Item 2.02. Results of Operations and Financial Condition.

On July 20, 2005, Dana Corporation (Dana) issued a news release regarding its earnings for the fiscal quarter and six-month period ended June 30, 2005. A copy of that release is furnished as Exhibit 99.1 to this Current Report.

The earnings release includes tables showing (i) Dana Corporation (Including Dana Credit Corporation on an Equity Basis), Condensed Statements of Income (Unaudited) for the Three Months and Six Months Ended June 30, 2005 and 2004; (ii) Dana Corporation (Including Dana Credit Corporation on an Equity Basis), Condensed Balance Sheets (Unaudited) as of June 30, 2005 and December 31, 2004; and (iii) Dana Corporation (Including Dana Credit Corporation on an Equity Basis), Cash Flow Impacts on Net Debt (Unaudited) for the Three Months and Six Months Ended June 30, 2005 and 2004. As accounting principles generally accepted in the United States (GAAP) require that Dana Credit Corporation (DCC) be included in Dana's results on a consolidated basis, these tables contain non-GAAP financial measures. For each of these tables, the earnings release also includes (i) a presentation of the most directly comparable financial measures calculated and presented in accordance with GAAP and (ii) a quantitative reconciliation of the differences between the non-GAAP financial measures disclosed and the most directly comparable GAAP financial measures. Management believes that the presentation of the non-GAAP financial measures provides useful information to investors regarding Dana's financial condition and results of operations because management evaluates Dana's operating segments and regions as if DCC were accounted for on the equity method of accounting. This is done because DCC is not homogenous with Dana's manufacturing operations, its financing activities do not support the sales of the other operating segments and its financial and performance measures are inconsistent with those of the other operating segments. Moreover, the financial covenants contained in Dana's long-term bank facility are measured with DCC accounted for on an equity basis.

Item 7.01. Regulation FD Disclosure.

During a conference call scheduled to be held at 1:00 p.m. EDT on July 20, 2005, Dana's Chairman and Chief Executive Officer, Michael J. Burns, and Chief Financial Officer, Robert C. Richter, will discuss Dana's second quarter and six-month 2005 results. Copies of the slides for this presentation are furnished as Exhibit 99.2 to this Current Report.

Certain of the slides in Exhibit 99.2 include financial measures which are not presented in accordance with GAAP. These include (i) slide 3 (which presents income from continuing operations, excluding unusual items); and (ii) slides 13, 14, 15 and 16, (which include DCC on an equity basis). Slides 33 through 38 of the presentation; Item 2.02, above; and Dana's earnings release in the attached Exhibit 99.1 also contain information about the reconciliation of some of these non-GAAP financial measures to comparable GAAP financial measures and an explanation of why management believes the non-GAAP financial measures provide useful information to investors.
