This Current Report on Form 8-K contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Any matters that are not of historic fact are forward-looking statements. These forward-looking statements are based on the Company’s current expectations, estimates and projections about the Company, its industry, its management’s beliefs and certain assumptions made by management, including the Company’s capital expenditure expectations. No assurance can be given that such expectations, estimates or projections will prove to have been correct. Whenever possible, these forward-looking statements are identified by words such as “expects,” “believes,” “anticipates” and similar phrases.

Because such statements involve risks and uncertainties, the Company’s actual results and performance may differ materially from the results expressed or implied by such forward-looking statements. Given these risks and uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements. Other important risk factors that may affect the Company’s business, results of operations and financial position are discussed in its most recently filed Annual Report on Form 10-K, recent Quarterly Reports on Form 10-Q, recent Current Reports on Form 8-K and in other Securities and Exchange Commission filings. Unless otherwise required by law, the Company also disclaims any obligation to update its view of any such risks or uncertainties or to announce publicly the result of any revisions to the forward-looking statements made here. However, readers should review carefully reports and documents that the Company files periodically with the Securities and Exchange Commission.
