Employee Benefit Plans

2004 Employee, Director and Consultant Stock Option Plan

Our 2004 Employee, Director and Consultant Stock Option Plan was approved by our board of directors in January 2004 and adopted by our stockholders on February 13, 2004, which approval by our stockholders became effective on April 13, 2004. Under the plan, we may grant incentive stock options, nonqualified stock options and stock. A total of 2,142,857 shares of common stock have been reserved for issuance under this plan, of which 381,681 shares are currently available for future grant.

The plan is to be administered by our board of directors, except to the extent that it delegates its authority to a committee of the board. The plan authorizes the issuance of stock grants to our employees, directors and consultants, the grant of incentive stock options to our employees and the grant of non-qualified options to our employees and directors (approximately 77 people), and consultants.

For non-qualified options, the exercise price per share is determined by the board, subject to the limitation that the exercise price at least equals the par value per share of our common stock (i.e. \$0.001 per share). For incentive stock

options, the exercise price per share is determined by the board, subject to the limitation that the exercise price at least equals 100% of the fair market value per share of our common stock on the date of grant of the incentive stock option. If the participant in the plan owns more than 10% of the total combined voting power of the company, the exercise price per share must at least equal 110% of the fair market value per share of our common stock on the date of grant of the incentive stock option. The maximum term of options granted under the plan is ten years. Upon termination of a participant's service with us, he or she may exercise his or her option for the period of time stated in the option agreement. Generally, if termination is due to death or disability, the option will remain exercisable for 12 months. Upon termination for "cause," as defined in the plan, the board may terminate a participant's options. In all other cases, the option will generally remain exercisable for three months. However, an option may never be exercised later than the expiration of its term.

The plan provides that in the event of our merger with or into another corporation, or a sale of substantially all of our assets, each outstanding option must be assumed or an equivalent option substituted for by the successor corporation or a parent or subsidiary of the successor corporation. If

7

the outstanding options are not assumed or substituted for, the administrator may provide either (i) that all options will become exercisable for a defined period after which they will terminate or (ii) that all options shall terminate in exchange for a cash payment equal to the value of the option shares less the exercise price. Similar provisions apply to outstanding rights to purchase stock granted under the plan.

With respect to stock grants, the date prior to which an offer of a stock grant must be accepted by a grantee and the stock grant purchase price, if any, shall be determined by the board. A stock grant may be subject to repurchase by us upon termination of employment of the grantee with the company, under certain circumstances

The plan generally does not allow for the transfer of awards and only the recipient of an award may exercise an award during his or her lifetime.

The plan will automatically terminate in 2014, unless we terminate it sooner. In addition, the board has the authority to amend, suspend or terminate the plan provided such action does not impair the rights of any participant.

During 2003, we merged our existing defined contribution pension plan and money purchase pension plan which covered all eligible employees. No contributions have been made under the plan during our 2004 fiscal year.

During October 2003, we adopted a defined contribution 401(k) plan covering all eligible employees.

Compensation Committee Interlocks and Insider Participation

Our board of directors as a whole made decisions relating to the compensation of our executive officers prior to the establishment of the Compensation Committee on July 15, 2004. Our committee has no interlocks with other companies.

On July 15, 2004, the Board of Directors designated and appointed the Compensation Committee, which consisted of Louis Lipschitz and Marc Weisman. The Committee is responsible for establishing and administering our executive compensation policies. This report addresses the compensation policies for the fiscal year ended October 31, 2004 as they affected Jesse Sutton and Carl Yankowski, each in his capacity as our Chief Executive Officer, and our other executive officers. The current members of the committee are James Halpin, Louis Lipschitz and Laurence Aronson.

General Compensation Policy

The objectives of our executive compensation program are to:

- Provide a competitive compensation package that will attract and retain superior talent and reward performance;
- Support the achievement of our desired performance; and
- Align the interests of executives with the long-term interests of stockholders through award opportunities that can result in ownership of common stock, thereby encouraging the achievement of superior results over an extended period.

Executive Officer Compensation Program

The Company's executive officer compensation program is comprised of: (i) base salary, which is set on an annual basis; (ii) discretionary incentive bonuses, which are based on the achievement of objectives and our performance; and (iii) discretionary incentive compensation in the form of equity incentive grants, with the objective of aligning the executive officers' long-term interests with those of the stockholders and encouraging the achievement of superior results over an extended period.

The Compensation Committee performs annual reviews of executive compensation to confirm the competitiveness of the overall executive compensation packages as compared with companies who compete with us to attract and retain employees.

Base Salary

Base salaries are set competitively relative to companies in the digital entertainment industry and other comparable companies. In determining salaries, the Compensation Committee also takes into consideration individual experience and performance. The Compensation Committee seeks to compare the salaries paid by companies similar in size and industry to us. Within this comparison group, we seek to make comparisons to executives at a comparable level of experience, who have a comparable level of responsibility and expected level of contribution to our performance. In setting base salaries, the Compensation Committee also takes into account the level of competition among digital entertainment companies to attract talented personnel.

Incentive Bonuses

We establish goals related specifically to that officer's areas of responsibility. The Compensation Committee determines the amount of each executive's bonus based on a subjective assessment by the Compensation Committee of the officer's progress toward achieving the established goals. Bonuses are typically awarded on an annual basis.

10

Long-term Incentive Compensation

Long-term incentive compensation, in the form of stock options and restricted stock grants, allows the executive officers to share in any appreciation in the value of our common stock. The Compensation Committee believes that equity participation aligns executive officers' interests with those of the stockholders. The amounts of the awards are designed to reward past performance and create incentives to meet long-term objectives. Awards are made at a level calculated to be competitive within the digital entertainment industry as well as a broader group of companies of comparable size. In determining the amount of each grant, the Compensation Committee takes into account the number of shares held by the executive prior to the grant as well as our performance and the individual executive. The plan provides that awards will be canceled and that certain gains must be repaid if an executive officer violates certain provisions of the plan. These provisions include prohibitions against engaging in activity that is detrimental to us, such as performing services for a competitor, disclosing confidential information or soliciting customers away from the company.

Chief Executive Officer Compensation

The base salary of Jesse Sutton, our current President and until August 23, 2004, our Chief Executive Officer, for fiscal year 2004 was determined by the then Board of Directors upon his appointment on December 5, 2003. The Board believed such salary was warranted in light of Mr. Sutton's important contributions to Majesco Sales Inc. in the

years prior to the merger, including managing the company in a challenging business environment and leading it through its successful merger with a public company.

The salary for our current Chief Executive Officer, Carl Yankowski, during the last fiscal year was determined in accordance with our employment agreement with him, effective as of August 23, 2004. The stock options granted to Mr. Yankowski were determined in accordance with the criteria described above, the Committee's subjective assessment of his skills in relation to other chief executive officers in the digital entertainment industry and his level of corporate leadership experience.

Tax Considerations

The Compensation Committee's compensation strategy is to be cost and tax effective. Therefore, the Compensation Committee's policy is to preserve corporate tax deductions, while maintaining the flexibility to approve compensation arrangements that it deems to be in the best interests of the company and its stockholders, even if such arrangements do not always qualify for full tax deductibility.

THE COMPENSATION COMMITTEE:

James Halpin
 Louis Lipschitz
 Laurence Aronson

Item 13. Certain Relationships and Related Transactions

Prior to the reverse merger on December 5, 2003 of Majesco Sales Inc. into ConnectivCorp (which subsequently changed its name to Majesco Holdings Inc.), Jesse Sutton, then President, and Joseph Sutton, then Executive Vice President, each loaned us approximately \$1.8 million, for an aggregate amount of approximately \$3.5 million, in order to enable us to repay amounts due under a line of credit from a bank, with the remainder used for working capital purposes. Jesse and Joseph Sutton were repaid, in the aggregate, approximately \$2.5 million from the proceeds of our private placement completed in February 2004 and, in conjunction with the closing, the remaining \$1.0 million owed to them was exchanged for units having a value of \$1.0 million which units consisted of (i) 100 shares of 7% convertible preferred stock, which were converted on October 29, 2004 into 142,857 shares of our common stock and (ii) a three-year warrant to purchase 142,857 shares of our common stock at an exercise price of \$7.00 per share. Immediately prior to the initial closing of our February 2004 private placement, the market price of our common stock was \$11.90 per share. Also in connection with the private placement, Jesse Sutton, Joseph Sutton, Adam Sutton, and Sarah Sutton, the children of Morris Sutton, surrendered for cancellation an aggregate of 352,112 shares of Series A preferred stock that were convertible into 3,571,421 shares of our common stock.

On November 25, 2003, Albert Ades, the father-in-law of Jesse Sutton, loaned us \$1.0 million. In exchange for the loan, Mr. Ades received a non-interest bearing convertible promissory note that would automatically convert into 285,714 shares of our common stock upon (i) the consummation of the reverse merger and (ii) an increase in our authorized shares of common stock sufficient to allow for the conversion of the note. We used the funds from Mr. Ades to satisfy a portion of our obligations pursuant to a settlement with Atari. This note was converted to common stock on April 23, 2004 at which date the market price of our common stock was \$27.16 per share.

We currently use the services of a printing and packaging company in which Morris Sutton's brother is a co-owner. In fiscal 2004, we received services from this company for which we were billed approximately \$4.1 million. Such charges are, to our knowledge, on terms no less favorable to what we could receive from providers of similar services.

13

During 2003, approximately 1.4 million unregistered shares of ConnectivCorp's common stock were sold at a price of \$0.70 per share. The proceeds of these sales were used to pay off debts of ConnectivCorp to service providers and our other creditors, including a consulting fee payment in connection with the merger equal to \$450,000 to Atlantis Equities, Inc., an entity of which Robert S. Ellin, the former Chairman of ConnectivCorp, is a principal. Atlantis also received consulting fees of approximately \$130,000 for consulting services rendered to ConnectivCorp in 2002 and 2003. In addition, Atlantis received an additional \$300,000 from us upon completion of our February 2004 private placement. JMP Securities LLC, the placement agent we used in connection with our February 2004 private

placement, also paid a referral fee to Atlantis in the form of a warrant to purchase 92 units (131,428 shares of common (originally 7% convertible preferred stock) and a warrant to purchase 131,428 shares of common stock), which was originally issued to JMP Securities LLC as part of the placement agent fee.

On February 12, 2004, in connection with our February 2004 private placement, we entered into an engagement letter with JMP Securities LLC, a wholly-owned subsidiary of JMP Group, which is also the parent of JMP Asset Management LLC. JMP Asset Management LLC, through certain of its investment funds, is one of our principal stockholders by virtue of its investment in our February 2004 private placement. Pursuant to the engagement letter, we paid JMP Securities, as placement agent, approximately \$2.9 million and issued to JMP Securities warrants to purchase 268 units (consisting of 382,857 shares of our common stock (originally 7% convertible preferred stock) and warrants to purchase 382,857 shares of our common stock), exercisable for a period of five years at an exercise price of \$10,000 per unit. In connection with the engagement letter, we also:

- (i) engaged JMP Securities to perform certain financial advisory services, for which we agreed to pay JMP Securities \$10,000 per month during the term of the agreement;
- (ii) agreed to pay JMP Securities a cash fee of 7% of the gross proceeds received by us in connection with the exercise of warrants issued in our February 2004 private placement; and
- (iii) granted JMP Securities a right of first refusal to act as (i) the sole book-running lead managing underwriter in the event of a public offering of our securities and (ii) our exclusive financial advisor if we decide to pursue any business combination, including an acquisition of another entity or the sale of our company or a minority interest in our company, in which case we have agreed to pay JMP Securities a cash fee equal to a customary percent of the total consideration involved in the transaction, subject to a minimum of \$300,000.

On November 9, 2004, as amended on January 10, 2005, we entered into an agreement with JMP Securities to, among other things, amend certain provisions of the February 12, 2004 engagement letter. Under this agreement, we agreed that in exchange for JMP Securities waiving its right to act as the sole book-running lead managing underwriter in our secondary offering, JMP Securities would be entitled to be co-lead, co-book-running manager in the offering and to receive 32% of the aggregate amount paid to underwriters in such offering.

With regard to the amendments to the February 12, 2004 letter with JMP Securities, JMP Securities agreed to permanently waive its right to continue to receive \$10,000 per month for financial advisory services. Finally, JMP Securities waived the other rights identified above as a result of the completion of our secondary offering.

Entities affiliated with JMP Securities have also entered into a lock-up agreement with us in conjunction with the lock-ups entered into in October 2004 pursuant to which, among other things, such entities were issued warrants to purchase 71,428 shares of our common stock with an exercise price of \$21.00 per share.

On December 22, 2004, we received \$2.0 million net proceeds from the exercise of warrants to purchase 357,142 shares of our common stock held by entities affiliated with JMP Asset Management LLC at a reduced exercise price of \$5.95 per share. The warrants were initially issued in the February 2004 private placement and were exercisable at \$7.00 per share. We offered certain qualified institutional buyers and institutional accredited investors the reduction in the exercise price to induce them to exercise. As a condition to receiving the reduced exercise price, each exercising warrant holder

agreed that the shares received by such warrant holder upon the exercise of the warrants would be removed from the registration statement registering the resale of such shares, declared effective October 29, 2004. We filed a new registration statement registering the resale of such shares on December 23, 2004, and such registration statement was declared effective on February 9, 2005.

Item 14. Principal Accounting Fees and Services

The following table sets forth the fees billed by our independent accountants for each of our last two fiscal years for the categories of services indicated. Amounts included prior to December 5, 2003 relate to Majesco Sales Inc., which became our sole operating business and wholly-owned subsidiary via a reverse merger on such date.

Category	Year Ended October 31,	
	2004	2003
Audit fees (1)	\$ 224,834	\$ 113,032
Audit-related fees (2)	211,559	—
Tax fees (3)	129,461	103,685
All other fees (4)	59,734	6,370

(1) Consists of fees billed for the audit of our annual financial statements, review of financial statements included in our Quarterly Reports on Form 10-Q and services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements.

(2) Consists of assurance and related services that are reasonably related to the performance of the audit and reviews of our financial statements and are not included in "audit fees" in this table. The services provided by our accountants within this category consisted of advice relating to SEC matters and employee benefit matters.

(3) Consists of professional services rendered by a company aligned with our principal accountant for tax compliance, tax advice and tax planning.

(4) The services provided by our accountants within this category consisted of advice and other services relating to SEC matters, accounting issues and client conferences.

Audit Committee Pre-Approval Policy

In addition to retaining Goldstein Golub Kessler LLP to audit our consolidated financial statements for the years ended October 31, 2004 and 2003, we retained Goldstein Golub Kessler to provide other auditing and advisory services to us in our 2004 and 2003 fiscal years. We understand the need for Goldstein Golub Kessler to maintain objectivity and independence in its audit of our financial statements. To minimize relationships that could appear to impair the objectivity of Goldstein Golub Kessler, our audit committee has restricted the non-audit services that Goldstein Golub Kessler and its aligned company may provide to us primarily to tax services.

The audit committee also has adopted policies and procedures for pre-approving all non-audit work performed by Goldstein Golub Kessler.
