Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

Effective July 18, 2008, Ameristar Casinos, Inc. (the Company) entered into an interest rate swap transaction with Wells Fargo Bank, N.A. (the Counterparty). The Company entered into the swap transaction to mitigate the risk associated with the floating interest rate, based on the London Interbank Offered Rate (LIBOR), payable by the Company on \$500 million principal amount of the Company's senior secured revolving debt outstanding under its Credit Agreement, dated as of November 10, 2005, as subsequently amended (the Credit Agreement), among the Company, the Counterparty, the various other Agents and Lenders party thereto and Deutsche Bank Trust Company Americas, as Administrative Agent. The swap transaction was entered into pursuant to a 1992 ISDA Master Agreement in customary form between the Company and the Counterparty. The Company's obligations under the swap transaction are secured pursuant to the security provisions of the Credit Agreement.

The swap transaction has an effective date of July 18, 2008 and terminates on July 19, 2010. The Company is obligated to make certain quarterly fixed rate payments to the Counterparty, calculated on a notional amount of \$500 million, while the Counterparty is obligated to make certain quarterly floating rate payments to the Company based on three-month LIBOR on the same notional amount. The swap transaction effectively fixes the annual interest rate payable on \$500 million of the Company's revolving debt under the Credit Agreement at 3.1975% plus an applicable margin, which is currently 1.75%.

Notwithstanding the terms of the swap transaction, the Company remains obligated for all amounts due and payable under the Credit Agreement. The Company may enter into additional swap transactions or other interest rate protection agreements from time to time in the future.
