Item 8.01 Other Events

On August 29, 2007, Healthcare Realty Trust (the Company) acquired a fully-leased medical office building located on a new campus of a AA-rated hospital system in central Texas. The \$26.3 million facility will be managed by the Company and occupied by physicians and outpatient hospital services. The building is currently 66% occupied, with the remainder of the space to be completed and occupied by the first quarter of 2008.

In conjunction with this acquisition, the Company has an agreement that it expects will result in the development of additional medical office facilities on the hospital campus. Additionally, the Company has under development a \$33.0 million outpatient facility on a land parcel across from the new hospital. The Company expects that the hospital will take a significant portion of the building for additional primary care physicians and related diagnostic services. This current report on Form 8-K contains forward-looking statements based on management s current expectations. These statements have been included in reliance on the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Many of these factors are beyond the ability of the Company to control or predict. These factors are discussed in a 10-K filed with the SEC by the Company for the year ended December 31, 2006. Forward-looking statements represent the Company s judgment as of the date of this report. The Company disclaims any obligation to update forward-looking material.
