To: All Stock Option Plan Participants
From: Ed Summers
Subject: Proposed Transaction

This is an update to my memorandum of April 26th. Set forth below is some information about the Company's stock option plans that should answer your questions regarding the Harman International transaction announced last week.

The stock option plans continue as normal until the closing.

The window for exercising options will open as scheduled on May 1st.

If you have vested options at that time, you may exercise them, subject to our existing trading policy (*i.e.*, so long as you are not in possession of material non-public information).

If you are a director or Section 16 SEC-reporting officer of the Company, you should clear any sales with Dr. Harman in advance.

At the closing, all unexercised options (both vested and unvested) will vest and be cashed out for an amount equal to \$120 less the exercise price.

We anticipate that closing will take place in the third calendar quarter of this year. After the closing we expect that a new option or other equity incentive plan will be adopted.

You will also have an opportunity to roll over some or all of your investment in Company stock into shares of the merged company, on terms that will be announced later. You should review carefully the information the Company has and will file with the SEC, and consult your tax or other financial advisor before making any decision. The Company is not making any recommendation to its employees regarding whether or when to exercise options or to purchase, sell or hold any Harman shares.
