**Section 2 Financial Information**

**Item 2.02. Results of Operations and Financial Condition.**

On January 17, 2005, Goodrich Corporation ( Goodrich ) issued a press release announcing the expected impact on Goodrich of the decision by The Boeing Company to conclude production of the 717 commercial aircraft in 2006. A copy of the press release is furnished as Exhibit 99.1 hereto and incorporated herein by reference.

**Item 2.06. Material Impairments.**

On January 13, 2005, The Boeing Company announced its decision to conclude production of the 717 commercial aircraft in 2006. As a result of Boeing s decision, Goodrich has determined that it will be required to record a charge to net income in the fourth quarter of 2004 of less than \$10 million pre-tax, or less than \$7 million after-tax (\$0.06 per fully diluted share), related to the 717 program. Goodrich expects that the charge will result in future cash expenditures of approximately \$2 million. The exact amount of the charge is currently under review by management and will be finalized prior to reporting fourth quarter and full year 2004 results in early 2005.
