On July 11, 2005, Brooks Automation, Inc. ( Brooks ) entered into an Agreement and Plan of Merger (the Merger Agreement ) with Helix Technology Corporation ( Helix ), a Delaware corporation and Mt. Hood Corporation ( Mt. Hood ), a newly-formed Delaware corporation and a direct wholly-owned subsidiary of Brooks. Under the terms of the Merger Agreement, Mt. Hood will be merged (the Merger ) with and into Helix, with Helix continuing as the surviving corporation. Each share of Helix common stock, par value \$1.00 per share, other than shares held by Helix as treasury stock and shares held by Brooks and Mt. Hood, will be cancelled and extinguished and automatically converted into the right to receive 1.11 ( Exchange Ratio ) shares of Brooks common stock, par value \$.01 per share. In addition, upon completion of the Merger, Brooks will assume all options then outstanding under Helix s existing equity incentive plans, each of which will be exercisable for a number of shares of Brooks common stock (and at an exercise price) adjusted to reflect the Exchange Ratio.

An effort to sell Brooks Specialty Equipment and Life Sciences division ( SELS ), formerly known as IAS, which provides standard and custom automation technology and products for the semiconductor, photonics, life sciences and certain other industries to a third party in October 2004 did not result in a definitive purchase and sale agreement and, as a result, Brooks began to wind down operations in SELS during the second fiscal quarter of 2005. In June 2005, Brooks signed definitive purchase and sale agreements to sell substantially all the assets of SELS. Effective June 2005, Brooks consolidated financial statements and notes have been reclassified to reflect this business as a discontinued operation in accordance with Financial Accounting Standards Board Statement No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets.

In connection with the filing of a registration statement on Form S-4 to register the shares of Brooks common stock to be issued in the Merger, Brooks is filing this report to update information that was previously reported in its Annual Report on Form 10-K for the year ended September 30, 2004 to reflect the impact of the classification of its SELS division as a discontinued operation. Specifically, Brooks is filing selected consolidated financial data for the five years ended September 30, 2004, audited consolidated financial statements as of September 30, 2004 and 2003 and for each of the three years in the period ended September 30, 2004, and disclosures regarding Brooks results of operations and financial condition as of and for the periods reflected in these audited consolidated financial statements, including a description of factors that may affect future results (which appear as Exhibits 99.1, 99.2 and 99.3 to this report and are incorporated herein by reference), in each case to reflect the impact of the classification of its SELS division as a discontinued operation pursuant to FASB Statement No. 144. Brooks has not updated any of the information contained in this report for events that have occurred since September 30, 2004 other than to reflect the discontinuance of its SELS division. The information in this report should be read in conjunction with the rest of the information in Brooks Annual Report on Form 10-K for the year ended September 30, 2004, which is incorporated herein by reference.
