Proxy Statement

The accompanying proxy is solicited by the Board of Directors of Panhandle Royalty Company, an Oklahoma corporation (the Company), for use at the annual meeting of shareholders (the meeting) to be held Thursday, March 8, 2007, and at any adjournment or postponement thereof.

When the proxy is properly executed and returned, the shares it represents will be voted at the meeting in accordance with any directions noted thereon. If no direction is indicated, the persons named on the enclosed proxy will vote the proxy for the nominees for director set forth thereon. Should other matters come before the meeting, the proxy will be voted as the Board of Directors of the Company may, in its discretion, determine.

If the enclosed form of proxy is executed and returned, it nevertheless may be revoked at any time before it is exercised, by signing and sending to the Company a later dated proxy or a written revocation, or by attending the meeting and voting in person.

The mailing address of the Company is 5400 N. Grand Boulevard, Suite 305, Oklahoma City, OK 73112-5688. It is anticipated that the proxies and proxy statements will be mailed to shareholders beginning on or about January 26, 2007.

The cost of soliciting proxies for the meeting will be borne by the Company. In addition to solicitation by mail, arrangements may be made with brokerage firms, banks and other custodians, nominees and fiduciaries to send proxy material to their principals. The Company will reimburse these institutions for their reasonable costs. No solicitation is to be made by specially engaged employees or other paid solicitors.

Voting Securities

The Amended Certificate of Incorporation of the Company provides for one vote for each share of Common Stock outstanding. At the meeting, each holder of Common Stock will be entitled to cast one vote per share of Common Stock owned. Votes may be cast by shareholders either in person or by proxy.

All holders of Common Stock of record at the close of business on January 18, 2007 will be eligible to vote. As of January 18, 2007, there were 8,422,529 shares of Common Stock outstanding owned by approximately 4,300 shareholders.

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote is necessary for a quorum at the meeting. Directors are elected by a plurality of the votes of shares present in person or represented by proxy at the meeting. The approval of Proposal No. 2 and Proposal No. 3 requires the affirmative vote of a majority of the outstanding shares of Common Stock.

Abstentions will be counted for the purpose of determining the existence of a quorum and will have the same effect as a negative vote on matters other than the election of directors. If a nominee holding shares for a beneficial owner indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter or otherwise does not vote such shares, these shares will not

Table of Contents

be considered as present and entitled to vote in respect to that matter, but will be counted for the purpose of determining the existence of a quorum.

A proxy is enclosed for your signature. Please return it immediately, dated and signed.

Please note that if you hold shares in street name (that is, through a bank, broker or other nominee) and would like to attend the annual meeting and vote in person, you will need to bring a proxy signed by the person in whose name your shares are registered to the annual meeting.

The Company knows of no arrangements which would result in a change in control of the Company at any future date.

Effective January 1, 2006, outside directors are paid an annual retainer of \$10,000, plus a \$1,000 fee and travel expenses for attending each meeting of the Board of Directors and a \$1,000 fee for attending each committee meeting. Any director who travels over 50 miles to attend a meeting receives an additional \$500 for each meeting. In addition to the above fees the Chairman of the Board of Directors (who is not an employee of the Company) and the chairmen of the Audit, Compensation and Nominating Committees receive annual retainers of \$15,000, \$10,000, \$2,500 and \$1,000, respectively. These retainers and fees were frozen for two years beginning January 1, 2006. The annual retainers are paid to the directors on January 15 of each year.

Outside directors may elect to be included in the Panhandle Royalty Company Deferred Compensation Plan For Non-Employee Directors (the Plan). The Plan provides that each eligible director can individually elect to receive shares of Company stock rather than cash for the yearly retainer, Board meeting fees or Board committee meeting fees. These unissued shares are credited to each director's deferred fee account at the fair market value of the shares (i) on the date of the meeting for Board and committee meetings, and (ii) on January 15 of each year for the annual retainers. Upon

Report of the Audit Committee

During fiscal 2006, the Audit Committee is currently composed of four independent directors: Robert O. Lorenz, chairman, Robert A. Reece, Robert E. Robotti and H. Grant Swartzwelder. The Board of Directors has determined that all committee members are independent and that Mr. Lorenz is an audit committee financial expert, as defined by Securities and Exchange Commission guidelines and the rules of the American Stock Exchange.

The Audit Committee Charter was reaffirmed by the Board of Directors in December, 2005, and was last revised and adopted in December, 2004. A copy can be viewed on the Company's website: www.panra.com. Five meetings of the Committee were held during fiscal 2006.

The Audit Committee's primary responsibility is to oversee the Company's financial reporting process on behalf of the Board of Directors and report the results of its activities to the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal control over financial reporting.

In fulfilling its responsibilities, the Committee reviewed with management the audited financial statements included in the Company's Annual Report on Form 10-K for fiscal 2006, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee by Statement on Auditing Standards No. 61 (Communications with Audit Committees) as amended by Statement on Auditing Standards No. 90 (Audit Committee Communications). In addition, the Committee discussed with the independent auditors its independence from management and the Company, including matters in the written disclosures received from the independent auditors as required by the Independence Standards Board No. 1 (Independence Discussions with Audit Committee).

The Committee met with the independent auditors, with and without management present, to discuss the overall scope and plans for their audit, the results of their examinations, their evaluations of the Company's internal control over financial reporting and the overall quality of the Company's financial reporting.

The Committee also met with the independent auditors and management subsequent to the end of each of the first three fiscal quarters. At these meetings, the independent auditors' review results were presented and discussed and discussions were held with management concerning the quarterly results.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2006 for filing with the Securities and Exchange Commission.

Report of Compensation Committee on Executive Compensation

The Compensation Committee oversees the Company's executive compensation program. In December of each year, base salaries of officers are set for the next calendar year and bonuses are determined based on the Company's most recently completed fiscal year (which ends on September 30). The Compensation Committee makes recommendations to the Board of Directors which makes the final decisions.

The Compensation Committee has prepared the following report on the Company's policies with respect to the compensation of executive officers for fiscal 2006.

Philosophy and Program Components

The Company's philosophy is to provide a compensation program that will attract, retain and reward the officers who contribute to the Company's success and to motivate the officers to develop and execute current and long-term business strategies and goals. The components of officer compensation are base salary and annual cash bonuses. Officers also participate in benefit plans which are available to all employees. The Company believes that a portion of officer compensation should be based on performance of both the officer and the Company, thus, the annual cash bonus is considered performance based compensation. The Company does not offer any stock incentive plans to officers or employees and has no employment contracts or change-in-control arrangements with any of its officers or employees.

Table of Contents

Base Salary and Bonus

Base salaries and bonuses for officers were based upon the individual's responsibilities and experience, taking into account, among other factors, the individual's initiative, contribution to the Company's overall performance, handling of special projects or events during the year and yearly financial and operating results comparison to the Company's business plan. Base salaries for officers are reviewed and compared to similar positions in the Company's industry. The Company has made a concerted effort in the last few years to bring its compensation levels up to those of comparably-sized companies in the oil and gas industry.

Chief Executive Officer Compensation

During fiscal 2006, HW Peace II, President and Chief Executive Officer until March 1, 2006, received a salary based on \$200,000 for calendar year 2006, a performance bonus of \$45,750 and a retirement bonus of \$15,000. The performance bonus was based on fiscal 2005 financial operating results. The Company achieved record total revenues and net income in fiscal 2005.

PROPOSAL 2 Increase in Amount of Authorized Common Stock

The Board has unanimously approved and recommends that the shareholders adopt an amendment to the Company's Amended Certificate of Incorporation to increase the number of authorized shares of Common Stock from 12,000,000 shares to 24,000,000 shares.

As of January 18, 2007, there were 8,422,529 shares of Common Stock issued and outstanding leaving 3,577,471 authorized shares available for issuance by the Board.

The proposed increase in the number of authorized shares of Common Stock would allow the remaining unissued shares to be used by the Board in the future for proper corporate purposes without further shareholder action (subject to applicable statutes or the rules of the American Stock Exchange). For example, the shares may be issued as future stock dividends, or for strategic transactions such as acquisitions of oil and gas reserves or business combinations in which Common Stock may be issued for all or part of the purchase price. The Company does not have any current plans or intentions to issue any of the proposed additional authorized shares of Common Stock.

The increase in the number of authorized shares will not alter any existing rights, powers or privileges of the holders of the Common Stock.

A brief summary of the rights, powers and privileges of the Common Stock follows: the Common Stock has no redemption, conversion, sinking fund provisions or other similar rights. On liquidation of the Company, the holders of Common Stock are entitled to share ratably together with the holders of non-voting Class B Common Stock (500 shares outstanding) in the net assets of the Company available for distribution. Holders of Common Stock are entitled to such dividends as may be declared by the Board from funds legally available therefore. Each share of Common Stock is entitled to one vote with respect to matters presented to the shareholders. The Common Stock does not have preemptive rights, which means they do not have the right to purchase any new issuance of Common Stock in order to maintain their proportionate interests in the Company. Accordingly, the issuance of authorized shares may dilute the percentage interests of current shareholders.

The affirmative vote of holders of a majority of the outstanding shares of Common Stock entitled to vote on this proposal is required for the adoption of the proposed amendment to the Company's Amended Certificate of Incorporation. Abstentions and broken non-votes will have the same effect as a vote against this proposal.

PROPOSAL 3 Name Change to Panhandle Oil and Gas Inc.

The Board of Directors has unanimously approved and recommends that the shareholders adopt an amendment to the Company's Amended Certificate of Incorporation to change the name of the Company to Panhandle Oil and Gas Inc. in order to more accurately describe its current business operations.

The Company was founded in 1926 as Panhandle Cooperative Royalty Association to own and manage mineral acreage and mineral royalties in Oklahoma. Since then, the Company's business has dramatically changed. In 1979, it was incorporated in Oklahoma as a business corporation under the name Panhandle Royalty Company. In the 1980's, the Company began to significantly change its business strategy by using its mineral acreage ownership to participate as a working interest owner in wells drilled on its mineral acreage. Since the 1990's, this change has accelerated to the point where today the Company's working interests, as opposed to royalty interests, in oil and gas wells generate over 70% of the Company's oil and gas revenues.

The Board believes the change in name will clear up confusion as to the nature of Panhandle's business. The inclusion of Royalty in the name has led many to think the Company operates as a royalty trust or that the Company owns only royalty interests in oil and gas wells, neither of which is accurate. The recommended name change is a solution to this problem and the Board of Directors urges each shareholder to vote to change the Company's name in order to reflect the current operating status of the Company.

The affirmative vote of holders of a majority of the outstanding shares of Common Stock entitled to vote on this proposal is required for the adoption of the proposed amendment to the Company's Amended Certificate of Incorporation. Abstentions and broken non-votes will have the same effect as a vote against this proposal.
