PROXY STATEMENT

This Proxy Statement, the accompanying proxy card and the 2007 Annual Report to Stockholders of Employers Holdings, Inc. (the “Company” or “Employers Holdings”) are being mailed on or about April 14, 2008 in connection with the solicitation on behalf of the Board of Directors of Employers Holdings of proxies to be voted at the 2008 Annual Meeting of Stockholders (the “Annual Meeting”) on May 29, 2008, and any postponements or adjournments thereof. All holders of record of Employers Holdings common stock at the close of business on April 4, 2008 (the “Record Date”) are entitled to vote. Each holder of record of common stock on that date is entitled to one vote at the Annual Meeting for each share of common stock held. On the Record Date, there were 53,527,907 shares of common stock issued and 49,541,035 shares of common stock outstanding with the difference of 3,986,872 shares of common stock held in treasury.

Unless otherwise required by applicable law, the Company’s Articles of Incorporation or the Bylaws, both as amended and restated, a majority of the voting power of the issued and outstanding stock of the Company entitled to vote, including the voting power that is represented in person or by proxy, regardless of whether any such proxy has the authority to vote on all matters, shall constitute a quorum for the transaction of business at the Annual Meeting. Directors are elected by a plurality of the votes cast, and the three nominees who receive the greatest number of votes cast for the election of directors at the Annual Meeting will be elected directors for a three-year term and until their successors are duly elected and qualified. The amendment to the Company’s Equity and Incentive Plan and the ratification of the appointment of the independent registered public accounting firm requires the favorable vote of a majority of the shares of common stock present or represented by proxy at the Annual Meeting and entitled to vote thereon.

In the election of directors, broker non-votes, if any, will be disregarded and have no effect on the outcome of the vote. With respect to the amendment to the Company’s Equity and Incentive Plan and the ratification of the appointment of the Company’s independent registered public accounting firm, abstentions from voting will have the same effect as voting against such ratification, and broker non-votes, if any, will be disregarded and have no effect on the outcome of such vote.

You may vote your shares in any of the following ways:

- by mail, by marking, signing and dating the enclosed proxy card and returning it to the Company as soon as possible in the enclosed postage prepaid envelope;
- by telephone at 1-800-560-1965 anytime before 12:00 p.m., Central Daylight Time, May 28, 2008;
- by the Internet at <http://www.eproxy.com/eig> at anytime before 12:00 p.m., Central Daylight Time, May 28, 2008; or
- in person at the Annual Meeting on May 29, 2008.

If you vote by proxy, you can revoke your proxy at any time before it is voted at the Annual Meeting. You can do this by:

- delivering

a written notice revoking your proxy to the Secretary of the Company at the above address;

1

proxy bearing a date after the date of the proxy being revoked; or
the Annual Meeting.

- delivering a new
- voting in person at

All properly executed proxies, unless revoked as described above, will be voted at the Annual Meeting in accordance with your directions on the proxy. If a properly executed proxy gives no specific instructions, the shares of common stock represented by your proxy will be voted:

- FOR the election of each of the three Director nominees to serve a three-year term expiring at the 2011 Annual Meeting of Stockholders;
- FOR approval of the amendments to the Employers Holdings, Inc. Equity and Incentive Plan;
- FOR ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2008; and
- at the discretion of proxy holders with regard to any other matter that is properly presented at the Annual Meeting.

If you own shares of common stock held in a "street name" by a bank or brokerage firm and you do not instruct your broker how to vote your shares using the instructions your broker provides to you, your broker may choose not to vote your shares. To be sure your shares are voted in the manner you desire, you should instruct your broker how to vote your shares.

If your shares are held in a "street name," you must bring an account statement or letter from your bank or brokerage firm showing that you are the beneficial owner of the shares as of the Record Date, in order to be admitted to the Annual Meeting on May 29, 2008.

Shares of common stock represented in person or by proxy (including "broker non-votes" and shares that abstain or do not vote with respect to one or more of the proposals to be voted upon) will be counted for the purpose of determining whether a quorum exists. A share once represented for any purpose at the Annual Meeting is deemed present for quorum purposes for the remainder of the meeting and for any adjournment thereof unless (1) the stockholder attends solely to object to lack of notice, defective notice or the conduct of the meeting on other grounds and does not vote the shares or otherwise consent that they are to be deemed present, or (2) in the case of an adjournment, a new record date is or will be set for that adjourned meeting.

In accordance with the Company's Bylaws, Robert Kolesar, Chairman of the Board, has selected Kevin Kelly of Morrow & Co., LLC or his designee, and Barbara M. Novak of Wells Fargo Shareowner Services or her designee to be the inspectors of the election at the Annual Meeting. The inspectors of the election are not officers or Directors of the Company, and they will receive and canvass the votes given at the meeting and certify the results to the Chairman of the Board.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Company's full Board of Directors (the "Board") consists of ten Directors. The Board is divided into three classes, with Classes I and II each having three Directors and Class III having four Directors. The Directors in each class serve

for a three-year term and until their successors are duly elected and qualified. The terms of each class expire at successive Annual Meetings so that the stockholders elect one class of Directors at each Annual Meeting. Currently, Class I, Class II and Class III terms expire in 2010, 2008, and 2009, respectively. The current composition of the Board, and the Director nominees for terms expiring in 2011, is listed below. All three nominees are current members of the Board. All properly executed proxies will be voted for these nominees unless contrary instructions are properly made, in which case the proxy will be voted or withheld in accordance with such instructions. Should any nominee become unable or unwilling to serve, the proxies will be voted for the election of such person, as shall be

recommended by the Board. The Board has no reason to believe that the persons listed as nominees will be unable to serve. The current composition of the Board is:

	Class II
Directors (term expiring at the 2008 Annual Meeting and nominated to serve until the 2011 Annual Meeting)	Robert J. Kolesar
	Douglas D. Dirks
Richard W. Blakey Class III Directors (serving until the 2009 Annual Meeting)	Ronald F. Mosher
	Katherine W. Ong
	Michael D. Rumbolz

	John P. Sande, III
	Martin J. Welch

The election of the three Class II Directors will take place at the Annual Meeting on May 29, 2008. At its meeting of March 6, 2008, the Board approved the recommendation of the Board Governance and Nominating Committee that the three Class II Directors be nominated for a three-year term.

Pursuant to the rules promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), the following information lists, as to nominees for Director and Directors whose terms of office will continue after the Annual Meeting, the principal occupation, age, the year in which each first became a Director of Employers Holdings or its predecessor, the year in which each first became a Director of any of Employers Holdings’ subsidiaries or their predecessors, and directorships in registered investment companies or companies having securities which are registered pursuant to, or that are subject to certain provisions of, the Exchange Act. The information provided is as of February 2008, unless otherwise indicated.

Employers Holdings is the name for our Company resulting from the completion of the conversion of EIG Mutual Holding Company (“EIG”) from a Nevada mutual holding company to a Nevada stock corporation on February 5, 2007. EIG and its wholly-owned direct subsidiary, Employers Insurance Group, Inc. (“EIGI”) (now known as Employers Group, Inc. (“EGI”)), were formed on April 1, 2005 in conjunction with the conversion of Employers Insurance Company of Nevada, A Mutual Company (“EICN”), into a Nevada stock corporation. EICN commenced operations as a private mutual insurance company on January 1, 2000, when it assumed the assets, liabilities and operations of the former Nevada State Industrial Insurance System (the “Fund”) pursuant to legislation passed in the 1999 Nevada Legislature. Employers Compensation Insurance Company (“ECIC”), a wholly-owned subsidiary of EICN, commenced operations when we acquired renewal rights and certain other tangible and intangible assets from Fremont Compensation Insurance Group and its affiliates (“Fremont”) in 2002. Except as otherwise indicated, each nominee or continuing Director has had the same principal occupation or employment during the past five years.

On August 8, 2007, the Board Governance and Nominating Committee approved Procedures and Criteria for Nomination as a Director (the "Procedures") to assist the Committee in reviewing and evaluating Director nominees. The Procedures identify qualifications that should be considered when comparing and evaluating Director nominees from any source. The general criteria include background and experience, and an appropriate mix of professional experience and/or training in accounting, finance, technology, management, marketing, securities and the law. The specific criteria to be reviewed by the Committee includes, but is not limited to, the following: integrity; ability to work with others; experience at a senior level in a particular industry; commitment; financial literacy and an understanding of board governance; no conflict of interest with the Company; and, the ability to satisfy the independence requirements of the New York Stock Exchange and the SEC. The Board Governance and Nominating Committee has not had the opportunity to utilize the new Procedures in reviewing a non-sitting Director nominee to date.

In 2007, the Board Governance and Nominating Committee did not engage the services of a third party to help identify or evaluate Director nominees. The Board Governance and Nominating Committee reviews and evaluates, at least annually, the performance of the Board Governance and Nominating Committee and its members, including its compliance with the Board Governance and Nominating Committee Charter. CORPORATE GOVERNANCE

The Board has adopted the Corporate Governance Guidelines (the "Guidelines") of Employers Holdings which are available on our website at www.employers.com, and the Company will furnish a print copy to any stockholder who requests it. These Guidelines were adopted to assist the Board in fulfilling its responsibilities and are in compliance with Section 303A of the New York Stock Exchange Listed Company Manual (the "Listing Standards").

DIRECTOR INDEPENDENCE

In accordance with the rules of the New York Stock Exchange, the Board shall affirmatively determine the independence of each Director and nominee for election as a Director in accordance with the guidelines it adopted in the Corporate Governance Guidelines, which include all elements of independence set forth in Section 303A of the Listing Standards. Specifically, the Board has agreed that it shall be comprised of a majority of Directors who qualify as Independent Directors under the Listing Standards.

The Board's Guidelines provide that it shall review annually the relationships that each Director has with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). Following such annual review, only those Directors who the Board affirmatively determines have no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) will be considered Independent Directors, subject to additional qualifications prescribed under the Listing Standards or applicable law. The Board may, but has not, adopted categorical standards to assist it in determining Director independence. In the event that a Director becomes aware of any change of circumstances that may result in such Director no longer being considered independent under the Listing Standards or applicable law, the Director shall promptly inform the Chairman of the Board Governance and Nominating Committee.

The Board has considered the independence of its members pursuant to the standards set forth in the Listing Standards and determined that Messrs. Dirks and Welch and Ms. Glenn are not Independent Directors, and that Messrs. Kolesar, Mosher, Rumbolz, Sande, and Blakey, Ms. McKinney-James and Ms. Ong are Independent Directors.

Lead Independent Director

The Board's Guidelines provide that if the Chairman of the Board is not an Independent Director, the Company's Independent Directors will designate one of the Independent Directors on the Board to serve as a Lead Independent

Director (the “Lead Independent Director”). If the Chairman of the Board is an Independent Director, then he or she shall serve as Lead Independent Director. The Lead Independent Director’s duties will include coordinating the activities of the Independent Directors, coordinating the agenda for and moderating sessions of the Board’s Independent Directors, and facilitating communications between the other members of the Board. In performing the duties described,

9

Table of Contents

the Lead Independent Director is expected to consult with the Chairmen of the appropriate Board committees and solicit their participation in order to avoid diluting the authority or responsibilities of such committee Chairpersons. Mr. Kolesar, the Company's Chairman, is an Independent Director. Accordingly, we do not have a designated Lead Independent Director.

The Chief Legal Officer shall distribute the communication to each Director who is a member of the Board, or of the group or committee, to which the communication is directed.

PROPOSAL TWO

PROPOSED AMENDMENTS TO THE EMPLOYERS HOLDINGS, INC. EQUITY AND INCENTIVE PLAN

Our Equity and Incentive Plan, as previously amended and restated (the “Plan”), provides a means to promote the Company’s interests and the interests of our stockholders by providing our officers, employees, non-employee Directors, consultants, and independent contractors with appropriate incentives and rewards to encourage them to enter into and continue in our employ or service, to acquire a proprietary interest in our long-term success and to reward the performance of individuals in fulfilling their personal responsibilities for long-range and annual achievements. Our Board of Directors approved amendments to the Plan on March 20, 2008, subject to stockholder approval. If stockholders do not approve the amendments, the amendments will not become effective. Our Board of Directors unanimously recommends that stockholders approve the proposed amendments to the Plan.

The proposed amended Plan is printed in full and attached to this Proxy Statement as Appendix B and is incorporated herein by reference. The following summaries of the proposed amended Plan are qualified in their entirety by reference to the full text of the proposed amended Plan.

Proposed Material Plan Amendments

Increase to the Maximum Number of Shares of Common Stock Issuable Under the Plan

The Plan amendment increases the maximum total number of shares of our common stock that may be issued under the plan by 2,000,000 shares from 1,605,838 to 3,605,838 shares. Of these shares, no more than 1,535,279 shares may be granted in the form of awards other than options or stock appreciation rights (“SARs”). The initial number of shares that were available for grants under the Plan was limited by our plan of conversion, and of this initial number, no more than one-third of those shares could be granted in the form of awards other than options or SARs. The purpose of this amendment is to provide us with sufficient shares for grants under the Plan for the next two years, including shares that would be needed for grants to be made to employees of AmCOMP, Inc. if the contemplated transaction is completed. Our Board of Directors believes that this number represents a reasonable level of potential equity dilution and allows us to continue to award equity incentives, which are an important component of our overall compensation program.

As of March 31, 2008, 856,917 shares of our common stock will remain available for future issuance under the Plan. In addition, as of that date, 584,850 options are outstanding, 23,760 shares are reserved for grants of outstanding restricted stock units, and 140,311 shares are reserved for grants of outstanding performance shares.

Individual Award Limits

To provide us with more flexibility regarding the size of awards to be granted under the Plan, the Plan, as amended, provides that no more than 500,000 (amended from 300,000) shares underlying stock options or SARs may be granted to a participant in any consecutive 36-month period and that no more than 1,000,000 (amended from 600,000) shares underlying any other award may be granted to a participant in any 36-month period. The maximum value of the aggregate payment that any grantee may receive with respect to any cash-based awards under the plan is \$2,000,000 in respect of any annual performance period. This aggregate cash value has not been amended.

Addition and Approval of Performance Goals

Under the Plan, the Plan administrator (as defined below) may determine that vesting or payment of an award under the plan will be subject to the attainment of one or more performance goals with respect to a performance period. Performance periods are determined by our plan administrator but are not shorter than 12 months. To satisfy the performance based requirements under Section 162(m) of the Internal Revenue Code, certain awards must be granted subject to the achievement of performance goals

11

that have been approved by our stockholders and satisfy other criteria. To comply with this requirement of Section 162(m) of the Internal Revenue Code and to provide more flexibility regarding the terms of awards under the plan, we are seeking stockholder approval of our existing goals listed below, as well as the additional goals added by amendment, which are likewise listed below. If stockholder approval is obtained, awards intended to be performance based (whether or not those awards are otherwise intended to comply with Section 162(m) of the Internal Revenue Code) may be based on any of the following goals, including any combination or specified increase in these goals.

Additional Proposed Amendments

Additional amendments to the Plan, which are subject to stockholder approval, are described below.

Option and SAR Vesting Schedule

In connection with our plan of conversion, under the plan, options and SARs could not vest until the first anniversary of the date of grant. The proposed amendment deletes this prohibition to provide us with more flexibility regarding the terms of awards granted under the Plan.

Option and SAR Exercisability

To protect grantees who may be adversely affected by a trading blackout period, the amendment provides the Committee with flexibility to extend the period of exercisability of an option or SAR (but not beyond the term of the award), so that the grantee would have at least 15 days to exercise the award during a period that is not subject to a trading blackout.

Option Exercise Period Post-Termination — Death or Disability

The Plan amendment clarifies that awards may not be exercised following the end of their respective terms. Therefore, upon the grantee's death or disability, the option will generally remain exercisable for one year following such termination or, if shorter, until the end of the terms of the award.

Elimination of Automatic Non-Employee Director Restricted Stock Unit Grants

Prior to its amendment, the plan provided for automatic grants of restricted stock units to non-employee Directors at each annual meeting of stockholders following the first anniversary of our IPO, equal to the dollar amount determined by the Compensation Committee, divided by the fair market value of the shares of our common stock on the date of the meeting, vesting quarterly over the first year following the date of grant and settled in shares of our common stock six months after the non-employee Director's termination of service as a member of our Board of Directors. To provide us with more flexibility regarding non-employee Director compensation, these automatic grants have been eliminated from the Plan. As before, the Plan continues to permit discretionary awards to our non-employee Directors, but if the amendments are approved, our non-employee Directors would not be entitled to any further automatic grants under the Plan.

Change in Control

Upon a change in control (as defined in the Plan) the restrictions, limitations and conditions applicable to outstanding awards will lapse, performance goals will be deemed to be fully achieved and the awards will become fully vested (and in the case of options, exercisable) unless such award is assumed or substituted in connection with the change in control, in which case the restrictions, limitations and conditions applicable to outstanding awards will lapse, performance goals will be deemed to be fully achieved and the awards will become fully vested (and in the case of options, exercisable) upon termination of a participant's employment without cause during the 24-month period following the change in control.

13

Table of Contents

The plan was amended to provide that to the extent an award was not assumed or substituted in connection with a change in control, then following the acceleration and settlement of the awards as described above, the awards would terminate in connection with the change in control. In addition, prior to its amendment, the plan explicitly permitted the Compensation Committee to cancel outstanding options in exchange for a cash payment for each share subject to the award, equal to the difference between the per share consideration in the transaction for our common stock and the per share exercise or purchase price, but limited this provision to transactions in which the consideration paid to our stockholders was solely cash. As amended, this cashout provision would apply to any change in control, whether or not the consideration was cash. Finally, the definition of change in control was slightly modified so that to constitute a change in control, certain changes in the composition of our Board of Directors must occur within a 24-month period. Previously there was no time limit required for this board change provision to constitute a change in control.

Repayments or Forfeiture for Breach of Restrictive Covenants Such as Noncompetition, Nonsolicitation and Confidentiality Provision

Prior to the plan amendment, the Compensation Committee was required to provide in award agreements that if a covenant is violated the Company must require the grantee to forfeit outstanding awards and repay shares, cash amounts and gains. As amended, this requirement is permissive, not mandatory.

Forfeiture or Repayment of Amounts by Reason of Restatement of Financials

Prior to the plan amendment, the Committee could provide in an award agreement that if we were required to restate our financial statements, then we could require a grantee to repay the value of any award that vested upon the attainment of performance goals to the extent such performance goals would not have been achieved had such restatement not been required. This provision has been amended to permit the Company to require that in this situation, the unvested portion of the award also could be forfeited.

Summary of Remaining Material Provisions of the Plan Taking Into Account Plan Amendments

The purpose of the plan is to give our employees, officers, and non-employee Directors an incentive to increase their efforts and to promote our business. The plan authorizes our Compensation Committee to grant the following awards:

- stock options (including options intended to be “incentive stock options” within the meaning of Section 422 of the Internal Revenue Code). Under the plan, stock options may not have a term that is longer than seven years;
- SARs, which give the holder the right to receive the difference between the fair market value per share on the date of exercise over the grant price. Under the plan, as amended, SARs may not have a term that is longer than seven years (the plan previously provided for a term of up to ten years);
- restricted stock, which is subject to restrictions on transferability and subject to forfeiture on terms set by the Compensation Committee;
- restricted stock units, which give the holder the right to receive shares or cash at the end of a specified deferral period, which right may be conditioned on the satisfaction of specified performance or other criteria;
- performance awards, which are payable in cash or stock upon the attainment of specified performance goals over periods of at least one year; and

- other stock-based

awards in the discretion of the Compensation Committee.

Plan Administration

The plan is administered by the Compensation Committee of our Board of Directors (the “plan administrator”). The plan administrator has the authority to, among other things enumerated in the plan,

14

Table of Contents

administer the plan and any awards granted under the plan, determine to whom awards will be granted and determine the terms and conditions of such awards, including whether the vesting or payment of an award will be subject in whole or in part to the attainment of performance goals.

Eligibility

All of our employees, including officers, our non-employee Directors, and our consultants and independent contractors are eligible to receive awards under the plan.

Share Reserve

A total of 3,605,838 shares will be reserved and available for issuance under the amended Plan. No more than 1,535,279 of the reserved shares will be available for issuance under the plan for any awards other than stock options and SARs. If any outstanding award expires for any reason, any unissued shares subject to the award will again be available for issuance under the plan. If a participant pays the exercise price of an option by delivering to us previously owned shares, only the number of shares we issue in excess of the surrendered shares will count against the plan's share limit. Also, if the full number of shares subject to an option is not issued upon exercise for any reason, only the net number of shares actually issued upon exercise will count against the plan's share limit.

Our common stock is traded on the New York Stock Exchange, and on April 4, 2008, the per share closing price was \$18.42. We intend to register the additional shares issuable under the Plan under the Securities Act of 1933, subject to, and following, stockholder approval.

Transferability of Awards

Awards granted under the plan generally may not be transferred by a grantee other than by will or the laws of descent and distribution and may be exercised during the grantee's lifetime only by the grantee or his or her guardian or legal representative. Under the plan as amended, the plan administrator may provide, in limited circumstances, that an award may be transferred to an immediate family member, or to certain related entities such as a trust established for the benefit of the participant or an immediate family member.

Term of the Plan, Amendment or Termination of the Plan

No award may be granted under the plan after the tenth anniversary of the effective date of the plan. Our Board of Directors may amend, alter, suspend, discontinue or terminate the plan at any time, provided that, unless otherwise determined by our Board of Directors, no such amendment, alteration, suspension, discontinuance or termination will be made without stockholder approval if such approval is necessary to comply with any tax or regulatory requirement. No amendment to or termination of the plan may adversely affect any awards granted under the plan without the participant's permission. Under the plan as amended, our Board of Directors may amend the plan, and the plan administrator may amend, restructure, terminate or replace any plan awards, as may be necessary or appropriate to avoid adverse tax consequences under deferred compensation legislation pursuant to Section 409A of the Internal Revenue Code.

Federal Income Tax Consequences

The following summary is intended as a general guide to the United States federal income tax consequences relating to the issuance and exercise of stock options granted under the Plan. This summary does not attempt to describe all

possible federal or other tax consequences of such grants or tax consequences based on particular circumstances.

Incentive Stock Options. An optionee recognizes no taxable income for regular income tax purposes as the result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Internal Revenue Code (unless the optionee is subject to the alternative minimum tax). Optionees who neither dispose of their shares acquired upon the exercise of an incentive stock option (“ISO shares”)

15

Table of Contents

within two years after the stock option grant date nor within one year after the exercise date normally will recognize a long-term capital gain or loss equal to the difference, if any, between the sale price and the amount paid for the ISO shares. If an optionee disposes of the ISO shares within two years after the stock option grant date or within one year after the exercise date (each a “disqualifying disposition”), the optionee will realize ordinary income at the time of the disposition in an amount equal to the excess, if any, of the fair market value of the ISO shares at the time of exercise (or, if less, the amount realized on such disqualifying disposition) over the exercise price of the ISO shares being purchased. Any additional gain will be capital gain, taxed at a rate that depends upon the amount of time the ISO shares were held by the optionee. A capital gain will be long-term if the optionee’s holding period is more than 12 months. We will be entitled to a deduction in connection with the disposition of the ISO shares only to the extent that the optionee recognizes ordinary income on a disqualifying disposition of the ISO shares, and except to the extent such deduction is limited by applicable provisions of the Internal Revenue Code.

Nonstatutory Stock Options. An optionee generally recognizes no taxable income as the result of the grant of a nonstatutory stock option. Upon the exercise of a nonstatutory stock option, the optionee normally recognizes ordinary income equal to the difference between the stock option exercise price and the fair market value of the shares on the exercise date. If the optionee is an employee of ours, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any subsequent gain or loss, generally based on the difference between the sale price and the fair market value on the exercise date, will be taxed as capital gain or loss. A capital gain or loss will be long-term if the optionee’s holding period is more than 12 months. We generally should be entitled to a deduction equal to the amount of ordinary income recognized by the optionee as a result of the exercise of a nonstatutory stock option, except to the extent such deduction is limited by applicable provisions of the Internal Revenue Code.

Tax Treatment of Awards to Non-Employee Directors and to Employees Outside the United States. The grant and exercise of options and awards under the plan to non-employee Directors and to employees outside the United States may be taxed on a different basis.

Future Equity Grants

It is not possible to determine specific amounts and types of awards that may be awarded in the future under the plan because the grant of awards under the plan is discretionary.

PROPOSAL THREE

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors of the Company has appointed Ernst & Young LLP (“Ernst & Young”) as Employers Holdings’ independent registered public accounting firm to examine the financial statements of Employers Holdings and its subsidiaries for the 2008 calendar year. The Board of Directors recommends ratification of the appointment of Ernst & Young. The favorable vote of the holders of a majority of Employers Holdings common stock represented in person or by proxy at the Annual Meeting will be required for such ratification.

A representative of Ernst & Young will be present at the meeting with an opportunity to make a statement if such representative desires to do so and to respond to appropriate questions.

Although stockholder approval of this appointment is not required or binding on the Audit Committee, the Board of Directors believes, as a matter of good corporate governance, that stockholders should be given the opportunity to express their views. If the stockholders do not ratify the appointment of Ernst & Young as Employers Holdings’ independent registered public accounting firm, the Audit Committee will consider this vote in determining whether or not to continue the engagement of Ernst & Young.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THIS APPOINTMENT.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Our Executive Compensation Program

We completed our conversion from a mutual insurance holding company to a public company with an initial public offering ("IPO") in February 2007. During 2007, our Compensation Committee ("Committee") approved significant changes to our executive compensation program in light of the new challenges, competitive market practices and opportunities as a public company. Our principal goal is to provide fair and reasonable compensation which supports a strong pay-for-performance philosophy.

Specifically, our compensation program is designed to:

- Offer an appropriate mix of base salary, annual bonus, long-term equity grants, benefits and perquisites which is generally consistent with our industry
- Be between the 50th and 75th percentile levels in terms of total compensation and benefits for each Named Executive Officer
- Provide significant linkage to short- and long-term financial and operating performance through an annual bonus plan and regular equity grants

The subsequent sections provide a discussion and analysis of the material elements of our current program. The Named Executive Officers are:

How Executive Compensation Was Determined

The Committee approves all decisions regarding our executive compensation program. During 2007, the Committee relied on advice from its independent compensation consultant and recommendations from the CEO concerning the compensation of the other Named Executive Officers, as discussed below.

Independent Compensation Consultant

During 2007, the Committee utilized the services of Frederic W. Cook & Co., Inc. (“FWC”) to evaluate our compensation practices and to assist in developing and implementing our executive compensation program and philosophy as a public company. FWC was selected by the Compensation Committee in 2006 because of its experience in assisting companies with the demutualization process, its expertise in presenting testimony before regulatory agencies and its significant experience in working with a wide variety of companies in the public sector. The Committee initially engaged FWC to do the following:

- To review our executive and Director compensation programs as they existed before our IPO
- To develop an appropriate peer group of companies
- To provide an overview of the competitiveness of the then current executive and Director compensation programs compared to publicly-traded peer companies
- To determine competitive compensation practices for insurance companies that have demutualized and gone public through IPOs
- To determine competitive compensation practices for other recent IPOs of similar size and in similar industries that did not involve a demutualization
- To recommend changes to the then current executive and Director compensation programs to be used by the Company after its conversion to a public company

FWC provided the Committee with specific compensation recommendations for each of the Named Executive Officers, as well as advice regarding the design of the short- and long-term incentive compensation components. FWC did not perform any services on behalf of management. Management did not retain a separate compensation consultant for purposes of determining compensation for any of the Named Executive Officers.

FWC prepared a benchmarking study which the Committee relied upon in determining the 2007 executive compensation program. This study examined the executive compensation levels and practices of 23 publicly-traded property and casualty insurance companies. Peer group companies were initially identified by FWC using the insurance industry group under the Global Industry Classification Standard, with an emphasis on workers’ compensation and other property and casualty companies. FWC established size ranges for financial criteria such as annual revenues and market capitalization such that we were positioned approximately at the 50th percentile of the peer group. FWC considered the resulting ranges, as well as the number of companies selected, appropriate for benchmarking purposes. Management provided its opinion regarding the companies selected for the peer group, but the final group, which was approved by the Committee prior to the study’s commencement, remained consistent with FWC’s original selection criteria.

Edgar Filing: Employers Holdings, Inc. - Form DEF14A

The companies in the peer group used in the 2007 executive compensation study were as follows:

American Physicals Capital Argonaut Group Baldwin & Lyons Commerce Group Donegal Group EMC
Insurance Erie Indemnity Harleysville Group Independence Holdings James River Navigators Group Ohio
Casualty Philadelphia Consolidated PMA Capital Proassurance RLI Seabright Selective Insurance Group
State Auto Financial Tower Group United Fire & Casualty Zenith National

At the time of selection, the ranges of the companies in the peer group’s annual revenues and market capitalizations were as follows:

	Annual Revenues

(\$M) Maximum	\$ 1,949	\$ 3,375	Median	\$ 636	\$ 1,069	Minimum	\$ 199	\$ 307
CEO Recommendations								

The Committee also solicited the input and recommendations of the CEO when determining compensation for the other Named Executive Officers. This included setting the levels of base salary, annual target bonus and long-term incentive grants for each of the other Named Executive Officers. He also provided recommendations regarding the design of the short- and long-term incentive compensation components, including the specific targets for each applicable performance metric.

Elements of Our 2007 Executive Compensation Program

The following sections discuss each of the components of our executive compensation program as approved by the Committee. In developing the 2007 executive compensation program, the Committee took into account the advice of FWC and the recommendations of the CEO, and included the following components:

- Base salary
- Annual bonus
- Long-term incentives (stock options and performance shares)
- Benefits and perquisites
- Employment agreements and compensation payable upon termination of employment

Once the Committee determined the final compensation packages for our Named Executive Officers, FWC confirmed to the Committee that these packages, and the compensation decisions being made in connection with these packages, would bring the Company in line with what FWC would expect to see at a new public company.

Base Salary

The Committee believes it is important to provide competitive base salaries to our executives because these salaries act as primary retention and recruitment tools, and impact other components of compensation such as bonus opportunities and other benefits and perquisites whose values are derived from base salary levels. The Committee’s intent is to position base salaries near the 50th percentile of the peer group, subject to adjustments to reflect personal performance and any additional roles and responsibilities not reflected in the competitive data, as well as recommendations made by the CEO regarding the other Named Executive Officers.

Effective January 1, 2007 (and prior to our conversion to a public company in February 2007), we approved salary increases for several of our Named Executive Officers. The adjustments were limited to 5% pursuant to an agreement between the Company and its insurance regulators.

Following the Committee's review and analysis of FWC's benchmarking study and the CEO's recommendations regarding the other Named Executive Officers' base salaries, adjustments for certain executives were approved effective August 1, 2007. Mr. Dirks' base salary was determined to be between the 25th and 50th percentiles of the peer group, but was not adjusted because the Committee decided to provide a more significant portion of his total compensation in the form of short- and long-term incentive opportunities, as described below. Adjustments for Mr. Welch and Ms. Nelson aligned their salaries closer to the 50th percentile of the peer group. Adjustments for Messrs. Ormsby and Yocke brought their salaries between the 50th and 75th percentiles of the peer group to reflect their additional duties and responsibilities following our IPO.

22

Table of Contents

The table below summarizes the adjustments for each of our Named Executive Officers during 2007 as compared to their final 2006 salaries:

					Name	2006 Base	
Salary	1/1/07 Base						
Salary	8/1/07 Base						
Salary	Douglas D. Dirks	\$ 550,000	\$ 575,000	\$ 575,000	Martin J. Welch	\$ 310,000	\$ 325,000

\$ 345,000	Ann W. Nelson	\$ 191,000	\$ 200,000	\$ 225,000			
Annual Bonus							

Each of our Named Executive Officers is eligible for annual cash bonus payments for the achievement of the pre-established annual financial and strategic performance goals. The Committee believes the annual bonus is an important component of our executive compensation program as it enables us to provide the additional compensation necessary to attract and retain qualified senior management team members who can successfully execute our short-term goals. In setting each of the targets, the Committee took into account the FWC study and recommendations made by the CEO regarding the other Named Executive Officers.

Annual cash bonuses were calculated as a percentage of each Named Executive Officer's actual base salary for 2007. The target awards as a percentage of base salary were as follows: Mr. Dirks, 90%; Mr. Welch, 60%; and Messrs. Yocke and Ormsby and Ms. Nelson, 40%. Mr. Dirks' target percentage was between the 50th and 75th percentiles of the peer group. Mr. Welch, Mr. Yocke and Ms. Nelson's target bonus percentages fell slightly below the 50th percentile of the peer group for comparable positions, while Mr. Ormsby's target bonus percentage was at the 50th percentile of the peer group. In setting target award percentages, the Committee took into account that Mr. Ormsby, Mr. Yocke and Ms. Nelson are all Executive Vice Presidents with similar levels of responsibility, and determined that it was most appropriate to set similar target award percentages for each.

Payouts were based on achievement within two categories: corporate performance and individual performance. Corporate performance provided 80% of each Named Executive Officer's target bonus, with an opportunity to earn up to 150% of target. Individual performance provided up to 20% of the target bonus, and is capped at 50% of the calculated amount if the threshold level of corporate performance is not achieved. Maximum total payout is equal to 140% of the target bonus.

For 2007, the Committee selected combined ratio as the corporate performance metric. Combined ratio is defined as the sum of losses, loss adjustment expenses, commission expenses and underwriting and other operating expenses, minus the amortization of deferred gain on reinsurance, which is then divided by net premiums earned. The Committee believes that combined ratio is an effective measure of management performance, and provides meaningful incentive for management to pursue increasing levels of operating profitability.

The threshold, target and maximum levels for both combined ratio and corresponding payout percentages as a percentage of the corporate target component were established for 2007 as follows:

Combined Ratio

Payout as % Target

(Corporate Component) Maximum 94.6 150 % Target 99.6 100 % Threshold 104.6 0 %

The Committee also approved individual goals for each of the Named Executive Officers. Based on discussions with the CEO, the Committee established several specific individual performance goals for each of our Named Executive Officers from among the following:

Developing and implementing strategies and business plans that further our business operations

compliance with various legal requirements such as public filings and corporate compliance

capabilities to reduce the reliance on outside expertise and/or the need to hire additional staff

-
- Ensuring
- Developing internal

23

Table of Contents

For 2007, we achieved a combined ratio of 85.6%, and therefore our Named Executive Officers achieved 150% of their corporate performance target. The following table shows the total payout calculations for each of our Named Executive Officers:

Name	Corporate Performance (80% weighting)	Individual Performance (20% weighting)	Total
Payout Percentage Douglas D. Dirks	150 %	95 %	139 %
Martin J. Welch	150 %	95 %	139 %
William E. Yocke	150 %	100 %	140 %
Lenard T. Ormsby	150 %	100 %	140 %
Ann W. Nelson	150 %	90 %	138 %

The Committee has determined the performance goals for the annual bonus awards to be made to our Named Executive Officers for 2008. These goals are similar to those established for 2007.

Long-Term Incentive Grants

We believe that a properly designed long-term incentive program, along with competitive compensation opportunities, encourages our Named Executive Officers to pursue and execute long-term strategies for increasing stockholder value. It also serves as an important retention and recruiting tool in securing a highly-qualified senior management team.

The overall grant levels were set at individual levels which, when combined with cash compensation, would result in total compensation between the 50th and 75th percentiles of the peer group. For 2007, the Committee approved long-term incentive grants for each executive consisting of an equal mix of non-qualified stock options and performance shares. The Committee also reviewed the resulting total compensation for each Named Executive Officer and believed the differences reflected the relative abilities of each to impact our long-term performance results.

Stock Options

Our Named Executive Officers received grants of non-qualified stock options in August 2007. The awards vest as to 25% of the shares underlying each grant six months following the grant date and as to an additional 25% on each of the first three annual anniversaries of the six-month anniversary of the date of the grant. After the initial option grants, it is intended that annual option grants will vest pro rata on each of the first four anniversaries of the date of grant. Annual option grants have a maximum term of seven years. The Committee believes stock options will provide the proper incentive to pursue strategies which will generate long-term growth in the share price. The option grants that were made in 2007 to our Named Executive Officers are set out and described in the Summary Compensation Table on page 28 and the Grants of Plan-Based Awards Table on page 31.

Performance Shares

Performance shares will be earned based on the achievement of pre-established corporate performance goals over a three-year performance period commencing January 1, 2007, and ending December 31, 2009. The Committee selected three-year average combined ratio and adjusted return on average equity, each weighted equally, as the metrics. Combined ratio is the same metric used for the annual bonus plan (and discussed above). Adjusted return on average equity is defined as GAAP return on equity, but adjusted to exclude the deferred gain on reinsurance. The maximum number of performance shares that may be earned based on actual performance during the performance period is

150% of the targeted number of performance shares. The Committee believes that the performance share grant, including the selection of a three-year period, will effectively motivate management to focus on executing an existing long-term strategic plan designed to increase overall shareholder value.

24

Table of Contents

The table below shows the threshold, target and maximum levels for each metric, along with the associated payouts:

50% Weighting

3 Year Average GAAP Combined Ratio % Average												
Return % of Target

75 %	102	75 %	8.1 %	55 %	103	55 %	Threshold	7.8 %	25 %	104	25 %	

The three year average return on adjusted GAAP equity is defined as the annual average return on adjusted equity (as defined below) for 2007, 2008 and 2009. Return on adjusted equity is defined as net income minus amortization of deferred gain on reinsurance, divided by the sum of beginning equity and beginning deferred gain on reinsurance, plus ending equity and ending deferred gain on reinsurance, divided by two. The three year GAAP combined ratio is the sum of the 2007, 2008 and 2009 losses, loss adjustment expenses, commission expenses and underwriting and other operating expenses, minus the sum of the 2007, 2008 and 2009 amortization of deferred gain on reinsurance, which difference is then divided by net premiums earned during 2007, 2008 and 2009. These formulas assume that we will have no reserve releases.

The performance share grants that were made in 2007 to our Named Executive Officers are set out and described in the Summary Compensation Table on page 28 and the Grants of Plan-Based Awards Table on page 31.

The Committee is in the process of determining the structure of the long-term incentive grants that will be made to our Named Executive Officers for periods commencing in 2008. In light of the Committee's intention to continue performance based annual bonus awards, and the complexity of the structure of the performance shares granted in 2007, both with respect to administering these awards and properly communicating them, the Committee is considering granting long-term incentive awards in 2008 that are time vested instead of performance vested, but the value of which will be linked to the value of our stock.

Benefits and Perquisites

Our Named Executive Officers are eligible to participate in all of the benefit programs generally offered to employees. In addition, Named Executive Officers receive automobile allowances, supplemental life insurance benefits, travel club memberships and country club memberships. In addition, the Named Executive Officers were also accompanied by their spouses to New York for the Opening Bell celebration at the New York Stock Exchange.

The Committee has determined that the Named Executive Officer perquisites are appropriate and below peer group median levels. The supplemental life insurance benefits provided to Named Executive Officers are consistent with

those provided to similarly situated executives of the companies in our peer group. The country club memberships allow our Named Executive Officers to interface with our community and provide them access to quality establishments for entertaining stakeholders.

Employment Agreements; Other Compensation

Each of our Named Executive Officers was a party to an employment agreement prior to our conversion and IPO, and all continue to be parties to such agreements. These agreements are designed

25

Table of Contents

to protect us through their confidentiality, non-solicitation and non-competition provisions. The agreements also serve as recruitment and retention tools by providing a measure of economic security to our Named Executive Officers.

The agreements were negotiated prior to our initial public offering. However, the Committee intends to review each agreement prior to its renewal in the context of best practices for public companies.

A summary of the employment agreements with each of our Named Executive Officers, including the amounts that may become payable upon the occurrence of various termination events, is provided on page 35.

Stock Ownership Guidelines

The Committee adopted guidelines which require executives, including all of the Named Executive Officers, to attain specific levels of share ownership. Executives eligible for regular annual equity grants must retain 50% of “net gain shares” acquired upon exercise of stock options (i.e., shares acquired after the payment of the option exercise price and all employment and income taxes) and payment of earned performance shares until the multiple is achieved. Once the multiple is achieved, executives must continue to retain 25% of all net gain shares for the duration of their employment. These guidelines assure that officers are continuously adding to their holdings in the Company’s shares to the extent that the equity incentives granted under the Company’s executive compensation program deliver realized value to officers.

	Position	Multiple of
Base Salary	Chief Executive Officer	4x
	Chief Operating Officer/Executive Vice President	3x
	Senior Vice President	2x
	Vice President	1x

As of December 31, 2007, none of our executives had met the guidelines. However, no equity or equity based awards could be made to any executive officers prior to six months after the Company’s initial public offering, which occurred on February 5, 2007.

Stock Option Approval and Grant Procedures

Stock Grant Policy

The Board has adopted an equity grant policy that specifies the Company’s practices and procedures for granting equity awards, including stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares or any other stock based award.

All equity award grants will be made once per year on the date of our Annual Meeting of Stockholders, with the exception of new hire grants, certain grants to non-officers, as described below and grants of performance share awards. Specifically, equity award grants to officer new hires will be made on the first day of employment, subject to prior approval by the Committee.

Performance share awards (and similar performance-based awards other than stock options) that are intended to satisfy the requirements for performance-based compensation under section 162(m) of the Internal Revenue Code typically will be made within the first 90 days of the calendar year.

Generally, our Chief Administrative Officer will prepare a list of equity grants for our CEO's consideration and, prior to a scheduled Committee meeting (or approval date for awards), our CEO will submit to the Committee, for its consideration, a list of recommended equity grants (including the names of grantees, which will not include our CEO, and the terms of the awards) to be considered by the Committee. To the extent any grantees are officers subject to Section 16 reporting obligations, the list of proposed grants will also be provided to our Chief Legal Officer at the same time. The Committee may delegate the authority to grant equity awards to our CEO but solely with respect to equity awards to non-officers, and only if such equity awards are within the guidelines established by the Committee for this purpose.

26

Table of Contents

Recapture Policies

Under our Equity and Incentive Plan, if a grantee engages in certain conduct considered harmful to us prior to or following termination of employment, then the grantee will forfeit (1) all then outstanding awards under the plan, without consideration, (2) any shares of Company stock owned by the grantee that were previously subject to an award under the plan and (3) any cash amounts previously paid to a grantee in respect of a plan award. In addition, if the grantee sold shares of Company stock during the 12-month period preceding the time the grantee engaged in the harmful conduct, then the grantee will be required to repay to the Company the aggregate value of these shares on the date of the sale minus the amounts, if any, paid for these shares.

In addition, the performance shares granted to our Named Executive Officers specifically provide that in the event the Company is required to restate any of its financial statements applicable to the performance period covered by the awards, then the Company may require our Named Executive Officer to repay to the Company the aggregate value of any performance shares that became payable upon the achievement of the performance goals, to the extent these performance goals would not have been achieved had this restatement not been required.

Tax Considerations

Under section 162(m) of the Internal Revenue Code, the Company may not be able to deduct certain forms of compensation in excess of \$1,000,000 paid to our CEO, or any of our three other highest paid executive officers (other than our CFO) who are employed by the Company at year-end. The Committee believes that it is generally in the Company's best interests to satisfy the requirements for deductibility under section 162(m). Accordingly, the Committee has taken, and intends to take, appropriate actions, to the extent it believes feasible, to preserve the deductibility of annual incentive and long-term performance awards. In this regard, the Committee believes that no compensation paid in 2007 to the applicable Named Executive Officers will fail to be deductible under section 162(m). However, notwithstanding this general policy, the Committee also believes there may be circumstances in which the Company's interests are best served by maintaining flexibility in the way compensation is provided, even if the compensation is not fully deductible under section 162(m).

COMPENSATION COMMITTEE REPORT

On March 5, 2008, the Compensation Committee, comprised of Independent Directors, reviewed and discussed the above Compensation Discussion and Analysis with the Company's management. Based on the review and discussions, the Compensation Committee recommended to the Board of Directors of Employers Holdings that the Compensation Discussion and Analysis be included in this Proxy Statement.

(1) Salary includes base salary and payments in respect of accrued vacation, holiday and sick days and income for excess life insurance. In 2006, Mr. Ormsby and Ms. Nelson received payment of accrued vacation of \$41,521 and \$30,733, respectively, when the Company adopted a limitation on accrued vacation. (2) In 2006, Mr. Ormsby received a

\$100,000 bonus for signing an amended and restated employment agreement, which expires on December 31, 2008. Each officer other than Mr. Dirks received a company-wide end-of-year bonus of \$680, for both 2007 and 2006. (3) The amounts in the "Stock Awards" column relate to performance shares granted under our Equity and Incentive Plan in August 2007. Performance shares were not granted in prior years. The amounts shown do not reflect compensation actually received by the Named Executive Officer, but rather represent expense recognized for 2007 in the 2007 Consolidated Financial Statements in accordance with SFAS No. 123(R), excluding any assumption for future forfeitures. There were no actual forfeitures of stock awards by any of our Named Executive Officers in 2007 and all other assumptions used to calculate the expense amounts shown are set forth in Note 11 to the 2007 Consolidated Financial Statements. Performance shares are awards of shares of Company common stock that would be granted upon the achievement of pre-established performance goals. For more information regarding these awards, see the Grants of Plan-Based Awards table on page 31. (4) The amounts in the "Options Awards" column relate to stock options granted under our Equity and Incentive Plan in August 2007. Stock options were not granted in prior years. The amounts shown do not reflect compensation actually received by the Named Executive Officer, but rather the expense recognized for 2007 in the 2007 Consolidated Financial Statements in accordance with SFAS No. 123(R), excluding any assumption for future forfeitures. There were no actual forfeitures of stock options by any of our Named Executive Officers in 2007 and we have used the Black-Scholes option pricing method for calculating the expense amounts shown. Specifically, the assumptions used to calculate the expense amounts shown for stock options are set forth in Note 11 to the 2007 Consolidated Financial Statements. For more information regarding these awards, see the Grants of Plan-Based Awards table on page 31. (5) For the year 2007, the Non-Equity Incentive Plan Compensation listed on this table reflects the cash bonus earned by each of our Named Executive Officers with respect to 2007 under our Equity and Incentive Plan, which was paid in the first quarter 2008 at approximately the maximum level of achievement based upon the Company's performance and the actual individual performance of each Named Executive Officer in 2007. (6) For the year 2006, the Non-Equity Incentive Plan Compensation listed on this table reflects the cash bonus earned by our Named Executive Officers with respect to 2006 under our 2006 Incentive Bonus Plan, which was paid in March 2007, based on the performance of each of our Named Executive Officers in 2006.

For each Named Executive Officer, excess accrued vacation represents the dollar value of vacation accrued during 2007, in excess of the vacation accrual permitted for the Company's employees generally. The dollar values were determined by reference to the Named Executive Officers' base salaries in effect at December 31, 2007.

GRANTS OF PLAN-BASED AWARDS

Non-Equity Incentive Plan Awards

2007 Incentive Bonus Program. As discussed above, effective December 31, 2005, the Company terminated the 2003 Executive Bonus Plan, which provided for short- and long-term bonuses to certain officers based on corporate performance and a modifier based upon individual performance and replaced it in 2006 with our 2006 Incentive Bonus Plan for all of the Company's officers. The 2006 plan provided for a cash bonus for each executive officer, including our Named Executive Officers, dependent upon the level of achievement relative to the stated corporate goals and personal performance goals, calculated as a percentage of each such officer's base salary, with higher ranked officers being compensated at a higher percentage of base salary. This plan terminated on December 31, 2006, and was replaced with a similar annual cash incentive program under our Equity and Incentive Plan. Like the previous plan, the new bonus program provides for a cash bonus, dependent upon the level of achievement of the stated corporate goals and personal performance goals, calculated as a percentage of the Named Executive Officer's base salary, with higher ranked executive officers being eligible for a higher percentage of base salary. For 2007, the target bonus awards (which are determined based on a percentage of base salary earned during 2007) were as follows: Mr. Dirks, 90%; Mr. Welch, 60%; and Messrs. Yocke and Ormsby and Ms. Nelson, 40%. Amounts earned under the new bonus program by our named executives are reflected in the Summary Compensation Table above in the

“Non-Equity Incentive Plan Compensation” column. The cash bonus opportunities for 2007 for our Named Executive Officers at threshold, target and maximum performance levels are set forth below under the Non-Equity Incentive Plan Awards Columns.

Stock Options and Performance Shares

As discussed above, the Company has granted stock options and performance share awards to our Named Executive Officers under our Equity and Incentive Plan.

Each option was granted with an exercise price equal to the fair market value of the shares on the date of grant (which is the closing price of the shares on the date of grant), has a term of seven years, and vests as to 25% of the shares underlying each grant six months following the date of grant and as to an additional 25% on each of the first three anniversaries of the six-month anniversary of the date of grant. In the event of a change in control, each outstanding option that is not assumed or substituted in connection with the transaction will become fully vested and exercisable upon the occurrence of the change in control. The stock options awarded for 2007 are set forth under the Option Awards columns below.

Performance shares are granted for a specified performance period, and the number of shares earned is based on the achievement of pre-established performance goals, as determined at the end of the performance period. In August 2007, the Company granted performance shares for the three-year performance period commencing January 1, 2007. Each of these grants will be earned based on the achievement of pre-established corporate performance goals, as determined at the end of the three-year performance period. The performance goals were based on the Company’s three-year average combined

Table of Contents

ratio and adjusted return on average equity, each weighted equally. The maximum number of performance shares that an individual may earn based on actual performance during the performance period is 150% of the targeted number of performance shares. In the event of a change in control, each outstanding performance share award that is not assumed or substituted in connection with the transaction will become fully vested and the restrictions, payment conditions, and forfeiture conditions applicable to such award will lapse and any performance conditions imposed on the award will be deemed to be fully achieved. Performance shares awarded for 2007 are set forth below under the All Other Stock Awards Column.

(1) The Estimated Future Payouts under the Non-Equity Incentive Plan Awards columns reflect 100% of the award at target level of achievement, and 150% of the award at maximum level of achievement, based on a percentage of the base salary earned by each Named Executive Officer in 2007. (2) The Estimated Future Payouts under the Equity Incentive Plan Awards columns reflect the number of performance shares that would be awarded at the end of the three-year performance period commencing January 1, 2007, assuming the pre-established performance goals were achieved. 25% of the award would be paid at the threshold level of achievement, 100% of the award would be paid at target level of achievement, and 150% of the award would be paid at maximum level of achievement. (3) Amounts shown are the number of shares underlying the options granted to the Named Executive Officers in August 2007. The options will vest as to 25% of the shares underlying the grant six months following the initial grant and as to an additional 25% on each of three anniversaries of the six-month anniversary of the date of grant. (4) Amounts shown represent the aggregate fair value of the stock awards and stock options as of the date of grant calculated in accordance with SFAS No. 123(R). Assumptions used to calculate the grant date fair value amounts are set forth in Note 11 to the 2007 Consolidated Financial Statements. However, the fair value shown above may not be indicative of the value realized on the date the option is exercised due to the variability in the share price of common stock. The exercise price equals the closing price of the shares as of the date of grant, pursuant to the terms of our Equity and Incentive Plan.

The Summary Compensation Table and Grants of Plan-Based Awards Tables should be read in conjunction with both the preceding “Compensation Discussion and Analysis,” which provides detailed information regarding our compensation philosophy and objectives, and “Employment and Severance Agreement,” below, which provides a description of the material terms of the employment arrangements with our Named Executive Officers.

Reflects options granted in August 2007 under our Equity and Incentive Plan. Each option vests as to 25% of the shares underlying each grant six months following the date of grant and as to an additional 25% on each of the first three anniversaries of the six-month anniversary of the date of grant. (2) Reflects the number of performance shares that would be awarded to the Named Executive Officers at the end of the three-year performance period commencing January 1, 2007, assuming that the target level of the performance goals are achieved, pursuant to the grants made in August 2007 under our Equity and Incentive Plan. Specifically, each grant of performance shares will be earned based on the achievement of pre-established corporate performance goals over a three-year performance period.

Pension Benefits

None of the Company's Named Executive Officers participate in or have account balances in qualified or non-qualified defined benefit officers plans sponsored by the Company.

Non-qualified Deferred Compensation

None of the Company's Named Executive Officers participate in or have account balances in non-qualified defined contribution plans or other deferred compensation plans maintained by the Company.

Potential Payments Upon Termination or Change in Control

The following summaries and the chart that follows set forth potential payments payable to the Company's Named Executive Officers upon termination of employment or a change in control of the Company under their current employment agreements and the Company's other compensation programs. The Compensation Committee may in its discretion revise, amend or add to the benefits if it deems it advisable.

Douglas D. Dirks

The Company may at any time terminate its employment agreement with Mr. Dirks if Mr. Dirks materially breaches the agreement, fails to obtain or maintain any required licenses or certificates, willfully violates any law, rule or regulation that may adversely affect his ability to perform his duties or may subject the Company to liability, or is convicted of a felony or crime including moral turpitude, or if the Company elects to discontinue its business ("Cause"). In addition, the Company may at any time terminate the agreement if Mr. Dirks is unable to perform the essential functions of his job for a period of more than 100 business days in a 120 consecutive business day period ("Disabled") or if Mr. Dirks dies. Mr. Dirks may terminate his employment agreement for "Good Cause" if the Company materially

Table of Contents

breaches it or the Company willfully violates any law, rule, or regulation that may adversely affect the ability of Mr. Dirks to perform his duties or may subject Mr. Dirks to liability. Mr. Dirks may be entitled to certain additional benefits under the Equity and Incentive Plan relating to the accelerated vesting of equity awards if his employment is terminated by the Company without Cause or by Mr. Dirks for Good Cause following a change in control of the Company (as defined in the Equity and Incentive Plan).

Termination by the Company (other than for Cause, Death or Disability) or Termination by Mr. Dirks for Good Cause prior to a Change in Control. If Mr. Dirks is terminated for any reason other than death, disability or Cause, or if Mr. Dirks terminates his employment for Good Cause, in each case prior to a change in control, Mr. Dirks is entitled to receive (less applicable withholding taxes):

- an amount equal to Mr. Dirks' base salary through the term of the agreement or two years base salary, whichever is greater, within 30 days of the effective date of the termination;

- amounts due under any bonus plan in which Mr. Dirks has been a participant, pro-rated for the period of the calendar year in which Mr. Dirks was employed, within 30 days of the effective date of the termination or, at the Company's election, on the date provided by the termination provisions of the applicable plan;

- continuation of insurance coverage provided to Mr. Dirks as of the date of his termination for 18 months with the Company paying the employer portion of the premium; and

- unless otherwise provided by the Company's plan administrator in the award agreement entered into with Mr. Dirks at the time he is granted a particular equity award, upon termination of his employment, Mr. Dirks will forfeit any outstanding awards except that he will have 90 days following termination of employment to exercise any vested options or stock appreciation rights.

Termination by the Company (other than for Cause, Death or Disability) or Termination by Mr. Dirks for Good Cause following a Change in Control. If Mr. Dirks is terminated for any reason other than death, disability or Cause, or if Mr. Dirks terminates his employment for Good Cause, in each case following a change in control of the Company, in addition to the severance benefits set forth above that Mr. Dirks is entitled to receive upon such terminations prior to a change in control, all restrictions, limitations and conditions applicable to outstanding awards will lapse, performance goals will be deemed to be fully achieved and the awards will become fully vested upon termination of Mr. Dirks' employment by the Company without Cause or by Mr. Dirks for Good Cause during the 24-month period following the change in control. Notwithstanding the above, if outstanding equity awards are not assumed or substituted in connection with the change in control, the restrictions, limitations and conditions applicable to outstanding awards will lapse, performance goals will be deemed to be fully achieved and the awards will become fully vested immediately upon the change in control.

Termination for Death or Disability. If Mr. Dirks' employment is terminated as a result of his disability, Mr. Dirks is entitled to benefits in accordance with the Company's policies generally applicable to all employees, which provide for a benefit equal to \$15,000 per month until Mr. Dirks reaches age 65. If Mr. Dirks' employment is terminated as a result of his death, pursuant to the terms of Mr. Dirks' employment agreement, he is entitled to life insurance benefits under the Company's group life insurance program equal to three times his base salary (employees generally are entitled to benefits equal to two times base salary). Unless otherwise provided by the Company's plan administrator in the award agreement entered into with Mr. Dirks at the time he is granted a particular equity award, upon termination of his employment as a result of death or disability, Mr. Dirks will forfeit any outstanding awards except that he (or his

estate) will have one year following termination of employment to exercise any vested options or stock appreciation rights.

Termination by the Company for Cause or By Mr. Dirks other than for Good Cause. Upon termination for any other reason, Mr. Dirks is not entitled to any payment or benefit other than the payment of unpaid salary and accrued and unused vacation pay. Unless otherwise provided by the Company's plan administrator in the award agreement entered into with Mr. Dirks at the time he is granted a particular equity award, upon termination of his employment, Mr. Dirks will forfeit any outstanding awards except that he will have 90 days following termination of employment to exercise any vested options or stock appreciation rights.

Messrs. Yocke, Welch and Ormsby and Ms. Nelson

Messrs. Yocke, Welch and Ormsby and Ms. Nelson are entitled to the same payments and benefits under the same circumstances as described above for Mr. Dirks, except that in the event that the employment of any of these four executives is terminated for any reason other than death, disability or Cause, or the executive terminates his or her employment for Good Cause, in each case prior to a change in control, in addition to receiving the same continuation of insurance benefits and treatment of equity awards as Mr. Dirks, these executives will receive the following:

- an amount equal to the executive's base salary through the term of the agreement or one month of base salary for each completed year of service with the Company, whichever is greater but in no case less than 12 months of base salary for Messrs. Yocke and Welch and Ms. Nelson, and 18 months of base salary for Mr. Ormsby (rather than the greater of base salary through the term and two years base salary for Mr. Dirks), in each case, within 30 days of the effective date of the termination; and

- short and long-term amounts due under the Company's bonus plans in effect at termination; short-term amounts will be pro-rated for the period of the calendar year in which the executive was employed, within 30 days of the effective date of the termination or, at the Company's election, on the date provided by the termination provisions of the applicable plan.

However, in the event Ms. Nelson's employment is terminated for death or disability, instead of the guaranteed benefit of \$15,000 per month to which the other four Named Executive Officers are entitled, she will be entitled to a benefit equal to 66 2/3% of her monthly salary (up to a maximum of \$15,000 per month).

Assuming each of the Named Executive Officers' employment had terminated on December 31, 2007, under each of the circumstances set forth in the chart below, the payments and benefits described above would have the following estimated values:

(1) For the year 2007, the Non-Equity Incentive Plan Compensation listed on this table reflects the cash bonus earned by each of our Named Executive Officers with respect to 2007 under our Equity and Incentive Plan, which was paid in the first quarter 2008 at approximately the maximum level of achievement based upon the Company's performance and the actual individual performance of each Named Executive Officer in 2007. (2) Under the terms of the Performance Share Agreements, if the Named Executive Officers' employment terminates by reason of death or total and permanent disability, performance shares will be awarded to the Named Executive Officer on Payment

Table of Contents Date, to the extent of, the actual achievement of the Performance Goals. If the Named Executive Officers' employment terminates involuntarily without cause in the event of a change of control, all performance shares are deemed fully achieved and vest immediately. If the Named Executive Officers' employment terminated involuntarily without cause and not in connection with a change of control, the Named Executive Officer is due on Payment Date a portion of their Performance Shares equal to the product of (a) the total number of performance shares granted and (b) a fraction, the numerator of which is number of full months elapsed since the Date of Grant Date and the denominator of which is 36. At December 31, 2007, the impact of awarded stock options have been excluded from the above table, as the options did not have any intrinsic value.

Director Compensation

Non-employee Directors receive an annual retainer of \$25,000, and are also paid cash fees of \$1,000 for each Board meeting above four meetings in a calendar year, \$1,500 for each Audit Committee meeting attended and \$1,000 for each other committee meeting attended. The Chairman of the Board is paid an additional cash fee of \$20,000 annually. Committee chairpersons are paid an additional cash fee of \$10,000 annually.

In addition to the cash compensation, six months following the initial public offering which occurred on February 5, 2007, each non-employee Director was granted an award of restricted stock units ("RSUs") with a value of \$50,000. Subject to accelerated vesting as set forth below, the RSUs will vest in full at this 2008 stockholders meeting and will be paid in shares six months following termination of Board service. Vested RSUs will be credited with dividend equivalents which will be reinvested in additional RSUs.

The following table sets forth a summary of the compensation we paid to our non-employee Directors in 2007:

(1) The

amounts in the “Stock Awards” column relate to restricted stock units (RSUs) granted by the Company to the non-employee members of the Board of Directors under our Equity and Incentive Plan in August 2007. The RSUs will vest on the date of the first annual meeting of the Company following January 1, 2008, except for accelerated vesting in the case of death or disability of the Director or as a result of a change of control. RSUs were not granted in prior years. The fair market value of the RSUs on the date of the grant was \$49,985 for each Director. The amounts shown do not reflect compensation actually received by the non-employee Director but rather represent expense recognized for 2007 in the 2007 Consolidated Financial Statements in accordance with SFAS No. 123(R), excluding any assumption for future forfeitures. There were no actual forfeitures of stock awards by any of our Directors in 2007 and all other assumptions used to calculate the expense amounts shown are set forth in Note 11 to the 2007 Consolidated Financial Statements. Each non-employee Director has been granted 2,970 unvested stock awards which include RSUs that have not been delivered at December 31, 2007. (2) All Other Compensation totals include costs associated the Directors and their guests (spouse, family member or similar guest) attending board meetings and/or board activities. For two board activities during the year ended December 31, 2007, each Director was allowed to bring a guest. For each of these activities, the Company incurred costs associated with commercial airfare, meals, sightseeing, and other similar activities.

Indemnification of Officers and Directors

Our Articles of Incorporation require the Company to indemnify the Company's officers and Directors to the fullest extent permitted by law. The Articles of Incorporation go on to provide, however, that no such obligation to indemnify exists as to proceedings initiated by an officer or Director unless (a) it is a proceeding (or part thereof) initiated to enforce a right to indemnification; or (b) was authorized or consented to by the Company's Board of Directors. The Company is authorized to provide indemnification of its employees or agents, through Bylaws, agreements with agents, vote of stockholders or disinterested Directors, or otherwise, to the fullest extent permissible under Nevada law. The Company's Bylaws define an agent as any person who is or was a Director or officer of the Company or who is or was serving at the Company's request as a Director, officer, employee or agent of another foreign or domestic company, partnership, joint venture, trust or other enterprise, or was a Director or officer of a foreign or domestic company which was a predecessor company of us or of another enterprise at the request of the predecessor company. Indemnification is not provided where the person (a) is liable pursuant to NRS 78.138; or (b) did not act in good faith and in a manner which that person reasonably believed to be in or not opposed to our best interests, or, in the case of a criminal proceeding, had reasonable cause to believe the conduct of the person was unlawful.

The Company has entered into employment agreements, discussed above, which provide that the Company shall indemnify the employee to the fullest extent permitted by Nevada law and the Articles of Incorporation and Bylaws of the employing company. Additionally, each employee is generally entitled to have the Company pay all expenses, including fees of an attorney selected and retained by it to represent the employee, actually and necessarily incurred by the employee in connection with the defense of any act, suit, or proceeding and in connection with any related appeal, including the cost of court settlements. The agreements also provide that the Company will use its reasonable efforts to obtain coverage for the employee under any insurance policy in force at the time, and further that it will pay all expenses, including attorneys' fees of an attorney retained by the Company to represent the employee in connection with the action from which the indemnification arose.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to Directors, officers or persons controlling the Company under the foregoing provisions, the Company has been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

No director may serve as a member of the Committee if such director serves on the audit committee of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee. Any such determination must be disclosed in the Company’s annual Proxy Statement.

The Committee, in its discretion, may ask members of management or others to attend its meetings (or portions thereof) and to provide pertinent information as necessary. The Committee must meet separately on a periodic basis with (i) management, (ii) the director of the Company's internal auditing department or other person responsible for the internal audit function and (iii) the Company's independent auditors, in each case to discuss any matters that the Committee or any of the above persons or firms believe warrant Committee attention.

The Committee shall maintain minutes of its meetings and records relating to those meetings and shall report regularly to the Board on its activities, as appropriate.

The purpose of the Employers Holdings, Inc. Amended and Restated Equity and Incentive Plan (the “Plan”) is to promote the interests of the Company and its Subsidiaries and the stockholders of the Company by providing officers, employees, non-employee directors, consultants, and independent contractors of the Company and its Subsidiaries with appropriate incentives and rewards to encourage them to enter into and continue in the employ or service of the Company or its Subsidiaries, to acquire a proprietary interest in the long-term success of the Company and to reward the performance of individuals in fulfilling their personal responsibilities for long-range and annual achievements. The Plan provides for the grant, in the sole discretion of the Committee, of options (including “incentive stock options” and “nonqualified stock options”), stock appreciation rights, restricted stock, restricted stock units, stock- or cash-based performance awards, and other stock-based awards. Notwithstanding any provision of the Plan, to the extent that any Awards would be subject to Section 409A of the Code, this Plan and the Awards shall be interpreted in a manner consistent with Section 409A of the Code and any regulations or guidance promulgated thereunder.

(c) Shares of Stock may, in whole or in part, be authorized but unissued shares or shares of Stock that shall have been or may be reacquired by the Company in the open market, in private transactions or otherwise.

In addition to the foregoing, the Committee may impose on any Award or the exercise thereof, at the date of grant or thereafter, such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine.

(b) Types of Awards. The Committee is authorized to grant the Awards described in this Section 6(b), under such terms and conditions as deemed by the Committee to be consistent with the purposes of the Plan. Such Awards may

be granted with value and payment contingent upon the achievement of Performance Goals. Unless otherwise determined by the Committee, each Award

shall be evidenced by an Award Agreement containing such terms and conditions applicable to such Award as the Committee shall determine at the date of grant or thereafter.

(i) Options. The Committee is authorized to grant Options to Grantees on the following terms and conditions:

(A) Type of Award. The Award Agreement evidencing the grant of an Option under the Plan shall designate the Option as an ISO or an NQSO.

(B) Exercise Price. The exercise price per share of Stock purchasable under an Option shall be determined by the Committee, but, except for outstanding awards assumed, converted or replaced in connection with a corporate transaction, in no event shall the exercise price of any Option be less than the Fair Market Value of a share of Stock on the date of grant of such Option. The exercise price for Stock subject to an Option may be paid in cash or by an exchange of Stock previously owned by the Grantee, through a “broker cashless exercise” procedure approved by the Committee, a combination of the above, or any other method approved the Committee, in any case in an amount having a combined value equal to such exercise price.

(C) Term and Exercisability of Options. Unless the Committee determines otherwise, the date on which the Committee adopts a resolution expressly granting an Option shall be considered the day on which such Option is granted. Options shall be exercisable over the exercise period (which shall not exceed seven years from the date of grant), at such times and upon such conditions as the Committee may determine, as reflected in the Award Agreement; provided, that the Committee shall have the authority to accelerate the exercisability of any outstanding Option at such time and under such circumstances as it, in its sole discretion, deems appropriate. An Option may be exercised to the extent of any or all full shares of Stock as to which the Option has become exercisable, by giving written notice of such exercise to the Committee or its designated agent.

(D) Other Provisions. Options may be subject to such other conditions including, but not limited to, restrictions on transferability of the shares of Stock acquired upon exercise of such Options, as the Committee may prescribe in its discretion or as may be required by applicable law.

(ii) SARs. The Committee is authorized to grant SARs to Grantees on the following terms and conditions:

(A) In General. SARs may be granted independently or in tandem with an Option at the time of grant of the related Option. An SAR granted in tandem with an Option shall be exercisable only to the extent the underlying Option is exercisable. Payment of an SAR may be made in cash, Stock, property, or a combination of the foregoing, as specified in the Award Agreement or determined in the sole discretion of the Committee.

(B) Term and Exercisability of SARs. Unless the Committee determines otherwise, the date on which the Committee adopts a resolution expressly granting an SAR shall be considered the day on which such SAR is granted. SARs shall be exercisable over the exercise period (which shall not exceed seven years from the date of grant), at such times and upon such conditions as the Committee may determine, as reflected in the Award Agreement; provided, that the Committee shall have the authority to accelerate the exercisability of any outstanding SAR at such time and under such circumstances as it, in its sole discretion, deems appropriate.

(C) Payment. An SAR shall confer on the Grantee a right to receive an amount with respect to each share of Stock subject thereto, upon exercise thereof, equal to the excess of (1) the Fair Market Value of one share of Stock on the date of exercise over (2) the grant price of the SAR (which in the case of an SAR granted in tandem with an Option shall be equal to the exercise price of the underlying Option, and which in the case of any other SAR shall be such

price as the Committee may determine but in no event shall be less than

B-7

the Fair Market Value of a share of Stock on the date of grant of such SAR). An SAR may be exercised by giving written notice of such exercise to the Committee or its designated agent.

(iii) Restricted Stock. The Committee is authorized to grant Restricted Stock to Grantees on the following terms and conditions:

(A) Issuance and Restrictions. Restricted Stock shall be subject to such restrictions on transferability and other restrictions, if any, as the Committee may impose at the date of grant or thereafter, which restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, or otherwise, as the Committee may determine. Notwithstanding the above, (i) subject to clauses (ii) and (iii) below, no award of Restricted Stock granted to an employee of the Company or a Subsidiary (other than Substitute Awards) shall vest at a rate that is more rapid than one-third of the total shares subject to such award on each of the first three anniversaries of the date of grant, (ii) awards of Restricted Stock made in connection with an employee's commencement of employment with the Company or its Subsidiaries to replace equity awards forfeited by such employee, awards of Restricted Stock made as a form of payment of earned incentive compensation, and awards of Restricted Stock that vest, in whole or in part, upon the attainment of Performance Goals shall not vest prior to the first anniversary of the date on which such award is granted, and (iii) the Committee shall have the authority to accelerate the exercisability of any outstanding award of Restricted Stock at such time and under such circumstances as it, in its sole discretion, deems appropriate. Except to the extent restricted under the Award Agreement relating to the Restricted Stock, a Grantee granted Restricted Stock shall have all of the rights of a stockholder including, without limitation, the right to vote Restricted Stock and the right to receive dividends thereon.

(B) Certificates for Stock. Restricted Stock granted under the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Stock are registered in the name of the Grantee, such certificates shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock, and the Company shall retain physical possession of the certificate.

(C) Dividends. Except to the extent restricted under the applicable Award Agreement, dividends paid on Restricted Stock shall be paid at the dividend payment date in cash or in shares of unrestricted Stock having a Fair Market Value equal to the amount of such dividends. Stock distributed in connection with a stock split or stock dividend, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock with respect to which such Stock or other property has been distributed.

(iv) Restricted Stock Units. The Committee is authorized to grant Restricted Stock Units to Grantees, subject to the following terms and conditions:

(A) Conditions to Vesting. At the time of the grant of Restricted Stock Units, the Committee may impose such restrictions or conditions to the vesting of such Awards as it, in its discretion, deems appropriate, including, but not limited to, the achievement of Performance Goals. Notwithstanding the above, (i) subject to clauses (ii) and (iii) below, no award of Restricted Stock Units granted to an employee of the Company or a Subsidiary (other than Substitute Awards) shall vest at a rate that is more rapid than one-third of the total shares subject to such award on each of the first three anniversaries of the date of grant, (ii) awards of Restricted Stock Units made in connection with an employee's commencement of employment with the Company or its Subsidiaries to replace equity awards forfeited by such employee, awards of Restricted Stock Units made as a form of payment of earned incentive compensation, and awards of Restricted Stock that vest, in whole or in part, upon the attainment of Performance Goals shall not vest prior to the first anniversary of the date on which such award is granted, and (iii) the Committee shall

B-8

Table of Contents

have the authority to accelerate the exercisability of any outstanding award of Restricted Stock Units at such time and under such circumstances as it, in its sole discretion, deems appropriate.

(B) **Delivery of Shares.** Unless otherwise provided in an Award Agreement, upon the vesting of a Restricted Stock Unit there shall be delivered to the Grantee, within 30 days of the date on which such Award (or any portion thereof) vests, that number of shares of Stock equal to the number of Restricted Stock Units becoming so vested.

(C) **Dividend Equivalents.** Subject to the requirements of Section 409A of the Code, an Award of Restricted Stock Units may provide the Grantee with the right to receive dividend equivalent payments with respect to Stock subject to the Award (both before and after the Stock subject to the Award is earned, vested, or acquired), which payments may be either made currently or credited to an account for the Grantee, and may be settled in cash or Stock, as determined by the Committee. Any such settlements and any such crediting of dividend equivalents may be subject to such conditions, restrictions and contingencies as the Committee shall establish, including the reinvestment of such credited amounts in Stock equivalents.

(D) **Deferrals.** The Committee may require or permit Grantees to elect to defer the delivery of shares of Stock that would otherwise be due by virtue of the vesting of the Restricted Stock Units under such rules and procedures as the Committee shall establish; provided, however, to the extent that such deferral is subject to Section 409A of the Code, the rules and procedures established by the Committee shall comply with Section 409A of the Code.

(v) **Performance Awards.** The Committee is authorized to grant Performance Awards to Grantees, which may be denominated in cash or shares of Stock and payable either in shares of Stock, in cash, or in a combination of both. Such Performance Awards shall be granted with value and payment contingent upon the achievement of Performance Goals and such goals shall relate to periods of performance of not less than one calendar year. The Committee shall determine the terms and conditions of such Awards at the date of grant or thereafter. The maximum amount that any Grantee may receive with respect to cash-based Performance Awards pursuant to this Section 6(b)(v) whether payable in cash or in shares of Stock in respect of any performance period is \$2,000,000. Payments earned hereunder may be decreased or, with respect to any Grantee who is not a Covered Employee, increased in the sole discretion of the Committee based on such factors as it deems appropriate. No payment shall be made to a Covered Employee prior to the certification by the Committee that the Performance Goals have been attained. The Committee may establish such other rules applicable to the Performance Awards to the extent not inconsistent with Section 162(m) of the Code.

(vi) **Other Stock-Based Awards.** The Committee is authorized to grant Awards to Grantees in the form of Other Stock-Based Awards, as deemed by the Committee to be consistent with the purposes of the Plan. The Committee shall determine the terms and conditions of such Awards at the date of grant or thereafter (including, in the discretion of the Committee, the right to receive dividend equivalent payments with respect to Stock subject to the Award).

(c) **Termination of Service.** Except as otherwise set forth in an Award Agreement, (1) upon the Grantee's termination of service with the Company and any of its Subsidiaries, the Grantee shall have 90 days following the date of such termination of service to exercise any portion of an Option or SAR that the Grantee could have exercised on the date of such termination of service; provided, however, that such exercise must be accomplished prior to the expiration of the Award term; (2) if the Grantee's termination of service is due to total and permanent disability (as defined in any agreement between the Grantee and the Company or, if no such agreement is in effect, as determined by the Committee in its good faith discretion) or death, the Grantee, or the representative of the estate of the Grantee, as the case may be, may exercise any portion of the Option or SAR which the Grantee could have exercised on the date of such termination for a period of one year thereafter;

B-9

Table of Contents

provided, however, that such exercise must be accomplished prior to the expiration of the Award term; and (3) in the event of a termination of the Grantee's service with the Company or any of its Subsidiaries for Cause, the unexercised portion of the Option or SAR shall terminate immediately and the Grantee shall have no right thereafter to exercise any part of the Award. Notwithstanding the foregoing, the Committee may provide in an Award Agreement, or at any time thereafter, that if following termination of the Grantee's service with the Company and any of its Subsidiaries, the Grantee has been prevented from exercising the Option or SAR by reason of any trading blackout period or similar period, then the Option or SAR shall not cease to be exercisable until the Grantee has had at least 15 days following termination of such service to exercise the Option or SAR, provided that in no event will the Award remain exercisable after the expiration of the Award term. If the Grantee does not exercise any Award within the time periods following termination of service set forth in this Section 6(c), such award shall be forfeited.

(d) Forfeiture/Repayment of Awards. In addition to the forfeiture of Awards as provided in Section 6(c), if the Grantee engages in Harmful Conduct, prior to or following termination of employment, the Grantee may be required to forfeit any then outstanding Award, and may be required to return to the Company, without consideration (other than any amount paid by the Grantee in respect of such Award), any shares of Stock owned by the Grantee that were previously subject to an Award and any cash amounts previously paid to the Grantee in respect of an Award. To the extent the shares of Stock subject to this Section 6(d) have been previously sold or otherwise disposed of by the Grantee during the twelve-month period preceding the Grantee engaging in Harmful Conduct, the Grantee may be required to repay to the Company the aggregate Fair Market Value of such shares of Stock on the date of such sale or disposition, less any amounts paid by the Grantee for such shares. In addition, to the extent set forth in the Award Agreement, if the Company is required to restate its financial statements, the Company may require that a Grantee repay to the Company the aggregate Fair Market Value of any Award (regardless of whether such Award was payable in shares of Stock or cash) that vested upon the attainment of Performance Goals to the extent such Performance Goals would not have been achieved had such restatement not been required and may require that any unvested portions of the Award be forfeited.

7. Change in Control Provisions.

Unless otherwise determined in an Award Agreement, in the event of a Change of Control:

(a) With respect to each outstanding Award that is assumed or substituted in connection with a Change in Control, in the event of a termination of a Grantee's employment by the Company or a Subsidiary of the Company without Cause during the 24-month period following such Change in Control (i) such Award shall become fully vested and exercisable, (ii) the restrictions, payment conditions, and forfeiture conditions applicable to any such Award granted shall lapse, and (iii) and any performance conditions imposed with respect to Awards shall be deemed to be fully achieved.

(b) With respect to each outstanding Award that is not assumed or substituted in connection with a Change in Control, upon the occurrence of a Change in Control (i) such Award shall become fully vested and exercisable, (ii) the restrictions, payment conditions, and forfeiture conditions applicable to any such Award granted shall lapse, and (iii) and any performance conditions imposed with respect to Awards shall be deemed to be fully achieved. Immediately following the occurrence of the events described in clauses (i) — (iii) of this Section 7(b), each such Award not assumed or substituted in connection with a Change in Control shall terminate.

(c) For purposes of this Section 7, an Award shall be considered assumed or substituted for if, following the Change in Control, such Award remains subject to the same terms and conditions that were applicable to the Award immediately prior to the Change in Control except that the Award confers the right to purchase or receive, for each

share subject to the Option, SAR, award of Restricted Stock, award of Restricted Stock Units, Performance Award, or Other Stock-Based Award the consideration (whether stock, cash or other securities or property) received in the Change in Control by holders of shares of Stock for each share of Stock held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the greatest number of holders of the outstanding shares).

B-10

Table of Contents

(d) Notwithstanding any other provision of the Plan, in the event of a Change in Control, the Committee may, in its discretion, provide that each Award shall, upon the occurrence of a Change in Control, be cancelled in exchange for a payment in an amount equal to (i) the excess of the consideration paid per share of Stock in the Change in Control over the exercise or purchase price (if any) per share of Stock subject to the Award multiplied by (ii) the number of Shares granted under the Option or SAR.

8. General Provisions.

(a) Nontransferability. Except as provided below, Awards shall not be transferable by a Grantee except by will or the laws of descent and distribution and shall be exercisable during the lifetime of a Grantee only by such Grantee or his guardian or legal representative. To the extent and under such terms and conditions as may be determined by the Committee, a Grantee may assign or transfer an Award (each transferee thereof, a "Permitted Assignee") to (i) an Immediate Family Member, (ii) to a trust for the benefit of one or more of the Grantee and/or an Immediate Family Member, or (iii) a partnership, limited liability company or corporation in which the Grantee and/or one or more Immediate Family Members are the only partners, members or shareholders; provided that such Permitted Assignee shall be bound by and subject to all of the terms and conditions of the Plan and the Award Agreement relating to the transferred Award and shall execute an agreement satisfactory to the Company evidencing such obligations; and provided further that such Grantee shall remain bound by the terms and conditions of the Plan. The Company shall cooperate with any Permitted Assignee and the Company's transfer agent in effectuating any transfer permitted under this Section 8(a).

(b) No Right to Continued Employment, etc. Nothing in the Plan or in any Award, any Award Agreement or other agreement entered into pursuant hereto shall confer upon any Grantee the right to continue in the employ or service of the Company or any Subsidiary of the Company or to be entitled to any remuneration or benefits not set forth in the Plan or such Award Agreement or other agreement or to interfere with or limit in any way the right of the Company or any such Subsidiary to terminate such Grantee's employment or independent contractor relationship.

(c) Taxes. The Company or any Subsidiary of the Company is authorized to withhold from any Award granted, any payment relating to an Award under the Plan, including from a distribution of Stock, or any other payment to a Grantee, amounts of withholding and other taxes due in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company and Grantees to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Stock or other property and to make cash payments in respect thereof in satisfaction of a Grantee's tax obligations. The Committee may provide in the Award Agreement that in the event that a Grantee is required to pay any amount to be withheld in connection with the issuance of shares of Stock in settlement or exercise of an Award, such withholding and other taxes shall be satisfied with shares of Stock to be received upon settlement or exercise of such Award equal to the minimum amount required to be withheld.

(d) Stockholder Approval; Amendment and Termination.

(i) The Plan shall take effect upon its adoption by the Board.

(ii) The Board may at any time and from time to time alter, amend, suspend, or terminate the Plan in whole or in part; provided, however, that unless otherwise determined by the Board, an amendment that results in a Repricing and an amendment that requires stockholder approval in order for the Plan to continue to comply with Section 162(m) or any other law, regulation or stock exchange requirement shall not be effective unless approved by the requisite vote of stockholders. Notwithstanding the foregoing, (A) no amendment to or termination of the Plan shall affect adversely

any of the rights of any Grantee, without such Grantee's consent, under any Award theretofore granted under the Plan, and (B) the Board reserves the right to amend or terminate the Plan and the Committee reserves the right to amend, restructure, terminate or replace any Awards, as may be necessary or appropriate to avoid adverse tax consequences under Section 409A of the Code.

B-11

Table of Contents

(e) Expiration of Plan. Unless earlier terminated by the Board pursuant to the provisions of the Plan, the Plan shall expire on the tenth anniversary of the date of the Plan's adoption by the Board. No Awards shall be granted under the Plan after such expiration date. The expiration of the Plan shall not affect adversely any of the rights of any Grantee, without such Grantee's consent, under any Award theretofore granted.

(f) No Rights to Awards; No Stockholder Rights. No Grantee shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Grantees. Except as provided specifically herein, a Grantee or a transferee of an Award shall have no rights as a stockholder with respect to any shares of Stock covered by the Award until the date of the issuance of a Stock certificate to him for such shares or the issuance of shares to him in book-entry form.

(g) Unfunded Status of Awards. The Plan is intended to constitute an "unfunded" plan for incentive and deferred compensation. With respect to any payments not yet made to a Grantee pursuant to an Award, nothing contained in the Plan or any Award shall give any such Grantee any rights that are greater than those of a general creditor of the Company.

(h) No Fractional Shares. No fractional shares of Stock shall be required to be issued or delivered pursuant to the Plan, any Award or any Award Agreement. The Committee shall determine whether cash, other Awards, or other property shall be issued or paid in lieu of such fractional shares of Stock or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

(i) Regulations and Other Approvals.

(i) The obligation of the Company to sell or deliver Stock with respect to any Award granted under the Plan shall be subject to all applicable laws, rules and regulations, including all applicable federal and state securities laws, and the obtaining of all such approvals by governmental agencies as may be deemed necessary or appropriate by the Committee.

(ii) Each Award is subject to the requirement that, if at any time the Committee determines, in its absolute discretion, that the listing, registration or qualification of Stock issuable pursuant to the Plan is required by any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the grant of an Award or the issuance of Stock, no such Award shall be granted or payment made or Stock issued, in whole or in part, unless listing, registration, qualification, consent or approval has been effected or obtained free of any conditions not acceptable to the Committee.

(iii) In the event that the disposition of Stock acquired pursuant to the Plan is not covered by a then current registration statement under the Securities Act and is not otherwise exempt from such registration, such Stock shall be restricted against transfer to the extent required by the Securities Act or regulations thereunder, and the Committee may require a Grantee receiving Stock pursuant to the Plan, as a condition precedent to receipt of such Stock, to represent to the Company in writing that the Stock acquired by such Grantee is acquired for investment only and not with a view to distribution.

(j) Governing Law. The Plan and all determinations made and actions taken pursuant hereto shall be governed by the laws of the State of Nevada without giving effect to the conflict of laws principles thereof.

(k) Foreign Employees. Awards may be granted to employees who are foreign nationals or employed outside the United States, or both, on such terms and conditions different from those applicable to Awards to employees employed in the United States as may, in the judgment of the Committee, be necessary or desirable in order to recognize differences in local law or tax policy. The Committee also may impose conditions on the exercise or vesting of Awards in order to minimize the Company's obligation with respect to tax equalization for employees on assignments outside their home country.
