**Amendment to Net Income and Earnings Per Share**

On January 31, 2008, Phoenix Technologies Ltd. (the Company ) filed its quarterly report on Form 10-Q for the three months ended December 31, 2007 ( Q1 ). The 10-Q states that net income for Q1 was \$2.5 million, or \$0.09 per diluted share, which is greater than the \$2.2 million of net income, or \$0.08 per diluted share, initially reported by the Company in its January 22, 2008 press release announcing its Q1 financial results. On a non-GAAP basis, net income increased by a similar amount to \$3.6 million, or \$0.12 per diluted share.

As described in the Company s Form 10-Q filed today, the increase in reported net income (and earnings per share) is the result of an adjustment to Q1 tax expense that was made subsequent to January 22.

A reconciliation of the Company s GAAP and non-GAAP net income for Q1 is attached to, and incorporated in its entirety with, this Current Report.

The information in this Item 8.01 and in Exhibit 99.1 shall not be deemed to be filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act ), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act.
