This year, the Company is using the U.S. Securities and Exchange Commission rule that allows us to furnish proxy materials over the Internet. On or about April 30, 2009, the Company started mailing to its stockholders a Notice of Internet Availability of Proxy Materials (a "Notice"). The Notice contains instructions on how to access this Proxy Statement and our Annual Report and vote online or by telephone. The Notice also contains instructions on how stockholders can receive a paper copy of the Company's proxy materials, including this Proxy Statement, the Company's Annual Report and a form of proxy card or voting instruction card. Please vote as promptly as possible, whether or not you plan to attend the Annual Meeting. Your promptness in voting will assist us in ensuring that a quorum is present or represented. Even though you vote, you may nevertheless attend the Annual Meeting and vote your shares in person if you wish. PROXY STATEMENT
For The
ANNUAL MEETING OF STOCKHOLDERS
To Be Held June 18, 2009
ABOUT THIS PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of your proxy by the Board of Directors of GeoVax Labs, Inc., a Delaware corporation, for use at our Annual Meeting of Stockholders to be held at the J. Fonda Conference Center, 1256 Briarcliff Road, Atlanta, Georgia on Thursday, June 18, 2009, at 2:00 p.m. local time and at any meeting following adjournment thereof.

Important Notice Regarding the Availability of Proxy Materials

The Notice of Annual Meeting of Shareholders, Proxy Statement, Form of Proxy and 2008 Annual Report are available at www.proxyvote.com.

This year, the Company is using the U.S. Securities and Exchange Commission (SEC) rule that allows us to furnish our proxy materials over the Internet. On or about April 30, 2009, the Company started mailing to its stockholders a Notice of Internet Availability of Proxy Materials (a Notice). The Notice contains instructions on how to access this Proxy Statement and Annual Report on Form 10-K (Annual Report) and vote online or by telephone. The Notice also contains instructions on how stockholders can receive a paper copy of the Company s proxy materials, including this Proxy Statement, the Company s Annual Report on Form 10-K and a form of proxy card or voting instruction card. Stockholders who receive a paper copy of the Company s proxy materials, including a Proxy Statement, the Company s Annual Report and a form of proxy card or instruction card may vote online, by telephone or by mail. By furnishing its proxy materials over the Internet, the Company is lowering the costs and reducing the environmental impact of the Annual Meeting.

Revocability of Proxy and Voting of Shares

If you give us a proxy you will have the power to revoke it at any time before it is exercised. The proxy may be revoked before it is exercised by sending a written revocation or a duly executed proxy bearing a later date to us at our principal executive offices located at 1256 Briarcliff Road, Emtech Bio, Suite 500, Atlanta, Georgia 30306. The proxy may also be revoked by attending the meeting and voting in person.

When the proxy is properly executed, dated and returned, the shares it represents will be voted in accordance with any directions noted on it. **If no instructions are indicated, the proxy will be voted FOR the approval of the proposals.** We currently know of no other matters to be considered at the Annual Meeting of Stockholders. **If, however, any other matters come before the Annual Meeting of Stockholders, or any adjournment or adjournments thereof, the persons named in the proxy will vote the proxy in accordance with their best judgment on any such matter.**

Record Date, Voting Rights and Outstanding Shares

The Board of Directors has fixed April 20, 2009 as the record date (the Record Date) for determining holders of our common stock, \$0.001 par value per share, who are entitled to vote at the meeting. As of the Record Date, we had 751,803,510 shares of common stock outstanding and entitled to vote. Each share of common stock entitles the record holder to one vote on each matter to be voted upon at the meeting. A majority of the shares of common stock issued and outstanding and entitled to vote at the meeting will constitute a quorum at the meeting. If a quorum is not present or represented at the Annual Meeting, the Chairman of the meeting or the shareholders holding a majority of the shares of Common Stock entitled to vote, present in person or represented by proxy, have the power to adjourn the

Table of Contents

meeting from time to time without notice, other than an announcement at the meeting, until a quorum is present or represented. Directors, officers and employees of the Company may solicit proxies for the reconvened meeting in person or by mail, telephone or telegram. At any such reconvened meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally scheduled. Cumulative voting is not permitted.

Unless otherwise indicated on the proxy, your shares will be voted FOR the election of the seven director-nominees named on the proxy and FOR the proposal to ratify the selection of our independent registered accountants. Proxies cannot be voted for a greater number of persons than the number of director-nominees named.

Voting by Holders of Shares Registered in the Name of a Brokerage Firm, Bank or Other Nominee

If your GeoVax shares are held by a brokerage firm, bank or other nominee (i.e., in street name), you should receive directions from your nominee that you must follow in order to have your shares voted. **Online and telephone voting is also generally available to persons holding their shares in street name. Street name shareholders who wish to vote in person at the meeting will need to obtain a proxy form, sometimes referred to as a voting instruction form, from the brokerage firm or other nominee that holds their common stock of record.**

Shares held of record by stockholders or their nominees who do not vote by proxy or attend the Annual Meeting in person will not be considered present or represented at the Annual Meeting and will not be counted in determining the presence of a quorum. Signed proxies that withhold authority or reflect abstentions or broker non-votes will be counted for purposes of determining whether a quorum is present. Broker non-votes are proxies received from brokerage firms or other nominees holding shares on behalf of their clients who have not been given specific voting instructions from their clients with respect to non-routine matters.

Solicitation

The cost of preparing, assembling and mailing this Proxy Statement and the form of proxy will be borne by the Company. Directors, officers and employees of the Company may also solicit proxies personally or by mail, telephone or facsimile. No compensation will be paid for such solicitations. In addition, the Company will bear the reasonable expenses of brokerage houses and other custodians, nominees and fiduciaries who, at the request of the Company, may send proxies and proxy solicitation material to their clients and principals.

Approval of Proposals

Each share of common stock is entitled to one vote. The election of directors will be determined by a plurality of the votes cast at the Annual Meeting if a quorum is present. Shareholders do not have cumulative voting rights in connection with the election of directors. This means that the seven nominees receiving the highest number of FOR votes will be elected as directors. Withheld votes and broker non-votes, if any, are not treated as votes cast, and therefore will have no effect on the proposal to elect directors. The affirmative vote of a majority of all votes cast is required for the approval of Proposal II. Abstentions and broker non-votes are not considered as votes cast, and therefore will have no effect on the outcome of the vote on Proposal II.

PROPOSAL I ELECTION OF DIRECTORS

Our bylaws provide that the members of the Board of Directors are to be elected at each annual meeting of stockholders and are to serve until the next annual meeting of stockholders or until their successors are duly elected and qualified.

Director Nominees

The Board of Directors has nominated Donald Hildebrand, Andrew Kandalepas, Dean Kollintzas, Robert McNally, Harriet Robinson, John Spencer and Peter Tsolinas for reelection as directors of GeoVax to serve until the

Table of Contents

2010 Annual Meeting of Stockholders, until each of their successors are elected and qualified, or until their earlier death, resignation or removal. Information concerning the nominees is set forth below under Directors and Executive Officers .

We believe that the nominees will be available and able to serve as directors. In the event that any nominee is unable to serve (which is not anticipated), the holder of your proxy will cast votes for such other persons as they may select.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF THE NOMINEES SET FORTH IN THIS PROXY STATEMENT. THE PERSONS NAMED IN THE FORM OF PROXY WILL VOTE THE PROXY AS SPECIFIED. IF NO SPECIFICATION IS MADE, THE PROXY WILL BE VOTED FOR THE ELECTION OF THE NOMINEES SET FORTH ABOVE.

CORPORATE GOVERNANCE

The Company's Bylaws provide that the number of Members shall be determined from time to time by resolutions of the Board of Directors, but shall not be less than three or more than nine. Our Board of Directors has seven members.

Director Nomination Process

Our Board of Directors does not have a standing nominating committee or a charter governing the manner in which individuals are nominated to the Board. Although we may form a nominating committee in the future, we

Table of Contents

believe that one is not currently necessary, as all of our directors will participate in the consideration of new director nominees.

We do not have specific minimum qualifications that a person must meet in order to serve on our Board of Directors, nor do we have a formal policy about the consideration of any director candidates recommended by stockholders. However, GeoVax's Board of Directors believes that directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the Company's stockholders. Each director must also be able to dedicate the time and resources sufficient to ensure the diligent performance of his or her duties. Further, our Board of Directors is intended to encompass a range of talents, experience, skills, diversity, and expertise sufficient to provide sound and prudent guidance with respect to the operations and interests of GeoVax and its stockholders.

GeoVax's Board of Directors considers persons for nomination for election to the Board of Directors from any source, including stockholder recommendations. We do not evaluate candidates differently based on who has made the recommendation. Consideration of nominee candidates typically involves a series of internal discussions, a review of information concerning candidates, and interviews with selected candidates. To date, we have not paid any third parties to assist us in finding suitable candidates to serve as directors. All of our nominees are directors standing for re-election. The nomination of each director was made by members of the Board of Directors.

There have been no material changes to the procedures by which stockholders may recommend nominees to our Board of Directors. GeoVax's Board of Directors will consider stockholder recommendations for directors sent to GeoVax Labs, Inc., 1256 Briarcliff Road, Atlanta, Georgia 30306, Attention: Secretary. Any recommendation from a stockholder should include the name, background and qualifications of such candidate and should be accompanied by evidence of such stockholder's ownership of GeoVax's common stock.

Director Independence

The Board of Directors has determined that Dean Kollintzas, John Spencer and Peter Tsolinas are the members of our Board of Directors who are independent, as that term is defined by Section 301(3)(B) of the Sarbanes-Oxley Act of 2002. The Board of Directors has also determined that these three individuals meet the definition of independent set forth in NASDAQ Rule 5605 (formerly Rule 4200), which is part of its listing standards. As independent directors, Mr. Kollintzas, Mr. Spencer and Mr. Tsolinas serve as the members of our Audit and Compensation Committees. Prior to his appointment as our President and Chief Executive Officer in April 2008, Dr. McNally was also an independent director and served as a member of our Audit and Compensation Committees.

Board Meetings and Committees

Board of Directors. The Board of Directors held six meetings during 2008 and took action by unanimous written consent on three other occasions. Each director attended at least 75% of the total meetings of the Board and the committees on which they served during 2008. We strongly encourage, but we do not require, our directors to attend our Annual Stockholders' Meeting. All of our directors attended our Annual Stockholders' Meeting in 2008.

Our Board of Directors has a standing Audit Committee and a standing Compensation Committee.

Audit Committee. The Audit Committee provides assistance to the Board of Directors in fulfilling its oversight responsibility relating to: (i) the integrity of the Company's financial statements; (ii) the effectiveness of the Company's internal control over financial reporting; (3) the Company's compliance with legal and regulatory requirements; and (iv) the independent registered public accounting firm's qualifications, independence and performance. It also prepares the Audit Committee report that SEC proxy rules require for this proxy statement. Our Audit Committee was comprised of Mr. Spencer (Chairman) and Dr. McNally from January 1 to March 31, 2008. Upon his appointment as President and Chief Executive Officer on April 1, 2008, Dr. McNally resigned his position from the Audit Committee and Mr. Kollintzas was appointed as a member of the Committee. Effective October 7, 2008, Mr. Tsolinas was appointed to the Committee. Our Board of Directors has determined that each member of the committee is independent in accordance with the criteria of independence set forth in Section 301(3)(B) of the Sarbanes-Oxley Act of 2002, and that Mr. Spencer qualifies as an audit committee financial expert as defined by the SEC's rules. The Audit Committee has

adopted a charter, a copy of which is available on our website at www.geovax.com. The Audit Committee held four meetings during 2008 and took action by unanimous written consent on one other occasion.

Compensation Committee. Upon his appointment as President and Chief Executive Officer on April 1, 2008, Dr. McNally resigned his position from the Compensation Committee and Mr. Spencer became Chairman of the Committee. Effective October 7, 2008, Mr. Tsolinas was appointed to the Committee. The Compensation Committee has adopted a charter, a copy of which is available on our website at www.geovax.com. The members of the Compensation Committee are independent, as required by the Compensation Committee Charter, they also qualify as outside directors within the meaning of Rule 16b-3 under the Security Exchange Act of 1934 and as outside directors within the meaning of Section 162(m) of the Internal Revenue Code. The Compensation Committee held four meetings during 2008 and took action by unanimous written consent on one other occasion.

Compensation Committee Interlocks and Insider Participation.

During fiscal 2008, Mr. Kollintzas, Dr. McNally, Mr. Spencer and Mr. Tsolinas served on the Compensation Committee. None of the members of our Compensation Committee were officers or employees of the Company or any of its subsidiaries during the fiscal year ended December 31, 2008, nor at any time prior thereto, with the exception of Dr. McNally, who resigned as a member of the Compensation Committee when he became an officer and employee. During fiscal 2008, none of the members of the Compensation Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K, and none of the Company's executive officers served on the compensation committee (or equivalent), or the board of directors, of another entity whose executive officer(s) served on our Board of Directors or Compensation Committee.

Stockholder Communications with the Board of Directors

Any stockholder who wishes to communicate directly with our Board of Directors should do so in writing, addressed to GeoVax Labs, Inc., c/o Audit Committee Chair, 1256 Briarcliff Road, Suite 500, Atlanta, Georgia 30306. Communications sent to individual directors must clearly indicate the name of the director for whom they are intended. Unless marked Confidential, we screen mail addressed to the Board, its Committees or any specified individual director for security purposes and to ensure that the mail relates to discrete business matters that are relevant to our Company. Mail that satisfies these screening criteria is required to be forwarded to the appropriate director or directors. If marked Confidential, these communications will not be screened by management before they are delivered by the Audit Committee Chair.

Code of Ethics

Our Board of Directors has adopted a written Code of Ethics, a copy of which is available on our website at www.geovax.com. The Company will provide a copy of the Code of Ethics upon request to any person without charge. Such requests may be transmitted by regular mail in the care of the Secretary. We require all officers, directors and employees to adhere to this code in addressing the legal and ethical issues encountered in conducting their work. The code requires that employees avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner, and otherwise act with integrity and in our best interest. Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the code. The Sarbanes-Oxley Act of 2002 requires companies to have procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. We have such procedures in place.

The Company will post on its website, www.geovax.com, or will disclose on a Form 8-K filed with the SEC, any amendments to, or waivers from, a provision of the Code of Ethics that applies to the Chief Executive Officer or the Chief Financial Officer, or persons performing similar functions, and that relate to (i) honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; (ii) full, fair, accurate, timely, and understandable disclosure in reports and documents that the Company files with, or

Table of Contents

submits to, the SEC and in other public communications made by the Company; (iii) compliance with applicable governmental laws, rules and regulations; (iv) the prompt internal reporting of violations of the Code of Ethics to an appropriate person or persons identified in the code; or (v) accountability for adherence to the Code of Ethics. Any waiver granted to an executive officer or a director may only be granted by the Board and will be disclosed, along with the reasons therefore, on a Form 8-K filed with the SEC. No waivers were granted in 2008.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, as amended, requires our executive officers and directors and persons who own more than 10% of a registered class of our equity securities, as well as certain affiliates of those persons, to file with the SEC initial statements of beneficial ownership, reports of changes in ownership and annual reports concerning their ownership, of common stock and other of our equity securities on Forms 3, 4, and 5, respectively. Executive officers, directors and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based solely on our review of the copies of such reports we received and written representations that no other reports were required to be filed for those persons, we believe that, during the fiscal year ended December 31, 2008, all of our executive officers, directors and owners of more than 10% of our common stock filed all reports required by Section 16(a) on a timely basis.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

In the paragraphs that follow, the Compensation Committee provides an overview and analysis of our compensation program and policies, the material compensation decisions made under those programs and policies with respect to our executive officers, and the material factors considered in making those decisions.

The Compensation Committee reviews, analyzes and approves the compensation of our senior executive officers, including the Named Executive Officers listed in the tables set forth following this Compensation Discussion and Analysis. The Named Executive Officers for 2008 include the two individuals who held the office of chief executive officer, our chief financial officer, and the two other executive officers whose total compensation for 2008 exceeded \$100,000, calculated in accordance with the rules and regulations of the SEC. Our Named Executive Officers for 2008 are:

Robert McNally, President and Chief Executive Officer

Donald Hildebrand, former President and Chief Executive Officer

Andrew Kandalepas, Senior Vice-President

Mark Reynolds, Chief Financial Officer

Harriet Robinson, Senior Vice-President, Research and Development

The tables that follow this Compensation Discussion and Analysis contain specific data about the compensation earned or paid in 2008 to the Named Executive Officers. The discussion below is intended to help you understand the detailed information provided in the compensation tables and put that information into context within our overall compensation program.

Objectives of Our Compensation Program

In general, we operate in a marketplace where competition for talented executives is significant. The biopharmaceutical industry is highly competitive and includes companies with far greater resources than ours. We are engaged in the long-term development of drug candidates, without the benefit of significant current revenues, and therefore our operations involve a high degree of risk and uncertainty. This level of risk and uncertainty may make it difficult to retain talented executives. Nevertheless, continuity of personnel across multi-disciplinary functions is a critical success factor to our business. Furthermore, since we have relatively few employees, each must perform a broad scope of functions, and there is very little redundancy in skills.

The objectives of our compensation program for our executive officers and other employees are to provide competitive cash compensation, health, and retirement benefits as well as long-term equity incentives that offer significant reward potential for the risks assumed and for each individual's contribution to our long-term performance. Individual performance is measured subjectively against overall corporate goals, scientific innovation, regulatory compliance, new business development, employee development, and other values designed to build a culture of high performance. These policies and practices are based on the principle that total compensation should serve to attract and retain those executives and employees critical to our overall success and are designed to reward executives for their contributions toward business performance that enhances stockholder value.

Role of the Compensation Committee

Our Compensation Committee assists our Board in discharging its responsibilities relating to compensation of our executive officers. As such, the Compensation Committee has responsibility over matters relating to the fair and competitive compensation of our executives, employees and directors (only non-employee directors are compensated as such) as well as matters relating to all other benefit plans. Each of the members of our Compensation Committee is independent in accordance with the criteria of independence set forth in Section 301(3)(B) of the Sarbanes-Oxley Act of 2002. We believe that their independence from management allows the Compensation Committee members to provide unbiased consideration of various elements that could be included in an executive compensation program and apply independent judgment about which elements and designs best achieve our compensation objectives. With regard

to

Table of Contents

executive compensation, the Compensation Committee is charged specifically with annually reviewing and determining the compensation of our Chief Executive Officer. With regard to our other executive officers, the Compensation Committee reviews, at least annually, recommendations from our Chief Executive Officer and acts on his recommendations as appropriate. The Compensation Committee also approves a pool of stock options to be granted as recommended by the Chief Executive Officer to our employees (including other executive officers) and the Board of Directors approves the grant of such options.

Elements of Compensation

To achieve the objectives described above, the three primary compensation elements used for executive officers are base salary, cash bonus, and stock option awards. We believe that these three elements are the most effective combination in motivating and retaining our executive officers at this stage in our development.

Base Salary. Our philosophy is to maintain executive base salary at a competitive level sufficient to recruit and retain individuals possessing the skills and capabilities necessary to achieve our goals over the long term. Base salaries provide our executive officers with a degree of financial certainty and stability and also reward individual achievements and contributions. Each individual's base salary is determined after considering a variety of factors including prospective value to us, the knowledge, experience, and accomplishments of the individual and the individual's level of responsibility.

Cash Bonus. Annual cash incentive awards motivate our executives to contribute toward the achievement of corporate goals and objectives. Generally, every staff member is eligible to earn an annual cash incentive award, promoting alignment and pay-for-performance at all levels of the organization. The Company currently does not have a formalized cash incentive award plan, and awards are based on the subjective recommendation of the President & CEO and on the Committee's judgment.

Stock Option Awards. Stock option awards are a fundamental element in our executive compensation program because they emphasize our long-term performance, as measured by creation of stockholder value, and align the interests of our stockholders and management. In addition, the Compensation Committee believes they are crucial to a competitive compensation program for executive officers, and they act as a powerful retention tool. In our current pre-commercial state, we view the Company as still facing a significant level of risk, but with the potential for a high upside, and therefore we believe that stock incentive awards are appropriate for executive officers. These awards are provided through initial grants at or near the date of hire and through subsequent periodic grants. The initial grant is designed for the level of the job that the executive holds and is designed to motivate the officer to make the kind of decisions and implement strategies and programs that will contribute to an increase in our stock price over time. Periodic additional stock option awards may be granted to reflect the executives' ongoing contributions to the Company, to create an incentive to remain at the Company, and to provide a long-term incentive to achieve or exceed our corporate goals and objectives. The Company currently does not have a formula for determining stock option awards; and awards are generally based on the subjective recommendation of the President & CEO and on the Committee's judgment.

Timing of Annual Awards

In order to assess the performance of a full calendar year, annual cash bonus and stock option awards are generally determined in December of the each year. We do not currently have any program, plan or practice in place to time stock option grants to our executives or other employees in coordination with the release of material non-public information.

Accounting and Tax Considerations

The accounting and tax treatment of compensation generally has not been a factor in determining the amounts of compensation for the Company's executive officers.

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits tax deductions of public companies on compensation paid to certain executive officers in excess of \$1 million. The Compensation Committee considers the

Table of Contents

impact of Section 162(m) on its compensation decisions, but has no formal policy to structure executive compensation so that it complies with the requirements of Section 162(m). In general, stock options granted under the Company's 2006 Equity Incentive Plan (the "Plan") are intended to qualify under and comply with the performance based compensation exemption provided under Section 162(m) thus excluding from the Section 162(m) compensation limitation any income recognized by executives at the time of exercise of such stock options.

Statement of Financial Accounting Standards No. 123(R), "Share-Based Payment" (FAS 123(R)) requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of stock options under our equity incentive award plans are accounted for under FAS 123(R). The Compensation Committee considers the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans, but has no formal policy to structure executive compensation to align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives.

Setting Executive Compensation

Historically, we have not used a quantitative method or mathematical formulas exclusively in setting any element of executive compensation. We use discretion, guided in large part by the concept of pay for performance, and we consider all elements of an executive's compensation package when setting each portion of compensation. There is no pre-established policy or target for the allocation between cash and equity incentive compensation.

When determining compensation for a new executive officer, factors taken into consideration are the individual's skills, background and experience, the individual's past and potential future impact on our short- and long-term success, and competitive information from industry-specific sources, and possibly from other prospective candidates interviewed during the recruitment process. We will generally make a grant of stock options when an executive officer joins us. Options are granted at no less than 100% of the fair market value on the date of grant. In determining the size of a stock option grant to an executive officer, we consider company performance, competitive data, and the individual's scope of responsibility and continuing performance. Most importantly, since the stock option grant is meant to be a retention tool, we consider the importance to stockholders of that person's continued service. Stock option grants to executives will generally vest over a period of three years.

The Compensation Committee annually reviews and determines the compensation for our Chief Executive Officer. Each year recommendations for the compensation for other executive officers (other than himself) are prepared by the Chief Executive Officer and are reviewed with the Committee and modified where appropriate.

As part of its executive compensation review conducted annually in December, the Committee reviews a tally sheet setting forth all components of total compensation to our CEO, our Named Executive Officers and all other employees. The tally sheet includes current and proposed base salary, proposed annual cash incentive awards and historical as well as proposed stock option awards. These tools are employed by the Committee as a useful check on total compensation and are considered important because the Committee's decisions are usually made on a program-by-program basis and in the context of the program being considered. These tools show the effect of compensation decisions made over time on the total annual compensation to a Named Executive Officer and allow the Committee to review historical amounts for comparative purposes.

2008 Executive Compensation

Using its judgment of the skills, experience, responsibilities, achievements and historical compensation of each of the Named Executive Officers, the Committee established their salaries for 2008 at its meeting in December 2007. At its meeting in December 2008, the Committee considered the same factors in determining the award of cash bonuses, stock option grants and salary increases for 2009.

In its deliberations on executive compensation at its meeting in December 2008, the Committee considered and accepted the recommendation from Dr. McNally that none of the Named Executive Officers receive a cash bonus for 2008 and that no salary increases would be effective for 2009, except as related to Mr. Reynolds with respect to a proportionate increase relative to his time commitment to the business of the Company. Although the Committee believes the Company made substantial progress in several areas during 2008, and that each of the Named Executive

Table of Contents

Officers contributed significantly to this progress, the Committee also gave consideration to the current economic environment with regard to the Company's ability to efficiently raise capital, and therefore to the Company's need to conserve its cash resources. This decision by the Committee did not impact the awarding of cash bonuses and salary increases to the Company's non-executive employees. Other considerations specific to each of the individual Named Executive Officers are described below.

Donald Hildebrand. Mr. Hildebrand retired as our President and Chief Executive Officer effective April 1, 2008, and was succeeded by Robert T. McNally, Ph.D. In order to assist with the transition of certain duties to Dr. McNally, Mr. Hildebrand entered into a Consulting Agreement with us on March 20, 2008. Mr. Hildebrand also remained as Chairman of the Board. Mr. Hildebrand did not receive any cash bonuses or stock option grants during 2008. See Summary Compensation Table and Certain Relationships and Related Party Transactions for additional information on the consulting agreement with Mr. Hildebrand. During 2008, the Company extended the exercise period of 8,895,630 stock options held by Mr. Hildebrand see Stock Option Extensions below.

Robert McNally. On March 20, 2008, we entered into an Employment Agreement with Dr. McNally to become our new President and Chief Executive Officer effective April 1, 2008 upon Mr. Hildebrand's retirement. Dr. McNally's annual compensation was initially set at \$200,000 determined, in part, by the transitional role Mr. Hildebrand provided through his consulting arrangement. On June 17, 2008, at its first meeting after Dr. McNally's taking office, and upon his re-appointment to the office subsequent to the Annual Meeting of Shareholders, the Compensation Committee increased Dr. McNally's annual salary to \$250,000 and granted a stock option contract to him for 2,400,000 shares at an exercise price of \$0.17 per share. These changes were based on the Committee's subjective judgment of the value being provided by Dr. McNally and to provide an appropriate long-term incentive for him. In determining Dr. McNally's compensation adjustments, the Compensation Committee considered the relative level of other Company executives' pay, and the amount of outstanding stock options previously awarded to Dr. McNally in consideration for service as an outside Board member prior to his employment by the Company as President and Chief Executive Officer. In December 2008, the Board awarded Dr. McNally an additional stock option grant for 500,000 shares at an exercise price of \$0.11 per share. Dr. McNally received no cash bonuses during 2008.

Andrew Kandalepas. Mr. Kandalepas serves as our Senior Vice President pursuant to an employment contract executed in February 2007. During 2008 he received a base salary of \$225,000. In December 2008, the Board awarded Mr. Kandalepas a stock option grant for 500,000 shares at an exercise price of \$0.11 per share. Mr. Kandalepas received no cash bonuses during 2008.

Mark Reynolds. Mr. Reynolds serves as our Chief Financial Officer pursuant to an employment agreement executed in February, 2008. Pursuant to this agreement, Mr. Reynolds provides services to the Company on a part-time basis and was paid an annualized salary of \$150,000 during 2008. Prior to entering in the employment contract Mr. Reynolds was paid a monthly retainer of \$750 plus a fee of \$145 per hour. In December 2008, the Board awarded Mr. Reynolds a stock option grant for 500,000 shares at an exercise price of \$0.11 per share. Mr. Reynolds received no cash bonuses during 2008.

Harriet Robinson. Dr. Robinson serves as our Senior Vice President Research and Development pursuant to an employment agreement executed in November, 2008. Pursuant to this agreement, Dr. Robinson is paid an annual salary of \$250,000. In December 2008, the Board awarded Dr. Robinson a stock option grant for 500,000 shares at an exercise price of \$0.11 per share. Dr. Robinson received no cash bonuses during 2008. During 2008, the Company extended the exercise period of 8,895,630 stock options held by Dr. Robinson see Stock Option Extensions below.

Stock Option Extensions. On June 17, 2008, the Company extended the exercise period of stock options granted in prior years to Mr. Hildebrand and Dr. Robinson. These stock options were originally granted with an exercise period of 5-7 years from the date of grant and were to expire beginning in 2009. The extensions were made to adjust the exercise period to 10 years from the original grant date. The extensions did not affect the vesting schedule of the grants; all were originally granted with a 3 year vesting schedule and were fully vested at the time of the extensions. The Committee's decision to grant these extensions was based primarily on two factors:

The Company's current practice is to grant employee stock options with a 10 year exercise period; the terms of the affected grants were inconsistent with current practice.

Table of Contents

The imminent expiration dates, together with the beneficial exercise prices in comparison to the prevailing market price of the Company's stock may have created pressure for the individual to exercise the stock options prematurely and to sell the underlying shares in a manner that may be inconsistent with the interests of the Company and its stockholders.

The Committee considered the impact of these extensions on all of our employees who had received options with exercise periods of less than ten years and gave no preferential treatment or consideration to the Company's executive officers. In addition to Mr. Hildebrand and Dr. Robinson, two other non-executive employees were also granted extensions.

Benefits Provided to Executive Officers

We provide our executive officers with certain benefits that the Compensation Committee believes are reasonable and consistent with our overall compensation program. The Compensation Committee will periodically review the levels of benefits provided to our executive officers.

Prior to his retirement effective April 1, 2008, Mr. Hildebrand received reimbursement of periodic commuting expenses and temporary living expenses for travel between our offices in Atlanta, Georgia and Mr. Hildebrand's home in Athens, Georgia. Mr. Hildebrand is reimbursed for medical and dental insurance costs per his consulting agreement.

Dr. McNally, Mr. Kandalepas, Mr. Reynolds and Dr. Robinson are eligible for health insurance and 401(k) benefits at the same level and subject to the same conditions as provided to all other employees. The amounts shown in the Summary Compensation Table under the heading "Other Compensation" represent the value of the Company's matching contributions to the executive officers' 401(k) accounts. Executive officers did not receive any other perquisites or other personal benefits or property from the Company or any other source.

Employment Agreement with Robert McNally

On March 20, 2008, GeoVax entered into an Employment Agreement with Robert T. McNally, Ph.D. to become our President and Chief Executive Officer effective April 1, 2008. The Employment Agreement has no specified term. The Employment Agreement provided for an initial annual salary of \$200,000 to Dr. McNally, which was increased to \$250,000 by the Compensation Committee and the Board in June 2008. The Board of Directors may also recommend the payment of a discretionary bonus annually. The Board of Directors may also recommend the payment of a discretionary bonus annually. Mr. Kandalepas is eligible for grants of awards from the GeoVax Labs, Inc. 2006 Equity Incentive Plan and is entitled to participate in any and all benefits in effect from time-to-time for employees generally. The Employment Agreement provides for an initial annualized salary of \$250,000 to Dr. Robinson. Dr. Robinson initially worked part-time for the Company, and became a full-time employee in February 2008. The Board of Directors may also recommend the payment of a discretionary bonus annually. Dr. Robinson is eligible for grants of awards from the GeoVax Labs, Inc. 2006 Equity Incentive Plan and is entitled to participate in any and all benefits in effect from time-to-time for employees generally. We may terminate the Employment Agreement, with or without cause. If we

terminate the Employment Agreement without cause, we will be required to give Dr. Robinson at least 60 days prior notice of the termination. In the event of termination not for cause, Dr. Robinson will be entitled to one week of severance pay for each full year of service (\$9,615 if terminated in fiscal 2009, paid as salary continuance).

Dr. Robinson may terminate the Employment Agreement at any time by giving us 60 days notice. In that event, she would not receive severance.

Potential Payments Upon Termination or Change of Control Mr. Hildebrand

Mr. Hildebrand's Consulting Agreement contains provisions such that, if we terminate the Consulting Agreement without cause, we must give Mr. Hildebrand at least 30 days notice and we will be required to pay him, as a severance payment, three months compensation. Likewise, if the Consulting Agreement is terminated due to the death of Mr. Hildebrand, we will be required to pay his estate three months compensation. If Mr. Hildebrand wishes to terminate the Consulting Agreement, he must provide us with 30 days notice, and will not receive severance.

Change-In-Control Provisions of Our 2006 Equity Incentive Plan

Our 2006 Equity Incentive Plan contains provisions that could lead to an accelerated vesting of options or other awards. In the event of certain change-in-control transactions described in the Plan:

outstanding options or other awards under the Plan may be assumed, converted or replaced;

the successor corporation may substitute equivalent options or other awards or provide substantially similar consideration to Plan participants as was provided to stockholders (after taking into account the existing provisions of the options or other awards); or

The successor corporation may replace options or awards with substantially similar shares or other property.

In the event the successor corporation (if any) refuses to assume or substitute options or other awards as described (i) the vesting of any or all options or awards granted pursuant to the Plan will accelerate upon the change-in-control transaction, and (ii) any or all options granted pursuant to the Plan will become exercisable in full prior to the consummation of the change-in-control transaction at such time and on such conditions as the Compensation Committee determines. If the options are not exercised prior to the consummation of the change-in-control transaction, they shall terminate at such time as determined by the Compensation Committee. Subject to any greater rights granted to Plan participants under the Plan, in the event of the occurrence of a change-in-control transaction any outstanding options or other awards will be treated as provided in the applicable agreement or plan of merger, consolidation, dissolution, liquidation, or sale of assets.

These stock options were originally granted with an exercise period of 5-7 years and were to expire beginning in 2009. The extensions were made to adjust the exercise period to 10 years from the original grant date, consistent with the current stock option grant policies of the Company. The extensions did not affect the vesting schedule of the grants; all were originally granted with a 3 year vesting schedule and were fully vested at the time of the extensions.

Table of Contents**SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS**

We have outstanding stock options under our 2006 Equity Incentive Plan (the "Plan") which was adopted by our board of directors and approved by our shareholders. In December 2006, our Board of Directors amended the Plan to make an additional 15,000,000 shares available under the Plan, increasing the total number of shares under the Plan from 36,000,000 to 51,000,000 shares. To maintain the tax-qualified status of all incentive options issued pursuant to the Plan, we submitted this amendment to our shareholders for approval at the Company's 2007 Annual Meeting of Shareholders. The amendment was not approved by the Company's shareholders. The following table sets forth information as of December 31, 2008, with respect to our equity compensation plan.

	Number of Securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders	35,876,450	\$ 0.11	-0-
Equity Compensation plans not approved by security holders	11,071,307	\$ 0.18	3,928,693

The Plan became effective on September 28, 2006. Unless the Plan is earlier terminated in accordance with its provisions, no stock incentives will be granted under the Plan after the earlier of ten years from the effective date, or the date on which all of the shares reserved for the Plan have been issued or are no longer available for use under the Plan.

The Plan is administered by the Compensation Committee of the Board of Directors.

The Board of Directors and the Committee may grant the following stock incentives under the Plan (each individually, a "Stock Incentive"):

stock options to purchase shares of common stock, including options intended to qualify under Section 422 of the Code ("incentive stock options") and options not intended to qualify under Section 422 of the Code ("non-qualified stock options");

restricted stock awards; and

restricted stock bonus.

Awards of Stock Incentives under the Plan may be made to employees of GeoVax and its subsidiaries, non-employee directors, and consultants or advisors that provide services (other than the offering, sale or marketing of our securities) to us or to our subsidiaries (collectively, the "Participants"). Only employees are eligible to receive a grant of incentive stock options, however, the Company currently follows a practice of granting only non-qualified stock options rather than incentive stock options.

Director Compensation Plan

In March 2007, the Board of Directors approved a recommendation from the Compensation Committee for director compensation (the Director Compensation Plan). The Director Compensation Plan applies only to non-employee directors. Directors who are employees of the Company receive no compensation for their service as directors or as members of committees. Each non-employee director receives an annual retainer of \$2,000 (paid quarterly) for service as a member of the Audit Committee and \$1,250 for service as a member of the Compensation Committee. The Chairman of the Audit Committee receives an annual retainer of \$9,000, and the Chairman of the Compensation Committee receives an annual retainer of \$6,000 which retainers are also paid quarterly. Non-employee directors also receive fees for each Board or Committee meeting attended as follows: \$1,500 per Board meeting, \$1,000 per Committee meeting chaired, and \$500 per Committee meeting attended as a non-Chair member. Meetings attended telephonically are paid at lower rates (\$750, \$750 and \$400, respectively).

In March 2008, the Board of Directors approved a recommendation from the Compensation Committee to modify the Director Compensation Plan to provide for compensation for a non-employee Chairman of the Board. A non-employee Chairman of the Board will receive an annual retainer of \$25,000 (paid quarterly) and will not be entitled to additional fees for meetings attended. Non-employee directors each receive an automatic grant of options to purchase 1,320,000 shares of common stock on the date that such non-employee director is first elected or appointed.

The Director Compensation Plan currently does not provide a formula for stock option grants to directors upon their re-election to the Board, or otherwise, but the compensation plan may be modified in the future; such option grants are currently determined by Board, upon recommendation by the Compensation Committee based on the Compensation Committee's annual deliberations and review of the director compensation structure of similar companies. At its meeting in December 2008, upon a recommendation of the Compensation Committee, the Board determined an annual stock option grant of 500,000 shares to its non-employee members, with the exception of Mr. Hildebrand and Mr. Tsolinas. Mr. Hildebrand declined the stock option grant and Mr. Tsolinas did not receive the grant due to his having recently received (in August 2008) a stock option grant in connection with his initial election to the Board.

All directors are reimbursed for expenses incurred in connection with attending meetings of the Board of Directors and committees.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with Company management and, based on such review and discussions, the Compensation Committee authorized and directed that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Annual Report on Form 10-K.

Respectfully Submitted,

COMPENSATION COMMITTEE:

John N. Spencer, Jr., Chairman
Dean G. Kollintzas
Peter M. Tsolinas

This Compensation Committee Report shall be deemed furnished in our Annual Report on Form 10-K for the year ended December 31, 2008, is otherwise not incorporated by reference into any of our previous filings with the SEC and is not to be deemed soliciting material or incorporated by reference into any of our future filings with the SEC, irrespective of any general statement included in any such filing that incorporates the Annual Report on Form 10-K referenced above or this proxy statement by reference, unless such filing explicitly incorporates this report.

PROPOSAL II
RATIFICATION OF APPOINTMENT OF THE
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed the firm of Porter Keadle Moore LLP (PKM) to serve as the independent registered public accounting firm of GeoVax Labs, Inc. for the fiscal year ending December 31, 2009. PKM has served as the independent registered public accounting firm of the Company since 2006, and is considered by the Audit Committee and management to be well qualified.

Principal Accountant Fees and Services

The aggregate fees billed for the services rendered to us by PKM for the years ended December 31, 2008 and December 31, 2007 were as follows:

	2008	2007
Audit Fees (1)	\$ 62,950	\$ 55,975
Audit-Related Fees (2)	11,035	3,465
Tax Fees		
All Other Fees		
 Total	 \$ 73,985	 \$ 59,440

(1) Audit Fees for 2008 and 2007 consisted principally of fees for professional services in connection with the audits of our consolidated financial statements, review of our Annual Report on Form 10-K, review of our interim financial statements and Quarterly Reports on Form 10-Q, and the audit of our internal control over financial reporting.

(2) Audit-Related Fees consist principally of

fees in
connection with
the review of
registration
statements.

Audit Committee's Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures for pre-approving all audit and non-audit services provided by our independent auditors (the Policy) prior to the engagement of the independent auditors with respect to such services. Under the Policy, proposed services may be pre-approved on a periodic basis or individual engagements may be separately approved by the Audit Committee prior to the services being performed. In each case, the Audit Committee considers whether the provision of such services would impair the independent auditor's independence. All audit services and non-audit services provided by PKM for 2008 and 2007 were pre-approved by the Audit Committee.

Stockholder ratification of the Audit Committee's selection of PKM as our independent registered public accounting firm for the year ending December 31, 2009 is not required by our Bylaws, or otherwise. Nonetheless, the Board of Directors has elected to submit the selection of PKM to our stockholders for ratification. The selection will be ratified if a majority of the votes cast at the Annual Meeting vote in favor. Abstentions and broker non-votes are not treated as votes cast, and therefore will have no effect on the outcome of either proposal. If the selection of PKM as our independent registered public accounting firm for the year ending December 31, 2009 is not ratified, the matter will be referred to the Audit Committee for further review.

Representatives of PKM will be present at the annual meeting and will have an opportunity to make a statement if they desire to do so. They also will be available to respond to appropriate questions from stockholders.

THE AUDIT COMMITTEE AND BOARD OF DIRECTORS UNANIMOUSLY RECOMMEND THAT THE STOCKHOLDERS VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF PORTER KEADLE MOORE LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF GEOVAX LABS INC. FOR FISCAL 2009.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is providing this report to enable stockholders to understand how it monitors and oversees the Company's financial reporting process. The Audit Committee consists of three directors, each of whom are independent in accordance with the criteria of independence set forth in Section 301(3)(B) of the Sarbanes-Oxley Act of 2002 and operates pursuant to an Audit Committee charter that is reviewed annually by the Audit Committee and updated as appropriate. The Audit Committee charter is available on our web site at <http://www.geovax.com>.

Management is responsible for the Company's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Committee's responsibility is to monitor and oversee these processes.

This report confirms that the Audit Committee has: (i) reviewed and discussed the audited financial statements for the year ended December 31, 2008 with management and the Company's independent public accountants; (ii) discussed with the Company's independent public accountants the matters required to be discussed pursuant to the Statement on Auditing Standards No. 61 (Communications with Audit Committees); (iii) received and reviewed the written disclosures and letter from the Company's independent public accountants as required by the Public Company Accounting Oversight Board regarding the independent accountants' independence; and (iv) discussed with the Company's independent public accountants their independence from the Company.

The Audit Committee of the Board of Directors has considered whether the provision of non-audit professional services rendered by Porter Keadle Moore LLP, as discussed above and disclosed elsewhere in this proxy statement, is compatible with maintaining their independence.

Based upon the above review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements for the year ended December 31, 2008 be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

Respectfully submitted,

AUDIT COMMITTEE

John N. Spencer, Jr., Chairman

Dean G. Kollintzas

Peter M. Tsolinas

The Report of the Audit Committee shall not be deemed to be soliciting material and shall not be incorporated by reference into any of our prior or future filings with the SEC, irrespective of any general statement included in any such filing that incorporates this proxy statement by reference, unless such filing explicitly incorporates this Report of the Audit Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures for Approval of Related Person Transactions

Our Audit Committee is responsible for reviewing and approving all transactions or arrangements between the Company and any of our directors, officers, principal stockholders or any of their respective affiliates, associates or related parties, other than transactions with officers which are covered by the duties of the Compensation Committee. In determining whether to approve or ratify a related party transaction, the Audit Committee will discuss the transaction with management and will consider all relevant facts and circumstances available to it including:

whether the terms of the transaction are fair to the Company and (ii) at least as favorable to the Company as would apply if the transaction did not involve a related party;

whether there are demonstrable business reasons for the Company to enter into the transaction;

whether the transaction would impair the independence of an outside director; and

whether the transaction would present an improper conflict of interest for any director or executive officer, taking into account the size of the transaction, the direct or indirect nature of the related party's interest in the transaction and the ongoing nature of any proposed relationship, and any other factors the Audit Committee deems relevant.

Consulting Agreement with Donald Hildebrand

In order to assist with the transition of certain duties to Dr. McNally, Donald G. Hildebrand, our then current President and Chief Executive Officer, entered into a Consulting Agreement with us on March 20, 2008. Aside from his duties as a consultant, Mr. Hildebrand also continues to serve as Chairman of our Board of Directors. The term of the Consulting Agreement began on April 1, 2008 and will end on December 31, 2009. During the month of April 2008, Mr. Hildebrand received \$22,500 as compensation for his services (equivalent to his salary as President and Chief Executive Officer). Beginning on May 1, 2008 and continuing through December 31, 2008, Mr. Hildebrand provided us with at least 32 hours of service per month and was paid at the rate of \$250 per hour. Beginning on January 1, 2009 and continuing through December 31, 2009, Mr. Hildebrand will provide us with at least 16 hours of service per month and will be paid at the rate of \$300 per hour. The Board of Directors may, in its discretion, recommend the payment of an annual bonus. We also pay Mr. Hildebrand's medical and dental coverage through the term of the Consulting Agreement. Mr. Hildebrand received \$64,000, in the aggregate, for services rendered under the consulting agreement in 2008, including medical and dental insurance coverage. We may terminate the Consulting Agreement, with or without cause. If we terminate the Consulting Agreement without cause, we must give Mr. Hildebrand at least 30 days notice and we will be required to pay him, as a severance payment, three months compensation (\$14,400). Likewise, if the Consulting Agreement is terminated due to the death of Mr. Hildebrand, we will be required to pay his estate three months compensation. If Mr. Hildebrand wishes to terminate the Consulting Agreement, he must provide us with at least 30 days notice, and no severance payments will be due to him upon termination.

Transactions with Emory University

Emory University (Emory) is a significant stockholder of the Company, and our primary product candidates are based on technology rights subject to a license agreement with Emory (the Emory License). The Emory License, among other contractual obligations, requires payments based on milestone achievements, royalties on sales by the Company or on payments to the Company by our sublicensees, and payment of maintenance fees in the event certain milestones are not met within the time periods specified in the contract. We may terminate the Emory License on three months' written notice. In any event, the Emory License expires on the date of the latest expiration date of the underlying patents. We are also obligated to reimburse Emory University for certain ongoing costs in connection with the filing, prosecution and maintenance of patent applications subject to the Emory License. Such reimbursements to Emory amounted to \$102,141 and \$243,653 for the years ended December 31, 2008 and 2007, respectively.

In June 2008, we entered into two subcontracts with Emory for the purpose of conducting research and development activities associated with a grant from the National Institutes of Health. During 2008, we recorded \$723,887 of expense associated with these subcontracts. All amounts paid to Emory under these subcontracts are

reimbursable to us pursuant to the NIH grant.
