each item of the company's Form 8-K filed on May 11, 2004, as amended by its Form 8-K/A-1 filed on May 28, 2004 and that was affected by this amendment, has been amended and restated in its entirety. No attempt has been made in this Form 8-K/A-2 to modify or update other disclosures as presented in the original Form 8-K or the Form 8-K/A-1, except as required to reflect such amendments.

ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS.

On June 14, 2004, in accordance with the terms of a Stock Purchase Agreement dated as of May 10, 2004, as amended by that certain First Amendment to Stock Purchase Agreement dated as of June 11, 2004, Input/Output, Inc., a Delaware corporation ("IO"), announced that it had purchased all of the equity interest of GX Technology Corporation, a Texas corporation ("GXT"), through a combination of cash and stock option value totaling approximately \$150.0 million. The \$150.0 million purchase price includes the assumption of approximately \$4.5 million in debt and IO stock options having a value of approximately \$14.6 million. The amount of the consideration paid was determined by arms' length negotiation among the parties.

GXT, headquartered in Houston, Texas, is a leading provider of seismic imaging technology data processing and subsurface imaging services to oil and gas companies.

The principal source of the cash component of the purchase price was the net proceeds of approximately \$131.3 million to IO from an underwritten public offering of 20,209,631 shares of IO common stock, par value \$0.01 per share, which were priced at \$7.00 per share on June 8, 2004. Of the shares sold in the offering, 20,000,000 shares were sold by IO and 209,631 shares were sold by certain selling stockholders, none of whom were IO directors, officers, employees or their affiliates. IO did not receive any proceeds from the sale of the stock by the selling stockholders. In addition, IO granted the underwriters a 30-day option to purchase up to an additional 3,031,445 shares of IO common stock. The remainder of the cash consideration paid was from the company's cash on hand.

In connection with the offering, IO terminated all or a portion of the outstanding GXT stock options and assumed certain outstanding GXT stock options, the terms of which now provide that such stock options represent options to purchase up to 2,916,590 shares of IO common stock at a weighted average exercise price of \$1.98 per share.
