GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Proxy Statement

This proxy statement is furnished to the shareholders of Enova Systems, Inc., a California corporation, in connection with the solicitation of proxies by our Board of Directors for use at our 2011 Annual Meeting of Shareholders to be held on Tuesday, June 21, 2011 at 9:00 a.m. local time at the Enova Systems, Inc.'s principal executive office, located at 1560 West 190th Street, Torrance, California 90501 and at any and all adjournments of the Annual Meeting. Directions to our office may be obtained by calling us at the following telephone number: (310) 527-2800 ext. 128. This proxy statement and the accompanying Notice of Annual Meeting and proxy card are first being sent to shareholders on or about May 27, 2011.

Please mark, date, sign and return the enclosed Proxy or Form of Instruction (as applicable) in the accompanying postage-prepaid, return envelope as soon as possible so that, if you do not attend the Annual Meeting, your shares may be voted.

Record Date and Voting

The close of business on May 6, 2011 has been fixed as the record date for determining the holders of shares of common stock, Series A Preferred Stock, and Series B Preferred Stock of Enova Systems entitled to notice of and to vote at the Annual Meeting. As of the close of business on the May 6, 2011, there were 31,485,953 shares of common stock, 2,652,159 shares of Series A Preferred Stock, and 546,166 shares of Series B Preferred Stock, outstanding and entitled to vote at the Annual Meeting. The common stock, Series A Preferred Stock and Series B Preferred Stock will vote together as a single class on all matters voted on at the Annual Meeting.

Each outstanding share of common stock on the record date is entitled to one vote, each outstanding share of Series A Preferred Stock on the record date is entitled to 1/45 or 2.22% of one vote, and each outstanding share of Series B Preferred Stock on the record date is entitled to 2/45 or 4.44% of one vote on all matters voted on at the Annual Meeting. The conversion ratio for the preferred stock reflects anti-dilution provisions to account for the 1:45 reverse stock-split that our common stock underwent on July 20, 2005. On a converted basis therefore, the Series A Preferred Stock holds the voting power of 58,937 shares of common stock and the Series B Preferred Stock holds the voting power of 24,768 shares of common stock. Including the preferred stock on an as converted basis together with the 31,485,953 shares of common stock, the total voting shares entitled to vote on the record date was 31,569,658 shares. However, the votes of the preferred shares will not be counted towards approval of Proposal 3 as described below.

The presence at the Annual Meeting of a majority of the shares of common stock, Series A Preferred Stock, and Series B Preferred Stock of Enova Systems in the aggregate on an as converted basis, or approximately 15,816,399 of these shares on an as converted basis either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting.

Abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting. A broker non-vote refers to a share represented at the Annual Meeting which is held by a broker or other nominee who has not received instructions from the beneficial owner or person entitled to vote such share and with respect to which, on one or more but not all proposals, such broker or nominee does not have discretionary voting power to vote such share. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting, and each is tabulated separately. However, broker non-votes are not counted for purposes of determining the number of votes cast with respect to a particular proposal.

In determining whether a proposal (other than the election of directors) has been approved, abstentions are counted as votes against the proposal (except for Proposal 3, as described below) and broker non-votes are not counted as votes for or against the proposal.

With respect to the election of directors (Proposal 1), the six nominees receiving the highest number of affirmative votes of the common stock, Series A Preferred Stock (as converted), and Series B Preferred Stock (as converted), present and voting together as a single class at the meeting, either in person or by proxy, will be declared elected. The affirmative vote of a majority of the shares of common stock, Series A Preferred Stock (as converted), and Series B Preferred Stock (as converted), present and voting together as a single class at the meeting, either in

Table of Contents

person or by proxy, is required for approval of Proposal 2 (ratification of independent auditors). With respect to Proposal 3 (authorization of the directors to cancel the admission of the Company's common stock to trading on the AIM market of the London Stock Exchange), the affirmative vote of seventy-five percent (75%) of the shares admitted to trading on AIM and cast at the Annual Meeting is required for approval. As the preferred stock of the Company is not admitted to trading on AIM, those shares will not be counted for or against approval of Proposal 3.

If a properly signed proxy or form of instruction is submitted but not marked as to a particular item, the shares represented thereby will be voted FOR the election of the six nominees for director of Enova Systems named in this proxy statement, FOR the ratification of the selection of PMB Helin Donovan LLP as our independent auditors for 2011, and FOR the authorization of the directors to cancel the admission of the Company's common stock to trading on the Alternative Investment Market (AIM market) of the London Stock Exchange. Note that the NYSE Amex rules no longer permit brokers to vote with respect to Proposal 1, the election of directors, if the broker has not received voting instructions from the beneficial owner as to that proposal. Thus, if your shares are held in street name by your broker, nominee, fiduciary or other custodian, we urge you to respond to your brokerage firm or other custodian so that your votes will be cast with respect to Proposal 1, the election of directors.

The Board of Directors does not know of, and it is not anticipated that, any matters other than those set forth in the proxy statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in the discretion of the proxy holders.

An automated system administered by our transfer agent will tabulate votes of the holders of common stock, Series A and Series B Preferred Stock cast by proxy. An employee of Enova Systems will tabulate votes cast in person at the Annual Meeting.

Solicitation

You may submit your proxy by signing your proxy card and mailing it in the enclosed, postage-prepaid and addressed envelope. For shares you hold beneficially in street name, you may sign the voting instruction card included by your broker or nominee and mail it in the envelope provided.

If you are a holder of depositary interests representing shares of the Company's common stock, please complete and return (or instruct your nominees to complete and return) the form of instruction provided to you (in accordance with the instructions set out on the form) to the Company's registrars, Computershare. Computershare (acting as depositary) will then vote the underlying shares of the Company's common stock on your behalf. Alternatively, if you are a CREST member, you may vote by using the CREST electronic proxy appointment service. Please provide your instructions as soon as possible so that your shares can be voted at the Annual Meeting.

The solicitation of proxies will be conducted by mail and Enova Systems will bear all attendant costs. These costs will include the expense of preparing and mailing proxy materials for the Annual Meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding solicitation material regarding the Annual Meeting to beneficial owners of Enova Systems common stock or preferred stock. We may conduct further solicitation personally, telephonically, by facsimile or by other electronic or written means through our officers, directors and regular employees, none of whom will receive additional compensation for assisting with the solicitation.

Revocability of Proxy

You may change your proxy instructions at any time prior to the vote at the Annual Meeting. For shares held directly in your name, you may do this by granting a new proxy, by filing a written revocation with the Secretary of Enova

Systems, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting without further action will not cause your previously granted proxy to be revoked. You may change your proxy instructions for shares you beneficially own by submitting new voting instructions to your broker or nominee. If you are a holder of depositary interests representing shares of the Company's common stock and wish to revoke or change your vote, you should contact the Company's registrars, Computershare on the number set out on your Form of Instruction. Holders of depositary interests may not vote the shares represented by those depositary interests at the Annual Meeting unless they obtain a letter of representation from Computershare, granting them the right to vote the underlying shares at the Annual Meeting.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors currently consists of six members. Our Bylaws provide that the size of the Board shall be not less than six members nor more than nine members. Pursuant to our Bylaws, the Board of Directors has established the authorized number of directors at six. Six nominees will stand for election at the Annual Meeting and if elected will serve until the 2012 Annual Meeting of Shareholders and until their successors are elected and qualify. The following six individuals have been nominated to serve as directors: Richard Davies, John J. Micek, Edwin O. Riddell, Roy S. Roberts, Michael E. Staran and John R. Wallace. These six nominees currently serve on the Board. Each of the existing Board members was elected at our prior annual meeting of shareholders in December 2010.

The Board anticipates that each of the six nominees, if elected, will serve as a director. In the unexpected event a nominee is unable or declines to serve as a director at the time of the Annual Meeting, the shares of common stock, Series A Preferred Stock and Series B Preferred Stock represented by the enclosed proxy may (unless such proxy contains instructions to the contrary) be voted for such other person or persons as may be determined by the holders of such proxies.

Required Vote and Recommendation

The holders of the common stock, Series A Preferred Stock (on an as converted basis), and Series B Preferred Stock (on an as converted basis), voting together as a single class, are entitled to elect the members of the Board.

Every shareholder entitled to vote has the right to cumulate the holder's votes in connection with the election of our directors. Under cumulative voting, each holder of common stock, Series A and Series B Preferred Stock may cast for a single candidate, or distribute among the candidates as such holder chooses, a number of votes equal to the number of candidates (six at this Annual Meeting) multiplied by the number of votes to which holders' shares are entitled. Cumulative voting will apply only to those candidates whose names have been placed in nomination prior to voting. No shareholder will be entitled to cumulate votes unless a shareholder has given notice at the meeting, prior to the voting, of such shareholder's intention to cumulate the shareholder's votes. If any one shareholder gives such notice, all shareholders may cumulate their votes for candidates in nomination, except to the extent that if a shareholder withholds votes from the nominees. You are being asked to grant discretionary authority to cumulate votes to the proxy holders. If cumulative voting is properly invoked by any shareholder, the holders of the proxies solicited hereby intend to vote such proxies in a manner that ensures the election of as many of the nominees set forth herein as possible.

The six nominees receiving the most votes will be elected as directors. Abstentions and broker non-votes will have no effect on the result of the vote, although they will count towards the presence of a quorum. Properly executed and unrevoked proxies will be voted FOR the nominees set forth in Proposal 1 unless contrary instructions or an abstention are set forth in the proxy. Note that the NYSE Amex rules no longer permit brokers to vote with respect to Proposal 1 if the broker has not received voting instructions from the beneficial owner as to that proposal. Thus, if your shares are held in street name by your broker, nominee, fiduciary or other custodian, we urge you to respond to your brokerage firm or other custodian so that your votes will be cast with respect to the election of directors. The proxy holders named in the accompanying form of proxy, in their discretion, will if necessary, exercise cumulative voting rights to secure the election of as many of the nominees as possible.

The Board of Directors unanimously recommends a vote FOR each and all of the nominees for director.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT PUBLIC AUDITORS

The Board recommends that the shareholders ratify the Audit Committee's selection of PMB Helin Donovan LLP as the principal registered independent auditors of Enova Systems for fiscal year 2011. PMB Helin Donovan LLP served as our registered independent auditor at the conclusion of each of our four most recently completed fiscal years. A representative of PMB Helin Donovan LLP is expected to be present at the Annual Meeting, will

Table of Contents

have the opportunity to make a statement if such representative desires to do so and will be available to respond to appropriate questions.

Although ratification is not required by our Bylaws or otherwise, the Board is submitting the selection of PMB Helin Donovan LLP to our shareholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Enova Systems and our shareholders.

Required Vote and Recommendation

The affirmative vote of the holders of a majority of the shares of the common stock, Series A Preferred Stock (on an as converted basis), and Series B Preferred Stock (on an as converted basis), voting together as a single class, present or represented by proxy at the Annual Meeting, is required to ratify the selection of PMB Helin Donovan. Abstentions and broker non-votes will have no effect on the outcome of the vote, although they will count towards the presence of a quorum. Proxies will be voted **FOR** ratifying the selection of PMB Helin Donovan LLP as our independent auditors for fiscal year 2011 unless contrary instructions are set forth in the proxy.

*The Board of Directors unanimously recommends a vote **FOR** the ratification of the selection of PMB Helin Donovan LLP as Enova Systems independent auditors for fiscal year 2011.*

PROPOSAL 3

TO AUTHORIZE THE DIRECTORS TO CANCEL THE ADMISSION OF THE COMPANY S COMMON STOCK TO TRADING ON THE AIM MARKET OF THE LONDON STOCK EXCHANGE

Background and Reasons

In July 2005, in connection with certain sales of our common stock, we sought and obtained listing of our shares of common stock on the Alternative Investment Market of the London Stock Exchange (AIM). We raised approximately US\$20 million through the sale of shares that were initially listed on AIM and received approximately US\$18.4 million of net proceeds in connection with that offering.

In August 2007, in connection with certain sales of our common stock, we sought and obtained an additional listing of our shares of common stock on AIM. We raised approximately US\$11.9 million through the sale of shares that were initially listed on AIM and received approximately US\$11.0 million of net proceeds in connection with that offering.

In March 2008, in connection with certain sales of our common stock, we sought and obtained an additional listing of our shares of common stock on AIM. We raised approximately US\$8.3 million through the sale of shares that were initially listed on AIM and received approximately US\$7.8 million of net proceeds in connection with that offering.

In December 2009, in connection with certain sales of our common stock, we sought and obtained an additional listing of our shares of common stock on AIM. We raised approximately US\$1.3 million through the sale of shares that were initially listed on AIM and received approximately US\$1.2 million of net proceeds in connection with that offering.

Table of Contents

The trading of the Company's common stock on AIM has generally been infrequent and of limited liquidity. In this regard, below is a chart showing the last five trades of the Company's common stock made on AIM as of April 19, 2011.

Date	Volume
April 7, 2011	1,350
April 4, 2011	15,000
April 4, 2011	630
April 1, 2011	15,000
February 18, 2011	1,000

In comparison, the average volume of trades of our common stock on the NYSE Amex has been more than 38,900 shares per day during the three months preceding the date of this proxy statement.

We estimate that we spend approximately \$184,000 per year on maintaining the listing of our common stock shares on AIM, including complying with disclosure and regulatory requirements that are largely duplicative of those that we are required to comply with as a U.S. public company. In this regard, the cancellation of the listing of our common stock on AIM will not affect our primary listing on the NYSE Amex or our obligation to file periodic and current reports with the SEC. Furthermore, matters relating to maintaining the listing of our common stock on AIM are consuming an increasing amount of management time.

In light of the foregoing and the need to conserve the Company's liquidity as a result of the unprecedented instability in the global financial markets and the general slowdown in the overall economy, our Board of Directors has determined that the additional costs associated with maintaining a second listing on AIM is inappropriate and that it is in the best interests of the Company to cancel the listing of its shares of common stock on AIM. As a result, the Company is requesting that shareholders approve this proposal to authorize our directors to de-list our shares of common stock on AIM. The de-listing is expected to take place on June 30, 2011 should sufficient shareholder approval be obtained at the Annual Meeting.

Key Shareholder Considerations

Before voting on this proposal or giving proxies with regard to this matter, shareholders should consider the following factors:

The de-listing of the Company's common stock from AIM will not affect the Company's primary listing on the NYSE Amex. As a result, shareholders wishing to trade shares of the Company's common stock subsequent to the de-listing from AIM will be able to do so through the NYSE Amex.

Subsequent to the de-listing of the Company's common stock from AIM, the Company would continue to be subject to the disclosure and reporting requirements under the Securities Exchange Act of 1934, including the requirement to file periodic and current reports with the SEC. In addition, the Company would continue to be required to comply with the corporate governance listing standards of the NYSE Amex.

Required Vote and Recommendation

Under the AIM rules, the affirmative vote of 75% of the Company's shares listed on AIM (i.e. share of common stock traded under the symbols ENV and ENV5) and cast at the Annual Meeting is required to approve this proposal. As the

preferred stock of the Company is not admitted to trading on AIM, those shares will not be counted for or against approval of Proposal 3. Abstentions and broker non-votes will not be cast for or against this proposal and thus will have no effect on the vote on this proposal.

The Board of Directors unanimously recommends a vote FOR the proposal to authorize the directors to cancel the admission of the Company's common stock to trading on the AIM market of the London Stock Exchange.

CORPORATE GOVERNANCE AND RELATED MATTERS

Code of Ethics

Enova Systems has adopted a Code of Ethics For Officers, Directors, and Employees consistent with Securities and Exchange Commission (SEC) rules requiring a Code of Ethics and the NYSE Amex rules requiring a Code of Conduct and Ethics. It applies to our Board of Directors, Chief Executive Officer, Chief Financial Officer and principal accounting officer, and employees. A copy of the Code of Ethics for Officers, Directors, and Employees may be obtained free of charge by writing to Enova Systems, Inc., 1560 West 190th Street, Torrance, California 90501, Attention: Chief Financial Officer or by accessing the Investor Relations section of our website (www.enovashsystems.com). To the extent required by the rules of the SEC and the NYSE Amex, we will post on our website any amendments and waivers relating to our code of ethics with respect to our directors, principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions.

Board of Directors and its Committees

The Board of Directors currently is fixed at and consists of six directors. The minimum and maximum number of Directors under our Bylaws is six and nine members.

The Board of Directors has determined that at least 50% of its current members are independent within the meaning of NYSE Amex rules as applicable to a smaller reporting company. Specifically, Messrs. Davies, Roberts and Wallace are independent.

The Board met five times during 2010. The Board schedules regular executive sessions at each of its meetings in which non-employee directors meet without management participation. In addition, at least once each year the independent directors meet without non-independent director participation. Each of the directors attended at least 75% of the total number of meetings of the Board and meetings of the committees of the Board of which he was a member. The Board expects all directors to attend, in person or by phone, our annual meetings of shareholders. All of the current Board members attended, in person or by phone, our prior annual meeting of shareholders in December 2010.

Audit Committee. The Board of Directors has established an Audit Committee in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The current members of this committee are Messrs. Riddell (Chair), Roberts and Wallace. Although there presently are three members of the Audit Committee, NYSE Amex rules permit us, as a smaller reporting company, to have only two members of the Audit Committee. The Board has determined that the members of the Audit Committee are independent under the rules of the SEC and the NYSE Amex. In addition to being independent, Mr. Roberts has been determined by the Board to be an audit committee financial expert as defined by the SEC and the NYSE Amex. Mr. Roberts' designation by the Board as an audit committee financial expert is not intended to be a representation that he is an expert for any purpose as a result of such designation, nor is it intended to impose on him any duties, obligations or liability that are greater than the duties, obligations or liability imposed on him as a member of the Audit Committee and the Board in the absence of such designation. Additionally, his designation as an audit committee financial expert does not affect the duties, obligations or liability of any other member of the Audit Committee.

The Audit Committee, among other functions, has the sole authority to appoint and replace the independent auditors, is responsible for the compensation and oversight of the work of the independent auditors, reviews the results of the audit engagement with the independent auditors, and reviews and discusses with management and the independent auditors quarterly and annual financial statements and major changes in accounting and auditing principles. The Audit

Committee met five times during 2010. The Board has adopted a written charter for the Audit Committee. A copy of the Audit Committee charter may be obtained free of charge by writing to Enova Systems, Inc., 1560 West 190th Street, Torrance, California, Attention: Chief Financial Officer or by accessing the Investor Relations section of our website (www.enovasystems.com).

Compensation Committee. The Board of Directors has established a Compensation Committee. The current members of this committee are Messrs. Davies (Chair), Roberts and Wallace. The Board has determined that

Table of Contents

Messrs. Davies, Roberts and Wallace are independent members of the Compensation Committee under the rules of the NYSE Amex.

The Compensation Committee, among other functions, reviews and recommends compensation structures, programs and amounts, and establishes performance goals and objectives relative to the Chief Executive Officer. The determinations of the Compensation Committee typically are ratified by the full Board of Directors, including a majority of independent directors. In performing its functions with respect to compensation of management and employees (other than compensation for the Chief Executive Officer), the Compensation Committee may rely upon the recommendations of or delegate authority to our Chief Executive Officer. The Compensation Committee met two times during 2010. The Board has adopted a written charter for the Compensation Committee. A copy of the Compensation Committee charter may be obtained free of charge by writing to Enova Systems, Inc., 1560 West 190th Street, Torrance, California 90501, Attention: Chief Financial Officer or by accessing the Investor Relations section of our website (www.enovasystems.com).

Pursuant to its charter, the Compensation Committee is authorized to retain compensation consultants to assist it in carrying out its duties. The Compensation Committee has the authority to approve any compensation consultant's fees and other retention terms. The Company did not engage a compensation consultant during fiscal 2010 to provide advice or recommendations on the amount or form of executive and director compensation.

Nominating and Governance Committee. The Board of Directors has established a Nominating and Governance Committee. The current members of this committee are Messrs. Davies, Roberts and Wallace. The Board has determined that Messrs. Davies, Roberts and Wallace are independent members of the Nominating and Governance Committee under the rules of the NYSE Amex. The Nominating and Governance Committee generally monitors, reviews, and makes recommendations on (i) Board composition including assessment of skills, performance, and independence, and (ii) corporate governance matters and practices, including formulating and periodically reviewing the Code of Ethics applicable to the Company's directors, officers and employees. The Nominating and Governance Committee met two times during 2010. The Board has adopted a written charter for the Nominating and Governance Committee. A copy of the charter may be obtained free of charge by writing to Enova Systems, Inc., 1560 West 190th Street, Torrance, California 90501, Attention: Chief Financial Officer or by accessing the Investor Relations section of our web site (www.enovasystems.com).

Board Leadership Structure and Role in Risk Oversight

The Chief Executive Officer and Chairman roles are currently separated between Mr. Staran and Mr. Wallace, respectively. The Board believes that its current leadership structure provides appropriate board oversight and engagement by having our Chief Executive Officer role separate from that of the Chairman of the Board. The Chief Executive Officer is best positioned as the individual with primary responsibility for managing the Company's day-to-day operations and carries in-depth knowledge and understanding of the Company. The Chairman of the Board chairs regular Board meetings as we discuss key business and strategic issues. In conjunction with the non-executive directors who are elected annually, we believe this structure provides appropriate oversight of the day-to-day management of business operations.

The Board believes that the Company's governance structure operates to effectively oversee material risks related to the Company. The Board's role, as a whole and through its committees, in the risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial and strategic risks. Also, the involvement of the Board in reviewing, approving and monitoring our fundamental financial and business strategies, as contemplated by our corporate governance documents, is important to the determination of the types and appropriate levels of risk the Company undertakes.

Consideration of Director Nominees

In evaluating and determining whether to recommend a person as a candidate for election as a director, the Nominating and Governance Committee considers the person's qualities and skills, which include business and professional background, history of leadership or contributions to other organizations, functional skill set and expertise, general understanding of marketing, finance, accounting and other elements relevant to the success of a publicly-traded company in today's business environment, and service on other boards of directors. The

Table of Contents

Nominating and Governance Committee does not have a formal policy regarding the consideration of diversity in identifying director nominees, but looks for individuals with specific qualifications so that the Board as a whole may maintain an appropriate mix both of experience, background, expertise and skills, and of age, gender, and ethnic and racial diversity. There are no specific minimum qualifications for nominees. The Nominating and Governance Committee may employ a variety of methods for identifying and evaluating nominees for director. The Nominating and Governance Committee may assess the size of the Board, the need for particular expertise on the Board, the upcoming election cycle of the Board and whether any vacancies are expected, due to retirement or otherwise. In the event that vacancies are anticipated or otherwise arise, the Nominating and Governance Committee will consider various potential candidates for director which may come to the Nominating and Governance Committee's attention through current Board members, professional search firms, shareholders or other persons. No fees were paid to any third party to identify or evaluate potential nominees for inclusion in this proxy statement.

In exercising its function of recommending individuals for nomination by the Board for election as directors, the Nominating and Governance Committee considers nominees recommended by shareholders under the criteria summarized above. The Nominating and Governance Committee will make an initial analysis of the qualities and skills of any candidate recommended by a shareholder or others pursuant to the criteria summarized above to determine whether the candidate is suitable for service on our Board before deciding to undertake a complete evaluation of the candidate. If any materials are provided by a shareholder or professional search firm in connection with the nomination of a director candidate, such materials are forwarded to the Nominating and Governance Committee as part of its review. The same identifying and evaluating procedures apply to all candidates for director nomination, including candidates submitted by shareholders.

To request that the Nominating and Governance Committee consider a prospective candidate for election to our Board of Directors at our 2012 Annual Meeting of Shareholders, please submit the candidate's name and biographical description to: Enova Systems, Inc., 1560 West 190th Street, Torrance, California 90501, Attention: Secretary.

In addition, members of the Board who serve on our audit committee are provided additional compensation of \$2,500 per quarter for the chairman of the audit committee and \$1,250 per quarter for other members of the audit committee. On February 17, 2009, the Board of Directors of Enova amended the employment agreement of Mr. Staran to increase the severance payment period under his agreement from 12 months to 18 months. In addition, if severance payments are triggered, Enova will reimburse Mr. Staran up to \$20,000 for relocation expenses. Except for the foregoing amendments, all terms and conditions of the employment agreement between Enova and Mr. Staran dated February 11, 2008 remain unchanged and in full force and effect.

Current Equity Incentive Plans

We presently have only one active stock-based compensation plan. The 2006 Equity Compensation Plan authorizes the Compensation Committee to grant stock options and other stock awards to employees and consultants, including executives and directors, and such grants are currently approved by the whole board of directors. The determination of whether option grants are appropriate each year is based upon individual measures established for each individual within the subjective determination of the board of directors. Options are not necessarily granted to each executive during each year. Options granted to executive officers generally vest in conjunction with the attainment of the performance goals of the Company. In 2010, Messrs. Staran, Fenton and Mullins were not granted new stock options from the plan.

Change of Control and Retirement Arrangements

The terms of the February 11, 2008 employment agreement, as modified on February 17, 2009, with our current Chief Executive Officer provides that in the event Mr. Staran's employment is terminated by us without cause, he is entitled to receive as severance (i) three months of health benefits, (ii) his contingent bonus, (iii) 18 months payment of his current base salary on a monthly basis and (iv) a relocation allowance of \$20,000. If his duties or responsibilities are materially diminished or if he is assigned duties that are demeaning or otherwise materially inconsistent with the duties then currently performed by him, Mr. Staran will have the right to receive the same severance payment as if his employment had been terminated without cause.

On February 17, 2009, the Board of Directors entered into a severance agreement with Jarett Fenton, the former Chief Financial Officer of Enova, which permitted severance pay under certain circumstances. Effective December 31, 2010, Mr. Fenton resigned from all offices held by him with Enova and his employment ended as of that date. In connection with his employment termination, Mr. Fenton is receiving 12 months severance based on his base salary as of December 31, 2010. The severance is payable monthly. He was also provided three months of health benefits.

Effective December 31, 2010, Mr. Fenton resigned from all offices held by him with Enova and his employment ended as of that date. In connection with his employment termination, Mr. Fenton is receiving 12 months severance based on his base salary as of December 31, 2010. The severance is payable monthly. He was also provided three months of health benefits.

On August 31, 2009, we entered into a severance agreement with John Mullins, the Chief Operating Officer of Enova. Mr. Mullins' agreement provides a 12 month severance provision. In the event that Mr. Mullins' employment is terminated by Enova without cause, he is entitled to receive as severance three months of health benefits and 12 months payment of his current base salary, to be paid on a monthly basis. If Mr. Mullins' duties or responsibilities are materially diminished or he is assigned duties that are demeaning or otherwise materially inconsistent with the duties then currently performed, he will have the right to terminate his agreement and receive the same severance payment as if his employment had been terminated without cause.

In addition, effective March 22, 2010 and for the fiscal year ending December 31, 2010, the Board of Directors approved a bonus arrangement providing for certain payments to Messrs. Staran, Fenton and Mullins in the event of an extraordinary transaction the result of which is a change in control of Enova. In the event of certain change of control transactions and provided certain criteria are satisfied, Messrs. Staran, Mullins and Fenton would have been entitled to a bonus based on the amount and type of consideration received in that transaction and such bonus would be payable in the same ratio of cash and stock as may be payable to the shareholders of Enova in that transaction. The amount of the bonuses that would be paid to Messrs. Staran, Mullins and Fenton, individually, would be aggregated

with any other change of control payments that they are then eligible to receive under other arrangements and the total amount of the aggregated change of control payments would be capped as determined by the Board to avoid excise taxes and to permit their deductibility. Because no such transaction occurred, such bonuses did not become payable.

Effective December 7, 2010 and for the fiscal year ending December 31, 2011, the Board of Directors approved a cash bonus arrangement for Messrs. Staran, Mullins and Micek comprised of three separate components

Table of Contents

which are performance-based, and a bonus arrangement providing for certain payments to Messrs. Staran, Mullins and Micek in the event of an extraordinary transaction the result of which is a change in control of the Company.

If, in 2011, certain performance based goals related to gross margin percentages are met, the bonus for Mr. Staran would range from a low of \$8,000 to a high of \$50,000; the bonus for Mr. Mullins would range from a low of \$5,000 to a high of \$30,000; and the bonus for Mr. Micek would range from a low of \$3,000 to a high of \$20,000. If, in 2011, certain performance based goals related to gross margin dollars are met, the bonus for Mr. Staran would range from a low of \$12,000 to a high of \$70,000; the bonus for Mr. Mullins would range from a low of \$7,000 to a high of \$50,000; and the bonus for Mr. Micek would range from a low of \$5,000 to a high of \$30,000. An additional performance bonus based on the achievement of certain operating cash flow goals will also be payable to each of Messrs. Staran, Mullins and Micek for 2011 if such operating cash flow goals are met, ranging from a low of \$10,000 to a high of \$60,000 for Mr. Staran; ranging from a low of \$6,000 to a high of \$40,000 for Mr. Mullins; and ranging from a low of \$4,000 to a high of \$25,000 for Mr. Micek. A discretionary bonus may also be determined by the Compensation Committee in its sole discretion and, as such bonus (if any) is discretionary, the amount thereof, if any, is not determinable at this time.

In the event of certain change of control transactions and provided certain criteria are satisfied during 2011, Messrs. Staran, Mullins and Micek would also be entitled to a bonus based on the amount and type of consideration received in that transaction by our shareholders and, at the election of our Board, such bonus would be payable all in cash or in the same ratio of cash and stock as may be payable to our shareholders in that transaction. The amount of the bonuses that would be paid to Messrs. Staran, Mullin and Micek, individually, would be aggregated with any other change of control payments that they are then eligible to receive under other arrangements and the total amount of the aggregated change of control payments would be capped as determined by the Board to avoid excise taxes and to permit their deductibility, but in no event in excess of \$795,000 for Mr. Staran, \$600,000 for Mr. Mullins and \$345,000 for Mr. Micek. Because of the variables associated with this arrangement and other factors related thereto, the Company cannot predict if any such bonus amount will become payable or, if so, the amount thereof.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors and beneficial owners of greater than 10% owners of our common stock to file reports of ownership and changes in ownership with the SEC and provide copies to us. Based solely on a review of Section 16 reports and written representations from officers and directors, we believe that during the fiscal year ended December 31, 2010, our officers, directors, and greater than 10% owners timely filed all reports they were required to file under Section 16(a), except each of Messrs. Roberts, Wallace, and Riddell failed to timely report a December 7, 2010 grant to him of an option to purchase 34,500 shares of our common stock, each of whom filed a report with respect thereto on March 22, 2011.

TRANSACTIONS WITH RELATED PERSONS

Item 404 of Regulation S-K of the SEC rules requires that we disclose any transaction in which a related person has a direct or indirect material interest and where the amount exceeds \$120,000. In the fiscal year ended December 31, 2010 and including any currently proposed transaction, there were no transactions that fit the Item 404 criteria.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PMB Helin Donovan LLP served as our registered independent auditor for the most recently completed fiscal year, and has served in that role since its appointment by the Audit Committee on January 31, 2007.

Pre-Approval of Audit and Permissible Non-Audit Services

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis.

Table of Contents**Audit Fees**

The following table sets forth the aggregate fees billed or to be billed by our principal accountant for the following services for the years ended December 31, 2010 and 2009:

	2010	2009
Audit Fees	\$ 200,000	\$ 195,000
Audit-Related Fees	\$	\$ 25,000
Tax Fees	\$ 14,000	\$ 13,000
All Other Fees	\$ 14,000	
Total	\$ 228,000	\$ 233,000

The tax fees above were pre-approved by our Audit Committee as appropriate, which concluded that the provision of such services by PMB Helin Donovan was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews our financial reporting process on behalf of the Board of Directors. Management has primary responsibility for this process, including our system of internal controls, and for the preparation of our consolidated financial statements in accordance with generally accepted accounting principles. Our independent auditors, and not the Audit Committee, are responsible for auditing and expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

The Audit Committee reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2010 with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended (AICPA, Professional Standards, vol. 1 AU Section 380), as adopted by the Public Company Accounting Oversight Board in rule 3200T. In addition, the Audit Committee received from the independent auditors the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding independent auditor's communications with the Audit Committee concerning independence and discussed with the independent auditors their independence from Enova Systems and its management.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, that the audited financial statements be included in our Annual Report on SEC Form 10-K for the year ended December 31, 2010 for filing with the SEC.
