VOTING OF SECURITIES

Important Voting Information

You may only vote if you hold shares directly in your own name.

If your shares are held in the name of a bank, broker or other holder of record, you should have received these proxy materials in paper form including a voting instruction card so you can instruct the holder of record how to vote your shares. Pursuant to Nasdaq rules, you must instruct your broker how you wish your shares to be voted on all non-routine matters.

Voting Rule. Your broker is not permitted to vote on your behalf on the election of directors, the advisory vote on compensation paid to our named executive officers, the approval of the restricted stock plan and the approval of the amendment to the Amended and Restated Certificate of Formation unless you provide specific instructions by following the instructions from your broker about voting your shares by telephone or Internet or completing and returning the voting instruction card. For your vote to be counted, you will need to communicate your voting decisions to your bank, broker or other holder of record before the date of the annual meeting in accordance with the instructions you receive from them.

Your Participation in Voting the Shares You Own is Important. Voting your shares is important to ensure that you have a say in the governance of First Financial Bankshares, Inc. Please review the proxy materials and follow the

relevant instructions to vote your shares. We hope you will exercise your rights and fully participate as a shareholder.

More Information is Available. If you have any questions about the proxy voting process in general, please contact the bank, broker or other holder of record through which you hold your shares. The Securities and Exchange Commission also has a website (www.investor.gov) with more information about your rights as a shareholder.

Table of Contents

Record Date

Our Board of Directors has established the close of business on March 2, 2015, as the record date for determining the shareholders entitled to notice of, and to vote at, the annual meeting. On the record date, we had 64,128,797 common shares outstanding. Each of our shareholders is entitled to one vote for each common share held as of the record date.

Stock Split

On April 22, 2014, the Company's Board of Directors declared a two-for-one stock split in the form of a 100% stock dividend effective for shareholders of record on May 15, 2014 that was distributed on June 2, 2014. All share and per share amounts in this proxy statement have been restated to reflect this stock split.

Quorum

In order for any business to be conducted at the annual meeting, a quorum consisting of shareholders having voting rights with respect to a majority of our outstanding common shares on the record date must be present in person or by proxy. For purposes of determining the presence or absence of a quorum, we intend to count as present shares present in person but not voting and shares for which we have received proxies but for which holders thereof have abstained. Furthermore, shares represented by proxies returned by a broker holding the shares in nominee or street name will be counted as present for purposes of determining whether a quorum is present, even if the shares are not entitled to be voted on matters where discretionary voting by the broker is not allowed (broker non-votes).

If a quorum is not present at the annual meeting, we will adjourn the meeting, and the Board of Directors will continue to solicit proxies.

Required Vote

As discussed in more detail under Proposal 1 Election of Directors, each director is required to be elected by the affirmative vote of a majority of the votes cast at the annual meeting. Withheld votes have the effect of voting against the director nominee. Shares not represented at the annual meeting will have no effect on the election of directors. Brokers are not entitled to vote on director elections and thus broker non-votes are not treated as votes cast and will have no effect on the election of directors.

The matter described in Proposal 2 Ratification of Appointment of Independent Auditors is required to be approved by the affirmative vote of the majority of the votes cast at the annual meeting and entitled to vote on the matter. Abstentions and shares not represented at the meeting will not be counted for purposes of determining whether such matter has been approved. Brokers may vote in their discretion on this proposal on behalf of clients who have not furnished voting instructions. As a result, broker non-votes will not arise in connection with, and will have no effect on, this proposal.

With respect to Proposal 3 Advisory Vote on Executive Compensation, the affirmative vote of a majority of the votes cast at the annual meeting and entitled to vote on this matter is required for approval of the compensation of our named executive officers. Voting for Proposal 3 is being conducted on an advisory basis and, therefore, the voting results will not be binding on the Company, the Board of Directors or the Compensation Committee. Abstentions, broker non-votes and shares not otherwise represented at the meeting will have no effect on the outcome of such matter.

With respect to Proposal 4 Approval of Restricted Stock Plan, the affirmative vote of a majority of the votes cast at the annual meeting and entitled to vote on this matter is required for the approval of the restricted stock plan for selected employees, officers, non-employee directors and consultants. Abstentions, broker non-votes, and shares not otherwise represented at the meeting will have no effect on the outcome of this proposal.

With respect to Proposal 5 Amendment to Amended and Restated Certificate of Formation to Increase the Number of Common Shares Authorized, the affirmative vote of two-thirds of the outstanding shares entitled to vote on this matter is required for the approval of the amendment to our Amended and Restated Certificate of Formation to increase the number of common shares authorized. Abstentions, broker non-votes, and shares not otherwise represented at the meeting will have the effect of a vote against this proposal.

Table of Contents

The Board of Directors unanimously recommends that you vote FOR the election of all eleven directors nominated and recommended by the Board of Directors, FOR the ratification of the appointment of our independent auditors, FOR the resolution approving the compensation of our named executive officers, FOR the approval of the restricted stock plan and FOR the amendment to our amended and restated certificate of formation to increase the number of common shares authorized.

Failure to Provide Specific Voting Instructions

If you are a shareholder of record and you properly sign, date and return a proxy card, but do not indicate how you wish to vote with respect to a particular nominee or proposal, then your shares will be voted FOR the eleven directors nominated and recommended by the Board of Directors, FOR the ratification of the appointment of our independent auditors, FOR the resolution approving the compensation of our named executive officers, FOR the approval of the restricted stock plan and FOR the amendment to our Amended and Restated Certificate of Formation to increase the number of common shares authorized.

Shareholder List

A list of shareholders entitled to vote at the annual meeting, which will show each shareholder's address and the number of shares registered in his, her or its name, will be open to any shareholder to examine for any purpose related to the annual meeting. Any shareholder may examine this list at our principal office, 400 Pine Street, Abilene, Texas 79601 during ordinary business hours commencing March 2, 2015, and continuing through the date of the annual meeting.

SOLICITATION AND REVOCABILITY OF PROXIES

Solicitation

We will bear the expense to solicit proxies, which will include reimbursement of expenses incurred by brokerage firms and other custodians, nominees and fiduciaries to forward solicitation materials regarding the annual meeting to beneficial owners. Our officers and directors may further solicit proxies from shareholders and other persons by telephone, electronic communication or other means. We will not pay these officers and directors any extra compensation for participating in this solicitation. We may engage Georgeson, Inc. to assist us with the solicitation of proxies and, if so, would expect to pay that firm approximately \$20,000 for their services, plus out-of-pocket expenses.

Proxies and Revocation

Each executed and returned proxy card will be voted according to the directions indicated on that proxy card. If no direction is indicated, the proxy will be voted according to the Board of Directors' recommendations, which are contained in this proxy statement. The Board of Directors does not intend to present, and has no information that others will present, any business at the annual meeting that requires a vote on any other matter. If any other matter requiring a vote properly comes before the annual meeting, the proxies will be voted in the discretion of the proxyholders in accordance with the terms of the proxy.

Each shareholder giving a proxy has the power to revoke it at any time before the annual meeting is called to order. This revocation is effective upon receipt, at any time before the annual meeting is called to order, by our corporate secretary of either (1) an instrument revoking the proxy or (2) a duly executed proxy bearing a later date than the preceding proxy.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of your Board of Directors has selected Ernst & Young LLP to serve as our independent auditors for the year ending December 31, 2015 and to serve until the next annual meeting in April 2016. Ernst & Young LLP has served as the Company's independent auditors since 2002. We have been advised by Ernst & Young LLP that neither its firm nor any of its members has any financial interest, direct or indirect, in us, nor has had any connection with us or any of our subsidiaries in any capacity other than independent auditors. The Board of Directors recommends that you vote for the ratification of the selection of Ernst & Young LLP. Shareholder ratification of the selection of Ernst & Young LLP as our independent auditors is not required by our certificate of formation, bylaws or otherwise. Nevertheless, your Board of Directors is submitting this matter to the shareholders in conformance with the practices of good corporate governance. If the shareholders do not ratify the appointment of Ernst & Young LLP, then the appointment of independent auditors will be reconsidered by our Audit Committee. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent audit firm at any time during the year if it is determined that such a change would be in the best interests of the Company and its shareholders. Representatives of Ernst & Young LLP are expected to be present at the annual shareholders meeting, and they may have the opportunity to make a statement, if they desire to do so, and to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE YEAR ENDED DECEMBER 31, 2015.

PROPOSAL 3

ADVISORY VOTE ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

Pursuant to the Securities and Exchange Commission rules adopted under the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act), we are conducting a shareholder advisory vote on the compensation paid to our named executive officers. Although the vote is advisory and is not binding on the Board of Directors, the Company or the Compensation Committee, the Board's Compensation Committee will take into account, among other criteria, the outcome of the vote when considering future executive compensation decisions.

This proposal, commonly referred to as a "say-on-pay" proposal, gives our shareholders the opportunity to express their views on the compensation of our named executive officers and the executive compensation philosophy, policies and programs described in this proxy statement. We ask that you support the compensation of our named executive officers as disclosed under the heading "Executive Compensation", including the "Compensation Discussion and Analysis" section and the accompanying compensation tables and related narrative disclosure.

As described in the Compensation Discussion and Analysis section, we seek to provide a compensation package that attracts and retains executive talent, provides rewards for superior performance and produces consequences for underperformance. We believe that our compensation program strikes the appropriate balance between utilizing responsible, measured pay practices and effectively incentivizing our named executive officers to dedicate themselves fully to value creation for our shareholders.

You are encouraged to read the detailed information under "Executive Compensation" beginning on page 21 of this proxy statement for additional details about our executive compensation programs. Shareholder advisory votes on executive compensation will currently take place on an annual basis. Accordingly, our next shareholder advisory vote on executive compensation is expected to occur at the 2016 annual meeting of shareholders.

The Board of Directors strongly endorses the Company's executive compensation program and recommends that shareholders vote in favor of the following resolution:

RESOLVED, that the shareholders of First Financial Bankshares, Inc. hereby approve on an advisory basis, the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K in the Company's Proxy Statement for the 2015 Annual Meeting of Shareholders, including the Compensation Discussion and Analysis compensation tables and narrative discussion.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE RESOLUTION RELATED TO COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

PROPOSAL 4

APPROVAL OF RESTRICTED STOCK PLAN

The Board of Directors (the Board) at a meeting held on January 27, 2015, adopted, subject to shareholder approval, the First Financial Bankshares, Inc. 2015 Restricted Stock Plan (the Plan). Our employees, officers, non-employee directors and consultants and the employees of our subsidiaries are eligible to participate in the Plan. The Plan provides for the award of restricted stock, restricted stock units (RSUs) and performance awards. Our named executive officers and members of our Board will be eligible to receive awards under the Plan and therefore have an interest in this proposal.

Introduction and Background

The Company currently provides equity-based compensation to its employees through the award of stock options under our incentive stock option plan approved by the shareholders in 2012. Shareholder approval of the Plan will give the Company the flexibility to also grant equity awards in the form of restricted stock, RSUs and performance awards.

We are also asking our shareholders to approve the Plan to satisfy the shareholder approval requirements of Section 162(m) of the Internal Revenue Code (the Code) and to approve the material terms of the performance goals for performance awards that may be granted under the Plan intended to comply with the performance-based compensation exemption under Section 162(m) of the Code. In general, Section 162(m) of the Code denies a tax deduction to public companies for compensation paid to certain covered employees within a taxable year to the extent such compensation exceeds \$1,000,000. However, compensation that qualifies as performance-based under Section 162(m) of the Code does not count against this \$1,000,000 limit. In order for awards under the Plan to be treated as performance-based compensation under Section 162(m) of the Code, the material terms of the Plan under which such awards may be granted must be disclosed to and approved by the shareholders. For purposes of Section 162(m) of the Code, the material terms include (a) the employees eligible to receive compensation, (b) a description of the business criteria on which the performance goals may be based and (c) the maximum amount of compensation that can be paid to an employee under the performance goals. Each of these aspects of the Plan is discussed below, and shareholder approval of the proposal will constitute approval of the material terms of the Plan and the performance goals for purposes of Section 162(m) of the Code. Nothing in this proposal or the Plan precludes us or the plan administrator from making any payment or granting awards that do not qualify for tax deductibility under Section 162(m) of the Code or any other provision of the Code.

In its determination to recommend that the Board adopt the Plan, the Compensation Committee reviewed the burn rate, dilution and overhang metrics disclosed in the section titled Key Equity Metrics, below.

We believe strongly that the approval of the Plan is important to our continued success. Awards such as those provided under the Plan will help us attract and retain outstanding individuals and motivate employees to achieve our business goals and objectives.

Table of Contents**Key Equity Metrics**

Approval of the Plan will enable us to compete in the competitive market for employee talent over the coming years, while maintaining reasonable burn rates and overhang.

The following table shows key equity metrics under our existing incentive stock option plan:

Key Equity Metrics	2014	3-Year Average (2012-2014)
Shares subject to options granted ⁽¹⁾		131,667
Gross burn rate ⁽²⁾		0.21%
Net burn rate ⁽³⁾		0.16%
Dilution at Fiscal Year End ⁽⁴⁾	5.54%	5.79%
Overhang at Fiscal Year End ⁽⁵⁾	1.45%	1.48%

- (1) Reflects total number of shares subject to options granted during the fiscal year and excludes any cancelled or forfeited options.
- (2) Gross burn rate is calculated by dividing the total number of shares subject to options granted during the fiscal year by the total weighted-average number of shares outstanding during the period, and excludes any cancelled or forfeited options.
- (3) Net burn rate is calculated by dividing the total number of shares subject to options granted during the fiscal year by the total weighted-average number of shares outstanding during the period, and takes into account any cancelled or forfeited options.
- (4) Dilution is calculated by dividing the sum of (x) the number of shares subject to options outstanding at the end of the fiscal year and (y) the number of shares available for future grants, by the number of shares outstanding at the end of the fiscal year.
- (5) Overhang is calculated by dividing the number of shares subject to options outstanding at the end of the fiscal year by the number of shares outstanding at the end of the fiscal year.

Summary of the Plan Terms

The following summary of the Plan is qualified in its entirety by the specific language of the Plan, a copy of which is attached as Appendix A.

General. The purpose of the Plan is to provide an additional incentive to selected officers, employees, non-employee directors and consultants of the Company, and employees of the Company's subsidiaries, whose contributions are essential to the growth and success of the Company's business, and to attract and retain competent and dedicated persons whose efforts will contribute to and promote the long-term growth and profitability of the Company.

Shares Subject To Plan. Subject to adjustment as described below, the maximum number of shares of common stock that may be issued under the Plan is 500,000. The closing price of our common stock, as reported on the NASDAQ Global Select Market on February 27, 2015, was \$26.27 per share. No individual who is likely to be a covered

employee for purposes of Section 162(m) of the Code will be granted performance awards covering more than 10,000 shares (subject to equitable adjustment) during any calendar year. No individual who is a non-employee director will be granted awards covering more than 4,000 shares (subject to equitable adjustment) during any calendar year.

If an award is forfeited, cancelled, exchanged or surrendered, or if an award otherwise terminates or expires without a distribution of shares to the participant, the shares subject to such award or such forfeited shares are returned to the Plan and become available for future awards. In addition, any shares withheld by the Company or any subsidiary to satisfy the tax withholding obligations related to any award will again be available for future awards. If an award is denominated in shares, but settled in cash, the number of shares previously subject to the award will again be available for grants under the Plan. If an award can only be settled in cash, it will not be counted against the total number of shares available for grants under the Plan.

Table of Contents

The total number of shares reserved for issuance and the individual award limitations are subject to equitable adjustment upon the occurrence of any extraordinary dividend or other distribution, recapitalization, stock split, reorganization, merger, consolidation, combination, repurchase, or share exchange, or other similar corporate transaction or event.

Administration. The Plan will be administered by our Board, or if our Board does not administer the Plan, a committee of our Board that complies with the applicable requirements of Section 162(m) of the Code, Section 16 of the Exchange Act and any other applicable legal or stock exchange listing requirements (the Board or committee, as applicable, the plan administrator).

Eligibility. Our officers, including the named executive officers listed in the 2015 Summary Compensation Table, employees, non-employee directors and consultants are eligible to receive awards under the Plan at the discretion of the plan administrator.

Types of Awards. The Plan will provide for the issuance of restricted stock, RSUs and performance awards (that is, awards of restricted stock or RSUs the vesting of which is subject to performance conditions).

Restricted Stock. Awards of restricted stock are shares that vest in accordance with the terms and conditions established by the plan administrator. The plan administrator will determine the number of shares of restricted stock granted to any employee or non-employee director. Once the restricted stock is issued, voting, dividend and other rights as a shareholder will exist with respect to the restricted stock. However, the restricted stock and the appurtenant dividends, if any, will not be transferable until the restricted stock vests.

Restricted Stock Units. RSUs are awards that obligate the Company to pay the recipient of the award a value equal to the fair market value of a specific number of shares of Company common stock in the future if the vesting terms and conditions established by the plan administrator and set forth in the applicable award agreement are satisfied. Payment under an RSU may be made in cash or in shares of our common stock. The plan administrator will determine the number of shares that are subject to such RSUs. A holder of an RSU does not have any rights as a shareholder until shares of common stock, if any, are issued with respect to the RSU. Payment under a RSU will be made at a time that is permissible under or exempt from Section 409A of the Code. The plan administrator may permit a participant to defer the receipt of cash or shares pursuant to a RSU under the Plan. Any such deferral will be administered as determined by the plan administrator and in a manner that is intended to comply with Section 409A of the Code.

Performance Goals. The vesting of awards that are intended to qualify as performance-based compensation for purposes of Section 162(m) of the Code will be based upon one or more of the following business criteria: earnings as a percentage of revenues; pre-tax income, after-tax income or adjusted net income; earnings per share (basic or diluted); operating profit; revenue, revenue growth or rate of revenue growth; return on assets (gross or net), return on investment, return on capital, or return on equity; returns on sales or revenues; operating expenses; stock price appreciation; total shareholder return; earnings growth; return on average assets; return on average equity; efficiency ratio; net interest margin; audit, compliance and asset quality objectives; cost targets, reductions and savings, productivity and efficiencies; strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, goals relating to acquisitions, divestitures, joint ventures and/or similar transactions and/or goals relating to budget comparisons; and any combination of, or a specified increase or decrease in, any of the foregoing. Such performance goals may be measured on a GAAP or non-GAAP basis, and be based solely by reference to the performance of the Company as a whole or any subsidiary, division, business segment or business unit of the Company, or any combination of the foregoing or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to a peer group of other comparable companies,

or as compared to the performance of a published or special index deemed applicable by the plan administrator, including by not limited to, a stock index. Unless otherwise stated in an award agreement a performance goal need not be based on an increase or positive result under a particular business criterion and could include, for example, maintaining the status quo or limiting economic losses (measured, in each case, by reference to specific business criteria).

The plan administrator may provide for adjustment of performance goals for certain accounting charges as it determines appropriate, provided that any such adjustment not described in the immediately following sentence

Table of Contents

has been provided at the time the relevant performance goals are established. The plan administrator may also exclude the impact of any of the following events or occurrences that the plan administrator determines should be excluded, but only to the extent exclusion will not cause awards intended to qualify as performance-based compensation for purposes of Section 162(m) of the Code to fail to so qualify: asset write-downs; litigation, claims, judgments, or settlements; the effect of changes in tax law or other such laws or regulations affecting reported results; accruals for reorganization and restructuring programs; any extraordinary, unusual, or nonrecurring items as described in the Accounting Standards Codification Topic 225; any change in accounting principles as defined in the Accounting Standards Codification Topic 250; any loss from a discontinued operation as described in the Accounting Standards Codification Topic 360; goodwill impairment charges; operating results for any business acquired during the calendar year; third-party expenses associated with any acquisition by the Company or any subsidiary; and any other extraordinary events or occurrences identified by the plan administrator, to the extent set forth with reasonable particularity in connection with the establishment of performance goals.

Vesting. Awards will vest at the times and upon the conditions that the plan administrator may determine, as reflected in an applicable award agreement. The plan administrator has the authority to waive conditions or restrictions associated with or accelerate the vesting of any outstanding award at such times and under such circumstances as it deems appropriate.

Change of Control. Unless otherwise provided by the plan administrator or set forth in an award agreement or otherwise, following a change of control of the Company (as described below), each outstanding award that is not assumed or substituted in connection with the change of control will become fully vested, free of all applicable restrictions, and all applicable performance objectives will be deemed to be achieved at target levels immediately upon the occurrence of the change of control.

Except as otherwise provided in an award agreement, a change of control of the Company means a change of control of the Company of a nature which would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A promulgated under the Securities Exchange Act of 1934 or in response to any other form or report to the Securities and Exchange Commission or any stock exchange on which the Company's shares are listed which requires the reporting of a change of control. In addition, except as otherwise provided in an award agreement, a change of control is deemed to have occurred if: (i) a person or entity acquires securities of the Company representing 50% or more of its combined voting power; (ii) there is an unapproved change in the majority membership of the Company's board of directors; (iii) this is consummated a merger or consolidation of the Company or any of its subsidiaries, other than (x) a merger or consolidation that results in the Company's voting securities continuing to represent more than 50% of the combined voting power of the surviving entity or its parent, or (y) a merger or consolidation effected to implement a recapitalization in which no person or entity acquires 50% or more of the combined voting power of the Company; (iv) the shareholders of the Company approve a plan of complete liquidation of the Company; or (v) there is consummated a sale or disposition by the Company of all or substantially all of the Company's assets, other than a sale or disposition by the Company of all or substantially all of the Company's assets to an entity at least 80% of the combined voting power of the voting securities of which are owned by persons in substantially the same proportions as their ownership of the Company immediately prior to such sale.

A change of control for purposes of the Plan excludes the acquisition of securities representing more than 20% of the combined voting power of the Company by the Company, any of its wholly owned subsidiaries, or any trustee or other fiduciary holding securities of the Company under any Company employee benefit plan. For purposes of any award that provides for a deferral of compensation subject to Section 409A of the Code, to the extent the effect of a change of control on such award would subject the holder to additional taxes under Section 409A of the Code, a change of control for purposes of such award will mean a change of control that is also a change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation within the

meaning of the regulations promulgated under Section 409A of the Code.

Amendment and Termination of the Plan. The Board may alter, amend, revise, suspend or discontinue the Plan without obtaining approval of the Company's shareholders, provided such action does not (a) increase the benefits accruing to participants under the Plan, (b) increase the number of securities which may be issued under the Plan, (c) modify the requirements as to eligibility for participation in the Plan, (d) affect outstanding stock grants or any unexercised rights thereunder (e) extend the term of the Plan. Subject to the foregoing limitations, the Board may amend the Plan or modify the agreements evidencing same in order to comply with any exemption from the operation of Section 16(b) of the Securities Exchange Act of 1934.

Table of Contents**Federal Tax Aspects**

The following is a general summary under current law of the material federal income tax consequences of the grant, vesting and exercise of awards under the Plan. This summary deals with general tax principles that apply only to employees who are citizens or residents of the United States and is provided only for general information purposes. The following discussion does not address the tax consequences of awards that may be subject to and do not comply with the rules and guidance issued pursuant to Section 409A of the Code. Section 409A has implications that affect traditional deferred compensation plans, as well as certain equity awards. Accordingly, additional adverse tax consequences could apply to certain equity awards as a result of Section 409A based on the terms of the equity awards or modifications that have been made to the provisions of the equity awards.

The following discussion does not purport to be complete, and does not cover, among other things, federal employment tax and state and local income and employment tax treatment of participants in the Plan. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. The summary does not discuss all aspects of income taxation that may be relevant in light of personal investment circumstances. This summarized tax information is not tax advice.

Restricted Stock. Generally, a participant will not have taxable income upon grant of restricted stock. Instead, he or she will recognize ordinary income, if any, at the time of vesting equal to the fair market value of the shares received (determined as of the date of vesting) minus any amount paid for the shares.

Restricted Stock Units. A participant will generally not recognize taxable income at the time of the grant of a RSU or when the RSU vests. When an award is paid (whether it is at or after the time that the award vests), the participant will recognize ordinary income. In the event of an award that is paid or settled at a time following the vesting date, income tax may be deferred beyond vesting and until shares are actually delivered or payment is made to the participant if deferred in compliance with the timing of distributions and other requirements under Section 409A of the Code.

Gain or Loss on Sale or Disposition of Shares. In general, gain or loss from the sale or disposition of shares granted or awarded under the Plan will be treated as capital gain or loss, provided that the shares are held as capital assets at the time of the sale or exchange.

Withholding. Where an award results in income subject to withholding, the Company may require the participant to remit the withholding amount to the Company or cause shares of common stock to be withheld or sold in order to satisfy the tax withholding obligations.

Tax Effect for the Company. Generally we will be entitled to a tax deduction in connection with an award under the Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income, provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an excess parachute payment within the meaning of Section 280G of the Code and is not disallowed by the \$1,000,000 limitation on certain executive compensation under Section 162(m) of the Code.

Special rules under Section 162(m) of the Code limit the deductibility of compensation paid by a public company during a tax year to its chief executive officer and its other three most highly compensated executive officers for that tax year. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, under Section 162(m) of the Code qualifying performance-based compensation, including income from stock options and other performance based awards, may be deductible if the conditions of Section 162(m) are met. These conditions include, among other things, shareholder approval of the material terms of the Plan as discussed above, setting limits on the number of awards that

any individual may receive and establishing performance criteria that must be met before the award (other than certain stock options) actually will vest or be paid. The plan has been designed to permit the plan administrator in its discretion to grant awards which may qualify as performance-based for purposes of satisfying the conditions of Section 162(m) which may permit the Company to receive a federal income tax deduction in connection with such awards.

Table of Contents

Additionally, under the so-called "golden parachute" provisions of Section 280G of the Code, the accelerated vesting of options and benefits paid under other awards in connection with a change of control of a corporation may be required to be valued and taken into account in determining whether participants have received compensatory payments contingent on the change of control, in excess of certain limits. If these limits are exceeded, a portion of the amounts payable to the participant may be subject to an additional 20% federal excise tax and may be nondeductible by the Company.

New Plan Benefits

The amount, if any, of equity compensation to be awarded to officers, directors, employees and consultants is determined from time to time by the plan administrator, as applicable, and is not presently determinable.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE 2015 RESTRICTED STOCK PLAN.

PROPOSAL 5

AMENDMENT TO THE AMENDED AND RESTATED CERTIFICATE OF FORMATION

TO INCREASE THE NUMBER OF AUTHORIZED COMMON SHARES

Our amended and restated certificate of formation currently authorizes 80,000,000 common shares, par value \$0.01 per share, which we refer to as our common stock. Because 64,128,797 common shares are currently issued and outstanding and 3,553,277 shares are reserved for issuance upon exercise of our outstanding stock options, we have 12,317,926 common shares available for future issuances. Accordingly, we believe it is necessary to increase our total number of authorized common shares to 120,000,000 so that we have the flexibility in the future to issue more common shares, whether as a stock dividend, as consideration for an acquisition, in accordance with our stock option plans, to raise additional capital or otherwise. As described in our annual report on Form 10-K, we are actively pursuing acquisition opportunities and should we be able to reach an agreement with one or more acquisition targets we would likely use our common shares as some or all of the acquisition consideration. As of the date of this proxy statement, we are in preliminary discussions and negotiations with a private company we may acquire. Although there are no formal or definitive agreements at present respecting the potential acquisition, if the transaction is formalized we may issue our common shares as consideration for such acquisition. There is no assurance that we will enter into a definitive agreement respecting the proposed acquisition or that the transaction will be completed as planned or at all. Although the proposed increase in our authorized common shares could be construed as having anti-takeover effects, neither our Board of Directors nor our management views this proposal in that perspective, and we are not aware of any takeover bid at this time. Our Board of Directors has approved this amendment, but your approval is also required under Texas law to amend our amended and restated certificate of formation. Should the amendment not be approved, the Company would be limited in regards to future stock dividends, acquisitions using our common shares as consideration or incentivizing our employees through equity compensation plans.

The effect of the proposed amendment is to authorize an additional 40,000,000 common shares, par value \$0.01 per share. The future issuance of any newly authorized common shares, if any, would be authorized by resolution of the Board of Directors without further approval of the shareholders. Shareholders will have no preemptive rights to subscribe for additional common shares. The additional common shares to be authorized would be identical to our currently outstanding common shares, including being subject to the same conditions and having the same voting and other rights. Approval of this proposed amendment and any subsequent issuance of additional common shares would not affect your current rights as a shareholder, except for effects of a potential increase in the number of common shares outstanding, such as dilution of the earnings per share, book value per share and the voting power of current holders of common shares. Therefore, we are asking you to vote on the following resolution:

RESOLVED, that the Amended and Restated Certificate of Formation of First Financial Bankshares, Inc. (the Company) be amended to increase the total number of authorized common shares so that the Company is authorized to issue 120,000,000 common shares, to be effected by amending Article Four of the Company s Amended and Restated Certificate of Formation to read in its entirety as follows:

The aggregate number of common shares which the corporation shall have authority to issue is 120,000,000 of the par value of \$0.01 each.

INCREASE IN THE NUMBER OF AUTHORIZED COMMON SHARES.**

Table of Contents**EXECUTIVE COMPENSATION****Compensation Discussion and Analysis****Objectives/Philosophy**

The Compensation Committee's philosophy is to provide a compensation package that attracts and retains executive talent, provides rewards for superior performance and produces consequences for underperformance. It is also the Compensation Committee's practice to provide a balanced mix of cash and equity-based compensation that the committee believes appropriate to mitigate risk and align the short and long-term interests of the Company's executives with that of its shareholders and to encourage executives to participate and perform as equity owners of the Company.

We believe that to attract and retain the quality of executive talent necessary to achieve our long-term strategic business goals, we must offer a competitive compensation package to our executives. The Compensation Committee seeks to attract executive talent by offering competitive base salaries, annual performance incentive opportunities, and long-term rewards under the Company's long-term incentive programs (including profit sharing and incentive stock option plans). When considering pay decisions for our named executive officers, we target the median of the market for total compensation. While applying no specific formula or weighting of each factor, we also consider the executive's scope of responsibilities, skills and experience, overall Company performance and the Board of Directors evaluation of the executive's individual performance. Based on our business strategy and the results we expect from our executives, we attempt to blend their compensation pay between short and long-term pay as well as the mix of cash and equity compensation. We believe the design of our compensation programs and the amounts paid have been and continue to be appropriate and reasonable. We continually review our programs to ensure they are aligned with our business objectives and shareholder interests.

The Compensation Committee measures the Company's senior management compensation levels with comparable compensation levels in industry benchmark studies and peer group data. We use survey data to benchmark our executive positions to those at other banking institutions with total asset size similar to ours. In 2014, the Compensation Committee engaged Longnecker & Associates to conduct an independent third party executive compensation review and provide analyses, conclusions and recommended considerations for the key executives of the Company. The review included an analysis of the total direct compensation (base salary, annual incentives, long-term incentives, deferred compensation and perquisites) plus an assessment of the competitiveness of the Company's incentive compensation, based on asset size, geography, and operations, as compared to a peer group of companies and published survey data from similarly sized companies in the banking industry. The peer group companies considered by the Compensation Committee are:

Bancorp South, Inc.	International Bancshares Corporation
Bank of the Ozarks, Inc.	Prosperity Bancshares, Inc.
BancFirst Corporation	Renasant Corporation
Cullen/Frost Bankers, Inc.	Simmons First National Corporation
Hancock Holding Company	Southside Bancshares, Inc.
Home Bankshares, Inc.	Texas Capital Bancshares, Inc.
IberiaBank Corporation	

It is the Compensation Committee's practice to provide incentives that promote both the short and long-term financial objectives of the Company. To motivate our executives to achieve our strategic business goals, we offer the

opportunity to earn the targeted level of pay through incentive compensation that correlates to the Company's short and long-term performance. These incentives are based on financial and investment metrics underlying Company performance, including earnings growth, return on assets, net interest margin, credit quality and efficiency ratio. Annual bonuses reward achievement of short-term objectives that are established to encourage our executives to make decisions currently that promote shareholder value. Long-term incentive programs encourage executives to focus on the Company's long-term strategic goals which are catalysts to drive shareholder value, while accomplishing a high retention of our executives. Our compensation program also accounts for individual performance, which enables the Compensation Committee to differentiate among executives and emphasize the link between personal performance and compensation.

Table of Contents**Risk Assessment of Compensation Policies and Practices**

In connection with the Compensation Committee's evaluation and review of the Company's compensation policies and practices for its officers and employees, as such policies and practices relate to risk management practices and risk-taking incentives, the Compensation Committee has determined that its compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Elements of Compensation

The following is a summary of the elements of compensation provided to our Chief Executive Officer and other members of senior management. Further details and disclosures of each of these elements can be found in the tabular disclosures that follow.

Base Salary. Base salaries paid to our executives competitively compensate them for the experience and skills needed to perform their current roles, as well as reward their prior individual performance. We seek to provide our senior management with a level of assured cash compensation in the form of base salary that reflects their professional status, accomplishments and experience and aligns base salaries near the 50th market percentile for those incumbents who are seen as value creators and who are seasoned in their position. The Compensation Committee also retains the flexibility to increase the base salaries for certain executives beyond the 50th market percentile based on superior individual and/or company performance. The Compensation Committee met in January 2015 and approved base salaries for 2015 for the named executives as follows: Mr. Butler \$380,000, Mr. Dueser \$700,000, Mr. Gragg \$300,000, Mr. Hildebrand \$420,000 and Mr. Webb \$250,000.

Bonus. We offer a bonus plan that provides senior management with an opportunity to receive a cash bonus based on a sliding scale upon accomplishment of pre-determined performance goals. Mr. Dueser's, Mr. Hildebrand's and Mr. Webb's goals for 2014 were based on earnings growth, return on average assets, return on average equity and efficiency ratio for the Company. Mr. Gragg's goals for 2014 were based on earnings growth, return on average assets and credit quality for the Company. Mr. Butler's bonus for 2014 included the same goals of Mr. Dueser, Mr. Hildebrand and Mr. Webb for the Company and earnings growth, return on average assets, efficiency ratio and net interest margin for the Abilene region of the Bank, for which he served as Chief Executive Officer in 2014 and 2013. For 2014, the maximum award for senior management of the Company was 30% of the executive's base salary. In 2014, the metrics set for these named executive officers are these believed to be generally controllable by the respective named executive officer and which the Compensation Committee believes would result in increased shareholder value if achieved. To achieve the maximum award, the earnings growth goal was set at 15.00%, the return on average assets was set at 1.95%, the return on average equity was set at 16.00%, and the efficiency ratio was set at 46.50%. In addition, Mr. Gragg's goals included credit quality metrics of net charge-offs equal to or less than 0.06% and a non-performing asset ratio as a percentage of loans and foreclosed assets of 0.70% or less. The Abilene region metric goals for Mr. Butler to achieve the maximum award were an earnings growth of 13.00%, a return on average assets of 1.90%, an efficiency ratio of 40.00% and a net interest margin of 3.90%. Based on the achievement of the performance criteria, Messrs. Dueser, Hildebrand and Webb earned 14.0% of their base salary, Mr. Butler earned 11.5% of his base salary and Mr. Gragg earned 18.5% of his base salary. For 2015, the maximum award for Messrs. Butler, Dueser, Gragg and Hildebrand was increased to 40% of the executive's base salary. Regional bank presidents are also included in this bonus program, and their goals are structured to specific situations of their respective regional bank. While the performance goals drive the bonus plan and executive awards, the Compensation Committee retains discretion to adjust payouts of the awards based on the performance of the Company, including audit, compliance and asset quality issues, and the individual officer performance, as deemed appropriate. The Compensation Committee met in January 2015 to establish the specific goals for the named executive's 2015 bonus. Such goals were based on similar criteria as 2014.

Equity Compensation. We presently offer stock options under our incentive stock option plan approved by shareholders in 2012. The purpose of our incentive stock option plan is to attract and retain key officers and to encourage performance by providing a proprietary interest in our Company through the granting of stock options. We believe that stock options are an appropriate long term incentive to link executives' performance with stock price appreciation. We continue to review this program with each grant to ensure that this form of equity

Table of Contents

compensation will drive our executives toward successful long-term business results. Grants made under the incentive stock option plan typically vest 20% annually, commencing on the second anniversary of the grant and expire 10 years from the grant date. Unvested options granted under the incentive stock option plan vests 100% immediately upon the occurrence of a change of control event, as defined in the incentive stock plan. Unexercised options granted under the incentive stock option plan expire should the officer be terminated with cause, as defined in the incentive stock option plan.

Only incentive stock options (as defined in the Code) may be granted under the stock option plan. Incentive stock options granted under the stock option plan may be exercised solely by the grantee, or in the case of the grantee's death or incapacity, by the grantee's executors, administrators, guardians or other legal representatives and are not assignable or transferable by a grantee. We encourage the grantee not to dispose of the shares obtained through exercise of the options but rather to keep and build an equity interest in the Company. Incentive stock options further encourage our executives to exercise their options and hold the resulting shares by giving them the opportunity for favorable tax treatment for the exercise gain if certain holding requirements are met.

Generally, the Compensation Committee grants options every two years, subject to the Board of Directors' approval. In October 2013, the Company granted key employees, including the named executive officers disclosed herein, an aggregate of 395,000 stock options. No options were granted in 2014 or 2012. Allocation of options is based on competitive market considerations, past and expected performance of the executive, fairness, affordability and retention considerations. Grantees are required to sign confidentiality, non-solicitation and non-competition agreements in connection with receipt of the option grants to preclude actions detrimental to the Company. Administration of the stock option plan is delegated to an executive officer of the Company.

The Compensation Committee does not grant options during any black-out period under our insider trading policy. We do not release material, non-public information for the purpose of affecting the value of executive compensation, nor do we grant options to executives in coordination with the release of material, non-public information. All awards of the Company's common stock under our incentive stock option plan are made at the market price on the day of the award.

Moreover, under our insider trading policy, executive officers, directors and immediate family members of the Company may not buy or sell our stock during a trading period beginning fifteen days before the end of a fiscal quarter until three business days following the release of quarterly earnings information. Trading by directors and executive officers of the Company is also prohibited during designated periods when they possess material, non-public information about us.

Pension Plan. The defined benefit pension plan requires annual contributions sufficient to provide the pension benefits accruing to employees under the pension plan, as required by the Internal Revenue Service's funding standards and the Pension Protection Act of 2006. The annual benefit for a participant in the pension plan who retires on his normal retirement date is the accrued benefit (as defined in the pension plan) at December 31, 1988, plus 1.25% of average compensation multiplied by years of service from January 1, 1989. Average compensation is defined as the average compensation during the ten years immediately preceding the date of determination or actual employment, whichever is less. Compensation means the total amount paid to an employee during the year including bonuses, commissions, and overtime pay, but excluding reimbursed expenses, group insurance benefits and pension and profit sharing contributions. There are provisions in the pension plan for early retirement with reduced benefits. Benefits do not vest until a participant has five or more years of credited service or upon reaching age 65 without regard to credited service. Effective January 1, 2004, the pension plan was frozen and no additional benefits have accrued under the plan after such date. New hires to the Company are not eligible to participate in the frozen pension plan.

The pension plan is subject to the minimum funding requirements of the Employee Retirement Income Security Act of 1974, as amended. Senior management eligible under the pension plan receive the same benefits as all employees.

Profit Sharing Plan. All employees of the Company who satisfy the plan's eligibility conditions participate in our profit sharing plan. Contributions are determined annually based on a formula that includes growth in net income and return on average assets. Contributions under the profit sharing plan are reviewed by the Compensation Committee and are subject to their discretion and recommendation for approval by the Board of Directors. The

Table of Contents

Compensation Committee oversees the administration of the profit sharing plan. Effective January 1, 2002, we added a 401(k) feature to our profit sharing plan that allows the participants to make pre-tax contributions to the plan. Effective January 1, 2004, the plan includes a safe harbor Company matching contribution equal to 100% of each participant's contributions not exceeding 3% of the participant's compensation, plus 50% of each participant's deferral contributions in excess of 3% but not in excess of 5% of the participant's compensation.

Under the profit sharing plan, contributions by employees are not required as a condition of participation. Each participating employer's annual contribution is allocated among the accounts of the eligible plan participants, in the ratio that each participant's compensation bears to the total compensation of all eligible participants. Compensation is defined as the total amount paid to an employee during the year, including bonuses, commissions, and overtime pay, but excluding reimbursed expenses, group insurance benefits and pension and profit sharing contributions. However, the Internal Revenue Service limits the compensation amount used to calculate a participant's benefit to a maximum of \$260,000 (adjusted annually by the Internal Revenue Service). Additionally, the annual amount (which is the aggregate of employer and employee contributions) that may be allocated to a participant is limited to \$50,000 (adjusted annually by the Internal Revenue Service).

Our profit sharing plan includes an employee stock ownership plan (ESOP) feature whereby participants are given the option to receive cash dividends on shares owned by them in the ESOP in cash or reinvest the dividends in additional shares. Each participant owns shares and is entitled to vote his or her shares in any shareholder vote.

The profit sharing plan provides for benefits to vest in graduated percentages, with benefits being fully vested after six years of credited service except for amounts contributed to an employee's account under the safe harbor provisions and shares resulting from the reinvestment of dividends in the ESOP which are immediately fully vested. Generally, an employee's benefit will be the contributions allocated to their account while a participant, increased by gains and decreased by losses from investments of the plan, and increased by any forfeitures allocated to their account. An employee is always fully vested with respect to any voluntary contributions he makes. The plan also provides for immediate vesting upon attainment of normal retirement age and upon death or disability. If a participant terminates employment for any other reason, the total amount of their employee contribution account and the vested portion of his employer contribution account become distributable.

Senior management eligible for participation in the plan receive the same benefits as all employees. The maximum employer profit sharing contribution to the plan for an individual in a single year is 15% of the individual's salary, plus the safe harbor Company match, subject to Internal Revenue Service limits.

Make Whole Plan. The Company has a make whole program whereby executives, whose Company contributions to the profit sharing plan and employer match under the 401(k) feature are limited due to Internal Revenue Service limitations, have contributions made to a non-qualified plan equal to the amount under qualified plans as if there were no Internal Revenue Service limitations. This non-qualified plan uses the same contribution formula and vesting requirements as the 401(k) plan. This plan, which is reviewed annually, was implemented by the Compensation Committee to allow senior management whose compensation is in excess of Internal Revenue Service limits to have profit sharing/401(k) matches in the same proportionate ratio as all employees.

Severance Benefits. We believe that companies should provide reasonable severance benefits to employees. With respect to senior management, these severance benefits should reflect the fact that it may be difficult for employees to find comparable employment within a short period of time. Our policy for all employees provides that full-time employees who are discharged due to a restructuring or layoff are eligible to receive severance pay based on their years of service to the Company. The Company will provide one week of severance pay for each year of employee service, up to a maximum of six months of salary, except that in all cases, severance pay will not be less than four

week's pay. In order to receive severance pay, an employee must sign a release of claims in favor of the Company. Employees who do not sign the required release form will not receive severance pay.

Potential Payments Upon a Change of Control and Executive Recognition Agreements. In April 1996, our Board of Directors unanimously approved an executive recognition plan. This plan enabled us to offer our key executive officers and those of our subsidiaries an executive recognition agreement. All of our named executive officers have entered into executive recognition agreements with us. The Company does not utilize employment agreements.

Table of Contents

We believe our executive recognition agreements are conservative when compared to the competitive market. The agreements have been continually renewed since we view them as necessary to ensure the continued focus of our executives on making the appropriate strategic decisions for the Company even if the decision involves a change in control.

Each executive recognition agreement provides severance benefits for each applicable executive officer if, within two years following a change in control, the officer's employment with us or our subsidiaries is terminated (i) by us (including any successor to us) or the subsidiary bank for any reason other than for cause (see below), except for termination as a result of the officer's death, disability or retirement; or (ii) by the executive officer for good reason (see below).

As used in the executive recognition agreements, a change of control is defined as one or more of the following:

a person or entity directly or indirectly acquires securities of the Company representing more than 50% of the combined voting power entitled to vote generally in the election of directors of the then outstanding shares of the Company; or

any person or entity commences a tender offer or exchange offer to acquire any common stock of the Company (or securities convertible into common stock) for cash, securities or any other consideration in which after consummation of the offer, the person or entity directly or indirectly acquires beneficial ownership of shares of the Company representing more than 50% of the combined voting power entitled to vote generally in the election of directors of the then outstanding shares of the Company; or

the shareholders of the Company approve a reorganization, merger, consolidation, recapitalization, exchange offer, purchase of assets or other transaction, in each case, with respect to which the persons who were the beneficial owners of the Company immediately prior to such a transaction do not immediately after its completion, own more than 50% of the combined voting power entitled to vote generally in the election of directors of the reorganized, merged, recapitalized or resulting company's then outstanding shares; or

the shareholders of the Company approve a liquidation or dissolution of the Company; or

the Company sells or otherwise transfers (or one or more of its subsidiaries, sell or otherwise transfer), in one or more related transactions, assets aggregating 50% or more of the book value of the assets of the Company and its subsidiaries (taken as a whole).

As used in the executive recognition agreements, cause means termination of an employee due to the:

willful and continued failure by the employee to substantially perform his duties with the Company (other than any such failure resulting from the employee's physical or mental incapacity due to injury or illness) after written demand for substantial performance is delivered to the employee by the Company; or

willful engaging by the employee in conduct which is demonstrably injurious to the Company, monetarily or otherwise.

As used in the executive recognition agreements, "good reason" means termination by an employee due to:

a determination by the employee, made in good faith and based on the employee's reasonable belief, that there has been a materially adverse change in his status or position as an executive officer of the Company as in effect immediately prior to the change in control, including, without limitation, any material change in the employee's status or position as a result of a diminution in the employee's duties or responsibilities or the assignment to the employee of any duties or responsibilities which are inconsistent with his status or position, or any removal of the employee from or failure to reappoint or reelect the employee to such position; or

Table of Contents

a material reduction by the Company in the employee's annual base salary in effect immediately prior to the change in control; or

the relocation of the employee's principal office outside of the city or metropolitan area in which the employee is residing at the time of any change in control; or

a material reduction by the Company in the budget over which the employee retained authority immediately prior to a change of control; or

the failure by the Company to continue in effect any benefit plan in which the employee participates at the time of a change in control other than as a result of the normal expiration of any such plan in accordance with its terms as in effect at the time of the change in control; or

any action or inaction by the Company following a change in control that constitutes a material breach of the agreement under which the employee provides services to the Company; or

any purported termination of the employee not effected pursuant to a notice of termination as required by the executive recognition agreement; or

the failure by the Company to provide and credit the employee with the number of paid vacation days to which the employee is then entitled in accordance with the Company's normal vacation policy as in effect immediately prior to a change in control; or

the failure by any successor corporation to the Company to assume the executive recognition agreement. Such severance benefits under the executive recognition agreements provide that the executive officer will receive a payment equal to a certain percentage (as set forth in his executive recognition agreement) of his annual base salary immediately preceding the date of termination. The percentage of annual base salary to be received upon a change in control pursuant to his executive recognition agreement is 208%. The total severance payment for the executive officer cannot, however, exceed the amount that would cause such payment to be deemed a "parachute payment" under Section 280G of the Internal Revenue Code.

Each executive recognition agreement has a term of two years. However, if a change in control occurs during the original term of the executive recognition agreements, then the executive recognition agreements will continue in effect for an additional period of two years following the change in control. Similarly, if a second change in control occurs within two years from the date of the first change in control, then the executive recognition agreements will continue in effect for a period of two years from the date of the second change in control. The agreements include confidentiality obligations, but do not bind the executives to non-competition, non-disparagement or non-solicitation clauses.

These executive recognition agreements were renewed in July 2014 with changes only to comply with Internal Revenue Service regulations affecting such plans.

Edgar Filing: FIRST FINANCIAL BANKSHARES INC - Form DEF 14A

Amounts that would be paid under these agreements upon a change of control and a qualifying termination for good reason using base salary information as of December 31, 2014 for the named executive officers would be as follows:

Name	Amount
F. Scott Dueser, President and CEO	\$ 1,320,800
Ronald D. Butler, II, Executive Vice President & CAO	\$ 748,800
Gary S. Gragg, Executive Vice President	\$ 530,400
J. Bruce Hildebrand, Executive Vice President & CFO	\$ 832,000
Gary L. Webb, Executive Vice President	\$ 665,600

In addition to the amounts payable under the executive recognition agreements, the Company's 2012 Incentive Stock Option Plan generally provides that upon a change in control satisfying the requirements of such plan, all unvested stock options will automatically become vested and exercisable in full.

The table below shows our estimates of the value that would have been recognized by our executive officers as result of the accelerated vesting of the stock options held by such executive officers assuming a change in control occurred on December 31, 2014. The estimated value was calculated by multiplying the number of unvested stock options held by the applicable executive officer by the difference between the closing price of our common shares on December 31, 2014, which was \$29.88, and the exercise price of the option. The actual amounts to be paid out can only be determined at the time of such change in control.

Name	Value of Stock Options
F. Scott Dueser	\$ 209,100
Ronald D. Butler, II	\$ 87,570
Gary S. Gragg	\$ 87,570
J. Bruce Hildebrand	\$ 87,570
Gary L. Webb	\$ 87,570

Perquisites and Other Benefits. We annually review the perquisites that senior management receives. The primary perquisites for senior management are the reimbursement of initiation fees and dues for one golf or social club. We seek to encourage our senior management to belong to a golf or social club so that they have a convenient entertainment forum for customers and to facilitate interaction with current and potential customers, many of whom belong to these clubs. We do not permit personal use of our Company airplane.

Senior management also participates in the Company's other benefit plans on the same terms as other employees. These plans include medical, life insurance and flex spending account benefits. Relocation benefits also are reimbursed but are individually negotiated when they occur.

The Compensation Committee monitors the results of the annual advisory say-on-pay proposal and incorporates such results as one of many factors considered in connection with the discharge of its responsibilities, although no such factor is assigned a quantitative weighting. Because a substantial majority (97.9% of votes cast) of our shareholders approved the compensation program described in our proxy statement in 2014, the Compensation Committee did not implement changes to our executive compensation program as a result of the shareholder advisory vote.

Section 162(m). Section 162(m) of the Code generally limits the deductibility of compensation paid by a public company during a tax year to its chief executive officer and its other three most highly compensated executive officers for that tax year. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, under Section 162(m) of the Code qualifying performance-based compensation, including income from stock options and other performance based awards, may be deductible if the conditions of Section 162(m) are met. Although deductibility of compensation is preferred, tax deductibility is not a primary objective of the Company's compensation programs. The Company believes that achieving its objectives under the compensation philosophy set forth above is more important than the benefit of tax deductibility. The Company reserves the right to maintain flexibility in how it compensates its executive officers that may result in limiting the deductibility of amounts of compensation from time to time.

Grants of Plan-Based Awards

Table of Contents**DIRECTOR COMPENSATION**

For 2014, we had ten non-officer directors who received fees for attendance at Board of Director meetings and committee meetings. Directors who are also our executive officers or employees receive no compensation for service as members of either the Board of Directors or committees thereof. Directors who are not also our officers receive \$2,500 for each board meeting attended and a \$5,000 per quarter retainer fee. The directors who serve on committees and who are not also our officers receive \$1,000 for each committee meeting attended. Director fees are paid in cash but a director may elect to defer receipt of fees into a non-qualified Rabbi Trust wherein the funds are used to purchase Company common shares on the open market. Because these shares are held in a Rabbi Trust, shares under this plan are not included in the director's shares beneficially owned as disclosed on page 6. No equity awards are granted to the directors for fees and the directors do not participate in the Company's profit sharing or defined benefit pension plan. Directors are reimbursed for actual travel costs to attend the respective meetings. In addition, a director serving on the board of our subsidiary or a regional advisory board receives director and committee fees per meeting which are included in the table below.

CORPORATE GOVERNANCE

Overview

We have long believed that good corporate governance is important to ensure that the Company is managed for the long-term benefit of our shareholders. We periodically review our corporate governance policies and practices and compare them to those suggested by various authorities in corporate governance and the practices of other public companies. We also monitor new and proposed rules of the Securities and Exchange Commission, the Nasdaq Global Market and the bank regulatory authorities. We may amend our governance policies and procedures when required by law, Nasdaq rules or when we otherwise deem it prudent to do so. Each of our Audit, Compensation and Nominating/Corporate Governance Committees has adopted a charter. Our corporate governance policies, including our code of conduct applicable to all our employees, officers and directors, as well as the charters of our Audit, Compensation and Nominating/Corporate Governance Committees, are available at www.ffin.com under the investor relations/corporate governance caption. Copies of these documents are also available in print to any shareholder who requests them in writing.

Board Leadership Structure and Role in Risk Oversight

We are committed to a strong, independent Board of Directors and believe that objective oversight of the performance of our management is a critical aspect of effective corporate governance. As described under Director Independence below, we believe that all of our directors are independent with the exception of Mr. Dueser given his position as Chairman, President and Chief Executive Officer. With the exception of our Executive Committee, which Mr. Dueser chairs, all of our committees are comprised solely of and chaired by independent directors. In addition, at each regularly scheduled Board meeting, the non-management directors meet in executive session without management directors.

We do not have an independent Chairman of the Board; however, Mr. Bridwell serves as our independent lead director. Mr. Dueser serves as our Chairman of the Board of Directors. Although the Board of Directors has considered appointing an independent Chairman of the Board, the Board of Directors concluded that Mr. Dueser's leadership has served the Company and its shareholders well, as he is intimately familiar with all aspects of the Company's operations and provides the Board of Directors with effective oversight of management.

The Board of Directors, together with the Audit, Executive, Nominating/Corporate Governance and Compensation Committees of the board, coordinate with each other to provide enterprise-wide oversight of our management and handling of risk. These committees report regularly to the entire Board of Directors on risk-related matters and provide the Board of Directors with integrated insight about our management of strategic, credit, interest rate, financial reporting, technology, liquidity, compliance, operational and reputational risks. In addition our subsidiary bank has its own board of directors and audit, loan and asset liability management committees, which provide risk management. The management and board of directors of our subsidiary bank also provide reports to our management and Board of Directors regarding risk management.

In addition, the consolidation of the management of our securities portfolio, loan review, internal audit, compliance and asset liability/liquidity management at the holding company level provides additional risk oversight which further mitigates overall risk to the Company. While we have not developed an enterprise-wide risk statement, the Board of Directors believes that sound credit underwriting to manage credit risk and a conservative investment portfolio to manage liquidity and interest rate risk contribute to an effective oversight of the Company's risk.

At meetings of the Board of Directors and its committees, directors receive regular updates from management regarding risk management. The Chief Administrative Officer, Chief Credit Officer, Chief Operations Officer and Chief Financial Officer, who are responsible for instituting risk management practices that are consistent with our overall business strategy and risk tolerance, report directly to Mr. Dueser, our Chief Executive Officer, and lead management's risk discussions at Board and committee meetings. Outside of formal meetings, the Board of Directors, its committees and individual Board members have regular access to senior executives, including the Chief Administrative Officer, Chief Credit Officer, Chief Operations Officer and Chief Financial Officer.

Independent Lead Director

Mr. Bridwell serves as our independent lead director. The Board of Directors recognizes that the Company and its shareholders are well served under corporate governance best practices through the designation and empowerment of an independent lead director for several reasons, the foremost being that Mr. Dueser, our Chairman of the Board, is a non independent director.

The independent lead director's duties include:

chairing meetings of executive sessions of our Board of Directors, as well as other meetings involving non-management and independent directors;

presiding at meetings of the Board of Directors in the absence or at the request of the Chairman of the Board of Directors;

acting as a liaison between the independent directors and the Chairman of the Board of Directors;

approving meeting agendas;

ensuring that appropriate information is sent to the Board of Directors;

providing an important communication link between the other independent directors and our shareholders;
and

calling additional meetings of the independent directors as appropriate.

As independent lead director, Mr. Bridwell communicates regularly with our Chief Executive Officer on a variety of issues including business strategy and succession planning. The Board of Directors considers periodically its structure and the role and responsibilities of the independent lead director to reflect its commitment to corporate governance best practices.

Communications with Your Board of Directors

Shareholders may call or write to the Board of Directors at the address and phone number listed on the first page of this proxy statement. Letters addressed to individual board members and clearly marked as shareholder communications will be forwarded by the corporate secretary unopened to the individual addressee. Any letters addressed to the Board of Directors and clearly marked as shareholder communications will be forwarded by the corporate secretary unopened to the Chairman of the Board.

Director Independence

In accordance with Nasdaq rules, our Board of Directors affirmatively determines the independence of each director and each nominee for election as director. The Board of Directors makes its determination based on the elements of independence set forth in the Nasdaq listing standards. We have not adopted any supplemental independence criteria.

Based on these standards, the Board of Directors has determined that each of the following non-employee directors is independent:

April Anthony
Steven L. Beal
Tucker S. Bridwell
David Copeland
Murray Edwards

Ron Giddiens
Tim Lancaster
Kade Matthews
Ross H. Smith, Jr.
Johnny E. Trotter

Table of Contents

All members of the Audit, Compensation and Nominating/Corporate Governance Committees are independent under the applicable Nasdaq listing standards. Given his position as President and Chief Executive Officer, Mr. Dueser is not considered an independent director.

Meetings of the Board of Directors

The Board of Directors of the Company has four regularly scheduled meetings each year. In 2014, each of the directors attended at least 75% of the meetings of the Board of Directors and the committees of the Board of Directors on which such director served.

Although we do not have a formal policy regarding attendance by members of the Board of Directors at our annual meeting of shareholders, we encourage directors to attend and historically more than a majority have done so. All directors attended the 2014 annual meeting of shareholders.

Committees of the Board of Directors

The Board of Directors has four committees. The functions and current members of each committee are as follows:

Executive Committee. The Executive Committee acts for the Board of Directors between board meetings, except to the extent limited by our bylaws or Texas law. The current members are Messrs. Beal, Bridwell, Copeland, Edwards, Dueser, and Trotter. Mr. Dueser is the chairman of the committee. The Executive Committee met four times during 2014 and once in January 2015.

Nominating/Corporate Governance Committee. Among other things, the Nominating/Corporate Governance Committee recommends director candidates to the Board of Directors. The Nominating/Corporate Governance Committee members are Messrs. Beal, Bridwell, Copeland, Edwards, and Trotter. Mr. Bridwell is the chairman of the committee. All current directors, with the addition of Ms. April Anthony, are being nominated for election as directors for 2015. The committee did not meet in 2014 and met once in January 2015.

Historically, our goal has been to assemble a Board of Directors that brings diverse perspectives and skills derived from exemplary business and professional experience. Such qualifications provide sound and prudent guidance with respect to our operations and interests. Generally, the committee identifies candidates through the personal, business and organizational contacts of the directors and management, as well as our regional advisory board members. For a description of the process of identifying and evaluating potential directors, please refer to the section of this proxy statement entitled "Identifying and Evaluating Nominees for Director" on page 4.

Under our bylaws, an individual may not stand for election or reelection as a director upon attaining age 72 years of age, unless he owns at least 1% of the outstanding shares of our common stock and is less than 75 years of age. Otherwise, there are no stated minimum criteria for director nominees.

We expect that the Nominating/Corporate Governance Committee will recommend nominees in the future by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the board with skills and experience that are relevant to our business and who are willing to continue in service will be considered for re-nomination, balancing the value of continuity of service by existing members of the board with that of obtaining a new perspective. If any member of the board does not wish to continue in service or if the Nominating/Corporate Governance Committee of the Board of Directors decides not to re-nominate a member for re-election, we anticipate that the Nominating/Corporate Governance Committee will identify the desired skills and experience of a new nominee in light of the criteria above and begin a search for appropriately qualified individuals.

To date, we have not engaged third parties to identify or evaluate or assist in identifying potential nominees, although we reserve the right in the future to retain a third party search firm, if determined by the Nominating/Corporate Governance Committee.

Table of Contents

The Nominating/Corporate Governance Committee will consider qualified director candidates recommended by shareholders. For the 2016 Annual Shareholders Meeting, any shareholder wishing to propose a nominee should submit a recommendation in writing to the Nominating/Corporate Governance Committee of First Financial Bankshares, Inc. at 400 Pine Street, Suite 300, Abilene, Texas 79601 at least 120 days and not more than 150 days in advance of the anniversary of the 2015 annual meeting (or as otherwise set forth in our amended and restated bylaws), including the nominee's resume, qualifications and other relevant biographical information and providing confirmation of (1) the name and address of the shareholder giving notice, and any (x) person controlling, directly or indirectly, or acting in concert with, the shareholder, (y) any beneficial owner of the shares of the Company owned of record or beneficially by the shareholder and (z) any person controlling, controlled by or under common control with the shareholder (a Shareholder Associated Person), (2) for the shareholder and any Shareholder Associated Person, the number of common shares of the Company that are owned beneficially and of record and any derivatives, hedged positions, synthetic and temporary ownership techniques, swaps, securities loans, timed purchases and other economic and voting interests or similar positions, securities or interests with respect to our securities, (3) the nominee's consent to serve as a director and acknowledgement that the nominee will comply with our bylaws, code of business conduct and ethics, corporate governance handbook and any other applicable rules, regulations, policies or standards of conduct applicable to the Board of Directors and its members, (4) a description of all relationships, arrangements or understandings between the shareholder and any Shareholder Associated Person, on the one hand, and the nominee, the nominee's affiliates or associates or others acting in concert with the nominee, on the other hand, (5) a description of the nominee's background and experience and the reasons why the nominee meets the standards for director nominees set forth in our corporate governance practices, (6) a completed independence questionnaire regarding the nominee, which may be obtained from the Secretary of the Company, (7) a written representation from the nominee that they do not have, nor will they have, any undisclosed voting commitments or other arrangements with respect to their actions as a director and (8) any other information regarding the nominee or shareholder that would be required to be included in a proxy statement relating to the election of directors. Qualified candidates recommended by our shareholders will be evaluated on the same basis as candidates recommended by our officers, directors and other sources.

Audit Committee. Among other things, the Audit Committee reviews the scope and results of the annual audit by our independent auditors, and receives and reviews internal and external audit reports. The committee also monitors the qualifications, independence and performance of our independent auditor and internal auditors. Its members include Messrs. Copeland, Edwards, Giddiens and Lancaster. Mr. Copeland is the chairman of the committee. The Audit Committee met five times in 2014, and once in January 2015 and once in February 2015. The Board of Directors has determined that it believes all Audit Committee members are financially literate under the current listing standards of Nasdaq. The Board of Directors also believes Mr. Copeland qualifies as an audit committee financial expert as defined by the SEC rules adopted pursuant to the Sarbanes-Oxley Act of 2002.

Compensation Committee. The current members of the Compensation Committee are Messrs. Beal, Smith, Matthews and Trotter. Mr. Beal is the chairman of the committee. All committee members are currently deemed to be independent. In determining the independence of the members, the Board of Directors has used the definition of independence contained in Rule 5606(d)(2)(A) of the Marketplace Rules of The Nasdaq Stock Market and has applied this definition consistently to all committee members. The committee meets as needed during the year but generally meets four to five times per year. The committee met four times during 2014 and twice in January 2015. The Compensation Committee charter can be found on our website at www.ffin.com in the investor relations/corporate governance section.

The Compensation Committee is responsible for making recommendations to the Board of Directors concerning compensation matters for the Company's executive officers and directors. Executives of the Company are integral in the compensation process for the Company; however, the committee determines all elements of pay for the Chief

Executive Officer. With the assistance of the Chief Financial Officer and the human resources department, the Chief Executive Officer makes recommendations for all Company executives, including the named executive officers, to the committee for their review and approval. For the named executive officers, the committee develops compensation recommendations to the full Board of Directors for approval.

The Compensation Committee also oversees the administration of employee benefits and benefit plans for the Company and its subsidiaries including our profit sharing, pension and flexible spending plans as well as our incentive stock option plan for key employees. The committee delegates day-to-day administration of the clerical elements of these programs to the human resources department, trust company as trustee of the pension and profit sharing plans and an executive officer overseeing the stock option plan.

Table of Contents

The agenda for meetings of the Compensation Committee is set by its chairman, acting with the assistance of the Company's Chief Executive Officer and Chief Financial Officer. At each meeting, the committee meets in executive session without management or any non-independent directors. In making compensation decisions, the Compensation Committee obtains information from a variety of public sources and considers the recommendations of the Company's management, human resources department and trust company. The committee makes periodic reports to the full Board of Directors.

The Compensation Committee has from time to time engaged compensation consultants from outside the Company, and the committee has the right under its charter to engage compensation consultants or other outside advisors, including legal counsel, if it so chooses, subject to ratification by the Board of Directors, and only after consideration of the factors listed in Nasdaq Rule 5605(d)(3)(D). The committee may retain, terminate and approve professional fees (subject to ratification by the Board of Directors) related to compensation consultants or other advisors as appropriate. From December 2007 to February 2008, the Compensation Committee retained Hewitt Associates to benchmark executive and director compensation and to review and recommend considerations related to the Company executive bonus program. In 2013, the Compensation Committee retained Alvarez & Marsal to assist the Company in addressing new regulatory rules for incentive compensation for mortgage loan originators. In 2014, the Compensation Committee retained Longnecker & Associates to assist the Company in addressing compensation and benefits to executive officers and outside directors of the Company. Prior to their engagement the Compensation Committee confirmed that such firms did not have any potential or actual conflicts of interest with the Board of Directors or the Company.

Compensation Committee Interlocks and Insider Participation

No person who served as a member of the Compensation Committee was, during 2014, an officer or employee of us or any of our subsidiaries, or had any relationship requiring disclosure in this proxy statement. However, certain of the Compensation Committee members (or related entities) maintained loans from subsidiaries during 2014. The loans were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions on an arms-length basis and did not involve more than the normal risk of collectibility or present other unfavorable features to the subsidiary bank. None of our executive officers served as a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire Board of Directors) or director of another entity, one of whose executive officers served as a member of our Board of Directors.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the system of internal controls. In fulfilling its oversight responsibilities, the committee, which is composed of independent directors in compliance with Rule 5605 of the Nasdaq listing standards, reviewed and discussed the audited financial statements in the Annual Report included with this proxy statement with management. The committee also discussed with management the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with Ernst & Young LLP, our independent registered public accounting firm for 2014, who was responsible for expressing an opinion on the conformity of our audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards and, as applicable, the standards of the Public Company Accounting Oversight Board (PCAOB). The Audit Committee also discussed with the independent registered public accounting firm their audit of the Company's effectiveness of internal control over financial reporting as of December 31, 2014, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 Framework). In addition, the committee has discussed with the independent registered public accounting firm the auditors' independence from management and the Company, including the matters required by the Public Company Accounting Oversight Board Auditing Standard No. 16, Communications with Audit Committees, and considered the compatibility of non-audit services with the auditors' independence. The Audit Committee has received the written disclosures from our independent registered public accounting firm regarding the auditors' independence required by PCAOB Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence.

The Audit Committee discussed with our independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. The Audit Committee held five meetings during the year that ended December 31, 2014 and met once in January 2015 and once in February 2015.

The Audit Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles. The Audit Committee's oversight does not provide it with an independent basis to determine that management has in fact maintained appropriate accounting and financial reporting principles or policies. Furthermore, the Audit Committee's considerations and discussions with management and the independent auditors do not ensure that our financial statements are presented in accordance with generally accepted accounting principles, that the audit of our company's financial statements has been carried out in accordance with generally accepted auditing standards or the standards of the PCAOB or that our independent accountants are in fact independent.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2014, for filing with the Securities and Exchange Commission. The Board of Directors approved the Audit Committee's recommendation. The members of the committee are considered independent because we believe they satisfy the independence requirements for audit committee members prescribed by Nasdaq and the Securities and Exchange Commission.
