These amounts represent our condensed historical consolidated balance sheet and income statement derived from our Annual Report on Form 10-K for the year ended December 31, 2003.

PRO FORMA ADJUSTMENTS

These amounts represent the historical results and balances related to certain of our interests in GulfTerra which were accounted for as equity investments and the nine processing plants sold to Enterprise as of and for the periods presented. - o The redemption of our Series B units of GulfTerra which occurred in October 2003,
- o The elimination of all effects of our common units and Series C units of GulfTerra, with the exception of the amounts related to the units retained by us, and
- o The elimination of all non-affiliated effects of the nine processing plants sold

PRO FORMA ADJUSTING ENTRIES
