INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
The SCI 401(k) Retirement Savings Plan
Houston, Texas

We have audited the accompanying Statements of Net Assets Available for Benefits of The SCI 401(k) Retirement Savings Plan as of December 30, 2001 and 2000 and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 30, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The SCI 401(k) Retirement Savings Plan as of December 30, 2001 and 2000 and the changes in net assets available for benefits for the year ended December 30, 2001 in conformity with generally accepted accounting principles in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplemental Schedules of Assets (Held at End of Year) and Reportable Transactions are presented for purposes of complying with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are not a required part of the basic financial statements. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THE SCI 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

GENERAL

The following description of The SCI 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Plan Document for a more complete description of the Plan's provisions.

The Plan, established July 1, 2000, is a defined contribution plan for the exclusive benefit of Service Corporation International's (SCI or the Company) United States employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's assets are held by Massachusetts Mutual Life Insurance Company and participant accounts are maintained by MassMutual Retirement Services. Investors Bank & Trust Company serves as the trustee for the SCI Common Stock Fund.

CONTRIBUTIONS

Eligible employees can participate in the Plan after completing three months of service and attaining age 21. Employees covered by a collective bargaining agreement in which retirement benefits are provided are not eligible under the Plan. The election to contribute to the Plan is voluntary. Employees are initially enrolled in the Plan, after meeting eligibility requirements, to

Edgar Filing: SERVICE CORPORATION INTERNATIONAL - Form 11-K

contribute 3% of pretax annual compensation, unless participation is specifically rejected. Participants may contribute from 1% to 15% of pretax annual compensation. Total individual participant contributions were limited to \$10,500 in 2001. Subsequent to December 30, 2001, the Plan was amended to allow participant contributions up to 50% of annual pretax compensation.

The Company contributes a matching amount up to 6% of the participant's pretax annual compensation, generally in Company common stock. The percentage of the match is based on years of service with the Company and ranges from 75% to 135% of the employee's eligible contribution. Additional amounts may be contributed at the Company's discretion. Company contributions were made in Company stock during the period ended December 30, 2001. There were no discretionary Company contributions in 2001.

PARTICIPANT ACCOUNTS

Participant account balances are valued based upon the number of units of each investment fund owned by the participants. Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings or losses. Forfeited balances of terminated participant's non-vested accounts are used to reduce administrative expenses and future Company contributions. Forfeited balances were \$154,764 during the year ended December 30, 2001.

6

VESTING

Participants are fully vested in their deferred salary and rollover contributions. Participants are fully vested in Company contributions after completing three years of vesting service with the Company.

PARTICIPANT LOANS

Participants may borrow from their accounts up to one half of the vested account balance to a maximum of \$50,000. The minimum amount that may be borrowed is \$1,000. Loans are to be repaid within five years, unless the loan is used to purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate. A participant may have no more than two loans outstanding at any one time.

PARTICIPANT DISTRIBUTIONS

The Plan provides for several different types of participant withdrawals. Participants who have reached age 59 1/2 may make in-service withdrawals. Participants may make withdrawals before age 59 1/2 if they qualify for certain hardship withdrawals. Upon termination of service with the Company or death, the participant or beneficiary may receive a lump-sum amount equal to the vested amount in the participant's account. A participant whose account balance exceeds \$5,000 may elect a deferred distribution up until age 70 1/2. As of December 30, 2001, total deferred vested benefits related to terminated employees were \$414,930.

PLAN TERMINATION

The Company expects the Plan to continue indefinitely, however, it reserves the right to terminate or amend the Plan to eliminate future benefits. If the Plan is terminated, participants will become 100% vested and account balances will be distributed by a lump-sum payment.

Edgar Filing: SERVICE CORPORATION INTERNATIONAL - Form 11-K

2. SUMMARY OF ACCOUNTING POLICIES

PRINCIPLES OF REPORTING

The financial statements and schedules have been prepared in accordance with accounting principles generally accepted in the United States and the financial reporting requirements of ERISA and are maintained on an accrual basis except for participant distributions, which are reported when paid.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires Plan management to make estimates and assumptions that may affect the amounts reported in the financial statements and accompanying notes. As a result, actual results could differ from those estimates.

INVESTMENTS

Investments are stated at fair value, which is determined by quoted market prices. Participant loans are valued at their outstanding balances, which approximates fair value.

Net appreciation (depreciation) in the fair value of the pooled separate accounts, which consists of net realized and unrealized appreciation (depreciation), is presented in the Statement of

7

Changes in Net Assets Available for Benefits. This appreciation (depreciation) is allocated to participants based upon their proportionate share of assets in each investment fund.

RISKS AND UNCERTAINTIES

The Plan provides for several investment options, which are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

3. INVESTMENTS

Investments that comprised 5% or more of the Plan's net assets available for benefits are as follows:

	December 30,
	----- 2001 -----
JCC Balanced Fund (Janus).....	\$ 2,999,414
MassMutual Small Cap Growth Fund.....	3,126,159
MassMutual International Equity Fund.....	1,995,676
MassMutual Core Bond Fund.....	3,025,163

Edgar Filing: SERVICE CORPORATION INTERNATIONAL - Form 11-K

MassMutual Government Money Market.....	4,871,479
MassMutual Ultra Fund (American Century).....	3,326,862
MassMutual Large Cap Value Fund.....	3,001,836
SCI Common Stock(1).....	14,054,306

(1) Includes both participant and non-participant directed common stock.

4. INCOME TAXES

A determination letter is pending from the Internal Revenue Service declaring that the Plan qualifies under Section 401(a) of the Internal Revenue Code as exempt from income taxes. The Plan administrator believes the Plan is designed and being operating in compliance with the requirements of Section 401(a) of the Internal Revenue Code.

8

THE SCI 401(k) RETIREMENT SAVINGS PLAN

SCHEDULE OF ASSETS (HELD AT END OF YEAR)

DECEMBER 30, 2001

EIN: 74-1488375 PIN: 002
