PROXY STATEMENT

This proxy statement is mailed to shareholders commencing on or about April 9, 2002, in connection with the solicitation by the board of directors (the "Board") of SWIFT ENERGY COMPANY (the "Company") of proxies to be voted at the annual meeting of shareholders to be held at the Marriott Hotel Greenspoint, 255 North Sam Houston Parkway East at the corner of Northchase Drive, Houston, Texas, on May 14, 2002 at 4:00 p.m. Houston time, and any adjournment thereof (the "Meeting"), for the purposes set forth in the accompanying Notice. Management does not know of any matters other than those listed on the Notice that will be presented for action at the Meeting.

The Annual Report to Shareholders covering the fiscal year ended December 31, 2001 will be mailed to each shareholder entitled to vote at the Meeting on or before the date of mailing this proxy statement.

The cost of soliciting proxies will be borne by the Company. In addition to solicitations by mail, a number of regular employees of the Company may solicit proxies in person or by telephone. The Company does not anticipate retaining, but may decide to retain a proxy solicitor. The Company estimates the cost of retaining a proxy solicitor to be approximately \$5,000.

QUORUM AND VOTING

The record date for the determination of shareholders entitled to notice of and to vote at the Meeting was the close of business on March 28, 2002. On the record date, there were 25,104,353 shares of common stock of the Company, par value \$.01 per share, issued and outstanding and entitled to vote.

Each share of common stock entitles the holder to one vote on each matter presented at the Meeting. Proxies will be voted in accordance with the directions specified thereon. Any proxy on which no direction is specified will be voted for the election of both nominees named therein to the Board for the terms indicated and otherwise at the discretion of the persons designated as proxies. A shareholder may revoke his proxy at any time prior to the voting thereof by attending and voting at the Meeting or by filing with the Secretary of the Company a written revocation or a duly executed proxy bearing a later date.

The presence, in person or by proxy, of the holders of a majority of

Edgar Filing: SWIFT ENERGY CO - Form DEF 14A

the issued and outstanding shares entitled to be voted at the Meeting is necessary to constitute a quorum to transact business. If a quorum is not present or represented at the Meeting, a majority of the votes represented at the Meeting may adjourn the Meeting from time to time without notice other than an announcement at the meeting until a quorum is present or represented.

An automated system administered by the Company's transfer agent tabulates the votes. Abstentions are included in the determination of the number of shares present and voting and are counted as abstentions in tabulating the votes cast on nominations or proposals presented to shareholders. Broker nonvotes are not included in the determination of the number of shares present and voting or as a vote with respect to such nominations or proposals.

PROPOSAL 1

ELECTION OF DIRECTORS

At the Meeting, two Class III directors are to be elected for terms to expire at the 2005 Annual Meeting. The persons named as proxies on the accompanying proxy card have been designated by the Board, and unless authority is withheld by a shareholder on a proxy card, they intend to vote for the election of all of the nominees named below to the Board. If any nominee should become unavailable or unable to serve as a director, the person named as proxies may vote for a substitute selected by them, or the Board may be reduced accordingly; however, the Board is not aware of any circumstances likely to render any nominee unavailable. COMMITTEES OF THE BOARD

The Board of the Company has established the following standing committees: Audit, Nominating and Corporate Governance, Compensation, Conflicts of Interest, Executive and Special Transactions Committees. Descriptions of the functions of the Audit, the Nominating and Corporate Governance and the Compensation Committees are set forth below.

AUDIT COMMITTEE. The New York Stock Exchange (the "NYSE") has established standards, which have been accepted by the Securities and Exchange Commission (the "SEC"), with respect to independence and financial experience of the members of audit committees. The NYSE standards require that all of the members of audit committees be independent and that they all be able to read and understand fundamental financial statements, including balance sheets, income statements and cash flow statements. Additionally, at least one member of the committee must have past employment experience in finance or accounting or other comparable experience or background such as being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. The members of the Swift Audit Committee satisfy the NYSE criteria for both independence and experience.

5

The Audit Committee provides assistance to the Company's directors in fulfilling the Board's oversight responsibility as to the Company's accounting, auditing and financial reporting practices and as to the quality and integrity of the financial reports of the Company. The specific functions and responsibilities of the Audit Committee are set forth in the written charter of the Audit Committee adopted by the Board. The Audit Committee reviews and reassesses its charter annually and recommends any changes to the Board for approval. A report of the Audit Committee appears under the caption "Audit Committee Report," below. Messrs. Montgomery (Chairman), Smith and Evans are members of the Audit Committee, which held seven meetings in 2001.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE. The Nominating and Corporate Governance Committee reviews the performance of directors and recommends persons to be management's nominees for directorships. The Nominating and Corporate Governance Committee may consider nominees recommended by shareholders, upon written request by a shareholder addressed to any member of the committee. See "Shareholder Proposals" herein. This committee also reviews corporate governance duties and procedures and, where necessary, recommends changes to the Board. Messrs. Evans, Smith and Withrow are members of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee held one meeting in 2001.

COMPENSATION COMMITTEE. The Compensation Committee at all times is comprised of at least three directors who are "nonemployee directors" as defined in Rule 16b-3 under the Securities Exchange Act of 1934 (the "Exchange Act"). The Compensation Committee has sole authority to administer the Company's stock option plans and stock purchase plan, although it has no discretion as to awards of stock options under the 1990 Nonqualified Plan. The Compensation Committee also reviews and makes recommendations regarding the compensation levels of the Company's executive officers. Messrs. Smith, Montgomery and Withrow are members

Edgar Filing: SWIFT ENERGY CO - Form DEF 14A

of the Compensation Committee, which held three meetings in 2001.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC, the NYSE and the Pacific Stock Exchange initial reports of ownership and reports of changes in ownership of common stock of the Company. Officers, directors and greater than 10% shareholders are required by regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of Forms 3 and 4 furnished to the Company during the fiscal year beginning January 1, 2001 and ending December 31, 2001, and Forms 5 furnished to the Company with respect to such fiscal year, the Company's officers, directors and greater than 10% beneficial owners complied with all Section 16(a) filing requirements except as follows: Mr. Joseph D'Amico filed a Form 4 for the month of December 2001 to report an open market sale. This filing, however, was delayed, and was received at the SEC twelve days late. In addition, in April 2002 Mr. D'Amico filed a Form 4 for the month of June 2000 reflecting two open market sales.

("Scudder"), an investment adviser registered under Section 203 of the Investment Advisers Act of 1940, is deemed beneficial owner of 1,636,750 shares of the Company's common stock as a result of serving as an investment adviser to one or more investment companies or other managed accounts. ("BPAM") owns of record and beneficially 1,764,900 shares of the Company's common stock. Boston Partners, Inc. ("BP") is the sole general partner of BPAM and, therefore, may be deemed to be the beneficial owner of all 1,764,900 shares held by BPAM. Mr. Heathwood is the principal stockholder of BP and, therefore, may be deemed to be the beneficial owner of all 1,764,900 shares that BP may be deemed to own beneficially.
- (8) Based on a Schedule 13G dated February 14, 2002 filed with the SEC to reflect shares beneficially held at December 31, 2000, one or more open or closed-end investment companies or other managed accounts which are advised by direct and indirect investment advisory subsidiaries (the "Adviser Subsidiaries") of Franklin Resources, Inc. ("FRI") beneficially own 2,234,356 shares of the Company's common stock. Such advisory contracts grant to such Adviser Subsidiaries all investment and/or voting power over the securities owned by such advisory clients. Therefore, such Adviser Subsidiaries may be deemed to be, for such purposes of Rule 13d-3 under the Exchange Act, the beneficial owner of all 2,234,356 shares.

Beneficial ownership by investment advisory subsidiaries and other affiliates of FRI is being reported in conformity with the guidelines articulated by the SEC staff in Release No. 34-39538 (January 12, 1998) relating to organizations, such as FRI, where related entities exercise voting and investment powers over the securities being reported independently from each other. As to the 2,234,356 shares, Franklin Advisers, Inc., an indirect wholly owned investment advisory subsidiary of FRI, holds sole voting and investment power which is exercised independently from FRI and from all other investment advisor subsidiaries of FRI. The clients of the Adviser Subsidiaries, including investment companies registered under the Investment Company Act of 1940 and other managed accounts, have the right to receive dividends from, as well as the proceeds from, the sale of the 2,234,356 shares of the Company's common stock.

Charles B. Johnson and Rupert H. Johnson, Jr. (the "Principal Shareholders") each own in excess of 10% of the outstanding common stock of FRI and are the principal shareholders of FRI. FRI and the Principal Shareholders may be deemed to be, for purposes of Rule 13d-3 under the Exchange Act, the beneficial owner of securities held by persons and entities advised by FRI subsidiaries, which includes the 2,234,356 shares of the Company's common stock. FRI, the Principal Shareholders and each of the Adviser Subsidiaries disclaim any economic interest or beneficial ownership in any of the 2,234,356 shares.

FRI, the Principal Shareholders, and each of the Adviser Subsidiaries are of the view that they are not acting as a "group" for purposes of Section 13(d) under the Exchange Act and that they are not otherwise required to attribute to each other the "beneficial ownership" of

Edgar Filing: SWIFT ENERGY CO - Form DEF 14A

securities held by any of them or by any persons or entities advised by FRI subsidiaries.

8

- (9) Based on a Schedule 13G dated February 11, 2002 filed with the SEC to reflect shares held at December 31, 2001, Neuberger Berman, LLC ("Neuberger") and Neuberger Berman Management Inc. ("Management") serve as sub-advisers and investment managers of various mutual funds and are thus deemed beneficial owners of 1,342,774 shares of the Company's common stock, which shares they hold for their clients and in which shares they have no economic interest. Of the shares beneficially owned, both Neuberger and Management share dispositive power as to all 1,342,774 shares and share voting power as to 798,290 shares of the Company's common stock. Neuberger has sole voting power as to 525,074 shares. As the parent holding company of Neuberger and Management, Neuberger Berman Inc. is also deemed beneficial owner of these shares.

EMPLOYMENT CONTRACTS

In November 2000, A. Earl Swift's employment agreement was amended and restated. Under the amended terms of this agreement, Mr. Swift had the option to work on a full-time basis until November 2002 or make an earlier transition from full-time to part-time status. Effective May 8, 2001, Mr. Swift stepped down as Chief Executive Officer and effective June 30, 2001 began working on a half-time basis. He may continue on a half-time basis for five years (up to 46 weeks per year as the Board may specify) on specific matters designated by the Board. During this five year period, Mr. Swift's compensation will be one-half his annual base compensation (i.e. \$600,000) at the time of transition from a full-time to half-time schedule, with a 4% per annum inflation adjustment, plus any bonus provided by the Board. These amounts are also payable in one lump sum, discounted to present value, upon Mr. Swift's death or disability, which also triggers 100% vesting of all unexercised options, plus continuation of insurance for his spouse and minor children for a year. In the event of a change of control, Mr. Swift is to be paid a lump sum equal to the discounted present value of amounts payable during the remainder of the contract, plus a one year continuation of medical and dental coverage, and a tax gross-up if such payments are deemed to be subject to "parachute payment" excise taxes. Mr. Swift's contract also provides for a payment of approximately \$407,000 per year to Mr. Swift or his estate during each of the last five years of the agreement in consideration of Mr. Swift's agreement not to compete with the Company while he is receiving payments from the Company. The first of these payments was made in 2001. Upon termination of Mr. Swift's employment during its term, other than for cause, Mr. Swift is entitled to receive continuation of his salary for a period

Edgar Filing: SWIFT ENERGY CO - Form DEF 14A

of one year plus 4 weeks' salary for every year of service to the Company if he is then being employed and paid on a half-time basis. Insurance coverage is to be continued while he is being paid, and all unexercised stock options held at such date are to become vested.

Effective May 9, 2001, the Company entered into amended and restated employment agreements with Terry E. Swift, President and Chief Executive Officer, Bruce H. Vincent, Executive Vice President, Alton D. Heckaman, Senior Vice President and Chief Financial Officer, James M. Kitterman, Senior Vice President, and Joseph A. D'Amico, Executive Vice President and entered into a new employment agreement with Victor Moran, Senior Vice President. All of the agreements provide for an initial three-year term, which is automatically extended for one year on each anniversary of the agreement (such period, as so extended at any time, the "Contract Term"). These agreements provide for payment of certain amounts and continuation of medical benefits for one-half of the remainder of the Contract Term upon termination of employment other than for cause. The payment shall be equal to the executive's base salary in effect immediately prior to the termination date, plus one week's salary for every year of service to the Company, plus in the case of Messrs. Swift, Kitterman and Heckaman, certain amounts compounded at a rate of 8% per annum, representing amounts in lieu of Company contributions to a 401-K plan for those periods of employment prior to adoption of such a plan by the Company. The agreements also provide for the continuation of medical benefits for one-half of the remainder of the Contract Term upon termination of employment other than for cause. The agreements can be terminated by the Company other than for cause only by a majority of the continuing directors who have been directors for two years or nominated for election by a majority of continuing directors. Upon employment termination in connection with or following a change of control, the executives are entitled to receive their salary that would have been paid for the remainder of the Contract Term, plus two weeks' salary for every year of service to the Company, plus in the case of Messrs. Swift, Kitterman and Heckaman, certain amounts compounded at a rate of 8% per annum, representing amounts in lieu of

Company contributions to a 401-K plan for those periods of employment prior to adoption of such a plan by the Company, and continuation of medical and dental insurance and universal life coverages for certain periods. Immediately prior to termination of employment, outstanding unexercised stock options vest or are deemed to have vested, and the executives retain such options with no change to their terms, except as to Mr. Moran for whom the only outstanding options that vest are those granted after the date of his employment agreement.

(1) Estimated present values are based on the Black-Scholes Model, a mathematical formula used to value exchange-traded options. The stock options granted by the Company are long term, non-transferable and subject to vesting restrictions, while exchange-traded options are short term and can be exercised or sold immediately in a liquid market. The Black-Scholes Model considers a number of factors, including the expected volatility of the stock, interest rates, and the estimated time period until exercise of the option. In calculating the grant date present values set forth in the table, the following ranges of assumptions were used: daily volatility for common stock of 47.23% to 59.67%, risk-free rate of return of 3.78% to 5.36% and actual number of years from grant date to expiration date. In each case, the risk-free rate was based on a 10 year government bond as of the grant date and no dividend yield. No adjustments were made for non-transferability or risk of forfeiture. The ultimate value of the option will depend on the future market price of the Company's common stock, which cannot be forecast with reasonable accuracy.

- (2) Value Realized represents the difference between the exercise price of the options and the NYSE closing price on the exercise date for the common stock received upon exercise.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2001, the Compensation Committee of the Company consisted of Messrs. Smith, Montgomery and Withrow, who are all independent directors. To the Company's knowledge, there are no inter-relationships involving members of the Compensation Committee or other directors of the Company requiring disclosure in this section of the proxy statement.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

COMPENSATION PHILOSOPHY

The Board first established its Compensation Committee in 1982. The Compensation Committee has always been composed solely of nonemployee directors, and has set executive compensation since that time. Since 1987 when the Compensation Committee undertook an evaluation of the Company's policies, compensation has been based upon Company performance.

Philosophically, the Compensation Committee and the Company's Chief Executive Officer believed it to be beneficial to the Company in its early years to keep executive compensation in the low to middle ranges in comparison to levels paid by comparable entities, particularly in comparison to many companies in the oil and gas industry. Since 1987, the bonus compensation of the Company's Chief Executive Officer has been based almost solely upon the Company's

Edgar Filing: SWIFT ENERGY CO - Form DEF 14A

performance, as described below.

Since late 1989, the bonus formula for the Chief Executive Officer has been based upon earnings per share and growth in oil and gas reserves, as described in detail below. Since 1995, the Compensation Committee's criteria also reflected the importance of cash flow to an oil and gas company and the Company's increased emphasis on exploration and drilling activities to achieve growth in probable reserves, in addition to acquisition of producing properties, given the Compensation Committee's belief that successful drilling activities are based upon a high level of drilling prospects. Accordingly, the bonus formula in the 2001 Omnibus Stock Compensation Plan (the "2001 Plan"), the plan which was adopted by the Shareholders at the 2001 Annual Meeting and was in effect with respect to compensation in 2001, provides for bonuses based on year-to-year increases in earnings per share, cash flow per share, proved reserves and probable reserves and an assessment of the individual's contribution over the course of the year.

COMPENSATION CRITERIA AND PERFORMANCE MEASUREMENT

The Company's executive compensation consists of three components: base salary, annual incentive bonuses, and long term stock-based incentives.

BASE SALARY for a particular year is based upon (i) the executive's scope of responsibility, (ii) an evaluation of each executive's individual performance during the year, (iii) an attempt to keep executive salaries within the range paid by comparably sized oil and gas exploration and production companies, based in part upon annual surveys provided by outside consultants on independent oil and gas companies with similar market capitalizations (the "Compensation Surveys"), and (iv) an evaluation of the Company's performance during the preceding year, including the Company's earnings, reserve growth and cash flow. Individual performance evaluation is based upon each executive's review of his own performance throughout the year and upon a performance review by the Company's Chief Executive Officer, except in the case of the Chief Executive Officer, whose performance is reviewed by the Compensation Committee.

The Compensation Surveys include companies in common with the Dow Jones Oil, Secondary Index (the "Index") used in the "Five Year Shareholder Return Comparison" set forth herein. The Compensation Surveys are used by the Company for purposes of executive compensation comparison because they constitute a broader group than the group of companies included in the Index, and because the Compensation Surveys are comprised of companies somewhat closer in size and line of business to the Company than some of the companies included in the Index. The Index was selected in accordance with SEC rules solely for shareholder return comparison purposes because it is a published industry index.

14

ANNUAL INCENTIVE BONUSES for a particular year are awarded after the end of that year, based on both individual and Company performance during that year. Under the 2001 Plan, bonuses are awarded in the form of Performance Bonus Awards, which may be in cash, in shares of the Company's common stock or a combination thereof, as determined by the Compensation Committee. The amount of an executive officer's Performance Bonus Award for a particular year is determined utilizing the following factors: (i) the increase in earnings per share during that year and the increase in the cash flow per share during that year (measures of short-term performance); (ii) the increase in the volume of the Company's proved and probable oil and gas reserves during that year (measures of long-term performance); (iii) individual performance of that executive officer in contributing to either the Company's overall achievement of

Edgar Filing: SWIFT ENERGY CO - Form DEF 14A

its strategic objectives, or the achievement of the objectives of the executive's department or group within the Company; and (iv) the Compensation Committee's determination of the extent to which the executive officer's individual performance merits a bonus. Historically, the Compensation Committee has elected to have a portion of the bonus consist of Company stock.

In determining Performance Bonus Awards for 2001 (determined and paid in February 2002), the Committee considered the 3% increase in net proved reserves and the 29% increase in probable reserves, but also took into account our decreases in earnings per share and cash flow per share from 2000 to 2001. The Compensation Committee also took into account individual performance ratings reflecting individual contribution and contribution to group effectiveness.

LONG-TERM STOCK-BASED INCENTIVES are provided through annual grants of incentive stock options to executives and others under the 2001 Omnibus Stock Option Plan. This component is intended to retain and motivate executives to improve long-term shareholder value. Stock options are granted at the prevailing market price. Grants have always vested in equal amounts over five years.

The Compensation Committee determines a total number of options to be granted in any year based on the total number of outstanding unexercised executive options, so as to avoid excessive dilution of the shareholders' value in the Company through executive option exercises. Out of the number so determined, options are granted to executive officers in varying amounts, roughly related to their levels of executive responsibility. Outstanding historical performance by an executive officer may be recognized through a larger than normal option grant.

The Company believes that its compensation policy described above provides an excellent link between the value created for shareholders and the compensation paid to executive officers.

COMPENSATION OF CHIEF EXECUTIVE OFFICER

Effective May 8, 2001, A. Earl Swift resigned as Chief Executive Officer of the Company and Terry E. Swift was appointed to replace him. Unless otherwise noted, the discussion below includes the compensation of each of these respective Chief Executive Officers for the full year.

Base Salary. A Earl Swift's base salary in 2001 was \$450,000, compared to \$500,004 in 2000, and Terry E. Swift's base salary in 2001 was \$392,068, compared to his base salary of \$338,256 in 2000 when he served as President but not Chief Executive Officer of the Company. The Compensation Committee's determination was based on the factors described above under "Compensation Criteria and Performance Measurement--Base Salary."

Bonus. In determining the Chief Executive Officer's bonus, the Compensation Committee has typically given more weight to factors based upon the Company's performance than to its evaluation of his general contribution, since the Compensation Committee does not observe and supervise such performance on a day-to-day basis. The Company's performance was negatively affected by a number of

factors in 2001, including the state of the industry. Therefore, consistent with the Compensation Committee's philosophy, Terry E. Swift received a bonus of \$96,600 in cash for his partial year of service as Chief Executive Officer, compared to his cash bonus of \$117,058 in 2000 for his service as President of

Edgar Filing: SWIFT ENERGY CO - Form DEF 14A

the Company. A. Earl Swift did not receive a bonus for his partial year of service as Chief Executive Officer.

Stock Options. In February 2001, the Company granted A. Earl Swift 100,000 options to purchase shares of the Company's common stock. This was a special grant in anticipation of the shift of his role after 21 years of leadership of the Company. The Compensation Committee, and the Board as a whole, believe that it is important that he remain interested in the future success of the Company. The Compensation Committee and the Board believed that the award would be effective if it was substantial enough to draw Mr. Swift's continuing interest and dedication. In 2001, the Company granted Terry E. Swift 67,500 options to purchase shares of the Company's common stock, as explained above under "Compensation Criteria and Performance Measurement--Long-Term Stock-Based Incentives."

Section 162(m) of the Internal Revenue Code. The Compensation Committee does not propose to adopt any particular policy with respect to Section 162(m) of the Internal Revenue Code. Section 162(m) generally limits deductions for compensation paid to any employee in excess of \$1 million per year. The Company believes that any loss of deduction for compensation exceeding Section 162(m)'s limitations is outweighed by the flexibility it gains in not meeting the requirements of this section.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed with management the Company's audited financial statements for the year ended December 31, 2001. The Audit Committee also discussed with the Company's independent auditors, Arthur Andersen LLP ("Arthur Andersen"), the matters required to be discussed by Statement on Auditing Standards No. 61, as amended. The Audit Committee received the written disclosures and the letter from Arthur Andersen required by Independence Standards Board Standard No. 1 and discussed with Arthur Andersen and carefully considered the independence of Arthur Andersen and its other qualifications as the Company's independent auditors. Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for filing with the SEC for the year ended December 31, 2001. Before making its recommendation to the Board, the Audit Committee carefully considered Arthur Andersen's qualifications as the Company's independent auditors, including their long experience with the Company that has allowed them to perform their audit on a well-informed basis. Also, Arthur Andersen, has, in the Company's experience with them, been conservative and careful in the work they have performed for the Company. Based on its understanding at this time, the Audit Committee retains its confidence in Arthur Andersen as its independent auditors. The Audit Committee, however, will continue to monitor Arthur Andersen's response to its recent challenges and will take whatever steps are necessary to ensure independent, objective oversight of the Company's accounting functions.

No portion of this Audit Committee Report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, through any general statement incorporating by reference in its entirety the Proxy Statement in which this report appears, except to the extent that the Company specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed to be filed under either the Securities Act or the Exchange Act.

CONSIDERATION OF AUDITORS' FEES

AUDIT FEES

Audit fees billed or expected to be billed to the Company by Arthur Andersen for its audit of the Company's annual financial statements for the year

Edgar Filing: SWIFT ENERGY CO - Form DEF 14A

ended December 31, 2001, and for its review of the financial statements included in the Company's Quarterly Reports on Form 10-Q filed with the SEC for 2001 totaled \$326,000.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

The Company did not engage Arthur Andersen to provide advice to the Company regarding financial information systems design and implementation during the fiscal year ended December 31, 2001.

ALL OTHER FEES

Fees billed to the Company by Arthur Andersen during the Company's 2001 fiscal year for all other services rendered to the Company, including tax related services, totaled \$253,941.

In connection with the recently revised standards for independence of the Company's independent public accountants promulgated by the SEC, the Audit Committee has reviewed and is satisfied that the additional services did not affect the independence of Arthur Andersen.

AUDITORS

Arthur Andersen, certified public accountants, has served as the independent auditors of the Company since its inception. While management anticipates that this relationship will continue to be maintained during 2002 and subsequent years, it is not proposed that any formal action be taken at the Meeting with respect to the continued employment of Arthur Andersen, inasmuch as no such action is legally required. A representative from Arthur Andersen will be present at this year's Meeting. Such representative will have the opportunity to make a statement if he desires to do so and is expected to be available to respond to appropriate questions.

SHAREHOLDER PROPOSALS

Pursuant to various rules promulgated by the SEC, a shareholder that seeks to include a proposal in the Company's proxy statement and form of proxy card for the meeting of the shareholders of the Company to be held in 2003 must timely submit such proposal in accordance with SEC Rule 14a-8 to the Company, addressed to Bruce H. Vincent, Secretary, 16825 Northchase Drive, Houston, Texas 77060 no later than December 10, 2002. Further, a shareholder may not submit a matter for consideration at the 2002 Meeting, regardless of whether presented for inclusion in the Company's proxy statement and form of proxy card, unless the shareholder shall have timely complied with the requirements in the Company's Bylaws which set a notice deadline after which a shareholder will not be permitted to present a proposal at the Company's shareholder meetings. The Bylaws state that in order for business to be properly brought before an annual meeting by a shareholder, the shareholder must have given timely notice thereof in writing to the Secretary of the Company. To be timely, a shareholder's notice must be delivered to or mailed and received at the principal executive offices of the Company not less than 60 days nor more than 90 days prior to the first anniversary of the preceding year's annual meeting. A notice given pursuant to this advance notice Bylaw will not be timely with respect to the Company's 2003 meeting unless duly given by no later than March 21, 2003 and no earlier than February 19, 2003.

Edgar Filing: SWIFT ENERGY CO - Form DEF 14A

Company has not received any notices from shareholders that the Company is required to include in this proxy statement.

FORWARD LOOKING STATEMENTS

The statements contained in this proxy statement that are not historical are "forward-looking statements," as that term is defined in Section 21E of the Exchange Act that involve a number of risks and uncertainties. Forward-looking statements use forward-looking terms such as "believe," "expect," "may," "intend," "will," "project," "budget," "should" or "anticipate" or other similar words. These statements discuss "forward-looking" information such as future net revenues from production and estimates of oil and gas reserves.

These forward-looking statements are based on assumptions that the Company believes are reasonable, but they are open to a wide range of uncertainties and business risks, including the following:

- o fluctuations of the prices received or demand for oil and natural gas over time;
- o uncertainty of reserve estimates;
- o operating hazards;
- o unexpected substantial variances in capital requirements;
- o environmental matters; and
- o general economic conditions.

Other factors that could cause actual results to differ materially from those anticipated are discussed in the Company's Annual Report to Shareholders for the year ended December 31, 2001. The Company will not update these forward-looking statements unless the securities laws require the Company to do so.

GENERAL

The information contained in this proxy statement in the sections entitled "Election of Directors, Compensation Committee Report on Executive Compensation," "Comparative Total Returns" and "Audit Committee Report" shall not be deemed incorporated by reference by any general statement incorporating by reference any information contained in this proxy statement into any filing under the Securities Act, or the Exchange Act, except to the extent that the Company specifically incorporates by reference the information contained in such sections, and shall not otherwise be deemed filed under the Securities Act or the Exchange Act.
