). Mr. Bovender is also entitled to continued coverage under the Company's group health plans for Mr. Bovender and his wife until age 65, reimbursement of any unreimbursed business expenses properly incurred and such employee benefits, if any, as to which Mr. Bovender would be entitled under the

Company's employee benefit plans.

The Amended Employment Agreement also provides that, effective as of the expiration of the Employment Term (December 15, 2009), (i) neither Mr. Bovender nor the Company have any put or call rights with respect to Mr. Bovender's New Options or stock acquired upon the exercise of any such options;

**Table of Contents**

(ii) Mr. Bovender's rollover stock options will remain exercisable as if Mr. Bovender's employment terminated by reason of retirement in accordance with the terms of the applicable equity plans and award agreements; (iii) the unvested New Options (including the 2x Time Options) held by Mr. Bovender that vest solely based on the passage of time will vest as if Mr. Bovender's employment had continued through the next three anniversaries of their date of grant; (iv) the unvested New Options held by Mr. Bovender that are EBITDA performance options will remain outstanding and will vest, if at all, on the next four dates that they would have otherwise vested had Mr. Bovender's employment continued, based upon the extent to which performance goals are met; (v) the unvested New Options held by Mr. Bovender that are Investor Return performance options will remain outstanding and will vest, if at all, on the dates that they would have otherwise vested had Mr. Bovender's employment continued through the expiration of such options, based upon the extent to which performance goals are met; and (vi) Mr. Bovender's New Options will remain exercisable until the second anniversary of the last date on which his EBITDA performance options are eligible to vest (which is December 31, 2014), except that (a) Mr. Bovender's 2x Time Options will remain exercisable until the fifth anniversary of the last date on which his EBITDA performance options are eligible to vest (which is December 31, 2017), and (b) Mr. Bovender's Investor Return performance options will remain exercisable until the expiration of such options.

*Change in Control Benefits*

Pursuant to the Stock Option Agreements governing the New Options granted in 2007 and the 2x Time Options granted in 2009, both under the 2006 Plan, upon a Change in Control of the Company (as defined below), all unvested time vesting New Options and 2x Time Options (that have not otherwise terminated or become exercisable) shall become immediately exercisable. Performance options that vest subject to the achievement of EBITDA targets will become exercisable upon a Change in Control of the Company if: (i) prior to the date of the occurrence of such event, all EBITDA targets have been achieved for years ending prior to such date; (ii) on the date of the occurrence of such event, the Company's actual cumulative total EBITDA earned in all years occurring after the performance option grant date, and ending on the date of the Change in Control, exceeds the cumulative total of all EBITDA targets in effect for those same years; or (iii) the Investor Return is at least two-and-a-half times the price paid to the stockholders in the Merger (or \$127.50). For purposes of the vesting provision set forth in clause (ii) above, the EBITDA target for the year in which the Change in Control occurs shall be equitably adjusted by the Board of Directors in good faith in consultation with the chief executive officer (which adjustment shall take into account the time during such year at which the Change in Control occurs). Performance vesting options that vest based on the investment return to the Sponsors will only vest upon the occurrence of a Change in Control if, as a result of such event, the applicable Investor Return (i.e., at least two times the price paid to the stockholders in the Merger for half of these options and at least two-and-one-half times the price paid to the stockholders in the Merger for the other half of these options) is also achieved in such transaction (if not previously achieved). Change in Control means in one or more of a series of transactions (i) the transfer or sale of all or substantially all of the assets of the Company (or any direct or indirect parent of the Company) to an Unaffiliated Person (as defined below); (ii) a merger, consolidation, recapitalization or reorganization of the Company (or any direct or indirect parent of the Company) with or into another Unaffiliated Person, or a transfer or sale of the voting stock of the Company (or any direct or indirect parent of the Company), an Investor, or any affiliate of any of the Investors to an Unaffiliated Person, in any such event that results in more than 50% of the common stock of the Company (or any direct or indirect parent of the Company) or the resulting company being held by an Unaffiliated Person; or (iii) a merger, consolidation, recapitalization or reorganization of the Company (or any direct or indirect parent of the Company) with or into another Unaffiliated Person, or a transfer or sale by the Company (or any direct or indirect parent of the Company), an Investor or any affiliate of any of the Investors, in any such event after which the Investors and their affiliates (x) collectively own less than 15% of the common stock of and (y) collectively have the ability to appoint less than 50% of the directors to the Board (or any resulting company after a merger). For purposes of this definition, the term Unaffiliated Person means a person or group who is not an Investor, an affiliate of any of the Investors or an entity in which any Investor holds, directly or indirectly, a majority of the economic interest in such entity.

***Recoupment of Compensation***

Information regarding the Company's policy with respect to recovery of incentive compensation is provided under Elements of Compensation Annual Incentive Compensation: PEP above.

***Tax and Accounting Implications***

On April 29, 2008, we registered our common stock pursuant to Section 12(g) of the Securities Exchange Act of 1934, as amended; and the Company became subject to Section 162(m) of the Internal Revenue Code, as amended (the Code) for fiscal year 2008 and beyond, so long as the Company's stock remains registered with the SEC. The Committee considers the impact of Section 162(m) in the design of its compensation strategies. Under Section 162(m), compensation paid to executive officers in excess of \$1,000,000 cannot be taken by us as a tax deduction unless the compensation qualifies as performance-based compensation. We have determined, however, that we will not necessarily seek to limit executive compensation to amounts deductible under Section 162(m) if such limitation is not in the best interests of our stockholders. While considering the tax implications of its compensation decisions, the Committee believes its primary focus should be to attract, retain and motivate executives and to align the executives' interests with those of our stakeholders.

The Committee operates its compensation programs with the good faith intention of complying with Section 409A of the Internal Revenue Code. We account for stock based payments with respect to our long term equity incentive award programs in accordance with the requirements of ASC 718.

**Table of Contents**

- (1) Option Awards for 2007 and 2009 include the aggregate grant date fair value of the stock option awards granted during fiscal years 2007 and 2009, respectively, in accordance with ASC 718 with respect to New Options (including the 2x Time Options) to purchase shares of our common stock awarded to the named executive officers in fiscal years 2007 and 2009, respectively, under the 2006 Plan. See Note 2 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009.
- (2) Non-Equity Incentive Plan Compensation for 2009 reflects amounts earned for the year ended December 31, 2009 under the 2008-2009 PEP, which amounts were paid in the first quarter of 2010 pursuant to the terms of the 2008-2009 PEP. For 2009, the Company exceeded its maximum performance level, as adjusted, with respect to the Company's EBITDA and the Central and Western Group EBITDA; therefore, pursuant to the terms of the 2008-2009 PEP, awards under the 2008-2009 PEP were paid out to the named executive officers, at the maximum level of 200% of their respective target amounts. Mr. Bovender was also awarded, pursuant to his Amended Employment Agreement, an additional one-time bonus of \$250,000 based upon his contributions to certain legislative initiatives as determined by the Committee.

Non-Equity Incentive Plan Compensation for 2008 reflects amounts earned for the year ended December 31, 2008 under the 2008-2009 PEP, which amounts were paid in the first quarter of 2009 pursuant to the terms of the 2008-2009 PEP. For 2008, the Company did not achieve its target performance level, but exceeded its threshold performance level, as adjusted, with respect to the Company's EBITDA; therefore, pursuant to the terms of the 2008-2009 PEP, 2008 awards under the 2008-2009 PEP were paid out to the named executive officers at approximately 68.2% of each such officer's respective target amount, with the exception of Mr. Hazen, whose award was paid out at approximately 67.4% of his target amount, due to the 50% of his PEP based on the Western Group EBITDA, which also exceeded the threshold performance level but did not reach the target performance level.

Non-Equity Incentive Plan Compensation for 2007 reflects amounts earned for the year ended December 31, 2007 under the 2007 PEP, which amounts were paid in the first quarter of 2008 pursuant to the terms of the 2007 PEP. For 2007, the Company exceeded its maximum performance level, as adjusted, with respect to the Company's EBITDA; therefore, pursuant to the terms of the 2007 PEP, awards under the 2007 PEP were paid out to the named executive officers, at the maximum level of 200% of their respective target amounts, with the exception of Mr. Hazen, whose award was paid out at 175.6% of the target amount, due to the 50% of his PEP based on the Western Group EBITDA, which exceeded the target but did not reach the maximum performance level.

- (3) All amounts for 2009 are attributable to changes in value of the SERP benefits. Assumptions used to calculate these figures are provided under the table titled "2009 Pension Benefits." The changes in the SERP benefit value during 2009 were impacted mainly by: (i) the passage of time which reflects another year of pay and service plus actual investment return, (ii) the discount rate changing from 6.25% to 5.00%, which resulted in an increase in the value and (iii) the use of the actual 2009 interest rate of 4.24% for Mr. Bovender who retired in 2009. The impact of these events on the SERP benefit values was:

All amounts for 2008 are attributable to changes in value of the SERP benefits. Assumptions used to calculate these figures are provided under the table titled 2009 Pension Benefits. The changes in the SERP benefit value during 2008 were impacted mainly by: (i) the passage of time which reflects another year of pay and service plus actual investment return, (ii) the discount rate changing from 6.00% to 6.25%, which resulted in a decrease in the value and (iii) the opportunity for participants to change their benefit election before 2009 for terminations and retirements occurring after 2008. Mr. Bovender elected

All amounts for 2007 are attributable to changes in value of the SERP benefits. Assumptions used to calculate these figures are provided under the table titled 2009 Pension Benefits. The changes in the SERP benefit value during 2007 were impacted mainly by: (i) the passage of time which reflects another year of pay and service, (ii) the discount rate changing from 5.75% to 6.00%, which resulted in a decrease in the value and (iii) the use of the named executive officers' actual elections compared to 2006 when benefits were valued assuming a 50% probability of electing a lump sum and a 50% probability of electing an annuity. All named executive officers elected a lump sum payment at retirement, with the exception of Mr. Bovender, who elected an annuity. The impact of these events on the SERP benefit values was:

Personal use of corporate aircraft. In 2009, Messrs. Bracken, Johnson and Bovender were allowed personal use of Company aircraft with an estimated incremental cost of \$5,025, \$1,129 and \$13,141, respectively, to the Company. Ms. Wallace and Messrs. Hazen and Rutledge did not have any personal travel on Company aircraft in 2009. We calculate the aggregate incremental cost of the personal use of Company aircraft based on a methodology that includes the average aggregate cost, on a per nautical mile basis, of variable expenses incurred in connection with personal plane usage, including trip-related maintenance, landing fees, fuel, crew hotels and meals, on-board catering, trip-related hangar and parking costs and other variable costs. Because our aircraft are used primarily for business travel, our incremental cost methodology does not include fixed costs of owning and operating aircraft that do not change based on usage. We grossed up the income attributed to Mr. Bracken with respect to certain trips on Company aircraft. The additional income attributed to him as a result of gross ups was \$594. In addition, we will pay the expenses of our executives' spouses associated with travel to and/or attendance at business related events at which spouse attendance is appropriate. We paid approximately \$2,477 and \$13,327 for travel and/or other expenses incurred by Messrs. Bracken and

Bovender's wives, respectively, for such business related events, and additional income of \$891 and \$4,793 was attributed to Messrs. Bracken and Bovender, respectively, as a result of the gross up on such amounts.

Additional income of \$28,638 was attributed to Mr. Bovender for gifts received from the Company in connection with his retirement.

- (1) Non-equity incentive awards granted to each of the named executive officers pursuant to our 2008-2009 PEP for the 2009 fiscal year, as described in more detail under Compensation Discussion and Analysis Elements of Compensation Annual Incentive Compensation: PEP. The amounts shown in the Threshold column reflect the threshold payment, which is 50% of the amount shown in the Target column. The amount shown in the Maximum column is 200% of the target amount. Mr. Bovender's Amended Employment Agreement set forth his PEP target for the 2009 fiscal year. Pursuant to the terms of the 2008-2009 PEP, the Company exceeded its maximum performance level, as adjusted, for 2009 with respect to the Company's EBITDA and the Central and Western Group EBITDA; therefore, pursuant to the terms of the 2008-2009 PEP, awards were paid out to the named executive officers, at the maximum level of 200% of their respective target amounts for 2009. Messrs. Bracken, Johnson, Hazen, Rutledge and Bovender and Ms. Wallace received \$3,445,000, \$1,360,000, \$1,041,067, \$891,017, \$1,000,000 and \$924,018, respectively, under the 2008-2009 Senior Officer PEP for the 2009 fiscal year. Such amounts are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.
- (2) Stock options awarded under the 2006 Plan, pursuant to the named executive officers' respective employment agreements, by the Compensation Committee as a part of the named executive officers' long term equity incentive award. The 2x Time Options granted in 2009 are structured, pursuant to the named executive officer's respective employment agreements, so that 40% were vested on the grant date to reflect employment served since the Merger, an additional 20% vested on November 17, 2009 and an additional 20% will vest on each of November 17, 2010 and November 17, 2011, respectively. The terms of these option awards are described in more detail under Compensation Discussion and Analysis Elements of Compensation Long Term Equity Incentive Awards: Options. The aggregate grant date fair value of these option grants in accordance with ASC 718 is reflected in the Option Awards column of the Summary Compensation Table.

##### ***Total Compensation***

In 2009, 2008 and 2007, total direct compensation, as described in the Summary Compensation Table, consisted primarily of base salary, annual PEP awards payable in cash, and, in 2007, long term stock option grants designed to be one-time grants to cover at least five years of service and, in 2009, 2x Time Option grants as set forth in each named executive officer's employment agreement to be fully vested on the fifth anniversary of the Merger. This mix was intended to reflect our philosophy that a significant portion of an executive's compensation should be equity-linked and/or tied to our operating performance. In addition, we provided an opportunity for executives to participate in two supplemental retirement plans; however, effective January 1, 2008, participants in the SERP are no longer eligible for Restoration Plan contributions, although

## **Table of Contents**

Restoration Plan accounts will continue to be maintained for such participants (for additional information concerning the Restoration Plan, see 2009 Nonqualified Deferred Compensation ).

### ***Options***

In January 2007, New Options to purchase common stock of the Company were granted under the 2006 Plan to members of management and key employees, including the named executive officers. The New Options were designed to be long term equity incentive awards, constituting a one-time stock option grant in lieu of annual equity grants. The New Options granted in 2007 have a ten year term and are structured so that 1/3 are time vested options (vesting in five equal installments on the first five anniversaries of the grant date), 1/3 are EBITDA-based performance vested options and 1/3 are performance options that vest based on investment return to the Sponsors. The terms of the New Options granted in 2007 are described in greater detail under Compensation Discussion and Analysis Elements of Compensation Long Term Equity Incentive Awards: Options. The aggregate grant date fair value of the New Options granted in 2007 in accordance with ASC 718 is included under the Option Awards column of the Summary Compensation Table.

In accordance with their employment agreements entered into at the time of the Merger, as each may have been or may be subsequently amended, our named executive officers received the 2x Time Options in October 2009 with an exercise price equal to two times the share price at the Merger (or \$102.00). The Committee allocated the 2x Time Options in consultation with our Chief Executive Officer based on past executive contributions and future anticipated impact on Company objectives. The 2x Time Options have a ten year term and are structured so that forty percent were vested upon grant, an additional twenty percent of the options vested on November 17, 2009, and twenty percent of the options granted to each recipient will vest on November 17, 2010 and November 17, 2011, respectively. Thereby, a portion of the grant was vested on the date of the grant based on employment served since the Merger. The terms of the 2x Time Options are otherwise consistent with other time vesting options granted under the 2006 Plan. The terms of the 2x Time Options granted in 2009 are described in greater detail under Compensation Discussion and Analysis Elements of Compensation Long Term Equity Incentive Awards: Options. The aggregate grant date fair value of the 2x Time Options granted in 2009 in accordance with ASC 718 is included under the Option Awards column of the Summary Compensation Table.

As a result of the Merger, all unvested awards under the HCA 2005 Equity Incentive Plan (the 2005 Plan ) (and all predecessor equity incentive plans) vested in November 2006. Generally, all outstanding options under the 2005 Plan (and any predecessor plans) were cancelled and converted into the right to receive a cash payment equal to the number of shares of common stock underlying the option multiplied by the amount by which the Merger consideration of \$51.00 per share exceeded the exercise price for the options (without interest and less any applicable withholding taxes). However, certain members of management, including the named executive officers, were given the opportunity to convert options held by them prior to consummation of the Merger into options to purchase shares of common stock of the surviving corporation ( Rollover Options ). Immediately after the consummation of the Merger, all Rollover Options (other than those with an exercise price below \$12.75) were adjusted so that they retained the same spread value (as defined below) as immediately prior to the Merger, but the new per share exercise price for all Rollover Options would be \$12.75. The term spread value means the difference between (x) the aggregate fair market value of the common stock (determined using the Merger consideration of \$51.00 per share) subject to the outstanding options held by the participant immediately prior to the Merger that became Rollover Options, and (y) the aggregate exercise price of those options.

New Options, 2x Time Options and Rollover Options held by the named executive officers are described in the Outstanding Equity Awards at 2009 Fiscal Year-End Table.

### ***Employment Agreements***

In connection with the Merger, on November 16, 2006, Hercules Holding entered into substantially similar employment agreements with each of the named executive officers and certain other executives, which agreements were shortly thereafter assumed by the Company and which agreements govern the terms of each

**Table of Contents**

executive's employment. However, in light of Mr. Bovender's retirement from the positions of Chief Executive Officer and Chairman, effective December 31, 2008 and December 15, 2009, respectively, the Company entered into an Amended and Restated Employment Agreement with Mr. Bovender, effective December 31, 2008, the terms of which are described below. The Company also entered into an amendment to Mr. Bracken's employment agreement, effective January 1, 2009, to reflect his appointment to the position of Chief Executive Officer.

**Executive Employment Agreements (Other than Mr. Bovender's)**

The term of employment under each of these agreements is indefinite, and they are terminable by either party at any time; provided that an executive must give no less than 90 days notice prior to a resignation.

Each employment agreement sets forth the executive's annual base salary, which will be subject to discretionary annual increases upon review by the Board of Directors, and states that the executive will be eligible to earn an annual bonus as a percentage of salary with respect to each fiscal year, based upon the extent to which annual performance targets established by the Board of Directors are achieved. The employment agreements committed us to provide each executive with annual bonus opportunities in 2008 that were consistent with those applicable to the 2007 fiscal year, unless doing so would be adverse to our interests or the interests of our stockholders, and for later fiscal years, the agreements provide that the Board of Directors will set bonus opportunities in consultation with our Chief Executive Officer. With respect to the 2009 and 2008 fiscal years and the 2007 fiscal year, each executive was eligible to earn under the 2008-2009 PEP and the 2007-2008 PEP, respectively, (i) a target bonus, if performance targets were met; (ii) a specified percentage of the target bonus, if threshold levels of performance were achieved but performance targets were not met; or (iii) a multiple of the target bonus if maximum performance goals were achieved, with the annual bonus amount being interpolated, in the sole discretion of the Board of Directors, for performance results that exceeded threshold levels but do not meet or exceed maximum levels. The annual bonus opportunities for 2009 were set forth in the 2008-2009 PEP, as described in more detail under Compensation Discussion and Analysis Annual Incentive Compensation: PEP. As described above, the Company exceeded its maximum performance level, as adjusted, for 2009 with respect to the Company's EBITDA and the Central and Western Group EBITDA; therefore, pursuant to the terms of the 2008-2009 PEP, awards were paid out to the named executive officers, at the maximum level of 200% of their respective target amounts for 2009. As described above, awards under the 2008 PEP were paid out to the named executive officers at approximately 68.2% of each such officer's respective target amount, with the exception of Mr. Hazen, whose award was paid out at approximately 67.4% of the target amount. Awards under the 2007 PEP were paid out to the named executive officers, at the maximum level of 200% of their respective target amounts, with the exception of Mr. Hazen, whose award was paid out at 175.6% of his target amount. Each employment agreement also sets forth the number of options that the executive received pursuant to the 2006 Plan as a percentage of the total equity initially made available for grants pursuant to the 2006 Plan. Such option awards, the New Options, were made January 30, 2007 and are described above under Options.

In each of the employment agreements with the named executive officers, we also committed to grant, among the named executive officers and certain other executives, the 2x Time Options, which were granted, as described above, on October 6, 2009. Additionally, pursuant to the employment agreements, we agree to indemnify each executive against any adverse tax consequences (including, without limitation, under Section 409A and 4999 of the Internal Revenue Code), if any, that result from the adjustment by us of stock options held by the executive in connection with Merger or the future payment of any extraordinary cash dividends.

Pursuant to each employment agreement, if an executive's employment terminates due to death or disability, the executive would be entitled to receive (i) any base salary and any bonus that is earned and unpaid through the date of termination; (ii) reimbursement of any unreimbursed business expenses properly incurred by the executive; (iii) such employee benefits, if any, as to which the executive may be entitled under our employee benefit plans (the payments and benefits described in (i) through (iii) being accrued rights); and (iv) a pro rata portion of any annual bonus that the

executive would have been entitled to receive pursuant to the employment agreement based upon our actual results for the year of termination (with such proration

based on the percentage of the fiscal year that shall have elapsed through the date of termination of employment, payable to the executive when the annual bonus would have been otherwise payable (the pro rata bonus ).

If an executive's employment is terminated by us without cause (as defined below) or by the executive for good reason (as defined below) (each a qualifying termination ), the executive would be (i) entitled to the accrued rights; (ii) subject to compliance with certain confidentiality, non-competition and non-solicitation covenants contained in his or her employment agreement and execution of a general release of claims on behalf of the Company, an amount equal to the product of (x) two (three in the case of Richard M. Bracken and R. Milton Johnson) and (y) the sum of (A) the executive's base salary and (B) annual bonus paid or payable in respect of the fiscal year immediately preceding the fiscal year in which termination occurs, payable over a two-year period; (iii) entitled to the pro rata bonus; and (iv) entitled to continued coverage under our group health plans during the period over which the cash severance described in clause (ii) is paid. The executive's vested New Options and 2x Time Options would also remain exercisable until the first anniversary of the termination of the executive's employment. However, in lieu of receiving the payments and benefits described in (ii), (iii) and (iv) immediately above, the executive may instead elect to have his or her covenants not to compete waived by us. The same severance applies regardless of whether the termination was in connection with a change in control of the Company.

*Cause* is defined as an executive's (i) willful and continued failure to perform his material duties to the Company which continues beyond 10 business days after a written demand for substantial performance is delivered; (ii) willful or intentional engagement in material misconduct that causes material and demonstrable injury, monetarily or otherwise, to the Company or the Sponsors; (iii) conviction of, or a plea of *nolo contendere* to, a crime constituting a felony, or a misdemeanor for which a sentence of more than six months imprisonment is imposed; or (iv) willful and material breach of his covenants under the employment agreement which continues beyond the designated cure period or of the agreements relating to the new equity. *Good Reason* is defined as (i) a reduction in the executive's base salary (other than a general reduction that affects all similarly situated employees in substantially the same proportions which is implemented by the Board in good faith after consultation with the chief executive officer and chief operating officer), a reduction in the executive's annual incentive compensation opportunity, or the reduction of benefits payable to the executive under the SERP; (ii) a substantial diminution in the executive's title, duties and responsibilities; or (iii) a transfer of the executive's primary workplace to a location that is more than 20 miles from his or her current workplace (other than, in the case of (i) and (ii), any isolated, insubstantial and inadvertent failure that is not in bad faith and is cured within 10 business days after the executive's written notice to the Company).

In the event of an executive's termination of employment that is not a qualifying termination or a termination due to death or disability, he or she will only be entitled to the accrued rights (as defined above).

Additional information with respect to potential payments to the named executive officers pursuant to their employment agreements and the 2006 Plan is contained in Potential Payments Upon Termination or Change in Control.

**Mr. Bovender's Employment Agreement**

The Company entered into the Amended Employment Agreement with Jack O. Bovender, Jr. on October 27, 2008, which became effective on December 31, 2008. Pursuant to the terms of the Amended Employment Agreement, Mr. Bovender was employed by HCA Management Services, L.P., an affiliate of the Company, and served as executive Chairman of the Company for a period commencing December 31, 2008 and ending December 15, 2009 (the Employment Term ).

The Amended Employment Agreement provided that Mr. Bovender receive a base salary (i) at the monthly rate of \$135,000 for the first three months of the Employment Term and (ii) at the monthly rate of \$86,957 for the next eight

and one-half months of the Employment Term ( Mr. Bovender s Base Salary ). Mr. Bovender was also entitled to the full amount of any annual bonus earned, but unpaid, as of the effective date of the Amended Employment Agreement for the year ended December 31, 2008 under the Company s

2008-2009 PEP. For calendar year 2009, Mr. Bovender was eligible to earn a bonus under the 2008-2009 PEP with a target bonus of \$500,000. Mr. Bovender had an additional 2009 bonus opportunity of up to \$250,000 based upon his contributions to certain legislative initiatives as determined by the Committee ( Mr. Bovender's Additional Bonus ). Pursuant to the terms of the 2008-2009 PEP, the Company exceeded its maximum performance level, as adjusted, for 2009 with respect to the Company's EBITDA; therefore, pursuant to the terms of the 2008-2009 PEP, Mr. Bovender's award for the 2009 fiscal year was paid out at the maximum level of 200% of his target amount. Mr. Bovender was also awarded, pursuant to his Amended Employment Agreement, an additional one-time bonus of \$250,000 based upon his contributions to certain legislative initiatives as determined by the Committee. The Amended Employment Agreement generally provides for the provision of or reimbursement of expenses associated with office space, shared clerical support and office equipment until Mr. Bovender reaches age 70.

The terms of Mr. Bovender's employment agreement with respect to termination of his employment are described in detail under Compensation Discussion and Analysis Severance and Change in Control Agreements Mr. Bovender's Continuing Severance Benefits.

Mr. Bovender retired in 2009, and he received a SERP payment in April 2009. Mr. Bracken and Ms. Wallace are eligible for early retirement. The remaining named executive officers have not satisfied the eligibility requirements for normal or early retirement. All of the named executive officers are 100% vested in their accrued SERP benefit.

***Plan Provisions***

In the event the employee's accrued benefits under the Company's Plans (computed using actuarial factors) are insufficient to provide the life annuity amount, the SERP will provide a benefit equal to the amount of the shortfall. Benefits can be paid in the form of an annuity or a lump sum. The lump sum is calculated by converting the annuity benefit using the actuarial factors. All benefits with a present value not exceeding one million dollars are paid as a lump sum regardless of the election made.

Normal retirement eligibility requires attainment of age 60 for employees who were participants at the time of the change in control which occurred as a result of the Merger, including all of the named executive officers. Early retirement eligibility requires age 55 with 20 or more years of service. The service requirement for early retirement is waived for employees participating in the SERP at the time of its inception in 2001, including all of the named executive officers. The life annuity amount payable to a participant who takes early retirement is reduced by three percent for each full year or portion thereof that the participant retires prior to normal retirement age.

The life annuity amount is the annual benefit payable as a life annuity to a participant upon normal retirement. It is equal to the participant's accrual rate multiplied by the product of the participant's years of service times the participant's pay average. The SERP benefit for each year equals the life annuity amount less the annual life annuity amount produced by the employee's accrued benefit under the Company's Plans.

The accrual rate is a percentage assigned to each participant, and is either 2.2% or 2.4%. All of the named executive officers are assigned a percentage of 2.4%.

A participant is credited with a year of service for each calendar year that the participant performs 1,000 hours of service for HCA or one of our subsidiaries, or for each year the participant is otherwise credited by us, subject to a

maximum credit of 25 years of service.

A participant's pay average is an amount equal to one-fifth of the sum of the compensation during the period of 60 consecutive months for which total compensation is greatest within the 120 consecutive month period immediately preceding the participant's retirement. For purposes of this calculation, the participant's compensation includes base compensation, payments under the PEP, and bonuses paid prior to the establishment of the PEP.

The accrued benefits under the Company's Plans for an employee equals the sum of the employer-funded benefits accrued under the former HCA Retirement Plan, the HCA 401(k) Plan and any other tax-qualified plan maintained by us or one of our subsidiaries, the income/loss adjusted amount distributed to the

**Table of Contents**

participant under any of these plans, the account credit and the income/loss adjusted amount distributed to the participant under the Restoration Plan and any other nonqualified retirement plans sponsored by us or one of our subsidiaries.

The actuarial factors include (a) interest at the long term Applicable Federal Rate under Section 1274(d) of the Code or any successor thereto as of the first day of November preceding the plan year in or for which a benefit amount is calculated, and (b) mortality being the applicable Section 417(e)(3) of the Code mortality table, as specified and changed by the U.S. Treasury Department.

Credited service does not include any amount other than service with us or one of our subsidiaries.

**Assumptions**

The Present Value of Accumulated Benefit is based on a measurement date of December 31, 2009.

The assumption is made that there is no probability of pre-retirement death or termination. Retirement age is assumed to be the Normal Retirement Age as defined in the SERP for all named executive officers, as adjusted by the provisions relating to change in control, or age 60. Age 60 also represents the earliest date the named executive officers are eligible to receive an unreduced benefit.

All other assumptions used in the calculations are the same as those used for the valuation of the plan liabilities in this prospectus.

**Supplemental Information**

In the event a participant renders service to another health care organization within five years following retirement or termination of employment, he or she forfeits his rights to any further payment, and must repay any benefits already paid. This non-competition provision is subject to waiver by the Committee with respect to the named executive officers.

**2009 Nonqualified Deferred Compensation**

Amounts shown in the table are attributable to the HCA Restoration Plan, an unfunded, nonqualified defined contribution plan designed to restore benefits under the HCA 401(k) Plan based on compensation in excess of the Code Section 401(a)(17) compensation limit (\$245,000 in 2009).

***Plan Provisions***

Until 2008, hypothetical accounts for each participant were credited each year with a contribution designed to restore the HCA Retirement Plan based on compensation in excess of the Code Section 401(a)(17) compensation limit (\$245,000 in 2009), based on years of service. Effective January 1, 2008, participants in the SERP are no longer eligible for Restoration Plan contributions. However, the hypothetical accounts as of January 1, 2008 will continue to be maintained and will be increased or decreased with hypothetical investment returns based on the actual investment return of the Mix B fund of the HCA 401(k) Plan.

No employee deferrals are allowed under this or any other nonqualified deferred compensation plan.

Prior to January 1, 2010, eligible employees make a one time election prior to participation (or prior to December 31, 2006, if earlier) regarding the form of distribution of the benefit. Participants chose between a lump sum and five or ten-year installments. Effective January 1, 2010, all distributions are paid in the form of a lump-sum distribution unless the participant had submitted an installment payment election prior to April 30, 2009. Distributions are paid (or begin) during the July following the year of termination of employment or retirement. All balances not exceeding \$500,000 are automatically paid as a lump sum.

***Supplemental Information***

In the event a participant renders service to another health care organization within five years following retirement or termination of employment, he or she forfeits the rights to any further payment, and must repay any payments already made. This non-competition provision is subject to waiver by the Committee with respect to the named executive officers.

**Table of Contents****Potential Payments Upon Termination or Change in Control**

The following tables show the estimated amount of potential cash severance payable to each of the named executive officers (except for Mr. Bovender) (based upon his or her 2009 base salary and PEP payment received in 2009 for 2008 performance), as well as the estimated value of continuing benefits, based on compensation and benefit levels in effect on December 31, 2009, assuming the executive's employment terminates or the Company undergoes a Change in Control (as defined in the 2006 Plan and set forth above under Narrative Disclosure to Summary Compensation Table and 2009 Grants of Plan-Based Awards Table Options ) effective December 31, 2009. Due to the numerous factors involved in estimating these amounts, the actual value of benefits and amounts to be paid can only be determined upon an executive's termination of employment. Mr. Bovender retired from the Company on December 15, 2009, and the Normal Retirement column of the table relating to Mr. Bovender shows the estimated value of continuing benefits, as well as, where noted, actual amounts paid to Mr. Bovender under his Amended Employment Agreement in connection with his retirement. As noted above, in the event a named executive officer breaches or violates those certain confidentiality, non-competition and/or non-solicitation covenants contained in his or her employment agreement, the SERP or the HCA Restoration Plan, certain of the payments described below may be subject to forfeiture and/or repayment. See Narrative Disclosure to Summary Compensation Table and 2009 Grants of Plan-Based Awards Table Executive Employment Agreements, 2009 Pension Benefits Supplemental Information, and 2009 Nonqualified Deferred Compensation Supplemental Information.

For the purposes of this calculation, it is assumed that the Company achieved an Investor Return of at least 2.5 times the Base Price of \$51.00 at the end of the 2009 fiscal year. **CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

In accordance with its charter, our Audit and Compliance Committee reviews and approves all material related party transactions. Prior to its approval of any material related party transaction, the Audit and Compliance Committee will discuss the proposed transaction with management and our independent auditor. In addition, our Code of Conduct requires that all of our employees, including our executive officers, remain free of conflicts of interest in the performance of their responsibilities to the Company. An executive officer who wishes to enter into a transaction in which their interests might conflict with ours must first receive the approval of the Audit and Compliance Committee. The Amended and Restated Limited Liability Company Agreement of Hercules Holding generally requires that an Investor must obtain the prior written consent of each other Investor (other than the Sponsor Assignees) before it or any of its affiliates (including our directors) enter into any transaction with us.

**Stockholder Agreements**

On January 30, 2007, our Board of Directors awarded to members of management and certain key employees New Options to purchase shares of our common stock (the New Options together with the Rollover Options, Options ) pursuant to the 2006 Plan. Our Compensation Committee approved additional option awards periodically throughout the years ended December 31, 2009, 2008 and 2007 to members of management and certain key employees in cases of promotions, significant contributions to the Company and new hires. In connection with their option awards, the participants under the 2006 Plan were required to enter into a Management Stockholder s Agreement, a Sale Participation Agreement, and an Option Agreement with respect to the New Options. Below are brief summaries of the principal terms of the Management Stockholder s Agreement and the Sale Participation Agreement, each of which are qualified in their entirety by reference to the agreements themselves, forms of which were filed as Exhibits 10.12 and 10.13, respectively, to the registration statement of which this prospectus is a part. The terms of the Option Agreement with respect to New Options and the 2006 Plan are described in more detail in Executive Compensation Compensation Discussion and Analysis Elements of Compensation Long-Term Equity Incentive Awards: Options.

***Management Stockholder s Agreement***

The Management Stockholder s Agreement imposes significant restrictions on transfers of shares of our common stock. Generally, shares will be nontransferable by any means at any time prior to the earlier of a Change in Control (as defined in the Management Stockholder s Agreement) or the fifth anniversary of the closing date of the Merger, except (i) sales pursuant to an effective registration statement under the Securities Act of 1933, as amended (the Securities Act ) filed by the Company in accordance with the Management Stockholder s Agreement, (ii) a sale pursuant to the Sale Participation Agreement (described below), (iii) a sale to certain Permitted Transferees (as defined in the Management Stockholder s Agreement), or (iv) as otherwise permitted by our Board of Directors or pursuant to a waiver of the restrictions on transfers given by unanimous agreement of the Sponsors. On and after such fifth anniversary through the earlier of a Change in Control or the eighth anniversary of the closing date of the Merger, a management stockholder will be able to transfer shares of our common stock, but only to the extent that, on a cumulative basis, the management stockholders in the aggregate do not transfer a greater percentage of their equity than the percentage of equity sold or otherwise disposed of by the Sponsors.

In the event that a management stockholder wishes to sell his or her stock at any time following the fifth anniversary of the closing date of the Merger but prior to an initial public offering of our common stock, the Management Stockholder s Agreement provides the Company with a right of first offer on those shares upon the same terms and conditions pursuant to which the management stockholder would sell them to a third party. In the event that a registration statement is filed with respect to our common stock in the future, the Management Stockholder s

Agreement prohibits management stockholders from selling shares not included in the registration statement from the time of receipt of notice until 180 days (in the case of an initial public offering) or 90 days (in the case of any other public offering) of the date of the registration statement. The Management Stockholder's Agreement also provides for the management stockholder's ability to cause us to repurchase their outstanding stock and options in the event of the management stockholder's death or

## **Table of Contents**

disability, and for our ability to cause the management stockholder to sell their stock or options back to the Company upon certain termination events.

The Management Stockholder's Agreement provides that, in the event we propose to sell shares to the Sponsors, certain members of senior management, including the executive officers (the Senior Management Stockholders) have a preemptive right to purchase shares in the offering. The maximum shares a Senior Management Stockholder may purchase is a proportionate number of the shares offered to the percentage of shares owned by the Senior Management Stockholder prior to the offering. Additionally, following the initial public offering of our common stock, the Senior Management Stockholders will have limited piggyback registration rights with respect to their shares of common stock. The maximum number of shares of Common Stock which a Senior Management Stockholder may register is generally proportionate with the percentage of common stock being sold by the Sponsors (relative to their holdings thereof).

### ***Sale Participation Agreement***

The Sale Participation Agreement grants the Senior Management Stockholders the right to participate in any private direct or indirect sale of shares of common stock by the Sponsors (such right being referred to herein as the Tag-Along Right), and requires all management stockholders to participate in any such private sale if so elected by the Sponsors in the event that the Sponsors are proposing to sell at least 50% of the outstanding common stock held by the Sponsors, whether directly or through their interests in Hercules Holding (such right being referred to herein as the Drag-Along Right). The number of shares of common stock which would be required to be sold by a management stockholder pursuant to the exercise of the Drag-Along Right will be the sum of the number of shares of common stock then owned by the management stockholder and his affiliates plus all shares of common stock the management stockholder is entitled to acquire under any unexercised Options (to the extent such Options are exercisable or would become exercisable as a result of the consummation of the proposed sale), multiplied by a fraction (x) the numerator of which shall be the aggregate number of shares of common stock proposed to be transferred by the Sponsors in the proposed sale and (y) the denominator of which shall be the total number of shares of common stock owned by the Sponsors entitled to participate in the proposed sale. Management stockholders will bear their pro rata share of any fees, commissions, adjustments to purchase price, expenses or indemnities in connection with any sale under the Sale Participation Agreement.

### **Amended and Restated Limited Liability Company Agreement of Hercules Holding II, LLC**

The Investors and certain other investment funds who agreed to co-invest with them through a vehicle jointly controlled by the Investors to provide equity financing for the Recapitalization entered into a limited liability company operating agreement in respect of Hercules Holding (the LLC Agreement). The LLC Agreement contains agreements among the parties with respect to the election of our directors, restrictions on the issuance or transfer of interests in us, including a right of first offer, tag-along rights and drag-along rights, and other corporate governance provisions (including the right to approve various corporate actions).

Pursuant to the LLC Agreement, Hercules Holding and its members are required to take necessary action to ensure that each manager on the board of Hercules Holding also serves on our Board of Directors. Each of the Sponsors has the right to appoint three managers to Hercules Holding's board, the Frist family has the right to appoint two managers to the board, and the remaining two managers on the board are to come from our management team (currently Messrs. Bracken and Johnson). The rights of the Sponsors and the Frist family to designate managers are subject to their ownership percentages in Hercules Holding remaining above a specified percentage of the outstanding ownership interests in Hercules Holding.

The LLC Agreement also requires that, in addition to a majority of the total number of managers being present to constitute a quorum for the transaction of business at any board or committee meeting, at least one manager designated by each of the Investors (other than the Sponsor Assignees) must be present, unless waived by that Investor. The LLC Agreement further provides that, for so long as at least two Sponsors are entitled to designate managers to Hercules Holding's board, at least one manager from each of two Sponsors must consent to any board or committee action in order for it to be valid. The LLC Agreement requires that

our organizational and governing documents contain provisions similar to those described in this paragraph. A copy of this agreement has been filed as Exhibit 10.33 to the registration statement of which this prospectus is a part.

### **Registration Rights Agreement**

Hercules Holding and the Investors entered into a registration rights agreement with us upon completion of the Recapitalization. Pursuant to this agreement, the Investors (with certain exceptions as to the Sponsor Assignees) can cause us to register shares of our common stock held by Hercules Holding under the Securities Act and, if requested, to maintain a shelf registration statement effective with respect to such shares. The Investors are also entitled to participate on a pro rata basis in any registration of our common stock under the Securities Act that we may undertake. A copy of this agreement has been filed as Exhibit 4.21 to the registration statement of which this prospectus is a part.

### **Sponsor Management Agreement**

In connection with the Merger, we entered into a management agreement with affiliates of each of the Sponsors and certain members of the Frist family, including Thomas F. Frist, Jr., M.D., Thomas F. Frist III and William R. Frist, pursuant to which such entities or their affiliates will provide management services to us. Pursuant to the agreement, in 2009, we paid management fees of \$15.3 million and reimbursed out-of-pocket expenses incurred in connection with the provision of services pursuant to the agreement. The agreement provides that the aggregate annual management fee, initially set at \$15 million, increases annually beginning in 2008 at a rate equal to the percentage increase of Adjusted EBITDA (as defined in the Management Agreement) in the applicable year compared to the preceding year. The agreement also provides that we will pay a 1% fee in connection with certain subsequent financing, acquisition, disposition and change of control transactions, as well as a termination fee based on the net present value of future payment obligations under the management agreement, in the event of an initial public offering or under certain other circumstances. No fees were paid under either of these provisions in 2009. The agreement includes customary exculpation and indemnification provisions in favor of the Sponsors and their affiliates and the Frists. A copy of this agreement has been filed as Exhibit 10.24 to the registration statement of which this prospectus is a part.

**DESCRIPTION OF OTHER INDEBTEDNESS**

**Senior Secured Credit Facilities**

On November 17, 2006 in connection with the Recapitalization, we entered into the senior secured credit facilities with Banc of America Securities LLC, J.P. Morgan Securities Inc., Citigroup Global Markets Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as joint lead arrangers and bookrunners, Bank of America, N.A., as administrative agent, JPMorgan Chase Bank, N.A. and Citicorp North America, Inc., as co-syndication agents and Merrill Lynch Capital Corporation, as documentation agent.

The senior secured credit facilities provide senior secured financing of \$16.800 billion, consisting of:

\$12.800 billion-equivalent in term loan facilities, comprised of a \$2.750 billion senior secured term loan A facility with a term of six years, a \$8.800 billion senior secured term loan B facility with a term of seven years and a 1.000 billion senior secured European term loan facility with a term of seven years; and

\$4.000 billion in revolving credit facilities, comprised of a \$2.000 billion senior secured asset-based revolving credit facility available in dollars with a term of six years and a \$2.000 billion senior secured revolving credit facility available in dollars, euros and pounds sterling with a term of six years. Availability under the asset-based revolving credit facility is subject to a borrowing base of 85% of eligible accounts receivable less customary reserves.

We refer to these senior secured credit facilities, excluding the asset-based revolving credit facility, as the cash flow credit facility and, collectively with the asset-based revolving credit facility, the senior secured credit facilities. The asset-based revolving credit facility is documented in a separate loan agreement from the other senior secured credit facilities.

HCA Inc. is the primary borrower under the senior secured credit facilities, except that a U.K. subsidiary is the borrower under the European term loan facility. The revolving credit facilities include capacity available for the issuance of letters of credit and for borrowings on same-day notice, referred to as the swingline loans. A portion of the letter of credit availability under the cash-flow revolving credit facility is available in euros, dollars and pounds sterling. Lenders under the cash flow credit facility are subject to a loss sharing agreement pursuant to which, upon the occurrence of certain events, including a bankruptcy event of default under the cash flow credit facility, each such lender will automatically be deemed to have exchanged its interest in a particular tranche of the cash flow credit facility for a pro rata percentage in all of the tranches of the cash flow credit facility.

On February 16, 2007, we amended our cash flow credit facility to reduce the applicable margins with respect to the term borrowings thereunder. On June 20, 2007, we amended our asset-based revolving credit facility to reduce the applicable margin with respect to borrowings thereunder.

On March 2, 2009, we amended our cash flow credit facility to allow for one or more future issuances of additional secured notes, which may include notes that are secured on a *pari passu* basis or on a junior basis with the obligations under the cash flow credit facility, so long as (1) such notes do not require, subject to certain exceptions, scheduled repayments, payment of principal or redemption prior to the scheduled term loan B maturity date as currently in effect, (2) the terms of such notes, taken as a whole, are not more restrictive than those in the cash flow credit facility and (3) the proceeds from any such issuance are used within three business days of receipt to permanently prepay term loans under the cash flow credit facility in accordance with the terms of the cash flow credit facility. The U.S. security

documents related to the cash flow credit facility were also amended and restated in connection with the amendment in order to give effect to the security interests to be granted to holders of such additional secured notes.

On March 2, 2009, we also amended our asset-based revolving credit facility to allow for one or more future issuances of additional secured notes or loans, which may include notes or loans that are secured on a *pari passu* basis or on a junior basis with the obligations under the cash flow credit facility, so long as (1) such notes or loans do not require, subject to certain exceptions, scheduled repayments, payment of principal or

redemption prior to the scheduled term loan B final maturity date as currently in effect, (2) the terms of such notes or loans, as applicable, taken as a whole, are not more restrictive than those in the cash flow credit facility and (3) the proceeds from any such issuance are used within three business days of receipt to permanently prepay term loans under the cash flow credit facility in accordance with the terms of the cash flow credit facility. The amendment to the asset-based revolving credit facility also altered the excess facility availability requirement to include a separate minimum facility availability requirement applicable to the asset-based revolving credit facility and increased the applicable LIBOR and asset-based revolving margins for all borrowings under the asset-based revolving credit facility by 0.25% each.

On June 18, 2009, we amended our cash flow credit facility to permit unlimited refinancings of the term loans initially incurred in November 2006 under the cash flow credit facility (the initial term loans), as well as any previously incurred refinancing term loans through the incurrence of new term loans under the cash flow credit facility (refinancing term loans), (collectively, with the initial term loans, the then-existing term loans), and to permit the establishment of one or more series of commitments under replacement cash flow revolvers under the cash flow credit facility (replacement revolver) to replace all or a portion of the revolving commitments initially established in November 2006 under the cash flow credit facility (the initial revolver) as well as any previously issued replacement revolvers (with no more than three series of revolving commitments to be outstanding at any time) in each case, subject to the terms described below. The amendment to the cash flow credit facility further permits the maturity date of any then-existing term loan to be extended (any such loans so extended, the extended term loans). The amendment to the cash flow credit facility provides that:

As to refinancing term loans, (1) the proceeds from such refinancing term loans be used to repay in full the initial term loans before being used to repay any previously issued refinancing term loans; (2) the refinancing term loans mature later than the latest maturity date of any of the initial term loans; (3) the weighted average life to maturity for the refinancing term loans be greater than the remaining weighted average life to maturity of the tranche B term loan under the cash flow credit facility measured at the time such refinancing term loans are incurred; and (4) refinancing terms loans will not share in mandatory prepayments resulting from the creation or issuance of extended term loans and/or first lien notes until the initial term loans are repaid in full but will share in other mandatory prepayments such as those from asset sales.

As to replacement revolvers, terms of such replacement revolver be substantially identical to the commitments being replaced, other than with respect to maturity and pricing.

As to extended term loans, (1) any offer to extend must be made to all lenders under the term loan being extended, and, if such offer is oversubscribed, the extension will be allocated ratably to the lenders according to the respective amounts then held by the accepting lenders; (2) each series of extended term loans having the same interest margins, extension fees and amortization schedule shall be a separate class of term loans; and (3) extended term loans will not share in mandatory prepayments resulting from the creation or issuance of refinancing term loans and/or first lien notes until the initial term loans are repaid in full but will share in other mandatory prepayments such as those from asset sales.

Any refinancing term loans and any obligations under replacement revolvers will have a pari passu claim on the collateral securing the initial term loans and the initial revolver.

On April 6, 2010, we amended our cash flow credit facility to (i) extend the maturity date of \$2.0 billion of our tranche B term loans to March 31, 2017 and (ii) increase the ABR margin and LIBOR margin with respect to such extended term loans to 2.25% and 3.25%, respectively. The maturity date, interest margins and fees, as applicable, with respect to all other loans, and all commitments and letters of credit, outstanding under the cash flow credit facility remain unchanged.

See also [Certain Relationships and Related Party Transactions](#) for a description of certain relationships between us and Bank of America, N.A., the administrative agent under the cash flow credit facility and the asset-based revolving credit facility.

### ***Interest Rate and Fees***

Borrowings under the senior secured credit facilities bear interest at a rate equal to, at our option, either (a) LIBOR for deposits in the applicable currency plus an applicable margin or (b) the higher of (1) the prime rate of Bank of America, N.A. and (2) the federal funds effective rate plus 0.50%, plus an applicable margin. The applicable margins in effect for borrowings as of December 31, 2009 are (v) under the asset-based revolving credit facility, 0.50% with respect to base rate borrowings and 1.50% with respect to LIBOR borrowings, (w) under the senior secured revolving credit facility, 0.75% with respect to base rate borrowings and 1.75% with respect to LIBOR borrowings, (x) under the term loan A facility, 0.50% with respect to base rate borrowings and 1.50% with respect to LIBOR borrowings, (y) under the term loan B facility, 1.25% with respect to base rate borrowings and 2.25% with respect to LIBOR borrowings, and (z) under the European term loan facility, 2.00% with respect to LIBOR borrowings. Certain of the applicable margins may be reduced or increased depending on our leverage ratios.

In addition to paying interest on outstanding principal under the senior secured credit facilities, we are required to pay a commitment fee to the lenders under the revolving credit facilities in respect of the unutilized commitments thereunder. The commitment fee rate as of December 31, 2009 is 0.375% per annum for the revolving credit facility and the asset-based revolving credit facility. The commitment fee rates may fluctuate due to changes in specified leverage ratios. We must also pay customary letter of credit fees.

### ***Prepayments***

The cash flow credit facility requires us to prepay outstanding term loans, subject to certain exceptions, with:

50% (which percentage will be reduced to 25% if our total leverage ratio is 5.50x or less and to 0% if our total leverage ratio is 5.00x or less) of our annual excess cash flow;

100% of the net cash proceeds of all nonordinary course asset sales or other dispositions of property, other than the Receivables Collateral, as defined below, if we do not (1) reinvest or commit to reinvest those proceeds in assets to be used in our business or to make certain other permitted investments within 15 months as long as, in the case of any such commitment to reinvest or make certain other permitted investments, such investment is completed within such 15-month period or, if later, within 180 days after such commitment is made or (2) apply such proceeds within 15 months to repay debt of HCA Inc. that was outstanding on the effective date of the Merger scheduled to mature prior to the earliest final maturity of the senior secured credit facilities then outstanding; and

100% of the net cash proceeds of any incurrence of debt, other than proceeds from the receivables facilities and other debt permitted under the senior secured credit facilities.

The foregoing mandatory prepayments are applied among the term loan facilities (1) during the first three years after the effective date of the Merger, pro rata to such facilities based on the respective aggregate amounts of unpaid principal installments thereof due during such period, with amounts allocated to each facility being applied to the remaining installments thereof in direct order of maturity and (2) thereafter, pro rata to such facilities, with amounts allocated to each facility being applied, in the case of the term loan A facility, pro rata to the remaining installments thereof and, in the case of the term loan B facility or the European term loan facility, to the next eight unpaid scheduled installments of principal of such facility and then pro rata to the remaining amortization payments under such facility. Notwithstanding the foregoing, (i) proceeds of asset sales by foreign subsidiaries are applied solely to prepay European term loans until such term loans have been repaid in full and (ii) we are not required to prepay loans under the term loan A facility or the term loan B facility with net cash proceeds of asset sales or with excess cash flow, in each case attributable to foreign subsidiaries, to the extent that the repatriation of such amounts is prohibited

or delayed by applicable local law or would result in material adverse tax consequences.

The asset-based revolving credit facility requires us to prepay outstanding loans if borrowings exceed the borrowing base.

## **Table of Contents**

We may voluntarily repay outstanding loans under the senior secured credit facilities at any time without premium or penalty, other than customary breakage costs with respect to LIBOR loans.

### ***Amortization***

We are required to repay the loans under the term loan facilities as follows:

the term loan A facility amortizes in quarterly installments such that the aggregate amount of the original funded principal amount of such facility repaid pursuant to such amortization payments in each year, commencing with the year ending December 31, 2007, is equal to \$112.5 million in years 1 and 2, \$225 million in years 3 and 4, \$450 million in year 5 and \$1.625 billion in year 6; and

each of the term loan B facility and the European term loan facility amortizes in equal quarterly installments that commenced on March 31, 2007 in aggregate annual amounts equal to 1% of the original funded principal amount of such facility, with the balance being payable on the final maturity date of such term loans.

Due to prior mandatory prepayments, amortization payments under the term loan A facility are not required until June 30, 2011, and no further amortization payments are required for either the term loan B facility or the European term loan. Principal amounts outstanding under the revolving credit facilities are due and payable in full at maturity, six years from the date of the closing of the senior secured credit facilities.

### ***Guarantee and Security***

All obligations under the senior secured credit facilities are unconditionally guaranteed by substantially all existing and future, direct and indirect, wholly-owned material domestic subsidiaries that are Unrestricted Subsidiaries under the 1993 Indenture (except for certain special purpose subsidiaries that only guarantee and pledge their assets under the asset-based revolving credit facility), and the obligations under the European term loan facility are also unconditionally guaranteed by HCA Inc. and each of our existing and future wholly owned material subsidiaries formed under the laws of England and Wales, subject, in each of the foregoing cases, to any applicable legal, regulatory or contractual constraints and to the requirement that such guarantee does not cause adverse tax consequences.

All obligations under the asset-based revolving credit facility, and the guarantees of those obligations, are secured, subject to permitted liens and other exceptions, by a first-priority lien on substantially all of the receivables of the borrowers and each guarantor under such asset-based revolving credit facility (the Receivables Collateral).

All obligations under the cash flow credit facility and the guarantees of such obligations, are secured, subject to permitted liens and other exceptions, by:

a first-priority lien on the capital stock owned by HCA Inc. or by any U.S. guarantor in each of their respective first-tier subsidiaries (limited, in the case of foreign subsidiaries, to 65% of the voting stock of such subsidiaries);

a first-priority lien on substantially all present and future assets of HCA Inc. and of each U.S. guarantor other than (i) Principal Properties (as defined in the 1993 Indenture), except for certain Principal Properties the aggregate amount of indebtedness secured thereby in respect of the cash flow credit facility and the first lien notes and any future first lien obligations, taken as a whole, do not exceed 10% of Consolidated Net Tangible Assets (as defined under the 1993 Indenture), (ii) certain other real properties and (iii) deposit accounts, other bank or securities accounts, cash, leaseholds, motor-vehicles and certain other exceptions (such collateral under

this and the preceding bullet, the Non-Receivables Collateral ); and

a second-priority lien on certain of the Receivables Collateral (such portion of the Receivables Collateral, the Shared Receivables Collateral ; the Receivables Collateral that does not secure such cash flow credit facility on a second-priority basis is referred to as the Separate Receivables Collateral ).

**Table of Contents**

The obligations of the borrowers and the guarantors under the European term loan facility are also secured by substantially all present and future assets of the European subsidiary borrower and each European guarantor (the European Collateral ), subject to permitted liens and other exceptions (including, without limitation, exceptions for deposit accounts, other bank or securities accounts, cash, leaseholds, motor-vehicles and certain other exceptions) and subject to such security interests otherwise being permitted by applicable law and contract and not resulting in adverse tax consequences. Neither our first lien notes nor our second lien notes are secured by any of the European Collateral.

***Certain Covenants and Events of Default***

The senior secured credit facilities contain a number of covenants that, among other things, restrict, subject to certain exceptions, our ability to:

incur additional indebtedness;

create liens;

enter into sale and leaseback transactions;

engage in mergers or consolidations;

sell or transfer assets;

pay dividends and distributions or repurchase our capital stock;

make investments, loans or advances;

prepay certain subordinated indebtedness, the second lien notes and certain other indebtedness existing on the effective date of the Merger ( Retained Indebtedness ), subject to exceptions, including for repayments of Retained Indebtedness maturing prior to the senior secured credit facilities and, in certain cases, to satisfaction of a maximum first lien leverage condition;

make certain acquisitions;

engage in certain transactions with affiliates;

make certain material amendments to agreements governing certain subordinated indebtedness, the second lien notes or Retained Indebtedness; and

change our lines of business. In addition, the senior secured credit facilities require us to maintain the following financial covenants:

in the case of the asset-based revolving credit facility, a minimum interest coverage ratio (applicable only when availability under such facility is less than 10% of the borrowing base thereunder); and

in the case of the other senior secured credit facilities, a maximum total leverage ratio.

The senior secured credit facilities also contain certain customary affirmative covenants and events of default, including a change of control.

## Senior Secured Notes

### *Overview of Senior Secured First Lien Notes*

As of March 31, 2010, we had \$4.150 billion aggregate principal amount of senior secured first lien notes consisting of:

\$1.500 billion aggregate principal amount of 81/2% senior secured notes due 2019 issued on April 22, 2009 at a price of 96.755% of their face value, resulting in \$1.451 billion of gross proceeds;

\$1.250 billion aggregate principal amount of 77/8% senior secured notes due 2020 issued on August 11, 2009 at a price of 98.254% of their face value, resulting in \$1.228 billion of gross proceeds.

## **Table of Contents**

\$1.400 billion aggregate principal amount of 71/4% senior secured first lien notes due 2020 issued on March 10, 2010 at a price of 99.095% of their face value, resulting in \$1.387 billion of gross proceeds.

We refer to these notes issued on April 22, 2009, August 11, 2009 and March 10, 2010 as the first lien notes and the indentures governing the first lien notes as the first lien indentures.

The first lien notes and the related guarantees are secured by first-priority liens, subject to permitted liens, on our and our subsidiary guarantors' assets, subject to certain exceptions, that secure our cash flow credit facility on a first-priority basis and are secured by second-priority liens, subject to permitted liens, on our and our subsidiary guarantors' assets that secure our asset-based revolving credit facility on a first-priority basis and our cash flow credit facility on a second-priority basis.

### ***Overview of Senior Secured Second Lien Notes***

As of December 31, 2009, we had \$6.088 billion aggregate principal amount of senior secured second lien notes consisting of:

\$4.200 billion of second lien notes (comprised of \$1.000 billion of 91/8% notes due 2014 and \$3.200 billion of 91/4% notes due 2016) and \$1.500 billion of 95/8% cash/103/8% pay-in-kind second lien toggle notes due 2016 (which toggle notes allow us, at our option, to pay interest in-kind during the first five years at the higher interest rate of 103/8%). We elected in November 2008 to pay interest in-kind in the amount of \$78 million for the interest period ending in May 2009.

\$310 million aggregate principal amount of 97/8% senior secured notes due 2017.

We refer to these notes as the second lien notes and, together with the first lien notes, the secured notes. We refer to the indentures governing the second lien notes as the second lien indentures and, together with the first lien indentures, the indentures governing the secured notes.

These second lien notes and the related guarantees are secured by second-priority liens, subject to permitted liens, on our and our subsidiary guarantors' assets, subject to certain exceptions, that secure our cash flow credit facility on a first-priority basis and are secured by third-priority liens, subject to permitted liens, on our and our subsidiary guarantors' assets that secure our asset-based revolving credit facility on a first-priority basis and our cash flow credit facility on a second-priority basis.

### ***Optional Redemption***

The indentures governing the secured notes permit us to redeem some or all of the secured notes at any time at redemption prices described or set forth in the respective indenture. In particular, in the event of an equity offering, we may, for approximately three years following the date of issuance of that series, redeem up to 35% of the principal amount of such series at a redemption price equal to 100% plus the amount of the respective coupon, using the net cash proceeds raised in the equity offering.

### ***Change of Control***

In addition, the indentures governing the secured notes provide that, upon the occurrence of a change of control as defined therein, each holder of secured notes has the right to require us to repurchase some or all of such holder's secured notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid

interest, if any, to the repurchase date.

***Covenants***

The indentures governing the secured notes contain covenants limiting, among other things, our ability and the ability of our restricted subsidiaries to, subject to certain exceptions:

incur additional debt or issue certain preferred stock;

pay dividends on or make certain distributions of our capital stock or make other restricted payments;

## **Table of Contents**

create certain liens or encumbrances;

sell certain assets;

enter into certain transactions with affiliates;

make certain investments; and

consolidate, merge, sell or otherwise dispose of all or substantially all of our assets.

The indentures governing the secured notes also contain a covenant limiting our ability to prepay certain series of unsecured notes based on the maturity of those unsecured notes. In particular, the indenture governing the first lien notes issued in April 2009 permits us to prepay only those unsecured notes maturing on or prior to April 15, 2019, the indenture governing the first lien notes issued in August 2009 permits us to prepay only those unsecured notes maturing on or prior to February 15, 2020 and the indentures governing the notes issued in November 2006 and in February 2009 permit us to prepay only those unsecured notes maturing on or prior to November 15, 2016.

### ***Events of Default***

The indentures governing the secured notes also provide for events of default which, if any of them occurs, would permit or require the principal of and accrued interest on the secured notes to become or to be declared due and payable.

### **Other Secured Indebtedness**

As of December 31, 2009, we had approximately \$362 million of capital leases and other secured debt outstanding.

Under our lease with HRT of Roanoke, Inc., effective December 20, 2005, we make annual payments for rent and additional expenses for the use of premises in Roanoke and Salem, Virginia. The rent payments will increase each year beginning January 1, 2007 by the lesser of 3% or the change in the Consumer Price Index. The lease is for a fixed term of 12 years with the option to extend the lease for another ten years.

Under our lease with Medical City Dallas Limited, effective March 18, 2004, we make annual payments for rent for the use of premises that are a part of a complex known as Medical City Dallas located in Dallas, Texas. The rent payment is adjusted yearly based on the fair market value of the premises and a capitalization rate. The initial term is 240 months with the option to extend for two more terms of 240 months each.

***Optional Redemption***

If permitted by the respective supplemental indenture, we are permitted to redeem some or all of that series of unsecured notes at any time at redemption prices described or set forth in such supplemental indenture.

**THE EXCHANGE OFFERS**

**Purpose and Effect of the Exchange Offers**

HCA and the guarantors of the outstanding notes have entered into registration rights agreements with the initial purchasers of the outstanding notes in which we agreed, under certain circumstances, to use our reasonable best efforts to file one or more registration statements relating to offers to exchange the outstanding notes for exchange notes and to complete the exchange offers within 450 days after the date of original issuance of the outstanding notes. Each series of exchange notes will have terms identical in all material respects to the corresponding series of outstanding notes, except that the exchange notes will not contain terms with respect to transfer restrictions, registration rights and additional interest for failure to observe certain obligations in the registration rights agreements. The outstanding notes were issued on February 19, 2009, April 22, 2009, August 11, 2009 and March 10, 2010.

Under the circumstances set forth below, HCA and the guarantors will use our reasonable best efforts to cause the SEC to declare effective one or more shelf registration statements with respect to the resale of the outstanding notes within the time periods specified in the applicable registration rights agreement and keep the applicable statement effective from the effective date of the shelf registration statement until the expiration of the one-year period referred to in Rule 144 under the Securities Act applicable to securities held by non-affiliates under the Securities Act (or a shorter period that will terminate when all the notes of that series covered by the shelf registration statement have been sold pursuant to the shelf registration statement or are freely tradable). These circumstances include:

if any changes in law, SEC rules or regulations or applicable interpretations thereof by the SEC do not permit us to effect the exchange offers as contemplated by the registration rights agreements;

if the exchange offer for any series of notes is not consummated within 450 days after the date of issuance of the corresponding outstanding notes;

if any initial purchaser of any series of outstanding notes so requests, within 450 days after the date of issuance of such outstanding notes, with respect to the outstanding notes held by it that are not eligible to be exchanged for the exchange notes; or

if any holder notifies us, within 450 days after the date of issuance of the applicable outstanding notes, that (1) it is prohibited by applicable law or SEC policy from participating in the applicable exchange offer, (2) it may not resell exchange notes acquired by it in the applicable exchange offer to the public without delivering a prospectus and that this prospectus is not appropriate or available for such resales by such holder or (3) it is a broker-dealer and holds outstanding notes of that series acquired directly from us or one of our affiliates.

Under the registration rights agreements, if HCA fails to complete the exchange offers (other than in the event we file a shelf registration statement) or the shelf registration statement, if required thereby, is not declared effective, in either case on or prior to 450 days after the issue date of the corresponding series of outstanding notes (the target registration date), the interest rate on each series of those outstanding notes will be increased by (x) 0.25% per annum for the first 90-day period immediately following the target registration date and (y) an additional 0.25% per annum with respect to each subsequent 90-day period, in each case, until the exchange offer for that series is completed or a shelf registration statement, if required, is declared effective by the SEC or the outstanding notes of that series cease to constitute transfer restricted notes, up to a maximum of 1.00% per annum of additional interest per series of outstanding notes. Copies of the registration rights agreements have been filed as exhibits to the registration statement of which this prospectus is a part.

If you wish to exchange your outstanding notes for exchange notes in the exchange offers, you will be required to make the following written representations:

you are not our affiliate or an affiliate of any guarantor within the meaning of Rule 405 of the Securities Act;

## **Table of Contents**

you have no arrangement or understanding with any person to participate in a distribution (within the meaning of the Securities Act) of the exchange notes in violation of the provisions of the Securities Act;

you are not engaged in, and do not intend to engage in, a distribution of the exchange notes; and

you are acquiring the exchange notes in the ordinary course of your business.

Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where the broker-dealer acquired the outstanding notes as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. Please see Plan of Distribution.

## **Resale of Exchange Notes**

Based on interpretations by the SEC set forth in no-action letters issued to third parties, we believe that you may resell or otherwise transfer exchange notes issued in the exchange offers without complying with the registration and prospectus delivery provisions of the Securities Act if:

you are not our affiliate or an affiliate of any guarantor within the meaning of Rule 405 under the Securities Act;

you do not have an arrangement or understanding with any person to participate in a distribution of the exchange notes;

you are not engaged in, and do not intend to engage in, a distribution of the exchange notes; and

you are acquiring the exchange notes in the ordinary course of your business.

If you are our affiliate or an affiliate of any guarantor, or are engaging in, or intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or are not acquiring the exchange notes in the ordinary course of your business:

you cannot rely on the position of the SEC set forth in *Morgan Stanley & Co. Incorporated* (available June 5, 1991) and *Exxon Capital Holdings Corporation* (available May 13, 1988), as interpreted in the SEC's letter to *Shearman & Sterling*, dated July 2, 1993, or similar no-action letters; and

in the absence of an exception from the position stated immediately above, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

This prospectus may be used for an offer to resell, resale or other transfer of exchange notes only as specifically set forth in this prospectus. With regard to broker-dealers, only broker-dealers that acquired the outstanding notes as a result of market-making activities or other trading activities may participate in the exchange offers. Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. Please read Plan of Distribution for more details regarding the transfer of exchange notes.

**Terms of the Exchange Offers**

On the terms and subject to the conditions set forth in this prospectus and in the accompanying letters of transmittal, HCA will accept for exchange in the exchange offers any outstanding notes that are validly tendered and not validly withdrawn prior to the expiration date. Outstanding notes may only be tendered in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. HCA will issue exchange notes in principal amount identical to outstanding notes surrendered in the exchange offers.

The form and terms of the exchange notes will be identical in all material respects to the form and terms of the outstanding notes except the exchange notes will be registered under the Securities Act, will not bear

legends restricting their transfer and will not provide for any additional interest upon our failure to fulfill our obligations under the registration rights agreements to complete the exchange offers, or file, and cause to be effective, a shelf registration statement, if required thereby, within the specified time period. The exchange notes will evidence the same debt as the outstanding notes. The exchange notes will be issued under and entitled to the benefits of the indentures that authorized the issuance of the outstanding notes. For a description of the indentures, see Description of the February 2009 Notes, Description of the April 2009 Notes, Description of the August 2009 Notes and Description of the March 2010 Notes.

The exchange offers are not conditioned upon any minimum aggregate principal amount of outstanding notes being tendered for exchange.

As of the date of this prospectus, \$310 million aggregate principal amount of the 97/8% Senior Secured Notes due 2017 are outstanding, \$1.500 billion aggregate principal amount of the 81/2% Senior Secured Notes due 2019 are outstanding, \$1.250 billion aggregate principal amount of the 77/8% Senior Secured Notes due 2020 are outstanding and \$1.400 billion of the 71/4% Senior Secured Notes due 2020 are outstanding. This prospectus and the letters of transmittal are being sent to all registered holders of outstanding notes. There will be no fixed record date for determining registered holders of outstanding notes entitled to participate in the exchange offers. HCA intends to conduct the exchange offers in accordance with the provisions of the registration rights agreements, the applicable requirements of the Securities Act and the Securities Exchange Act of 1934, as amended (the Exchange Act ), and the rules and regulations of the SEC. Outstanding notes that are not tendered for exchange in the exchange offers will remain outstanding and continue to accrue interest and will be entitled to the rights and benefits such holders have under the indenture relating to such holders series of outstanding notes and the applicable registration rights agreement except we will not have any further obligation to you to provide for the registration of the outstanding notes under the applicable registration rights agreement.

HCA will be deemed to have accepted for exchange properly tendered outstanding notes when it has given oral or written notice of the acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purposes of receiving the exchange notes from us and delivering exchange notes to holders. Subject to the terms of the registration rights agreement, HCA expressly reserves the right to amend or terminate the exchange offers and to refuse to accept the occurrence of any of the conditions specified below under Conditions to the Exchange Offers.

If you tender your outstanding notes in the exchange offers, you will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of outstanding notes. We will pay all charges and expenses, other than certain applicable taxes described below in connection with the exchange offers. It is important that you read Fees and Expenses below for more details regarding fees and expenses incurred in the exchange offers.

## **Expiration Date, Extensions and Amendments**

As used in this prospectus, the term expiration date means 11:59 p.m., New York City time, on , 2010. However, if we, in our sole discretion, extend the period of time for which the exchange offers are open, the term expiration date will mean the latest time and date to which we shall have extended the expiration of the exchange offers.

To extend the period of time during which the exchange offers are open, we will notify the exchange agent of any extension by oral or written notice, followed by notification by press release or other public announcement to the registered holders of the outstanding notes no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

HCA reserves the right, in its sole discretion:

to delay accepting for exchange any outstanding notes (only in the case that we amend or extend the exchange offers);

## **Table of Contents**

to extend any of the exchange offers or to terminate any of the exchange offers if any of the conditions set forth below under **Conditions to the Exchange Offers** have not been satisfied, by giving oral or written notice of such delay, extension or termination to the exchange agent; and

subject to the terms of the registration rights agreements, to amend the terms of any of the exchange offers in any manner. In the event of a material change in any of the exchange offers, including the waiver of a material condition, we will extend the offer period, if necessary, so that at least five business days remain in such offer period following notice of the material change.

Any delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by oral or written notice to the registered holders of the outstanding notes. If HCA amends any of the exchange offers in a manner that we determine to constitute a material change, it will promptly disclose the amendment in a manner reasonably calculated to inform the holders of applicable outstanding notes of that amendment.

### **Conditions to the Exchange Offers**

Despite any other term of the exchange offers, HCA will not be required to accept for exchange, or to issue exchange notes in exchange for, any outstanding notes and it may terminate or amend any of the exchange offers as provided in this prospectus prior to the expiration date if in its reasonable judgment:

the exchange offers or the making of any exchange by a holder violates any applicable law or interpretation of the SEC; or

any action or proceeding has been instituted or threatened in writing in any court or by or before any governmental agency with respect to the exchange offers that, in our judgment, would reasonably be expected to impair our ability to proceed with the exchange offers.

In addition, HCA will not be obligated to accept for exchange the outstanding notes of any holder that has not made to us:

the representations described under **Purpose and Effect of the Exchange Offers**, **Procedures for Tendering Outstanding Notes** and **Plan of Distribution** ; or

any other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to make available to us an appropriate form for registration of the exchange notes under the Securities Act.

HCA expressly reserves the right at any time or at various times to extend the period of time during which the exchange offers are open. Consequently, HCA may delay acceptance of any outstanding notes by giving oral or written notice of such extension to their holders. HCA will return any outstanding notes that it does not accept for exchange for any reason without expense to their tendering holder promptly after the expiration or termination of the exchange offers.

HCA expressly reserves the right to amend or terminate any of the exchange offers and to reject for exchange any outstanding notes not previously accepted for exchange, upon the occurrence of any of the conditions of the exchange offers specified above. HCA will give oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the outstanding notes as promptly as practicable. In the case of any extension, such notice will be issued no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled

expiration date.

These conditions are for our sole benefit, and HCA may assert them regardless of the circumstances that may give rise to them or waive them in whole or in part at any or at various times prior to the expiration date in our sole discretion. If HCA fails at any time to exercise any of the foregoing rights, this failure will not constitute a waiver of such right. Each such right will be deemed an ongoing right that it may assert at any time or at various times prior to the expiration date.

In addition, HCA will not accept for exchange any outstanding notes tendered, and will not issue exchange notes in exchange for any such outstanding notes, if at such time any stop order is threatened or in

effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the applicable indenture under the Trust Indenture Act of 1939 (the "TIA").

### **Procedures for Tendering Outstanding Notes**

To tender your outstanding notes in the exchange offers, you must comply with either of the following:

complete, sign and date the letter of transmittal, or a facsimile of the letter of transmittal, have the signature(s) on the letter of transmittal guaranteed if required by the letter of transmittal and mail or

deliver such letter of transmittal or facsimile thereof to the exchange agent at the address set forth below under Exchange Agent prior to the expiration date; or

comply with DTC's Automated Tender Offer Program procedures described below.

In addition, either:

the exchange agent must receive certificates for outstanding notes along with the letter of transmittal prior to the expiration date;

the exchange agent must receive a timely confirmation of book-entry transfer of outstanding notes into the exchange agent's account at DTC according to the procedures for book-entry transfer described below or a properly transmitted agent's message prior to the expiration date; or

you must comply with the guaranteed delivery procedures described below.

Your tender, if not withdrawn prior to the expiration date, constitutes an agreement between us and you upon the terms and subject to the conditions described in this prospectus and in the letter of transmittal.

The method of delivery of outstanding notes, letters of transmittal and all other required documents to the exchange agent is at your election and risk. We recommend that instead of delivery by mail, you use an overnight or hand delivery service, properly insured. In all cases, you should allow sufficient time to assure timely delivery to the exchange agent before the expiration date. You should not send letters of transmittal or certificates representing outstanding notes to us. You may request that your broker, dealer, commercial bank, trust company or nominee effect the above transactions for you.

If you are a beneficial owner whose outstanding notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your outstanding notes, you should promptly contact the registered holder and instruct the registered holder to tender on your behalf. If you wish to tender the outstanding notes yourself, you must, prior to completing and executing the letter of transmittal and delivering your outstanding notes, either:

make appropriate arrangements to register ownership of the outstanding notes in your name; or

obtain a properly completed bond power from the registered holder of outstanding notes.

The transfer of registered ownership may take considerable time and may not be able to be completed prior to the expiration date.

Signatures on the letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the Financial Industry Regulatory Authority, Inc., a commercial bank or trust company having an office or correspondent in the United States or another eligible guarantor institution within the meaning of Rule 17A(d)-15 under the Exchange Act unless the outstanding notes surrendered for exchange are tendered:

by a registered holder of the outstanding notes who has not completed the box entitled Special Registration Instructions or Special Delivery Instructions on the letter of transmittal; or

for the account of an eligible guarantor institution.

If the letter of transmittal is signed by a person other than the registered holder of any outstanding notes listed on the outstanding notes, such outstanding notes must be endorsed or accompanied by a properly completed bond

## **Table of Contents**

power. The bond power must be signed by the registered holder as the registered holder's name appears on the outstanding notes, and an eligible guarantor institution must guarantee the signature on the bond power.

If the letter of transmittal, any certificates representing outstanding notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, those persons should also indicate when signing and, unless waived by us, they should also submit evidence satisfactory to us of their authority to so act.

The exchange agent and DTC have confirmed that any financial institution that is a participant in DTC's system may use DTC's Automated Tender Offer Program to tender outstanding notes. Participants in the program may, instead of physically completing and signing the letter of transmittal and delivering it to the exchange agent, electronically transmit their acceptance of the exchange by causing DTC to transfer the outstanding notes to the exchange agent in accordance with DTC's Automated Tender Offer Program procedures for transfer. DTC will then send an agent's message to the exchange agent. The term "agent's message" means a message transmitted by DTC, received by the exchange agent and forming part of the book-entry confirmation, which states that:

DTC has received an express acknowledgment from a participant in its Automated Tender Offer Program that is tendering outstanding notes that are the subject of the book-entry confirmation;

the participant has received and agrees to be bound by the terms of the letter of transmittal, or in the case of an agent's message relating to guaranteed delivery, that such participant has received and agrees to be bound by the notice of guaranteed delivery; and

we may enforce that agreement against such participant. DTC is referred to herein as a "book-entry transfer facility."

## **Acceptance of Exchange Notes**

In all cases, HCA will promptly issue exchange notes for outstanding notes that it has accepted for exchange under the exchange offers only after the exchange agent timely receives:

outstanding notes or a timely book-entry confirmation of such outstanding notes into the exchange agent's account at the book-entry transfer facility; and

a properly completed and duly executed letter of transmittal and all other required documents or a properly transmitted agent's message.

By tendering outstanding notes pursuant to the exchange offers, you will represent to us that, among other things:

you are not our affiliate or an affiliate of any guarantor within the meaning of Rule 405 under the Securities Act;

you do not have an arrangement or understanding with any person or entity to participate in a distribution of the exchange notes; and

you are acquiring the exchange notes in the ordinary course of your business.

In addition, each broker-dealer that is to receive exchange notes for its own account in exchange for outstanding notes must represent that such outstanding notes were acquired by that broker-dealer as a result of market-making activities

or other trading activities and must acknowledge that it will deliver a prospectus that meets the requirements of the Securities Act in connection with any resale of the exchange notes. The letters of transmittal state that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. See Plan of Distribution.

HCA will interpret the terms and conditions of the exchange offers, including the letters of transmittal and the instructions to the letters of transmittal, and will resolve all questions as to the validity, form, eligibility, including time of receipt and acceptance of outstanding notes tendered for exchange. Our determinations in this regard will be final and binding on all parties. HCA reserves the absolute right to reject

any and all tenders of any particular outstanding notes not properly tendered or to not accept any particular outstanding notes if the acceptance might, in its or its counsel's judgment, be unlawful. We also reserve the absolute right to waive any defects or irregularities as to any particular outstanding notes prior to the expiration date.

Unless waived, any defects or irregularities in connection with tenders of outstanding notes for exchange must be cured within such reasonable period of time as we determine. Neither HCA, the exchange agent nor any other person will be under any duty to give notification of any defect or irregularity with respect to any tender of outstanding notes for exchange, nor will any of them incur any liability for any failure to give notification. Any outstanding notes received by the exchange agent that are not properly tendered and as to which the irregularities have not been cured or waived will be returned by the exchange agent to the tendering holder, unless otherwise provided in the letter of transmittal, promptly after the expiration date.

## **Book-Entry Delivery Procedures**

Promptly after the date of this prospectus, the exchange agent will establish an account with respect to the outstanding notes at DTC and, as the book-entry transfer facility, for purposes of the exchange offers. Any financial institution that is a participant in the book-entry transfer facility's system may make book-entry delivery of the outstanding notes by causing the book-entry transfer facility to transfer those outstanding notes into the exchange agent's account at the facility in accordance with the facility's procedures for such transfer. To be timely, book-entry delivery of outstanding notes requires receipt of a confirmation of a book-entry transfer, a book-entry confirmation, prior to the expiration date. In addition, although delivery of outstanding notes may be effected through book-entry transfer into the exchange agent's account at the book-entry transfer facility, the letter of transmittal or a manually signed facsimile thereof, together with any required signature guarantees and any other required documents, or an agent's message, as defined below, in connection with a book-entry transfer, must, in any case, be delivered or transmitted to and received by the exchange agent at its address set forth on the cover page of the letter of transmittal prior to the expiration date to receive exchange notes for tendered outstanding notes, or the guaranteed delivery procedure described below must be complied with. Tender will not be deemed made until such documents are received by the exchange agent. Delivery of documents to the book-entry transfer facility does not constitute delivery to the exchange agent.

Holders of outstanding notes who are unable to deliver confirmation of the book-entry tender of their outstanding notes into the exchange agent's account at the book-entry transfer facility or all other documents required by the letter of transmittal to the exchange agent on or prior to the expiration date must tender their outstanding notes according to the guaranteed delivery procedures described below.

## **Guaranteed Delivery Procedures**

If you wish to tender your outstanding notes but your outstanding notes are not immediately available or you cannot deliver your outstanding notes, the letter of transmittal or any other required documents to the exchange agent or comply with the procedures under DTC's Automatic Tender Offer Program in the case of outstanding notes, prior to the expiration date, you may still tender if:

the tender is made through an eligible guarantor institution;

prior to the expiration date, the exchange agent receives from such eligible guarantor institution either a properly completed and duly executed notice of guaranteed delivery, by facsimile transmission, mail, or hand delivery or a properly transmitted agent's message and notice of guaranteed delivery, that (1) sets forth your name and address, the certificate number(s) of such outstanding notes and the principal amount of outstanding notes tendered; (2) states that the tender is being made thereby; and (3) guarantees that, within three New York Stock Exchange trading days after the expiration date, the letter of transmittal, or facsimile thereof, together

with the outstanding notes or a book-entry confirmation, and any other documents required by the letter of transmittal, will be deposited by the eligible guarantor institution with the exchange agent; and

## **Table of Contents**

the exchange agent receives the properly completed and executed letter of transmittal or facsimile thereof, as well as certificate(s) representing all tendered outstanding notes in proper form for transfer or a book-entry confirmation of transfer of the outstanding notes into the exchange agent's account at DTC and all other documents required by the letter of transmittal within three New York Stock Exchange trading days after the expiration date.

Upon request, the exchange agent will send to you a notice of guaranteed delivery if you wish to tender your outstanding notes according to the guaranteed delivery procedures.

## **Withdrawal Rights**

Except as otherwise provided in this prospectus, you may withdraw your tender of outstanding notes at any time prior to 11:59 p.m., New York City time, on the expiration date.

For a withdrawal to be effective:

the exchange agent must receive a written notice, which may be by telegram, telex, facsimile or letter, of withdrawal at its address set forth below under "Exchange Agent"; or

you must comply with the appropriate procedures of DTC's Automated Tender Offer Program system.

Any notice of withdrawal must:

specify the name of the person who tendered the outstanding notes to be withdrawn;

identify the outstanding notes to be withdrawn, including the certificate numbers and principal amount of the outstanding notes; and

where certificates for outstanding notes have been transmitted, specify the name in which such outstanding notes were registered, if different from that of the withdrawing holder.

If certificates for outstanding notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of such certificates, you must also submit:

the serial numbers of the particular certificates to be withdrawn; and

a signed notice of withdrawal with signatures guaranteed by an eligible institution unless you are an eligible guarantor institution.

If outstanding notes have been tendered pursuant to the procedures for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at the book-entry transfer facility to be credited with the withdrawn outstanding notes and otherwise comply with the procedures of the facility. We will determine all questions as to the validity, form and eligibility, including time of receipt of notices of withdrawal, and our determination will be final and binding on all parties. Any outstanding notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offers. Any outstanding notes that have been tendered for exchange but that are not exchanged for any reason will be returned to their holder, without cost to the holder, or, in the case of book-entry transfer, the outstanding notes will be credited to an account at the book-entry transfer facility, promptly after withdrawal, rejection of tender or termination of the exchange offers. Properly

withdrawn outstanding notes may be retendered by following the procedures described under Procedures for Tendering Outstanding Notes above at any time on or prior to the expiration date.

**Fees and Expenses**

The registration rights agreements provide that we will bear all expenses in connection with the performance of our obligations relating to the registration of the exchange notes and the conduct of the exchange offers. These expenses include registration and filing fees, accounting and legal fees and printing costs, among others. We will pay the exchange agent reasonable and customary fees for its services and reasonable out-of-pocket expenses. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for customary mailing and handling expenses incurred by them in forwarding this prospectus and related documents to their clients that are holders of outstanding notes and for handling or tendering for such clients.

We have not retained any dealer-manager in connection with the exchange offers and will not pay any fee or commission to any broker, dealer, nominee or other person, other than the exchange agent, for soliciting tenders of outstanding notes pursuant to the exchange offers.

**Accounting Treatment**

We will record the exchange notes in our accounting records at the same carrying value as the outstanding notes, which is the aggregate principal amount as reflected in our accounting records on the date of exchanges. Accordingly, we will not recognize any gain or loss for accounting purposes upon the consummation of the exchange offers. We will record the expenses of the exchange offers as incurred.

**Transfer Taxes**

We will pay all transfer taxes, if any, applicable to the exchanges of outstanding notes under the exchange offers. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any

other person, if:

certificates representing outstanding notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be issued in the name of, any person other than the registered holder of outstanding notes tendered;

tendered outstanding notes are registered in the name of any person other than the person signing the letter of transmittal; or

**Table of Contents**

a transfer tax is imposed for any reason other than the exchange of outstanding notes under the exchange offers.

If satisfactory evidence of payment of such taxes is not submitted with the letter of transmittal, the amount of such transfer taxes will be billed to that tendering holder.

Holders who tender their outstanding notes for exchange will not be required to pay any transfer taxes. However, holders who instruct us to register exchange notes in the name of, or request that outstanding notes not tendered or not accepted in the exchange offers be returned to, a person other than the registered tendering holder will be required to pay any applicable transfer tax.

**Consequences of Failure to Exchange**

If you do not exchange your outstanding notes for exchange notes under the exchange offers, your outstanding notes will remain subject to the restrictions on transfer of such outstanding notes:

as set forth in the legend printed on the outstanding notes as a consequence of the issuance of the outstanding notes pursuant to the exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws; and

as otherwise set forth in the offering memoranda distributed in connection with the private offerings of the outstanding notes.

In general, you may not offer or sell your outstanding notes unless they are registered under the Securities Act or if the offer or sale is exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreements, we do not intend to register resales of the outstanding notes under the Securities Act.

**Other**

Participating in the exchange offers is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered outstanding notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any outstanding notes that are not tendered in the exchange offers or to file a registration statement to permit resales of any untendered outstanding notes.

**DESCRIPTION OF THE FEBRUARY 2009 NOTES**

**General**

Certain terms used in this description are defined under the subheading *Certain Definitions*. In this description, the terms *we*, *our*, *us* and *the Company* each refer to HCA Inc. (the *Issuer* ) and its consolidated Subsidiaries.

The Issuer issued \$310.0 million aggregate principal amount of 97/8% senior secured notes due 2017 (the *Notes* ) under an indenture dated as of February 19, 2009 (the *Indenture* ) among the Issuer, the Guarantors and The Bank of New York Mellon Trust Company, N.A., as trustee (the *Trustee* ). The Notes were issued in a private transaction that is not subject to the registration requirements of the Securities Act. Except as set forth herein, the terms of the Notes are substantially identical and include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act.

The following description is only a summary of the material provisions of the Indenture, does not purport to be complete and is qualified in its entirety by reference to the provisions of those agreements, including the definitions therein of certain terms used below. We urge you to read the Indenture because it, and not this description, defines your rights as Holders of the Notes.

**Brief Description of Notes**

The Notes:

are general senior obligations of the Issuer;

are secured on a second-priority basis, equally and ratably with the 2006 Notes and all future obligations of the Issuer and the Guarantors under any future Junior Lien Obligations, by all of the assets of the Issuer and the Guarantors which are not Principal Properties and which secure the General Credit Facility (other than the European Collateral), subject to the Liens securing the Issuer's and the Guarantors' obligations under the General Credit Facility and any other Priority Lien Obligations and other Permitted Liens;

are secured on a third-priority basis, equally and ratably with the 2006 Notes and all future obligations of the Issuer and the Guarantors under any future Junior Lien Obligations, by all of the assets of the Issuer and the Guarantors securing the ABL Facility which also secure the General Credit Facility, subject to the Liens securing the Issuer's and the Guarantors' obligations under the Senior Credit Facilities and any other Priority Lien Obligations and other Permitted Liens;

are effectively subordinated, to the extent of the value of the assets securing such Indebtedness (which, in any event, exclude the European Collateral, which does not secure the Notes), to the Issuer's and the Guarantors' obligations under the General Credit Facility and any future Priority Lien Obligations, that will be secured (A) on a first-priority basis by the same assets of the Issuers and the Guarantors that secure the Notes and by certain other assets of the Issuer and the Guarantors, including the Principal Properties, that do not secure the Notes and (B) on a second-priority basis by the Shared Receivables Collateral;

are effectively subordinated to the Issuer's and the Guarantors' obligations under the ABL Facility, to the extent of the value of the Shared Receivables Collateral;

are effectively subordinated to any obligations secured by Permitted Liens, to the extent of the value of the assets of the Issuer and the Guarantors subject to those Permitted Liens;

are structurally subordinated to any existing and future indebtedness and liabilities of non-guarantor Subsidiaries, including the ABL Financing Entities and the Issuer's Foreign Subsidiaries and any Unrestricted Subsidiaries;

## **Table of Contents**

rank equally in right of payment with all existing and future senior Indebtedness of the Issuer and the Guarantors but, to the extent of the value of the Collateral, are effectively senior to all of the Issuer's and the Guarantors' unsecured senior Indebtedness (including the Existing Notes);

are senior in right of payment to any future Subordinated Indebtedness (as defined with respect to the Notes) of the Issuer;

are initially unconditionally guaranteed on a joint and several and senior basis by each Restricted Subsidiary that guarantees the General Credit Facility (other than any Foreign Subsidiary); and

are subject to registration with the SEC pursuant to the Registration Rights Agreement.

## **Guarantees**

The Guarantors, as primary obligors and not merely as sureties, jointly and severally fully and unconditionally guarantee, on a senior basis, the performance and full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Issuer under the Indenture and the Notes, whether for payment of principal of, premium, if any, or interest or Additional Interest in respect of the Notes, expenses, indemnification or otherwise, on the terms set forth in the Indenture by executing the Indenture.

The Restricted Subsidiaries which guarantee the General Credit Facility guarantee the Notes. Each of the Guarantees of the Notes is a general senior obligation of each Guarantor and is secured by a second-priority lien on all of the assets of each Guarantor which secure the General Credit Facility and which are not Principal Properties and by a third-priority lien on all of the assets of each Guarantor which secure the ABL Facility. The Guarantees rank equally in right of payment with all existing and future senior Indebtedness of the Guarantor but, to the extent of the value of the Collateral, are effectively senior to all of the Guarantor's unsecured senior Indebtedness and, to the extent of the Collateral, are effectively subordinated to the Guarantor's Obligations under the Senior Credit Facilities and any future Priority Lien Obligations. The Guarantees are senior in right of payment to all existing and future Subordinated Indebtedness of each Guarantor. The Notes are structurally subordinated to Indebtedness and other liabilities of Subsidiaries of the Issuer that do not Guarantee the Notes.

Not all of the Issuer's Subsidiaries Guarantee the Notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to the Issuer. None of our Subsidiaries which are Restricted Subsidiaries for purposes of the Existing Notes Indenture, Foreign Subsidiaries, ABL Financing Entities, non-Wholly Owned Subsidiaries or any Receivables Subsidiaries guarantee the Notes. For the year ended December 31, 2009, our non-guarantor Subsidiaries accounted for approximately \$12.468 billion, or 41.5%, of our total revenues. As of December 31, 2009, our non-guarantor Subsidiaries held approximately \$9.672 billion, or 40.1%, of our total assets and approximately \$6.750 billion, or 21.1%, of our total liabilities. See Note 16 to our consolidated financial statements included in this prospectus.

The obligations of each Guarantor under its Guarantee are limited as necessary to prevent the Guarantee from constituting a fraudulent conveyance under applicable law.

Any entity that makes a payment under its Guarantee is entitled upon payment in full of all guaranteed obligations under the Indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with GAAP.

If a Guarantee were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero. See Risk Factors Risks Related to the Notes Federal and state fraudulent transfer laws may permit a court to void the guarantees, and, if that occurs, you may not receive any payment on the notes.

## **Table of Contents**

Each Guarantee by a Guarantor provides by its terms that it will be automatically and unconditionally released and discharged upon:

(1) (a) any sale, exchange or transfer (by merger or otherwise) of the Capital Stock of such Guarantor (including any sale, exchange or transfer), after which the applicable Guarantor is no longer a Restricted Subsidiary or all or substantially all the assets of such Guarantor, which sale, exchange or transfer is made in compliance with the applicable provisions of the Indenture;

(b) the release or discharge of the guarantee by such Guarantor of the Senior Credit Facilities or such other guarantee that resulted in the creation of such Guarantee, except a discharge or release by or as a result of payment under such guarantee;

(c) the designation of any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in compliance with the applicable provisions of the Indenture; or

(d) the exercise by the Issuer of its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the discharge of the Issuer's obligations under the Indenture in accordance with the terms of the Indenture; and

(2) such Guarantor delivering to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in the Indenture relating to such transaction have been complied with.

## **Holding Company Structure**

The Issuer is a holding company for its Subsidiaries, with no material operations of its own and only limited assets. Accordingly, the Issuer is dependent upon the distribution of the earnings of its Subsidiaries, whether in the form of dividends, advances or payments on account of intercompany obligations, to service its debt obligations.

## **Security**

### ***General***

The Notes and the Guarantees are secured by perfected second-priority security interests in the Non-Receivables Collateral (second in priority to the Liens on the Non-Receivables Collateral securing the First Lien Obligations) and by perfected third-priority security interests in the Shared Receivables Collateral (third in priority to the first-priority and second-priority Liens on the Shared Receivables Collateral securing the ABL Obligations and the First Lien Obligations, respectively), in each case, equally and ratably with the 2006 Notes and subject to Permitted Liens. Notwithstanding the foregoing, neither the Notes nor the Guarantees are secured by the European Collateral or the Separate Receivables Collateral and, until after the Discharge of the First Lien Obligations, the Notes and the Guarantees will not be secured by any Principal Properties. Upon the Discharge of First Lien Obligations and so long as no First Lien Obligations are outstanding, the Principal Properties that constituted Collateral under the First Lien Security Documents Facility will become Collateral with respect to the Notes, subject to the same limitation on the amount of Obligations secured thereby as contained in the First Lien Security Documents. See also Certain Limitations on the Collateral below. Priority Lien Secured Parties have rights and remedies with respect to the Collateral that, if exercised, could adversely affect the value of the Collateral or the ability of the respective agents under the Intercreditor Agreements to realize or foreclose on the Collateral on behalf of holders of the Notes. For a description of the Shared Receivables Collateral and the Non-Receivables Collateral, see Description of Other Indebtedness Senior Secured Credit Facilities Guarantee and Security.

The Issuer and the Guarantors are and will be able to incur additional Indebtedness in the future which could share in the Collateral, including additional First Lien Obligations, additional ABL Obligations, additional Junior Lien Obligations and Obligations secured by Permitted Liens. The amount of such additional Obligations is and will be limited by the covenant described under Certain Covenants Liens and the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of

Disqualified Stock and Preferred Stock. Under certain circumstances, the amount of any such additional Obligations could be significant.

### ***After-Acquired Collateral***

From and after the Issue Date and subject to certain limitations and exceptions, (a) if the Issuer or any Guarantor creates any additional security interest upon any property or asset that would constitute Collateral to secure any First Lien Obligations (other than Principal Properties prior to the Discharge of First Lien Obligations and so long as no First Lien Obligations are outstanding and other than European Collateral and Separate Receivables Collateral), it must concurrently grant a second-priority perfected security interest (subject to Permitted Liens) upon such property as security for the Notes and (b) if the Issuer or any Guarantor creates any additional security interest upon any property or asset that would constitute Shared Receivables Collateral to secure any Priority Lien Obligations, it must concurrently grant a third-priority perfected security interest (subject to Permitted Liens) upon such property as security for the Notes.

### ***Liens with Respect to the Collateral***

#### ***Security Documents and Intercreditor Agreements***

The Issuer, the Guarantors and the Junior Lien Collateral Agent entered into Security Documents in connection with the 2006 Notes with respect to the Collateral defining the terms of the security interests that secure the 2006 Notes and the Guarantees with respect to such Collateral and that will define the terms of the security interests that secure the Notes and the Guarantees with respect to such collateral. These security interests secure the payment and performance when due of all of the Obligations of the Issuers and the Guarantors under the Notes, the Indenture, the Guarantees and the Security Documents, as provided in the Security Documents.

The Junior Lien Collateral Agent will enter into a joinder to the General Intercreditor Agreement dated as of November 17, 2006 by and among the trustee under the 2006 Notes and the administrative agent under the General Credit Facility (as the same may be amended from time to time, the *General Intercreditor Agreement*) with respect to the Collateral. The First Lien Collateral Agent is initially the Collateral Agent under the General Credit Facility. The Junior Lien Collateral Agent will initially be the trustee under the 2006 Notes. Pursuant to the terms of the General Intercreditor Agreement, prior to the Discharge of First Lien Obligations, the First Lien Collateral Agent, acting on behalf of the First Lien Secured Parties, will determine the time and method by which the security interests in the Collateral will be enforced and will have the sole and exclusive right to manage, perform and enforce the terms of the Security Documents relating to the Collateral and to exercise and enforce all privileges, rights and remedies thereunder according to its direction, including to take or retake control or possession of such Collateral and to hold, prepare for sale, marshal, process, sell, lease, dispose of or liquidate such Collateral, including, without limitation, following the occurrence of a Default or Event of Default under the Indenture. The Junior Lien Collateral Agent will not be permitted to enforce the security interests even if any Event of Default under the Indenture has occurred and the Notes have been accelerated except (a) in any insolvency or liquidation proceeding, solely as necessary to file a proof of claim or statement of interest with respect to the Junior Lien Obligations or (b) as necessary to take any action in order to prove, preserve, perfect or protect (but not enforce) its security interest and rights in, and the perfection and priority of its Lien on, the Collateral. See **Risk Factors** **Risks Related to the Notes** The lien ranking provisions of the indenture and other agreements relating to the collateral securing the 2009 second lien notes will limit the rights of holders of the 2009 second lien notes with respect to that collateral, even during an event of default. After the Discharge of First Lien Obligations, the Junior Lien Collateral Agent in accordance with the provisions of the Junior Lien Documents will distribute all cash proceeds (after payment of the costs of enforcement and collateral administration and any other amounts owed to the Junior Lien Collateral Agent) of the Collateral received by it under the Security Documents for the ratable benefit of the holders of Junior Lien Obligations. The proceeds from the sale of

the Collateral remaining after the satisfaction of all First Lien Obligations may not be sufficient to satisfy the Junior Lien Obligations. By its nature some or all of the Collateral is and will be illiquid and may have no readily

**Table of Contents**

ascertainable market value. Accordingly, the Collateral may not be able to be sold in a short period of time, if salable. See Risk Factors Risks Related to the Notes The value of the collateral securing the notes may not be sufficient to satisfy our obligations under the notes.

The Junior Lien Collateral Agent, for itself and on behalf of each Junior Lien Secured Party, has agreed pursuant to the General Intercreditor Agreement that (a) it will not (and thereby waives any right to) take any action to challenge, contest or support any other Person in contesting or challenging, directly or indirectly, in any proceeding (including any insolvency or liquidation proceeding), the validity, perfection, priority or enforceability of a Lien securing any First Lien Obligations held (or purported to be held) by or on behalf of the First Lien Collateral Agent or any of the First Lien Secured Parties or any agent or trustee therefor in any Collateral or other First Lien Collateral and (b) it will not oppose or otherwise contest (or support any other Person contesting) any request for judicial relief made in any court by the First Lien Collateral Agent or any First Lien Secured Parties relating to the lawful enforcement of any First Priority Lien on Collateral or other First Lien Collateral.

In addition, the Security Documents provide that, prior to the Discharge of First Lien Obligations, (1) the First Lien Collateral Agent may take actions with respect to the Collateral (including the release of Collateral and the manner of realization (subject to the provisions described under Release of Collateral )) without the consent of the Junior Lien Collateral Agent or other Junior Lien Secured Parties and (2) the Issuer and the Guarantors may require the Junior Lien Collateral Agent to agree to modify the Security Documents, or the General Intercreditor Agreement, without the consent of the Junior Lien Collateral Agent or other Junior Lien Secured Parties, to secure additional extensions of credit and add additional First Lien Secured Parties or Junior Lien Secured Parties so long as such modifications do not expressly violate the provisions of the General Credit Facility or the Indenture. In addition, the General Intercreditor Agreement provides that with respect to Collateral in the event that the First Lien Collateral Agent or the First Lien Secured Parties enter into any amendment, waiver or consent in respect of or replace any of the First Lien Security Documents for the purpose of adding to, or deleting from, or waiving or consenting to any departures from any provisions of, any First Lien Security Document or changing in any manner the rights of the First Lien Collateral Agent, the First Lien Secured Parties, the Issuer or any Guarantor thereunder (including the release of any Liens in Collateral in accordance with the provisions described under Release of Collateral ), then such amendment, waiver or consent shall apply automatically to any comparable provision of each comparable Security Document in favor of the Junior Lien Obligations without the consent of the Junior Lien Collateral Agent, any Junior Lien Representative or any Junior Lien Secured Party and without any action by the Junior Lien Collateral Agent, any Junior Lien Representative, the Issuer or any Guarantor; *provided* that such amendment, waiver or consent does not materially adversely affect the rights of the Junior Lien Secured Parties or the interests of the Junior Lien Secured Parties in the Collateral in a manner materially different from that affecting the rights of the First Lien Secured Parties thereunder or therein. Any provider of additional extensions of credit shall be entitled to rely on the determination of an Officer that such modifications do not expressly violate the provisions of the General Credit Facility or the Indenture if such determination is set forth in an Officer's Certificate delivered to such provider.

So long as the Discharge of First Lien Obligations has not occurred, the Collateral or proceeds thereof received in connection with the sale or other disposition of, or collection on, such Non-Receivables Collateral upon the exercise of remedies will be applied by the First Lien Collateral Agent to the First Lien Obligations in such order as specified in the relevant First Lien Documents until the Discharge of First Lien Obligations has occurred. Upon the Discharge of First Lien Obligations, the First Lien Collateral Agent shall deliver to the Junior Lien Collateral Agent (for the benefit of all Junior Lien Secured Parties) any remaining proceeds of Collateral held by it in the same form as received, with any necessary endorsements or as a court of competent jurisdiction may otherwise direct to be applied by the Junior Lien Collateral Agent to the Junior Lien Obligations in such order as specified in the Junior Lien Documents.

In addition, so long as the Discharge of First Lien Obligations has not occurred, neither the Junior Lien Collateral Agent nor any Junior Lien Representative shall acquire or hold any Lien on any assets of the Issuer or any Subsidiary (and neither the Issuer nor any Subsidiary shall grant such Lien) securing any Junior Lien Obligations that are not also subject to the First Priority Lien in respect of the First Lien Obligations under the

**Table of Contents**

First Lien Documents. If the Junior Lien Collateral Agent or any Junior Lien Representative shall acquire or hold any Lien on any assets of the Issuer or any Subsidiary that is not also subject to the First Priority Lien in respect of the First Lien Obligations under the First Lien Documents, then such Junior Lien Collateral Agent or other Junior Lien Representative shall, without the need for any further consent of any party and notwithstanding anything to the contrary in any other document, be deemed to also hold and have held such Lien for the benefit of the First Lien Collateral Agent as security for the First Lien Obligations (subject to the lien priority and other terms hereof).

The Junior Lien Collateral Agent and each other Junior Lien Secured Party will agree that any Lien purported to be granted on any Collateral as security for First Lien Obligations shall be deemed to be and shall be deemed to remain senior in all respects and prior to all Liens on the Collateral securing any Junior Lien Obligations for all purposes regardless of whether the Lien purported to be granted is found to be improperly granted, improperly perfected, preferential, a fraudulent conveyance or legally or otherwise deficient or invalid, in whole or in part, in any manner.

Any Collateral or proceeds thereof received by any Junior Lien Secured Party at a time when such receipt is not expressly permitted by the terms of the General Intercreditor Agreement or prior to the Discharge of First Lien Obligations shall be segregated and held in trust for the benefit of and forthwith paid over to the First Lien Collateral Agent (and/or its designees) for the benefit of the First Lien Secured Parties in the same form as received, with any necessary endorsements or as a court of competent jurisdiction may otherwise direct.

If any First Lien Secured Party is required in any insolvency or liquidation proceeding or otherwise to turn over or otherwise pay to the estate of the Issuer or any other Guarantor (or any trustee, receiver or similar person therefor), because the payment of such amount was declared to be fraudulent or preferential in any respect or for any other reason, any amount (a *Recovery* ), whether received as proceeds of security, enforcement of any right of setoff or otherwise, then as among the parties hereto, the First Lien Obligations shall be deemed to be reinstated to the extent of such Recovery and to be outstanding as if such payment had not occurred and such First Lien Secured Party shall be entitled to a reinstatement of First Lien Obligations with respect to all such recovered amounts and shall have all rights hereunder. If the General Intercreditor Agreement shall have been terminated prior to such Recovery, the General Intercreditor Agreement shall be reinstated in full force and effect, and such prior termination shall not diminish, release, discharge, impair or otherwise affect the obligations of the parties thereto. Any Collateral or other First Lien Collateral or proceeds thereof received by any Junior Lien Secured Party prior to the time of such Recovery shall be deemed to have been received prior to the Discharge of First Lien Obligations and subject to the provisions of the immediately preceding paragraph.

In addition, if at any time in connection with or after the Discharge of First Lien Obligations the Issuer either in connection therewith or thereafter enters into any Refinancing of any First Lien Document evidencing a First Lien Obligation, then such Discharge of First Lien Obligations shall automatically be deemed not to have occurred for all purposes of the General Intercreditor Agreement, the First Lien Documents and the Junior Lien Documents, and the obligations under such Refinancing shall automatically be treated as First Lien Obligations for all purposes of the General Intercreditor Agreement, including for purposes of the Lien priorities and rights in respect of Collateral set forth therein, the related documents shall be treated as First Lien Documents for all purposes of the General Intercreditor Agreement and the first lien collateral agent under such Refinanced First Lien Documents shall be First Lien Collateral Agent for all purposes of the General Intercreditor Agreement.

The General Intercreditor Agreement provides that, prior to the Discharge of First Lien Obligations, neither the Junior Lien Collateral Agent nor any other Junior Lien Secured Parties may assert or enforce any right of marshalling accorded to a junior lienholder, as against the First Lien Collateral Agent or any First Lien Secured Party (in their capacity as priority lienholders). Following the Discharge of First Lien Obligations, the Junior Lien Secured Parties may assert their right under the Uniform Commercial Code or otherwise to any proceeds remaining following a sale or other disposition of Collateral by, or on behalf of, the First Lien Collateral Agent or the First Lien Secured Parties.

This waiver of all rights of marshalling prior to

**Table of Contents**

the Discharge of First Lien Obligations may result in proceeds from the sale of Collateral (in which the Junior Lien Secured Parties have second-priority Liens) being applied to repay First Lien Obligations prior to the application of the proceeds of Shared Receivables Collateral (in which the Junior Lien Secured Parties have third-priority Liens), the Principal Properties (in which the Junior Lien Secured Parties will not have a security interest prior to the Discharge of First Lien Obligations and during any time that any First Lien Obligations are outstanding) or the European Collateral or the Separate Receivables Collateral (in which the Junior Lien Secured Parties will not have a security interest). In that scenario, Junior Lien Secured Parties may recover less than they would have if such proceeds were applied in the order most favorable to the Junior Lien Secured Parties.

So long as the Discharge of First Lien Obligations has not occurred, whether or not any insolvency or liquidation proceeding has been commenced by or against the Issuer or any Guarantor, (i) neither the Junior Lien Collateral Agent, any Junior Lien Representative nor any Junior Lien Secured Party will (x) exercise or seek to exercise any rights or remedies (including setoff or the right to credit bid debt (except as set forth in the next paragraph below)) with respect to any Collateral in respect of any applicable Junior Lien Obligations, or institute any action or proceeding with respect to such rights or remedies (including any action of foreclosure), (y) contest, protest or otherwise object to any foreclosure or enforcement proceeding or action brought with respect to the Collateral or any other collateral by the First Lien Collateral Agent or any First Lien Secured Party in respect of the First Lien Obligations, the exercise of any right by the First Lien Collateral Agent or any First Lien Secured Party (or any agent or sub-agent on their behalf) in respect of the First Lien Obligations under any control agreement, lockbox agreement, landlord waiver or bailee's letter or similar agreement or arrangement to which the Junior Lien Collateral Agent, any Junior Lien Representative or any Junior Lien Secured Party either is a party or may have rights as a third-party beneficiary, or any other exercise by any such party of any rights and remedies as a secured party relating to the Collateral or any other collateral under the First Lien Documents or otherwise in respect of First Lien Obligations, or (z) object to any waiver or forbearance by the First Lien Secured Parties from or in respect of bringing or pursuing any foreclosure proceeding or action or any other exercise of any rights or remedies relating to the Collateral or any other collateral in respect of First Lien Obligations and (ii) except as otherwise provided in the General Intercreditor Agreement, the First Lien Collateral Agent and the First Lien Secured Parties shall have the sole and exclusive right to enforce rights, exercise remedies (including setoff and the right to credit bid their debt), marshal, process and make determinations regarding the release, disposition or restrictions, or waiver or forbearance of rights or remedies with respect to the Collateral without any consultation with or the consent of the Junior Lien Collateral Agent, any Junior Lien Representative or any Junior Lien Secured Party.

Notwithstanding the foregoing, the General Intercreditor Agreement shall not be construed to in any way limit or impair the right of any Junior Lien Secured Party from exercising a credit bid with respect to the Junior Lien Obligations in a sale or other disposition of Collateral under Section 363 of the Bankruptcy Code; *provided* that in connection with and immediately after giving effect to such sale and credit bid there occurs a Discharge of First Lien Obligations.

In addition, the Junior Lien Collateral Agent, each Junior Lien Representative and each other Junior Lien Secured Party have agreed that if the Issuer or any Guarantor is subject to any insolvency or liquidation proceeding:

(1) if the First Lien Collateral Agent acting on behalf of First Lien Secured Parties desires to permit the use of cash collateral or to permit the Issuer or any Guarantor to obtain financing under Section 363 or Section 364 of the Bankruptcy Code or any similar provision in any Bankruptcy Law ( *DIP Financing* ), including if such DIP Financing is secured by Liens senior in priority to the Liens securing the Notes or other Junior Lien Obligations, then the Junior Lien Collateral Agent and each Junior Lien Representative, on behalf of itself and each applicable Junior Lien Secured Party, agrees not to object to such use of cash collateral or DIP Financing and will not request adequate protection or any other relief in connection therewith (except to the extent permitted by the General Intercreditor Agreement, as set forth below) and, to the extent the Liens securing the First Lien Obligations are subordinated or *pari passu* with such

DIP Financing, will subordinate its Liens in the Collateral and any other collateral to

such DIP Financing (and all Obligations relating thereto) on the same basis as they are subordinated to the First Lien Obligations;

(2) none of them will object to, or otherwise contest (or support any other Person contesting), any motion for relief from the automatic stay or from any injunction against foreclosure or enforcement in respect of the First Lien Obligations made by the First Lien Collateral Agent or any First Lien Secured Party;

(3) none of them will object to, or otherwise contest (or support any other Person contesting), any order relating to a sale of assets of any Issuer or Guarantor for which the First Lien Collateral Agent has consented that provides, to the extent that sale is to be free and clear of Liens, that the Liens securing the First Lien Obligations and the Junior Lien Obligations will attach to the proceeds of the sale on the same basis of priority as the existing Liens in accordance with the General Intercreditor Agreement;

(4) none of them will seek relief from the automatic stay or any other stay in any insolvency or liquidation proceeding in respect of the Collateral or any other First Lien Collateral, without the prior written consent of the First Lien Collateral Agent;

(5) none of them will object to, or otherwise contest (or support any other Person contesting), (a) any request by the First Lien Collateral Agent or any First Lien Secured Party for adequate protection or (b) any objection by the First Lien Collateral Agent or any First Lien Secured Party to any motion, relief, action or proceeding based on the First Lien Collateral Agent's or such First Lien Secured Party's claiming a lack of adequate protection;

(6) none of them will assert or enforce (or support any Person asserting or enforcing) any claim under Section 506(c) of the Bankruptcy Code senior to or on a parity with the Liens securing the First Lien Obligations for costs or expenses of preserving or disposing of any Collateral or First Lien Collateral;

(7) none of them will oppose or otherwise contest (or support any other Person contesting) any lawful exercise by the First Lien Collateral Agent or any First Lien Secured Party of the right to credit bid First Lien Obligations at any sale of Collateral or First Lien Collateral; and

(8) none of them will challenge (or support any other person challenging) the validity, enforceability, perfection or priority of the First Priority Liens on Collateral or First Lien Collateral (and the General Intercreditor Agreement will provide that the First Lien Secured Parties agree that none of them will challenge the validity, enforceability, perfection or priority of the Liens in favor of the Trustee and each other Junior Lien Secured Party on the Collateral).

In addition, neither the Junior Lien Collateral Agent, any Junior Lien Representative nor any other Junior Lien Secured Party will file or prosecute in any insolvency or liquidation proceeding any motion for adequate protection (or any comparable request for relief) based upon their respective security interests in the Collateral, except that:

(1) any of them may freely seek and obtain relief granting a junior Lien co-extensive in all respects with, but subordinated to, all Liens granted in the insolvency or liquidation proceeding to, or for the benefit of, the First Lien Secured Parties (and the General Intercreditor Agreement will provide that the First Lien Secured Parties will not object to the granting of such a junior Lien); and

(2) any of them may freely seek and obtain any relief upon a motion for adequate protection (or any comparable relief), without any condition or restriction whatsoever, at any time after the Discharge of First Lien Obligations.

Without limiting the generality of any provisions of the General Intercreditor Agreement, any vote to accept, and any other act to support the confirmation or approval of, any Non-Conforming Plan of Reorganization shall be inconsistent

with and, accordingly, a violation of the terms of the General Intercreditor Agreement, and the First Lien Collateral Agent shall be entitled to have any such vote to accept a Non-

Conforming Plan of Reorganization dismissed and any such support of any Non-Conforming Plan of Reorganization withdrawn.

Subject to the terms of the Security Documents, the Issuer and the Guarantors have the right to remain in possession and retain exclusive control of the Collateral securing the Notes and the Junior Lien Obligations (other than securities, instruments and chattel paper constituting part of the Collateral and deposited with the First Lien Collateral Agent in accordance with the provisions of the First Lien Security Documents and any Shared Receivables Collateral subject to a control agreement under the circumstances described in the First Lien Security Documents), to freely operate the Collateral and to collect, invest and dispose of any income therefrom.

The Junior Lien Collateral Agent and each Junior Lien Representative, on behalf of the Junior Lien Secured Parties, have acknowledged and agreed in the General Intercreditor Agreement that (a) the Junior Lien Secured Parties' claims against the Issuer and/or any Guarantor in respect of the Collateral constitute junior claims separate and apart (and of a different class) from the senior claims of the First Lien Secured Parties against the Issuer and the Guarantor in respect of the Collateral, (b) the First Lien Obligations include all interest that accrues after the commencement of any insolvency or liquidation proceeding of the Issuer or any Guarantor at the rate provided for in the applicable First Lien Documents governing the same, whether or not a claim for post-petition interest is allowed or allowable in any such insolvency or liquidation proceeding and (c) the Intercreditor Agreement constitutes a subordination agreement under Section 510 of the Bankruptcy Code.

### *Release of Collateral*

The Issuer and the Guarantors will be entitled to the release of property and other assets constituting Collateral from the Liens securing the Notes and the Junior Lien Obligations under any one or more of the following circumstances:

- (1) to enable us to consummate the sale, transfer or other disposition of such property or assets to the extent not prohibited under the covenant described under *Repurchase at the Option of Holders* *Asset Sales* ;
- (2) the release of Excess Proceeds or Collateral Excess Proceeds that remain unexpended after the conclusion of an Asset Sale Offer or a Collateral Asset Sale Offer conducted in accordance with the Indenture;
- (3) in the case of a Guarantor that is released from its Guarantee with respect to the Notes pursuant to the terms of the Indenture, the release of the property and assets of such Guarantor;
- (4) with the consent of the holders of at least 75% of the aggregate principal amount of the Notes then outstanding and affected thereby and a majority of all Junior Lien Obligations (including the Notes) then outstanding and affected thereby (including, without limitation, consents obtained in connection with a tender offer or exchange offer for, or purchase of, Junior Lien Obligations); or
- (5) as described under *Amendment, Supplement and Waiver* below.

The Junior Liens on any Collateral securing the Junior Lien Obligations will also terminate and be released automatically if the First Priority Liens on such Collateral securing First Lien Obligations are released by the First Lien Collateral Agent on behalf of the First Lien Secured Parties, unless such release occurs in connection with, and after giving effect to, a Discharge of First Lien Obligations, which discharge is not in connection with a foreclosure of, or other exercise of remedies with respect to, Collateral by the First Lien Secured Parties (such discharge not in connection with any such foreclosure or exercise of remedies, a *Payment Discharge* ) (provided that, in the case of a Payment Discharge, the Liens on any Collateral disposed of in connection with the satisfaction in whole or in part of First Lien Obligations shall be automatically released but any proceeds thereof not used for purposes of the Discharge

of First Lien Obligations or otherwise in accordance with the Indenture shall be subject to Liens in favor of the Junior Lien Secured Parties). In the event of a Payment Discharge, the Junior Liens on Collateral shall become first-

priority security interests, subject to Permitted Liens, any intercreditor agreements or arrangements among Junior Lien Secured Parties permitted under the General Intercreditor Agreement and, with respect to Shared Receivables Collateral, subject to the Shared Receivables Intercreditor Agreement; *provided* that if the Issuer or the Guarantors incur at any time thereafter any new or replacement First Lien Obligations permitted under the Indenture, then such Payment Discharge shall automatically be deemed not to have occurred for all purposes of the General Intercreditor Agreement, the First Lien Documents and the Junior Lien Documents, and such new Obligations shall automatically be treated as First Lien Obligations for all purposes of the General Intercreditor Agreement, including for purposes of the Lien priorities and rights in respect of Collateral set forth therein, and the related documents shall be treated as First Lien Documents.

To the extent necessary and for so long as required for such Subsidiary not to be subject to any requirement pursuant to Rule 3-16 of Regulation S-X under the Securities Act to file separate financial statements with the SEC (or any other governmental agency), the Capital Stock of any Subsidiary of the Company (excluding Healthtrust, Inc. The Hospital Company, a Delaware corporation and its successors and assigns) shall not be included in the Collateral with respect to the respective Notes so affected (as described under Certain Limitations on the Collateral ) and shall not be subject to the Liens securing such Notes and the Junior Lien Obligations.

The Junior Liens on the Collateral securing the Notes and the Guarantees also will be released upon (i) payment in full of the principal of, together with accrued and unpaid interest (including Additional Interest, if any) on, the Notes and all other Obligations under the Indenture, the Guarantees and the Security Documents (including the 2006 Notes) that are due and payable at or prior to the time such principal, together with accrued and unpaid interest (including Additional Interest, if any), are paid or (ii) a legal defeasance or covenant defeasance under the Indenture as described below under Legal Defeasance and Covenant Defeasance or a discharge of the Indenture as described under Satisfaction and Discharge.

Any certificate or opinion required by Section 314(d) of the Trust Indenture Act may be made by an Officer of the Company, except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert.

Notwithstanding anything to the contrary herein, the Issuer and its Subsidiaries are not required to comply with all or any portion of Section 314(d) of the Trust Indenture Act if they determine, in good faith based on advice of counsel, that under the terms of that section and/or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including no action letters or exemptive orders, all or any portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Collateral.

Without limiting the generality of the foregoing, certain no action letters issued by the SEC have permitted an indenture qualified under the Trust Indenture Act to contain provisions permitting the release of collateral from Liens under such indenture in the ordinary course of the issuer's business without requiring the issuer to provide certificates and other documents under Section 314(d) of the Trust Indenture Act. The Issuer and the Guarantors may, subject to the provisions of the Indenture, among other things, without any release or consent by the Junior Lien Collateral Agent, conduct ordinary course activities with respect to the Collateral, including, without limitation:

selling or otherwise disposing of, in any transaction or series of related transactions, any property subject to the Lien of the Security Documents that has become worn out, defective, obsolete or not used or useful in the business;

abandoning, terminating, canceling, releasing or making alterations in or substitutions of any leases or contracts subject to the Lien of the Indenture or any of the Security Documents;

surrendering or modifying any franchise, license or permit subject to the Lien of the Security Documents that it may own or under which it may be operating;

altering, repairing, replacing, changing the location or position of and adding to its structures, machinery, systems, equipment, fixtures and appurtenances;

granting a license of any intellectual property;

**Table of Contents**

selling, transferring or otherwise disposing of inventory in the ordinary course of business;

collecting accounts receivable in the ordinary course of business as permitted by the covenant described under Repurchase at the Option of Holders Asset Sales ;

making cash payments (including for the repayment of Indebtedness or interest) from cash that is at any time part of the Collateral in the ordinary course of business that are not otherwise prohibited by the Indenture and the Security Documents; and

abandoning any intellectual property that is no longer used or useful in the Issuer s business.

The Issuer must deliver an Officer s Certificate to the Junior Lien Collateral Agent within 30 calendar days following the end of each six-month period beginning on May 15 and November 15 of each year, to the effect that all such releases and withdrawals during the preceding six-month period in the ordinary course of the Issuer s or the Guarantors business, as described in the preceding paragraph, were not prohibited by the Indenture.

***Shared Receivables Intercreditor Agreement***

In addition, the Junior Lien Collateral Agent, has entered into a joinder to the Shared Receivables Intercreditor Agreement dated as of November 17, 2006 by and among the trustee under the 2006 Notes, the administrative agent under the General Credit Facility and the administrative agent under the ABL Facility (as the same may be amended from time to time, the *Shared Receivables Intercreditor Agreement* ) with respect to the Shared Receivables Collateral. The Shared Receivables Intercreditor Agreement contains provisions with respect to the Shared Receivables Collateral and the relative rights, privileges and obligations relating thereto as between (a) the Junior Lien Collateral Agent, the other Junior Lien Secured Parties, the First Lien Collateral Agent and the First Lien Secured Parties and (b) the collateral agent with respect to the ABL Facility (the *ABL Collateral Agent* ) and the ABL Secured Parties. The Shared Receivables Intercreditor Agreement provides for first-priority Liens in the Shared Receivables Collateral in favor of the ABL Secured Parties, second-priority Liens in the Shared Receivables Collateral in favor of the First Lien Secured Parties and third-priority security interests in the Shared Receivables Collateral in favor of the Junior Lien Secured Parties, in each case, subject to Permitted Liens. The relative rights, privileges and obligations with respect to the Shared Receivables Collateral of the ABL Secured Parties, on the one hand, and the Junior Lien Collateral Agent, the other Junior Lien Secured Parties, the First Lien Collateral Agent and the First Lien Secured Parties, on the other, are substantially identical to the relative rights, privileges and obligations with respect to the Non-Receivables Collateral of the First Lien Secured Parties, on the one hand, and the Junior Lien Secured Parties, on the other, respectively, except that the Liens of the Junior Lien Secured Parties in the Shared Receivables Collateral are third-priority Liens and except to the extent customary or necessary with respect to collateral of the type that constitutes Shared Receivables Collateral.

***Certain Limitations on the Collateral***

The Collateral securing the Notes does not include any of the following assets:

(1) the property or assets owned by any Subsidiary of the Issuer that is not a Guarantor, including each ABL Financing Entity;

(2) any rights or interests of the Issuer or any Guarantor in, to or under any agreement, contract, license, instrument, document or other general intangible (referred to solely for purposes of this clause (2) as a *Contract* ), any intellectual property or any security or other investment property (i) to the extent the security interest in such Collateral is

prohibited by any applicable contract, agreement or other instrument without the consent of any other party thereto (other than a party to the General Credit Facility or the Indenture or, in the case of investment property, a Wholly-Owned Subsidiary), (ii) to the extent the security interest in such Contract would give any other party (other than a party to the General Credit Facility or the Indenture or, in the case of investment property, a Wholly-Owned Subsidiary) to such Collateral the right to terminate its obligations thereunder or (iii) to the extent all necessary consents to such grant of a security interest have not been obtained from the other parties thereto (other than to the

**Table of Contents**

extent that any such prohibition referred to in clauses (i), (ii) and (iii) would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the Uniform Commercial Code (or any successor provision or provisions) of any relevant jurisdiction or any other applicable law); *provided* that this limitation shall not affect, limit, restrict or impair the grant by the Issuer or such Guarantor of a security interest in any account receivable or any money or other amounts due or to become due under any Contract;

(3) any equipment of the Issuer or any Guarantor that is subject to, or secured by, a Capitalized Lease Obligation or Purchase Money Obligations and any equipment that constitutes an asset of an entity acquired in a transaction permitted by the Indenture to the extent that such equipment subject to a Lien permitted by the Indenture and the terms of the Indebtedness secured by such Lien prohibit assignment of, or granting of a security interest in, the Issuer or such Guarantor's rights and interests therein (other than to the extent that any such prohibition would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the Uniform Commercial Code (or any successor provision or provisions) of any relevant jurisdiction or any other applicable law); *provided* that immediately upon the repayment of all Indebtedness secured by such Lien, the Issuer or the Guarantor, as the case may be, shall be deemed to have granted a security interest in all the rights and interests with respect to such equipment;

(4) any Voting Stock that is issued by any Foreign Subsidiary, if and to the extent that the inclusion of such Voting Stock in the Collateral would cause the Collateral pledged by the Issuer or the applicable Guarantor, as the case may be, to include in the aggregate more than 65% of the total combined voting power of all classes of Voting Stock of such Foreign Subsidiary;

(5) any Capital Stock that is issued by a Subsidiary that is not owned directly by the Issuer or a Guarantor;

(6) prior to the Discharge of First Lien Obligations and so long as any First Lien Obligations are outstanding, any Principal Properties;

(7) any Capital Stock and other securities of a Subsidiary (excluding Healthtrust, Inc. The Hospital Company, a Delaware corporation and its successors and assigns) to the extent that the pledge of such Capital Stock and other securities results in the Company's being required to file separate financial statements of such Subsidiary with the SEC, but only to the extent necessary to not be subject to such requirement and only for so long as such requirement is in existence and only with respect to the relevant Notes affected; *provided* that neither the Issuer nor any Subsidiary shall take any action in the form of a reorganization, merger or other restructuring a principal purpose of which is to provide for the release of the Lien on any Capital Stock pursuant to this clause (7). In addition, in the event that Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the SEC to require (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would require) the filing with the SEC (or any other governmental agency) of separate financial statements of any Subsidiary of the Company (excluding Healthtrust, Inc. The Hospital Company, a Delaware corporation and its successors and assigns) due to the fact that such Subsidiary's Capital Stock secures the Notes affected thereby, then the Capital Stock of such Subsidiary will automatically be deemed not to be part of the Collateral securing the relevant Notes affected thereby but only to the extent necessary to not be subject to such requirement and only for so long as required to not be subject to such requirement. In such event, the Security Documents may be amended or modified, without the consent of any holder of such Notes, to the extent necessary to release the security interests in favor of the applicable collateral agents on the shares of Capital Stock that are so deemed to no longer constitute part of the Collateral for the relevant Notes. In the event that Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the SEC to permit (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would permit) such Subsidiary's Capital Stock to secure the Notes in excess of the amount then pledged without the filing with the SEC (or any other governmental agency) of separate financial statements of such Subsidiary, then the Capital Stock of such Subsidiary will automatically be deemed to be a part of the Collateral for the relevant Notes but only to the extent necessary to not be subject to any such financial statement requirement;

- (8) certain non-Principal Properties that do not constitute Non-Receivables Collateral;
- (9) any deposit accounts, other bank or securities accounts or cash of the Issuer or any Guarantor;
- (10) any leaseholds and motor vehicles of the Issuer or any Guarantor;
- (11) any Capital Stock or securities convertible into or exchangeable for Capital Stock (i) if, in the reasonable judgment of the Issuer, the cost or other consequences of pledging such Collateral shall be excessive in view of the benefits to be obtained by the Junior Lien Secured Parties therefrom or (ii) the pledge of such Collateral would result in adverse tax consequences to the Issuer or any of its Subsidiaries as reasonably determined by the Issuer and identified in writing to the Junior Lien Collateral Agent;
- (12) any collateral to the extent the grant of the security interest therein would violate any requirement of law; and
- (13) proceeds and products from any and all of the foregoing excluded collateral described in clauses (1) through (12), unless such proceeds or products would otherwise constitute Collateral securing the Notes.

***Sufficiency of Collateral***

The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of the healthcare industry, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and similar factors. The amount to be received upon a sale of the Collateral would also be dependent on numerous factors, including, but not limited to, the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By their nature, portions of the Collateral may be illiquid and may have no readily ascertainable market value. Accordingly, there can be no assurance that the Collateral can be sold in a short period of time or in an orderly manner. In addition, in the event of a bankruptcy, the ability of the holders to realize upon any of the Collateral may be subject to certain bankruptcy law limitations as described below.

***Certain Bankruptcy Limitations***

The right of the Trustee to repossess and dispose of the Collateral upon the occurrence of an Event of Default would be significantly impaired by any Bankruptcy Law in the event that a bankruptcy case were to be commenced by or against the Company or any Guarantor prior to the Trustee's having repossessed and disposed of the Collateral. Upon the commencement of a case for relief under the Bankruptcy Code, a secured creditor such as the Trustee is prohibited from repossessing its security from a debtor in a bankruptcy case, or from disposing of security without bankruptcy court approval.

In view of the broad equitable powers of a U.S. bankruptcy court, it is impossible to predict how long payments under the Notes could be delayed following commencement of a bankruptcy case, whether or when the Trustee could repossess or dispose of the Collateral, the value of the Collateral at any time during a bankruptcy case or whether or to what extent holders of the Notes would be compensated for any delay in payment or loss of value of the Collateral. The Bankruptcy Code permits only the payment and/or accrual of post-petition interest, costs and attorneys' fees to a secured creditor during a debtor's bankruptcy case to the extent the value of such creditor's interest in the Collateral is determined by the bankruptcy court to exceed the aggregate outstanding principal amount of the obligations secured by the Collateral.

Furthermore, in the event a domestic or foreign bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the Notes, the holders of the Notes would hold secured claims only to the extent of the value of the Collateral to which the holders of the Notes are entitled, and unsecured claims with respect to such

shortfall.

***Paying Agent and Registrar for the Notes***

The Issuer must maintain one or more paying agents for the Notes in the Borough of Manhattan, City of New York or Atlanta, Georgia. The initial paying agent for the Notes is the Trustee.

## **Table of Contents**

The Issuer must also maintain a registrar with offices in the Borough of Manhattan, City of New York or Atlanta, Georgia. The initial registrar is the Trustee. The registrar maintains a register reflecting ownership of the Notes outstanding from time to time and makes payments on and facilitates transfer of Notes on behalf of the Issuer.

The Issuer may change the paying agents or the registrars without prior notice to the Holders. The Issuer or any of its Subsidiaries may act as a paying agent or registrar.

## **Transfer and Exchange**

A Holder may transfer or exchange Notes in accordance with the Indenture. The registrar and the Trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. The Issuer is not required to transfer or exchange any Note selected for redemption. Also, the Issuer is not required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed.

## **Principal, Maturity and Interest**

The Issuer issued \$310.0 million in aggregate principal amount of Notes in a private transaction that was not subject to the registration requirements of the Securities Act. The Notes will mature on February 15, 2017. Subject to compliance with the covenant described below under the caption *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*, the Issuer may issue additional Notes, from time to time under the Indenture (any such Notes, *Additional Notes*). Except as described under *Amendment, Supplement and Waiver*, the Notes offered by the Issuer and any Additional Notes subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, references to *Notes* for all purposes of the Indenture and this *Description of the February 2009 Notes* include any Additional Notes that are actually issued.

Interest on the Notes accrues at the rate of 97/8% per annum and is payable semi-annually in arrears on February 15 and August 15, commencing August 15, 2009, to the Holders of record on the immediately preceding February 1 and August 1. Interest on the Notes accrues from the most recent date to which interest has been paid or, if no interest has been paid, from and including the Issue Date. Interest on the Notes will be computed on the basis of a 360-day year comprised of twelve 30-day months.

## ***Additional Interest***

Additional Interest may accrue on the Notes in certain circumstances pursuant to the Registration Rights Agreement. All references in the Indenture, in any context, to any interest or other amount payable on or with respect to the Notes shall be deemed to include any Additional Interest pursuant to the Registration Rights Agreement. Principal of, premium, if any, and interest on the Notes will be payable at the office or agency of the Issuer maintained for such purpose within the City and State of New York or, at the option of the Issuer, payment of interest may be made by check mailed to the Holders of the Notes at their respective addresses set forth in the register of Holders; *provided* that all payments of principal, premium, if any, and interest with respect to the Notes represented by one or more global notes registered in the name of or held by DTC or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof. Until otherwise designated by the Issuer, the Issuer's office or agency in New York is the office of the Trustee maintained for such purpose.

## **Mandatory Redemption; Offers to Purchase; Open Market Purchases**

The Issuer is not required to make any mandatory redemption or sinking fund payments with respect to the Notes. However, under certain circumstances, the Issuer may be required to offer to purchase Notes as described under the caption Repurchase at the Option of Holders. The Issuer may at any time and from time to time purchase Notes in the open market or otherwise.

**Table of Contents****Optional Redemption**

Except as set forth below, the Issuer is not entitled to redeem Notes at its option prior to February 15, 2013.

At any time prior to February 15, 2013, the Issuer may redeem all or a part of the Notes, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and Additional Interest, if any, to the date of redemption (the *Redemption Date*), subject to the rights of Holders of Notes on the relevant record date to receive interest due on the relevant interest payment date.

On and after February 15, 2013, the Issuer may redeem the Notes, in whole or in part, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at the redemption prices (expressed as percentages of principal amount of the Notes to be redeemed) set forth below, plus accrued and unpaid interest thereon and Additional Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on February 15 of each of the years indicated below:

<b>Year</b>	<b>Percentage</b>
2013	104.938%
2014	102.469%
2015 and thereafter	100.000%

In addition, until February 15, 2012, the Issuer may, at its option, on one or more occasions redeem up to 35% of the aggregate principal amount of Notes at a redemption price equal to 109.875% of the aggregate principal amount thereof, plus accrued and unpaid interest thereon and Additional Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, with the net cash proceeds of one or more Equity Offerings; *provided* that at least 50% of the sum of the original aggregate principal amount of Notes issued under the Indenture and the original principal amount of any Additional Notes that are Notes issued under the Indenture after the Issue Date remains outstanding immediately after the occurrence of each such redemption; *provided further* that each such redemption occurs within 90 days of the date of closing of each such Equity Offering.

Any notice of any redemption may be given prior to the redemption thereof, and any such redemption or notice may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of an Equity Offering or other corporate transaction.

If the Issuer redeems less than all of the outstanding Notes, the Trustee shall select the Notes to be redeemed in the manner described under *Repurchase at the Option of Holders - Selection and Notice*.

**Repurchase at the Option of Holders*****Change of Control***

The Notes provide that if a Change of Control occurs, unless the Issuer has previously or concurrently mailed a redemption notice with respect to all the outstanding Notes as described under *Optional Redemption*, the Issuer will

make an offer to purchase all of the Notes pursuant to the offer described below (the *Change of Control Offer* ) at a price in cash (the *Change of Control Payment* ) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest and Additional Interest, if any, to the date of purchase, subject to the right of Holders of the Notes of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will send notice of such Change of Control Offer by first-class mail, with a copy to the Trustee, to each

**Table of Contents**

Holder of Notes to the address of such Holder appearing in the security register with a copy to the Trustee or otherwise in accordance with the procedures of DTC, with the following information:

- (1) that a Change of Control Offer is being made pursuant to the covenant entitled *Change of Control* and that all Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;
- (2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the *Change of Control Payment Date* );
- (3) that any Note not properly tendered will remain outstanding and continue to accrue interest;
- (4) that unless the Issuer defaults in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;
- (5) that Holders electing to have any Notes purchased pursuant to a Change of Control Offer will be required to surrender such Notes, with the form entitled *Option of Holder to Elect Purchase* on the reverse of such Notes completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;
- (6) that Holders will be entitled to withdraw their tendered Notes and their election to require the Issuer to purchase such Notes; *provided* that the paying agent receives, not later than the close of business on the 30th day following the date of the Change of Control notice, a telegram, facsimile transmission or letter setting forth the name of the Holder of the Notes, the principal amount of Notes tendered for purchase, and a statement that such Holder is withdrawing its tendered Notes and its election to have such Notes purchased;
- (7) that if the Issuer is redeeming less than all of the Notes, the Holders of the remaining Notes will be issued new Notes and such new Notes will be equal in principal amount to the unpurchased portion of the Notes surrendered. The unpurchased portion of the Notes must be equal to \$2,000 or an integral multiple of \$1,000 in excess thereof; and
- (8) the other instructions, as determined by us, consistent with the covenant described hereunder, that a Holder must follow.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law,

- (1) accept for payment all Notes issued by it or portions thereof properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all Notes or portions thereof so tendered; and
- (3) deliver, or cause to be delivered, to the Trustee for cancellation the Notes so accepted together with an Officer's Certificate to the Trustee stating that such Notes or portions thereof have been tendered to and purchased by the Issuer.

The Senior Credit Facilities will, and future credit agreements or other agreements relating to Senior Indebtedness to which the Issuer becomes a party may, provide that certain change of control events with respect to the Issuer would constitute a default thereunder (including a Change of Control under the Indenture). If we experience a change of control that triggers a default under our Senior Credit Facilities, we

## **Table of Contents**

could seek a waiver of such default or seek to refinance our Senior Credit Facilities. In the event we do not obtain such a waiver or refinance the Senior Credit Facilities, such default could result in amounts outstanding under our Senior Credit Facilities being declared due and payable and could cause a Receivables Facility to be wound down.

Our ability to pay cash to the Holders of Notes following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

The Change of Control purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Initial Purchasers and us. After the Issue Date, we have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenants described under *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock* and *Certain Covenants Liens*. Such restrictions in the Indenture can be waived only with the consent of the Holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture will not contain any covenants or provisions that may afford Holders of the Notes protection in the event of a highly leveraged transaction.

The Issuer will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by us and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The definition of *Change of Control* includes a disposition of all or substantially all of the assets of the Issuer to any Person. Although there is a limited body of case law interpreting the phrase *substantially all*, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of *all or substantially all* of the assets of the Issuer. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of Notes may require the Issuer to make an offer to repurchase the Notes as described above.

The provisions under the Indenture relating to the Issuer's obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the Notes.

## ***Asset Sales***

The Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to consummate, directly or indirectly, an Asset Sale, unless:

(1) the Issuer or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by the Issuer) of the assets sold or otherwise disposed of; and

**Table of Contents**

(2) except in the case of a Permitted Asset Swap, at least 75% of the consideration therefor received by the Issuer or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; *provided* that the amount of:

(a) any liabilities (as shown on the Issuer's or such Restricted Subsidiary's most recent balance sheet or in the footnotes thereto) of the Issuer or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the Notes, that are assumed by the transferee of any such assets and for which the Issuer and all of its Restricted Subsidiaries have been validly released by all creditors in writing,

(b) any securities received by the Issuer or such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale, and

(c) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed 5% of Total Assets at the time of the receipt of such Designated Non-cash Consideration, with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value,

shall be deemed to be cash for purposes of this provision and for no other purpose.

Within 450 days after the receipt of any Net Proceeds of any Asset Sale, the Issuer or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale,

(1) to permanently reduce:

(a) Obligations under Priority Lien Obligations and to correspondingly reduce commitments with respect thereto;

(b) Obligations under Senior Indebtedness (other than any Junior Lien Obligation) that is secured by a Lien permitted under the Indenture (which Lien is senior to the Lien of the Notes with respect to the Collateral), and to correspondingly reduce commitments with respect thereto;

(c) Obligations under Junior Lien Obligations (and to correspondingly reduce commitments with respect thereto) through open-market purchases (to the extent such purchases are at or above 100% of the principal amount thereof) or by making an Asset Sale Offer or a Collateral Asset Sale Offer in accordance with the procedures set forth below; *provided* that the Issuer shall equally and ratably reduce Obligations under the Notes as provided under *Optional Redemption*, through open-market purchases or otherwise by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer or a Collateral Asset Sale Offer) to all Holders to purchase their Notes at 100% of the principal amount thereof, plus the amount of accrued but unpaid interest, if any, on the amount of the Notes that would otherwise be prepaid;

(d) Obligations under the Existing Notes which have a final maturity date (as in effect on the Issue Date) on or prior to November 15, 2016; *provided* that, at the time of, and after giving effect to, such repurchase, redemption or defeasance, the aggregate amount of Net Proceeds used to repurchase, redeem or defease Existing Notes pursuant to this subclause (d) following the Issue Date shall not exceed 5% of the consolidated total assets of the Issuer and its subsidiaries at such time; or

(e) Indebtedness of a Restricted Subsidiary that is not a Guarantor, other than Indebtedness owed to the Issuer or another Restricted Subsidiary (or any affiliate thereof);

(2) to make (a) an Investment in any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) capital expenditures or (c) acquisitions of other assets, in each of (a), (b) and (c), used or useful in a Similar Business; or

**Table of Contents**

(3) to make an investment in (a) any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) properties or (c) acquisitions of other assets that, in each of (a), (b) and (c), replace the businesses, properties and/or assets that are the subject of such Asset Sale;

*provided* that, in the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as the Issuer, or such other Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within 180 days of such commitment (an *Acceptable Commitment* ) and, in the event any Acceptable Commitment is later cancelled or terminated for any reason before the Net Proceeds are applied in connection therewith, the Issuer or such Restricted Subsidiary enters into another Acceptable Commitment (a *Second Commitment* ) within 180 days of such cancellation or termination; *provided, further*, that if any Second Commitment is later cancelled or terminated for any reason before such Net Proceeds are applied, then such Net Proceeds shall constitute Excess Proceeds.

Any Net Proceeds from Asset Sales of Collateral that are not invested or applied as set forth in the first sentence of the preceding paragraph will be deemed to constitute *Collateral Excess Proceeds*. When the aggregate amount of Collateral Excess Proceeds exceeds \$200.0 million, the Issuer shall make an offer to all Holders of the Notes and, if required by the terms of any Junior Lien Obligations, including the 2006 Notes, which are not subordinated to the Notes or Obligations secured by a Lien permitted under the Indenture (which Lien is not subordinate to the Lien of the Notes with respect to the Collateral), to the holders of such Junior Lien Obligations or such other Obligations (a *Collateral Asset Sale Offer* ), to purchase the maximum aggregate principal amount of the Notes and such Junior Lien Obligations or such other Obligations that is a minimum of \$2,000 or an integral multiple of \$1,000 in excess thereof that may be purchased out of the Collateral Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Indenture. The Issuer will commence a Collateral Asset Sale Offer with respect to Collateral Excess Proceeds within ten Business Days after the date that Collateral Excess Proceeds exceed \$200.0 million by mailing the notice required pursuant to the terms of the Indenture, with a copy to the Trustee.

Any Net Proceeds from Asset Sales of non-Collateral that are not invested or applied as provided and within the time period set forth in the first sentence of the second preceding paragraph will be deemed to constitute *Excess Proceeds*. When the aggregate amount of Excess Proceeds exceeds \$200.0 million, the Issuer shall make an offer to all Holders of the Notes and, if required or permitted by the terms of any Senior Indebtedness, to the holders of such Senior Indebtedness (an *Asset Sale Offer* ), to purchase the maximum aggregate principal amount of the Notes and such Senior Indebtedness that is a minimum of \$2,000 or an integral multiple of \$1,000 in excess thereof that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Indenture. The Issuer will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$200.0 million by mailing the notice required pursuant to the terms of the Indenture, with a copy to the Trustee.

To the extent that the aggregate amount of Notes and such Junior Lien Obligations or Obligations secured by a Lien permitted by the Indenture (which Lien is not subordinate to the Lien of the Notes with respect to the Collateral) tendered pursuant to a Collateral Asset Sale Offer is less than the Collateral Excess Proceeds, the Issuer may use any remaining Collateral Excess Proceeds for general corporate purposes, subject to other covenants contained in the Indenture. To the extent that the aggregate amount of Notes and such Senior Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuer may use any remaining Excess Proceeds for general

corporate purposes, subject to other covenants contained in the Indenture. If the aggregate principal amount of Notes or Junior Lien Obligations or such other Obligations surrendered by such holders thereof exceeds the amount of Collateral Excess Proceeds, the Trustee shall select the Notes and such Junior Lien Obligations or such other Obligations to be purchased on a pro rata basis

## **Table of Contents**

based on the accreted value or principal amount of the Notes or such Junior Lien Obligations or such other Obligations tendered. If the aggregate principal amount of Notes or the Senior Indebtedness surrendered by such holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and such Senior Indebtedness to be purchased on a pro rata basis based on the accreted value or principal amount of the Notes or such Senior Indebtedness tendered. Upon completion of any such Collateral Asset Sale Offer or Asset Sale Offer, the amount of Collateral Excess Proceeds or Excess Proceeds, as the case may be, shall be reset at zero. Additionally, the Issuer may, at its option, make a Collateral Asset Sale Offer or an Asset Sale Offer using proceeds from any Asset Sale at any time after consummation of such Asset Sale; *provided* that such Collateral Asset Sale Offer or Asset Sale Offer shall be in an aggregate amount of not less than \$50.0 million. Upon consummation of such Collateral Asset Sale Offer or Asset Sale Offer, any Net Proceeds not required to be used to purchase Notes shall not be deemed Excess Proceeds.

Pending the final application of any Net Proceeds pursuant to this covenant, the holder of such Net Proceeds may apply such Net Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner not prohibited by the Indenture.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the Notes pursuant to a Collateral Asset Sale Offer or an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

## ***Selection and Notice***

If the Issuer is redeeming less than all of the Notes issued by it at any time, the Trustee will select the Notes to be redeemed (a) if the Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Notes are listed, (b) on a pro rata basis to the extent practicable or (c) by lot or such other similar method in accordance with the procedures of DTC.

Notices of purchase or redemption shall be mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the purchase or Redemption Date to each Holder of Notes at such Holder's registered address or otherwise in accordance with the procedures of DTC, except that redemption notices may be mailed more than 60 days prior to a Redemption Date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. If any Note is to be purchased or redeemed in part only, any notice of purchase or redemption that relates to such Note shall state the portion of the principal amount thereof that has been or is to be purchased or redeemed.

The Issuer will issue a new Note in a principal amount equal to the unredeemed portion of the original Note in the name of the Holder upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the Redemption Date, interest ceases to accrue on Notes or portions thereof called for redemption.

## **Certain Covenants**

Set forth below are summaries of certain covenants contained in the Indenture. If on any date following the Issue Date (i) the Notes have Investment Grade Ratings from both Rating Agencies, and (ii) no Default has occurred and is continuing under the Indenture (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a *Covenant Suspension Event*), the Issuer and the Restricted Subsidiaries will not be subject

to the following covenants (collectively, the *Suspended Covenants* ):

- (1) Repurchase at the Option of Holders ;
- (2) Limitation on Restricted Payments ;

**Table of Contents**

- (3) Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ;
- (4) clause (4) of the first paragraph of Merger, Consolidation or Sale of All or Substantially All Assets ;
- (5) Transactions with Affiliates ; and
- (6) Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries.

In the event that the Issuer and the Restricted Subsidiaries are not subject to the Suspended Covenants under the Indenture for any period of time as a result of the foregoing, and on any subsequent date (the *Reversion Date* ) one or both of the Rating Agencies (a) withdraw their Investment Grade Rating or downgrade the rating assigned to the Notes below an Investment Grade Rating and/or (b) the Issuer or any of its Affiliates enters into an agreement to effect a transaction that would result in a Change of Control and one or more of the Rating Agencies indicate that if consummated, such transaction (alone or together with any related recapitalization or refinancing transactions) would cause such Rating Agency to withdraw its Investment Grade Rating or downgrade the ratings assigned to the Notes below an Investment Grade Rating, then the Issuer and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the Indenture with respect to future events, including, without limitation, a proposed transaction described in clause (b) above.

The period of time between the Suspension Date and the Reversion Date is referred to in this description as the *Suspension Period*. Additionally, upon the occurrence of a Covenant Suspension Event, the amount of Excess Proceeds from Net Proceeds shall be reset at zero. In the event of any such reinstatement, no action taken or omitted to be taken by the Issuer or any of its Restricted Subsidiaries prior to such reinstatement will give rise to a Default or Event of Default under the Indentures with respect to Notes; *provided* that (1) with respect to Restricted Payments made after any such reinstatement, the amount of Restricted Payments made will be calculated as though the covenant described under the caption Limitation on Restricted Payments had been in effect prior to, but not during the Suspension Period, *provided* that any Subsidiaries designated as Unrestricted Subsidiaries during the Suspension Period shall automatically become Restricted Subsidiaries on the Reversion Date (subject to the Issuer's right to subsequently designate them as Unrestricted Subsidiaries in compliance with the covenants set out below), and (2) all Indebtedness incurred, or Disqualified Stock or Preferred Stock issued, during the Suspension Period will be classified to have been incurred or issued pursuant to clause (3) of the second paragraph of Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock.

There can be no assurance that the Notes will ever achieve or maintain Investment Grade Ratings.

***Limitation on Restricted Payments***

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(I) declare or pay any dividend or make any payment or distribution on account of the Issuer's, or any of its Restricted Subsidiaries' Equity Interests, including any dividend or distribution payable in connection with any merger or consolidation other than:

(a) dividends or distributions by the Issuer payable solely in Equity Interests (other than Disqualified Stock) of the Issuer; or

(b) dividends or distributions by a Restricted Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Restricted Subsidiary other than a Wholly-Owned Subsidiary, the Issuer or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution in

accordance with its Equity Interests in such class or series of securities;

(21) Indebtedness consisting of Indebtedness issued by the Issuer or any of its Restricted Subsidiaries to current or former officers, directors and employees thereof, their respective estates, spouses or former spouses, in each case to finance the purchase or redemption of Equity Interests of the Issuer or any direct or indirect parent company of the Issuer to the extent described in clause (4) of the second paragraph under the caption Limitation on Restricted Payments ;

For purposes of determining compliance with this covenant:

(1) in the event that an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of more than one of the categories of permitted Indebtedness, Disqualified Stock or Preferred Stock described in clauses (1) through (23) above or is entitled to be incurred pursuant

**Table of Contents**

to the first paragraph of this covenant, the Issuer, in its sole discretion, will classify or reclassify such item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) and will only be required to include the amount and type of such Indebtedness, Disqualified Stock or Preferred Stock in one of the above clauses; *provided* that all Indebtedness outstanding under the Credit Facilities on November 17, 2006 will be treated as incurred on November 17, 2006 under clause (1) of the preceding paragraph; and

(2) at the time of incurrence, the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described in the first and second paragraphs above.

Accrual of interest, the accretion of accreted value and the payment of interest in the form of additional Indebtedness, Disqualified Stock or Preferred Stock will not be deemed to be an incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided* that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced.

The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

The Indenture will provide that the Issuer will not, and will not permit any Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) that is subordinated or junior in right of payment to any Indebtedness of the Issuer or such Guarantor, as the case may be, unless such Indebtedness is expressly subordinated in right of payment to the Notes or such Guarantor's Guarantee to the extent and in the same manner as such Indebtedness is subordinated to other Indebtedness of the Issuer or such Guarantor, as the case may be.

The Indenture will not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (2) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

***Limitation on Prepayment or Modification of Existing Notes***

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly purchase, redeem, defease or otherwise acquire or retire for value any of the Existing Notes prior to the final maturity date thereof (as in effect on November 17, 2006); *provided* that the Issuer may:

(1) purchase, redeem, defease or otherwise acquire or retire for value any of the Existing Notes which have a final maturity date (as in effect on November 17, 2006) on or prior to December 31, 2011; and

(2) purchase, redeem, defease or otherwise acquire or retire for value any other Existing Notes which have a final maturity date (as in effect on November 17, 2006) on or prior to November 15, 2016; *provided* that, in the case of any such prepayment funded with the proceeds of the issuance of Secured Indebtedness, at the time of incurrence and after

giving pro forma effect thereto and to the application of the proceeds thereof, (x) the Consolidated Secured Debt Ratio would be no greater than 5.25 to 1.0 and (y) the Consolidated Leverage Ratio would be no greater than 7.0 to 1.0.

## **Table of Contents**

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, amend the Existing Notes Indenture, or any supplemental indenture in respect thereof, in any way to advance the final maturity date or shorten the Weighted Average Life to Maturity of any series of the Existing Notes such that any Existing Notes with a maturity date following the maturity of the Notes would have a maturity date on or prior to the date one year following the maturity date of the 9 1/4% 2006 Notes or which would prohibit the making of the Guarantees or the creation of Liens in favor of the Notes and the Guarantees on the Collateral.

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, designate any additional subsidiaries as Restricted Subsidiaries (as defined in the Existing Notes Indenture) for purposes of the Existing Notes Indenture.

### ***Liens***

The Issuer will not, and will not permit any Guarantor to, directly or indirectly, create, incur, assume or suffer to exist any Lien (except Permitted Liens) that secures obligations under any Indebtedness or any related Guarantee, on any asset or property of the Issuer or any Guarantor, or any income or profits therefrom, or assign or convey any right to receive income therefrom, unless:

(1) in the case of Liens securing Subordinated Indebtedness, the Notes and related Guarantees are secured by a Lien on such property, assets or proceeds that is senior in priority to such Liens; or

(2) in all other cases, the Notes or the Guarantees are equally and ratably secured or are secured by a Lien on such property, assets or proceeds that is senior in priority to such Liens;

except that the foregoing shall not apply to (a) Liens securing the Notes and the related Guarantees, (b) Liens securing Indebtedness permitted to be incurred under Credit Facilities, including any letter of credit relating thereto, that was permitted by the terms of the Indenture to be incurred pursuant to clause (1) of the second paragraph under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ; *provided that*, with respect to Liens securing Obligations permitted under this subclause (b), the Notes and the related Guarantees are secured by Liens on the assets subject to such Liens (except any European Collateral) to the extent, with the priority and subject to intercreditor arrangements, in each case no less favorable to the holders of the Notes than those described under Security above and (c) Liens which are senior in priority to the Liens securing the Notes and related Guarantees and are incurred to secure Obligations in respect of any Indebtedness permitted to be incurred pursuant to the covenant described above under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ; *provided that*, with respect to Liens securing Obligations permitted under this subclause (c), (i) at the time of incurrence and after giving pro forma effect thereto, the ratio of (1) the aggregate amount of Indebtedness subject to a Lien incurred pursuant to subclause (b) above, this subclause (c) and clause (6) of the definition of Permitted Liens (other than Liens securing Indebtedness incurred pursuant to clauses (4) and (18) of the covenant described above under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ) to (2) the Issuer's EBITDA for the most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such event for which such calculation is being made shall occur, in each case with such pro forma adjustments to Indebtedness and EBITDA as are appropriate and consistent with the pro forma adjustment provisions set forth in the definition of Fixed Charge Coverage Ratio would be no greater than 4.25 to 1.0 and (ii) the Notes and the Guarantees are secured by Liens with the priority and subject to intercreditor arrangements no less favorable to the holders of the Notes than those described under Security above.

(3) promptly from time to time after the occurrence of an event required to be therein reported, such other reports on Form 8-K, or any successor or comparable form; and

(4) any other information, documents and other reports which the Issuer would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act;

in each case in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to prospective purchasers of Notes, in addition to providing such information to the Trustee and the Holders of the Notes, in each case within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act. In addition, to the extent not satisfied by the foregoing, the Issuer will agree that, for so long as any Notes are outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

In the event that any direct or indirect parent company of the Issuer becomes a Guarantor of the Notes, the Indenture will permit the Issuer to satisfy its obligations in this covenant with respect to financial information relating to the Issuer by furnishing financial information relating to such parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such parent, on the one hand, and the information relating to the Issuer and its Restricted Subsidiaries on a standalone basis, on the other hand.

Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the exchange offer or the effectiveness of the shelf registration statement described in the Registration Rights Agreement (1) by the filing with the SEC of the exchange offer registration statement or shelf registration statement (or any other similar registration statement), and any amendments thereto, with such financial information that satisfies Regulation S-X, subject to exceptions consistent with the presentation of financial information in the Offering Memorandum, to the extent filed within the times specified above, or (2) by posting reports that would be required to be filed substantially in the form required by the SEC on the Company's website (or that of any of its parent companies) or providing such reports to the Trustee within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act, the financial information (including a Management's Discussion and Analysis of Financial Condition and Results of Operations section) that would be required to be included in such reports, subject to exceptions consistent with the presentation of financial information in the Offering Memorandum, to the extent filed within the times specified above.

## **Events of Default and Remedies**

The Indenture provides that each of the following is an *Event of Default* :

(1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the Notes;

200

---

**Table of Contents**

(2) default for 30 days or more in the payment when due of interest or Additional Interest on or with respect to the Notes;

(3) failure by the Issuer or any Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of not less 30% in principal amount of the Notes to comply with any of its obligations, covenants or agreements (other than a default referred to in clauses (1) and (2) above) contained in the Indenture or the Notes;

(4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuer or any of its Restricted Subsidiaries or the payment of which is guaranteed by the Issuer or any of its Restricted Subsidiaries, other than Indebtedness owed to the Issuer or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the Notes, if both:

(a) such default either results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity; and

(b) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$200.0 million or more at any one time outstanding;

(5) failure by the Issuer or any Significant Subsidiary to pay final judgments aggregating in excess of \$200.0 million, which final judgments remain unpaid, undischarged and unstayed for a period of more than 60 days after such judgment becomes final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;

(6) certain events of bankruptcy or insolvency with respect to the Issuer or any Significant Subsidiary;

(7) the Guarantee of any Significant Subsidiary shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant Subsidiary, as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the Indenture or the release of any such Guarantee in accordance with the Indenture; or

(8) with respect to any Collateral having a fair market value in excess of \$200 million, individually or in the aggregate, (a) the security interest under the Security Documents, at any time, ceases to be in full force and effect for any reason other than in accordance with the terms of the Indenture, the Security Documents and the Intercreditor Agreements, (b) any security interest created thereunder or under the Indenture is declared invalid or unenforceable by a court of competent jurisdiction or (c) the Issuer or any Guarantor asserts, in any pleading in any court of competent jurisdiction, that any such security interest is invalid or unenforceable.

If any Event of Default (other than of a type specified in clause (6) above) occurs and is continuing under the Indenture, the Trustee or the Holders of at least 30% in principal amount of the then total outstanding Notes may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding Notes to be due and payable immediately.

Upon the effectiveness of such declaration, such principal and interest will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section, all outstanding Notes will become due and payable without further action or notice. The Indenture will

provide that the Trustee may withhold from the Holders notice of any continuing Default, except a Default relating to the payment of principal, premium, if any, or interest, if it determines that

**Table of Contents**

withholding notice is in their interest. In addition, the Trustee shall have no obligation to accelerate the Notes if in the best judgment of the Trustee acceleration is not in the best interest of the Holders of the Notes.

The Indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding Notes by notice to the Trustee may on behalf of the Holders of all of the Notes waive any existing Default and its consequences under the Indenture except a continuing Default in the payment of interest on, premium, if any, or the principal of any Note held by a non-consenting Holder. In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of the Notes) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose:

- (1) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged; or
- (2) holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default; or
- (3) the default that is the basis for such Event of Default has been cured.

Subject to the provisions of the Indenture relating to the duties of the Trustee thereunder, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the Holders of the Notes unless the Holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no Holder of a Note may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 30% in principal amount of the total outstanding Notes have requested the Trustee to pursue the remedy;
- (3) Holders of the Notes have offered the Trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) Holders of a majority in principal amount of the total outstanding Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, under the Indenture the Holders of a majority in principal amount of the total outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a Note or that would involve the Trustee in personal liability.

The Indenture provides that the Issuer is required to deliver to the Trustee annually a statement regarding compliance with the Indenture, and the Issuer is required, within five Business Days, upon becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

**No Personal Liability of Directors, Officers, Employees and Stockholders**

No director, officer, employee, incorporator or stockholder of the Issuer or any Guarantor or any of their parent companies (other than the Issuer and the Guarantors) shall have any liability for any obligations of the Issuer or the Guarantors under the Notes, the Guarantees or the Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting the Notes waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver

## **Table of Contents**

may not be effective to waive liabilities under the federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

### **Legal Defeasance and Covenant Defeasance**

The obligations of the Issuer and the Guarantors under the Indenture will terminate (other than certain obligations) and will be released upon payment in full of all of the Notes. The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the Notes and have the Issuer's and each Guarantor's obligation discharged with respect to its Guarantee ( *Legal Defeasance* ) and cure all then existing Events of Default except for:

- (1) the rights of Holders of Notes to receive payments in respect of the principal of, premium, if any, and interest on the Notes when such payments are due solely out of the trust created pursuant to the Indenture;
- (2) the Issuer's obligations with respect to Notes concerning issuing temporary Notes, registration of such Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the Indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to certain covenants that are described in the Indenture ( *Covenant Defeasance* ) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Issuer) described under *Events of Default and Remedies* will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the Notes:

- (1) the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the Notes, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest due on the Notes on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest on such Notes, and the Issuer must specify whether such Notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions,
  - (a) the Issuer has received from, or there has been published by, the United States Internal Revenue Service a ruling, or
  - (b) since the issuance of the Notes, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, subject to customary assumptions and exclusions, the Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes, as applicable, as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the

same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and

## **Table of Contents**

exclusions, the Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to such tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the Senior Credit Facilities or any other material agreement or instrument (other than the Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

(6) the Issuer shall have delivered to the Trustee an Opinion of Counsel to the effect that, as of the date of such opinion and subject to customary assumptions and exclusions following the deposit, the trust funds will not be subject to the effect of Section 547 of Title 11 of the United States Code;

(7) the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuer or any Guarantor or others; and

(8) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

## **Satisfaction and Discharge**

The Indenture will be discharged and will cease to be of further effect as to all Notes, when either:

(1) all Notes theretofore authenticated and delivered, except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust, have been delivered to the Trustee for cancellation; or

(2) (a) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or may be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer, and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders of the Notes, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on the Notes not theretofore delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(b) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) with respect to the Indenture or the Notes shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit, and such deposit will not result in a breach or violation of, or constitute a default under, the Senior Credit Facilities or any other material agreement or instrument (other than the Indenture) to which

the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

**Table of Contents**

(c) the Issuer has paid or caused to be paid all sums payable by it under the Indenture; and

(d) the Issuer has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

**Amendment, Supplement and Waiver**

Except as provided in the next two succeeding paragraphs, the Indenture, any Guarantee, any Security Document and the Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding, including consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes, and any existing Default or compliance with any provision of the Indenture, the Notes issued thereunder, any Guarantee or the Security Documents may be waived with the consent of the Holders of a majority in principal amount of the then outstanding Notes, other than Notes beneficially owned by the Issuer or its Affiliates (including consents obtained in connection with a purchase of or tender offer or exchange offer for the Notes).

The Indenture provides that, without the consent of each affected Holder of Notes, an amendment or waiver may not, with respect to any Notes held by a non-consenting Holder:

- (1) reduce the principal amount of such Notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed final maturity of any such Note or alter or waive the provisions with respect to the redemption of such Notes (other than provisions relating to the covenants described above under the caption "Repurchase at the Option of Holders");
- (3) reduce the rate of or change the time for payment of interest on any Note;
- (4) waive a Default in the payment of principal of or premium, if any, or interest on the Notes, except a rescission of acceleration of the Notes by the Holders of at least a majority in aggregate principal amount of the Notes and a waiver of the payment default that resulted from such acceleration, or in respect of a covenant or provision contained in the Indenture or any Guarantee which cannot be amended or modified without the consent of all Holders;
- (5) make any Note payable in money other than that stated therein;
- (6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of Holders to receive payments of principal of or premium, if any, or interest on the Notes;
- (7) make any change in these amendment and waiver provisions;
- (8) impair the right of any Holder to receive payment of principal of, or interest on such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's Notes;
- (9) make any change to or modify the ranking of the Notes or the subordination of the Liens with respect to the Notes that would adversely affect the Holders; or

(10) except as expressly permitted by the Indenture, modify the Guarantees of any Significant Subsidiary in any manner adverse to the Holders of the Notes.

In addition, without the consent of at least 75% in aggregate principal amount of Notes then outstanding, an amendment, supplement or waiver may not:

(1) modify any Security Document or the provisions of the Indenture dealing with the Security Documents or application of trust moneys, or otherwise release any Collateral, in any manner materially adverse to the Holders other than in accordance with the Indenture, the Security Documents and the Intercreditor Agreements; or

**Table of Contents**

(2) modify any Intercreditor Agreement in any manner materially adverse to the Holders other than in accordance with the Indenture, the Security Documents and the Intercreditor Agreements.

Notwithstanding the foregoing, the Issuer, any Guarantor (with respect to a Guarantee or the Indenture to which it is a party) and the Trustee may amend or supplement the Indenture, any Security Document and any Guarantee or Notes without the consent of any Holder;

(1) to cure any ambiguity, omission, mistake, defect or inconsistency;

(2) to provide for uncertificated Notes of such series in addition to or in place of certificated Notes;

(3) to comply with the covenant relating to mergers, consolidations and sales of assets;

(4) to provide for the assumption of the Issuer's or any Guarantor's obligations to the Holders;

(5) to make any change that would provide any additional rights or benefits to the Holders or that does not adversely affect the legal rights under the Indenture of any such Holder;

(6) to add covenants for the benefit of the Holders or to surrender any right or power conferred upon the Issuer or any Guarantor;

(7) to comply with requirements of the SEC in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act;

(8) to evidence and provide for the acceptance and appointment under the Indenture of a successor Trustee thereunder pursuant to the requirements thereof;

(9) to provide for the issuance of Exchange Notes or private exchange notes, which are identical to Exchange Notes except that they are not freely transferable;

(10) to add a Guarantor under the Indenture;

(11) to conform the text of the Indenture, Security Documents, Guarantees or the Notes to any provision of the Description of Notes section of the Offering Memorandum to the extent that such provision in such Description of Notes section was intended to be a verbatim recitation of a provision of the Indenture, Security Documents, Guarantee or Notes;

(12) to make any amendment to the provisions of the Indenture relating to the transfer and legending of Notes as permitted by the Indenture, including, without limitation to facilitate the issuance and administration of the Notes; *provided, however*, that (i) compliance with the Indenture as so amended would not result in Notes being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of Holders to transfer Notes;

(13) to mortgage, pledge, hypothecate or grant any other Lien in favor of the Trustee for the benefit of the Holders of the Notes, as additional security for the payment and performance of all or any portion of the Obligations, in any property or assets, including any which are required to be mortgaged, pledged or hypothecated, or in which a Lien is required to be granted to or for the benefit of the Trustee or the Collateral Agent pursuant to the Indenture, any of the Security Documents or otherwise; or

(14) to release Collateral from the Lien of the Indenture and the Security Documents when permitted or required by the Security Documents or the Indenture.

The consent of the Holders is not necessary under the Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

Notices given by publication will be deemed given on the first date on which publication is made and notices given by first-class mail, postage prepaid, will be deemed given five calendar days after mailing.

## **Table of Contents**

### **Concerning the Trustee**

The Indenture contains certain limitations on the rights of the Trustee thereunder, should it become a creditor of the Issuer, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee is permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Indenture provides that the Holders of a majority in principal amount of the outstanding Notes have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The Indenture provides that in case an Event of Default shall occur (which shall not be cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any Holder of the Notes, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Subsidiary or was merged with or into the Issuer or any of its Restricted Subsidiaries since the beginning of such period shall have made any Investment, acquisition, disposition, merger, consolidation or disposed operation that would have required adjustment pursuant to this definition, then the Fixed Charge Coverage Ratio shall be calculated giving pro forma effect thereto for such period as if such Investment, acquisition, disposition, merger, consolidation or disposed operation had occurred at the beginning of the applicable four-quarter period.

For purposes of this definition, whenever pro forma effect is to be given to a transaction, the pro forma calculations shall be made in good faith by a responsible financial or accounting officer of the Issuer. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate or other rate shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as the Issuer may designate.

**DESCRIPTION OF THE APRIL 2009 NOTES**

**General**

Certain terms used in this description are defined under the subheading *Certain Definitions*. In this description, the terms *we*, *our*, *us* and *the Company* each refer to HCA Inc. (the *Issuer*) and its consolidated Subsidiaries.

The Issuer issued \$1,500,000,000 aggregate principal amount of 8 1/2% senior secured notes due 2019 (the *Notes*) under an indenture dated as of the closing date of the offering of the Notes (the *Indenture*) among the Issuer, the Guarantors and Law Debenture Trust Company of New York, as trustee (the *Trustee*), Deutsche Bank Trust Company Americas, as Paying Agent, Registrar and Transfer Agent and Bank of America, N.A., as collateral agent. The Notes were issued in a private transaction that is not subject to the registration requirements of the Securities Act. Except as set forth herein, the terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act.

The following description is only a summary of the material provisions of the Indenture, does not purport to be complete and is qualified in its entirety by reference to the provisions of those agreements, including the definitions therein of certain terms used below. We urge you to read the Indenture because it, and not this description, defines your rights as Holders of the Notes.

**Brief Description of Notes**

The Notes:

are general senior obligations of the Issuer;

are secured on a first-priority basis, equally and ratably with all existing and future obligations of the Issuer and the Guarantors under any existing and future First Lien Obligations, by all of the assets of the Issuer and the Guarantors which secure the General Credit Facility (other than the European Collateral), subject to the Liens securing the Issuer's and the Guarantors' ABL Obligations and other Permitted Liens;

are secured on a second-priority basis, equally and ratably with all existing and future obligations of the Issuer and the Guarantors under any existing and future First Lien Obligations, by all of the assets of the Issuer and the Guarantors securing the ABL Facility which also secure the General Credit Facility, subject to the Liens securing the Issuer's and the Guarantors' ABL Obligations and other Permitted Liens;

are effectively subordinated to the Issuer's and the Guarantors' obligations under the ABL Facility, to the extent of the value of the Shared Receivables Collateral;

are effectively subordinated to any obligations secured by Permitted Liens, to the extent of the value of the assets of the Issuer and the Guarantors subject to those Permitted Liens;

are structurally subordinated to any existing and future indebtedness and liabilities of non-guarantor Subsidiaries, including the ABL Financing Entities and the Issuer's Foreign Subsidiaries and any Unrestricted Subsidiaries and including indebtedness under the Company's senior secured European term loan facility included in the General Credit Facility;

rank equally in right of payment with all existing and future senior Indebtedness of the Issuer and the Guarantors but, to the extent of the value of the Collateral, are effectively senior to all of the Issuer's and the Guarantors' unsecured senior Indebtedness (including the Existing Notes) and Junior Lien Obligations (including the Existing Second Priority Notes);

are senior in right of payment to any future Subordinated Indebtedness (as defined with respect to the Notes) of the Issuer;

## **Table of Contents**

are initially unconditionally guaranteed on a joint and several and senior basis by each Restricted Subsidiary that guarantees the General Credit Facility (other than any Foreign Subsidiary); and

are subject to registration with the SEC pursuant to the Registration Rights Agreement.

## **Guarantees**

The Guarantors, as primary obligors and not merely as sureties, jointly and severally fully and unconditionally guarantee, on a senior basis, the performance and full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Issuer under the Indenture and the Notes, whether for payment of principal of, premium, if any, or interest or Additional Interest in respect of the Notes, expenses, indemnification or otherwise, on the terms set forth in the Indenture by executing the Indenture.

The Restricted Subsidiaries which guarantee the General Credit Facility guarantee the Notes. Each of the Guarantees of the Notes is a general senior obligation of each Guarantor and is secured by a first-priority lien on all of the assets of each Guarantor which secure the General Credit Facility (other than the European Collateral) and by a second-priority lien on all of the assets of each Guarantor which secure the ABL Facility. The Guarantees rank equally in right of payment with all existing and future senior Indebtedness of the Guarantor but, to the extent of the value of the Collateral, are effectively senior to all of the Guarantor's unsecured senior Indebtedness and Junior Lien Obligations and, to the extent of the Shared Receivables Collateral, are effectively subordinated to the Guarantor's Obligations under the ABL Facility and any future ABL Obligations. The Guarantees are senior in right of payment to all existing and future Subordinated Indebtedness of each Guarantor. The Notes are structurally subordinated to Indebtedness and other liabilities of Subsidiaries of the Issuer that do not Guarantee the Notes.

Not all of the Issuer's Subsidiaries Guarantee the Notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to the Issuer. None of our Subsidiaries which are Restricted Subsidiaries for purposes of the Existing Notes Indenture, Foreign Subsidiaries, ABL Financing Entities, non-Wholly Owned Subsidiaries or any Receivables Subsidiaries guarantee the Notes. For the year ended December 31, 2009, our non-guarantor Subsidiaries accounted for approximately \$12.468 billion, or 41.5%, of our total revenues. As of December 31, 2009, our non-guarantor Subsidiaries held approximately \$9.672 billion, or 40.1%, of our total assets and approximately \$6.750 billion, or 21.1%, of our total liabilities. See Note 16 to our consolidated financial statements included in this prospectus.

The obligations of each Guarantor under its Guarantee are limited as necessary to prevent the Guarantee from constituting a fraudulent conveyance under applicable law.

Any entity that makes a payment under its Guarantee is entitled upon payment in full of all guaranteed obligations under the Indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with GAAP.

If a Guarantee were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero. See Risk Factors Risks Related to the Notes Federal and state fraudulent transfer laws may permit a court to void the guarantees, and, if that occurs, you may not receive any payment on the notes.

Each Guarantee by a Guarantor provides by its terms that it will be automatically and unconditionally released and discharged upon:

(1) (a) any sale, exchange or transfer (by merger or otherwise) of the Capital Stock of such Guarantor (including any sale, exchange or transfer), after which the applicable Guarantor is no longer a

## **Table of Contents**

Restricted Subsidiary or all or substantially all the assets of such Guarantor, which sale, exchange or transfer is made in compliance with the applicable provisions of the Indenture;

(b) the release or discharge of the guarantee by such Guarantor of the Senior Credit Facilities or such other guarantee that resulted in the creation of such Guarantee, except a discharge or release by or as a result of payment under such guarantee;

(c) the designation of any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in compliance with the applicable provisions of the Indenture; or

(d) the exercise by the Issuer of its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the discharge of the Issuer's obligations under the Indenture in accordance with the terms of the Indenture; and

(2) such Guarantor delivering to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in the Indenture relating to such transaction have been complied with.

## **Holding Company Structure**

The Issuer is a holding company for its Subsidiaries, with no material operations of its own and only limited assets. Accordingly, the Issuer is dependent upon the distribution of the earnings of its Subsidiaries, whether in the form of dividends, advances or payments on account of intercompany obligations, to service its debt obligations.

## **Security**

### ***General***

The Notes and the Guarantees are secured by perfected first-priority security interests in the Non-Receivables Collateral and by perfected second-priority security interests in the Shared Receivables Collateral (second in priority to the first-priority Liens on the Shared Receivables Collateral securing the ABL Obligations), in each case, subject to Permitted Liens. Notwithstanding the foregoing, neither the Notes nor the Guarantees are secured by the European Collateral or the Separate Receivables Collateral. The ABL Secured Parties have rights and remedies with respect to the Shared Receivables Collateral that, if exercised, could adversely affect the value of the Shared Receivables Collateral or the ability of the respective agents under the Intercreditor Agreements to realize or foreclose on the Shared Receivables Collateral on behalf of the First Lien Secured Parties. First Lien Secured Parties other than the Holders of the Notes have rights and remedies with respect to the Collateral that, if exercised, could also adversely affect the value of the Collateral on behalf of the Holders of the Notes, particularly the rights described below under First Lien Intercreditor Agreement. For a description of the Shared Receivables Collateral and the Non-Receivables Collateral, see Description of Other Indebtedness Senior Secured Credit Facilities Guarantee and Security.

The Issuer and the Guarantors are and will be able to incur additional Indebtedness in the future which could share in the Collateral, including additional First Lien Obligations, additional ABL Obligations, additional Junior Lien Obligations and Obligations secured by Permitted Liens. The amount of such additional Obligations is and will be limited by the covenant described under Certain Covenants Liens and the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock. Under certain circumstances, the amount of any such additional Obligations could be significant.

### ***After-Acquired Collateral***

From and after the Issue Date and subject to certain limitations and exceptions, (a) if the Issuer or any Guarantor creates any additional security interest upon any property or asset that would constitute Collateral to secure any First Lien Obligations (other than European Collateral and Separate Receivables Collateral), it must concurrently grant a first-priority perfected security interest (subject to Permitted Liens) upon such property as security for the Notes and (b) if the Issuer or any Guarantor creates any additional security interest upon any

## **Table of Contents**

property or asset that would constitute Shared Receivables Collateral to secure any ABL Obligations, it must concurrently grant a second-priority perfected security interest (subject to Permitted Liens) upon such property as security for the Notes.

### ***Liens with Respect to the Collateral***

The Issuer, the Guarantors and the First Lien Collateral Agent entered into Security Documents in connection with the General Credit Facility with respect to the Collateral defining the terms of the security interests that secure the General Credit Facility with respect to such Collateral and that defines the terms of the security interests that secure the Notes and the Guarantees with respect to such Collateral. These security interests secure the payment and performance when due of all of the Obligations of the Issuers and the Guarantors under the Notes, the Indenture, the Guarantees and the Security Documents, as provided in the Security Documents.

### ***First Lien Intercreditor Agreement***

The Trustee and the First Lien Collateral Agent have entered into a First Lien Intercreditor Agreement (as the same may be amended from time to time, the *First Lien Intercreditor Agreement*) with the Authorized Representative of the General Credit Facility Obligations with respect to the Collateral, which may be amended from time to time without the consent of the Holders to add other parties holding First Lien Obligations permitted to be incurred under the Indenture, General Credit Facility and the First Lien Intercreditor Agreement. The First Lien Collateral Agent is initially the collateral agent under the General Credit Facility.

Under the First Lien Intercreditor Agreement, as described below, the Applicable Authorized Representative has the right to direct foreclosures and take other actions with respect to the Common Collateral, and the Authorized Representatives of other Series of First Lien Obligations have no right to take actions with respect to the Common Collateral. The Applicable Authorized Representative is the administrative agent under the General Credit Facility, and the Trustee for the Holders, as Authorized Representative in respect of the Notes, will have no rights to take any action under the First Lien Intercreditor Agreement.

The administrative agent under the General Credit Facility will remain the Applicable Authorized Representative until the earlier of (1) the Discharge of General Credit Facility Obligations and (2) the Non-Controlling Authorized Representative Enforcement Date (such date, the *Applicable Authorized Agent Date*). After the Applicable Authorized Agent Date, the Applicable Authorized Representative will be the Authorized Representative of the Series of Additional First Lien Obligations that constitutes the largest outstanding principal amount of any then outstanding Series of First Lien Obligations, other than the General Credit Facility Obligations, with respect to the Common Collateral (the *Major Non-Controlling Authorized Representative*).

The *Non-Controlling Authorized Representative Enforcement Date* is the date that is 90 days (throughout which 90-day period the applicable Authorized Representative was the Major Non-Controlling Authorized Representative) after the occurrence of both (a) an event of default, as defined in the Indenture or other applicable indenture for that Series of First Lien Obligations, and (b) the First Lien Collateral Agent's and each other Authorized Representative's receipt of written notice from that Authorized Representative certifying that (i) such Authorized Representative is the Major Non-Controlling Authorized Representative and that an event of default, as defined in the Indenture or other applicable indenture for that Series of First Lien Obligations, has occurred and is continuing and (ii) the First Lien Obligations of that Series are currently due and payable in full (whether as a result of acceleration thereof or otherwise) in accordance with the Indenture or other applicable indenture for that Series of First Lien Obligations; *provided* that the Non-Controlling Authorized Representative Enforcement Date shall be stayed and shall not occur and shall be deemed not to have occurred with respect to any Shared Collateral (1) at any time the administrative agent under the General Credit Facility or the First Lien Collateral Agent has commenced and is diligently pursuing

any enforcement action with respect to such Common Collateral or (2) at any time the Issuer or the Guarantor that has granted

**Table of Contents**

a security interest in such Common Collateral is then a debtor under or with respect to (or otherwise subject to) any insolvency or liquidation proceeding.

The Applicable Authorized Representative shall have the sole right to instruct the First Lien Collateral Agent to act or refrain from acting with respect to the Common Collateral, (b) the First Lien Collateral Agent shall not follow any instructions with respect to such Common Collateral from any representative of any Non-Controlling Secured Party or other First Lien Secured Party (other than the Applicable Authorized Representative), and (c) no Authorized Representative of any Non-Controlling Secured Party or other First Lien Secured Party (other than the Applicable Authorized Representative) will instruct the First Lien Collateral Agent to commence any judicial or non-judicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its interests in or realize upon, or take any other action available to it in respect of, the Common Collateral.

Notwithstanding the equal priority of the Liens, the First Lien Collateral Agent, acting on the instructions of the Applicable Authorized Representative, may deal with the Common Collateral as if such Applicable Authorized Representative had a senior Lien on such Collateral. No representative of any Non-Controlling Secured Party may contest, protest or object to any foreclosure proceeding or action brought by the First Lien Collateral Agent, Applicable Authorized Representative or Controlling Secured Party. The Trustee and each other Authorized Representative agrees that it will not accept any Lien on any Collateral for the benefit of the Holders (other than funds deposited for the discharge or defeasance of the Notes) other than pursuant to the First Lien Security Documents. Each of the First Lien Secured Parties also agrees that it will not contest or support any other person in contesting, in any proceeding (including any insolvency or liquidation proceeding), the perfection, priority, validity or enforceability of a Lien held by or on behalf of any of the First Lien Secured Parties in all or any part of the Collateral, or the provisions of the First Lien Intercreditor Agreement.

If a First Lien Event of Default has occurred and is continuing and the First Lien Collateral Agent is taking action to enforce rights in respect of any Common Collateral, or any distribution is made with respect to any Common Collateral in any bankruptcy case of the Issuer or any Guarantor, the proceeds of any sale, collection or other liquidation of any such Collateral by the First Lien Collateral Agent or any other First Lien Secured Party (or received pursuant to any other intercreditor agreement), as applicable, and proceeds of any such distribution (subject, in the case of any such distribution, to the paragraph immediately following) to which the First Lien Obligations are entitled under any other intercreditor agreement shall be applied among the First Lien Obligations to the payment in full of the First Lien Obligations on a ratable basis, after payment of all amounts owing to the First Lien Collateral Agent.

Notwithstanding the foregoing, with respect to any Common Collateral for which a third party (other than a First Lien Secured Party) has a lien or security interest that is junior in priority to the security interest of any Series of First Lien Obligations but senior (as determined by appropriate legal proceedings in the case of any dispute) to the security interest of any other Series of First Lien Obligations (such third party, an *Intervening Creditor* ), the value of any Common Collateral or proceeds which are allocated to such Intervening Creditor shall be deducted on a ratable basis solely from the Common Collateral or proceeds to be distributed in respect of the Series of First Lien Obligations with respect to which such Impairment exists.

None of the First Lien Secured Parties may institute any suit or assert in any suit, bankruptcy, insolvency or other proceeding any claim against the First Lien Collateral Agent or any other First Lien Secured Party seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Common Collateral. In addition, none of the First Lien Secured Parties may seek to have any Common Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Collateral. If any First Lien Secured Party obtains possession of any Common Collateral or realizes any proceeds or payment in respect thereof, at any time prior to the

discharge of each of the First Lien Obligations, then it must hold such Common Collateral, proceeds or payment in trust for the other First Lien Secured Parties and promptly transfer such Common Collateral, proceeds or payment to the First Lien Collateral Agent to be distributed in accordance with the First Lien Intercreditor Agreement.

**Table of Contents**

If the Issuer or any Guarantor becomes subject to any bankruptcy case, the First Lien Intercreditor Agreement provides that (1) if the Issuer or any Guarantor shall, as debtor(s)-in-possession, move for approval of financing (the *DIP Financing* ) to be provided by one or more lenders (the *DIP Lenders* ) under Section 364 of the Bankruptcy Code or the use of cash collateral under Section 363 of the Bankruptcy Code, each First Lien Secured Party will agree not to object to any such financing or to the Liens on the Common Collateral securing the same (the *DIP Financing Liens* ) or to any use of cash collateral that constitutes Common Collateral, unless any Controlling Secured Party, or an Authorized Representative of any Controlling Secured Party, shall then oppose or object to such DIP Financing or such DIP Financing Liens or use of cash collateral (and (i) to the extent that such DIP Financing Liens are senior to the Liens on any such Common Collateral for the benefit of the Controlling Secured Parties, each Non-Controlling Secured Party will subordinate its Liens with respect to such Common Collateral on the same terms as the Liens of the Controlling Secured Parties (other than any Liens of any First Lien Secured Parties constituting DIP Financing Liens) are subordinated thereto, and (ii) to the extent that such DIP Financing Liens rank *pari passu* with the Liens on any such Common Collateral granted to secure the First Lien Obligations of the Controlling Secured Parties, each Non-Controlling Secured Party will confirm the priorities with respect to such Common Collateral as set forth in the First Lien Intercreditor Agreement), in each case so long as;

(A) the First Lien Secured Parties of each Series retain the benefit of their Liens on all such Common Collateral pledged to the DIP Lenders, including proceeds thereof arising after the commencement of such proceeding, with the same priority vis-a-vis all the other First Lien Secured Parties (other than any Liens of the First Lien Secured Parties constituting DIP Financing Liens) as existed prior to the commencement of the bankruptcy case,

(B) the First Lien Secured Parties of each Series are granted Liens on any additional collateral pledged to any First Lien Secured Parties as adequate protection or otherwise in connection with such DIP Financing or use of cash collateral, with the same priority vis-a-vis the First Lien Secured Parties as set forth in the First Lien Intercreditor Agreement,

(C) if any amount of such DIP Financing or cash collateral is applied to repay any of the First Lien Obligations, such amount is applied pursuant to the First Lien Intercreditor Agreement, and

(D) if any First Lien Secured Parties are granted adequate protection, including in the form of periodic payments, in connection with such DIP Financing or use of cash collateral, the proceeds of such adequate protection is applied pursuant to the First Lien Intercreditor Agreement;

*provided* that the First Lien Secured Parties of each Series shall have a right to object to the grant of a Lien to secure the DIP Financing over any Collateral subject to Liens in favor of the First Lien Secured Parties of such Series or its representative that shall not constitute Common Collateral; and *provided, further*, that the First Lien Secured Parties receiving adequate protection shall not object to any other First Lien Secured Party receiving adequate protection comparable to any adequate protection granted to such First Lien Secured Parties in connection with a DIP Financing or use of cash collateral.

The First Lien Secured Parties acknowledge that the First Lien Obligations of any Series may, subject to the limitations set forth in the other First Lien Documents, be increased, extended, renewed, replaced, restated, supplemented, restructured, repaid, refunded, refinanced or otherwise amended or modified from time to time, all without affecting the priorities set forth in the First Lien Intercreditor Agreement defining the relative rights of the First Lien Secured Parties of any Series.

***Additional General Intercreditor Agreement***

The First Lien Collateral Agent is a party to an Additional General Intercreditor Agreement dated the Issue Date, (as the same may be amended from time to time, the *Additional General Intercreditor Agreement* ), by and among the First Lien Collateral Agent, the Junior Lien Collateral Agent and the trustees under the Existing Second Priority Notes Indentures, by which the Notes are given the same ranking and rights with respect to the Collateral as provided to the General Credit Facility under the General Intercreditor Agreement, dated as of November 17, 2006, by and among the First Lien Collateral Agent and the Junior Lien

Collateral Agent. Pursuant to the terms of the Additional General Intercreditor Agreement and subject to the First-Lien Intercreditor Agreement, prior to the Discharge of New First Lien Obligations, the First Lien Collateral Agent, acting on behalf of the New First Lien Secured Parties, will determine the time and method by which the security interests in the Collateral will be enforced and will have the sole and exclusive right to manage, perform and enforce the terms of the Security Documents relating to the Collateral and to exercise and enforce all privileges, rights and remedies thereunder according to its direction, including to take or retake control or possession of such Collateral and to hold, prepare for sale, marshal, process, sell, lease, dispose of or liquidate such Collateral, including, without limitation, following the occurrence of a Default or Event of Default under the Indenture. The Junior Lien Collateral Agent will not be permitted to enforce the security interests even if any event of default under an Existing Second Priority Notes Indenture has occurred and the Existing Second Priority Notes issued thereunder have been accelerated except (a) in any insolvency or liquidation proceeding, solely as necessary to file a proof of claim or statement of interest with respect to the Junior Lien Obligations or (b) as necessary to take any action in order to prove, preserve, perfect or protect (but not enforce) its security interest and rights in, and the perfection and priority of its Lien on, the Collateral.

The Junior Lien Collateral Agent, for itself and on behalf of each Junior Lien Secured Party, has agreed pursuant to the Additional General Intercreditor Agreement that (a) it will not (and thereby waives any right to) take any action to challenge, contest or support any other Person in contesting or challenging, directly or indirectly, in any proceeding (including any insolvency or liquidation proceeding), the validity, perfection, priority or enforceability of a Lien securing any New First Lien Obligations held (or purported to be held) by or on behalf of the First Lien Collateral Agent or any of the New First Lien Secured Parties or any agent or trustee therefor in any Collateral or other collateral securing both the New First Lien Obligations and any Junior Lien Obligations and (b) it will not oppose or otherwise contest (or support any other Person contesting) any request for judicial relief made in any court by the First Lien Collateral Agent or any New First Lien Secured Parties relating to the lawful enforcement of any First Priority Lien on Collateral or other collateral securing both the New First Lien Obligations and any Junior Lien Obligations.

In addition, the Security Documents provide that, subject to the First Lien Intercreditor Agreement, prior to the Discharge of New First Lien Obligations, the First Lien Collateral Agent may take actions with respect to the Collateral (including the release of Collateral and the manner of realization (subject to the provisions described under Release of Collateral )) without the consent of the Junior Lien Collateral Agent or other Junior Lien Secured Parties.

The Collateral or proceeds thereof received in connection with the sale or other disposition of, or collection on, such Non-Receivables Collateral upon the exercise of remedies will be applied to the First Lien Obligations to be distributed in accordance with the First Lien Intercreditor Agreement prior to application to any Junior Lien Obligations in such order as specified in the relevant First Lien Documents until the Discharge of New First Lien Obligations has occurred.

In addition, so long as the Discharge of New First Lien Obligations has not occurred, neither the Junior Lien Collateral Agent nor any Junior Lien Representative shall acquire or hold any Lien on any assets of the Issuer or any Subsidiary (and neither the Issuer nor any Subsidiary shall grant such Lien) securing any Junior Lien Obligations that are not also subject to the First Priority Lien in respect of the New First Lien Obligations under the First Lien Documents.

The Junior Lien Collateral Agent and each other Junior Lien Secured Party agrees that any Lien purported to be granted on any collateral as security for New First Lien Obligations shall be deemed to be and shall be deemed to remain senior in all respects and prior to all Liens on such collateral securing any Junior Lien Obligations for all purposes regardless of whether the Lien purported to be granted is found to be improperly granted, improperly perfected, preferential, a fraudulent conveyance or legally or otherwise deficient in any manner.

If any New First Lien Secured Party is required in any insolvency or liquidation proceeding or otherwise to turn over or otherwise pay to the estate of the Issuer or any other Guarantor (or any trustee, receiver or similar person therefor), because the payment of such amount was declared to be fraudulent or preferential in

**Table of Contents**

any respect or for any other reason, any amount (a *Recovery* ), whether received as proceeds of security, enforcement of any right of setoff or otherwise, then as among the parties hereto, the New First Lien Obligations shall be deemed to be reinstated to the extent of such Recovery and to be outstanding as if such payment had not occurred and such New First Lien Secured Party shall be entitled to a reinstatement of New First Lien Obligations with respect to all such recovered amounts and shall have all rights hereunder. If the Additional General Intercreditor Agreement shall have been terminated prior to such Recovery, the Additional General Intercreditor Agreement shall be reinstated in full force and effect, and such prior termination shall not diminish, release, discharge, impair or otherwise affect the obligations of the parties thereto.

The Additional General Intercreditor Agreement provides that so long as the Discharge of New First Lien Obligations has not occurred, whether or not any insolvency or liquidation proceeding has been commenced by or against the Issuer or any Guarantor, (i) neither the Junior Lien Collateral Agent, any Junior Lien Representative nor any Junior Lien Secured Party will (x) exercise or seek to exercise any rights or remedies (including setoff or the right to credit bid debt (except under limited circumstances)) with respect to any collateral securing both the New First Lien Obligations and any Junior Lien Obligations in respect of any applicable Junior Lien Obligations, or institute any action or proceeding with respect to such rights or remedies (including any action of foreclosure), (y) contest, protest or otherwise object to any foreclosure or enforcement proceeding or action brought with respect to the Collateral or any other collateral by the First Lien Collateral Agent or any New First Lien Secured Party in respect of the New First Lien Obligations, the exercise of any right by the First Lien Collateral Agent or any New First Lien Secured Party (or any agent or sub-agent on their behalf) in respect of the New First Lien Obligations under any control agreement, lockbox agreement, landlord waiver or bailee's letter or similar agreement or arrangement to which the Junior Lien Collateral Agent, any Junior Lien Representative or any Junior Lien Secured Party either is a party or may have rights as a third-party beneficiary, or any other exercise by any such party of any rights and remedies as a secured party relating to such collateral or any other collateral under the First Lien Documents or otherwise in respect of New First Lien Obligations, or (z) object to any waiver or forbearance by the First Lien Secured Parties from or in respect of bringing or pursuing any foreclosure proceeding or action or any other exercise of any rights or remedies relating to such collateral or any other collateral in respect of New First Lien Obligations and (ii) except as otherwise provided in the Additional General Intercreditor Agreement, the First Lien Collateral Agent and the New First Lien Secured Parties shall have the sole and exclusive right to enforce rights, exercise remedies (including setoff and the right to credit bid their debt), marshal, process and make determinations regarding the release, disposition or restrictions, or waiver or forbearance of rights or remedies with respect to such collateral without any consultation with or the consent of the Junior Lien Collateral Agent, any Junior Lien Representative or any Junior Lien Secured Party.

In addition, the Junior Lien Collateral Agent, each Junior Lien Representative and each other Junior Lien Secured Party have agreed, among other things, that if the Issuer or any Guarantor is subject to any insolvency or liquidation proceeding if the First Lien Collateral Agent, subject to the First Lien Intercreditor Agreement, desires to permit the use of cash collateral or to permit the Issuer or any Guarantor to obtain financing under Section 363 or Section 364 of the Bankruptcy Code or any similar provision in any Bankruptcy Law ( *DIP Financing* ), including if such DIP Financing is secured by Liens senior in priority to the Liens securing the Junior Lien Obligations, then the Junior Lien Collateral Agent and each Junior Lien Representative, on behalf of itself and each applicable Junior Lien Secured Party, agrees not to object to such use of cash collateral or DIP Financing and will not request adequate protection or any other relief in connection therewith (except to the extent permitted by the Additional General Intercreditor Agreement) and, to the extent the Liens securing the new First Lien Obligations are subordinated or *pari passu* with such DIP Financing, will subordinate its Liens in the Collateral and any other collateral to such DIP Financing (and all Obligations relating thereto) on the same basis as they are subordinated to the New First Lien Obligations.

Subject to the terms of the Security Documents, the Issuer and the Guarantors have the right to remain in possession and retain exclusive control of the Collateral securing the Notes and the Notes Obligations (other than securities, instruments and chattel paper constituting part of the Collateral and deposited with the First Lien Collateral Agent in

accordance with the provisions of the First Lien Security Documents and any Shared Receivables Collateral subject to a control agreement under the circumstances described in the First Lien

**Table of Contents**

Security Documents), to freely operate the Collateral and to collect, invest and dispose of any income therefrom.

***Release of Collateral***

Under the First Lien Intercreditor Agreement, if at any time the Applicable Authorized Representative forecloses upon or otherwise exercises remedies against any Common Collateral, then (whether or not any insolvency or liquidation proceeding is pending at the time) the Liens in favor of the First Lien Collateral Agent for the benefit of the Trustee and the Holders of the Notes and each other Series of First Lien Secured Parties upon such Common Collateral will automatically be released and discharged. However, any proceeds of any Common Collateral realized therefrom will be applied as described under First Lien Intercreditor Agreement.

Under the Additional Receivables Intercreditor Agreement, if at any time the Issuer or any Guarantor or any ABL Secured Party delivers notice that any Shared Receivables Collateral is sold, transferred or otherwise disposed of by the owner of that Collateral in a transaction permitted under the ABL Facility, the General Credit Facility and the Indenture or the ABL Secured Parties are releasing or have released their Liens on such Shared Receivables Collateral in connection with a disposition in connection with an exercise of remedies with respect to such Collateral, then the Liens on such Shared Receivables Collateral securing New First Lien Obligations or Junior Lien Obligations will automatically be released and discharged as and when, but only to the extent, such Liens on such Shared Receivables Collateral securing ABL Obligations are released and discharged, provided that in the case of a disposition in connection with an exercise of remedies, any proceeds thereof not applied to repay ABL Obligations shall be subject to the Liens securing the First Lien Obligations and the Junior Lien Obligations and shall be applied pursuant to the Additional Receivables Intercreditor Agreement and the First Lien Intercreditor Agreement.

The Issuer and the Guarantors will be entitled to the release of property and other assets constituting Collateral from the Liens securing the Notes and the Notes Obligations under any one or more of the following circumstances:

- (1) to enable us to consummate the sale, transfer or other disposition of such property or assets to the extent not prohibited under the covenant described under Repurchase at the Option of Holders Asset Sales ;
- (2) the release of Excess Proceeds or Collateral Excess Proceeds that remain unexpended after the conclusion of an Asset Sale Offer or a Collateral Asset Sale Offer conducted in accordance with the Indenture;
- (3) in the case of a Guarantor that is released from its Guarantee with respect to the Notes pursuant to the terms of the Indenture, the release of the property and assets of such Guarantor;
- (4) with the consent of the holders of at least 75% of the aggregate principal amount of the Notes then outstanding and affected thereby and a majority of all Junior Lien Obligations (including the Existing Second Priority Notes) then outstanding and affected thereby (including, without limitation, consents obtained in connection with a tender offer or exchange offer for, or purchase of, Junior Lien Obligations); or
- (5) as described under Amendment, Supplement and Waiver below.

To the extent necessary and for so long as required for such Subsidiary not to be subject to any requirement pursuant to Rule 3-16 of Regulation S-X under the Securities Act to file separate financial statements with the SEC (or any other governmental agency), the Capital Stock of any Subsidiary of the Company (excluding Healthtrust, Inc. The Hospital Company, a Delaware corporation and its successors and assigns) shall not be included in the Collateral with respect to the respective Notes so affected (as described under Certain Limitations on the Collateral ) and shall not be subject to the Liens securing such Notes and the Notes Obligations.

**Table of Contents**

The Liens on the Collateral securing the Notes and the Guarantees also will be released upon (i) payment in full of the principal of, together with accrued and unpaid interest (including Additional Interest, if any) on, the Notes and all other Obligations under the Indenture, the Guarantees and the Security Documents that are due and payable at or prior to the time such principal, together with accrued and unpaid interest (including Additional Interest, if any), are paid or (ii) a legal defeasance or covenant defeasance under the Indenture as described below under Legal Defeasance and Covenant Defeasance or a discharge of the Indenture as described under Satisfaction and Discharge.

Any certificate or opinion required by Section 314(d) of the Trust Indenture Act may be made by an Officer of the Company, except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert.

Notwithstanding anything to the contrary herein, the Issuer and its Subsidiaries are not required to comply with all or any portion of Section 314(d) of the Trust Indenture Act if they determine, in good faith based on advice of counsel, that under the terms of that section and/or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including no action letters or exemptive orders, all or any portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Collateral.

Without limiting the generality of the foregoing, certain no action letters issued by the SEC have permitted an indenture qualified under the Trust Indenture Act to contain provisions permitting the release of collateral from Liens under such indenture in the ordinary course of the issuer's business without requiring the issuer to provide certificates and other documents under Section 314(d) of the Trust Indenture Act. The Issuer and the Guarantors may, subject to the provisions of the Indenture, among other things, without any release or consent by the First Lien Collateral Agent, conduct ordinary course activities with respect to the Collateral, including, without limitation:

selling or otherwise disposing of, in any transaction or series of related transactions, any property subject to the Lien of the Security Documents that has become worn out, defective, obsolete or not used or useful in the business;

abandoning, terminating, canceling, releasing or making alterations in or substitutions of any leases or contracts subject to the Lien of the Indenture or any of the Security Documents;

surrendering or modifying any franchise, license or permit subject to the Lien of the Security Documents that it may own or under which it may be operating;

altering, repairing, replacing, changing the location or position of and adding to its structures, machinery, systems, equipment, fixtures and appurtenances;

granting a license of any intellectual property;

selling, transferring or otherwise disposing of inventory in the ordinary course of business;

collecting accounts receivable in the ordinary course of business as permitted by the covenant described under Repurchase at the Option of Holders Asset Sales ;

making cash payments (including for the repayment of Indebtedness or interest) from cash that is at any time part of the Collateral in the ordinary course of business that are not otherwise prohibited by the Indenture and the Security Documents; and

abandoning any intellectual property that is no longer used or useful in the Issuer's business.

The Issuer must deliver an Officer's Certificate to the First Lien Collateral Agent within 30 calendar days following the end of each six-month period beginning on May 15 and November 15 of each year, to the effect that all such releases and withdrawals during the preceding six-month period in the ordinary course of the Issuer's or the Guarantors' business, as described in the preceding paragraph, were not prohibited by the Indenture.

***Additional Receivables Intercreditor Agreement***

In addition, the First Lien Collateral Agent is a party to an Additional Receivables Intercreditor Agreement, dated the Issue Date, (as the same may be amended from time to time, the *Additional Receivables Intercreditor Agreement* ), by and between the First Lien Collateral Agent and the collateral agent under the ABL Facility (the *ABL Collateral Agent* ), by which the Notes are given the same ranking and rights with respect to the Shared Receivables Collateral as provided to the General Credit Facility under the Receivables Intercreditor Agreement dated as of November 17, 2006 by and among the Junior Lien Collateral Agent, the First Lien Collateral Agent and the ABL Collateral Agent. The Additional Receivables Intercreditor Agreement contains provisions with respect to the Shared Receivables Collateral and the relative rights, privileges and obligations relating thereto as between (a) the First Lien Collateral Agent and the New First Lien Secured Parties and (b) the ABL Collateral Agent and the ABL Secured Parties. The Additional Receivables Intercreditor Agreement provides for first-priority Liens in the Shared Receivables Collateral in favor of the ABL Secured Parties and junior priority Liens in the Shared Receivables Collateral in favor of the New First Lien Secured Parties, subject to Permitted Liens. The relative rights, privileges and obligations with respect to the Shared Receivables Collateral of the ABL Secured Parties, on the one hand, and the New First Lien Secured Parties, on the other, are substantially similar to the relative rights, privileges and obligations with respect to the Non-Receivables Collateral of the New First Lien Secured Parties, on the one hand, and the Junior Lien Secured Parties, on the other, respectively, except that the Liens of the New First Lien Secured Parties in the Shared Receivables Collateral are second-priority Liens and the Liens of the ABL Secured Parties in the Shared Receivables Collateral are first-priority liens and except to the extent customary or necessary with respect to collateral of the type that constitutes Shared Receivables Collateral.

The relative rights, privileges and obligations with respect to the Shared Receivables Collateral (a) as between the First Lien Collateral Agent and the First Lien Secured Parties, on the one hand, and the Junior Lien Collateral Agent and the Junior Lien Secured Parties, on the other, are governed by the Additional General Intercreditor Agreement described above and (b) as among the First Lien Secured Parties, are governed by the First Lien Intercreditor Agreement described above.

***Certain Limitations on the Collateral***

The Collateral securing the Notes does not include any of the following assets:

- (1) the property or assets owned by any Subsidiary of the Issuer that is not a Guarantor, including each ABL Financing Entity;
- (2) any rights or interests of the Issuer or any Guarantor in, to or under any agreement, contract, license, instrument, document or other general intangible (referred to solely for purposes of this clause (2) as a *Contract* ), any intellectual property or any security or other investment property (i) to the extent the security interest in such Collateral is prohibited by any applicable contract, agreement or other instrument without the consent of any other party thereto (other than a party to the General Credit Facility or the Indenture or, in the case of investment property, a Wholly-Owned Subsidiary), (ii) to the extent the security interest in such Contract would give any other party (other than a party to the General Credit Facility or the Indenture or, in the case of investment property, a Wholly-Owned Subsidiary) to such Collateral the right to terminate its obligations thereunder or (iii) to the extent all necessary consents to such grant of a security interest have not been obtained from the other parties thereto (other than to the extent that any such prohibition referred to in clauses (i), (ii) and (iii) would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the Uniform Commercial Code (or any successor provision or provisions) of any relevant jurisdiction or any other applicable law); *provided* that this limitation shall not affect, limit, restrict or impair the grant by the Issuer or such Guarantor of a security interest in any account receivable or any money or other amounts due or to become due under any Contract;

(3) any equipment of the Issuer or any Guarantor that is subject to, or secured by, a Capitalized Lease Obligation or Purchase Money Obligations and any equipment that constitutes an asset of an entity acquired in a transaction permitted by the Indenture to the extent that such equipment subject to a Lien

**Table of Contents**

permitted by the Indenture and the terms of the Indebtedness secured by such Lien prohibit assignment of, or granting of a security interest in, the Issuer's or such Guarantor's rights and interests therein (other than to the extent that any such prohibition would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the Uniform Commercial Code (or any successor provision or provisions) of any relevant jurisdiction or any other applicable law); *provided* that immediately upon the repayment of all Indebtedness secured by such Lien, the Issuer or the Guarantor, as the case may be, shall be deemed to have granted a security interest in all the rights and interests with respect to such equipment;

(4) any Voting Stock that is issued by any Foreign Subsidiary, if and to the extent that the inclusion of such Voting Stock in the Collateral would cause the Collateral pledged by the Issuer or the applicable Guarantor, as the case may be, to include in the aggregate more than 65% of the total combined voting power of all classes of Voting Stock of such Foreign Subsidiary;

(5) any Capital Stock that is issued by a Subsidiary that is not owned directly by the Issuer or a Guarantor;

(6) any Capital Stock and other securities of a Subsidiary (excluding Healthtrust, Inc. The Hospital Company, a Delaware corporation and its successors and assigns) to the extent that the pledge of such Capital Stock and other securities results in the Company's being required to file separate financial statements of such Subsidiary with the SEC, but only to the extent necessary to not be subject to such requirement and only for so long as such requirement is in existence and only with respect to the relevant Notes affected; *provided* that neither the Issuer nor any Subsidiary shall take any action in the form of a reorganization, merger or other restructuring a principal purpose of which is to provide for the release of the Lien on any Capital Stock pursuant to this clause (6). In addition, in the event that Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the SEC to require (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would require) the filing with the SEC (or any other governmental agency) of separate financial statements of any Subsidiary of the Company (excluding Healthtrust, Inc. The Hospital Company, a Delaware corporation and its successors and assigns) due to the fact that such Subsidiary's Capital Stock secures the Notes affected thereby, then the Capital Stock of such Subsidiary will automatically be deemed not to be part of the Collateral securing the relevant Notes affected thereby but only to the extent necessary to not be subject to such requirement and only for so long as required to not be subject to such requirement. In such event, the Security Documents may be amended or modified, without the consent of any holder of such Notes, to the extent necessary to release the security interests in favor of the First Lien Collateral Agent on the shares of Capital Stock that are so deemed to no longer constitute part of the Collateral for the relevant Notes. In the event that Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the SEC to permit (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would permit) such Subsidiary's Capital Stock to secure the Notes in excess of the amount then pledged without the filing with the SEC (or any other governmental agency) of separate financial statements of such Subsidiary, then the Capital Stock of such Subsidiary will automatically be deemed to be a part of the Collateral for the relevant Notes;

(7) certain non-Principal Properties that do not constitute Non-Receivables Collateral;

(8) any deposit accounts, other bank or securities accounts or cash of the Issuer or any Guarantor;

(9) any leaseholds and motor vehicles of the Issuer or any Guarantor;

(10) any Capital Stock or securities convertible into or exchangeable for Capital Stock (i) if, in the reasonable judgment of the Issuer, the cost or other consequences of pledging such Collateral shall be excessive in view of the benefits to be obtained by the First Lien Secured Parties therefrom or (ii) the pledge of such Collateral would result in adverse tax consequences to the Issuer or any of its Subsidiaries as reasonably determined by the Issuer and identified in writing to the First Lien Collateral Agent;

(11) any collateral to the extent the grant of the security interest therein would violate any requirement of law; and

## **Table of Contents**

(12) proceeds and products from any and all of the foregoing excluded collateral described in clauses (1) through (11), unless such proceeds or products would otherwise constitute Collateral securing the Notes.

### ***Sufficiency of Collateral***

The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of the health care industry, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and similar factors. The amount to be received upon a sale of the Collateral would also be dependent on numerous factors, including, but not limited to, the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By their nature, portions of the Collateral may be illiquid and may have no readily ascertainable market value. Accordingly, there can be no assurance that the Collateral can be sold in a short period of time or in an orderly manner. In addition, in the event of a bankruptcy, the ability of the holders to realize upon any of the Collateral may be subject to certain bankruptcy law limitations as described below.

### ***Certain Bankruptcy Limitations***

The right of the Trustee to repossess and dispose of the Collateral upon the occurrence of an Event of Default would be significantly impaired by any Bankruptcy Law in the event that a bankruptcy case were to be commenced by or against the Company or any Guarantor prior to the Trustee's having repossessed and disposed of the Collateral. Upon the commencement of a case for relief under the Bankruptcy Code, a secured creditor such as the Trustee is prohibited from repossessing its security from a debtor in a bankruptcy case, or from disposing of security without bankruptcy court approval.

In view of the broad equitable powers of a U.S. bankruptcy court, it is impossible to predict how long payments under the Notes could be delayed following commencement of a bankruptcy case, whether or when the Trustee could repossess or dispose of the Collateral, the value of the Collateral at any time during a bankruptcy case or whether or to what extent Holders of the Notes would be compensated for any delay in payment or loss of value of the Collateral. The Bankruptcy Code permits only the payment and/or accrual of post-petition interest, costs and attorneys' fees to a secured creditor during a debtor's bankruptcy case to the extent the value of such creditor's interest in the Collateral is determined by the bankruptcy court to exceed the aggregate outstanding principal amount of the obligations secured by the Collateral.

Furthermore, in the event a domestic or foreign bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the Notes, the Holders of the Notes would hold secured claims only to the extent of the value of the Collateral to which the Holders of the Notes are entitled, and unsecured claims with respect to such shortfall.

### ***Paying Agent and Registrar for the Notes***

The Issuer must maintain one or more paying agents for the Notes in the Borough of Manhattan, City of New York. The initial paying agent for the Notes is Deutsche Bank Trust Company Americas.

The Issuer must also maintain a registrar with offices in the Borough of Manhattan, City of New York. The initial registrar is Deutsche Bank Trust Company Americas. The registrar maintains a register reflecting ownership of the Notes outstanding from time to time and makes payments on and facilitates transfer of Notes on behalf of the Issuer.

The Issuer may change the paying agents or the registrars without prior notice to the Holders. The Issuer or any of its Subsidiaries may act as a paying agent or registrar.

**Transfer and Exchange**

A Holder may transfer or exchange Notes in accordance with the Indenture. The registrar and the Trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. The Issuer is not required to transfer or

## **Table of Contents**

exchange any Note selected for redemption. Also, the Issuer is not required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed.

### **Principal, Maturity and Interest**

The Issuer issued \$1,500,000,000 in aggregate principal amount of Notes in a private transaction that was not subject to the registration requirements of the Securities Act. The Notes will mature on April 15, 2019. Subject to compliance with the covenant described below under the caption *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*, the Issuer may issue additional Notes, from time to time under the Indenture (any such Notes, *Additional Notes*). Except as described under *Amendment, Supplement and Waiver*, the Notes offered by the Issuer and any Additional Notes subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, references to *Notes* for all purposes of the Indenture and this *Description of the April 2009 Notes* include any Additional Notes that are actually issued.

Interest on the Notes accrues at the rate of 8 1/2% per annum and is payable semi-annually in arrears on April 15 and October 15, commencing October 15, 2009, to the Holders of record on the immediately preceding April 1 and October 1. Interest on the Notes accrues from the most recent date to which interest has been paid or, if no interest has been paid, from and including the Issue Date. Interest on the Notes is computed on the basis of a 360-day year comprised of twelve 30-day months.

### ***Additional Interest***

Additional Interest may accrue on the Notes in certain circumstances pursuant to the Registration Rights Agreement. All references in the Indenture, in any context, to any interest or other amount payable on or with respect to the Notes shall be deemed to include any Additional Interest pursuant to the Registration Rights Agreement. Principal of, premium, if any, and interest on the Notes will be payable at the office or agency of the Issuer maintained for such purpose within the City and State of New York or, at the option of the Issuer, payment of interest may be made by check mailed to the Holders of the Notes at their respective addresses set forth in the register of Holders; *provided* that all payments of principal, premium, if any, and interest with respect to the Notes represented by one or more global notes registered in the name of or held by DTC or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof. Until otherwise designated by the Issuer, the Issuer's office or agency in New York is the office of the Registrar and Paying Agent maintained for such purpose.

### **Mandatory Redemption; Offers to Purchase; Open Market Purchases**

The Issuer is not required to make any mandatory redemption or sinking fund payments with respect to the Notes. However, under certain circumstances, the Issuer may be required to offer to purchase Notes as described under the caption *Repurchase at the Option of Holders*. The Issuer may at any time and from time to time purchase Notes in the open market or otherwise.

### **Optional Redemption**

Except as set forth below, the Issuer is not entitled to redeem Notes at its option prior to April 15, 2014.

At any time prior to April 15, 2014, the Issuer may redeem all or a part of the Notes, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and Additional Interest, if any, to the date of

redemption (the *Redemption Date* ), subject to the rights of Holders of the Notes on the relevant record date to receive interest due on the relevant interest payment date.

On and after April 15, 2014 the Issuer may redeem the Notes, in whole or in part, upon not less than 30 nor more than 60 days prior notice mailed by first-class mail to the registered address of each Holder or

otherwise in accordance with the procedures of DTC, at the redemption prices (expressed as percentages of principal amount of the Notes to be redeemed) set forth below, plus accrued and unpaid interest thereon and Additional Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on April 15 of each of the years indicated below:

<b>Year</b>	<b>Percentage</b>
2014	104.250%
2015	102.833%
2016	101.417%
2017 and thereafter	100.000%

In addition, until April 15, 2012, the Issuer may, at its option, on one or more occasions redeem up to 35% of the aggregate principal amount of Notes at a redemption price equal to 108.500% of the aggregate principal amount thereof, plus accrued and unpaid interest thereon and Additional Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, with the net cash proceeds of one or more Equity Offerings; *provided* that at least 50% of the sum of the original aggregate principal amount of Notes issued under the Indenture and the original principal amount of any Additional Notes that are Notes issued under the Indenture after the Issue Date remains outstanding immediately after the occurrence of each such redemption; *provided further* that each such redemption occurs within 90 days of the date of closing of each such Equity Offering.

Any notice of any redemption may be given prior to the redemption thereof, and any such redemption or notice may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of an Equity Offering or other corporate transaction.

If the Issuer redeems less than all of the outstanding Notes, the Registrar and Paying Agent shall select the Notes to be redeemed in the manner described under *Repurchase at the Option of Holders - Selection and Notice*.

**Repurchase at the Option of Holders*****Change of Control***

The Notes provide that if a Change of Control occurs, unless the Issuer has previously or concurrently mailed a redemption notice with respect to all the outstanding Notes as described under *Optional Redemption*, the Issuer will make an offer to purchase all of the Notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest and Additional Interest, if any, to the date of purchase, subject to the right of Holders of the Notes of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will send notice of such Change of Control Offer by first-class mail, with a copy to the Trustee and the Registrar, to each Holder of Notes to the address of such Holder appearing in the security register with a copy to the Trustee and the Registrar or otherwise in accordance with the procedures of DTC, with the following information:

(1) that a Change of Control Offer is being made pursuant to the covenant entitled *Change of Control* and that all Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;

(2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the *Change of Control Payment Date* );

(3) that any Note not properly tendered will remain outstanding and continue to accrue interest;

**Table of Contents**

(4) that unless the Issuer defaults in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;

(5) that Holders electing to have any Notes purchased pursuant to a Change of Control Offer will be required to surrender such Notes, with the form entitled "Option of Holder to Elect Purchase" on the reverse of such Notes completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;

(6) that Holders will be entitled to withdraw their tendered Notes and their election to require the Issuer to purchase such Notes; *provided* that the paying agent receives, not later than the close of business on the 30th day following the date of the Change of Control notice, a telegram, facsimile transmission or letter setting forth the name of the Holder of the Notes, the principal amount of Notes tendered for purchase, and a statement that such Holder is withdrawing its tendered Notes and its election to have such Notes purchased;

(7) that if the Issuer is redeeming less than all of the Notes, the Holders of the remaining Notes will be issued new Notes and such new Notes will be equal in principal amount to the unpurchased portion of the Notes surrendered. The unpurchased portion of the Notes must be equal to \$2,000 or an integral multiple of \$1,000 in excess thereof; and

(8) the other instructions, as determined by us, consistent with the covenant described hereunder, that a Holder must follow.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law,

(1) accept for payment all Notes issued by it or portions thereof properly tendered pursuant to the Change of Control Offer;

(2) deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all Notes or portions thereof so tendered; and

(3) deliver, or cause to be delivered, to the Trustee for cancellation the Notes so accepted together with an Officer's Certificate to the Trustee stating that such Notes or portions thereof have been tendered to and purchased by the Issuer.

The Senior Credit Facilities provide, and future credit agreements or other agreements relating to Senior Indebtedness to which the Issuer becomes a party may provide, that certain change of control events with respect to the Issuer would constitute a default thereunder (including a Change of Control under the Indenture). If we experience a change of control that triggers a default under our Senior Credit Facilities, we could seek a waiver of such default or seek to refinance our Senior Credit Facilities. In the event we do not obtain such a waiver or refinance the Senior Credit Facilities, such default could result in amounts outstanding under our Senior Credit Facilities being declared due and payable and could cause a Receivables Facility to be wound down.

Our ability to pay cash to the Holders of the Notes following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any

required repurchases.

The Change of Control purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of

## **Table of Contents**

Control purchase feature is a result of negotiations between the Initial Purchasers and us. After the Issue Date, we have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenants described under **Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock** and **Certain Covenants Liens**. Such restrictions in the Indenture can be waived only with the consent of the Holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture will not contain any covenants or provisions that may afford Holders of the Notes protection in the event of a highly leveraged transaction.

The Issuer will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by us and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The definition of **Change of Control** includes a disposition of all or substantially all of the assets of the Issuer to any Person. Although there is a limited body of case law interpreting the phrase **substantially all**, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of **all or substantially all** of the assets of the Issuer. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of Notes may require the Issuer to make an offer to repurchase the Notes as described above.

The provisions under the Indenture relating to the Issuer's obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the Notes.

## ***Asset Sales***

The Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to consummate, directly or indirectly, an Asset Sale, unless:

(1) the Issuer or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by the Issuer) of the assets sold or otherwise disposed of; and

(2) except in the case of a Permitted Asset Swap, at least 75% of the consideration therefor received by the Issuer or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; *provided* that the amount of:

(a) any liabilities (as shown on the Issuer's or such Restricted Subsidiary's most recent balance sheet or in the footnotes thereto) of the Issuer or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the Notes, that are assumed by the transferee of any such assets and for which the Issuer and all of its Restricted Subsidiaries have been validly released by all creditors in writing,

(b) any securities received by the Issuer or such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale, and

**Table of Contents**

(c) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed 5% of Total Assets at the time of the receipt of such Designated Non-cash Consideration, with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value,

shall be deemed to be cash for purposes of this provision and for no other purpose.

Within 450 days after the receipt of any Net Proceeds of any Asset Sale, the Issuer or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale,

(1) to permanently reduce:

(a) Obligations constituting First Lien Obligations (and, if the Indebtedness repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto) (*provided* that (x) to the extent that the terms of First Lien Obligations other than Obligations under the Notes require that such First Lien Obligations are repaid with the Net Proceeds of Asset Sales prior to repayment of other Indebtedness, the Issuer and its Restricted Subsidiaries shall be entitled to repay such other First Lien Obligations prior to repaying the Obligations under the Notes and (y) subject to the foregoing clause (x), if the Issuer or any Guarantor shall so reduce First Lien Obligations, the Issuer will equally and ratably reduce Obligations under the Notes through open-market purchases (*provided* that such purchases are at or above 100% of the principal amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all holders to purchase at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, on the pro rata principal amount of Notes);

(b) Obligations under the Existing Notes which have a final maturity date (as in effect on the Issue Date) on or prior to the maturity date of the Notes; *provided* that, at the time of, and after giving effect to, such repurchase, redemption or defeasance, the aggregate amount of Net Proceeds used to repurchase, redeem or defease Existing Notes pursuant to this subclause (b) following the Issue Date shall not exceed 5% of the consolidated total assets of the Issuer and its subsidiaries at such time; or

(c) Indebtedness of a Restricted Subsidiary that is not a Guarantor, other than Indebtedness owed to the Issuer or another Restricted Subsidiary (or any affiliate thereof);

(2) to make (a) an Investment in any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) capital expenditures or (c) acquisitions of other assets, in each of (a), (b) and (c), used or useful in a Similar Business; or

(3) to make an investment in (a) any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) properties or (c) acquisitions of other assets that, in each of (a), (b) and (c), replace the businesses, properties and/or assets that are the subject of such Asset Sale;

*provided* that, in the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as the Issuer, or such other Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within 180 days of such commitment (an *Acceptable Commitment* ) and, in the event any

Acceptable Commitment is later cancelled or terminated for any reason before the Net Proceeds are applied in connection therewith, the Issuer or such Restricted Subsidiary enters into another Acceptable Commitment (a *Second Commitment* ) within 180 days of such cancellation or termination;

**Table of Contents**

*provided, further*, that if any Second Commitment is later cancelled or terminated for any reason before such Net Proceeds are applied, then such Net Proceeds shall constitute Excess Proceeds.

Any Net Proceeds from Asset Sales of Collateral that are not invested or applied as set forth in the first sentence of the preceding paragraph will be deemed to constitute *Collateral Excess Proceeds*. When the aggregate amount of Collateral Excess Proceeds exceeds \$200.0 million, the Issuer shall make an offer to all Holders of the Notes and, if required by the terms of any First Lien Obligations or Obligations secured by a Lien permitted under the Indenture (which Lien is not subordinate to the Lien of the Notes with respect to the Collateral), to the holders of such First Lien Obligations or such other Obligations (a *Collateral Asset Sale Offer*), to purchase the maximum aggregate principal amount of the Notes and such First Lien Obligations or such other Obligations that is a minimum of \$2,000 or an integral multiple of \$1,000 in excess thereof that may be purchased out of the Collateral Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Indenture. The Issuer will commence a Collateral Asset Sale Offer with respect to Collateral Excess Proceeds within ten Business Days after the date that Collateral Excess Proceeds exceed \$200.0 million by mailing the notice required pursuant to the terms of the Indenture, with a copy to the Trustee.

Any Net Proceeds from Asset Sales of non-Collateral that are not invested or applied as provided and within the time period set forth in the first sentence of the second preceding paragraph will be deemed to constitute *Excess Proceeds*. When the aggregate amount of Excess Proceeds exceeds \$200.0 million, the Issuer shall make an offer to all Holders of the Notes and, if required or permitted by the terms of any Senior Indebtedness, to the holders of such Senior Indebtedness (an *Asset Sale Offer*), to purchase the maximum aggregate principal amount of the Notes and such Senior Indebtedness that is a minimum of \$2,000 or an integral multiple of \$1,000 in excess thereof that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Indenture. The Issuer will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$200.0 million by mailing the notice required pursuant to the terms of the Indenture, with a copy to the Trustee.

To the extent that the aggregate amount of Notes and such other First Lien Obligations or Obligations secured by a Lien permitted by the Indenture (which Lien is not subordinate to the Lien of the Notes with respect to the Collateral) tendered pursuant to a Collateral Asset Sale Offer is less than the Collateral Excess Proceeds, the Issuer may use any remaining Collateral Excess Proceeds for general corporate purposes, subject to other covenants contained in the Indenture. To the extent that the aggregate amount of Notes and such Senior Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuer may use any remaining Excess Proceeds for general corporate purposes, subject to other covenants contained in the Indenture. If the aggregate principal amount of Notes or other First Lien Obligations or such other Obligations surrendered by such holders thereof exceeds the amount of Collateral Excess Proceeds, the Trustee shall select the Notes and such other First Lien Obligations or such other Obligations to be purchased on a pro rata basis based on the accreted value or principal amount of the Notes or such other First Lien Obligations or such other Obligations tendered. If the aggregate principal amount of Notes or the Senior Indebtedness surrendered by such holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and such Senior Indebtedness to be purchased on a pro rata basis based on the accreted value or principal amount of the Notes or such Senior Indebtedness tendered. Upon completion of any such Collateral Asset Sale Offer or Asset Sale Offer, the amount of Collateral Excess Proceeds or Excess Proceeds, as the case may be, shall be reset at zero. Additionally, the Issuer may, at its option, make a Collateral Asset Sale Offer or an Asset Sale Offer using proceeds from any Asset Sale at any time after consummation of such Asset Sale; *provided* that such Collateral Asset Sale Offer or Asset Sale Offer shall be in an aggregate amount of not less than \$50.0 million. Upon consummation of such Collateral Asset Sale Offer or Asset Sale Offer, any Net Proceeds not required to be used to purchase Notes shall not be deemed Excess Proceeds.

Pending the final application of any Net Proceeds pursuant to this covenant, the holder of such Net Proceeds may apply such Net Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner not prohibited by the Indenture.

## **Table of Contents**

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the Notes pursuant to a Collateral Asset Sale Offer or an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

### ***Selection and Notice***

If the Issuer is redeeming less than all of the Notes issued by it at any time, the Registrar and Paying Agent will select the Notes to be redeemed (a) if the Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Notes are listed, (b) on a pro rata basis to the extent practicable or (c) by lot or such other similar method in accordance with the procedures of DTC.

Notices of purchase or redemption shall be mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the purchase or Redemption Date to each Holder of Notes at such Holder's registered address or otherwise in accordance with the procedures of DTC, except that redemption notices may be mailed more than 60 days prior to a Redemption Date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. If any Note is to be purchased or redeemed in part only, any notice of purchase or redemption that relates to such Note shall state the portion of the principal amount thereof that has been or is to be purchased or redeemed.

The Issuer will issue a new Note in a principal amount equal to the unredeemed portion of the original Note in the name of the Holder upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the Redemption Date, interest ceases to accrue on Notes or portions thereof called for redemption.

### **Certain Covenants**

Set forth below are summaries of certain covenants contained in the Indenture. If on any date following the Issue Date (i) the Notes have Investment Grade Ratings from both Rating Agencies, and (ii) no Default has occurred and is continuing under the Indenture (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a *Covenant Suspension Event*), the Issuer and the Restricted Subsidiaries will not be subject to the following covenants (collectively, the *Suspended Covenants*):

- (1) Repurchase at the Option of Holders ;
- (2) Limitation on Restricted Payments ;
- (3) Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ;
- (4) clause (4) of the first paragraph of Merger, Consolidation or Sale of All or Substantially All Assets ;
- (5) Transactions with Affiliates ; and
- (6) Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries.

In the event that the Issuer and the Restricted Subsidiaries are not subject to the Suspended Covenants under the Indenture for any period of time as a result of the foregoing, and on any subsequent date (the *Reversion Date*) one or

both of the Rating Agencies (a) withdraw their Investment Grade Rating or downgrade the rating assigned to the Notes below an Investment Grade Rating and/or (b) the Issuer or any of its Affiliates enters into an agreement to effect a transaction that would result in a Change of Control and one or more of the Rating Agencies indicate that if consummated, such transaction (alone or together with any related recapitalization or refinancing transactions) would cause such Rating Agency to withdraw its

Investment Grade Rating or downgrade the ratings assigned to the Notes below an Investment Grade Rating, then the Issuer and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the Indenture with respect to future events, including, without limitation, a proposed transaction described in clause (b) above.

The period of time between the Suspension Date and the Reversion Date is referred to in this description as the *Suspension Period*. Additionally, upon the occurrence of a Covenant Suspension Event, the amount of Excess Proceeds from Net Proceeds shall be reset at zero. In the event of any such reinstatement, no action taken or omitted to be taken by the Issuer or any of its Restricted Subsidiaries prior to such reinstatement will give rise to a Default or Event of Default under the Indentures with respect to Notes; *provided* that (1) with respect to Restricted Payments made after any such reinstatement, the amount of Restricted Payments made will be calculated as though the covenant described under the caption *Limitation on Restricted Payments* had been in effect prior to, but not during the Suspension Period, *provided* that any Subsidiaries designated as Unrestricted Subsidiaries during the Suspension Period shall automatically become Restricted Subsidiaries on the Reversion Date (subject to the Issuer's right to subsequently designate them as Unrestricted Subsidiaries in compliance with the covenants set out below), and (2) all Indebtedness incurred, or Disqualified Stock or Preferred Stock issued, during the Suspension Period will be classified to have been incurred or issued pursuant to clause (3) of the second paragraph of *Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*.

There can be no assurance that the Notes will ever achieve or maintain Investment Grade Ratings.

### ***Limitation on Restricted Payments***

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(I) declare or pay any dividend or make any payment or distribution on account of the Issuer's, or any of its Restricted Subsidiaries' Equity Interests, including any dividend or distribution payable in connection with any merger or consolidation other than:

(a) dividends or distributions by the Issuer payable solely in Equity Interests (other than Disqualified Stock) of the Issuer; or

(b) dividends or distributions by a Restricted Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Restricted Subsidiary other than a Wholly-Owned Subsidiary, the Issuer or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution in accordance with its Equity Interests in such class or series of securities;

(II) purchase, redeem, defease or otherwise acquire or retire for value any Equity Interests of the Issuer or any direct or indirect parent of the Issuer, including in connection with any merger or consolidation;

(III) make any principal payment on, or redeem, repurchase, defease or otherwise acquire or retire for value in each case, prior to any scheduled repayment, sinking fund payment or maturity, any Subordinated Indebtedness, other than:

(a) Indebtedness permitted under clauses (7) and (8) of the covenant described under *Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*; or

(b) the purchase, repurchase or other acquisition of Subordinated Indebtedness purchased in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of purchase, repurchase or acquisition; or

(IV) make any Restricted Investment

**Table of Contents**

(all such payments and other actions set forth in clauses (I) through (IV) above (other than any exception thereto) being collectively referred to as *Restricted Payments* ), unless, at the time of such Restricted Payment:

(1) no Default shall have occurred and be continuing or would occur as a consequence thereof;

(2) immediately after giving effect to such transaction on a pro forma basis, the Issuer could incur \$1.00 of additional Indebtedness under the provisions of the first paragraph of the covenant described under *Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock* ; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Issuer and its Restricted Subsidiaries after November 17, 2006 (including Restricted Payments permitted by clauses (1), (2) (with respect to the payment of dividends on Refunding Capital Stock (as defined below) pursuant to clause (b) thereof only), (6)(c), (9) and (14) of the next succeeding paragraph, but excluding all other Restricted Payments permitted by the next succeeding paragraph), is less than the sum of (without duplication):

(a) 50% of the Consolidated Net Income of the Issuer for the period (taken as one accounting period) beginning October 1, 2006, to the end of the Issuer's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment, or, in the case such Consolidated Net Income for such period is a deficit, minus 100% of such deficit; *plus*

(b) 100% of the aggregate net cash proceeds and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property received by the Issuer since immediately after November 17, 2006 (other than net cash proceeds to the extent such net cash proceeds have been used to incur Indebtedness, Disqualified Stock or Preferred Stock pursuant to clause (12)(a) of the second paragraph of *Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock* ) from the issue or sale of:

(i) (A) Equity Interests of the Issuer, including Treasury Capital Stock (as defined below), but excluding cash proceeds and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property received from the sale of:

(x) Equity Interests to members of management, directors or consultants of the Issuer, any direct or indirect parent company of the Issuer and the Issuer's Subsidiaries after November 17, 2006 to the extent such amounts have been applied to Restricted Payments made in accordance with clause (4) of the next succeeding paragraph; and

(y) Designated Preferred Stock; and

(B) to the extent such net cash proceeds are actually contributed to the Issuer, Equity Interests of the Issuer's direct or indirect parent companies (excluding contributions of the proceeds from the sale of Designated Preferred Stock of such companies or contributions to the extent such amounts have been applied to Restricted Payments made in accordance with clause (4) of the next succeeding paragraph); or

(ii) debt securities of the Issuer that have been converted into or exchanged for such Equity Interests of the Issuer;

*provided, however*, that this clause (b) shall not include the proceeds from (V) Refunding Capital Stock (as defined below), (W) Equity Interests or convertible debt securities of the Issuer sold to a Restricted Subsidiary, as the case may be, (X) Disqualified Stock or debt securities that have been converted into Disqualified Stock, (Y) Excluded Contributions or (Z) the Delayed Equity Amount; *plus*

(c) 100% of the aggregate amount of cash and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property contributed to the capital of the Issuer following November 17, 2006 (other than net cash proceeds to the extent such net cash proceeds (i) have been used to incur Indebtedness, Disqualified Stock or Preferred Stock pursuant to clause (12)(a) of the second

## **Table of Contents**

Accrual of interest, the accretion of accreted value and the payment of interest in the form of additional Indebtedness, Disqualified Stock or Preferred Stock will not be deemed to be an incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided* that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced.

The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

The Indenture provides that the Issuer will not, and will not permit any Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) that is subordinated or junior in right of payment to any Indebtedness of the Issuer or such Guarantor, as the case may be, unless such Indebtedness is expressly subordinated in right of payment to the Notes or such Guarantor's Guarantee to the extent and in the same manner as such Indebtedness is subordinated to other Indebtedness of the Issuer or such Guarantor, as the case may be.

The Indenture does not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (2) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

### ***Limitation on Prepayment or Modification of Existing Notes***

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly purchase, redeem, defease or otherwise acquire or retire for value any of the Existing Notes prior to the final maturity date thereof (as in effect on the Issue Date); *provided* that the Issuer may:

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, amend the Existing Notes Indenture, or any supplemental indenture in respect thereof, in any way to advance the final maturity date or shorten the Weighted Average Life to Maturity of any series of the Existing Notes such that any Existing Notes with a maturity date following the maturity of the Notes would have a maturity date on or prior to the date one year following the maturity date of the Notes or which would prohibit the making of the Guarantees or the creation of Liens in favor of the Notes

and the Guarantees on the Collateral.

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, designate any additional subsidiaries as Restricted Subsidiaries (as defined in the Existing Notes Indenture) for purposes of the Existing Notes Indenture.

(a) if the Notes or such Guarantor's Guarantee is subordinated in right of payment to such Indebtedness, the Guarantee under the supplemental indenture shall be subordinated to such Restricted Subsidiary's guarantee with respect to such Indebtedness substantially to the same extent as the Notes are subordinated to such Indebtedness; and

(b) if such Indebtedness is by its express terms subordinated in right of payment to the Notes or such Guarantor's Guarantee, any such guarantee by such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Guarantee substantially to the same extent as such Indebtedness is subordinated to the Notes; and

(2) such Restricted Subsidiary waives, and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Issuer or any other Restricted Subsidiary as a result of any payment by such Restricted Subsidiary under its Guarantee;

*provided* that this covenant shall not be applicable to (i) any guarantee of any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary and (ii) guarantees of the ABL Facility by the ABL Financing Entities or of any Receivables Facility by any Receivables Subsidiary.

***Reports and Other Information***

Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the Indenture requires

## **Table of Contents**

the Issuer to file with the SEC (and make available to the Trustee and Holders of the Notes (without exhibits), without cost to any Holder, within 15 days after it files them with the SEC) from and after the Issue Date,

(1) within 90 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-K by a non-accelerated filer) after the end of each fiscal year, annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;

(2) within 45 days after the end of each of the first three fiscal quarters of each fiscal year, reports on Form 10-Q containing all quarterly information that would be required to be contained in Form 10-Q, or any successor or comparable form;

(3) promptly from time to time after the occurrence of an event required to be therein reported, such other reports on Form 8-K, or any successor or comparable form; and

(4) any other information, documents and other reports which the Issuer would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act;

in each case in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to prospective purchasers of Notes, in addition to providing such information to the Trustee and the Holders of the Notes, in each case within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act. In addition, to the extent not satisfied by the foregoing, the Issuer will agree that, for so long as any Notes are outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

In the event that any direct or indirect parent company of the Issuer becomes a Guarantor of the Notes, the Indenture permits the Issuer to satisfy its obligations in this covenant with respect to financial information relating to the Issuer by furnishing financial information relating to such parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such parent, on the one hand, and the information relating to the Issuer and its Restricted Subsidiaries on a standalone basis, on the other hand.

Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the exchange offer or the effectiveness of the shelf registration statement described in the Registration Rights Agreement (1) by the filing with the SEC of the exchange offer registration statement or shelf registration statement (or any other similar registration statement), and any amendments thereto, with such financial information that satisfies Regulation S-X, subject to exceptions consistent with the presentation of financial information in the Offering Memorandum, to the extent filed within the times specified above, or (2) by posting reports that would be required to be filed substantially in the form required by the SEC on the Company's website (or that of any of its parent companies) or providing such reports to the Trustee within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act, the financial information (including a Management's Discussion and Analysis of Financial Condition and Results of Operations section) that would be required to be included in such reports, subject to exceptions consistent with the presentation of financial information in the Offering Memorandum, to the extent filed within the times specified above.

## **Events of Default and Remedies**

The Indenture provides that each of the following is an *Event of Default* :

(1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the Notes;

(2) default for 30 days or more in the payment when due of interest or Additional Interest on or with respect to the Notes;

**Table of Contents**

(3) failure by the Issuer or any Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of not less than 30% in principal amount of the Notes to comply with any of its obligations, covenants or agreements (other than a default referred to in clauses (1) and (2) above) contained in the Indenture or the Notes;

(4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuer or any of its Restricted Subsidiaries or the payment of which is guaranteed by the Issuer or any of its Restricted Subsidiaries, other than Indebtedness owed to the Issuer or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the Notes, if both:

(a) such default either results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity; and

(b) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$200.0 million or more at any one time outstanding;

(5) failure by the Issuer or any Significant Subsidiary to pay final judgments aggregating in excess of \$200.0 million, which final judgments remain unpaid, undischarged and unstayed for a period of more than 60 days after such judgment becomes final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;

(6) certain events of bankruptcy or insolvency with respect to the Issuer or any Significant Subsidiary;

(7) the Guarantee of any Significant Subsidiary shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant Subsidiary, as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the Indenture or the release of any such Guarantee in accordance with the Indenture; or

(8) with respect to any Collateral having a fair market value in excess of \$200 million, individually or in the aggregate, (a) the security interest under the Security Documents, at any time, ceases to be in full force and effect for any reason other than in accordance with the terms of the Indenture, the Security Documents and the Intercreditor Agreements, (b) any security interest created thereunder or under the Indenture is declared invalid or unenforceable by a court of competent jurisdiction or (c) the Issuer or any Guarantor asserts, in any pleading in any court of competent jurisdiction, that any such security interest is invalid or unenforceable.

If any Event of Default (other than of a type specified in clause (6) above) occurs and is continuing under the Indenture, the Trustee or the Holders of at least 30% in principal amount of the then total outstanding Notes may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding Notes to be due and payable immediately.

Upon the effectiveness of such declaration, such principal and interest will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section, all outstanding Notes will become due and payable without further action or notice. The Indenture will provide that the Trustee may withhold from the Holders notice of any continuing Default, except a Default relating to the payment of principal, premium, if any, or interest, if it determines that withholding notice is in their interest. In addition, the Trustee shall have no obligation to accelerate the Notes if in the best judgment of the Trustee

acceleration is not in the best interest of the Holders of the Notes.

**Table of Contents**

The Indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding Notes by notice to the Trustee may on behalf of the Holders of all of the Notes waive any existing Default and its consequences under the Indenture except a continuing Default in the payment of interest on, premium, if any, or the principal of any Note held by a non-consenting Holder. In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of the Notes) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose:

- (1) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged; or
- (2) holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default; or
- (3) the default that is the basis for such Event of Default has been cured.

Subject to the provisions of the Indenture relating to the duties of the Trustee thereunder, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the Holders of the Notes unless the Holders have offered to the Trustee indemnity or security reasonably satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no Holder of a Note may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 30% in principal amount of the total outstanding Notes have requested the Trustee to pursue the remedy;
- (3) Holders of the Notes have offered the Trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) Holders of a majority in principal amount of the total outstanding Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, under the Indenture the Holders of a majority in principal amount of the total outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a Note or that would involve the Trustee in personal liability.

The Indenture provides that the Issuer is required to deliver to the Trustee annually a statement regarding compliance with the Indenture, and the Issuer is required, within five Business Days, upon becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

**No Personal Liability of Directors, Officers, Employees and Stockholders**

No director, officer, employee, incorporator or stockholder of the Issuer or any Guarantor or any of their parent companies (other than the Issuer and the Guarantors) shall have any liability for any obligations of the Issuer or the Guarantors under the Notes, the Guarantees or the Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting the Notes waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

**Table of Contents**

**Legal Defeasance and Covenant Defeasance**

The obligations of the Issuer and the Guarantors under the Indenture will terminate (other than certain obligations) and will be released upon payment in full of all of the Notes. The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the Notes and have the Issuer's and each Guarantor's obligation discharged with respect to its Guarantee ( *Legal Defeasance* ) and cure all then existing Events of Default except for:

- (1) the rights of Holders of the Notes to receive payments in respect of the principal of, premium, if any, and interest on the Notes when such payments are due solely out of the trust created pursuant to the Indenture;
- (2) the Issuer's obligations with respect to Notes concerning issuing temporary Notes, registration of such Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the Indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to certain covenants that are described in the Indenture ( *Covenant Defeasance* ) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Issuer) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the Notes:

- (1) the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the Notes, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest due on the Notes on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest on such Notes, and the Issuer must specify whether such Notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions,
  - (a) the Issuer has received from, or there has been published by, the United States Internal Revenue Service a ruling, or
  - (b) since the issuance of the Notes, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, subject to customary assumptions and exclusions, the Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes, as applicable, as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions, the Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to such tax on the same amounts,

in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the Senior Credit Facilities or any other material agreement or instrument (other than the Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

(6) the Issuer shall have delivered to the Trustee an Opinion of Counsel to the effect that, as of the date of such opinion and subject to customary assumptions and exclusions following the deposit, the trust funds will not be subject to the effect of Section 547 of Title 11 of the United States Code;

(7) the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuer or any Guarantor or others; and

(8) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

**Satisfaction and Discharge**

The Indenture will be discharged and will cease to be of further effect as to all Notes, when either:

(1) all Notes theretofore authenticated and delivered, except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust, have been delivered to the Trustee for cancellation; or

(2) (a) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or may be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer, and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders of the Notes, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on the Notes not theretofore delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(b) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) with respect to the Indenture or the Notes shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit, and such deposit will not result in a breach or violation of, or constitute a default under, the Senior Credit Facilities or any other material agreement or instrument (other than the Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other

Indebtedness and, in each case, the granting of Liens in connection therewith);

(c) the Issuer has paid or caused to be paid all sums payable by it under the Indenture; and

**Table of Contents**

(d) the Issuer has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

**Amendment, Supplement and Waiver**

Except as provided in the next two succeeding paragraphs, the Indenture, any Guarantee, any Security Document and the Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding, including consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes, and any existing Default or compliance with any provision of the Indenture, the Notes issued thereunder, any Guarantee or the Security Documents may be waived with the consent of the Holders of a majority in principal amount of the then outstanding Notes, other than Notes beneficially owned by the Issuer or its Affiliates (including consents obtained in connection with a purchase of or tender offer or exchange offer for the Notes).

- (9) make any change to or modify the ranking of the Notes or the subordination of the Liens with respect to the Notes that would adversely affect the Holders; or
- (10) except as expressly permitted by the Indenture, modify the Guarantees of any Significant Subsidiary in any manner adverse to the Holders of the Notes.

In addition, without the consent of at least 75% in aggregate principal amount of Notes then outstanding, an amendment, supplement or waiver may not:

(1) modify any Security Document or the provisions of the Indenture dealing with the Security Documents or application of trust moneys, or otherwise release any Collateral, in any manner materially adverse to the Holders other than in accordance with the Indenture, the Security Documents and the Intercreditor Agreements; or

**Table of Contents**

subsequent to the commencement of the period for which the Fixed Charge Coverage Ratio is being calculated but prior to or simultaneously with the event for which the calculation of the Fixed Charge Coverage Ratio is made (the *Fixed Charge Coverage Ratio Calculation Date* ), then the Fixed Charge Coverage Ratio shall be calculated giving pro forma effect to such incurrence, assumption, guarantee, redemption, retirement or extinguishment of Indebtedness, or such issuance or redemption of Disqualified Stock or Preferred Stock, as if the same had occurred at the beginning of the applicable four-quarter period.

For purposes of making the computation referred to above, Investments, acquisitions, dispositions, mergers, consolidations and disposed operations (as determined in accordance with GAAP) that have been made by the Issuer or any of its Restricted Subsidiaries during the four-quarter reference period or subsequent to such reference period and on or prior to or simultaneously with the Fixed Charge Coverage Ratio Calculation Date shall be calculated on a pro forma basis assuming that all such Investments, acquisitions, dispositions, mergers, consolidations and disposed operations (and the change in any associated fixed charge obligations and the change in EBITDA resulting therefrom) had occurred on the first day of the four-quarter reference period. For purposes of this definition, whenever pro forma effect is to be given to a transaction, the pro forma calculations shall be made in good faith by a responsible financial or accounting officer of the Issuer. If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest on such Indebtedness shall be calculated as if the rate in effect on the Fixed Charge Coverage Ratio Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligations applicable to such Indebtedness). Interest on a Capitalized Lease Obligation shall be deemed to accrue at an interest rate reasonably determined by a responsible financial or accounting officer of the Issuer to be the rate of interest implicit in such Capitalized Lease Obligation in accordance with GAAP. For purposes of making the computation referred to above, interest on any Indebtedness under a revolving credit facility computed on a pro forma basis shall be computed based upon the average daily balance of such Indebtedness during the applicable period except as set forth in the first paragraph of this definition. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate or other rate shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as the Issuer may designate.

**DESCRIPTION OF THE AUGUST 2009 NOTES**

**General**

Certain terms used in this description are defined under the subheading *Certain Definitions*. In this description, the terms *we*, *our*, *us* and *the Company* each refer to HCA Inc. (the *Issuer*) and its consolidated Subsidiaries.

The Issuer issued \$1,250,000,000 aggregate principal amount of 77/8% senior secured notes due 2020 (the *Notes*) under an indenture dated as of the closing date of the offering of the Notes (the *Indenture*) among the Issuer, the Guarantors and Law Debenture Trust Company of New York, as trustee (the *Trustee*), and Deutsche Bank Trust Company Americas, as Paying Agent, Registrar and Transfer Agent. The Notes were issued in a private transaction that is not subject to the registration requirements of the Securities Act. Except as set forth herein, the terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act.

The following description is only a summary of the material provisions of the Indenture, does not purport to be complete and is qualified in its entirety by reference to the provisions of those agreements, including the definitions therein of certain terms used below. We urge you to read the Indenture because it, and not this description, defines your rights as Holders of the Notes.

**Brief Description of Notes**

The Notes:

are general senior obligations of the Issuer;

are secured on a first-priority basis, equally and ratably with all existing and future obligations of the Issuer and the Guarantors under any existing and future First Lien Obligations, by all of the assets of the Issuer and the Guarantors which secure the General Credit Facility (other than the European Collateral), subject to the Liens securing the Issuer's and the Guarantors' ABL Obligations and other Permitted Liens;

are secured on a second-priority basis, equally and ratably with all existing and future obligations of the Issuer and the Guarantors under any existing and future First Lien Obligations, by all of the assets of the Issuer and the Guarantors securing the ABL Facility which also secure the General Credit Facility, subject to the Liens securing the Issuer's and the Guarantors' ABL Obligations and other Permitted Liens;

are effectively subordinated to the Issuer's and the Guarantors' obligations under the ABL Facility, to the extent of the value of the Shared Receivables Collateral;

are effectively subordinated to any obligations secured by Permitted Liens, to the extent of the value of the assets of the Issuer and the Guarantors subject to those Permitted Liens;

are structurally subordinated to any existing and future indebtedness and liabilities of non-guarantor Subsidiaries, including the ABL Financing Entities and the Issuer's Foreign Subsidiaries and any Unrestricted Subsidiaries and including indebtedness under the Company's senior secured European term loan facility included in the General Credit Facility;

rank equally in right of payment with all existing and future senior Indebtedness of the Issuer and the Guarantors but, to the extent of the value of the Collateral, are effectively senior to all of the Issuer's and the Guarantors' unsecured senior Indebtedness (including the Existing Notes) and Junior Lien Obligations (including the Existing Second Priority Notes);

are senior in right of payment to any future Subordinated Indebtedness (as defined with respect to the Notes) of the Issuer;

## **Table of Contents**

are initially unconditionally guaranteed on a joint and several and senior basis by each Restricted Subsidiary that guarantees the General Credit Facility (other than any Foreign Subsidiary); and

are subject to registration with the SEC pursuant to the Registration Rights Agreement.

## **Guarantees**

The Guarantors, as primary obligors and not merely as sureties, jointly and severally fully and unconditionally guarantee, on a senior basis, the performance and full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Issuer under the Indenture and the Notes, whether for payment of principal of, premium, if any, or interest or Additional Interest in respect of the Notes, expenses, indemnification or otherwise, on the terms set forth in the Indenture by executing the Indenture.

The Restricted Subsidiaries which guarantee the General Credit Facility guarantee the Notes. Each of the Guarantees of the Notes is a general senior obligation of each Guarantor and is secured by a first-priority lien on all of the assets of each Guarantor which secure the General Credit Facility (other than the European Collateral) and by a second-priority lien on all of the assets of each Guarantor which secure the ABL Facility. The Guarantees rank equally in right of payment with all existing and future senior Indebtedness of the Guarantor but, to the extent of the value of the Collateral, are effectively senior to all of the Guarantor's unsecured senior Indebtedness and Junior Lien Obligations and, to the extent of the Shared Receivables Collateral, are effectively subordinated to the Guarantor's Obligations under the ABL Facility and any future ABL Obligations. The Guarantees are senior in right of payment to all existing and future Subordinated Indebtedness of each Guarantor. The Notes are structurally subordinated to Indebtedness and other liabilities of Subsidiaries of the Issuer that do not Guarantee the Notes.

Not all of the Issuer's Subsidiaries Guarantee the Notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to the Issuer. None of our Subsidiaries which are Restricted Subsidiaries for purposes of the Existing Notes Indenture, Foreign Subsidiaries, ABL Financing Entities, non-Wholly Owned Subsidiaries or any Receivables Subsidiaries will guarantee the Notes. For the year ended December 31, 2009, our non-guarantor Subsidiaries accounted for approximately \$12.468 billion, or 41.5%, of our total revenues. As of December 31, 2009, our non-guarantor Subsidiaries held approximately \$9.672 billion, or 40.1%, of our total assets and approximately \$6.750 billion, or 21.1%, of our total liabilities. See Note 16 to our consolidated financial statements included in this prospectus.

The obligations of each Guarantor under its Guarantee are limited as necessary to prevent the Guarantee from constituting a fraudulent conveyance under applicable law.

Any entity that makes a payment under its Guarantee is entitled upon payment in full of all guaranteed obligations under the Indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with GAAP.

If a Guarantee were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero. See Risk Factors Risks Related to the Notes Federal and state fraudulent transfer laws may permit a court to void the guarantees, and, if that occurs, you may not receive any payments on the notes.

Each Guarantee by a Guarantor provides by its terms that it will be automatically and unconditionally released and discharged upon:

(1) (a) any sale, exchange or transfer (by merger or otherwise) of the Capital Stock of such Guarantor (including any sale, exchange or transfer), after which the applicable Guarantor is no longer a

## **Table of Contents**

Restricted Subsidiary or all or substantially all the assets of such Guarantor, which sale, exchange or transfer is made in compliance with the applicable provisions of the Indenture;

(b) the release or discharge of the guarantee by such Guarantor of the Senior Credit Facilities or such other guarantee that resulted in the creation of such Guarantee, except a discharge or release by or as a result of payment under such guarantee;

(c) the designation of any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in compliance with the applicable provisions of the Indenture; or

(d) the exercise by the Issuer of its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the discharge of the Issuer's obligations under the Indenture in accordance with the terms of the Indenture; and

(2) such Guarantor delivering to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in the Indenture relating to such transaction have been complied with.

## **Holding Company Structure**

The Issuer is a holding company for its Subsidiaries, with no material operations of its own and only limited assets. Accordingly, the Issuer is dependent upon the distribution of the earnings of its Subsidiaries, whether in the form of dividends, advances or payments on account of intercompany obligations, to service its debt obligations.

## **Security**

### ***General***

The Notes and the Guarantees are secured by perfected first-priority security interests in the Non-Receivables Collateral and by perfected second-priority security interests in the Shared Receivables Collateral (second in priority to the first-priority Liens on the Shared Receivables Collateral securing the ABL Obligations), in each case, subject to Permitted Liens. Notwithstanding the foregoing, neither the Notes nor the Guarantees are secured by the European Collateral or the Separate Receivables Collateral. The ABL Secured Parties have rights and remedies with respect to the Shared Receivables Collateral that, if exercised, could adversely affect the value of the Shared Receivables Collateral or the ability of the respective agents under the Intercreditor Agreements to realize or foreclose on the Shared Receivables Collateral on behalf of the First Lien Secured Parties. First Lien Secured Parties other than the Holders of the Notes have rights and remedies with respect to the Collateral that, if exercised, could also adversely affect the value of the Collateral on behalf of the Holders of the Notes, particularly the rights described below under First Lien Intercreditor Agreement. For a description of the Shared Receivables Collateral and the Non-Receivables Collateral, see Description of Other Indebtedness Senior Secured Credit Facilities Guarantee and Security.

The Issuer and the Guarantors are and will be able to incur additional Indebtedness in the future which could share in the Collateral, including additional First Lien Obligations, additional ABL Obligations, additional Junior Lien Obligations and Obligations secured by Permitted Liens. The amount of such additional Obligations is and will be limited by the covenant described under Certain Covenants Liens and the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock. Under certain circumstances, the amount of any such additional Obligations could be significant.

### ***After-Acquired Collateral***

From and after the Issue Date and subject to certain limitations and exceptions, (a) if the Issuer or any Guarantor creates any additional security interest upon any property or asset that would constitute Collateral to secure any First Lien Obligations (other than European Collateral and Separate Receivables Collateral), it must concurrently grant a first-priority perfected security interest (subject to Permitted Liens) upon such property as

## **Table of Contents**

security for the Notes and (b) if the Issuer or any Guarantor creates any additional security interest upon any property or asset that would constitute Shared Receivables Collateral to secure any ABL Obligations, it must concurrently grant a second-priority perfected security interest (subject to Permitted Liens) upon such property as security for the Notes.

### ***Liens with Respect to the Collateral***

The Issuer, the Guarantors and the First Lien Collateral Agent entered into Security Documents in connection with the General Credit Facility and the Existing First Priority Notes with respect to the Collateral defining the terms of the security interests that secure the General Credit Facility and the Existing First Priority Notes with respect to such Collateral and that define the terms of the security interests that secure the Notes and the Guarantees with respect to such Collateral. These security interests secure the payment and performance when due of all of the Obligations of the Issuers and the Guarantors under the Notes, the Indenture, the Guarantees and the Security Documents, as provided in the Security Documents.

### ***First Lien Intercreditor Agreement***

The First Lien Collateral Agent has entered into, and the Trustee, as authorized representative for the holders of the notes, has consented to, a First Lien Intercreditor Agreement (as the same may be amended from time to time, the *First Lien Intercreditor Agreement* ) with the Authorized Representative of the General Credit Facility Obligations with respect to the Collateral, which may be amended from time to time without the consent of the Holders to add other parties holding First Lien Obligations permitted to be incurred under the Indenture, General Credit Facility, the Existing First Priority Notes Indenture and the First Lien Intercreditor Agreement. The First Lien Collateral Agent is initially the collateral agent under the General Credit Facility.

Under the First Lien Intercreditor Agreement, as described below, the Applicable Authorized Representative has the right to direct foreclosures and take other actions with respect to the Common Collateral, and the Authorized Representatives of other Series of First Lien Obligations have no right to take actions with respect to the Common Collateral. The Applicable Authorized Representative is the administrative agent under the General Credit Facility, and the Trustee for the Holders, as Authorized Representative in respect of the Notes, will have no rights to take any action under the First Lien Intercreditor Agreement. Because the Existing First Priority Notes were issued in a greater aggregate principal amount than expected for the Notes and the covenants and events of default under the Existing First Priority Notes Indenture are substantially identical to those described herein, the Authorized Representative for the Notes is unlikely to become the Major Non-Controlling Authorized Representative at a time when the Existing First Priority Notes are outstanding.

The administrative agent under the General Credit Facility will remain the Applicable Authorized Representative until the earlier of (1) the Discharge of General Credit Facility Obligations and (2) the Non-Controlling Authorized Representative Enforcement Date (such date, the *Applicable Authorized Agent Date* ). After the Applicable Authorized Agent Date, the Applicable Authorized Representative will be the Authorized Representative of the Series of Additional First Lien Obligations that constitutes the largest outstanding principal amount of any then outstanding Series of First Lien Obligations, other than the General Credit Facility Obligations, with respect to the Common Collateral (the *Major Non-Controlling Authorized Representative* ).

The *Non-Controlling Authorized Representative Enforcement Date* is the date that is 90 days (throughout which 90-day period the applicable Authorized Representative was the Major Non-Controlling Authorized Representative) after the occurrence of both (a) an event of default, as defined in the Indenture or other applicable indenture for that Series of First Lien Obligations, and (b) the First Lien Collateral Agent s and each other Authorized Representative s receipt of written notice from that Authorized Representative certifying that (i) such Authorized Representative is the Major Non-Controlling Authorized Representative and that an event of default, as defined in the Indenture or other

applicable indenture for that Series of First Lien Obligations, has occurred and is continuing and (ii) the First Lien Obligations of that Series are currently due

**Table of Contents**

and payable in full (whether as a result of acceleration thereof or otherwise) in accordance with the Indenture or other applicable indenture for that Series of First Lien Obligations; *provided* that the Non-Controlling Authorized Representative Enforcement Date shall be stayed and shall not occur and shall be deemed not to have occurred with respect to any Shared Collateral (1) at any time the administrative agent under the General Credit Facility or the First Lien Collateral Agent has commenced and is diligently pursuing any enforcement action with respect to such Common Collateral or (2) at any time the Issuer or the Guarantor that has granted a security interest in such Common Collateral is then a debtor under or with respect to (or otherwise subject to) any insolvency or liquidation proceeding.

The Applicable Authorized Representative shall have the sole right to instruct the First Lien Collateral Agent to act or refrain from acting with respect to the Common Collateral, (b) the First Lien Collateral Agent shall not follow any instructions with respect to such Common Collateral from any representative of any Non-Controlling Secured Party or other First Lien Secured Party (other than the Applicable Authorized Representative), and (c) no Authorized Representative of any Non-Controlling Secured Party or other First Lien Secured Party (other than the Applicable Authorized Representative) will instruct the First Lien Collateral Agent to commence any judicial or non-judicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its interests in or realize upon, or take any other action available to it in respect of, the Common Collateral.

Notwithstanding the equal priority of the Liens, the First Lien Collateral Agent, acting on the instructions of the Applicable Authorized Representative, may deal with the Common Collateral as if such Applicable Authorized Representative had a senior Lien on such Collateral. No representative of any Non-Controlling Secured Party may contest, protest or object to any foreclosure proceeding or action brought by the First Lien Collateral Agent, Applicable Authorized Representative or Controlling Secured Party. The Trustee and each other Authorized Representative agrees that it will not accept any Lien on any Collateral for the benefit of the Holders (other than funds deposited for the discharge or defeasance of the Notes) other than pursuant to the First Lien Security Documents. Each of the New First Lien Secured Parties also agrees that it will not contest or support any other person in contesting, in any proceeding (including any insolvency or liquidation proceeding), the perfection, priority, validity or enforceability of a Lien held by or on behalf of any of the New First Lien Secured Parties in all or any part of the Collateral, or the provisions of the First Lien Intercreditor Agreement.

If a First Lien Event of Default has occurred and is continuing and the First Lien Collateral Agent is taking action to enforce rights in respect of any Common Collateral, or any distribution is made with respect to any Common Collateral in any bankruptcy case of the Issuer or any Guarantor, the proceeds of any sale, collection or other liquidation of any such Collateral by the First Lien Collateral Agent or any other First Lien Secured Party (or received pursuant to any other intercreditor agreement), as applicable, and proceeds of any such distribution (subject, in the case of any such distribution, to the paragraph immediately following) to which the First Lien Obligations are entitled under any other intercreditor agreement shall be applied among the First Lien Obligations to the payment in full of the First Lien Obligations on a ratable basis, after payment of all amounts owing to the First Lien Collateral Agent.

Notwithstanding the foregoing, with respect to any Common Collateral for which a third party (other than a First Lien Secured Party) has a lien or security interest that is junior in priority to the security interest of any Series of First Lien Obligations but senior (as determined by appropriate legal proceedings in the case of any dispute) to the security interest of any other Series of First Lien Obligations (such third party, an *Intervening Creditor* ), the value of any Common Collateral or proceeds which are allocated to such Intervening Creditor shall be deducted on a ratable basis solely from the Common Collateral or proceeds to be distributed in respect of the Series of First Lien Obligations with respect to which such Impairment exists.

None of the First Lien Secured Parties may institute any suit or assert in any suit, bankruptcy, insolvency or other proceeding any claim against the First Lien Collateral Agent or any other First Lien Secured Party seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Common Collateral. In addition, none of the First Lien Secured Parties may seek to have any Common

Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Collateral. If any First Lien Secured Party obtains possession of any Common Collateral or realizes any proceeds or payment in respect thereof, at any time prior to the discharge of each of the First Lien Obligations, then it must hold such Common Collateral, proceeds or payment in trust for the other First Lien Secured Parties and promptly transfer such Common Collateral, proceeds or payment to the First Lien Collateral Agent to be distributed in accordance with the First Lien Intercreditor Agreement.

If the Issuer or any Guarantor becomes subject to any bankruptcy case, the First Lien Intercreditor Agreement provides that (1) if the Issuer or any Guarantor shall, as debtor(s)-in-possession, move for approval of financing (the *DIP Financing* ) to be provided by one or more lenders (the *DIP Lenders* ) under Section 364 of the Bankruptcy Code or the use of cash collateral under Section 363 of the Bankruptcy Code, each First Lien Secured Party will agree not to object to any such financing or to the Liens on the Common Collateral securing the same (the *DIP Financing Liens* ) or to any use of cash collateral that constitutes Common Collateral, unless any Controlling Secured Party, or an Authorized Representative of any Controlling Secured Party, shall then oppose or object to such DIP Financing or such DIP Financing Liens or use of cash collateral (and (i) to the extent that such DIP Financing Liens are senior to the Liens on any such Common Collateral for the benefit of the Controlling Secured Parties, each Non-Controlling Secured Party will subordinate its Liens with respect to such Common Collateral on the same terms as the Liens of the Controlling Secured Parties (other than any Liens of any First Lien Secured Parties constituting DIP Financing Liens) are subordinated thereto, and (ii) to the extent that such DIP Financing Liens rank *pari passu* with the Liens on any such Common Collateral granted to secure the First Lien Obligations of the Controlling Secured Parties, each Non-Controlling Secured Party will confirm the priorities with respect to such Common Collateral as set forth in the First Lien Intercreditor Agreement), in each case so long as:

(A) the First Lien Secured Parties of each Series retain the benefit of their Liens on all such Common Collateral pledged to the DIP Lenders, including proceeds thereof arising after the commencement of such proceeding, with the same priority vis-a-vis all the other First Lien Secured Parties (other than any Liens of the First Lien Secured Parties constituting DIP Financing Liens) as existed prior to the commencement of the bankruptcy case,

(B) the First Lien Secured Parties of each Series are granted Liens on any additional collateral pledged to any First Lien Secured Parties as adequate protection or otherwise in connection with such DIP Financing or use of cash collateral, with the same priority vis-a-vis the First Lien Secured Parties as set forth in the First Lien Intercreditor Agreement,

(C) if any amount of such DIP Financing or cash collateral is applied to repay any of the First Lien Obligations, such amount is applied pursuant to the First Lien Intercreditor Agreement, and

(D) if any First Lien Secured Parties are granted adequate protection, including in the form of periodic payments, in connection with such DIP Financing or use of cash collateral, the proceeds of such adequate protection is applied pursuant to the First Lien Intercreditor Agreement;

*provided* that the First Lien Secured Parties of each Series shall have a right to object to the grant of a Lien to secure the DIP Financing over any Collateral subject to Liens in favor of the First Lien Secured Parties of such Series or its representative that shall not constitute Common Collateral; and *provided, further*, that the First Lien Secured Parties receiving adequate protection shall not object to any other First Lien Secured Party receiving adequate protection comparable to any adequate protection granted to such First Lien Secured Parties in connection with a DIP Financing or use of cash collateral.

The First Lien Secured Parties acknowledge that the First Lien Obligations of any Series may, subject to the limitations set forth in the other First Lien Documents, be increased, extended, renewed, replaced, restated,

supplemented, restructured, repaid, refunded, refinanced or otherwise amended or modified from time to time, all without affecting the priorities set forth in the First Lien Intercreditor Agreement defining the relative rights of the First Lien Secured Parties of any Series.

***Additional General Intercreditor Agreement***

The First Lien Collateral Agent is a party to an Additional General Intercreditor Agreement dated the Issue Date (as the same may be amended from time to time, the *Additional General Intercreditor Agreement* ), by and among the First Lien Collateral Agent, the Junior Lien Collateral Agent and the trustees under the Existing Second Priority Notes Indentures and the Existing First Priority Notes Indenture, by which the Notes are given the same ranking and rights with respect to the Collateral as provided to the General Credit Facility under the General Intercreditor Agreement, dated as of November 17, 2006, by and among the First Lien Collateral Agent and the Junior Lien Collateral Agent. Pursuant to the terms of the Additional General Intercreditor Agreement and subject to the First Lien Intercreditor Agreement, prior to the Discharge of New First Lien Obligations, the First Lien Collateral Agent, acting on behalf of the New First Lien Secured Parties, will determine the time and method by which the security interests in the Collateral will be enforced and will have the sole and exclusive right to manage, perform and enforce the terms of the Security Documents relating to the Collateral and to exercise and enforce all privileges, rights and remedies thereunder according to its direction, including to take or retake control or possession of such Collateral and to hold, prepare for sale, marshal, process, sell, lease, dispose of or liquidate such Collateral, including, without limitation, following the occurrence of a Default or Event of Default under the Indenture. The Junior Lien Collateral Agent will not be permitted to enforce the security interests even if any event of default under an Existing Second Priority Notes Indenture has occurred and the Existing Second Priority Notes issued thereunder have been accelerated except (a) in any insolvency or liquidation proceeding, solely as necessary to file a proof of claim or statement of interest with respect to the Junior Lien Obligations or (b) as necessary to take any action in order to prove, preserve, perfect or protect (but not enforce) its security interest and rights in, and the perfection and priority of its Lien on, the Collateral.

The Junior Lien Collateral Agent, for itself and on behalf of each Junior Lien Secured Party, has agreed pursuant to the Additional General Intercreditor Agreement that (a) it will not (and thereby waives any right to) take any action to challenge, contest or support any other Person in contesting or challenging, directly or indirectly, in any proceeding (including any insolvency or liquidation proceeding), the validity, perfection, priority or enforceability of a Lien securing any New First Lien Obligations held (or purported to be held) by or on behalf of the First Lien Collateral Agent or any of the New First Lien Secured Parties or any agent or trustee therefor in any Collateral or other collateral securing both the New First Lien Obligations and any Junior Lien Obligations and (b) it will not oppose or otherwise contest (or support any other Person contesting) any request for judicial relief made in any court by the First Lien Collateral Agent or any New First Lien Secured Parties relating to the lawful enforcement of any First Priority Lien on Collateral or other collateral securing both the New First Lien Obligations and any Junior Lien Obligations.

In addition, the Security Documents provide that, subject to the First Lien Intercreditor Agreement, prior to the Discharge of New First Lien Obligations, the First Lien Collateral Agent may take actions with respect to the Collateral (including the release of Collateral and the manner of realization (subject to the provisions described under Release of Collateral )) without the consent of the Junior Lien Collateral Agent or other Junior Lien Secured Parties.

The Collateral or proceeds thereof received in connection with the sale or other disposition of, or collection on, such Non-Receivables Collateral upon the exercise of remedies will be applied to the First Lien Obligations to be distributed in accordance with the First Lien Intercreditor Agreement prior to application to any Junior Lien Obligations in such order as specified in the relevant First Lien Documents until the Discharge of New First Lien Obligations has occurred.

In addition, so long as the Discharge of New First Lien Obligations has not occurred, neither the Junior Lien Collateral Agent nor any Junior Lien Representative shall acquire or hold any Lien on any assets of the Issuer or any Subsidiary (and neither the Issuer nor any Subsidiary shall grant such Lien) securing any Junior Lien Obligations that are not also subject to the First Priority Lien in respect of the New First Lien Obligations under the New First Lien Documents.

The Junior Lien Collateral Agent and each other Junior Lien Secured Party agrees that any Lien purported to be granted on any collateral as security for New First Lien Obligations shall be deemed to be and

**Table of Contents**

shall be deemed to remain senior in all respects and prior to all Liens on such collateral securing any Junior Lien Obligations for all purposes regardless of whether the Lien purported to be granted is found to be improperly granted, improperly perfected, preferential, a fraudulent conveyance or legally or otherwise deficient in any manner.

If any New First Lien Secured Party is required in any insolvency or liquidation proceeding or otherwise to turn over or otherwise pay to the estate of the Issuer or any other Guarantor (or any trustee, receiver or similar person therefor), because the payment of such amount was declared to be fraudulent or preferential in any respect or for any other reason, any amount (a *Recovery* ), whether received as proceeds of security, enforcement of any right of setoff or otherwise, then as among the parties hereto, the New First Lien Obligations shall be deemed to be reinstated to the extent of such Recovery and to be outstanding as if such payment had not occurred and such New First Lien Secured Party shall be entitled to a reinstatement of New First Lien Obligations with respect to all such recovered amounts and shall have all rights hereunder. If the Additional General Intercreditor Agreement shall have been terminated prior to such Recovery, the Additional General Intercreditor Agreement shall be reinstated in full force and effect, and such prior termination shall not diminish, release, discharge, impair or otherwise affect the obligations of the parties thereto.

The Additional General Intercreditor Agreement provides that so long as the Discharge of New First Lien Obligations has not occurred, whether or not any insolvency or liquidation proceeding has been commenced by or against the Issuer or any Guarantor, (i) neither the Junior Lien Collateral Agent, any Junior Lien Representative nor any Junior Lien Secured Party will (x) exercise or seek to exercise any rights or remedies (including setoff or the right to credit bid debt (except under limited circumstances)) with respect to any collateral securing both the New First Lien Obligations and any Junior Lien Obligations in respect of any applicable Junior Lien Obligations, or institute any action or proceeding with respect to such rights or remedies (including any action of foreclosure), (y) contest, protest or otherwise object to any foreclosure or enforcement proceeding or action brought with respect to the Collateral or any other collateral by the First Lien Collateral Agent or any New First Lien Secured Party in respect of the New First Lien Obligations, the exercise of any right by the First Lien Collateral Agent or any New First Lien Secured Party (or any agent or sub-agent on their behalf) in respect of the New First Lien Obligations under any control agreement, lockbox agreement, landlord waiver or bailee's letter or similar agreement or arrangement to which the Junior Lien Collateral Agent, any Junior Lien Representative or any Junior Lien Secured Party either is a party or may have rights as a third-party beneficiary, or any other exercise by any such party of any rights and remedies as a secured party relating to such collateral or any other collateral under the New First Lien Documents or otherwise in respect of New First Lien Obligations, or (z) object to any waiver or forbearance by the First Lien Secured Parties from or in respect of bringing or pursuing any foreclosure proceeding or action or any other exercise of any rights or remedies relating to such collateral or any other collateral in respect of New First Lien Obligations and (ii) except as otherwise provided in the Additional General Intercreditor Agreement, the First Lien Collateral Agent and the New First Lien Secured Parties shall have the sole and exclusive right to enforce rights, exercise remedies (including setoff and the right to credit bid their debt), marshal, process and make determinations regarding the release, disposition or restrictions, or waiver or forbearance of rights or remedies with respect to such collateral without any consultation with or the consent of the Junior Lien Collateral Agent, any Junior Lien Representative or any Junior Lien Secured Party.

In addition, the Junior Lien Collateral Agent, each Junior Lien Representative and each other Junior Lien Secured Party have agreed, among other things, that if the Issuer or any Guarantor is subject to any insolvency or liquidation proceeding if the First Lien Collateral Agent, subject to the First Lien Intercreditor Agreement, desires to permit the use of cash collateral or to permit the Issuer or any Guarantor to obtain financing under Section 363 or Section 364 of the Bankruptcy Code or any similar provision in any Bankruptcy Law ( *DIP Financing* ), including if such DIP Financing is secured by Liens senior in priority to the Liens securing the Junior Lien Obligations, then the Junior Lien Collateral Agent and each Junior Lien Representative, on behalf of itself and each applicable Junior Lien Secured Party, agrees not to object to such use of cash collateral or DIP Financing and will not request adequate protection or any other relief in connection therewith (except to the extent permitted by the Additional General Intercreditor

Agreement) and, to the extent the Liens securing the new First Lien Obligations are subordinated or *pari passu* with such DIP Financing, will subordinate its

**Table of Contents**

Liens in the Collateral and any other collateral to such DIP Financing (and all Obligations relating thereto) on the same basis as they are subordinated to the New First Lien Obligations.

Subject to the terms of the Security Documents, the Issuer and the Guarantors have the right to remain in possession and retain exclusive control of the Collateral securing the Notes and the Notes Obligations (other than securities, instruments and chattel paper constituting part of the Collateral and deposited with the First Lien Collateral Agent in accordance with the provisions of the First Lien Security Documents and any Shared Receivables Collateral subject to a control agreement under the circumstances described in the First Lien Security Documents), to freely operate the Collateral and to collect, invest and dispose of any income therefrom.

***Release of Collateral***

Under the First Lien Intercreditor Agreement, if at any time the Applicable Authorized Representative forecloses upon or otherwise exercises remedies against any Common Collateral, then (whether or not any insolvency or liquidation proceeding is pending at the time) the Liens in favor of the First Lien Collateral Agent for the benefit of the Trustee and the Holders of the Notes and each other Series of First Lien Secured Parties upon such Common Collateral will automatically be released and discharged. However, any proceeds of any Common Collateral realized therefrom will be applied as described under First Lien Intercreditor Agreement.

Under the Additional Receivables Intercreditor Agreement, if at any time the Issuer or any Guarantor or any ABL Secured Party delivers notice that any Shared Receivables Collateral is sold, transferred or otherwise disposed of by the owner of that Collateral in a transaction permitted under the ABL Facility, the General Credit Facility and the Indenture or the ABL Secured Parties are releasing or have released their Liens on such Shared Receivables Collateral in connection with a disposition in connection with an exercise of remedies with respect to such Collateral, then the Liens on such Shared Receivables Collateral securing New First Lien Obligations or Junior Lien Obligations will automatically be released and discharged as and when, but only to the extent, such Liens on such Shared Receivables Collateral securing ABL Obligations are released and discharged, provided that in the case of a disposition in connection with an exercise of remedies, any proceeds thereof not applied to repay ABL Obligations shall be subject to the Liens securing the First Lien Obligations and the Junior Lien Obligations and shall be applied pursuant to the Additional Receivables Intercreditor Agreement and the First Lien Intercreditor Agreement.

The Issuer and the Guarantors will be entitled to the release of property and other assets constituting Collateral from the Liens securing the Notes and the Notes Obligations under any one or more of the following circumstances:

- (1) to enable us to consummate the sale, transfer or other disposition of such property or assets to the extent not prohibited under the covenant described under Repurchase at the Option of Holders Asset Sales ;
- (2) the release of Excess Proceeds or Collateral Excess Proceeds that remain unexpended after the conclusion of an Asset Sale Offer or a Collateral Asset Sale Offer conducted in accordance with the Indenture;
- (3) in the case of a Guarantor that is released from its Guarantee with respect to the Notes pursuant to the terms of the Indenture, the release of the property and assets of such Guarantor;
- (4) with the consent of the holders of at least 75% of the aggregate principal amount of the Notes then outstanding and affected thereby and a majority of all Junior Lien Obligations (including the Existing Second Priority Notes) then outstanding and affected thereby (including, without limitation, consents obtained in connection with a tender offer or exchange offer for, or purchase of, Junior Lien Obligations); or
- (5) as described under Amendment, Supplement and Waiver below.

To the extent necessary and for so long as required for such Subsidiary not to be subject to any requirement pursuant to Rule 3-16 of Regulation S-X under the Securities Act to file separate financial statements with the SEC (or any other governmental agency), the Capital Stock of any Subsidiary of the Company (excluding Healthtrust, Inc. The Hospital Company, a Delaware corporation and its successors and assigns) shall not be included in the Collateral with respect to the Notes (as described under Certain Limitations on the Collateral ) and shall not be subject to the Liens securing the Notes and the Notes Obligations.

The Liens on the Collateral securing the Notes and the Guarantees also will be released upon (i) payment in full of the principal of, together with accrued and unpaid interest (including Additional Interest, if any) on, the Notes and all other Obligations under the Indenture, the Guarantees and the Security Documents that are due and payable at or prior to the time such principal, together with accrued and unpaid interest (including Additional Interest, if any), are paid or (ii) a legal defeasance or covenant defeasance under the Indenture as described below under Legal Defeasance and Covenant Defeasance or a discharge of the Indenture as described under Satisfaction and Discharge.

Any certificate or opinion required by Section 314(d) of the Trust Indenture Act may be made by an Officer of the Company, except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert.

Notwithstanding anything to the contrary herein, the Issuer and its Subsidiaries are not required to comply with all or any portion of Section 314(d) of the Trust Indenture Act if they determine, in good faith based on advice of counsel, that under the terms of that section and/or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including no action letters or exemptive orders, all or any portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Collateral.

Without limiting the generality of the foregoing, certain no action letters issued by the SEC have permitted an indenture qualified under the Trust Indenture Act to contain provisions permitting the release of collateral from Liens under such indenture in the ordinary course of the issuer's business without requiring the issuer to provide certificates and other documents under Section 314(d) of the Trust Indenture Act. The Issuer and the Guarantors may, subject to the provisions of the Indenture, among other things, without any release or consent by the First Lien Collateral Agent, conduct ordinary course activities with respect to the Collateral, including, without limitation:

selling or otherwise disposing of, in any transaction or series of related transactions, any property subject to the Lien of the Security Documents that has become worn out, defective, obsolete or not used or useful in the business;

abandoning, terminating, canceling, releasing or making alterations in or substitutions of any leases or contracts subject to the Lien of the Indenture or any of the Security Documents;

surrendering or modifying any franchise, license or permit subject to the Lien of the Security Documents that it may own or under which it may be operating;

altering, repairing, replacing, changing the location or position of and adding to its structures, machinery, systems, equipment, fixtures and appurtenances;

granting a license of any intellectual property;

selling, transferring or otherwise disposing of inventory in the ordinary course of business;

collecting accounts receivable in the ordinary course of business as permitted by the covenant described under  
Repurchase at the Option of Holders Asset Sales ;

making cash payments (including for the repayment of Indebtedness or interest) from cash that is at any time  
part of the Collateral in the ordinary course of business that are not otherwise prohibited by the Indenture and  
the Security Documents; and

abandoning any intellectual property that is no longer used or useful in the Issuer s business.

## **Table of Contents**

The Issuer must deliver an Officer's Certificate to the First Lien Collateral Agent within 30 calendar days following the end of each six-month period beginning on May 15 and November 15 of each year, to the effect that all such releases and withdrawals during the preceding six-month period in the ordinary course of the Issuer's or the Guarantors' business, as described in the preceding paragraph, were not prohibited by the Indenture.

### ***Additional Receivables Intercreditor Agreement***

In addition, the First Lien Collateral Agent is a party to an Additional Receivables Intercreditor Agreement, dated the Issue Date (as the same may be amended from time to time, the *Additional Receivables Intercreditor Agreement*), by and between the First Lien Collateral Agent and the collateral agent under the ABL Facility (the *ABL Collateral Agent*), by which the Notes are given the same ranking and rights with respect to the Shared Receivables Collateral as provided to the General Credit Facility under the Receivables Intercreditor Agreement dated as of November 17, 2006 by and among the Junior Lien Collateral Agent, the First Lien Collateral Agent and the ABL Collateral Agent. The Additional Receivables Intercreditor Agreement contains provisions with respect to the Shared Receivables Collateral and the relative rights, privileges and obligations relating thereto as between (a) the First Lien Collateral Agent and the New First Lien Secured Parties and (b) the ABL Collateral Agent and the ABL Secured Parties. The Additional Receivables Intercreditor Agreement provides for first-priority Liens in the Shared Receivables Collateral in favor of the ABL Secured Parties and junior priority Liens in the Shared Receivables Collateral in favor of the New First Lien Secured Parties, subject to Permitted Liens. The relative rights, privileges and obligations with respect to the Shared Receivables Collateral of the ABL Secured Parties, on the one hand, and the New First Lien Secured Parties, on the other, are substantially similar to the relative rights, privileges and obligations with respect to the Non-Receivables Collateral of the New First Lien Secured Parties, on the one hand, and the Junior Lien Secured Parties, on the other, respectively, except that the Liens of the New First Lien Secured Parties in the Shared Receivables Collateral are second-priority Liens and the Liens of the ABL Secured Parties in the Shared Receivables Collateral are first-priority liens and except to the extent customary or necessary with respect to collateral of the type that constitutes Shared Receivables Collateral.

The relative rights, privileges and obligations with respect to the Shared Receivables Collateral (a) as between the First Lien Collateral Agent and the New First Lien Secured Parties, on the one hand, and the Junior Lien Collateral Agent and the Junior Lien Secured Parties, on the other, are governed by the Additional General Intercreditor Agreement described above and (b) as among the First Lien Secured Parties, are governed by the First Lien Intercreditor Agreement described above.

### ***Certain Limitations on the Collateral***

The Collateral securing the Notes does not include any of the following assets:

- (1) the property or assets owned by any Subsidiary of the Issuer that is not a Guarantor, including each ABL Financing Entity;
- (2) any rights or interests of the Issuer or any Guarantor in, to or under any agreement, contract, license, instrument, document or other general intangible (referred to solely for purposes of this clause (2) as a *Contract*), any intellectual property or any security or other investment property (i) to the extent the security interest in such Collateral is prohibited by any applicable contract, agreement or other instrument without the consent of any other party thereto (other than a party to the General Credit Facility or the Indenture or, in the case of investment property, a Wholly-Owned Subsidiary), (ii) to the extent the security interest in such Contract would give any other party (other than a party to the General Credit Facility or the Indenture or, in the case of investment property, a Wholly-Owned Subsidiary) to such Collateral the right to terminate its obligations thereunder or (iii) to the extent all necessary

consents to such grant of a security interest have not been obtained from the other parties thereto (other than to the extent that any such prohibition referred to in clauses (i), (ii) and (iii) would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the Uniform Commercial Code (or any successor provision or provisions) of any relevant jurisdiction or any other applicable law); *provided* that this

**Table of Contents**

limitation shall not affect, limit, restrict or impair the grant by the Issuer or such Guarantor of a security interest in any account receivable or any money or other amounts due or to become due under any Contract;

(3) any equipment of the Issuer or any Guarantor that is subject to, or secured by, a Capitalized Lease Obligation or Purchase Money Obligations and any equipment that constitutes an asset of an entity acquired in a transaction permitted by the Indenture to the extent that such equipment subject to a Lien permitted by the Indenture and the terms of the Indebtedness secured by such Lien prohibit assignment of, or granting of a security interest in, the Issuer or such Guarantor's rights and interests therein (other than to the extent that any such prohibition would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the Uniform Commercial Code (or any successor provision or provisions) of any relevant jurisdiction or any other applicable law); *provided* that immediately upon the repayment of all Indebtedness secured by such Lien, the Issuer or the Guarantor, as the case may be, shall be deemed to have granted a security interest in all the rights and interests with respect to such equipment;

(4) any Voting Stock that is issued by any Foreign Subsidiary, if and to the extent that the inclusion of such Voting Stock in the Collateral would cause the Collateral pledged by the Issuer or the applicable Guarantor, as the case may be, to include in the aggregate more than 65% of the total combined voting power of all classes of Voting Stock of such Foreign Subsidiary;

(5) any Capital Stock that is issued by a Subsidiary that is not owned directly by the Issuer or a Guarantor;

(6) any Capital Stock and other securities of a Subsidiary (excluding Healthtrust, Inc. The Hospital Company, a Delaware corporation and its successors and assigns) to the extent that the pledge of such Capital Stock and other securities results in the Company's being required to file separate financial statements of such Subsidiary with the SEC, but only to the extent necessary to not be subject to such requirement and only for so long as such requirement is in existence and only with respect to the relevant Notes affected; *provided* that neither the Issuer nor any Subsidiary shall take any action in the form of a reorganization, merger or other restructuring a principal purpose of which is to provide for the release of the Lien on any Capital Stock pursuant to this clause (6). In addition, in the event that Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the SEC to require (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would require) the filing with the SEC (or any other governmental agency) of separate financial statements of any Subsidiary of the Company (excluding Healthtrust, Inc. The Hospital Company, a Delaware corporation and its successors and assigns) due to the fact that such Subsidiary's Capital Stock secures the Notes affected thereby, then the Capital Stock of such Subsidiary will automatically be deemed not to be part of the Collateral securing the relevant Notes affected thereby but only to the extent necessary to not be subject to such requirement and only for so long as required to not be subject to such requirement. In such event, the Security Documents may be amended or modified, without the consent of any holder of such Notes, to the extent necessary to release the security interests in favor of the First Lien Collateral Agent on the shares of Capital Stock that are so deemed to no longer constitute part of the Collateral for the relevant Notes. In the event that Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the SEC to permit (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would permit) such Subsidiary's Capital Stock to secure the Notes in excess of the amount then pledged without the filing with the SEC (or any other governmental agency) of separate financial statements of such Subsidiary, then the Capital Stock of such Subsidiary will automatically be deemed to be a part of the Collateral for the relevant Notes;

(7) certain non-Principal Properties that do not constitute Non-Receivables Collateral;

(8) any deposit accounts, other bank or securities accounts or cash of the Issuer or any Guarantor;

(9) any leaseholds and motor vehicles of the Issuer or any Guarantor;

(10) any Capital Stock or securities convertible into or exchangeable for Capital Stock (i) if, in the reasonable judgment of the Issuer, the cost or other consequences of pledging such Collateral shall be

## **Table of Contents**

excessive in view of the benefits to be obtained by the First Lien Secured Parties therefrom or (ii) the pledge of such Collateral would result in adverse tax consequences to the Issuer or any of its Subsidiaries as reasonably determined by the Issuer and identified in writing to the First Lien Collateral Agent;

(11) any collateral to the extent the grant of the security interest therein would violate any requirement of law; and

(12) proceeds and products from any and all of the foregoing excluded collateral described in clauses (1) through (11), unless such proceeds or products would otherwise constitute Collateral securing the Notes.

### ***Sufficiency of Collateral***

The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of the health care industry, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and similar factors. The amount to be received upon a sale of the Collateral would also be dependent on numerous factors, including, but not limited to, the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By their nature, portions of the Collateral may be illiquid and may have no readily ascertainable market value. Accordingly, there can be no assurance that the Collateral can be sold in a short period of time or in an orderly manner. In addition, in the event of a bankruptcy, the ability of the holders to realize upon any of the Collateral may be subject to certain bankruptcy law limitations as described below.

### ***Certain Bankruptcy Limitations***

The right of the Trustee to repossess and dispose of the Collateral upon the occurrence of an Event of Default would be significantly impaired by any Bankruptcy Law in the event that a bankruptcy case were to be commenced by or against the Company or any Guarantor prior to the Trustee's having repossessed and disposed of the Collateral. Upon the commencement of a case for relief under the Bankruptcy Code, a secured creditor such as the Trustee is prohibited from repossessing its security from a debtor in a bankruptcy case, or from disposing of security without bankruptcy court approval.

In view of the broad equitable powers of a U.S. bankruptcy court, it is impossible to predict how long payments under the Notes could be delayed following commencement of a bankruptcy case, whether or when the Trustee could repossess or dispose of the Collateral, the value of the Collateral at any time during a bankruptcy case or whether or to what extent Holders of the Notes would be compensated for any delay in payment or loss of value of the Collateral. The Bankruptcy Code permits only the payment and/or accrual of post-petition interest, costs and attorneys' fees to a secured creditor during a debtor's bankruptcy case to the extent the value of such creditor's interest in the Collateral is determined by the bankruptcy court to exceed the aggregate outstanding principal amount of the obligations secured by the Collateral.

Furthermore, in the event a domestic or foreign bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the Notes, the Holders of the Notes would hold secured claims only to the extent of the value of the Collateral to which the Holders of the Notes are entitled, and unsecured claims with respect to such shortfall.

### ***Paying Agent and Registrar for the Notes***

The Issuer must maintain one or more paying agents for the Notes in the Borough of Manhattan, City of New York. The initial paying agent for the Notes is Deutsche Bank Trust Company Americas.

The Issuer must also maintain a registrar with offices in the Borough of Manhattan, City of New York. The initial registrar is Deutsche Bank Trust Company Americas. The registrar maintains a register reflecting ownership of the Notes outstanding from time to time and makes payments on and facilitates transfer of Notes on behalf of the Issuer.

## **Table of Contents**

The Issuer may change the paying agents or the registrars without prior notice to the Holders. The Issuer or any of its Subsidiaries may act as a paying agent or registrar.

### **Transfer and Exchange**

A Holder may transfer or exchange Notes in accordance with the Indenture. The registrar and the Trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. The Issuer is not required to transfer or exchange any Note selected for redemption. Also, the Issuer is not required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed.

### **Principal, Maturity and Interest**

The Issuer issued \$1,250,000,000 in aggregate principal amount of Notes in a private transaction that was not subject to the registration requirements of the Securities Act. The Notes will mature on February 15, 2020. Subject to compliance with the covenant described below under the caption *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*, the Issuer may issue additional Notes, from time to time under the Indenture (any such Notes, *Additional Notes*). Except as described under *Amendment, Supplement and Waiver*, the Notes offered by the Issuer and any Additional Notes subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, references to *Notes* for all purposes of the Indenture and this *Description of the August 2009 Notes* include any Additional Notes that are actually issued.

Interest on the Notes accrues at the rate of 77/8% per annum and is payable semi-annually in arrears on February 15 and August 15, commencing February 15, 2010, to the Holders of record on the immediately preceding February 1 and August 1. Interest on the Notes accrues from the most recent date to which interest has been paid or, if no interest has been paid, from and including the Issue Date. Interest on the Notes is computed on the basis of a 360-day year comprised of twelve 30-day months.

### ***Additional Interest***

Additional Interest may accrue on the Notes in certain circumstances pursuant to the Registration Rights Agreement. All references in the Indenture, in any context, to any interest or other amount payable on or with respect to the Notes shall be deemed to include any Additional Interest pursuant to the Registration Rights Agreement. Principal of, premium, if any, and interest on the Notes will be payable at the office or agency of the Issuer maintained for such purpose within the City and State of New York or, at the option of the Issuer, payment of interest may be made by check mailed to the Holders of the Notes at their respective addresses set forth in the register of Holders; *provided* that all payments of principal, premium, if any, and interest with respect to the Notes represented by one or more global notes registered in the name of or held by DTC or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof. Until otherwise designated by the Issuer, the Issuer's office or agency in New York is the office of the Registrar and Paying Agent maintained for such purpose.

### **Mandatory Redemption; Offers to Purchase; Open Market Purchases**

The Issuer is not required to make any mandatory redemption or sinking fund payments with respect to the Notes. However, under certain circumstances, the Issuer may be required to offer to purchase Notes as described under the caption *Repurchase at the Option of Holders*. The Issuer may at any time and from time to time purchase Notes in the open market or otherwise.

**Optional Redemption**

Except as set forth below, the Issuer is not entitled to redeem Notes at its option prior to August 15, 2014.

**Table of Contents**

At any time prior to August 15, 2014, the Issuer may redeem all or a part of the Notes, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and Additional Interest, if any, to the date of redemption (the *Redemption Date*), subject to the rights of Holders of the Notes on the relevant record date to receive interest due on the relevant interest payment date.

On and after August 15, 2014 the Issuer may redeem the Notes, in whole or in part, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at the redemption prices (expressed as percentages of principal amount of the Notes to be redeemed) set forth below, plus accrued and unpaid interest thereon and Additional Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on August 15 of each of the years indicated below:

<b>Year</b>	<b>Percentage</b>
2014	103.938%
2015	102.625%
2016	101.313%
2017 and thereafter	100.000%

In addition, until August 15, 2012, the Issuer may, at its option, on one or more occasions redeem up to 35% of the aggregate principal amount of Notes at a redemption price equal to 107.875% of the aggregate principal amount thereof, plus accrued and unpaid interest thereon and Additional Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, with the net cash proceeds of one or more Equity Offerings; *provided* that at least 50% of the sum of the original aggregate principal amount of Notes issued under the Indenture and the original principal amount of any Additional Notes that are Notes issued under the Indenture after the Issue Date remains outstanding immediately after the occurrence of each such redemption; *provided further* that each such redemption occurs within 90 days of the date of closing of each such Equity Offering.

Any notice of any redemption may be given prior to the redemption thereof, and any such redemption or notice may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of an Equity Offering or other corporate transaction.

If the Issuer redeems less than all of the outstanding Notes, the Registrar and Paying Agent shall select the Notes to be redeemed in the manner described under *Repurchase at the Option of Holders - Selection and Notice*.

**Repurchase at the Option of Holders*****Change of Control***

The Notes provide that if a Change of Control occurs, unless the Issuer has previously or concurrently mailed a redemption notice with respect to all the outstanding Notes as described under *Optional Redemption*, the Issuer will make an offer to purchase all of the Notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest and Additional Interest, if any, to the date of purchase, subject to the right of Holders of the Notes

of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will send notice of such Change of Control Offer by first-class mail, with a copy to the Trustee and the Registrar, to each Holder of Notes to the address of such Holder appearing in the security register with a copy

**Table of Contents**

to the Trustee and the Registrar or otherwise in accordance with the procedures of DTC, with the following information:

- (1) that a Change of Control Offer is being made pursuant to the covenant entitled *Change of Control* and that all Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;
- (2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the *Change of Control Payment Date* );
- (3) that any Note not properly tendered will remain outstanding and continue to accrue interest;
- (4) that unless the Issuer defaults in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;
- (5) that Holders electing to have any Notes purchased pursuant to a Change of Control Offer will be required to surrender such Notes, with the form entitled *Option of Holder to Elect Purchase* on the reverse of such Notes completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;
- (6) that Holders will be entitled to withdraw their tendered Notes and their election to require the Issuer to purchase such Notes; *provided* that the paying agent receives, not later than the close of business on the 30th day following the date of the Change of Control notice, a telegram, facsimile transmission or letter setting forth the name of the Holder of the Notes, the principal amount of Notes tendered for purchase, and a statement that such Holder is withdrawing its tendered Notes and its election to have such Notes purchased;
- (7) that if the Issuer is redeeming less than all of the Notes, the Holders of the remaining Notes will be issued new Notes and such new Notes will be equal in principal amount to the unpurchased portion of the Notes surrendered. The unpurchased portion of the Notes must be equal to \$2,000 or an integral multiple of \$1,000 in excess thereof; and
- (8) the other instructions, as determined by us, consistent with the covenant described hereunder, that a Holder must follow.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law,

- (1) accept for payment all Notes issued by it or portions thereof properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all Notes or portions thereof so tendered; and
- (3) deliver, or cause to be delivered, to the Trustee for cancellation the Notes so accepted together with an Officer's Certificate to the Trustee stating that such Notes or portions thereof have been tendered to and purchased by the Issuer.

The Senior Credit Facilities provide, and future credit agreements or other agreements relating to Senior Indebtedness to which the Issuer becomes a party may provide, that certain change of control events with respect to the Issuer would constitute a default thereunder (including a Change of Control under the Indenture). If we experience a change of control that triggers a default under our Senior Credit Facilities, we

## **Table of Contents**

could seek a waiver of such default or seek to refinance our Senior Credit Facilities. In the event we do not obtain such a waiver or refinance the Senior Credit Facilities, such default could result in amounts outstanding under our Senior Credit Facilities being declared due and payable and could cause a Receivables Facility to be wound down.

Our ability to pay cash to the Holders of the Notes following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

The Change of Control purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Initial Purchasers and us. After the Issue Date, we have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenants described under *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock* and *Certain Covenants Liens*. Such restrictions in the Indenture can be waived only with the consent of the Holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture will not contain any covenants or provisions that may afford Holders of the Notes protection in the event of a highly leveraged transaction.

The Issuer will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by us and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The definition of *Change of Control* includes a disposition of all or substantially all of the assets of the Issuer to any Person. Although there is a limited body of case law interpreting the phrase *substantially all*, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of *all or substantially all* of the assets of the Issuer. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of Notes may require the Issuer to make an offer to repurchase the Notes as described above.

The provisions under the Indenture relating to the Issuer's obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the Notes.

## ***Asset Sales***

The Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to consummate, directly or indirectly, an Asset Sale, unless:

(1) the Issuer or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by the Issuer) of the assets sold or otherwise disposed of; and

**Table of Contents**

(2) except in the case of a Permitted Asset Swap, at least 75% of the consideration therefor received by the Issuer or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; *provided* that the amount of:

(a) any liabilities (as shown on the Issuer's or such Restricted Subsidiary's most recent balance sheet or in the footnotes thereto) of the Issuer or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the Notes, that are assumed by the transferee of any such assets and for which the Issuer and all of its Restricted Subsidiaries have been validly released by all creditors in writing,

(b) any securities received by the Issuer or such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale, and

(c) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed 5% of Total Assets at the time of the receipt of such Designated Non-cash Consideration, with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value,

shall be deemed to be cash for purposes of this provision and for no other purpose.

Within 450 days after the receipt of any Net Proceeds of any Asset Sale, the Issuer or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale,

(1) to permanently reduce:

(a) Obligations constituting First Lien Obligations (and, if the Indebtedness repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto) (*provided* that (x) to the extent that the terms of First Lien Obligations other than Obligations under the Notes require that such First Lien Obligations are repaid with the Net Proceeds of Asset Sales prior to repayment of other Indebtedness, the Issuer and its Restricted Subsidiaries shall be entitled to repay such other First Lien Obligations prior to repaying the Obligations under the Notes and (y) subject to the foregoing clause (x), if the Issuer or any Guarantor shall so reduce First Lien Obligations, the Issuer will equally and ratably reduce Obligations under the Notes through open-market purchases (*provided* that such purchases are at or above 100% of the principal amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all holders to purchase at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, on the pro rata principal amount of Notes);

(b) Obligations under the Existing Notes which have a final maturity date (as in effect on the Issue Date) on or prior to the maturity date of the Notes; *provided* that, at the time of, and after giving effect to, such repurchase, redemption or defeasance, the aggregate amount of Net Proceeds used to repurchase, redeem or defease Existing Notes pursuant to this subclause (b) following the Issue Date shall not exceed 5% of the consolidated total assets of the Issuer and its subsidiaries at such time; or

(c) Indebtedness of a Restricted Subsidiary that is not a Guarantor, other than Indebtedness owed to the Issuer or another Restricted Subsidiary (or any affiliate thereof);

(2) to make (a) an Investment in any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary,

(b) capital expenditures or (c) acquisitions of other assets, in each of (a), (b) and (c), used or useful in a Similar Business; or

**Table of Contents**

(3) to make an investment in (a) any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) properties or (c) acquisitions of other assets that, in each of (a), (b) and (c), replace the businesses, properties and/or assets that are the subject of such Asset Sale;

*provided* that, in the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as the Issuer, or such other Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within 180 days of such commitment (an *Acceptable Commitment* ) and, in the event any Acceptable Commitment is later cancelled or terminated for any reason before the Net Proceeds are applied in connection therewith, the Issuer or such Restricted Subsidiary enters into another Acceptable Commitment (a *Second Commitment* ) within 180 days of such cancellation or termination; *provided, further*, that if any Second Commitment is later cancelled or terminated for any reason before such Net Proceeds are applied, then such Net Proceeds shall constitute Excess Proceeds.

Any Net Proceeds from Asset Sales of Collateral that are not invested or applied as set forth in the first sentence of the preceding paragraph will be deemed to constitute *Collateral Excess Proceeds*. When the aggregate amount of Collateral Excess Proceeds exceeds \$200.0 million, the Issuer shall make an offer to all Holders of the Notes and, if required by the terms of any First Lien Obligations or Obligations secured by a Lien permitted under the Indenture (which Lien is not subordinate to the Lien of the Notes with respect to the Collateral), to the holders of such First Lien Obligations or such other Obligations (a *Collateral Asset Sale Offer* ), to purchase the maximum aggregate principal amount of the Notes and such First Lien Obligations or such other Obligations that is a minimum of \$2,000 or an integral multiple of \$1,000 in excess thereof that may be purchased out of the Collateral Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Indenture. The Issuer will commence a Collateral Asset Sale Offer with respect to Collateral Excess Proceeds within ten Business Days after the date that Collateral Excess Proceeds exceed \$200.0 million by mailing the notice required pursuant to the terms of the Indenture, with a copy to the Trustee.

Any Net Proceeds from Asset Sales of non-Collateral that are not invested or applied as provided and within the time period set forth in the first sentence of the second preceding paragraph will be deemed to constitute *Excess Proceeds*. When the aggregate amount of Excess Proceeds exceeds \$200.0 million, the Issuer shall make an offer to all Holders of the Notes and, if required or permitted by the terms of any Senior Indebtedness, to the holders of such Senior Indebtedness (an *Asset Sale Offer* ), to purchase the maximum aggregate principal amount of the Notes and such Senior Indebtedness that is a minimum of \$2,000 or an integral multiple of \$1,000 in excess thereof that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Indenture. The Issuer will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$200.0 million by mailing the notice required pursuant to the terms of the Indenture, with a copy to the Trustee.

To the extent that the aggregate amount of Notes and such other First Lien Obligations or Obligations secured by a Lien permitted by the Indenture (which Lien is not subordinate to the Lien of the Notes with respect to the Collateral) tendered pursuant to a Collateral Asset Sale Offer is less than the Collateral Excess Proceeds, the Issuer may use any remaining Collateral Excess Proceeds for general corporate purposes, subject to other covenants contained in the Indenture. To the extent that the aggregate amount of Notes and such Senior Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuer may use any remaining Excess Proceeds for general corporate purposes, subject to other covenants contained in the Indenture. If the aggregate principal amount of Notes

or other First Lien Obligations or such other Obligations surrendered by such holders thereof exceeds the amount of Collateral Excess Proceeds, the Trustee shall select the Notes and such other First Lien Obligations or such other Obligations to be purchased on a pro rata basis based on the accreted value or principal amount of the Notes or such other First Lien Obligations or such other Obligations tendered. If the aggregate principal amount of Notes or the Senior Indebtedness surrendered by

## **Table of Contents**

such holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and such Senior Indebtedness to be purchased on a pro rata basis based on the accreted value or principal amount of the Notes or such Senior Indebtedness tendered. Upon completion of any such Collateral Asset Sale Offer or Asset Sale Offer, the amount of Collateral Excess Proceeds or Excess Proceeds, as the case may be, shall be reset at zero. Additionally, the Issuer may, at its option, make a Collateral Asset Sale Offer or an Asset Sale Offer using proceeds from any Asset Sale at any time after consummation of such Asset Sale; *provided* that such Collateral Asset Sale Offer or Asset Sale Offer shall be in an aggregate amount of not less than \$50.0 million. Upon consummation of such Collateral Asset Sale Offer or Asset Sale Offer, any Net Proceeds not required to be used to purchase Notes shall not be deemed Excess Proceeds.

Pending the final application of any Net Proceeds pursuant to this covenant, the holder of such Net Proceeds may apply such Net Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner not prohibited by the Indenture.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the Notes pursuant to a Collateral Asset Sale Offer or an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

## ***Selection and Notice***

If the Issuer is redeeming less than all of the Notes issued by it at any time, the Registrar and Paying Agent will select the Notes to be redeemed (a) if the Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Notes are listed, (b) on a pro rata basis to the extent practicable or (c) by lot or such other similar method in accordance with the procedures of DTC.

Notices of purchase or redemption shall be mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the purchase or Redemption Date to each Holder of Notes at such Holder's registered address or otherwise in accordance with the procedures of DTC, except that redemption notices may be mailed more than 60 days prior to a Redemption Date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. If any Note is to be purchased or redeemed in part only, any notice of purchase or redemption that relates to such Note shall state the portion of the principal amount thereof that has been or is to be purchased or redeemed.

The Issuer will issue a new Note in a principal amount equal to the unredeemed portion of the original Note in the name of the Holder upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the Redemption Date, interest ceases to accrue on Notes or portions thereof called for redemption.

## **Certain Covenants**

Set forth below are summaries of certain covenants contained in the Indenture. If on any date following the Issue Date (i) the Notes have Investment Grade Ratings from both Rating Agencies, and (ii) no Default has occurred and is continuing under the Indenture (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a *Covenant Suspension Event*), the Issuer and the Restricted Subsidiaries will not be subject to the following covenants (collectively, the *Suspended Covenants*):

- (1) Repurchase at the Option of Holders ;
- (2) Limitation on Restricted Payments ;
- (3) Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ;

**Table of Contents**

- (4) clause (4) of the first paragraph of Merger, Consolidation or Sale of All or Substantially All Assets ;
- (5) Transactions with Affiliates ; and
- (6) Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries.

In the event that the Issuer and the Restricted Subsidiaries are not subject to the Suspended Covenants under the Indenture for any period of time as a result of the foregoing, and on any subsequent date (the *Reversion Date* ) one or both of the Rating Agencies (a) withdraw their Investment Grade Rating or downgrade the rating assigned to the Notes below an Investment Grade Rating and/or (b) the Issuer or any of its Affiliates enters into an agreement to effect a transaction that would result in a Change of Control and one or more of the Rating Agencies indicate that if consummated, such transaction (alone or together with any related recapitalization or refinancing transactions) would cause such Rating Agency to withdraw its Investment Grade Rating or downgrade the ratings assigned to the Notes below an Investment Grade Rating, then the Issuer and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the Indenture with respect to future events, including, without limitation, a proposed transaction described in clause (b) above.

The period of time between the Suspension Date and the Reversion Date is referred to in this description as the *Suspension Period*. Additionally, upon the occurrence of a Covenant Suspension Event, the amount of Excess Proceeds from Net Proceeds shall be reset at zero. In the event of any such reinstatement, no action taken or omitted to be taken by the Issuer or any of its Restricted Subsidiaries prior to such reinstatement will give rise to a Default or Event of Default under the Indentures with respect to Notes; *provided* that (1) with respect to Restricted Payments made after any such reinstatement, the amount of Restricted Payments made will be calculated as though the covenant described under the caption Limitation on Restricted Payments had been in effect prior to, but not during the Suspension Period, *provided* that any Subsidiaries designated as Unrestricted Subsidiaries during the Suspension Period shall automatically become Restricted Subsidiaries on the Reversion Date (subject to the Issuer's right to subsequently designate them as Unrestricted Subsidiaries in compliance with the covenants set out below), and (2) all Indebtedness incurred, or Disqualified Stock or Preferred Stock issued, during the Suspension Period will be classified to have been incurred or issued pursuant to clause (3) of the second paragraph of Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock.

There can be no assurance that the Notes will ever achieve or maintain Investment Grade Ratings.

***Limitation on Restricted Payments***

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(I) declare or pay any dividend or make any payment or distribution on account of the Issuer's, or any of its Restricted Subsidiaries' Equity Interests, including any dividend or distribution payable in connection with any merger or consolidation other than:

(a) dividends or distributions by the Issuer payable solely in Equity Interests (other than Disqualified Stock) of the Issuer; or

(b) dividends or distributions by a Restricted Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Restricted Subsidiary other than a Wholly-Owned Subsidiary, the Issuer or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution in accordance with its Equity Interests in such class or series of securities;

(II) purchase, redeem, defease or otherwise acquire or retire for value any Equity Interests of the Issuer or any direct or indirect parent of the Issuer, including in connection with any merger or consolidation;

**Table of Contents**

(III) make any principal payment on, or redeem, repurchase, defease or otherwise acquire or retire for value in each case, prior to any scheduled repayment, sinking fund payment or maturity, any Subordinated Indebtedness, other than:

(a) Indebtedness permitted under clauses (7) and (8) of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ; or

(b) the purchase, repurchase or other acquisition of Subordinated Indebtedness purchased in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of purchase, repurchase or acquisition; or

(IV) make any Restricted Investment

(all such payments and other actions set forth in clauses (I) through (IV) above (other than any exception thereto) being collectively referred to as *Restricted Payments* ), unless, at the time of such Restricted Payment:

(1) no Default shall have occurred and be continuing or would occur as a consequence thereof;

(2) immediately after giving effect to such transaction on a pro forma basis, the Issuer could incur \$1.00 of additional Indebtedness under the provisions of the first paragraph of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Issuer and its Restricted Subsidiaries after November 17, 2006 (including Restricted Payments permitted by clauses (1), (2) (with respect to the payment of dividends on Refunding Capital Stock (as defined below) pursuant to clause (b) thereof only), (6)(c), (9) and (14) of the next succeeding paragraph, but excluding all other Restricted Payments permitted by the next succeeding paragraph), is less than the sum of (without duplication):

(a) 50% of the Consolidated Net Income of the Issuer for the period (taken as one accounting period) beginning October 1, 2006, to the end of the Issuer's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment, or, in the case such Consolidated Net Income for such period is a deficit, minus 100% of such deficit; *plus*

(b) 100% of the aggregate net cash proceeds and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property received by the Issuer since immediately after November 17, 2006 (other than net cash proceeds to the extent such net cash proceeds have been used to incur Indebtedness, Disqualified Stock or Preferred Stock pursuant to clause (12)(a) of the second paragraph of Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ) from the issue or sale of:

(i) (A) Equity Interests of the Issuer, including Treasury Capital Stock (as defined below), but excluding cash proceeds and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property received from the sale of:

(x) Equity Interests to members of management, directors or consultants of the Issuer, any direct or indirect parent company of the Issuer and the Issuer's Subsidiaries after November 17, 2006 to the extent such amounts have been applied to Restricted Payments made in accordance with clause (4) of the next succeeding paragraph; and

(y) Designated Preferred Stock; and

(B) to the extent such net cash proceeds are actually contributed to the Issuer, Equity Interests of the Issuer's direct or indirect parent companies (excluding contributions of the proceeds from the sale of Designated Preferred Stock of such companies or contributions to the extent such amounts

**Table of Contents**

have been applied to Restricted Payments made in accordance with clause (4) of the next succeeding paragraph); or

(ii) debt securities of the Issuer that have been converted into or exchanged for such Equity Interests of the Issuer;

*provided, however*, that this clause (b) shall not include the proceeds from (V) Refunding Capital Stock (as defined below), (W) Equity Interests or convertible debt securities of the Issuer sold to a Restricted Subsidiary, as the case may be, (X) Disqualified Stock or debt securities that have been converted into Disqualified Stock, (Y) Excluded Contributions or (Z) the Delayed Equity Amount; *plus*

(c) 100% of the aggregate amount of cash and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property contributed to the capital of the Issuer following November 17, 2006 (other than net cash proceeds to the extent such net cash proceeds (i) have been used to incur Indebtedness, Disqualified Stock or Preferred Stock pursuant to clause (12)(a) of the second paragraph of Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, (ii) are contributed by a Restricted Subsidiary, (iii) constitute Excluded Contributions or (iv) constitute the Delayed Equity Amount); *plus*

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided* that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced.

The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

The Indenture provides that the Issuer will not, and will not permit any Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) that is subordinated or junior in right of payment to any Indebtedness of the Issuer or such Guarantor, as the case may be, unless such Indebtedness is expressly subordinated in right of payment to the Notes or such Guarantor's Guarantee to the extent and in the same manner as such Indebtedness is subordinated to other Indebtedness of the Issuer or such Guarantor, as the case may be.

The Indenture does not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (2) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

***Limitation on Prepayment or Modification of Existing Notes***

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly purchase, redeem, defease or otherwise acquire or retire for value any of the Existing Notes prior to the final maturity date thereof (as in effect on the Issue Date); *provided* that the Issuer may:

(1) purchase, redeem, defease or otherwise acquire or retire for value any of the Existing Notes which have a final maturity date (as in effect on the Issue Date) on or prior to December 31, 2011; and

(2) purchase, redeem, defease or otherwise acquire or retire for value any other Existing Notes which have a final maturity date (as in effect on the Issue Date) on or prior to the maturity date of the Notes; *provided* that, in the case of any such prepayment funded with the proceeds of the issuance of Secured Indebtedness, at the time of incurrence and

## **Table of Contents**

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, amend the Existing Notes Indenture, or any supplemental indenture in respect thereof, in any way to advance the final maturity date or shorten the Weighted Average Life to Maturity of any series of the Existing Notes such that any Existing Notes with a maturity date following the maturity of the Notes would have a maturity date on or prior to the date one year following the maturity date of the Notes or which would prohibit the making of the Guarantees or the creation of Liens in favor of the Notes and the Guarantees on the Collateral.

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, designate any additional subsidiaries as Restricted Subsidiaries (as defined in the Existing Notes Indenture) for purposes of the Existing Notes Indenture.

### ***Liens***

The Issuer will not, and will not permit any Guarantor to, directly or indirectly, create, incur, assume or suffer to exist any Lien (except Permitted Liens) that secures obligations under any Indebtedness or any related guarantee, on any asset or property of the Issuer or any Guarantor, or any income or profits therefrom, or assign or convey any right to receive income therefrom, other than Liens securing Indebtedness that are junior in priority to the Liens on such property, assets or proceeds securing the Notes and related Guarantees.

The foregoing shall not apply to (a) Liens securing the Notes and the related Guarantees, (b) Liens securing Indebtedness permitted to be incurred under Credit Facilities, including any letter of credit relating thereto, that was permitted by the terms of the Indenture to be incurred pursuant to clause (1) of the second paragraph under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ; *provided* that, with respect to Liens securing Obligations permitted under this subclause (b), the Notes and the related Guarantees are secured by Liens on the assets subject to such Liens (except any European Collateral) to the extent, with the priority and subject to intercreditor arrangements, in each case no less favorable to the Holders of the Notes than those described under Security above and (c) Liens which are *pari passu* in priority to the Liens securing the Notes and related Guarantees and are incurred to secure Obligations in respect of any Indebtedness permitted to be incurred pursuant to the covenant described above under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ; *provided* that, with respect to Liens securing Obligations permitted under this subclause (c), at the time of incurrence and after giving pro forma effect thereto, the ratio of (1) the aggregate amount of Indebtedness secured by property, assets or proceeds that secure the Notes and related Guarantees that are subject to a Lien that is *pari passu* or senior in priority to the Liens securing the Notes and the related Guarantees incurred pursuant to subclause (b) above, this subclause (c) and clause (6) of the definition of Permitted Liens (other than Liens securing Indebtedness incurred pursuant to clauses (4) and (18) of the covenant described above under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ) to (2) the Issuer's EBITDA for the most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such event for which such calculation is being made shall occur, in each case with such pro forma adjustments to Indebtedness and EBITDA as are appropriate and consistent with the pro forma adjustment provisions set forth in the definition of Fixed Charge Coverage Ratio would be no greater than 4.25 to 1.0; *provided* that, with respect to Liens securing Obligations permitted under this subclause (c), the Notes and the related Guarantees are secured by Liens on the assets subject to such Liens (except any European Collateral) to the extent, with the priority and subject to intercreditor arrangements, in each case no less favorable to the Holders of the Notes than those described under Security above.

(8) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Indenture and, if a supplemental indenture or any supplement to any Security Document is required in connection with such transaction, such supplement shall comply with the applicable provisions of the Indenture.

***Reports and Other Information***

Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the Indenture will require the Issuer to file with the SEC (and make available to the Trustee and Holders of the Notes (without exhibits), without cost to any Holder, within 15 days after it files them with the SEC) from and after the Issue Date,

(1) within 90 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-K by a non-accelerated filer) after the end of each fiscal year, annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;

in each case in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to prospective purchasers of Notes, in addition to providing such information to the Trustee and the Holders of the Notes, in each case within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act. In addition, to the extent not satisfied by the foregoing, the Issuer will agree that, for so long as any Notes are outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

In the event that any direct or indirect parent company of the Issuer becomes a Guarantor of the Notes, the Indenture permits the Issuer to satisfy its obligations in this covenant with respect to financial information relating to the Issuer by furnishing financial information relating to such parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such parent, on the one hand, and the information relating to the Issuer and its Restricted Subsidiaries on a standalone basis, on the other hand.

Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the exchange offer or the effectiveness of the shelf registration statement described in the Registration Rights Agreement (1) by the filing with the SEC of the exchange offer registration statement or shelf registration statement (or any other similar registration statement), and any amendments thereto, with such financial information that satisfies Regulation S-X, subject to exceptions consistent with the presentation of financial information in the Offering Memorandum, to the extent filed within the times specified above, or (2) by posting reports that would be required to be filed substantially in the form required by the SEC on the Company's website (or that of any of its parent companies) or providing such reports to the Trustee within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act, the financial information (including a Management's Discussion and Analysis of Financial Condition and Results of Operations section) that

would be required to be included in such reports, subject to exceptions consistent with the presentation of financial information in the Offering Memorandum, to the extent filed within the times specified above.

### **Events of Default and Remedies**

The Indenture provides that each of the following is an *Event of Default* :

- (1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the Notes;
- (2) default for 30 days or more in the payment when due of interest or Additional Interest on or with respect to the Notes;
- (3) failure by the Issuer or any Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of not less than 30% in principal amount of the Notes to comply with any of its obligations, covenants or agreements (other than a default referred to in clauses (1) and (2) above) contained in the Indenture or the Notes;
- (4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuer or any of its Restricted Subsidiaries or the payment of which is guaranteed by the Issuer or any of its Restricted Subsidiaries, other than Indebtedness owed to the Issuer or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the Notes, if both:
  - (a) such default either results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity; and
  - (b) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$200.0 million or more at any one time outstanding;
- (5) failure by the Issuer or any Significant Subsidiary to pay final judgments aggregating in excess of \$200.0 million, which final judgments remain unpaid, undischarged and unstayed for a period of more than 60 days after such judgment becomes final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;
- (6) certain events of bankruptcy or insolvency with respect to the Issuer or any Significant Subsidiary;
- (7) the Guarantee of any Significant Subsidiary shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant Subsidiary, as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the Indenture or the release of any such Guarantee in accordance with the Indenture; or
- (8) with respect to any Collateral having a fair market value in excess of \$200 million, individually or in the aggregate, (a) the security interest under the Security Documents, at any time, ceases to be in full force and effect for any reason other than in accordance with the terms of the Indenture, the Security Documents and the Intercreditor Agreements, (b) any security interest created thereunder or under the Indenture is declared invalid or unenforceable by a court of competent jurisdiction or (c) the Issuer or any Guarantor asserts, in any pleading in any court of competent jurisdiction, that any such security interest is invalid or unenforceable.

If any Event of Default (other than of a type specified in clause (6) above) occurs and is continuing under the Indenture, the Trustee or the Holders of at least 30% in principal amount of the then total outstanding Notes may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding Notes to be due and payable immediately.

**Table of Contents**

Upon the effectiveness of such declaration, such principal and interest will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section, all outstanding Notes will become due and payable without further action or notice. The Indenture provides that the Trustee may withhold from the Holders notice of any continuing Default, except a Default relating to the payment of principal, premium, if any, or interest, if it determines that withholding notice is in their interest. In addition, the Trustee shall have no obligation to accelerate the Notes if in the best judgment of the Trustee acceleration is not in the best interest of the Holders of the Notes.

The Indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding Notes by notice to the Trustee may on behalf of the Holders of all of the Notes waive any existing Default and its consequences under the Indenture except a continuing Default in the payment of interest on, premium, if any, or the principal of any Note held by a non-consenting Holder. In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of the Notes) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose:

- (1) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged; or
- (2) holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default; or
- (3) the default that is the basis for such Event of Default has been cured.

Subject to the provisions of the Indenture relating to the duties of the Trustee thereunder, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the Holders of the Notes unless the Holders have offered to the Trustee indemnity or security reasonably satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no Holder of a Note may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 30% in principal amount of the total outstanding Notes have requested the Trustee to pursue the remedy;
- (3) Holders of the Notes have offered the Trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) Holders of a majority in principal amount of the total outstanding Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, under the Indenture the Holders of a majority in principal amount of the total outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a Note or that would involve the Trustee in personal liability.

The Indenture provides that the Issuer is required to deliver to the Trustee annually a statement regarding compliance with the Indenture, and the Issuer is required, within five Business Days, upon becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

## **Table of Contents**

### **No Personal Liability of Directors, Officers, Employees and Stockholders**

No director, officer, employee, incorporator or stockholder of the Issuer or any Guarantor or any of their parent companies (other than the Issuer and the Guarantors) shall have any liability for any obligations of the Issuer or the Guarantors under the Notes, the Guarantees or the Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting the Notes waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

### **Legal Defeasance and Covenant Defeasance**

The obligations of the Issuer and the Guarantors under the Indenture will terminate (other than certain obligations) and will be released upon payment in full of all of the Notes. The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the Notes and have the Issuer's and each Guarantor's obligation discharged with respect to its Guarantee ( *Legal Defeasance* ) and cure all then existing Events of Default except for:

- (1) the rights of Holders of the Notes to receive payments in respect of the principal of, premium, if any, and interest on the Notes when such payments are due solely out of the trust created pursuant to the Indenture;
- (2) the Issuer's obligations with respect to Notes concerning issuing temporary Notes, registration of such Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the Indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to certain covenants that are described in the Indenture ( *Covenant Defeasance* ) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Issuer) described under *Events of Default and Remedies* will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the Notes:

- (1) the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the Notes, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest due on the Notes on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest on such Notes, and the Issuer must specify whether such Notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions,
  - (a) the Issuer has received from, or there has been published by, the United States Internal Revenue Service a ruling, or

(b) since the issuance of the Notes, there has been a change in the applicable U.S. federal income tax law,

**Table of Contents**

in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, subject to customary assumptions and exclusions, the Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes, as applicable, as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions, the Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to such tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the Senior Credit Facilities or any other material agreement or instrument (other than the Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

(6) the Issuer shall have delivered to the Trustee an Opinion of Counsel to the effect that, as of the date of such opinion and subject to customary assumptions and exclusions following the deposit, the trust funds will not be subject to the effect of Section 547 of Title 11 of the United States Code;

(7) the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuer or any Guarantor or others; and

(8) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

**Satisfaction and Discharge**

The Indenture will be discharged and will cease to be of further effect as to all Notes, when either:

(1) all Notes theretofore authenticated and delivered, except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust, have been delivered to the Trustee for cancellation; or

(2) (a) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or may be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer, and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders of the Notes, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on the Notes not theretofore

delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(b) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of

**Table of Contents**

Liens in connection therewith) with respect to the Indenture or the Notes shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit, and such deposit will not result in a breach or violation of, or constitute a default under, the Senior Credit Facilities or any other material agreement or instrument (other than the Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

(c) the Issuer has paid or caused to be paid all sums payable by it under the Indenture; and

(d) the Issuer has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

**Amendment, Supplement and Waiver**

Except as provided in the next two succeeding paragraphs, the Indenture, any Guarantee, any Security Document and the Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding, including consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes, and any existing Default or compliance with any provision of the Indenture, the Notes issued thereunder, any Guarantee or the Security Documents may be waived with the consent of the Holders of a majority in principal amount of the then outstanding Notes, other than Notes beneficially owned by the Issuer or its Affiliates (including consents obtained in connection with a purchase of or tender offer or exchange offer for the Notes).

The Indenture provides that, without the consent of each affected Holder of Notes, an amendment or waiver may not, with respect to any Notes held by a non-consenting Holder:

(1) reduce the principal amount of such Notes whose Holders must consent to an amendment, supplement or waiver;

(2) reduce the principal of or change the fixed final maturity of any such Note or alter or waive the provisions with respect to the redemption of such Notes (other than provisions relating to the covenants described above under the caption "Repurchase at the Option of Holders");

In addition, without the consent of at least 75% in aggregate principal amount of Notes then outstanding, an amendment, supplement or waiver may not:

(1) modify any Security Document or the provisions of the Indenture dealing with the Security Documents or application of trust moneys, or otherwise release any Collateral, in any manner materially adverse to the Holders other than in accordance with the Indenture, the Security Documents and the Intercreditor Agreements; or

**DESCRIPTION OF THE MARCH 2010 NOTES**

**General**

Certain terms used in this description are defined under the subheading *Certain Definitions*. In this description, the terms *we*, *our*, *us* and *the Company* each refer to HCA Inc. (the *Issuer* ) and its consolidated Subsidiaries.

The Issuer issued \$1,400,000,000 aggregate principal amount of 7 1/4% senior secured notes due 2020 (the *Notes* ) under an indenture dated as of the closing date of the offering of the Notes (the *Indenture* ) among the Issuer, the Guarantors and Law Debenture Trust Company of New York, as trustee (the *Trustee* ), and Deutsche Bank Trust Company Americas, as Paying Agent, Registrar and Transfer Agent. The Notes were issued in a private transaction that is not subject to the registration requirements of the Securities Act. Except as set forth herein, the terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act.

The following description is only a summary of the material provisions of the Indenture, does not purport to be complete and is qualified in its entirety by reference to the provisions of those agreements, including the definitions therein of certain terms used below. We urge you to read the Indenture because it, and not this description, defines your rights as Holders of the Notes.

**Brief Description of Notes**

The Notes:

are general senior obligations of the Issuer;

are secured on a first-priority basis, equally and ratably with all existing and future obligations of the Issuer and the Guarantors under any existing and future First Lien Obligations, by all of the assets of the Issuer and the Guarantors which secure the General Credit Facility (other than the European Collateral), subject to the Liens securing the Issuer's and the Guarantors' ABL Obligations and other Permitted Liens;

are secured on a second-priority basis, equally and ratably with all existing and future obligations of the Issuer and the Guarantors under any existing and future First Lien Obligations, by all of the assets of the Issuer and the Guarantors securing the ABL Facility which also secure the General Credit Facility, subject to the Liens securing the Issuer's and the Guarantors' ABL Obligations and other Permitted Liens;

are effectively subordinated to the Issuer's and the Guarantors' obligations under the ABL Facility, to the extent of the value of the Shared Receivables Collateral;

are effectively subordinated to any obligations secured by Permitted Liens, to the extent of the value of the assets of the Issuer and the Guarantors subject to those Permitted Liens;

are structurally subordinated to any existing and future indebtedness and liabilities of non-guarantor Subsidiaries, including the ABL Financing Entities and the Issuer's Foreign Subsidiaries and any Unrestricted Subsidiaries and including indebtedness under the Company's senior secured European term loan facility included in the General Credit Facility;

rank equally in right of payment with all existing and future senior Indebtedness of the Issuer and the Guarantors but, to the extent of the value of the Collateral, are effectively senior to all of the Issuer's and the Guarantors' unsecured senior Indebtedness (including the Existing Notes) and Junior Lien Obligations (including the Existing Second Priority Notes);

are senior in right of payment to any future Subordinated Indebtedness (as defined with respect to the Notes) of the Issuer;

## **Table of Contents**

are initially unconditionally guaranteed on a joint and several and senior basis by each Restricted Subsidiary that guarantees the General Credit Facility (other than any Foreign Subsidiary); and

are subject to registration with the SEC pursuant to the Registration Rights Agreement.

## **Guarantees**

The Guarantors, as primary obligors and not merely as sureties, jointly and severally fully and unconditionally guarantee, on a senior basis, the performance and full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Issuer under the Indenture and the Notes, whether for payment of principal of, premium, if any, or interest or Additional Interest in respect of the Notes, expenses, indemnification or otherwise, on the terms set forth in the Indenture by executing the Indenture.

The Restricted Subsidiaries which guarantee the General Credit Facility guarantee the Notes. Each of the Guarantees of the Notes is a general senior obligation of each Guarantor and is secured by a first-priority lien on all of the assets of each Guarantor which secure the General Credit Facility (other than the European Collateral) and by a second-priority lien on all of the assets of each Guarantor which secure the ABL Facility. The Guarantees rank equally in right of payment with all existing and future senior Indebtedness of the Guarantor but, to the extent of the value of the Collateral, are effectively senior to all of the Guarantor's unsecured senior Indebtedness and Junior Lien Obligations and, to the extent of the Shared Receivables Collateral, are effectively subordinated to the Guarantor's Obligations under the ABL Facility and any future ABL Obligations. The Guarantees are senior in right of payment to all existing and future Subordinated Indebtedness of each Guarantor. The Notes are structurally subordinated to Indebtedness and other liabilities of Subsidiaries of the Issuer that do not Guarantee the Notes.

Not all of the Issuer's Subsidiaries Guarantee the Notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to the Issuer. None of our Subsidiaries which are Restricted Subsidiaries for purposes of the Existing Notes Indenture, Foreign Subsidiaries, ABL Financing Entities, non-Wholly Owned Subsidiaries or any Receivables Subsidiaries guarantee the Notes. For the year ended December 31, 2009, our non-guarantor Subsidiaries accounted for approximately \$12.468 billion, or 41.5%, of our total revenues. As of December 31, 2009, our non-guarantor Subsidiaries held approximately \$9.672 billion, or 40.1%, of our total assets and approximately \$6.750 billion, or 21.1%, of our total liabilities. See Note 16 to our consolidated financial statements included in this prospectus.

The obligations of each Guarantor under its Guarantee are limited as necessary to prevent the Guarantee from constituting a fraudulent conveyance under applicable law.

Any entity that makes a payment under its Guarantee is entitled upon payment in full of all guaranteed obligations under the Indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with GAAP.

If a Guarantee were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero. See Risk Factors Risks Related to the Notes Federal and state fraudulent transfer laws may permit a court to void the guarantees, and, if that occurs, you may not receive any payments on the notes.

Each Guarantee by a Guarantor provides by its terms that it will be automatically and unconditionally released and discharged upon:

(1) (a) any sale, exchange or transfer (by merger or otherwise) of the Capital Stock of such Guarantor (including any sale, exchange or transfer), after which the applicable Guarantor is no longer a

## **Table of Contents**

Restricted Subsidiary or all or substantially all the assets of such Guarantor, which sale, exchange or transfer is made in compliance with the applicable provisions of the Indenture;

(b) the release or discharge of the guarantee by such Guarantor of the Senior Credit Facilities or such other guarantee that resulted in the creation of such Guarantee, except a discharge or release by or as a result of payment under such guarantee;

(c) the designation of any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in compliance with the applicable provisions of the Indenture; or

(d) the exercise by the Issuer of its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the discharge of the Issuer's obligations under the Indenture in accordance with the terms of the Indenture; and

(2) such Guarantor delivering to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in the Indenture relating to such transaction have been complied with.

## **Holding Company Structure**

The Issuer is a holding company for its Subsidiaries, with no material operations of its own and only limited assets. Accordingly, the Issuer is dependent upon the distribution of the earnings of its Subsidiaries, whether in the form of dividends, advances or payments on account of intercompany obligations, to service its debt obligations.

## **Security**

### ***General***

The Notes and the Guarantees, together with all other First Lien Obligations, are secured by perfected first-priority security interests in the Non-Receivables Collateral and by perfected second-priority security interests in the Shared Receivables Collateral (second in priority to the first-priority Liens on the Shared Receivables Collateral securing the ABL Obligations), in each case, subject to Permitted Liens. Notwithstanding the foregoing, neither the Notes nor the Guarantees are secured by the European Collateral or the Separate Receivables Collateral. The ABL Secured Parties have rights and remedies with respect to the Shared Receivables Collateral that, if exercised, could adversely affect the value of the Shared Receivables Collateral or the ability of the respective agents under the Intercreditor Agreements to realize or foreclose on the Shared Receivables Collateral on behalf of the First Lien Secured Parties. First Lien Secured Parties other than the Holders of the Notes have rights and remedies with respect to the Collateral that, if exercised, could also adversely affect the value of the Collateral on behalf of the Holders of the Notes, particularly the rights described below under First Lien Intercreditor Agreement. For a description of the Shared Receivables Collateral and the Non-Receivables Collateral, see Description of Other Indebtedness Senior Secured Credit Facilities Guarantee and Security.

The Issuer and the Guarantors are and will be able to incur additional Indebtedness in the future which could share in the Collateral, including additional First Lien Obligations, additional ABL Obligations, additional Junior Lien Obligations and Obligations secured by Permitted Liens. The amount of such additional Obligations is and will be limited by the covenant described under Certain Covenants Liens and the covenant described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock. Under certain circumstances, the amount of any such additional Obligations could be significant.

### ***After-Acquired Collateral***

From and after the Issue Date and subject to certain limitations and exceptions, (a) if the Issuer or any Guarantor creates any additional security interest upon any property or asset that would constitute Collateral to secure any First Lien Obligations (other than European Collateral and Separate Receivables Collateral), it must concurrently grant a first-priority perfected security interest (subject to Permitted Liens) upon such property as

## **Table of Contents**

security for the Notes and (b) if the Issuer or any Guarantor creates any additional security interest upon any property or asset that would constitute Shared Receivables Collateral to secure any ABL Obligations, it must concurrently grant a second-priority perfected security interest (subject to Permitted Liens) upon such property as security for the Notes.

### ***Liens with Respect to the Collateral***

The Issuer, the Guarantors and the First Lien Collateral Agent entered into Security Documents in connection with the General Credit Facility and the Existing First Priority Notes with respect to the Collateral defining the terms of the security interests that secure the General Credit Facility and the Existing First Priority Notes with respect to such Collateral and that defines the terms of the security interests that secure the Notes and the Guarantees with respect to such Collateral. These security interests secure the payment and performance when due of all of the Obligations of the Issuers and the Guarantors under the Notes, the Indenture, the Guarantees and the Security Documents, as provided in the Security Documents.

### ***First Lien Intercreditor Agreement***

The First Lien Collateral Agent has entered into, and the Trustee, as authorized representative for the holders of the notes, has consented to, a First Lien Intercreditor Agreement (as the same may be amended from time to time, the *First Lien Intercreditor Agreement* ) with the Authorized Representative of the General Credit Facility Obligations with respect to the Collateral, which may be amended from time to time without the consent of the Holders to add other parties holding First Lien Obligations permitted to be incurred under the Indenture, General Credit Facility, the Existing First Priority Notes Indentures and the First Lien Intercreditor Agreement. The First Lien Collateral Agent is initially the collateral agent under the General Credit Facility.

Under the First Lien Intercreditor Agreement, as described below, the *Applicable Authorized Representative* has the right to direct foreclosures and take other actions with respect to the Common Collateral, and the Authorized Representatives of other Series of First Lien Obligations have no right to take actions with respect to the Common Collateral. The *Applicable Authorized Representative* is the administrative agent under the General Credit Facility, and the Trustee for the Holders, as Authorized Representative in respect of the Notes, will have no rights to take any action under the First Lien Intercreditor Agreement.

The administrative agent under the General Credit Facility will remain the *Applicable Authorized Representative* until the earlier of (1) the Discharge of General Credit Facility Obligations and (2) the Non-Controlling Authorized Representative Enforcement Date (such date, the *Applicable Authorized Agent Date* ). After the *Applicable Authorized Agent Date*, the *Applicable Authorized Representative* will be the Authorized Representative of the Series of Additional First Lien Obligations that constitutes the largest outstanding principal amount of any then outstanding Series of First Lien Obligations, other than the General Credit Facility Obligations, with respect to the Common Collateral (the *Major Non-Controlling Authorized Representative* ).

The *Non-Controlling Authorized Representative Enforcement Date* is the date that is 90 days (throughout which 90-day period the applicable Authorized Representative was the Major Non-Controlling Authorized Representative) after the occurrence of both (a) an event of default, as defined in the Indenture or other applicable indenture for that Series of First Lien Obligations, and (b) the First Lien Collateral Agent's and each other Authorized Representative's receipt of written notice from that Authorized Representative certifying that (i) such Authorized Representative is the Major Non-Controlling Authorized Representative and that an event of default, as defined in the Indenture or other applicable indenture for that Series of First Lien Obligations, has occurred and is continuing and (ii) the First Lien Obligations of that Series are currently due and payable in full (whether as a result of acceleration thereof or otherwise) in accordance with the Indenture or other applicable indenture for that Series of First Lien Obligations; *provided* that the Non-Controlling Authorized Representative Enforcement Date shall be stayed and shall not occur

and shall be deemed not to have occurred with respect to any Shared Collateral (1) at any time the administrative agent under the General Credit Facility or the First Lien Collateral Agent has commenced and is diligently pursuing any enforcement

**Table of Contents**

action with respect to such Common Collateral or (2) at any time the Issuer or the Guarantor that has granted a security interest in such Common Collateral is then a debtor under or with respect to (or otherwise subject to) any insolvency or liquidation proceeding.

The Applicable Authorized Representative shall have the sole right to instruct the First Lien Collateral Agent to act or refrain from acting with respect to the Common Collateral, (b) the First Lien Collateral Agent shall not follow any instructions with respect to such Common Collateral from any representative of any Non-Controlling Secured Party or other First Lien Secured Party (other than the Applicable Authorized Representative), and (c) no Authorized Representative of any Non-Controlling Secured Party or other First Lien Secured Party (other than the Applicable Authorized Representative) will instruct the First Lien Collateral Agent to commence any judicial or non-judicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its interests in or realize upon, or take any other action available to it in respect of, the Common Collateral.

Notwithstanding the equal priority of the Liens, the First Lien Collateral Agent, acting on the instructions of the Applicable Authorized Representative, may deal with the Common Collateral as if such Applicable Authorized Representative had a senior Lien on such Collateral. No representative of any Non-Controlling Secured Party may contest, protest or object to any foreclosure proceeding or action brought by the First Lien Collateral Agent, Applicable Authorized Representative or Controlling Secured Party. The Trustee and each other Authorized Representative agrees that it will not accept any Lien on any Collateral for the benefit of the Holders (other than funds deposited for the discharge or defeasance of the Notes) other than pursuant to the First Lien Security Documents. Each of the New First Lien Secured Parties also agrees that it will not contest or support any other person in contesting, in any proceeding (including any insolvency or liquidation proceeding), the perfection, priority, validity or enforceability of a Lien held by or on behalf of any of the New First Lien Secured Parties in all or any part of the Collateral, or the provisions of the First Lien Intercreditor Agreement.

If a First Lien Event of Default has occurred and is continuing and the First Lien Collateral Agent is taking action to enforce rights in respect of any Common Collateral, or any distribution is made with respect to any Common Collateral in any bankruptcy case of the Issuer or any Guarantor, the proceeds of any sale, collection or other liquidation of any such Collateral by the First Lien Collateral Agent or any other First Lien Secured Party (or received pursuant to any other intercreditor agreement), as applicable, and proceeds of any such distribution (subject, in the case of any such distribution, to the paragraph immediately following) to which the First Lien Obligations are entitled under any other intercreditor agreement shall be applied among the First Lien Obligations to the payment in full of the First Lien Obligations on a ratable basis, after payment of all amounts owing to the First Lien Collateral Agent.

Notwithstanding the foregoing, with respect to any Common Collateral for which a third party (other than a First Lien Secured Party) has a lien or security interest that is junior in priority to the security interest of any Series of First Lien Obligations but senior (as determined by appropriate legal proceedings in the case of any dispute) to the security interest of any other Series of First Lien Obligations (such third party, an *Intervening Creditor*), the value of any Common Collateral or proceeds which are allocated to such Intervening Creditor shall be deducted on a ratable basis solely from the Common Collateral or proceeds to be distributed in respect of the Series of First Lien Obligations with respect to which such Impairment exists.

None of the First Lien Secured Parties may institute any suit or assert in any suit, bankruptcy, insolvency or other proceeding any claim against the First Lien Collateral Agent or any other First Lien Secured Party seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Common Collateral. In addition, none of the First Lien Secured Parties may seek to have any Common Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Collateral. If any First Lien Secured Party obtains

possession of any Common Collateral or realizes any proceeds or payment in respect thereof, at any time prior to the discharge of each of the First Lien Obligations, then it must hold such Common Collateral, proceeds or payment in trust for the other First Lien Secured Parties and promptly

transfer such Common Collateral, proceeds or payment to the First Lien Collateral Agent to be distributed in accordance with the First Lien Intercreditor Agreement.

If the Issuer or any Guarantor becomes subject to any bankruptcy case, the First Lien Intercreditor Agreement provides that (1) if the Issuer or any Guarantor shall, as debtor(s)-in-possession, move for approval of financing (the *DIP Financing* ) to be provided by one or more lenders (the *DIP Lenders* ) under Section 364 of the Bankruptcy Code or the use of cash collateral under Section 363 of the Bankruptcy Code, each First Lien Secured Party will agree not to object to any such financing or to the Liens on the Common Collateral securing the same (the *DIP Financing Liens* ) or to any use of cash collateral that constitutes Common Collateral, unless any Controlling Secured Party, or an Authorized Representative of any Controlling Secured Party, shall then oppose or object to such DIP Financing or such DIP Financing Liens or use of cash collateral (and (i) to the extent that such DIP Financing Liens are senior to the Liens on any such Common Collateral for the benefit of the Controlling Secured Parties, each Non-Controlling Secured Party will subordinate its Liens with respect to such Common Collateral on the same terms as the Liens of the Controlling Secured Parties (other than any Liens of any First Lien Secured Parties constituting DIP Financing Liens) are subordinated thereto, and (ii) to the extent that such DIP Financing Liens rank *pari passu* with the Liens on any such Common Collateral granted to secure the First Lien Obligations of the Controlling Secured Parties, each Non-Controlling Secured Party will confirm the priorities with respect to such Common Collateral as set forth in the First Lien Intercreditor Agreement), in each case so long as:

(A) the First Lien Secured Parties of each Series retain the benefit of their Liens on all such Common Collateral pledged to the DIP Lenders, including proceeds thereof arising after the commencement of such proceeding, with the same priority vis-a-vis all the other First Lien Secured Parties (other than any Liens of the First Lien Secured Parties constituting DIP Financing Liens) as existed prior to the commencement of the bankruptcy case,

(B) the First Lien Secured Parties of each Series are granted Liens on any additional collateral pledged to any First Lien Secured Parties as adequate protection or otherwise in connection with such DIP Financing or use of cash collateral, with the same priority vis-a-vis the First Lien Secured Parties as set forth in the First Lien Intercreditor Agreement,

(C) if any amount of such DIP Financing or cash collateral is applied to repay any of the First Lien Obligations, such amount is applied pursuant to the First Lien Intercreditor Agreement, and

(D) if any First Lien Secured Parties are granted adequate protection, including in the form of periodic payments, in connection with such DIP Financing or use of cash collateral, the proceeds of such adequate protection is applied pursuant to the First Lien Intercreditor Agreement;

*provided* that the First Lien Secured Parties of each Series shall have a right to object to the grant of a Lien to secure the DIP Financing over any Collateral subject to Liens in favor of the First Lien Secured Parties of such Series or its representative that shall not constitute Common Collateral; and *provided, further*, that the First Lien Secured Parties receiving adequate protection shall not object to any other First Lien Secured Party receiving adequate protection comparable to any adequate protection granted to such First Lien Secured Parties in connection with a DIP Financing or use of cash collateral.

The First Lien Secured Parties acknowledge that the First Lien Obligations of any Series may, subject to the limitations set forth in the other First Lien Documents, be increased, extended, renewed, replaced, restated, supplemented, restructured, repaid, refunded, refinanced or otherwise amended or modified from time to time, all without affecting the priorities set forth in the First Lien Intercreditor Agreement defining the relative rights of the First Lien Secured Parties of any Series.

***Additional General Intercreditor Agreement***

The First Lien Collateral Agent is a party to an Additional General Intercreditor Agreement dated the Issue Date (as the same may be amended from time to time, the *Additional General Intercreditor Agreement* ), by and among the First Lien Collateral Agent, the Junior Lien Collateral Agent and the trustees under the Existing Second Priority Notes Indentures and the Existing First Priority Notes Indentures, by which

the Notes are given the same ranking and rights with respect to the Collateral as provided to the General Credit Facility under the General Intercreditor Agreement, dated as of November 17, 2006, by and among the First Lien Collateral Agent and the Junior Lien Collateral Agent. Pursuant to the terms of the Additional General Intercreditor Agreement and subject to the First Lien Intercreditor Agreement, prior to the Discharge of New First Lien Obligations, the First Lien Collateral Agent, acting on behalf of the New First Lien Secured Parties, will determine the time and method by which the security interests in the Collateral will be enforced and will have the sole and exclusive right to manage, perform and enforce the terms of the Security Documents relating to the Collateral and to exercise and enforce all privileges, rights and remedies thereunder according to its direction, including to take or retake control or possession of such Collateral and to hold, prepare for sale, marshal, process, sell, lease, dispose of or liquidate such Collateral, including, without limitation, following the occurrence of a Default or Event of Default under the Indenture. The Junior Lien Collateral Agent will not be permitted to enforce the security interests even if any event of default under an Existing Second Priority Notes Indenture has occurred and the Existing Second Priority Notes issued thereunder have been accelerated except (a) in any insolvency or liquidation proceeding, solely as necessary to file a proof of claim or statement of interest with respect to the Junior Lien Obligations or (b) as necessary to take any action in order to prove, preserve, perfect or protect (but not enforce) its security interest and rights in, and the perfection and priority of its Lien on, the Collateral.

The Junior Lien Collateral Agent, for itself and on behalf of each Junior Lien Secured Party, has agreed pursuant to the Additional General Intercreditor Agreement that (a) it will not (and thereby waives any right to) take any action to challenge, contest or support any other Person in contesting or challenging, directly or indirectly, in any proceeding (including any insolvency or liquidation proceeding), the validity, perfection, priority or enforceability of a Lien securing any New First Lien Obligations held (or purported to be held) by or on behalf of the First Lien Collateral Agent or any of the New First Lien Secured Parties or any agent or trustee therefor in any Collateral or other collateral securing both the New First Lien Obligations and any Junior Lien Obligations and (b) it will not oppose or otherwise contest (or support any other Person contesting) any request for judicial relief made in any court by the First Lien Collateral Agent or any New First Lien Secured Parties relating to the lawful enforcement of any First Priority Lien on Collateral or other collateral securing both the New First Lien Obligations and any Junior Lien Obligations.

In addition, the Security Documents provide that, subject to the First Lien Intercreditor Agreement, prior to the Discharge of New First Lien Obligations, the First Lien Collateral Agent may take actions with respect to the Collateral (including the release of Collateral and the manner of realization (subject to the provisions described under Release of Collateral )) without the consent of the Junior Lien Collateral Agent or other Junior Lien Secured Parties.

The Collateral or proceeds thereof received in connection with the sale or other disposition of, or collection on, such Non-Receiveables Collateral upon the exercise of remedies will be applied to the First Lien Obligations to be distributed in accordance with the First Lien Intercreditor Agreement prior to application to any Junior Lien Obligations in such order as specified in the relevant First Lien Documents until the Discharge of New First Lien Obligations has occurred.

In addition, so long as the Discharge of New First Lien Obligations has not occurred, neither the Junior Lien Collateral Agent nor any Junior Lien Representative shall acquire or hold any Lien on any assets of the Issuer or any Subsidiary (and neither the Issuer nor any Subsidiary shall grant such Lien) securing any Junior Lien Obligations that are not also subject to the First Priority Lien in respect of the New First Lien Obligations under the New First Lien Documents.

The Junior Lien Collateral Agent and each other Junior Lien Secured Party agrees that any Lien purported to be granted on any collateral as security for New First Lien Obligations shall be deemed to be and shall be deemed to remain senior in all respects and prior to all Liens on such collateral securing any Junior Lien Obligations for all purposes regardless of whether the Lien purported to be granted is found to be improperly granted, improperly

perfected, preferential, a fraudulent conveyance or legally or otherwise deficient in any manner.

**Table of Contents**

If any New First Lien Secured Party is required in any insolvency or liquidation proceeding or otherwise to turn over or otherwise pay to the estate of the Issuer or any other Guarantor (or any trustee, receiver or similar person therefor), because the payment of such amount was declared to be fraudulent or preferential in any respect or for any other reason, any amount (a *Recovery* ), whether received as proceeds of security, enforcement of any right of setoff or otherwise, then as among the parties hereto, the New First Lien Obligations shall be deemed to be reinstated to the extent of such Recovery and to be outstanding as if such payment had not occurred and such New First Lien Secured Party shall be entitled to a reinstatement of New First Lien Obligations with respect to all such recovered amounts and shall have all rights hereunder. If the Additional General Intercreditor Agreement shall have been terminated prior to such Recovery, the Additional General Intercreditor Agreement shall be reinstated in full force and effect, and such prior termination shall not diminish, release, discharge, impair or otherwise affect the obligations of the parties thereto.

The Additional General Intercreditor Agreement provides that so long as the Discharge of New First Lien Obligations has not occurred, whether or not any insolvency or liquidation proceeding has been commenced by or against the Issuer or any Guarantor, (i) neither the Junior Lien Collateral Agent, any Junior Lien Representative nor any Junior Lien Secured Party will (x) exercise or seek to exercise any rights or remedies (including setoff or the right to credit bid debt (except under limited circumstances)) with respect to any collateral securing both the New First Lien Obligations and any Junior Lien Obligations in respect of any applicable Junior Lien Obligations, or institute any action or proceeding with respect to such rights or remedies (including any action of foreclosure), (y) contest, protest or otherwise object to any foreclosure or enforcement proceeding or action brought with respect to the Collateral or any other collateral by the First Lien Collateral Agent or any New First Lien Secured Party in respect of the New First Lien Obligations, the exercise of any right by the First Lien Collateral Agent or any New First Lien Secured Party (or any agent or sub-agent on their behalf) in respect of the New First Lien Obligations under any control agreement, lockbox agreement, landlord waiver or bailee's letter or similar agreement or arrangement to which the Junior Lien Collateral Agent, any Junior Lien Representative or any Junior Lien Secured Party either is a party or may have rights as a third-party beneficiary, or any other exercise by any such party of any rights and remedies as a secured party relating to such collateral or any other collateral under the New First Lien Documents or otherwise in respect of New First Lien Obligations, or (z) object to any waiver or forbearance by the First Lien Secured Parties from or in respect of bringing or pursuing any foreclosure proceeding or action or any other exercise of any rights or remedies relating to such collateral or any other collateral in respect of New First Lien Obligations and (ii) except as otherwise provided in the Additional General Intercreditor Agreement, the First Lien Collateral Agent and the New First Lien Secured Parties shall have the sole and exclusive right to enforce rights, exercise remedies (including setoff and the right to credit bid their debt), marshal, process and make determinations regarding the release, disposition or restrictions, or waiver or forbearance of rights or remedies with respect to such collateral without any consultation with or the consent of the Junior Lien Collateral Agent, any Junior Lien Representative or any Junior Lien Secured Party.

In addition, the Junior Lien Collateral Agent, each Junior Lien Representative and each other Junior Lien Secured Party have agreed, among other things, that if the Issuer or any Guarantor is subject to any insolvency or liquidation proceeding if the First Lien Collateral Agent, subject to the First Lien Intercreditor Agreement, desires to permit the use of cash collateral or to permit the Issuer or any Guarantor to obtain financing under Section 363 or Section 364 of the Bankruptcy Code or any similar provision in any Bankruptcy Law ( *DIP Financing* ), including if such DIP Financing is secured by Liens senior in priority to the Liens securing the Junior Lien Obligations, then the Junior Lien Collateral Agent and each Junior Lien Representative, on behalf of itself and each applicable Junior Lien Secured Party, agrees not to object to such use of cash collateral or DIP Financing and will not request adequate protection or any other relief in connection therewith (except to the extent permitted by the Additional General Intercreditor Agreement) and, to the extent the Liens securing the new First Lien Obligations are subordinated or *pari passu* with such DIP Financing, will subordinate its Liens in the Collateral and any other collateral to such DIP Financing (and all Obligations relating thereto) on the same basis as they are subordinated to the New First Lien Obligations.

Subject to the terms of the Security Documents, the Issuer and the Guarantors have the right to remain in possession and retain exclusive control of the Collateral securing the Notes and the Notes Obligations (other

than securities, instruments and chattel paper constituting part of the Collateral and deposited with the First Lien Collateral Agent in accordance with the provisions of the First Lien Security Documents and any Shared Receivables Collateral subject to a control agreement under the circumstances described in the First Lien Security Documents), to freely operate the Collateral and to collect, invest and dispose of any income therefrom.

***Release of Collateral***

Under the First Lien Intercreditor Agreement, if at any time the Applicable Authorized Representative forecloses upon or otherwise exercises remedies against any Common Collateral, then (whether or not any insolvency or liquidation proceeding is pending at the time) the Liens in favor of the First Lien Collateral Agent for the benefit of the Trustee and the Holders of the Notes and each other Series of First Lien Secured Parties upon such Common Collateral will automatically be released and discharged. However, any proceeds of any Common Collateral realized therefrom will be applied as described under First Lien Intercreditor Agreement.

Under the Additional Receivables Intercreditor Agreement, if at any time the Issuer or any Guarantor or any ABL Secured Party delivers notice that any Shared Receivables Collateral is sold, transferred or otherwise disposed of by the owner of that Collateral in a transaction permitted under the ABL Facility, the General Credit Facility and the Indenture or the ABL Secured Parties are releasing or have released their Liens on such Shared Receivables Collateral in connection with a disposition in connection with an exercise of remedies with respect to such Collateral, then the Liens on such Shared Receivables Collateral securing New First Lien Obligations or Junior Lien Obligations will automatically be released and discharged as and when, but only to the extent, such Liens on such Shared Receivables Collateral securing ABL Obligations are released and discharged, provided that in the case of a disposition in connection with an exercise of remedies, any proceeds thereof not applied to repay ABL Obligations shall be subject to the Liens securing the First Lien Obligations and the Junior Lien Obligations and shall be applied pursuant to the Additional Receivables Intercreditor Agreement and the First Lien Intercreditor Agreement.

The Issuer and the Guarantors will be entitled to the release of property and other assets constituting Collateral from the Liens securing the Notes and the Notes Obligations under any one or more of the following circumstances:

- (1) to enable us to consummate the sale, transfer or other disposition of such property or assets to the extent not prohibited under the covenant described under Repurchase at the Option of Holders Asset Sales ;
- (2) the release of Excess Proceeds or Collateral Excess Proceeds that remain unexpended after the conclusion of an Asset Sale Offer or a Collateral Asset Sale Offer conducted in accordance with the Indenture;
- (3) in the case of a Guarantor that is released from its Guarantee with respect to the Notes pursuant to the terms of the Indenture, the release of the property and assets of such Guarantor;
- (4) with the consent of the holders of at least 75% of the aggregate principal amount of the Notes then outstanding and affected thereby and a majority of all Junior Lien Obligations (including the Existing Second Priority Notes) then outstanding and affected thereby (including, without limitation, consents obtained in connection with a tender offer or exchange offer for, or purchase of, Junior Lien Obligations); or
- (5) as described under Amendment, Supplement and Waiver below.

To the extent necessary and for so long as required for such Subsidiary not to be subject to any requirement pursuant to Rule 3-16 of Regulation S-X under the Securities Act to file separate financial statements with the SEC (or any other governmental agency), the Capital Stock of any Subsidiary of the Company (excluding Healthtrust, Inc. The Hospital Company, a Delaware corporation and its successors and assigns) shall not be included in the Collateral with

respect to the Notes (as described under Certain

Limitations on the Collateral ) and shall not be subject to the Liens securing the Notes and the Notes Obligations.

The Liens on the Collateral securing the Notes and the Guarantees also will be released upon (i) payment in full of the principal of, together with accrued and unpaid interest (including Additional Interest, if any) on, the Notes and all other Obligations under the Indenture, the Guarantees and the Security Documents that are due and payable at or prior to the time such principal, together with accrued and unpaid interest (including Additional Interest, if any), are paid or (ii) a legal defeasance or covenant defeasance under the Indenture as described below under Legal Defeasance and Covenant Defeasance or a discharge of the Indenture as described under Satisfaction and Discharge.

Any certificate or opinion required by Section 314(d) of the Trust Indenture Act may be made by an Officer of the Company, except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert.

Notwithstanding anything to the contrary herein, the Issuer and its Subsidiaries are not required to comply with all or any portion of Section 314(d) of the Trust Indenture Act if they determine, in good faith based on advice of counsel, that under the terms of that section and/or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including no action letters or exemptive orders, all or any portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Collateral.

Without limiting the generality of the foregoing, certain no action letters issued by the SEC have permitted an indenture qualified under the Trust Indenture Act to contain provisions permitting the release of collateral from Liens under such indenture in the ordinary course of the issuer's business without requiring the issuer to provide certificates and other documents under Section 314(d) of the Trust Indenture Act. The Issuer and the Guarantors may, subject to the provisions of the Indenture, among other things, without any release or consent by the First Lien Collateral Agent, conduct ordinary course activities with respect to the Collateral, including, without limitation:

selling or otherwise disposing of, in any transaction or series of related transactions, any property subject to the Lien of the Security Documents that has become worn out, defective, obsolete or not used or useful in the business;

abandoning, terminating, canceling, releasing or making alterations in or substitutions of any leases or contracts subject to the Lien of the Indenture or any of the Security Documents;

surrendering or modifying any franchise, license or permit subject to the Lien of the Security Documents that it may own or under which it may be operating;

altering, repairing, replacing, changing the location or position of and adding to its structures, machinery, systems, equipment, fixtures and appurtenances;

granting a license of any intellectual property;

selling, transferring or otherwise disposing of inventory in the ordinary course of business;

collecting accounts receivable in the ordinary course of business as permitted by the covenant described under Repurchase at the Option of Holders Asset Sales ;

making cash payments (including for the repayment of Indebtedness or interest) from cash that is at any time part of the Collateral in the ordinary course of business that are not otherwise prohibited by the Indenture and the Security Documents; and

abandoning any intellectual property that is no longer used or useful in the Issuer's business.

The Issuer must deliver an Officer's Certificate to the First Lien Collateral Agent within 30 calendar days following the end of each six-month period beginning on May 15 and November 15 of each year, to the effect that all such releases and withdrawals during the preceding six-month period in the ordinary course of the Issuer's or the Guarantors' business, as described in the preceding paragraph, were not prohibited by the Indenture.

***Additional Receivables Intercreditor Agreement***

In addition, the First Lien Collateral Agent is a party to an Additional Receivables Intercreditor Agreement, dated the Issue Date (as the same may be amended from time to time, the *Additional Receivables Intercreditor Agreement* ), by and between the First Lien Collateral Agent and the collateral agent under the ABL Facility (the *ABL Collateral Agent* ), by which the Notes are given the same ranking and rights with respect to the Shared Receivables Collateral as provided to the General Credit Facility under the Receivables Intercreditor Agreement dated as of November 17, 2006 by and among the Junior Lien Collateral Agent, the First Lien Collateral Agent and the ABL Collateral Agent. The Additional Receivables Intercreditor Agreement contains provisions with respect to the Shared Receivables Collateral and the relative rights, privileges and obligations relating thereto as between (a) the First Lien Collateral Agent and the New First Lien Secured Parties and (b) the ABL Collateral Agent and the ABL Secured Parties. The Additional Receivables Intercreditor Agreement provides for first-priority Liens in the Shared Receivables Collateral in favor of the ABL Secured Parties and junior priority Liens in the Shared Receivables Collateral in favor of the New First Lien Secured Parties, subject to Permitted Liens. The relative rights, privileges and obligations with respect to the Shared Receivables Collateral of the ABL Secured Parties, on the one hand, and the New First Lien Secured Parties, on the other, are substantially similar to the relative rights, privileges and obligations with respect to the Non-Receivables Collateral of the New First Lien Secured Parties, on the one hand, and the Junior Lien Secured Parties, on the other, respectively, except that the Liens of the New First Lien Secured Parties in the Shared Receivables Collateral are second-priority Liens and the Liens of the ABL Secured Parties in the Shared Receivables Collateral are first-priority liens and except to the extent customary or necessary with respect to collateral of the type that constitutes Shared Receivables Collateral.

The relative rights, privileges and obligations with respect to the Shared Receivables Collateral (a) as between the First Lien Collateral Agent and the New First Lien Secured Parties, on the one hand, and the Junior Lien Collateral Agent and the Junior Lien Secured Parties, on the other, are governed by the Additional General Intercreditor Agreement described above and (b) as among the First Lien Secured Parties, are governed by the First Lien Intercreditor Agreement described above.

***Certain Limitations on the Collateral***

The Collateral securing the Notes does not include any of the following assets:

- (1) the property or assets owned by any Subsidiary of the Issuer that is not a Guarantor, including each ABL Financing Entity;
- (2) any rights or interests of the Issuer or any Guarantor in, to or under any agreement, contract, license, instrument, document or other general intangible (referred to solely for purposes of this clause (2) as a *Contract* ), any intellectual property or any security or other investment property (i) to the extent the security interest in such Collateral is prohibited by any applicable contract, agreement or other instrument without the consent of any other party thereto (other than a party to the General Credit Facility or the Indenture or, in the case of investment property, a Wholly-Owned Subsidiary), (ii) to the extent the security interest in such Contract would give any other party (other than a party to the General Credit Facility or the Indenture or, in the case of investment property, a Wholly-Owned Subsidiary) to such Collateral the right to terminate its obligations thereunder or (iii) to the extent all necessary consents to such grant of a security interest have not been obtained from the other parties thereto (other than to the extent that any such prohibition referred to in clauses (i), (ii) and (iii) would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the Uniform Commercial Code (or any successor provision or provisions) of any relevant jurisdiction or any other applicable law); *provided* that this limitation shall not affect, limit, restrict or impair the grant by the Issuer or such Guarantor of a security interest in any account receivable or any money or other amounts due or to become due under any Contract;

(3) any equipment of the Issuer or any Guarantor that is subject to, or secured by, a Capitalized Lease Obligation or Purchase Money Obligations and any equipment that constitutes an asset of an entity acquired in a transaction permitted by the Indenture to the extent that such equipment subject to a Lien

**Table of Contents**

permitted by the Indenture and the terms of the Indebtedness secured by such Lien prohibit assignment of, or granting of a security interest in, the Issuer's or such Guarantor's rights and interests therein (other than to the extent that any such prohibition would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the Uniform Commercial Code (or any successor provision or provisions) of any relevant jurisdiction or any other applicable law); *provided* that immediately upon the repayment of all Indebtedness secured by such Lien, the Issuer or the Guarantor, as the case may be, shall be deemed to have granted a security interest in all the rights and interests with respect to such equipment;

(4) any Voting Stock that is issued by any Foreign Subsidiary, if and to the extent that the inclusion of such Voting Stock in the Collateral would cause the Collateral pledged by the Issuer or the applicable Guarantor, as the case may be, to include in the aggregate more than 65% of the total combined voting power of all classes of Voting Stock of such Foreign Subsidiary;

(5) any Capital Stock that is issued by a Subsidiary that is not owned directly by the Issuer or a Guarantor;

(6) any Capital Stock and other securities of a Subsidiary (excluding Healthtrust, Inc. The Hospital Company, a Delaware corporation and its successors and assigns) to the extent that the pledge of such Capital Stock and other securities results in the Company's being required to file separate financial statements of such Subsidiary with the SEC, but only to the extent necessary to not be subject to such requirement and only for so long as such requirement is in existence and only with respect to the relevant Notes affected; *provided* that neither the Issuer nor any Subsidiary shall take any action in the form of a reorganization, merger or other restructuring a principal purpose of which is to provide for the release of the Lien on any Capital Stock pursuant to this clause (6). In addition, in the event that Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the SEC to require (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would require) the filing with the SEC (or any other governmental agency) of separate financial statements of any Subsidiary of the Company (excluding Healthtrust, Inc. The Hospital Company, a Delaware corporation and its successors and assigns) due to the fact that such Subsidiary's Capital Stock secures the Notes affected thereby, then the Capital Stock of such Subsidiary will automatically be deemed not to be part of the Collateral securing the relevant Notes affected thereby but only to the extent necessary to not be subject to such requirement and only for so long as required to not be subject to such requirement. In such event, the Security Documents may be amended or modified, without the consent of any holder of such Notes, to the extent necessary to release the security interests in favor of the First Lien Collateral Agent on the shares of Capital Stock that are so deemed to no longer constitute part of the Collateral for the relevant Notes. In the event that Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the SEC to permit (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would permit) such Subsidiary's Capital Stock to secure the Notes in excess of the amount then pledged without the filing with the SEC (or any other governmental agency) of separate financial statements of such Subsidiary, then the Capital Stock of such Subsidiary will automatically be deemed to be a part of the Collateral for the relevant Notes;

(7) certain non-Principal Properties that do not constitute Non-Receivables Collateral;

(8) any deposit accounts, other bank or securities accounts or cash of the Issuer or any Guarantor;

(9) any leaseholds and motor vehicles of the Issuer or any Guarantor;

(10) any Capital Stock or securities convertible into or exchangeable for Capital Stock (i) if, in the reasonable judgment of the Issuer, the cost or other consequences of pledging such Collateral shall be excessive in view of the benefits to be obtained by the First Lien Secured Parties therefrom or (ii) the pledge of such Collateral would result in adverse tax consequences to the Issuer or any of its Subsidiaries as reasonably determined by the Issuer and identified in writing to the First Lien Collateral Agent;

(11) any collateral to the extent the grant of the security interest therein would violate any requirement of law; and

**Table of Contents**

(12) proceeds and products from any and all of the foregoing excluded collateral described in clauses (1) through (11), unless such proceeds or products would otherwise constitute Collateral securing the Notes.

***Sufficiency of Collateral***

The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of the health care industry, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and similar factors. The amount to be received upon a sale of the Collateral would also be dependent on numerous factors, including, but not limited to, the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By their nature, portions of the Collateral may be illiquid and may have no readily ascertainable market value. Accordingly, there can be no assurance that the Collateral can be sold in a short period of time or in an orderly manner. In addition, in the event of a bankruptcy, the ability of the holders to realize upon any of the Collateral may be subject to certain bankruptcy law limitations as described below.

***Certain Bankruptcy Limitations***

The right of the Trustee to repossess and dispose of the Collateral upon the occurrence of an Event of Default would be significantly impaired by any Bankruptcy Law in the event that a bankruptcy case were to be commenced by or against the Company or any Guarantor prior to the Trustee's having repossessed and disposed of the Collateral. Upon the commencement of a case for relief under the Bankruptcy Code, a secured creditor such as the Trustee is prohibited from repossessing its security from a debtor in a bankruptcy case, or from disposing of security without bankruptcy court approval.

In view of the broad equitable powers of a U.S. bankruptcy court, it is impossible to predict how long payments under the Notes could be delayed following commencement of a bankruptcy case, whether or when the Trustee could repossess or dispose of the Collateral, the value of the Collateral at any time during a bankruptcy case or whether or to what extent Holders of the Notes would be compensated for any delay in payment or loss of value of the Collateral. The Bankruptcy Code permits only the payment and/or accrual of post-petition interest, costs and attorneys' fees to a secured creditor during a debtor's bankruptcy case to the extent the value of such creditor's interest in the Collateral is determined by the bankruptcy court to exceed the aggregate outstanding principal amount of the obligations secured by the Collateral.

Furthermore, in the event a domestic or foreign bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the Notes, the Holders of the Notes would hold secured claims only to the extent of the value of the Collateral to which the Holders of the Notes are entitled, and unsecured claims with respect to such shortfall.

***Paying Agent and Registrar for the Notes***

The Issuer must maintain one or more paying agents for the Notes in the Borough of Manhattan, City of New York. The initial paying agent for the Notes is Deutsche Bank Trust Company Americas.

The Issuer must also maintain a registrar with offices in the Borough of Manhattan, City of New York. The initial registrar is Deutsche Bank Trust Company Americas. The registrar maintains a register reflecting ownership of the Notes outstanding from time to time and makes payments on and facilitates transfer of Notes on behalf of the Issuer.

The Issuer may change the paying agents or the registrars without prior notice to the Holders. The Issuer or any of its Subsidiaries may act as a paying agent or registrar.

**Transfer and Exchange**

A Holder may transfer or exchange Notes in accordance with the Indenture. The registrar and the Trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. The Issuer is not required to transfer or

exchange any Note selected for redemption. Also, the Issuer is not required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed.

### **Principal, Maturity and Interest**

The Issuer issued \$1,400,000,000 in aggregate principal amount of Notes in a private transaction that was not subject to the registration requirements of the Securities Act. The Notes will mature on September 15, 2020. Subject to compliance with the covenant described below under the caption *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*, the Issuer may issue additional Notes, from time to time under the Indenture (any such Notes, *Additional Notes*). Except as described under *Amendment, Supplement and Waiver*, the Notes offered by the Issuer and any Additional Notes subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, references to *Notes* for all purposes of the Indenture and this *Description of the March 2010 Notes* include any Additional Notes that are actually issued.

Interest on the Notes will accrue at the rate of 7 1/4% per annum and will be payable semi-annually in arrears on March 15 and September 15, commencing September 15, 2010, to the Holders of record on the immediately preceding March 1 and September 1. Interest on the Notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from and including the Issue Date. Interest on the Notes will be computed on the basis of a 360-day year comprised of twelve 30-day months.

### ***Additional Interest***

Additional Interest may accrue on the Notes in certain circumstances pursuant to the Registration Rights Agreement. All references in the Indenture, in any context, to any interest or other amount payable on or with respect to the Notes shall be deemed to include any Additional Interest pursuant to the Registration Rights Agreement. Principal of, premium, if any, and interest on the Notes will be payable at the office or agency of the Issuer maintained for such purpose within the City and State of New York or, at the option of the Issuer, payment of interest may be made by check mailed to the Holders of the Notes at their respective addresses set forth in the register of Holders; *provided* that all payments of principal, premium, if any, and interest with respect to the Notes represented by one or more global notes registered in the name of or held by DTC or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof. Until otherwise designated by the Issuer, the Issuer's office or agency in New York is the office of the Registrar and Paying Agent maintained for such purpose.

### **Mandatory Redemption; Offers to Purchase; Open Market Purchases**

The Issuer is not required to make any mandatory redemption or sinking fund payments with respect to the Notes. However, under certain circumstances, the Issuer may be required to offer to purchase Notes as described under the caption *Repurchase at the Option of Holders*. The Issuer may at any time and from time to time purchase Notes in the open market or otherwise.

### **Optional Redemption**

Except as set forth below, the Issuer is not entitled to redeem Notes at its option prior to March 15, 2015.

At any time prior to March 15, 2015, the Issuer may redeem all or a part of the Notes, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and Additional Interest, if any, to the date of

redemption (the *Redemption Date* ), subject to the rights of Holders of the Notes on the relevant record date to receive interest due on the relevant interest payment date.

On and after March 15, 2015 the Issuer may redeem the Notes, in whole or in part, upon not less than 30 nor more than 60 days prior notice mailed by first-class mail to the registered address of each Holder or

**Table of Contents**

otherwise in accordance with the procedures of DTC, at the redemption prices (expressed as percentages of principal amount of the Notes to be redeemed) set forth below, plus accrued and unpaid interest thereon and Additional Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on March 15 of each of the years indicated below:

<b>Year</b>	<b>Percentage</b>
2015	103.625%
2016	102.417%
2017	101.208%
2018 and thereafter	100.000%

In addition, until March 15, 2013, the Issuer may, at its option, on one or more occasions redeem up to 35% of the aggregate principal amount of Notes at a redemption price equal to 107.250% of the aggregate principal amount thereof, plus accrued and unpaid interest thereon and Additional Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, with the net cash proceeds of one or more Equity Offerings; *provided* that at least 50% of the sum of the original aggregate principal amount of Notes issued under the Indenture and the original principal amount of any Additional Notes that are Notes issued under the Indenture after the Issue Date remains outstanding immediately after the occurrence of each such redemption; *provided further* that each such redemption occurs within 90 days of the date of closing of each such Equity Offering.

Any notice of any redemption may be given prior to the redemption thereof, and any such redemption or notice may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of an Equity Offering or other corporate transaction.

If the Issuer redeems less than all of the outstanding Notes, the Registrar and Paying Agent shall select the Notes to be redeemed in the manner described under *Repurchase at the Option of Holders - Selection and Notice*.

**Repurchase at the Option of Holders*****Change of Control***

The Notes provide that if a Change of Control occurs, unless the Issuer has previously or concurrently mailed a redemption notice with respect to all the outstanding Notes as described under *Optional Redemption*, the Issuer will make an offer to purchase all of the Notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest and Additional Interest, if any, to the date of purchase, subject to the right of Holders of the Notes of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will send notice of such Change of Control Offer by first-class mail, with a copy to the Trustee and the Registrar, to each Holder of Notes to the address of such Holder appearing in the security register with a copy to the Trustee and the Registrar or otherwise in accordance with the procedures of DTC, with the following information:

(1) that a Change of Control Offer is being made pursuant to the covenant entitled *Change of Control* and that all Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;

(2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the *Change of Control Payment Date* );

(3) that any Note not properly tendered will remain outstanding and continue to accrue interest;

**Table of Contents**

(4) that unless the Issuer defaults in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;

(5) that Holders electing to have any Notes purchased pursuant to a Change of Control Offer will be required to surrender such Notes, with the form entitled "Option of Holder to Elect Purchase" on the reverse of such Notes completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;

(6) that Holders will be entitled to withdraw their tendered Notes and their election to require the Issuer to purchase such Notes; *provided* that the paying agent receives, not later than the close of business on the 30th day following the date of the Change of Control notice, a telegram, facsimile transmission or letter setting forth the name of the Holder of the Notes, the principal amount of Notes tendered for purchase, and a statement that such Holder is withdrawing its tendered Notes and its election to have such Notes purchased;

(7) that if the Issuer is redeeming less than all of the Notes, the Holders of the remaining Notes will be issued new Notes and such new Notes will be equal in principal amount to the unpurchased portion of the Notes surrendered. The unpurchased portion of the Notes must be equal to \$2,000 or an integral multiple of \$1,000 in excess thereof; and

(8) the other instructions, as determined by us, consistent with the covenant described hereunder, that a Holder must follow.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law,

(1) accept for payment all Notes issued by it or portions thereof properly tendered pursuant to the Change of Control Offer;

(2) deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all Notes or portions thereof so tendered; and

(3) deliver, or cause to be delivered, to the Trustee for cancellation the Notes so accepted together with an Officer's Certificate to the Trustee stating that such Notes or portions thereof have been tendered to and purchased by the Issuer.

The Senior Credit Facilities provide, and future credit agreements or other agreements relating to Senior Indebtedness to which the Issuer becomes a party may provide, that certain change of control events with respect to the Issuer would constitute a default thereunder (including a Change of Control under the Indenture). If we experience a change of control that triggers a default under our Senior Credit Facilities, we could seek a waiver of such default or seek to refinance our Senior Credit Facilities. In the event we do not obtain such a waiver or refinance the Senior Credit Facilities, such default could result in amounts outstanding under our Senior Credit Facilities being declared due and payable and could cause a Receivables Facility to be wound down.

Our ability to pay cash to the Holders of the Notes following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any

required repurchases.

The Change of Control purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of

## **Table of Contents**

Control purchase feature is a result of negotiations between the Initial Purchasers and us. After the Issue Date, we have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenants described under **Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock** and **Certain Covenants Liens**. Such restrictions in the Indenture can be waived only with the consent of the Holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture will not contain any covenants or provisions that may afford Holders of the Notes protection in the event of a highly leveraged transaction.

The Issuer will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by us and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The definition of **Change of Control** includes a disposition of all or substantially all of the assets of the Issuer to any Person. Although there is a limited body of case law interpreting the phrase **substantially all**, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of **all or substantially all** of the assets of the Issuer. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of Notes may require the Issuer to make an offer to repurchase the Notes as described above.

The provisions under the Indenture relating to the Issuer's obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the Notes.

## ***Asset Sales***

The Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to consummate, directly or indirectly, an Asset Sale, unless:

(1) the Issuer or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by the Issuer) of the assets sold or otherwise disposed of; and

(2) except in the case of a Permitted Asset Swap, at least 75% of the consideration therefor received by the Issuer or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; *provided* that the amount of:

(a) any liabilities (as shown on the Issuer's or such Restricted Subsidiary's most recent balance sheet or in the footnotes thereto) of the Issuer or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the Notes, that are assumed by the transferee of any such assets and for which the Issuer and all of its Restricted Subsidiaries have been validly released by all creditors in writing,

(b) any securities received by the Issuer or such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale, and

**Table of Contents**

(c) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed 5% of Total Assets at the time of the receipt of such Designated Non-cash Consideration, with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value,

shall be deemed to be cash for purposes of this provision and for no other purpose.

Within 450 days after the receipt of any Net Proceeds of any Asset Sale, the Issuer or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale,

(1) to permanently reduce:

(a) Obligations constituting First Lien Obligations (and, if the Indebtedness repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto) (*provided* that (x) to the extent that the terms of First Lien Obligations other than Obligations under the Notes require that such First Lien Obligations are repaid with the Net Proceeds of Asset Sales prior to repayment of other Indebtedness, the Issuer and its Restricted Subsidiaries shall be entitled to repay such other First Lien Obligations prior to repaying the Obligations under the Notes and (y) subject to the foregoing clause (x), if the Issuer or any Guarantor shall so reduce First Lien Obligations, the Issuer will equally and ratably reduce Obligations under the Notes through open-market purchases (*provided* that such purchases are at or above 100% of the principal amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all holders to purchase at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest and additional interest, if any, on the pro rata principal amount of Notes);

(b) Obligations under the Existing Notes which have a final maturity date (as in effect on the Issue Date) on or prior to the maturity date of the Notes; *provided* that, at the time of, and after giving effect to, such repurchase, redemption or defeasance, the aggregate amount of Net Proceeds used to repurchase, redeem or defease Existing Notes pursuant to this subclause (b) following the Issue Date shall not exceed 5% of the consolidated total assets of the Issuer and its subsidiaries at such time; or

(c) Indebtedness of a Restricted Subsidiary that is not a Guarantor, other than Indebtedness owed to the Issuer or another Restricted Subsidiary (or any affiliate thereof);

(2) to make (a) an Investment in any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) capital expenditures or (c) acquisitions of other assets, in each of (a), (b) and (c), used or useful in a Similar Business; or

(3) to make an investment in (a) any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) properties or (c) acquisitions of other assets that, in each of (a), (b) and (c), replace the businesses, properties and/or assets that are the subject of such Asset Sale;

*provided* that, in the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as the Issuer, or such other Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within 180 days of such commitment (an *Acceptable Commitment* ) and, in the event any

Acceptable Commitment is later cancelled or terminated for any reason before the Net Proceeds are applied in connection therewith, the Issuer or such Restricted Subsidiary enters into another Acceptable Commitment (a *Second Commitment* ) within 180 days of such cancellation or termination;

**Table of Contents**

*provided, further*, that if any Second Commitment is later cancelled or terminated for any reason before such Net Proceeds are applied, then such Net Proceeds shall constitute Excess Proceeds.

Any Net Proceeds from Asset Sales of Collateral that are not invested or applied as set forth in the first sentence of the preceding paragraph will be deemed to constitute *Collateral Excess Proceeds*. When the aggregate amount of Collateral Excess Proceeds exceeds \$200.0 million, the Issuer shall make an offer to all Holders of the Notes and, if required by the terms of any First Lien Obligations or Obligations secured by a Lien permitted under the Indenture (which Lien is not subordinate to the Lien of the Notes with respect to the Collateral), to the holders of such First Lien Obligations or such other Obligations (a *Collateral Asset Sale Offer*), to purchase the maximum aggregate principal amount of the Notes and such First Lien Obligations or such other Obligations that is a minimum of \$2,000 or an integral multiple of \$1,000 in excess thereof that may be purchased out of the Collateral Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Indenture. The Issuer will commence a Collateral Asset Sale Offer with respect to Collateral Excess Proceeds within ten Business Days after the date that Collateral Excess Proceeds exceed \$200.0 million by mailing the notice required pursuant to the terms of the Indenture, with a copy to the Trustee.

Any Net Proceeds from Asset Sales of non-Collateral that are not invested or applied as provided and within the time period set forth in the first sentence of the second preceding paragraph will be deemed to constitute *Excess Proceeds*. When the aggregate amount of Excess Proceeds exceeds \$200.0 million, the Issuer shall make an offer to all Holders of the Notes and, if required or permitted by the terms of any Senior Indebtedness, to the holders of such Senior Indebtedness (an *Asset Sale Offer*), to purchase the maximum aggregate principal amount of the Notes and such Senior Indebtedness that is a minimum of \$2,000 or an integral multiple of \$1,000 in excess thereof that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Indenture. The Issuer will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$200.0 million by mailing the notice required pursuant to the terms of the Indenture, with a copy to the Trustee.

To the extent that the aggregate amount of Notes and such other First Lien Obligations or Obligations secured by a Lien permitted by the Indenture (which Lien is not subordinate to the Lien of the Notes with respect to the Collateral) tendered pursuant to a Collateral Asset Sale Offer is less than the Collateral Excess Proceeds, the Issuer may use any remaining Collateral Excess Proceeds for general corporate purposes, subject to other covenants contained in the Indenture. To the extent that the aggregate amount of Notes and such Senior Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuer may use any remaining Excess Proceeds for general corporate purposes, subject to other covenants contained in the Indenture. If the aggregate principal amount of Notes or other First Lien Obligations or such other Obligations surrendered by such holders thereof exceeds the amount of Collateral Excess Proceeds, the Trustee shall select the Notes and such other First Lien Obligations or such other Obligations to be purchased on a pro rata basis based on the accreted value or principal amount of the Notes or such other First Lien Obligations or such other Obligations tendered. If the aggregate principal amount of Notes or the Senior Indebtedness surrendered by such holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and such Senior Indebtedness to be purchased on a pro rata basis based on the accreted value or principal amount of the Notes or such Senior Indebtedness tendered. Upon completion of any such Collateral Asset Sale Offer or Asset Sale Offer, the amount of Collateral Excess Proceeds or Excess Proceeds, as the case may be, shall be reset at zero. Additionally, the Issuer may, at its option, make a Collateral Asset Sale Offer or an Asset Sale Offer using proceeds from any Asset Sale at any time after consummation of such Asset Sale; *provided* that such Collateral Asset Sale Offer or Asset Sale Offer shall be in an aggregate amount of not less than \$50.0 million. Upon consummation of such Collateral Asset Sale Offer or Asset Sale Offer, any Net Proceeds not required to be used to purchase Notes shall not be deemed Excess Proceeds.

## **Table of Contents**

Pending the final application of any Net Proceeds pursuant to this covenant, the holder of such Net Proceeds may apply such Net Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner not prohibited by the Indenture.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the Notes pursuant to a Collateral Asset Sale Offer or an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

## ***Selection and Notice***

If the Issuer is redeeming less than all of the Notes issued by it at any time, the Registrar and Paying Agent will select the Notes to be redeemed (a) if the Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Notes are listed, (b) on a pro rata basis to the extent practicable or (c) by lot or such other similar method in accordance with the procedures of DTC.

Notices of purchase or redemption shall be mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the purchase or Redemption Date to each Holder of Notes at such Holder's registered address or otherwise in accordance with the procedures of DTC, except that redemption notices may be mailed more than 60 days prior to a Redemption Date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. If any Note is to be purchased or redeemed in part only, any notice of purchase or redemption that relates to such Note shall state the portion of the principal amount thereof that has been or is to be purchased or redeemed.

The Issuer will issue a new Note in a principal amount equal to the unredeemed portion of the original Note in the name of the Holder upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the Redemption Date, interest ceases to accrue on Notes or portions thereof called for redemption.

## **Certain Covenants**

Set forth below are summaries of certain covenants contained in the Indenture. If on any date following the Issue Date (i) the Notes have Investment Grade Ratings from both Rating Agencies, and (ii) no Default has occurred and is continuing under the Indenture (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a *Covenant Suspension Event*), the Issuer and the Restricted Subsidiaries will not be subject to the following covenants (collectively, the *Suspended Covenants*):

- (1) Repurchase at the Option of Holders ;
- (2) Limitation on Restricted Payments ;
- (3) Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ;
- (4) clause (4) of the first paragraph of Merger, Consolidation or Sale of All or Substantially All Assets ;
- (5) Transactions with Affiliates ; and

(6) Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries.

In the event that the Issuer and the Restricted Subsidiaries are not subject to the Suspended Covenants under the Indenture for any period of time as a result of the foregoing, and on any subsequent date (the *Reversion Date* ) one or both of the Rating Agencies (a) withdraw their Investment Grade Rating or downgrade the rating assigned to the Notes below an Investment Grade Rating and/or (b) the Issuer or any of its Affiliates

**Table of Contents**

enters into an agreement to effect a transaction that would result in a Change of Control and one or more of the Rating Agencies indicate that if consummated, such transaction (alone or together with any related recapitalization or refinancing transactions) would cause such Rating Agency to withdraw its Investment Grade Rating or downgrade the ratings assigned to the Notes below an Investment Grade Rating, then the Issuer and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the Indenture with respect to future events, including, without limitation, a proposed transaction described in clause (b) above.

The period of time between the Suspension Date and the Reversion Date is referred to in this description as the *Suspension Period*. Additionally, upon the occurrence of a Covenant Suspension Event, the amount of Excess Proceeds from Net Proceeds shall be reset at zero. In the event of any such reinstatement, no action taken or omitted to be taken by the Issuer or any of its Restricted Subsidiaries prior to such reinstatement will give rise to a Default or Event of Default under the Indentures with respect to Notes; *provided* that (1) with respect to Restricted Payments made after any such reinstatement, the amount of Restricted Payments made will be calculated as though the covenant described under the caption *Limitation on Restricted Payments* had been in effect prior to, but not during the Suspension Period, *provided* that any Subsidiaries designated as Unrestricted Subsidiaries during the Suspension Period shall automatically become Restricted Subsidiaries on the Reversion Date (subject to the Issuer's right to subsequently designate them as Unrestricted Subsidiaries in compliance with the covenants set out below), and (2) all Indebtedness incurred, or Disqualified Stock or Preferred Stock issued, during the Suspension Period will be classified to have been incurred or issued pursuant to clause (3) of the second paragraph of *Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*.

There can be no assurance that the Notes will ever achieve or maintain Investment Grade Ratings.

***Limitation on Restricted Payments***

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(I) declare or pay any dividend or make any payment or distribution on account of the Issuer's, or any of its Restricted Subsidiaries' Equity Interests, including any dividend or distribution payable in connection with any merger or consolidation other than:

(a) dividends or distributions by the Issuer payable solely in Equity Interests (other than Disqualified Stock) of the Issuer; or

(b) dividends or distributions by a Restricted Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Restricted Subsidiary other than a Wholly-Owned Subsidiary, the Issuer or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution in accordance with its Equity Interests in such class or series of securities;

(II) purchase, redeem, defease or otherwise acquire or retire for value any Equity Interests of the Issuer or any direct or indirect parent of the Issuer, including in connection with any merger or consolidation;

(III) make any principal payment on, or redeem, repurchase, defease or otherwise acquire or retire for value in each case, prior to any scheduled repayment, sinking fund payment or maturity, any Subordinated Indebtedness, other than:

(a) Indebtedness permitted under clauses (7) and (8) of the covenant described under *Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*; or

(b) the purchase, repurchase or other acquisition of Subordinated Indebtedness purchased in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of purchase, repurchase or acquisition; or

(IV) make any Restricted Investment

**Table of Contents**

(all such payments and other actions set forth in clauses (I) through (IV) above (other than any exception thereto) being collectively referred to as *Restricted Payments* ), unless, at the time of such Restricted Payment:

(1) no Default shall have occurred and be continuing or would occur as a consequence thereof;

(2) immediately after giving effect to such transaction on a pro forma basis, the Issuer could incur \$1.00 of additional Indebtedness under the provisions of the first paragraph of the covenant described under *Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock* ; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Issuer and its Restricted Subsidiaries after November 17, 2006 (including Restricted Payments permitted by clauses (1), (2) (with respect to the payment of dividends on Refunding Capital Stock (as defined below) pursuant to clause (b) thereof only), (6)(c), (9) and (14) of the next succeeding paragraph, but excluding all other Restricted Payments permitted by the next succeeding paragraph), is less than the sum of (without duplication):

(a) 50% of the Consolidated Net Income of the Issuer for the period (taken as one accounting period) beginning October 1, 2006, to the end of the Issuer's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment, or, in the case such Consolidated Net Income for such period is a deficit, minus 100% of such deficit; *plus*

(b) 100% of the aggregate net cash proceeds and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property received by the Issuer since immediately after November 17, 2006 (other than net cash proceeds to the extent such net cash proceeds have been used to incur Indebtedness, Disqualified Stock or Preferred Stock pursuant to clause (12)(a) of the second paragraph of *Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock* ) from the issue or sale of:

(i) (A) Equity Interests of the Issuer, including Treasury Capital Stock (as defined below), but excluding cash proceeds and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property received from the sale of:

(x) Equity Interests to members of management, directors or consultants of the Issuer, any direct or indirect parent company of the Issuer and the Issuer's Subsidiaries after November 17, 2006 to the extent such amounts have been applied to Restricted Payments made in accordance with clause (4) of the next succeeding paragraph; and

(y) Designated Preferred Stock; and

Accrual of interest, the accretion of accreted value and the payment of interest in the form of additional Indebtedness, Disqualified Stock or Preferred Stock will not be deemed to be an incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided* that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced.

The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

The Indenture provides that the Issuer will not, and will not permit any Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) that is subordinated or junior in right of payment to any Indebtedness of the Issuer or such Guarantor, as the case may be, unless such Indebtedness is expressly subordinated in right of payment to the Notes or such Guarantor's Guarantee to the extent and in the same manner as such Indebtedness is subordinated to other Indebtedness of the Issuer or such Guarantor, as the case may be.

The Indenture does not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (2) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

### ***Limitation on Prepayment or Modification of Existing Notes***

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly purchase, redeem, defease or otherwise acquire or retire for value any of the Existing Notes prior to the final maturity date thereof (as in effect on the Issue Date); *provided* that the Issuer may:

(1) purchase, redeem, defease or otherwise acquire or retire for value any of the Existing Notes which have a final maturity date (as in effect on the Issue Date) on or prior to December 31, 2011; and

(2) purchase, redeem, defease or otherwise acquire or retire for value any other Existing Notes which have a final maturity date (as in effect on the Issue Date) on or prior to the maturity date of the Notes; *provided* that, in the case of any such prepayment funded with the proceeds of the issuance of Secured Indebtedness, at the time of incurrence and after giving pro forma effect thereto and to the application of the proceeds thereof, (x) the Consolidated Secured Debt Ratio would be no greater than 5.25 to 1.0 and (y) the Consolidated Leverage Ratio would be no greater than 7.0 to 1.0.

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, amend the Existing Notes Indenture, or any supplemental indenture in respect thereof, in any way to advance the final maturity date or shorten the Weighted Average Life to Maturity of any series of the Existing Notes such that any Existing Notes with a maturity date following the maturity of the Notes would have a maturity date on or prior to the date one year following the maturity date of the Notes or which would prohibit the making of the Guarantees or the creation of Liens in favor of the Notes

and the Guarantees on the Collateral.

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, designate any additional subsidiaries as Restricted Subsidiaries (as defined in the Existing Notes Indenture) for purposes of the Existing Notes Indenture.

### ***Liens***

The Issuer will not, and will not permit any Guarantor to, directly or indirectly, create, incur, assume or suffer to exist any Lien (except Permitted Liens) that secures obligations under any Indebtedness or any related guarantee, on any asset or property of the Issuer or any Guarantor, or any income or profits therefrom, or assign or convey any right to receive income therefrom, other than Liens securing Indebtedness that are junior in priority to the Liens on such property, assets or proceeds securing the Notes and related Guarantees.

The foregoing shall not apply to (a) Liens securing the Notes and the related Guarantees, (b) Liens securing Indebtedness permitted to be incurred under Credit Facilities, including any letter of credit relating thereto, that was permitted by the terms of the Indenture to be incurred pursuant to clause (1) of the second paragraph under **Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock** ; *provided* that, with respect to Liens securing Obligations permitted under this subclause (b), the Notes and the related Guarantees are secured by Liens on the assets subject to such Liens (except any European Collateral) to the extent, with the priority and subject to intercreditor arrangements, in each case no less favorable to the Holders of the Notes than those described under **Security** above and (c) Liens which are *pari passu* in priority to the Liens securing the Notes and related Guarantees and are incurred to secure Obligations in respect of any Indebtedness permitted to be incurred pursuant to the covenant described above under **Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock** ; *provided* that, with respect to Liens securing Obligations permitted under this subclause (c), at the time of incurrence and after giving pro forma effect thereto, the ratio of (1) the aggregate amount of Indebtedness secured by property, assets or proceeds that secure the Notes and related Guarantees that are subject to a Lien that is *pari passu* or senior in priority to the Liens securing the Notes and the related Guarantees incurred pursuant to subclause (b) above, this subclause (c) and clause (6) of the definition of **Permitted Liens** (other than Liens securing Indebtedness incurred pursuant to clauses (4) and (18) of the covenant described above under **Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock** ) to (2) the Issuer's EBITDA for the most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such event for which such calculation is being made shall occur, in each case with such pro forma adjustments to Indebtedness and EBITDA as are appropriate and consistent with the pro forma adjustment provisions set forth in the definition of **Fixed Charge Coverage Ratio** would be no greater than 4.25 to 1.0; *provided* that, with respect to Liens securing Obligations permitted under this subclause (c), the Notes and the related Guarantees are secured by Liens on the assets subject to such Liens (except any European Collateral) to the extent, with the priority and subject to intercreditor arrangements, in each case no less favorable to the Holders of the Notes than those described under **Security** above.

The Issuer may not consolidate or merge with or into or wind up into (whether or not the Issuer is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person unless:

(1) the Issuer is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than the Issuer) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation organized or existing under the laws of the jurisdiction of organization of the Issuer or the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (such Person, as the case may be, being herein called the *Successor Company* );

Subject to certain limitations described in the Indenture, the Successor Person will succeed to, and be substituted for, such Guarantor under the Indenture and such Guarantor's Guarantee. ***Reports and Other Information***

Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual

**Table of Contents**

and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the Indenture requires the Issuer to file with the SEC (and make available to the Trustee and Holders of the Notes (without exhibits), without cost to any Holder, within 15 days after it files them with the SEC) from and after the Issue Date,

(1) within 90 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-K by a non-accelerated filer) after the end of each fiscal year, annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;

(4) any other information, documents and other reports which the Issuer would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act;

in each case in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to prospective purchasers of Notes, in addition to providing such information to the Trustee and the Holders of the Notes, in each case within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act. In addition, to the extent not satisfied by the foregoing, the Issuer will agree that, for so long as any Notes are outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

In the event that any direct or indirect parent company of the Issuer becomes a Guarantor of the Notes, the Indenture permits the Issuer to satisfy its obligations in this covenant with respect to financial information relating to the Issuer by furnishing financial information relating to such parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such parent, on the one hand, and the information relating to the Issuer and its Restricted Subsidiaries on a standalone basis, on the other hand.

Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the exchange offer or the effectiveness of the shelf registration statement described in the Registration Rights Agreement (1) by the filing with the SEC of the exchange offer registration statement or shelf registration statement (or any other similar registration statement), and any amendments thereto, with such financial information that satisfies Regulation S-X, subject to exceptions consistent with the presentation of financial information incorporated by reference in the Offering Memorandum, to the extent filed within the times specified above, or (2) by posting reports that would be required to be filed substantially in the form required by the SEC on the Company's website (or that of any of its parent companies) or providing such reports to the Trustee within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act, the financial information (including a Management's Discussion and Analysis of Financial Condition and Results of Operations section) that would be required to be included in such reports, subject to exceptions consistent with the presentation of financial information incorporated by reference in the Offering Memorandum, to the extent filed within the times specified above.

**Events of Default and Remedies**

The Indenture provides that each of the following is an *Event of Default* :

(1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the Notes;

**Table of Contents**

- (2) default for 30 days or more in the payment when due of interest or Additional Interest on or with respect to the Notes;
- (3) failure by the Issuer or any Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of not less than 30% in principal amount of the Notes to comply with any of its obligations, covenants or agreements (other than a default referred to in clauses (1) and (2) above) contained in the Indenture or the Notes;
- (4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuer or any of its Restricted Subsidiaries or the payment of which is guaranteed by the Issuer or any of its Restricted Subsidiaries, other than Indebtedness owed to the Issuer or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the Notes, if both:
- (a) such default either results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity; and
- (b) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$200.0 million or more at any one time outstanding;
- (5) failure by the Issuer or any Significant Subsidiary to pay final judgments aggregating in excess of \$200.0 million, which final judgments remain unpaid, undischarged and unstayed for a period of more than 60 days after such judgment becomes final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;
- (6) certain events of bankruptcy or insolvency with respect to the Issuer or any Significant Subsidiary;
- (7) the Guarantee of any Significant Subsidiary shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant Subsidiary, as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the Indenture or the release of any such Guarantee in accordance with the Indenture; or
- (8) with respect to any Collateral having a fair market value in excess of \$200 million, individually or in the aggregate, (a) the security interest under the Security Documents, at any time, ceases to be in full force and effect for any reason other than in accordance with the terms of the Indenture, the Security Documents and the Intercreditor Agreements, (b) any security interest created thereunder or under the Indenture is declared invalid or unenforceable by a court of competent jurisdiction or (c) the Issuer or any Guarantor asserts, in any pleading in any court of competent jurisdiction, that any such security interest is invalid or unenforceable.

If any Event of Default (other than of a type specified in clause (6) above) occurs and is continuing under the Indenture, the Trustee or the Holders of at least 30% in principal amount of the then total outstanding Notes may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding Notes to be due and payable immediately.

Upon the effectiveness of such declaration, such principal and interest will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section, all outstanding Notes will become due and payable without further action or notice. The Indenture will

provide that the Trustee may withhold from the Holders notice of any continuing Default, except a Default relating to the payment of principal, premium, if any, or interest, if it determines that

**Table of Contents**

withholding notice is in their interest. In addition, the Trustee shall have no obligation to accelerate the Notes if in the best judgment of the Trustee acceleration is not in the best interest of the Holders of the Notes.

The Indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding Notes by notice to the Trustee may on behalf of the Holders of all of the Notes waive any existing Default and its consequences under the Indenture except a continuing Default in the payment of interest on, premium, if any, or the principal of any Note held by a non-consenting Holder. In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of the Notes) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose:

- (1) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged; or
- (2) holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default; or
- (3) the default that is the basis for such Event of Default has been cured.

Subject to the provisions of the Indenture relating to the duties of the Trustee thereunder, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the Holders of the Notes unless the Holders have offered to the Trustee indemnity or security reasonably satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no Holder of a Note may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 30% in principal amount of the total outstanding Notes have requested the Trustee to pursue the remedy;
- (3) Holders of the Notes have offered the Trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) Holders of a majority in principal amount of the total outstanding Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, under the Indenture the Holders of a majority in principal amount of the total outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a Note or that would involve the Trustee in personal liability.

The Indenture provides that the Issuer is required to deliver to the Trustee annually a statement regarding compliance with the Indenture, and the Issuer is required, within five Business Days, upon becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

**No Personal Liability of Directors, Officers, Employees and Stockholders**

No director, officer, employee, incorporator or stockholder of the Issuer or any Guarantor or any of their parent companies (other than the Issuer and the Guarantors) shall have any liability for any obligations of the Issuer or the Guarantors under the Notes, the Guarantees or the Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting the Notes waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver

## **Table of Contents**

may not be effective to waive liabilities under the federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

### **Legal Defeasance and Covenant Defeasance**

The obligations of the Issuer and the Guarantors under the Indenture will terminate (other than certain obligations) and will be released upon payment in full of all of the Notes. The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the Notes and have the Issuer's and each Guarantor's obligation discharged with respect to its Guarantee ( *Legal Defeasance* ) and cure all then existing Events of Default except for:

- (1) the rights of Holders of the Notes to receive payments in respect of the principal of, premium, if any, and interest on the Notes when such payments are due solely out of the trust created pursuant to the Indenture;
- (2) the Issuer's obligations with respect to Notes concerning issuing temporary Notes, registration of such Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the Indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to certain covenants that are described in the Indenture ( *Covenant Defeasance* ) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Issuer) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the Notes:

- (1) the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the Notes, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest due on the Notes on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest on such Notes, and the Issuer must specify whether such Notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions,
  - (a) the Issuer has received from, or there has been published by, the United States Internal Revenue Service a ruling, or
  - (b) since the issuance of the Notes, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, subject to customary assumptions and exclusions, the Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes, as applicable, as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the

same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and

## **Table of Contents**

exclusions, the Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to such tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the Senior Credit Facilities or any other material agreement or instrument (other than the Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

(6) the Issuer shall have delivered to the Trustee an Opinion of Counsel to the effect that, as of the date of such opinion and subject to customary assumptions and exclusions following the deposit, the trust funds will not be subject to the effect of Section 547 of Title 11 of the United States Code;

(7) the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuer or any Guarantor or others; and

(8) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

## **Satisfaction and Discharge**

The Indenture will be discharged and will cease to be of further effect as to all Notes, when either:

(1) all Notes theretofore authenticated and delivered, except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust, have been delivered to the Trustee for cancellation; or

(2) (a) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or may be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer, and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders of the Notes, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on the Notes not theretofore delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(b) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) with respect to the Indenture or the Notes shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit, and such deposit will not result in a breach or violation of, or constitute a default under, the Senior Credit Facilities or any other material agreement or instrument (other than the Indenture) to which

the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

**Table of Contents**

(c) the Issuer has paid or caused to be paid all sums payable by it under the Indenture; and

(d) the Issuer has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

**Amendment, Supplement and Waiver**

Except as provided in the next two succeeding paragraphs, the Indenture, any Guarantee, any Security Document and the Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding, including consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes, and any existing Default or compliance with any provision of the Indenture, the Notes issued thereunder, any Guarantee or the Security Documents may be waived with the consent of the Holders of a majority in principal amount of the then outstanding Notes, other than Notes beneficially owned by the Issuer or its Affiliates (including consents obtained in connection with a purchase of or tender offer or exchange offer for the Notes).

The Indenture provides that, without the consent of each affected Holder of Notes, an amendment or waiver may not, with respect to any Notes held by a non-consenting Holder:

- (1) reduce the principal amount of such Notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed final maturity of any such Note or alter or waive the provisions with respect to the redemption of such Notes (other than provisions relating to the covenants described above under the caption "Repurchase at the Option of Holders");
- (3) reduce the rate of or change the time for payment of interest on any Note;
- (4) waive a Default in the payment of principal of or premium, if any, or interest on the Notes, except a rescission of acceleration of the Notes by the Holders of at least a majority in aggregate principal amount of the Notes and a waiver of the payment default that resulted from such acceleration, or in respect of a covenant or provision contained in the Indenture or any Guarantee which cannot be amended or modified without the consent of all Holders;
- (5) make any Note payable in money other than that stated therein;
- (6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of Holders to receive payments of principal of or premium, if any, or interest on the Notes;
- (7) make any change in these amendment and waiver provisions;
- (8) impair the right of any Holder to receive payment of principal of, or interest on such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's Notes;
- (9) make any change to or modify the ranking of the Notes or the subordination of the Liens with respect to the Notes that would adversely affect the Holders; or

(10) except as expressly permitted by the Indenture, modify the Guarantees of any Significant Subsidiary in any manner adverse to the Holders of the Notes.

In addition, without the consent of at least 75% in aggregate principal amount of Notes then outstanding, an amendment, supplement or waiver may not:

(1) modify any Security Document or the provisions of the Indenture dealing with the Security Documents or application of trust moneys, or otherwise release any Collateral, in any manner materially adverse to the Holders other than in accordance with the Indenture, the Security Documents and the Intercreditor Agreements; or

(12) to make any amendment to the provisions of the Indenture relating to the transfer and legending of Notes as permitted by the Indenture, including, without limitation to facilitate the issuance and administration of the Notes; *provided, however*, that (i) compliance with the Indenture as so amended would not result in Notes being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of Holders to transfer Notes;

(13) to mortgage, pledge, hypothecate or grant any other Lien in favor of the Trustee for the benefit of the Holders of the Notes, as additional security for the payment and performance of all or any portion of the Obligations, in any property or assets, including any which are required to be mortgaged, pledged or hypothecated, or in which a Lien is required to be granted to or for the benefit of the Trustee or the Collateral Agent pursuant to the Indenture, any of the Security Documents or otherwise;

**Exchange Offer**

The exchange of outstanding notes for exchange notes in the exchange offers will not constitute a taxable event to holders for United States federal income tax purposes. Consequently, you will not recognize gain or loss upon receipt of an exchange note, the holding period of the exchange note will include the holding period of the outstanding note exchanged therefor and the basis of the exchange note will be the same as the basis of the outstanding note immediately before the exchange.

In any event, persons considering the exchange of outstanding notes for exchange notes should consult their own tax advisors concerning the United States federal income tax consequences in light of their particular situations as well as any consequences arising under the laws of any other taxing jurisdiction.

**Ownership of the Notes**

The following is a summary of certain United States federal income and, in the case of non-U.S. holders (as defined below), estate tax consequences of the purchase, ownership and disposition of the notes as of the date of this prospectus.

As used herein, a U.S. holder means a beneficial owner of the notes that is for United States federal income tax purposes any of the following:

an individual citizen or resident of the United States;

a corporation (or any other entity treated as a corporation for United States federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to United States federal income taxation regardless of its source; or

a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

The term non-U.S. holder means a beneficial owner of the notes (other than a partnership or any other entity treated as a partnership for United States federal income tax purposes) that is not a U.S. holder.

This summary deals only with notes that are held as capital assets, and does not represent a detailed description of the United States federal income tax consequences applicable to you if you are a person subject to special tax treatment under the United States federal income tax laws, including, without limitation:

a dealer in securities or currencies;

a financial institution;

a regulated investment company;

a real estate investment trust;

This summary is based on the Internal Revenue Code of 1986, as amended (the Code), United States Treasury regulations, administrative rulings and judicial decisions as of the date hereof. Those authorities may be changed, possibly on a retroactive basis, so as to result in United States federal income and estate tax consequences different from those summarized below. We have not and will not seek any rulings from the Internal Revenue Service (IRS) regarding the matters discussed below. There can be no assurance that the IRS will not take positions concerning the tax consequences of the purchase, ownership or disposition of the notes that are different from those discussed below.

If a partnership (including any entity classified as a partnership for United States federal income tax purposes) holds notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partnership or a partner in a partnership holding notes, you should consult your own tax advisors.

### **Certain Tax Consequences to U.S. Holders**

The following is a summary of certain United States federal income tax consequences that will apply to U.S. holders of the notes.

*Stated Interest.* Interest on a note will generally be taxable to you as ordinary income at the time it is paid or accrued in accordance with your method of accounting for United States federal income tax purposes.

*Original Issue Discount.* The outstanding 2017 notes (together with the exchange 2017 notes, the 2017 notes) and the outstanding 2019 notes (together with the exchange 2019 notes, the 2019 notes) were issued with original issue discount (OID) in an amount equal to the difference between their principal amount and their issue price. You should be aware that you generally must include OID in gross income in advance of the receipt of cash attributable to that income.

The issue price of a note will be the first price at which a substantial amount of that particular offering is sold to the investors (excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriter, placement agent or wholesaler). The term qualified stated interest means stated interest that is unconditionally payable in cash or in property, other than debt instruments of the issuer, and meets all of the following conditions:

it is payable at least once per year;

it is payable over the entire term of the note; and

it is payable at a single fixed rate or, subject to certain conditions, based on one or more interest indices.

The stated interest payments on the notes are qualified stated interest, and are treated as described above under Stated Interest.

## **Table of Contents**

You generally must include OID in income in advance of the receipt of some or all of the related cash payments using the constant yield method described in the following paragraphs.

The amount of OID that you must include in income is the sum of the daily portions of OID with respect to the note for each day during the taxable year or portion of the taxable year in which you held that note ( accrued OID ). The daily portion is determined by allocating to each day in any accrual period a pro rata portion of the OID allocable to that accrual period. The accrual period for a note may be of any length and may vary in length over the term of the note, provided that each accrual period is no longer than one year and each scheduled payment of principal or interest occurs on the first day or the final day of an accrual period. The amount of OID allocable to any accrual period other than the final accrual period is an amount equal to the excess, if any, of:

the note's adjusted issue price at the beginning of the accrual period multiplied by its yield to maturity, determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period, over

the aggregate of all qualified stated interest allocable to the accrual period.

OID allocable to a final accrual period is the difference between the amount payable at maturity, other than a payment of qualified stated interest, and the adjusted issue price at the beginning of the final accrual period. Special rules will apply for calculating OID for an initial short accrual period. The adjusted issue price of a note at the beginning of any accrual period is equal to its issue price increased by the accrued OID for each prior accrual period. Under these rules, you will have to include in income increasingly greater amounts of OID in successive accrual periods.

You may elect to treat all interest on any note as OID and calculate the amount includible in gross income under the constant yield method described above. The election is to be made for the taxable year in which you acquired the note and may not be revoked without the consent of the IRS. You should consult with your own tax advisors about this election.

*Market Discount.* If you purchase a note for an amount that is less than its principal amount or, in the case of the 2017 notes or the 2019 notes, its adjusted issue price, the amount of the difference will be treated as market discount for United States federal income tax purposes, unless that difference is less than a specified de minimis amount. Under the market discount rules, you will be required to treat any principal payment on, or any gain on the sale, exchange, retirement or other disposition of, a note as ordinary income to the extent of the market discount that you have not previously included in income and are treated as having accrued on the note at the time of its payment or disposition.

In addition, you may be required to defer, until the maturity of the note or its earlier disposition in a taxable transaction, the deduction of all or a portion of the interest expense on any indebtedness attributable to the note. You may elect, on a note-by-note basis, to deduct the deferred interest expense in a tax year prior to the year of disposition. You should consult your own tax advisors before making this election.

Any market discount will be considered to accrue ratably during the period from the date of acquisition to the maturity date of the note, unless you elect to accrue on a constant interest method. You may elect to include market discount in income currently as it accrues, on either a ratable or constant interest method, in which case the rule described above regarding deferral of interest deductions will not apply.

*Acquisition Premium, Amortizable Bond Premium.* If you purchase a 2017 note or a 2019 note for an amount that is greater than its adjusted issue price but equal to or less than its principal amount, you will be considered to have purchased that note at an acquisition premium. Under the acquisition premium rules, the amount of OID that you must include in gross income with respect to a 2017 note or 2019 note for any taxable year will be reduced by the portion of

the acquisition premium properly allocable to that year.

If you purchase a note for an amount in excess of its principal amount, you will be considered to have purchased the note at a premium and, in the case of the 2017 notes and 2019 notes, you will not be required to include any OID in income. You generally may elect to amortize the premium over the remaining term of the note on a constant yield method as an offset to interest when includible in income under your regular

## **Table of Contents**

accounting method. If you do not elect to amortize bond premium, that premium will decrease the gain or increase the loss you would otherwise recognize on disposition of the note.

*Sale, Exchange, Retirement, or Other Disposition of Notes.* Upon the sale, exchange, retirement, or other taxable disposition of a note, you generally will recognize gain or loss equal to the difference between the amount realized upon the sale, exchange, retirement or other disposition (less an amount equal to any accrued and unpaid interest, which will be taxable as interest income as discussed above) and the adjusted tax basis of the note. Your adjusted tax basis in a note will, in general, be your cost for that note increased by OID or market discount previously included in income and reduced by any amortized premium. Subject to the market discount rules discussed above, any gain or loss will be capital gain or loss. Capital gains of individuals derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

## **Certain Tax Consequences to Non-U.S. Holders**

The following is a summary of certain United States federal income and estate tax consequences that will apply to non-U.S. holders of the notes.

*United States Federal Withholding Tax.* The 30% United States federal withholding tax will not apply to any payment of interest (which for purposes of this discussion includes OID) on the notes under the portfolio interest rule, provided that:

interest paid on the notes (including OID) is not effectively connected with your conduct of a trade or business in the United States;

you do not actually (or constructively) own 10% or more of the total combined voting power of all classes of our voting stock within the meaning of the Code and applicable United States Treasury regulations;

you are not a controlled foreign corporation that is related to us actually or constructively through stock ownership;

you are not a bank whose receipt of interest on the notes is described in Section 881(c)(3)(A) of the Code; and

either (a) you provide your name and address on an IRS Form W-8BEN (or other applicable form), and certify, under penalties of perjury, that you are not a United States person as defined under the Code or (b) you hold your notes through certain foreign intermediaries and satisfy the certification requirements of applicable United States Treasury regulations. Special certification rules apply to non-U.S. holders that are pass-through entities rather than corporations or individuals.

If you cannot satisfy the requirements described above, payments of interest (including OID) made to you will be subject to the 30% United States federal withholding tax, unless you provide us with a properly executed:

IRS Form W-8BEN (or other applicable form) certifying an exemption from or reduction in withholding under the benefit of an applicable income tax treaty; or

IRS Form W-8ECI (or other applicable form) certifying interest paid on the notes is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the United States (as discussed below under "United States Federal Income Tax").

The 30% United States federal withholding tax generally will not apply to any payment of principal or gain that you realize on the sale, exchange, retirement or other disposition of a note.

*United States Federal Income Tax.* If you are engaged in a trade or business in the United States and interest (including OID) on the notes is effectively connected with the conduct of that trade or business (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment), then you will be subject to United States federal income tax on that interest (including OID) on a net income basis

in generally the same manner as if you were a United States person as defined under the Code. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or lower applicable income tax treaty rate) of such interest (including OID), subject to adjustments. If interest received with respect to the notes is effectively connected income (whether or not a treaty applies), the 30% withholding tax described above will not apply, provided the certification requirements discussed above in United States Federal Withholding Tax are satisfied.

Subject to the discussion of backup withholding below, any gain realized on the disposition of a note generally will not be subject to United States federal income tax unless:

the gain is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment); or

you are an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met.

*United States Federal Estate Tax.* Your estate will not be subject to United States federal estate tax on notes beneficially owned by you at the time of your death, provided that any payment to you on the notes would be eligible for exemption from the 30% United States federal withholding tax under the portfolio interest rule described above under United States Federal Withholding Tax without regard to the statement requirement described in the fifth bullet point of that section.

## **Information Reporting and Backup Withholding**

### ***U.S. Holders***

In general, information reporting requirements will apply to certain payments of principal and interest (including OID) paid on the notes and to the proceeds of the sale or other disposition of a note paid to you (unless you are an exempt recipient such as a corporation). Backup withholding may apply to such payments if you fail to provide a taxpayer identification number or a certification that you are not subject to backup withholding or if you fail to report in full dividend and interest income.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your United States federal income tax liability provided the required information is timely furnished to the IRS.

### ***Non-U.S. Holders***

Generally, we must report to the IRS and to you the amount of interest (including OID) paid to you and the amount of tax, if any, withheld with respect to those payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable income tax treaty.

In general, you will not be subject to backup withholding with respect to payments of interest (including OID) on the notes that we make to you provided that we do not have actual knowledge or reason to know that you are a United States person as defined under the Code, and we have received from you the required certification that you are a non-U.S. holder described above in the fifth bullet point under Certain Tax Consequences to Non-U.S. Holders United States Federal Withholding Tax.

Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a sale or other disposition (including a redemption) of notes within the United States or conducted through certain United States-related financial intermediaries, unless you certify to the payer under penalties of perjury that you are a non-U.S. holder (and the payer does not have actual knowledge or reason to know that you are a United States person as defined under the Code), or you otherwise establish an exemption.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your United States federal income tax liability provided the required information is timely furnished to the IRS.

**CERTAIN ERISA CONSIDERATIONS**

The following is a summary of certain considerations associated with the purchase of the exchange notes by employee benefit plans that are subject to Title I of the Employee Retirement Income Security Act of 1974, as amended ( ERISA ), plans, individual retirement accounts and other arrangements that are subject to Section 4975 of the Code or provisions under any federal, state, local, non-U.S. or other laws, rules or regulations that are similar to such provisions of ERISA or the Code (collectively, Similar Laws ), and entities whose underlying assets are considered to include plan assets (within the meaning of ERISA) of such plans, accounts and arrangements (each, a Plan ).

**General Fiduciary Matters**

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code (an ERISA Plan ) and prohibit certain transactions involving the assets of an ERISA Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises any discretionary authority or control over the administration of such an ERISA Plan or the management or disposition of the assets of such an ERISA Plan, or who renders investment advice for a fee or other compensation to such an ERISA Plan, is generally considered to be a fiduciary of the ERISA Plan.

In considering an investment in the exchange notes of a portion of the assets of any Plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Law relating to a fiduciary's duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any other applicable Similar Laws.

**Prohibited Transaction Issues**

Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans from engaging in specified transactions involving plan assets with persons or entities who are parties in interest, within the meaning of ERISA, or disqualified persons, within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code. In addition, the fiduciary of the ERISA Plan that engages in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and the Code. The acquisition and/or holding of exchange notes by an ERISA Plan with respect to which we or the initial purchasers of the outstanding notes are considered a party in interest or disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the investment is acquired and is held in accordance with an applicable statutory, class or individual prohibited transaction exemption. In this regard, the United States Department of Labor has issued prohibited transaction class exemptions ( PTCEs ) that may apply to the acquisition and holding of the exchange notes. These class exemptions include, without limitation, PTCE 84-14, respecting transactions determined by independent qualified professional asset managers, PTCE 90-1, respecting insurance company pooled separate accounts, PTCE 91-38, respecting bank collective investment funds, PTCE 95-60, respecting life insurance company general accounts and PTCE 96-23, respecting transactions determined by in-house asset managers, although there can be no assurance that all the conditions of any such exemption will be satisfied.

Because of the foregoing, the exchange notes should not be purchased or held by any person investing plan assets of any Plan, unless such purchase and holding (and the exchange of outstanding notes for exchange notes) will not constitute a non-exempt prohibited transaction under ERISA and the Code or similar violation of any applicable

Similar Laws.

**Table of Contents**

**Representation**

Accordingly, by acceptance of an exchange note, each purchaser and subsequent transferee will be deemed to have represented and warranted that either (i) no portion of the assets used by such purchaser or transferee to acquire and hold the exchange notes constitutes assets of any Plan or (ii) the purchase and holding of the outstanding notes or the exchange notes (and the exchange of outstanding notes for exchange notes) by such purchaser or transferee will not constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or any similar violation under any applicable Similar Laws.

The foregoing discussion is general in nature and is not intended to be all-inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries or other persons considering purchasing the outstanding notes or the exchange notes (and holding or disposing the outstanding notes or the exchange notes) on behalf of, or with the assets of, any Plan, consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such transactions and whether an exemption would be applicable to the purchase and holding and disposition of the outstanding notes or the exchange notes (and the exchange of outstanding notes for exchange notes).

**PLAN OF DISTRIBUTION**

Each broker-dealer that receives exchange notes for its own account pursuant to an exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where such outstanding notes were acquired as a result of market-making activities or other trading activities. We have agreed that, for a period of 180 days after the consummation of the exchange offers, we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. In addition, all dealers effecting transactions in the exchange notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to an exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or at negotiated prices. Any such resale may be made directly to purchasers or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to an exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an underwriter within the meaning of the Securities Act, and any profit of any such resale of exchange notes and any commission or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

For a period of 180 days after the consummation of the exchange offers, we will promptly send additional copies of this prospectus and any amendments or supplements to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. We have agreed to pay all expenses incident to the exchange offers (including the expenses of one counsel for the holders of the outstanding notes) other than commissions or concessions of any broker-dealers and will indemnify you (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

**MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING**

Our management is responsible for establishing and maintaining effective internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f). Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an assessment of the effectiveness of our internal control over financial reporting based on the framework in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on our assessment under the framework in Internal Control – Integrated Framework, our management concluded that our internal control over financial reporting was effective as of December 31, 2009.

Ernst & Young, LLP, the independent registered public accounting firm that audited our consolidated financial statements, has issued a report on our internal control over financial reporting, which is included herein.

**REPORT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board of Directors and Stockholders  
HCA Inc.

We have audited HCA Inc.'s internal control over financial reporting as of December 31, 2009, based on criteria established in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). HCA Inc.'s management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, HCA Inc. maintained, in all material respects, effective internal control over financial reporting as of December 31, 2009, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of HCA Inc. as of December 31, 2009 and 2008, and the related consolidated statements of income, stockholders' deficit, and cash flows for each of the three years in the period ended December 31, 2009 and our report dated March 1, 2010 expressed an unqualified opinion thereon.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board of Directors and Stockholders  
HCA Inc.

We have audited the accompanying consolidated balance sheets of HCA Inc. as of December 31, 2009 and 2008, and the related consolidated statements of income, stockholders' deficit, and cash flows for each of the three years in the period ended December 31, 2009. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of HCA Inc. at December 31, 2009 and 2008, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2009, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), HCA Inc.'s internal control over financial reporting as of December 31, 2009, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 1, 2010 expressed an unqualified opinion thereon.

**NOTE 1 ACCOUNTING POLICIES**

***Merger, Recapitalization and Reporting Entity***

On November 17, 2006, HCA Inc. completed its merger (the Merger) with Hercules Acquisition Corporation, pursuant to which the Company was acquired by Hercules Holding II, LLC (Hercules Holding), a Delaware limited liability company owned by a private investor group comprised of affiliates of Bain Capital Partners, Kohlberg Kravis Roberts & Co., Merrill Lynch Global Private Equity (each a Sponsor), affiliates of Citigroup Inc. and Bank of America Corporation (the Sponsor Assignees) and affiliates of HCA founder, Dr. Thomas F. Frist Jr., (the Frist Entities, and together with the Sponsors and the Sponsor Assignees, the Investors), and by members of management and certain other investors. The Merger, the financing transactions related to the Merger and other related transactions are collectively referred to in this prospectus as the Recapitalization. The Merger was accounted for as a recapitalization in our financial statements, with no adjustments to the historical basis of our assets and liabilities. As a result of the Recapitalization, our outstanding capital stock is owned by the Investors, certain members of management and key employees. On April 29, 2008, we registered our common stock pursuant to Section 12(g) of the Securities Exchange Act of 1934, as amended, thus subjecting us to the reporting requirements of Section 13(a) of the Securities Exchange Act of 1934, as amended. Our common stock is not traded on a national securities exchange.

HCA Inc. is a holding company whose affiliates own and operate hospitals and related health care entities. The term affiliates includes direct and indirect subsidiaries of HCA Inc. and partnerships and joint ventures in which such subsidiaries are partners. At December 31, 2009, these affiliates owned and operated 155 hospitals, 97 freestanding surgery centers and provided extensive outpatient and ancillary services. Affiliates of HCA are also partners in joint ventures that own and operate eight hospitals and eight freestanding surgery centers, which are accounted for using the equity method. The Company's facilities are located in 20 states and England. The terms HCA, Company, we, our, us, as used in these notes to consolidated financial statements, refer to HCA Inc. and its affiliates unless otherwise stated or indicated by context.

***Basis of Presentation***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

The consolidated financial statements include all subsidiaries and entities controlled by HCA. We generally define control as ownership of a majority of the voting interest of an entity. The consolidated financial statements include entities in which we absorb a majority of the entity's expected losses, receive a majority of the entity's expected residual returns, or both, as a result of ownership, contractual or other financial interests in the entity. Significant intercompany transactions have been eliminated. Investments in entities we do not control, but in which we have a substantial ownership interest and can exercise significant influence, are accounted for using the equity method.

We have completed various acquisitions and joint venture transactions. The accounts of these entities have been included in our consolidated financial statements for periods subsequent to our acquisition of controlling interests. The majority of our expenses are cost of revenue items. Costs that could be classified as general and administrative include our corporate office costs, which were \$164 million, \$174 million and \$169 million for the years ended December 31,

2009, 2008 and 2007, respectively.

***Revenues***

Revenues consist primarily of net patient service revenues that are recorded based upon established billing rates less allowances for contractual adjustments. Revenues are recorded during the period the health care services are provided, based upon the estimated amounts due from the patients and third-party payers. Third-

F-9

---

**Table of Contents****HCA INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****NOTE 1 ACCOUNTING POLICIES (Continued)**

party payers include federal and state agencies (under the Medicare and Medicaid programs), managed care health plans, commercial insurance companies and employers. Estimates of contractual allowances under managed care health plans are based upon the payment terms specified in the related contractual agreements. Contractual payment terms in managed care agreements are generally based upon predetermined rates per diagnosis, per diem rates or discounted fee-for-service rates.

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. As a result, there is at least a reasonable possibility recorded estimates will change by a material amount. Estimated reimbursement amounts are adjusted in subsequent periods as cost reports are prepared and filed and as final settlements are determined (in relation to certain government programs, primarily Medicare, this is generally referred to as the cost report filing and settlement process). The adjustments to estimated Medicare and Medicaid reimbursement amounts and disproportionate-share funds, which resulted in net increases to revenues, related primarily to cost reports filed during the respective year were \$40 million, \$32 million and \$47 million in 2009, 2008 and 2007, respectively. The adjustments to estimated reimbursement amounts, which resulted in net increases to revenues, related primarily to cost reports filed during previous years were \$60 million, \$35 million and \$83 million in 2009, 2008 and 2007, respectively.

The Emergency Medical Treatment and Active Labor Act ( EMTALA ) requires any hospital participating in the Medicare program to conduct an appropriate medical screening examination of every person who presents to the hospital's emergency room for treatment and, if the individual is suffering from an emergency medical condition, to either stabilize the condition or make an appropriate transfer of the individual to a facility able to handle the condition. The obligation to screen and stabilize emergency medical conditions exists regardless of an individual's ability to pay for treatment. Federal and state laws and regulations, including but not limited to EMTALA, require, and our commitment to providing quality patient care encourages, us to provide services to patients who are financially unable to pay for the health care services they receive. Because we do not pursue collection of amounts determined to qualify as charity care, they are not reported in revenues. Patients treated at hospitals for nonelective care, who have income at or below 200% of the federal poverty level, are eligible for charity care. Charity care (amounts are based on our gross charges) totaled \$2.151 billion, \$1.747 billion and \$1.530 billion in 2009, 2008 and 2007, respectively. The federal poverty level is established by the federal government and is based on income and family size. We provide discounts to uninsured patients who do not qualify for Medicaid or charity care. These discounts are similar to those provided to many local managed care plans and totaled \$2.935 billion, \$1.853 billion and \$1.474 billion in 2009, 2008 and 2007, respectively. In implementing the discount policy, we first attempt to qualify uninsured patients for Medicaid, other federal or state assistance or charity care. If an uninsured patient does not qualify for these programs, the uninsured discount is applied.

***Cash and Cash Equivalents***

Cash and cash equivalents include highly liquid investments with a maturity of three months or less when purchased. Our insurance subsidiary's cash equivalent investments in excess of the amounts required to pay estimated professional liability claims during the next twelve months are not included in cash and cash equivalents as these funds are not available for general corporate purposes. Carrying values of cash and cash equivalents approximate fair value due to the short-term nature of these instruments.

Our cash management system provides for daily investment of available balances and the funding of outstanding checks when presented for payment. Outstanding, but unrepresented, checks totaling \$392 million and \$382 million at December 31, 2009 and 2008, respectively, have been included in accounts payable in the consolidated balance sheets. Upon presentation for payment, these checks are funded through available cash balances or our credit facility.

**Table of Contents****HCA INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****NOTE 1 ACCOUNTING POLICIES (Continued)*****Accounts Receivable***

We receive payments for services rendered from federal and state agencies (under the Medicare and Medicaid programs), managed care health plans, commercial insurance companies, employers and patients. During the years ended December 31, 2009, 2008 and 2007, 23%, 23% and 24%, respectively, of our revenues related to patients participating in the fee-for-service Medicare program and 7%, 6% and 5%, respectively, of our revenues related to patients participating in managed Medicare programs. We recognize that revenues and receivables from government agencies are significant to our operations, but do not believe there are significant credit risks associated with these government agencies. We do not believe there are any other significant concentrations of revenues from any particular payer that would subject us to any significant credit risks in the collection of our accounts receivable.

Additions to the allowance for doubtful accounts are made by means of the provision for doubtful accounts. Accounts written off as uncollectible are deducted from the allowance for doubtful accounts and subsequent recoveries are added. The amount of the provision for doubtful accounts is based upon management's assessment of historical and expected net collections, business and economic conditions, trends in federal, state and private employer health care coverage and other collection indicators. The provision for doubtful accounts and the allowance for doubtful accounts relate primarily to uninsured amounts (including copayment and deductible amounts from patients who have health care coverage) due directly from patients. Accounts are written off when all reasonable internal and external collection efforts have been performed. We consider the return of an account from the secondary external collection agency to be the culmination of our reasonable collection efforts and the timing basis for writing off the account balance. Writeoffs are based upon specific identification and the writeoff process requires a writeoff adjustment entry to the patient accounting system. Management relies on the results of detailed reviews of historical writeoffs and recoveries at facilities that represent a majority of our revenues and accounts receivable (the hindsight analysis) as a primary source of information to utilize in estimating the collectibility of our accounts receivable. We perform the hindsight analysis quarterly, utilizing rolling twelve-months accounts receivable collection and writeoff data. At December 31, 2009 and 2008, the allowance for doubtful accounts represented approximately 94% and 92%, respectively, of the \$5.176 billion and \$5.148 billion, respectively, patient due accounts receivable balance. The patient due accounts receivable balance represents the estimated uninsured portion of our accounts receivable. The estimated uninsured portion of Medicaid pending and uninsured discount pending accounts is included in our patient due accounts receivable balance. Days revenues in accounts receivable were 45 days, 49 days and 53 days at December 31, 2009, 2008 and 2007, respectively. Adverse changes in general economic conditions, patient accounting service center operations, payer mix or trends in federal or state governmental health care coverage could affect our collection of accounts receivable, cash flows and results of operations.

***Inventories***

Inventories are stated at the lower of cost (first-in, first-out) or market.

***Property and Equipment and Amortizable Intangibles***

Depreciation expense, computed using the straight-line method, was \$1.419 billion in 2009, \$1.412 billion in 2008 and \$1.421 billion in 2007. Buildings and improvements are depreciated over estimated useful lives ranging generally

from 10 to 40 years. Estimated useful lives of equipment vary generally from four to 10 years.

Debt issuance costs are amortized based upon the terms of the respective debt obligations. The gross carrying amount of deferred loan costs at December 31, 2009 and 2008 was \$689 million and \$650 million,

**Table of Contents**

**HCA INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**NOTE 1 ACCOUNTING POLICIES (Continued)**

respectively, and accumulated amortization was \$271 million and \$192 million, respectively. Amortization of deferred loan costs is included in interest expense and was \$80 million, \$79 million and \$78 million for 2009, 2008 and 2007, respectively.

When events, circumstances or operating results indicate the carrying values of certain long-lived assets and related identifiable intangible assets (excluding goodwill) expected to be held and used, might be impaired, we prepare projections of the undiscounted future cash flows expected to result from the use of the assets and their eventual disposition. If the projections indicate the recorded amounts are not expected to be recoverable, such amounts are reduced to estimated fair value. Fair value may be estimated based upon internal evaluations that include quantitative analyses of revenues and cash flows, reviews of recent sales of similar facilities and independent appraisals.

Long-lived assets to be disposed of are reported at the lower of their carrying amounts or fair value less costs to sell or close. The estimates of fair value are usually based upon recent sales of similar assets and market responses based upon discussions with and offers received from potential buyers.

***Investments of Insurance Subsidiary***

At December 31, 2009 and 2008, the investments of our wholly-owned insurance subsidiary were classified as available-for-sale as defined in Accounting Standards Codification No. 320, *Investments Debt and Equity Securities* and are recorded at fair value. The investment securities are held for the purpose of providing the funding source to pay professional liability claims covered by the insurance subsidiary. We perform a quarterly assessment of individual investment securities to determine whether declines in market value are temporary or other-than-temporary. Our investment securities evaluation process involves multiple subjective judgments, often involves estimating the outcome of future events, and requires a significant level of professional judgment in determining whether an impairment has occurred. We evaluate, among other things, the financial position and near term prospects of the issuer, conditions in the issuer's industry, liquidity of the investment, changes in the amount or timing of expected future cash flows from the investment, and recent downgrades of the issuer by a rating agency, to determine if, and when, a decline in the fair value of an investment below amortized cost is considered other-than-temporary. The length of time and extent to which the fair value of the investment is less than amortized cost and our ability and intent to retain the investment, to allow for any anticipated recovery of the investment's fair value, are important components of our investment securities evaluation process.

***Goodwill***

Goodwill is not amortized, but is subject to annual impairment tests. In addition to the annual impairment review, impairment reviews are performed whenever circumstances indicate a possible impairment may exist. Impairment testing for goodwill is done at the reporting unit level. Reporting units are one level below the business segment level, and our impairment testing is performed at the operating division or market level. We compare the fair value of the reporting unit assets to the carrying amount, on at least an annual basis, to determine if there is potential impairment. If the fair value of the reporting unit assets is less than their carrying value, we compare the fair value of the goodwill to its carrying value. If the fair value of the goodwill is less than its carrying value, an impairment loss is recognized. Fair value of goodwill is estimated based upon internal evaluations of the related long-lived assets for each reporting

unit that include quantitative analyses of revenues and cash flows and reviews of recent sales of similar facilities. We recognized goodwill impairments of \$19 million and \$48 million during 2009 and 2008, respectively. No goodwill impairments were recognized during 2007.

**Table of Contents**

**HCA INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**NOTE 1 ACCOUNTING POLICIES (Continued)**

During 2009, goodwill increased by \$5 million related to acquisitions, decreased by \$19 million related to impairments and increased by \$11 million related to foreign currency translation and other adjustments. During 2008, goodwill increased by \$43 million related to acquisitions, decreased by \$14 million related to facility sales, decreased by \$48 million related to impairments and decreased by \$30 million related to foreign currency translation and other adjustments.

Since January 1, 2000, we have recognized total goodwill impairments of \$88 million in the aggregate. None of the goodwill impairments related to evaluations of goodwill at the reporting unit level, as all recognized goodwill impairments during this period related to goodwill allocated to asset disposal groups.

***Physician Recruiting Agreements***

In order to recruit physicians to meet the needs of our hospitals and the communities they serve, we enter into minimum revenue guarantee arrangements to assist the recruited physicians during the period they are relocating and establishing their practices. A guarantor is required to recognize, at the inception of a guarantee, a liability for the fair value of the stand-ready obligation undertaken in issuing the guarantee. We expense the total estimated guarantee liability amount at the time the physician recruiting agreement becomes effective as we are not able to justify recording a contract-based asset based upon our analysis of the related control, regulatory and legal considerations.

The physician recruiting liability amounts of \$24 million and \$27 million at December 31, 2009 and 2008, respectively, represent the amount of expense recognized in excess of payments made through December 31, 2009 and 2008, respectively. At December 31, 2009 the maximum amount we could have to pay under all effective minimum revenue guarantees was \$64 million.

***Professional Liability Claims***

Reserves for professional liability risks were \$1.322 billion and \$1.387 billion at December 31, 2009 and 2008, respectively. The current portion of the reserves, \$265 million and \$279 million at December 31, 2009 and 2008, respectively, is included in other accrued expenses in the consolidated balance sheets. Provisions for losses related to professional liability risks were \$211 million, \$175 million and \$163 million for 2009, 2008 and 2007, respectively, and are included in other operating expenses in our consolidated income statements. Provisions for losses related to professional liability risks are based upon actuarially determined estimates. Loss and loss expense reserves represent the estimated ultimate net cost of all reported and unreported losses incurred through the respective consolidated balance sheet dates. The reserves for unpaid losses and loss expenses are estimated using individual case-basis valuations and actuarial analyses. Those estimates are subject to the effects of trends in loss severity and frequency. The estimates are continually reviewed and adjustments are recorded as experience develops or new information becomes known. Adjustments to the estimated reserve amounts are included in current operating results. The reserves for professional liability risks cover approximately 2,600 and 2,800 individual claims at December 31, 2009 and 2008, respectively, and estimates for unreported potential claims. The time period required to resolve these claims can vary depending upon the jurisdiction and whether the claim is settled or litigated. During 2009 and 2008, \$272 million and \$314 million, respectively, of net payments were made for professional and general liability claims. The estimation of the timing of payments beyond a year can vary significantly. Although considerable variability is inherent in

professional liability reserve estimates, we believe the reserves for losses and loss expenses are adequate; however, there can be no assurance the ultimate liability will not exceed our estimates.

A portion of our professional liability risks is insured through a wholly-owned insurance subsidiary. Subject to a \$5 million per occurrence self-insured retention, our facilities are insured by our wholly-owned insurance subsidiary for losses up to \$50 million per occurrence. The insurance subsidiary has obtained

**Table of Contents**

**HCA INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**NOTE 1 ACCOUNTING POLICIES (Continued)**

reinsurance for professional liability risks generally above a retention level of \$15 million per occurrence. We also maintain professional liability insurance with unrelated commercial carriers for losses in excess of amounts insured by our insurance subsidiary.

The obligations covered by reinsurance contracts are included in the reserves for professional liability risks, as the insurance subsidiary remains liable to the extent the reinsurers do not meet their obligations under the reinsurance contracts. The amounts receivable under the reinsurance contracts include \$28 million at December 31, 2009 and 2008 recorded in other assets and \$25 million and \$29 million at December 31, 2009 and 2008, respectively, recorded in other current assets .

***Financial Instruments***

Derivative financial instruments are employed to manage risks, including interest rate and foreign currency exposures, and are not used for trading or speculative purposes. We recognize derivative instruments, such as interest rate swap agreements and foreign exchange contracts, in the consolidated balance sheets at fair value. Changes in the fair value of derivatives are recognized periodically either in earnings or in stockholders' equity, as a component of other comprehensive income (loss), depending on whether the derivative financial instrument qualifies for hedge accounting, and if so, whether it qualifies as a fair value hedge or a cash flow hedge. Generally, changes in fair values of derivatives accounted for as fair value hedges are recorded in earnings, along with the changes in the fair value of the hedged items related to the hedged risk. Gains and losses on derivatives designated as cash flow hedges, to the extent they are effective, are recorded in other comprehensive income (loss), and subsequently reclassified to earnings to offset the impact of the forecasted transactions when they occur. In the event the forecasted transaction to which a cash flow hedge relates is no longer likely, the amount in other comprehensive income (loss) is recognized in earnings and generally the derivative is terminated. Changes in the fair value of derivatives not qualifying as hedges, and for any portion of a hedge that is ineffective, are reported in earnings.

The net interest paid or received on interest rate swaps is recognized as interest expense. Gains and losses resulting from the early termination of interest rate swap agreements are deferred and amortized as adjustments to interest expense over the remaining term of the debt originally covered by the terminated swap.

***Noncontrolling Interests in Consolidated Entities***

The consolidated financial statements include all assets, liabilities, revenues and expenses of less than 100% owned entities that we control. Accordingly, we have recorded noncontrolling interests in the earnings and equity of such entities.

***Related Party Transactions Management Agreement***

Affiliates of the Investors entered into a management agreement with us pursuant to which such affiliates will provide us with management services. Under the management agreement, the affiliates of the Investors are entitled to receive an aggregate annual management fee of \$15 million, which amount increases annually, beginning in 2008, at a rate equal to the percentage increase in Adjusted EBITDA (as defined in the Management Agreement) in the applicable

year compared to the preceding year, and reimbursement of out-of-pocket expenses incurred in connection with the provision of services pursuant to the agreement. The annual management fee was \$15 million for each of 2009, 2008 and 2007. The management agreement has an initial term expiring on December 31, 2016, provided that the term will be extended annually for one additional year unless we or the Investors provide notice to the other of their desire not to automatically extend the term. In addition, the management agreement provides that the affiliates of the Investors are entitled to receive a fee equal to 1% of the gross transaction value in connection with certain financing, acquisition,

disposition, and change of control transactions, as well as a termination fee based on the net present value of future payment obligations under the management agreement in the event of an initial public offering or under certain other circumstances. The agreement also contains customary exculpation and indemnification provisions in favor of the Investors and their affiliates.

***Reclassifications***

Certain prior year amounts have been reclassified to conform to the 2009 presentation.

**NOTE 2 SHARE-BASED COMPENSATION**

Certain management holders of outstanding HCA stock options retained certain of their stock options (the Rollover Options ) in lieu of receiving the Merger consideration. The Rollover Options remain outstanding in accordance with the terms of the governing stock incentive plans and grant agreements pursuant to which the holder originally received the stock option grants, except the exercise price and number of shares subject to the rollover option agreement were adjusted so that the aggregate intrinsic value for each applicable option holder was maintained and the exercise price for substantially all the options was adjusted to \$12.75 per option. Pursuant to the rollover option agreement, 10,967,500 prerecapitalization HCA stock options were converted into 2,285,200 Rollover Options, of which 1,349,800 are outstanding and exercisable at December 31, 2009.

***2006 Stock Incentive Plan***

The 2006 Stock Incentive Plan for Key Employees of HCA Inc. and its Affiliates (the 2006 Plan ) is designed to promote the long term financial interests and growth of the Company and its subsidiaries by attracting and retaining management and other personnel and key service providers and to motivate management personnel by means of incentives to achieve long range goals and further the alignment of interests of participants with those of our stockholders through opportunities for increased stock, or stock-based, ownership in the Company. A portion of the options under the 2006 Plan vests solely based upon continued employment over a specific period of time, and a portion of the options vests based both upon continued employment over a specific period of time and upon the achievement of predetermined financial and Investor return targets over time. We granted 1,785,900 and 357,500 options under the 2006 Plan during 2009 and 2008, respectively. As of December 31, 2009, 3,010,000 options granted under the 2006 Plan have vested, and there were 392,400 shares available for future grants under the 2006 Plan.

***Stock Option Activity***

The fair value of each stock option award is estimated on the grant date, using option valuation models and the weighted average assumptions indicated in the following table. Awards under the 2006 Plan generally vest based on continued employment and based upon achievement of certain financial and Investor return targets. Each grant is valued as a single award with an expected term equal to the average expected term of the component vesting tranches. We use historical option exercise behavior data and other factors to estimate the expected term of the options. The expected term of the option is limited by the contractual term, and employee post-vesting termination behavior is incorporated in the historical option exercise behavior data. Compensation cost is recognized on the straight-line

attribution method. The straight-line attribution method requires that total compensation expense recognized must at least equal the vested portion of the grant-date fair value. The expected volatility is derived using historical stock price information of certain peer group companies for a period of time equal to the expected option term. The risk-free interest rate is the approximate

**NOTE 3 ACQUISITIONS AND DISPOSITIONS**

During 2009, we paid \$61 million to acquire nonhospital health care entities. During 2008, we paid \$18 million to acquire one hospital and \$67 million to acquire other health care entities. During 2007, we paid \$32 million to acquire nonhospital health care entities. Purchase price amounts have been allocated to the related assets acquired and liabilities assumed based upon their respective fair values. The purchase price paid in excess of the fair value of identifiable net assets of acquired entities aggregated \$5 million, \$43 million and \$44 million in 2009, 2008 and 2007, respectively. The consolidated financial statements include the accounts and operations of the acquired entities subsequent to the respective acquisition dates. The pro forma effects of the acquired entities on our results of operations for periods prior to the respective acquisition dates were not significant.

The \$64 million asset impairment includes \$55 million related to other health care entity investments in our Eastern Group and \$9 million related to certain hospital facilities in our Central Group. During 2007, we recorded a pretax charge of \$24 million to adjust the value of a building in our Central Group to estimated fair value.

The asset impairment charges did not have a significant impact on our operations or cash flows and are not expected to significantly impact cash flows for future periods. The impairment charges affected our property and equipment asset category by \$24 million, \$16 million and \$24 million in 2009, 2008 and 2007, respectively.

**NOTE 5 INCOME TAXES**

The provision for income taxes consists of the following (dollars in millions):

	2009	2008	2007
Current:			
Federal	\$ 809	\$ 699	\$ 566
State	75	56	37

State	(37)	(29)	(62)

The provision for income taxes reflects \$18 million and \$20 million (\$12 million net of tax for each) reductions in interest related to taxing authority examinations for the years ended December 31, 2009 and 2008, respectively, and interest expense of \$17 million (\$11 million net of tax) for the year ended December 31, 2007.

As a result of a settlement reached with the Appeals Division of the Internal Revenue Service (the IRS) and the revision of a proposed IRS adjustment related to prior taxable years, we reduced our provision for income taxes by \$69 million in 2008. Our 2007 provision for income taxes was reduced by \$85 million, principally based on new information received related to tax positions taken in a prior taxable year, and by an additional \$39 million to adjust 2006 state tax accruals to the amounts reported on completed tax returns and based upon an analysis of the Recapitalization costs.

A summary of the items comprising the deferred tax assets and liabilities at December 31 follows (dollars in millions):

At December 31, 2009, state net operating loss carryforwards (expiring in years 2010 through 2029) available to offset future taxable income approximated \$116 million. Utilization of net operating loss carryforwards in any one year may be limited and, in certain cases, result in an adjustment to intangible assets. Net deferred tax assets related to such carryforwards are not significant.

At December 31, 2009, we are contesting before the Appeals Division of the IRS certain claimed deficiencies and adjustments proposed by the IRS in connection with its examination of the 2003 and 2004 federal income tax returns for HCA and eight affiliates that are treated as partnerships for federal income tax purposes ( affiliated partnerships ). The disputed items include the timing of recognition of certain patient service revenues and our method for calculating the tax allowance for doubtful accounts.

Six taxable periods of HCA and its predecessors ended in 1997 through 2002 and the 2002 taxable year of four affiliated partnerships, for which the primary remaining issue is the computation of the tax allowance for doubtful accounts, were pending before the IRS Examination Division as of December 31, 2009.

The IRS began an audit of the 2005 and 2006 federal income tax returns for HCA and seven affiliated partnerships during 2008. We anticipate the IRS Examination Division will conclude its audit in 2010. During 2009, the seven affiliated partnership audits were resolved with no material impact on our operations or financial position. We anticipate the IRS will begin an audit of the 2007 and 2008 federal income tax returns for HCA during 2010.

The following table summarizes the activity related to our unrecognized tax benefits (dollars in millions):

	<b>2009</b>	<b>2008</b>

Settlements	<b>(8)</b>	(162)
Lapse of applicable statutes of limitations	<b>(11)</b>	(8)
Balance at December 31	<b>\$ 485</b>	\$ 482

During 2008, we reached a settlement with the IRS Appeals Division relating to the deductibility of the 2001 government settlement payment, the timing of recognition of certain patient service revenues for 2001 and 2002, and the amount of insurance expense deducted in 2001 and 2002. As a result of the settlement, \$111 million of the \$215 million refundable deposit made in 2006 has been applied to tax and interest due for the 2001 and 2002 taxable years.

Our liability for unrecognized tax benefits was \$628 million, including accrued interest of \$156 million and excluding \$13 million that was recorded as reductions of the related deferred tax assets, as of December 31, 2009 (\$625 million, \$156 million and \$13 million, respectively, as of December 31, 2008). Unrecognized tax benefits of \$236 million (\$264 million as of December 31, 2008) would affect the effective rate, if recognized. The liability for unrecognized tax benefits does not reflect deferred tax assets of \$77 million (\$81 million as of December 31, 2008) related to deductible interest and state income taxes or a refundable deposit of \$104 million, which is recorded in noncurrent assets.

Depending on the resolution of the IRS disputes, the completion of examinations by federal, state or international taxing authorities, or the expiration of statutes of limitation for specific taxing jurisdictions, we believe it is reasonably possible that our liability for unrecognized tax benefits may significantly increase or decrease within the next 12 months. However, we are currently unable to estimate the range of any possible change.

of our investments were subject to the restrictions included in insurance bond collateralization and assumed reinsurance contracts.

Scheduled maturities of investments in debt securities at December 31, 2009 were as follows (dollars in millions):

The average expected maturity of the investments in debt securities at December 31, 2009 was 3.5 years, compared to the average scheduled maturity of 12.3 years. Expected and scheduled maturities may differ because the issuers of certain securities have the right to call, prepay or otherwise redeem such obligations prior to their scheduled maturity date. The average expected maturities for our auction rate and asset-backed securities were derived from valuation models of expected cash flows and involved management's judgment. The average expected maturities for our auction rate and asset-backed securities at December 31, 2009 were 4.7 years and 6.3 years, respectively, compared to average scheduled maturities of 25.4 years and 26.0 years, respectively.

*Interest Rate Swap Agreements*

We have entered into interest rate swap agreements to manage our exposure to fluctuations in interest rates. These swap agreements involve the exchange of fixed and variable rate interest payments between two parties based on common notional principal amounts and maturity dates. Pay-fixed interest rate swaps effectively convert LIBOR indexed variable rate instruments to fixed interest rate obligations. The net interest payments, based on the notional amounts in these agreements, generally match the timing of the related

liabilities. The notional amounts of the swap agreements represent amounts used to calculate the exchange of cash flows and are not our assets or liabilities. Our credit risk related to these agreements is considered low because the swap agreements are with creditworthy financial institutions. The interest payments under these agreements are settled on a net basis.

The following table sets forth our interest rate swap agreements, which have been designated as cash flow hedges, at December 31, 2009 (dollars in millions):

	<b>Notional Amount</b>	<b>Termination Date</b>	<b>Fair Value</b>
Pay-fixed interest rate swap	\$ 500	March 2011	\$ (13)
Pay-fixed interest rate swaps	8,000	November 2011	(523)
Pay-fixed interest rate swaps (starting November 2011)	2,000	December 2016	8

During the next 12 months, we estimate \$364 million will be reclassified from other comprehensive income ( OCI ) to interest expense.

***Cross Currency Swaps***

The Company and certain subsidiaries have incurred obligations and entered into various intercompany transactions where such obligations are denominated in currencies other than the functional currencies of the parties executing the trade. In order to better match the cash flows of our obligations and intercompany transactions with cash flows from operations, we entered into various cross currency swaps. Our credit risk related to these agreements is considered low because the swap agreements are with creditworthy financial institutions.

Certain of our cross currency swaps were not designated as hedges, and changes in fair value are recognized in results of operations. The following table sets forth our cross currency swap agreement, which has not been designated as a hedge, at December 31, 2009 (amounts in millions):

***Credit-risk-related Contingent Features***

We have agreements with each of our derivative counterparties that contain a provision where we could be declared in default on our derivative obligations if repayment of the underlying indebtedness is accelerated by the lender due to our default on the indebtedness. As of December 31, 2009, we have not been required to post any collateral related to these agreements. If we had breached these provisions at December 31, 2009, we would have been required to settle our obligations under the agreements at their aggregate, estimated termination value of \$488 million.

**NOTE 8 ASSETS AND LIABILITIES MEASURED AT FAIR VALUE**

ASC 820, *Fair Value Measurements and Disclosures* ( ASC 820 ) defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. ASC 820 applies to reported balances that are required or permitted to be measured at fair value under existing accounting pronouncements.

ASC 820 emphasizes fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, ASC 820 establishes a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs observable for the asset or liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input significant to the fair value measurement in its entirety. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

***Cash Traded Investments***

Our cash traded investments are generally classified within Level 1 or Level 2 of the fair value hierarchy because they are valued using quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency. Certain types of cash traded instruments are classified within Level 3 of the fair value hierarchy because they trade infrequently and therefore have little or no price transparency. Such instruments include auction rate securities ( ARS ) and limited partnership investments. The transaction price is initially used as the best estimate of fair value.

**NOTE 8 ASSETS AND LIABILITIES MEASURED AT FAIR VALUE (Continued)**

Our wholly-owned insurance subsidiary had investments in municipal, tax-exempt ARS, that are backed by student loans substantially guaranteed by the federal government, of \$396 million (\$401 million par value) at December 31, 2009. We do not currently intend to attempt to sell the ARS as the liquidity needs of our insurance subsidiary are expected to be met by other investments in its investment portfolio. These securities continue to accrue and pay interest semi-annually based on the failed auction maximum rate formulas stated in their respective Official Statements. During 2009 and 2008, certain issuers and their broker/dealers redeemed or repurchased \$172 million and \$93 million, respectively, of our ARS at par value. The valuation of these securities involved management's judgment, after consideration of market factors and the absence of market transparency, market liquidity and observable inputs. Our valuation models derived a fair market value compared to tax-equivalent yields of other student loan backed variable rate securities of similar credit worthiness.

***Derivative Financial Instruments***

We have entered into interest rate and cross currency swap agreements to manage our exposure to fluctuations in interest rates and foreign currency risks. The valuation of these instruments is determined using widely accepted valuation techniques, including discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs, including interest rate curves, foreign exchange rates and implied volatilities. To comply with the provisions of ASC 820, we incorporate credit valuation adjustments to reflect both our own nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurements.

Although we determined the majority of the inputs used to value our derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with our derivatives utilize Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by us and our counterparties. We assessed the significance of the impact of the credit valuation adjustments on the overall valuation of our derivative positions and at December 31, 2008, we determined the credit valuation adjustments were significant to the overall valuation of our derivatives; however, we determined the credit valuation adjustments were not significant to the overall valuation of our derivatives at December 31, 2009. As a result, we have reclassified our derivative valuations in their entirety from Level 3 to Level 2 of the fair value hierarchy at December 31, 2009.

***Senior Secured Credit Facilities And Other First Lien Debt***

In connection with the Recapitalization, we entered into (i) a \$2.000 billion senior secured asset-based revolving credit facility with a borrowing base of 85% of eligible accounts receivable, subject to customary reserves and eligibility criteria (\$1.280 billion available at December 31, 2009) (the ABL credit facility ) and (ii) a senior secured credit agreement (the cash flow credit facility and, together with the ABL credit facility, the senior secured credit facilities ), consisting of a \$2.000 billion revolving credit facility (\$1.901 billion available at December 31, 2009 after giving effect to certain outstanding letters of credit), a \$2.750 billion term loan A (\$1.908 billion outstanding at December 31, 2009), a \$8.800 billion term loan B (\$6.515 billion outstanding at December 31, 2009) and a 1.000 billion European term loan ( 394 million, or \$564 million, outstanding at December 31, 2009) under which one of our European subsidiaries is the borrower.

Borrowings under the senior secured credit facilities bear interest at a rate equal to, as determined by the type of borrowing, either an applicable margin plus, at our option, either (a) a base rate determined by reference to the higher

of (1) the federal funds rate plus 0.50% or (2) the prime rate of Bank of America or (b) a LIBOR rate for the currency of such borrowing for the relevant interest period, plus, in each case, an applicable margin. The applicable margin for borrowings under the senior secured credit facilities, with the exception of term loan B where the margin is static, may be reduced subject to attaining certain leverage ratios.

The ABL credit facility and the \$2.000 billion revolving credit facility portion of the cash flow credit facility expire November 2012. The term loan facilities require quarterly installment payments. The final payment under term loan A is in November 2012. The final payments under term loan B and the European term loan are in November 2013. The senior secured credit facilities contain a number of covenants that restrict, subject to certain exceptions, our (and some or all of our subsidiaries ) ability to incur additional indebtedness, repay subordinated indebtedness, create liens on assets, sell assets, make investments, loans or advances, engage in certain transactions with affiliates, pay dividends and distributions, and enter into sale and

leaseback transactions. In addition, we are required to satisfy and maintain a maximum total leverage ratio covenant under the cash flow credit facility and, in certain situations under the ABL credit facility, a minimum interest coverage ratio covenant.

During April 2009, we issued \$1.500 billion aggregate principal amount of 81/2% senior secured first lien notes due 2019 at a price of 96.755% of their face value, resulting in \$1.451 billion of gross proceeds. During August 2009, we issued \$1.250 billion aggregate principal amount of 77/8% senior secured first lien notes due 2020 at a price of 98.254% of their face value, resulting in \$1.228 billion of gross proceeds. After the payment of related fees and expenses, we used the proceeds from these debt issuances to repay outstanding indebtedness under our senior secured term loan facilities.

We use interest rate swap agreements to manage the variable rate exposure of our debt portfolio. At December 31, 2009, we had entered into effective interest rate swap agreements, in a total notional amount of \$8.5 billion, in order to hedge a portion of our exposure to variable rate interest payments associated with the senior secured credit facility. The effect of the interest rate swaps is reflected in the effective interest rates for the senior secured credit facilities.

***Senior Secured Notes And Other Second Lien Debt***

In November 2006, we issued \$4.200 billion of senior secured notes (comprised of \$1.000 billion of 91/8% notes due 2014 and \$3.200 billion of 91/4% notes due 2016), and \$1.500 billion of 95/8% cash/103/8% in-kind senior secured toggle notes (which allow us, at our option, to pay interest in-kind during the first five years) due 2016, which are subject to certain standard covenants. We made the interest payment for the interest period ended in May 2009 by paying in-kind (\$78 million) instead of paying interest in cash.

During February 2009, we issued \$310 million aggregate principal amount of 97/8% senior secured second lien notes due 2017 at a price of 96.673% of their face value, resulting in \$300 million of gross proceeds. After the payment of related fees and expenses, we used the proceeds to repay outstanding indebtedness under our senior secured term loan facilities.

***General Debt Information***

The senior secured credit facilities and senior secured notes are fully and unconditionally guaranteed by substantially all existing and future, direct and indirect, wholly-owned material domestic subsidiaries that are Unrestricted Subsidiaries under our Indenture (the 1993 Indenture ) dated December 16, 1993 (except for certain special purpose subsidiaries that only guarantee and pledge their assets under our ABL credit facility). In addition, borrowings under the European term loan are guaranteed by all material, wholly-owned European subsidiaries.

All obligations under the ABL credit facility, and the guarantees of those obligations, are secured, subject to permitted liens and other exceptions, by a first-priority lien on substantially all of the receivables of the borrowers and each guarantor under such ABL credit facility (the Receivables Collateral ).

All obligations under the cash flow credit facility and the guarantees of such obligations are secured, subject to permitted liens and other exceptions, by:

a first-priority lien on the capital stock owned by HCA Inc., or by any U.S. guarantor, in each of their respective first-tier subsidiaries;

a first-priority lien on substantially all present and future assets of HCA Inc. and of each U.S. guarantor other than (i) Principal Properties (as defined in the 1993 Indenture), (ii) certain other real properties

**NOTE 10 CONTINGENCIES**

We operate in a highly regulated and litigious industry. As a result, various lawsuits, claims and legal and regulatory proceedings have been and can be expected to be instituted or asserted against us. The resolution of any such lawsuits, claims or legal and regulatory proceedings could have a material, adverse effect on our results of operations or financial position in a given period.

We are subject to claims and suits arising in the ordinary course of business, including claims for personal injuries or wrongful restriction of, or interference with, physicians' staff privileges. In certain of these actions the claimants may seek punitive damages against us which may not be covered by insurance. It is management's opinion that the ultimate resolution of these pending claims and legal proceedings will not have a material, adverse effect on our results of operations or financial position.

**NOTE 11 CAPITAL STOCK**

The Company's certificate of incorporation and by-laws were amended and restated, effective March 27, 2008 and March 26, 2008, respectively. The amended and restated certificate of incorporation authorizes the Company to issue up to 125,000,000 shares of common stock, and the amended and restated by-laws set the number of directors constituting the board of directors of the Company at not less than one nor more than 15.

***Stockholder Agreements and Equity Securities with Contingent Redemption Rights***

The stockholder agreements, among other things, contain agreements among the parties with respect to restrictions on the transfer of shares, including tag along rights and drag along rights, registration rights (including customary indemnification provisions) and other rights. Pursuant to the management stockholder agreements, the applicable employees can elect to have the Company redeem their common stock and vested stock options in the events of death or permanent disability, prior to the consummation of the initial public offering of common stock by the Company. At December 31, 2009, 1,968,400 common shares and 4,207,800 vested stock options were subject to these contingent redemption terms.

**NOTE 12 EMPLOYEE BENEFIT PLANS**

We maintain contributory, defined contribution benefit plans that are available to employees who meet certain minimum requirements. Certain of the plans require that we match specified percentages of participant contributions up to certain maximum levels (generally, 100% of the first 3% to 9%, depending upon years of vesting service, of compensation deferred by participants for periods subsequent to March 31, 2008, and 50% of the first 3% of compensation deferred by participants for periods prior to April 1, 2008). The cost of these plans totaled \$283 million for 2009, \$233 million for 2008 and \$86 million for 2007. Our contributions are funded periodically during each year.

We maintained a noncontributory, defined contribution retirement plan which covered substantially all employees. Benefits were determined as a percentage of a participant's salary and vest over specified periods of employee service. Benefits expense was \$46 million for 2008 and \$203 million for 2007. There was no expense for 2009 as the noncontributory plan and the related participant account balances were merged into the contributory HCA 401(k) Plan effective April 1, 2008.

We maintain the noncontributory, nonqualified Restoration Plan to provide certain retirement benefits for eligible employees. Eligibility for the Restoration Plan is based upon earning eligible compensation in excess of the Social Security Wage Base and attaining 1,000 or more hours of service during the plan year. Company credits to participants' account balances (the Restoration Plan is not funded) depend upon participants' compensation, years of vesting service and certain IRS limitations related to the HCA 401(k) plan. Benefits expense under this plan was \$26 million for 2009, \$2 million for 2008 and \$20 million for 2007. Accrued benefits liabilities under this plan totaled \$73 million at December 31, 2009 and \$48 million at December 31, 2008.

We maintain a Supplemental Executive Retirement Plan (SERP) for certain executives. The plan is designed to ensure that upon retirement the participant receives the value of a prescribed life annuity from the combination of the SERP and our other benefit plans. Benefits expense under the plan was \$24 million for 2009, \$20 million for 2008 and \$20 million for 2007. Accrued benefits liabilities under this plan totaled \$152 million at December 31, 2009 and \$133 million at December 31, 2008.

We maintain defined benefit pension plans which resulted from certain hospital acquisitions in prior years. Benefits expense under these plans was \$39 million for 2009, \$24 million for 2008, and \$27 million for 2007. Accrued benefits liabilities under these plans totaled \$115 million at December 31, 2009 and \$142 million at December 31, 2008.

**NOTE 13 SEGMENT AND GEOGRAPHIC INFORMATION**

We operate in one line of business, which is operating hospitals and related health care entities. During the years ended December 31, 2009, 2008 and 2007, approximately 23%, 23% and 24%, respectively, of our revenues related to patients participating in the fee-for-service Medicare program.

Our operations are structured into three geographically organized groups: the Eastern Group includes 48 consolidating hospitals located in the Eastern United States, the Central Group includes 46 consolidating hospitals located in the Central United States and the Western Group includes 55 consolidating hospitals located in the Western United States. We also operate six consolidating hospitals in England, and these facilities are included in the Corporate and other

group.

Adjusted segment EBITDA is defined as income before depreciation and amortization, interest expense, losses (gains) on sales of facilities, impairment of long-lived assets, income taxes and net income attributable to noncontrolling interests. We use adjusted segment EBITDA as an analytical indicator for purposes of allocating resources to geographic areas and assessing performance. Adjusted segment EBITDA is commonly used as an analytical indicator within the health care industry, and also serves as a measure of leverage

capacity and debt service ability. Adjusted segment EBITDA should not be considered as a measure of financial performance under generally accepted accounting principles, and the items excluded from adjusted segment EBITDA are significant components in understanding and assessing financial performance. Because adjusted segment EBITDA is not a measurement determined in accordance with generally accepted accounting principles and is thus susceptible to varying calculations, adjusted segment EBITDA, as presented, may not be comparable to other similarly titled measures of other companies.

The geographic distributions of our revenues, equity in earnings of affiliates, adjusted segment EBITDA, depreciation and amortization, assets and goodwill are summarized in the following table (dollars in millions):

During 2009, we refined our allowance for doubtful accounts estimation process to include separate estimates of pending charity and pending uninsured discount amounts. These amounts were previously included in the allowance for doubtful accounts, but at December 31, 2009, we recorded these estimated amounts as reductions to accounts receivable. This reclassification has no effect on net accounts receivable and the prior year amounts have been reclassified to conform with the 2009 presentation. The incremental, annual amounts reclassified were \$135 million, \$116 million and \$39 million for the years ended December 31, 2009, 2008 and 2007, respectively.

Healthtrust, Inc. The Hospital Company ( Healthtrust ) is the first-tier subsidiary of HCA Inc. The common stock of Healthtrust has been pledged as collateral for the senior secured credit facilities and senior secured notes described in Note 9. Rule 3-16 of Regulation S-X under the Securities Act requires the filing of separate financial statements for any affiliate of the registrant whose securities constitute a substantial portion of the collateral for any class of securities registered or being registered. We believe the separate financial statements requirement applies to Healthtrust due to the pledge of its common stock as collateral for the senior secured notes. Due to the corporate structure relationship of HCA and Healthtrust, HCA's operating subsidiaries are also the operating subsidiaries of Healthtrust. The corporate structure relationship, combined with the application of push-down accounting in Healthtrust's consolidated financial statements related to HCA's debt and financial instruments, results in the consolidated financial statements of Healthtrust being substantially identical to the consolidated financial statements of HCA. The consolidated financial statements of HCA and Healthtrust present the identical amounts for revenues, expenses, net income, assets, liabilities, total stockholders' deficit, net cash provided by operating activities, net cash used in investing activities and net cash used in financing activities. Certain individual line items in the HCA consolidated statements of stockholders' deficit and cash flows are combined into one line item in the Healthtrust consolidated statements of stockholders' deficit and cash flows.

**PART II**

**INFORMATION NOT REQUIRED IN PROSPECTUS**

**Item 20. *Indemnification of Directors and Officers.***

**California Registrants**

**(a) Columbia ASC Management, L.P. and Riverside Healthcare System, L.P. are registered under the laws of California.**

The partnership agreements of Columbia ASC Management, L.P. and Riverside Healthcare System, L.P. provide that the limited partner shall indemnify and hold harmless the general partner; its partners, managers, employees, agents and representatives; and the officers, directors, employees, agents and representatives of its partners to the fullest extent permitted by the California Limited Partnership Act and the California Revised Partnership Act. Neither of these acts, however, addresses indemnification.

Section 15904.06 (Operative January 1, 2008) of the 2008 California Revised Limited Partnership Act addresses the rights of a general partner with respect to its management and conduct of partnership activities. The 2008 California Revised Limited Partnership Act provides that a limited partnership shall reimburse a general partner for payments made, and indemnify a general partner for liabilities incurred by, the general partner in the ordinary course of the activities of the partnership or for the preservation of its activities or property.

**(b) Columbia Riverside, Inc., Encino Hospital Corporation, Inc., Los Robles Regional Medical Center and MCA Investment Company are incorporated under the laws of California.**

Section 317 of the California General Corporation Law sets forth the provisions pertaining to the indemnification of corporate agents. For purposes of this law, an agent is any person who is or was a director, officer, employee or other agent of a corporation, or is or was serving at the request of the corporation in such capacity with respect to any other corporation, partnership, joint venture, trust or other enterprise. Indemnification for expenses, including amounts paid on settling or otherwise disposing of a threatened or pending action or defending against the same, can be made in certain circumstances by action of the company through:

a majority vote of a quorum of the corporation's Board of Directors consisting of directors who are not party to the proceedings;

approval of the shareholders, with the shares owned by the person to be indemnified not being entitled to vote thereon; or

such court in which the proceeding is or was pending upon application by designated parties.

Under certain circumstances, an agent can be indemnified, even when found liable. Indemnification is mandatory where the agent's defense is successful on the merits. The law allows a corporation to make advances of expenses for certain actions upon the receipt of an undertaking that the agent will reimburse the corporation if the agent is found liable. The indemnification provided by Section 317 for acts while serving as a director or officer of the corporation, but not involving breach of duty to the corporation and its shareholders, shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under any bylaw to the extent authorized by the corporation's articles of the corporation.

The bylaws of each of the California Registrants in this section (b) provide, in relevant part, that each of the Registrants will indemnify its respective officers and directors, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements such officers and directors may be required to pay in any action, suit or proceeding which they are or may be made a party by reason of their position as a director, officer or other agent of such Registrant, and otherwise to the full extent permitted under California law and our bylaws for any action taken on behalf of the corporation that does not involve gross negligence or willful misconduct.

A limited liability company shall have the power to purchase and maintain insurance on behalf of any manager, member, officer, employee or agent of the limited liability company against any liability asserted against or incurred by the person in that capacity or arising out of the person's status as a manager, member, officer, employee or agent of the limited liability company.

The limited liability company agreement of Surgicare of Riverside, LLC states that the company shall indemnify its officers and managers against all reasonable expense incurred by them in defending claims or suits, irrespective of the time of the occurrence of the claims or causes of action in such suits, made or brought against them as officers or managers of the company, and against all liability in such suits, except in such cases as involve gross negligence or willful misconduct in the performance of their duties. Sections 7-109-102 through 7-109-110 of the Colorado Business Corporation Act (the Act) grant the registrants broad powers to indemnify any person in connection with legal proceedings brought against him by reason of his present or past status as an officer or director of the registrant, provided with respect to conduct in an official capacity with the registrant, the person acted in good faith and in a manner he reasonably believed to be in the best interests of the registrant, with respect to all other conduct, the person believed the conduct to be at least not opposed to the best interests of the registrant, and with respect to any criminal action or proceeding, the person had no reasonable cause to believe his conduct was unlawful. Indemnification is limited to reasonable expenses incurred in connection with the proceeding. No indemnification may be made (i) in connection with a proceeding by or in the right of the registrant in which the person was adjudged liable to the registrant; or (ii) in connection with any other proceedings charging that the person derived an improper personal benefit, whether or not involving action in an official capacity, in which proceeding the person was judged liable on the basis that he derived an improper personal benefit, unless and only to the extent the court in which such action was brought or another court of competent jurisdiction determines upon application that, despite such adjudication, but in view of all relevant circumstances, the person is fairly and reasonably entitled to indemnity for reasonable expenses as the court deems proper. In addition, to the extent that any such person is successful in the defense of any such legal proceeding, the registrant is required by the Act to indemnify him against reasonable expenses.

The bylaws of these Colorado registrants state that the corporation shall indemnify its officers and directors against all reasonable expense incurred by them in defending claims or suits, irrespective of the time of the occurrence of the claims or causes of action in such suits, made or brought against them as officers or directors of the corporation, and

Section 607.0831 of the Florida Business Corporation Act provides, among other things, that a director is not personally liable for monetary damages to a company or any other person for any statement, vote, decision, or failure to act, by the director, regarding corporate management or policy, unless the director breached or failed to perform his or her duties as a director and such breach or failure constitutes (a) a violation of criminal law, unless the director had reasonable cause to believe his or her conduct was lawful or had no reasonable cause to believe his or her conduct was unlawful; (b) a transaction from which the director derived an improper personal benefit; (c) a circumstance under which the liability provisions of Section 607.0834 of the Florida Business Corporation Act (relating to the liability of the directors for improper distributions) are applicable; (d) willful misconduct or a conscious disregard for the best interest of the company in the case of a proceeding by or in the right of the company to procure a judgment in its favor or by or in the right of a stockholders; or (e) recklessness or an act or omission in bad faith or with malicious purpose of with wanton and willful disregard of human rights, safety or property, in a proceeding by or in the right of someone other than such company or a stockholder.

Section 607.0850 of the Florida Business Corporation Act authorizes, among other things, a company to indemnify any person who was or is a party to any proceeding (other than an action by or in the right of the company) by reason of the fact that he is or was a director, officer, employee or agent of the company (or is or was serving at the request of the company in such a position for any entity) against liability incurred in connection with such proceedings, if he or she acted in good faith and in a manner reasonably believed to be in the best interests of the company and, with respect to criminal proceedings, had no reasonable cause to believe his or her conduct was unlawful.

The Florida Business Corporation Act requires that a director, officer or employee be indemnified for actual and reasonable expenses (including attorneys' fees) to the extent that he or she has been successful on the merits or otherwise in the defense of any proceeding. Florida law also allows expenses of defending a proceeding to be advanced by a company before the final disposition of the proceedings, provided that the officer, director or employee undertakes to repay such advance if it is ultimately determined that indemnification is not permitted.

The Florida Business Corporation Act states that the indemnification and advancement of expenses provided pursuant to Section 607.0850 is not exclusive and that indemnification may be provided by a company pursuant to other means, including agreements or bylaw provisions. Florida law prohibits indemnification or advancement of expenses, however, if a judgment or other final adjudication establishes that the actions of a director, officer or employee constitute (i) a violation of criminal law, unless he or she had reasonable cause to believe his or her conduct was lawful or had no reasonable cause to believe his or her conduct was unlawful; (ii) a transaction from which such person derived an improper personal benefit; (iii) willful misconduct or conscious disregard for the best interests of the company in the case of a derivative action or a proceeding by or in the right of a stockholder, or (iv) in the case of

Section 14-2-202(b)(4) of the Georgia Business Corporation Code provides that a corporation's articles of incorporation may include a provision that eliminates or limits the liability of directors for monetary damages to a corporation or its shareholders for any action taken, or failure to take any action, as a director. The section does not, however, authorize a corporation to eliminate or limit the liability of a director for appropriating, in violation of his or her duties, any business opportunity of the corporation, for acts or omissions which involve intentional misconduct or a knowing violation of law, for any transaction from which the director received an improper personal benefit, or authorizing a dividend, stock repurchase or redemption, distribution of assets or other distribution in violation of Section 14-2-640 of the Georgia Business Corporation Code if it is established that the director did not perform his or her duties in compliance with Section 14-2-832 of the Georgia Business Corporation Code, which sets forth general standards for directors. Section 14-2-202(b)(4) also does not eliminate or limit the right of a corporation or any shareholder to seek an injunction, a rescission or any other equitable (non-monetary) relief for any action taken or not taken by a director. In addition, Section 14-2-202(b)(4) applies only to claims against a director arising out of his or her role as a director and does not relieve a director from liability arising from his or her role as an officer or in any other capacity.

Sections 14-2-852 and 14-2-857 of the Georgia Business Corporation Code provide that any director or officer who is wholly successful in the defense of any proceeding to which he or she was a party because he or she was an officer or a director of the corporation is entitled to indemnification against reasonable expenses as of right. On the other hand, if the charges made in any action are sustained, the determination of whether the required standard of conduct has been met will be made, in accordance with the provisions of Georgia Business Corporation Code Section 14-2-855, by either the board of directors or a committee thereof, acting by disinterested members, by special legal counsel or by the shareholders, but shares owned by or voted under the control of directors seeking indemnification may not be voted.

#### **(a) Eastern Idaho Health Services, Inc. and West Valley Medical Center, Inc. are incorporated under the laws of Idaho.**

Under Title 30, Section 30-1-851 of the Idaho Code, a registrant's directors and officers may be indemnified against certain liabilities which they may incur in their capacities as such. The material terms of the indemnification provisions are indemnification:

with respect to civil, criminal, administrative or investigative proceedings brought because the defendant is or was serving as an officer, director, employee or agent of the company;

for judgments, fines and amounts paid in settlement reasonably incurred;

if the defendant acted in good faith and reasonably believed in the case of conduct in his official capacity that his conduct was in the best interests of the company, and in all other cases that his conduct was at least not opposed to the best interests of the company; and

if, with respect to a criminal proceeding, he had no reasonable cause to believe his conduct was unlawful.

Attorneys' fees are included in such indemnification to the extent the indemnified party is successful on the merits in defense of the proceeding. If the foregoing criteria are met, indemnification also applies to a suit threatened or pending by the company against the officer, director, employee or agent with respect to attorneys' fees unless there is negligence on the part of the indemnified party. Indemnification is made only upon a determination by the company that it is proper under the circumstances because the applicable standard is met.

Generally, expenses for defense may be paid in advance of final disposition of the proceeding if the indemnified party provides a written affirmation of his good faith belief that he has met the relevant standard of conduct under the Idaho Code and further provides a written undertaking to repay such amounts if it is determined that the applicable standard has not been met.

Section 351.355(1) of the Revised Statutes of Missouri provides that a corporation may indemnify a director or officer of the corporation in any action, suit or proceeding other than an action by or in the right of the corporation, against expenses (including attorneys' fees), judgments, fines and settlement amounts actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action, had no reasonable cause to believe his conduct was unlawful.

Section 351.355(2) provides that the corporation may indemnify any such person in any action or suit by or in the right of the corporation against expenses (including attorneys' fees) and settlement amounts actually and reasonably incurred by him in connection with the defense or settlement of the action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, except that he may not be indemnified in respect of any matter in which he has been adjudged liable for negligence or misconduct in the performance of his duty to the corporation, unless authorized by the court.

Section 351.355(3) provides that a corporation shall indemnify any such person against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the action, suit or proceeding if he has been successful in defense of such action, suit or proceeding and if such action, suit or proceeding is one for which the corporation may indemnify him under Section 351.355(1) or (2).

Section 351.355(7) provides that a corporation shall have the power to give any further indemnity to any such person, in addition to the indemnity otherwise authorized under Section 351.355, provided such further indemnity is either (i) authorized, directed or provided for in the articles of incorporation of the corporation or any duly adopted amendment thereof or (ii) is authorized, directed or provided for in any bylaw or agreement of the corporation which has been adopted by a vote of the shareholders of the corporation, provided that no such indemnity shall indemnify any person from or on account of such person's conduct which was finally adjudged to have been knowingly fraudulent, deliberately dishonest or willful misconduct.

Chapter 78 of the Nevada Revised Statutes ( NRS ) allows directors and officers to be indemnified against liabilities they may incur while serving in such capacities. Under the applicable statutory provisions, the registrant may indemnify its directors or officers who were or are a party or are threatened to be made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative, by reason of the fact that they are or were directors or officers of the corporation, or are or were serving at the request of the corporation as directors or officers of another corporation, partnership, joint venture, trust, or other enterprise, against expenses, including attorneys' fees, judgments, fines, and amounts paid in settlement, actually and reasonably incurred by them in connection with the action, suit, or proceeding, unless it is ultimately determined by a court of competent jurisdiction that they breached their fiduciary duties by intentional misconduct, fraud, or a knowing violation of law or did not act in good faith and in a manner which they reasonably believed to be in or not opposed to the best interests of the registrant, and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. In addition, the applicable statutory provisions mandate that the registrant indemnify its directors and officers who have been successful on the merits or otherwise in defense of any action, suit, or proceeding against expenses, including attorneys' fees, actually and reasonably incurred by them in connection with the defense. The registrant will advance expenses incurred by directors or officers in defending any such action, suit, or proceeding upon receipt of written confirmation from such officers or directors that they have met certain standards of conduct and an undertaking by or on behalf of such officers or directors to repay such advances if it is ultimately determined that they are not entitled to indemnification by the registrant.

The bylaws of all the Nevada corporate registrants indemnify their officers and directors against all reasonable expense incurred by them in defending claims or suits, irrespective of the time of the occurrence of the claims or causes of action in such suits, made or brought against them as officers or directors of the corporation, and against all liability in such suits, except in such cases as involve gross negligence or willful misconduct in the performance of their duties. Section 86.411 of the NRS permits a limited liability company to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (except an action by or in the right of the limited liability company), by reason of being or having been a manager or member of the limited liability company. As with corporations, indemnification may include attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by the person to be indemnified. Section 86.421 of the NRS permits a limited liability company to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the limited liability company to procure a judgment in its favor by reason of being or having been a manager or member of the limited liability company except that indemnification may not be made for any claim, issue or matter as to which such a person has been finally adjudged by a court of competent jurisdiction to be liable to the limited liability company or for amounts paid in settlement to the limited liability company, unless and only to the extent that the court in which the action or suit was brought or other court of competent jurisdiction determines upon application that, in view of all the circumstances, the person is fairly and reasonably entitled to indemnity for such expenses as the court deems proper. In either case, however, to be entitled to indemnification, the person to be indemnified must have acted in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the limited liability company and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

Section 86.431 of the NRS also provides that to the extent a manager or member of a limited liability company has been successful on the merits or otherwise in defense of any such action, he or she must be indemnified by the limited liability company against expenses, including attorneys' fees actually and reasonably incurred in connection with the defense.

Section 86.441 of the NRS permits a limited liability company, in its articles of organization, operating agreement or other agreement, to provide for the payment of expenses incurred by members or managers in defending any civil or criminal action, suit or proceeding as they are incurred and in advance of the final disposition of the action, suit or proceeding, upon receipt of an undertaking to repay the amount if it is ultimately determined by a court of competent jurisdiction that the person is not entitled to indemnification.

Section 86.461 of the NRS permits a limited liability company to purchase and maintain insurance or make other financial arrangements on behalf of the limited liability company's managers or members for any liability and expenses incurred by them in their capacities as managers or members or arising out of their status as such, whether or not the limited liability company has the authority to indemnify him, her or them against such liability and expenses.

The Tennessee Business Corporation Act ( TBCA ) sets forth in Sections 48-18-502 through 48-18-508 the circumstances governing the indemnification of directors and officers of a corporation against liability incurred in the course of their official capacities. Section 48-18-502 of the TBCA provides that a corporation may indemnify any director against liability incurred in connection with a proceeding if (i) the director acted in good faith, (ii) the director reasonably believed, in the case of conduct in his or her official capacity with the corporation, that such conduct was in the corporation's best interest, or, in all other cases, that his or her conduct was not opposed to the best interests of the corporation and (iii) in connection with any criminal proceeding, the director had no reasonable cause to believe that his or her conduct was unlawful. In actions brought by or in the right of the corporation, however, the TBCA provides that no indemnification may be made if the director or officer is adjudged to be liable to the corporation. Similarly, the TBCA prohibits indemnification in connection with any proceeding charging improper personal benefit to a director, if such director is adjudged liable on the basis that a personal benefit was improperly received. In cases where the director is wholly successful, on the merits or otherwise, in the defense of any proceeding instigated because of his or her status as a director of a corporation, Section 48-18-503 of the TBCA mandates that the corporation indemnify the director against reasonable expenses incurred in the proceeding. Notwithstanding the foregoing, Section 48-18-505 of the TBCA provides that a court of competent jurisdiction, upon application, may order that a director or officer be indemnified for reasonable expense if, in consideration of all relevant circumstances, the court determines that such individual is fairly and reasonably entitled to indemnification, whether or not the standard of conduct set forth above was met. Officers who are not directors are entitled, through the provisions of Section 48-18-507 of the TBCA, to the same indemnification afforded to directors under Sections 48-18-503 and 48-18-505.

The bylaws of each of the Tennessee corporations indemnify its officers and directors against all reasonable expense incurred by them in defending claims or suits, irrespective of the time of the occurrence of the claims or causes of action in such suits, made or brought against them as officers or directors of the corporation, and against all liability in such suits, except in such cases as involve gross negligence or willful misconduct in the performance of their duties. Such indemnification extends to the payment of judgments against such officers and directors and to reimbursement of amounts paid in settlement of such claims or actions and may apply to judgments in favor of the corporation or amounts paid in settlement to the corporation. Such indemnification also extends to the payment of counsel fees and expenses of such officers and directors in suits against them where successfully defended by them or where unsuccessfully defended, if there is no finding or judgment that the claim or action arose from the gross negligence or willful misconduct of such officers or directors. Such right of indemnification is not exclusive of any right to which such officer or director may be entitled as a matter of law and shall extend and apply to the estates of deceased officers and directors.

Under Article 2.02-1 of the Texas Business Corporation Act ( TBCA ), a company may indemnify any person who was, is or is threatened to be made a named defendant or respondent in a proceeding because the person is or was a director or officer against judgment, penalties (including excise and similar taxes), fines, settlements, and reasonable expenses (including court costs and attorneys' fees) actually incurred by the person in connection with the proceeding if it is determined that the person seeking indemnification acted in good faith, reasonably believed that his or her conduct was in or at least not opposed to our best interests and, in the case of a criminal proceeding, has no reasonable cause to believe his or her conduct was unlawful.

A company is required by Article 2.02-1 of the TBCA to indemnify a director or officer against reasonable expenses (including court costs and attorneys' fees) incurred by the director or officer in connection with a proceeding in which the director or officer is a named defendant or respondent because the director or officer is or was in that position if the director or officer has been wholly successful, on the merits or otherwise, in the defense of the proceeding. The TBCA prohibits a company from indemnifying a director or officer in respect of a proceeding in which the person is found liable to the company or on the basis that a personal benefit was improperly received by him or her, other than for reasonable expenses (including court costs and attorneys' fees) actually incurred by him or her in connection with the proceeding; provided, that the TBCA further prohibits a company from indemnifying a director or officer in respect of any such proceeding in which the person is found liable for willful or intentional misconduct in the performance of his or her duties.

Under Article 2.02-1(J) of the TBCA, a court of competent jurisdiction may order a company to indemnify a director or officer if the court determines that the director or officer is fairly and reasonably entitled to indemnification in view of all the relevant circumstances; however, if the director or officer is found liable to the company or is found liable on the basis that a personal benefit was improperly received by him or her, the indemnification will be limited to reasonable expenses (including court costs and attorneys' fees) actually incurred by him or her in connection with the proceeding.

**Item 22. *Undertakings.***

(a) Each of the undersigned registrants hereby undertakes:

(1) to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) that, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(4) that, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, if the registrants are subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use; and

(5) that, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(c) Each of the undersigned registrants hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11 or 13 of Form S-4 within one business day of receipt of such request and to send the incorporated documents by first class mail or equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(d) Each of the undersigned registrants hereby hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction that was not the subject of and included in the registration statement when it became effective.
