

Item 7.01 Regulation FD Disclosure.

On December 11, 2008, CenterPoint Energy, Inc. (the Company) issued a press release announcing that CenterPoint Energy Houston Electric, LLC (CEHE), a wholly owned subsidiary of the Company, filed a settlement agreement with the Public Utility Commission of Texas (Texas Utility Commission), which includes a plan to deploy an advanced metering system across CEHE s service territory over the next five years.

The Press Release is being furnished, not filed, pursuant to Regulation FD. Accordingly, the Press Release will not be incorporated by reference into any registration statement filed by the Company or CEHE under the Securities Act of 1933, as amended, unless specifically identified therein as being incorporated therein by reference. The furnishing of the Press Release is not intended to, and does not, constitute a determination or admission by the Company or CEHE that the information in the press release is material or complete, or that investors should consider this information before making an investment decision with respect to any security of the Company, CEHE or any of their affiliates.

Item 8.01 Other Events.

On December 11, 2008, CEHE filed a settlement agreement with the Texas Utility Commission, which includes a plan to deploy an advanced metering system across CEHE s service territory over the next five years. The settlement agreement reached with Texas Utility Commission staff and other interested parties is subject to review and approval by the Texas Utility Commission. The Company anticipates that CEHE could begin installing meters as early as March 1, 2009, if the filed plan is approved by the end of 2008.

By this settlement, CEHE would recover the cost for the interactive meters through a monthly surcharge to all retail electric providers over 12 years. The surcharge for each residential consumer for the first 24 months, beginning in February 2009, will be \$3.24 per month; thereafter, the surcharge is scheduled to be reduced to \$3.05 per month. These amounts are subject to upward or downward adjustment in future proceedings to reflect actual costs incurred and to address required changes in scope. The Company projects capital expenditures of approximately \$640 million for the installation of the interactive meters and corresponding communication and data management systems over the five-year deployment period.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

This report includes forward-looking statements. Actual events and results may differ materially from those projected. The statements in this report regarding the timing of Texas Utility Commission approval, the anticipated timing of installation of meters, projected capital expenditures and other statements that are not historical facts are forward-looking statements. Factors that could affect actual results include the timing and outcome of the Texas Utility Commission approval process, the timing and impact of future regulatory and legislative decisions, general market conditions and other factors discussed in the Company s and CEHE s Form 10-Ks for the period ended December 31, 2007, Form 10-Qs for the periods ended March 31, 2008, June 30, 2008 and September 30, 2008 and other filings with the Securities and Exchange Commission.

Item 9.01 Financial Statements and Exhibits.

The exhibit listed below is furnished pursuant to Item 7.01 of this Form 8-K.
