PROXY STATEMENT

The following information is furnished in connection with the solicitation of the enclosed proxy by and on behalf of the board of directors of the Company. The proxy will be used at the annual meeting of shareholders to be held at the University Place Conference Center and Hotel, 850 West Michigan Street, Indianapolis, Indiana, on Wednesday, April 24, 2002, at 10:00 a.m. (Eastern Standard Time), and at any adjournment of the meeting for the matters to be acted upon under its authority. The proxy and this proxy statement were first mailed to the shareholders on or about March 15, 2002.

SOLICITATIONS OF PROXIES

The management solicits your proxy for use at the annual meeting of the Company. Shares held in your name and represented by your proxy will be voted as you instruct if your proxy is duly executed and returned prior to the meeting. Shares represented by proxies that are returned signed but without instructions for voting will be voted as recommended by management. Shares represented by proxies that are returned unsigned or improperly marked will be treated as abstentions for voting purposes. You may revoke your proxy at any

## Edgar Filing: VECTREN CORP - Form DEF 14A

time before it is exercised by written notice to the Secretary of the Company received prior to the time of the meeting, or orally at the meeting.

If you are a participant in the Company's Automatic Dividend Reinvestment and Stock Purchase Plan, your proxy card will represent the number of shares registered in your name and the number of shares credited to your plan account. For those shares held in the plan, your proxy card will serve as direction to the Plan Administrator as to how your account is to be voted.

### PURPOSES OF MEETING

As of this date, the only known business to be presented at the 2002 annual meeting of shareholders is (1) the reelection of four directors of the Company to serve for a term of three years or until their successors are duly qualified and elected, and (2) the ratification of the appointment of Arthur Andersen, LLP as the Company's independent public accountants for 2002. However, the enclosed proxy authorizes the proxy holders to vote on all other matters that may properly come before the meeting, and it is the intention of the proxy holders to take any such action utilizing their best judgment. Only shares held by those present at the meeting or for which proxies are returned will be considered to be represented at the meeting. For the purposes of determining a quorum, shares represented at the meeting are counted without regard to abstentions or broker non-votes as to any particular item.

### VOTING SECURITIES

On March 31, 2000, Indiana Energy, Inc. ("Indiana Energy") and SIGCORP, Inc. ("SIGCORP") merged with and into the Company. As a result of the merger, each Indiana Energy shareholder received 1 share of the Company's common stock for each share of Indiana Energy common stock owned by the shareholder, and each SIGCORP shareholder received 1.333 shares of the Company's common stock for each share of SIGCORP common stock owned by the shareholder. Immediately following the merger, the former Indiana Energy shareholders owned 48.6 percent of the Company, and the former SIGCORP shareholders owned 51.4 percent of the Company.

1

As of March 1, 2002, the Company had one class of capital stock outstanding, consisting of 67,725,269 shares of common stock without par value. The holders of the outstanding shares of common stock are entitled to one vote for each share held of record on each matter presented to a vote of the shareholders at the meeting. However, unless the holder personally appears at the meeting, shares for which no proxy is returned (whether registered in the name of the actual holder thereof or in nominee or street name) will not be voted. Only shareholders of record at the close of business on March 1, 2002 will be entitled to vote at the meeting or at any adjournment of the meeting.

### ITEM 1. ELECTION OF DIRECTORS

The Company's board of directors currently consists of thirteen directors divided into three classes having staggered terms of three years each. The Class II directors, Lawrence A. Ferger, Ronald G. Reherman, Richard W. Shymanski, and Jean L. Wojtowicz, are nominees for election with terms expiring in 2005. The Class III directors, John M. Dunn, Niel C. Ellerbrook, Anton H. George, Andrew E. Goebel, and Robert L. Koch II, have terms expiring in 2003. The Class I directors, John D. Engelbrecht, William G. Mays, J. Timothy McGinley, and Richard P. Rechter, have terms expiring in 2004. Messrs. Ellerbrook and Goebel also serve as directors of Vectren Utility Holdings, Inc. ("VUHI"), a holding company for the Company's regulated gas and electric

## Edgar Filing: VECTREN CORP - Form DEF 14A

distribution company subsidiaries, Indiana Gas Company, Inc. ("Indiana Gas"), Southern Indiana Gas and Electric Company ("SIGECO"), and Vectren Energy Delivery of Ohio, Inc. Messrs. Ellerbrook and Goebel also serve as directors of Vectren Capital, Corp. ("Vectren Capital"), the Company's subsidiary that serves as the vehicle for financing non-regulated business activities, and Vectren Enterprises, Inc. ("Vectren Enterprises"), the Company's subsidiary that serves as the corporate parent for non-regulated business activities. The placement of a portion of the Company's directors on the board of directors of Vectren Capital and Vectren Enterprises will ensure the participation of those individuals in decision-making with respect to financing and non-regulated business activities.

At each annual meeting of shareholders, directors are elected to succeed those whose terms then expire for a term of three years or until their successors are duly qualified and elected. Accordingly, four directors are to be elected by a plurality of votes cast at the annual meeting of shareholders to be held on April 24, 2002.

The board of directors intends that the enclosed proxy will be voted by the proxy holders in favor of the election of the nominees named below for the office of director of the Company to hold office for a term of three years or until their respective successors are duly qualified and elected. Each of such nominees is now serving as a director of the Company and has signified the willingness to serve if elected. Directors are elected by a plurality of the votes cast. Plurality means that the individuals who receive the largest number of votes cast are elected up to the maximum number of directors to be chosen at the meeting. Abstentions, broker non-votes, and instructions on the accompanying proxy card to withhold authority to vote for one or more of the nominees might result in some nominees receiving fewer votes. However, the number of votes otherwise received by the nominee will not be reduced by such action. If, however, any situation should arise under which any nominee should be unable to serve, the authority granted in the enclosed proxy may be exercised by the proxy holders for the purpose of voting for a substitute nominee.

Certain information concerning the nominees and the other directors of the Company is set forth below and under the caption "Meetings and Committees of the Board of Directors." If not otherwise indicated, the principal occupation listed for any individual has been the same for at least five years.

### CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Andrew E. Goebel is President and Chief Operating Officer of the Company. During 2001, Hasgoe Cleaning Systems, a cleaning company owned by Mr. Goebel's brother's family, performed certain cleaning services for the Company and certain of its subsidiaries and is expected to perform such services in 2002. During 2001, the cost of such services was \$140,023, which the Company believes to be a fair and reasonable price for the services rendered.

### MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The board of directors of the Company had ten (10) meetings during the last fiscal year. No member attended fewer than 75 percent of the aggregate of board meetings and meetings of the respective committees of the board of which they are members.

The members of the Company's board of directors are elected to various committees. The standing committees of the board are: the Executive Committee, the Audit Committee, the Compensation Committee, the Public and Environmental Affairs Committee, and the Nominating and Corporate Governance Committee.

## Edgar Filing: VECTREN CORP - Form DEF 14A

The members of the Executive Committee are Niel C. Ellerbrook, Chairman, Andrew E. Goebel, Anton H. George, Robert L. Koch II, John M. Dunn, and Richard P. Rechter. The Executive Committee acts on behalf of the board of directors of the Company when the board is not in session, except on those matters which require action of the full board of directors. The Executive Committee meets as required. There were four (4) meetings of the committee during the past fiscal year.

The members of the Audit Committee are Anton H. George, chairman, John M. Dunn, John D. Engelbrecht, J. Timothy McGinley, and Jean L. Wojtowicz. The functions of the Audit Committee are described under "Report of the Audit Committee" below. There were four (4) meetings of the committee during the past fiscal year.

The members of the Compensation Committee are Robert L. Koch II, chairman, J. Timothy McGinley, Richard P. Rechter, Richard W. Shymanski, and Jean L. Wojtowicz. None of the members is an officer or

6

employee of the Company. The committee has the responsibility of formulating recommendations to the board as to the compensation to be paid to the officers of the Company and certain of its subsidiaries. The committee administers the Company's At-Risk Compensation Plan and its other executive compensation plans. There were three (3) meetings of the committee during the past fiscal year. See the "Report of the Compensation Committee" below.

The members of the Public and Environmental Affairs Committee are Richard W. Shymanski, chairman, Lawrence A. Ferger, William G. Mays, and Ronald G. Reheman. The duties and powers of the committee are to review current policies, programs, procedures, and processes of the Company and its subsidiaries affected by public policy and affecting the environment. It also reviews reports from Company management on public policy and environmental matters and monitors compliance with, and trends and emerging policy developments in, business and environmental regulation. In addition, the committee reports to the board of directors on public policy and environmental issues affecting the Company and its subsidiaries. There were two (2) meetings of the committee during the past fiscal year.

In February of 2002, the board established the Nominating and Corporate Governance Committee. Membership on the committee is restricted to non-employee members of the board of directors. The members of that committee are Robert L. Koch, II, chairman, Anton H. George, William G. Mays, J. Timothy McGinley, and Richard W. Shymanski. The committee has responsibility to search for qualified nominees (including receiving communications submitted to the Company from shareholders relating to nominees) for election to the board, and evaluate and make recommendations to the board as to the qualifications of nominees. The committee will make recommendations concerning the composition, organization and functions of the board; make recommendations concerning the compensation for non-employee members of the board; monitor and consider the Company's corporate governance practices; and monitor and recommend the functions of the various committees of the board. The committee will review periodically the performance of the entire board, the Company's Shareholder Rights Agreement, and the Company's By-Laws and Articles of Incorporation. The committee will perform succession planning with respect to the Chairman and Chief Executive Officer and provide guidance with respect to the development of members of the board of directors. Subsequent to the committee's formation, the committee met and considered the candidates for reelection to the board of directors. At that meeting, the committee decided to recommend to the board that Messrs. Lawrence

## Edgar Filing: VECTREN CORP - Form DEF 14A

A. Ferger, Ronald G. Reherman, and Richard W. Shymanski and Ms. Jean L. Wojtowicz should stand as the candidates for reelection at the Annual Shareholders Meeting.

### DIRECTOR COMPENSATION

Non-employee directors of the Company receive a cash retainer of \$20,000 per year for service on the board. The fees are paid in the form of a monthly retainer of \$1,666.66. Committee chairs receive a cash retainer of \$2,000 per year, which is paid in the form of a monthly retainer of \$166.66.

Non-employee directors also receive a fee of \$1,000 for each Company board meeting attended. Each non-employee member of a committee of the board is paid a fee of \$1,000 for each meeting of the committee attended, and each non-employee chair of a committee is paid an additional fee of \$500 for each meeting attended.

On May 1, 2001, each non-employee member of the board received a grant of 387 shares of restricted stock under the Vectren Corporation Directors Restricted Stock Plan (formerly the Indiana Energy, Inc. Directors Restricted Stock Plan). The terms of that grant provide that, subject to certain limited exceptions, the restrictions will lift on May 1, 2002. At that time, if the director continues serving on the board he or she will receive the shares without restrictions. As part of the total compensation provided to non-employee directors, a similar sized grant will be made on May 1, 2002.

7

On May 1, 2001, each non-employee member of the board also received a grant of 2,805 options to acquire one share of the Company's Common Stock for each option. The options were issued under the Company's At-Risk Compensation Plan. The terms of that grant provide that, subject to certain limited exceptions, the options will vest on May 1, 2002, and will be exercisable until May 1, 2011. If non-employee directors continue serving on the board, as part of the total compensation provided to non-employee directors, a similar sized grant will be made on May 1, 2002.

### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers, directors, and persons who own more than 10 percent of the Company's common stock to file reports of ownership and changes in ownership concerning the common stock with the Securities and Exchange Commission, and to furnish the Company with copies of all Section 16(a) forms they file. Based solely on the Company's review of the Section 16(a) filings that the Company has received, the Company believes that all filings required to be made under Section 16(a) during 2001 were timely made. However, the Company did discover in preparing the filing on Form 5 for 2001 on behalf of John M. Dunn that the Company, which prepares these reports on behalf of its insiders, had inadvertently understated Mr. Dunn's ownership of Common Stock by 1,008 shares. This error has been corrected and the current filing on Form 5 accurately reflects Mr. Dunn's holdings of Company Common Stock.

### REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the board of directors. The committee consists of five members, all of whom are independent from the Company and the Company's management in accordance with the New York Stock Exchange's listing requirements. The committee met four (4) times during the past fiscal year, and operates under a

## Edgar Filing: VECTREN CORP - Form DEF 14A

written Audit Committee Charter adopted by the board of directors of the Company on March 31, 2000. Under the Audit Committee Charter, the committee has the authority and the responsibility to select, evaluate, and replace the independent accountants, to review the scope, conduct, and results of audits performed, and to make inquiries as to the differences of views, if any, between such independent accountants and officers and employees of the Company and subsidiaries with respect to the financial statements and records and accounting policies, principles, methods and systems. It further considers whether the provision by the independent accountants of services for the Company in addition to the annual audit examination is compatible with maintaining the independent accountants' independence. Finally, the committee reviews the policies and guidelines of the Company and subsidiaries designed to ensure the proper use and accounting for corporate assets, and the activities of the Company's Internal Audit department.

In fulfilling its oversight responsibilities, the committee reviewed the audited financial statements in the Annual Report on Form 10-K with management, including a discussion of the quality and acceptability of the Company's financial reporting and controls. The committee reviewed with the independent accountants, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the committee under generally accepted auditing standards. In addition, the committee has discussed with the independent accountants the accountants' independence from management and the Company, including the matters in the accountants' written disclosures required by the Independence Standards Board.

The committee also discussed with the Company's internal auditors and independent accountants the overall scope and plans for their respective audits. The committee meets periodically with the internal auditors and independent accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

8

Management is responsible for the Company's financial reporting process including its system of internal control, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent accountants are responsible for auditing those financial statements. The committee's responsibility is to monitor and review these processes. It is not the committee's duty or responsibility to conduct auditing or accounting reviews or procedures. The committee members are not employees of the Company and may not be, and may not represent themselves to be or to serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent accountants included in their report on the Company's financial statements. Furthermore, the committee's considerations and discussions with management and the independent accountants do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or that the Company's independent accountants are in fact "independent."

## Edgar Filing: VECTREN CORP - Form DEF 14A

In reliance on the reviews and discussions referred to above, the committee recommended to the board of directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2001 for filing with the Securities and Exchange Commission. The committee also evaluated and selected Arthur Andersen, LLP as the Company's independent accountants for fiscal year 2002. The committee further recommended to the board of directors that the shareholders of the Company be recommended to ratify this appointment.

### EXECUTIVE COMPENSATION AND OTHER INFORMATION REPORT OF THE COMPENSATION COMMITTEE

The Compensation committee is responsible for reviewing and approving all elements of the total compensation program for officers of the Company and certain of its subsidiaries and serves as the administrator of the annual and long-term incentive plan, including the Company's At-Risk Compensation Plan (the "At-Risk Plan"). The committee is also responsible for monitoring the Company's executive compensation programs to ensure that they are aligned with the Company's business strategies and financial goals. The committee is composed entirely of independent, non-employee directors.

#### A. Executive Compensation Policy.

The Company's total compensation program for officers includes base salaries, as well as annual incentive and long-term incentive opportunities under the At-Risk Plan. The committee's primary objective is to achieve above-average performance by providing the opportunity to earn above-average total compensation (base salary, at-risk annual and long-term incentives) for above-average performance. Each element of total compensation is designed to work in concert. The total program is designed to attract, motivate, reward and retain the broad-based management talent required to serve customer, employee, and shareholder interests. The Company believes that the program also motivates the Company's officers to acquire and retain appropriate levels of stock ownership

9

and is competitive with programs offered by comparable organizations of similar size. It is the opinion of the committee that the total compensation earned by Company officers in 2001 achieves these objectives and is fair and reasonable. Each aspect of the total compensation program is discussed in greater detail below.

#### B. Components of Executive Compensation.

##### Base Salary

Individual salaries are set based on market comparisons to actual pay for comparable positions within the utility industry, and industry in general. In determining actual salaries, the committee takes into consideration individual performance, experience, potential, and changes in executive responsibilities. Establishing industry-based salaries provides an objective standard by which to

## Edgar Filing: VECTREN CORP - Form DEF 14A

judge the reasonableness of the Company's salaries, maintains the Company's ability to compete for and retain qualified executives, and ensures that internal responsibilities are properly rewarded.

### Annual Incentive Compensation

All of the Company's officers have a significant portion of their total compensation at risk. Participation in the annual incentive opportunity under the At-Risk Plan, which includes the chief executive officer, is extended to those positions that play key roles in achieving annual financial and operating objectives. Annual incentive opportunities are also based on periodic reviews of prevailing practices for comparable positions among similar companies of comparable size. The potential incentive award is determined annually by non-employee directors and is based upon a percentage of each participant's base salary. During the past year, target annual incentive opportunities for executive officers, excluding the chief executive officer, ranged from 25 to 55 percent of base salary.

For 2001, under the At-Risk Plan, the committee established two performance metrics to be used for determining whether and to what extent annual incentive payments would be made to participants. One metric was based upon the Company's achievement of specified earnings per share ("EPS") measures, as adjusted for normal weather and certain extraordinary and non-recurring events that were identified by the committee at the time of the establishment of the metrics and were expected to occur during the year. For 2001, this metric represented a significant portion of the total annual incentive payment opportunity. The committee established three 2001 EPS measures for payments: threshold (zero payment); target; and maximum (two times target incentive). Linear interpolation was to be used for results between threshold, target and maximum. Because the Company's 2001 EPS, as adjusted for the items established by the committee and referenced above, did not exceed threshold, there was no payment to executives under the At-Risk Plan for this metric.

The other metric was based upon achieving a specified level of safety performance during 2001, and represented the balance of the total annual incentive opportunity. This metric was designed to incent the minimization of OSHA recordable accidents at the Company and the Company's regulated subsidiaries. Similar to the EPS metric, the committee established achievement standards for 2001 OSHA Recordable Accidents: threshold; target; and maximum. Similar to the measurement used for the first metric, linear interpolation was used for results between threshold, target and maximum. In 2001, the actual number of OSHA recordable accidents resulted in a maximum payment with respect to this metric.

The annual incentive payments shown in the Summary Compensation Table for 2000 compensation (and paid in calendar year 2001) include payments that were for the performance period from April 1, 2000 through December 31, 2000. At the time of the preparation of last year's proxy statement, these payments were not yet calculable and authorized by the Committee and, as a result, they were not able to be reported in that proxy statement. For this partial-year period, the target annual incentive opportunities for the executive officers, excluding the CEO, ranged from 25 to 50 percent. For this partial year period, the committee established one metric, earnings per share, as adjusted for normal weather and certain extraordinary and non-recurring events

which were specifically identified by the committee. Similar to the 2001 program, for this partial year period the committee calibrated the incentive payouts using measures for threshold (zero payment), target, and maximum (two

## Edgar Filing: VECTREN CORP - Form DEF 14A

times target incentive). Based upon the Company's actual EPS, as adjusted pursuant to the methodology established as part of the EPS metric, incentive payments at 1.9 times target were authorized. The actual incentive payments were adjusted on a pro-rata basis to reflect the nine-month performance period.

The amounts payable under the At-Risk Plan for 2002 will be determined and paid early in 2003 and accordingly will be reflected in next year's proxy statement as part of calendar year 2002 compensation.

### Long-Term Incentive Compensation

The purpose of the long-term incentive opportunity under the At-Risk Plan is to retain and motivate the Company's principal officers to increase their incentive to work toward the attainment of the Company's long-term growth and profit objectives. Under the plan, the committee recommends to the board of directors, and the non-employee directors determine, the executive officers, as well as other principal officers, to whom grants will be made and the percentage of each officer's base salary to be used for determining the number of shares or options to be granted. Like the potential cash payment that may be received as the annual incentive opportunity under the At-Risk Plan, this component of total compensation is also performance driven and totally at-risk.

As a result of the shareholders approval of the At-Risk Plan in 2001, the committee authorized grants of stock options at the market price on the date of grant to each of the Company's key employees. The award of options under the At-Risk Plan varied for each participant and was based upon market data that established the appropriate market level for those payouts consistent with the Executive Compensation Policy described above. The award was predicated upon a review of long-term market incentive compensation data as of January 2001, and provides that the options will vest in 20 percent increments as of January 1, 2002, and, thereafter, on each January 1 through 2006. The options have a term of ten years. The Company did not make any other equity-based awards in 2001, and the committee does not plan to make any additional long-term grants to executives during calendar year 2002.

It is the opinion of the committee that the long-term Plan meets the objective of providing executive officers, as well as other principal officers, with the appropriate long-term interest in maximizing shareholder value. A participant's increased level of equity in the Company is contingent upon the additional enhancement of shareholder value relative to the performance of the Company's common stock. In addition, the vesting restrictions provide an incentive for all plan participants to remain with the Company.

### C. Chief Executive Officer Compensation.

The compensation of Niel C. Ellerbrook, Chairman and Chief Executive Officer, consists of the same components as for other executive officers, namely base salary, an at-risk payment under the annual incentive plan, and an at-risk long-term incentive.

In establishing Mr. Ellerbrook's total compensation for 2001, the committee considered the total compensation of other chief executive officers in comparable companies, the financial and business performance of the Company, and a subjective evaluation of the leadership role provided by Mr. Ellerbrook.

Mr. Ellerbrook's base salary was established on the same basis as the other Company officers. This basis was described previously in this report.

Mr. Ellerbrook's annual incentive opportunity and actual payment received for 2001 were established pursuant to the At-Risk Plan and was based upon the two metrics described in section B of this report--2001 EPS and Safety. With respect to 2001 EPS, which accounted for the vast majority of Mr. Ellerbrook's

annual

11

incentive opportunity, he received no payment. Regarding Safety, he received the maximum payment, which was the balance of the annual incentive opportunity. This method of measurement ensured the linkage of this aspect of Mr. Ellerbrook's compensation to the Company's financial performance, as well as the maintenance of a safe workplace. Mr. Ellerbrook was eligible to receive a target annual incentive opportunity of 70 percent of salary and a maximum annual incentive of 140 percent of salary.

As with the other executives, the incentive payment shown for Mr. Ellerbrook for 2000 (and paid in 2001) was based, in part, on the performance period of April 1, 2000 to December 31, 2000 and for that partial year period was based entirely on EPS. For this partial year period, Mr. Ellerbrook was eligible to receive a target annual incentive of 70 percent and a maximum of 140 percent of base salary. As described previously, based upon the Company's actual EPS, as adjusted pursuant to the methodology established as part of the EPS metric, Mr. Ellerbrook received an incentive payout of 1.9 times target, which was further adjusted on a pro-rata basis to reflect the nine-month performance period.

Mr. Ellerbrook's receipt of stock options under the At-Risk Plan is likewise directly linked to the Company's performance. Whether the options have value and, if so, in what amount, will depend upon the performance of the Company's common stock.

For the same reasons expressed above with respect to the conclusion regarding the appropriateness of the total compensation provided other executive officers, it is the opinion of the committee that Mr. Ellerbrook's total compensation is reasonable and appropriate.

#### D. Share Ownership.

The Company's share ownership policy requires officers and directors to meet share ownership targets. That policy was adopted in 2000 and it provides for a five year transition period for officers to comply. The Committee expects the officers to make ratable progress toward compliance each year. The program includes these key features:

- . Participants who are officers have a share ownership target based on a multiple of their base salary, ranging from two times base salary for certain participants to five times for Mr. Ellerbrook. As of the end of 2001, four of the five named executive officers listed in the compensation table on page 14, already exceed the established ownership requirements.
- .. Participants who are non-employee board members have a share ownership target of five times the annual retainer amount of \$20,000. As of the end of 2001, ten of the eleven non-employee board members already exceed the established ownership requirement.
- . As an incentive to maximize shareholder value, a participant may count toward his or her target the value of owned shares, including phantom units of Company stock in the Company's Non-Qualified Deferred Compensation Plan, the value of vested "in the money" stock options and the market value of restricted shares, with market value based on the market price of the Company's common shares.

#### E. Compensation Consultant, Termination Benefits Agreements And Deductibility Of Executive Compensation.

## Edgar Filing: VECTREN CORP - Form DEF 14A

To assist the committee, the services of an independent compensation consultant are utilized. The consultant assists by evaluating the total compensation system relative to the compensation systems employed by comparable companies. The consultant also provides an additional measure of assurance that the system is a reasonable and appropriate means to achieve the Company's objectives.

As described elsewhere under the heading "Employment And Termination Benefits Agreements," the Company has entered into employment agreements with each of the executive officers. These agreements do not affect in any manner the recommendations of the committee and the determinations by the non-employee members of the board with respect to the total compensation provided the executive officers.

12

In 1993, Congress enacted Section 162(m) of the Internal Revenue Code ("Code"), applicable to the individual executives named in the Summary Compensation Table, that disallows corporate deductibility for "compensation" paid in excess of One Million Dollars unless the compensation is payable solely on achievement of an objective performance goal. The "At-Risk Compensation Plan" has been structured to satisfy the requirements of 162(m) of the Code. Consequently, the committee does not anticipate that in the future the compensation paid to executive officers in the form of base salaries and incentive compensation will be non-deductible under Section 162(m) of the Code.

Earnings are shown on a calendar year basis.

- (1) The amounts shown in this column for 2001 are payments under the Company's At-Risk Compensation Plan, which is discussed above in Part B, relating to "Annual Incentive Compensation," and Part C of the Compensation Committee Report. The amounts shown in this column for 2000 include payments under the Company's Executive Annual Incentive Plan, Indiana Energy's Annual Management Incentive Plan (for Mr. Ellerbrook, Mr. Chapman, Mr. Benkert, and Mr. Christian), and the SIGCORP Corporate Performance Plan (for Mr. Goebel). The amount paid to Mr. Goebel in 1999 is attributable to SIGCORP's performance in the previous year. For Mr. Ellerbrook, Mr. Chapman, Mr. Benkert, and Mr. Christian, bonus payments shown in 1999 are attributable to Indiana Energy's performance for the 1999 fiscal year. The amounts shown for 2001 are attributable to the Company's At-Risk Compensation Plan for the performance period of January 1 to December 31, 2001.

Included in year 2000 of the table are payments attributable to the Company's Executive Annual Incentive Plan for the performance period of April 1 to December 1, 2000 (Mr. Ellerbrook, \$489,000; Mr. Goebel, \$232,000; Mr. Chapman, \$178,000; Mr. Benkert, \$125,000; and Mr. Christian, \$120,000). As of the time of the preparation of the proxy statement for last year's meeting, these payments were not yet calculable and were not determined by the Compensation Committee until after the finalization and mailing of the proxy statement. At the close of the merger of Indiana Energy and SIGCORP into the Company on March 31, 2000, the existing annual incentive programs of the two companies were terminated and a "stub year" payout was made based on the portion of

## Edgar Filing: VECTREN CORP - Form DEF 14A

the performance cycle that had passed. For Indiana Energy, a prorated payout for six months, October 1, 1999 to March 31, 2000 was made. For Mr. Ellerbrook (\$94,357), Mr. Chapman (\$48,326), Mr. Benkert (\$31,422), and Mr. Christian (\$33,910), these bonus payments are included in year 2000 in the table. For the SIGCORP Performance Plan, a prorated payout for three months, January 1, 2000 to March 31, 2000 was made. For Mr. Goebel, this stub year bonus was \$29,500. Also included in 2000 for Mr. Goebel, (\$107,500) is the payment attributable to SIGCORP's performance for the period January 1 to December 31, 1999.

- (2) The amounts shown in this column are dividends paid on restricted shares issued under the Vectren Corporation Executive Restricted Stock Plan (formerly the Indiana Energy Executive Restricted Stock Plan), which was adopted by the Company on March 31, 2000. No restricted shares were issued to executives in 2001. Mr. Goebel did not participate in the Stock Plan prior to March 31, 2000.
- (3) For 1999, the options shown in this column were restated to reflect the conversion ratio of 1.333 described above in Section titled "Voting Securities." The options shown for year 2001 were issued under the Company's At-Risk Compensation Plan. For further information, see the discussion above in Part B relating to "Long-term Incentive Compensation," and Part C of the Compensation Committee Report.
- (4) The amounts shown in this column represent the value of shares issued under the Vectren Corporation Restricted Stock Plan and for which restrictions were lifted in each year. At the time of the merger, Indiana Energy executives had restricted stock performance grants relating to open performance measurement periods. (Under normal circumstances, at the close of each performance cycle, Indiana Energy's Total Shareholder Return would have been compared to a peer group and the number of restricted shares granted would have been adjusted in accordance with the plan.) The Board concluded that it would be difficult, if not inappropriate, to use Vectren's performance to make adjustments to the prior grants. Based upon the frequency of past performance grants, the Board awarded 75 percent of the present value of the potential performance grants. The value of these grants is included in the 2000 row. Grants related to this closing cycle are: Mr. Ellerbrook--10,758 shares, \$213,493; Mr. Chapman--4,926 shares, \$97,756; Mr. Benkert--3,828 shares, \$75,967, Mr. Christian--2,674 shares, \$53,066. The balance of the value in the 2000 row reflects stock from other grant cycles for which restrictions were lifted in 2000 coincident with the consummation of the merger.
- (5) The amount shown in this column represents several compensation elements.
  - a) Relocation--As a result of the Vectren merger, many employees of Indiana Energy were asked to move to Evansville, Indiana, the new headquarters of Vectren Corporation. As part of a relocation program, relocating employees were offered a "relocation bonus" equal to 25 percent of their annual base salary and other allowances related to the move. Of the five officers discussed in this section, four relocated and, therefore, received income related to relocation: Mr. Ellerbrook--\$204,797, Mr. Chapman--\$114,919, Mr. Benkert--\$86,817, Mr. Christian--\$79,394. These payments were made in year 2000. Mr. Christian also received reimbursement for taxable relocations expenses in 1999-- \$72,168.
  - b) Change-in-Control Walk-Away Provisions--Several Indiana Energy officers had change-in-control agreements at the time of the merger. These agreements contained "walk-away" provisions that would have allowed officers to exercise their agreements anytime within a thirteen-month period following the close of the Vectren merger. The Board felt it was important to maintain the continuity of the officer group through the merger process and asked that all change-in-control agreements be terminated at the close of the merger and new agreements be put in place. Recognizing the value of the

Edgar Filing: VECTREN CORP - Form DEF 14A

walk-away provision, the Board felt that officers should be compensated for losing the right to exercise the provision. A settlement equal to 25 percent of the officers' annual base salary was made. Of the five officers discussed in this section, three received these settlements: Mr. Ellerbrook--\$122,500, Mr. Chapman--\$62,500, Mr. Benkert--\$55,000. These amounts were paid in 2000.

- c) For Mr. Ellerbrook, Mr. Chapman, Mr. Benkert, Mr. Christian, the balance of this column reflects Company contributions to the retirement savings plan (Ellerbrook: 2001--\$10,031, 2000--\$10,200, 1999--\$9,600, Chapman: 2001--\$10,200, 2000--\$10,200, 1999--\$9,600, Benkert: 2001--\$10,200, 2000--\$10,200, 1999--\$9,600, Christian: 2001--\$8,367, 2000--\$9,911) the dollar value of insurance premiums paid by, or on behalf of, the Company and its subsidiaries with respect to split-dollar life insurance for the benefit of executive officers (Ellerbrook: 2001--\$47,444, 2000--\$24,496, 1999--\$18,746; Chapman: 2001--\$11,101, 2000--\$8,880, 1999--\$8,589; Benkert: 2001--\$7,549, 2000--\$4,705, 1999--\$4,423, Christian: 2001--\$12,793, 2000--\$10,255), credits for flexible spending accounts, wellness, and perfect attendance (Ellerbrook: 2000--\$75, 1999--\$579; Chapman: 2000--\$150, 1999--\$438; Benkert: 2000--\$196, 1999--\$196; Christian: 2000--\$125), deferred compensation contributions to restore employer contributions to the Company Retirement Savings Plan (Ellerbrook: 2001--\$52,240, 2000--\$18,174, 1999--\$12,237, Chapman: 2001--\$16,657, 2000--\$4,507, 1999--\$3,277; Benkert: 2001--\$12,265, 2000--\$2,632, 1999--\$282, Christian: 2001--\$12,610, 2000--\$2,033, 1999--\$4,375), reimbursement for taxable expenses (Ellerbrook: 2001--\$10,563, 2000--\$12,884, 1999--\$10,124; Chapman: 2001--\$1,125, 2000--\$18,977, 1999--\$9,345; Benkert: 2001--\$3,890, 1999--\$3,991; Christian: 2001--\$2,560), and non-cash earnings (Ellerbrook: 2000--\$6,000).
- d) For Mr. Goebel, this column contains income related to reimbursement for taxable expenses (2001-- \$9,195, 2000--\$954, 1999--\$1,540), imputed earnings from automobile usage (2000--\$961, 1999--\$6,683), Company contributions to the retirement savings plan (2001--\$10,200, 2000--\$10,184, 1999--\$4,800), and deferred compensation contributions to restore employer contributions to the Company Retirement Savings Plan (2001--\$25,280). In addition, at the close of the merger, officers coming from SIGCORP were no longer furnished with company automobiles (Indiana Energy executives were not furnished with company automobiles). As a result of the termination of this perquisite, Mr. Goebel was given a one-time automobile buyout of \$5,538, paid in 2000.

### RETIREMENT SAVINGS PLAN

During the past fiscal year, the Company sponsored the Retirement Savings Plan which covers both bargaining and non-bargaining employees. Effective as of July 1, 2000, retirement savings plans maintained by SIGCORP and its subsidiaries were merged with and into the Company's Retirement Savings Plan.

In general, the Company's Retirement Savings Plan permits participants to elect to have not more than 19 percent (or, effective January 1, 2002, 50 percent) of their qualified compensation (subject to certain maximums imposed on highly compensated employees by the Internal Revenue Code) invested on a tax-deferred basis in shares of the Company's common stock or various investment funds. Non-bargaining participants in the Savings Plan who were employees of Indiana Energy or its subsidiaries before the merger with the Company have matching Company contributions made to the plan on their behalf equal to 50 percent of their contributions not in excess of 6 percent of their individual redirected compensation and non-matching contributions of 3 percent; non-bargaining participants in the Savings Plan who were not employees of Indiana Energy or its subsidiaries before the merger with the Company have matching Company contributions made to the plan on their behalf equal to 50 percent of their contributions not in excess of 6 percent of their individual redirected compensation. Also, a 3 percent Company contribution is made to the Savings Plan for all eligible non-bargaining employees at the end of each year who were not employees of Indiana Energy or its subsidiaries before the merger and who did not elect to stay in the SIGECO defined benefit formula as it existed before the merger. Effective January 1, 2002, the 3 percent annual contribution will not be made for employees of certain non-regulated subsidiaries.

The Summary Compensation Table shows the value of contributions made to the plan for executive officers in the column marked "All Other Compensation."

### RETIREMENT PLANS

During the past fiscal year, the Company sponsored a defined benefit pension plan covering full-time employees of the Company and certain of its subsidiaries who meet certain age and service requirements. The Company's plan covers salaried employees, including executive officers, and provides fixed benefits at normal retirement age based upon compensation and length of service, the costs of which are fully paid by the employer and are computed on an actuarial basis. The pension plan also provides for benefits upon death, disability and

## Edgar Filing: VECTREN CORP - Form DEF 14A

early retirement under conditions specified therein. The remuneration covered by this plan includes all compensation for regular work periods (including overtime and bonuses). As of July 1, 2000, the retirement plans maintained by SIGECO were merged into, and became part of, the Company's defined benefit pension plan.

During the past fiscal year, the Company had a supplemental pension plan covering certain of the principal officers of the Company and its subsidiaries. The supplemental pension plan provides fixed benefits at normal retirement age based upon compensation and is computed on an actuarial basis. The supplemental pension plan also provides for benefits upon death, disability and early retirement under conditions specified therein, including service requirements. This supplemental pension plan also provides a reduced benefit to a participant who voluntarily terminates his employment with a participating employer (which may consist of the Company or one or more of its subsidiaries) before normal retirement age (65), but following a change in control of the Company. The remuneration covered by the supplemental pension plan includes all compensation for regular work periods (including incentive payments and other forms of additional compensation).

Upon retirement at or after age 65, any participant in the supplemental pension plan will, in general, be entitled to an annual pension for life which, when added to primary Social Security benefits, defined benefit pension plan benefits, described above, and benefits under the Retirement Savings Plan attributable to contributions by participants' employers, will equal approximately 65 percent of the participant's average annual compensation during the 60 consecutive calendar months immediately preceding the participant's retirement date. The amounts paid under the supplemental pension plan are unfunded and are paid from the general assets of the Company.

The following table illustrates the estimated normal annual retirement benefits payable to a covered participant retiring at age 65 under the supplemental pension plan, under the defined benefit plan based on the specified remuneration, under the Retirement Savings Plan attributable to contributions made by the Company and, as pertinent, one or more of its subsidiaries, and including an estimated primary Social Security Benefit. The compensation included in the Summary Compensation Table under salary and payments under the annual Incentive Plan qualifies as remuneration for purposes of these plans. The amounts shown do not reflect reductions, which would result from joint and survivor elections.

-----

(1) The compensation covered by the plans includes the salary and incentive payments shown on the Summary Compensation Table. Years of service are not used in calculating the benefit amount under the Unfunded Supplemental Retirement Plan. Benefits under the supplemental plan above would be offset by Social Security and benefits under the defined benefit plan and Retirement Savings Plan attributable to contributions made by the Company and, as pertinent, one or more of its subsidiaries.

19

(2) Although the benefit attributable to the Savings Plan may be paid in a single lump sum payment, it has been converted to an annual benefit for purposes of this table. The estimated aggregate annual pension plan benefit may be greater than the amounts in the table to the extent that the Savings Plan benefit, after conversion to an annual benefit and when added to the annual benefit under the applicable defined benefit plan, exceeds the amount specified in the table. Since the Savings Plan has only been in effect for a few years, it is unlikely in the near future that the aggregated Savings Plan benefit and defined benefit plan benefits will exceed the amount specified in the table.

#### STOCK OPTION PLAN

Prior to the merger with the Company, SIGCORP maintained its 1994 Stock Option Plan. Effective as of the merger, each unexpired and unexercised option to purchase SIGCORP common shares was automatically converted into an option to purchase the number of the Company's common shares that could have been purchased under the original option multiplied by 1.333. The exercise price per share of Company common stock under the new options is equal to the original per share option exercise price divided by 1.333. To date, a total of 999,752 options have been granted. Since the merger, no additional options have been granted under the 1994 Stock Option Plan, nor does the Company intend to issue any additional options under this plan.

#### EMPLOYMENT AGREEMENTS

The Company, with the approval of the board of directors, has entered into employment agreements with Messrs. Niel C. Ellerbrook, Andrew E. Goebel, Jerome A. Benkert, Carl L. Chapman and Ronald E. Christian, each dated as of March 31, 2000. Each agreement continues for a period of three years, and is automatically renewable on a month-to-month basis thereafter unless notice is given by either party of its intention to terminate the agreement at the end of the then current period. Each individual is entitled to compensation consisting of an annual aggregate base salary, an annual bonus opportunity based on established performance targets, and such additional compensation as the board of directors determines throughout the employment period. Under the agreements, each individual is eligible to participate in all long-term incentive plans, all stock incentive plans, and all savings and retirement plans to the extent applicable generally to other peer executives of the Company. Each agreement is also subject to termination in the event of disability, death, or voluntary retirement by the individual, attainment by the individual of the age of 65, or his termination for cause.

Each employment agreement also requires the Company to pay amounts to the individual when the applicable employment agreement has been terminated under the following circumstances:

. If the Company terminates the employment of the executive for any reason

## Edgar Filing: VECTREN CORP - Form DEF 14A

(other than cause, death, the executive's attainment of age 65, or the executive's total and permanent disability); or

- . If the executive voluntarily terminates his employment for good reason (i.e., certain material changes in the terms of the executive's employment); or
- . The executive voluntarily terminates his employment without reason during the 30-day period immediately following the first anniversary of a change of control of the Company.

If an employment agreement is terminated coincident with or after an acquisition of control of the Company, the Company is required to pay to the individual a cash amount equal to: (a) the executive's annual base salary plus the highest bonus paid to the executive during the previous three years multiplied by (b) the lesser of three, or the number of years (rounded to the nearest twelfth ( 1/12th) of a year) between the date the employment agreement is terminated and the executive's attainment of age 65. If an employment agreement is terminated under any of the other circumstances described above, the Company is required to pay to the individual a cash amount equal to: (a) the executive's annual base salary plus the highest bonus paid to the

20

executive during the previous three years multiplied by (b) the number of years remaining in the employment agreement's term (rounded to the nearest twelfth ( 1/12th) of a year). In addition to the cash payment, if an employment agreement terminates under any of the circumstances described above, any restricted stock, stock options, and any other stock awards under any Company sponsored plan or arrangement that were outstanding (immediately prior to March 31, 2000) become immediately vested and/or exercisable.

As part of a restructuring of the Company in 2001, certain officers and employees of the Company or subsidiary companies were terminated under early retirement agreements and their previous employment agreements were terminated. Under the terms of a retirement agreement with J. Gordon Hurst, formerly an Executive Vice President of the Company, the Company agreed to make the following severance payments to Mr. Hurst: 2001--\$116,746; 2002--\$1,067,316; 2003--\$584,752; 2004--\$526,817.

### ITEM 2. RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The board of directors recommends that the stockholders ratify the selection of Arthur Andersen, LLP ("Andersen") as independent public accountants to examine the consolidated financial statements of the Company and its subsidiaries for the fiscal year ending December 31, 2002. A representative of Andersen will be present at the annual meeting to make a statement if such representative desires to do so and to respond to appropriate questions.

The votes cast for ratification must exceed the votes cast against ratification. Abstentions will not be counted either for or against the proposition. In the event the stockholders fail to ratify the appointment, the Audit committee of the board of directors will consider it as a direction to select other auditors. Even if the selection is ratified, the board of directors in its discretion may direct the appointment of a different independent accounting firm at any time during the year if the board of directors determines that such change would be in the best interest of the Company and its stockholders.

The board of directors recommends voting "FOR" this proposal.

#### INDEPENDENT PUBLIC ACCOUNTANTS OF THE COMPANY

The board of directors has recommended that the stockholders ratify the selection of Andersen as the independent public accountants of the Company and its subsidiaries for fiscal year 2002. See "Report of the Audit Committee," and "Item 2. Ratification Of Appointment Of Independent Accountants."

#### Audit Fees

The aggregate fees paid to Andersen for professional services rendered for the audit of the Company's 2001 fiscal year annual financial statements, and the reviews of the Company's financial statements included in the Company's Forms 10-Q filed during the Company's 2001 fiscal year were \$481,000. This includes fees incurred for audit services related to certain of the Company's subsidiaries, in connection with the audit of the Company's financial statements.

#### Financial Systems Design and Implementation Fees

No services were rendered by Andersen during the Company's 2001 fiscal year in connection with: (a) operating or supervising the operation of the Company's information system; or (b) designing or implementing a hardware or software system that aggregates source data underlying the Company's financial statements or generates information that is significant to the Company's financial statements.

## Edgar Filing: VECTREN CORP - Form DEF 14A

### All Other Fees

The aggregate fees paid to Andersen for other services totaled \$1,452,000. Of this amount, audit-related fees were \$767,000 and consisted of (i) assistance with registration statements, comfort letters, consents and other communications with the Securities and Exchange Commission, (ii) assistance with and consultation on various accounting issues and changes in accounting standards, and (iii) audits of employee benefit plans. Fees paid to Andersen for other services totaled \$685,000 and consisted of (i) tax planning and review of tax returns of the Company, and (ii) customer information system conversion consultation and controls assessment.

The Audit committee of the board of directors has considered whether the provision by Andersen of the services described above is compatible with maintaining Andersen's independence.

23

### COST AND METHOD OF SOLICITATION

The cost of preparing, assembling, printing and mailing this proxy statement, the enclosed proxy and any other material which may be furnished to shareholders in connection with the solicitation of proxies for the meeting will be borne by the Company. The Company has retained D. F. King & Company to assist in soliciting proxies from shareholders, including brokers' accounts, at an estimated fee of \$6,500 plus reasonable out-of-pocket expenses. In addition, some of the officers and regular employees of the Company, who will receive no compensation therefor in addition to their regular salaries, may solicit proxies by telephone, telegraph or personal visits, and it is estimated that the cost of such additional solicitation, if any, will not exceed \$500, and will be borne by the Company. The Company expects to reimburse banks, brokerage houses and other custodians of stock for their reasonable charges and expenses in forwarding proxy material to beneficial owners.

### ANNUAL REPORT

A copy of the Company's annual report, including consolidated financial statements for the fiscal year ended December 31, 2001, was mailed to shareholders on or about March 15, 2002.

### REVOCATION RIGHTS

A shareholder executing and delivering the enclosed proxy may revoke it by written notice delivered to the secretary of the Company, or in person at the annual meeting, at any time before the authority granted by it is exercised.

### NOMINATION OF DIRECTORS BY SHAREHOLDERS

If a shareholder entitled to vote for the election of directors at a shareholders' meeting desires to nominate a person for election to the board of directors of the Company, pursuant to the Company's By-Laws, any such nominations must be made pursuant to notice delivered to, or mailed and received at, the principal office of the Company, not less than 90 days nor more than 120 days prior to the first anniversary date of the annual meeting of the shareholders for the preceding year; provided, however, that if the annual meeting is not scheduled to be held within a period that commences 30 days before such anniversary date and ends 30 days after such anniversary date, such shareholder notice shall be given by the later of: (a) the date 90 days prior

## Edgar Filing: VECTREN CORP - Form DEF 14A

to the actual date of shareholder meeting, or (b) the tenth day following the day on which the annual meeting date is first publicly announced or disclosed. In any case, such shareholder's notice must set forth, in addition to the name and address of the shareholder submitting the nomination, as to each person whom the shareholder proposes to nominate for election or re-election as a director: (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) the class and number of shares of the Company which are beneficially owned by such person, (iv) any other information relating to such person that is required to be disclosed in the solicitation of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (including, without limitation, such person's written consent to be named in the proxy statement as a nominee and to serve as a director, if elected), and (v) the qualifications of the nominee to serve as a director of the Company.

### SHAREHOLDERS' PROPOSALS FOR 2003 ANNUAL MEETING

Under Rule 14a-8 of the Securities Exchange Act of 1934, shareholders of the Company may present proper proposals for inclusion in the Company's proxy statement and for consideration at the 2003 annual meeting of its shareholders by submitting their proposals to the Company in a timely manner. In order to be so included for the

24

2003 annual meeting, shareholder proposals must be received at the Company's principal office, 20 N. W. Fourth Street, Evansville, Indiana 47708, Attention: Corporate Secretary, no later than November 15, 2002, and must otherwise comply with the requirements of Rule 14a-8.

If a shareholder desires to bring business before the meeting which is not the subject of a proposal timely submitted for inclusion in the proxy statement, the shareholder must follow procedures outlined in the Company's Code of By-Laws. A copy of these procedures is available upon request from the Corporate Secretary at the address referenced above. One of the procedural requirements in the Company's Code of By-Laws is timely notice in writing of the business the shareholder proposes to bring before the meeting. To be timely a shareholder's notice must be delivered to, or mailed and received at, the principal office of the Company not less than 90 days nor more than 120 days prior to the first anniversary date of the annual meeting of the shareholders for the preceding year; provided, however, that if the annual meeting is not scheduled to be held within a period that commences 30 days before such anniversary date and ends 30 days after such anniversary date, such shareholder notice shall be given by the later of: (a) the date 90 days prior to the actual date of shareholder meeting, or (b) the tenth day following the day on which the notice of the annual meeting is first publicly announced or disclosed. The shareholder's notice must set forth (i) a brief description of the matter to be brought before the meeting, (ii) the name and address as they appear on the corporate records of the shareholder proposing the business, (iii) the number of shares of capital stock of the Company beneficially owned by the shareholder and (iv) any interest of the shareholder in the business.

By order of the board of directors.

ELECTRONIC ACCESS TO FUTURE DOCUMENTS  
NOW AVAILABLE

You now have the opportunity to access your Annual Report and Proxy Statement over the Internet, instead of receiving these documents in print. Participation is completely voluntary. If you give your consent to receive future annual reports and proxy statements via the Internet, we will notify you each year of the Internet location when the documents become available. Once you give your consent, it will remain in effect until you notify Vectren Corporation by mail that you wish to resume mail delivery of the Annual Report and Proxy Statement. As a Vectren shareholder, you have the right to request copies of these documents.

To give your consent, follow the prompts when you vote by telephone or over the Internet. If you are voting by mailing your proxy card, check the appropriate box located on the proxy card below.

. Please fold and detach card at perforation before mailing.
