- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Edgar Filing: CABOT MICROELECTRONICS CORP - Form 8-K

Item 5.02 Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers.

(b) On January 17, 2005, Ronald L. Skates, one of the company's directors whose term will expire at the upcoming annual meeting of stockholders on March 8, 2005, decided not to stand for re-election when his term expires in March.

Item 1.01 Entry into a Material Definitive Agreement

As a result of Mr. Skates' decision not to stand for re-election to the company's Board of Directors, his term expires at this year's annual meeting on March 8, 2005. Because this year's annual meeting date, and Mr. Skates' termination of service date, is to occur one, two, three and four days, respectively, ahead of the anniversary of prior annual meeting dates and the dates upon which a total of 8,125 of Mr. Skates' options would otherwise vest, on January 17, 2005, the company, pursuant to approval of the company's Board of Directors and the Nominating and Corporate Governance Committee of the Board, amended four option grant agreements between Mr. Skates and the company to accelerate the vesting of these 8,125 options to March 8, 2005 that would have otherwise vested on March 9, March 11, March 12 and March 13, 2005. At the time of the amendment, all accelerated options had an option price greater than the fair market value of the shares of the Corporation. All other unvested options will terminate upon his termination of service on March 8, 2005.

Item 8.01 Other Events

Mr. Robert J. Birgeneau has been nominated by the Board of Directors to replace Mr. Skates as a Class II director, to stand for election at the company's annual meeting of stockholders on March 8, 2005, with a term to expire in 2008. Mr. Birgeneau is the Chancellor of the University of California, Berkeley, and also holds a faculty appointment in the department of physics there. Prior to assuming his current position, Mr. Birgeneau served as the President of the University of Toronto. Prior to that, Mr. Birgeneau was the Dean of the School of Science at the Massachusetts Institute of Technology, and previously had been the chair of M.I.T.'s physics department. Mr. Birgeneau received his B.Sc. in mathematics from the University of Toronto, and his Ph.D. in physics from Yale University.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
