A: The information in this Proxy Statement relates to the election of directors at the annual meeting, the voting process, our corporate governance, the compensation of our directors and most highly paid executive officers, and other required disclosures.

Q: What is the record date and what does it mean?

A: The Board has set October 1, 2008, as the record date for the annual meeting. Holders of our Common Stock at the close of business on the record date are entitled to receive notice of the meeting and to vote at the meeting. If you purchase Common Stock after the record date, you may vote those shares only if you receive a proxy to do so from the person who held the shares on the record date.

Q: What is the difference between a stockholder of record and a street name holder?

A: If your shares are registered directly in your name with our stock transfer agent, American Stock Transfer and Trust Company, you are considered a stockholder of record and the beneficial owner of those shares. As a stockholder of record, you have the right to grant your voting proxy directly to Allied Healthcare, or to vote in person at the meeting. If your shares are held in a stock brokerage account or by a bank, you are still considered the beneficial owner of those shares, but your shares are said to be held in street name. Only stockholders of record may vote in person at the meeting.

Q: How do I vote if my shares are held in street name ?

A: If your shares are held in street name, you will receive a form from your broker or bank seeking instruction as to how your shares should be voted.

Q: What should I do if I receive more than one proxy card?

A: It is important that you complete, sign, and date each proxy card and each voting instruction card that you receive because they represent different shares.

Q: What if I submit a proxy card and then change my mind as to how I want to vote?

A: If you are a stockholder of record, you may change your vote by granting a new proxy bearing a later date, by providing our Secretary with written notice of revocation of your proxy, or by attending the meeting and casting your vote in person. To change your vote for shares you hold in street name, you will need to follow the instructions in the materials your broker or bank provides you.

Q: Where can I find the voting results of the annual meeting?

A: Since the only matter expected to be voted upon is the election of directors in an uncontested meeting for which proxies are solicited in accordance with the Rules of the Securities and Exchange Commission (SEC), an announcement of results and vote tallies will be set forth in our 10-Q for the second quarter of 2008. If other matters are voted upon or if a nominee other than the director candidates named herein is elected, in addition to disclosing such information in our 10-Q, we will issue a press release and the details of the vote.

Q: Whom may I call with questions about the annual meeting?

A: For information about your stock ownership, or for other stockholder services, please contact Shareholder Relations at 314-771-2400, extension 604. For information about the meeting itself, please contact Daniel C. Dunn, our Secretary, at 314-771-2400.

INTRODUCTION

SOLICITATION AND REVOCATION OF PROXIES

The Board of Directors of Allied Healthcare Products, Inc., a Delaware corporation (the *Company*), is sending you this Proxy Statement to solicit proxies for use at the Annual Meeting of Stockholders (the *Annual Meeting*) to be held at 9:00 a.m., Central Time, Thursday, November 13, 2008, or at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Corporate Headquarters of Allied Healthcare Products, Inc., 1720 Sublette, St. Louis, Missouri 63110. You may revoke this proxy at any time prior to its exercise by delivering to the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

This proxy material is first being sent to stockholders on or about October 10, 2008.

OUTSTANDING SHARES AND VOTING RIGHTS

Stockholders of record at the close of business on Wednesday, October 1, 2008 are entitled to notice of and to vote at the Annual Meeting. As of the close of business on that date, there were outstanding and entitled to vote 7,901,327 shares of common stock, \$.01 par value (*Common Stock*), each of which is entitled to one vote. No cumulative voting rights exist under the Company's Amended and Restated Certificate of Incorporation. For information regarding the ownership of the Company's Common Stock by holders of more than five percent of the outstanding shares and by the management of the Company, see *Security Ownership of Certain Beneficial Owners and Management*.

For purposes of determining the presence of a quorum and counting votes on the matters presented, shares represented by abstentions and broker non-votes (described below) will be counted as present, but not as votes cast, at the Annual Meeting. Under Delaware law and the Company's By-laws, the election of directors at the Annual Meeting will be determined on the basis of the five candidates receiving the highest pluralities of votes cast at the Annual Meeting. Any other matters submitted for consideration at the Annual Meeting requires the affirmative vote of the holders of a majority of the Company's Common Stock represented and voting at the Annual Meeting for approval. Proxies submitted by brokers that do not indicate a vote for some of the proposals because the brokers don't have discretionary voting authority and haven't received instructions from the beneficial owners on how to vote on those proposals are called broker non-votes. Whether brokers have discretionary voting authority in the absence of explicit grants of such authority by their customers is governed by regulations of stock exchanges of which the brokers are members or by applicable state law. The Company does not believe that broker non-votes will materially affect any matter expected to be presented at the meeting.

ELECTION OF DIRECTORS

The Company's Board of Directors is comprised of a single class. The directors are elected at the Annual Meeting of the Stockholders of the Company and each director elected holds office until his or her successor is elected and qualified. The Board currently consists of five members. The stockholders will vote at the 2008 Annual Meeting for the election of five directors for the one-year term expiring at the Annual Meeting of Stockholders in 2009. There are no family relationships among any directors or executive officers of the Company.

The persons named in the enclosed proxy will vote for the election of the nominees named below unless authority to vote is withheld. All nominees have consented to serve if elected. In the event that any of the nominees should be unable to serve, the persons named in the proxy will vote for such substitute nominee or nominees as they, in their discretion, shall determine. The Board of Directors has no reason to believe that any nominee named herein will be unable to serve.

Furthermore, the Board has determined that each of the members of each of the committees is independent within the meaning of

Table of Contents

the Sarbanes-Oxley Act of 2002 (Audit Committee) and the NASDAQ-GM committee independence standards (Audit, Compensation and Nominating/Corporate Governance Committees).

Board Meetings Committees of the Board

The Board of Directors of the Company held four meetings during the fiscal year ended June 30, 2008. The Board of Directors presently maintains a Compensation Committee, an Audit Committee and a Governance and Nominating Committee.

The Compensation Committee consists of Messrs. Weil, Root, Peck and Madam Graves. This committee reviews and approves the Company's executive compensation policy, administers the Company's incentive compensation bonus plan and makes recommendations concerning the Company's employee benefit policies and stock option plans in effect from time to time. The Compensation Committee held one meeting during the fiscal year ended June 30, 2008. The Compensation Committee does not have a charter, but in the course of performing its duties, the committee adheres to the Company's Corporate Governance Principles, a copy of which is available on the Company's website: www.alliedhpi.com.

The Audit Committee consists of Messrs. Weil, Root, Peck and Madam Graves. The Charter for the Audit Committee is available on the Company's web site: www.alliedhpi.com. This committee recommends engagement of the Company's independent auditors and is primarily responsible for approving the services performed by the Company's independent auditors and for reviewing and evaluating the Company's accounting principles and its systems of internal accounting controls. The Audit Committee held four meetings during the fiscal year ended June 30, 2008. The Board of Directors has determined that nominees for director should meet all the criteria that have been established by the Board of Directors and the Nomination, Compensation and Governance Committee for board membership and not just have certain specific qualities or skills, like those that would qualify a nominee as an audit committee financial expert. Accordingly, the Board of Directors believes that it is not in the best interests of the Company to nominate as a director someone who does not have all the experience, attributes and qualifications sought. The Audit Committee consists of three independent directors, each of whom has been selected for the Audit Committee by the Board of Directors based on its determination that they are fully qualified to monitor the performance of management, internal accounting operations and the independent public accountants, and are fully qualified to monitor the disclosures of the Company to the end that they fairly present its financial condition and results of operations. Although one or more of the members of the Audit Committee meets, in the Company's opinion, the SEC definition of an audit committee financial expert, the Board of Directors has decided not to designate any one of them as such. In addition, the Audit Committee has the ability on its own to retain other independent public accountants or other consultants whenever it deems appropriate. The Board of Directors believes that this is fully equivalent to having an audit committee financial expert on the Audit Committee.

The Governance and Nominating Committee consists of Messrs. Weil, Root, Peck and Madam Graves. This committee recommends nominees to fill vacancies on the Board of Directors. The Governance and Nominating Committee did not hold a meeting during the fiscal year ended June 30, 2008. The Governance and Nominating Committee will consider nominees submitted by stockholders for inclusion on the recommended list of nominees submitted by the Company and voted on at the Annual Meeting of Stockholders in 2009 if such nominations are submitted in writing to the Company's headquarters Attention: Governance and Nominating Committee, no later than June 1, 2009. The Governance and Nominating Committee does not have a charter, but in the course of performing its duties, the committee adheres to the Company's Corporate Governance Principles, a copy of which is available on the Company's website: www.alliedhpi.com.

Compensation of Directors

Each director who is not an employee of the Company is entitled to receive an annual fee of \$15,000 for his services as a director and additional fees of \$1,000 for attendance at each meeting of the Board of Directors and \$350 for attendance at each meeting of committees of the Board of Directors. The Audit Committee Chairman is entitled to receive an additional annual fee of \$1,000. Directors are also entitled to reimbursement for their expenses in attending meetings.

Table of Contents

In 1995, the Company's stockholders approved and adopted the 1995 Stock Option Plan for Directors (the 1995 Directors Plan) to the members of the Board of Directors who are not employees of the Company or any of its subsidiaries. The 1995 Directors Plan granted options to directors on a formula basis at the time of initial election to the board, for service on certain board committees and for reelection to the board. Options outstanding under the 1995 Directors Plan are subject to adjustment in the event of a reorganization, merger, consolidation, stock split, dividend payable in Common Stock, split-up, combination or other exchange of shares. The options are treated as non-qualified options for federal income tax purposes such that any value in the option is taxable as ordinary income as of the date of exercise. The purchase price for shares of Common Stock to be purchased upon the exercise of options is equal to the last reported sales price per share of Common Stock on the Nasdaq National Market on the date of grant (or the last reported sales price on such other exchange or market on which the Common Stock is traded from time to time).

As adopted, the 1995 Directors Plan was intended to provide formula awards in accordance with certain then-applicable exemptive rules of the SEC and is administered by the Board of Directors, which may delegate administration thereof to a committee of the Board. The 1995 Directors Plan expired in accordance with its terms prior to the 2005 Annual Meeting of Stockholders. Options generally expire ten years from date of grant and the expiration of the 1995 Directors Plan had no impact on outstanding options.

Pursuant to the express terms of the 1995 Directors Plan, options to purchase 10,000 shares of Common Stock were granted to each eligible director on the date such person is first elected to the Board of Directors of the Company. An option to purchase an additional 5,000 shares of Common stock is granted to each eligible director on the date such person is first elected to serve as Chairman of the Board of the Company. These options may not be exercised for a period of two years from the date of grant and thereafter become exercisable on a cumulative basis in 25% increments beginning on the second anniversary of the date of grant and concluding on the fifth anniversary thereof.

In addition, the 1995 Directors Plan provided that options to purchase 1,000 shares of Common stock were granted to each eligible director on the date such person is re-elected to the Board of Directors by the vote of the stockholders, at the annual or other meeting at which directors are elected, and that options to purchase 500 shares of Common Stock are granted to each eligible director on the date such person is elected or re-elected to serve as Chairman of a Committee maintained by the Board of Directors from time to time. These options may not be exercised for a period of one year from the date of grant and thereafter are exercisable in full.

Following termination of the 1995 Directors Plan, the Board adopted and the stockholders approved at the 2006 Annual Meeting, the Allied Healthcare Products Inc. Incentive Stock Plan for Non-Employee Directors (the 2005 Directors Plan). That Plan permits the Board discretion in continuing formula stock option grants on the basis used in the 1995 Directors Plan or alternative forms of equity interests as discussed below.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS.

Compensation Committee.

The Compensation Committee, composed entirely of non-employee members of the Board of Directors, reviews, recommends and approves changes to the Company's compensation policies and program for the chief executive officer, other senior executives and certain key employees. In addition to the delegated authority in areas of compensation, the Committee administers the Company's stock option plans and agreements and recommends to the Board of Directors annual or other grants to be made in connection therewith.

In the Committee's discharge of its responsibilities, it considers the compensation, primarily of the chief executive officer and the Company's other executive officers, and sets overall policy and considers in general the basis of the levels of compensation of other key employees.

Policy and Objectives.

Recognizing its role as a key representative of the stockholders, the Committee seeks to promote the interests of stockholders by attempting to align management's remuneration, benefits and perquisites with the economic well being of the Company. Basically, the Committee seeks the successful implementation of the Company's business strategy by attracting and retaining talented managers motivated to accomplish these stated objectives. Since the achievement of operational objectives should, over time, represent the primary determinant of share price, the Committee links elements of compensation of executive officers and certain key employees with the Company's operating performance. In this way, objectives under a variety of compensation programs should eventually reflect the overall performance of the Company. By adherence to the above program, the compensation process should enhance stockholder value. The Committee attempts to be fair and competitive in its views of compensation. Thus, rewards involve both business and individual performance.

Components of Compensation

The Company offers the following compensation and employee benefits to those executive officers whose names appear in the Summary Compensation Table on page 11 (our "Named Executive Officers" or "NEOs"):

Base Salary. Base salaries for the chief executive officer, as well as other executive officers of the Company, are determined primarily based on performance. Generally, the performance of each executive officer is evaluated annually and salary adjustments are based on various factors including revenue growth, earnings per share improvement, increases in cash flow, new product development, market appreciation for publicly traded securities, reduction of debt and personal performance. In addition, the Committee compares salary data for similar positions in companies that match the Company's size in sales and earnings and utilizes such data as a factor in setting base salaries. Specific reference is made to compensation market studies published by Salaries.com. The Committee approves base salary adjustments for the executive officers, including the chief executive officer.

Mr. Refsland's Base Salary and Changes. Mr. Refsland's employment agreement calls for a minimum annual base salary of \$355,000 plus participation in incentive awards (in cash or securities) as may be granted in the Board's discretion upon recommendations or approvals by the Compensation Committee of the Board of Directors. The Annual Salary may be increased in future periods but may not be reduced below \$355,000 without Mr. Refsland's

consent.

For potential base salary changes for Mr. Refsland, the Compensation Committee reviews Mr. Refsland's performance. The review includes, but is not necessarily limited to, leadership competencies and other core values, executive retention results, and other contributions toward achievement of the Company's strategic plan and objectives. The Committee also takes into account other considerations such as Mr. Refsland's base salary history and its relationship to that of other NEOs, as well as the competitive position of his base salary compared to the peer group. Except in connection with the negotiation of his employment agreement,

Table of Contents

Mr. Refsland has not had any direct input to the Compensation Committee relative to increases in his base salary.

INCENTIVE COMPENSATION.

General. We provide our executives with both short-term and long-term performance-based incentive compensation opportunities in the form of both cash and equity awards. We use the 1999 Incentive Stock Option Plan (the Plan) to grant equity based awards in the form of stock options. Officers, employees, and non-employee directors of the Company, its subsidiaries and affiliates are eligible to participate in the Plan.

Within 60 days after the start of the fiscal year, the Compensation Committee establishes performance goals for the NEOs and corresponding awards that may be earned as short-term incentive compensation. After the completion of the relevant performance period, the Committee determines whether the applicable targets have been achieved and the amounts, if any, payable to the NEOs. Performance goals are limited to certain Company, affiliate, operating unit or division financial performance measures. Performance goals may be expressed on an absolute or relative basis, and may exclude certain items deemed appropriate by the Committee.

Cash Incentive Compensation. To reward achievement of financial performance goals during the fiscal year, the chief executive officer and other NEOs are eligible for annual cash bonuses. The actual amount of incentive compensation paid to each executive officer is predicated on an assessment of each participant's relative role in achieving the annual financial objectives of the Company as well as each such person's contributions of a strategic nature in maximizing stockholder value.

We intend short-term annual incentive programs to help drive an executive's performance in a given year by focusing on key goals. These goals are designed to maximize the results of their efforts for the Company and are directly linked to implementing the Company's strategic plan and objectives. Since we regard the strategic plan's goals to be confidential for competitive reasons, specific individual goals are not disclosed. Each goal has a threshold, target and exceptional performance level and payment amount.

For each goal for other executives, the Compensation Committee sets a threshold level of achievement, usually at 80-90% of target. For performance below threshold level for any goal, there is no payment. For payment for performance between threshold and target, we use straight-line interpolation to establish the payment amount. We extend straight-line interpolation from target through maximum to determine payment for performance above target.

In August of each year, our CEO and the Vice President of Administration and Corporate Planning, present proposed NEO grids to the Committee for review and approval. After the performance year is completed, the Committee, verifies the internal computation for short-term annual cash incentives for NEOs.

As indicated in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table found on page 11, no awards of cash incentive compensation were earned or paid to our NEOs for fiscal years 2008 and 2007.

Stock-Based Incentive Compensation. The Company has established a 1994 Employee Stock Option Plan and a 1999 Incentive Stock Option Plan (collectively the Employee Plans). Our Employee Plans provide a long-term incentive program for the chief executive officer, other executive officers and certain other key employees. The basic objective of these plans is the specific and solid alignment of executive and stockholder interests by forging a direct relationship between this element of compensation and the stockholders' level of return. These programs represent a desire by the Company to permit executives and other key employees to obtain an ownership position and a proprietary interest in the Company's Common Stock. Awards under the Plan are generally made to executive staff upon hiring and are reviewed periodically, but not annually, thereafter. Awards under the Plan are intended to provide a longer term incentive to performance.

Please see the Option Awards column of the Summary Compensation Table found on page 11, and the columns related to equity awards of the Grants of Plan-Based Awards Table found on page 12, and the entire Outstanding Equity Awards as of June 30, 2008 table found on page 13 for more information on the stock based portion of incentive compensation we pay to our NEOs.

POST-TERMINATION COMPENSATION AND BENEFITS.

We maintain a qualified 401(k) savings plan for most salaried employees. Subject to a maximum the IRS sets annually (\$15,500 for calendar 2008), participants in our 401(k) savings plan may contribute between 1% and 60% of their compensation to their savings plan accounts. The Company's contribution consists of a 2% match of participants contributions, currently 2% (on the first 8% of the employee's contribution), and an additional 2% on the participants annual compensation. All contributions vest immediately. At termination, the vested balances under a qualified 401(k) saving plan become available to the terminated participant.

An executive must be employed with the Company at the time the measurement is made for the receipt of any incentive awards. An executive who terminates employment prior to the measurement date for an award (other than for retirement) forfeits all rights to the award. For executives who terminate employment prior to retirement age, unvested grants of stock options are forfeited.

The Company has entered into agreements with Mr. Refsland and other key executives, including the NEOs, granting them payments upon a change of control of the Company. These arrangements are intended to promote stability and continuity of senior management. Information on applicable payments under such agreements for NEOs is contained under the heading "Severance and Change in Control Benefits" on page 14.

We believe these programs further our goal of attracting and retaining top executive talent, and serve to encourage executives to make long-term career commitments to us.

Compensation Policies and Practices.

Equity Award Grants. We set the grant date of any award made by the Company to be the date of the Board meeting at which such award was approved, and the grant price to be the closing price of the relevant class of our common stock on the grant date. We do not have a program, plan or practice of timing equity award grants in conjunction with the release of material non-public information. We have never re-priced or back-dated options granted under any of our equity compensation plans.

Compensation Recoupment; Adjustments Based on Prior Awards. Inasmuch as our cash incentive compensation program does not include a deferred payment feature, we do not have a policy that requires the adjustment or recovery of awards or payments made to our executive officers if the performance measures on which such awards or payments were based are restated or otherwise adjusted in a manner that would reduce the size of an award or payment.

Perquisites and Employee Benefits. We provide our NEOs with certain employee benefits that are generally available to all salaried employees including Company-paid group term life insurance equal to two times annual cash compensation excluding bonuses, Company contributions up to 4% to a 401(k) savings plan, medical and dental plans. In addition, we provide certain of our NEOs with a Company-leased automobile, including automobile insurance, with a total lease value that varies by executive level. We believe these benefits further our goal of attracting and retaining top executive talent. For more detail on these benefits, please see the "All Other Compensation" column of the Summary Compensation Table found on page 12.

Compensation Committee Report.

We, the Compensation Committee of the Board of Directors of Allied Healthcare Products, Inc., have reviewed and discussed with Company management the Compensation Discussion and Analysis set forth above, and based upon such review and discussion, have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

All such calls are received independently and are referred to the chairman of the audit committee for investigation and disposition where warranted. The Company prohibits retaliatory action against any employee for raising legitimate concerns or questions regarding ethical matters, or for reporting suspected violations of the Company's Code of Ethics and Conduct Guidelines.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g. brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year the Company may begin "householding" the Company's Proxy Statement and Annual Report. A single proxy statement and annual report will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. The Company will deliver promptly upon written or oral requests a separate copy of the annual report or proxy statement to a security holder at a shared address to which a single copy of the document was delivered. If, at any time, a stockholder no longer wishes to participate in "householding" and would prefer to receive a separate proxy statement and annual report, the affected stockholder may contact Shareholder

Relations at 1720 Sublette Avenue, St. Louis, Missouri 63110. Shareholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should also contact the Chief Financial Officer as indicated in the preceding sentence.
