ITEM 5. OTHER EVENTS

On January 15, 2002, Viragen, Inc. completed a Security Purchase Agreement for a \$2.5 million private financing of convertible debentures and warrants with Elliott Associates, L.P. and Elliott International, L.P.

The debentures carry a 6% annual coupon rate and are convertible into common shares of the Company at a fixed conversion price of \$1.29. The debentures may be prepaid in cash at the Company's option with a 15% premium. The debentures are repayable over a nine month period following the effective date of the related registration statement. Monthly payments may be made in either common stock based on the then current market or in cash, with a premium, at the option of the Company. If paid in common stock, the stock is valued at the lesser of the market value or \$1.29.

In addition Viragen issued an option to invest an additional \$1.5 million at a fixed price of \$1.10 per share. The agreement also provides for 405,000 warrants, exercisable at \$1.48 per share, expiring in January 2007.

Viragen has agreed to file a registration statement covering the shares underlying the debentures, option and warrants. If Viragen fails to file the required registration statement within 30 days or fails to receive approval of the registration statement within 90 days of the Closing Date, the Company will be subject to penalties.

Viragen paid a combined placement fee of 6% to the placement agents for this transaction.

The financing is being made in accordance with Regulation D under the Securities Act of 1933.
