PROXY STATEMENT FOR
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON JULY 17, 2003

The proxy accompanying this Proxy Statement is solicited by the Board of Directors of PICO Holdings, Inc., a California corporation (the "Company"), to be voted at the Annual Meeting of Shareholders of the Company (the "Annual Meeting") to be held at the Museum of Contemporary Art, Coast Room, 700 Prospect Street, La Jolla, California at 9:00 a.m. (PDT) on Thursday, July 17, 2003 and at any postponement or adjournment thereof. The proxy may be revoked by appropriate written notice at any time before it is exercised or by voting in person at the meeting.

GENERAL INFORMATION

A copy of the Company's Annual Report to Shareholders for 2002 accompanies this Proxy Statement. The Annual Report and these proxy solicitation materials are being mailed on or about May 27, 2003 to all shareholders entitled to vote at the meeting.

As of May 19, 2003, the record date for the determination of shareholders entitled to vote at the Annual Meeting, 12,379,242 shares of Common Stock of the Company were issued and outstanding, excluding 4,422,681 treasury shares. Each share of Common Stock entitles the holder to one vote on all matters brought before the Annual Meeting, except for the 4,422,681 shares held by the Company and subsidiaries of the Company which may not be voted. Our Bylaws provide that the presence in person or by proxy of the holders of a majority of the shares entitled to vote shall constitute a quorum for the transaction of business at the Annual Meeting of Shareholders.

In voting for the election of directors, shareholders have cumulative voting rights. Accordingly, each shareholder may cumulate such voting power as such shareholder possesses and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of shares held by the shareholder, or distribute such shareholder's votes on the same principle among two or more candidates, as such shareholder sees fit. However, no shareholder is entitled to cumulate votes (in other words, cast for any candidate a number of votes greater than the number of shares of stock held by such shareholder) unless at least one shareholder has given notice, at the Annual Meeting prior to the voting, of the shareholder's intention to cumulate votes. If any shareholder has given such notice, all shareholders may cumulate their votes for nominated candidates.

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

The proxy, if returned properly executed and not subsequently revoked by written notice delivered to the Secretary of the Company or by the shareholder voting in person at the Annual Meeting, will be voted in accordance with the choice made by the shareholder thereon. If a choice is not made with respect to any issue, the proxy will be voted in favor of the items described in this Proxy Statement. If cumulative voting is permitted in the election of directors at the Annual Meeting, the proxy holders shall have discretion as to the manner in which votes represented by the proxy are to be cumulated, unless the proxy indicates the manner in which such votes shall be cumulated.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of election appointed for the meeting who will also determine whether or not a quorum is present. The inspector of election will treat abstentions, and any shares as to which a broker or nominee has indicated that it does not have discretionary authority to vote on a particular matter, as shares that are present and entitled to vote for purposes of determining the presence of a quorum for the election of directors, but not for the approval of the Company's 2003 Stock Appreciation Rights Program.

1. ELECTION OF DIRECTORS

NOMINEES AND CONTINUING DIRECTORS

The Board of Directors is divided into three classes, with the terms of office of each class ending in successive years. Pursuant to Section 3.2 of the Company's Bylaws, the total number of directors has been established as seven. Two directors of the Company are to be elected for terms ending at the Annual Meeting of Shareholders in the year 2006 or until their respective successors have been duly elected and qualified.

3

Unless otherwise instructed, the proxy holders named on the enclosed form of proxy intend to distribute the votes represented by proxies in such proportions as they deem desirable to elect the two nominees named below or their substitutes. Although it is not contemplated that any nominee will decline or be unable to serve, if either occurs prior to the Annual Meeting, a substitute nominee will be selected by the Board of Directors. See "Stock Ownership of Certain Beneficial Owners and Management" for the number of shares of Common Stock beneficially owned by these nominees.

The Nominating Committee has recommended that S. Walter Foulkrod, III, Esq. and Richard D. Ruppert, MD be nominated for election as Directors at the Company's Annual Meeting of Shareholders on July 17, 2003 for terms ending in 2006. In December 2002, Mr. Weil settled a pending civil action brought against him by the SEC for alleged violations of the anti-fraud provisions of the federal securities laws arising in connection with transactions in the securities of Kaye Group Inc. involving material non-public information. Mr. Weil was not an officer or director of Kaye Group. The transactions cited by the SEC in its complaint involved less than one percent of the securities of Kaye Group beneficially owned by Mr. Weil and less than one-tenth of one percent of Kaye Group's then outstanding shares. Mr. Weil consented to the entry of a final judgment of permanent injunction and other relief, including disgorgement of alleged profits in the amount of \$47,000 and civil penalties of like amount, but did not admit to or deny any of the allegations in the SEC's complaint.

2. APPROVAL OF THE PICO HOLDINGS, INC. 2003 STOCK APPRECIATION RIGHTS PROGRAM

At the Annual Meeting the shareholders will be asked to approve the PICO Holdings, Inc. 2003 Stock Appreciation Rights Program (the "SAR Program"). The Company's Board of Directors approved the SAR Program on April 18, 2003, subject to approval by the shareholders, to replace the Company's stock option plans and call option agreements. As discussed more fully below, each stock option holder (except one employee who currently has 100,000 stock options and who will receive 20,000 stock appreciation rights) and each call option holder will surrender their stock options and call options and will receive an equivalent number of stock appreciation rights, at the same exercises prices for the stock options and call options. See Report of Compensation Committee.

As discussed in "Equity Compensation Plan Information," the Company previously granted stock options under several different stock option plans and individual stock option arrangements. In addition, as discussed in footnote 4 under "Stock Ownership of Certain Beneficial Owners and Management," the Company is obligated to sell shares of the Company's stock, presently held as treasury shares, to Mr. Langley and Mr. Hart under call option agreements assumed by the Company in August 1998.

SUMMARY OF THE SAR PROGRAM

The following summary of the SAR Program is qualified in its entirety by the specific language of the SAR Program, a copy of which is attached as Appendix I.

GENERAL

Recently there has been much discussion regarding the cost of stock options to shareholders with varying opinions on the correct pricing methodology. The Company believes that stock appreciation rights provide more transparent and understandable accounting treatment for the Company's stockholders. Approval of the SAR Program will not change compensation to management.

The purpose of the SAR Program is to advance the interests of the Company and its shareholders with an easily understood incentive program for directors, officers, and consultants by providing an incentive for directors, officers, employees, and consultants to increase shareholders' equity and provide a mechanism whereby the participants in the SAR Program will be able to participate in an increase in share price. The SAR Program provides for grants of stock appreciation rights. Unlike the exercise of a stock option, which results in the issuance of a new share of the Company's stock, the exercise of a stock appreciation right will result only in a cash payment to the holder of that stock appreciation right. No shares of the Company's stock will be issued when a stock appreciation right is exercised.

The Board of Directors believes that stock appreciation rights have certain

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

advantages over stock options. Since no new shares of stock are issued when a stock appreciation right is exercised, stock appreciation rights are not dilutive to existing shareholders, unlike the exercise of stock options where new shares of stock are issued. In addition, the accounting treatment for stock appreciation rights is more transparent to shareholders than for stock options. The accounting treatment for stock appreciation rights requires that all in-the-money amounts, based on the difference between the market value of the underlying stock and the exercise price of the stock appreciation right, be accrued and charged to net income. If the Company's shareholders approve the replacement of the Company's stock option plans and call option agreements with the SAR Program, there will be a charge to net income in the approximate amount of \$3.3 million, based on the closing price of the Company's stock of \$13.24 on December 31, 2002 on the Nasdaq National Market. Liquidity of stock options has been reduced with the recent enactment of the Sarbanes-Oxley Act of 2002 which has made cashless exercises of stock options problematic. In addition, legal restrictions frequently prevent the exercise of stock options due to the stock option holder's possession of material, nonpublic information. The Company has a relatively small average daily trading volume, which further impedes the exercise of stock options.

5

AUTHORIZED STOCK APPRECIATION RIGHTS

A maximum of 2,042,781 stock appreciation rights may be issued under the SAR Program. If any stock appreciation right expires, lapses or otherwise terminates for any reason without having been exercised or settled in full, such stock appreciation right will again become available for issuance under the SAR Program. Appropriate adjustments will be made to the number of stock appreciation rights reserved under the SAR Program and the terms of any outstanding stock appreciation rights in the event of any stock dividend, stock split, reverse stock split, recapitalization or similar change in the Company's capital structure.

ADMINISTRATION

The SAR Program will be administered by the Compensation Committee of the Board of Directors, or, in the absence of such committee, by the Board. Subject to the provisions of the SAR Program and with the exception of the stock appreciation rights to be granted as of July 17, 2003 as described below, the Committee will determine in its discretion the persons to whom and the times at which stock appreciation rights will be granted, the size of any stock appreciation right, and all of their terms and conditions. The Committee will have the authority to interpret the SAR Program and stock appreciation rights granted thereunder, and any such interpretation by the Committee will be binding.

CALL OPTION AGREEMENTS

In 1993, Guinness Peat Group plc entered into separate, but identical, call option agreements with Mr. Langley and Mr. Hart. These call option agreements provided that Guinness Peat Group plc would sell a total of 412,486 shares it owned to Mr. Langley and Mr. Hart at certain exercise prices. In August 1998, the Company acquired these shares at their exercise prices and assumed the obligation to sell these shares to Mr. Langley and Mr. Hart at those same exercise prices. Mr. Langley and Mr. Hart have both agreed to irrevocably and unconditionally surrender any and all rights pursuant to the call option agreements, effective July 17, 2003, contingent upon shareholder approval of this proposal.

STOCK OPTION PLANS

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

The Company has granted stock options to directors, officers, employees, and consultants under the Physicians Insurance Company of Ohio 1995 Non-Qualified Stock Option Plan, the PICO Holdings, Inc. 2000 Nonstatutory Stock Option Plan, and several individual stock option arrangements (see "Equity Compensation Plan Information"). All stock option holders have agreed to irrevocably and unconditionally surrender any and all rights under these stock option plans before July 17, 2003.

FEATURES OF SAR PROGRAM

If this proposal is approved by the Company's shareholders, each stock option holder (except one employee who currently has 100,000 stock options and who will receive 20,000 stock appreciation rights) and each call option holder will receive an equivalent number of stock appreciation rights at the same exercise prices as the current stock options and call options, and the Company will have no stock options or call option agreements outstanding. The terms of the proposed SAR Program are as follows:

- (1) Each stock option holder (except one employee who currently has 100,000 stock options and who will receive 20,000 stock appreciation rights) and each call option holder will receive an equivalent number of stock appreciation rights;
 - (2) Each stock appreciation right shall take effect July 17, 2003 and shall not have an expiration date. See Termination or Amendment;
 - (3) The SAR program shall authorize 2,042,781 stock appreciation rights, which is the number of stock options and call options presently outstanding;
 - (4) All stock appreciation rights will be fully vested on July 17, 2003;
 - (5) Each recipient of stock appreciation rights will be able to exercise, in any twelve month period beginning on July 17, a maximum of 20% of the number of stock appreciation rights initially received. However, the Company's Compensation Committee shall have authority to allow in excess of 20% of an individual's stock appreciation rights to be exercised in any twelve month period beginning July 17, for good cause shown, in the Committee's sole discretion. Upon a change of control of the Company, or upon the death, disability, or retirement of the participant, all stock appreciation rights shall be exercisable immediately;
- 6
- (6) The exercise price for the stock appreciation rights will be the same as for the stock options and call options; and
 - (7) The stock appreciation rights, when exercised, are payable only in cash by the Company, in an amount equal to the excess of the fair market value of the Company's stock over the exercise price.

TERMINATION OR AMENDMENT

The SAR Program will continue in effect until the first to occur of (i) its termination by the Committee or (ii) the date on which all stock appreciation rights available for issuance under the SAR Program have been issued and the agreements evidencing stock appreciation rights granted under the SAR Program have lapsed. The Committee may terminate or amend the SAR Program at any time, provided that no amendment may be made without stockholder approval if the Committee deems such approval necessary for compliance with any applicable tax

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

or securities law or other regulatory requirements, including the requirements of any stock exchange or market system on which the Common Stock of the Company is then listed. No termination or amendment may affect any outstanding stock appreciation right unless expressly provided by the Committee, and, in any event, may not adversely affect an outstanding stock appreciation right without the consent of the participant unless necessary to comply with any applicable law.

SUMMARY OF U.S. FEDERAL INCOME TAX CONSEQUENCES

The following summary is intended only as a general guide to the U.S. federal income tax consequences of participation in the SAR Program and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances.

A participant generally will recognize no income upon the grant of a stock appreciation right. Upon the settlement of the stock appreciation right, participants normally will recognize ordinary income in the year of settlement in an amount equal to the cash received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the settlement date, except to the extent such deduction is limited by applicable provisions of the Internal Revenue Code.

The following table sets forth (i) the numbers of stock appreciation rights that will be granted to directors, officers, employees, and consultants on July 17, 2003, subject to approval by shareholders of the SAR Program; and (ii) the numbers of stock appreciation rights that would have been granted on December 31, 2002 to the directors, officers, employees, and consultants if the SAR Program had been in effect on December 31, 2002.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors of the Company has an Executive Committee, an Audit Committee, a Compensation Committee, and a Nominating Committee.

The Executive Committee currently consists of Messrs. Langley (Chairman), Hart, and Weil. It did not meet in 2002. The Executive Committee may exercise substantially all the powers vested in the Board of Directors except for certain actions as prescribed by California law. The Nominating Committee has chosen not to reappoint an Executive Committee, effective July 17, 2003. All matters which previously would have been dealt with by the Executive Committee will be dealt with thereafter by the full Board of Directors.

8

The Audit Committee consists of Dr. Ruppert (Chairman) and Messrs. Campbell and Foulkrod, none of whom has been or is an officer or employee of the Company. In 2002, this Committee met eight times. The functions of the Audit Committee include reviewing the accounting principles and practices employed by the Company and its subsidiaries; meeting with the Company's independent auditors to review their reports on their audits of the Company's financial statements, their comments on the internal accounting controls of the Company and the action taken by management with regard to such comments; reviewing auditor independence; issuing an Audit Committee report to shareholders; and recommending annually to the Board of Directors the appointment of the Company's independent auditors. The Audit Committee has the authority, in its discretion, to order interim and unscheduled audits and to perform such other duties as may be assigned to it from time to time by the Board of Directors.

REPORT OF THE COMPENSATION COMMITTEE

COMMITTEE MEMBERS

The three-member Compensation Committee of the Board of Directors is a standing committee. None of its members is or has been an officer or employee of the Company. Mr. Weil is the chairman and Mr. Campbell and Dr. Ruppert are the other members.

COMMITTEE FUNCTIONS

The Compensation Committee is responsible for assuring that all of the executive compensation programs of the Company are developed, implemented, and administered in a way that supports the Company's fundamental philosophy that a significant portion of executive compensation should be effectively linked to Company performance.

The Compensation Committee meets on a regularly scheduled basis. It reviews and approves the overall executive compensation program which includes both base pay and incentive compensation. It considers and approves individual executive officer compensation packages based on recommendations of the Company's Chief Executive Officer. It recommends, for the approval of the full Board, any modification to the compensation package of the Company's Chief Executive Officer.

The Compensation Committee also reviews the level of compensation paid to nonemployee members of the Company's Board of Directors and makes recommendations to the Board of Directors to modify the level of nonemployee directors' compensation when appropriate.

12

EXECUTIVE COMPENSATION PHILOSOPHY

The Board of Directors of the Company's predecessor retained an independent compensation expert, William M. Mercer, Incorporated ("Mercer"). In 1996, Mercer conducted an analysis of marketplace executive compensation levels. The scope of Mercer's study covered the Company's Chairman and President and Chief Executive Officer. The objectives of Mercer's study were as follows:

- Analyze the scope, responsibilities and skill requirements of the jobs performed by Messrs. Langley and Hart and compare and contrast to comparable benchmark executive positions found in the marketplace.
- Develop an appropriate methodology for selecting comparable benchmark jobs, industry categories and a peer group of companies comparable to the Company in terms of business focus, industry classification and size; and competition for senior executives with the skills, expertise and talent demonstrated by the Company's top two executives.
- For the appropriate benchmark jobs, industry category and peer company

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

group, collect information on marketplace compensation levels and practices from compensation surveys and peer company proxy statements. The companies included in the peer company group are not necessarily those included in the Nasdaq Insurance Stock Index used to determine the most relevant marketplace compensation levels and to compare actual Company compensation levels.

- Develop alternate approaches for structuring the total compensation package for the Company's top two executives, in terms of compensation elements to be used, the mix of total pay and how short and long-term incentive compensation might be structured to accurately reflect performance.

Mercer's study recommended to the Compensation Committee a compensation strategy with the following objectives:

- To provide a total compensation package that:
 - is competitive with market rates for executives with similar skill, talent and job requirements.
 - is closely linked to the Company's strategy and the role of covered executives in building shareholder value through growing the book value and, ultimately, the market value of the Company.
- To retain critical executive talent by:
 - providing a reasonable and competitive level of current income (cash flow).
 - providing for loss of future incentive opportunity if an executive terminates employment before unrealized investment gains are realized.
- To link executive rewards to shareholder interests by:
 - tying incentive awards to growth in book value and increased market price per share.

The Compensation Committee believes that to accomplish these goals, the executive compensation program should be based on three distinct components: base pay, annual incentives, and long-term incentives. The Company obtains industry and peer group surveys, and consults with independent experts, to evaluate the Company's executive compensation programs in comparison with those offered by its comparable competitors.

The Company has utilized stock option grants at various times beginning in 1995 to incentivize directors, officers, consultants, and certain employees. The primary purpose of these options plans was to encourage the option holders to increase shareholders equity, by providing a mechanism whereby the option holders could participate in increased shareholders equity.

However, the Compensation Committee believes that the stock options previously granted by the Company are no longer as favorable to the Company or as desirable to the option holders as stock appreciation rights, due to a number of factors. These factors are: (1) the accounting treatment for stock appreciation rights is more transparent to shareholders than for stock options; (2) the Company has a relatively small average daily trading volume, which could act to discourage option holders from exercising options at what the option holder might deem to be an appropriate time; (3) option holders are frequently subject to legal

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

restrictions preventing the exercise of stock options due to the possession of material, non-public information by an option holder; (4) there is substantial doubt about the continued availability of same-day, "cashless" exercises due to the enactment of the Sarbanes-Oxley Act of 2002. The end result is that due to the above factors, the stock options previously granted by the Company have not provided the liquidity to option holders that was envisioned when those stock options were granted by the Company; and (5) since no new shares of stock are issued when a stock appreciation right is exercised, stock appreciation rights are not dilutive to existing shareholders, unlike the exercise of stock options where new shares of stock are issued.

After review and consideration of several alternatives, and after consultations with the Company's professional advisors, the Compensation Committee recommended and the Board of Directors approved the PICO Holdings, Inc. 2003 Stock Appreciation Rights Program (the "SAR Program"), subject to approval by the Company's shareholders. The Compensation Committee believes that the SAR Program, which is described in detail in "2. Approval of the PICO Holdings, Inc. 2003 Stock Appreciation Rights Program", will provide a comparable incentive while providing increased liquidity to participants in the SAR Program. Under the SAR Program as recommended by the Compensation Committee and approved by the Board of Directors on April 18, 2003, all outstanding stock options previously granted by the Company will be irrevocably and unconditionally surrendered before July 17, 2003. The call option agreements presently held by Mr. Langley and Mr. Hart will also be irrevocably and unconditionally surrendered, effective July 17, 2003, contingent upon shareholder approval of "2. Approval of PICO Holdings, Inc. 2003 Stock Appreciation Rights Program". If such approval from the shareholders is received, each current option holder (except one employee who currently has 100,000 stock options and who will receive 20,000 stock appreciation rights) and each current call option holder will receive on July 17, 2003 an equivalent number of stock appreciation rights. Each stock appreciation right will have the same exercise price as the stock options and call options. The stock appreciation rights will have no expiration date. All stock appreciation rights will be fully vested on July 17, 2003. Only 20% of each participant's initial number of stock appreciation rights may be exercised in any twelve month period beginning on July 17, 2003 and each successive July 17; however, the Compensation Committee can authorize the holder of a stock appreciation right to exercise more than 20% in a twelve month period for good cause shown, in the Committee's sole discretion. Upon exercise of a stock appreciation right, the participant will receive in cash from the Company an amount equal to the excess of the fair market value of the Company's stock over the exercise price.

The Compensation Committee believes that stock appreciation rights will provide an incentive to participants to increase the Company's shareholders equity while providing liquidity to the participants in the SAR Program.

The Compensation Committee has considered the provisions of Section 162(m) of the Internal Revenue Code and related income tax regulations which restrict the deductibility of certain compensation paid to the Company's Chief Executive Officer and each of the four most highly compensated officers holding office at the end of any year, to the extent such compensation paid to any of these officers exceeds \$1,000,000 in any year and fails to qualify for an exemption from the restriction. In view of the Company's compensation structure, the Committee believes it is unlikely that this will impact the Company in the near future. The Compensation Committee will continue to monitor this.

EXECUTIVE COMPENSATION PROGRAM

The features of the executive compensation program as recommended by Mercer and approved by the Compensation Committee are:

BASE COMPENSATION. A fixed rate, to be reviewed annually. Future adjustments

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

will take into account movement in executive compensation levels, changes in job responsibilities, and the size of the Company. The base compensation was established based on 80% of peer group cash compensation levels in 1996.

INCENTIVE AWARDS. Based on growth of book value per share in a fiscal year. Awards are earned when a pre-determined threshold is surpassed. If book value per share of the Company exceeds this threshold, the incentive award is equal to 5% of the increase in book value per share multiplied by the number of shares outstanding at the beginning of the fiscal year. The threshold for 2002 was approximately -0.58%.

14

In addition, the Board of Directors of Physicians granted options under the Physicians Insurance Company of Ohio 1995 Non-Qualified Stock Option Plan. The options granted under said option plan were designed to reinforce the relationship between the Company's future performance and the executive's potential future financial rewards. These options were assumed by PICO Holdings, Inc. on November 20, 1996. In line with this philosophy of providing incentives to executive officers, the Company agreed to convert the Global Equity options of said officers on an economically equivalent basis, to options to purchase shares of the Company effective with the close of the PICO/Global Equity Combination. On April 7, 2000, PICO granted, subject to approval by the Company's shareholders obtained on October 19, 2000, non-qualified common stock options to employees and nonemployee directors of the Company. As previously stated, the Compensation Committee recommended to the Board of Directors that the Company's current stock options and call options be replaced with stock appreciation rights.

GOALS OF COMPENSATION COMMITTEE

The Compensation Committee attempts to align executive compensation with the value achieved by the executives for the Company's shareholders. The Company's compensation program for executives emphasizes a combination of base salary, discretionary bonuses, and long-term incentives designed to attract, retain, and motivate executives who will maximize shareholder value. The Compensation Committee considers individual and Company performance, as well as compensation paid by comparable companies.

Executives also participate in other employee benefit programs, including health insurance, group life insurance, and the Company's 401(k) Plan.

DISCUSSION OF 2002 COMPENSATION FOR THE CHIEF EXECUTIVE OFFICER

As stated above, the Compensation Committee believes the interest of the Company's shareholders is best served by aligning the CEO's short-term compensation, over and above a competitive fixed annual rate of pay, which was based on 80% of peer group cash compensation levels in 1996, with an increase in the Company's book value per share and higher market value per share. Specifically, a threshold was set at 80% of the S&P 500's annualized total return for the five previous calendar years, including 2002. For 2002, this threshold was approximately -0.58%. Since the Company's book value per share increased by 7.04% in 2002 prior to the accrual of bonus incentive compensation, a bonus of \$730,934 will be paid for calendar year 2002.

The Committee believes that the compensation provided by this combination of fixed annual compensation, and short-term and long-term incentives provides a mechanism to fairly compensate the CEO while providing the CEO with a strong incentive to maximize shareholder value.

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

Mr. Langley and Mr. Hart each entered into new employment agreements effective January 1, 2002 with the Company for an additional four years. These employment agreements are substantially similar to the 1997 employment agreements. Total compensation to Mr. Langley and Mr. Hart under these employment agreements is \$800,000 each on an annual basis, subject to adjustment in January of each year. The \$800,000 base salary in each employment agreement is subject to annual adjustment in January of each year in the same percentage applicable to the Company's other staff members in an amount deemed adequate to provide for inflation, cost of living, and merit increases based on the Consumer Price Index and major compensation studies.

These employment agreements include a change in control clause providing that if there is a change of control before January 1, 2004, the Company is required to immediately pay each employee a total lump sum of \$2.4 million and an amount equal to three times the highest annual bonus paid to the employee in the last three years. The new employment agreements contain the same bonus, i.e., short-term incentive provision, as the 1997 employment agreements.

Any action by the Committee will be final, binding and conclusive for all purposes and upon all persons.

4.02 DELEGATION OF MINISTERIAL DUTIES. In its sole discretion, the Committee may delegate any ministerial duties associated with the Plan to any person (including Employees) that it deems appropriate.

4.03 AWARD AGREEMENT. At the time any Award is made, the Committee will prepare and deliver an Award Agreement to each affected Participant. The Award Agreement:

[1] Will describe [A] when and how the Award may be exercised; [B] the effect of exercising the Award; and [C] the Exercise Price associated with each Award.

4

[2] To the extent different from the terms of the Plan, will describe [A] any conditions that must be met before the Award may be exercised; [B] any objective restrictions or conditions that must be met before the Award may be exercised; [c] when and how an Award may be exercised; and [D] any other applicable terms and conditions affecting the Award.

5.00 STOCK SUBJECT TO PLAN

5.01 NUMBER OF SHARES OF STOCK. Subject to Section 5.03, the number of shares of Stock subject to Awards under the Plan may not be larger than 2,042,781.

5.02 CANCELLED, TERMINATED OR FORFEITED AWARDS. Any Stock subject to an Award that, for any reason, is cancelled, terminated or otherwise settled without the issuance of cash may again be granted under the Plan.

5.03 ADJUSTMENT IN CAPITALIZATION. If, after the Effective Date, there is a Stock dividend or Stock split, recapitalization (including payment of an extraordinary dividend), merger, consolidation, combination, spin-off, distribution of assets to shareholders, exchange of shares or other similar corporate change affecting Stock, the Committee will appropriately adjust [1] the aggregate number of shares of Stock available for Awards under Section 5.01 or subject to outstanding Awards (as well as any share-based limits imposed under this Plan); [2] the respective Exercise Price, number of shares and other limitations applicable to outstanding or subsequently issued Awards; and [3] any other factors, limits or terms affecting any outstanding or subsequently issued Awards.

6.00 STOCK APPRECIATION RIGHTS

6.01 SAR GRANTS. Subject to the terms of the Plan, the Committee may grant SARs to Participants at any time during the term of this Plan.

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

6.02 EXERCISE PRICE. The Committee will specify the Exercise Price in the Award Agreement.

6.03 EXERCISE OF SARS. SARs will be exercisable subject to the terms specified in the Award Agreement.

6.04 SETTLING SARS.

[1] A Participant exercising an SAR will receive a settlement amount equal to [A] the difference between [I] the Fair Market Value of a share of Stock on the exercise date and [II] the Exercise Price, multiplied by [B] the number of shares of Stock with respect to which the SAR is exercised.

[2] The value of any SAR being exercised will be settled in cash.

6.05 REESTABLISHING THE EXERCISE PRICE. In its sole discretion, the Committee may reduce the Exercise Price associated with any SAR at any time before the affected SAR is exercised.

5

7.00 TERMINATION

7.01 RETIREMENT. Subject to Section 7.03, unless otherwise specified in the Award Agreement, all Awards that are outstanding (whether or not then exercisable) when a Participant Retires may be exercised at any time before the earlier of [1] the expiration date specified in the Award Agreement or [2] six months beginning on the Retirement date (or any shorter period specified in the Award Agreement).

7.02 DEATH OR DISABILITY. Unless otherwise specified in the Award Agreement, all Awards that are outstanding (whether or not then exercisable) when a Participant Terminates because of death or Disability may be exercised by the Participant or the Participant's Beneficiary at any time before the earlier of [1] the expiration date specified in the Award Agreement or [2] 12 months beginning on the date of death or Termination because of Disability (or any shorter period specified in the Award Agreement).

7.03 TERMINATION FOR CAUSE. Unless otherwise specified in the Award Agreement, all Awards that are outstanding (whether or not then exercisable) if a Participant is Terminated for Cause will be forfeited even if the date of Termination for Cause is after the Participant qualifies for Retirement.

7.04 TERMINATION FOR ANY OTHER REASON. Unless otherwise specified in the Award Agreement or subsequently, any Awards that are outstanding when a Participant Terminates for any reason not described in Sections 7.01 through 7.03 and which are then exercisable, or which the Committee has, in its sole discretion, decided to make exercisable, may be exercised at any time before the earlier of [1] the expiration date specified in the Award Agreement or [2] 90 days beginning on the date the Participant Terminates.

8.00 CHANGE IN CONTROL

8.01 ACCELERATION AND SETTLEMENT. Subject to Section 8.02, on the date of any Change in Control, all SARs will be deemed to be exercisable and will be liquidated in a single lump sum cash payment equal to the Change in Control Price multiplied by the number of Awards to be liquidated.

8.02 EFFECT OF CODE SS.280G. If the provisions of Section 8.01 generate a benefit that is a "parachute payment" as defined in Code ss.280G and if the value of that parachute payment, when combined with other parachute payments

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

accrued to a Participant on account of the same Change in Control, would generate the penalties arising under Code ss.ss.280G and 4999, the parachute payment arising under this section will be reduced (but not below zero) to the extent needed to avoid those penalties but only if the value of the after-tax amount accruing to the Participant because of that reduction is larger than the after-tax amount that would accrue to the Participant without any reduction.

6

9.00 AMENDMENT, MODIFICATION AND TERMINATION OF PLAN

The Board or the Committee may terminate, suspend or amend the Plan at any time without shareholder approval except to the extent that shareholder approval is required to satisfy applicable requirements imposed by [1] Rule 16b-3 under the Act, or any successor rule or regulation; [2] applicable requirements of the Code; or [3] any securities exchange, market or other quotation system on or through which the Company's securities are listed or traded. Also, no Plan amendment may [4] result in the loss of a Committee member's status as a "non-employee director" as defined in Rule 16b-3 under the Act, or any successor rule or regulation, with respect to any employee benefit plan of the Company; [5] cause the Plan to fail to meet requirements imposed by Rule 16b-3; or [6] without the consent of the affected Participant adversely affect any Award issued before the amendment, modification or termination.

10.00 MISCELLANEOUS

10.01 ASSIGNABILITY/DEFERRAL OF GAIN.

[1] Except as described in this section and Section 10.01[2], an Award may not be transferred except by will or the laws of descent and distribution and, during the Participant's lifetime, may be exercised only by the Participant or the Participant's guardian or legal representative. However, with the permission of the Committee, a Participant or a specified group of Participants may transfer Awards to a revocable inter vivos trust of which the Participant is the settlor or may transfer Awards to any member of the Participant's immediate family, any trust, whether revocable or irrevocable, established solely for the benefit of the Participant's immediate family, any partnership or limited liability company whose only partners or members are members of the Participant's immediate family or an organization described in Code ss.501(c)(3) ("Permissible Transferees"). Any Award transferred to a Permissible Transferee will continue to be subject to all of the terms and conditions that applied to the Award before the transfer and to any other rules prescribed by the Committee. A Permissible Transferee [other than an organization described in Code ss.501(c)(3)] may retransfer an Award but only by operation of a will or the laws of descent and distribution and then only to another Permissible Transferee.

[2] Subject to rules, procedures and limitations adopted by the Committee, a Participant who is an Employee on the exercise date (but not a Beneficiary, a Consultant or a Permissible Transferee as defined in Section 10.01[1]) may elect to defer the gain associated with the exercise of an Award into and subject to the terms of any nonqualified deferred compensation program [A] maintained by the Company, the Group or any Group Member and [B] designated by the Committee. Any gain attributable to an Award to be deferred under this section will be credited to an investment fund established under the nonqualified deferred compensation plan as directed by the deferring Participant and will be distributed in any form permitted by that nonqualified deferred compensation plan.

10.02 BENEFICIARY DESIGNATION. Each Participant may name a Beneficiary or Beneficiaries (who may be named contingently or successively) to receive or to exercise any Award that is unpaid or unexercised at the Participant's death. Each designation made will revoke all prior designations made by the same Participant, must be made on a form prescribed by the Committee and will be effective only when filed in writing with the Committee. If a Participant has not made an effective Beneficiary designation, the deceased Participant's Beneficiary will be his or her surviving spouse or, if none, the deceased Participant's estate. The identity of a Participant's designated Beneficiary will be based only on the information included in the latest beneficiary designation form completed by the Participant and will not be inferred from any other evidence.

10.03 NO GUARANTEE OF EMPLOYMENT OR PARTICIPATION. Nothing in the Plan may be construed as [1] interfering with or limiting the right of the Company, the Group or any Group Member to Terminate any Participant at any time; [2] conferring on any Participant any right to continue as an Employee or a Consultant; [3] guaranteeing that any Employee or Consultant will be selected to be a Participant; or [4] guaranteeing that any Participant will receive any future Awards.

10.04 TAX WITHHOLDING.

[1] The appropriate Group Member will withhold from other amounts owed to the Participant, or require a Participant to remit to that Group Member, an amount sufficient to satisfy federal, state and local withholding tax requirements on any Award, exercise or cancellation of an Award or purchase of Stock. If these amounts are not to be withheld from other payments due to the Participant (or if there are no other payments due to the Participant), the Company will defer payment of cash until the earlier of [A] 30 days after the date the Award is settled or [B] the date the Participant remits the required amount.

[2] If the Participant has not remitted the required amount within 30 days after the date the Award is settled, the Company will permanently withhold from the value of the Awards to be distributed the minimum amount required to be withheld to comply with applicable federal, state and local income, wage and employment taxes and distribute the balance to the Participant.

[3] In its sole discretion, which may be withheld for any reason or for no reason, the Committee may permit a Participant to elect, subject to conditions the Committee establishes, to reimburse the Company for this tax withholding obligation through one or more of the following methods [A] by having cash otherwise distributable under the Plan withheld by the Company (but only to the extent of the minimum amount that must be withheld to comply with applicable state, federal and local income, employment and wage tax laws); [B] by delivering to the Company previously acquired shares of Stock that the Participant has owned for at least six months; [C] by remitting cash to the Company; or [D] by remitting a personal check immediately payable to the Company.

10.05 INDEMNIFICATION. Each individual who is or was a member of the Committee or of the Board will be indemnified and held harmless by the Company against and from any loss, cost, liability or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action,

suit or proceeding to which he or she may be made a

8

party or in which he or she may be involved by reason of any action taken or failure to take action under the Plan as a Committee member and against and from any and all amounts paid, with the Company's approval, by him or her in settlement of any matter related to or arising from the Plan as a Committee member or paid by him or her in satisfaction of any judgment in any action, suit or proceeding relating to or arising from the Plan against him or her as a Committee member, but only if he or she gives the Company an opportunity, at its own expense, to handle and defend the matter before he or she undertakes to handle and defend it in his or her own behalf. The right of indemnification described in this section is not exclusive and is independent of any other rights of indemnification to which the individual may be entitled under the Company's organizational documents, by contract, as a matter of law or otherwise.

10.06 NO LIMITATION ON COMPENSATION. Nothing in the Plan is to be construed to limit the right of any Group Member to establish other plans or to pay compensation to its Employees or Consultants, in cash or property, in a manner not expressly authorized under the Plan.

10.07 REQUIREMENTS OF LAW. The grant of Awards will be subject to all applicable laws, rules and regulations and to all required approvals of any governmental agencies or national securities exchange, market or other quotation system.

10.08 TERM OF PLAN. The Plan will be effective upon its adoption by the Board and approval by the affirmative vote of the holders of a majority of the shares of voting Stock present in person or represented by proxy at the first Annual Meeting occurring after the Board approves the Plan.

10.09 GOVERNING LAW. The Plan, and all agreements hereunder, will be construed in accordance with and governed by the laws (other than laws governing conflicts of laws) of the State of California.

10.10 NO IMPACT ON BENEFITS. Plan Awards are incentives designed to promote the objectives described in Section 1.00. Also, Awards are not compensation for purposes of calculating a Participant's rights under any employee benefit plan.
