GENERAL INFORMATION

Q: WHO IS SOLICITING MY PROXY?

A: The Board of Directors--the Board--of Varian Medical Systems--the Company--is sending you this Proxy Statement in connection with our solicitation of proxies for use at the 2002 Annual Meeting of Stockholders--the Annual Meeting. Certain directors, officers and employees also may solicit proxies on our behalf by mail, phone, fax or in person. Georgeson Shareholder Communications, Inc., 111 Commerce Road, Carlstadt, New Jersey, 07072-2586, may be hired to assist in soliciting proxies from brokers, bank nominees and other stockholders.

Q: WHO IS PAYING FOR THIS SOLICITATION?

Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form DEF 14A

- A: Varian Medical Systems will pay for the solicitation of proxies. The Company's directors, officers and employees will not receive extra remuneration. The Company would pay Georgeson not more than \$25,000 plus reasonable out-of-pocket expenses, and also will reimburse banks, brokers, custodians, nominees and fiduciaries for their reasonable charges and expenses to forward our proxy materials to the beneficial owners of our common stock.
- Q: WHAT AM I VOTING ON?
- A: The election of Richard M. Levy and Burton Richter to the Board. Dr. Richter intends to retire following the first year of the term to which he has been nominated. He has agreed to the Board's request that he stand for election at this Annual Meeting in order to provide continuity for the Company's operations for an additional year following the spin-off to our stockholders in 1999 of our instruments and semiconductor equipment businesses. Upon Dr. Richter's retirement, the Board will nominate an individual for election by the stockholders to serve the remaining two years of Dr. Richter's term.
- Q: WHO CAN VOTE?
- A: Only those people who owned the Company's common stock at the close of business on December 17, 2001, the record date for the Annual Meeting, may vote. Each share of common stock outstanding on that date is entitled to one vote on all matters to come before the meeting, except that cumulative voting will apply in the election of directors. Under the cumulative voting method of election, the stockholder computes the number of votes available to the stockholder by multiplying the number of shares the stockholder owned on the record date by the number of directors to be elected, and may cast the votes all for a single nominee or may distribute them in any manner among the nominees.
- Q: HOW DO I VOTE?
- A: You may vote your shares either in person or by proxy. To vote by proxy, you should mark, date, sign and mail the enclosed proxy card in the prepaid envelope. Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person--by voting you automatically revoke your proxy. You also may revoke your proxy at any time before the voting by giving our Secretary written notice of your revocation or by submitting a later-dated proxy. If you sign and return your proxy card in time, the individuals named as proxyholders will vote your shares as you instruct. If you sign and return your proxy card but do not mark your voting instructions, the individuals named as proxyholders will vote your shares FOR the election of the nominees for director.
- Q: WHAT CONSTITUTES A QUORUM?
- A: On the record date, Varian Medical Systems had 33,637,166 shares of common stock, \$1.00 par value, outstanding. Voting can take place at the Annual Meeting only if stockholders owning a majority of the issued and outstanding stock entitled to vote at the meeting are present in person or represented by proxy. We include the shares of persons who abstain in determining those present and entitled to vote, but exclude shares held by brokers in "street" or "nominee" name when the broker

indicates that you have not voted and it lacks discretionary authority to vote your shares on any matter (i.e., "broker non-votes").

Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form DEF 14A

Q: WHAT VOTE IS NEEDED?

A: The nominees receiving the most votes are elected as directors. As a result, if you withhold your authority to vote for any nominee, your vote will not count for or against the nominee, nor would a broker "non-vote" affect the outcome of the election.

Q: CAN I VOTE ON OTHER MATTERS?

A: Our by-laws limit the business conducted at any annual meeting to (1) business in the notice of the meeting, (2) business directed by the Board and (3) business brought by a stockholder of record entitled to vote at the meeting so long as the stockholder has notified our Secretary in writing (at our Palo Alto headquarters) not less than 60 days nor more than 90 days before the anniversary of the mailing of the proxy statement for the prior year's annual meeting. The notice must briefly describe the business to be brought and the reasons; give the name, address and number of shares owned by the stockholder of record and any beneficial holder for which the proposal is made; and identify any material interest the stockholder of record or any beneficial owner has in the business.

We do not expect any matters other than the election of the directors to come before the Annual Meeting. If any other matter is presented, your signed proxy card gives the individuals named as proxyholders the authority to vote your shares to the extent authorized by Rule 14a-4(c) under the Securities Exchange Act of 1934--the Exchange Act--(which would include matters that the proxyholders did not know were to be presented at least 60 days before the anniversary of last year's proxy statement).

Q: WHEN ARE STOCKHOLDER PROPOSALS DUE FOR THE 2003 ANNUAL MEETING?

A: To be considered for presentation in the proxy statement for our 2003 Annual Meeting of Stockholders, a stockholder proposal must be received no later than August 30, 2002.

Q: HOW DO I NOMINATE SOMEONE TO BE A DIRECTOR?

A: A stockholder may recommend nominees for director by notifying our Secretary in writing (at our Palo Alto headquarters) not less than 60 days nor more than 90 days before the anniversary of the mailing of the proxy statement for the prior year's annual meeting. The notice must include the full name, age, business and residence addresses, principal occupation or employment of the nominee, the number of shares of Varian Medical Systems common stock the nominee beneficially owns, any other information about the nominee that must be disclosed in proxy solicitations under Rule 14(a) of the Exchange Act and the nominee's written consent to the nomination and to serve, if elected.

Q: DOES THE RECENTLY ANNOUNCED STOCK DIVIDEND AFFECT THE PROXY STATEMENT OR THE ANNUAL MEETING?

A: On November 16, 2001, the Board declared a two for one stock split, in the form of a 100 percent stock dividend, to stockholders of record on December 10, 2001, payable on January 15, 2002. Because the stock dividend will not be paid until after the record date for the Annual Meeting, this dividend does not affect the share amounts in this Proxy Statement (all of which relate to earlier dates and periods) or the voting at the Annual Meeting.

Q: WILL THE AUDITORS BE AT THE MEETING?

A: PricewaterhouseCoopers LLP, our fiscal year 2001 auditors, also will be our auditors in fiscal year 2002. A PricewaterhouseCoopers LLP representative will attend the meeting, have the opportunity to make a statement if he or

Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form DEF 14A

she desires and will be available to answer appropriate questions.

2

ELECTION OF DIRECTORS

Varian Medical Systems' Board is divided into three classes serving staggered three-year terms. At the Annual Meeting, you and the other stockholders will elect two individuals to serve as directors for three-year terms which expire at the 2005 Annual Meeting. Each of the nominees is now a member of the Board of Directors.

Dr. Richter intends to retire following the first year of the term to which he has been nominated. He has agreed to the Board's request that he stand for election at this Annual Meeting in order to provide continuity for the Company's operations for an additional year following the spin-off to our stockholders in 1999 of the instruments and semiconductor equipment businesses. Upon Dr. Richter's retirement, the Board will nominate an individual for election by the stockholders to serve the remaining two years of Dr. Richter's term.

The individuals named as proxyholders will vote your proxy for the election of the two nominees unless you direct them to withhold your votes. If any nominee becomes unable to serve as a director before the meeting (or decides not to serve), the individuals named as proxyholders may vote for a substitute. We recommend a vote FOR each nominee.

Below are the names and ages of the Company's directors, the years they became directors, their principal occupations or employment for at least the past five years and directorships they hold in other public companies.

NOMINEES FOR ELECTION FOR A THREE-YEAR TERM ENDING WITH THE 2005 ANNUAL MEETING

Executive Committee

- Acts on matters when a meeting of the full Board is impracticable.

- Has all the powers of the Board except those powers reserved by law to the full Board.

The current members are John Seely Brown, Richard M. Levy and Richard W. Vieser (Chairman). The Executive Committee did not meet in fiscal year 2001, but conducted all of its business by unanimous written consent.

Nominating and Corporate Governance Committee

- Identifies and recommends to the Board, potential nominees to the Board, including stockholder suggestions, and recommends Board committee assignments.

Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form DEF 14A

- Sets performance goals for the Board and assesses Board performance.
- Reviews policies affecting directors, including external developments in corporate governance.

The current members are John Seely Brown, Samuel Hellman, Burton Richter and Richard W. Vieser (Chairman). The Nominating and Corporate Governance Committee met twice in fiscal year 2001.

Stock Grant Committee

- Grants and administers stock options, restricted stock and other awards, subject to certain limitations, to non-officers of the Company.

The current members are Richard M. Levy (Chairman) and Burton Richter. The Stock Grant Committee did not meet in fiscal year 2001, but conducted all of its business by unanimous written consent.

4

Audit Committee

- Evaluates the independence and performance of the independent auditors and recommends their selection and replacement.
- Reviews the Company's quarterly and annual financial statements with management and the independent auditors.
- Considers significant financial reporting issues and major changes to accounting principles.

The current members are Terry R. Lautenbach (Chairman), David W. Martin, Jr. and Richard W. Vieser. The Audit Committee met four times in fiscal year 2001.

Organization and Compensation Committee

- Administers the Company's stock and cash incentive plans.
- Determines the compensation of the President and Chief Executive Officer and the other senior executives.
- Recommends the establishment of policies dealing with various compensation and employee benefit plans.

The current members are John Seely Brown, Samuel Hellman, Terry R. Lautenbach, David W. Martin, Jr., Burton Richter and Richard W. Vieser (Chairman). The Organization and Compensation Committee met four times in fiscal year 2001.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the Company's executive officers currently serves, or in the past has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on the Company's Board or Compensation Committee.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under U.S. securities laws, directors, certain executive officers and persons holding more than 10% of Varian Medical Systems common stock must report their initial ownership of the common stock and any changes in that ownership to the Securities and Exchange Commission--SEC. The SEC has designated specific due dates for these reports and the Company must identify in this Proxy Statement those persons who did not file these reports when due. Based solely on its review of copies of the reports filed with the SEC and written representations of its directors and executive officers, the Company believes all persons subject to reporting filed the required reports on time in fiscal year 2001.

COMPENSATION OF DIRECTORS AND THE NAMED EXECUTIVE OFFICERS

COMPENSATION OF DIRECTORS

Annual Compensation. Our non-employee Chairman of the Board receives an annual retainer of \$70,000. Each other director who is not a Varian Medical Systems employee--an "outside director"--currently receives an annual retainer of \$30,000, plus \$1,000 for each Board and committee meeting the director attends. Directors who are employees receive no compensation for their services as directors.

Directors may convert their annual retainer to options to purchase the Company's common stock at the rate of \$1 cash to \$4 of stock options, at a price equal to the fair market value of the common stock on the grant date. These options are immediately exercisable and expire ten years after the grant date unless terminated earlier. Beginning September 30, 2000 directors could alternatively elect to defer their retainer and/or meeting fees under our

Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form DEF 14A

Deferred Compensation Plan. See "Deferred Compensation Plan" below.

During fiscal year 2001, we paid to directors (or deferred on their behalf) a total of \$283,000 in fees. We also reimbursed the directors for their out-of-pocket expenses in attending Board and committee meetings. The Board met four times in fiscal year 2001. Each director attended at least 75% of the total Board and applicable committee meetings.

Stock Options. A non-employee Chairman of the Board receives an initial non-qualified stock option to acquire 100,000 shares of the Company's common stock when first appointed or elected to the Board. Each outside director receives an initial non-qualified stock option to acquire 10,000 shares of the Company's common stock when first appointed or elected to the Board. All outside directors receive annually thereafter a non-qualified stock option to acquire 5,000 shares of the common stock. (These numbers of shares will be adjusted after the stock dividend to reflect its effect.)

DEFERRED COMPENSATION PLAN

Effective September 30, 2000, we adopted a voluntary deferred compensation plan which allows directors, executive officers and certain other management and highly compensated employees to forgo current compensation (up to 75% of base salary, up to 100% of incentive plan payments, stock option gains

and, in the case of director participants, directors' fees) and invest it in various mutual funds or on a phantom basis in our common stock. As required, amounts deferred for fiscal year 2001 are included in the compensation of directors and the appropriate columns of the summary compensation table.

CHANGE IN CONTROL AGREEMENTS

Under change of control agreements with senior executives, including the

Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form DEF 14A

Chief Executive Officer and Chief Financial Officer, the Company will pay any of these executives who are terminated other than for "cause" or who resign for "good reason" within 18 months after a change in control a lump sum severance amount equal to 3.0 (in the case of the CEO) or 2.50 (in the case of the other senior executives) times the sum of the executive's annual base salary, plus the highest annual and multi-year bonuses paid to the individual in any of the three years ending before the termination date. "Good reason" includes generally a change in duties, a reduction in compensation, a material change in employee benefits, relocation and certain breaches of the agreement by the Company.

Under each agreement, unvested stock options will become immediately exercisable and restrictions on restricted stock will be released as of the executive's termination date. In addition, we will continue the insurance and other benefits of the executive under the then-existing terms for up to 24 months (or, if earlier, the start of full time employment). If any of the payments are subject to excise tax under the excess parachute provisions of the Internal Revenue Code, we will increase the payments so that the person is in the same after-tax economic position.

In general, a "change in control" occurs when (a) a person becomes the beneficial owner of 30% or more of Varian Medical Systems' voting power, (b) "continuing directors"--generally those already on the Board or nominated by those on the Board--are no longer a majority of the Company's directors, (c) the Company engages in a merger or similar transaction after which our stockholders do not hold more than 50% of the resulting company or (d) Varian Medical Systems dissolves, liquidates or sells all or substantially all of its assets. The officers agree not to voluntarily leave the Company when the Company is faced with a transaction that might result in a change in control.

ORGANIZATION AND COMPENSATION COMMITTEE REPORT

The Organization and Compensation Committee of the Board--the Committee--determines the compensation of executive officers. It has provided you with this report to help you to understand the goals, policies and procedures it follows in making its determinations.

The Committee's executive compensation philosophy is that compensation programs should:

- be closely aligned with the interest of the stockholders;
- be linked with business goals and strategies;
- be competitive within our industry and community so that we can attract and retain high quality executives;
- base a substantial portion of executive officers compensation on our financial performance measured against pre-determined objectives; and
- reward executive officers for good performance.

Compensation of executive officers, including the Chief Executive Officer, is comprised of four elements--base salary, annual bonuses, stock ownership and other compensation.

BASE SALARIES

Base salaries are designed primarily to provide compensation at competitive levels that enable the Company to attract and retain executives. They are intended to contribute less to total compensation than incentive-based compensation.

In determining fiscal year 2001 salaries, the Committee considered each executive officer's fiscal year 2000 compensation, each executive officer's potential incentive compensation in fiscal year 2001, each executive officer's position and responsibilities, published market data on other companies' anticipated salary increases for 2001 and the Company's financial performance in fiscal year 2000. The Committee also reviewed executive compensation surveys on salaries paid to executive officers of electrical/electronic businesses and medical companies with comparable sales volume and peer group proxy surveys in year 2000. The Committee fixed salaries that placed each officer at approximately the 75th percentile of the survey data.

ANNUAL INCENTIVE AWARDS

We also have created annual incentives for executive officers through potential cash awards under a Management Incentive Plan intended to link compensation directly to improved financial performance.

The Committee based executive officers awards for fiscal year 2001 on return on sales ("ROS") and cash flow ("CF") achieved by the executive's business unit and the Company as a whole. For Mr. Guertin and Mr. Ford, the Committee based 40% of their awards on Company ROS and CF and 60% on their respective business unit ROS and CF. The Committee based 100% of Dr. Levy's, Mr. Phair's and Ms. Finney's awards on Company ROS and CF. Awards for the Company's executive officers listed in the Summary Compensation Table could have ranged from zero to 200% of the executive officer's base salary for fiscal year 2001 depending on the ROS and CF targets achieved and the predetermined participation levels for that executive. The Committee determined each executive officer's participation level based on the amounts fixed for comparably situated officers for fiscal year 2001.

STOCK OPTIONS

We believe that executive officers and other employees who are in a position to make a substantial contribution to our long-term success and to build stockholder value should have a significant stake in our on-going success. As a result, we have granted non-qualified stock options to the Chief Executive Officer and other executive officers under our Omnibus Stock Plan in order to retain talented personnel and to align their compensation with stockholder value. Because the stock options have an exercise price equal to the market price of our stock on the grant date and vest over three years, stock options compensate executive officers only if the stock price increases after the grant date and the executive officer remains employed for the periods required for the stock option to become exercisable.

RESTRICTED STOCK (PERFORMANCE SHARES)

To compensate the Company's Chief Executive Officer and executive officers for their special contributions to the Company's continued business growth and their individual efforts in pursuit of an attempted acquisition in the 2001 fiscal year, on advice of the Company's compensation consultant, we granted unfunded restricted performance shares to these individuals under our Omnibus Stock Plan. Performance shares are not granted annually, and are principally used in exceptional circumstances to reward executives for their individual performance.

OTHER COMPENSATION

To attract and retain talented executive officers, the Committee also has approved arrangements giving executive officers certain perquisites, such as use

Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form DEF 14A

and purchase of an automobile under our executive car program, reimbursement for tax planning and return preparation and financial counseling services, reimbursement for any taxes paid on certain perquisites and reimbursement for annual medical examinations. In order to make retirement contributions which could not be contributed to executive officers' qualified retirement accounts due to Internal Revenue Code limitations, we also maintain a Supplemental Retirement Plan--the SRP--under which we make supplemental retirement contributions. In fiscal year 2001, Varian Medical Systems adopted a Deferred Compensation Plan--the DCP--under which eligible employees may defer a portion of their cash compensation into this plan. The SRP is now

11

included in the DCP. We also permit executive officers to participate in compensation and benefit programs generally available to other employees, such as the Employee Incentive Plan, 401(k) Retirement Program and supplemental life and disability insurance program.

TAX DEDUCTIBILITY OF EXECUTIVE COMPENSATION

U.S. tax law does not let us deduct from the Company's federal taxable income certain compensation paid to the chief executive officer and the next four most highly compensated executive officers that is not variable or at risk and which exceeds \$1,000,000. Stockholders approved the Management Incentive Plan under which fiscal year 2001 awards were made and the Omnibus Stock Plan under which stock options and performance shares were granted so that awards under those plans would be eligible for continued tax deductibility. However, the Committee considers one of its primary responsibilities to be structuring a compensation program that will attract, retain and reward executive talent necessary to maximize stockholder return. Accordingly, the Committee believes that the Company's interests are best served in some circumstances by providing compensation (such as salary, perquisites and special cash bonuses) which might be subject to the U.S. tax law deductibility limitation.

BASES FOR CEO COMPENSATION

The Committee followed generally the same policies and programs described above for compensation of executive officers in determining fiscal year 2001 compensation for Dr. Levy as President and Chief Executive Officer.

DR. LEVY

The Committee set Dr. Levy's annual base salary for fiscal year 2001 in accordance with the policies and considerations used to determine the fiscal year 2001 salaries of the other executive officers. In line with other Company executive officers, this salary placed him slightly below the 75th percentile of chief executive officers based on the survey data that the Committee considered.

We also paid Dr. Levy an incentive award for fiscal year 2001 (in accordance with the Management Incentive Plan described above) equal to 158.44% of his base salary during fiscal year 2001.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board--the Audit Committee--consists of three directors whose signatures appear below. Each member of the Audit Committee is "independent", as defined in the New York Stock Exchange Rules.

The Audit Committee's general role is to assist the Board in monitoring the Company's financial reporting process and related matters. Its specific responsibilities are set forth in its charter. The Audit Committee reviews its charter annually, and did so in the corporation's 2001 fiscal year.

As required by the charter, the Audit Committee reviewed the Company's financial statements for fiscal year 2001 and met with management, as well as with representatives of PricewaterhouseCoopers LLP, our independent public accountants, to discuss the financial statements. The Audit Committee also discussed with representatives of PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees.

In addition, the Audit Committee discussed with representatives of PricewaterhouseCoopers LLP their independence from management and Varian Medical Systems, including the matters in the written disclosures required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees.

Based on these discussions, the financial statements review and other matters it deemed relevant, the Audit Committee recommended to the Board of Directors (and the Board approved) that audited financial statements be included in the Annual Report on Form 10-K for the year ended September 28, 2001.

Furthermore, in connection with the new standards for independence of auditors promulgated by the Securities and Exchange Commission, the Audit Committee reviewed the services provided by our independent public accountants, PricewaterhouseCoopers LLP, and the fees the Company paid for these services, and also reviewed whether the provision of the services is compatible with maintaining the accountant's independence. The Audit Committee determined that the provision of the services is compatible with maintaining that independence.

INDEPENDENCE OF ACCOUNTANTS

Audit Fees: The aggregate fees billed or to be billed by PricewaterhouseCoopers LLP for professional services rendered for (i) the audit of the Company's annual financial statements set forth in the Company's Annual Report on Form 10-K for the fiscal year ended September 28, 2001, and (ii) the review of the Company's quarterly financial statements set forth in the Company's Quarterly Reports on Form 10-Q were \$391,018.

Financial Information System Design Implementation Fees: For the fiscal year that ended September 28, 2001, the Company paid PricewaterhouseCoopers LLP no fees for financial information system design implementation services.

Edgar Filing: VARIAN MEDICAL SYSTEMS INC - Form DEF 14A

All Other Fees: The aggregate fees billed or to be billed by PricewaterhouseCoopers LLP for services other than those described above for the fiscal year that ended September 28, 2001 were \$638,940. These fees primarily related to (i) statutory audits of foreign subsidiaries, (ii) consultations on effects of various accounting issues and changes in professional standards and (iii) income and other tax-related services.

The Company's Audit Committee reviewed the services provided by PricewaterhouseCoopers LLP, and the fees the Company paid for these services, and reviewed whether the provision of the services is compatible with maintaining the accountant's independence. The Audit Committee determined that the provision of the services is compatible with maintaining that independence.
