**PROXY STATEMENT
QUESTIONS AND ANSWERS**

Why did I receive these proxy materials?

We are sending you this proxy statement as part of a solicitation by the Board of Directors of NeuStar, Inc. for use at our 2007 Annual Meeting of Stockholders and at any adjournment or postponement that may take place. Unless the context otherwise requires, the terms us, we, our, and the Company include NeuStar, Inc. and its consolidated subsidiaries.

You are invited to attend our Annual Meeting of Stockholders on Monday, July 9, 2007, beginning at 5:00 p.m., local time. The Meeting will be held at the Hilton McLean Tysons Corner, located at 7920 Jones Branch Drive, McLean, Virginia, 22102.

This Notice of Annual Meeting of Stockholders, proxy statement, form of proxy and voting instructions and our 2006 Annual Report are first being mailed starting approximately May 18, 2007.

Do I need a ticket to attend the Meeting?

You will need an admission ticket or proof of ownership to enter the Meeting. An admission ticket is attached to your proxy card if you hold shares directly in your name as a stockholder of record. If you plan to attend the Meeting, please vote your proxy but keep the admission ticket and bring it with you to the Meeting.

If your shares are held beneficially in the name of a bank, broker or other nominee and you plan to attend the Meeting, you must present proof of your ownership of NeuStar stock, such as a bank or brokerage account statement, to be admitted to the Meeting. If you would rather have an admission ticket, you can obtain one in advance by mailing a written request, along with proof of your ownership of NeuStar stock, to:

**NeuStar, Inc.
Attn: Corporate Secretary
46000 Center Oak Plaza
Sterling, Virginia 20166**

All stockholders also must present a form of personal identification in order to be admitted to the Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Meeting.

Who is entitled to vote at the Meeting?

Holders of NeuStar common stock at the close of business on May 11, 2007 (the Record Date), are entitled to receive this Notice and to vote their shares at the Meeting. As of April 15, 2007, there were 75,834,226 shares of Class A common stock outstanding and entitled to vote and 10,166 shares of Class B common stock outstanding and entitled to vote. All holders of common stock shall vote together as a single class, and each holder of common stock is entitled

to one vote per share of Class A common stock and one vote per share of Class B common stock on each matter properly brought before the Meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with NeuStar's transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the stockholder of record. The Notice of Annual Meeting of Stockholders, proxy statement and proxy card have been sent directly to you by NeuStar.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name. The Notice of Annual Meeting of Stockholders, proxy statement and proxy card and our 2006 Annual Report have been forwarded to you by your broker, bank or other nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or on the Internet (if available).

How do I vote?

You may vote using any of the following methods:

By Mail

Be sure to complete, sign and date the proxy card or voting instruction card and return it in the prepaid envelope. If you are a stockholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by that proxy as recommended by the Board of Directors.

If you are a stockholder of record and the prepaid envelope is missing, please mail your completed proxy card to **NeuStar, Inc., 46000 Center Oak Plaza, Sterling, Virginia 20166, Attn: Corporate Secretary.**

By Telephone or on the Internet

The telephone and Internet voting procedures established by NeuStar for stockholders of record are designed to authenticate your identity, allow you to give your voting instructions and confirm that those instructions have been properly recorded.

You can vote by calling the toll-free telephone number on your proxy card. Please have your proxy card in hand when you call. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. If you are located outside the U.S., see your proxy card for additional instructions.

The website for Internet voting is *www.voteproxy.com*. Please have your proxy card handy when you go online. As with telephone voting, you can confirm that your instructions have been properly recorded. If you vote on the Internet, you also can request electronic delivery of future proxy materials.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day, and will close at 11:59 p.m. Eastern Time on July 8, 2007.

The availability of telephone and Internet voting for beneficial owners will depend on the voting processes of your broker, bank or other nominee. Therefore, we recommend that you follow the voting instructions in the materials you receive.

If you vote by telephone or on the Internet, you do not have to return your proxy card or voting instruction card.

In Person at the Meeting

All stockholders may vote in person at the Meeting. You may also be represented by another person at the Meeting by executing a legal proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy

from your broker, bank or other nominee and present it to the inspectors of election with your ballot to be able to vote at the Meeting.

What can I do if I change my mind after I vote my shares?

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

written notice to the Corporate Secretary;

timely delivery of a valid, later-dated proxy or a later-dated vote by telephone or on the Internet; or

voting in person at the Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your bank, broker or other nominee. You may also vote in person at the Meeting if you obtain a legal proxy as described in the answer to the previous question.

All votes that have been properly made and not revoked will be cast as votes at the Meeting.

What shares can I vote?

You can vote all shares that you owned on May 11, 2007, the record date. These shares include (1) shares held directly in your name as the stockholder of record; and (2) shares held for you as the beneficial owner through a broker, bank or other nominee.

What is householding and how does it affect me?

We have adopted a procedure, approved by the Securities and Exchange Commission, called householding. Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Notice of Annual Meeting of Stockholders and proxy statement, unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees and conserve natural resources.

Stockholders who participate in householding will continue to receive separate proxy cards.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Notice of Annual Meeting of Stockholders and proxy statement, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact our transfer agent, American Stock Transfer & Trust Company (in writing: 59 Maiden Lane (Plaza Level), New York, NY 10038; from within the United States by telephone: (866) 668-6550; from outside the United States by telephone: (718) 921-8500).

If you participate in householding and wish to receive a separate copy of this Notice of Annual Meeting of Stockholders and proxy statement, or if you do not wish to participate in householding and prefer to receive separate copies of these documents in the future, please contact American Stock Transfer & Trust Company as indicated above. Additional copies of this Notice of Annual Meeting of Stockholders and proxy statement will be sent promptly after receipt of your request.

Beneficial owners can request information about householding from their banks, brokers or other nominees.

Is there a list of stockholders entitled to vote at the Meeting?

The names of stockholders of record entitled to vote at the Meeting will be available at the Meeting and for ten days prior to the Meeting for any purpose germane to the Meeting, between the hours of 8:45 a.m. and 4:30 p.m. Eastern Time, at our principal executive offices at 46000 Center Oak Plaza, Sterling, Virginia 20166, by contacting the Corporate Secretary.

How can I vote on each of the matters?

In the election of directors, you may vote for all of the nominees, or your vote may be withheld with respect to one or more of the nominees. For the ratification of Ernst & Young LLP as our independent registered public accounting

firm, you may vote for or against, or you may indicate that you wish to abstain from voting on this matter.

What are the voting requirements to elect the directors and to ratify the appointment of Ernst & Young LLP as NeuStar's independent registered public accounting firm for 2007?

The presence of the holders of a majority of the outstanding shares of common stock entitled to vote at the Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a bank, broker or other nominee holding shares for a beneficial owner does not vote on a particular

proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

If you are a beneficial owner, your bank, broker or other nominee is permitted to vote your shares on the election of directors and the ratification of Ernst & Young LLP as our independent registered public accounting firm even if the bank or broker does not receive voting instructions from you. We believe that because the matters being voted upon at the Meeting are not among the specified matters on which banks, brokers or other nominees are prohibited from voting undirected shares, there will be no broker non-votes at the Meeting.

A plurality of the votes cast is required for the election of directors. This means that the director nominees with the most for votes will be elected. Thus, shares present at the Meeting that are not voted for a particular nominee, shares present in person or represented by proxy where the stockholder properly withholds authority to vote for such nominee, and broker non-votes, if any, will not be counted towards such nominee's achievement of a plurality. Stockholders may not cumulate their votes in favor of any one nominee.

Under our bylaws, the affirmative vote of the majority of the votes cast affirmatively or negatively is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm. Abstentions and broker non-votes, if any, are not counted as votes for or against this item.

If you sign your proxy card or voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board (for all director nominees named in the proxy statement and for the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2007).

Could other matters be decided at the Meeting?

At the date of this proxy statement, we did not know of any matters to be raised at the Meeting other than those referred to in this proxy statement.

If other matters are properly presented at the Meeting for consideration, the proxy holders named on the proxy card will have the discretion to vote on those matters for you.

Can I access the Notice of Annual Meeting of Stockholders and proxy statement on the Internet?

The Notice of Annual Meeting of Stockholders and proxy statement are available under the Investor Relations tab on our website at www.neustar.biz. Instead of receiving future copies of our Notice of Annual Meeting and proxy statement by mail, most stockholders can elect to receive an e-mail that will provide electronic links to them. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business, and also will give you an electronic link to the proxy voting site.

Stockholders of Record: If you vote on the Internet at www.voteproxy.com, simply follow the prompts for enrolling in the electronic proxy delivery service. You also may enroll in the electronic proxy delivery service at any time in the future by going directly to www.amstock.com and following the enrollment instructions.

Beneficial Owners: If you hold your shares in a brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your bank or other nominee regarding the availability of this service.

Who will pay for the cost of this proxy solicitation?

We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees, acting without special compensation, in person or by telephone, electronic transmission or facsimile transmission.

Who will count the vote?

Representatives of our transfer agent, American Stock Transfer & Trust Company, will tabulate the votes and act as inspectors of election.

How may I obtain NeuStar's Form 10-K and other financial information?

A copy of our 2006 Annual Report, which includes our 2006 Form 10-K, has been sent with our Notice of Annual Meeting and Proxy Statement.

Stockholders may request another free copy of our 2006 Annual Report, which includes our 2006 Form 10-K, from:

GOVERNANCE OF THE COMPANY

Our Principles of Corporate Governance

The Board of Directors (the Board) has adopted a set of corporate governance principles as a framework for the governance of the Company. The Nominating and Corporate Governance Committee regularly reviews the principles and recommends changes to the Board of Directors as appropriate. Our Principles of Corporate Governance are available on our website at www.neustar.biz under the captions Investor Relations Corporate Governance Principles. A free printed copy is available to any stockholder who requests it from the address on page 5.

Among other matters, the Principles contain the following items concerning the Board of Directors:

The Board of Directors, which is elected by the Company's stockholders, oversees the management of the Company and its business. The Board appoints the senior management team, which is responsible for operating the Company's business, and monitors the performance of senior management.

The Board is divided into three classes, approximately equal in number, with staggered terms of three years each, so that the term of one class expires at each annual meeting of stockholders.

The Board presently believes that it is in the best interests of the Company for a single person to serve as Chairman of the Board and Chief Executive Officer (the CEO). The Board may in its discretion separate the roles if it deems it advisable and in the Company's best interests to do so. The Board selects an independent lead director on an annual basis.

When a director's principal occupation or business association changes substantially during the director's tenure on the Board, the director must tender his or her resignation for consideration by the Nominating and Corporate Governance Committee. The Committee recommends to the Board the action, if any, to be taken with respect to the resignation.

Ordinarily, directors may not serve on the boards of more than four public companies so as not to interfere with their service as a director of the Company. Directors should also advise the chair of the Nominating and Corporate Governance Committee in advance of accepting an invitation to serve on another corporate board.

Unless otherwise approved by the Nominating and Corporate Governance Committee, directors may not stand for reelection after age 72.

The Chairman and CEO, in consultation with the lead director, establishes the agenda for each Board meeting. Agenda items that fall within the scope of responsibilities of a Board committee are reviewed with the chair of that committee. Directors are encouraged to suggest the inclusion of items on the agenda. Directors are also free to raise subjects at a Board meeting that are not on the agenda for that meeting.

The independent directors meet in executive session without management present at least quarterly. The lead director chairs these executive sessions.

The Board reviews the Company's long-term strategic plan and business unit initiatives at least annually.

The Board has four standing committees: Audit, Nominating and Corporate Governance, Compensation, and Neutrality. The Audit, Nominating and Corporate Governance, and Compensation Committees consist solely of independent directors. In addition, directors who serve on the Audit Committee must meet additional, heightened independence criteria applicable to audit committee members. All committees report regularly to the full Board with respect to their activities.

The Nominating and Corporate Governance Committee considers and makes recommendations to the Board regarding committee size, structure, composition and functioning. Committee members and chairs are recommended to the Board by the Nominating and Corporate Governance Committee and appointed by the full Board.

At the invitation of the Board, members of senior management may attend Board meetings or portions of meetings for the purpose of presenting matters to the Board and participating in discussions. Directors also have full and free access to other members of management and to employees of the Company.

The Board has the authority to retain such outside counsel, experts and other advisors as it determines appropriate to assist it in the performance of its functions. Each of the Audit, Nominating and Corporate Governance, and Compensation Committees has similar authority to retain outside advisors as it determines appropriate to assist it in the performance of its functions.

The Compensation Committee annually reviews the compensation of directors. Director compensation is set by the Board based upon the recommendation of the Compensation Committee. Non-management directors receive a combination of cash and equity compensation for service on the Board.

The Board plans for succession to the position of Chairman and CEO as well as certain other senior management positions. These plans are reviewed by the Nominating and Corporate Governance Committee. The CEO reports to the Board periodically on succession planning and management development and provides the Board with recommendations and evaluations of potential successors, including the position of Chairman and CEO.

The Compensation Committee is responsible for reviewing and approving annual and long-term performance goals for the CEO, evaluating the CEO's performance against those goals, and recommending the CEO's compensation to the independent directors for review and approval. Both the goals and the evaluation are submitted to the independent directors meeting in executive session. The results of the evaluation are shared with the CEO and used by the Compensation Committee in considering the CEO's compensation, which is approved by the independent directors meeting in executive session.

The Company has an orientation process for Board members that is designed to familiarize new directors with the Company's business, operations, finances, and governance practices. The Board encourages directors to participate in education programs to assist them in performing their responsibilities as directors.

The Board conducts an annual self-evaluation to assess its performance. The Audit, Nominating and Corporate Governance, and Compensation Committees conduct annual self-evaluations to assess their performance. The Nominating and Corporate Governance Committee is responsible for developing, administering and overseeing processes for conducting evaluations.

Director Independence

Our Principles of Corporate Governance include the following provisions concerning director independence:

A substantial majority of the Board is made up of independent directors.

An independent director is a director who meets the independence requirements of the New York Stock Exchange for directors, as determined by the Board. Specifically, an independent director is a director who has no material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company.

The Board makes an affirmative determination regarding the independence of each director annually, based upon the recommendation of the Nominating and Corporate Governance Committee.

The Board has established standards to assist it in determining director independence. Under these standards, which are included as Appendix A to the Principles of Corporate Governance, a director is not independent if, within the preceding three years:

the director was employed by the Company, or an immediate family member of the director was employed by the Company as an executive officer;

the director or an immediate family member received more than \$100,000 per year in direct compensation from the Company, other than Board and committee fees, pensions or other forms of deferred compensation;

the director or an immediate family member had specified employment relationships with the Company's independent auditor;

the director or an immediate family member was part of an interlocking directorate in which the director or family member was employed as an executive officer of another company where any of the Company's executive officers served on the compensation committee;

In addition, a director is not independent if the director is an employee, or an immediate family member is an executive officer, of a company that made payments to, or received payments from, the Company in excess of specified amounts during the preceding three years.

Finally, a director is not independent if the director or the director's spouse is an executive officer of a non-profit organization to which the Company made contributions in excess of specified amounts during the preceding three years.

The Board undertook its annual review of director independence in February 2007. Based on the standards set forth in our Principles of Corporate Governance and outlined above, the Board affirmatively determined that the current directors, James G. Cullen, Joel P. Friedman, Ross K. Ireland, Kenneth A. Pickar, Michael J. Rowny, and Hellene S. Runtagh, are independent. The Board determined that Jeffrey E. Ganek is not independent as a result of his employment with the Company.

The Board also determined in February 2007 that our former (then-current) director, Andre Dahan, was independent. The Board previously considered the independence of additional former directors, Henry Geller, Joseph P. Landy and Frank L. Schiff, and affirmatively determined that each was independent. In connection with the consideration of Mr. Geller's independence, the Board considered immaterial payments to Mr. Geller for his participation in meetings (outside of Board and committee meetings) regarding regulatory matters. Further, in its review of Mr. Landy's and Mr. Schiff's independence, the Board considered their affiliation with Warburg Pincus LLP and its affiliates and MidOcean Capital Investors, L.P., respectively.

All members of the Audit, Compensation, and Nominating and Corporate Governance Committees must be independent directors as defined by our Principles of Corporate Governance. Members of the Audit Committee must also satisfy additional, heightened independence requirements under Securities and Exchange Commission (the "SEC") and New York Stock Exchange rules, which provide that Audit Committee members may not accept directly or indirectly any consulting, advisory or other compensatory fee from the Company (other than Board and committee fees, pensions or other forms of deferred compensation) and may not be affiliated persons of the Company.

Board and Committee Membership

Our Board of Directors has eight seats, divided into three classes: Class I, Class II and Class III. The term for each class of directors expires at successive meetings. The Board of Directors met 16 times during 2006. During 2006, each of our directors attended 75% or more of the aggregate of (a) the total number of meetings of the Board of Directors held while a director and (b) the total number of meetings held by all committees on which the director served (during the period in which the director served on such committees). Our Board has adopted a policy that our directors are expected and strongly encouraged to attend each Annual Meeting of Stockholders absent compelling circumstances. All of our directors then on the Board, with the exception of the two directors whose terms were expiring, attended our 2006 Annual Meeting of Stockholders.

The table below provides the current membership information for the Board of Directors and each standing committee of the Board.

The Board of Directors has determined that each of the members of the Audit Committee is independent, as defined by the Company's director independence standards and the rules of the New York Stock Exchange and the Securities and Exchange Commission, that each such member also meets the heightened standards for Audit Committee independence described under the heading "Director Independence" above, and that each of Messrs. Cullen and Rowny is an "audit committee financial expert" as defined by the SEC.

The Nominating and Corporate Governance Committee has the authority to retain, at the Company's expense, such outside counsel, experts, and other advisors as it determines appropriate to assist it in the full performance of its functions. The Committee has sole authority to retain and terminate any search firm to be used to identify director

candidates, including sole authority to approve the search firm's fees and other retention terms.

The Nominating and Corporate Governance Committee met six times during 2006.

The members of the Nominating and Corporate Governance Committee as of the date of this proxy statement are Ms. Runtagh (Chair) and Mr. Rowny. Mr. Landy was a member of the Nominating and Corporate Governance Committee until his term as a director expired at the 2006 Annual Meeting of Stockholders, and Messrs. Schiff and Dahan were members of the Nominating and Corporate Governance Committee until their resignations from the Board on July 26, 2006 and April 10, 2007, respectively.

The Board of Directors has determined that each of the members of the Nominating and Corporate Governance Committee is independent, as defined by the Company's director independence standards and the rules of the New York Stock Exchange.

A copy of the Nominating and Corporate Governance Committee Charter is available on our website at www.neustar.biz, under the captions Investor Relations Corporate Governance Highlights Committee Charters. A free printed copy is available to any stockholder who requests it from the address on page 5.

The Nominating and Corporate Governance Committee is responsible for recommending candidates for election to the Board and believes that director candidates should have certain minimum qualifications, including the highest level of integrity, maturity of judgment based on a record of senior-level experience, commitment to serving the interests of our stockholders, and a reputation and background that demonstrate that NeuStar has a Board with experience that is appropriate and consistent with our long-term vision. Candidates must also have a commitment to devote the time necessary to be active on the Board and the desire and ability to work collegially and as a team with the Board and senior management. Pursuant to our Principles of Corporate Governance, the Nominating and Corporate Governance Committee considers the number of other boards on which the candidate serves. Additionally, as part of the neutrality requirements to which we are subject under Federal Communications Commission rules and orders and certain of our contracts, directors cannot be employees or directors of a telecommunications service provider (TSP) or own more than 5% of the voting stock of a TSP.

The Committee believes that the Board, as a whole, should include members who collectively bring the following strengths and backgrounds to the Board:

- experience as a Chairman and Chief Executive Officer of another company;

- senior-level experience in the communications industry generally (*e.g.*, wireline, wireless, Internet service providers and providers of Internet Protocol and other next-generation communications services), or with companies that have transaction-based business models, media companies, and systems integration/systems technology companies;

- experience with government and public policy;

- geographic diversity, with representation from the United States, Asia and Europe; and

- strengths in the functional areas of finance, corporate governance, financial statement auditing, business operations and strategic planning for communications companies, and mergers and acquisitions.

The Committee further aims to have gender and racial diversity on the Board.

The Nominating and Corporate Governance Committee uses a variety of methods to identify and evaluate nominees for director. Candidates may come to the attention of the Committee through current and former Board members, management, professional search firms (to whom we pay a fee), stockholders or other persons. The Committee evaluates candidates for the Board on the basis of the standards and qualifications set forth above, and seeks to achieve a diversity of strengths and backgrounds on the Board, particularly in the areas described above.

The Nominating and Corporate Governance Committee has in the past retained, and may in the future retain, a third-party search firm to assist the Committee in identifying and evaluating potential nominees for the Board. The Committee will also consider candidates for director recommended by our stockholders. Any stockholder recommendations proposed for consideration by the Nominating and Corporate Governance Committee should include the candidate's name and qualifications for Board membership and should be addressed to the Nominating and Corporate Governance Committee, care of our Corporate Secretary, at NeuStar, Inc., 46000 Center Oak Plaza, Sterling, VA 20166. Properly submitted candidates who meet the criteria outlined above will be evaluated by the

Nominating and Corporate Governance Committee in the same manner as candidates recommended by other sources.

In addition, our bylaws permit stockholders to nominate individuals for election at annual stockholder meetings and to solicit proxies in favor of such nominees. The process for nominating directors in accordance with our bylaws is discussed below under the heading Requirements, Including Deadlines, for Submission of Proxy Proposals, Nomination of Directors and Other Business of Stockholders.

administering and making recommendations to the Board with respect to the Company's incentive-compensation and equity-based compensation plans;

reviewing and approving corporate goals and objectives relevant to the compensation of the CEO, evaluating the CEO's performance in light of those goals and objectives, and recommending the CEO's compensation level to the independent directors based on this evaluation;

overseeing the evaluation of other executive officers and setting their compensation based upon the recommendation of the CEO;

approving stock option and other stock incentive awards for executive officers;

monitoring compliance by executive officers and directors with any stock ownership guidelines adopted by the Company;

reviewing the compensation of directors for service on the Board and its committees and recommending changes in compensation to the Board;

annually evaluating the performance of the Compensation Committee and the adequacy of the Committee's Charter and recommending changes to the Board as appropriate; and

performing such other duties and responsibilities as are consistent with the purpose of the Committee and as the Board or the Committee deems appropriate.

The Compensation Committee has the authority to retain, at NeuStar's expense, such outside counsel, experts and other advisors as it determines appropriate to assist it in the full performance of its functions.

The Compensation Committee met eight times in 2006.

The members of the Compensation Committee as of the date of this proxy statement are Messrs. Friedman (Chair) and Ireland and Dr. Pickar. Mr. Landy was a member of the Compensation Committee until his term as a director expired at the 2006 Annual Meeting of Stockholders, and Mr. Schiff was a member of the Compensation Committee until his

retirement from the Board on July 26, 2006.

The Board of Directors has determined that each of the members of the Compensation Committee is independent, as defined by the Company's director independence standards and the rules of the New York Stock Exchange.

We are examined periodically on our compliance with these requirements by independent third parties. The Neutrality Committee is responsible for receiving reports from the Company's Neutrality Officer with respect to his or her neutrality functions; reviewing the quarterly attestation reports of the accountants who perform the neutrality procedures; reviewing and approving, as necessary, specific corrective actions based on the findings of the accountants; and reviewing and approving any changes or amendments to the Company's neutrality compliance procedures.

The members of the Neutrality Committee as of the date of this proxy statement are Dr. Pickar (Chair) and Messrs. Ganek and Ireland. Mr. Geller was a member of the Neutrality Committee until his term as a director expired at the 2006 Annual Meeting of Stockholders. The Neutrality Committee met four times during 2006.

COMPENSATION DISCUSSION & ANALYSIS

Overview

Our executive compensation programs are designed to create value for our stockholders by supporting the achievement of our business and financial objectives. To this end, we have formulated our programs for executives (including our named executive officers, as defined in the Summary Compensation Table below) to reward superior financial and operating performance, to align executives' interests with those of our stockholders, and to encourage talented individuals to join and remain with the Company and contribute to our growth and success.

Our executive compensation programs are intended to be both competitive and fair. In determining the types and amount of compensation for each executive, we focus on the executive's performance and potential, level of responsibility, and current compensation and stock ownership levels, as well as our retention needs and competitive practice. The material elements of our executive compensation programs consist of base salary, annual cash incentive compensation, discretionary bonus and equity awards.

Compensation Objectives

Performance

Our primary compensation objective is to motivate and reward outstanding performance. Elements of executive compensation that depend upon performance include:

annual cash incentive compensation, which is based on the achievement of predetermined business and financial objectives;

discretionary cash bonuses, which are awarded to select individuals for extraordinary performance in a particular year; and

equity compensation, which is designed to motivate our executives to enhance stockholder value and achieve specific Company financial objectives.

We have attempted, and will seek in the future, to remain flexible as to the form of equity compensation that we use. Our equity awards have included stock options, restricted stock, phantom stock units and performance share units.

Alignment of Interests

We seek to align the interests of our executives with those of our stockholders. Elements of compensation that align executive and stockholder interests include:

annual cash incentive compensation, which focuses on key financial measurements that drive stockholder value; and

equity compensation, which links a significant portion of compensation to stock price appreciation and, in the case of performance share units, to meeting Company financial objectives.

Retention

Our executive compensation programs are designed to help us attract and retain key management talent. Elements of compensation that encourage a long-term commitment to NeuStar include:

option and restricted stock awards, which vest over four years;

performance share unit awards, which vest after three years if cumulative financial goals are achieved; and

Company contributions to individual 401(k) plan accounts, which vest over three years.

We do not provide defined benefit (pension) or supplemental retirement plans for our executives.

Implementing Compensation Objectives

Determining Compensation

In making compensation decisions, we review the performance of the Company and each executive. We also consider the executive's level of responsibility, the importance of the executive's role in achieving our corporate objectives, and the executive's long-term potential, while taking into account his or her current compensation, realized and unrealized equity gains and stock ownership levels. Finally, we weigh relevant business and organizational changes, retention needs and competitive practice. Specific factors that affect compensation decisions for our named executive officers include:

financial and operating measurements such as revenue growth, earnings and operating margins;

strategic objectives such as acquisitions, divestitures, global expansion, diversification and innovation; and

achieving specific operational goals, such as improved productivity and customer service, for the Company or the executive's functional area.

In order to attract and retain the best management talent, we believe we must provide a total compensation package that is competitive relative to our peers. For this purpose, we consider compensation surveys conducted by nationally recognized consulting firms, such as Radford and Mercer Inc., and we focus on companies in the communications and technology business service sectors that have revenues and market capitalization comparable to ours.

In addition to the survey data described above, we consider the practices of specific companies that we and our compensation consultant have identified as our peers. These public companies are selected annually on the basis of similar business characteristics (clearinghouse, unique business model, wireless infrastructure and transaction processors) and comparable revenues and market capitalization. For 2006, these companies were:

Cogent Communications Group, Inc.
Digital Insight Corporation
Equinix, Inc.
Global Payments, Inc.
InfoUSA, Inc.
Inphonic, Inc.

IPayment, Inc.
Navteq Corporation
Openwave Systems, Inc.
Premiere Global Services, Inc.
Syniverse Holdings, Inc.
TNS, Inc.

Intrado, Inc.
IPass, Inc.

Valor Communications Group
WebEx Communications, Inc.

For 2007, we revised our peer company list to reflect mergers, acquisitions and similar transactions; remove companies that were no longer public; and concentrate on companies with growth profiles comparable to ours. Accordingly, we added Convergys Corp.; Polycom Incorporated; Salesforce.com, Inc.; Tibco Software, Inc.; and Verisign, Inc. to the list and removed InfoUSA, Inc.; Inphonic, Inc.; Intrado, Inc.; IPass, Inc.; IPayment, Inc.; TNS, Inc.; and Valor Communications Group.

After reviewing the data described above, we determine the approximate range within which to target total direct compensation for our executives. For 2006, we set overall target compensation for the named executive

officers between the 50th and 60th percentile relative to peer companies. For 2007, we set target compensation at the 75th percentile, in recognition of the very high degree of difficulty associated with meeting our financial and strategic objectives for 2007 and our aggressive revenue and earnings growth targets compared to peer companies. We believe that our levels of pay competitiveness are substantiated by performance and align with our goal of attracting, retaining and motivating executives of the highest caliber, particularly given that we do not offer pensions or other retirement benefits to our executives. Within any range of target compensation, we incorporate flexibility to respond to and adjust for the evolving business environment and our specific retention needs.

Our compensation programs are designed to strike an appropriate balance between cash and equity, and between annual and long-term incentives. Our mix of compensation elements is designed to reward near-term results (in the form of annual cash incentive compensation and discretionary bonus) and motivate long-term performance (in the form of equity awards that vest over multi-year periods and which are based, in the case of the performance share units granted in 2007, on the achievement of three-year Company financial objectives). For 2006, approximately one-third to one-half of total compensation for our named executive officers (other than Mr. Lach, who left NeuStar prior to the payment of cash incentive compensation for 2006) was composed of long-term equity compensation, with the balance being primarily base salary, annual cash incentive compensation and discretionary bonus.

We believe the most important indicator of whether our compensation objectives are being achieved is our ability to deliver value to our stockholders, reflected in our overall growth rate and share price.

Severance and Change-in-Control Arrangements

As discussed under Potential Payments upon Termination or Change in Control below, we maintain severance and equity award arrangements that provide benefits to key management employees, including our named executive officers, if they experience specified termination or change-in-control events. In addition, several years prior to becoming a public company, we entered into agreements with two of our named executive officers, Mr. Ganek and Mr. Foster, that provide for the continuation of their employment on a part-time basis if their full-time employment is terminated by us without cause or by them for good reason.

We believe that reasonable severance and change-in-control protections for our named executive officers are necessary in order for us to attract and retain qualified executives. We have defined the events that would trigger payments in a manner that we believe is reasonable and consistent with current market practices. For example, the definition of good reason in our severance and change-in-control arrangements is intended to be limited to true circumstances of constructive discharge and includes notice and opportunity-to-cure provisions, so that severance rights are not triggered inadvertently. In addition, all of the benefits in our change-in-control arrangements are of the double trigger variety meaning that in order for benefits to be payable, there must occur both a change in control and an affirmative action by us or our successor to terminate (or constructively terminate) an executive's employment. Finally, any benefits arising under our severance plan and employment continuation agreements are conditioned on the executive's execution of a release of claims and agreement to abide by specific non-compete, non-solicit, confidentiality and other obligations set forth in the plan and agreements.

We periodically review the necessity and design of our executive severance and change-in-control arrangements. As our needs and market practices evolve, we will consider whether changes to our policies are appropriate.

Role of Compensation Committee and Management

The Compensation Committee has primary responsibility for overseeing the design and implementation of our executive compensation programs. The Compensation Committee, with input from the other independent directors, evaluates the performance of the CEO. The Compensation Committee then recommends CEO compensation to the

independent directors for approval. The CEO and the Compensation Committee together review the performance of our other named executive officers and determine their compensation based on recommendations from the CEO. The other named executive officers do not play a role in their own compensation determinations, other than discussing individual performance objectives with the CEO.

Role of Compensation Consultants

The Compensation Committee has retained Frederic W. Cook & Co., Inc. to review market trends and advise the Committee regarding executive compensation. Representatives from Cook are responsible for preparing and reviewing Committee materials, attending Committee meetings, assisting the Committee with program design, and generally providing advice and counsel to the Committee as compensation issues arise. The Committee also looks to Cook for assistance in determining the competitiveness of our executive compensation programs.

Cook reports directly to the Committee, although the Committee has instructed Cook to work with management to compile information and gain an understanding of the Company and any issues for consideration by the Committee. Cook did not receive professional fees from NeuStar in 2006 other than in connection with advising the Committee on executive compensation matters.

Our Human Resources department has retained Watson Wyatt Worldwide to provide advice to management regarding benefit programs for all of our employees. Watson Wyatt does not advise the Compensation Committee with respect to executive compensation.

Equity Grant Process

All equity grants to our employees, including our named executive officers, are approved by the Compensation Committee. The Committee grants equity awards on an annual basis to employees at an appropriate level of seniority within the Company whose performance and potential contributions warrant such consideration. New hires at this level of seniority are generally granted equity awards upon or shortly after hire. On occasion, special retention and recognition grants are made to individuals deemed critical to retain, difficult to replace or high-potential employees.

The exercise price of each stock option awarded to our employees is the closing price of our common stock on the date of grant. If the Committee meets after the release of our quarterly or annual earnings information, the grant date is set as the date of the meeting. If the Committee meets prior to the release of earnings information, the Committee designates a grant date that is several days after the release of earnings information, in order to allow for dissemination of earnings information to the public.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a limit of \$1 million on the amount that a public company may deduct for compensation paid to the company's CEO or any of the company's four other most highly compensated executive officers. This limitation does not apply to compensation that meets the requirements under Section 162(m) for qualifying performance-based compensation (*i.e.*, compensation paid only if performance meets pre-established, objective goals based on criteria approved by stockholders).

At the time of our initial public offering, we maintained several incentive compensation plans, including our Annual Performance Incentive Plan and our stock incentive plans. Awards under these plans generally will not be subject to the limitations imposed by Section 162(m) until 2009.

Although we consider the impact of Section 162(m) when developing and implementing our executive compensation programs, we believe that it is important to preserve flexibility in adopting and administering programs to promote varying corporate goals. Accordingly, we have not adopted a policy requiring all compensation to be deductible, and amounts paid under any of our compensation programs may be determined not to so qualify.

Elements Used to Achieve Compensation Objectives

Base Salary

Base salaries are intended to motivate our executives to achieve annual corporate objectives and be commensurate with each executive's position and level of responsibility. Decisions regarding salary levels also take into account the executive's current salary and the amounts paid to his or her peers within and outside the Company.

Base salaries are evaluated annually or as necessary in response to organizational or business changes. If approved by the Compensation Committee (or the independent directors, in the case of the CEO), annual salary increases have been implemented with a January effective date. Although salary increases are considered annually, salaries are not automatically increased if the Compensation Committee believes that other elements of compensation are more appropriate in light of our stated objectives. This is consistent with our primary goal of offering compensation that is contingent on the achievement of our performance objectives.

Base salaries paid to the named executive officers in 2006 are discussed below and shown in the Summary Compensation Table on page 23.

Cash Incentive Compensation

Annual cash incentive awards provide an inducement for achieving performance goals that we consider to be important contributors to stockholder value. These awards are determined in accordance with our Annual Performance Incentive Plan. At the beginning of each year, the Compensation Committee (or the independent directors, in the case of the CEO) establishes the performance goals and targets applicable under the Annual Performance Incentive Plan for awards that our executives are eligible to earn for the year. Target awards are set as a percentage of base salary and currently range from 60% to 100% of base salary for our named executive officers, depending on position and level of responsibility. For 2006, as discussed below, 90% of the target award for each executive was based on the Company's achievement of annual revenue and operating income goals, and 10% was based on individual achievements and was discretionary.

After the end of the fiscal year, the Compensation Committee reviews our full-year results against the goals previously established for the year. Based on that review, the Committee approves total funding for the Plan, contingent on confirmation from our independent accountants that applicable financial thresholds have been achieved. In determining funding for the Plan, the Compensation Committee has the right, in its discretion, to adjust for extraordinary events, such as acquisitions, dispositions or changes in accounting rules during the year.

After reviewing the final full-year results, the Compensation Committee (or the independent directors, in the case of the CEO) approves individual payouts to be awarded to our executives. Actual amounts payable under the Plan can range from 0% to 150% of target, based upon the extent to which performance meets, exceeds or is below target. Awards are generally paid in February or early March.

The cash incentive compensation paid to the named executive officers for 2006 is discussed below and shown in the Summary Compensation Table on page 23.

Discretionary Bonus

The Compensation Committee (or the independent directors, in the case of the CEO) may, in its discretion, approve additional cash bonuses to key executives in a particular year. These bonuses, which are recommended by the CEO (for executives other than himself) or the Compensation Committee (for the CEO), are designed both to reward outstanding performance and to provide meaningful differentiation among executives based on their impact on the achievement of corporate goals. Bonuses, when approved, are generally paid in February or early March.

Bonuses paid to certain named executive officers for 2006 are discussed below and shown in the Summary Compensation Table on page 23.

Equity Compensation

Our equity compensation programs are designed to reward contributions to our success, motivate future performance, align the interests of our executives with those of our stockholders, and retain key executives through the term of the awards. When making equity grant decisions, the Compensation Committee considers the grant size and the appropriate forms of equity to grant. The Compensation Committee also considers the value of existing grants, vesting profiles, competitive market data and specific retention needs.

Our equity awards have included stock options, restricted stock, phantom stock units and performance share units. As discussed above, however, we have attempted, and will seek in the future, to remain flexible as to the form

of equity compensation that we use so that we can properly motivate our executives to enhance stockholder value and achieve specific Company financial objectives.

When determining the appropriate mix of equity grants, we weigh the cost of these grants (determined in accordance with Statement of Financial Accounting Standards, or SFAS, No. 123(R)) with their potential benefits. We believe that providing more than one type of award helps to balance our compensation objectives. For example, stock options have value only to the extent that the price of NeuStar stock on the date of exercise exceeds the price on the grant date, and thus are an effective compensation element only if the stock price grows over the term of the award. In this sense, stock options are a motivational tool. On the other hand, restricted stock offers executives the opportunity to receive shares of NeuStar stock on the date the restriction lapses. In this regard, restricted stock serves both to reward and retain executives. Finally, performance share units, which we began using in 2007, are fully at risk and depend upon key performance measures that drive value for our stockholders, thus aligning the interests of our executives and stockholders. The receipt of shares underlying performance share units is determined entirely by the Company's achievement of predetermined financial objectives. For 2007, as discussed below, these objectives relate to three-year cumulative revenue and earnings before interest income, interest expense, income taxes, depreciation and amortization, or EBITDA.

In managing the overall cost of our equity compensation program, we set an annual budget with respect to total expense and the dilutive impact to stockholders. Budgets have been set at levels that we believe are reasonable relative to peer companies, taking into account our compensation objectives.

The stock options and restricted stock awards granted to the named executive officers in 2006 are discussed below and shown in the 2006 Grants of Plan-Based Awards table on page 25. We did not grant performance share units in 2006.

Other Compensation

We provide our named executive officers with other benefits that we believe are reasonable, competitive and consistent with our compensation objectives. These benefits, which constitute only a small portion of each executive's total compensation, are discussed below and shown in the All Other Compensation column of the Summary Compensation Table on page 23.

Compensation of the Named Executive Officers

In determining total compensation for our named executive officers for 2006, we evaluated the financial and operational performance of the Company and considered each executive's contributions to that performance. A more detailed analysis of our financial and operational performance is contained in the Management's Discussion & Analysis section of our Annual Report on Form 10-K for the year ended December 31, 2006, filed with the SEC.

Base Salary

Taking into account the factors discussed above, the Compensation Committee (and the independent directors, in the case of the CEO) determined to raise 2006 base salaries for Mr. Ganek and Mr. Lach to \$500,000 and \$400,000, respectively. For 2007, base salaries for the named executive officers were increased to the following:

Name	2007 Salary
Jeffrey E. Ganek	\$ 550,000
Jeffrey A. Babka	\$ 340,000

Mark D. Foster	\$ 340,000
John B. Spirtos	\$ 270,000

Cash Incentive Compensation

In February 2006, the Compensation Committee (and the independent directors, in the case of the CEO) set target awards under the Annual Performance Incentive Plan for 2006 at 50% of each named executive officer's base salary for the year. To motivate performance that drives stockholder value, 90% of the target award for each

executive was to be based on the Company's achievement of established goals relating to 2006 revenue and operating income, and 10% was to be based on individual achievements and was discretionary.

After reviewing the Company's 2006 performance against the predetermined objectives, the Compensation Committee resolved to set total funding for the Plan at 150% of target. The Committee (and the independent directors, in the case of the CEO) then considered the performance of each named executive officer and determined to pay the following amounts for 2006, representing 150% of target for each executive:

Name	2006 Payout
Jeffrey E. Ganek	\$ 375,000
Jeffrey A. Babka	\$ 225,000
Mark D. Foster	\$ 236,250
John B. Spirtos	\$ 187,500

As of March 1, 2007, Mr. Lach was no longer employed with NeuStar. Accordingly, he did not receive a payout under the Plan for 2006.

For 2007, in recognition of the high degree of difficulty associated with meeting our financial and strategic objectives, the Compensation Committee (and the independent directors, in the case of the CEO) established the following target awards for the named executive officers, presented as a percentage of base salary:

Name	2007 Target
Jeffrey E. Ganek	100%
Jeffrey A. Babka	75%
Mark D. Foster	75%
John B. Spirtos	60%

For the named executive officers other than Mr. Foster and Mr. Spirtos, 90% of the target award will be based on the Company's achievement of established goals relating to 2007 revenue and EBITDA. We replaced operating income with EBITDA as a performance measure for 2007 because we believe EBITDA more closely reflects financial performance that will enhance stockholder value. For Mr. Foster and Mr. Spirtos, 45% of the target award will be based on the Company's achievement of established goals relating to 2007 revenue and EBITDA, and 45% will be based on the achievement of established goals relating to the 2007 revenue and EBITDA of our Next Generation Messaging division. The remaining 10% of each executive's total target award will be based on individual achievements and is discretionary.

For both 2006 and 2007, we set Company goals at levels that reflected our internal, confidential business plan at the time the awards were established. These goals require a high level of financial performance. As was the case with the awards granted for 2006, the goals for the 2007 performance period are challenging but achievable.

Discretionary Bonus

After evaluating the factors described above, the Compensation Committee (and the independent directors, in the case of the CEO) determined to approve additional bonuses for 2006 to Mr. Ganek, Mr. Babka and Mr. Spirtos in the amount of \$125,000, \$75,000 and \$75,000, respectively.

Equity Compensation

In 2006, the Compensation Committee granted a combination of stock options and restricted stock to the named executive officers, in order to balance our objectives of motivating performance and retaining executive talent. These awards are reflected in the 2006 Grants of Plan-Based Awards table on page 24.

In March 2007, after considering the compensation objectives discussed above, the Compensation Committee determined to award a mix of stock options and performance share units to the named executive officers. The performance share units vest after three years based upon the achievement of cumulative revenue and EBITDA goals. As with the Annual Performance Incentive Plan objectives, the performance share unit goals reflect our internal, confidential business plan and require a high level of financial performance.

Other Compensation

Other benefits provided to the named executive officers for 2006 include one or more of the following: Company contributions to 401(k) plan accounts, which are available to all of our employees; life insurance premiums; relocation benefits and associated tax payments; golf club membership dues; limited travel expenses; tax preparation services; executive health benefits; and network access and related costs for executives' personal residences. These benefits constituted only a small portion of each executive's total compensation for 2006.

Compensation of Chief Operating Officer

In March 2007, Lawrence J. Bouman was appointed Chief Operating Officer of NeuStar. The Compensation Committee approved a 2007 base salary of \$425,000 for Mr. Bouman, with a target award level under the Annual Performance Incentive Plan of 100% of his base salary. Of Mr. Bouman's target award, 90% will be based on the Company's achievement of established goals relating to 2007 revenue and EBITDA, and 10% will be based on individual achievements and is discretionary.

The Compensation Committee also approved granting to Mr. Bouman restricted stock units with respect to 50,000 shares of NeuStar stock. The restricted stock units will vest and be paid out in shares of our stock on June 1, 2008, subject to the Company's achievement of established goals relating to 2007 revenue and EBITDA.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the Compensation Discussion & Analysis set forth above. Based on its review and discussion with management, the Committee recommended to the Board of Directors that the Compensation Discussion & Analysis be included in the Company's 2007 proxy statement and incorporated by reference in the Company's Annual Report on Form 10-K for 2006. This report is provided by the following independent directors, who comprise the Committee:

Notes to Summary Compensation Table and 2006 Grants of Plan-Based Awards Table

As discussed under Compensation Discussion & Analysis above, the Compensation Committee takes into account numerous factors, including individual and Company performance, position and level of responsibility, market data, and the recommendations of our CEO, in determining each executive's salary, non-equity incentive award, bonus, equity awards and other compensation. In 2006, named executive officers' base salaries constituted roughly one-fourth to one-third of their total compensation (as reported in the Summary Compensation Table), with the remaining two-thirds to three-fourths of total compensation composed principally of performance-based cash and equity awards.

The non-equity incentive awards in the Summary Compensation Table were approved by our Compensation Committee (and in the case of Mr. Ganek, by the independent directors) in February and March 2007 pursuant to the NeuStar, Inc. Annual Performance Incentive Plan. The Compensation Committee established the performance goals and performance targets applicable to these awards in February 2006. Our Annual Performance Incentive Plan goals, targets and payments are discussed in more detail under Compensation Discussion & Analysis Elements Used to Achieve Compensation Objectives above.

The stock option and restricted stock awards in the 2006 Grants of Plan-Based Awards table were granted by the Compensation Committee on February 22, 2006 under the NeuStar, Inc. 2005 Stock Incentive Plan. Stock options granted in 2006 have a seven-year maximum term. Twenty-five percent of the stock options and restricted stock vested on February 22, 2007. The remaining stock options vest in 36 monthly installments thereafter, and the

remaining shares of restricted stock vest in equal annual installments over the three-year period beginning February 22, 2008. Holders of restricted stock have the right to vote such stock and to receive and retain all regular cash dividends payable to other stockholders of record on and after the grant date. We did not pay any cash dividends in 2006.

Potential Payments upon Termination or Change in Control**Employment Continuation Agreements**

We have entered into employment continuation agreements with two of our named executive officers, Mr. Ganek and Mr. Foster. These agreements provide for the continuation of each officer's employment on a part-time basis for two years in the event that we terminate the officer's full-time employment status without cause or the officer terminates his full-time employment status for good reason, as such terms are defined in the agreements. In such cases, the officer will provide services to us on a part-time basis (not to exceed ten hours of service per week) at a base salary rate equal to 50 percent of the base salary rate he was receiving immediately prior to the triggering event, and the officer may continue to participate in our benefit plans to the extent that he satisfies eligibility requirements and pays full premium costs. In the event that (1) the officer resigns his employment under the agreement and provides at least 30 days' written notice, or (2) the officer provides timely notice that he has commenced other employment and we decide to terminate his employment as a result, we will promptly pay the officer 80 percent of the amount that he otherwise would have received under the agreement between the date of termination and the end of the two-year period.

Benefits under the continuation agreements are contingent upon the officer signing a release of claims and not revoking such release. The officer must also abide by our Code of Business Conduct and may not provide any service or advice to any competitor, hire or assist in hiring or soliciting for hire any of our employees, solicit or assist in soliciting any of our customers with regard to any competitive product or service, or take any action adverse to our best interest during the term of the agreement. During and after the term of the agreement, the officer may not disparage us or our affiliates, directors, officers or employees and must fully cooperate with us regarding information relating to matters the officer was previously involved in. Additionally, the obligations of executives under the 2005 Key Employee Severance Pay Plan (described below) apply to officers under the continuation agreements.

If triggered, the continuation agreements supersede any other agreements and any employee benefit plans or arrangements that could provide severance benefits to the officer. In addition, notwithstanding any provisions in an equity grant, no further vesting would occur with regard to any equity grant after termination of the officer's full-time employment status. Alternatively, the officer could elect not to sign the required release, in which case the continuation agreement would be void and the officer would be covered by, and subject to, the other severance and change-in-control arrangements described below.

We are obligated to require any successor by purchase, merger, consolidation or otherwise to expressly assume and agree to perform the continuation agreements in the same manner and to the same extent we would have been required to perform.

2005 Key Employee Severance Pay Plan

The NeuStar, Inc. 2005 Key Employee Severance Pay Plan provides severance benefits for key management employees, including our named executive officers, if they are involuntarily terminated from employment without cause, if they terminate their employment for good reason, or if there is a closure, discontinuance of operations, sale of assets or other corporate event, provided they are not offered comparable employment with our successor or an affiliate. Specifically, the named executive officers will be entitled to benefits equal to one year's salary provided they sign a release of all claims and acknowledge their obligations under the plan (including obligations not to disclose our confidential information or to compete with or disparage NeuStar or interfere with our business during the one-year period following termination). The Compensation Committee may, in its sole discretion, cause NeuStar to pay severance benefits at the same rate for an additional year as consideration for a one-year extension of the employee's obligations under the plan. An employee will not be eligible for benefits under the plan if he or she violates these obligations.

The severance benefits provided for by the plan may be paid, at the discretion of the Compensation Committee, in lump sum, in installments without interest, or in such other manner as determined by the Compensation Committee. An employee is not eligible for a severance benefit under the plan if the employee is entitled, pursuant to any agreement providing cash benefits, to cash severance in an amount in excess of the severance benefit upon termination of employment. In addition, the benefit to be provided under the plan shall be reduced dollar-for-dollar (but not below zero) by the benefits required to be paid under federal, state or local law or under any other plan, program or arrangement. The Board may amend or terminate the plan at any time after 90 days' notice to the key employees, provided that an amendment or termination may not adversely affect the severance benefits to which any key employee is entitled if such employee's termination occurred prior to the date of the amendment or termination.

Equity Award Agreements

Under our long-term incentive compensation plans and the named executive officers' option and restricted stock agreements, if we experience a change in control or other qualifying corporate transaction, all of the options and restricted stock will vest in full, unless the options and restricted stock are assumed or continued by the surviving company, or unless the surviving company substitutes the options and restricted stock with substantially equivalent options or restricted stock. If the surviving company assumes or replaces the options and restricted stock, the options and restricted stock will vest and become exercisable if the officer's employment is terminated within two years of the corporate transaction, unless the officer's employment is terminated by the surviving company for cause or by the officer without good reason. The terms "corporate transaction," "cause" and "good reason" are defined in the option and restricted stock agreements.

Under the named executive officers' performance award agreements (relating to performance share units granted in March 2007), if an officer becomes disabled or dies prior to the vesting date, the officer or his representative will receive a pro-rata payment as if the target level of performance set forth in the agreement had been attained. Additionally, if we experience a change in control or other qualifying corporate transaction, the performance share units will be converted without pro ration into shares of restricted stock that vest at the end of the original performance period, subject to the officer's continued service. The number of shares of restricted stock into which the performance share units convert will be determined as set forth in the agreement. The restricted stock will vest in full if the officer's employment is terminated within two years of the corporate transaction, unless the officer's employment is terminated by the surviving company for cause or by the officer without good reason. The terms "corporate transaction," "cause" and "good reason" are defined in the performance award agreements.

Under the named executive officers' agreements relating to option, restricted stock and performance share units granted in March 2007, benefits are contingent upon the officer's compliance with certain prohibitions on disclosure of

confidential information and disparagement of NeuStar. In addition, the officer must agree not to compete with NeuStar or to engage in solicitation of our employees, consultants or customers during the 18-month period following termination of employment.

Potential Payments as of December 29, 2006

The following tables show the value of the potential payments and benefits our named executive officers, other than Mr. Lach who is no longer employed by NeuStar, would receive in various scenarios involving a termination of their employment or a change in control or other qualifying corporate transaction, assuming a December 29, 2006 triggering date and, where applicable, using a price per share for our common stock of \$32.44 (the closing market price as reported on the New York Stock Exchange for December 29, 2006). Because no performance share units had been granted as of December 29, 2006, no potential payments have been calculated for such awards.

Jeffrey E. Ganek

The first table below shows the value of the potential payments and benefits Mr. Ganek would receive as of December 29, 2006 under his employment continuation agreement. The second table shows the value of the potential payments and benefits Mr. Ganek would receive if he were to void his continuation agreement and instead be covered by, and subject to, the 2005 Key Employee Severance Pay Plan and equity award provisions described above.

On April 10, 2006, our Board of Directors approved, on the recommendation of our Compensation Committee, a new policy with respect to director compensation. This policy, which took effect on July 1, 2006, provides that non-management directors will receive an annual retainer of \$35,000. Committee chairs will receive an additional annual retainer as follows: \$10,000 for the Audit Committee Chair; \$7,500 for the Compensation Committee and Nominating and Corporate Governance Committee Chairs; and \$5,000 for the Neutrality Committee Chair and the chair of any special committee formed by the Board. Audit Committee members will receive an additional annual retainer of \$5,000. All amounts are paid to directors quarterly in arrears.

Non-management directors also receive an annual restricted stock unit (RSU) grant equal to \$110,000 divided by the closing price of our Class A common stock on the date of grant. For incumbent and newly elected directors, such grants are made on the first business day of the calendar month following the election of directors at the annual meeting of stockholders. For directors appointed to fill vacancies or newly created directorships, such grants are generally made on the first business day following appointment. These RSUs vest in full on the first anniversary of the date of grant. Upon vesting, each director's RSUs will be automatically deferred into deferred stock units, which will be delivered to the director in shares of our Class A common stock six months following the director's termination of Board service.

The Compensation Committee will continue to evaluate the compensation of our directors from time to time as it deems appropriate and may in the future recommend to the Board an increase in or changes to such compensation depending on the results of any such evaluation.

PROPOSALS REQUIRING YOUR VOTE

ITEM 1 *Election of Directors*

Our Board of Directors has eight seats, divided into three classes: Class I, Class II and Class III. Our Class I directors are James G. Cullen, Joel P. Friedman and Kenneth A. Pickar, and their term ends at the Annual Meeting of Stockholders in 2008. Our Class II directors are Ross K. Ireland and Michael J. Rowny, and their term ends at the Annual Meeting of Stockholders in 2009. We currently have a vacancy in Class II due to the April 10, 2007 resignation of our former director, Andre Dahan. Our Class III directors are Jeffrey E. Ganek and Hellene S. Runtagh, and their term ends at this Meeting.

We have nominated Mr. Ganek and Ms. Runtagh for election to continue as Class III directors. Ms. Runtagh was first appointed to the Board on July 26, 2006. A third-party search firm initially identified Ms. Runtagh as a director candidate, and her candidacy was recommended to the Nominating and Corporate Governance Committee by a former non-management director. Mr. Ganek is our Chief Executive Officer and has served on the Board since 1999.

Each nominee for director will, if elected, continue in office until our Annual Meeting of Stockholders in 2010 and until the director's successor has been duly elected and qualified, or until the earlier of the director's death, resignation or retirement. The proxy holders named on the proxy card intend to vote the proxy (if you are a stockholder of record) for the election of each of these nominees, unless you indicate on the proxy card that your vote should be withheld from either or both of the nominees. Please note that due to the vacancy created by Mr. Dahan's resignation, fewer nominees are named on the proxy card than the number of directors fixed by our governing instruments. Under Securities and Exchange Commission rules, proxies cannot be voted for a greater number of persons than the number of nominees named.

Each nominee has consented to be named as a nominee in this proxy statement, and we expect each nominee for election as a director to be able to serve if elected. If either nominee is not able to serve, proxies will be voted in favor of the other nominee and may be voted for a substitute nominee, unless the Board chooses to reduce the number of directors serving on the Board.

The principal occupations and certain other information about the nominees and the additional members of our Board of Directors are set forth below.

The Board of Directors unanimously recommends a vote FOR the election of Mr. Ganek and Ms. Runtagh as directors.

ITEM 2 *Ratification of Independent Registered Public Accounting Firm*

The Audit Committee has selected Ernst & Young LLP to serve as our independent registered public accounting firm for 2007.

We are asking our stockholders to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm. Although ratification is not required by our bylaws or otherwise, we are submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate practice and because we value our stockholders' views on the Company's independent registered public accounting firm. In the event that our stockholders fail to ratify the selection, the Audit Committee will review its future selection of independent auditors. Even if this selection is ratified, pursuant to the Sarbanes-Oxley Act of 2002, the Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm and may determine to change the firm selected at such time and based on such factors as it determines to be appropriate.

Representatives of Ernst & Young LLP will be present at the Meeting to answer questions. They also will have the opportunity to make a statement if they desire to do so.

The Board of Directors unanimously recommends a vote FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm for 2007.

- (4) Other fees consisted of miscellaneous other permissible services not included in the first three categories and were immaterial for 2005 and 2006.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Pursuant to the Audit Committee Charter, Audit Committee policy and the requirements of law, the Audit Committee pre-approves all audit and permissible non-audit services to be provided by our independent registered public accounting firm. Pre-approval includes audit services, audit-related services, tax services and other services. In some cases, the full Audit Committee provides pre-approval for up to a year related to a particular defined task or scope of work, subject to a specific budget. In other cases, the chairman of the Audit Committee has the delegated authority from the Audit Committee to pre-approve services up to \$100,000, and the chairman then communicates such pre-approvals to the full Audit Committee. To avoid potential conflicts of interest, the securities laws prohibit a publicly traded company from obtaining certain non-audit services from its independent audit firm. We obtain these services from other service providers as needed.

Audit Committee Report

NeuStar's management is responsible for NeuStar's financial statements, internal controls and financial reporting process. NeuStar's independent registered public accounting firm, Ernst & Young LLP, is responsible for auditing the financial statements and for expressing an opinion as to whether those audited financial statements fairly present, in all material respects, the financial position, results of operations, and cash flows of the Company in conformity with U.S. generally accepted accounting principles. The Audit Committee has been established for the purpose of representing and assisting the Board of Directors in overseeing NeuStar's accounting and financial reporting processes and audits of NeuStar's annual financial statements, including the integrity of NeuStar's financial statements, NeuStar's compliance with legal and regulatory authority requirements, the independent auditors' qualifications and independence, and the performance of NeuStar's internal audit function and the independent auditors. The members of the Audit Committee are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered

public accounting firm, nor can the Audit Committee certify that the independent registered public accounting firm is in fact independent under applicable rules.

In this context, the Audit Committee has reviewed and discussed the audited financial statements with management. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as modified or supplemented. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with the independent registered public accounting firm its independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the Securities and Exchange Commission.

The Audit Committee:

James G. Cullen, Chair
Michael J. Rowny
Hellene S. Runtagh

The Audit Committee Report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate the Audit Committee Report by reference therein.

**REQUIREMENTS, INCLUDING DEADLINES, FOR SUBMISSION OF PROXY PROPOSALS,
NOMINATION OF DIRECTORS AND OTHER BUSINESS OF STOCKHOLDERS**

Under the rules of the Securities and Exchange Commission, if a stockholder would like us to include a proposal in our proxy statement and form of proxy for presentation at our 2008 Annual Meeting of Stockholders, the proposal must be received by us at our principal executive offices at 46000 Center Oak Plaza, Sterling, Virginia, 20166, to the attention of the Corporate Secretary, no later than January 18, 2008.

Our bylaws, as permitted by the rules of the SEC, contain certain procedures that a stockholder must follow to nominate persons for election as directors or to introduce an item of business at an Annual Meeting of Stockholders. These procedures provide that for nominations or other business to be properly brought before an annual meeting by a stockholder:

the stockholder must have given timely notice thereof in writing to the Corporate Secretary;

such business must be a proper matter for stockholder action under the General Corporation Law of the State of Delaware;

if the stockholder, or the beneficial owner on whose behalf any such proposal or nomination is made, has provided the Company with a Solicitation Notice, as that term is defined below, such stockholder or beneficial owner must, in the case of a proposal, have delivered a proxy statement and form of proxy to holders of at least the percentage of the Company's voting shares required under applicable law to carry any such proposal, or, in

the case of a nomination or nominations, have delivered a proxy statement and form of proxy to holders of a percentage of the Company's voting shares reasonably believed by such stockholder or beneficial holder to be sufficient to elect the nominee or nominees proposed to be nominated by such stockholder, and must, in either case, have included in such materials the Solicitation Notice; and

if no Solicitation Notice has been timely provided, the stockholder or beneficial owner proposing such business or nomination must not have solicited a number of proxies sufficient to have required the delivery of such a Solicitation Notice.

To be timely, a stockholder's notice must be delivered to the Secretary at the principal executive offices of the Company:

not less than 90 or more than 120 days prior to the first anniversary of the date on which the Company first mailed its proxy materials for the preceding year's Annual Meeting of Stockholders, or

if the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual meeting, notice by the stockholder must be delivered not later than the close of business on the later of:

the 90th day prior to such annual meeting, or

the 10th day following the day on which public announcement of the date of such meeting is first made.

In no event shall the public announcement of an adjournment or postponement of an annual meeting commence a new time period or extend any time period for the giving of a stockholder's notice as described above.

Notwithstanding the above timelines, in the event that the number of directors to be elected to the Board of Directors is increased and the Company does not make a public announcement naming all of the nominees for director or specifying the size of the increased Board of Directors at least 100 days prior to the first anniversary of the date on which the Company first mailed its proxy materials for the preceding year's Annual Meeting of Stockholders, a stockholder's notice shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary at the principal executive offices of the Company not later than the close of business on the 10th day following the day on which such public announcement is first made by the Company.

Such notice shall set forth the following information:

as to each person whom the stockholder proposes to nominate for election or reelection as a director, all information relating to such person as would be required to be disclosed in solicitations of proxies for the election of such nominees as directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, and such person's written consent to being named in the proxy statement as nominee and to serve as a director if elected;

as to any other business that the stockholder proposes to bring before the meeting, a brief description of such business, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made;

as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made:

the name and address of such stockholder, as they appear on the Company's books, and of such beneficial owner;

the class and number of shares of the Company's stock that are owned beneficially and of record by such stockholder and such beneficial owner; and

whether either such stockholder or beneficial owner intends to deliver a proxy statement and form of proxy to holders of, in the case of a proposal, at least the percentage of the Company's voting shares required under applicable law to carry the proposal or, in the case of a nomination or nominations, a sufficient number of holders of the Company's voting shares to elect such nominee or nominees (an affirmative statement of such intent is referred to as a Solicitation Notice).

If any proposed nomination or business is not in compliance with the foregoing procedures, the chairman of the meeting has the power to declare that any defectively proposed business or nomination shall not be presented for stockholder action at the meeting and shall be disregarded.

Stockholders must also comply with all applicable requirements of the Securities Exchange Act of 1934 and the rules and regulations thereunder. These procedures do not affect any rights of stockholders to request inclusion of proposals in the Company's proxy statement pursuant to Rule 14a-8 under the Securities Exchange Act of 1934.
