REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors

Pulte Homes, Inc. 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the Pulte Homes, Inc. 401(k) Plan as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2007 and 2006, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2007 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Notes to Financial Statements
December 31, 2007 and 2006

1. Description of Plan

General

The Pulte Homes, Inc. 401(k) Plan (the Plan) is a defined contribution plan for eligible employees of Pulte Homes, Inc. (the Company) and affiliated subsidiaries, which have adopted the Plan. The Plan is administered by the 401(k) Committee (the Committee) appointed by the Board of Directors of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan assets are held and investment transactions are executed by Fidelity Management Trust Company (Fidelity), as trustee and recordkeeper. For more complete information, participants should refer to the prospectus and summary plan description as well as the Plan document which are available from the Company.

Eligibility

All non-union, salaried, sales, and hourly employees of the Company and its subsidiaries, which have adopted the Plan, are eligible to participate on the first day of the month coincident with or following the completion of six months of employment.

Participant Loans

Generally, participants may borrow up to 50% of their account balance subject to a minimum loan of \$1,000 and a maximum loan of \$50,000 reduced by the highest outstanding loan balance during the preceding 12 months. The loans are secured by the balances in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Committee. Principal and interest are paid through payroll deductions.

Contributions

Contributions can be invested in various investment options provided by the Plan. Participants may change their investment directives and contribution amounts on a daily basis.

Participant Contributions Contributions to participants' accounts are effected through voluntary withholdings from their compensation (elective deferrals). Annual contributions for each participant are subject to participation and discrimination standards of the Internal Revenue Code (the Code) Section 401(k)(3). Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts are accepted as permitted by the Plan.

1. Description of Plan (continued)

Company Matching Contributions The Company contributes to the Plan an amount based on elective deferrals of each participant during each payroll period and is equal to 100% of participant contributions, up to the first 3% of compensation contributed per payroll period, plus 50% of participant contributions up to the next 2% of compensation. The matching contributions are intended to satisfy the requirements of the Code Section 401(k)(12).

Catch-up Contributions Participants who have reached an age of at least 50 years old by the end of the Plan year may elect to increase their elective deferrals as permitted under the Code Section 414(v).

Special Contributions At the discretion of the Board of Directors of the Company, special contributions may be made and invested in the Pulte Homes Company Stock Fund. However, subsequent to the initial special contribution, participants may, at their discretion, reallocate these funds to other investments within the Plan's portfolio. Highly compensated employees who are covered under a stock plan, are not eligible to receive special contributions. There were no special contributions for the year ended December 31, 2007.

Allocations

Contributions to the Plan are allocated to participants' individual accounts on the date of receipt by the trustee. Special contributions made by the Company and its subsidiaries, if any, are allocated as of the last day of the Plan year among accounts of eligible participants.

1. Description of Plan (continued)

Distributions

Participants or their beneficiaries may receive distributions of their account balances upon the earlier of reaching age 59^{1/2}, death, or termination of service, as defined in the Plan. Further, the Committee may permit a participant who experiences a qualified financial hardship to receive a distribution of all or a portion of the participant's eligible account balance. Such distributions are generally made in a lump sum.

Vesting

A participant's account balance is fully vested and nonforfeitable as of their first day of eligibility.

Plan Merger

Effective January 1, 2007, the Pulte Building Systems 401(k) Plan (PBS 401(k) Plan) was merged into the Plan. As a result of this merger, \$3,289,821 of net assets from the PBS 401(k) Plan were transferred into the Plan on January 3, 2007. Participants of the PBS 401(k) Plan were eligible to participate in the Plan as of the merger date. There were no further transfers from the PBS 401(k) Plan to the Plan subsequent to January 3, 2007.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will remain fully vested.

Administrative Expenses

Certain administrative expenses of the Plan, such as trustee and recordkeeping fees, were paid directly by the Company, while other administrative expenses, such as loan administration and some withdrawal fees, were paid directly by plan participants during 2007.

2. Summary of Significant Accounting Policies

The following are significant accounting policies followed by the Plan:

Investment Valuation and Income Recognition The Plan's investments, other than loans to participants and common collective trusts, are stated at fair value as determined by Fidelity based on quoted market prices. Investments in securities traded on a national securities exchange are valued based on published quotations on the last business day of the plan year. Mutual fund investments are valued based on the market value of the underlying investments as of the last business day of the plan year. Participant loans are valued at their outstanding balances.

As described in Financial Accounting Standards Board Staff Position (FSP) AAG INV-1 and SOP 94-4-1, *Reporting on Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through common collective trusts (Fidelity Managed Income Portfolio Fund (FMIP) and Fidelity Managed Income Portfolio Fund II (FMIP II)). As required by the FSP, the statements of net assets available for benefits present the fair value of the FMIP and FMIP II and the adjustment from fair value to contract value. The fair value of the Plan's interest in the FMIP and FMIP II funds is based on information reported by the issuer of the common collective trust at year-end. The contract value of the FMIP and FMIP II funds represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation (depreciation) in the fair value of investments represents the net amount of realized and unrealized gains and losses on those investments. Interest income is recorded on the accrual basis. Dividends are recorded when declared.

Payment of Benefits Benefit payments to participants or beneficiaries are recorded upon distribution.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and additions and deductions during the reporting period. Actual results could differ from those estimates.

Reclassification Certain prior period amounts have been reclassified to conform to the current year presentation.

New Accounting Pronouncements In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements, which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The Plan's management is currently evaluating the effect of SFAS No. 157 on the Plan's financial statements.

3. Investments

The fair value of individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31,	
	2007	2006
Investments:		
Vanguard Institutional Index Fund	\$40,901,858	\$41,951,304
T. Rowe Price Growth Stock Fund	40,134,699	36,497,515

3. Investments (continued)

Net appreciation (depreciation) of the plan's investments (including investments bought, sold and held during the year) for the year ended December 31, 2007 was as follows:

	2007
Pulte Homes, Inc. Company Stock Fund	\$ (45,283,501)
All other investments	1,646,748
	\$ (43,636,753)

4. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 21, 2008, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

5. Related-Party Transactions

The Plan invests in mutual funds managed by affiliates of the trustee and allows for investments in shares of the Company's common stock. These transactions with the trustee and the Plan sponsor qualify as exempt party-in-interest transactions.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
