ITEM 5. OTHER EVENTS.

On March 4, 2002, eMagin Corporation ("eMagin" or the "Company") entered into a common stock purchase agreement (the "Purchase Agreement") and related documents (collectively, the "Transaction Agreements") with Northwind Associates, Inc., a Cayman Islands corporation (the "Investor"), pursuant to which the Company may receive in periodic draw downs at its option, subject to the terms and conditions of the Transaction Agreements, up to \$15,000,000 in equity financing (the "Equity Line") over a three year period. The aggregate amount of the Equity Line may increase to \$20,000,000 provided certain additional conditions regarding share price, trading volume and Company market capitalization are met. The initial closing of the Purchase Agreement occurred on Friday, March 22, 2002. The right of the Company to draw down on the Equity Line is subject to the Company registering for resale and the continuing effectiveness of such registration with the U.S. Securities and Exchange Commission (the "Commission") the shares of eMagin common stock issuable pursuant to the Equity Line and is also subject to certain other significant conditions, including limits as to the maximum and minimum draw down amounts as specified in the common stock purchase agreement. The maximum investment amount for any draw down is the lesser of (i) \$5,000,000, and (ii) 15% of the volume

weighted average price for the Company's common stock (as reported by the American Stock Exchange) for the 30 trading days immediately prior to the applicable commencement date for such draw down multiplied by the total aggregate trading volume in respect of the Company's common stock for such period. Pursuant to a draw down, the Investor will purchase the shares of the Company at a discount to the price of the Company's common shares on the American Stock Exchange. More specifically, the discounted purchase price to be paid by the Investor under the Equity Line will generally equal (i) 88% of the daily volume weighted average price of the Company's common stock on the American Stock Exchange for a prescribed 10 trading day period provided that the such stock price is less than \$4.00 per share at the time of determination, (ii) 90% should such Company stock price at the time of determination exceed \$4.00 per share, and (iii) 92% should such Company stock price at the time of determination exceed \$6.00 per share. The discounted purchase price may be reduced by an additional 3% pursuant to certain special conditions as set forth in the Purchase Agreement. The amount of Company shares issued pursuant to draw downs on the Equity Line is also limited to 19.9% of the issued and outstanding Company common stock (unless stockholder approval of any excess amount is received) and no draw down shall be made to the extent that it would result in the Investor and its affiliates beneficially owning more than 9.9% of the Company's outstanding common stock. The Purchase Agreement also limits the Company's ability to enter into any other equity line type of financing during the term of the agreement and provides to the Investor a right of first refusal for certain subsequent sales by the Company of its securities.

Additionally, in consideration for the Investor's purchase commitment under the Equity Line and certain costs associated therewith, the Company issued to the Investor 30,000 unregistered shares of eMagin's common stock and warrants to purchase up to 150,000 shares of the Company's common stock at an exercise price equal to 115% of the daily volume weighted average price of the common stock for the fifteen trading days preceding the date of the delivery of the warrant by the Company. Each warrant is exercisable for a period of three years commencing six months from the date of their delivery by the Company.

In connection with the Equity Line, the Company also entered into a registration rights agreement dated as of March 4, 2002 (the "Registration Rights Agreement") with the Investor that requires the Company to file, obtain and maintain the effectiveness of a Registration Statement on an appropriate form with the Commission in order to register the sale and public resale of shares of the common stock acquired by the Investor under the Transaction Agreements. Under the terms of the Registration Rights Agreement, the Company must file such registration statement within sixty days of the date of the agreement.
