*Approval of 2006 Annual Incentive Compensation*

On January 26, 2007, the Compensation Committee of the Board of Directors of Superior Energy Services, Inc. (the Company) approved 2006 annual cash bonus payments for the Company's named executive officers (as that term is defined in Item 402(a)(3) of Regulation S-K). The Compensation Committee approved the bonus awards following an assessment of the Company's achievement of its strategic, operational and financial related goals for 2006, as well as the performance of each executive officer during this period. The awards were made in accordance with the Company's guidelines for its 2006 incentive bonus program, including a discretionary upward adjustment. The annual bonus payments were approved in the following amounts:

	<b>2006 Annual Bonus Payment</b>
Terence E. Hall <i>Chairman and Chief Executive Officer</i>	\$ 1,200,000
Kenneth L. Blanchard <i>President and Chief Operating Officer</i>	\$ 487,000
Robert S. Taylor <i>Chief Financial Officer, Executive Vice President and Treasurer</i>	\$ 375,000
Alan P. Bernard <i>Senior Executive Vice President</i>	\$ 300,000
Gregory L. Miller <i>Executive Vice President</i>	\$ 226,894

*Approval of 2007 Annual Incentive Compensation Targets*

On January 26, 2007, the Compensation Committee approved the incentive compensation targets for its 2007 incentive bonus program. The parameters of the program provide for minimum, target and maximum cash bonus award levels, as a percentage of salary, based upon the achievement of 91.5%, 100% and 110.4% of an individual performance target.

Managers of the Company's business units are assigned a pre-tax target that either aligns with the corporate financial goals or the goals of their assigned business units. The bonus payout is weighted 100% on the corporate financial performance for those with corporate responsibilities. For those managers assigned to a particular business unit, it is weighted 80% on their business unit performance and 20% on the overall corporate performance.

Depending on the financial performance of the business unit (or the achievement of corporate financial goals) relative to their targets, the bonus payout levels, which vary depending on the executive's position, stated as a percentage of the officer's salary, are as follows:

<u>Position</u>	Minimum (91.5% of Target)	Target	Maximum (110.4% of Target)
CEO	45%	90%	180%
COO	37.5%	75%	150%
CFO	32.5%	65%	130%
Sr. EVPs	30%	60%	120%
EVPs	27.5%	55%	110%
Non-Executives	25%	50%	100%

If the financial performance occurs at a level in between these factors, a sliding scale is used to estimate the appropriate payout factor, with adjustments for safety performance as discussed below.

Assuming a particular officer qualifies for a bonus payout, the payout can either be reduced by a maximum of 25% if pre-determined base metrics are not met for each officer's area of responsibility, or increased by a maximum of 12.5% for achieving stretch targets. The metric applicable to the Company's executive officers is safety performance. Total Recordable Incident Rate (TRIR) and Lost Time Incident Rate (LTIR) will be used to measure safety performance for their area of responsibility.

Under the terms of the Company's incentive bonus program, any bonus amounts determined under the formulas described above may be adjusted in order to ensure that they are appropriate in light of the performance factors relevant to the particular officer, including discretionary adjustments based on other non-financial performance related metrics. All bonuses are approved by the Compensation Committee upon the recommendation of Company management.
