The Asset Purchase (pages 49 through 63)

Terms of the Asset Purchase Agreement

The asset purchase agreement is attached to this proxy statement as Annex A. You should read the asset purchase agreement carefully. Our board of directors has approved the asset purchase agreement, and it is the binding legal agreement that governs the terms of the asset purchase.

General

Pursuant to the asset purchase agreement, our indirect, wholly-owned subsidiary, Daleen Solutions, will purchase substantially all of the assets and assume certain liabilities of Abiliti. In consideration for the assets, we will issue to Abiliti:

11,492,136 shares of common stock;

115,681 shares of our series F preferred stock; and

Asset Purchase Warrants to purchase an additional 5,666,069 shares of our common stock at an exercise price of \$0.906 per share.

The Asset Purchase Warrants are not exercisable until six months after the closing of the asset purchase. The asset purchase agreement provides that ten percent of the shares of common stock, series F preferred stock and Asset Purchase Warrants to be issued to Abiliti will be held in escrow for at least one year from closing in order to provide us protection in the event we have a claim for indemnification against Abiliti. The closing of the asset purchase is scheduled to occur immediately subsequent to, and conditioned upon, the closing of the private placement.

Agreement Not to Solicit Other Offers

Pursuant to the asset purchase agreement, we have agreed that we, our subsidiaries and our representatives will not do any of the following:

solicit, initiate or facilitate any alternative business combination proposal; or

participate in any discussions or negotiations regarding, or furnish any person with any non-public information with respect to, or enter into any agreement, arrangement or understanding requiring us to abandon, terminate or fail to consummate the transactions contemplated by the asset purchase agreement.

Conditions Precedent

The completion of the asset purchase depends on the satisfaction of a number of conditions, including conditions relating to:

approval by our stockholders of Proposals 1, 2 and 3;

approval of the asset purchase agreement and the transactions contemplated thereby by Abiliti's stockholders;

absence of legal prohibitions to the completion of the asset purchase; and

the accuracy of both parties' representations and warranties as of the date of the asset purchase agreement.

Termination

In addition to terminating upon mutual consent or in the event the private placement is not consummated, a party may terminate the asset purchase agreement under the following circumstances:

if a material breach of any provision of the asset purchase agreement has been committed by the other party;

if any of the conditions precedent to a party's obligation to close have not been satisfied as of the closing date or if satisfaction of a condition precedent is or becomes impossible (other than through such party's failure to comply with its obligations under the asset purchase agreement) and the other party has not waived the condition precedent; or

if the closing has not occurred on or before February 28, 2003, or a later date as the parties may agree (unless the failure to close is the result of a breach by the party seeking termination).

Survival of Representations and Warranties

The representations and warranties of each party must be accurate in all material respects only as of the date of the asset purchase agreement, and not as of the date the transactions are consummated. The representations and warranties of each party will expire on the date that is one year after the closing date of the asset purchase or upon termination of the asset purchase agreement in accordance with its terms.

Indemnification

We have agreed to indemnify Abiliti and its directors, officers, employees, agents and affiliates for any damages (as defined in the asset purchase agreement) incurred by them resulting from or arising out of our breach of any representation or warranty, or covenant or agreement contained in the asset purchase agreement. We will have no liability for indemnification unless the total of all damages exceeds \$250,000. In addition, our indemnification will be limited to an amount equal to the value of 3,013,313 shares of our common stock, based on the value of such number of shares at the time of payment of a claim for indemnification. In the event we are obligated to pay any amount for indemnification claims, we will be permitted to pay such claims, at our discretion, in cash or in shares of our common stock.

Abiliti has agreed to indemnify us and our directors, officers, employees, agents and affiliates for any damages incurred by us or them resulting from or arising out of Abiliti's breach of any representation or warranty, or covenant or agreement contained in the asset purchase agreement. Abiliti will have no liability for indemnification unless the total of all damages exceeds \$250,000. In addition, our recourse against Abiliti for its indemnification obligations will be limited to recovery of the shares of capital stock and Warrants held in the escrow account discussed below.

Escrow

The asset purchase agreement provides that Abiliti will indemnify us against any loss, resulting from or arising out of any breach of Abiliti's representations and warranties, subject to certain limitations. Pursuant to the asset purchase agreement, of the total number shares of our series F preferred stock, common stock and Asset Purchase Warrants to be issued pursuant to the asset purchase agreement at closing, we will deposit 1,149,214 shares of common stock, 11,568 shares of series F preferred stock and Asset Purchase Warrants to purchase 566,607 additional shares of common stock into an escrow account, with SunTrust Bank as escrow agent, to secure Abiliti's indemnification obligations. However, Abiliti's indemnification obligation will be limited to claims made within one year after the closing of the asset purchase and our recovery for such claims will be limited, absent a claim of fraud, to the capital stock and Asset Purchase Warrants held in escrow. Additionally, if no claims for indemnity are made within the one year period, the shares of capital stock and Asset Purchase Warrants held in escrow will be distributed to Abiliti. We will enter into an escrow agreement with Abiliti and SunTrust that will govern the terms of the escrow. A copy of the form of escrow agreement is attached as Annex D to this proxy statement. You should read the escrow agreement carefully.

The Private Placement (pages 70 through 75)

Terms of the Investment Agreement

The investment agreement is attached to this proxy statement as Annex B. You should read the investment agreement carefully. Our board of directors has approved the investment agreement, and it is the binding legal agreement that governs the private placement.

General

The investment agreement provides that we will issue and sell to the Behrman Funds an aggregate of 10,992,136 shares of our common stock, 115,681 shares of our series F preferred stock, Investment Warrants to purchase an additional 5,666,069 shares of common stock at an exercise price of \$0.906 per share and Additional Warrants to purchase an additional 500,000 shares of common stock at an exercise price of \$0.17 per share. The Investment Warrants may not be exercised until six months after the closing of the private placement. The Additional Warrants may not be exercised until after the first anniversary of the closing of the private placement. The investors in the private placement are Behrman Capital II, L.P. and Strategic Entrepreneur Fund II, L.P., which are affiliated entities, and collectively are the largest stockholders and creditors of Abiliti. The closing of the private placement is scheduled to occur immediately prior to, and conditioned upon, the closing of the asset purchase.

Termination

The investment agreement shall terminate only upon the termination of the asset purchase agreement pursuant to its terms. The asset purchase agreement may only be terminated upon mutual consent, or by a party in certain specific circumstances. See Proposal 1 Termination on page 61 for the termination provisions of the asset purchase agreement.

Indemnification

We have agreed to indemnify the Behrman Funds and their respective directors, officers, employees, agents and affiliates for any damages (as defined in the investment agreement) incurred by them

resulting from or arising out of our breach of any representation or warranty, or covenant or agreement contained in the investment agreement. We will have no liability for indemnification unless the total of all damages exceeds \$250,000. In addition, our indemnification will be limited to an aggregate of \$1,000,000.

Survival of Representations and Warranties

All of our representations, warranties and indemnities made in the investment agreement will survive until the date that is one year from the closing date of the private placement.

Long-Term Incentive Compensation Plan

Pursuant to the terms of, and as required by, the investment agreement, our board of directors has authorized a Long-Term Incentive Compensation Plan, or LTIP, to be effective upon the closing of the transactions. A copy of the LTIP is attached as Annex H to this proxy statement. Your approval of Proposal 2 will be deemed to constitute stockholder approval of the LTIP. Certain of the material terms of the LTIP include:

A bonus pool, equal to 15% of our value in excess of \$20 million, up to \$100 million, plus 10% for the value that exceeds \$100 million, shall be created for distribution to the LTIP participants upon the occurrence of certain payout events (as defined in the LTIP).

The LTIP participants will include Gordon Quick, whose participation shall be no less than 38% of the bonus pool, James Daleen, whose participation shall be 15% of the bonus pool, and certain other management team members and other employees and consultants as may be determined by our board of directors.

The bonus pool interests will be distributed to the participants upon the occurrence of certain payout events, which include: (i) the sale of all or substantially all of our assets to a third party; (ii) our merger or consolidation with another company whereby our stockholders receive cash or other securities for their capital stock and our stockholders immediately prior to the merger or consolidation own less than 50% of the combined voting power of the surviving company; (iii) the sale of 60% or more of the voting power of our company to a single person or group; or (iv) our liquidation, dissolution or winding up.

Payments to LTIP participants may be in cash or, subject to certain limitations, the same consideration received by our stockholders in connection with the payout event.

Payments will be reduced by the value of certain options to purchase our common stock held by the participant. The value will be based on the fair market value of our common stock, less the exercise price of the vested options held by the participant. The options will include all options granted to participants prior to the closing of the transactions and all options granted to a participant in the future that our board of directors designates as plan options at the time of grant.

Our board of directors may elect to replace the LTIP in its entirety with a new equity-based compensation plan, *provided, however*, that any such new plan shall be substantially equivalent to or more favorable than this plan for the participants from a financial and tax standpoint.

Accounting Treatment (page 69)

The asset purchase will be treated as a purchase for accounting purposes. Upon closing of the asset purchase and the private placement, we will be treated as the continuing reporting entity.

Interests of Certain Persons in the Transactions (pages 46 through 47)

Some members of our board of directors and certain of our executive officers have interests in the transactions that may differ from your interests as a holder of our common stock and series F preferred

stock, and that may present, or appear to present, a conflict of interest. For example, it is expected that James Daleen, our current chairman of the board, president and chief executive officer will resign upon consummation of the transactions, whereupon he will receive severance payments pursuant to the terms of his employment agreement.

Voting Agreements (pages 68 and 75)

Certain of our stockholders have entered into voting agreements with Abiliti pursuant to which they have agreed, subject to the terms and conditions of the voting agreement, to vote all of their shares of common stock and series F preferred stock, as applicable, in favor of the asset purchase, the private placement and the issuance of shares of our common stock, series F preferred stock and Warrants in the asset purchase and private placement and any other matter necessary to effect the asset purchase and the private placement. A form of the voting agreement is attached to this proxy statement as Annex G. The shares subject to the voting agreements represent, in the aggregate, more than 66 2/3% of the outstanding voting power of our common stock and series F preferred stock (with the series F preferred stock voting on the basis of 100 votes per share) entitled to vote at the special meeting and more than a majority of the voting power of our outstanding series F preferred stock.

Regulatory Approvals (page 44)

We are not aware of any federal or state regulatory requirements that must be complied with or approvals that must be obtained to consummate the transactions, other than filing of (1) the certificate of amendment to our Certificate of Incorporation with the Secretary of State of the State of Delaware as described in Proposal 3 and (2) this proxy statement with the SEC. If any additional approvals or filings are required, we will use our commercially reasonable efforts to obtain those approvals and make any required filings before completing the transactions.

Dissenters Rights (page 20)

None of our stockholders are entitled to exercise dissenters rights in connection with the asset purchase, the private placement or any other proposal to be considered at the special meeting.

The Supplemental Voting Agreement (pages 74 through 75)

Abiliti, HarbourVest Partners V Direct Fund, L.P., HarbourVest Partners VI Direct Fund, L.P. (referred to herein collectively as the HarbourVest Funds) and the Behrman Funds have entered into a supplemental voting agreement, effective upon consummation of the asset purchase agreement. The supplemental voting agreement is attached to this proxy statement as Annex H. You should read the supplemental voting agreement carefully.

The supplemental voting agreement provides that each party will vote their shares of our common stock and series F preferred stock at our 2003 Annual Meeting of Stockholders for the election of two directors designated by the Behrman Funds and one director designated by the HarbourVest Funds. In addition, each party will not transfer any of its shares of our capital stock until the termination of the supplemental voting agreement. Abiliti, the HarbourVest Funds and the Behrman Funds will control a sufficient amount of our voting power to elect directors as contemplated by the supplemental voting agreement.

The supplemental voting agreement will terminate on the earlier of the final adjournment of our 2003 Annual Meeting of Stockholders or the termination of the asset purchase agreement in accordance with its terms.

Board of Directors and Management (pages 45 and pages 70 through 71)

Immediately prior to the completion of the transactions, our board of directors will take all corporate action necessary to cause our full board of directors, at and immediately following the completion of the

transactions, to consist of seven directors who will be designated as set forth in the investment agreement. This will involve the resignation of certain members of our board of directors and the designation of replacement directors by the remaining directors. Pursuant to the investment agreement, (1) four directors to be designated by us prior to the consummation of the transactions, (2) our chief executive officer, who will be Gordon Quick following completion of the transactions, and (3) two directors to be designated by the Behrman Funds. It is anticipated that we will designate James Daleen, Daniel J. Foreman, Stephen J. Getsy, and Ofer Nemirovsky to serve as our designated directors. The Behrman Funds have indicated that they will designate Dennis Sisco as one of their designated directors. Pursuant to the investment agreement, the Behrman Funds will designate their second director prior to the completion of the transactions. Messrs. Daleen, Foreman, Getsy and Nemirovsky currently serve on our board of directors. In the event that any of these individuals are not available, for any reason, to serve as directors our board of directors or the Behrman Funds, as the case may be, will designate another person to serve as a director or will leave the vacancy open for designation by the board of directors at a later date.

In addition, upon completion of the transactions, our board of directors will take all corporate action necessary to cause Gordon Quick, currently Abiliti's president and chief executive officer, to be appointed our president and chief executive officer. James Daleen our current chairman of the board, president and chief executive officer will continue to serve as our chairman of the board. Jeanne Prayther, our current chief financial officer, will continue to serve as our chief financial officer. The remainder of the management team will be comprised of senior level executives from us and Abiliti.

The Registration Rights Agreement (pages 64 through 65 and page 75)

We have entered into a registration rights agreement with Abiliti, the Behrman Funds and Kaufman Bros. pursuant to which we have agreed to file up to three registration statements at any time after the later of November 8, 2002 and the closing of the transactions upon the demand of a majority of, and covering, the following: (i) the common stock issued in the transactions; (ii) the common stock issuable upon conversion of the series F preferred stock issued in the transactions; and (iii) the common stock issuable upon exercise of the Warrants issued in the transactions. In addition, we have granted to the Behrman Funds piggyback rights generally entitling them to require that we register their shares of common stock, including the shares issuable upon conversion of the series F preferred stock and upon exercise of the Warrants, when we are registering our equity securities. The piggyback rights apply only to shares of our common stock issued in the private placement and shares issuable upon conversion or exercise of series F preferred stock and Warrants issued in the private placement.

Lock-up Provisions

We have entered into voting agreements with the Behrman Funds and certain other stockholders of Abiliti. Pursuant to the voting agreements, the Behrman Funds and the other parties to the voting agreements have agreed to certain transfer restrictions on the shares of our capital stock they receive pursuant to the asset purchase and the private placement. These restrictions include the following:

for six months from the closing date of the transactions, they will not convert the series F preferred stock into common stock;

for six months from the closing date of the transactions, they will not exercise any of the Initial Warrants;

for one year from the closing date of the transactions, they will not exercise any of the Additional Warrants.

The Behrman Funds and the other parties to the voting agreements have also agreed that from the date of the voting agreement until the date that is six months from the closing date of the transactions, they will not purchase or otherwise acquire any of our capital stock, other than the shares they receive pursuant to the asset purchase and the private placement.

QUESTIONS ABOUT THE ASSET PURCHASE AND THE PRIVATE PLACEMENT

Why am I receiving this proxy statement and proxy card(s)?

You are receiving a proxy statement and proxy card(s) because you own shares of common stock and/or series F preferred stock of Daleen Technologies, Inc. This proxy statement describes the issues on which we would like you, as a stockholder, to vote. It also gives you information on these issues so that you can make an informed decision.

What am I voting on?

You are being asked to vote on the following matters:

Proposal 1 To approve an asset purchase agreement dated October 7, 2002, between us, Daleen Solutions, and Abiliti and the transactions contemplated thereby, including the issuance to Abiliti of shares of our common stock, series F preferred stock and warrants to purchase additional shares of common stock;

Proposal 2 To approve an investment agreement dated October 7, 2002, between us and the Behrman Funds and the transactions contemplated thereby, including the issuance and sale to the Behrman Funds of shares of our common stock, series F preferred stock and warrants to purchase additional shares of common stock for an aggregate purchase price of \$5.015 million and the adoption of the LTIP; and

Proposal 3 To approve amendments to our Certificate of Incorporation to (i) increase our authorized shares of series F preferred stock from 356,950 shares to 588,312 shares and (ii) amend the terms of the series F preferred stock to provide that the transactions contemplated by the asset purchase agreement and investment agreement will not (A) result in an adjustment to the conversion price of the series F preferred stock or (B) give rise to redemption rights in favor of the holders of series F preferred stock.

Each of the asset purchase and the private placement is conditioned upon our receipt of stockholder approval of each of Proposals 1, 2 and 3. If we do not obtain stockholder approval of each of these proposals, we will not be able to consummate the asset purchase or the private placement. Stockholders representing more than 66 2/3% of our outstanding voting rights have entered agreements with Abiliti to vote in favor of the asset purchase; the private placement, the amendment to our Certificate of Incorporation and the transactions contemplated thereby.

What will happen in the asset purchase?

Pursuant to the asset purchase agreement, our indirect, wholly-owned subsidiary, Daleen Solutions, will purchase substantially all of the assets and assume certain of the liabilities of Abiliti. As consideration for the asset purchase, we will issue to Abiliti 11,492,136 shares of our common stock, 115,681 shares of our series F preferred stock, and Asset Purchase Warrants to purchase an additional 5,666,069 shares of our common stock at an exercise price of \$0.906 per share.

What will happen in the private placement?

Pursuant to the investment agreement, we will issue and sell to the Behrman Funds in a private placement an aggregate of 10,992,136 shares of our common stock, 115,681 shares of our series F preferred stock, Investment Warrants to purchase an additional 5,666,069 shares of our common stock at an exercise price of \$0.906 per share and Additional Warrants to purchase an additional 500,000 shares of our common stock at an exercise price of \$0.17 per share. The Behrman Funds will pay to us an aggregate purchase price of \$5.015 million as consideration in the private placement. In addition, as part of the consideration we will pay to Kaufman Bros. for acting as our financial advisor in the asset purchase and the private placement, we will issue warrants to purchase 250,000 shares of our common stock, at an exercise price per share equal to the closing sale price on the day immediately prior to the closing date of

the transactions (the Advisor Warrants and together with the Initial Warrants and Additional Warrants, the Warrants).

What are the terms of the series F preferred stock?

The shares of series F preferred stock that we will issue in the asset purchase and the private placement will have the same terms, rights and preferences as the currently outstanding shares of our series F preferred stock. The terms of the series F preferred stock are set forth in our Certificate of Incorporation. A summary description of the terms of the series F preferred stock is included under Proposal 1 Terms of the Series F Preferred Stock beginning on page 49 of this proxy statement.

When do you expect the transactions to be completed?

We plan to complete the transactions as soon as possible after the special meeting, subject to the approval of our stockholders.

How will we use the net proceeds of the private placement?

We will use the net proceeds for working capital purposes, including continued developments and enhancements to our products and technology, marketing and sales, expansion of our strategic alliances and expansion of our international operations.

What risks should I consider in evaluating the transactions?

You should consider the risks described under the heading Risk Factors beginning on page 11.

What are the U.S. federal income tax consequences of the transactions to us and our stockholders?

For federal income tax purposes, we intend that neither we nor our stockholders will recognize any gain or loss as a result of the transactions. No formal request for a ruling or other determination was or will be obtained. Each stockholder should consult with his or her own tax advisor.

How many votes are required to approve the transactions and the other proposals to be considered at the special meeting?

The votes required to approve each proposal are set forth below:

Proposals 1 and 2 require (i) the affirmative vote of a majority of the total votes cast at the meeting with the common stock and the series F preferred stock voting together as a single class (with the series F preferred stock voting on the basis of 100 votes per share), and (ii) the affirmative vote of the holders of a majority of the outstanding shares of series F preferred stock voting as a separate class; and

Proposal 3 requires (i) the affirmative vote of 66 2/3% of our outstanding shares of common stock and series F preferred stock voting together as a single class (with the series F preferred stock voting on the basis of 100 votes per share), and (ii) the affirmative vote of the holders of a majority of the outstanding shares of series F preferred stock voting as a separate class.

Only persons who are stockholders of record on _____, 2002, the record date for the special meeting, are entitled to vote. Certain of our stockholders who hold sufficient voting power to approve the transactions and the amendments to the terms of the series F preferred stock have signed agreements with Abiliti pursuant to which they have agreed to vote in favor of each of Proposals 1, 2 and 3.

Who will be our management following completion of the transactions?

Upon completion of the transactions, our board of directors will consist of seven members who will be designated as follows: (1) four directors to be designated by us prior to the completion of the transactions; (2) our chief executive officer, who will be Gordon Quick following completion of the transactions; and

(3) two directors to be designated by the Behrman Funds prior to the consummation of the transactions. It is anticipated that we will designate James Daleen, Daniel J. Foreman, Stephen J. Getsy, and Ofer Nemirovsky to serve as our designated directors. The Behrman Funds have indicated that they will designate Dennis Sisco to serve as one of their designated directors. Pursuant to the investment agreement, the Behrman Funds will designate their second director prior to the completion of the transactions. Messrs. Daleen, Foreman, Getsy and Nemirovsky currently are members of our board of directors. In the event that any of these individuals are not available, for any reason, to serve as directors, our board of directors or the Behrman Funds, as the case may be, will select another person to serve as a director or will leave the vacancy open. In addition, upon completion of the transactions, our board of directors will take all corporate action necessary to cause Gordon Quick, currently Abiliti's president and chief executive officer, to be appointed our president and chief executive officer. James Daleen our current chairman of the board, president and chief executive officer will continue to serve as our chairman of the board. Jeanne Prayther, our current chief financial officer, will continue to serve as our chief financial officer following the completion of the transactions. The remainder of the management team will be comprised of senior level executives from us and Abiliti.

Does the board of directors recommend approval of the transactions and the other proposals to be considered at the special meeting?

Yes. After careful consideration, our board of directors recommends that our stockholders vote FOR each of the matters presented in Proposals 1, 2 and 3.

Who can help answer my questions about the transactions?

If you have additional questions about these transactions, you should contact Jeanne Prayther, our chief financial officer and secretary, at (561) 999-8000.

RISK FACTORS

In addition to the other information included and incorporated by reference in this proxy statement, our stockholders should carefully consider the matters described below in voting on the proposals to be voted on at the special meeting. Please see the Risk Factors section in each of our annual report on Form 10-K, filed April 1, 2002 and incorporated herein by reference, and our latest quarterly report on Form 10-Q, filed August 12, 2002, for additional risk factors you should be aware of regarding Daleen.

Risk Factors Relating to the Transactions

If we are unable to complete the transactions, our business will be adversely affected.

If the asset purchase and the private placement are not completed, our business and, likely, our stock price, will be adversely affected. We currently anticipate that our cash and cash equivalents may be sufficient to fund our operations through June 30, 2003. If we are unable to complete the transactions, we may be unable to continue to operate our business. Costs related to the transactions, such as legal and accounting, must be paid even if the transactions are not completed. In addition, even if we have sufficient funds to continue to operate our business but the transactions are not completed, the current market price of our common stock may decline.

The terms of the asset purchase agreement prohibit us from considering alternative transactions.

Under the terms of the asset purchase agreement, we, our board of directors, and our representatives are prohibited from (1) soliciting, initiating or encouraging any alternative business combination proposal or (2) participating in, encouraging any discussions or negotiating with, or furnishing information with respect to, any inquiries or the making of any alternative business combination proposals. This prohibition may prevent us from considering or entering into an alternative arrangement that may provide more value to our stockholders than the asset purchase.

The transactions will result in substantial dilution to our current stockholders.

The issuance of shares of our capital stock in the asset purchase and the private placement will significantly dilute the voting power and ownership percentage of our existing stockholders. We will issue in the transactions a total of 231,362 shares of our series F preferred stock, 22,484,272 shares of our common stock, Initial Warrants to purchase an additional 11,332,138 shares of common stock at an exercise price of \$0.906 per share, Additional Warrants to purchase an additional 500,000 shares of our common stock at an exercise price of \$0.17 per share and Advisor Warrants to purchase 250,000 shares of our common stock at an exercise price per share equal to the closing sale price of our common stock the day immediately prior to the closing date of the transactions. Immediately following completion of the transactions, our existing stockholders are expected to represent approximately 50.6% of our equity, assuming no conversion of any shares of series F preferred stock and no exercise of any Warrants.

The holders of the series F preferred stock have rights that are senior to those of the holders of our common stock and the liquidation preference of the series F preferred stock is structured in a manner that may prevent the holders of our common stock from realizing any proceeds upon a merger, acquisition, liquidation or dissolution of our company.

The holders of the series F preferred stock will have a claim against our assets senior to the claim of the holders of our common stock in the event of our merger, acquisition, liquidation, dissolution or winding up. If any of these events occur, the holders of our series F preferred stock will be entitled to receive \$110.94 per share of series F preferred stock. Based on the number of shares of series F preferred stock that will be outstanding after the closing of the transactions, the holders of our common stock will not be entitled to any consideration for their shares in the event of a merger, acquisition, liquidation, dissolution or winding up unless and until the consideration payable to our stockholders (net of amounts payable under the LTIP) exceeds approximately \$51.3 million.

The holders of series F preferred stock have voting and other rights that are senior to our common stock.

The holders of the series F preferred stock have voting rights entitling them to vote together with the holders of our common stock as a single class and on the basis of 100 votes per share of series F preferred stock, subject to adjustment for any stock split, stock dividend, reverse stock split, reclassification or consolidation of or on our common stock. Following the conversion of the series F preferred stock, the holders will be entitled to vote the number of shares of common stock issued upon conversion. Additionally, the holders of the series F preferred stock are entitled to vote as a separate class on certain matters, including:

the authorization or issuance of any other class or series of preferred stock ranking senior to or equal with the series F preferred stock as to payment of amounts distributable upon dissolution, liquidation or winding up of our company;

the issuance of any additional shares of series F preferred stock;

the reclassification of any capital stock into shares having preferences or priorities senior to or equal with the series F preferred stock;

the amendment, alteration, or repeal of any rights of the series F preferred stock; and

the payment of dividends on any other class or series of capital stock of our company, including the payment of dividends on the common stock.

The holders of the series F preferred stock have other rights and preferences, including the right to convert the series F preferred stock into an increased number of shares of common stock as a result of anti-dilution adjustments.

The holders of series F preferred stock have voting power of our capital stock sufficient to control or significantly influence all major corporate decisions.

Upon the closing of the transactions, we will have outstanding an aggregate of 462,724 shares of series F preferred stock and approximately 45,468,544 shares of common stock (excluding shares issued or issuable upon exercise of outstanding options and warrants to purchase series F preferred stock and common stock). As of the closing of the transactions, the voting rights of the holders of the series F preferred stock, when combined with the common stock owned by such holders and their affiliates, will represent approximately 83.6% of the voting power of our company, and would represent approximately 86.8% if the current holders of series F preferred stock and their affiliates exercise their warrants to purchase series F preferred stock and warrants to purchase common stock and Abiliti and the Behrman Funds exercise their Warrants to purchase common stock.

As a result of the Behrman Funds' ownership and other economic interests in Abiliti, the Behrman Funds will be deemed to beneficially own the common stock, series F preferred stock and Warrants that we issue to Abiliti in the asset purchase. After the closing of the transactions, the Behrman Funds will beneficially own approximately 49.7% of the voting power of our company.

The series F preferred stock is automatically convertible only in limited circumstances and, as a result could be outstanding indefinitely.

The series F preferred stock will convert automatically into common stock only if, after March 30, 2002, the closing price of our common stock on The Nasdaq National Market or a national securities exchange is at least \$3.3282 per share for any ten trading days out of any 20 trading day period. Otherwise, the shares of series F preferred stock are convertible only at the option of the holder. The series F preferred stock is not subject to automatic conversion if our common stock is not then listed for trading on The Nasdaq National Market or a national securities exchange. Our common stock is currently listed for trading on The Nasdaq SmallCap Market, and therefore, the series F preferred stock is currently

not subject to automatic conversion. As a result of these provisions, the series F preferred stock may remain outstanding indefinitely.

The number of shares issued as consideration in the asset purchase and in the private placement will not be adjusted, even if there is an increase or decrease in the price of our common stock.

The price of our common stock at the time the transactions close may vary from its price at the date of this proxy statement and at the date of the special meeting. Therefore, in the transactions, the shares of capital stock that we issue may have a greater or lesser value than the value of the same number of shares on the date of this proxy statement or the date of the special meeting and could materially increase or decrease the value that we will transfer to the Behrman Funds in the private placement and to Abiliti in the asset purchase. Variations in the price of our common stock before the completion of the transactions may result from a number of factors that are beyond our control, including actual or anticipated changes in our business, operations or prospects, market assessments of the likelihood that the transactions will be consummated and the timing thereof, regulatory considerations, general market and economic conditions and other factors. At the time of the special meeting, you will not know the exact value of the shares that we will issue in the transactions.

Risk Factors Relating to Daleen After the Transactions

If Nasdaq determines that the proposed transactions constitute a reverse merger under the Nasdaq Rules, then we may not be able to maintain the listing of our common stock on The Nasdaq SmallCap Market.

The staff of The Nasdaq Stock Market has provided oral notice that it believes the asset purchase and the private placement together constitute a reverse merger as set forth in Nasdaq Marketplace Rule 4330(f). We anticipate that we will request a hearing on these matters before a Nasdaq Listing Qualifications Hearing Panel. If Nasdaq determines that the transactions constitute a reverse merger under the Nasdaq Rules, to remain listed we will be required to meet the initial listing requirements for inclusion on The Nasdaq SmallCap Market rather than the continued listing requirements. The initial listing requirements are more stringent than the continued listing requirements and it is likely that we will not satisfy these requirements. If we are not successful in maintaining our listing on The Nasdaq SmallCap Market, our common stock will be quoted on the OTC Bulletin Board Service, which is generally considered a less liquid market. There can be no assurances that our appeal will be successful. Even if our appeal is successful, we are currently not in compliance with the Nasdaq Marketplace Rules for continued listing on The Nasdaq SmallCap Market and our grace period to regain compliance expires February 10, 2003. There can be no assurances that we will regain compliance by that date, or that our common stock will continue to be listed on The Nasdaq SmallCap Market.

If we are unable to successfully integrate the assets, operations and executive officers and senior management of Abiliti after the asset purchase, we will not realize the anticipated potential benefits from the asset purchase and our business could be adversely affected.

The asset purchase involves the integration of assets, operations and management teams that have previously operated independently. Successful integration of Abiliti's assets, operations and management teams with ours will depend on our ability to consolidate operations, systems and procedures, eliminate redundancies and reduce costs. If we are unable to do so, we will not realize the anticipated potential benefits of the asset purchase, and our business and results of operations could be adversely affected. Difficulties could include the loss of key employees and customers, the disruption of Abiliti's and our ongoing businesses and possible inconsistencies in standards, controls, procedures and policies. Our integration of Abiliti's assets, operations and management teams will be complex and time-consuming. Additionally, the realization of expected efficiencies and cost savings could be adversely affected by a number of factors beyond our control, and may not materialize after the asset purchase.

James Daleen, our current chairman of the board of directors, president and chief executive officer will resign as president and chief executive officer, but will continue as chairman of the board and as a consultant. The new president and chief executive officer of our company will be Gordon Quick, the current president and chief executive officer of Abiliti. In addition, certain current senior management of Abiliti will become a part of our senior management. Integration of the new senior management with the current executive officers and senior management may result in changes in our business plans, strategies and product development cycles, which may adversely affect our results of operations and financial condition. The loss of any executive officers or senior management may have an adverse effect on our business and results of operations.

If we continue to experience losses after the transactions are completed, we could experience difficulty meeting our business plan, and our stock price could be negatively affected.

After the transactions, we expect to continue to experience operating losses and negative cash flow from operations. Any failure to achieve or maintain profitability and positive cash flow could negatively impact the market price of our common stock and our ability to continue as a going concern. Neither Abiliti nor we has been profitable or cash flow positive on a quarterly or annual basis, and we anticipate that after completion of the transactions, we will incur net losses and negative cash flow for the foreseeable future. As a result, we will need to generate significant quarterly revenues if we are to achieve and maintain profitability and positive cash flow. A failure to achieve profitability or positive cash flow in the near term could make it difficult or impossible for us to grow our business. If our business strategy is not successful, we may not generate significant revenues or achieve profitability.

Future sales of substantial amounts of our common stock could cause the market price for our common stock to significantly decline.

After the transactions, sales of substantial amounts of our common stock in the public market (or the public perception that such sales might occur) could cause the market price of our common stock to fall, and could make it more difficult for us to raise capital through public offerings or other sales of our capital stock. Additionally, Abiliti and the Behrman Funds will have the right to demand registration of the common stock issued to them in the transactions, including the shares of common stock issuable upon conversion of the series F preferred stock and exercise of the Warrants issued to them in the transactions. In the event Abiliti and the Behrman Funds exercise such right, the number of shares of our common stock available for resale would be significantly increased.

Risks Related to Abiliti's Business

Abiliti depends upon two customers for substantially all of its revenues, and the continuation of these customer relationships prior to or subsequent to consummation of the transactions is not assured.

During the six months ended June 30, 2002, an aggregate of approximately 91% of Abiliti's revenues were received from two customers. We would be required to consummate the transactions, if all other conditions to the asset purchase and the investment agreement are satisfied, even if Abiliti lost either or both of these customers. There can be no assurance that Abiliti or, after the consummation of the transactions, we will be able to retain any significant portion of the business currently represented by these customers. One of these customers, which represents approximately 66% of Abiliti's revenues during the six months ended June 30, 2002, stated publicly that it will implement a competitive product for billing of new customer accounts, but Abiliti expects its products will continue to be used to bill such customers' existing customers accounts. Abiliti's contract with this customer permits termination by the customer, and the grant to the customer of a non-exclusive license of Abiliti's source code, in the event of certain material adverse changes in Abiliti's business. The customer has acknowledged that the transactions, on their own, will not be considered a material adverse change.

Abiliti has not achieved profitability on a quarterly basis, and its business may incur net losses for the next several quarters.

Abiliti incurred net losses of \$15,501,306, \$14,829,510 and \$7,094,758 for the fiscal years ending December 31, 1999, 2000 and 2001, respectively, and incurred a net loss of approximately \$1,087,000 for the six months ending June 30, 2002. Abiliti has not realized any profit on a quarterly basis since 1998, and its business may not achieve profitability in the near future. Abiliti has undertaken cost reduction measures, including a reduction in work force effective October 8, 2002, but there can be no guarantee that further cost reductions or reductions in operations will not be required, nor that any such reductions will result in Abiliti's business achieving profitability. If Abiliti's operations achieve profitability, there can be no guarantee that such profitability could be sustained or increased on a quarterly or annual basis in the future.

Abiliti faces significant competition from companies that have greater resources than Abiliti and we possess either individually or together, and the markets in which Abiliti competes are relatively new, intensely competitive, highly fragmented and rapidly changing.

The markets in which Abiliti competes are relatively new, intensely competitive, highly fragmented and rapidly changing. Abiliti's principal competitors include other Internet enabled billing and customer care system providers, operation support system providers, systems integrators and service bureaus, and the internal information technology departments of larger communications companies that may elect to develop functionalities similar to those provided by Abiliti's products and services rather than buy them from Abiliti or, after consummation of the transactions, us. Several of Abiliti's competitors have recently gone through business combinations with other competitors that may result in an advantage for them due to combinations in technology, experience, financial resources and other economic synergies. Many of Abiliti's current and future competitors may have advantages over Abiliti and us, including:

longer operating histories;

larger customer bases;

substantially greater financial, technical, research and development and sales and marketing resources;

a lead in expanding their business internationally;

greater name recognition; and

the ability to more easily provide a comprehensive hardware and software solution.

The current and potential competitors of Abiliti have established, and may continue to establish in the future, cooperative relationships among themselves or with third parties, including telecommunications hardware vendors, and system implementers, that would increase their ability to compete with Abiliti. In addition, competitors may be able to adapt more quickly than Abiliti or we can to new or emerging technologies and changes in customer needs, or to devote more resources to promoting and selling their products. If Abiliti or we fail to adapt to market demands and to compete successfully with both our and Abiliti's existing and new competitors, our business and financial performance would suffer.

Many of the current and potential customers for Abiliti's products and services lack financial resources, and if they cannot secure adequate financing, we may not maintain their business, which would negatively impact our revenue and results of operations after the transactions.

Many of the current and potential customers of Abiliti's products and services lack significant financial resources. These companies rely to a large degree, on access to the capital markets for growth, which has been significantly cut back over the past year. Their failure to raise capital has hurt their financial viability and caused many to reduce their information technology spending, which has adversely affected their ability to purchase the products and services offered by Abiliti and us.

The revenue growth and profitability of Abiliti's business depends significantly on the overall demand for billing software products and services, particularly in the product and service segments in which Abiliti and we compete. Softening demand for these products and services caused by worsening economic conditions, may result in decreased revenues or growth rates. The weakening in the U.S. economy has resulted in companies delaying or reducing expenditures, including expenditures for information technology. Highly publicized bankruptcies such as those at Global Crossing, Kmart, Enron and WorldCom have caused further tightening of the credit and equity markets overall. Telecommunication providers are among the most affected by these changes. The credit and equity situation has caused many of the telecommunication providers to significantly cut back capital spending on information technology.

In addition, the ability of Abiliti's current customers to generate revenues or otherwise obtain capital could adversely impact their ability to purchase additional products and services or renew maintenance and support agreements. If they go out of business there will be no future licenses or services to support continuous revenue. The lack of funding available in these customers' markets, the recent economic downturn in the technology market and customers shutting down operations, combining or declaring bankruptcy may cause the accounts receivable associated with Abiliti's operations to continue to increase. There is no assurance Abiliti or we will be able to collect all outstanding receivables associated with Abiliti's operations.

Abiliti's lengthy sales cycle makes it difficult to predict the timing of sales and the resulting revenue, and revenue may vary from period to period, which may adversely affect our common stock price.

The sales cycle associated with the purchase of Abiliti's products and services is lengthy, and the time between the initial proposal to a prospective customer and the signing of a license agreement can be as long as one year. Abiliti's products and services involve a commitment of capital that may be significant to the customer, with attendant delays frequently associated with large capital expenditures and implementation procedures within an organization. These delays may reduce the revenues in a particular period associated with operations that we have agreed to acquire from Abiliti, without a corresponding reduction in costs, which could hurt our results of operations for that period.

The success of the products and services acquired from Abiliti will depend in part upon our ability to continually enhance those offerings to meet the changing needs of service providers, and if we are not able to do so we will lose future business to its competitors.

We believe that the future success of the products and services that we have agreed to acquire from Abiliti will depend to a significant extent upon our ability to enhance these offerings and to introduce new products, features and services to meet the requirements of our customers in a rapidly developing and evolving market. The requirements of the current and prospective customers for Abiliti's products and services may change and these or our future products or services may not satisfy the evolving needs of our target markets. We have significantly reduced the amount of cash we will utilize for research and development. This reduction may make it more difficult to enhance our future offerings. If we are unable to anticipate or respond adequately to customer needs, we may lose business and our financial performance may suffer.

If we cannot continue to obtain or implement the third-party software that is incorporated into Abiliti's offerings of products and services, we may have to delay our development or redesign efforts, which could have an adverse effect on our revenue and results of operations.

The products and services that we have agreed to purchase from Abiliti involve integration with products and systems developed by third parties. If any of these third-party products should become unavailable for any reason, fail under operation with our offerings of products and services, or fail to be supported by their vendors, it would be necessary for us to redesign our offerings of products and services. We might encounter difficulties in accomplishing any necessary redesign in a cost-effective or timely manner. We also could experience difficulties integrating our offerings of products and services with other hardware and software. Furthermore, if new releases of third-party products and systems occur before we

develop products and services compatible with these new releases, we could experience a decline in demand for our offerings, which could cause our business and financial performance to suffer.

We may be unable to protect the proprietary technology acquired from Abiliti, and our competitors may infringe on this technology, or develop competitive technology, any one of which could harm the value of this proprietary technology.

Any misappropriation of the technology that we acquire from Abiliti or the development of competitive technology could seriously harm our business. Abiliti has relied, and we will rely, on a combination of patent, copyright, trademark and trade secret laws, customer license agreements and employee and third-party agreements to protect our respective proprietary rights. These steps may not be adequate, and we do not know if they will prevent misappropriation of this intellectual property, particularly in foreign countries where the laws may not protect proprietary rights as fully as do the laws of the United States. Other companies could independently develop similar or superior technology without violating our proprietary rights. If we have to resort to legal proceedings to enforce our intellectual property rights, the proceedings could be burdensome and expensive and could involve a high degree of risk.

Claims by others that Abiliti's products or services infringe their proprietary technology could be costly and harm our business.

Third parties could claim that the products, technology or services that we have agreed to purchase from Abiliti infringe their proprietary rights. An infringement claim against us or Abiliti could be costly even if the claim is invalid, and could distract our management from the operation of our business. Furthermore, a judgment against us could require us to pay substantial damages and could also include an injunction or other court order that could prevent us from selling these or other offerings. If we faced a claim relating to proprietary technology or information, we might seek to license technology or information, or modify our own, but we might not be able to do so. Our failure to obtain the necessary licenses or other rights or to develop non-infringing technology could prevent us from selling these or other products or services and could seriously harm our business.

Product defects or software errors in the products acquired from Abiliti could adversely affect our business due to costly redesigns, production delays and customer dissatisfaction.

Design defects or software errors in the products that we have agreed to purchase from Abiliti may cause delays in product introductions or damage customer satisfaction, either of which could seriously harm our business. Software products of these types are highly complex and may, from time to time, contain design defects or software errors that may be difficult to detect and correct. Although the license agreements with Abiliti's customers contain provisions designed to limit Abiliti's, and upon consummation of the transactions our, exposure to potential claims and liabilities arising from customer problems, these provisions may not effectively protect us against all claims. In addition, claims and liabilities arising from customer complaints could significantly damage our reputation and hurt our business.

THE SPECIAL MEETING

General

This proxy statement is furnished in connection with the solicitation of proxies from the holders of our common stock and series F preferred stock by the board of directors for use at a special meeting of our stockholders to be held on the date and time set forth below and any adjournment or postponement of that meeting.

This proxy statement is first being mailed to our stockholders on or about _____, 2002.

Date, Time and Place

Our special meeting will be held at our offices at 902 Clint Moore Road, Suite 230, Boca Raton, Florida 33487, on _____, 2002 at 9:00 a.m., local time.

Matters to be Considered at the Special Meeting

At the special meeting, our stockholders will be asked:

- (1) To approve an asset purchase agreement between us, Daleen Solutions and Abiliti and the transactions contemplated thereby, including the issuance by us to Abiliti of shares of our common stock, shares of series F preferred stock and Asset Purchase Warrants;
- (2) To approve an investment agreement between us and the Behrman Funds and the transactions contemplated thereby, including the issuance and sale by us in a private placement to the Behrman Funds of shares of common stock, shares of series F preferred stock and Investment Warrants for an aggregate purchase price of \$5.015 million and the adoption of the LTIP;
- (3) To approve an amendment to our Certificate of Incorporation to (i) increase our authorized shares of series F preferred stock from 356,950 shares to 588,312 shares and (ii) amend the terms of the series F preferred stock to provide that the transactions contemplated by the asset purchase agreement and investment agreement will not (A) result in an adjustment to the conversion price of the series F preferred stock or (B) give rise to redemption rights in favor of the holders of series F preferred stock; and
- (4) To transact such other business as may properly come before the meeting or any adjournment thereof.

Record Date and Voting Rights

Our board of directors has fixed the close of business on _____, 2002, as the record date for the special meeting. Only persons who are holders of record of our outstanding common stock and series F preferred stock as of the record date are entitled to vote. As of the record date, _____ shares of common stock and _____ shares of series F preferred stock were issued, outstanding, and entitled to vote at the special meeting. Each holder of record of common stock on the record date will be entitled to one vote for each share held on all matters to be voted upon at the special meeting. Each holder of record of series F preferred stock on the record date will be entitled to 100 votes for each share held on all matters to be voted upon at the special meeting and will vote with the holders of common stock as a single class as well as a separate class on Proposals 1, 2 and 3. As a result, an aggregate of _____ votes are eligible to be cast on each of the proposals at the special meeting.

Quorum, Abstentions and Broker Non-Votes

To hold the special meeting, we need a quorum, which means a majority of our outstanding shares of common stock and series F preferred stock (voting on a 100 for 1 basis) counted as a single class as of the record date, and a majority of the outstanding shares of our series F preferred stock counted as a

separate class as of the record date must be present at the meeting either in person or by proxy in order to hold the meeting and conduct business. Abstentions and broker non-votes (meaning proxies submitted by brokers as holders of record on behalf of their customers that do not indicate how to vote on the proposal) are also considered part of the quorum.

Abstentions and broker non-votes will have the following effects on the outcome of each of the proposals to be considered at the special meeting:

With respect to Proposals 1 and 2, abstentions and broker non-votes will have no impact on the outcome of the vote, except that abstentions and broker non-votes with respect to series F preferred stock will have the effect of a vote AGAINST Proposals 1 and 2 in connection with the approval of such proposals by the series F preferred stock voting as a separate class.

With respect to Proposal 3, abstentions and broker non-votes will have the same effect as a vote AGAINST the proposal.

Votes Required for Approval

The following votes are required for the approval of each proposal:

Proposal 1 (to consider and vote on the asset purchase, the related asset purchase agreement and the transactions contemplated thereby, including the issuance of shares of our common stock, series F preferred stock and Asset Purchase Warrants in the asset purchase) and Proposal 2 (to approve the investment agreement and the transactions contemplated thereby, including the issuance of shares of common stock, shares of series F preferred stock and Investment Warrants in the private placement and the adoption of the LTIP) require (i) the affirmative vote of a majority of the total votes cast at the special meeting with the holders of our common stock and series F preferred stock (voting on a 100 for 1 basis), voting together as a single class, and (ii) the affirmative vote of the holders of a majority of our outstanding series F preferred stock voting as a separate class.

Proposal 3 (to approve amendments to our Certificate of Incorporation) requires (i) the affirmative vote of 66 2/3% of our outstanding shares of common stock and series F preferred stock (voting on a 100 for 1 basis), voting together as a single class, and (ii) the affirmative vote of the holders of a majority of our outstanding series F preferred stock voting as a separate class.

Certain of the holders of our common stock and series F preferred stock have entered into voting agreements with Abiliti pursuant to which they have agreed, subject to the terms and conditions of the voting agreement, to vote all of their shares of common stock and series F preferred stock in favor of the asset purchase agreement, the investment agreement and the transactions contemplated thereby, including the issuance of shares of our common stock, series F preferred stock and Warrants in the transactions, the amendments to our Certificate of Incorporation described in Proposal 3, and any other matter necessary to effect the transactions. The shares subject to the voting agreements represent in the aggregate more than 66 2/3% of the outstanding voting power of our common stock and series F preferred stock entitled to vote at the special meeting and more than a majority of our outstanding shares of series F preferred stock.

Proxies

We request that our stockholders complete, date and sign the accompanying proxy cards and promptly return it in the accompanying envelope. If you receive more than one proxy card, it means that you either have common stock and series F preferred stock, or multiple accounts at the transfer agent and/or with brokers. Please sign and return all proxy cards to ensure that all your shares are voted.

If your shares are held in street name, your brokerage firm may vote your shares under certain circumstances. These circumstances include certain routine matters, such as the election of directors, but do not include other matters, including approval of the asset purchase, the private placement and the

proposed amendments to our Certificate of Incorporation. Brokers will provide instructions to beneficial owners on how to direct the broker to vote the shares. Broker non-votes (meaning proxies submitted by brokers as holders of record on behalf of their customers that do not indicate how to vote on the proposal) are counted only for purposes of establishing a quorum.

All properly executed proxies that we receive prior to the vote at the special meeting, and that are not revoked, will be voted in accordance with the instructions indicated on the proxies. If no direction is indicated (other than broker non-votes), your proxy will be voted FOR each of the proposals described in this proxy statement. Our board of directors does not currently intend to bring any other business before the special meeting and our board of directors is not aware of any other matters to be brought before the special meeting. If other business properly comes before the special meeting, the proxies will be voted in accordance with the judgment of the proxy holders.

You may revoke your proxy and change your vote at any time before the polls close at the special meeting. You may do this by:

sending written notice to our corporate secretary at 902 Clint Moore Road, Suite 230, Boca Raton, Florida 33487;

signing another proxy with a later date and delivering the proxy to our corporate secretary; or

voting again at the special meeting.

How to Vote

You may vote your proxy by mail, or by attending the special meeting in person.

You may vote by mail. There is a proxy card for common stock and a proxy card for series F preferred stock. We have enclosed proxy card(s) that represent your shares. You may vote by mail by signing your proxy card(s) and mailing it in the enclosed, prepaid and addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct. You may vote FOR, AGAINST or ABSTAIN for Proposals 1, 2 and 3.

A properly executed proxy card marked ABSTAIN as to any proposal will not be voted with respect to that proposal, although it will be counted for purposes of determining whether there is a quorum. If you just sign your proxy card with no further instructions, your shares will be counted as a vote FOR all of the proposals.

You may vote in person at the meeting. Written ballots will be passed out to stockholders who wish to vote at the meeting. If you hold your shares in street name (through a broker or other nominee), you must request a legal proxy from your broker in order to vote at the meeting.

Dissenters Rights

None of our stockholders are entitled to exercise dissenters rights in connection with any of the proposals to be considered at the special meeting.

Abiliti

Overview

Abiliti is a provider of billing, rating and event management and customer care, or BREM&CC, solutions to network service providers. Since its inception, Abiliti has provided billing services to a diverse group of carriers—wholesale providers, inter-exchange carriers, or IXC, competitive local exchange carriers, or CLECs, and integrated communications providers, or ICPs—including SBC Long Distance, Allegiance Telecom, Inc., Onvoy Inc. and Williams Global Voice Services. Abiliti was incorporated in Missouri in 1987 as Intertech Management Group operating as an engineering consulting firm focused on telecommunications. In the early 1990s, Abiliti began to do extensive work in the billing and customer care area, which has become its sole focus. In addition to custom development of billing solutions, Abiliti provided outsourced services to some of its customers.

While Abiliti also provides site licenses to those customers who wish to maintain an in-house billing operation, its core competency and most significant competitive differentiation is in providing solutions through its *BillingCentral* outsourcing model. Abiliti's approach is differentiated from its competitors in that (a) where its competitors rely on the more traditional service bureau model, Abiliti operates as a billing application service provider, or ASP, providing a tailored billing solution for each customer based on its core *NetworkStrategies* billing product, and (b) while competing software vendors can have their software hosted by third parties, Abiliti's customers deal with Abiliti as a single source for application software, hosting, billing operations, customization, and support.

Abiliti also offers *Rate IT* a stand-alone rating capability that adds functionality to existing billing systems, allowing service providers to meet recent competitive challenges, avoiding the cost, time and complexity involved in fully replacing a legacy billing system.

In addition to its billing offerings, Abiliti recently introduced its new event management product called *Simpliciti.net*. Based on the strength and flexibility of the product, new market opportunities are being pursued in network event management. The initial implementation occurred with SBC Long Distance.

Abiliti's Strategy

Abiliti's strategy has two primary growth areas—organic growth and growth through aggregation. The first two elements described below are part of the organic growth strategy, while the last is the aggregation strategy.

Expand the Core Outsourcing Business. Abiliti has a core product suite that can meet the needs of a cross section of network service providers. While also providing site licenses, Abiliti has chosen to focus on providing outsourced services. Abiliti is using a somewhat unique approach in operating as a billing ASP—hosting its own applications, in its own data center, and providing all the necessary support services to provide a one source, one call solution. Abiliti has focused on differentiating this product further by providing an Internet based front end for its customers to use in having visibility into, and effectively having oversight of, the billing process—but without doing the work. The recurring revenue model of the outsourced services business results in somewhat slower revenue growth, but provides sustainability over a longer period of time.

Broaden the Revenue Base. The introduction of *Rate IT* and *Simpliciti.net* enabled Abiliti to expand its product suite while increasing its target market. The rating and event management applications offer increased revenue opportunities from existing customers while creating sales opportunities with customers not looking to replace their legacy billing systems. In addition, these products were created with the scalability and flexibility to support the largest Tier 1 service providers, anywhere in the world, thereby creating a larger target market for Abiliti's sales effort.

Implement the Aggregation Strategy. The aggregation strategy involves combining the resources of Abiliti with other billing and operational support systems (OSS) vendors serving the telecom marketplace. This strategy is responsive to the current economic conditions in the telecom industry, where a large number of vendor firms were created to support a level of carrier growth and spending that was occurring in the late 1990's, but which no longer exists, and is highly unlikely to return in the foreseeable future. As such, Abiliti believes many firms are likely to fail or be at best marginally viable over the next 18 months or more. The unprecedented investments made in the 1990's in products and technology, acquisition of customers, and development of distribution channels to address the then rapidly growing market cannot be replicated in the current economic climate. Abiliti believes these assets can be developed much more cost effectively through targeted aggregations of other billing and/or OSS companies. These aggregations could be accomplished through mergers or acquisitions.

Products and Services

Design and Technology. Today's network service providers must have the flexibility to react quickly to changing market conditions. Abiliti has moved away from reliance on the hard coding dynamic factors as is frequently found in other systems, including factors such as product and service definitions, market bundles, and rules for computing charges and discounts. This flexible design of the products allows customers to customize the solution according to their needs without changing the underlying code of the product. Instead, they use a graphical user interface, or GUI, to define decision processes and actions through user interfaces. To simplify and accelerate the initial setup, the products include extensive libraries of standard rules and service templates that can often be applied with few or no changes.

Abiliti's products are built on Microsoft's Windows 2000® and SQL Server 2000® platforms. Unlike its principal competitors, Abiliti is exclusively focused on the Microsoft Windows technology base. In taking this approach, Abiliti believes that it gains a competitive advantage by creating a highly optimized, and more easily supported code base built around a specific operating system, and by taking advantage of the functionality built into the Microsoft platforms.

The Product Suite. Abiliti offers a product suite comprised of *Rate IT*, *NetworkStrategies*, *BillingCentral*, and *Simpliciti.net*.

Rate IT In the billing process, this application computes charges on individual network service events. *Rate IT* combines extensive flexibility with exceptional performance and scalability. *Rate IT* can compute charges on individual network service events delivered in virtually any voice and data format, using any unit of measure, rating various types of events, including content, quality of service, and other non-traditional metrics. Using a GUI, business rules are user definable without code changes. *Rate IT* was designed for scalability, both up and out, by supporting multi-processor and multi-server configurations. Using a low cost three server configuration, it has been benchmarked at a processing rate of 62 million events per hour. Additionally, the architecture of the application allows it to scale out to significantly higher volumes.

NetworkStrategies This application accepts rated events from *Rate IT*, aggregates them, and applies account-level charges, discounts, taxes, and other adjustments. *NetworkStrategies* emphasizes customer control and the ability to quickly respond to changing market needs, giving the customer the ability to quickly configure account hierarchies, define new products, create product bundles, and implement complex pricing and discount structures, without having to wait for costly and time consuming software development. With its open architecture, *NetworkStrategies* can interface with other OSS vendors. *NetworkStrategies* has the scalability to support up to 500 concurrent workstations.

BillingCentral *BillingCentral* is Abiliti's implementation of billing services as an outsourced solution that integrates both *Rate IT* and *NetworkStrategies* into a unified outsourced billing solution. Other billing solution providers offer a more traditional service bureau solution where customers must fit into a standard offering. Abiliti hosts its own applications in its data center where each customer is serviced by dedicated equipment, thereby allowing a tailored billing solution for each customer, including interfaces to third-party applications, special access arrangements, and other customized services.

BillingCentral services are scalable across a large number of customers through the use of Abiliti's proprietary automation tools and a secure Internet site. The tool set provides benefits to both Abiliti and its customers. Abiliti's staff utilizes the tool set to efficiently manage an extensive array of billing tasks across all customers. It is comprised of two primary user modules that enable the *BillingCentral* group to develop and execute customized billing sequences for each customer. The staff moves seamlessly between customer servers as they execute, manage, monitor, and approve billing tasks. The tools further enable *BillingCentral* to incorporate standard, as well as customer specific, revenue assurance and metric reporting routines. And, much of the billing stream data from the system is eligible for reporting to the customer via the *BillingCentral.net* web site.

For customers, *BillingCentral* services provide Internet based visibility into the entire billing process. Through a standard Internet browser, Abiliti's products allow customers to have complete visibility and full

control of the billing process, without having to do the work. Customers gain access through a secure Internet portal that allows them to view customer information and approve various phases of the billing cycle. Because the billing process is automated, with verifications and revenue assurance checks tailored to each customer, users receive automatic alerts when there are problems or when their approval is required to begin the next phase in the billing cycle. Once approved by a customer, the next phase begins automatically.

By using *BillingCentral* rather than purchasing a site license, customers not only minimize the work on their part, but they can also realize significant savings. When a site license is purchased the customer must pay not only for the license, but also the hardware needed to run the product, labor costs associated with staff to oversee the billing process, third party software used for taxes, tariffs and invoice creation and maintenance expenses. Abiliti and the customer share in the benefits of better utilization of resources, both facilities and people, as well as a much higher level of expertise in both Abiliti's application and the overall billing process itself.

Simpliciti.net Abiliti's highly configurable *Simpliciti.net* event management software offers service providers an immediate return on their investment by simplifying the business and operational complexity caused by today's heterogeneous networks, multiple downstream OSSs and continually emerging services. Powered by Abiliti's proven rules-driven architecture, *Simpliciti.net*'s dynamic nature allows service providers to quickly and efficiently support new services and event data formats, without complex programming. By giving service providers a comprehensive, enterprise-wide view of the data flowing through their network, *Simpliciti.net* is designed to improve revenue assurance and allow service providers to make strategic business decisions that enable them to rapidly respond to changing market conditions.

Customers

Abiliti's customer base includes wholesale providers (e.g., Williams Global Voice Services, Inc.), inter-exchange carriers (e.g., SBC Long Distance, Global Crossing Telecom, Inc.), CLECs (e.g., Allegiance Telecom, Inc.) and ICPs (e.g., Onvoy, Inc., U.S. Signal Company, Inc., Clear Rate Communications, Inc., Data Integration Systems). The current users of Abiliti's products and services report a high degree of satisfaction from their respective customers.

Competition

The markets in which Abiliti competes are intensely competitive, highly fragmented, and rapidly changing. Abiliti's products compete on the basis of product functionality, performance, scalability, extensibility, ease of integration and cost of ownership. Abiliti also is evaluated on its responsiveness to the needs of customers, specific product features and functionalities, the timeliness of implementations, quality and reliability of products, pricing strategies, project management capability, financial condition and technical expertise.

Abiliti's main event management competitors include:

Intec Telecom Systems PLC;
Narus, Inc.; and
Openet.Telecom

Abiliti's main billing competitors include:

Daleen;
Billing Concepts, Inc.;
ADC Telecommunications, Inc;
EUR Systems, Inc.; and
Convergys, Inc.

Abiliti's main stand alone rating competitors include:

RateIntegration, Inc.

Abiliti also competes with the internal information technology departments of large communications companies, that may elect to develop functionality such as those provided by Abiliti's products in-house rather than buying from outside suppliers.

Abiliti believes that its ability to compete depends in part on the performance of its competition, including the development by others of software that is competitive with Abiliti's products and services, the price at which others offer competitive software and services, the extent of competitors' responsiveness to customer needs and the ability of its competitors to hire, retain and motivate key personnel.

Professional Consulting Services, Maintenance, Technical Support and Training

Abiliti's customer services are designed to provide customers with superior services and support while giving them the tools and knowledge they need to independently run their day-to-day operations. The following services are provided:

Professional Consulting Services. Abiliti provides a variety of professional consulting services to assist customers in the implementation, modification and customization of products and market-based packages. Abiliti provides these services under services agreements with its customers. Abiliti works with customers to establish business models and processes that utilize Abiliti's products to increase their customer's market power and lower their operating costs.

When customers require it, Abiliti provides a complete solution by offering third-party software products related to its *NetworkStrategies*, *Rate IT*, and *Simpliciti.net* applications. Abiliti provides platform products, such as the Windows NT® operating system running an SQL® database. Training. Abiliti offers training programs using a variety of media to provide customers with the skills needed to use its software. For customers who are more comfortable with traditional instructor-led sessions, Abiliti offers a full suite of technical and end-user training programs. A training consultant is assigned to each customer to tailor the training of a customer's staff during the life cycle of the project.

Sales and Marketing

Sales. Nearly all of Abiliti's sales are through a direct sales force. The sales force works closely with targeted customers to define and determine how their needs can be fulfilled with Abiliti's products and services. As of October 8, 2002, Abiliti's sales force consisted of four individuals, all of whom are based in North America.

Due to the sophisticated nature of Abiliti's products and services and the current economic environment, the duration of a sales cycle can typically range anywhere from several months to one year or longer.

Marketing. Abiliti's marketing function provides target market publicity for the company, as well as sales lead generation and any other activity needed to support corporate goals. Publicity is provided through interaction with industry analysts, press, and the media to ensure prospects are aware of Abiliti and its capabilities prior to sales calls. Lead generation activities, including trade shows and advertising, are conducted to provide the sales force with leads in support of revenue goals for the year.

The marketing function also provides and administers direct mail campaigns, telemarketing, tradeshow participation, public relations advertising, web-site maintenance, product collateral, case studies and white papers and presentations, in support of sales and marketing programs.

Research and Development

Abiliti's product development capabilities are essential to enhancing its core technology, developing additional applications, incorporating that technology and maintaining the competitiveness of its products. Abiliti recognizes that its ability to create and extend its products with each release comes from investing in exceptionally talented software engineers, quality assurance testers and billing and telecommunications specialists. In addition, Abiliti has used, and may use in the future outside programming resources to perform contract labor on research and development. Abiliti also has created a structured process for both platform and market package releases that serves as a framework for minimizing its product development cycle times and ensuring quality software releases that meet or exceed customers' requirements.

Abiliti's research and development expenses totaled approximately \$2.0 million for the first six months of 2002, \$3.1 million for 2001, and \$7.5 million in 2000. In connection with a reduction in workforce that took place on October 8, 2002 (the October 2002 Restructuring), approximately 10 positions related to research and development were eliminated, resulting in 38 employees engaged in research and development activities, all located at Abiliti's corporate headquarters in St. Louis, Missouri.

Intellectual Property

Abiliti's success and ability to compete are dependent upon continuous improvements of its existing product portfolio and the continued development of new solutions. To protect its technology, Abiliti relies primarily on copyright, trade secret and trademark laws. In the ordinary course of business, Abiliti enters into confidentiality or license agreements with its employees, consultants and corporate partners. These agreements control access to and distribution of its software, documentation and other proprietary information. In addition, Abiliti licenses its products to end users in object code, machine-readable format and its license agreements generally allow the use of its products solely by the customer for internal purposes without the right to sublicense or transfer the products.

Employees

As of October 8, 2002, Abiliti had 72 full-time employees, of whom 38 were engaged in research and development, nine in sales and marketing, 19 in services and support and six in executive, finance, human resources and administration. None of Abiliti's employees are represented by a labor union. Abiliti believes that its employee relations are good.

THE TRANSACTIONS

Background of the Transactions

Over the last two years, we have considered strategic business alternatives extensively, and have held discussions with various parties regarding the same. Most of our discussions resulted from efforts initiated by our investment bankers, although we directly communicated with certain parties as well. From time to time various parties expressed an interest in pursuing an opportunity with us, but by early 2001, no serious discussions regarding a strategic business combination materialized.

In early January 2001, we reported preliminary results of operations indicating that we missed our fourth quarter revenue and earnings estimates. Additionally, the faltering of the telecommunications sector and the downturn in general economic conditions was having an adverse impact on our revenue and use of cash. It became clear that we needed to respond quickly to complete a financing transaction, or alternatively to enter into a business combination that addressed our needs.

In April 2001, we reached an agreement for a \$27.5 million private placement of our series F preferred stock. This transaction closed in June 2001. Subsequent to the closing of this private placement we continued our efforts to explore various strategic alternatives.

In May 2001, we engaged Salomon Smith Barney, Inc. as our financial advisor to explore strategic opportunities for us. The process targeted approximately 20 prospects, including potential business combination partners and financial investors, that were determined to be the most likely candidates for a transaction. Although a few prospects showed interest, no serious discussions ensued.

In late July 2001, our management, working with Salomon Smith Barney, Inc., renewed discussions with a party that previously expressed an interest in forming a business combination with us. While we made progress toward consummating a transaction, in the end the party decided not to continue with the process, citing its concerns over our financial condition and operating results.

On November 9, 2001, Salomon Smith Barney, Inc. held a meeting at our corporate headquarters in Boca Raton, Florida, with a potential merger candidate from the billing and customer care industry, referred to here as Party A. James Daleen, our chairman and chief executive officer, Salomon Smith Barney, Inc. and the president and chief executive officer of Party A attended the meeting. During the meeting, the parties discussed their respective businesses, products, strategies, and target markets. At the conclusion of the meeting, the parties agreed to continue to evaluate the merits of a business combination.

During January 2002, faced with continued weak sales, an increasingly difficult telecommunications market and reduced cash reserves, our management team began a process to more aggressively seek strategic alternatives. We created a list of more than ten additional prospects and Salomon Smith Barney and our management began to contact these prospects to determine their level of interest.

In late January 2002, Salomon Smith Barney, Inc. notified us that our primary contact at Salomon Smith Barney, Inc. had been transferred and would no longer be able to provide services to us. On January 23, 2002, we terminated our relationship with Salomon Smith Barney, Inc. and commenced a search for a new investment banking firm.

In February 2002, our board of directors elected to engage Kaufman Bros. to assist, expand, and expedite our process for pursuing strategic alternatives. During the second week of February 2002, we executed an engagement letter with Kaufman Bros., which shortly thereafter began to contact prospects identified by Kaufman Bros. and us.

Kaufman Bros. contacted approximately 50 parties that we viewed as potential business combination partners or financial investors or buyers. Thirty-three parties had software operations in communications software, Internet infrastructure software, network infrastructure or software development and integration. Seventeen of the parties were financial institutions with investments in communications software. Ten parties visited us, met with our management or had conference calls to discuss our operations and a potential transaction. Four parties conducted due diligence investigations beyond a general presentation,

which included technical reviews, meetings with product management personnel and reviews of financial information.

During the second half of February 2002 and early March 2002, two opportunities developed that appeared promising. The first opportunity was the renewed discussions with Party A. Our management and Party A's management conducted several teleconferences and held meetings to discuss the rationale for the proposed business combination, as well as the merits of continuing discussions. The second opportunity was with a large company, which we refer to here as Party B, that has a division that performs billing and customer care services. Party B was exploring ways to leverage its billing and customer care division's performance. Initial discussions with Party B focused on a new service offering Party B planned to launch, and the parties initially considered a business combination in the form of a partnering transaction. After further discussions, the parties determined to look at a possible combination as being strategic in nature, in the form of a merger of us with Party B's billing and customer care division or an acquisition of us. Both parties engaged management, finance, and investment banking team members, and conducted significant work and due diligence to study the business combination. However, upon review of the work completed by both parties, both parties decided to curtail further strategic discussions.

During the first week of March 2002, the Abiliti opportunity emerged. Kaufman Bros. held a teleconference with Mr. Daleen and a representative of Behrman Capital, L.P. regarding a possible transaction with Abiliti. During the call, Mr. Daleen described our strategy and the opportunities we perceived to be in the market, and the parties discussed our and Abiliti's industry, trends in the market, and the benefits to exploring discussions between Abiliti and us. The parties determined that we should meet directly with Abiliti to discuss possible opportunities.

On March 20, 2002, Mr. Daleen and Jeanne Prayther, our chief financial officer, met with Gordon Quick, Abiliti's president and chief executive officer, and Mark Wright, Abiliti's vice president of finance, at Abiliti's headquarters in Chesterfield, Missouri. Both parties concluded that significant synergies between the companies appeared to exist, and that the parties should continue to evaluate the merits of a strategic combination. The companies and Kaufman Bros. began work evaluating the business strategy and preparing and reviewing financial information for a combined entity.

On April 4, 2002, we held a teleconference with Party A during which the parties discussed the need for Party A to become more engaged in the process of determining the structure of a business combination between Party A and us, including management composition, facilities, headcount, and financial information for the combined company. Party A's president and chief executive officer requested a meeting with our board of directors to present Party A's business combination proposal.

On April 9, 2002, the president and chief executive of Party A met via teleconference with our board of directors to discuss a possible business combination. Prior to this meeting, Ofer Nemirovsky, a managing director of HarbourVest Partners, LLC and one of our directors, had discussed Party A's level of interest in a possible business combination with a Party A investor and board member. Additionally, the president and chief executive officer of Party A and Mr. Nemirovsky spoke directly. During these discussions, Party A's president and chief executive officer discussed possible terms of a business combination between Party A and us. Party A's presentation to our board of directors provided little detailed information regarding potential synergies, revenue growth potential, marketing position, potential product offerings and the management structure of the combined company.

On April 9, 2002, Mr. Quick, the president and chief executive officer of Abiliti, made a separate presentation to our board of directors. Abiliti's presentation contained a comprehensive overview of the rationale for the proposed business combination, strategic plans for the combined company, various strengths with respect to the business combination, potential synergies, revenue growth potential, marketing position, potential product offerings, management structure of the combined company, pro forma financials, and a proposed post-combination capital structure. Mr. Quick described the basic terms of the proposed transaction. The basic terms included a merger between Abiliti and us, with an additional investment of approximately \$5 million in Abiliti by an existing Abiliti stockholder to be conducted immediately prior to the merger. Upon consummation of the merger, Abiliti's stockholders and our existing stockholders would

each own approximately 50% of the surviving entity's issued and outstanding capital stock, including 50% of our outstanding common stock and series F preferred stock.

Following the presentations Kaufman Bros. presented to our board of directors a synopsis of each company's strengths and weaknesses and helped answer questions from our board of directors regarding each company. After all discussions, our board of directors elected to pursue discussions with both Party A and Abiliti, and directed our management to continue to conduct discussions with both companies.

On April 11, 2002, Party A sent a letter to us outlining the terms of a proposed acquisition of us. The letter contained little detail and left several issues open. The consideration offered by Party A was considerably less than we anticipated. After conferring with Kaufman Bros., we requested further information from Party A and expressed our concerns that Party A was undervaluing our company. The parties exchanged correspondence over the following week to try to clarify the details of Party A's proposal.

On April 18 and 19, 2002, Abiliti visited our Boca Raton, Florida headquarters, and the parties held meetings and conducted due diligence on each other's products. The meetings were attended by Messrs. Quick and Daleen, as well as technical leaders from each company, and covered topics included in each company's products, product architecture, and customers as well as internal processes for development, implementation, and product management. Due to the apparent product synergies and findings upon the product due diligence, between April 20, 2002 and April 26, 2002, we worked with Abiliti to determine the proposed structure of a merger between the companies. The executive, finance, and operational teams of both parties held numerous meetings to prepare financial information, to discuss strategic rationales and product rationalizations, and to continue conducting due diligence.

Between April 24 and April 26, 2002, we continued discussions with Party A. While we worked extensively with Kaufman Bros. to demonstrate to and convince Party A that it should improve the economic terms of its proposal, Party A's final proposal was not materially different than its initial proposal, so that Abiliti's proposal remained the superior offer. Additionally, several issues with Party A's structure and terms of the proposal remained open, making it difficult for our advisors and us to evaluate accurately the value of Party A's proposal.

On April 29, 2002, our board of directors held a meeting at our headquarters in Boca Raton, Florida. The board of directors reviewed the status of strategic discussions and proposals presented by Abiliti and Party A. Present at the board meeting was the entire board of directors, Ms. Prayther, our outside legal counsel, Kaufman Bros. and VM Advisors, a mergers and acquisitions consulting firm. Kaufman Bros. presented a comparative analysis of three alternatives available to us: a business combination with Party A; a business combination with Abiliti; and prospects for our business should we engage in neither business combination. Additionally, Kaufman Bros. discussed with the board of directors pro forma financial information and valuation considerations of each proposal. The board of directors again expressed its view that the Abiliti proposal was superior to the other two alternatives. Our board of directors discussed the alternatives with our advisers and with our management and instructed each to continue to pursue the Party A and the Abiliti proposals, in an effort to improve both proposals as much as possible.

Beginning in early May 2002, Abiliti and we, as well as our respective advisors, maintained frequent contact to discuss and negotiate the terms of the Abiliti transaction. On May 6, 2002, our board of directors met telephonically. During this meeting, the board of directors reviewed the status of the contact process initiated by Kaufman Bros., discussed each of the contacts made to approximately 50 potential combination targets, and discussed extensively the status of the Party A and Abiliti proposals. Mr. Nemirovsky reported that he met with a representative of Behrman Capital, reviewed the terms of Abiliti's proposal with him and confirmed that Abiliti's proposal was contingent on Behrman Capital's making an approximate \$5.0 million investment in Abiliti immediately prior to the business combination. Party A made no changes to its proposal, so it continued to appear that Abiliti presented the superior proposal. Our board of directors directed that our management and our advisors continue to work toward the negotiation and completion of the Abiliti proposal, but also directed our management and our advisors to continue discussions with Party A to determine whether Party A's proposal could be improved.

In early May 2002, during informal meetings with our directors, the directors agreed that it was appropriate to create a special committee of directors for the purpose of reviewing and considering our strategic alternatives. On May 10, 2002, the special committee of our board of directors, consisting of Paul Cataford, Stephen J. Getsy and Ofer Nemirovsky, conducted a meeting. The special committee noted that Party A did not appear willing to improve the terms of its proposal; therefore, we should continue focusing on completing the Abiliti transaction, although we should remain open to an enhanced proposal by Party A in the event such a proposal was offered.

On May 13, 2002, our board of directors formally approved the creation of the special committee consisting of Messrs. Cataford, Getsy and Nemirovsky and ratified the committee's actions to date. The board of directors created the special committee to allow its independent directors to provide guidance with respect to the transactions to management in an efficient manner and on a frequent basis, in order to respond promptly to transaction issues that may arise and strategic alternatives that may present themselves from time to time. Also at the May 13, 2002 meeting, Kaufman Bros. reviewed with the board the consideration proposed to be issued in connection with the Abiliti proposal, including shares of our common stock, series F preferred stock and warrants to purchase additional capital stock.

On May 17, 2002, we delivered a term sheet to Abiliti, together with a memorandum discussing the open issues. On May 20, 2002, the special committee conducted a meeting, in which Mr. Nemirovsky reported on additional discussions with a representative from Behrman Capital regarding the Abiliti proposal. The special committee noted that no progress had been made with Party A, despite our continued efforts to obtain an improved proposal from Party A.

On May 24, 2002, our board of directors held a meeting, at which certain advisors and members of our management were present. Kaufman Bros. reviewed in detail pro forma combined financial information in connection with an analysis of the Abiliti proposal and discussed the synergies between the two companies and other aspects of the proposal. Mr. Daleen and Ms. Prayther updated the board on their conversations with Mr. Quick and reviewed information on the cost and revenue sides of the pro forma combined financial information. Mr. Nemirovsky reviewed with the board of directors additional conversations that he had with the president and chief executive officer of Party A relating to the restructuring of Party A's proposal, and noted that Party A was not inclined to modify its proposal.

On June 3, 2002, our counsel delivered to Abiliti and its counsel a draft of a merger agreement for the Abiliti transaction, which included a requirement that the Behrman funds make an investment in Abiliti prior to the merger. The parties promptly began reviewing, discussing and negotiating the draft merger agreement.

The board of directors conducted a meeting telephonically on June 11, 2002. The board discussed the status of our listing on The Nasdaq National Market and the proposed move to The Nasdaq SmallCap Market, including the impact that such a move would likely have on the proposed transaction with Abiliti. The board reviewed an update on the status of negotiations with Abiliti and the pro forma financial information of the combined company after the consummation of the Abiliti transaction. The board noted that Party A had made no change to its proposal.

On June 18, 2002, Mr. Nemirovsky met with Party A's president and chief executive officer, and discussed the need for Party A to provide an enhanced proposal. Party A declined to provide such proposal. On the same day, Mr. Daleen met with Mr. Quick and discussed the status of the transaction with Abiliti.

On July 10, 2002, Messrs. Foreman and Daleen met with Mr. Quick at a significant customer of Abiliti. The purpose of the meeting was to conduct due diligence on the nature and stability of Abiliti's relationship with the customer, and to determine whether a business combination between Abiliti and us would adversely affect the combined company's relationship with the customer. Based on the discussion with the customer, Messrs. Foreman and Daleen concluded that Abiliti's relationship with its customer was unlikely to be materially adversely affected by the proposed transaction.

On July 18, 2002, the special committee of our board conducted a meeting, to discuss the terms of the Abiliti proposal, in particular Abiliti s requirements relating to provisions prohibiting us or our board of directors from considering alternative transactions once the parties executed the definitive transaction agreement for the Abiliti transaction. Also discussed was the fact that the parties respective representations and warranties would be effective only at the time of the signing of the definitive transaction documents and would not be brought down or otherwise be deemed a effective as of the closing date of the Abiliti transaction, certain economic terms of the Abiliti transaction, including those related to the parties respective indemnification obligations and the narrow scope of conditions precedent to the closing of the Abiliti transaction. For various business reasons, and in light of our current financial circumstances, the special committee determined that it remained in our best interests to continue to pursue the Abiliti transaction on the terms and conditions negotiated to date, including the requirements of Abiliti discussed above. The special committee then adjourned, and a meeting of the full board of directors convened. The special committee reported to the board on its progress, and made its recommendation regarding the Abiliti transaction. The board determined that it was in our best interests to accept the special committee s recommendation and proceed with the negotiation of the Abiliti transaction.

On August 1, 2002, Messrs. Quick, Sisco, Daleen and Nemirovsky held a teleconference to discuss long-term incentive compensation strategies for the combined company and to discuss future board composition and compensation issues for the combined company. Subsequent to that meeting and during the following weeks, we negotiated the terms of the LTIP and Mr. Quick s employment agreement. Also on that date, the special committee of the board conducted a meeting to discuss certain issues relating to the Abiliti transaction, including issues related to Abiliti s outstanding indebtedness and certain threatened litigation matters relating to Abiliti. The special committee discussed the status of the transaction and possible alternative structures for the transaction.

On August 6, 2002, Messrs. Getsy and Daleen joined Mr. Quick at the offices of another significant customer of Abiliti to discuss Abiliti s relationship with the customer, and to conduct due diligence on the nature and stability of the relationship. Based on their discussion with the customer, Messrs. Daleen and Getsy determined that it was unlikely that the combined company s relationship with the customer would be materially adversely affected by the proposed transaction.

On August 7, 2002, the special committee of the board held a meeting at which it discussed the terms and conditions of the latest version of the draft transaction documents, as well as outstanding issues regarding the transaction. Based on the terms and conditions of the agreements to date, the special committee recommended to the board of directors that we to continue to proceed with the negotiation of the Abiliti transaction.

Our board of directors met on August 15, 2002, and discussed the status of the proposed transaction and reviewed the terms of the transaction documents. At that meeting, our board discussed business reasons for changing the structure of the transaction so that it would be a purchase of Abiliti s assets with a separate investment in us by the Behrman Funds.

Subsequent to that meeting, Abiliti s and our management teams discussed our proposal to restructure the transaction from a merger to an asset acquisition. The parties agreed in principle to the current structure of the transactions, and on August 23, 2002, Abiliti s counsel delivered to us a draft asset purchase agreement. Pursuant to the asset structure, Daleen Solutions would acquire substantially all of Abiliti s assets and assume certain of its liabilities in consideration for shares of our common stock, series F preferred stock and Asset Purchase Warrants to purchase our common stock. Additionally, the Behrman Funds would purchase approximately \$5 million of our equity securities in the private placement. The parties promptly began reviewing, discussing and negotiating the terms of the asset purchase agreement and the investment agreement.

Our board of directors held a meeting telephonically on September 5, 2002. The board further discussed the status of the transaction, including the status of Abiliti s indebtedness. Based on various business reasons, our board of directors determined that it would be in our best interest to restructure the

Abiliti transaction from a merger to an acquisition of Abiliti's assets and a separate investment in us by the Behrman Funds.

On September 10, 2002, management presented forms of the agreements to our board of directors and our outside legal counsel reviewed the material terms of the transactions.

On September 20, 2002, our board of directors conducted a meeting telephonically. Also present were our legal counsel and Kaufman Bros. The board discussed the transactions and reviewed the drafts of the transaction documents pursuant to which the transactions were to be consummated. Kaufman Bros. then discussed with the board of directors its process and analysis used in preparing a fairness opinion for us, drafts of which were delivered to the board members. Based on the information provided in connection with the transactions and its review and analysis of the information, Kaufman Bros. delivered its oral opinion that the transactions, viewed together and not separately, are fair to our stockholders, from a financial point of view.

During the week of September 30, 2002, Abiliti began the process of soliciting certain of our stockholders for voting agreements in support of the transactions.

On October 3, 2002, our special committee conducted a meeting telephonically to review and discuss the transactions and the material provisions of each of the transaction agreements prior to making a formal determination to approve or disapprove the transactions. Immediately following the special committee meeting, our full board of directors met to consider the transactions. Also present at the meetings were certain of our advisors, including Kaufman Bros. and our legal counsel. Kaufman Bros. and our legal counsel noted the changes in the transaction agreements since the board last discussed the agreements and fairness opinion with the board on September 30, 2002, and Kaufman Bros. confirmed that the transactions remained fair to our stockholders, from a financial point of view. A motion to approve the transactions and all of the transaction documents pursuant to which the transactions are to be consummated, was moved, seconded, and ratified unanimously by the special committee which recommended the transactions for approval by the full board of directors. Likewise, a motion to approve the transactions and all of the transaction documents pursuant to which the transactions are to be consummated, was moved, seconded, and ratified unanimously by the board of directors.

By October 7, 2002, Abiliti received executed voting agreements from stockholders representing approximately 65% of our outstanding voting stock entitled to vote in connection with the transactions and by October 9, 2002 it had received voting agreements representing more than 66 2/3% of our outstanding voting stock. During the same period and prior to October 7, 2002, we received executed voting agreements in support of the transactions from Abiliti's stockholders holding in excess of 66 2/3% of the Abiliti shares entitled to vote in connection with the transactions.

On October 7, 2002, Abiliti, the Behrman Funds and we executed the transaction documents and exchanged signature pages. That evening we released a joint press release with Abiliti announcing the parties' execution of the transaction documents and the transactions.

Our Reasons for the Transactions

In reaching its decision to approve the asset purchase and the private placement and to recommend approval of the transactions, including the issuance of shares of our capital stock and Warrants in connection with the asset purchase and the private placement by our stockholders, our board of directors consulted with our president and chief executive officer and advisors, and considered information provided by the other members of our management team and independently considered the proposed asset purchase agreement, the investment agreement and the transactions contemplated by such agreements.

Our board of directors considered the following factors as reasons that the asset purchase and the private placement will be beneficial to us and our stockholders.

The Asset Purchase

1. We believe that the combination of our RevChain product with Abiliti's *Simpliciti.net* and *Billing Central* products and services, together with our combined service and delivery capabilities in professional services, application hosting and outsourcing solutions, will meet a significant customer need we currently do not address.
2. We believe that integrating our RevChain product with Abiliti's *Simpliciti.net* and *Billing Central* products and services will increase the functionality of, and demand for, such products and services.
3. Abiliti's mediation technology event processor provides a greater end-to-end solution that will assist us with faster implementations and lower integration costs for customers, which we believe will result in a solution preferable to certain current and potential customers.
4. Because Abiliti and we have no customer overlap, we believe the asset purchase will serve to expand our customer base, as well as reduce customer concentration.
5. Because Abiliti has certain preferred vendor relationships, we anticipate that we will have certain benefits, including lower costs.
6. We believe that after the closing of the asset purchase the combined North American customer base, as well as our international customer base, will help solidify our position as a leading provider of billing and customer care solutions to the telecommunications industry.
7. We believe our capitalization and increased revenue following the transactions will likely reduce concerns of our customers and potential customers regarding our financial viability.

As market conditions for our products and services have worsened, customers have increasingly made vendor viability a requirement in purchasing decisions.

We believe that Abiliti's outsourced billing services will continue to provide recurring revenue that will provide us with greater revenue, cash receipts visibility and an increased flow of cash receipts on a continuing basis.

8. Our declining liquidity position would cause us to become unable to fund continuing obligations as anticipated, past June 30, 2003, without achieving profitable operations, improving cash flows or receiving new funding.
9. After an extensive search by us and our investment bankers for financing investors and business combination partners, Abiliti and the Behrman Funds provided us with what we believe was the most favorable proposal with respect to a business combination and financing.

The Private Placement

Prior to approving the private placement, our board of directors considered various alternatives to the private placement, including public equity offerings, high yield debt issuances and other private placements of equity securities as well as the possible sale of Daleen and other strategic alternatives. In approving the private placement, our board of directors concluded that the sale of a combination of our common stock, series F preferred stock, Investment Warrants and Additional Warrants to the Behrman Funds, in connection with the issuance of shares of common stock, series F preferred stock and Asset Purchase Warrants to Abiliti in the asset purchase, presented the best course of action for us at this time.

The material factors considered by our board of directors in making its determination to pursue the private placement include the following:

1. the price to be paid for the capital stock and Warrants by the Behrman Funds in the private placement; and
2. our need, following the completion of the asset purchase, for additional capital.

Factors Relevant to the Transactions

In the course of its deliberations, our board of directors reviewed with our management and our advisors a number of other factors relevant to the transactions. In particular, our board of directors considered, among other things:

1. information relating to the business, assets, management, financial condition, customers, competitive position and operating performance of us and Abiliti, including the prospects of us and Abiliti if either of us were to continue business as independent companies;
2. the terms of the transactions; and
3. the financial presentation of Kaufman Bros., including its opinion described under *Opinion of Our Financial Advisor* on page 35, to the effect that, as of the date of the opinion, the transactions considered together and not separately are fair to our stockholders, from a financial point of view.

Recommendation of Our Board of Directors

At its meeting held on October 3, 2002, our board of directors, (1) determined that the asset purchase agreement, the investment agreement and the transactions contemplated thereby are fair to and in the best interests of us and our stockholders and (2) determined to recommend that our stockholders approve the proposals related to the transactions. Accordingly, our board of directors recommends that our stockholders vote FOR the asset purchase agreement, the investment agreement, the issuance of shares of our capital stock and Warrants to Abiliti in connection with the asset purchase agreement and to the Behrman Funds in connection with the investment agreement and the other transactions contemplated thereby, including the adoption of the LTIP.

In connection with the foregoing actions, our board of directors discussed the terms of the transactions and information relating to the transactions with members of our management team, including our president and chief executive officer, as well as our financial advisor and legal counsel. The board of directors considered the following material factors:

1. all the reasons described above under *Our Reasons for the Transactions* ;
2. the judgment, advice and analyses of our president and chief executive officer, including the favorable recommendation of the transactions and his analysis of conditions in the billing and OSS industry;
3. alternatives to the transactions;
4. the lack of other suitable strategic business combination partners for us;
5. the lack of alternative financing sources;
6. the impact on our stockholders of the issuance of additional shares of capital stock, including the issuance of additional shares of series F preferred stock and the adoption of the LTIP;
7. the presentations by and discussions with our management team, including our president and chief executive officer, and representatives of our counsel and Kaufman Bros. regarding the terms and conditions of the asset purchase and the private placement;
8. that while the transactions are likely to be completed, there are risks associated with completing the transactions and, as a result of limited closing conditions, it is possible that the transactions may not be completed even if approved by our stockholders and Abiliti's stockholders;
9. that although our relationships with customers, partners and employees may be affected negatively because of uncertainty surrounding our future status and direction, the belief of our board of directors that any negative effect would be reduced once the transactions are completed;
10. that Gordon Quick would become our new president and chief executive officer;

11. that we would not be cash flow or EBITDA (as defined below) positive immediately after the transactions;
12. the risk that the synergies and benefits sought in the transactions might not be fully achieved; and
13. the interests that our executive officers and directors may have with respect to the transactions in addition to their interests as our stockholders generally. See *Interests of Our Directors and Executive Officers in the Transactions*.

Our board of directors did not find it useful to, and did not attempt to, quantify, rank or otherwise assign relative weights to these factors. Our board of directors considered, among other things, the analysis, experience, expertise and recommendation of our president and chief executive officer, information from certain members of our management team members, and the analysis of Kaufman Bros., our financial advisor, of the financial terms of the transactions. See *Opinion of Our Financial Advisor*.

In addition, our board of directors did not undertake to make any specific determination as to whether any particular factor, or any aspect of any particular factor, was favorable or unfavorable to its ultimate determination, but rather our board of directors conducted an overall analysis of the factors described above, including discussions with our management team and legal, financial and accounting advisors. In considering the factors described above, individual members of our board of directors may have given different weight to different factors.

Our board of directors considered all these factors as a whole, and overall considered the factors to be favorable and to support its determination. However, the general view of our board of directors was that factors 6, 8, 11 and 12 described above were uncertainties, risks or drawbacks relating to the transactions, but that the other reasons and factors described above were generally considered favorable.

Opinion of Our Financial Advisor

In connection with its consideration of the transactions, our board of directors requested Kaufman Bros. opinion, as investment bankers, as to the fairness, from a financial point of view, to our stockholders of the consideration to be paid by us in connection with the asset purchase and to be received by us in connection with the private placement, taken as a whole.

We selected Kaufman Bros. for a number of reasons, including its familiarity with us and its experience and reputation in the areas of valuation and financial advice, particularly in relation to transactions of the size and nature of the transactions. Kaufman Bros. is an investment banking firm that is regularly engaged in the valuation of businesses and their securities in connection with transactions and acquisitions, leveraged buyouts, negotiated underwritings, private placements and valuations for corporate and other purposes. In the normal course of its business, Kaufman Bros. trades our common stock for its own account or for the account of its customers and, accordingly, may, from time to time, hold long or short positions in our common stock.

On September 20, 2002, Kaufman Bros. reviewed with our board of directors the financial analyses performed by Kaufman Bros. On October 3, 2002, Kaufman Bros. reviewed with our board of directors certain updated information (none of which had a material effect on its opinion) and delivered to the board of directors an oral opinion, which opinion was subsequently confirmed by delivery of a written opinion, dated October 4, 2002, to the effect that, based upon and subject to the considerations and limitations set forth in such opinion, as of October 3, 2002, the consideration to be paid by us in connection with the asset purchase and to be received by us in connection with the private placement, taken as a whole, was fair, from a financial point of view, to our stockholders.

The following summary of Kaufman Bros. opinion may not include all of the information important to you. The full text of the opinion letter, dated October 4, 2002, delivered by Kaufman Bros. to our board of directors, which sets forth in full the assumptions made, general procedures followed, matters considered and limits on the scope of review undertaken, is included as Annex I to this proxy statement and is incorporated herein by reference. Kaufman Bros. has consented to the inclusion of the full text of its

opinion as Annex I to this proxy statement. The summary of Kaufman Bros. opinion set forth below is qualified in its entirety by reference to the full text of such opinion. Holders of our common stock and series F preferred stock are urged to read Kaufman Bros. opinion carefully and in its entirety.

We did not place any limitation upon Kaufman Bros. with respect to the procedures to be followed or factors to be considered in rendering its opinion. In conducting its investigation and analysis and in arriving at its opinion, Kaufman Bros. reviewed information and took into account the financial and economic factors it deemed relevant and material under the circumstances. In connection with its analysis, Kaufman Bros., among other things:

reviewed a draft of the Asset Purchase Agreement, dated October 3, 2002, and the schedules and exhibits attached thereto;

reviewed a draft of the Investment Agreement, dated October 3, 2002, and the schedules and exhibits attached thereto;

reviewed the terms of the series F preferred stock in our Certificate of Incorporation;

reviewed the proposed forms of warrant agreements representing the Warrants to be issued to Abiliti and the Behrman Funds;

reviewed our annual report on Form 10-K for the fiscal year ended December 31, 2001 and our quarterly reports on Form 10-Q for the quarters ended March 31, 2002 and June 30, 2002, as filed with the SEC;

reviewed certain internal information relating to us provided to Kaufman Bros. by our management, including historical financial information and financial forecasts;

reviewed certain internal information relating to Abiliti provided to Kaufman Bros. by Abiliti's management, including historical financial information and financial forecasts;

held discussions with Abiliti's and our respective managements regarding the respective businesses, operations and prospects of Abiliti and us;

prepared and analyzed pro forma financial information for us, giving effect to the transactions, based upon discussions with, and information provided by the managements of, both companies;

visited Abiliti's facilities in Chesterfield, Missouri;

reviewed the historical trading prices and volumes of our common stock;

reviewed certain publicly available information concerning certain other companies engaged in businesses which Kaufman Bros. believed to be reasonably comparable to Abiliti;

reviewed information concerning certain other business transactions which Kaufman Bros. believed to be reasonably comparable to the asset purchase;

performed various valuation analyses as Kaufman Bros. deemed appropriate using generally accepted analytical methodologies; and

performed such other financial studies, analyses, inquiries and investigations as Kaufman Bros. deemed appropriate.

In arriving at its opinion, Kaufman Bros. assumed and relied upon the accuracy and completeness of all of the financial and other information provided to it by or on behalf of Abiliti or us, or obtained by Kaufman Bros. from publicly available sources, and upon the assurance of Abiliti's and our management that they were not aware of any information or facts that would make any such information incomplete or misleading. Kaufman Bros. did not attempt to independently verify such information. In conducting its review, Kaufman Bros. did not conduct or obtain an independent evaluation or appraisal of any of the

assets or liabilities (contingent or otherwise) of Abiliti or us, nor was it furnished with any such evaluation or appraisal. Kaufman Bros. assumed, with our consent, that:

the transactions will be consummated in accordance with the terms set forth in the drafts of the asset purchase agreement and the investment agreement, respectively, reviewed by it without any amendment thereto and without waiver by the parties thereto of any of the conditions to their respective obligations thereunder; and

all regulatory and other approvals and third-party consents required for consummation of the transactions will be obtained without material cost to us or Abiliti.

Kaufman Bros. assumed that the financial forecasts examined by it were reasonably prepared and were based upon the best available estimates and good faith judgments of Abiliti's and our respective senior managements as to the future performance of Abiliti and us. Where Kaufman Bros. prepared forecasts based upon information provided by Abiliti or us, Kaufman Bros. obtained the assurance of the management of Abiliti or us, as the case may be, that such forecasts were reasonable.

Kaufman Bros. noted that its opinion was necessarily based upon the financial, economic, market and other conditions as they existed and could be evaluated by Kaufman Bros. on, and the information made available to it as of, the date of its opinion. Kaufman Bros. has disclaimed any undertaking or obligation to advise any person of any change in any fact or matter affecting its opinion that is brought to its attention after the date of its opinion. Although Kaufman Bros. evaluated the consideration to be paid by us in the asset purchase and received by us in the private placement from a financial point of view, Kaufman Bros. did not recommend the specific consideration payable or receivable in the transactions, which was determined through negotiations between Abiliti and us and the Behrman Funds.

Kaufman Bros. opinion is for the information of our board of directors for its use in evaluating the fairness, from a financial point of view, to our stockholders of the consideration to be paid by us in the asset purchase and to be received by us in connection with the private placement, taken as a whole. Such opinion does not constitute a recommendation as to any action our board of directors or any stockholder should take in connection with the transactions or any aspect thereof. Kaufman Bros. opinion is not an opinion as to the structure, terms or effect of any other aspect of the transactions or as to the merits of our underlying decision of to enter into the transactions, or any other transaction or business strategies discussed by our board of directors as alternatives to the transactions.

In preparing its opinion, Kaufman Bros. performed a variety of financial and comparative analyses, including those described below. The summary of such analyses does not purport to be a complete description of the analyses underlying Kaufman Bros. opinion or of the presentation by Kaufman Bros. to our board of directors. The preparation of a fairness opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analyses and the application of those methods to the particular circumstances and, therefore, such opinion is not readily susceptible to summary description. Furthermore, in arriving at its opinion, Kaufman Bros. did not attribute particular weight to any analysis or factor considered by it, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. Accordingly, Kaufman Bros. believes that its analysis must be considered as a whole and that selecting portions of its analyses and factors, without considering all analyses and factors, could create a misleading or incomplete view of the process underlying the preparation of its opinion. In its analysis, Kaufman Bros. made numerous assumptions with respect to Abiliti and us, industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond Abiliti's and our control. The estimates contained in such analyses and the valuation ranges resulting from any particular analysis are not necessarily indicative of the actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by such analyses. In addition, analyses relating to the value of businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold. Accordingly, such analyses and estimates are inherently subject to substantial uncertainty. Kaufman Bros. opinion and analyses were only one of many factors considered by our board of directors in its evaluation of the transactions and should not be viewed as determinative of the view of our board of directors or

management with respect to either transaction or the consideration to be paid and received by us in connection therewith.

The following is a summary of the material financial analyses performed by Kaufman Bros. in connection with rendering its opinion.

Calculation of Consideration to Abiliti

Kaufman Bros. analyzed the value of the consideration paid to Abiliti in connection with the asset purchase using a price of our common stock of \$0.14 per share, which represented the 10-day trailing average closing stock price as of September 16, 2002. Kaufman Bros. valued the series F preferred stock to be issued in the asset purchase on both an as converted into common stock basis and on an as converted basis plus a premium for the liquidation preference. Kaufman Bros. calculated the liquidation premium of the series F preferred stock as the difference between (a) the price to be paid by the Behrman Funds for the securities in the private placement and (b) the market price multiplied by the number of common stock equivalents of the equity securities on an as converted basis plus the value of the Warrants to be issued in the private placement. Kaufman Bros. determined the value the Warrants to be issued in the transactions using the Black-Scholes option valuation model. Kaufman Bros. used the following inputs to the Black-Scholes option valuation model.

Inputs to Black-Scholes Option Valuation Model

Daleen Common Stock Price	\$ 0.140
Option Strike Price	\$ 0.906
Days to Expiration	1461
Volatility	167.26%
Risk Free Interest Rate	2.42%
Annual Dividend	\$ 0.0

This analysis resulted in a range of the value for the consideration paid to Abiliti in the asset purchase of between \$4.2 million to \$5.1 million.

Analysis of Selected Comparable Acquisition Transactions

Using publicly available information, Kaufman Bros. analyzed certain financial and operating information relating to the following eight selected merger and acquisition transactions in the telecommunications software sector (Comparable Transactions), each of which was announced in calendar year 2001 or 2002. The Comparable Transactions were chosen as they involved acquired companies that Kaufman Bros. believed possessed general business, operating and financial characteristics representative of companies in the industry in which Abiliti operates. Kaufman Bros. noted that none of the Comparable Transactions reviewed was exactly comparable to the transactions and that the range of information available for each Comparable Transaction varied from detailed information relating to publicly registered companies, to limited and summary information contained in public press releases relating to private companies. The Comparable Transactions reviewed by Kaufman Bros. were (the

purchaser is listed first, followed by the acquired company and the nature of the transaction (i.e. cash for stock, stock for stock or a combination of the two)):

Purchaser	Acquired Company	Nature of Transaction
Calendar Year 2002		
<i>CSG Systems</i>	<i>IBM (Telecom billing assets)</i>	<i>Cash</i>
<i>Convergys Corp.</i>	<i>iBasis (Price Interactive div)</i>	<i>Cash</i>
<i>Convergys Corp.</i>	<i>TelesensKSCL</i>	<i>Cash</i>
<i>MetaSolv, Inc.</i>	<i>Nortel (Architel division)</i>	<i>Cash</i>
Calendar Year 2001		
<i>CSG Systems</i>	<i>Lucent (Kenan division)</i>	<i>Cash</i>
<i>Amdocs Ltd.</i>	<i>Nortel (Clarify division)</i>	<i>Cash</i>
<i>The Management Network Group</i>	<i>Tri-Com Computer Services</i>	<i>Cash</i>
<i>Illuminet</i>	<i>BellSouth Int'l Wireless Svcs</i>	<i>Cash</i>

For each Comparable Transaction, Kaufman Bros. calculated multiples of the market value plus total debt minus total cash (Enterprise Value) of the acquired company compared to its last twelve months (LTM) revenue, operating income before interest, taxes, depreciation and amortization (EBITDA) and net income which were based upon the most recent publicly available information prior to the closing of the respective Comparable Transaction. Kaufman Bros. then applied these multiples of revenues to the projected financial results of Abiliti for the period ending December 31, 2002 using both the projected financial information provided by Abiliti's management and the projected annualized revenues based upon Abiliti's actual revenues for the six month period ended June 30, 2002 (2002 Annualized). Kaufman Bros. applied multiples to the EBITDA and net income of Abiliti for the same periods above, but as these results were less than zero, they did not yield a meaningful result. The following table reflects the material results of these analyses.

Comparable Transaction Analysis

	Median	Mean	Low-High	
			(\$ in Millions)	
Enterprise Value to LTM revenue	1.0x	1.1x	0.4x	2.1x
Implied Enterprise Value of Abiliti based on:				
Enterprise Value to FY2002 projected revenue	\$ 12.5	\$ 14.0	\$ 4.6	\$ 26.0
Enterprise Value to 2002 Annualized revenue	\$ 11.7	\$ 13.1	\$ 4.4	\$ 24.4

The analysis of Comparable Transactions showed that the value of the consideration to be paid by us to Abiliti in the asset purchase was, in each case, within the range or lower than the implied Enterprise Value of Abiliti and lower than the median and mean values implied by such analysis.

Analysis of Selected Publicly Traded Companies

Kaufman Bros. reviewed publicly available financial information, as of the most recently reported period, and stock market information as of September 16, 2002, for the following sixteen publicly traded companies that Kaufman Bros. deemed reasonably comparable to Abiliti as these companies derive a significant portion, if not all, of their revenues from the sale of telecommunications software (the All OSS Companies or Total Sample):

1. *Ace*COMM Corp.*
2. *Boston Communications*
3. *CSG Systems International*
4. *Cellular Tech Services*

5. *Convergys Corp.*

6. Daleen

7. Amdocs Ltd.

8. DSET Corp.

9. DST Systems

10. INTASYS Corp

11. Lightbridge Systems Corp.

12. Mobile Data Solutions

13. Mind CTI Ltd.

14. Metasolv Inc.

15. Portal Software

16. Veramark Technologies

Kaufman Bros. noted that several of the above companies have businesses that operate nearly exclusively in the billing software industry, a subset of the larger telecommunications software industry, and offer products and solutions that are more closely comparable to Abiliti from a product perspective. Accordingly, Kaufman Bros. conducted a parallel analysis of the following billing software companies independent of the other OSS companies (the Billing Companies Sample). The eleven companies included in the Billing Companies Sample are:

1. Boston Communications

2. CSG Systems International

3. Convergys Corp.

4. Daleen

5. Amdocs Ltd.

6. DST Systems

7. INTASYS Corp

8. Lightbridge Systems Corp.

9. Mind CTI Ltd.

10. Portal Software

11. Veramark Technologies

Edgar Filing: DALEEN TECHNOLOGIES INC - Form PRE 14A

For each company in the Total Sample, Kaufman Bros. calculated multiples of Enterprise Value to LTM revenue, fiscal year 2002 (FY2002) revenue estimates and fiscal year 2003 (FY2003) revenue estimates. Kaufman Bros. then applied these multiples to Abiliti s LTM revenues for the period ended June 30, 2002, and to the projected financial results of Abiliti for the periods ending December 31, 2002 and December 31, 2003. Kaufman Bros. then applied a 45% discount to the multiples derived from the analysis in recognition of Abiliti s status as a private company, the general lack of liquidity for securities of public companies with revenues comparable to those of Abiliti and the lower multiples of the smaller

companies in the All Billing Companies Sample. The chart below summarizes the results of these analyses:

Enterprise Value/FY2003 revenue	\$ 7.9	\$ 8.9	\$1.9	\$12.1

The analysis of comparable public companies showed that the value of the consideration to be paid by us to Abiliti in the asset purchase was, in each case, within the range of the implied Enterprise Value of Abiliti and slightly lower than the median and mean values implied by such analyses.

Discounted Cash Flow Analysis

Kaufman Bros. performed a discounted cash flow analysis of Abiliti, on a stand-alone-basis. A discounted cash flow analysis is a traditional valuation methodology used to derive a valuation of a corporate entity by calculating the estimated future cash flows of such entity and discounting such cash flow results back to the present. Kaufman Bros. performed this analysis to estimate the net present value of Abiliti's enterprise value and to compare it to the value of the consideration to be paid by us to Abiliti in the asset purchase. The analysis was based upon financial projections for the five year period ending 2007. Kaufman Bros. calculated EBITDA and free cash flow for Abiliti. EBITDA is earnings before interest, taxes, depreciation and amortization and other items. Free cash flow as used by Kaufman Bros. is net income plus depreciation and amortization, after tax, net of interest expense, less changes in working capital (excluding cash) and capital expenditures. Kaufman Bros. calculated the terminal value of Abiliti at the end of the forecast period by applying a range of estimated EBITDA multiples selected by Kaufman Bros. The terminal value estimates are a hypothetical approximation of the value of an enterprise's cash flows beyond the end of the five year period covered by management's projections.

In its discounted cash flow analyses, Kaufman Bros. estimated a terminal value of Abiliti using a terminal value multiple range of 4.0x to 6.0x EBITDA and discounted the stream of free cash flows during the forecast period together with the estimated terminal value at discount rates ranging from 25.0% to 35.0%. Selection of an appropriate discount rate is an inherently subjective process and is affected by numerous factors. The discount rates used by Kaufman Bros. were selected based upon Abiliti's historical financial results, current financial condition and the risk associated with Abiliti achieving its financial projections. This range of discount rates also reflects an estimate of the cost of capital for Abiliti and the current valuation parameters for comparable public companies. Such analysis produced Enterprise Values

for Abiliti that ranged from \$4.5 million to \$9.4 million. The chart below summarizes the results of this analysis:

Abiliti Discounted Cash Flow Analysis

(\$ in Millions)

Range of Free Cash Multiples	4.0x	6.0x
Discount Rates	25.0%	35.0%

	Mean	Median	Low-High	
Implied Total Enterprise Value of Abiliti	\$5.5	\$7.7	\$4.5	\$9.4

The discounted cash flow analysis of Abiliti showed that the value of the consideration to be paid by us to Abiliti in the asset purchase was within the range of the implied Enterprise Value of Abiliti.

Kaufman Bros. also performed discounted cash flow analyses of both us, on a stand alone basis, without giving effect to the transactions, and based upon financial projections for the five year period ending 2007. Kaufman Bros. performed these analyses to estimate the net present value of the Enterprise Value for us both before and after giving effect to the transactions in order to compare the Enterprise Value of us as a stand alone entity to the pro rata ownership of our stockholders in the Enterprise Value of us after the transactions, giving effect to the issuance of securities in the asset purchase and the private placement. In performing these analyses, Kaufman Bros. used discount rates ranging from 20% to 30% and projected 2007 estimated EBITDA multiples ranging from 4.0x to 6.0x. Projections for us giving effect to the transactions included estimated synergies from combination and the effects of pro forma accounting for the transactions. The chart below summarizes the results of these analyses and displays the mean and median implied Total Enterprise Value:

Discounted Cash Flow Analysis

(\$ in Millions)

	Daleen After the Transactions		Daleen Pro Rata Ownership in Combined Company		Daleen Stand-Alone	
Discount Rate Range	20%	30%	20%	30%	20%	30%
2007 EBITDA Range	4.0x	6.0x	4.0x	6.0x	4.0x	6.0x
Implied Total Enterprise Value	\$17.7	\$23.9	\$8.9	12.0	\$3.6	\$6.0

Analysis of Value to Our Security Holders After the Transactions

Kaufman Bros. analyzed the value of us giving effect to the transactions using an average of the results derived from all of the methods described in above, in each case using the same sample sets and multiples as those applied in the analysis of Abiliti. This analysis produced a range of total enterprise values for us giving effect to the transactions from \$19.3 million to \$21.6 million and a pro rata Enterprise Value attributable to the pre-transaction Daleen stockholders of \$9.7 million to \$10.9 million. Kaufman Bros. also analyzed the value of us as a stand-alone company using an average of the results derived using these same methods, again in each case using the same sample sets and multiples as those applied in the analysis of Abiliti. This analysis produced a range of Enterprise Values for us giving effect to the transactions of from \$7.4 million to \$8.3 million.

Kaufman Bros. compared the pro rata enterprise value for us giving effect to the transactions to the enterprise value attributable to the series F preferred stock and to the common stock under two different scenarios: (i) assuming the series F preferred stock exercised its liquidation preference; and (ii) treating

the series F preferred stock on an as converted into common stock basis. The results of that analysis is summarized in the following table using mean and median values:

Value to Daleen Security Holders of Company After the Transactions

(\$ in Millions)

	Daleen After the Transactions		Daleen Pro Rata Ownership After the Transactions		Daleen Stand-Alone	
Enterprise Value	\$19.3	\$21.6	\$9.7	\$10.8	\$7.4	\$8.3

Value to Daleen Security Holders After the Transactions

	Scenario 1 Exercise of Liquidation Preference				Scenario 2 As Converted			
	(\$ in Millions)							
	Pre-Transactions		Post-Transactions		Pre-Transactions		Post-Transactions	
Series F Preferred Stock	\$7.4	\$8.3	\$9.7	\$10.8	\$0.13	\$0.14	\$0.19	\$0.21
Common Stock	\$0.0	\$0.0	\$0.0	\$0.0	\$0.13	\$0.14	\$0.19	\$0.21

The analysis of the value of us after giving effect to the transactions to our security holders shows that, under either scenario, the implied post-transactions value of the series F preferred stock would be greater. The implied value of the common stock under the first scenario would be zero, both pre- and post-transactions; and under the second scenario, the implied value would be greater post-transactions than pre-transactions.

Contribution Analysis

Kaufman Bros. analyzed the relative contributions of Abiliti and us to the estimated pro forma income statement and balance sheet of us after giving effect to the transactions. This analysis was based on actual results for the six month period ended June 30, 2002 and projected results for the fiscal year ending December 31, 2002. The analysis for both the six month period ended June 30, 2002 and the projected fiscal year ending December 31, 2002 excluded the effects of the additional cash from the private placement, non-recurring expenses relating to the transactions, and the effects of any synergies that may be realized as a result of the transactions. The chart below summarizes selected financial results from the pro forma analyses:

	Six Months Ended June 30, 2002		Estimated FY2002	
	Daleen	Abiliti	Daleen	Abiliti
Total Revenues	40%	60%	33%	68%
Gross Profit	31%	69%	23%	76%
Operating Loss	95%	5%	101%	(1)%
Accounts Receivable, Net	52%	48%	40%	60%
Other Current Assets	91%	9%	44%	56%
Fixed Assets, Net	55%	45%	38%	62%

These contribution percentages were then compared with the ownership percentage following the transactions of Abiliti's and our pre-transactions stockholders of 50.3% and 49.7%, respectively.

Edgar Filing: DALEEN TECHNOLOGIES INC - Form PRE 14A

The contribution analysis shows that, in general, the ownership percentage of our pre-transactions stockholders in our past transactions compares favorably to our contribution to the post transactions company's selected financial results.

Accretion or Dilution Analysis

Kaufman Bros. computed the basic earnings per share (EPS) and EPS as if the series F preferred stock was converted to common (As converted EPS) for us on a stand-alone basis and for us on a post transactions pro forma basis. The comparison of the two illustrates the accretive or dilutive impact of the transactions to us as a stand-alone company. Based upon the analysis below, the transactions are expected to be immediately accretive to our EPS. (Numbers may not add due to rounding.)

	Six Months Ended June 30, 2002	Estimated FY2002	Estimated FY2003
Daleen Stand Alone			
Basic EPS	\$(0.22)	\$(0.38)	\$(0.13)
As converted EPS	\$(0.09)	\$(0.17)	\$(0.06)
Pro Forma Combination			
Basic EPS	\$(0.14)	\$(0.27)	\$(0.07)
As converted EPS	\$(0.06)	\$(0.12)	\$(0.03)
Accretion/ Dilution			
Basic EPS	\$ 0.09	\$ 0.11	\$ 0.06
As converted EPS	\$ 0.04	\$ 0.05	\$ 0.03

The accretion/dilution analysis shows that the transactions would be accretive to us on an EPS basis. However, the source of the accretion is from a higher number of shares outstanding in both the basic and as converted calculation and not from an increase in the amount of net income to which the share amounts were applied. Consequently, Kaufman Bros. did not place much weight upon this analysis in arriving at its opinion.

Compensation

Pursuant to the terms of Kaufman Bros. engagement, we have paid to Kaufman Bros. \$20,000 and have agreed to pay Kaufman Bros., upon the closing of the transactions, a cash fee of \$500,000 less any amounts previously paid and to issue to Kaufman Bros. warrants to purchase 250,000 shares of common stock at an exercise price equal to the closing price of our common stock on the day prior to the closing date of the transactions. We also have agreed to reimburse Kaufman Bros. for its reasonable out-of-pocket expenses incurred in performing its services, including the reasonable fees and expenses of its legal counsel, and to indemnify Kaufman Bros. and related persons against certain liabilities relating to or arising out of its engagement, including certain liabilities under the federal securities laws.

Other Relationships

Kaufman Bros has performed investment banking services for us in the past for which it has received customary fees. In particular, in 2001 Kaufman Bros. acted as a placement agent for us in connection with a private placement of series F preferred stock.

Regulatory Approvals Relating to the Transactions

We are not aware of any federal or state regulatory requirements that must be complied with or approvals that must be obtained to consummate the transactions, other than (1) filing of the certificate of amendment to our Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware increasing our authorized series F preferred stock and waiving the adjustment of the series F preferred stock conversion price pursuant to the issuance of series F preferred stock in the asset purchase and the private placement and (2) filing of this proxy statement with the SEC. If any additional approvals or filings are required, we will use our commercially reasonable efforts to obtain those approvals and make any required filings before completing the transactions.

Management of Daleen after the Transactions

Board of Directors

Upon completion of the transactions, our board of directors will consist of seven members who will be designated as follows: (1) four directors will be designated by us prior to the completion of the transactions, (2) our chief executive officer, who will be Gordon Quick following completion of the transactions, and (3) two directors to be designated by the Behrman Funds prior to the consummation of the transactions. It is anticipated that we will designate James Daleen, Daniel J. Foreman, Stephen J. Getsy, and Ofer Nemirovsky to serve as our designated directors. The Behrman Funds have indicated that they will designate Dennis Sisco to serve as one of their designated directors. Pursuant to the investment agreement, the Behrman Funds will designate their second director prior to the completion of the transactions. Messrs. Daleen, Foreman, Getsy, and Nemirovsky currently are members of our board of directors. In the event that any of these individuals are not available, for any reason, to serve as directors, our board of directors or the Behrman Funds, as the case may be, will select another person to serve as a director or will leave the vacancy open. In addition, Abiliti, the Behrman Funds and the HarbourVest Funds have entered into a supplemental voting agreement regarding the election of directors at our 2003 Annual Meeting of Stockholders. At such meeting, each of Abiliti, the Behrman Funds and the HarbourVest Funds have agreed to vote their shares of series F preferred stock and common stock in favor of two individuals nominated by the Behrman Funds and in favor of one individual nominated by the HarbourVest Funds, each to serve for a term expiring at our 2006 Annual Meeting of Stockholders.

Interests of Certain Persons in the Transactions

In considering the recommendations of our board of directors with respect to the transactions, our stockholders should be aware that certain members of our board of directors and executive officers may have interests in the transactions that are in addition to the interests of our stockholders generally. These interests include the following:

James Daleen. Mr. Daleen is our founder and current chairman, president and chief executive officer. Upon completion of the transactions, it is anticipated that Mr. Daleen will resign as our president and chief executive officer. He will remain as chairman of the board. Pursuant to the terms of his employment agreement, Mr. Daleen will be entitled to severance upon the termination of his employment as president and chief executive officer. We do not anticipate that Mr. Daleen will be entitled to any performance bonus payment. We also will reimburse Mr. Daleen and his eligible dependents COBRA premiums payable under our major medical group health plan on a monthly basis for a period of 18 months after the date of termination. We have entered into a consulting agreement with Mr. Daleen, effective upon termination of his employment. Pursuant to the consulting agreement, for a period of six months, Mr. Daleen will assist us in the transition, strategic initiatives and other services as directed by the new chief executive officer and our board of directors. As consideration, we will pay him \$13,500 per month and reimburse him for certain expenses, and he will be eligible to receive a participation percentage in our LTIP. Mr. Daleen will receive 15% of the bonus pool upon a payout event, subject to vesting requirements.

Jeanne Prayther. Ms. Prayther is, and upon completion of the transactions will continue to be, our chief financial officer. We have entered into an amendment to her employment agreement, to be effective upon completion of the transactions. The terms of the amendment provide that Ms. Prayther will be entitled to four weeks vacation per year, her severance benefits were increased to 12 months and may include a pro rata bonus, her target bonus eligibility was increased to 35% per year, she will be eligible to receive certain severance benefits in the event of disability including six months base salary and in some circumstances a pro rata bonus, there is a 30-day termination notice period, and she may be entitled to receive severance benefits in the event of a material breach of the agreement by us. In addition, as a member of our senior management team, Ms. Prayther will be eligible to participate in the LTIP, subject to the discretion of the compensation committee of our board of directors.

David J. McTarnaghan. Mr. McTarnaghan is, and upon completion of the transactions will continue to be, our senior vice president of global sales. We have entered into an amendment to his employment agreement, to be effective upon completion of the transactions. The terms of the amendment provide that Mr. McTarnaghan will be entitled to four weeks vacation per year, his severance benefits were increased to 12 months and may include a pro rata bonus, he will be eligible to receive certain severance benefits in the event of disability including six months base salary and in some circumstances a pro rata bonus, there is a

30-day termination notice period, and he may be entitled to receive severance benefits in the event of a material breach of the agreement by us. In addition, as a member of our senior management team, Mr. McTarnaghan will be eligible to participate in the LTIP, subject to the discretion of the compensation committee of our board of directors.

The HarbourVest Funds. Ofer Nemirovsky, a member of our board of directors, is an affiliate of the HarbourVest Funds. The HarbourVest Funds have entered into a supplemental voting agreement with Abiliti and the Behrman Funds. The supplemental voting agreement provides that each party will vote all of their respective shares of our capital stock at our 2003 Annual Meeting of Stockholders in favor of two individuals nominated as director by the Behrman Funds and one individual nominated as director by the HarbourVest Funds.

Interests of Abiliti's Management and Directors in the Transactions

Certain members of Abiliti's board of directors and management may have interests in the transactions that are different from or in addition to the interests of our and Abiliti's stockholders generally. These interests include the following:

Interests as Creditors. Under the terms of the asset purchase agreement, Abiliti will retain all liabilities in respect of its promissory notes dated March 16, 2000 and January 17, 2001. The promissory notes dated January 17, 2001 (the January 2001 Notes) are held by the Behrman Funds. The January 2001 Notes rank senior by their terms to the other outstanding debt and equity of Abiliti. It is anticipated that, after making provision for the costs of winddown and for liabilities other than the aforementioned promissory notes, Abiliti's remaining assets will be insufficient to pay the full principal and accrued and unpaid interest on the January 2001 Notes. As a result, the holders of the January 2001 Notes will be entitled by their terms to the whole of Abiliti's distributable assets, and no assets are expected to be distributed to any stockholder of Abiliti in their capacity as such.

The Behrman Funds are under common control. Dennis Sisco and William Matthes, who are directors of Abiliti, are affiliated with the Behrman Funds. Both Mr. Sisco and Mr. Matthes are limited partners of Behrman Capital II, L.P. Mr. Matthes is also a managing director of Behrman Brothers LLC, a general partner of Behrman Capital II, L.P.

Less than half of the outstanding principal amount of the promissory notes dated March 16, 2000 (the March 2000 Notes) is held by the Behrman Funds. The remaining outstanding principal amount is held by seven investors who also hold shares of Abiliti stock. In order to induce those persons to support the proposed transactions, the Behrman Funds have agreed in writing that, contingent upon the execution and delivery by any holder of a March 2000 Note of satisfactory instruments of assignment and release, the Behrman Funds will purchase such holder's March 2000 Note for consideration equal to (a) ten percent of the aggregate consideration (i) delivered directly to the Behrman Funds by us in respect of the Behrman Funds' \$5.015 million investment in us and (ii) distributed to the Behrman Funds by Abiliti from the proceeds of the asset sale in partial satisfaction of the January 2001 Notes, times (b) a fraction, the numerator of which is the outstanding principal amount of such holder's March 2000 Note and the denominator of which is \$7,500,000 (which is the aggregate principal amount of the outstanding March 2000 Notes).

Holders of March 2000 Notes, other than the Behrman Funds, include Nichols Research Corporation, a subsidiary of Computer Sciences Corporation, Gateway Partners, L.P. and John S. McCarthy. Paul Tucker, a director of Abiliti, is a vice president of Computer Sciences Corporation. Mr. McCarthy, a director of Abiliti, is a general partner of the general partner of Gateway Partners.

Employment Agreement. Upon consummation of the transactions, Gordon D. Quick, currently the president and chief executive officer of Abiliti, will assume the position of president and chief executive officer of Daleen. We have entered into an employment agreement with Mr. Quick which is described under Proposal 2 Other Terms of the Investment Agreement Employment Agreements beginning on page 71.

Long-Term Incentive Compensation Plan. Mr. Quick will also participate in our new LTIP, to become effective at the time of the closing of the transactions, that provides for consideration to be allocated to the new management team and to other individuals in the event of certain significant transactions or events. See Proposal 2 Other Terms of the Investment Agreement Employment Agreements beginning on page 71 and Proposal 2 Long-Term Incentive Compensation Plan beginning on page 72.

Finder's Fee. The Behrman Funds are under common control. As noted above, Dennis Sisco and William Matthes, who are directors of Abiliti, are affiliates of the Behrman Funds. Behrman Brothers L.P., a party under common control with the Behrman Funds will receive a \$650,000 fee from us in connection with the consummation of the transactions, as well as reimbursement of up to \$25,000 in out of pocket expenses incurred in connection with the transactions.

**PROPOSAL 1 APPROVAL OF THE ASSET PURCHASE AGREEMENT AND THE
TRANSACTIONS CONTEMPLATED THEREBY, INCLUDING THE ISSUANCE OF SHARES OF OUR CAPITAL STOCK AND
WARRANTS IN THE ASSET PURCHASE**

We have entered into an asset purchase agreement, dated as of October 7, 2002, with Daleen Solutions, our indirect, wholly-owned subsidiary, and Abiliti. The asset purchase agreement is the agreement that governs the terms of the asset purchase. A copy of the asset purchase agreement is attached as Annex A to this proxy statement. You should read the asset purchase agreement carefully.

General

The asset purchase agreement provides that Daleen Solutions will acquire substantially all of Abiliti's assets and will assume certain of its liabilities. Abiliti will continue to exist as a corporation under the laws of the State of Missouri for a period of no less than one year after the closing of the asset purchase. As consideration for the asset purchase, we will issue to Abiliti 11,492,136 shares of our common stock, 115,681 shares of our series F preferred stock and Asset Purchase Warrants to purchase an additional 5,666,069 shares of our common stock at \$0.906 per share, and assume certain of Abiliti's liabilities. Of the shares to be issued, we will (a) issue to Abiliti directly 10,342,922 shares of our common stock, 104,113 shares of our series F preferred stock and Asset Purchase Warrants to purchase 5,099,462 shares of our common stock at an exercise price of \$0.906 per share, (b) deliver to SunTrust Bank as escrow agent, 1,149,214 shares of our common stock, 11,568 shares of our series F preferred stock and Asset Purchase Warrants to purchase 566,607 shares of our common stock at an exercise price of \$0.906 per share, all of which are issued in Abiliti's name and will be held in the manner described in the escrow agreement between us, Abiliti and SunTrust Bank.

Acquired Assets

Pursuant to the asset purchase agreement, Daleen Solutions will acquire substantially all of the assets used by Abiliti in its business of providing operations and business support software systems to ensure revenue optimization, including event management, billing and rating software (we refer to the description of Abiliti's business as the "Abiliti business"). These assets include, but are not limited to, the following:

all of Abiliti's tangible assets, wherever located and whether or not obsolete or carried on Abiliti's books of accounts;

all of Abiliti's cash in banks (other than certain cash reserved for liabilities retained by Abiliti as described in "Retained Assets" below), cash equivalents, bank and mutual fund accounts, trade and other notes and accounts receivable, deposits, investments, securities, advanced payments, rental deposits, security deposits, lock boxes, prepaid items and expenses, claims, deferred charges, rights of offset and credits and claims for refunds;

all of Abiliti's intangible rights and property, including goodwill, rights in and to tradenames, trademarks, fictitious names, logos, copyrights or service marks, or variations of any of them (other than the name "Abiliti"), and in any other trade secrets, software, inventions and any applications therefore or registrations thereof, going concern value, domain names and email addresses, and any other forms of intellectual property, and all goodwill related thereto;

all insurance benefits, including rights and proceeds arising from and related to the assets purchased by us and the liabilities of Abiliti expressly assumed by us; and

all of Abiliti's rights to the Abiliti business.

Notwithstanding the foregoing, the transfer of the assets purchased by Daleen Solutions pursuant to the asset purchase agreement does not include the assumption of any liability related to the assets we purchase other than liabilities expressly assumed by us.

Certain of Abiliti's assets are not part of the asset purchase, and will remain the property of Abiliti after the closing. These assets include:

the consideration to be delivered to Abiliti pursuant to the asset purchase agreement;

Abiliti's other rights under the asset purchase agreement and the related transaction documents;

Abiliti's original minute books, stock book, seal and records having exclusively to do with the corporate organization and capitalization of Abiliti and documents related to the assets and liabilities to be retained by Abiliti;

Assumed Liabilities

Pursuant to the asset purchase agreement, Daleen Solutions is assuming the following liabilities of Abiliti:

all liabilities of Abiliti under or arising out of any contract assumed by Daleen Solutions in the asset purchase (including liabilities in respect of warranties of Abiliti, but excluding liabilities for those contracts for which a third party fails to provide consent for the assignment of the contract from Abiliti to Daleen Solutions, except to the extent that we have received the benefit of such contract);

Daleen Solutions is not assuming any liability that is identified as a liability to be retained by Abiliti, nor is Daleen Solutions assuming any liability to the extent that the failure to disclose the liability on any schedule to the asset purchase agreement, or a misrepresentation in respect of the liability in the asset purchase agreement, resulted in a breach of any of Abiliti's representations and warranties in the asset purchase agreement for which we or certain of our affiliates and other related parties would be entitled to indemnification pursuant to the asset purchase agreement.

Retained Liabilities

Daleen Solutions will not assume, and Abiliti has the sole responsibility for and shall retain, pay and discharge in due course, any liability of Abiliti that Daleen Solutions has not expressly assumed pursuant to the asset purchase agreement, including, without limitation:

Abiliti's liabilities arising out of the asset purchase agreement and the related transaction documents;

liabilities related to Abiliti's acts or omission occurring after the closing date; or

liabilities related to certain investor rights, stock purchase, management retention and voting agreements.

Effective Time of the Asset Purchase

The asset purchase agreement provides that the closing of the asset purchase will take place at such time as the parties specify, which is to be no later than three business days after the satisfaction or waiver of the conditions precedent set forth in the asset purchase agreement, provided that the asset purchase agreement may be terminated if the asset purchase has not closed on or before February 28, 2003. The closing of the asset purchase is conditioned upon the closing of the private placement, and the closing of the private placement is conditioned upon the closing of the asset purchase. The parties to each of the asset purchase and the private placement anticipate that the two transactions will close at approximately the same time. The asset purchase will become effective at 12:01 a.m. on the closing date.

Completion of the asset purchase could be delayed if there is a delay in satisfying other conditions to the asset purchase. There can be no assurances as to whether, and on what date, the conditions will be satisfied or that the parties will complete the asset purchase. A party may not terminate the asset purchase agreement if that party's failure to fulfill any of its obligations under the asset purchase agreement has been the cause of the asset purchase not being completed by that date.

Delivery of Share Certificates

At the closing, we will deliver to Abiliti and the escrow agent certificates evidencing our common stock and our series F preferred stock, and Asset Purchase Warrants to purchase additional shares of our common stock in consideration for substantially all of Abiliti's assets. If we change the number of shares of our common stock or series F preferred stock issued and outstanding as a result of a stock split, stock dividend, reverse stock split or similar recapitalization, subdivision, reclassification, combination, exchange of shares or similar transaction and the record date or the effective date for such an event is prior to the effective time of the closing of the asset purchase, the number of shares of our common stock or series F preferred stock, as applicable, and the number of shares of our common stock issuable upon exercise of the Asset Purchase Warrants and the exercise price of such Asset Purchase Warrants, to be delivered in connection with the asset purchase will be adjusted appropriately to reflect such an event.

Limitations to Dissolution of Abiliti

Pursuant to the asset purchase agreement, Abiliti will not file articles of dissolution or otherwise dissolve pursuant to applicable Missouri corporate law prior to the date that is one year after the closing date. In the event Abiliti elects to dissolve, the dissolution must be in accordance with Missouri law, and Abiliti will discharge, or make provision for the discharge of all liabilities that are not assumed by Daleen Solutions prior to the distribution of any remaining assets to the holders of Abiliti's capital stock. Abiliti will not distribute any of its assets to its stockholders prior to satisfying or making provisions to satisfy its creditors in accordance with applicable law.

Abiliti Name

Simultaneous with the closing of the asset purchase, Abiliti will change its name to a name that does not contain the word "Abiliti" or derivatives thereof. From and after the closing date, we will have the right to use the name "Abiliti" in connection with the use and operation of the assets purchased from Abiliti, whether by itself or in combination with other words, for a period of one year from and after the closing date, during which time Abiliti will not use the business name.

Pre-Closing Casualty to Assets

In the event of any loss, damage or destruction of or to the assets to be purchased due to theft, expropriation, seizure, destruction, damage, fire, earthquake, flood, lightning, storm, hurricane or other cause or casualty, at the closing Abiliti will assign any insurance proceeds and other compensation and any other rights thereto to us and will reasonably cooperate with us in collecting all insurance proceeds and other compensation related thereto.

Required Approvals

As promptly as practical after the date of the asset purchase agreement, Abiliti and we will use our commercially reasonable efforts to make all filings required by applicable law to be made to consummate the transactions contemplated by the asset purchase (which include, with respect to us, amendments to our Certificate of Incorporation to increase the number of authorized shares of our series F preferred stock and such other amendments as may be necessary to consummate the asset purchase). The terms provide for lead registration, information sharing and cooperation for preparation of joint proposals, and demonstration licenses for our respective products. The agreement also contains terms for referral compensation to be paid in the event of sales of products or services.

In addition, the asset purchase agreement places specific restrictions on each of Abiliti's and our ability to, among other things and with some exceptions, take any action that would result in the following:

Employee Benefits

All warrants and options to purchase Abiliti capital stock outstanding as of the effective time of the asset purchase will remain as retained liabilities of Abiliti, and will not be assumed by us. All warrants and options to purchase our capital stock outstanding as of the effective time of the asset purchase will continue in accordance with their terms. To the extent we hire employees of Abiliti, we will offer to such employees participation in our programs, including our stock option plans, upon terms and conditions that, when taken as a whole, are substantially similar to those afforded to similarly-situated employees of Daleen.

We are not obligated to hire any employee of Abiliti presently employed by Abiliti (we refer to such employees as active employees), but will provide to Abiliti a list of active employees to whom we will make an offer of employment to be effective on the closing date of the asset purchase. Effective immediately before the closing, Abiliti will terminate the employment of all of the active employees to whom we have made an offer and such offer has been accepted. Our intention to extend offers of employment to active employees does not constitute any commitment, contract or understanding (expressed or implied) by us of any obligation on our part to an employment relationship after the closing of the asset purchase of any fixed term or duration or upon any terms or conditions other than those that we may establish pursuant to individual offers of employment and, unless an active employee hired by us enters into an employment agreement with us that provides otherwise, such employment offer by us is at-will and may be terminated by us or by an active employee hired by us at any time for any reason.

Except to the extent expressly assumed by us, Abiliti will be responsible for the payment of wages and other remuneration due to its active employees with respect to their services as employees of Abiliti through the close of business on the closing date, including pro rata bonus payments and all vacation pay earned prior to the closing date, as well as the payment of any termination or severance payments and the provision of health plan continuation coverage in accordance with the requirements of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and Section 4980B of the Internal Revenue Code, Section K, Chapter 100 of the Internal Revenue Code and ERISA Sections 601 through 608 (COBRA). The amount of the Reserved Cash will be increased by the amount of any of the foregoing payments that have not been paid by Abiliti prior to closing to the extent we do not assume such liabilities.

Except to the extent expressly assumed by us, Abiliti will be liable for any claims made or incurred by its active employees and their beneficiaries through the closing date under Abiliti's employee benefit plans. The amount of the Reserved Cash will be increased by an amount sufficient to satisfy Abiliti's estimated obligations in respect of the foregoing liabilities as of the closing, to the extent that such liabilities are not, in Abiliti's reasonable judgment, covered by a valid insurance policy or similar coverage.

All active employees hired by us who are participants in Abiliti's employee benefit plans will retain their accrued benefits under such plans as of the closing date, and, except to the extent expressly assumed by us, Abiliti (or such plans) will retain sole liability for the payment of the benefits as and when the active employees hired by us become eligible therefor under such plans. All active employees hired by us will become fully vested in their accrued benefits under Abiliti's employee benefit plans as of the closing date and Abiliti will amend such plans if necessary to make such employees fully vested. Abiliti will cause its 401(k) plan to be amended in order to provide that the active employees hired by us will be fully vested in their accounts under the plan as of the closing date, and all payments thereafter will be made from the plan as provided by the plan.

Except to the extent expressly assumed by us, we will not have any responsibility, liability or obligation, whether to the active employees, former employees, their beneficiaries or any other person, with respect to any employee benefit plans, practices, programs or arrangements maintained by Abiliti.

Effective as of the closing of the asset purchase, we will assume Abiliti's responsibility to provide COBRA continuation coverage insurance for those individuals whose qualifying event (as defined in Section 4980B(f)(3) of the Internal Revenue Code) occurs prior to or as of the closing of the asset purchase and who are, and would be entitled to such coverage under a group health plan of Abiliti and who are paying the applicable premium for such insurance. Except as expressly assumed by us, we will not be required to reimburse any COBRA qualified beneficiary of Abiliti for premiums payable for the COBRA continuation coverage.

Effective as of the closing of the asset purchase, with respect to each active employee hired by us, we will honor any vacation time of such employee accrued with Abiliti as of the closing date, provided that the accrued vacation time is used in accordance with our standard vacation policy for employees. Effective as of the closing of the asset purchase, with respect to the active employees hired by us, we will cause such employees to receive credit for their service with Abiliti as if the service had been for us, for purposes of determining their participation in vesting under any pension, profit-sharing or stock bonus plans sponsored or maintained by us which is qualified under Section 401(a) of the Internal Revenue Code in accordance with the terms and conditions of the plan, provided that such credit for service with Abiliti will only be provided to the extent that it will not effect the tax qualified status of any of our plans and to the extent that it does not violate any applicable law.

Noncompetition, Non-solicitation

For a period of five years after the closing date, Abiliti will not, anywhere within the St. Louis, Missouri metropolitan area, directly or indirectly, invest in, own, manage, operate, finance, control, advise, render services to or guaranty the obligations of any person engaged in or planning to become engaged in a business the same as or substantially similar to the Abiliti business, provided that Abiliti may purchase or otherwise acquire up to (but not more than) five percent (5%) of any class of securities of any such person (but may not otherwise participate in any activities of such person) if such securities are listed on a national or regional securities exchange or have been registered under as Section 12(g) of the Exchange Act, and provided that the foregoing covenant is not intended to prohibit the holding of the purchase price by Abiliti.

For a period of five years after the closing date, Abiliti will not, directly or indirectly, (a) solicit the business of any person who is our customer, (b) cause, induce or attempt to cause or induce any of our customers, suppliers, licensees, licensors, franchisees, employees, consultants or other business relations to cease doing business with us, to deal with any of our competitors or interfere with its relationship with us, (c) cause, induce or attempt to cause or induce any customer, supplier, licensee, licensor, franchisee,

employee, consultant or other business relation of Abiliti on the closing date or within the year preceding the closing to cease doing business with us, to deal with any of our competitors or interfere with its relationship with us, or (d) hire, retain or attempt to hire or retain any of our employees or independent contractors or in any way interfere with the relationship between us and any of our employees or independent contractors.

Restrictions in Conversion and Exercise of Purchase Price

After the closing date, Abiliti will not convert the shares of our series F preferred stock it holds as a result of the asset purchase into shares of our common stock for a six month period. This restriction will not apply if we experience a change in control event. For purposes of the asset purchase agreement, a change in control event means our dissolution or liquidation, the consummation of the sale of all or substantially all of our assets, or the acquisition of a majority of our voting securities by another person by means of a stock sale, stock exchange or a merger (other than a merger which solely affects a change of domicile) or consolidation or other transaction, unless, after such stock sale, stock exchange, merger, consolidation or other transaction, our stockholders immediately before the stock sale, stock exchange, merger, consolidation or other transaction continue to hold at least 50% of the economic and voting power of the surviving entity.

Termination

The asset purchase agreement may be terminated and the asset purchase may be abandoned at any time prior to the completion of the asset purchase:

by Abiliti or us if a material breach of any provision of the asset purchase agreement has been committed by the other party;

(1) by us if any of the conditions precedent to our obligation to close has not been satisfied as of the closing date or if satisfaction of a condition precedent is or becomes impossible (other than through our failure to comply with our obligations under the asset purchase agreement) and we have not waived the condition precedent; or (2) by Abiliti, if any of the conditions precedent to Abiliti's obligation to close have not been satisfied as of the closing date or if satisfaction of a condition precedent is or becomes impossible (other than through the failure of Abiliti to comply with its obligations under the asset purchase agreement) and Abiliti has not waived the condition precedent;

by mutual consent of Abiliti and us; or

by either Abiliti or us if the closing has not occurred on or before February 28, 2003, or a later date as the parties may agree (unless the failure to close is the result of the party seeking termination).

In the event either party becomes aware of any event that would give such party the right to terminate the asset purchase agreement, including: (a) any of the representations or warranties of the other party contained in the asset purchase agreement being or becoming untrue or incorrect; (b) the failure of the other party to perform any of its covenants or agreements contained in the asset purchase agreement; or (c) any of the conditions delegated to the other party being or becoming impossible to satisfy, then the party that became aware of such events shall deliver a written notice to the party in breach. The party in breach will then have the right to cure any such matter within ten days following the date of delivery of such notice, unless it is manifest that such matter is not curable.

Abiliti's Indemnification Obligations; Escrow

The asset purchase agreement provides that Abiliti will indemnify us against any loss resulting from or arising out of any breach of Abiliti's representations, warranties, covenants and agreements set forth in the asset purchase agreement and any liability not expressly assumed by us, referred to as a retained liability.

Of the shares of our common stock to be issued to Abiliti at closing, we will deposit 1,149,214 shares of our common stock, 11,568 shares of our series F preferred stock, and Asset Purchase Warrants to purchase 566,607 shares of our common stock with an escrow agent to secure Abiliti's indemnification obligations. Abiliti's indemnification obligations will be limited to claims made within one year after the closing of the asset purchase. Additionally, Abiliti will have no liability for indemnification (except with respect to its obligation for retained liabilities) until the total of all damages incurred by us exceeds \$250,000, at which time Abiliti will be obligated for indemnification of all damages in excess of \$250,000, up to Abiliti's maximum indemnification liability. Abiliti's maximum indemnification liability is limited to and will not exceed the aggregate value of the shares of our common stock, series F preferred stock and the Asset Purchase Warrants held in escrow. If no claims for indemnity are made within the one-year period, the shares of common stock, series F preferred stock and the Asset Purchase Warrants held in escrow will be distributed to Abiliti. At the end of one year, the escrow agent will release any portion of the escrow shares that exceeds the value of outstanding indemnification claims.

Our Indemnification Obligations

The asset purchase agreement provides that we will indemnify Abiliti against any loss resulting from or arising out of any breach of our representations, warranties, covenants and agreements set forth in the asset purchase agreement, any liability expressly assumed by us, and any failure of Abiliti to comply with applicable bulk sales or comparable laws.

Our indemnification obligations will be limited to claims made within one year after the closing of the asset purchase. Additionally, we will have no liability for indemnification (except with respect to our representation and warranty related to capitalization, with respect to our obligation to pay brokers' or finders' fees and for liabilities expressly assumed by us) until the total of all damages incurred by Abiliti exceeds \$250,000, at which time we will be obligated for indemnification of all damages in excess of \$250,000, up to our maximum indemnification liability. Our maximum indemnification liability is limited to and will not exceed 3,013,313 shares of our common stock (which we refer to herein as our "indemnification cap").

Subject to our indemnification cap, we will satisfy Abiliti's indemnification claims by delivering to Abiliti, in our sole discretion, (a) cash, (b) shares of our common stock in an amount equal to the amount of damages to be paid by us with respect to a claim divided by our common stock's current market price per share (as described below) or (c) a combination of cash and shares of our common stock with an aggregate value equal to the amount of damages to be paid by us with respect to the claim. Our common stock's current market price per share for any date means the average of the closing prices of a share of our common stock during a period of 20 consecutive trading days ending five trading days before such date on the principal national securities exchange or The Nasdaq Stock Market (including The Nasdaq National Market and the Nasdaq SmallCap Market) on which our common stock is then listed or admitted to trading. If our common stock is not then listed on a national securities exchange or in a market system, our common stock's current market price per share will be the average of the closing bid and asked prices of our common stock in the over-the-counter market as reported by The Nasdaq Stock Market, Inc. or other operator of the applicable over-the-counter market. If our common stock is not then listed on the national securities exchange market system or quoted on an over-the-counter market, its current market price per share will be the fair market value as determined in good faith by our board of directors.

If we determine to pay all or part of a claim by delivering shares of our common stock to Abiliti, our indemnification cap will be reduced by an amount equal to the number of shares of our common stock so delivered. If we determine to pay all or part of a claim by delivering cash to Abiliti, we will be deemed to have delivered to Abiliti, and our indemnification cap will be reduced by, the number of shares of our common stock equal to the amount of the cash payment divided by the current market price per share of our common stock at the time of payment. The maximum amount of cash to be paid by us to Abiliti will not exceed, in the aggregate, the amount of cash determined by multiplying the then-current number of shares of our common stock in the indemnification cap by the current market price per share.

Public Announcements

Any press release with respect to the asset purchase agreement or the transactions contemplated by the asset purchase agreement will be issued at such time and in such manner as we determine, after consultation with Abiliti.

Fees and Expenses

We will pay the expenses incurred by us, as well as any unpaid expenses incurred by Abiliti, in connection with the preparation, execution and performance of the asset purchase, including all fees and expenses of agents, representatives, counsel and accountants. Although not required pursuant to the asset purchase agreement, Abiliti generally pays its expenses as they are incurred. However, in the event of termination of the asset purchase agreement, the obligation of each party to pay its own expenses will be subject to any rights of such party arising from a breach of the asset purchase agreement by another party.

Extension/ Waivers

At any time prior to the effective time of the asset purchase, a party may:

extend the time for the performance of any of the obligations or other acts of the other party;

waive any inaccuracies in the representations and warranties of the other party contained in the asset purchase agreement or in any document delivered pursuant to the asset purchase agreement; or

subject to certain limited exceptions, waive compliance by the other party with any of the agreements or conditions contained in the asset purchase agreement.

To be effective, any waiver must be in writing and signed by each of the parties.

Amendments

The asset purchase agreement may not be amended except by a written agreement executed by the party to be charged with the amendment.

Escrow Agreement

We will enter into an escrow agreement with Abiliti and SunTrust that will govern the terms of the escrow. A copy of the form of escrow agreement is attached as Annex D to this proxy statement. You should read the escrow agreement carefully. The asset purchase agreement provides that Abiliti will indemnify us against any loss, resulting from or arising out of any breach of Abiliti's representations and warranties subject to certain limitations.

Pursuant to the terms of the asset purchase agreement, of the shares of our common stock, series F preferred stock, and Asset Purchase Warrants to be issued pursuant to the asset purchase agreement at closing, we will deposit 1,149,214 shares of common stock, 11,568 shares of series F preferred stock and Asset Purchase Warrants to purchase 566,607 additional shares of common stock into an escrow account with SunTrust Bank as agent to secure Abiliti's indemnification obligations. Abiliti's indemnification obligation will be limited to claims made within one year after the closing of the asset purchase and our recourse for such claims will be limited, absent fraud, to the capital stock and Asset Purchase Warrants held in escrow. Additionally, if no claims for indemnity are made within the one year period, the shares of series F preferred stock, common stock and Asset Purchase Warrants held in escrow will be distributed to Abiliti. At the end of one year, the escrow agent will release any portion of the escrow shares that exceeds the value of any outstanding indemnification claims.

The Registration Rights Agreement

We have entered into a registration rights agreement, dated as of October 7, 2002, with Abiliti, the Behrman Funds and Kaufman Bros., L.P., our financial advisor in the transactions. We refer to this group as the registration rights holders. The registration rights agreement is the agreement that governs the terms under which we have agreed to register under the Securities Act, (i) the common stock to be issued in the transactions, (ii) the common stock issuable upon conversion of the series F preferred stock to be issued in the transactions, and (iii) the common stock issuable upon exercise of the Warrants to be issued in the transactions (such securities are referred to collectively as the registrable securities). A copy of the registration rights agreement is attached as Annex C to this proxy statement. You should read the registration rights agreement carefully.

General

We have agreed to file up to three registration statements at any time after the later of November 8, 2002 and the closing of the transactions upon the demand of a majority of, and covering, the registrable securities.

Upon receipt of a demand notice from the holders of a majority of the shares eligible to be registered pursuant to the registration rights agreement, and in the event we are eligible to file a registration statement on Form S-3, we will file a registration statement as a continuous offering, or shelf registration statement. Once effective, the shelf registration statement will permit the registration rights holders who have elected to include their shares of registrable securities in the registration statement to sell their registered shares in the open market from time to time using the methods to be described in the shelf registration statement. We have agreed to use our best efforts to file a shelf registration statement within 45 days after receipt of the demand notice. If, other than as a result of a delay which is the result of a registration rights holder, we do not file a registration statement covering each of the registrable securities included in the first demand notice under the registration rights agreement within 90 days after receipt of the demand notice, then we will be required to pay to the Behrman Funds liquidated damages in an amount equal to one percent of the aggregate purchase price paid by the Behrman Funds pursuant to the investment agreement. We will not be required to pay liquidated damages in respect of shares issued to Abiliti pursuant to the asset purchase agreement.

The shares of stock will be eligible for resale pursuant to the registration statement from the date it is declared effective by the SEC until the earliest of (i) the date as of which each holder of shares included in the registration statement may sell all of its registrable securities during a single three month period pursuant to Rule 144 (or successor thereto) promulgated under the Securities Act (Rule 144), (ii) the date as of which each holder of shares included in the registration statement may sell all of its registrable securities pursuant to paragraph (k) of Rule 144, (iii) the date on which (A) the holders of shares included in the registration statement have sold or otherwise disposed of all shares included in the registration statement and (B) there are no other shares of series F preferred stock, common stock or Warrants issued in the transactions that are held by a registration rights holder or any permitted transferee of the registration rights, or (iv) the date on which we are no longer required to file reports under the Exchange Act.

In the event we receive a demand notice, but are not eligible, pursuant to SEC rules and regulations, to use a registration statement on a Form S-3, a majority in interest of the holders of the registrable securities proposed to be included in such registration statement may require us to register the stock on a form other than Form S-3. In such event, we will be required to file a registration statement within 90 days of receipt of the notice. However, we will not be required to file a registration statement on a form other than a Form S-3 as a shelf registration.

In the event the registration statement is an underwritten offering, and if the managing underwriter determines that marketing factors require a reduction in the number of shares included in such registration statement, the following shares shall be excluded from the registration statement:

first, all securities that are not contractually entitled to be included in the registration statement;

second, all securities that are entitled to be included in the registration statement pursuant to contractual rights, but by their terms are junior to the rights granted under the registration rights agreement; and

third, all securities entitled to be included in the registration statement that rank equal to the rights granted under the registration rights agreement.

If the registration rights holders have 25% or more of the shares for which they have demanded registration excluded from the registration statement, other than due to market conditions, and if they provide notice to us, they may withdraw their demand notice. In that event, we will be required to pay all costs of the registration statement and the registration rights holders will not be deemed to have used one of their three demand rights.

We have the right to delay the filing of any registration statement under the registration rights agreement, from time to time for up to an aggregate of 90 days in any 12-month period, if, in the good faith judgment of our board of directors, it would be seriously detrimental to us to file the registration statement on or before the filing deadline.

Pursuant to the registration rights agreement, we have granted to the Behrman Funds piggyback rights generally entitling them to register their shares of common stock issued, and issuable upon conversion of the series F preferred stock, and upon exercise of the Warrants, issued pursuant to the investment agreement (collectively, the investment shares), held by them when we are registering our equity securities, either for our own account or the account of others. If the Behrman Funds indicate that they wish to have some or all of the investment shares included in the registration, we have agreed to include the shares of common stock, subject to certain restrictions. The exercise of these piggyback registration rights will be subject to notice requirements, timing restrictions and volume limitations that may be imposed by the underwriters of the applicable offering. We did not grant piggyback rights with respect to the shares to be issued to Abiliti in the asset purchase.

The registration rights agreement contains customary obligations and indemnity provisions on the part of us and the registration rights holders relating to the registration process, and provides that we will pay the expenses incurred by us in any registration pursuant to the agreement. In addition, we will be required to pay the reasonable legal fees, up to \$25,000, of one counsel selected by the demanding holders.

Terms of the Series F Preferred Stock

The following is a summary of the principal terms of the powers, preferences and relative, participating, optional and other special rights of the series F preferred stock and the qualifications, limitations and restrictions thereof.

Conversion and Conversion Price. Each share of series F preferred stock is convertible at any time at the option of the holder into shares of our common stock. The number of shares of common stock issuable upon conversion of a single share of series F preferred stock is determined by dividing the original price per share of the series F preferred stock, which is \$110.94 (the Original Price), by the conversion price in effect on the date of conversion. The current conversion price is \$0.906 after giving effect to a one-time reset following our earnings release for the quarter ended June 30, 2001.

Based on the current conversion price, each share of series F preferred stock is currently convertible into 122.4503 shares of common stock, or an aggregate, including shares of series F preferred stock currently outstanding and shares of series F preferred stock to be issued in the asset purchase and the private placement, of approximately 56,660,692 shares of common stock.

In the event we issue common stock or securities convertible into common stock at a price per share less than the conversion price of the series F preferred stock, the conversion price will be reduced to be equal to the price per share of the securities sold by us. This adjustment provision is subject to a number of exceptions, including the issuance of stock or options to employees and the issuance of stock or options in connection with acquisitions. It is a condition to the closing of the asset purchase and the private placement that our stockholders approve an amendment to our Certificate of Incorporation to provide that the issuance of our capital stock and Warrants in the transactions will not result in a change to the conversion price of the series F preferred stock. The conversion price also will be subject to adjustment as a result of stock splits, stock dividends and the like on the common stock.

The series F preferred stock will automatically convert into common stock at any time, if our common stock trades on The Nasdaq National Market or a national securities exchange at a price per share of at least \$3.3282 (three times the initial conversion price) for ten trading days within any twenty trading day period. The series F preferred stock is not subject to automatic conversion if our common stock is not then listed for trading on The Nasdaq National Market or a national securities exchange.

Voting Rights. The holders of the series F preferred stock have voting rights entitling them to vote together with the holders of our common stock as a single class on all matters presented for a vote to the common stockholders. Each holder of series F preferred stock is entitled to cast 100 votes for each share of series F preferred stock held by such holder, subject to adjustment for any stock split, stock dividend, reverse stock split, reclassification or consolidation of or on our common stock. Additionally, so long as 50% of the series F preferred stock is still outstanding, holders of the series F preferred stock are entitled to have a class vote on certain matters, including the following:

the authorization or issuance of any other class or series of preferred stock ranking senior to or equal with the series F preferred stock as to payment of amounts distributable upon dissolution, liquidation or winding up of Daleen;

the issuance of any additional shares of series F preferred stock;

the reclassification of any capital stock into shares having preferences or priorities senior to or equal with the series F preferred stock;

the amendment, alteration or repeal of any rights of the series F preferred stock; and

the payment of dividends on any other class or series of our capital stock, including the payment of dividends on our common stock.

Dividends. Holders of series F preferred stock will have rights to the payment of dividends only when and if dividends are declared on our common stock. In the event we pay dividends on our common stock, the holders of series F preferred stock would be entitled to dividends on an as-if-converted basis.

Liquidation Preference. In the event of a dissolution, liquidation or winding up of us, after payment or provision for payment of debts, but before any distribution to the holders of our common stock or any other class or series of our then outstanding capital stock ranking junior to the series F preferred stock, the holders of the series F preferred stock then outstanding will be entitled to receive a preferential amount of \$110.94 per share (the Preferential Amount), which is equal to the original price per share; provided however, that (i) if the assets to be distributed to the holders of our series F preferred stock are insufficient to permit the payment to such holders of the full Preferential Amount, then all of our assets to be distributed will be distributed ratably to the holders of the series F preferred stock, and (ii) if the amount distributable on each share of our common stock upon liquidation, dissolution or winding up (after taking into account all distributions that would be necessary to satisfy the Preferential Amounts due to holders of the series F preferred stock) is greater than the Preferential Amount payable on the series F preferred stock, we, in lieu of distributing the Preferential Amount to the holders of series F preferred stock, will make a distribution in an amount per share to the holders of series F preferred stock (on an as-converted basis) equal to the amount per share distributed to the holders of our common stock.

Redemption Rights. Unless otherwise agreed by the holders of at least a majority of the outstanding shares of series F preferred stock, voting or consenting as a separate class, in the event of a Sale of the Company, we will be required to redeem all of the issued and outstanding shares of series F preferred stock for a redemption price equal to the Preferential Amount. A Sale of the Company means: (i) the acquisition of us by another entity by means of merger or consolidation resulting in the exchange of at least 50% of the outstanding shares of our capital stock for securities issued or other consideration paid by the acquiring entity or any parent or subsidiary thereof (except for a merger or consolidation after the consummation of which our stockholders immediately prior to such merger or consolidation own in excess of 50% of the voting securities of the surviving corporation or its parent corporation); or (ii) the sale or other disposition by us of substantially all of our assets (other than a sale or transfer of assets to one or more of our wholly-owned subsidiaries).

Restrictions on Transfer of the Common Stock and Series F Preferred Stock

Except as provided in the registration rights agreement as to the registration of the shares of common stock issued in the transactions or issuable upon conversion of the series F preferred stock and exercise of Warrants, the common stock and series F preferred stock to be issued in the transactions has not been and is not being registered under the Securities Act or any state securities laws, and the common stock and series F preferred stock may not be offered for sale, sold, assigned or transferred unless:

the common stock and the series F preferred stock is subsequently registered under the Securities Act and applicable state securities laws;

Abiliti, the Behrman Funds, or such other holder of the common stock and series F preferred stock delivers to us an opinion of legal counsel, in a generally acceptable form, to the effect that such series F preferred stock to be sold, assigned or transferred may be sold, assigned or transferred pursuant to an exemption from registration under the Securities Act; or

Abiliti, the Behrman Funds or such other holder of the common stock and series F preferred stock provides us with reasonable assurance that the common stock and series F preferred stock can be sold, assigned or transferred in accordance with Rule 144 or Rule 144A under the Securities Act.

Each of the certificates and other instruments representing the series F preferred stock, and, until such time that the common stock issuable upon conversion of the series F preferred stock has been registered under the Securities Act as contemplated by the registration rights agreement, the stock certificates representing our common stock, will bear a restrictive legend with respect to the above-discussed limitation on transfer of the common stock and series F preferred stock.

Terms of the Warrants

The following is a summary of the principal terms of the Initial Warrants that we will issue to Abiliti in the asset purchase and the Behrman Funds in the private placement. The following summary is qualified in its entirety by reference to the form of Initial Warrant, which is attached as Annex E to this proxy statement and is considered a part of this document.

Pursuant to the asset purchase, we will issue to Abiliti Initial Warrants to purchase 5,666,069 shares of our common stock. Pursuant to the private placement, we will issue to the Behrman Funds Initial Warrants to purchase an aggregate of 5,666,069 shares of our common stock, along with Additional Warrants to purchase an aggregate of 500,000 shares of our common stock.

The Initial Warrants will be exercisable for common stock at any time and from time to time commencing six months from the closing of the transactions and ending on June 7, 2006. The exercise period will be accelerated in the event of a change of control of Daleen. Pursuant to the terms of the Initial Warrant, a change of control means our dissolution or liquidation, the consummation of the sale of all or substantially all of our assets, or the acquisition of a majority of our voting securities by another person or entity by means of a stock sale, stock exchange or a merger (other than a merger which solely effects a change of domicile) or consolidation or other transaction (other than pursuant to a resale of

securities either under Rule 144 promulgated under the Securities Act or a registered offering), unless, after such stock sale, stock exchange, merger, consolidation or other transaction, the persons and entities who were our stockholders immediately before the stock sale, stock exchange, merger, consolidation or other transaction continue to hold at least fifty percent (50%) of the economic and voting power of the surviving entity. The Initial Warrants will have an exercise price of \$0.906 per share. The exercise price is equal to current conversion price of the series F preferred stock. The exercise price is subject to adjustment in the event of any dividend, reverse stock split, reclassification or consolidation of or on our common stock. Additionally, in the event of any adjustment of the conversion price of the series F preferred stock, (a) the number of shares issuable upon exercise of the Initial Warrants (the Warrant Share Number) will be adjusted to equal the number obtained by multiplying the Warrant Share Number, as in effect immediately prior to the adjustment to the conversion price of the series F preferred stock, by a fraction, the numerator of which will be the conversion price as in effect immediately prior to adjustment to the conversion price and the denominator of which is the conversion price after giving effect to the adjustment to the conversion price; and (b) the exercise price per share of the Initial Warrants will be adjusted to equal the conversion price as in effect immediately after the adjustment to the conversion price of the series F preferred stock.

The Initial Warrants may be exercised by surrendering to us the warrant agreement evidencing such Initial Warrants with an accompanying notice of exercise, properly completed and executed, together with payment of the exercise price. Payment of the exercise price by a holder may be made in the form of cash or a certified or official bank check, by wire transfer, or, to effect a cashless exercise, by the surrender of unexercised Initial Warrants, together with a written notice of election to effect such a cashless exercise. Upon surrender of the warrant certificate and payment of the exercise price, we will deliver or cause to be delivered, to or upon the written order of such holder, stock certificates representing the number of shares of common stock or other securities to which such holder is entitled pursuant to such exercise. If less than all of the Initial Warrants evidenced by a warrant agreement are to be exercised, a new Initial Warrant will be issued for the remaining number of Initial Warrants.

In addition to the Initial Warrants, we will issue to Kaufman Bros. Advisor Warrants to purchase an aggregate of 250,000 shares of our common stock. The Advisor Warrants will have the same terms as the Initial Warrants except that the exercise price of the warrants will be fixed at the fair market value per share of our common stock as of the day immediately prior to the closing date of the transactions. Further, the number of shares of common stock issuable upon exercise, and the exercise price per share, of the warrants to be issued to Kaufman Bros. will not be subject to adjustment except in the event of any dividend, reverse stock split, reclassification or consolidation of or on our common stock.

Voting Agreement

Certain of our stockholders have entered into voting agreements with Abiliti, pursuant to which they have agreed, subject to the terms and conditions of the voting agreement, to vote all of their shares of series F preferred stock, as applicable, and common stock in favor of the asset purchase, the private placement, and the transactions contemplated thereby, including, the issuance of shares of our common stock, series F preferred stock and Warrants to purchase additional shares of common stock in the asset purchase and the private placement and the amendments to our Certificate of Incorporation described in Proposal 3 and any other matter necessary to effect the asset purchase and the private placement. The form of the voting agreement is included in this proxy statement as Annex G. The shares subject to the voting agreements represent in the aggregate more than 66 2/3% of the outstanding voting power of the common stock and series F preferred stock (voting on a 100 for 1 basis, with the common stock as single class) and a majority of the outstanding shares of series F preferred stock.

Past Contacts, Transactions or Negotiations

Other than as described in the Background of the Asset Purchase and the Private Placement we have not had any past contacts, transactions or negotiations with Abiliti.

Material Federal Income Tax Consequences of the Asset Purchase

Our issuance to Abiliti of shares of our common stock, shares of our series F preferred stock and Warrants to purchase shares of our common stock pursuant to the asset purchase agreement is intended to result in the recognition of no gain or loss by us for federal income tax purposes. Daleen Solutions is intended to recognize no gain or loss for federal income tax purposes upon its acquisition of substantially all of Abiliti's net assets. No formal request for a ruling or other determination was or will be obtained. Each stockholder should consult with his or her own tax advisor.

Accounting Treatment of the Asset Purchase

The asset purchase will be treated as a purchase for accounting purposes in accordance with generally accepted accounting principles. Transaction costs to be incurred by us are included in the total estimated purchase consideration as described above. Total estimated transactions costs to be incurred by us of \$2.2 million have been reflected as accrued liabilities in the unaudited pro forma condensed consolidated balance sheet as of June 30, 2002 on page 105 of this proxy statement. Transaction costs to be incurred by Abiliti are expensed as incurred. These costs are estimated to be approximately \$800,000.

In addition, we are developing a plan to integrate our operations with the assets and operations of Abiliti after the transactions. In connection with that plan, we anticipate that certain non-recurring charges will be incurred in connection with such integration. We cannot now identify the timing, nature and amount of these charges. These charges will be recorded as incurred and are not part of the purchase price. However, any charge could affect our results of operations in the period in which the charge is recorded.

Recommendation of our Board of Directors

Our board of directors recommends that our stockholders vote FOR the asset purchase, the asset purchase agreement and the issuance of shares of our common stock, series F preferred stock and Asset Purchase Warrants to Abiliti in the asset purchase.

PROPOSAL 2 APPROVAL OF THE INVESTMENT AGREEMENT AND THE TRANSACTIONS CONTEMPLATED THEREBY, INCLUDING THE ISSUANCE OF SHARES OF CAPITAL STOCK AND WARRANTS IN THE PRIVATE PLACEMENT AND THE ADOPTION OF THE LTIP

The Investment Agreement

We have entered into an investment agreement, dated as of October 7, 2002, with the Behrman Funds. The investment agreement is attached to this proxy statement as Annex B. You should read the investment agreement carefully. It is the agreement that governs the terms of the private placement. The following summarizes the terms of the investment agreement.

General

The investment agreement provides that, at the closing, we will issue and sell to the Behrman Funds in a private placement an aggregate of 10,992,136 shares of common stock, 115,681 shares of series F preferred stock, Investment Warrants to purchase 5,666,069 shares of common stock at an exercise price of \$0.906 per share, and Additional Warrants to purchase 500,000 additional shares of common stock at an exercise price of \$0.17 per share. In consideration, the Behrman Funds will invest \$5.015 million in us. The closing of the private placement is scheduled to occur immediately prior to, and conditioned upon, the closing of the asset purchase.

Termination

The investment agreement may only be terminated if the asset purchase agreement is terminated pursuant to its terms. See Proposal 1 Termination for description of the termination provisions of the asset purchase agreement.

Indemnification

We have agreed to indemnify each of the Behrman Funds and its affiliates to the fullest extent permitted by law from and against all damages (as defined in the investment agreement) incurred by them resulting from or arising out of our breach of any representation or warranty, covenant or agreement contained in the investment agreement. We will have no liability for indemnification unless the total of all damages exceeds \$250,000. In addition, our indemnification will be limited to an aggregate of \$1,000,000 and to claims made within one year of the closing date of the investment agreement.

Fees

Pursuant to the terms of the investment agreement, we will pay a finders fee of \$650,000 to Behrman Brothers, L.P., an affiliate of the Behrman Funds. This fee will be paid subsequent to the closing of the transactions. The fee will be paid in connection with the transactions contemplated by the asset purchase and the private placement. In addition, we have agreed to reimburse the Behrman Funds a total of \$25,000 for costs and expenses relating to the asset purchase and the private placement.

Use of the Proceeds

We will use the net proceeds to fund capital expenditures and for working capital purposes, including continued development and enhancements to our products and technology, marketing and sales, expansion of our strategic alliances and expansion of our international operations.

Other Terms of the Investment Agreement

Board of Directors and Management. Upon completion of the transactions, the investment agreement provides that our board of directors will consist of seven members, as described under The Transactions Management of Daleen after the Transactions Board of Directors beginning on page 45. In addition, upon completion of the transactions, our board of directors will take all corporate

action necessary to cause Gordon Quick, currently Ability's president and chief executive officer, to be appointed our president and chief executive officer. James Daleen, our current chairman of the board, president and chief executive officer, will continue to serve as our chairman of the board. Jeanne Prayther, our current chief financial officer, will continue to serve as our chief financial officer. The remainder of our management team will be comprised of senior level executives from us and Ability.

Employment Agreements. As required by the investment agreement, we have entered into employment agreements, to be effective immediately after the closing of the private placement, with certain officers of Ability including Gordon Quick, Ability's president and chief executive officer. The terms of Mr. Quick's employment agreement include the following:

He will be our chief executive officer.

He will perform his duties from St. Louis, Missouri, *provided, however*, that after nine months, our board of directors may require him to relocate to Boca Raton, Florida. In such event, we will reimburse Mr. Quick for his relocation expenses.

The initial term of his employment will be for a period of three years, with automatic one year extensions, unless at least 90 days prior to the end of any term, either party shall give written notice of the termination of the agreement.

He will receive a base salary of \$350,000 for his services, which may be increased at the discretion of our board of directors or compensation committee.

He will be eligible to receive a bonus for meeting certain goals to be determined by our board of directors or compensation committee. The bonus will have an annual target of not less than 50% of Mr. Quick's then-current base salary.

He will be eligible to receive compensation under the LTIP. His interest in the LTIP will vest 25% at grant and the balance will vest ratably on the last day of each of the first 36 months ending after the effective date of his employment agreement.

Subject to the vesting provisions, Mr. Quick will receive at least 38% of the total bonus pool allocated under our LTIP.

He will receive four weeks of vacation per year.

We will provide him with long-term disability and life insurance.

We will indemnify him to the full extent permitted by law.

Upon his termination without cause or if he terminates for good reason, he will be entitled to (i) payment of his base salary for 24 months, (ii) payment of his pro rata bonus, if earned and payable when bonuses paid to other officers of ours, and (iii) his interest in the LTIP will continue to vest for one year following termination. We may elect to either payout his LTIP interest or allow it to remain in place until a payout event. If his termination is related to a change of control he will be entitled to (i) payment of two times his base salary plus his pro rata average bonus in a lump sum, (ii) his interest in the LTIP will fully vest and we may elect to either pay out the LTIP interest or allow the interest to remain in place until a payout event, and (iii) we will gross-up all payments as necessary to cover excise taxes related to benefits that are determined to be subject to excise taxes. In either case, (i) we will pay all welfare benefits for 18 months, and (ii) his stock options will remain exercisable for one year after termination.

Long-Term Incentive Compensation Plan

Our board of directors has authorized a Long-Term Incentive Compensation Plan, or LTIP, as required by the investment agreement. A copy of the LTIP is attached to this proxy statement as Annex J. Some of the material terms of the LTIP include:

A bonus pool, equal to 15% of our value in excess of \$20 million, up to \$100 million, plus 10% for the value that exceeds \$100 million, shall be created for distribution to participants in the LTIP upon a payout event.

The bonus pool participants will include Gordon Quick, whose participation interest will be 38% of the bonus pool, James Daleen, whose participation interest will be 15% of the bonus pool, and certain management team members and other employees and consultants as may be determined by our board of directors or the compensation committee of our board.

The bonus pool interests will be distributed to the participants upon the occurrence of certain payout events, which shall include: (i) the sale of all or substantially all of our assets to a third party; (ii) our merger or consolidation with another company, whereby our stockholders receive cash or other securities for our capital stock and our stockholders immediately prior to the merger or consolidation own less than 50% of the combined voting power of the surviving company; (iii) the sale of 60% or more of our company to a single person or group; or (iv) our liquidation, dissolution or winding up.

Payments may be in cash or the same consideration received by our stockholders in the payout event, provided, however, if all or part of the payout is other than in cash or immediately tradeable securities, we must use reasonable efforts to make appropriate arrangements to ensure that the participants have sufficient cash as part of the payout under the LTIP or, if sufficient cash is not available for distribution as part of the payout, we must use reasonable efforts to distribute as part of the payout publicly traded stock that has been registered under the Securities Act sufficient to pay such taxes.

Payments will be reduced by the value of certain options to purchase our common stock held by the participant, provided, however, that options granted after the effective date of the LTIP will be considered for this valuation only if our board of directors designates them for such treatment at the time they are granted. The value will be based on the fair market value of our common stock, less the exercise price of the vested options held by the participant.

Our board of directors may, in its sole and complete discretion, amend or terminate the LTIP at any time and for any reason that it deems necessary or appropriate. However, the termination or amendment of the LTIP will not adversely affect any participant's rights previously granted under the LTIP unless approved by participants holding in the aggregate more than one-half of the total participation percentages then outstanding.

Our board of directors may elect to replace the LTIP in its entirety with a new equity-based compensation plan, *provided, however*, that any such new plan shall be substantially equivalent to or more favorable than this plan for the participants from a financial and tax standpoint.

Edgar Filing: DALEEN TECHNOLOGIES INC - Form PRE 14A

The following table sets forth the benefits or amounts that have been allocated to each of the named executive officers under the LTIP. Other benefits or amounts may be received by such individuals or others, but such amounts are not determinable.

As former executive officers, Messrs. Kim, Corey and Wagman are not eligible to participate in the LTIP. Gordon Quick, who will be our president and chief executive officer after the closing of the transactions, will receive 38% of the payout pool.

Survival of Representations and Warranties

All of our representations, warranties and indemnities made in the investment agreement will survive until the date that is one year from the closing of the private placement.

Covenants. Until the closing date of the transactions, we will not, without the prior written agreement of the Behrman Funds, take any of the following actions, or take any action that would result in:

a dividend to the holders of our series F preferred stock or common stock or issue any additional shares of stock, other than upon exercise of previously issued options and warrants;

a change in our capital structure, other than as described above, as set forth in the asset purchase agreement, or in connection with a reverse stock split in which we would be obligated to pay an aggregate of \$50,000 or less in respect of fractional shares;

a grant of any stock option or right to purchase, or issue any security convertible into our capital stock;

a grant of any registration rights; or

a purchase, redemption, retirement or other acquisition by us of any of our shares of capital stock other than in connection with certain outstanding loans.

Terms of the Series F Preferred Stock

A summary of the principal terms of our series F preferred stock and the qualifications, limitations and restrictions thereof can be found in Proposal 1-Terms of the Series F Preferred Stock beginning on page 65.

Terms of the Warrants

We will issue to the Behrman Funds Initial Warrants to purchase an aggregate of 5,666,069 shares of our common stock. We also will issue to the Behrman Funds Additional Warrants for the purchase of 500,000 shares of common stock.

A summary of the terms of the Initial Warrants is set forth under Proposal 1 Description of the Warrants beginning on page 67. The following is a summary of the principal terms of the Additional Warrants that we will issue to the Behrman Funds in the private placement. The following summary is qualified in its entirety by reference to the form of Additional Warrant, which is attached as Annex F to this proxy statement and is considered a part of this document. You should read the form of Additional Warrant carefully.

The Additional Warrants will be exercisable for common stock at any time and from time to time commencing one year from the closing of the transactions and ending on June 7, 2006. The exercise period will be accelerated in the event of a change of control of Daleen. Pursuant to the terms of the Additional Warrant, a change of control means our dissolution or liquidation, the consummation of the sale of all or substantially all of our assets, or the acquisition of a majority of our voting securities by another person or entity by means of a stock sale, stock exchange or a merger (other than a merger which solely effects a change of domicile) or consolidation or other transaction (other than pursuant to a resale of securities either under Rule 144 promulgated under the Securities Act or a registered offering), unless, after such stock sale, stock exchange, merger, consolidation or other transaction, the persons and entities who were our stockholders immediately before the stock sale, stock exchange, merger, consolidation or other transaction continue to hold at least fifty percent (50%) of the economic and voting power of the surviving entity. The Additional Warrants will have an exercise price of \$0.17 per share. The exercise price is subject to adjustment in the event of any dividend, reverse stock split, reclassification or consolidation of or on our common stock.

The Additional Warrants may be exercised by surrendering to us the warrant agreement evidencing such Additional Warrants with an accompanying notice of exercise, properly completed and executed, together with payment of the exercise price. Payment of the exercise price by a holder may be made in the form of cash or a certified or official bank check, by wire transfer, or, to effect a cashless exercise, by the surrender of unexercised Additional Warrants, together with a written notice of election to effect such a cashless exercise. Upon surrender of the warrant certificate and payment of the exercise price, we will deliver or cause to be delivered, to or upon the written order of such holder, stock certificates representing the number of shares of common stock or other securities to which such holder is entitled pursuant to such exercise. If less than all of the Additional Warrants evidenced by a warrant agreement are to be exercised, a new Additional Warrant will be issued for the remaining number of Additional Warrants.

The Supplemental Voting Agreement

Abiliti, the HarbourVest Funds and the Behrman Funds have entered into a supplemental voting agreement, dated as of October 7, 2002. These parties as a group will own an aggregate of approximately 63.7% of our voting stock immediately after the transactions. The following is a summary of the terms of the supplemental voting agreement. The supplemental agreement is attached to this proxy statement as Annex H. You should read the supplemental voting agreement carefully.

The supplemental voting agreement provides that at our 2003 Annual Meeting of Stockholders, the parties to the supplemental voting agreement will vote the securities owned by them in favor of:

two nominees to our board of directors as designated by the Behrman Funds;

one nominee to our board of directors as designated by the HarbourVest Funds; and

Each nominee will be nominated as a Class I director, with a term expiring at our 2006 Annual Meeting of Stockholders.

Each of the parties to the supplemental voting agreement has agreed to not transfer its shares of voting stock, other than to their affiliates and to others who agree to be bound by the terms of the supplemental voting agreement.

The supplemental voting agreement will terminate on the earlier of the final adjournment of our 2003 Annual Meeting of Stockholders or the termination of the asset purchase agreement in accordance with its terms.

The Registration Rights Agreement

We have entered into a registration rights agreement, dated as of October 7, 2002, with Abiliti, the Behrman Funds and Kaufman Bros., L.P., our financial advisor in the transactions. The principal terms of the registration rights agreement are described in Proposal 1 The Registration Rights Agreement on pages 64 through 65. The registration rights agreement is attached as Annex C to this proxy statement. You should read the registration rights agreement carefully.

Voting Agreement

Certain of our stockholders have entered into voting agreements with Abiliti. Pursuant to the terms of the voting agreements, the stockholders have agreed, subject to certain terms and conditions, to vote all of their shares of series F preferred stock, and common stock, as applicable, in favor of the asset purchase, the private placement and the issuance of shares of our series F preferred stock, common stock and Warrants in the asset purchase and private placement and any other matter necessary to effect the asset purchase and private placement. A form of the voting agreement is included in this proxy statement as Annex G. You should carefully read the voting agreement. The shares subject to the voting agreements represent in the aggregate more than 66 2/3% of the outstanding voting power of our common stock and series F preferred stock (voting on a 100-1 basis, with the common stock as single class) entitled to vote at the special meeting and more than a majority of the outstanding series F preferred stock.

Past Contacts, Transactions or Negotiations

Other than as described in the Background of the Transactions, we have not had any past contacts, transactions or negotiations with the Behrman Funds.

Recommendation of our Board of Directors

Our board of directors recommends that our stockholders vote FOR the investment agreement and the transactions contemplated thereby, including the issuance of 10,992,136 shares of common stock, 115,681 shares of series F preferred stock, Investment Warrants to purchase an additional 5,666,069 shares of common stock at an exercise price of \$0.906 per share and Additional Warrants to purchase 500,000 shares of common stock at an exercise price of \$0.17 per share to the Behrman Funds in the private placement and the adoption of the LTIP.

PROPOSAL 3 AMENDMENTS

TO OUR CERTIFICATE OF INCORPORATION

Our board of directors has approved, subject to stockholder approval, amendments to our Certificate of Incorporation to (i) increase our authorized shares of series F preferred stock from 356,950 shares to 588,312 shares and (ii) amend the terms of the series F preferred stock to provide that the transactions contemplated by the asset purchase agreement and investment agreement will not (A) result in an adjustment to the conversion price of the series F preferred stock and (B) give rise to redemption rights in favor of the holders of series F preferred stock.

Approval of this proposal, in addition to the approval of Proposals 1 and 2 (the asset purchase agreement, the investment agreement and the transactions contemplated thereby, including the issuance of shares of our common stock, series F preferred stock and Warrants in the asset purchase and the private placement and the LTIP) is required to consummate the transactions. Although we are asking for stockholder approval of this proposal, if for any reason the transactions are not consummated, this proposal will not be implemented.

The text of the proposed amendments to our Certificate of Incorporation is set forth in the form of Certificate of Amendment to the Certificate of Incorporation included in Annex K hereto. You should read the proposed amendments to the Certificate of Incorporation carefully.

Pursuant to our Certificate of Incorporation, we currently are authorized to issue up to 221,877,236 shares of capital stock, including up to 200,000,000 shares of common stock and 21,877,236 shares of preferred stock. The preferred stock consists of 3,000,000 shares designated as series A convertible preferred stock, 1,250,000 shares designated as series B convertible preferred stock, 1,222,222 shares designated as series C convertible preferred stock, 4,221,846 shares designated as series D convertible preferred stock, 686,553 shares designated as series D-1 convertible preferred stock, 1,496,615 shares designated as series E convertible preferred stock, and 356,950 shares designated as series F convertible preferred stock, with the remaining 9,643,050 shares consisting of blank check preferred stock that have not yet been designated.

As of October 8, 2002, an aggregate of 22,984,272 shares of our common stock were issued and outstanding, 13,146,091 shares were reserved for issuance upon exercise of outstanding options and warrants to purchase common stock, and 41,685,754 shares were reserved for issuance upon conversion of our series F preferred stock, including shares of series F preferred stock issuable upon exercise of outstanding warrants to purchase series F preferred stock. As of that date, an aggregate of 231,362 shares of series F preferred stock were issued and outstanding and an aggregate of 109,068 shares of series F preferred stock were reserved for issuance upon the exercise of outstanding warrants to purchase series F preferred stock. No other shares of preferred stock are issued and outstanding.

The asset purchase agreement and the investment agreement provide that we will issue an aggregate of 22,484,272 shares of common stock, 231,362 shares of series F preferred stock, and Warrants to purchase up to 12,082,138 additional shares of common stock, including warrants to be issued to Kaufman Bros., our financial advisor.

The proposed amendment to the Certificate of Incorporation will authorize us to issue up to an additional 231,362 shares of series F convertible preferred stock. This will provide a sufficient number of authorized shares of series F preferred stock for issuance in the transactions.

Amendment to the Terms of the Series F Preferred Stock

Conversion Price Adjustment. Each share of our series F preferred stock is convertible at any time at the option of the holder into shares of our common stock. The number of shares of common stock issuable

upon conversion of a single share of series F preferred stock is determined by dividing (i) \$110.94, the original price per share of the series F preferred stock issued in June 2001, by (ii) the conversion price in effect on the date of conversion. The conversion price currently is \$0.906. As a result, each share of series F preferred stock is convertible into 122.4503 shares of our common stock. Based on the conversion formula, a reduction in the conversion price would result in an increase in the number of shares of common stock issuable upon conversion of each share of series F preferred stock. Pursuant to the terms of the series F preferred stock, in the event we issue common stock or securities convertible into common stock at a price per share less than the conversion price of the series F preferred stock (i.e., at a price per share less than \$0.906), the conversion price will be reduced to be equal to the price per share of the securities sold. This adjustment provision is subject to a number of exceptions, including the issuance of stock or options to employees and the issuance of stock or options in connection with certain acquisitions. It is a condition to the transactions that we amend our Certificate of Incorporation to specifically provide that the transactions, including the issuance of our common stock, series F preferred stock and Warrants to purchase common stock in the transactions, will not result in a reduction of the conversion price of the series F preferred stock.

Redemption Provisions. Pursuant to the terms of series F preferred stock, unless otherwise agreed by the holders of at least a majority of the outstanding shares of series F preferred stock, voting or consenting as a separate class, in the event of a Sale of the Company we are required to redeem all of the issued and outstanding shares of series F preferred stock for a redemption price equal to the preferential amount, which currently is \$110.94 per share. A Sale of the Company means: (i) the acquisition by another entity by means of merger or consolidation resulting in the exchange of at least 50% of the outstanding shares of our capital stock for securities issued or other consideration paid by the acquiring entity or any parent or subsidiary thereof (except for a merger or consolidation after the consummation of which our stockholders immediately prior to such merger or consolidation own in excess of 50% of the voting securities of the surviving corporation or its parent corporation); or (ii) the sale or other disposition by us of substantially all of our assets (other than a sale or transfer of assets to one or more of our wholly-owned subsidiaries). Although we do not believe that the transactions will give rise to the redemption rights, it is a condition to the transactions that we amend our Certificate of Incorporation to specifically provide that the holders of our series F preferred stock will not have any redemption rights as a result of the transactions.

Reasons for the Amendments; Effect of the Amendment

The amendments to our Certificate of Incorporation described in this proposal are required to consummate the transactions. In the opinion of our board of directors, the amendments are advisable and in the best interests of our stockholders. If the amendments are not approved, we will not be able to complete the transactions, which will materially adversely effect our business and ability to operate going forward.

In addition, after consummation of the private placement, 9,411,688 shares of undesignated preferred stock which may be designated and issued in the future without additional stockholder approval, except as may be required by the rules of the Nasdaq SmallCap Market, if applicable, or our Certificate of Incorporation. This will provide us flexibility and enable us to respond promptly and appropriately to future acquisitions, additional future financing needs, possible stock dividends or stock splits or other business opportunities. Other than as authorized under the asset purchase agreement and investment agreement, as of the date of this proxy statement, no plans are pending to issue any additional shares of preferred stock.

The issuance of additional shares of preferred stock, including shares of series F preferred stock, could have the effect of diluting earnings per share and book value per share, which may adversely affect our existing stockholders. Issuing additional shares of preferred stock may also have the effect of delaying or preventing a change of control of us. Shares of authorized but unissued preferred stock could be issued in one or more transactions that would make a takeover of our company more difficult or costly, and less likely. The proposed amendment is not being recommended in response to any specific effort to obtain

control of our company, and our board of directors has no present intention to use any undesignated shares of our preferred stock in order to impede a takeover attempt.

Recommendation of our Board of Directors

Our board of directors recommends a vote FOR the approval of the amendment of the Certificate of Incorporation to (i) increase the number of authorized shares of series F preferred stock and (ii) amend the terms of the series F preferred stock to provide that the transactions contemplated by the asset purchase agreement and investment agreement will not (A) result in an adjustment to the conversion price of the series F preferred stock and (B) give rise to redemption rights in favor of the holders of series F preferred stock.

- (1) Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on the fair market value per share on the date of grant and assumed rates of stock price appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. These assumptions are mandated by the rules of the SEC and are not intended to forecast future appreciation of our stock price. The potential realizable value computation is net of the applicable exercise price, but does not take into account federal or state income tax consequences and other expenses of option exercises or sales of appreciated stock. Actual gains, if any, are dependent upon the timing of such exercise and the future performance of our common stock. There can be no assurance that the rates of appreciation in this table can be achieved. This table does not take into account any appreciation in the price of our common stock to date.
- (2) Mr. Kim's employment was terminated effective on May 31, 2002. His options expired 90 days after such termination.
- (3) Mr. Corey resigned from Daleen effective on December 31, 2001. His options expired 90 days after such resignation.
- (4) Mr. Wagman resigned from Daleen effective on August 31, 2001. His options expired 90 days after such resignation.

Aggregated Option Exercises in Last Fiscal Year and Year-End Option Values

			Exercisable	Unexercisable	Exercisable	Unexercisable

Stephen M. Wagman(5)						
David J. McTarnaghan			112,060	309,003		

- (1) Amounts disclosed in this column do not reflect amounts actually received by the Named Executive Officers but are calculated based on the difference between the fair market value on the date of exercise of the options and the exercise price of the options. The Named Executive Officers will receive cash only if and when they sell the common stock issued upon exercise of the options, and the amount of cash received by such individuals is dependent on the price of our common stock at the time of such sale.
- (2) Based on the fair market value of our common stock as of December 31, 2001 of \$0.35 per share as reported on the Nasdaq Stock Market, less the exercise price payable upon exercise of such options.
- (3) Mr. Kim's options expired 90 days after his termination on May 31, 2002.
- (4) Mr. Corey's options expired 90 days after his resignation on December 31, 2001.

Employment Agreements

We entered into an amended and restated employment agreement with James Daleen, our chairman, president and chief executive officer, on September 20, 2002. The agreement will terminate when either party notifies the other of its intent to terminate the employment agreement. The employment agreement provides for a base salary to be determined by our compensation committee which may be increased annually, but not decreased. Mr. Daleen's base salary was \$328,900 in 2001 and is \$328,900 in 2002, pursuant to a previous employment agreement and his current employment agreement. Mr. Daleen may also receive an annual bonus to be determined by our compensation committee, with the annual bonus targeted at 50% of Mr. Daleen's base salary. See *Interests of Certain Persons in the Transactions - James Daleen* on page 46 of this proxy statement for description of Mr. Daleen's severance payment in the event of his termination without cause.

We entered into an employment agreement with Jeanne Prayther on June 9, 2000, which was amended on August 22, 2001 when Ms. Prayther became our chief financial officer and secretary, and further amended on October 7, 2002. Ms. Prayther's base salary for 2001 was \$149,500, was increased to \$174,500 on November 19, 2001 and is \$174,500 in 2002. See *Interests of Certain Persons in the Transactions - Jeanne Prayther* on page 46 of this proxy statement for description of the terms of Ms. Prayther's amendment of October 7, 2002.

Effective May 14, 2002, Steven R. Kim was terminated as an employee and as our executive vice president of products and technologies and we entered into a severance and release agreement effective on such date. Under the terms of such agreement, we paid Mr. Kim \$50,000 in severance.

In June 1998 we entered into an employment agreement, as amended on October 7, 2002, with David J. McTarnaghan, our senior vice president of sales and an executive officer of our subsidiary, Daleen Australia Pty Limited. The agreement can be terminated by either party at any time. Mr. McTarnaghan's base salary was \$175,000 in 2001 and is \$175,000 in 2002. See Interests of Certain Persons in the Transactions David J. McTarnaghan on page 46 of this proxy statement for a description of Mr. McTarnaghan's amendment of October 7, 2002.

Our executive officers and some of our other employees have signed invention assignment and confidentiality agreements as well as non-compete agreements. Under the invention assignment and confidentiality agreement, these individuals have assigned to us all of their copyrights, trade secrets and patent rights that relate to our business. Under the terms of the non-compete agreement, each of these individuals has agreed not to compete, directly or indirectly, with us in the billing and customer care industry during the term of their employment and for six months after termination of employment. Each also has agreed not to solicit our customers or employees, directly or indirectly, during the period of employment and for one year following termination of employment.

Effective December 31, 2001, David B. Corey resigned as an employee and as a director of Daleen and we entered into a severance and release agreement with Mr. Corey effective on such date. Under the terms of the severance and release agreement, Mr. Corey is entitled to severance in the amount of twelve months base salary. During the severance period, Mr. Corey may not directly or indirectly engage in any conduct in direct competition with the business of Daleen.

Effective August 31, 2001, Stephen Wagman resigned as an employee and as chief financial officer, treasurer and secretary of Daleen. The non-compete clause of Mr. Wagman's employment agreement was waived and no severance arrangements were part of his resignation.

Stock Option and Other Compensation Plans

Long-Term Incentive Compensation Plan. Our board of directors has approved, and submitted for approval of our stockholders in this proxy statement, the Long-Term Incentive Compensation Plan. For a description of the terms of the Long-Term Incentive Compensation Plan, see Proposal 2 Other Terms of the Investment Agreement Long-Term Incentive Compensation Plan beginning on page 72 of this proxy statement.

2001 Broad-Based Stock Incentive Plan. We established the 2001 Broad-Based Stock Incentive Plan (2001 Broad-Based Plan) to promote our interests by providing employees and key persons the opportunity to purchase shares of common stock and to receive compensation based upon appreciation in the value of those shares. Pursuant to rules of The Nasdaq Stock Market, the 2001 Broad-Based Plan, as approved by the board of directors, must issue more than a majority of the eligible options under the 2001 Broad-Based Plan to non-management employees. We have reserved 2,000,000 shares of common stock for issuance under the 2001 Broad-Based Plan. As of December 31, 2001, options to purchase an aggregate of 1,802,750 shares of common stock were outstanding under the 2001 Broad-Based Plan and no shares of common stock have been issued upon exercise of options under the 2001 Broad-Based Plan. If we sell 80% or more of our capital stock or assets, or if we agree to convert 80% or more of the outstanding shares of capital stock into another security, and a participant is terminated for any reason other than for cause or if a participant is terminated as a result of constructive discharge, then the vesting schedule of each option grant for such participant will accelerate by two years. The vesting period for the options granted under the 2001 Broad-Based Plan is at the discretion of the board of directors. The vesting period for the options issued in 2001 under the 2001 Broad-Based Plan range from two to four years.

Amended & Restated 1999 Stock Incentive Plan. We established the Amended & Restated 1999 Stock Incentive Plan (1999 Plan) to promote our interests by providing employees and key persons the opportunity to purchase shares of common stock and to receive compensation based upon appreciation in the value of those shares. We have reserved 8,790,145 shares of common stock for issuance under the 1999 Plan. Prior Stock Option Plans. We adopted six other stock option plans between 1994 and 1998. Some of these plans provided for incentive stock options within the meaning of Subsection 422 of the Internal Revenue Code while others provided for non-qualified stock options.

(1) The board of directors is permitted to establish alternative vesting schedules under the 1999 Plan and the 2001 Broad-Based Plan.

(2) The options issued in 2001 under the 2001 Broad-Based Plan have a vesting period of two years from grant.

As of December 31, 2001, options to purchase an aggregate of 5,740,532 shares of common stock were outstanding under all the plans at a weighted average exercise price of \$5.33 per share and 1,148,116 shares of common stock have been issued upon exercise of options granted under these plans. Limitation of Liability and Indemnification of Officers and Directors

Our Certificate of Incorporation, as amended, provides that the liability of our directors for monetary damages shall be eliminated to the fullest extent permissible under Delaware law and that we shall indemnify our directors, officers, employees and agents to the fullest extent permitted under Delaware law.

Our Certificate of Incorporation, as amended, provides that our directors will not be personally liable to Daleen or any stockholder for monetary damages for breach of fiduciary duty as a director, except if the director:

is liable under Section 174 of the Delaware General Corporation Law;

has breached the director's duty of loyalty to us or our stockholders;

has acted in a manner involving intentional misconduct or a knowing violation of law or, in failing to act, has acted in a manner involving intentional misconduct or a knowing violation of law; or

has derived an improper personal benefit.

If Delaware law is amended to provide for further limitations on the personal liability of directors of corporations for breach of duty of care or other duty as a director, then the personal liability of the directors will be so further limited to the greatest extent permitted by Delaware law.

We maintain a directors' and officers' liability insurance policy.

Compensation Committee Interlocks and Insider Participation

The following non-employee directors were the members of our compensation committee of the board of directors during 2001: Messrs. Getsy, the chairman, Ms. Hilbert and Mr. Nemirovsky. Ms. Hilbert replaced Neil E. Cox as a member of the compensation committee after Mr. Cox's retirement from the board of directors in February 2001. Ms. Hilbert resigned from the board of directors in October 2002. None of the members of the compensation committee is an executive officer of Daleen.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

General

The compensation committee of our board of directors has furnished the following report on executive compensation in accordance with the rules and regulations of the SEC. This report outlines the duties of the compensation committee with respect to executive compensation, the various components of our compensation program for executive officers and other key employees, and the basis on which the 2001 compensation was determined for our executive officers.

The compensation committee of the board of directors is responsible for establishing compensation levels for our executive officers, including the annual bonus plan for executive officers and for administering our stock option plans. The compensation committee's overall objective is to establish a compensation policy that will (i) attract, retain and reward executives who contribute to achieving our business objectives; (ii) motivate executives to obtain these objectives; and (iii) align the interests of executives with those of our long-term investors. We compensate executive officers with a combination of salary and incentives designed to focus their efforts on maximizing both our near-term and long-term financial performance. In addition, our compensation program rewards individual performance that furthers our goals. The executive compensation program includes the following: (i) base salary; (ii) incentive bonuses; (iii) long-term equity incentive awards in the form of stock option grants; and (iv) other benefits. Each executive officer's compensation package is designed to provide an appropriately-weighted mix of these elements which cumulatively provide a level of compensation roughly equivalent to that paid by companies of similar size and complexity.

Compensation of Executive Officers Generally

Base Salary. Base salary levels for each of our executive officers, including the chief executive officer, are generally set within a range of base salaries that the compensation committee believes are paid to similar executive officers at companies deemed comparable based on the similarity in revenue level, industry segment and competitive employment market to Daleen. In addition, the compensation committee

generally takes into account our past financial performance and future expectations, as well as the performance of the executives and changes in the executives' responsibilities.

In 2002, the compensation committee determined that no annual salary increases would be provided to the executive officers.

Incentive Bonuses. The compensation committee recommends the payment of bonuses to provide an incentive to executive officers to be productive over the course of each fiscal year. These bonuses are awarded only if we and the executives achieve or exceed certain pre-established performance objectives. In 2001, there were no bonuses paid to executives. In 2002, incentive bonuses, if paid, will be based on our achievement of pre-established performance objectives.

Retention Bonuses. Retention bonus agreements are used to provide additional financial incentive to retain key executives whose contributions are critical to us. The agreements generally provide for a bonus to be paid on each of two retention dates six months and one year from the date of the agreement. In the event of termination resulting in severance benefits, the executive is entitled to a prorated portion of the retention bonus. In 2001, two agreements were executed.

Equity Incentives. We use stock options for payment of long-term compensation to provide a stock-based incentive to improve our financial performance and to assist in the recruitment, retention and motivation of professional, managerial and other personnel. Generally, stock options are granted to executive officers from time to time based primarily upon the individual's actual and/or potential contributions to us and our financial performance. Stock options are designed to align the interests of our executive officers with those of its stockholders by encouraging executive officers to enhance our value, the price of the common stock, and hence, the stockholders' return. In addition, the vesting of stock options over a period of time is designed to create an incentive for the individual to remain with us. Generally, ongoing option grants occur at year-end and in connection with promotions or an executive's acceptance of significant new and additional responsibilities. During the fiscal year ended December 31, 2001, we granted options to purchase an aggregate of 799,080 shares of common stock to our current executive officers.

Other Benefits. Benefits offered to our executive officers are provided to serve as a safety net of protection against the financial catastrophes that can result from illness, disability, or death. Benefits offered to our executive officers are substantially the same, other than participation in the LTIP, as those offered to all of our regular employees. While the LTIP allows for grants to be made to any employee, at the discretion of our board of directors, it is currently contemplated that only management, including executive officers, will participate. In January 1994, we established a tax-qualified deferred compensation 401(k) Savings Plan (the "401(k) Plan") covering all of our eligible full-time employees. Under the 401(k) Plan, participants may elect to contribute, through salary reductions, up to 25% of their annual compensation subject to a statutory maximum. In 2000, our matching contribution was changed to 35% up to the first 8% contributed under the 401(k) Plan. In 2001, we continued to provide additional matching contributions in the amount of 35% up to the first 8% contributed under the 401(k) Plan. The matching contributions were discontinued effective July 1, 2002. The 401(k) Plan is designed to qualify under Section 401 of the Internal Revenue Code so that the contributions by employees or by us to the 401(k) Plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the 401(k) Plan, and so that contributions by us will be deductible by us when made.

Compensation of the Chief Executive Officer

The compensation committee annually reviews the performance and compensation of the chief executive officer based on the assessment of his past performance and its expectation of his future contributions to our performance. James Daleen has served as our chief executive officer since our founding in 1989. In 2001, Mr. Daleen's base salary was set at \$328,900. The compensation committee believes the compensation paid to Mr. Daleen was reasonable.

Policy with Respect to Qualifying Compensation for Deductibility

Section 162(m) of the Internal Revenue Code imposes a limit on tax deductions for annual compensation (other than performance-based compensation) in excess of one million dollars paid by a corporation to its chief executive officer and the other four most highly compensated executive officers of a corporation. We have not established a policy with regard to Section 162(m) of the Code, since Daleen has not and does not currently anticipate paying cash compensation in excess of one million dollars per annum to any employee. None of the compensation paid by us in 2001 was subject to the limitations on deductibility. The Board of Directors will continue to assess the impact of Section 162(m) on its compensation practices and determine what further action, if any, is appropriate.

Compensation Committee

Compensation of Directors

Prior to October 25, 2002, we did not provide any cash compensation to our directors although we have reimbursed our directors for reasonable expenses incurred in connection with attendance at board and committee meetings. Additionally, we have granted to our directors options to purchase shares of our common stock as described below. On October 25, 2002, our board of directors adopted a new policy with respect to the compensation of each of our directors who is not an officer, employee or consultant (a qualified director). Our director compensation policy is described below.

Option Awards

Prior to October 25, 2002, it was our policy that non-employee directors who are not employed by venture capital firms with investments in us are eligible to receive options to purchase our common stock under our 1999 Plan and our 2001 Broad-Based Plan. We previously issued to these non-employee directors options to purchase 50,000 shares of common stock upon initial election to our board of directors or their becoming otherwise eligible for the option grant and 15,000 options per year thereafter. The disinterested members of our board of directors determined the vesting schedule for options granted to non-employee directors. During 2001, we granted the following options to certain members of the board of directors:

Name of Director	Number of Shares Granted
Paul G. Cataford	57,500(1)
Paula J. Hilbert	80,000(2)
Stephen J. Getsy	80,000(3)

- (1) Mr. Cataford was issued 50,000 options to purchase common stock due to him becoming an independent director. In addition, he was granted 7,500 options as a portion of his yearly grant due to him becoming eligible for options in mid-year.
- (2) Ms. Hilbert was issued 15,000 options in January 2001 for the 2000 yearly grant, 50,000 options in July 2001 as a special grant issued to all employees and eligible directors and 15,000 options in December 2001 for the 2001 yearly grant. Ms. Hilbert resigned as a director in October 2002. These options will expire 90 days from her date of resignation.

- (3) Mr. Getsy was issued 15,000 options in January 2001 for the 2000 yearly grant, 50,000 options in July 2001 as a special grant issued to all employees and eligible directors and 15,000 options in December 2001 for the 2001 yearly grant.

Under the new policy, as soon as possible after the closing of the transactions, we will grant to each qualified director, including qualified directors elected after the closing of the transactions, options for the purchase of 250,000 shares of our common stock at an exercise price equal to the fair market value of the common stock on the date of grant. Additionally, on an annual basis thereafter we will grant to the qualified directors options to purchase an additional 25,000 shares of our common stock. The options will be granted under our existing stock incentive plans and will vest in accordance with our previous grants of options to directors. We will not grant options to Mr. Daleen during the period that he is serving as a consultant to us. However, it is anticipated that Mr. Daleen will become a qualified director and be eligible for the initial grant of options as well as the annual grants and the cash compensation described below upon the termination of his consulting agreement with us.

Annual Retainer

Effective on October 25, 2002, each qualified director receives an annual retainer of \$25,000, plus \$1,500 for each committee that he serves as chairman, for his services as a director. We pay the annual retainer on a quarterly basis. Mr. Daleen is not entitled to cash compensation as a director until the expiration of his consulting agreement, at which time he will become a qualified director. Once he becomes a qualified director, he will be entitled to a pro rata portion of the annual retainer and an additional \$1,500 annual retainer for serving as chairman of the board of directors.

Meeting Fees

Effective beginning on October 25, 2002, each qualified director receives \$1,200 for attendance at each regular meeting of the board of directors and \$1,000 for attendance at each special meeting of the board of directors (if the special meeting lasts one hour or more). Additionally, each qualified director receives \$500 for each committee meeting attended, or \$750 for the chairman of the committee; provided, however that we do not pay fees for attendance at committee meetings that occur on the same day as a meeting of the board of directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), and the rules and regulations of the SEC thereunder requires our directors, executive officers and persons who own beneficially more than 10% of our common stock and persons who own beneficially more than 10% of our series F preferred stock to file reports of ownership and changes in ownership of such stock with the SEC. Based solely upon a review of such reports, we believe that all our directors, executive officers and 10% stockholders complied with all applicable Section 16(a) filing requirements during the last fiscal year, with the exception of one late filing of a Form 3 by Jeanne Prayther, our chief financial officer and secretary.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION

AND RESULTS OF OPERATIONS OF ABILITI

The following Management's Discussion and Analysis of Financial Condition and Results of Operations of Abiliti should be read in conjunction with Abiliti's financial statements for the years ended December 31, 2000 and 2001 and the related notes included elsewhere in this proxy statement.

Overview of Business Operations

General. Abiliti develops BREM&CC software that allows communication providers to rate events, bill and invoice. Abiliti's billing solution addresses all three of these steps and consists of three major subsystems: *Simpliciti.net*, *Rate IT*, and *NetworkStrategies*. Abiliti's billing products are available separately or as an integrated suite, through either the purchase of a software license for use at the customer's location, or as a hosted integrated solution through Abiliti's billing ASP model, *Billing Central*.

Abiliti was founded in 1987 as an engineering consulting firm focused on telecommunications. In the early 1990's, Abiliti began to do extensive work in the billing and customer care area, and that quickly became Abiliti's sole focus. In addition to custom development of BREM&CC solutions, Abiliti provided outsourced services to its customers.

Certain Recent Developments. In connection with the October 2002 Restructuring, Abiliti reduced its workforce by 13 employees. The employee terminations included employees in substantially all of Abiliti's employee groups. Abiliti anticipates that its expenses in connection with the 2002 Restructuring will total approximately \$138,000.

Revenue. Abiliti generates revenue by licensing its software systems, providing support and professional services for those systems and by providing outsourced billing services. Generally, license agreements are entered into for a perpetual term by charging a one-time license fee that grants the customer the right to use the software system that is currently available at the time the agreement is reached. Abiliti recognizes license revenue when there is persuasive evidence of an agreement, the software has been shipped, collectibility is probable, payment terms are normal and customary and Abiliti has no further significant obligations. When license payment terms are not normal and customary, the related revenue is recognized as the payments become due. When uncertainties exist relating to any of these criteria, the revenue is recognized upon resolution of the uncertainty or when payment is received.

Abiliti's software license fees have principally resulted from direct sales to customers and it expects that direct sales will continue to represent its principal selling method in the future. In addition to internally generated leads, Abiliti relies on third parties such as business process improvement consultants and complementary software application providers to provide leads for potential new customers.

The sales cycle for Abiliti's products is typically six to 12 months. Software license revenues for a particular period are substantially dependent on orders received in that period. Abiliti has experienced, and expects to continue to experience, significant variation in the size of individual licensing transactions. Generally, Abiliti ships its software products within a few days after receipt of an agreement therefore it typically does not have a material backlog of unfilled software orders and license revenue in any quarter is substantially dependent on orders received and shipped in that quarter. Consequently, substantially all of its license revenue in each quarter results from contracts entered into in that quarter. Accordingly, Abiliti does not maintain a significant backlog, except for professional services and maintenance and support.

Abiliti provides outsourced billing services (billing ASP) that integrate both *Rate IT* and *NetworkStrategies* into a unified billing ASP solution. Abiliti hosts its own applications, in its own data center, where each customer is serviced by dedicated equipment. Billing ASP revenue consists of monthly processing fees generated from Abiliti's billing ASP operation. The recurring revenue from bill processing is recognized as the related services are rendered and are billed monthly based on transaction volume processed or percentage of revenue billed on behalf of customers. In addition, billing ASP customers generate set-up and implementation fees, which are recorded as professional service revenue.

Abiliti provides professional services, including systems implementation and integration assistance, consulting and training, which are available under services agreements and contracted for separately from license agreements or monthly billing ASP services. These services are not essential to the functionality of the software. These services are generally performed on a time and materials basis. Professional services revenue is recognized as the services are performed and the customer has a contractual obligation to pay, provided the fee is nonrefundable. Additionally, Abiliti provides telephone support and maintenance for its software systems under support agreements. These agreements provide unspecified software upgrades and technical support over a specified term, which is typically 12 months, and renewable on an annual basis. Support contracts typically are paid in advance, and revenues from these contracts are deferred and recognized ratably over the term of the agreement.

Abiliti's revenue stream, particularly its license revenue stream, has been and continues to be strongly impacted by the current weak economic environment. In the current economic environment, many companies have severely reduced or postponed their capital spending activities. In addition, when companies are able to pursue the licensing of Abiliti's products, it is experiencing lengthened sales cycles due to companies taking additional time to assess and prioritize purchases, as well as requiring additional approvals for such purchases. Abiliti believes that these companies still consider its solutions to be important, however, the reduced spending and delays have had the effect of slowing the market acceptance of Abiliti's relatively new products. Abiliti believes that future software license fees, and the ability to predict future software license revenues, will be negatively impacted as long as companies continue to constrain their software licensing activities.

Cost of License Revenue. Cost of license revenue consists of sales commissions paid to Abiliti's direct sales force personnel.

Cost of Professional Services Revenue. Cost of professional services revenue consists of salaries and related costs for support and services personnel, payments to third-party consultants and other direct costs incurred in providing customer support, implementation, consulting and training.

Cost of Billing ASP Revenue. Cost of billing ASP revenue consists of salaries and related costs for support and services personnel and other direct costs incurred in connection with the operation of Abiliti's data center.

Sales and Marketing. Sales and marketing expenses consist primarily of salaries, benefits, and bonuses for sales, marketing and partner management personnel, travel and entertainment, trade show and marketing program costs, promotional and related corporate overhead costs.

Research and Development. Research and development expenses consist primarily of salaries, benefits and bonuses for software developers, product testing and benchmarking, management and quality assurance personnel, subcontractor costs and related corporate overhead costs. Research and development expenses include costs associated with the development of new products, enhancements to existing products and quality assurance activities. In accordance with Statement of Financial Accounting Standards No. 86, Abiliti expenses software development expenses as incurred until technological feasibility of the software is determined and the recovery of the cost can reasonably be expected, after which any additional costs are capitalized. To date, Abiliti has expensed all software development costs as incurred because development costs incurred subsequent to the establishment of technological feasibility have been minimal.

General and Administrative. General and administrative expenses consist of salaries, stock-based compensation and related costs for administrative, finance, human resources and information technology personnel, information systems costs, outside professional service fees and other general costs and expenses.

Depreciation and Amortization. Depreciation and amortization includes the depreciation of property and equipment and the amortization of capitalized lease equipment.

Restructuring Charges. In January and July 2001, Abiliti implemented restructuring plans (the 2001 Restructurings) that included reductions in employee headcount. In conjunction with these plans,

Abiliti recorded charges in the first and third quarters of 2001 in the amounts of \$159,000 and \$203,000, respectively, related to the termination of 67 employees.

Critical Accounting Policies and Use of Estimates

Management's Discussion and Analysis of Financial Condition and Results of Operations of Abiliti included in this proxy statement is based upon Abiliti's financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires Abiliti's management to make estimates and assumptions. Abiliti bases these estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting periods. Changes in the facts or circumstances underlying these estimates could result in material changes and actual results could differ from these estimates. Abiliti believes the following critical accounting policies affect the most significant areas involving management's judgments and estimates. In addition, please refer to Note 2 in Abiliti's Notes to Financial Statements included elsewhere in this proxy statement for further discussion of Abiliti's accounting policies.

Revenue Recognition. Abiliti generates revenue by licensing its software systems and providing support and professional services for those systems. Revenue is accounted for in accordance with Statement of Position (SOP) 97-2, Software Revenue Recognition , issued by the American Institute of Certified Public Accountants, as amended by SOP 98-4 and SOP 98-9, and SEC Staff Accounting Bulletin (SAB) 101, Revenue Recognition in Financial Statements. SOP 97-2 and SAB 101 provide guidance on applying generally accepted accounting principles in recognizing revenue.

Abiliti generally licenses its software for a perpetual term by charging a license fee that grants the customer the right to use the software system that is currently available at the time the agreement is reached. The license revenue is recognized when there is persuasive evidence of an agreement, the software has been shipped, collectibility is reasonably assured, payment terms are normal and customary and Abiliti has no further significant obligations. When license payment terms are not considered normal and customary, the related revenue is recognized as the payments become due. When uncertainties exist relating to any of these criteria, the revenue is recognized upon resolution of the uncertainty or when payment is received.

Abiliti also provides support and maintenance for its software systems under support agreements. These agreements provide unspecified software upgrades and technical support over a specified term, which is typically 12 months and renewable on an annual basis. Support contracts typically are paid in advance, and revenues from these contracts are deferred and recognized ratably over the term of the agreement. Abiliti provides professional services, including systems implementation and integration assistance, consulting and training, which are available under services agreements and contracted for separately from license agreements. These services are not essential to the functionality of the software. These services are generally performed on a time and materials basis. Professional services revenue is recognized as the services are performed. Revenue from time and materials arrangements is recognized as the services are performed and the customer has a contractual obligation to pay, provided the fee is nonrefundable.

When a customer purchases multiple software products, post-contract support and/or services in a single agreement, Abiliti allocates the total fee among each element of the agreement. The fee is recognized by deferring the fair value of all undelivered elements, as determined based on the vendor-specific objective evidence of fair value of the elements, and recognizing as revenue the balance of the arrangement fee as attributable to the delivered elements.

Billing ASP revenue is recognized as the related services are rendered and are billed monthly based on transaction volume processed or percentage of revenue billed on behalf of customers.

Allowance for Doubtful Accounts. Abiliti continuously monitors collections and payments from its customers and maintains allowances for doubtful accounts based upon its historical experience of write-offs of uncollectible accounts and any specific customer collection issues that have been identified. While such credit losses have historically been within management's estimates, there can be no assurance that Abiliti will continue to experience the same level of credit losses that it has in the past. If the financial condition of any of Abiliti's customers were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances may be required. Changes in Abiliti's assumptions and estimates could result in significantly different results than those recorded in its financial statements and would have the effect of reducing or increasing future profits in the period in which the estimate is revised.

Software Development Costs. Abiliti accounts for software development costs under Statement of Financial Accounting Standards (SFAS) No. 86, Accounting for Costs of Computer Software to Be Sold, Leased or Otherwise Marketed. Under SFAS No. 86, the costs associated with software development are required to be capitalized after technological feasibility has been established. Based on Abiliti's product development process, technological feasibility is generally established upon completion of the working model. Costs incurred by Abiliti between completion of the working model and the point at which the product is ready for general release are insignificant and, as a result, Abiliti has not capitalized any software development costs.

Other Estimates. Abiliti's financial statements include accruals and reserves for other liabilities incurred as a result of its normal ongoing operations. These accruals may require the use of estimates and judgment in regards to the ultimate liability. These estimates are based upon historical experience and on various other assumptions that Abiliti believes to be reasonable under the circumstances. Changes in Abiliti's assumptions and estimates could result in significantly different results than those recorded in the financial statements and would have the effect of reducing or increasing future profits in the period in which the estimate is revised.

Income Taxes. Abiliti recognizes deferred tax assets and liabilities for the estimated future tax consequences of temporary differences and income tax credits. Temporary differences are primarily the result of differences between the tax bases of assets and liabilities and their financial reporting amounts. Deferred tax assets and liabilities are measured by applying enacted statutory tax rates applicable to future years in which deferred tax assets or liabilities are expected to be settled or realized. Abiliti regularly reviews its deferred tax assets for recoverability and establishes a valuation allowance based upon historical losses, projected future taxable income and the expected timing of the reversals of existing temporary differences. As a result of this review, Abiliti has established a full valuation allowance against its deferred tax assets.

Six Months Ended June 30, 2002 Compared to Six Months Ended June 30, 2001

Total Revenue. Total revenue, which includes license revenue, billing ASP and professional services, decreased \$2.7 million, or 31.6%, to \$5.9 million in the six months ended June 30, 2002, from \$8.6 million for the same period in 2001. The reduction in revenue in 2002 is attributable to the decrease in the professional services and license fees revenues associated with the sale and implementation of a *Simpliciti.net* license in 2001. In addition, there was a decrease in billing ASP revenue as a result of customer attrition and a decrease in processing rates associated with a single customer's billing ASP contract renewal.

License Fees. Abiliti's license fees are derived from licensing its software products. License fees decreased \$665,000, or 76.0%, in the six months ended June 30, 2002, to \$210,000, compared to \$875,000 for the same period in 2001. This decrease was primarily due to the recognition of license revenue for a *Simpliciti.net* license implementation in the first half 2001. License revenue in 2002 represents license fees recognized over the contractual payment terms resulting from the signing of a significant contract with a single customer in the last half of 2001. License fees constituted 3.6% of total revenue in the six months ended June 30, 2002, compared to 10.2% in the same period in 2001.

Billing ASP. Billing ASP revenue decreased \$842,000, or 15.8%, in the six months ended June 30, 2002, to \$4.5 million compared to \$5.3 million for the same period in 2001. This decrease was due to the completion of the contracts with three billing ASP customers in 2002 and a decrease in processing rates negotiated in connection with a significant customer's contract renewal. Billing ASP revenue constituted 76.3% of total revenue in the six months ended June 30, 2002, compared to 62.1% in the same period in 2001.

Professional Services. Abiliti's professional services revenue consist of revenue from professional consulting services, training, maintenance and support, all related to the software products Abiliti develops and licenses. Professional services are billed on a time and materials basis. Professional services decreased \$1.2 million, or 50.4%, in the six months ended June 30, 2002, to \$1.2 million, compared to \$2.4 million in the same period in 2001. The decrease was due to a decrease in product implementations and customer

requested enhancements. Professional services constituted 20.1% of total revenue in the six months ended June 30, 2002, compared to 27.7% for the same period in 2001.

Total Cost of Revenue. Total cost of revenue decreased \$2.1 million, or 71.7%, to \$814,000 in the six months ended June 30, 2002 from \$2.9 million in the same period in 2001. Total cost of revenue includes cost of license fees, billing ASP and professional services. These components include the cost of direct labor, benefits, overhead and materials associated with the fulfillment of the license products, processing of billing ASP activities, and customer enhancement requests. These costs decreased due to Abiliti's cost reduction measures taken in the July 2001 restructuring and the reduction in labor associated with the professional services revenue. The cost reductions included a decrease in personnel and other overhead costs. Overall, total cost of revenue as a percentage of total revenue decreased to 13.9% in the six months ended June 30, 2002, compared to 33.6% in the same period in 2001.

Sales and Marketing. Sales and marketing expenses decreased \$421,000, or 41.3%, to \$598,000 in the six months ended June 30, 2002, from \$1.0 million for the same period in 2001. These costs decreased as a result of a decrease in our trade show presence, as well as the cost reduction measures taken with the July 2001 restructuring. As a percentage of revenue, sales and marketing expenses decreased to 10.2% in the six months ended June 30, 2002, from 11.9% in the same period in 2001.

Research and Development. Abiliti's research and development expenses increased 274,000, or 15.5%, to \$2.0 million in the six months ended June 30, 2002, from \$1.8 million for the same period in 2001. The overall increase was primarily due to the development effort of the June 2002 release of *Simpliciti.net*. As a percentage of revenue, research and development expenses increased to 34.9% in the six months ended June 30, 2002 compared to 20.7% in the same period in 2001.

General and Administrative. Abiliti's general and administrative expenses decreased \$1.9 million, or 41.7%, to \$2.7 million in the six months ended June 30, 2002, from \$4.7 million in the same period in 2001. The decrease was attributed to the decrease in administrative personnel and operating costs associated with the July 2001 restructuring. In addition, an office lease for approximately 10,000 square feet was not renewed and there was a reduction in capital expenditures related depreciation and amortization expense. As a percentage of revenue, general and administrative expenses decreased to 46.3% in the six months ended June 30, 2002, from 54.4% in the same period in 2001.

Restructuring Charges. There were no restructuring charges in the six months ended June 30, 2002. Restructuring charges incurred by us in the six months ended June 30, 2001 related to the January 2001 restructuring were \$159,000. These charges were entirely related to employee termination benefits. Employees were terminated from substantially all department in the organization.

Year Ended December 31, 2001, Compared to Year Ended December 31, 2000

Total Revenue. Total revenue, which includes license revenue, billing ASP and professional services, increased \$1.1 million, or 8.2%, to \$15.1 million in the year ended December 31, 2001, from \$13.9 million for the same period in 2000. The increase in 2001 revenues is primarily attributable to an increase in billing ASP revenue associated with one customer. The increase in billing ASP revenue of 30.9% offset a 21.2% decrease in professional services during 2001.

License Fees. Abiliti's license fees are derived from licensing its software products. License fees decreased \$105,000, or 8.0%, in the year ended December 31, 2001, to \$1.2 million, compared to \$1.3 million in 2000. License fees constituted 8.0% of total revenue in the year ended December 31, 2001, compared to 9.4% in the same period in 2000.

Billing ASP. Billing ASP revenue increased \$2.3 million, or 30.9%, in the year ended December 31, 2001, to \$9.9 million compared to \$7.5 million for the same period in 2000. This increase was due to the higher revenue from a significant customer. Billing ASP revenue constituted 65.4% of total revenue in the year ended December 31, 2001, compared to 54.1% in the same period in 2000.

Professional Services. Professional services decreased \$1.1 million, or 21.2%, in the year ended December 31, 2001, to \$4.0 million, compared to \$5.1 million in the same period in 2001. The decrease was due to less ongoing product implementations and customer requested enhancements. Professional services constituted 26.6% of total revenue in the year ended December 31, 2001, compared to 36.5% for the same period in 2000.

Total Cost of Revenue. Total cost of revenue decreased \$2.0 million, or 29.2%, to \$4.8 million in the year ended December 31, 2001, from \$6.8 million in the same period in 2000. Total cost of revenue includes cost of license fees, billing ASP and professional services. These components include the cost of direct labor, benefits, overhead and materials associated with the fulfillment of the license products, processing of billing ASP activities, and customer enhancement requests. These costs decreased due to Ability's cost reduction measures taken in the 2001 Restructurings. The cost reductions included a decrease in personnel and other associated costs. Overall, total cost of revenue as a percentage of total revenue decreased to 31.8% in the year ended December 31, 2001, compared to 48.7% in the same period in 2000.

Sales and Marketing. Sales and marketing expenses decreased \$677,000 or 29.8%, to \$1.6 million in the year ended December 31, 2001, from \$2.3 million for the same period in 2000. These costs decreased as a result of a decrease in Ability's trade show presence as well as the cost reduction measures taken with the 2001 Restructurings. As a percentage of revenue, sales and marketing expenses decreased to 10.6% in the year ended December 31, 2001, from 16.3% in 2000.

Research and Development. Ability's research and development expenses decreased \$4.4 million, or 58.3%, to \$3.1 million in the year ended December 31, 2001, from \$7.5 million for the same period in 2000. The overall decrease was primarily due to the termination of subcontractor agreements and the cost reductions associated with the 2001 Restructurings. The cost reductions included a decrease in research and development personnel and other associated costs. As a percentage of revenue, research and development expenses decreased to 20.8% in the year ended December 31, 2001 compared to 54.1% in 2000.

General and Administrative. Ability's general and administrative expenses decreased \$1.0 million, or 12.3%, to \$7.5 million in the year ended December 31, 2001, from \$8.5 million in the same period in 2000. The decrease was attributed to the reduction in administrative personnel and administrative costs associated with the 2001 Restructurings. In addition, an office lease for approximately 10,000 square feet was not renewed and there was a reduction in capital expenditures related depreciation and amortization expense. As a percentage of revenue, general and administrative expenses decreased to 49.7% in the year ended December 31, 2002, from 61.3% in 2000.

Restructuring Charges. Restructuring charges were \$362,000 in the year ended December 31, 2001. There were no restructuring charges during the same period in 2000. Restructuring charges incurred in the year ended December 31, 2001 related to the 2001 Restructurings. These charges were entirely related to employee termination benefits. The employee terminations included employees from substantially all of Ability's employee groups. All restructuring obligations related to the 2001 Restructurings were settled in 2001.

Liquidity and Capital Resources

Net cash used in Ability's operating activities was \$598,000 for the six months ended June 30, 2002, compared to \$2.6 million for the six months ended June 30, 2001. Net cash used in operating activities was \$2.2 million for the year ended December 31, 2001, compared to \$8.8 million for the year ended December 31, 2000. The principal use of cash for all periods was to fund our losses from operations.

Net cash used in financing activities was \$337,000 for the six months ended June 30, 2002, compared to the net cash provided by financing activities of \$4.3 million for the six months ended June 30, 2001. Cash provided by financing activities during the six month period ended June 30, 2001 reflects the net proceeds received from the January 2001 private placement of \$4.5 million. In 2002, cash was used for capital lease payments related to leased computer equipment. Net cash used in financing activities was

\$3.7 million for the year ended December 31, 2001, compared to \$7.0 million for the year ended December 31, 2000. In 2001, the cash provided was primarily related to the net proceeds received from the January 2001 private placement of \$4.5 million. Cash provided by financing activities in 2000 primarily represents the net proceeds received from the March 2002 private placement of \$7.5 million.

Net cash used in investing activities was \$45,000 for the six months ended June 30, 2002, compared to \$455,000 for the six months ended June 30, 2001. Net cash used in investing activities was \$330,000 for the year ended December 31, 2001, compared to \$393,000 for the year ended December 31, 2000. The cash used in all periods was related to capital expenditures.

Abiliti continued to experience operating losses during the six months ended June 30, 2002, and had an accumulated operating deficit of \$35.4 million at June 30, 2002. Cash and cash equivalents at June 30, 2002 was \$664,000.

During the years ended December 31, 2001, 2000 and 1999, the Company incurred net losses of approximately \$7.1 million, \$14.8 million and \$15.5 million, and negative cash flows from operations of approximately \$2.2 million, \$8.8 million and \$15.4 million, respectively. In addition, during the six month period ended June 30, 2002 the Company incurred a net loss of approximately \$1.1 million and negative cash flow of \$1.0 million. Such losses were generated from the development of the Company's software products, related marketing and distribution activities and building of the Company's administrative infrastructure. The Company's capital needs during this period were funded through the sale of equity totaling approximately \$29 million and the incurrence of debt from its principal shareholders of \$12 million.

While the Company has continued to reduce its negative cash flow from operations, its debt matures in January 2003. Management intends to pursue opportunities to grow revenues through further enhancement to its software products and greater market penetration, continue to reduce operating and administrative costs and to sell substantially all of the Company's assets per the terms of an asset purchase agreement entered into on October 7, 2002 with Daleen. There can be no assurance that such efforts will be successful or that the asset sale will be completed. These factors raise substantial doubt as to the Company's ability to continue as a going concern. The Company's financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Recent Accounting Pronouncements

In August 2001, the Financial Accounting Standards Board (FASB) issued SFAS No. 143, Accounting for Asset Retirement Obligations. SFAS No. 143 addresses accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. This statement requires that the fair value of a liability for an asset retirement obligations be recognized in the period in which it is incurred if a reasonable estimate of fair value can be made. The associated asset retirement costs are capitalized as part of the carrying amount of the long-lived asset. The liability is accreted to its present value each period while the cost is depreciated over its useful life. SFAS No. 143 is effective for financial statements issued for fiscal years beginning after June 15, 2002. Abiliti has not yet determined the effects that SFAS No. 143 will have on its financial position, results of operations or cash flows but it does not anticipate any material adverse impact. Based on a preliminary review of the provisions of SFAS No. 143, Abiliti believes that it will not have a significant impact on its financial statements.

In October 2001, the FASB issued SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, which replaces SFAS No. 121, Accounting for the Impairment of Long Lived Assets and Long-Lived Assets to be Disposed Of . SFAS No. 144 provides updated guidance concerning the recognition and measurement of an impairment loss for certain types of long-lived assets, expands the scope of a discontinued operation to include a component of an entity and eliminates the current exemption to consolidation when control over a subsidiary is likely to be temporary. Based on a preliminary review of the provisions of SFAS No. 144, Abiliti believes it will not have a significant impact on its financial statements.

In June 2002, the FASB issued SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities. SFAS 146 requires that a liability for a cost that is associated with an exit or disposal activity be recognized when the liability is incurred. It nullifies the guidance of the Emerging Issues Task Force (EITF) in EITF Issue No. 94-3, Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring). Under EITF Issue No. 94-3, an entity recognized a liability for an exit cost on the date that the entity committed itself to an exit plan. In SFAS 146, the FASB acknowledges that an entity's commitment to a plan does not, by itself, create a present obligation to other parties that meets the definition of a liability. SFAS No. 146 will be effective for exit or disposal activities that are initiated after December 31, 2002. SFAS No. 146 provides updated guidance concerning the recognition and measurement of an impairment loss for certain types of long-lived assets, expands the scope of a discontinued operation to include a component of an entity and eliminates the current exemption to consolidation when control over a subsidiary is likely to be temporary. Based on a preliminary review of the provisions of SFAS No. 146, Abiliti believes it will not have a significant impact on its financial statements.

The following unaudited pro forma condensed consolidated balance sheet as of June 30, 2002, gives effect to these transactions as if they had occurred on June 30, 2002.

The pro forma adjustments are based upon available information and certain assumptions that our management believes are reasonable under the circumstances. The pro forma financial information is not necessarily indicative of operating results or financial position that would have been achieved had the transactions been consummated on the dates indicated and should not be construed as representative of future operating results or financial position. The pro forma financial information should be read in conjunction with our annual report on Form 10-K for the fiscal year ended December 31, 2001 and our quarterly report on Form 10-Q for the quarter ended June 30, 2002, copies of which accompany this proxy statement, as well as, Abiliti's audited financial statement for the three years ended December 31, 2001, management's discussion and analysis of financial condition and results of operations and selected financial data of Abiliti included elsewhere in this proxy statement.

The pro forma adjustments were applied to the respective historical financial statements to reflect and account for the asset purchase using the purchase method of accounting. The estimated fair values included herein are as of October 7, 2002, the signing date of the asset purchase agreement and investment agreement, and are not indicative of the final allocation of the purchase consideration. Such estimated fair values of the assets and liabilities have been combined with the recorded assets and liabilities of Daleen in the unaudited pro forma condensed consolidated balance sheet. The allocation of the aggregate purchase price is preliminary. The actual purchase accounting to reflect the fair values of the assets to be acquired and liabilities to be assumed of Abiliti will be based upon the fair value of net assets assumed at the closing date of the transactions. Accordingly, the pro forma financial information presented herein is subject to change pending the final purchase price determination and allocations. closing date of the asset purchase transaction and the closing price of our common stock upon closing the transactions. Accordingly, the pro forma financial information presented herein is subject to change pending the final purchase price allocations. Management does not expect that differences between the preliminary and final purchase price allocations will have a material unfavorable impact on the pro forma financial position or results of operations.

- F. Represents the weighted average actual shares of our common stock outstanding during the period, in addition to the 11,492,136 shares of our common stock to be issued to Abiliti's stockholders in connection with the asset purchase and 10,992,136 shares of our common stock to be issued to the Behrman Funds in the private placement, assuming all such shares were outstanding during the periods presented. All other potential common stock equivalents are anti-dilutive and have thus been excluded from the calculation of diluted earnings per share for the periods presented.
- G. Certain historical operating and other expense items of both companies have been reclassified for conformity purposes in these unaudited pro forma condensed consolidated statements of operations.
- H. Upon closing of the transactions, certain employees of us and Abiliti will receive severance in connection with their employment agreements. Accordingly, this adjustment reflects recording this severance accrual as if the transactions occurred at the beginning of the period. The severance amount includes base salary plus benefits. The severance amount was immediately expensed upon purchase, as is reflected in the unaudited pro forma condensed consolidated statement of operations, since it is considered to be a one-time non-recurring charge. The severance charge is \$1,276 and is included in accumulated deficit and accrued payroll and other accrued expenses in the condensed consolidated balance sheet as of June 30, 2002.

REPORT OF INDEPENDENT ACCOUNTANTS

To the Board of Directors and Shareholders of

Abiliti Solutions, Inc.

In our opinion, the accompanying balance sheets and the related statements of operations, shareholders' equity (deficit) and cash flows present fairly, in all material respects, the financial position of Abiliti Solutions, Inc. (the Company) at December 31, 2001 and 2000, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2001, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has experienced significant operating losses, negative cash flow from operations and has \$12 million in debt scheduled to mature in January 2003 which raises substantial doubt about the Company's ability to continue as a going concern. While the Company intends to renegotiate the terms of its debt facilities and/or seek additional capital, there can be no assurance that such negotiations will be successful or that additional capital will be available on terms acceptable to the Company. Management's plans in regard to this matter are further described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

ABILITI SOLUTIONS, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2001 and 2000

1. Organization and Liquidity

General

Abiliti Solutions, Inc. (formerly Intertech Management Group, Inc.) (Abiliti or the Company) is a leading provider of Windows NT-based billing and customer care software solutions for the communications industry. The Company's software, Network Strategies®, supports retail and wholesale local, long distance and data services. The Company assists a customer in analyzing requirements and then designs, develops and implements a customer care and billing solution. The Company licenses the use of its software to customers and operates its software for certain customers under a service bureau arrangement.

Liquidity and Capital Resources

During the years ended December 31, 2001, 2000 and 1999, the Company incurred net losses of approximately \$7.1 million, \$14.8 million and \$15.5 million, and negative cash flows from operations of approximately \$2.2 million, \$8.8 million and \$15.4 million, respectively. Such losses were generated from the development of the Company's software products, related marketing and distribution activities and building of the Company's administrative infrastructure.

The Company's capital needs during this period were funded through the sale of equity totaling approximately \$29 million and the incurrence of debt from its principal shareholders of \$12 million.

While the Company has continued to reduce its negative cash flow from operations, its debt, described above and in Note 5, matures in January 2003. Management intends to commence renegotiation discussions relative to the maturity schedule of the debt facility later in 2002, pursue opportunities to grow revenues through further enhancement to its software products and greater market penetration, continue to reduce operating and administrative costs and seek additional equity and/or debt financing. There can be no assurance that such negotiations or its various other efforts will be successful or that additional capital will be available on terms acceptable to the Company. These factors raise substantial doubt as to the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

2. Summary of Significant Accounting Policies

Significant accounting policies utilized by the Company, are summarized below:

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that will affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

The Company enters into arrangements to deliver software licenses which typically also provide for services, usually billed on a time and material basis. License revenue is generally recognized using the percentage of completion method of accounting. The percentage of completion for each contract is determined based on the ratio of direct labor hours incurred under the service contract to total estimated

ABILITI SOLUTIONS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

direct labor hours. In situations where it is not reasonable to estimate total direct labor hours, completed contract accounting is followed.

Services revenue consists of fees for system requirements definition, system design and analysis, customization and installation services, system enhancements and maintenance. Services revenue is recognized as the services are performed, primarily on a time and materials basis. Revenue from maintenance contracts is recognized ratably over the maintenance period.

Billing Application Service Provider (ASP) revenue consists of monthly processing fees generated from the Company's service bureau operation. Billing ASP revenue is recognized as the related services are rendered and are billed monthly based on transaction volume processed or percentage of revenue billed on behalf of customers.

Deferred revenue relates primarily to license fee revenue, which has been paid by the customers prior to the recognition of revenue.

Cost of services is comprised primarily of salaries and related benefits for software development, technical and billing ASP personnel and billing ASP operating costs.

Cash and Cash Equivalents

Cash and cash equivalents consist of all amounts on deposit with financial institutions and highly liquid investments purchased with maturities of three months or less. Cash equivalents for the years ended December 31, 2001, 2000 and 1999 were approximately \$4,000, \$199,000 and \$200,000, respectively.

Accounts Receivable

The Company provides an allowance for doubtful accounts equal to the estimated collection loss that will be incurred in collection of all receivables. The estimated loss is based on historical collection experience, coupled with a review of the current status of existing receivables. The Company generally grants credit to customers and does not require any collateral to secure its accounts receivable.

Property and Equipment

Property and equipment are stated at cost. Furniture and fixtures, office equipment and computer hardware are depreciated using an accelerated method over useful lives of 7, 5 and 5 years, respectively. Computer software is depreciated over 3 years using the straight line method. Leasehold improvements are amortized using the straight line method over the shorter of the term of the respective lease or the life of the respective improvement.

Expenditures for repairs, maintenance and minor renewals are charged to income as incurred. Expenditures which improve an asset or extend its estimated useful life are capitalized. When properties are retired or otherwise disposed of, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in income. The carrying value of property, plant and equipment is assessed for recoverability by management based on analysis of future expected cash flows from underlying operations of the Company. Management believes there has been no impairment at December 31, 2001.

Income Taxes

Income taxes are accounted for in accordance with the liability method of Statement of Financial Accounting Standards No. 109 (SFAS No. 109), *Accounting for Income Taxes*. Under this method, the Company provides deferred taxes for temporary differences in the recognition of assets and liabilities for

ABILITI SOLUTIONS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

financial reporting and tax accounting purposes. A valuation allowance is established to the extent the expected realization of the deferred tax assets is not more likely than not.

Software Development Costs

Software development costs, principally the design and development of customer care and billing software, are expensed as incurred unless they qualify for capitalization, as defined by Statement of Financial Accounting Standards No. 86 (SFAS No. 86), *Accounting for the Cost of Computer Software to be Sold, Leased or Otherwise Marketed*. To date, no software development costs have been capitalized by the Company as the development costs incurred subsequent to establishing technological feasibility of the related software have not been material.

Stock-Based Compensation Plans

The Company has elected to follow Accounting Principles Board Opinion No. 25 (APB 25), *Accounting for Stock Issued to Employees*, in accounting for its employee stock options. Accordingly, the Company recognizes compensation expense for stock options issued at an exercise price less than the underlying market value of the related common stock on the date of grant. Given that the Company's common stock is not publicly traded, management considers various factors in assessing the underlying fair value of such shares, such as recent stock sales, valuations and events occurring subsequent to such sales and valuations that provide more recent indications of fair value. The Company has adopted the disclosure-only provisions of Statement of Financial Accounting Standards No. 123 (SFAS No. 123), *Accounting for Stock-Based Compensation* (see Note 9).

Fair Value of Financial Instruments

The carrying amounts of cash, accounts receivable and accounts payable approximate their fair values due to the short term maturity of these instruments.

Recently Issued Accounting Standards

In July 2001, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 141 (SFAS 141), *Business Combinations*. SFAS 141 provides standards on accounting for business combinations, eliminates the pooling of interests method of accounting for business combinations and establishes specific criteria for recognition of intangible assets separately from goodwill. The Company has adopted SFAS 141 for all business combinations initiated after June 30, 2001. The adoption of SFAS 141 did not have an impact on the financial statements.

Also in July 2001, the FASB issued Statement on Financial Accounting Standards No. 142 (SFAS 142), *Goodwill and Other Intangible Assets*. SFAS 142 eliminates the amortization of goodwill and other intangible assets with indefinite useful lives and provides guidance on impairment testing for goodwill and other intangible assets. The Company expects to adopt SFAS 142 in the first quarter of fiscal 2002. Based on a preliminary review of the provisions of SFAS 142, the Company believes that it will not have a significant impact on its financial statements.

In October 2001, the FASB issued Statement on Financial Accounting Standards No. 144 (SFAS 144), *Accounting for the Impairment or Disposal of Long-Lived Assets*. SFAS 144 provides guidance on the financial accounting and reporting for the impairment or disposal of long-lived assets, excluding goodwill and other intangible assets not being amortized. Adoption of this standard is required for the Company beginning in the first quarter of fiscal 2002. Based on a preliminary review of the provisions of SFAS 144, the Company believes that it will not have a significant impact on its financial statements.

5. Debt

In January 2001, the Company completed a \$4.5 million note and preferred stock offering. In connection with the offering each investor received a convertible promissory note and shares of Series B Preferred Stock equal in value to such note. The notes, with a face value of \$4.5 million accrue interest at 14.5%, payable at maturity and mature in January of 2003. The Company incurred issuance costs of \$180,000, which have been netted against the proceeds from the offering. At the date of issuance, the Series B preferred stock (Note 8) had an estimated fair value of approximately \$2.2 million, which was recorded as additional paid-in capital, net of issuance costs. The remaining proceeds of approximately \$2.3 million were allocated to the note. Accordingly, this resulted in a discount on the note payable of approximately \$2.3 million, which was fully amortized to interest expense in 2001. At the election of the holder, the principal and accrued interest due on the notes may be converted into Series B Preferred Stock or into other equity of the Company, on the same terms and conditions as the equity offered in the Company's next round of qualified financing.

In March 2000, the Company issued \$7.5 million of notes payable. The notes accrue interest at 12.5%, payable at maturity, and mature in January of 2003. In connection with the issuance of these notes, the Company issued 1,875,000 warrants to purchase common stock at \$0.01 per share. The fair value of the warrants were estimated using the Black-Scholes option pricing model with the following assumptions: an expected life of one year, risk-free interest rate of 6.49% and dividend yield of zero. At the date of issuance, the warrants had an estimated fair value of \$3.7 million, which was recorded as additional paid-in capital and as a discount to the note. Amortization of this discount, which was charged to interest expense was approximately \$0.8 million and \$2.9 million for the years ended December 31, 2001 and 2000, respectively. The warrants are exercisable immediately upon issuance, at \$.01 per share and expire in March 2003. In 2000, 1,813,462 warrants were exercised. No warrants were exercised in 2001.

6. Income Taxes

The provision for income taxes consists of the following:

	2001	2000	1999
Current	\$	\$	\$(201,404)
Deferred			201,404
	—	—	—
Total provision	\$	\$	\$

In 2001, 2000 and 1999, the difference between the provision (benefit) for income taxes and the provision computed at the federal statutory rate of 34% primarily relates to the following:

	2001	2000	1999
Federal statutory provision	\$(2,412,218)	\$(5,042,033)	\$(5,270,444)

ABILITI SOLUTIONS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company's net deferred tax assets (liabilities) are as follows:

	2001	2000
	<u> </u>	<u> </u>
Deferred tax assets (liabilities):		
Allowance for doubtful accounts	\$ 58,647	\$ 224,494
Deferred compensation	243,539	243,539
Net operating loss carryforward	13,416,796	10,568,771
Other accrued liabilities	(123,667)	(127,934)

Valuation allowance	(14,041,827)	(11,262,367)
	<u> </u>	<u> </u>
Net deferred tax assets (liabilities)	\$ <u> </u>	\$ <u> </u>

At December 31, 2001 and 2000, the Company had net operating loss carryforwards for federal income tax purposes of approximately \$30.4 million and \$23.9 million, respectively, which expire beginning in 2019.

The Company has provided a valuation allowance for the full amount of its net deferred tax assets since realization of any future benefit from deductible temporary differences and net operating loss and tax credit carryforwards cannot meet the threshold outlined in SFAS 109 as being considered more likely than not at December 31, 2001 and 2000.

7. Commitments and Contingencies

The Company leases its facilities and certain property and equipment under noncancelable operating leases. Total rental expense under operating leases was approximately \$1.1 million, \$1.3 million, and \$1.1 million for the years ended December 31, 2001, 2000 and 1999, respectively. Future minimum lease payments under operating leases were as follows at December 31, 2001:

2002	\$ 879,320
2003	853,284
2004	576,481
	<u> </u>
	\$2,309,085
	<u> </u>

8. Shareholders Equity

The Company is authorized to issue up to 10 million shares of preferred stock, of which 3,500,000 shares have been designated as Series B Preferred Stock. The Series B Preferred Stock is non-cumulative and has a par value of \$0.00005 per share. The Series B Preferred shares have a liquidation preference equal to \$3.39 per share plus declared but unpaid dividends and a liquidation priority over all other equity and debt instruments except for the January 2001 notes.

Each share of preferred stock is convertible into common stock at a conversion ratio as defined in the Series B Preferred Stock Rights Agreement and is entitled to one vote per equivalent common stock share as determined by the aforementioned conversion ratio. The Series B Preferred shares are subject to conversion into other securities issued by the Company in connection with a subsequent qualified financing.

Edgar Filing: DALEEN TECHNOLOGIES INC - Form PRE 14A

The Company has designated 2,792,819 shares as Series A Preferred Stock. The Series A Preferred Stock is non-cumulative and has a par value of \$0.00005 per share. The Series A Preferred shares have a

liquidation preference equal to \$10.527 per share plus declared but unpaid dividends, subsequent to the liquidation of the Series B Preferred Shares. Each share of the Series A Preferred Stock is convertible into common stock at a conversion ratio as defined in the Series A Preferred Stock Purchase Agreement dated March 4, 1999 and is entitled to one vote per equivalent common stock share as determined by the aforementioned conversion ratio. The Series A Preferred shares are subject to automatic conversion in the event of an initial public offering. The common stock has voting rights and is entitled to share equally in dividends.

9. Retirement Benefits and Stock Option Plans

In 1997, the Company adopted an employee deferred savings plan under code section 401(k) of the Internal Revenue Service regulations. All employees are eligible to participate in the plan following 30 days of employment. The Company matches 50% of employee contributions up to 6% of the employee's salary. Employees vest in the Company matching contributions ratably over a four year period. The Company paid approximately \$146,000, \$227,000 and \$171,000 in matching contributions during 2001, 2000 and 1999, respectively. Effectively January 1, 2002, the Company has discontinued matching contributions.

During 1997, the Company granted certain employees options to acquire shares of the Company's common stock under the 1997 Option Plan. The options were granted with an exercise price of \$.05 per share, vest over a three-year period and expire six years from the date of grant. Except for certain of the options granted to the Company's Chief Executive Officer described below, all options granted during 2001 and 2000 were granted with exercise prices at or greater than estimated fair value. As of December 31, 2001 and 2000, the Company had 36,000 and 90,000 options outstanding, respectively, under the 1997 Option Plan. As discussed below, the Company recorded deferred compensation related to the 1997 Option Plan.

On September 22, 1998, the Company adopted the 1998 Option Plan. Options granted under the 1998 plan vest over a four-year period and expire 10 years from the date of grant. In July 1999, the Company's Board of Directors authorized a grant under the 1998 Option Plan whereby a total of 1,098,500 options were granted to management, employees and the Company's Chief Executive Officer. The majority of such options were issued at an exercise price of \$4 per share representing the Company's estimate of the fair value of the underlying shares on the date of grant. As there had been no recent sales of the Company's common stock to assess the related fair value, the Company developed its estimate based on recent sale transactions involving the Company's preferred stock and a recent valuation of the Company's common stock. The Company also considered in its estimate of the fair value of the underlying shares at July 1999, recent events impacting the Company's operating environment and industry, including the significant losses incurred subsequent to the Series A preferred stock offering caused by the inability to complete certain license agreements and achieve certain technological milestones.

Except for certain of the options granted to the Company's Chief Executive Officer described below, all options granted during 2001 and 2000 were granted with exercise prices at or greater than estimated fair value. Based upon the continued net losses generated during 1999, 2000 and 2001, together with the significant decline experienced in information technology spending and the telecommunications industry, the Company concluded that the estimated fair value of the underlying shares of its common stock at the time of the 2001 stock option grant to be \$2.00. As of December 31, 2001 and 2000, the Company had 1,150,051 and 1,265,261 options outstanding, respectively under the 1998 Option Plan which were granted with an exercise price range of \$2.00 to \$4.00 per share.

Additionally, as of December 31, 2001 and 2000, the Company had 453,060 options outstanding at \$3.18, 62,925 options at \$5.96 and 62,925 options at \$7.95 granted to the Company's Chief Executive Officer. The options vest over a three-year period and expire ten years from the date of grant. In

ABILITI SOLUTIONS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

accordance with the anti-dilution provisions of the Chief Executive Officer's employment agreement these options were granted in 2000 as a replacement for options previously granted and as such require the Company to use variable accounting. The Stock compensation expense related to this event is immaterial and the Company recorded no additional compensation expense in 2001 or 2000.

The Company recorded deferred compensation for options issued in 1997 and 1998 that had exercise prices lower than the fair value of the stock on the grant date. In accordance with the provisions of APB 25, compensation expense is incurred over the vesting period of the options. Compensation expense associated with these option grants was \$0, \$8,984, and \$327,335 in 2001, 2000 and 1999, respectively.

As of December 31, 2001, the Company has reserved a total of 2,479,824 shares of common stock for issuance upon the exercise of options.

Changes in the status of the options are summarized below:

	Weighted Average Exercise Price Per Share	Options Outstanding
December 31, 1998:	\$ 1.76	597,000

	<hr/>	<hr/>
December 31, 2001	\$ 3.75	1,764,961
	<hr/>	<hr/>

The weighted average remaining contractual life of options outstanding was 7.96 and 8.52 years at December 31, 2001 and 2000, respectively.

The Company applies APB 25 and related interpretations in accounting for stock option plans. Accordingly, no compensation cost is recognized for stock options granted with an exercise price at least equal to the fair market value of the shares at the grant date. Had compensation cost been determined based on the fair value at the grant dates consistent with the method prescribed in FAS 123, the Company's net losses would have been increased to the pro forma amounts indicated below:

	Net Loss

10. Management Retention Plan

In March 2000 the Company adopted the Abiliti Solutions, Inc. Management Retention Plan. The purpose of this plan is to provide an incentive for the retention of key management by awarding participation in a pool to be distributed in the event of a merger, consolidation or sale of all or substantially all of the capital stock or assets of the Company (triggering event). The maximum distribution available under the plan is \$8.23 million and is subject to reduction as the consideration received in connection with a triggering event exceeds \$75.0 million. Distributions pursuant to this plan are to be made pari passu with the Company s obligations under the March 2000 notes.

11. Related Party

During 1999, the Company paid approximately \$2.6 million for services to an entity controlled by one of the Company s shareholders and having two common board of director members.

12. Significant Customers

Revenues from the top three customers for the years ended December 31, 2001, 2000 and 1999 approximated 87%, 79% and 48% of total revenue, respectively. Accounts receivable from these customers amounted to approximately \$1.9 million and \$2.4 million at December 31, 2001 and 2000.

13. Litigation

In December 1999, a former employee filed suit against the Company alleging various causes of action including breach of employment agreement, breach of stock option agreement and requesting the court to declare a promissory note and pledge agreement executed by the former employee in favor of the Company, null and void. On June 7, 2002, the Company entered into a settlement agreement which required it to pay \$500,000 to the former employee in 2002. During 2000, the Company recorded a charge of approximately \$1.1 million to provide for the value of the estimated settlement and legal costs. In addition, during 1999 the Company recorded a charge of \$250,000 to fully reserve for a loan made in 1999 to the former employee.

Daleen and Acquisition Sub, jointly and severally, represent and warrant to Abiliti as follows:

SECTION 5.1. *Organization and Good Standing.*

(a) SCHEDULE 5.1 contains a complete and accurate list of the jurisdictions of incorporation of Daleen, DSI, Inc. (DALEEN SUB) and Acquisition Sub and of the other jurisdictions in which each is authorized to do business. Daleen is duly qualified to do business as a foreign corporation and is in good standing under the laws of each state or other jurisdiction in which either the ownership or use of the properties owned or used by it, or the nature of the activities conducted by it, requires such qualification, except where the failure to so qualify would not have a Material Adverse Effect on Daleen. Daleen Sub is a newly formed, wholly-owned subsidiary of Daleen formed for the sole purpose of consummating the Contemplated Transactions, and Acquisition Sub is a newly formed, wholly-owned subsidiary of Daleen Sub formed for the sole purpose of consummating the Contemplated Transactions. Neither Daleen Sub nor Acquisition Sub has conducted any business other than as expressly set forth in or contemplated by this Agreement. For purposes of this Agreement, DALEEN BUSINESS means providing billing and customer care software solutions to communication service providers, retailers and distributors of digital media and technology solutions providers, including related professional consulting services, training, maintenance, support and third party software fulfillment.

Upon the execution and delivery by Daleen and Acquisition Sub of the Daleen Closing Documents, the Daleen Closing Documents will constitute the legal, valid, and binding obligations of Daleen and Acquisition

Sub, enforceable against Daleen and Acquisition Sub in accordance with their respective terms, except as such enforceability may be limited by applicable bankruptcy, insolvency and similar laws relating to creditors' rights generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). (b) Except as set forth in SCHEDULE 5.2, neither the execution and delivery of this Agreement nor the consummation or performance by Daleen or Acquisition Sub of any of the Contemplated Transactions will, directly or indirectly (with or without notice or lapse of time):

(i) Contravene, conflict with, or result in a violation of (A) any provision of the Daleen Organizational Documents; or (B) any resolution adopted by the directors or shareholders of Daleen, Daleen Sub or Acquisition Sub;

(ii) Contravene, conflict with, or result in a violation of, or give any Governmental Body or other Person the right to challenge any of the Contemplated Transactions or to exercise any remedy or obtain any relief under any Applicable Law to which Daleen, Daleen Sub, Acquisition Sub or any of the Daleen Assets may be subject;

(iv) cause Daleen to become subject to, or to become liable for the payment of, any Taxes;

(v) Contravene, conflict with, or result in a violation or breach of any provision of, or give any Person the right to declare a default or exercise any remedy under, or to accelerate the maturity or performance of, or to cancel, terminate or modify any Daleen Material Contract (as defined in Section 5.17(a)) to which Daleen is a party or to which it or the Daleen Assets are bound; or

(vi) Result in the imposition or creation of any material Encumbrance upon or with respect to any of the Daleen Assets.

(c) Except as set forth in SCHEDULE 5.2, neither Daleen, Daleen Sub, Acquisition Sub nor any subsidiary of Daleen will be required to give notice or obtain any Consents from any Person in connection with the execution and delivery of this Agreement or the consummation or performance of any of the Contemplated Transactions.

ARTICLE X

ADDITIONAL COVENANTS

SECTION 10.1. *Employees and Employee Benefits.*

(a) *Information on Active Employees.* For the purpose of this Agreement, the term ACTIVE EMPLOYEES shall mean all employees employed on the Closing Date by Abiliti for its business who are: (i) bargaining unit employees currently covered by a collective bargaining agreement; or (ii) employed exclusively in the Abiliti Business as currently conducted, including employees on temporary leave of absence, including family medical leave, military leave, temporary disability or sick leave, but excluding employees on long-term disability leave.

(b) *Employment of Active Employees by Acquisition Sub.*

(i) Acquisition Sub is not obligated to hire any Active Employee, but may interview all Active Employees. Acquisition Sub will provide Abiliti with a list of Active Employees to whom it has made an offer of employment that has been accepted, to be effective on the Closing Date (the HIRED ACTIVE EMPLOYEES). Subject to Legal Requirements, Acquisition Sub will have reasonable access to the facilities at the Leased Real Property and personnel records (including performance appraisals, disciplinary actions, grievances and medical records (collectively, the RECORDS)) of Abiliti for the purpose of preparing for and conducting employment interviews with all proposed Hired Active Employees and will conduct the interviews as expeditiously as possible prior to the Closing Date. Access will be provided by Abiliti upon reasonable prior notice during normal business hours. Effective immediately before the Closing, Abiliti will terminate the employment of all of the Hired Active Employees.

(ii) Neither Abiliti nor its Related Persons shall solicit the continued employment of any Active Employee (unless and until Acquisition Sub has informed Abiliti in writing that the particular Active Employee will not receive any employment offer from Acquisition Sub) or the employment of any Hired Active Employee after the Closing. Acquisition Sub shall inform Abiliti promptly of the identities of those Active Employees to whom it will not make employment offers, and Abiliti shall assist Acquisition Sub in complying with the WARN Act (as applicable) as to those Active Employees.

(iii) It is understood and agreed that (A) Acquisition Sub's expressed intention to extend offers of employment as set forth in this Section 10.1 shall not constitute any commitment, Contract or understanding (expressed or implied) of any obligation on the part of Acquisition Sub to a post-Closing employment relationship of any fixed term or duration or upon any terms or conditions other than those that Acquisition Sub may establish pursuant to individual offers of employment, and (B) unless the Hired Active Employees and Acquisition Sub enter into an employment agreement that provides otherwise, employment offered by Acquisition Sub is at will and may be terminated by Acquisition Sub or by a Hired Active Employee at any time for any reason (subject to any written commitments to the contrary made by Acquisition Sub or a Hired Active Employee and Legal Requirements). Nothing in this Agreement shall be deemed to prevent or restrict in any way the right of Acquisition Sub to terminate, reassign, promote or demote any of the Hired Active Employees after the Closing or to change adversely or favorably the title, powers, duties, responsibilities, functions, locations, salaries, other compensation or terms or conditions of employment of such employees.

(c) *Salaries and Benefits.*

(i) Except to the extent included in the Assumed Liabilities, and subject to the provisions of Section 10.1(h), Abiliti shall be responsible for (A) the payment of all wages and other remuneration due to Active Employees with respect to their services as employees of Abiliti through the close of business on the Closing Date, including pro rata bonus payments and all vacation pay earned prior to the Closing Date; (B) the payment of any termination or severance

payments and the provision of health plan continuation coverage in accordance with the requirements of COBRA and Sections 601 through 608 of ERISA; and (C) any and all payments to employees required under the WARN Act. The amount of the Reserved Cash shall be increased by the amount of any payments for which Abiliti is responsible under the preceding sentence which have not been paid prior to Closing.

(ii) Except to the extent included in the Assumed Liabilities, and subject to the provisions of Section 10.1(h), Abiliti shall be liable for any claims made or incurred by Active Employees and their beneficiaries through the Closing Date under the Abiliti Benefit Plans. For purposes of the immediately preceding sentence, a charge will be deemed incurred, in the case of hospital, medical or dental benefits, when the services that are the subject of the charge are performed and, in the case of other benefits (such as disability or life insurance), when an event has occurred or when a condition has been diagnosed that entitles the employee to the benefit. The amount of the Reserved Cash shall be increased by an amount sufficient to satisfy Abiliti's estimated obligations in respect of the Liabilities described in the preceding sentence as of Closing, to the extent each such Liability is not, in the reasonable judgment of Abiliti, covered by an in-force insurance policy or similar coverage.

(d) *Abiliti's Retirement and Savings Plans.*

(i) All Hired Active Employees who are participants in Abiliti Plans and Abiliti Qualified Plans shall retain their accrued benefits under such plans as of the Closing Date, and, except to the extent included in the Assumed Liabilities, Abiliti (or such plans) shall retain sole liability for the payment of such benefits as and when such Hired Active Employees become eligible therefor under such plans. All Hired Active Employees shall become fully vested in their accrued benefits under Abiliti Plans and Abiliti Qualified Plans as of the Closing Date and Abiliti will so amend such plans if necessary to achieve this result. Abiliti shall cause the assets of each Abiliti Plan and Abiliti Qualified Plan to equal or exceed the benefit liabilities of such plan, respectively, on a plan-termination basis as of the Effective Time.

(ii) Abiliti will cause its 401(k) Plan to be amended in order to provide that the Hired Active Employees shall be fully vested in their accounts under such plan as of the Closing Date and all payments thereafter shall be made from such plan as provided in the plan.

(e) *No Transfer of Assets.* Neither Abiliti nor its Related Persons will make any transfer of pension or other employee benefit plan assets to Acquisition Sub.

(f) *Collective Bargaining Matters.* Acquisition Sub will set its own initial terms and conditions of employment for the Hired Active Employees and others it may hire, including work rules, benefits and salary and wage structure, all as permitted by Applicable Law. Acquisition Sub is not obligated to assume any collective bargaining agreements under this Agreement. Except to the extent included in the Assumed Liabilities, Abiliti shall be solely liable for any severance payment required to be made to its employees due to the Contemplated Transactions. Any bargaining obligations of Abiliti with any union with respect to bargaining unit employees subsequent to the Closing, whether such obligations arise before or after the Closing, shall be the sole responsibility of Abiliti.

(g) *General Employee Provisions.*

(i) Abiliti and Acquisition Sub shall give any notices required by Legal Requirements and take whatever other actions with respect to the plans, programs and policies described in this Section 10.1 as may be necessary to carry out the arrangements described in this Section 10.1.

(ii) Abiliti and Acquisition Sub shall provide each other with such plan documents and summary plan descriptions, employee data or other information as may be reasonably required to carry out the arrangements described in this Section 10.1.

(iii) If any of the arrangements described in this Section 10.1 are determined by the IRS or other Governmental Body to be prohibited by law, Abiliti and Acquisition Sub shall modify such

arrangements to as closely as possible reflect their expressed intent and retain the allocation of economic benefits and burdens to the parties contemplated herein in a manner that is not prohibited by law.

(iv) Abiliti shall provide Acquisition Sub with completed I-9 forms and attachments with respect to all Hired Active Employees, except for such employees as Abiliti certifies in writing to Acquisition Sub are exempt from such requirement.

(v) Except to the extent expressly included in the Assumed Liabilities, Acquisition Sub shall not have any responsibility, Liability or obligation, whether to Active Employees, former employees, their beneficiaries or to any other Person, with respect to any employee benefit plans, practices, programs or arrangements (including the establishment, operation or termination thereof and the notification and provision of COBRA coverage extension) maintained by Abiliti.

(h) *Certain COBRA, Vacation and Past Service Credit Matters.*

(i) *COBRA Coverage.* Effective as of the Closing, Acquisition Sub shall assume the responsibility of Abiliti to provide COBRA continuation coverage (as defined in Section 4980B(f)(2) of the I.R.C.) insurance for those individuals (herein the Abiliti COBRA Qualified Beneficiaries) whose qualifying event (as defined in Section 4980B(f)(3) of the I.R.C.) occurred prior to or as of the Closing and who are, or would be, entitled to such coverage under a group health plan of Abiliti and who are paying the applicable premium for such insurance. SCHEDULE 10.1(H)(I) hereto is a preliminary listing of all Abiliti COBRA Qualified Beneficiaries whose qualifying event occurred prior to the Closing, with a listing of their type of qualifying event, and the date on which their COBRA continuation coverage began, which has been prepared by Abiliti; provided that Abiliti may update SCHEDULE 10.1(H)(I) from time to time through the Closing Date to reflect additional Abiliti COBRA Qualified Beneficiaries arising from qualifying events that may occur prior to the Closing. Abiliti agrees to prepare a complete and correct listing of all other Abiliti COBRA Qualified Beneficiaries (those whose qualifying event occurs as of the Closing), with a listing of their type of qualifying event and the date on which their COBRA continuation coverage begins, within thirty (30) days following the Closing. Notwithstanding the foregoing, Acquisition Sub shall only be responsible for those Abiliti COBRA Qualified Beneficiaries whom Abiliti has provided a listing to Acquisition Sub in accordance with the preceding two sentences. Except as expressly included in the Assumed Liabilities, Acquisition Sub shall not be required to reimburse any Abiliti COBRA Qualified Beneficiary for premiums payable for such COBRA continuation coverage.

(ii) *Vacation.* Effective as of the Closing, with respect to each Hired Active Employee, Acquisition Sub agrees that it will honor any vacation time of such employee accrued with Abiliti as of the Closing Date, which accrued vacation shall be set forth on SCHEDULE 10.1(H)(II) hereto; provided, however, that such accrued vacation time must be used in accordance with Acquisition Sub's standard vacation policy for its employees, as it may exist from time to time. Abiliti may update SCHEDULE 10.1(H)(II) from time to time through the Closing Date to reflect additional accrued vacation time or other changes in such vacation benefits; provided that any such changes in vacation benefits shall be consistent with Abiliti's existing vacation policies, as described on SCHEDULE 10.1(H)(II).

(ii) *Past Service Credit.* Effective as of the Closing, with respect to the Hired Active Employees, Acquisition Sub shall cause such employees to receive credit for their service with Abiliti as if such service had been for Acquisition Sub, for purposes of determining their participation and vesting under any pension, profit-sharing or stock bonus plan sponsored or maintained by Acquisition Sub which is qualified under Section 401(a) of the I.R.C. in accordance with the terms and provisions of such plan; provided, however, that such credit for service with Abiliti shall only be provided (1) to the extent that it will not affect the Tax-qualified status of any such plan, and (2) to the extent that it does not violate any Applicable Law.

SECTION 10.2. *Removing Retained Assets.* On or before the Closing Date, Abiliti shall remove all Retained Assets from all Real Property (including Leased Real Property) to be occupied by Acquisition Sub. Such removal shall be done in such manner as to avoid any damage to the Real Property (including Leased Real Property) and other properties to be occupied by Acquisition Sub and any disruption of the business operations to be conducted by Acquisition Sub after the Closing. Should Abiliti fail to remove the Retained Assets as required by this Section 10.2, Acquisition Sub shall have the right, but not the obligation, to (a) remove the Retained Assets at Abiliti's sole cost and expense; (b) store the Retained Assets and to charge Abiliti all storage costs associated therewith; (c) treat the Retained Assets as unclaimed and to proceed to dispose of the same under the laws governing unclaimed property; or (d) exercise any other right or remedy conferred by this Agreement or otherwise available at law or in equity. Abiliti shall promptly reimburse Acquisition Sub for all costs and expenses incurred by Acquisition Sub in connection with any Retained Assets not removed by Abiliti on or before the Closing Date.

SECTION 10.3. *Noncompetition, Nonsolicitation and Nondisparagement.*

(a) *Noncompetition.* For a period of five (5) years after the Closing Date, Abiliti shall not, anywhere within the St. Louis, Missouri metropolitan area, directly or indirectly invest in, own, manage, operate, finance, control, advise, render services to or guarantee the obligations of any Person engaged in or planning to become engaged in a business the same as or substantially similar to the Abiliti Business (COMPETING BUSINESS); provided, however, that Abiliti may purchase or otherwise acquire up to (but not more than) five percent (5%) of any class of the securities of any such Person (but may not otherwise participate in the activities of such Person) if such securities are listed on any national or regional securities exchange or have been registered under Section 12(g) of the Exchange Act, and provided, further, that the foregoing covenants are not intended to prohibit the holding of the Purchase Price by Abiliti.

(b) *Nonsolicitation.* For a period of five (5) years after the Closing Date, Abiliti shall not, directly or indirectly:

(i) solicit the business of any Person who is a customer of Acquisition Sub;

(ii) cause, induce or attempt to cause or induce any customer, supplier, licensee, licensor, franchisee, employee, consultant or other business relation of Acquisition Sub to cease doing business with Acquisition Sub, to deal with any competitor of Acquisition Sub or in any way interfere with its relationship with Acquisition Sub;

(iii) cause, induce or attempt to cause or induce any customer, supplier, licensee, licensor, franchisee, employee, consultant or other business relation of Abiliti on the Closing Date or within the year preceding the Closing Date to cease doing business with Acquisition Sub, to deal with any competitor of Acquisition Sub or in any way interfere with its relationship with Acquisition Sub; or

(iv) hire, retain or attempt to hire or retain any employee or independent contractor of Acquisition Sub or in any way interfere with the relationship between Acquisition Sub and any of its employees or independent contractors.

(c) *Nondisparagement.* After the Closing Date, Abiliti will not disparage Acquisition Sub, Daleen or any of any of their respective stockholders, directors, officers, employees or agents.

(d) *Modification of Covenant.* If a final judgment of a court or tribunal of competent jurisdiction determines that any term or provision contained in Section 10.3(a) through (c) is invalid or unenforceable, then the parties agree that the court or tribunal will have the power to reduce the scope, duration or geographic area of the term or provision, to delete specific words or phrases or to replace any invalid or unenforceable term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision. This Section 10.3 will be enforceable as so modified after the expiration of the time within which the judgment may be appealed. This Section 10.3 is reasonable and necessary to protect and

preserve Acquisition Sub's and Daleen's legitimate business interests and the value of the Purchased Assets and to prevent any unfair advantage conferred on Abiliti.

SECTION 10.4. *Customer and Other Business Relationships.* After the Closing, Abiliti will cooperate with Acquisition Sub in its efforts to continue and maintain for the benefit of Acquisition Sub those business relationships of Abiliti existing prior to the Closing and relating to the business to be operated by Acquisition Sub after the Closing, including relationships with lessors, employees, regulatory authorities, licensors, customers, suppliers and others. Abiliti will satisfy the Retained Liabilities in a manner that is in accordance with Applicable Law and is consistent with its covenants hereunder (including the covenants made in the preceding sentence). Abiliti will refer to Acquisition Sub all inquiries relating to such business. Abiliti shall not, and shall cause each of its officers and employees, and use its Best Efforts to cause its agents and shareholders, not to, take any action that would reasonably be expected to (a) challenge the ownership by Acquisition Sub of the Purchased Assets and the Abiliti Business, or (b) materially and adversely interfere with the business of Acquisition Sub to be engaged in after the Closing, including disparaging the name or business of Acquisition Sub or Daleen.

SECTION 10.5. *Retention of and Access to Records.* After the Closing Date, Acquisition Sub shall retain, consistent with Acquisition Sub's record-retention policies and practices, those records of Abiliti delivered to Acquisition Sub. Acquisition Sub also shall provide Abiliti and its representatives reasonable access thereto, during normal business hours and on at least three days prior written notice, to enable them to prepare financial statements or tax returns or deal with tax audits. After the Closing Date, Abiliti shall provide Acquisition Sub and its representatives reasonable access to records that are related to Retained Assets, during normal business hours and on at least three days prior written notice, for any reasonable business purpose specified by Acquisition Sub in such notice.

SECTION 10.6. *Conversion and Exercise of Purchase Price.* After the Closing Date, Abiliti shall not convert the Daleen Series F Preferred Stock into shares of Daleen Common Stock for a six month period; provided, however, that this restriction shall not apply should a Change of Control Event (as defined below) with respect to Daleen occur; provided further, however, that Abiliti acknowledges and agrees that, during the foregoing six month period, it shall be a condition precedent to any transfer of its shares of Daleen Series F Preferred Stock that each transferee thereof expressly agrees to the above-stated conversion restriction. For purposes of this Section 10.6, a CHANGE OF CONTROL EVENT means Daleen's dissolution or liquidation, the consummation of Daleen's sale of all or substantially all of its Assets, or the acquisition of a majority of the voting securities of Daleen by another Person by means of a stock sale, stock exchange or a merger (other than a merger which solely effects a change of domicile) or consolidation or other transaction (other than pursuant to a resale of securities either under Rule 144 promulgated under the Securities Act or a registered offering), unless, after such stock sale, stock exchange, merger, consolidation or other transaction, the Persons who were stockholders of Daleen immediately before the stock sale, stock exchange, merger, consolidation or other transaction continue to hold at least fifty percent (50%) of the economic and voting power of the surviving entity. Daleen shall provide 10 days written notice to Abiliti prior to the consummation of such event (a CHANGE OF CONTROL NOTICE).

SECTION 10.7. *Sarbanes-Oxley Act.* The Chief Executive Officer of Abiliti, who presently is Gordon Quick, shall execute and deliver the certificate in the form attached hereto as EXHIBIT N, or otherwise approved or required under Sections 302 and 906 of the Sarbanes-Oxley Act, including, without limitation, those financial statements as may be included in the Proxy Statement.

SECTION 10.8. *Update of Assumed Liabilities.* The parties acknowledge and agree that Abiliti may provide Daleen, on the date two business days prior to the Closing Date, a revised SCHEDULE 1.6 updating the Assumed Liabilities to include those Liabilities incurred in Abiliti's Ordinary Course of Business during the period between the date of this Agreement and the Closing Date; provided, however, that such updated Assumed Liabilities shall not include any Liabilities that in any way relate to or arise out of the Retained Liabilities.

ARTICLE XI

TERMINATION

SECTION 11.1. *Termination Events.* Subject to the provisions of this Article XI, this Agreement may, by notice given prior to or at the Closing, be terminated:

(a) By either Daleen or Acquisition Sub on the one hand, or Abiliti, on the other hand, if a material breach of any provision of this Agreement has been committed by the other party;

(b) (i) By Daleen or Acquisition Sub, if any condition in Article VIII has not been satisfied as of the Closing Date or if satisfaction of such a condition is or becomes impossible (other than through the failure of Daleen or Acquisition Sub to comply with its obligations under this Agreement) and Daleen and Acquisition Sub have not waived such condition on or before the Closing Date; or (ii) by Abiliti, if any condition in Article IX has not been satisfied as of the Closing Date or if satisfaction of such a condition is or becomes impossible (other than through the failure of Abiliti to comply with its obligations under this Agreement) and Abiliti has not waived such condition on or before the Closing Date;

(c) By mutual consent of Daleen, Acquisition Sub and Abiliti; or

(d) By either Daleen or Abiliti, if the Closing has not occurred (other than through the failure of any party seeking to terminate this Agreement pursuant to this subparagraph (d) to comply fully with its obligations under this Agreement) on or before February 28, 2003, or such later date as the parties may agree upon.

SECTION 11.2. *Notice of Certain Matters.* Daleen or Acquisition Sub, on the one hand, and Abiliti, on the other hand, will promptly give written notice to the other parties when it becomes aware of the occurrence or failure to occur, or the impending or threatened occurrence or failure to occur, of any fact or event that would cause or constitute, or would be likely to cause or constitute (a) any of its representations or warranties contained herein being or becoming untrue or incorrect; (b) its failure to perform any of its covenants or agreements contained herein; or (c) any of the conditions delegated to it being or becoming impossible to satisfy. No such notice shall affect the representations, warranties, covenants, agreements or conditions of the parties hereunder, or prevent any party from relying on the representations and warranties contained herein.

SECTION 11.3. *Daleen's or Acquisition Sub's Termination Procedure.* If Daleen or Acquisition Sub discovers, by reason of a written notice given by Abiliti pursuant to Section 11.2 or otherwise, circumstances that would give them the right to terminate this Agreement pursuant to Sections 11.1(a) and 11.1(b), then Daleen or Acquisition Sub shall deliver a written notice to Abiliti of such circumstances, specifying the factual basis therefor in reasonable detail. Abiliti shall have the right to cure any such matter within ten (10) days following the date of delivery of such notice, unless it is manifest that such matter is not curable. If such circumstances create for Daleen or Acquisition Sub a termination right pursuant to Sections 11.1(a) and 11.1(b), then after such written notice delivered to Abiliti and Abiliti's failure to cure, or immediately following such written notice if it is manifest that such matter is not curable, Daleen or Acquisition Sub may terminate this Agreement by giving a written notice of termination to Abiliti.

SECTION 11.4. *Abiliti's Termination Procedure.* If Abiliti discovers, by reason of a notice given by Daleen or Acquisition Sub pursuant to Section 11.2 or otherwise, circumstances that would give it the right to terminate this Agreement pursuant to Sections 11.1(a) and 11.1(b), then Abiliti shall deliver a written notice to Daleen or Acquisition Sub of such circumstances, specifying the factual basis therefor in reasonable detail. Daleen or Acquisition Sub shall have the right to cure any such matter within ten (10) days following the date of delivery of such notice, unless it is manifest that such matter is not curable. If such circumstances create a termination right for Abiliti pursuant to Sections 11.1(a) and 11.1(b), then after such written notice delivered to Daleen or Acquisition Sub and Daleen's or Acquisition Sub's failure to cure, or immediately following such written notice if it is manifest that such matter is not

curable, Abiliti may terminate this Agreement by giving a written notice of termination to Daleen or Acquisition Sub.

SECTION 11.5. *Effect of Termination.* If this Agreement is terminated pursuant to Section 11.1, all further obligations of the parties under this Agreement will terminate, except that the obligations in Sections 13.3 and 13.6 will survive; provided, however, that if this Agreement is terminated by a party because of a willful or intentional breach by another party that gives rise to a right of termination under Sections 11.1(a) or 11.1(b), the terminating party's right to pursue all legal remedies will survive such termination unimpaired.

ARTICLE XII

INDEMNIFICATION; REMEDIES

SECTION 12.1. *Survival; Right to Indemnification Not Affected by Knowledge.* All representations, warranties, covenants and obligations in this Agreement, the disclosure schedules to this Agreement, the certificates delivered pursuant to Section 8.9(d) and Section 9.7(d), and any other certificate or document delivered pursuant to this Agreement to be delivered at or prior to the Closing will remain operative and in full force and effect for a period ending one (1) year after the Closing Date. Notwithstanding the foregoing, Abiliti's obligations under Section 12.2(c), as well as its covenants and agreements with respect to the Retained Liabilities, and Acquisition Sub's obligations under Section 12.3(b)(i) as well as its covenants and agreements with respect to the Assumed Liabilities (including without limitation Section 1.6 and the schedule thereto) shall survive the Closing Date and will remain operative and in full force and effect thereafter without limitation as to time. The right to indemnification under this Article XII will not be affected by any investigation conducted with respect to, or any Knowledge acquired (or capable of being acquired) at any time, whether before or after the execution and delivery of this Agreement or the Closing Date, with respect to the accuracy or inaccuracy of or compliance with, any such representation, warranty, covenant or obligation. The waiver of any condition based on the accuracy of any representation or warranty, or on the performance of or compliance with any covenant or obligation, will not affect the right to indemnification under this Article XII based on such representations, warranties, covenants and obligations.

SECTION 12.2. *Indemnification and Payment of Damages by Abiliti.* Subject to the limitations set forth in this Article XII, Abiliti will indemnify and hold harmless Daleen and Acquisition Sub and their respective directors, officers, employees, agents and affiliates (collectively, the DALEEN INDEMNIFIED PERSONS) for, and will pay to the Daleen Indemnified Persons the amount of, any loss, liability, claim, damage (including incidental and consequential damages), expense (including costs of investigation and defense and reasonable attorneys' fees) or diminution of value, in each case net of insurance recoveries, whether or not involving a third-party claim (collectively, DAMAGES), arising, directly or indirectly, from or in connection with:

(a) Any Breach (as defined in Section 12.2(d)) of any representation or warranty made by Abiliti in this Agreement, the disclosure schedules to this Agreement, or any Abiliti Closing Document; provided that to the extent that any such representation and warranty is qualified by materiality or by whether there is or could result a Material Adverse Effect, such qualification shall be ignored for purposes of calculating the amount of Damages under this Section 12.2(a), but not for purposes of determining whether a Breach has occurred;

(b) Any Breach by Abiliti of any covenant, agreement or obligation of Abiliti in this Agreement; or

(c) Any Retained Liability.

(d) As used herein, the term BREACH shall mean (i) in respect of any representation or warranty, such representation or warranty being untrue when made, and (ii) in respect of any covenant, agreement or obligation, a breach of such covenant, agreement or obligation.

SECTION 12.3. *Indemnification and Payment of Damages by Daleen and Acquisition Sub.*

(a) Subject to the limitations set forth in this Article XII, Daleen and Acquisition Sub will indemnify and hold harmless Abiliti and its directors, officers, employees, agents and affiliates (collectively, the ABILITI INDEMNIFIED PERSONS ; the Daleen Indemnified Persons and Abiliti Indemnified Persons are generally referred to in this Article XII, in their capacities as Persons entitled to indemnification, as INDEMNIFIED PERSONS) for, and will pay to the Abiliti Indemnified Persons the amount of, any Damages incurred by the Abiliti Indemnified Persons arising, directly or indirectly, from or in connection with:

(i) Any Breach of any representation or warranty made by Daleen or Acquisition Sub in this Agreement, the disclosure schedules to this Agreement, or any Daleen Closing Document; provided that to the extent that any such representation and warranty is qualified by materiality or by whether there is or could result a Material Adverse Effect, such qualification shall be ignored for purposes of calculating the amount of Damages under this Section 12.3(a), but not for purposes of determining whether a Breach has occurred; or

(ii) Any Breach by Daleen or Acquisition Sub of their respective covenants, agreements or obligations in this Agreement, other than with respect to the Assumed Liabilities with respect to which Daleen shall have no Liability or obligation.

(b) Subject to the limitations set forth in this Article XII, Acquisition Sub will indemnify and hold harmless the Abiliti Indemnified Persons for, and will pay to the Abiliti Indemnified Persons the amount of, any Damages incurred by the Abiliti Indemnified Persons arising, directly or indirectly, from or in connection with:

(i) Any Assumed Liability; or

(ii) Any failure of Abiliti to comply with applicable bulk sale or comparable laws in connection with its performance of its obligations under this Agreement (which compliance is hereby waived by Daleen and Acquisition Sub).

SECTION 12.4. *Time Limitations.* If the Closing occurs, no Indemnifying Person (as defined in Section 12.6) will have any liability for indemnification under this Article XII unless on or before the date that is one year after the Closing Date, an Indemnified Person shall notify in writing the respective Indemnifying Person of a claim specifying the factual basis of the claim in reasonable detail to the extent then known. The foregoing obligations shall apply to neither (a) indemnification in respect of Retained Liabilities pursuant to Section 12.2(c) nor (b) indemnification in respect of Assumed Liabilities pursuant to Section 12.3(b)(i).

SECTION 12.5. *Limitations on Amount.*

(a) Abiliti will have no liability for indemnification with respect to the matters described in Section 12.2(a) and (b) until the total of all Damages, with respect to such matters exceeds the Deductible (as defined below), at which time Abiliti shall be obligated for indemnification of all Damages in excess of the Deductible, subject to the maximum liability for Damages set forth in Section 12.5(b); provided, however, that the Deductible shall apply neither to Abiliti's liabilities set forth in Section 4.26 or the disclosure schedules thereto, nor to Abiliti's obligations with respect to the Retained Liabilities. For purposes of this Agreement, the DEDUCTIBLE shall mean an initial aggregate amount of Damages equal to \$250,000.

(b) The sole remedy of any Daleen Indemnified Party in respect of any claim for indemnification or reimbursement under Section 12.2(a) and (b) of this Agreement shall be a claim against and with respect to the Escrow Shares, and shall be limited to and shall not exceed the aggregate value thereof (as determined pursuant to the Escrow Agreement); provided, however, that (i) nothing in this paragraph (b) shall limit in any way any party's remedies against any Person in respect of any fraud or willful misrepresentation by such Person in connection with this Agreement or

the Contemplated Transactions, and (ii) the foregoing limitation shall not apply to Ability's indemnification obligations with respect to Retained Liabilities.

(c) Daleen and Acquisition Sub will have no liability for indemnification with respect to the matters described in Section 12.3(a)(i) and (ii) until the total of all Damages with respect to such matters exceeds the Deductible, at which time Daleen or Acquisition Sub shall be obligated for indemnification of all Damages in excess of the Deductible, subject to the maximum liability for Damages set forth in Section 12.5(d); provided, however, that the Deductible shall apply neither to Daleen's liabilities set forth in Sections 5.3 or 5.26 or the disclosure schedules thereto, nor to Acquisition Sub's indemnification obligations with respect to the Assumed Liabilities.

(d) The sole remedy of any Ability Indemnified Party in respect of any claim for indemnification or reimbursement of Damages under this Agreement shall be pursuant to this Article XII, and the maximum liability of Daleen and Acquisition Sub for Damages with respect to claims for indemnification under Section 12.3(a)(i) and (ii) of this Agreement shall be limited to and shall not exceed, in the aggregate for all such claims, the Daleen Cap; provided, however, that nothing in this paragraph (d) shall limit in any way any party's remedies against any Person in respect of any fraud or willful misrepresentation by such Person in connection with this Agreement or the Contemplated Transactions. The Daleen Cap shall be determined as follows:

(i) The DALEEN CAP is three million thirteen thousand three hundred thirteen (3,013,313) shares of Daleen Common Stock.

(ii) Daleen shall, subject to the Daleen Cap, satisfy claims for Damages hereunder by delivering to the applicable Ability Indemnified Parties, in Daleen's sole discretion, (A) cash, (B) shares of Daleen Common Stock in an amount equal to the amount of Damages to be paid by Daleen with respect to such claim divided by the Current Market Price Per Share of Common Stock (as defined in (iv) below), or (C) a combination of cash and shares of Daleen Common Stock with an aggregate value (as determined in accordance with (iii) below) equal to the amount of Damages to be paid by Daleen with respect to such claim.

(iii) If Daleen determines to pay all or part of a claim by delivering Daleen Common Stock, the Daleen Cap will be reduced by the amount equal to the number of shares of Daleen Common Stock so delivered. If Daleen determines to pay all or part of a claim in cash, it will be deemed for purposes of this Article XII to have delivered to the Ability Indemnified Parties (and the Daleen Cap shall be reduced by) the number of shares of Daleen Common Stock equal to (a) the amount of such cash payment divided by (b) the Current Market Price Per Share of Common Stock at the time of such payment. The maximum amount of cash to be paid to the Ability Indemnified Parties shall not exceed, in the aggregate, the amount of cash determined by multiplying (A) the then-current number of shares of Daleen Common Stock in the Daleen Cap by (B) the Current Market Price Per Share of Common Stock.

(iv) For purposes of this Agreement, CURRENT MARKET PRICE PER SHARE OF COMMON STOCK for any date means the average of the closing prices of a share of Daleen Common Stock during a period of 20 consecutive Trading Days (as defined below) ending five trading days before such date on the principal national securities exchange or The Nasdaq Stock Market (including The Nasdaq National Market and The Nasdaq SmallCap Market, as the case may be) on which the Daleen Common Stock is then listed or admitted to trading. The closing price shall be the last reported sale price, or, in case no such sale takes place on such day, the average of the closing bid and asked price, as reported by said exchange or market or quotation system. If the Daleen Common Stock is not then so listed on a national securities exchange or in such market system, the Current Market Price Per Share of Common Stock shall be deemed to be the average of the closing bid and asked prices of the Daleen Common Stock in the over-the-counter market as reported by The Nasdaq Stock Market, Inc. or other operator of the applicable over-the-counter market. If the Daleen Common Stock is not then listed on a national securities exchange, market system or quoted on an over-the-counter market, the Current Market Price Per

Share of Common Stock shall be the fair market value of a share of Daleen Common Stock as determined in good faith by the Board of Directors of Daleen. For purposes of this Agreement, **TRADING DAY** shall mean any day on which The Nasdaq Stock Market is open for trading.

SECTION 12.6. Procedure for Indemnification Third Party Claims.

(a) Promptly after receipt by an Indemnified Person of notice of the commencement of any Proceeding against it, such Indemnified Person will, if a claim is to be made against Abiliti, give notice to Abiliti of the commencement of such claim, or, if a claim is to be made against Daleen, to Daleen of the commencement of such claim. The failure of an Indemnified Person to provide notice as specified in the preceding sentence will not relieve the Person(s) required to provide indemnification (each, an **INDEMNIFYING PERSON**) of any liability that they may have to any Indemnified Person, except to the extent that the Indemnifying Person demonstrates that the defense of such action is prejudiced by the Indemnified Person's failure to give such notice.

(b) If any Proceeding referred to in Section 12.6(a) is brought against an Indemnified Person and it gives notice as provided therein of the commencement of such Proceeding, the Indemnifying Person(s) will, unless the claim involves Taxes, be entitled to participate and, to the extent that each of them wishes (unless (i) such Indemnifying Persons also are party to such Proceeding and the Indemnified Person determines in good faith that joint representation would be inappropriate; or (ii) the Indemnifying Persons fail to provide reasonable assurance to the Indemnified Person of their financial capacity to defend such Proceeding and provide indemnification with respect to such Proceeding), to assume the defense of such Proceeding with counsel reasonably satisfactory to the Indemnified Person and, after notice from the Indemnifying Persons to the Indemnified Person of the Indemnifying Persons' election to assume the defense of such Proceeding, the Indemnifying Persons will not, as long as they diligently conduct such defense, be liable to the Indemnified Person under this Article XII for any fees of other counsel or any other expenses with respect to the defense of such Proceeding, in each case subsequently incurred by the Indemnified Person in connection with the defense of such Proceeding. If the Indemnifying Persons assume the defense of a Proceeding, (A) no compromise or settlement of such claims may be effected by the Indemnifying Persons without the Indemnified Person's consent unless (1) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other claims that may be made against the Indemnified Person; and (2) the sole relief provided is monetary damages that are paid in full by the Indemnifying Persons; and (B) the Indemnified Person will have no liability with respect to any compromise or settlement of such claims effected without its consent. If notice is given to the Indemnifying Persons of the commencement of any Proceeding and the Indemnifying Persons do not, within ten (10) days after the Indemnified Person's notice is given, give notice to the Indemnified Person of their election to assume the defense of such Proceeding, the Indemnifying Persons will be bound by any determination made in such Proceeding or, with the consent of the Indemnifying Persons (which will not be unreasonably withheld), any compromise or settlement effected by the Indemnified Person.

(c) Notwithstanding the foregoing, if an Indemnified Person determines in good faith that there is a reasonable probability that a Proceeding may adversely affect it or its affiliates other than as a result of monetary damages for which it would be entitled to indemnification under this Agreement, the Indemnified Person may, by notice to the Indemnifying Persons, assume the exclusive right to defend, compromise, or settle such Proceeding, but the Indemnifying Persons will not be bound by any determination of a Proceeding so defended or any compromise or settlement effected without its consent (which may not be unreasonably withheld).

SECTION 12.7. Procedure for Indemnification Other Claims. A claim by an Indemnified Person for indemnification for any matter not involving a third-party claim may be asserted by written notice to the Indemnifying Persons.

SECTION 12.8. No Impairment of Acquisition Sub. Until the earlier of (a) two years from and after the Closing Date or (b) the date upon which Abiliti files Articles of Dissolution or otherwise

dissolves (in accordance with Section 2.1), Acquisition Sub shall not, and Daleen shall not cause or permit Acquisition Sub to, take any action or series of actions outside of the Ordinary Course of Business (including, without limitation, any dividend, distribution, loan (other than a bona fide, arm's length third party financing), pledge (other than in connection with a bona fide, arm's length third party financing), assignment, asset sale, merger, consolidation, or other corporate transaction), at any time or number of times, that have, or would reasonably be expected to have, directly or indirectly, the effect of (i) causing a significant portion of the Assets or revenues of Acquisition Sub to be sold, assigned, pledged, disposed of or otherwise transferred to or encumbered for the benefit of any other Person, including without limitation to or for the benefit of Daleen or any of its Affiliates, or (ii) impairing the ability of Acquisition Sub to perform its obligations under this Agreement, unless such action(s) have received the prior written consent, in each case, of Behrman Capital II, L.P. and Strategic Entrepreneur Fund II, L.P. and their respective successors and assigns.

ARTICLE XIII

GENERAL PROVISIONS

SECTION 13.1. *[Intentionally Omitted.]*

SECTION 13.2. *Abiliti Employees; Grant of Options.* Hired Active Employees shall be offered participation in the employee benefit plans and programs available to employees of Daleen or its subsidiaries upon terms and conditions which, when taken as a whole, are substantially similar to those afforded to similarly situated employees of Daleen or its subsidiaries, including the grant of stock options pursuant to the Daleen 2001 Broad-Based Stock Incentive Plan and/or the Daleen Amended and Restated 1999 Stock Incentive Plan, in such amounts and upon such terms as are consistent with Daleen's policies for similarly situated employees of Daleen.

SECTION 13.3. *Expenses.* Except as otherwise expressly provided in this Agreement or on SCHEDULE 1.6, each party to this Agreement will pay its respective expenses incurred in connection with the preparation, execution and performance of this Agreement and the Contemplated Transactions, including all fees and expenses of agents, representatives, counsel and accountants, provided that Abiliti will not pay and Daleen shall not assume any of the foregoing expenses incurred by or for the account of the Shareholders. In the event of termination of this Agreement, the obligation of each party to pay its own expenses will be subject to any rights of such party arising from a breach of this Agreement by another party.

SECTION 13.4. *Public Announcements.* Any press release with respect to this Agreement or the Contemplated Transactions will be issued, if at all, at such time and in such manner as Daleen determines, after consultation with Abiliti. Unless consented to in writing by Daleen in advance or required by Legal Requirements, prior to the Closing, Abiliti shall keep this Agreement strictly confidential and may not make any disclosure of this Agreement to any Person. Abiliti and Daleen will consult with each other concerning the means by which Abiliti's employees, customers, and suppliers and others having dealings with Abiliti will be informed of the Contemplated Transactions, and Daleen will have the right to be present for any such communication.

SECTION 13.5. *Further Assurances.* The parties agree (i) to furnish upon request to each other such further information; (ii) to execute and deliver to each other such other documents; and (iii) to do such other acts and things, all as the other party may reasonably request for the purpose of carrying out the intent of this Agreement and the documents referred to in this Agreement.

SECTION 13.6. *Confidentiality.* Abiliti and Daleen each acknowledges and confirms that (a) it has entered into the Non-Disclosure Agreement; (b) information provided by each party hereto to the other party hereto pursuant to this Agreement is subject to the terms and conditions of the Non-Disclosure Agreement; and (c) the Non-Disclosure Agreement is and shall remain in full force and effect in accordance with its terms.

Knowledge with respect to Abiliti, (including to the Knowledge of Abiliti, to Abiliti's Knowledge, and words of similar import) shall mean the Knowledge of its Executive Officers. SECTION 13.10. *Waiver.* The rights and remedies of the parties to this Agreement are cumulative and not alternative. Neither the failure nor any delay by any party in exercising any right, power or privilege under this Agreement or the documents referred to in this Agreement will operate as a waiver of such right, power or privilege, and no single or partial exercise of any such right, power or privilege will preclude any other or further exercise of such right, power or privilege or the exercise of any other right, power or privilege. To the maximum extent permitted by Applicable Law, (a) no claim or right arising out of this Agreement or the documents referred to in this Agreement can be discharged by one party, in whole or in part, by a waiver or renunciation of the claim or right unless in writing signed by the other party; (b) no waiver that may be given by a party will be applicable except in the specific instance for which it is given; and (c) no notice to or demand on one party will be deemed to be a waiver of any obligation of such party or of the right of the party giving such notice or demand to take further action without notice or demand as provided in this Agreement or the documents referred to in this Agreement.

SECTION 13.11. *Entire Agreement and Modification.* Except for the Non-Disclosure Agreement, this Agreement supersedes all prior agreements between the parties with respect to its subject matter and constitutes (along with the documents executed in connection with this Agreement) a complete and exclusive statement of the terms of the agreement between the parties with respect to its subject matter. This Agreement may not be amended except by a written agreement executed by the party to be charged with the amendment.

SECTION 13.12. *Disclosure Schedules.* Except to the extent expressly provided otherwise in this Agreement, the disclosures in the schedules to this Agreement shall relate only to the representations and warranties in the section of this Agreement to which each schedule expressly relates and to no other representation or warranty. In the event of any inconsistency between the statements in the body of this Agreement and those in the schedules (other than an exception expressly set forth as such in the disclosure schedules with respect to a specifically identified representation or warranty), the statements in the body of this Agreement will control. Disclosure of any matter on a schedule to this Agreement shall not be deemed to constitute an admission by the disclosing party that such matter satisfies any materiality or comparable threshold set forth in the section to which such schedule relates.

SECTION 13.13. *Assignments, Successors and No Third-Party Rights.* Neither party may assign any of its rights under this Agreement without the prior consent of the other parties. (h) *Representations and Warranties.* The representations and warranties of the Company set forth in Sections 3.2, 3.3 and 3.4 (with respect to the representations set forth in Section 3.4, as the same may be modified to reflect the transactions permitted by Section 6.1) shall be true and correct as of the Investment Closing Date, with the same force and effect as if made as of the Investment Closing Date.

5.2. *Conditions to Company's Obligations.* The Company's obligation to consummate the Closing shall be subject to the fulfillment and satisfaction, at or prior to the Closing, of the written waiver thereof, of the following conditions:

(a) *Representations and Warranties; Covenants.* The representations and warranties of each Investor contained in this Agreement shall be true and correct in all material respects as of the date of this Agreement. Each Investor shall have complied in all material respects with all covenants contained herein to be complied with by such Investor at or prior to the Investment Closing Date;

(b) *Payment of Purchase Price.* The Company shall have received payment for the shares of Series F Preferred Stock, the Common Stock, the Warrants and the Additional Warrants purchased by each Investor, in an aggregate amount not less than \$5,015,000, by wire transfer in immediately available funds at the Closing; and

6. *Certain Covenants.*

6.1 *Capitalization of Daleen.* Except as otherwise expressly permitted by this Agreement or the Purchase Agreement, between the date of this Agreement and the Investment Closing Date, Daleen will not, without the prior written consent of the Behrman Investors, which will not be unreasonably withheld, take any action that would result in the following:

(a) a dividend to the holders of Daleen Capital Stock (as defined in the Purchase Agreement) or issue additional shares of Daleen Capital Stock except as may be required by Daleen (i) under the terms of options granted pursuant to the Daleen 2001 Broad-Based Stock Incentive Plan and/or the Daleen Amended and Restated 1999 Stock Incentive Plan (as such terms are defined in the Purchase Agreement); or (ii) pursuant to warrants or other convertible securities that have been granted on or before the date hereof; or

(b) other than (i) as permitted in Section 6.1(a) above, (ii) as set forth in the Purchase Agreement (including the schedules thereto), or (iii) in connection with a reverse stock split in respect of which Daleen is obligated to pay an aggregate of \$50,000 or less in respect of fractional shares, a change in Daleen's authorized or issued capital stock; the grant of any stock option or right to purchase shares of capital stock of Daleen; issuance of any security convertible into such capital stock; the grant of any registration rights; purchase, redemption, retirement, or other acquisition by Daleen of any shares of any such capital stock; or the declaration or payment of any dividend or other distribution or payment in respect of shares of capital stock.

6.2 *Representations and Warranties; Covenants Performed; Officer's Certificate.* At the Closing, Daleen shall deliver to the Investors a certificate (which certificate may be combined with the certificate to be delivered pursuant to Section 5.1(a)) duly executed by an authorized officer of Daleen confirming that (a) the representations and warranties of Daleen set forth in Sections 3.2, 3.3 and 3.4 (with respect to the representations set forth in Section 3.4, as the same may be modified to reflect the transactions permitted by Section 6.1) are true and correct as of the Investment Closing Date, with the same force and effect as if made as of the Investment Closing Date, and (b) all the covenants contained in this Agreement to be complied with by Daleen on or before the Investment Closing Date have been complied with.

7. *Survival of Representations and Warranties; Indemnification.*

(a) *Survival.* The representations and warranties of the Company and the Investors made in or pursuant to this Agreement shall survive the Closing until (subject to the last sentence of this Section 7(a)) the first anniversary of the Investment Closing Date; provided, however, that except as otherwise provided in Section 6.2, such representations and warranties need only be accurate as of the date of this Agreement. Any representation or warranty that is the subject of a claim or dispute asserted in writing prior to the expiration of the applicable of the above stated period shall survive with respect to such claim or dispute until the final resolution thereof.

(b) *Indemnification by the Company.* Subject to the limitations set forth in this Section 6, the Company will indemnify and hold harmless the Investors and their respective directors, officers, employees, agents and affiliates (collectively, the Investor Indemnified Persons) for, and will pay to the Investor Indemnified Persons the amount of, any loss, liability, claim, damage (including incidental and consequential damages), expense (including costs of investigation and defense and reasonable attorneys' fees) or diminution of value, in each case net of insurance recoveries, whether or not involving a third-party claim (collectively, Damages), arising, directly or indirectly, from or in connection with:

(i) Any Breach (as defined in Section 7(b)(iii)) of any representation or warranty made by the Company in this Agreement or the disclosure schedules to this Agreement; or

(ii) Any Breach by the Company of any covenant, agreement or obligation of the Company in this Agreement.

(iii) As used herein, the term Breach shall mean (A) in respect of any representation or warranty, such representation or warranty being untrue when made, and (B) in respect of any covenant, agreement or obligation, a breach of such covenant, agreement or obligation.

(c) *Time Limitations.* If the Closing occurs, no Indemnifying Person (as defined in Section 7(e)) will have any liability for indemnification under this Section 7 unless on or before the date that is one year after the Closing Date, an Indemnified Person shall notify in writing the respective Indemnifying Person of a claim specifying the factual basis of the claim in reasonable detail to the extent then known.

(d) *Limitations on Amount.*

(i) The Company will have no liability for indemnification with respect to the matters described in Section 7(b) until the total of all Damages with respect to such matters, in the aggregate, exceeds an initial aggregate amount equal to \$250,000 (the Deductible), at which time the Company shall be obligated for indemnification of all Damages in excess of the Deductible, subject to the maximum liability for Damages set forth in Section 7(d)(ii).

(ii) The sole remedy of any Investor Indemnified Party in respect of any claim for indemnification or reimbursement of Damages under this Agreement shall be pursuant to this Section 7, and the Company's maximum liability for Damages with respect to claims for indemnification under Section 7(b) of this Agreement shall be limited to and shall not exceed, in the aggregate for all such claims, \$1,000,000 (the Cap); provided, however, that nothing in this paragraph (ii) shall limit in any way any Party's remedies against any Person in respect of any fraud or willful misrepresentation by such Person in connection with this Agreement.

(e) *Procedure for Indemnification - Third Party Claims.*

(i) Promptly after receipt by an Investor Indemnified Person of notice of the commencement of any Proceeding against it, such Investor Indemnified Person will, if a claim is to be made against the Company, give notice to the Company of the commencement of such claim. The failure of an Investor Indemnified Person to provide notice as specified in the preceding sentence will not relieve the Company (herein, the Indemnifying Person) of any liability that they may have to any Investor Indemnified Person, except to the extent that the Indemnifying Person demonstrates that the defense of such action is prejudiced by the Investor Indemnified Person's failure to give such notice.

(ii) If any Proceeding referred to in Section 7(e)(i) is brought against an Investor Indemnified Person and it gives notice as provided therein of the commencement of such Proceeding, the Indemnifying Person will, unless the claim involves Taxes, be entitled to participate and, to the extent that it wishes (unless (A) the Indemnifying Person also is party to such Proceeding and the Investor Indemnified Person determines in good faith that joint representation would be inappropriate; or (B) the Indemnifying Person fails to provide reasonable assurance to the Investor Indemnified Person of its financial capacity to defend such Proceeding and provide indemnification with respect to such Proceeding), to assume the defense of such Proceeding with counsel reasonably satisfactory to the Investor Indemnified Person and, after notice from the Indemnifying Person to the Investor Indemnified Person of the Indemnifying Person's election to assume the defense of such Proceeding, the Indemnifying Person will not, as long as it diligently conducts such defense, be liable to the Investor Indemnified Person under this Section 7 for any fees of other counsel or any other expenses with respect to the defense of such Proceeding, in each case subsequently incurred by the Investor Indemnified Person in connection with the defense of such Proceeding. If the Indemnifying Person assumes the defense of a Proceeding, (I) no compromise or settlement of such claims may be effected by the Indemnifying Person without the Investor Indemnified Person's consent unless (x) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other claims that may be made against the Investor Indemnified Person; and (y) the sole relief provided is monetary damages that are paid in full by the Indemnifying Person; and (II) the Investor Indemnified Person will have no liability with respect to any compromise or settlement of such claims effected without its consent. If notice is given to the Indemnifying Person of the commencement of any Proceeding and the Indemnifying Person does not, within ten (10) days after the Investor Indemnified Person's notice is given, give notice to the Investor Indemnified Person of its election to assume the defense of such Proceeding, the Indemnifying Person will be bound by any determination

made in such Proceeding or, with the consent of the Indemnifying Person (which will not be unreasonably withheld), any compromise or settlement effected by the Investor Indemnified Person.

(iii) Notwithstanding the foregoing, if an Indemnified Person determines in good faith that there is a reasonable probability that a Proceeding may adversely affect it or its affiliates other than as a result of monetary damages for which it would be entitled to indemnification under this Agreement, the Indemnified Person may, by notice to the Indemnifying Person, assume the exclusive right to defend, compromise, or settle such Proceeding, but the Indemnifying Person will not be bound by any determination of a Proceeding so defended or any compromise or settlement effected without its consent (which may not be unreasonably withheld).

(g) *Procedure for Indemnification - Other Claims.* A claim by an Indemnified Person for indemnification for any matter not involving a third-party claim may be asserted by written notice to the Indemnifying Person.

Warrant Exercise Shares, Additional Warrant Exercise Shares, Purchase Conversion Shares, Investment Conversion Shares and KBRO Warrant Shares issued to Abiliti pursuant to the Purchase Agreement, issued to an Investor pursuant to the Investment Agreement or issued to KBRO upon exercise of the KBRO Warrant, and (ii) any shares of Common Stock issued or issuable with respect to the Registrable Securities, as a result of any stock split, stock dividend, recapitalization, exchange or similar event or otherwise; provided, however, that any shares of Common Stock issued as a result of any stock split, stock dividend, recapitalization, exchange or similar event or otherwise with respect to any Registrable Securities shall not be considered Registrable Securities to the extent such shares of Common Stock are covered by another, current and effective registration statement permitting the resale without restriction of such shares. All of the Registrable Securities shall cease to be Registrable Securities upon termination or expiration of the Effectiveness Period. Additionally, Registrable Securities shall cease to be Registrable Securities if and when such securities (A) can be resold under Rule 144(k) under the Securities Act, (B) are sold in a registered public offering, (C) are sold in any transaction in which the recipient receives shares that are freely tradable under the Securities Act, (D) are transferred to, or are otherwise held by, any Person not entitled to the registration rights granted under this Agreement, or (E) are sold in a transaction exempt from the registration and prospectus delivery requirements of the Securities Act under Section 4(1) thereof so that all transfer restrictions, and restrictive legends with respect thereto, if any, are removed upon the consummation of such sale.

(h) **REGISTRATION PERIOD** means the period beginning on the later of November 8, 2002 and the Closing Date, and ending on the earliest of (i) the date on which no Registrable Securities are outstanding or (ii) the end of the Effectiveness Period.

(i) **REGISTRATION STATEMENT** means a registration statement or registration statements of the Company filed under the Securities Act registering Registrable Securities, provided, however, that the term **Registration Statement** shall not include any registration statement on Form S-4 or Form S-8 filed or to be filed by the Company.

(j) **RULE 415** means Rule 415 promulgated under the Securities Act or any successor rule providing for offering securities on a continuous or delayed basis.

Capitalized terms used herein and not otherwise defined herein shall have the respective meanings set forth in the Purchase Agreement and its exhibits, schedules and attachments.

2. *Registration.*

(a) *Demand Registration.*

(i) *Timing of Demand Registrations.* At any time during the Registration Period, the Holders of a Majority in Interest of the Registrable Securities (individually, a **DEMANDING HOLDER** and collectively, the **DEMANDING HOLDERS**), may request by notice to the Company (the **DEMAND NOTICE**) that the Company prepare, and, as soon as practicable, using its Best Efforts to file within 45 days after receipt of the Demand Notice but in no event later than 90 days after receipt of the Demand Notice (the **FILING DEADLINE**), file with the SEC a Registration Statement on Form S-3 (**FORM S-3** being deemed to include, for purposes of this Agreement, any comparable or successor form or forms) for an offering to be made on a continuous basis pursuant to Rule 415 covering the sale by the Demanding Holders of the Registrable Securities as provided for in this Section 2(a), provided, however, that in the event that the Company does not then qualify for registration on Form S-3, or that the SEC, pursuant to its rules, regulations or otherwise, prohibits the Company from filing a Registration Statement on Form S-3, then either (i) the Filing Deadline shall be the day that is 30 days following the Company's eligibility to file a Registration Statement on Form S-3 or, if the SEC is not open for business on such day, the next day that the SEC is open for business, or (ii) if a Majority in Interest of the Registrable Securities proposed to be included in such registration statement elect to require that the Company effect such registration in respect of an underwritten

offering on a form other than Form S-3, then the Filing Deadline by which the Company must file a registration statement on such form as is available for such a registration shall be the day that is 90 days after written notice of such election is given, subject to the provisions of Section 2(d) and to the restrictions set forth in Section 4(a) (including, without limitation, the absence of any requirement that the Company maintain the effectiveness on a Registration Statement for a continuous or delayed offering basis on any form other than Form S-3). The Company (a) shall use its Best Efforts to cause such Registration Statement to be declared effective by the SEC as soon as practicable after the filing thereof and (b) shall use its Best Efforts to cause such Registration Statement to be declared effective by the SEC no later than the date which is 90 days after the filing of such Registration Statement, or such later date as the Company and the Holders of a Majority in Interest of the Registrable Securities shall agree in writing (as so extended, the EFFECTIVENESS DEADLINE). Notwithstanding any other provision herein, the Company shall have no liability hereunder for its failure to file with the SEC a Registration Statement by the Filing Deadline, or to cause such Registration Statement to be declared effective by the SEC by the Effectiveness Deadline, in the event the failure to file a Registration Statement or to cause the effectiveness of such Registration Statement, on or before such respective dates arises from the action or inaction of any Holder, including any Holder's failure to comply with its obligations pursuant to Section 5 herein (a HOLDER DELAY). Notwithstanding any other provision herein, so long as the Company has used its Best Efforts to cause the Registration Statement to be declared effective by the SEC by the Effectiveness Deadline, the Company shall have no liability to any Holder as a result of the failure to cause such Registration Statement to be declared effective by such date. The right to require that the Company file a Registration Statement to register Registrable Securities under this Section 2(a)(i) is referred to as a DEMAND REGISTRATION RIGHT.

(ii) *Number of Demand Registrations.* The Company shall be obligated to prepare, file and cause to become effective pursuant to this Section 2(a) an aggregate of no more than three Registration Statements, which shall be on Form S-3 or, in the event Form S-3 is not available, such other form as is available for such registration, subject to the provisions of Sections 2(a)(i), 2(d) and 4(a); provided, however, that the Company shall not be obligated to file more than one Registration Statement pursuant to this Section 2(a) during any six month period. A Registration Statement will not count as a Registration Statement unless it is declared effective by the SEC; provided, however, that in the event a Registration Statement is withdrawn at the request of the Demanding Holders (other than pursuant to a Cutback Withdrawal Notice in accordance with the following paragraph (iii) and other than a withdrawal of a Form S-3 that is refiled as a different form of Registration Statement), the Demanding Holders will pay all Registration Expenses with respect to such registration unless they agree to forfeit the Demand Registration Right that they exercised in connection with such registration.

(iii) *Underwriter's Cutback.* The Company and any other holders of the Company's securities with piggyback rights shall have the right to include securities in a Registration Statement. If, in the good faith judgment of the managing underwriter, if any, marketing factors require a limitation of the number of Registrable Securities to be underwritten, the number of shares of Registrable Securities and other shares to be included in such Registration Statement shall be reduced in the following order until such inclusion, in the good faith judgment of the managing underwriter, will not interfere with the successful marketing of the remaining Registrable Securities (such reduced aggregate number as so determined by the managing underwriter, the MAXIMUM NUMBER OF MARKETABLE SECURITIES): first, all securities that are not contractually entitled to be included in such Registration Statement shall be excluded; second, all securities that are entitled to be included in such Registration Statement pursuant to contractual commitments made by the Company that by their terms are junior to the rights granted under this Agreement shall be excluded; and third, securities that are entitled to be included in such Registration Statement pursuant to this Agreement and any other shares (the OTHER SHARES) included pursuant to registration rights that rank equal to the rights

granted under this Agreement, with such number of excluded securities to be allocated on a pro rata basis among the holders of such securities in accordance with the number of Registrable Securities then outstanding and held by each such Holder. Prompt written notice of such reduction (the REDUCTION NOTICE), specifying the number of Registrable Securities to be included in the Registration Statement as so reduced (the REDUCED SHARES), shall be delivered to each Demanding Holder. In the event (A) Other Shares are included in the Registration Statement, and (B) the Reduced Shares are less than 75% of the lesser of (i) the Maximum Number of Marketable Securities and (ii) the number of Registrable Securities originally requested to be included in the Registration Statement, then within ten days of receipt by the Demanding Holders of the Reduction Notice, the Holders of a Majority in Interest of the Registrable Securities proposed to be included in such Registration Statement may withdraw the Demand Notice by delivering written notice of such withdrawal to the Company (a CUTBACK WITHDRAWAL NOTICE). If a Demand Notice is withdrawn pursuant to a Cutback Withdrawal Notice, the Company shall not be obligated to effect the registration initiated pursuant to this Section 2(a), such Demand Registration Right shall again become available to be exercised.

(iv) *Managing Underwriter.* The managing underwriter or other underwriters of any underwritten public offering covered by a Registration Statement shall be selected by the mutual agreement of Demanding Holders holding a Majority in Interest of the Registrable Securities proposed to be included in such Registration Statement, which shall be reasonably acceptable to the Board of Directors of the Company.

(v) *Underwriter's Agreement.* Upon receipt of a valid Demand Notice, the Company shall enter into and perform customary agreements (including an underwriting agreement in customary form with the managing underwriter) and take such other actions as are prudent and reasonably required in order to expedite or facilitate the disposition of such Registrable Securities, including, without limitation, causing its officers to be reasonably available for and to participate in road shows, due diligence inquiries and other information meetings as reasonably requested by the managing underwriter, if any.

(b) *Allocation of Registrable Securities.* The initial number of Registrable Securities included in any Registration Statement and each increase in the number of Registrable Securities included therein shall be allocated pro rata among the Holders based on the number of Registrable Securities held by each Holder at the time the Registration Statement covering such initial number of Registrable Securities or increase thereof is declared effective by the SEC. In the event that a Holder sells or otherwise transfers any of such Holder's Registrable Securities to another party who becomes a Holder, each transferee Holder shall be allocated a pro rata portion of the then remaining number of Registrable Securities included in such Registration Statement for such transferor Holder. Any shares of Common Stock included in a Registration Statement and that remain allocated to any Person that ceases to hold any Registrable Securities covered by such Registration Statement shall be allocated to the remaining Holders, pro rata based on the number of Registrable Securities then held by such Holders that are covered by such Registration Statement.

(c) *Legal Counsel.* Subject to Section 6 hereof, the holders of a Majority in Interest of the Registrable Securities shall have the right to select one legal counsel (LEGAL COUNSEL) to review and, if applicable, comment on, the Registration Statement and any amendments thereto pursuant to this Section 2, provided such Holders provide a written certificate to the Company of such selection. The Company shall reasonably cooperate with Legal Counsel in connection with its review of the Registration Statement.

(d) *Ineligibility for Form S-3.* Notwithstanding anything to the contrary herein, in the event that Form S-3 is not available to the Company for any registration of Registrable Securities hereunder, and if a Majority in Interest of the Registrable Securities so elect, pursuant to Section 2(a)(i), the Company shall file one or more Registration Statements to register the sale of

the Registrable Securities on another appropriate form, including a Form S-1; provided, however, that the Company shall not be required to file such Registration Statement pursuant to Rule 415 or any successor rule providing for offering securities on a continuous or delayed basis.

(e) *Incidental or Piggyback Registration.* If the Company proposes to file a Registration Statement under the Securities Act with respect to an offering of Common Stock by the Company for its own account (other than a Registration Statement on Form S-4 or S-8 or any successor thereto) or for the account of any stockholder of the Company, then the Company shall give written notice of such proposed filing to each of the Holders of Investment Series F Shares, Investment Conversion Shares, Investment Common Shares, Investment Original Warrants, Investment Original Warrant Exercise Shares, Additional Warrants and Additional Warrant Exercise Shares (the INVESTMENT HOLDERS) at least twenty (20) days before the anticipated filing date, and such notice shall describe the proposed registration and distribution and offer such Investment Holders the opportunity to register the number of Investment Registrable Securities (as defined below) as each such Investment Holder may request, subject in each case to the terms of any existing registration rights agreement(s) (an INCIDENTAL REGISTRATION). The Company shall use its Best Efforts (as defined herein) (within twenty (20) days of the notice provided for in the preceding sentence) to cause the managing underwriter or underwriters in the case of a proposed firm commitment underwritten offering (the Underwriter) to permit each of the Investment Holders who have requested in writing to participate in the Incidental Registration to include its or his Investment Conversion Shares, Investment Common Shares, Investment Original Warrant Exercise Shares and Additional Warrant Exercise Shares that are Registrable Securities (the INVESTMENT REGISTRABLE SECURITIES) in such offering on the same terms and conditions as the securities of the Company or the account of such other stockholder, as the case may be, included therein. In connection with any Incidental Registration under this Section 2(e) involving an underwritten offering, the Company shall not be required to include any Registrable Securities in such underwritten offering unless the Investment Holders thereof accept the terms of the underwritten offering as agreed upon between the Company, such other stockholders, if any, and the Underwriter, and then only in such quantity as the Underwriter believes will not jeopardize the success of the offering by the Company. If the Underwriter determines that the registration of all or part of the Investment Registrable Securities that the Investment Holders have requested to be included would materially adversely affect the success of such offering, then the Company shall be required to include in such Incidental Registration, to the extent of the amount that the Underwriter believes may be sold without causing such adverse effect: first, all of the securities to be offered for the account of the Company; second, securities requested to be included in such offering pursuant to registration rights granted by the Company whose rights are, by their terms, superior to those granted to the Investment Holders hereunder; third, to the Registrable Securities to be offered for the account of the Investment Holders pursuant to this Section 2(e) and any securities requested to be included in such offering pursuant to registration rights granted by the Company whose rights are, by their terms, pari passu to those granted to Investment Holders hereunder, which includes, without limitation, the rights granted in the registration rights agreement dated March 30, 2001, between the Company and the investors therein, pro rata based on the number of Registrable Securities owned by each such Investment Holder and securities owned by each such other holder or registration rights; and fourth, any other securities requested to be included in such offering. Notwithstanding anything herein to the contrary, no holder of Investment Registrable Securities may participate in any underwritten registration hereunder unless such holder (i) agrees to enter into an underwriting agreement in customary form with the Underwriter or Underwriters and (ii) accurately completes and executes in a timely manner all questionnaires, powers of attorney, indemnities, custody agreements, underwriting agreements, lock-up agreements and other documents reasonably required under the terms of such underwriting agreements.

(f) *Liquidated Damages.* If, other than as a result of Holder Delay, the first Registration Statement required to be filed pursuant to Section 2(a) of this Agreement is not filed with the SEC on or prior to 90 days after the Company's receipt of the Demand Notice (any such event, a

REGISTRATION DEFAULT), then the Company shall pay each Investor liquidated damages in an amount equal to one percent (1.0%) of the aggregate purchase price paid by such Investor for the Investment Common Shares, Investment Series F Shares, Investment Original Warrants and Additional Warrants that are convertible or exercisable for the Registrable Securities not included in the Registration Statement per calendar month, including a pro rata portion thereof for any partial calendar month, that such Registration Default continues (LIQUIDATED DAMAGES). Upon cure of a Registration Default (by the filing of the Registration Statement, as applicable) such Liquidated Damages shall cease to accrue. All accrued Liquidated Damages shall be paid in cash to the Investors entitled thereto, in proportion to the aggregate number of Registrable Securities beneficially owned by each such Investor, on the last business day of March, June, September or December, as applicable, following the Filing Deadline. The provisions of this Section 2(f) may be waived by the Investors representing a majority of the Investment Common Shares, Investment Conversion Shares (or Investment Series F Shares, voting on an as converted basis), Investment Original Warrant Exercise Shares and Additional Warrant Exercise Shares that are included in the Demand Notice.

3. *Limitations on Registration Rights.* Any other provision of this Agreement notwithstanding, if the Company furnishes to the Holders a certificate signed by a duly authorized officer of the Company stating that in the good faith judgment of the Board of Directors of the Company it would be seriously detrimental to the Company for such Registration Statement to be filed on or before the date filing would be required or to update or correct the Registration Statement or prospectus pursuant to Section 4 hereof prior to its effectiveness, then the Company shall be entitled to postpone filing the Registration Statement or updating or correcting the Registration Statement or prospectus, as applicable, or otherwise be obligated to effect any registration pursuant to this Agreement for up to 90 days; provided, however, that the Company shall only be allowed to postpone filing the Registration Statement or updating or correcting the Registration Statement or prospectus prior to its effectiveness, as applicable, pursuant to this Section 3, one time during any 12 month period unless such postponement is consented to by the Holders of a Majority in Interest of the Registrable Securities to be included in such Registration Statement.

4. *Company Obligations.* At such time as the Company is obligated to file a Registration Statement with the SEC pursuant to Section 2, the Company will use its Best Efforts to effect the registration of the Registrable Securities in accordance with the intended method of disposition thereof and, pursuant thereto, the Company shall have the following obligations:

(a) When preparing and filing with the SEC a Registration Statement with respect to the Registrable Securities as described in Section 2 and until the effectiveness thereof, the Company shall use its Best Efforts to cause such Registration Statement relating to the Registrable Securities to become effective as soon as possible after such filing and, provided the Registration Statement is filed on Form S-3, to keep such Registration Statement effective pursuant to Rule 415 at all times from and after the effective date of the Registration Statement until the expiration of the Effectiveness Period. In the event the Registration Statement is on a form other than Form S-3, the Company shall have no obligation to maintain the effectiveness of such Registration Statement under Rule 415 (or any successor thereto). The term BEST EFFORTS as used in the first sentence of this Section 4(a) shall mean, among other things, that the Company shall submit to the SEC, within three business days after the Company learns that no review of a particular Registration Statement will be made by the staff of the SEC or that the staff has no further comments on the Registration Statement, as the case may be, a request for acceleration of effectiveness of such Registration Statement to a time and date not later than 48 hours or two business days (whichever is later) after the submission of such request.

(b) Subject to Section 4(l), the Company shall prepare and file with the SEC such amendments (including post-effective amendments) and supplements to a Registration Statement on Form S-3 and the prospectus used in connection with such Registration Statement on Form S-3, which prospectus is to be filed pursuant to Rule 424 promulgated under the Securities Act, as may be necessary to keep such Registration Statement on Form S-3 effective at all times during the Effectiveness Period, and,

C-7

during such period, comply with the provisions of the Securities Act with respect to the disposition of all Registrable Securities of the Company covered by such Registration Statement on Form S-3 until such time as all of such Registrable Securities shall have been disposed of in accordance with the intended methods of disposition by the seller or sellers thereof as set forth in such Registration Statement on Form S-3.

(c) The Company shall (i) permit Legal Counsel, as selected and certified pursuant to Section 2(c), to review and comment upon a Registration Statement and all amendments and supplements thereto at least five days prior to their filing with the SEC and (ii) not file any document in a form to which Legal Counsel reasonably objects and has advised the Company in writing of its objection and the basis for such objection, provided that notwithstanding anything to the contrary in this Agreement, the Company shall suffer no adverse consequence from any delay in the filing of a Registration Statement if such delay is caused by any delay in review of or comment on such Registration Statement by Legal Counsel. The Company shall furnish to Legal Counsel, without charge, (A) copies of any correspondence with the SEC or the staff of the SEC to the Company or its representatives relating to the effectiveness of the Registration Statement, (B) promptly after the same is prepared and filed with the SEC, one copy of any Registration Statement and any amendment(s) thereto, including financial statements and schedules, and all exhibits, and (C) upon the effectiveness of any Registration Statement, one copy of the prospectus included in such Registration Statement and all amendments and supplements thereto.

(d) The Company shall furnish to each Holder whose Registrable Securities are included in any Registration Statement, without charge, (i) promptly after the same is prepared and filed with the SEC, at least one copy of such Registration Statement and any amendment(s) thereto, including financial statements and schedules, and all exhibits, (ii) upon the effectiveness of any Registration Statement, five copies of the prospectus included in such Registration Statement and all amendments and supplements thereto (or such other number of copies as such Holder may reasonably request), and (iii) such other documents, including copies of any preliminary or final prospectus, as such Holder may reasonably request from time to time in order to facilitate the disposition of the Registrable Securities owned by such Holder.

(e) Subject to Section 4(l), the Company shall use its Best Efforts to (i) register and qualify the Registrable Securities covered by a Registration Statement under such securities or blue sky laws of such jurisdictions in the United States as Legal Counsel or any Demanding Holder reasonably requests, (ii) prepare and file in those jurisdictions such amendments (including post-effective amendments) and supplements to such registrations and qualifications as may be necessary to maintain the effectiveness thereof during the Effectiveness Period (in the case of a Registration Statement on Form S-3), (iii) take such other actions as may be necessary to maintain such registrations and qualifications in effect at all times during the Effectiveness Period, and (iv) take all other actions reasonably necessary or advisable to qualify the Registrable Securities for sale in such jurisdictions; provided, however, that the Company shall not be required in connection therewith or as a condition thereto to (x) qualify to do business in any jurisdiction where it would not otherwise be required to qualify but for this Section 4(e), (y) subject itself to general taxation in any such jurisdiction, or (z) file a general consent to service of process in any such jurisdiction. The Company shall promptly notify each Holder who holds Registrable Securities included in the Registration Statement of the receipt by the Company of any notification with respect to the suspension of the registration or qualification of any of the Registrable Securities for sale under the securities or blue sky laws of any jurisdiction in the United States or its receipt of actual notice of the initiation or threat of any proceeding for such purpose.

(f) As promptly as practicable after becoming aware of such event or development, the Company shall notify each Holder whose Registrable Securities are included in the Registration Statement in writing of the happening of any event as a result of which the prospectus included in a Registration Statement, as then in effect, includes an untrue statement of a material fact or omission to state a material fact required to be stated therein or necessary to make the statements therein, in

light of the circumstances under which they were made, not misleading (provided that such notice shall not contain any material, non-public information), and, in the case of a Registration Statement on Form S-3, promptly prepare a supplement or amendment to such Registration Statement to correct such untrue statement or omission, and deliver five copies of such supplement or amendment to each Holder whose Registrable Securities are included in the Registration Statement (or such other number of copies as such Holder may reasonably request). The Company shall also promptly notify each Holder whose Registrable Securities are included in the Registration Statement in writing (i) when a prospectus or any prospectus supplement or post-effective amendment has been filed, and when a Registration Statement or any post-effective amendment has become effective (notification of such effectiveness shall be delivered to Legal Counsel by overnight mail as promptly as possible), (ii) of any request by the SEC for amendments or supplements to a Registration Statement or related prospectus or related information, and (iii) of the Company's reasonable determination that a post-effective amendment to a Registration Statement would be appropriate.

(g) The Company shall use its Best Efforts to prevent the issuance of any stop order or other suspension of effectiveness of a Registration Statement, or the suspension of the qualification of any of the Registrable Securities for sale in any jurisdiction and, if such an order or suspension is issued, to obtain the withdrawal of such order or suspension at the earliest possible moment and to notify Legal Counsel and each Holder who holds Registrable Securities being sold of the issuance of such order and the resolution thereof or its receipt of actual notice of the initiation or threat of any proceeding for such purpose.

(h) At the reasonable request of any Holder whose Registrable Securities are included in the Registration Statement and at the Company's expense, the Company shall use its Best Efforts to furnish to such Holder, on the date of the effectiveness of the Registration Statement and thereafter from time to time upon any change or addition (including by way of incorporation by reference) to the financial statements or financial information included in the Registration Statement (i) a letter, dated such date, from the Company's independent certified public accountants in form and substance as is customarily given by independent certified public accountants to underwriters in an underwritten public offering, addressed to such Holder and the Company and any underwriter and (ii) an opinion, dated as of such date, of counsel representing the Company for purposes of such Registration Statement, in form, scope and substance as is customarily given in an underwritten public offering, addressed to such Holder and any underwriter.

(i) During the Effectiveness Period, the Company shall use its Best Efforts to cause all the Registrable Securities covered by a Registration Statement to be listed on the securities exchange, The Nasdaq Stock Market, the OTC Bulletin Board, or other inter-dealer quotation system, if any, on which the Common Stock is then listed or quoted for trading. The Company shall pay all fees and expenses in connection with satisfying its obligation under this Section 4(i).

(j) The Company shall reasonably cooperate with the Holders who hold Registrable Securities being offered and, to the extent applicable, facilitate the timely preparation and delivery of certificates representing the Registrable Securities to be offered pursuant to a Registration Statement and enable such certificates to be in such denominations or amounts, as the case may be, as the Holders may reasonably request and registered in such names as the Holders may request.

(k) Within two business days after a Registration Statement that includes the Registrable Securities is declared effective by the SEC, the Company shall deliver, and shall cause legal counsel for the Company to deliver, to the transfer agent for such Registrable Securities (with copies to the Holders whose Registrable Securities are included in such Registration Statement) written confirmation that such Registration Statement has been declared effective by the SEC.

(l) Notwithstanding anything to the contrary herein, at any time after the applicable Registration Statement has been declared effective by the SEC, the Company may delay the disclosure of material non-public information concerning the Company, the disclosure of which at the time is not, in the good faith opinion of the Board of Directors of the Company, in the best interest of the Company (a

GRACE PERIOD); provided, that the Company shall promptly (i) notify the Holders whose Registrable Securities are included in the Registration Statement in writing of the existence of material non-public information giving rise to a Grace Period (provided that in each notice the Company will not disclose the content of such material non-public information to the Holders) and the date on which the Grace Period will begin, and (ii) notify the Holders in writing of the date on which the Grace Period ends; and, provided further, that no Grace Period shall exceed 45 consecutive days and during any consecutive 365 day period, such Grace Periods shall not exceed an aggregate of 120 days (an ALLOWABLE GRACE PERIOD). For purposes of determining the length of a Grace Period above, the Grace Period shall begin on and include the date the Holders receive the notice referred to in clause (i) and shall end on and include the later of the date the Holders receive the notice referred to in clause (ii) and the date referred to in such notice. The provisions of Section 4(f) hereof shall not be applicable during the period of any Allowable Grace Period. Upon expiration of the Grace Period, the Company shall again be bound by the first sentence of Section 4(f) with respect to the information giving rise thereto. The Holders agree to hold confidential the existence of the Company's request for a Grace Period and to execute such agreements as reasonably requested by the Company to keep such information confidential.

(m) If requested by a Holder whose Registrable Securities are included in the Registration Statement, the Company shall (i) as soon as practicable incorporate in a prospectus supplement or post-effective amendment such information as a Holder reasonably requests to be included therein relating to the sale and distribution of Registrable Securities, including, without limitation, information with respect to the number of Registrable Securities being offered or sold, the purchase price being paid therefor and any other terms of the offering of the Registrable Securities to be sold in such other offering provided that such information is required to be included in the Registration Statement by the Securities Act; (ii) as soon as practicable make all required filings of such prospectus supplement or post-effective amendment after being notified of the matters to be incorporated in such prospectus supplement or post-effective amendment; and (iii) as soon as practicable, supplement or make amendments to any Registration Statement if reasonably requested by a Holder of such Registrable Securities.

(n) The Company shall use its Best Efforts to cause the Registrable Securities covered by the Registration Statement to be registered with or approved by such other governmental agencies or authorities as may be necessary to consummate the disposition of such Registrable Securities.

(o) The Company shall make generally available to its security holders as soon as practical, but not later than 90 days after the close of the period covered thereby, an earnings statement as contemplated by Section 11(a) of the Securities Act (in form and in a manner complying with the provisions of Rule 158 promulgated under the Securities Act). The Company shall otherwise use its Best Efforts to comply with all applicable rules and regulations of the SEC in connection with any registration hereunder.

(p) The Company shall make available for inspection by (i) any Holder, (ii) Legal Counsel, (iii) one firm of accountants or other agents retained by consent of the Holders of a Majority in Interest of the Registrable Securities and upon delivery to the Company of a certificate executed by such Holders giving notice of such selection and (iv) any underwriter (collectively, the INSPECTORS), all pertinent financial and other records, and pertinent corporate documents and properties of the Company (collectively, the RECORDS), as shall be reasonably requested by each Inspector, and cause the Company's officers, directors and employees to supply all information which any Inspector may reasonably request; provided, however, that each Inspector shall agree to hold in strict confidence and shall not make any disclosure (except to a Holder) or use any Record or other information that the Company determines in good faith to be confidential, and of which determination the Inspectors are so notified, unless (A) the disclosure of such Records is necessary to avoid or correct a misstatement or omission in any Registration Statement or is otherwise required under the Securities Act at a time when there is no Grace Period, (B) the release of such Records is ordered pursuant to a final, non-appealable subpoena or order from a court or government body of competent

jurisdiction, or (C) the information in such Records has been made generally available to the public other than by disclosure in violation of this or any other agreement of which the Inspector has knowledge. Each Holder agrees that it shall, upon learning that disclosure of such Records is sought in or by a court or governmental body of competent jurisdiction or through other means, give prompt notice to the Company and allow the Company, at its expense, to undertake appropriate action to prevent disclosure of, or to obtain a protective order for, the Records deemed confidential.

5. *Obligations of the Holders.*

(a) At least seven days prior to the first anticipated filing date of a Registration Statement, the Company shall notify each Holder in writing of the information the Company requires from each such Holder if such Holder elects to have any of such Holder's Registrable Securities included in such Registration Statement. It shall be a condition precedent to the obligations of the Company to complete the registration pursuant to this Agreement with respect to the Registrable Securities of a particular Holder that such Holder shall furnish to the Company such information regarding itself, the Registrable Securities held by it and the intended method of disposition of the Registrable Securities held by it as shall be required to effect the registration of such Registrable Securities and shall execute such documents in connection with such registration as the Company may reasonably request.

(b) Each Holder by such Holder's acceptance of the Registrable Securities agrees to cooperate with the Company as reasonably requested by the Company in connection with the preparation and filing of any Registration Statement hereunder, unless such Holder has notified the Company in writing of such Holder's election to exclude all of such Holder's Registrable Securities from such Registration Statement.

(c) Each Holder agrees that, upon receipt of any notice from the Company of the happening of any event of the kind described in Section 4(g), the first sentence of Section 4(f), or Section 4(l), such Holder will immediately discontinue disposition of Registrable Securities pursuant to any Registration Statement(s) covering such Registrable Securities until such Holder's receipt of the copies of the supplemented or amended prospectus contemplated by Section 4(d) or the first sentence of Section 4(f) or receipt of notice that no supplement or amendment is required, or in the case of Section 4(l) that the Grace Period has expired and if so directed by the Company, such Holder shall deliver to the Company or destroy (and deliver to the Company a written certificate of destruction) all copies in such Holder's possession, of the prospectus covering such Registrable Securities at the time of receipt of such notice.

(d) To the extent requested by the managing underwriter in the case of an underwritten public offering, and if all of the Company's executive officers, directors and holders in excess of five percent (5%) of its outstanding capital stock execute agreements identical to those referred to in this Section 5(d), each Holder agrees not to effect any public sale or distribution of any Registrable Securities or of any securities convertible into or exchangeable or exercisable for such Registrable Securities, including a sale pursuant to Rule 144 promulgated under the Securities Act, during the 90 day period or such shorter period, if any, mutually agreed upon by such Holder and the managing underwriter beginning on the effective date of such Registration Statement (except as part of such registration).

(e) If a Holder has entered into a contract for sale of its Registrable Securities prior to the Holder's receipt of a notice from the Company of the happening of any event of the kind described in Section 4(g), the first sentence of Section 4(f), or Section 4(l) and for which the Holder has not yet settled, the Company agrees to (i) cause its transfer agent to deliver unlegended shares of Common Stock to a transferee of the Holder in accordance with the terms of the purchase agreement in connection with any sale, or (ii) be fully liable for any damages resulting from any breach of such contract for sale by the Holder resulting from such Holder's compliance with this Section 5(e).

6. *Expenses of Registration.* Except as otherwise set forth herein, all reasonable expenses (including up to \$25,000 of Legal Counsel fees and expenses), other than underwriting discounts, Legal

Counsel fees and expenses in excess of \$25,000, and brokerage commissions incurred in connection with registrations, filings or qualifications pursuant to Sections 2 and 4, including, without limitation, all registration, listing and qualifications fees, printers and accounting fees shall be paid by the Company.

7. *Indemnification.* In the event any Registrable Securities are included in a Registration Statement under this Agreement:

(a) *Indemnification by the Company.* The Company shall, notwithstanding any termination of this Agreement and without limitation as to time, indemnify and hold harmless each Holder, such Holder's officers, directors, agents (including any underwriters retained by such Holder in connection with the offer and sale of Registrable Securities), each Person who controls any such Holder (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) and the officers, directors, agents and employees of each such controlling Person, to the fullest extent permitted by applicable law, from and against any and all losses, claims, damages, liabilities, costs (including, without limitation, reasonable costs of preparation and attorneys' fees) and expenses (collectively, "LOSSES"), that arise out of or are based upon (x) any untrue statement of a material fact or alleged untrue statement of material fact contained in the Registration Statement, any prospectus, or any form of prospectus or amendment or supplement thereto, (y) any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, or (z) any violation or alleged violation by the Holder (or its underwriter) of the prospectus delivery requirements of the Securities Act. Notwithstanding anything to the contrary contained herein, the indemnification agreement contained in this Section 7(a): (w) shall not apply to the extent, but only to the extent, that such untrue statements or omissions are based solely upon information regarding such Holder furnished in writing to the Company by or on behalf of such Holder expressly for use in any Registration Statement, prospectus or any amendment or supplement thereto, which information was reasonably relied on by the Company for use therein or to the extent that such information relates to such Holder or such Holder's or managing underwriter's proposed method of distribution of Registrable Securities and was reviewed and approved by such Holder or underwriter for use in the Registration Statement, such prospectus or such form of prospectus or in any amendment or supplement thereto; (x) with respect to any preliminary prospectus, shall not inure to the benefit of any such Holder, managing underwriter or any related Indemnified Party (as defined in subsection (c) below) from whom the Person asserting any such Losses purchased the Registrable Securities that are the subject thereof (or to the benefit of any Person controlling such Person) if the untrue statement or omission of material fact contained in the preliminary prospectus was corrected in the prospectus, as then amended or supplemented, if such prospectus was timely made available by the Company pursuant to Section 4(d) hereof; (y) shall not be available to the extent such Losses are based on a failure of a Holder to deliver or to cause to be delivered the prospectus made available by the Company; and (z) shall not apply to amounts paid in settlement of any losses, claims, damages, liabilities, costs if such settlement is effected without the prior written consent of the Company, which consent shall not be unreasonably withheld.

(b) *Indemnification by Holders.* Each Holder shall, severally and not jointly, indemnify and hold harmless the Company, the directors, officers, agents and employees, each Person who controls the Company (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act), and the directors, officers, agents or employees of such controlling Persons, to the fullest extent permitted by applicable law, from and against all Losses to the extent they arise out of or are based upon (x) any untrue statement of a material fact or alleged untrue statement of material fact contained in the Registration Statement, any prospectus, or any form of prospectus or amendment or supplement thereto, or (y) any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, or (z) any violation or alleged violation by the Holder (or its underwriter) of the prospectus delivery requirements of the Securities Act, including, without limitation, Losses arising out of the failure to deliver, or to cause to be delivered, or alleged failure to deliver or cause to be delivered any amendments or supplements to the prospectus or supplement, if such amendment or supplement was timely made available to such

Holder; provided, however, that the Holder shall be liable under this Section 7(b) to the extent, but only to the extent, that such untrue statement is contained in, or such omitted information is required to be contained in, any information furnished in writing by such Holder to the Company specifically for use in connection with the Registration Statement or such prospectus or any amendment or supplement thereto, or to the extent that such information relates to such Holder or such Holder's proposed method of distribution of Registrable Securities and was reviewed and approved by such Holder expressly for use in the Registration Statement, such prospectus or such form of prospectus or any amendment or supplement thereto; provided, further that the Holder shall be liable under this Section 7(b) for only that amount of a claim or Losses as does not exceed the net proceeds to such Holder as a result of the sale of Registrable Securities pursuant to such Registration Statement.

(c) Conduct of Indemnification Proceedings.

(i) If any proceeding shall be brought or asserted against any Person entitled to indemnity hereunder (each an INDEMNIFIED PARTY and collectively, the INDEMNIFIED PARTIES), such Indemnified Party promptly shall notify the Person from whom indemnity is sought (each the INDEMNIFYING PARTY and collectively, the INDEMNIFYING PARTIES) in writing promptly after receipt by the Indemnified Party of notice of such proceeding, and the Indemnifying Party shall assume the defense thereof, including the employment of counsel reasonably satisfactory to the Indemnified Party and the payment of all fees and expenses incurred in connection with defense thereof; provided, that the failure of any Indemnified Party to give such notice shall not relieve the Indemnifying Party of its obligations or liabilities pursuant to this Agreement, except (and only) to the extent that it shall be finally determined by a court of competent jurisdiction (which determination is not subject to appeal or further review) that such failure shall have proximately and adversely prejudiced the Indemnifying Party or the defense of such proceeding or is shown to be the proximate cause of additional Losses.

(ii) An Indemnified Party shall have the right to employ separate counsel in any such proceeding and to participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of such Indemnified Party or Indemnified Parties unless: (1) the Indemnifying Party has agreed to pay such fees and expenses; or (2) the Indemnifying Party shall have failed promptly to assume the defense of such proceeding and to employ counsel reasonably satisfactory to such Indemnified Party in any such proceeding; or (3) the named parties to any such proceeding (including any impleaded parties) include both such Indemnified Party and the Indemnifying Party, and such Indemnified Party shall have been advised by counsel that a conflict of interest is likely to exist if the same counsel were to represent such Indemnified Party and the Indemnifying Party (in which case, if such Indemnified Party notifies the Indemnifying Party in writing that it elects to employ separate counsel at the expense of the Indemnifying Party, the Indemnifying Party shall not have the right to assume the defense thereof and the reasonable expenses of such counsel shall be at the expense of the Indemnifying Party). Notwithstanding the foregoing, in no event shall an Indemnifying Party be required to pay the expenses of more than one separate counsel. The Indemnifying Party shall not be liable for any settlement of any such Proceeding effected without its written consent, which consent shall not be unreasonably withheld. No Indemnifying Party shall, without the prior written consent of the Indemnified Party, effect any settlement of any pending proceeding in respect of which any Indemnified Party is a party, unless such settlement includes an unconditional release of such Indemnified Party from all liability on claims that are the subject matter of such proceeding.

(d) Contribution. If a claim for indemnification under Section 7(a) or Section 7(b) is unavailable to an Indemnified Party because of a failure or refusal of a governmental authority to enforce such indemnification in accordance with its terms (by reason of public policy or otherwise), then each Indemnifying Party, in lieu of indemnifying such Indemnified Party, shall contribute to the amount paid or payable by such Indemnified Party as a result of such Losses, in such proportion as is

appropriate to reflect the relative fault of the Indemnifying Party and Indemnified Party in connection with the actions, statements or omissions that resulted in such Losses as well as any other relevant equitable considerations. The relative fault of such Indemnifying Party and Indemnified Party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission of a material fact, has been taken or made by, or relates to information supplied by, such Indemnifying Party or Indemnified Party, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such action, statement or omission. The amount paid or payable by a party as a result of any Losses shall be deemed to include, subject to the limitations set forth in Section 7(c), any reasonable attorneys' or other fees or expenses incurred by such party in connection with any proceeding to the extent such party would have been indemnified for such fees or expenses if the indemnification provided for in this Section 7 was available to such party in accordance with its terms. The parties hereto agree that it would not be just and equitable if contribution pursuant to this Section 7(d) were determined by pro rata allocation or by any other method of allocation that does not take into account the equitable considerations referred to in the immediately preceding paragraph. Notwithstanding the provisions of this Section 7(d), no Holder shall be required to contribute, in the aggregate, any amount in excess of the amount by which the proceeds actually received by the Holder from the sale of the Registrable Securities subject to the proceeding exceeds the amount of any damages that the Holder has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation.

(e) *Fees and Expenses Indemnification.* All fees and expenses of the Indemnified Party (including reasonable fees and expenses to the extent incurred in connection with investigating or preparing to defend such proceeding in a manner not inconsistent with this Section 7) shall be paid to the Indemnified Party, as incurred, within ten (10) business days after written notice thereof to the Indemnifying Party (regardless of whether it is ultimately determined that an Indemnified Party is not entitled to indemnification hereunder; provided, that the Indemnifying Party may require such Indemnified Party to undertake to reimburse all such fees and expenses to the extent it is finally judicially determined that such Indemnified Party is not entitled to indemnification hereunder); provided, however, this Section 7(e) shall not apply if there is a bona fide dispute between the Indemnifying Party and the Indemnified Party as to the Indemnified Party's right to indemnification in the instance in question.

(f) *Cumulative.* The indemnity and contribution agreements contained in this Section 7 are in addition to any liability that the Indemnifying Parties may have to the Indemnified Parties.

8. *Reports Under the Securities Act and the Exchange Act.* With a view to making available to the Holders the benefits of Rule 144 or any other similar rule or regulation of the SEC that may at any time permit the Holders to sell securities of the Company to the public without registration, the Company agrees to:

(a) file with the SEC in a timely manner all reports and other documents required of the Company under the Securities Act and the Exchange Act so long as the Company remains subject to such requirements and the filing of such reports and other documents is required for the applicable provisions of Rule 144; and

(b) furnish to each Holder so long as such Holder owns Registrable Securities, promptly upon request, (i) a written statement by the Company that it has complied with the reporting requirements of the Exchange Act or, if applicable, that there is publicly available the information concerning the Company described in Rule 144(C)(2), (ii) unless available on the EDGAR system, a copy of the most recent annual or quarterly report of the Company and such other reports and documents so filed by the Company, and (iii) such other information as may

be reasonably requested to permit the Holders to sell such securities pursuant to Rule 144 without registration.

9. *Assignment of Registration Rights.* The rights of the Holders hereunder, including the right to have the Company register Registrable Securities pursuant to this Agreement, shall be assignable by each Holder to any Permitted Transferee (as defined below) of such Holder with respect to all or any portion of the Registrable Securities if: (i) the Holder agrees in writing with the transferee or assignee to assign such rights, and a copy of such agreement is furnished to the Company after such assignment, (ii) the Company is furnished with written notice of (a) the name and address of such transferee or assignee and (b) the securities with respect to which such registration rights are being transferred or assigned, (iii) following such transfer or assignment, the further disposition of such securities by the transferee or assignee is restricted under the Securities Act and applicable state securities laws, (iv) the transferee or assignee agrees in writing with the Company to be bound by all of the provisions contained herein, and (v) such transfer shall have been made in accordance with the applicable requirements of the Purchase Agreement and the other agreements contemplated thereby. Further, the Holder shall execute and deliver to the Company a certificate representing to the Company that such transferee or assignee is a Permitted Transferee of the Holder and stating the number of Registrable Securities affected by such transfer or assignment. A PERMITTED TRANSFEREE of a Holder shall mean (a) any successor by merger to Abiliti (so long as such merger is with and into a newly formed entity, the membership interests of which after giving effect to such merger are held solely by creditors of Abiliti), (b) each creditor of Abiliti (or stakeholder of such successor) to whom shares of Common Stock and Series F Preferred Stock or Original Warrants are distributed in respect of amounts owed to such creditor by Abiliti (or, as the case may be, in respect of their interests in the successor referred to in the preceding clause (a)) (the ABILITI DISTRIBUTEES) and (c) any transferee or assignee who, after giving effect to such transfer or assignment by an Abiliti Distributee, holds at least 40% of the Registrable Securities held by such Abiliti Distributee (i) after giving effect to all distribution(s) by Abiliti (or such successor) to such Abiliti Distributee, plus (ii) pursuant to the Investment Agreement.

10. *Amendment of Registration Rights.* Provisions of this Agreement may be amended and the observance thereof may be waived (either generally or in a particular instance and either retroactively or prospectively), only with the written consent of the Company and Holders who then hold a Majority in Interest of the Registrable Securities. Any amendment or waiver affected in accordance with this Section 10 shall be binding upon each Holder and the Company.

11. *Miscellaneous.*

(a) A Person is deemed to be a holder of Registrable Securities whenever such Person owns or is deemed to own of record such Registrable Securities. If the Company receives conflicting instructions, notices or elections from two or more Persons with respect to the same Registrable Securities, the Company shall act upon the basis of instructions, notice or election received from the registered owner of such Registrable Securities.

(b) All notices, consents, waivers or other communications under this Agreement must be in writing and will be deemed to have been duly given when: (i) delivered by hand (with written confirmation of receipt); (ii) sent by telecopier (with written confirmation of receipt); provided that a copy is mailed by registered mail, return receipt requested or nationally recognized overnight delivery service; or (iii) when received by the addressee, if sent by a nationally recognized overnight delivery service (receipt requested), in each case to the appropriate addresses and telecopier numbers set forth below (or to such other addresses and telecopier numbers as a party may designate by notice to the other parties):

(c) Failure of any party to exercise any right or remedy under this Agreement or otherwise, or delay by a party in exercising such right or remedy, shall not operate as a waiver thereof.

(d) The corporate laws of the State of Delaware shall govern all issues concerning the relative rights of the Company and the Holders. All other questions concerning the construction, validity, enforcement and interpretation of this Agreement shall be governed by the internal laws of the State of Delaware, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Delaware or any other jurisdictions) that would cause the application of the laws of any jurisdictions other than the State of Delaware. If any provision of this Agreement shall be invalid or unenforceable in any jurisdiction, such invalidity or unenforceability shall not affect the validity or enforceability of the remainder of this Agreement in that jurisdiction or the validity or enforceability of any provision of this Agreement in any other jurisdiction. (h) This Agreement may be executed in identical counterparts, each of which shall be deemed an original but all of which shall constitute one and the same agreement. This Agreement, once executed by a party, may be delivered to the other party hereto by facsimile transmission of a copy of this Agreement bearing the signature of the party so delivering this Agreement.

(i) Each party shall do and perform, or cause to be done and performed, all such further acts and things, and shall execute and deliver all such other agreements, certificates, instruments and documents, as the other party may reasonably request in order to carry out the intent and accomplish the purposes of this Agreement and the consummation of the transactions contemplated hereby.

(j) All consents and other determinations to be made by the Holders pursuant to this Agreement shall be made, unless otherwise specified in this Agreement, by Holders holding a Majority in Interest of the Registrable Securities.

(k) The language used in this Agreement will be deemed to be the language chosen by the parties to express their mutual intent and no rules of strict construction will be applied against any party.

(l) If any one or more of the provisions contained herein, or the application thereof in any circumstance, is held invalid, illegal or unenforceable in any respect for any reason, the validity, legality and enforceability of any such provision in every other respect and of the remaining provisions hereof shall not be in any way impaired, it being intended that all of the rights and privileges of the Holders shall be enforceable to the fullest extent permitted by law.

INDEMNITY ESCROW AGREEMENT

This Indemnity Escrow Agreement (the Agreement) is entered into as of _____, 2002 by and among Daleen Technologies, Inc., a Delaware corporation (Daleen), Abiliti Solutions, Inc., a Missouri corporation (Abiliti), and SunTrust Bank, as escrow agent (the Escrow Agent).

RECITALS

WHEREAS, pursuant to an Asset Purchase Agreement dated October 7, 2002 (the Asset Purchase Agreement), by and among Daleen, Daleen Solutions, Inc., a Delaware corporation (Acquisition Sub), and Abiliti, Acquisition Sub is purchasing substantially all of the assets of Abiliti and assuming certain liabilities of Abiliti, and in consideration therefor Abiliti is receiving shares of Daleen Series F convertible preferred stock, \$0.01 par value per share (the Series F Preferred Stock), Daleen common stock, \$0.01 par value per share (the Common Stock) and warrants to purchase additional shares of Common Stock (the Warrants); and

WHEREAS, upon the closing of the transactions contemplated by the Asset Purchase Agreement, Abiliti has agreed to indemnify Daleen against breaches of the representations, warranties, covenants and obligations made by Abiliti in the Asset Purchase Agreement, subject to the terms and conditions thereof; and

WHEREAS, to secure Abiliti's indemnification obligations, pursuant to Section 12.3 of the Asset Purchase Agreement, Abiliti is depositing into escrow the Escrow Shares, as set forth on Schedule A, to be held as hereinafter provided; and

WHEREAS the foregoing recitals are made as representations and statements of fact by the parties hereto other than the Escrow Agent;

NOW, THEREFORE, in consideration of the foregoing and the mutual promises of the parties herein contained, and other good and valuable consideration, receipt and sufficiency of which hereby are acknowledged conclusively, the parties, intending to be legally bound, agree as follows:

1. *Escrow and Escrow Shares.* Pursuant to the Asset Purchase Agreement, Abiliti shall deposit in escrow with the Escrow Agent, as escrow agent, such amount in Series F Preferred Stock, Common Stock and Warrants (collectively, the Escrow Shares and together with additions to or earnings or distributions on the same, the Escrow Deposit), as set forth on Schedule A, which Escrow Shares shall be registered in the name of Abiliti (or the permitted assignees of Abiliti's rights in such shares, as described in Section 5 below) as the beneficial owner of such shares. The Escrow Shares shall be held and distributed by the Escrow Agent in accordance with the terms and conditions hereof.

2. *Investment of Escrow.* Any cash that may from time to time be part of the Escrow Deposit, and all interest earned thereon shall be invested by the Escrow Agent at the written direction of an executive officer of Abiliti; provided, however, that no investment or reinvestment may be made except in the following:

(a) direct general obligations of, or obligations, the payment of principal of and interest on which are unconditionally guaranteed by, the United States of America or any agency thereof, maturing within the earlier of six months from the date of purchase or 2003;

(b) certificates of deposit or other evidences of indebtedness issued by any bank or savings institution which is insured by the Federal Deposit Insurance Corporation, maturing within the earlier of six months from the date of purchase or 2003, provided that such certificates of deposit or evidences of indebtedness, to the extent they exceed the amounts covered by such insurance, are fully secured by obligations described in clause (a) above;

(c) prime commercial paper of companies whose commercial paper is rated A-1 or P-1 by Moody's or Standard & Poor's;

(d) any money market fund substantially all of which is invested in the foregoing investment categories, such as the STI Classic U.S. Treasury Securities Money Market Fund; or

(e) an interest bearing trust account of the Escrow Agent insured by the Federal Deposit Insurance Corporation.

If the Escrow Agent has not received written direction at any time with respect to the investment of cash, the cash or such portion thereof as to which no written direction has been received, shall be invested in investments described in (e) above. If the amount of cash is insufficient to invest, the cash will be deposited into an interest bearing trust account of the Escrow Agent.

3. *Rights and Obligations of the Parties.* The Escrow Agent shall be entitled to such rights and shall perform such duties of the escrow agent as set forth herein (collectively, the Duties), in accordance with the terms and conditions of this Agreement. Daleen and Abiliti shall be entitled to their respective rights and shall perform their respective duties and obligations as set forth herein, in accordance with the terms hereof.

4. *[Intentionally Omitted].*

5. *Delivery of Escrow Shares to Abiliti.* Promptly following the termination of the Escrow Period as set forth in Section 9 below, the Escrow Agent shall deliver to Abiliti the number of Escrow Shares and the amount of other property in the Escrow Deposit which exceed the number of Escrow Shares and the amount of any other property, including any Set Aside Amount (as defined below), sufficient to satisfy any unsatisfied claims specified in any notice of claim delivered to the Escrow Agent and Abiliti prior to the termination of the Escrow Period with respect to facts and circumstances existing prior to the expiration of the Escrow Period. As soon as all such claims have been resolved and the Escrow Agent has received a written notice executed by Daleen and Abiliti pursuant to Section 8(f), or notification of a determination of the arbitrators pursuant to Section 8(b) to such effect, the Escrow Agent shall deliver to Abiliti all of the Escrow Shares and other property remaining in the Escrow Deposit and not required to satisfy such claims. Abiliti may assign and transfer, prior to the distribution described in the immediately preceding sentence and solely in compliance with Section 2.1 of the Asset Purchase Agreement, its rights in respect of the distribution of such Escrow Shares and other property to one or more of its creditors, in which event (a) Abiliti shall provide written instruction to the Escrow Agent (in accordance with Section 14 hereof, and with a copy to Daleen) instructing the Escrow Agent to distribute such Escrow Shares and other property described in the preceding sentence to such creditors in such proportions as are set forth in such written instruction, when and to the extent such Escrow Shares and other property in the aggregate would have been released to Abiliti pursuant to the preceding sentence and (b) the Escrow Agent shall be entitled to rely without further investigation or inquiry on the written instructions so provided in making such distribution; provided, however, that any such assignee shall, in connection with and as a condition precedent to such assignment, execute any documents reasonably requested by either the Escrow Agent or Daleen.

6. *Amounts Earned on Escrow Deposit: Tax Matters.* All amounts earned, paid or distributed with respect to the Escrow Deposit, if any (whether interest, dividends, distributions from Daleen with respect to the Escrow Shares or otherwise), shall become a part of the Escrow Deposit, shall be held hereunder upon the same terms as the original Escrow Deposit and shall be distributed pursuant to the terms of this Agreement. The parties agree that the Abiliti will include all amounts earned on the Escrow Deposit (or allocated or distributed with respect thereto) in its gross income for federal, state and local income tax purposes and pay any such income tax resulting therefrom.

7. *Claims Against Escrow Deposit.*

(a) At any time or from time to time prior to the termination of the Escrow Period, Daleen or any successor of Daleen may make claims against the Escrow Deposit for indemnification pursuant to and in accordance with Article XII of the Asset Purchase Agreement. Daleen shall notify Abiliti and the Escrow Agent in writing (in accordance with Section 14 hereof) promptly upon its determination to make a claim, including a summary of the amount (on a good faith estimated basis, if practicable) of, and bases for, such claim. The Escrow Agent shall have no duty to ensure the sufficiency of any claim. If Abiliti disputes such claim, Abiliti shall give written notice thereof to Daleen and to the Escrow Agent within thirty (30) days after receipt by Escrow Agent of written notice of Daleen's claim, in which case the Escrow Agent shall continue to hold the Escrow Deposit in accordance with the terms of this Agreement; should Abiliti fail to provide such written notice within the foregoing time period, such claim shall be deemed to have been acknowledged to be payable out of the Escrow Deposit in the full amount thereof and the Escrow Agent shall use its best efforts to pay such claim to Daleen within three (3) business days after expiration of said thirty (30) day period or as soon thereafter as possible following the determination of the value of the Escrow Shares, as set forth in Section 7(b)(iii). If the amount of the claim exceeds the value of the Escrow Deposit, the Escrow Agent shall have no liability or responsibility for any deficiency.

(b) The Escrow Agent shall follow the procedure below in making any payment in satisfaction of a claim against the Escrow Deposit:

(i) The Escrow Agent shall make such payment to Daleen first from cash additions to or earnings on the Escrow Shares or from the cash initially deposited, if any, until all cash in the Escrow Deposit has been exhausted.

(ii) To the extent that any claim exceeds the amount of cash in the Escrow Deposit, the Escrow Agent shall make payment to Daleen from the Escrow Shares in such number of Escrow Shares (computed to the nearest whole unit) having a value equal to the value of the claim not satisfied by cash payment. The number of shares of Common Stock and Series F Preferred Stock and the number of Warrants to be distributed in payment of a claim hereunder shall be as follows: (A) payment shall first be made from the Series F Preferred Stock (calculated on an as-if-converted to Common Stock basis) then held in the Escrow Deposit; (B) to the extent any claim exceeds the amount of Series F Preferred Stock in the Escrow Deposit, payment shall then be made from the Common Stock then held in the Escrow Deposit; and (C) to the extent any claim exceeds the amount of Common Stock and Series F Preferred Stock in the Escrow Deposit, payment shall be made from the Warrants then held in the Escrow Deposit.

(iii) The value of an Escrow Share for purposes of this Section shall be determined as follows:

(A) With respect to a share of Series F Preferred Stock, the value shall be equal to (I) the Current Market Price Per Share of Common Stock (as defined in (B) below) as of the date of distribution from the Escrow Deposit multiplied by (II) the number of shares of Common Stock then issuable upon conversion of a single share of Series F Preferred Stock.

(B) With respect to a share of Common Stock, the value shall be equal to the Current Market Price Per Share of Common Stock (as hereinafter defined) as of the date of distribution of such share from the Escrow Deposit. For purposes of this Agreement, *Current Market Price Per Share of Common Stock* for any date means the average of the closing prices of a share of Common Stock during a period of 20 consecutive Trading Days (as defined below) ending five trading days before such date on the principal national securities exchange or The Nasdaq Stock Market (including The Nasdaq National Market and The Nasdaq SmallCap Market, as the case may be) on which the Common Stock is then listed or admitted to trading. The closing price shall be the last reported sale price, or, in case no such sale takes place on such day, the average of the closing bid and asked price,

as reported by said exchange or market or quotation system. If the Common Stock is not then so listed on a national securities exchange or in such market system, the Current Market Price Per Share of Common Stock shall be deemed to be the average of the closing bid and asked prices of the Common Stock in the over-the-counter market as reported by The Nasdaq Stock Market, Inc. or other operator of the applicable over-the-counter market. If the Common Stock is not then listed on a national securities exchange, market system or quoted on an over-the-counter market, the Current Market Price Per Share of Common Stock shall be determined in good faith by the Board of Directors of Daleen. For purposes of this Agreement, Trading Day shall mean any day on which The Nasdaq Stock Market is open for trading.

(C) With respect to a Common Stock Warrant, the value shall be equal to the result obtained by dividing (I) the aggregate Black-Scholes value of all of the Warrants then held in the Escrow Deposit as of the date of distribution of such warrant from the Escrow Deposit by (II) the Current Market Price Per Share of Common Stock as of the date of distribution.

Daleen shall, in accordance with Section 14, notify Abiliti and the Escrow Agent in writing of the Current Market Price Per Share of Common Stock. Additionally, Daleen will deliver to the Escrow Agent and Abiliti written notice of the number of Escrow Shares that are to be set aside or paid out with respect to any claim under this Agreement, based on its determination of the Current Market Price Per Share of Common Stock, and the Escrow Agent is entitled to rely conclusively and without inquiry on such written notice.

In the event that the Escrow Agent must make payment with a number of Escrow Shares less than or different from the number of Escrow Shares represented by a certificate or Warrant agreement in the Escrow Deposit, the Escrow Agent shall surrender such certificate or Warrant agreement to Daleen and Daleen shall issue to the Escrow Agent certificates or Warrant agreements of Daleen identical in form but for the number of Escrow Shares as necessary to allow for proper payment of the claim, so long as the number of Escrow Shares represented by the new certificates or Warrant agreements plus the amount of Escrow Shares used to satisfy such claim shall be equivalent to the total number of Escrow Shares covered by the surrendered certificate or Warrant agreement.

8. *Disputed Claims.*

(a) If Abiliti shall dispute an indemnification claim by Daleen as above provided, the Escrow Agent shall set aside a portion of the Escrow Deposit sufficient to pay such claim in full as reasonably determined by Daleen in good faith (the Set Aside Amount). Daleen shall notify the Escrow Agent in writing of the Set Aside Amount. If Daleen notifies the Escrow Agent in writing that it has made out-of-pocket expenditures in connection with any such disputed claim for which it is entitled to be indemnified under the Asset Purchase Agreement and provides paid receipts for such expenditures, in addition to expenditures included in the Set Aside Amount, an amount equal to such additional expenditures shall be added to the Set Aside Amount. The appropriate number of Escrow Shares in the Set Aside Amount shall be determined by the procedure described in Section 7(b) above.

(b) If the disputed indemnification claim has not been resolved or compromised within forty-five (45) days after the Escrow Agent's receipt of Abiliti's notice of dispute of the same, or in the event of a third-party claim or suit, within fifteen (15) days after its resolution or compromise, such indemnification claim shall be referred by Daleen or Abiliti to the American Arbitration Association (the Association), to be settled by binding arbitration before a panel of three arbitrators in Miami, Florida, in accordance with the Commercial Dispute Resolution Procedures, as amended and effective July 1, 2002 (or the successor rules thereto) of the Association, with the Association to provide for purposes of Rule R-13 a list of at least 6 and not more than 10 proposed names. The fees and expenses of the arbitrators shall be borne by Daleen. In no event shall the Escrow Agent be responsible for any fee or expense of any party to any arbitration proceeding or be a participant in any such arbitration proceeding. The written determination of the arbitrators as to the amount, if any, of

the indemnification claim which is properly allowable shall be conclusive and binding upon the parties hereto and judgment may be entered thereon in any court having jurisdiction thereof. The arbitrators shall have the authority in their discretion to award to the prevailing party reasonable costs and expenses including attorneys' fees and the cost of arbitration. The Escrow Agent shall use its best efforts to make payment of such claim, as and to the extent allowed, to Daleen, of or out of the Set Aside Amount (or if insufficient, out of the Escrow Deposit) within three (3) business days following the Escrow Agent's receipt of said written determination or as soon thereafter as possible.

(c) Notwithstanding Section 8(b), if a disputed indemnification claim has not been resolved or compromised as of the date of termination of the Escrow Period, and such claim does not involve a third-party claim or suit, Daleen and Abiliti shall continue to negotiate in good faith a settlement of such claims for a period of ten (10) days after the date of termination of the Escrow Period. If, after the expiration of such ten-day period, such indemnification claim still has not been resolved or compromised, such claim shall be settled in accordance with the arbitration provisions set forth in Section 8(b).

(d) It is understood and agreed that should any dispute arise under this Section 8, the Escrow Agent, upon receipt of written notice of such dispute or claim by Abiliti, is authorized and directed to retain in its possession, without liability to any party, the Set Aside Amount relating to such dispute plus any expenditures of Daleen made pursuant to Section 8(a) until such dispute shall have been settled pursuant to this Section 8. The Escrow Agent may, but shall be under no duty whatsoever to, institute or defend any legal proceedings which relate to the Escrow Deposit. In case of any dispute or disagreement with respect to the Escrow Deposit, the Escrow Agent may elect to deposit the Escrow Deposit into the registry of a court of appropriate jurisdiction and shall thereupon be relieved of further obligations as Escrow Agent under this Agreement.

(e) Other than as otherwise provided for in Article XII of the Asset Purchase Agreement, the Escrow Deposit shall constitute the sole recourse of Daleen to satisfy its claims pursuant to such Article XII of the Asset Purchase Agreement.

(f) Upon resolution of all outstanding claims, Daleen and Abiliti jointly shall execute a written notice to such effect and deliver such notice to the Escrow Agent.

9. *Termination; Escrow Period.* This Agreement shall terminate with respect to the Escrow Deposit on the earlier of (a) the expiration of 12 months after the date of this Agreement, or (b) the date on which the Escrow Deposit is reduced to zero as the result of payments by the Escrow Agent to Daleen in accordance with the provisions of Section 7 or Section 8 (the "Escrow Period"); if, however, the Escrow Deposit has not been reduced to zero as of the last day of the Escrow Period, the Escrow Agent shall distribute the amount remaining in the Escrow Deposit to Abiliti in accordance with Section 5 hereof. After such payment, this Agreement shall terminate, provided that (a) the provisions of Sections 10(b) and 10(c) shall survive the termination of this Agreement, and (b) this Agreement shall continue in effect until all indemnification claims Daleen has made pursuant to Section 8 hereof on or prior to the date of termination of the Escrow Period shall have been disposed of.

10. *The Escrow Agent.*

(a) *Direction from Daleen and Abiliti.* Notwithstanding anything herein to the contrary, the Escrow Agent shall promptly dispose of all or any part of the Escrow Deposit as directed by a writing signed jointly by Daleen and Abiliti.

(b) *Reliance by Escrow Agent; Liability of Escrow Agent.* The Escrow Agent will not be subject to, or be obliged to recognize, any other agreement between the parties hereto, including but not limited to the Asset Purchase Agreement, or directions or instructions not specifically set forth herein. The Escrow Agent will not make any payment or disbursement from or out of the Escrow Deposit that is not expressly authorized pursuant to this Agreement. The Escrow Agent undertakes to perform only such duties as are expressly set forth herein. The Escrow Agent may rely and shall be protected in acting or refraining from acting upon any written notice, instruction or request furnished

to it hereunder and believed by it to be genuine and to have been signed or presented by the proper party or parties. The Escrow Agent shall be under no duty to inquire into or investigate the validity, accuracy or content of any such document. The Escrow Agent shall have no duty to solicit any payment that may be due hereunder. The Escrow Agent shall not be liable for any action taken or omitted by it in good faith, unless a court of competent jurisdiction determines that the Escrow Agent's gross negligence or wilful misconduct was the primary cause of any loss to Daleen or Abiliti. In the administration of the Escrow Deposit hereunder, the Escrow Agent may execute any of its powers and perform its duties hereunder directly or through agents or attorneys and may consult with counsel, accountants and other skilled persons to be selected and retained by it. The Escrow Agent shall not be liable for anything done, suffered or omitted in good faith by it in accordance with the advice or opinion of any such counsel, accountants or other skilled persons. Daleen and Abiliti, jointly and severally, hereby agree to indemnify and hold the Escrow Agent and each of its directors, officers, agents and employees (collectively, the Indemnitees) harmless from and against any and all claims, liabilities, losses, damages, fines, penalties, and expenses, including out-of-pocket and incidental expenses and attorneys' fees and expenses (Losses) that may be imposed on, incurred by, or asserted against the Indemnitees or any of them for following any instructions or other directions upon which the Escrow Agent is authorized to rely pursuant to the terms of this Agreement. In addition to and not in limitation of the immediately preceding sentence, Daleen and Abiliti also agree, jointly and severally, to indemnify and hold the Indemnitees and each of them harmless from and against any and all Losses that may be imposed on, incurred by, or asserted against the Indemnitees or any of them directly or indirectly in connection with or arising out of this Agreement, provided that the Indemnitees have not acted with gross negligence or engaged in wilful misconduct. Anything in this Agreement to the contrary notwithstanding, in no event shall the Escrow Agent be liable for special, indirect or consequential losses or damages of any kind whatsoever. As between Daleen, on the one hand, and Abiliti, on the other hand, each shall bear equally the indemnification obligations set forth in this Section 10(b). The provisions of this Section 10(b) shall survive the termination of this Agreement and the resignation or removal of the Escrow Agent for any reason.

(c) *Fees and Expenses of the Escrow Agent.* All fees of the Escrow Agent for its services hereunder, together with any expenses reasonably incurred by the Escrow Agent in connection with this Agreement, shall be paid by Daleen, as set forth on Schedule B attached hereto. All fees of the Escrow Agent in connection herewith shall be due upon receipt of an invoice from the Escrow Agent delivered to Daleen.

(d) *Resignation and Removal of Escrow Agent; Successor Escrow Agent.*

(i) The Escrow Agent may resign from its duties hereunder by giving each of the parties hereto not less than thirty (30) days prior written notice of the effective date of such resignation (which effective date shall be at least thirty (30) days after the date such notice is given). In addition, the Escrow Agent may be removed and replaced on a date designated in a written instrument (which effective date shall be at least thirty (30) days after the date such notice is given) signed by Daleen and Abiliti and delivered to the Escrow Agent. The parties hereto intend that a successor escrow agent mutually acceptable to Abiliti and Daleen will be appointed to fulfill the duties of the Escrow Agent hereunder for the remaining term of this Agreement in the event of the Escrow Agent's resignation or removal. Upon the effective date of such resignation or removal, the Escrow Agent shall deliver the property comprising the Escrow Deposit to such successor escrow agent, together with an accounting of the investments held by it and all transactions related to this Agreement, including any distributions made and such records maintained by the Escrow Agent in connection with its duties hereunder and other information with respect to the Escrow Deposit as such successor may reasonably request. If on or before the effective date of such resignation or removal, a successor escrow agent has not been appointed, the Escrow Agent shall cease its functions at the expiry of the notice period and (i) may retain any and all property in its possession hereunder on a merely safe keeping basis, at a fee to be determined by the Escrow Agent, acting reasonably, or (ii) deposit the Escrow Deposit into the

registry of a court of proper jurisdiction and thereupon be discharged from all duties as Escrow Agent hereunder.

Upon deposit into the registry of a court or upon written acknowledgement by a successor escrow agent appointed in accordance with this Agreement to serve as escrow agent hereunder and the receipt of the property then comprising the Escrow Deposit, the Escrow Agent shall be fully released and relieved of all duties, responsibilities and obligations under this Agreement, subject to Section 10(b) of this Agreement, and such successor escrow agent shall for all purposes hereof be the Escrow Agent.

(ii) Any corporation, association or other entity into which the Escrow Agent may be converted or merged, or with which it may be consolidated, or to which it may sell or otherwise transfer all or substantially all of its corporate trust business, or any corporation, association or other entity resulting from any such merger, conversion, consolidation, sale or other transfer, shall, ipso facto, be and become the successor Escrow Agent hereunder, vested with all of the powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instrument or any further act on the part or any of the parties hereto, anything herein to the contrary notwithstanding.

(e) The Escrow Agent shall have the right to consult with and obtain advice from legal counsel employed or appointed by it in the event of any questions as to any of the provisions hereof or its duties hereunder. The cost of such services shall be reasonable expenses pursuant to Section 10(c) hereof.

(f) The Escrow Agent shall disburse monies hereunder only to the extent that monies have been deposited with it.

(g) The Escrow Agent shall retain the right not to act and shall not be held liable for refusing to act unless it has received clear documentation that complies with the terms of this Agreement. Such documentation must not require the exercise of any discretion or independent judgment.

(h) The Escrow Agent shall incur no liability with respect to the delivery or non-delivery of any certificate or certificates whether delivered by hand, mail or any other means.

(i) *[Intentionally omitted.]*

(j) None of the provisions contained in this Agreement require the Escrow Agent to expend or to risk its own funds or otherwise to incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers.

11. *Abiliti Officer.* Abiliti hereby acknowledges and agrees that for purposes of this Agreement Gordon Quick initially shall be Abiliti's officer authorized, on behalf of Abiliti, to execute and deliver, and perform or cause Abiliti to perform, Abiliti's obligations hereunder, and that Daleen and Escrow Agent shall be entitled to rely upon any document delivered or action taken by such officer. At any time during the Escrow Period, Abiliti may notify Daleen and Escrow Agent that it has designated another officer or officers as being authorized to act on behalf of Abiliti hereunder, provided, that such notification is in accordance with Section 15 of this Agreement.

12. *Governing Law.* IT IS THE PARTIES' INTENT THAT THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF GEORGIA WITHOUT REGARD TO ITS CONFLICTS OF LAWS PRINCIPLES.

13. *Counterparts.* This Agreement may be executed in one or more counterparts, all of which together shall be considered one and the same document.

14. *Notices.* Any notice or other communication required or permitted hereunder shall be in writing and shall be deemed to have been given to a party when (a) delivered to the appropriate address by hand or by nationally recognized overnight courier service (costs prepaid), (b) sent by facsimile with confirmation of transmission by the transmitting equipment, or (c) received or rejected by the addressee, if

**DALEEN TECHNOLOGIES, INC.
COMMON STOCK PURCHASE WARRANT**

THIS COMMON STOCK PURCHASE WARRANT (this *Warrant*) certifies that, for good and valuable consideration, DALEEN TECHNOLOGIES, INC., a Delaware corporation (the *Company*), grants to (the *Warrantholder*), the right to subscribe for and purchase from the Company, during the Exercise Period (as hereinafter defined), () duly authorized, validly issued, fully paid and nonassessable shares (the *Warrant Shares*), par value \$.01 per share, of Common Stock of the Company (the *Common Stock*), at the exercise price per share of \$0.906 (subject to adjustment as set forth below, the *Exercise Price*), all subject to the terms, conditions and adjustments herein set forth. Capitalized terms used herein shall have the meanings ascribed to such terms in Paragraph 11 below.

1. *Warrant*. This Warrant is issued pursuant to, and in accordance with, the [Asset Purchase Agreement/ Investment Agreement] by and among the Company, , dated as of October 7, 2002, and is subject to the terms thereof.

2. *Exercise of Warrant; Payment of Taxes*.

2.1 *Exercise of Warrant*. Subject to the terms and conditions set forth herein, this Warrant may be exercised at any time, in whole or in part, by the Warrantholder or any assignee or transferee of this Warrant pursuant to, and in compliance with Paragraph 3 herein, during the Exercise Period by:

(a) the surrender of this Warrant to the Company, with a duly executed Exercise Form; and

(b) the delivery of payment to the Company, for the account of the Company, by cash, wire transfer of immediately available funds, certified or official bank check or any other means approved by the Company, of the aggregate Exercise Price in lawful money of the United States of America. The Company agrees that the Warrant Shares shall be deemed to be issued to the Warrantholder as the record holder of such Warrant Shares as of the close of business on the date on which this Warrant shall have been surrendered and payment made for the Warrant Shares as aforesaid (the *Exercise Date*).

2.2 *Conversion Option*.

(a) In lieu of the payment of the aggregate Exercise Price, the Warrantholder, at its sole discretion, may have the Company convert this Warrant, in whole or in part, into shares of Common Stock (the *Conversion Option*) as provided for in this Paragraph 2.2. Upon exercise of the Conversion Option, the Company shall deliver to the Warrantholder (without payment by

the Warrantholder of any of the Exercise Price in accordance with Paragraph 2.1(b) that number of Warrant Shares computed using the following formula:

$$X = \frac{Y(A-B)}{A}$$

Where:

- X = the number of Warrant Shares to be issued to the Warrantholder;
- Y = the number of Warrant Shares purchasable under this Warrant or, if only a portion of the Warrant is being converted, the portion of the Warrant being converted;
- A = the current Market Price per share of the Common Stock (at the date of such conversion); and
- B = the Exercise Price (as adjusted to the date of such calculation).

For the purpose of this Paragraph 2.2(a), the market price per share of Common Stock on any date (the *Market Price*) shall be deemed to be the closing price of the Common Stock on the principal national securities exchange on which the Common Stock is then listed or admitted to trading or The Nasdaq Stock Market (including The Nasdaq National Market and The Nasdaq SmallCap Market, as the case may be), if the Common Stock is then listed or admitted to trading on any national securities exchange or in such market system. The closing price shall be the last reported sale price, or, in case no such sale takes place on such day, the average of the closing bid and asked price, as reported by said exchange or market system. If the Common Stock is not then so listed on a national securities exchange or in such market system, the Market Price shall be deemed to be the mean between the representative closing bid and asked prices of the Common Stock in the over-the-counter market as reported by the OTC Bulletin Board or, if the Common Stock is not then quoted by the OTC Bulletin Board, the Market Price shall be determined in good faith by the independent directors of the Board of Directors of the Corporation, as defined by The Nasdaq Stock Market.

(b) The Conversion Option may be exercised by the Warrantholder at its sole discretion on any Business Day prior to the end of the Exercise Period by surrender of this Warrant to the Company, with a duly executed Exercise Form with the conversion section completed, exercising the Conversion Option and specifying the total number of shares of Common Stock that the Warrantholder will be issued pursuant to such conversion.

2.3 *Warrant Shares Certificate.* A stock certificate or certificates for the Warrant Shares specified in the Exercise Form shall be delivered to the Warrantholder within five (5) Business Days after receipt of the Exercise Form by the Company and, unless the Conversion Option is exercised, the payment by the Warrantholder of the aggregate Exercise Price. If this Warrant is exercised only in part, the Company shall, at the time of delivery of the stock certificate or certificates, deliver to the Warrantholder a new Warrant evidencing the right to purchase the remaining Warrant Shares, which new Warrant shall in all other respects be identical to this Warrant.

2.4 *Payment of Taxes.* The Company will pay all documentary stamp or other issuance taxes, if any, attributable to the original issuance of Warrant Shares upon the exercise of this Warrant; except that the Company shall not be required to pay any tax or taxes which may be payable in respect of any transfer involved in the issue or delivery of any Warrants or Warrant certificates or Warrant Shares in a name other than that of the then existing Warrantholder as reflected upon the books of the Company.

3. *Transfer of Warrants; Compliance with Securities Laws.*

(a) The Company shall maintain a register (the *Warrant Register*) containing the names and addresses of the Warrantholder or Warrantholders. Any Warrantholder of this Warrant or any portion hereof may change its address as shown on the Warrant Register by written notice to the Company requesting such change. Any notice or written communication required or permitted to be given to the

Warrantholder may be delivered or given by mail to such Warrantholder as shown on the Warrant Register and at the address shown on the Warrant Register. Until this Warrant is transferred on the Warrant Register, the Company may treat the Warrantholder as shown on the Warrant Register as the absolute owner of this Warrant for all purposes, notwithstanding any notice to the contrary.

(b) This Warrant may not be transferred or assigned in whole or in part without compliance with all applicable federal and state securities laws by the transferor and the transferee (including the delivery of investment representation letters and legal opinions reasonably satisfactory to the Company, if such are requested by the Company). Subject to the provisions of this Warrant with respect to compliance with the Securities Act, title to this Warrant may be transferred by endorsement (by the Warrantholder executing the assignment form that will be provided by the Company upon request (the *Assignment Form*)) and delivery in the same manner as a negotiable instrument transferable by endorsement and delivery.

(c) On surrender of this Warrant for exchange, properly endorsed on the Assignment Form and subject to the provisions of this Warrant with respect to compliance with the Securities Act and with the limitations on assignments and transfers contained in this Paragraph 3, the Company shall issue to or on the order of the Warrantholder a new warrant or warrants with the same terms and conditions, dated as of the Closing Date (as defined in the Asset Purchase Agreement), in the name of the Warrantholder and/or as the Warrantholder (on payment by the Warrantholder of any applicable transfer and stamp taxes) may direct, for the aggregate number of Warrant Shares issuable upon exercise thereof.

4. *Reservation and Registration of Shares.* The Company covenants and agrees as follows:

(a) All Warrant Shares that are issued upon the exercise of this Warrant shall, upon issuance, be duly authorized, validly issued, fully paid and non-assessable, not subject to any preemptive rights, and be free from all taxes, liens, security interests, charges, and other encumbrances with respect to the issuance thereof, other than taxes in respect of any transfer occurring contemporaneously with such issue and other than any liens, security interests, and other encumbrances not created by the Company or its subsidiaries.

(b) The Company shall at all times have authorized and reserved, and shall keep available and free from preemptive rights, a sufficient number of shares of Common Stock to provide for the exercise of the rights represented by this Warrant and the Warrant Shares.

5. *Adjustment to Exercise Price and Warrant Share Number.* The Exercise Price and the number of Warrant Shares to be received upon exercise of this Warrant shall be subject to adjustment as follows:

5.1 *Dividend, Subdivision, Combination or Reclassification of Common Stock.* If the Company shall at any time or from time to time, after the issuance of this Warrant but prior to the exercise hereof, (a) make a dividend or distribution on the outstanding shares of Common Stock payable in Capital Stock, (b) subdivide the outstanding shares of Common Stock into a larger number of shares, (c) combine the outstanding shares of Common Stock into a smaller number of shares or (d) issue any shares of its Capital Stock in a reclassification of the Common Stock (other than any such event for which an adjustment is made pursuant to another clause of this Paragraph 5), then, and in each such case, (i) the aggregate number of Warrant Shares for which this Warrant is exercisable (the *Warrant Share Number*) immediately prior to such event shall be adjusted so that the Warrantholder shall be entitled to receive upon exercise of this Warrant the number of shares of Common Stock or other securities of the Company that it would have owned or would have been entitled to receive upon or by reason of any of the events described above, had this Warrant been exercised immediately prior to the occurrence of such event and (ii) the Exercise Price payable upon the exercise of this Warrant shall be adjusted by multiplying such Exercise Price immediately prior to such adjustment by a fraction, the numerator of which shall be the Warrant Share Number immediately prior to such adjustment, and the denominator of which shall be the Warrant Share Number immediately thereafter. An adjustment made pursuant to this Paragraph 5.1 shall become

effective retroactively (x) in the case of any such dividend or distribution, to a date immediately following the close of business on the record date for the determination of holders of shares of Common Stock entitled to receive such dividend or distribution, or (y) in the case of any such subdivision, combination or reclassification, to the close of business on the day upon which such corporate action becomes effective.

5.2 *Adjustment of Exercise Price and Warrant Shares.* In the event of any adjustment (the *Series F Adjustment*) of the Conversion Price of the Series F Preferred Stock (as such terms are defined in the Certificate of Incorporation of the Company, as amended), (a) the Warrant Share Number shall be adjusted to equal the number obtained by multiplying the Warrant Share Number, as in effect immediately prior to such Series F Adjustment, by a fraction, the numerator of which shall be the Conversion Price as in effect immediately prior to such Series F Adjustment and the denominator of which is the Conversion Price after giving effect to such Series F Adjustment; and (b) the Exercise Price shall be adjusted to equal the Conversion Price as in effect immediately after such Series F Adjustment.

5.3 *Other Changes.* If the Company at any time or from time to time, after the issuance of this Warrant but prior to the exercise hereof, shall take any action affecting its Common Stock similar to or having an effect similar to any of the actions described in any of Paragraphs 5.1, 5.2 or 5.7 herein (but not including any action described in any such Paragraph) then, and in each such case, the Exercise Price and Warrant Share Number shall be adjusted in such manner and at such time as the Board of Directors in good faith determines would be equitable in the circumstances (such determination to be evidenced in a resolution, a certified copy of which shall be mailed to the Warrantholder).

5.4 *No Adjustment; Par Value Minimum.* Notwithstanding anything herein to the contrary, no adjustment under this Paragraph 5 need be made to the Exercise Price or Warrant Share Number if the Company receives written notice from the Warrantholder that no such adjustment is required. Notwithstanding any other provision of this Warrant, the Exercise Price shall not be adjusted below the par value of a share of Common Stock

5.5 *Abandonment.* If the Company shall take a record of the holders of shares of its Common Stock for the purpose of entitling them to receive a dividend or other distribution, and shall thereafter and before the distribution to stockholders thereof abandon its plan to pay or deliver such dividend or distribution, then no adjustment in the Exercise Price or Warrant Share Number shall be required by reason of the taking of such record.

5.6 *Certificate as to Adjustments.* Upon any adjustment in the Exercise Price or Warrant Share Number, the Company shall within a reasonable period (not to exceed ten days) following any of the foregoing transactions deliver to the Warrantholder a certificate, signed by (i) the Chief Executive Officer of the Company and (ii) the Chief Financial Officer of the Company, setting forth in reasonable detail the event requiring the adjustment and the method by which such adjustment was calculated and specifying the adjusted Exercise Price and Warrant Share Number then in effect following such adjustment.

5.7 *Reorganization, Reclassification, Merger or Sale Transaction.* In case of any capital reorganization, reclassification, Sale Transaction, mandatory share exchange (other than a Sale Transaction or a mandatory share exchange in which the Company is the surviving corporation and in which the Common Stock is not exchanged) of the Company (each, a *Transaction*) at any time after the issuance of this Warrant but prior to the exercise hereof, the Company shall execute and deliver to the Warrantholder at least ten Business Days prior to effecting such Transaction a certificate and, if following a Transaction, the Warrant shall be exercisable for securities of any Person other than the Company, such Person shall, no later than simultaneously with the closing of the Transaction, issue a certificate, stating that the Warrantholder shall have the right thereafter to exercise this Warrant for the kind and amount of shares of stock or other securities, property or cash receivable upon such Transaction by a holder of the number of shares of Common Stock into which

this Warrant could have been exercised immediately prior to such Transaction, and provision shall be made therefor in the agreement, if any, relating to such Transaction. Such certificates shall provide for adjustments which shall be as nearly equivalent as may be practicable to the adjustments provided for in this Paragraph 5. The provisions of this Paragraph 5.7 and any equivalent thereof in any such certificate similarly shall apply to successive transactions.

5.8 *Notices.* In case at any time or from time to time:

(a) the Company shall pay a dividend (or other distribution) on its shares of Common Stock, or

(b) the Company shall authorize the granting to the holders of shares of its Common Stock, rights or warrants to subscribe for or purchase any shares of Capital Stock or any other rights or warrants, then the Company shall mail to the Warrantholder, as promptly as possible but in any event at least ten Business Days prior to the applicable date hereinafter specified, a notice stating the date on which a record is to be taken for the purpose of such dividend, distribution or granting of rights or warrants or, if a record is not to be taken, the date as of which the holders of Common Stock of record to be entitled to such dividend, distribution or granting of rights or warrants are to be determined. Notwithstanding the foregoing, in the case of any event to which Paragraph 5.7 is applicable, the Company shall also deliver the certificate described in such Paragraph 5.7 to the Warrantholder at least ten (10) Business Days prior to effecting such reorganization or reclassification as aforesaid.

6. *No Dilution or Impairment.* The Company will not, by amendment of its Certificate of Incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all times in good faith assist in the carrying out of all such terms and in the taking of all such action as may be necessary or appropriate in order to protect the rights of the Warrantholder under this Warrant.

7. *Loss or Destruction of Warrant.* Subject to the terms and conditions hereof, upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant and, in the case of loss, theft or destruction, such bond or indemnification as the Company may reasonably require, and, in the case of such mutilation, upon surrender and cancellation of this Warrant, the Company will execute and deliver a new Warrant of like tenor; *provided, however*, in the event of the loss, theft or destruction of this Warrant, or the mutilation of this Warrant if the Warrantholder shall not have delivered such mutilated Warrant to the Company, the Company may require that the Warrantholder provide a bond or written indemnification in favor of the Company with respect to any claims, expenses or losses the Company may incur in connection with such lost, stolen, destroyed or mutilated Warrant.

8. *Ownership of Warrant.* The Company may deem and treat the Person in whose name this Warrant is registered as the holder and owner hereof (notwithstanding any notations of ownership or writing hereon made by anyone other than the Company) for all purposes and shall not be affected by any notice to the contrary, until presentation of this Warrant, together with proper written notice, for transfer.

9. *Amendments.* Any provision of this Warrant may be amended and the observance thereof waived with the written consent of the Company and the Warrantholder or by the written consent of the Company and the Majority Warrantholders.

10. *Representations and Warranties by the Warrantholder.* By accepting this Warrant, the Warrantholder represents and warrants to the Company as follows:

**DALEEN TECHNOLOGIES, INC.
COMMON STOCK PURCHASE WARRANT**

THIS COMMON STOCK PURCHASE WARRANT (this *Warrant*) certifies that, for good and valuable consideration, DALEEN TECHNOLOGIES, INC., a Delaware corporation (the *Company*), grants to (the *Warranholder*), the right to subscribe for and purchase from the Company, during the Exercise Period (as hereinafter defined), () duly authorized, validly issued, fully paid and nonassessable shares (the *Warrant Shares*), par value \$.01 per share, of Common Stock of the Company (the *Common Stock*), at the exercise price per share of equal to \$0.17 (subject to adjustment as set forth below, the *Exercise Price*), all subject to the terms, conditions and adjustments herein set forth. Capitalized terms used herein shall have the meanings ascribed to such terms in Paragraph 11 below.

1. *Warrant*. This Warrant is issued pursuant to, and in accordance with, the Investment Agreement by and among the Company, Behrman Capital II, L.P., and Strategic Entrepreneur Fund II, L.P. (the *Investment Agreement*), and is subject to the terms thereof.

2. *Exercise of Warrant; Payment of Taxes*.

2.1 *Exercise of Warrant*. Subject to the terms and conditions set forth herein, this Warrant may be exercised at any time, in whole or in part, by the Warranholder or any assignee or transferee of this Warrant pursuant to, and in compliance with Paragraph 3 herein, during the Exercise Period by:

(a) the surrender of this Warrant to the Company, with a duly executed Exercise Form; and

(b) the delivery of payment to the Company, for the account of the Company, by cash, wire transfer of immediately available funds, certified or official bank check or any other means approved by the Company, of the aggregate Exercise Price in lawful money of the United States of America. The Company agrees that the Warrant Shares shall be deemed to be issued to the Warranholder as the record holder of such Warrant Shares as of the close of business on the date on which this Warrant shall have been surrendered and payment made for the Warrant Shares as aforesaid (the *Exercise Date*).

2.2 *Conversion Option*.

(a) In lieu of the payment of the aggregate Exercise Price, the Warranholder, at its sole discretion, may have the Company convert this Warrant, in whole or in part, into shares of Common Stock (the *Conversion Option*) as provided for in this Paragraph 2.2. Upon exercise of the Conversion Option, the Company shall deliver to the Warranholder (without payment by

the Warrantholder of any of the Exercise Price in accordance with Paragraph 2.1(b) that number of Warrant Shares computed using the following formula:

$$X = \frac{Y(A-B)}{A}$$

Where:

- X = the number of Warrant Shares to be issued to the Warrantholder;
- Y = the number of Warrant Shares purchasable under this Warrant or, if only a portion of the Warrant is being converted, the portion of the Warrant being converted;
- A = the current Market Price per share of the Common Stock (at the date of such conversion); and
- B = the Exercise Price (as adjusted to the date of such calculation).

For the purpose of this Paragraph 2.2(a), the market price per share of Common Stock on any date (the *Market Price*) shall be deemed to be the closing price of the Common Stock on the principal national securities exchange on which the Common Stock is then listed or admitted to trading or The Nasdaq Stock Market (including The Nasdaq National Market and The Nasdaq SmallCap Market, as the case may be), if the Common Stock is then listed or admitted to trading on any national securities exchange or in such market system. The closing price shall be the last reported sale price, or, in case no such sale takes place on such day, the average of the closing bid and asked price, as reported by said exchange or market system. If the Common Stock is not then so listed on a national securities exchange or in such market system, the Market Price shall be deemed to be the mean between the representative closing bid and asked prices of the Common Stock in the over-the-counter market as reported by the OTC Bulletin Board or, if the Common Stock is not then quoted by the OTC Bulletin Board, the Market Price shall be determined in good faith by the independent directors of the Board of Directors of the Corporation, as defined by The Nasdaq Stock Market.

(b) The Conversion Option may be exercised by the Warrantholder at its sole discretion on any Business Day prior to the end of the Exercise Period by surrender of this Warrant to the Company, with a duly executed Exercise Form with the conversion section completed, exercising the Conversion Option and specifying the total number of shares of Common Stock that the Warrantholder will be issued pursuant to such conversion.

2.3 *Warrant Shares Certificate.* A stock certificate or certificates for the Warrant Shares specified in the Exercise Form shall be delivered to the Warrantholder within five (5) Business Days after receipt of the Exercise Form by the Company and, unless the Conversion Option is exercised, the payment by the Warrantholder of the aggregate Exercise Price. If this Warrant is exercised only in part, the Company shall, at the time of delivery of the stock certificate or certificates, deliver to the Warrantholder a new Warrant evidencing the right to purchase the remaining Warrant Shares, which new Warrant shall in all other respects be identical to this Warrant.

2.4 *Payment of Taxes.* The Company will pay all documentary stamp or other issuance taxes, if any, attributable to the original issuance of Warrant Shares upon the exercise of this Warrant; except that the Company shall not be required to pay any tax or taxes which may be payable in respect of any transfer involved in the issue or delivery of any Warrants or Warrant certificates or Warrant Shares in a name other than that of the then existing Warrantholder as reflected upon the books of the Company.

3. *Transfer of Warrants; Compliance with Securities Laws.*

(a) The Company shall maintain a register (the *Warrant Register*) containing the names and addresses of the Warrantholder or Warrantholders. Any Warrantholder of this Warrant or any portion hereof may change its address as shown on the Warrant Register by written notice to the Company requesting such change. Any notice or written communication required or permitted to be given to the

Warrantholder may be delivered or given by mail to such Warrantholder as shown on the Warrant Register and at the address shown on the Warrant Register. Until this Warrant is transferred on the Warrant Register, the Company may treat the Warrantholder as shown on the Warrant Register as the absolute owner of this Warrant for all purposes, notwithstanding any notice to the contrary.

(b) This Warrant may not be transferred or assigned in whole or in part without compliance with all applicable federal and state securities laws by the transferor and the transferee (including the delivery of investment representation letters and legal opinions reasonably satisfactory to the Company, if such are requested by the Company). Subject to the provisions of this Warrant with respect to compliance with the Securities Act, title to this Warrant may be transferred by endorsement (by the Warrantholder executing the assignment form that will be provided by the Company upon request (the *Assignment Form*)) and delivery in the same manner as a negotiable instrument transferable by endorsement and delivery.

(c) On surrender of this Warrant for exchange, properly endorsed on the Assignment Form and subject to the provisions of this Warrant with respect to compliance with the Securities Act and with the limitations on assignments and transfers contained in this Paragraph 3, the Company shall issue to or on the order of the Warrantholder a new warrant or warrants with the same terms and conditions, in the name of the Warrantholder and/or as the Warrantholder (on payment by the Warrantholder of any applicable transfer and stamp taxes) may direct, for the aggregate number of Warrant Shares issuable upon exercise thereof.

4. *Reservation and Registration of Shares.* The Company covenants and agrees as follows:

(a) All Warrant Shares that are issued upon the exercise of this Warrant shall, upon issuance, be duly authorized, validly issued, fully paid and non-assessable, not subject to any preemptive rights, and be free from all taxes, liens, security interests, charges, and other encumbrances with respect to the issuance thereof, other than taxes in respect of any transfer occurring contemporaneously with such issue and other than any liens, security interests, and other encumbrances not created by the Company or its subsidiaries.

(b) The Company shall at all times have authorized and reserved, and shall keep available and free from preemptive rights, a sufficient number of shares of Common Stock to provide for the exercise of the rights represented by this Warrant and the Warrant Shares.

5. *Adjustment to Exercise Price and Warrant Share Number.* The Exercise Price and the number of Warrant Shares to be received upon exercise of this Warrant shall be subject to adjustment as follows:

5.1 *Dividend, Subdivision, Combination or Reclassification of Common Stock.* If the Company shall at any time or from time to time, after the issuance of this Warrant but prior to the exercise hereof, (a) make a dividend or distribution on the outstanding shares of Common Stock payable in Capital Stock, (b) subdivide the outstanding shares of Common Stock into a larger number of shares, (c) combine the outstanding shares of Common Stock into a smaller number of shares or (d) issue any shares of its Capital Stock in a reclassification of the Common Stock (other than any such event for which an adjustment is made pursuant to another clause of this Paragraph 5), then, and in each such case, (i) the aggregate number of Warrant Shares for which this Warrant is exercisable (the *Warrant Share Number*) immediately prior to such event shall be adjusted so that the Warrantholder shall be entitled to receive upon exercise of this Warrant the number of shares of Common Stock or other securities of the Company that it would have owned or would have been entitled to receive upon or by reason of any of the events described above, had this Warrant been exercised immediately prior to the occurrence of such event and (ii) the Exercise Price payable upon the exercise of this Warrant shall be adjusted by multiplying such Exercise Price immediately prior to such adjustment by a fraction, the numerator of which shall be the Warrant Share Number immediately prior to such adjustment, and the denominator of which shall be the Warrant Share Number immediately thereafter. An adjustment made pursuant to this Paragraph 5.1 shall become effective retroactively (x) in the case of any such dividend or distribution, to a date immediately

following the close of business on the record date for the determination of holders of shares of Common Stock entitled to receive such dividend or distribution, or (y) in the case of any such subdivision, combination or reclassification, to the close of business on the day upon which such corporate action becomes effective.

5.2 *Other Changes.* If the Company at any time or from time to time, after the issuance of this Warrant but prior to the exercise hereof, shall take any action affecting its Common Stock similar to or having an effect similar to any of the actions described in any of Paragraphs 5.1 or 5.6 herein (but not including any action described in any such Paragraph) then, and in each such case, the Exercise Price and Warrant Share Number shall be adjusted in such manner and at such time as the Board of Directors in good faith determines would be equitable in the circumstances (such determination to be evidenced in a resolution, a certified copy of which shall be mailed to the Warrantholder).

5.3 *No Adjustment; Par Value Minimum.* Notwithstanding anything herein to the contrary, no adjustment under this Paragraph 5 need be made to the Exercise Price or Warrant Share Number if the Company receives written notice from the Warrantholder that no such adjustment is required. Notwithstanding any other provision of this Warrant, the Exercise Price shall not be adjusted below the par value of a share of Common Stock

5.4 *Abandonment.* If the Company shall take a record of the holders of shares of its Common Stock for the purpose of entitling them to receive a dividend or other distribution, and shall thereafter and before the distribution to stockholders thereof abandon its plan to pay or deliver such dividend or distribution, then no adjustment in the Exercise Price or Warrant Share Number shall be required by reason of the taking of such record.

5.5 *Certificate as to Adjustments.* Upon any adjustment in the Exercise Price or Warrant Share Number, the Company shall within a reasonable period (not to exceed ten days) following any of the foregoing transactions deliver to the Warrantholder a certificate, signed by (i) the Chief Executive Officer of the Company and (ii) the Chief Financial Officer of the Company, setting forth in reasonable detail the event requiring the adjustment and the method by which such adjustment was calculated and specifying the adjusted Exercise Price and Warrant Share Number then in effect following such adjustment.

5.6 *Reorganization, Reclassification, Merger or Sale Transaction.* In case of any capital reorganization, reclassification, Sale Transaction, mandatory share exchange (other than a Sale Transaction or a mandatory share exchange in which the Company is the surviving corporation and in which the Common Stock is not exchanged) of the Company (each, a *Transaction*) at any time after the issuance of this Warrant but prior to the exercise hereof, the Company shall execute and deliver to the Warrantholder at least ten Business Days prior to effecting such Transaction a certificate and, if following a Transaction, the Warrant shall be exercisable for securities of any Person other than the Company, such Person shall, no later than simultaneously with the closing of the Transaction, issue a certificate, stating that the Warrantholder shall have the right thereafter to exercise this Warrant for the kind and amount of shares of stock or other securities, property or cash receivable upon such Transaction by a holder of the number of shares of Common Stock into which this Warrant could have been exercised immediately prior to such Transaction, and provision shall be made therefor in the agreement, if any, relating to such Transaction. Such certificates shall provide for adjustments which shall be as nearly equivalent as may be practicable to the adjustments provided for in this Paragraph 5. The provisions of this Paragraph 5.6 and any equivalent thereof in any such certificate similarly shall apply to successive transactions.

5.7 *Notices.* In case at any time or from time to time:

(a) the Company shall pay a dividend (or other distribution) on its shares of Common Stock, or

(b) the Company shall authorize the granting to the holders of shares of its Common Stock, rights or warrants to subscribe for or purchase any shares of Capital Stock or any other rights or warrants, then the Company shall mail to the Warrantholder, as promptly as possible but in any event at least ten Business Days prior to the applicable date hereinafter specified, a notice stating the date on which a record is to be taken for the purpose of such dividend, distribution or granting of rights or warrants or, if a record is not to be taken, the date as of which the holders of Common Stock of record to be entitled to such dividend, distribution or granting of rights or warrants are to be determined. Notwithstanding the foregoing, in the case of any event to which Paragraph 5.6 is applicable, the Company shall also deliver the certificate described in such Paragraph 5.6 to the Warrantholder at least ten (10) Business Days prior to effecting such reorganization or reclassification as aforesaid.

6. *No Dilution or Impairment.* The Company will not, by amendment of its Certificate of Incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all times in good faith assist in the carrying out of all such terms and in the taking of all such action as may be necessary or appropriate in order to protect the rights of the Warrantholder under this Warrant.

7. *Loss or Destruction of Warrant.* Subject to the terms and conditions hereof, upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant and, in the case of loss, theft or destruction, such bond or indemnification as the Company may reasonably require, and, in the case of such mutilation, upon surrender and cancellation of this Warrant, the Company will execute and deliver a new Warrant of like tenor; *provided, however,* in the event of the loss, theft or destruction of this Warrant, or the mutilation of this Warrant if the Warrantholder shall not have delivered such mutilated Warrant to the Company, the Company may require that the Warrantholder provide a bond or written indemnification in favor of the Company with respect to any claims, expenses or losses the Company may incur in connection with such lost, stolen, destroyed or mutilated Warrant.

8. *Ownership of Warrant.* The Company may deem and treat the Person in whose name this Warrant is registered as the holder and owner hereof (notwithstanding any notations of ownership or writing hereon made by anyone other than the Company) for all purposes and shall not be affected by any notice to the contrary, until presentation of this Warrant, together with proper written notice, for transfer.

9. *Amendments.* Any provision of this Warrant may be amended and the observance thereof waived with the written consent of the Company and the Warrantholder or by the written consent of the Company and the Majority Warrantholders.

10. *Representations and Warranties by the Warrantholder.* By accepting this Warrant, the Warrantholder represents and warrants to the Company as follows:

(a) This Warrant and the Warrant Shares issuable upon exercise of the Warrantholder's rights contained herein will be acquired for investment for the Warrantholder's own account and not with a view to the sale or distribution of any part thereof, and the Warrantholder has no present intention of selling or engaging in any public distribution of the same except pursuant to a registration or exemption from the Securities Act.

(b) The Warrantholder understands and acknowledges that (i) the Warrant Shares issuable upon exercise of the Warrantholder's rights contained herein are not registered under the Securities Act or qualified under applicable state securities laws because the issuance contemplated by this Warrant will be exempt from the registration and qualification requirements thereof, and (ii) the Company's reliance on such exemptions is predicated on the accuracy of the representations set forth in this Paragraph 10.

(c) The Warrantholder has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of its investment and has the ability to bear the economic risks of its investment.

(d) The Warrantholder understands that if the Company's Common Stock ceases to be registered with the Securities and Exchange Commission pursuant to Paragraph 12 of the Securities Exchange Act of 1934, and the rules and regulations promulgated thereunder (the *Exchange Act*), or if the Company ceases to file the reports required under the Exchange Act, or if a registration statement covering the securities under the Securities Act is not in effect when it desires to resell (i) this Warrant or (ii) the Warrant Shares issuable upon exercise of this Warrant, it may be required to hold such securities for an indefinite period. The Warrantholder is aware of the provisions of Rule 144 promulgated under the Securities Act.

(e) The Warrantholder will not offer, sell or otherwise dispose of this Warrant or any Warrant Shares to be issued upon exercise hereof except under circumstances that will not result in a violation of the Securities Act or any state securities laws.

(f) Upon exercise of this Warrant, the Warrantholder shall, if requested by the Company, confirm in writing, in a form satisfactory to the Company, that the Warrant Shares so purchased are being acquired solely for the Warrantholder's own account and not as a nominee for any other party, for investment, and not with a view toward distribution or resale.

VOTING AGREEMENT

This VOTING AGREEMENT (this Agreement) is made as of September , 2002, among the stockholder(s) listed on the signature pages hereto (each, a Stockholder) of Daleen Technologies, Inc., a Delaware corporation (Daleen), and Abiliti Solutions, Inc., a Missouri corporation (Abiliti).

A. Abiliti, Daleen and Daleen Solutions, Inc., a Delaware corporation and an indirect, wholly-owned subsidiary of Daleen (Acquisition Sub) are entering into an Asset Purchase Agreement on substantially the terms and conditions set forth in the draft dated October 1, 2002 and provided to the undersigned herewith (a definitive agreement on substantially such terms and conditions, as the same may be modified or amended from time to time, the Asset Purchase Agreement), providing for the purchase by Acquisition Sub of substantially all of the assets of Abiliti (the Purchase). Concurrent with the consummation of the Purchase, certain stakeholders of Abiliti will invest approximately \$5 million into securities issued by Daleen (the Investment), on substantially the terms and conditions set forth in the Investment Agreement attached as an exhibit to the Asset Purchase Agreement. Capitalized terms used herein and not otherwise defined shall have the meanings assigned such terms in the Asset Purchase Agreement.

B. It is a condition to the execution and delivery of the Asset Purchase Agreement that the Stockholders execute and deliver this Agreement committing to vote for and consent to the Purchase, the Investment and the other Contemplated Transactions.

Accordingly, the parties hereto agree as follows:

SECTION 1. *Representations, Warranties and Covenants.* Each Stockholder (with respect to itself only) hereby represents, warrants and covenants, severally and not jointly, to Abiliti as follows:

(a) *Title.* As of the date hereof, such Stockholder owns beneficially and of record the number of shares of each class of capital stock of Daleen set forth after such Stockholder's name on Exhibit A hereto (with respect to each Stockholder, the capital stock specified after such Stockholder's name on Exhibit A hereto shall be referred to herein as the Shares). The term beneficial owner and all correlative expressions are used in this Agreement as defined in Rules 13d-3 and 16a-1 under the Securities Exchange Act of 1934, as amended.

(b) *Right to Vote.* As of the date hereof and as of date of each vote or consent of such Stockholder through and including the Closing Date, except for this Agreement or as otherwise permitted by this Agreement, such Stockholder has full legal power, authority and right to vote all of the Shares in favor of the approval and authorization of the Asset Purchase Agreement, the Purchase, the authorization and issuance of the Purchase Price in connection therewith, the Investment Agreement, the Investment and the authorization and issuance of the securities to be issued therewith, the amendment of the Certificate of Incorporation of Daleen in substantially the form of the amendments attached as Exhibit F to the Asset Purchase Agreement, and the other Contemplated Transactions (to the extent Daleen is a party thereto) (collectively, the Daleen Proposals) without the consent or approval of, or any other action on the part of, any other person or entity. Without limiting the generality of the foregoing, such Stockholder has not entered into any voting agreement with any person or entity with respect to any of the Shares, granted any person or entity any proxy (revocable or irrevocable) or power of attorney with respect to any of the Shares, deposited any of the Shares in a voting trust or entered into any arrangement or agreement with any person or entity limiting or affecting its legal power, authority or right to vote the Shares in favor of the Daleen Proposals except for this Agreement.

From and after the date hereof, except as otherwise permitted by this Agreement or prohibited by order of a court of competent jurisdiction, such Stockholder will not commit any act that could restrict or otherwise affect its legal power, authority and right to vote all of the Shares in favor of the Daleen

Proposals. Without limiting the generality of the foregoing, except for this Agreement and as otherwise permitted by this Agreement, from and after the date hereof, each Stockholder will not enter into any voting agreement with any person or entity with respect to any of the Shares, grant any person or entity any proxy (revocable or irrevocable) or power of attorney with respect to any of the Shares, deposit any of the Shares in a voting trust or otherwise enter into any agreement or arrangement with any person or entity limiting or affecting such Stockholder's legal power, authority or right to vote the Shares in favor of the approval of the Daleen Proposals.

(c) *Authority.* Such Stockholder has full legal power, authority and right to execute and deliver, and to perform his or its obligations under, this Agreement. This Agreement has been duly and validly executed and delivered by such Stockholder and constitutes a valid and binding agreement of such Stockholder enforceable against such Stockholder in accordance with its terms, subject to (i) bankruptcy, insolvency, moratorium and other similar laws now or hereafter in effect relating to or affecting creditors rights generally and (ii) general principles of equity (regardless of whether considered in a proceeding at law or in equity).

(d) *Conflicting Instruments.* The execution and delivery of this Agreement and the performance by such Stockholder of his or its agreements and obligations hereunder will not result in any breach or violation of or be in conflict with or constitute a default under any term of any agreement, judgment, injunction, order, decree, law, regulation or arrangement to which such Stockholder is a party or by which such Stockholder (or any of his or its assets) is bound, except for any such breach, violation, conflict or default which, individually or in the aggregate, would not impair or adversely affect such Stockholder's ability to perform its obligations under this Agreement.

SECTION 2. *Restrictions on Transfer.* Until the termination of this Agreement in accordance with its terms, each Stockholder agrees not to Transfer (or to agree to Transfer) any Shares owned of record or beneficially by such Stockholder. Transfer means, with respect to any security, the direct or indirect assignment, sale, transfer, tender, pledge, hypothecation, or the grant, creation or sufferage of a lien or encumbrance in or upon, or the gift, placement in trust, or the constructive sale or other disposition of such security (including transfers by testamentary or intestate succession) or any right, title or interest therein (including but not limited to any right or power to vote to which the holder thereof may be entitled, whether such right or power is granted by proxy or otherwise), or the record or beneficial ownership thereof, the offer to make such a sale, transfer, constructive sale or other disposition, and each agreement, arrangement or understanding, whether or not in writing, to effect any of the foregoing. The term constructive sale means a short sale with respect to such security, entering into or acquiring an offsetting derivative contract with respect to such security, entering into or acquiring a futures or forward contract to deliver such security or entering into any other hedging or other derivative transaction that has the effect of materially changing the economic benefits and risks of ownership.

SECTION 3. *Agreement to Vote.* Until the termination of this Agreement in accordance with its terms, each Stockholder hereby irrevocably and unconditionally agrees to vote or to cause to be voted all of the Shares, to the extent the Shares carry the right to vote thereon, at any other annual or special meeting of stockholders of Daleen where any such proposal is submitted, and in connection with any written consent of stockholders (including, without limitation, any vote or consent of any class or series of stockholders to which such Stockholder belongs), (a) in favor of the Daleen Proposals and (b) against (i) approval of any proposal made in opposition to or in competition with the transactions contemplated by the Asset Purchase Agreement, (ii) any merger, consolidation, sale of assets, business combination, share exchange, reorganization or recapitalization of Daleen or any of its subsidiaries, with or involving any party other than as contemplated by the Asset Purchase Agreement, (iii) any liquidation or winding up of Daleen, (iv) any extraordinary dividend by Daleen, (v) any change in the capital structure of Daleen (other than pursuant to the Asset Purchase Agreement) and (vi) any other action that may reasonably be expected to impede, interfere with, delay, postpone or attempt to discourage the consummation of the Purchase or any other Contemplated Transaction or result in a breach of any of the covenants, representations, warranties or other obligations or agreements of Daleen under the Asset Purchase

Agreement which would materially and adversely affect Abiliti or Daleen or their respective abilities to consummate the Purchase or any other Contemplated Transaction.

SECTION 4. *Granting of Proxy.* In furtherance of the terms and provisions of this Agreement, each Stockholder hereby grants an irrevocable proxy (subject to Section 9(b)), coupled with an interest, to each of the President and the Secretary of Abiliti, for the sole purpose to vote all of the Shares beneficially owned by such Stockholder in favor of the Daleen Proposals and in accordance with the provisions of Section 3. Each Stockholder hereby ratifies and approves of each and every action taken by the President or the Secretary of Abiliti pursuant to the foregoing proxy. Notwithstanding the foregoing, if requested by Abiliti, each Stockholder will execute and deliver applicable proxy material in furtherance of the provisions of Section 3 and this Section 4.

SECTION 5. *Invalid Provisions.* If any provision of this Agreement shall be invalid or unenforceable under applicable law, such provision shall be ineffective to the extent of such invalidity or unenforceability only, without it affecting the remaining provisions of this Agreement.

SECTION 6. *Executed in Counterparts.* This Agreement may be executed in counterparts each of which shall be an original with the same effect as if the signatures hereto and thereto were upon the same instrument.

SECTION 7. *Specific Performance.* The parties hereto agree that the failure for any reason of a Stockholder to perform any of his or its agreements or obligations under this Agreement would cause irreparable harm or injury to Abiliti with respect to which money damages would not be an adequate remedy. Accordingly, each Stockholder agrees that, in seeking to enforce this Agreement against such Stockholder, Abiliti shall be entitled to specific performance and injunctive and other equitable relief in addition to any other remedy available at law, equity or otherwise.

SECTION 8. *GOVERNING LAW; SUBMISSION TO JURISDICTION.* THE AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND ENFORCED IN ACCORDANCE WITH, THE DOMESTIC LAWS OF THE STATE OF DELAWARE WITHOUT GIVING EFFECT TO ANY CHOICE OF LAW OR CONFLICT OF LAW PROVISION OR RULE (WHETHER OF THE STATE OF DELAWARE OR ANY OTHER JURISDICTION) THAT WOULD CAUSE THE APPLICATION OF THE LAWS OF ANY JURISDICTION OTHER THAN THE STATE OF DELAWARE. EACH OF THE PARTIES HERETO IRREVOCABLY AGREES THAT ANY LEGAL ACTION OR PROCEEDING WITH RESPECT TO THIS AGREEMENT OR FOR RECOGNITION AND ENFORCEMENT OF ANY JUDGMENT IN RESPECT HEREOF BROUGHT BY ANY OTHER PARTY HERETO OR ITS SUCCESSORS OR ASSIGNS SHALL BE BROUGHT AND DETERMINED IN THE STATE AND FEDERAL COURTS OF THE STATE OF DELAWARE, AND EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY SUBMITS WITH REGARD TO ANY SUCH ACTION OR PROCEEDING FOR ITSELF AND IN RESPECT TO ITS PROPERTY, GENERALLY AND UNCONDITIONALLY, TO THE NONEXCLUSIVE JURISDICTION OF THE AFORESAID COURTS. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, AND AGREES NOT TO ASSERT, BY WAY OF MOTION, AS A DEFENSE, COUNTERCLAIM OR OTHERWISE, IN ANY ACTION OR PROCEEDING WITH RESPECT TO THIS AGREEMENT, ANY CLAIM (A) THAT IT IS NOT PERSONALLY SUBJECT TO THE JURISDICTION OF THE AFORESAID COURTS FOR ANY REASON, (B) THAT IT OR ITS PROPERTY IS EXEMPT OR IMMUNE FROM JURISDICTION OF ANY SUCH COURT OR FROM ANY LEGAL PROCESS COMMENCED IN SUCH COURTS (WHETHER THROUGH SERVICE OF JUDGMENT, EXECUTION OF JUDGMENT, OR OTHERWISE), AND (C) TO THE FULLEST EXTENT PERMITTED BY THE APPLICABLE LAW, THAT (I) THE SUIT, ACTION OR PROCEEDING IN SUCH COURTS IS BROUGHT IN AN INCONVENIENT FORUM, (II) THE VENUE OF SUCH SUIT, ACTION OR PROCEEDING IS IMPROPER AND (III) THIS AGREEMENT, OR THE SUBJECT MATTER HEREOF, MAY NOT BE ENFORCED IN OR BY SUCH COURTS.

SECTION 9. *Amendments; Termination.*

(a) This Agreement may not be modified, amended, altered or supplemented, except upon the execution and delivery of a written agreement executed by all parties hereto.

(b) Except for provisions of this Agreement that by their terms survive the termination hereof, the provisions of this Agreement shall terminate upon the earliest to occur of (i) the consummation of the Contemplated Transactions and (ii) the termination of the Asset Purchase Agreement in accordance with its terms.

SECTION 10. *Additional Shares.* If, after the date hereof, any Stockholder acquires beneficial or record ownership of any additional shares of capital stock of Daleen (any such shares, *Additional Shares*), including, without limitation, upon exercise of any option, warrant or right to acquire shares of capital stock of Daleen or through any stock dividend or stock split, the provisions of this Agreement applicable to the Shares shall thereafter be applicable to such Additional Shares as if such Additional Shares had been Shares as of the date hereof. The provisions of the immediately preceding sentence shall be effective with respect to Additional Shares without action by any person or entity immediately upon the acquisition by any Stockholder of beneficial ownership of such Additional Shares.

SECTION 11. *Successors and Assigns.* The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective legal successors (including, in the case of any individual Stockholder or any other individual, any executors, administrators, estates, legal representatives and heirs of such Stockholder or such individual) and permitted assigns; provided, however, that, except as otherwise provided in this Agreement, no party may assign, delegate or otherwise transfer any of its rights or obligations, under this Agreement, without (a) the consent of Abiliti, in the case of any Stockholder, or (b) the consent of the Stockholders, in the case of Abiliti. Without limiting the scope or effect of the restrictions on Transfer set forth in Section 2, each Stockholder agrees that this Agreement and the obligations hereunder shall attach to the Shares and shall be binding upon any person or entity to which legal or beneficial ownership of such Shares shall pass, whether by operation of law or otherwise.

SECTION 12. *Counterparts.* This Agreement may be executed in any number of counterparts, all of which, when taken together, shall be considered one and the same agreement and shall become effective when counterparts have been signed by each party and delivered to the other party. The parties also expressly agree that this Agreement may be executed by original signatures delivered by facsimile.

EACH OF THE PARTIES HERETO IRREVOCABLY AGREES THAT ANY

LEGAL ACTION OR PROCEEDING WITH RESPECT TO THIS AGREEMENT OR FOR RECOGNITION AND ENFORCEMENT OF ANY JUDGMENT IN RESPECT HEREOF BROUGHT BY ANY OTHER PARTY HERETO OR ITS SUCCESSORS OR ASSIGNS SHALL BE BROUGHT AND DETERMINED IN THE STATE AND FEDERAL COURTS OF THE STATE OF MASSACHUSETTS, AND EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY SUBMITS WITH REGARD TO ANY SUCH ACTION OR PROCEEDING FOR ITSELF AND IN RESPECT TO ITS PROPERTY, GENERALLY AND UNCONDITIONALLY, TO THE NONEXCLUSIVE JURISDICTION OF THE AFORESAID COURTS. (b) Except for provisions of this Agreement that by their terms survive the termination hereof, the provisions of this Agreement shall terminate upon the earliest to occur of (i) the final adjournment of the 2003 annual meeting of the stockholders of Daleen and (ii) the termination of the Purchase Agreement in accordance with its terms.

The provisions of the immediately preceding sentence shall be effective with respect to Additional Shares without action by any person or entity immediately upon the acquisition by any Stockholder of beneficial ownership of such Additional Shares.

SECTION 10. *Successors and Assigns.* The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective legal successors (including, in the case of any individual Stockholder, any Behrman Entity or any other individual, any executors, administrators, estates, legal representatives and heirs of such Stockholder, Behrman Entity or such individual) and permitted assigns; provided, however, that, except as otherwise provided in this Agreement, no party may assign, delegate or otherwise transfer any of its rights or obligations, under this Agreement, without (a) the consent of the Behrman Entities, in the case of any Stockholder, or (b) the consent of the HarbourVest Funds, in the case of the Behrman Entities. To the Board of Directors of

Daleen Technologies, Inc.
902 Clint Moore Rd.
Suite #230
Boca Raton, FL 33487

Gentlemen:

We understand that Daleen Technologies, Inc. (the Company) is contemplating a transaction pursuant to which the Company would (a) purchase substantially all of the assets of Abiliti Solutions, Inc. (Abiliti) and assume certain liabilities of Abiliti (the Purchase) in exchange for (i) 115,681 shares of the Company's Series F Preferred Stock, par value \$.01 per share (the Series F Preferred Stock), (ii) 11,492,136 shares of the Company's Common Stock, par value \$.01 per share (Common Stock), and (iii) warrants to purchase 5,666,069 shares of Common Stock at an exercise price of \$0.906 per share (the Abiliti Warrants). The consideration payable by the Company in the Purchase is subject to reduction under certain circumstances. The terms and conditions of the Purchase are more fully described in the proposed Asset Purchase Agreement between the Company and Abiliti with respect thereto (the Asset Purchase Agreement).

Simultaneously with the Purchase, and as an inducement for the Company to enter into the Asset Purchase Agreement, Behrman Capital II, L.P. and Strategic Enterprise Fund II, L.P. (collectively, the Investors) have agreed to acquire, for an aggregate consideration of \$5,100,000 as adjusted by the exercise price of Additional Warrants, (i) 115,681 shares of Series F Preferred Stock, (ii) 10,992,136 shares of Common Stock, and (iii) warrants to purchase 5,666,069 shares of Common Stock at an exercise price of \$0.906 per share (the Warrants) and 500,000 shares of Common Stock at an exercise price equal to the trading price of the common stock on the date prior to the announcement of the Transaction (the Additional Warrants and together with the Warrants, the Investor Warrants). (The acquisition of such securities is referred to herein as the Investment, and collectively with the Purchase, the Transaction.) The terms and conditions of the Investment are more fully described in the proposed Investment Agreement among the Company and the Investors (the Investment Agreement).

In connection with your review and analysis of the Transaction, you have requested our opinion, as investment bankers, as to the fairness, from a financial point of view, to the stockholders of the Company of the consideration to be paid by the Company in connection with the Purchase and to be received by the Company in connection with the Investment, taken as a whole.

Kaufman Bros., L.P., as part of its investment banking business, is continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, secondary distributions of securities, private placements of securities of public and private companies and valuations for corporate and other purposes. We have acted as financial advisor to the Company with respect to the Transaction for which we have received fees and will receive additional fees, contingent upon consummation of the Transaction. In addition, in June 2001, we acted as placement agent for the Company in connection with a private placement of Series F Preferred Stock for which we received customary fees.

In conducting our analysis and arriving at our opinion as expressed herein, we have, among other things:

reviewed a draft of the Asset Purchase Agreement, dated October , 2002, and the schedules and exhibits attached thereto;

reviewed a draft of the Investment Agreement, dated October , 2002, and the schedules and exhibits attached thereto;

I-1

Edgar Filing: DALEEN TECHNOLOGIES INC - Form PRE 14A

reviewed the terms of the Series F Preferred Stock;

reviewed the proposed forms of Warrant Agreements representing the Abiliti Warrants and the Investor Warrants;

reviewed the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001 and the Company's Quarterly Reports on Form 10-Q for the quarters ended March 31, 2002 and June 30, 2002, as filed with the Securities and Exchange Commission;

reviewed certain internal information relating to the Company provided to us by management of the Company, including historical financial information and financial forecasts;

reviewed certain internal information relating to Abiliti provided to us by Abiliti's management, including historical financial information and financial forecasts;

held discussions with the Company's and Abiliti's respective managements regarding the respective businesses, operations and prospects of the Company and Abiliti;

prepared and analyzed proforma financial information for the combined company based upon discussions with, and information provided by the managements of, both companies;

visited Abiliti's facilities in Chesterfield, Missouri;

reviewed the historical trading prices and volumes of the Company's Common Stock;

reviewed certain publicly available information concerning certain other companies engaged in businesses which we believe to be reasonably comparable to Abiliti;

reviewed information concerning certain other business transactions which we believe to be reasonably comparable to the Purchase;

performed various valuation analyses as we deemed appropriate using generally accepted analytical methodologies; and

performed such other financial studies, analyses, inquiries and investigations as we deemed appropriate.

In rendering our opinion, we have assumed and relied upon the accuracy and completeness of the financial and other information used by us in arriving at our opinion, and upon the assurances of the managements of the Company and Abiliti that they are not aware of any information that would make the information provided to us incomplete or misleading. We have not attempted to independently verify such information, and have not made, obtained or been provided with any independent evaluation or appraisal of the properties and facilities or of any of the assets or liabilities (contingent or otherwise) of the Company or Abiliti. With respect to financial forecasts, we were advised by the managements of the Company and Abiliti, and we have assumed, without independent investigation, that they were reasonably prepared and reflect the best currently available estimates and judgment as to the expected future financial performance of the Company and Abiliti. With respect to forecasts included in the proforma financial information for the combined company which we prepared, we have been advised by the managements of the Company and Abiliti that such forecasts and the assumptions upon which they are based are reasonable. We have also assumed, with your permission and without independent investigation, that:

the Purchase and the Investment will be consummated in accordance with the terms set forth in the drafts of the Asset Purchase Agreement and the Investment Agreement, respectively, reviewed by us without any amendment thereto and without any waiver by any of the parties of any of the conditions to their respective obligations; and

all regulatory and other approvals and third party consents required for consummation of the Transaction will be obtained without material cost to the Company or Abiliti.

Our opinion is necessarily based upon financial, economic, market and other conditions as they exist, and the information available to us, as of the date hereof. We disclaim any undertakings or obligation to

advise any person of any change in any fact or matter affecting our opinion which may come or be brought to our attention after the date hereof. Although we evaluated the consideration to be paid by the Company in connection with the Purchase and issued by the Company in connection with the Investment from a financial point of view, we did not recommend the specific consideration payable in the Transaction, which was determined through negotiations between the Company and Abiliti.

In the ordinary course of our business, we may hold and actively trade securities of the Company for our own account and for the accounts of our customers and, accordingly, may at any time hold a long or short position in such securities.

Our opinion does not constitute a recommendation as to any action the Board of Directors or any stockholder of the Company should take in connection with the Purchase or the Investment or any aspect thereof and is not a recommendation to any person on how such person should vote in his or her consideration of the Purchase or the Investment. Our opinion relates solely to the fairness, as of the date hereof, from a financial point of view, to the stockholders of the Company of the consideration to be paid by the Company in connection with the Purchase and to be received by the Company in connection with the Investment, taken as a whole. We express no opinion herein as to the structure, terms or effect of any other aspect of the Purchase or the Investment, the merits of the underlying decision of the Company to consummate the Purchase or the Investment, any other actions taken or proposed to be taken by the Company or Abiliti in connection with the Purchase or the Investment, or any other transactions or business strategies discussed by the Board of Directors of the Company as alternatives to the Purchase or the Investment.

This opinion has been prepared at the request of, and for the information of, the Board of Directors of the Company for its use in evaluating the fairness, from a financial point of view, to the stockholders of the Company of the consideration to be paid by the Company in connection with the Purchase and to be received by the Company in connection with the Investment, taken as a whole. It may not be used for any other purpose, published, reproduced, summarized, described or referred to or given to any other person or otherwise made public without our prior written consent.

Based upon and subject to the foregoing, it is our opinion, as investment bankers, that, as of the date hereof, the consideration to be paid by the Company in connection with the Purchase and received by the Company in connection with the Investment, taken as a whole, is fair, from a financial point of view, to the stockholders of the Company.

Very truly yours,

KAUFMAN BROS., L.P.

ARTICLE III

OPERATION OF THE PROGRAM

3.01 *Eligibility.* The initial Participants shall be those Employees, individuals or others as set forth in Exhibit A attached to this Plan. Prior to a Payout Event, additional Participants may be designated by the Board. The Unallocated Equity Pool, including any portion of the Payout Equity Pool forfeited or otherwise terminated in accordance with Section 3.04 hereof, will be distributed as determined by the Board; provided, however, that the Board shall not be required to distribute any of the Unallocated Equity Pool. The Board may, at the time of grant of a Plan interest to a Participant, establish vesting, forfeiture and other terms and conditions applicable to such grant.

3.02 *Distribution of the Payout Equity Pool*

(a) As soon as practicable after the occurrence of a Payout Event, the Board shall determine and approve the Payout Equity Pool as of the date of the Payout Event.

(b) As soon as practicable after the Board approves the calculation of the Payout Equity Pool, the Company shall pay to each Participant an amount equal to (i) the Payout Equity Pool multiplied by (ii) that Participant's Participation Percentage, reduced by (iii) that Participant's Option Value.

(c) Payment of the amounts described in (b) above may be made in cash or in the same consideration as is paid to the Company's stockholders in connection with the Payout Event. Such determination shall be made by the Board. If some or all of such payment is paid in property other than cash, the value of the portion of such distribution or consideration not paid in cash shall be the

fair market value of such property as determined in good faith by the Board of Directors of the Company. In the event that all or any portion of payments made to Participants consists of consideration other than cash or immediately tradable securities, the Company shall use reasonable best efforts to make appropriate arrangements to ensure that Participants have sufficient cash as part of the payout under the Plan to pay taxes incurred with respect to such payments, or, if sufficient cash is not available for distribution as part of the payout, the Company shall use reasonable best efforts to distribute as part of the payout publicly traded stock that has been registered under the Securities Act of 1933, as amended, sufficient to pay such taxes.

3.03 *Payments to Former Employees.* If, at the time a payment is to be made pursuant to Section 3.02 above, a Participant is no longer employed by the Company, the Board shall determine, in its sole discretion, whether and under what conditions payment shall be made to such former Employee; *provided, however,* that the Board shall be entitled to make such determination at any time prior to such payment; and provided, further, that if the Participant is a party to an employment agreement with the Company, payment to such Participant shall be made in accordance with the terms of such agreement.

3.04 *Certain Adjustments.* In the event of any acquisition, stock issuance, reorganization, merger, consolidation or similar transaction involving the Company, other than a Payout Event, that would have the effect of diluting the percentage equity ownership (in the Company or its successor) of the Company's then existing stockholders, or enlarging the rights of Participants hereunder, the Board may make equitable and reasonable adjustments to the Participation Percentages of Participants and/or the method of calculating the Payout Equity Pool (including changes in the percentages set forth in Section 2.01(k)(i) and (ii)) in order to adjust the Payout Equity Pool to reflect approximately the same level of dilution to the Payout Equity Pool as the dilution of the Company's capital stock resulting from said transaction.

ARTICLE IV

AMENDMENT, TERMINATION AND CONVERSION

4.01 *Amendment and Termination.* The Board may, in its sole and complete discretion, amend or terminate this Plan at any time and for any reason that the Board deems necessary or appropriate. The termination or amendment of the Plan shall not adversely affect any Participant's rights previously granted under the Plan unless approved by Participants holding in the aggregate more than one-half of the total Participation Percentages then outstanding. This Plan shall terminate upon the payment of all amounts payable following Payout Event.

4.02 *Plan Conversion.* At any time after the adoption of this Plan, the Board may elect to replace this Plan in its entirety by a new equity-based compensation plan; provided, however, that any such new plan shall be substantially equivalent to or more favorable than this Plan for Participants from a financial and tax standpoint.

ARTICLE V

The parties acknowledge that a substantial portion of negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Boca Raton, Florida, therefore, each of the parties irrevocably and unconditionally (a) agrees that any suit, action or legal proceeding arising out of or relating to this Agreement must be brought in Boca Raton, Florida; (b) consents to the jurisdiction of such court in any suit, action or proceeding; (c) waives any objection which it may have to the laying of venue of any such suit, action or proceeding in any of such courts; and (d) agrees that service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such manner as may be provided under applicable laws or court rules in the State of Florida.

No portion of the assets of the Company will be segregated or separately identifiable as a source of payment under the Plan.

5.03 *Withholding Taxes.* The Company shall withhold from any payment to be made to a Participant under the terms of the Plan an amount sufficient to satisfy the Company's withholding obligation under any federal, state or local withholding tax requirement applicable to such payment and shall promptly remit the withheld amount to the appropriate taxing bodies.

5.04 *Employment Rights.* Nothing in this Plan shall confer upon any Employee the right to continue in the employment of the Company or any affiliate of the Company or affect any right which the Company or any affiliate of the Company may have to terminate the employment of such Participant.

5.05 *Successors.* This Plan shall bind any corporation or unincorporated entity or group of corporations or unincorporated entities which acquires ownership, directly or indirectly, of all or substantially all of the assets of the Company. In the case of any transaction in which a such a successor would not by the foregoing provision or by operation of law be bound by the Plan, the Company shall require such successor expressly and unconditionally to assume and agree to perform the Company's obligations under this Plan, in the same manner and to the same extent that the Company would be required to perform if no such succession had taken place.

5.06 *Captions.* The captions of Articles and Sections of this Plan are for the convenience of reference only and shall not control or affect the meaning or construction of any of its provisions.
