Additional information is set forth in the Current Report on Form

Edgar Filing: CENTERPOINT ENERGY INC - Form U5B

8-K filed by CenterPoint on September 13, 2002 (File No. 1-31447), and the Current Report on Form 8-K filed by CenterPoint on October 1, 2002 (File No. 1-31447), each of which is incorporated by reference herein.

State the present rate of compensation on an annual basis for each director whose aggregate compensation from all such companies exceeds \$1,000 per year, and of each officer whose aggregate compensation from such companies is at the rate of \$20,000 or more per year. In the event any officer devotes only part of his time to a company or companies in the system this fact should be indicated by appropriate footnote. Such compensation for such part time should be computed on an annual rate and if such annual rate exceeds \$20,000 the actual compensation as well as annual rate should also be reported.

Compensation of the executive and senior officers of CenterPoint are set forth on Schedule 16.1, for which confidential treatment is requested.

16. (b) Compensation of Certain Employees. As to regular employees of such companies who are not directors or officers of any one of them, list the name, address, and aggregate annual rate of compensation of all those who receive \$20,000 or more per year from all such companies.

This information can only be compiled by CenterPoint by incurring unreasonable effort because a large proportion of the employees of CenterPoint and its subsidiaries receive an annual rate of compensation of \$20,000 or more per year.

16. (c) Indebtedness to System Companies. As to every such director, trustee or officer as aforesaid, who is indebted to any one of such companies, or on whose behalf any such company has now outstanding and effective any obligation to assume or guarantee payment of any indebtedness to another, and whose total direct and contingent liability to such company exceeds the sum of \$1,000, give the name of such director, trustee, or officer, the name of such company, and describe briefly the nature and amount of such direct and contingent obligations.

CenterPoint maintains an appliance loan program through which all employees are allowed to purchase certain appliances on an interest-free basis, subject to paying a five percent up-front administrative charge. Although some officers of CenterPoint and its subsidiaries have loans under this program, no senior or executive officer has a loan under this program.

9

16. (d) Contracts. If any such director, trustee, or officer as aforesaid: (1) has an existing contract with any such company (exclusive of an employment contract which provides for no compensation other than that set forth in paragraph (a) of this Item); or, (2) either individually or together with the members of his immediate family, owns, directly or indirectly, 5% or more of the voting securities of any third person with whom any such company has an existing contract; or, (3) has any other beneficial interest in an existing contract to which any such company is a party; describe briefly the nature of such contract, the names of the parties thereto, the terms thereof, and the interest of such officer, trustee, or director therein.

16. (e) Banking Connections. If any such director, trustee, or officer is an executive officer, director, partner, appointee, or representative of any bank, trust company, investment banker, or banking association or firm, or of any corporation a majority of whose stock having the unrestricted right to vote for the election of directors, is owned by any bank, trust company, investment banker, or banking association or firm, state the name of such director or officer, describe briefly such other positions held by him and indicate which of the rules under Section 17(c) authorizes the registrant and subsidiary companies of which he is a director or officer to retain him in such capacity.

Not applicable.

INTERESTS OF TRUSTEES IN SYSTEM COMPANIES

17. Describe briefly the nature of any substantial interest which any trustee under indentures executed in connection with any outstanding issue of securities of the registrant or any subsidiary thereof, has in either the registrant or such subsidiary, and any claim which any such trustee may have against registrant or any subsidiary; provided, however, that it shall not be necessary to include in such description any evidences of indebtedness owned by such trustee which were issued pursuant to such an indenture.

To the knowledge of CenterPoint, there is no substantial interest of any trustee under indentures executed in connection with any outstanding issue of securities.

SERVICE, SALES, AND CONSTRUCTION CONTRACTS

18. As to each service, sales, or construction contract (as defined in paragraphs (19) to (21) of Section 2(a) of the Act) which the registrant and any subsidiary company thereof has had in effect within the last three months, describe briefly the nature of such contract, the name and address of the parties thereto, the dates of execution and expiration, and the compensation to be paid thereunder. Attach typical forms of any such contracts as an exhibit to this registration statement. If the other party to any such contract is a

10

mutual service company or a subsidiary service company which is a member of the same holding company system as the registrant and as to which the Commission has made a favorable finding in accordance with Rule 13-22, specific reference may be made to the application or declaration filed by such company pursuant to Rule 13-22 and no further details need be given as to such contracts.

Note: This item is intended to apply to service, sales or construction contracts within the scope of Section 13. It is not intended to apply to any contracts for purchase of power or gas or ordinary contracts for materials and supplies, printing, etc., made with non-affiliates.

See Schedule 18.1 hereto.

Edgar Filing: CENTERPOINT ENERGY INC - Form U5B

or of which the property of the registrant or any such subsidiary company is the subject, including the names of the parties and the court in which such litigation is pending:

- (5) Each other proceeding in which the matter in controversy, exclusive of interest and costs, exceeds an amount equal to 2% of the debit accounts shown on the most recent balance sheet of such company.

Information regarding litigation involving CenterPoint and its subsidiary companies is incorporated by reference to the following documents previously filed with the Commission: Item 3 of the Annual Report on Form 10-K/A of Reliant Energy, Incorporated for the year ended December 31, 2001 (Amendment No. 1), filed on July 5, 2002 (File No. 1-3187), as well as Notes 4, 14(f), 14(g) and 21 to the consolidated financial statements in such Annual Report, the Quarterly Report on Form 10-Q filed by CenterPoint on November 14, 2002 (File No. 1-31447), the Current Report on Form 8-K filed by CenterPoint on September 13, 2002 (File No. 1-31447), Item 3 of the Annual Report on Form 10-K/A (Amendment No. 1) of Reliant Energy Resources Corp., filed on July 15, 2002

OTHER SECURITIES
(as of September 30, 2002)

CenterPoint Energy Resources Corp.'s (CERC Corp.) \$500 million aggregate principal amount of 6 3/8% Term Enhanced ReMarketable Securities (TERM Notes) provide an investment bank with a call option, which gives it the right to have the TERM Notes redeemed from the investors on November 1, 2003 and then remarketed if it chooses to exercise the option. The TERM Notes are unsecured obligations of CERC Corp. which bear interest at an annual rate of 6 3/8% to November 1, 2003. On November 1, 2003, the holders of the TERM Notes are required to tender their notes at 100% of their principal amount. If the option is not exercised by the investment bank, CERC Corp. will repurchase the TERM Notes at 100% of their principal amount on November 1, 2003. If the option is exercised, the TERM Notes will be remarketed on a date, selected by CERC Corp., within the 52-week period beginning November 1, 2003. During this period and prior to remarketing, the TERM Notes will bear interest at rates, adjusted weekly, based on an index selected by CERC Corp. If the TERM Notes are remarketed, the final maturity date of the TERM Notes will be November 1, 2013, subject to adjustment, and the effective interest rate on the remarketed TERM Notes will be 5.66% plus CERC Corp.'s applicable credit spread at the time of such remarketing.

On September 21, 1999, 17.2 million 2.0% Zero-Premium Exchangeable Subordinated Notes due 2029 (ZENS) having an original principal amount of \$1.0 billion were issued. At maturity the holders of the ZENS will receive in cash the higher of the original principal amount of the ZENS (subject to adjustment) or an amount based on the then-current market value of AOL Time Warner Common Stock, or other securities distributed with respect to AOL Time Warner Common Stock (1.5 shares of AOL Time Warner Common Stock and such other securities, if any, are referred to as reference shares). Each ZENS has an original principal amount of \$58.25, and is exchangeable at any time at the option of the holder for cash equal to 95% (100% in some cases) of the market value of the reference shares attributable to one ZENS. CenterPoint Energy, Inc. pays interest quarterly on each ZENS at an annual rate of 2% plus the amount of any quarterly cash dividends paid in respect of the reference shares attributable to each ZENS. Upon adoption of SFAS No. 133 effective January 1, 2001, the ZENS obligation was bifurcated into a debt component and a derivative component (the holder's option to receive the appreciated value of AOL Time Warner Common Stock at maturity).
