	Millions of yen Gross unrealized holding							
		Cost		Gains		osses	Fa	ir value

	¥	38,277						

Other investment securities primarily include non-marketable equity securities. The fair value of other investment securities was not estimated as it was not practicable to estimate the fair value of investments and no significant events or changes that might have effected the fair value of those investments were observed.

Unrealized holding gains and losses are included as a component of accumulated other comprehensive income (loss) until realized.

Proceeds from the sales of investment securities available for sale were \(\frac{\pma}{2}\) million and \(\frac{\pma}{7}\)3 million for the three months ended June 30, 2010 and 2009, respectively.

Impairment losses and net realized gains or losses from sale of investment securities available for sale during the three months ended June 30, 2010 and 2009 amounted to losses of ¥33 million and losses of ¥65 million, respectively. Such gains and losses were included in other income (expenses), net in the accompanying consolidated statements of income.

The cost of the investment securities sold was computed based on the average-cost method.

5. Stock Option Plan

The Company intends to transfer treasury shares to directors and certain employees and certain directors of subsidiaries and affiliated companies under an agreement granting the right for them to request such transfers at a predetermined price.

Komatsu recognizes compensation expense using the fair value method. For the three months ended June 30, 2010 and 2009, no compensation expense was recorded as no right was granted.

6. Net Income Attributable to Komatsu Ltd. per Share

A reconciliation of the numerators and denominators of the basic and diluted net income attributable to Komatsu Ltd. per share computations is as follows:

7. Contingent Liabilities

At June 30, 2010 and at March 31, 2010, Komatsu was contingently liable for discounted and transferred receivables on a recourse basis with the financial institutions of ¥4,642 million and ¥9,850 million, respectively.

Komatsu provides guarantees to third parties of loans of the employees, affiliated companies and other companies. The guarantees relating to the employees are mainly made for their housing loans. The guarantees of loans relating to the affiliated companies and other companies are made to enhance the credit of those companies.

For each guarantee provided, Komatsu would have to perform under a guarantee, if the borrower defaults on a payment within the contract terms. The contract terms are from 10 years to 30 years in the case of employees with housing loans, and from 1 year to 10 years in the case of loans relating to the affiliated companies and other companies. The maximum amount of undiscounted payments Komatsu would have had to make in the event of default was ¥93,949 million and ¥88,379 million at June 30, 2010 and at March 31, 2010, respectively. The fair value of the liabilities recognized for Komatsu s obligations as guarantors under those guarantees at June 30, 2010 was insignificant. Certain of those guarantees were secured by collateral and insurance issued to Komatsu.

Management of Komatsu believes that losses from those contingent liabilities, if any, would not have a material effect on the consolidated financial statements.

Komatsu is involved in certain legal actions and claims arising in the ordinary course of its business. It is the opinion of management and legal counsel that such litigation and claims will be resolved without material effect on Komatsu s financial statements.

Komatsu has business activities with customers, dealers and associates around the world and its trade receivables from such parties are well diversified to minimize concentrations of credit risks. Management does not anticipate incurring losses on its trade receivables in excess of established allowances.
