PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JUNE 20, 2008

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Athersys, Inc., a Delaware corporation (the "Company"), of proxies to be used at the annual meeting of stockholders of the Company to be held on June 20, 2008 (the "Annual Meeting"). This proxy statement and the related proxy card are being mailed to stockholders commencing on or about May 16, 2008.

If the enclosed proxy card is executed and returned, the stock represented by it will be voted as directed on all matters properly coming before the Annual Meeting for a vote. Returning your completed proxy will not prevent you from voting in person at the Annual Meeting should you be present and desire to do so. In addition, you may revoke the proxy at any time prior to its exercise either by giving written notice to the Company or by submission of a later-dated proxy.

Stockholders of record of the Company at the close of business on Thursday, April 24, 2008 will be entitled to vote at the Annual Meeting. On that date, 18,927,988 shares of common stock, par value \$0.001 per share, of the Company ("Common Stock") were outstanding and entitled to vote. Each share of Common Stock is entitled to one vote. At the Annual Meeting, inspectors of election shall determine the presence of a quorum and shall tabulate the results of the vote of the stockholders. The holders of a majority of the total number of outstanding shares of Common Stock entitled to vote must be present in person or by proxy to constitute the necessary quorum for any business to be transacted at the Annual Meeting. Properly executed proxies marked "abstain," as well as proxies held in street name by brokers that are not voted on all proposals to come before the Annual Meeting, referred to as broker non-votes, will be considered "present" for purposes of determining whether a quorum has been achieved at the Annual Meeting.

The nominees for Director receiving the greatest number of votes cast at the Annual Meeting in person or by proxy shall be elected. Consequently, any shares of Common Stock present in person or by proxy at the Annual Meeting, but not voted for any reason, have no impact in the election of Directors, except to the extent that the failure to vote for an individual may result in another individual receiving a larger number of votes. All other matters to be considered at the Annual Meeting require for approval the favorable vote of a majority of shares voted at the meeting in person or by proxy. Stockholders have no right to cumulative voting as to any matter, including the election of Directors. If any proposal at the Annual Meeting must receive a specific percentage of favorable votes for approval, abstentions in respect of such proposal are treated as present and entitled to vote under Delaware law, and, therefore, such abstentions have the effect of a vote against such proposal. Broker non-votes in respect of any proposal are not counted for purposes of determining whether such proposal has received the requisite approval.

The stock represented by all valid proxies received will be voted in the manner specified on the proxies. Where specific choices are not indicated on a valid proxy, the stock represented by such proxies received will be voted: (i) for the nominees for Director named in this proxy statement and (ii) in accordance with the best judgment of the persons named in the enclosed proxy, or their substitutes, for any other matters which properly come before the Annual Meeting.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Director Independence

The Board of Directors reviews the independence of each Director at least annually. During these reviews, the Board of Directors will consider transactions and relationships between each Director (and his or her immediate family and affiliates) and our company and our management to determine whether any such transactions or relationships are inconsistent with a determination that the Director was independent. The Board of Directors conducted its annual review of Director independence to determine if any transactions or relationships exist that would disqualify any of the individuals who serve as a Director under the rules of the NASDAQ Stock Market or require disclosure under SEC rules. Based upon the foregoing review, the Board of Directors determined the following individuals are independent: George M. Milne, Jr., William C. Mulligan, Jordan S. Davis, Floyd D. Loop, Michael Sheffery and Lorin J. Randall. Currently, we have two members of management who also serve on the Board of Directors: Dr. Van Bokkelen, who is also our Chairman and Chief Executive Officer, and Dr. Harrington, who is our Chief Scientific Officer and Executive Vice President. Neither Dr. Van Bokkelen nor Dr. Harrington are considered independent under the independence rules of the NASDAQ Stock Market.

Board Meetings

After the merger, the Board of Directors held four meetings during fiscal year 2007. All of the Directors attended at least 75% of the total meetings held by the Board of Directors and by all committees on which he served during fiscal year 2007.

Attendance at Annual Meeting

Although the Company does not have a policy with respect to attendance by the Directors at the Annual Meeting of Stockholders, Directors are encouraged to attend. The Company did not hold an annual meeting of stockholders last year.

Committees

The Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Nominations Committee. The Board of Directors adopted a written charter for each of the committees of the Board of Directors. These charters, as well as our Code of Business Conduct and Ethics, are posted and available under the Investor page on our website at www.athersys.com. Stockholders may request copies of these corporate governance documents, free of charge, by writing to Athersys, Inc., 3201 Carnegie Avenue, Cleveland, Ohio 44115, Attention: Corporate Secretary.

The Audit Committee is responsible for overseeing the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company. The Audit Committee is also directly responsible for the appointment, compensation, retention and oversight of the work of the Company's independent auditors, including the resolution of disagreements between management and the auditors regarding financial reporting. Additionally, the Audit Committee approves all related-party transactions that are required to be disclosed pursuant to Item 404 of Regulation S-K. The current members of the Audit Committee are Lorin J. Randall, William C. Mulligan and George M. Milne, Jr. The Board of Directors has determined that it has at least one audit committee financial expert, as defined in Item 407(d)(5)(ii) of Regulation S-K, serving on the Audit Committee, Mr. Randall, and that Mr. Randall is an independent director as defined in the NASDAQ listing standards. The Audit Committee held five meetings during fiscal year 2007.

The Compensation Committee is responsible for, among other things, annually reviewing and approving the salaries and other compensation (including stock incentives) of our executive officers, including our Chief Executive Officer, reviewing and determining the compensation of our non-employee Directors, engaging and determining the fees of compensation consultants and overseeing regulatory compliance with respect to compensation matters. The Compensation Committee reviews and recommends corporate goals and objectives

Table of Contents

relevant to the compensation of the executive officers and evaluates the performance of the executive officers in light of those corporate goals and objectives. The Compensation Committee also considers the duties and responsibilities of the executive officers and recommends to the Board the compensation levels for those executive officers based on those evaluations and any other factors as it deems appropriate. In recommending incentive compensation, the Compensation Committee also considers the Company's performance and relative stockholder return, the value of similar awards to executive officers of comparable companies, and the awards given to the Company's executive officers in past years. The current members of the Compensation Committee are Jordan S. Davis, William C. Mulligan and Michael Sheffery. The Compensation Committee held one meeting during fiscal year 2007.

The Nominations Committee is responsible for, among other things, evaluating and recommending to the Board of Directors qualified nominees for election as Directors and qualified Directors for committee membership. The current members of the Nominations Committee are William C. Mulligan, George M. Milne, Jr., Jordan S. Davis, Floyd D. Loop, Michael Sheffery and Lorin J. Randall. The Nominations Committee did not hold any meetings during fiscal year 2007.

The Nominations Committee shall identify individuals qualified to become members of the Board of Directors and recommend candidates to the Board to fill new or vacant positions. Except as may be required by rules promulgated by NASDAQ or the SEC, there are currently no specific, minimum qualifications that must be met by each candidate for the Board of Directors, nor are there specific qualities or skills that are necessary for one or more of the members of the Board of Directors to possess. In recommending candidates, the Nominations Committee shall consider such factors as it deems appropriate, consistent with criteria approved by the Board of Directors. These factors may include judgment, skill, diversity, integrity, experience with businesses and other organizations of comparable size, experience in corporate governance, experience in business and human resource management, the interplay of the candidate's experience with the experience of other members of the Board of Directors, and the extent to which the candidate would be a desirable addition to the Board of Directors and any committees of the Board. The Nominations Committee shall recommend candidates to the Board based on these factors and may engage an independent search firm to assist in the identification and screening of potential candidates. The Nominations Committee shall also consider possible conflicts of interest when making its recommendations to the Board.

The Nominations Committee will give appropriate consideration to qualified persons recommended by stockholders for nomination as our Directors, provided that the stockholder delivers written notice to the Secretary of the Company, which contains the following information:

- the name and address of the stockholder and each Director nominee;

- a representation that the stockholder is entitled to vote and intends to appear in person or by proxy at the meeting;

- a description of any and all arrangements or understandings between the stockholder and each nominee;

- such other information regarding the nominee that would have been required to be included by the Securities and Exchange Commission in a proxy statement had the nominee been named in a proxy statement;

- a brief description of the nominee's qualifications to be a Director; and

- the written consent of the nominee to serve as a Director if so elected.

Certain Relationships and Related Person Transactions

We give careful attention to related person transactions because they may present the potential for conflicts of interest. We refer to related person transactions as those transactions, arrangements, or relationships in which:

we were, are or are to be a participant;

the amount involved exceeds \$120,000; and

Table of Contents

any of our Directors, Director nominees, executive officers or greater-than five percent stockholders (or any of their immediate family members) had or will have a direct or indirect material interest.

To identify related person transactions in advance, we rely on information supplied by our executive officers, Directors and certain significant stockholders. Although we currently do not have a comprehensive written policy for the review, approval or ratification of related person transactions, our Audit Committee reviews all related person transactions identified by us. The Audit Committee approves or ratifies only those related person transactions that are determined by it to be, under all of the circumstances, in the best interest of our company and its stockholders.

In January 2007, ABT Holding issued \$5.0 million in aggregate principal amount of 5% unsecured convertible promissory notes to Angiotech Pharmaceuticals, Inc., one of its collaborators and a beneficial owner of more than 5% of Common Stock by virtue of its ownership of another 5% unsecured convertible promissory note in aggregate principal amount of \$5.0 million. This transaction was reviewed and ratified by the Board of Directors.

Communications with Directors

Information regarding how our stockholders and other interested parties may communicate with the Board of Directors as a group, with the non-management Directors as a group, or with any individual Director is included on the Investor page under "Contact the Board" on our website at www.athersys.com.

Compensation Committee Interlocks and Insider Participation

In 2007, none of our executive officers or Directors was a member of the Board of Directors of any other company where the relationship would be construed to constitute a committee interlock within the meaning of the rules of the Securities and Exchange Commission.

PROPOSAL TWO

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP ("Ernst & Young") as the independent auditors of the Company to examine the financial statements of the Company and its subsidiaries for the fiscal year ending December 31, 2008. During fiscal year 2007, Ernst & Young examined the financial statements of the Company and its subsidiaries, including those set forth in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007. The Board of Directors recommends ratification of the appointment of Ernst & Young. The favorable vote of the holders of a majority of the shares of Common Stock represented in person or by proxy at the Annual Meeting will be required for such ratification.

Although stockholder approval of this appointment is not required by law or binding on the Audit Committee, the Audit Committee believes that stockholders should be given the opportunity to express their views. If the stockholders do not ratify the appointment of Ernst & Young as Athersys' independent auditors, the Audit Committee will consider this vote in determining whether or not to continue the engagement of Ernst & Young.

It is expected that representatives of Ernst & Young will attend the Annual Meeting, with the opportunity to make a statement if they so desire, and will be available to answer appropriate questions.

The Board of Directors unanimously recommends that stockholders vote FOR the ratification of this appointment.

Principal Accountant Fees and Services

All fees included below prior to June 8, 2007 were for ABT Holding Company.

Audit Fees. Fees paid to Ernst & Young for the audit of the annual consolidated financial statements included in the Company's Annual Report on Form 10-K and for the reviews of the consolidated financial

Table of Contents

statements included in the Company's Forms 10-Q for the quarters included in the fiscal year ended December 31, 2007 were \$688,856 and for the audit of the annual consolidated financial statements for the fiscal year ended December 31, 2006 were \$62,555.

Audit-Related Fees. There were no fees paid to Ernst & Young for audit-related services for the fiscal years ended December 31, 2007 and 2006.

Tax Fees. Fees paid to Ernst & Young associated with tax compliance and tax consultation were \$20,800 for each of the fiscal years ended December 31, 2007 and 2006.

All Other Fees. There were no other fees paid to Ernst & Young in 2007 or 2006.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has adopted a formal policy on auditor independence requiring the approval by the Audit Committee of all professional services rendered by the Company's independent auditor prior to the commencement of the specified services.

For the fiscal year ended December 31, 2007, 100% of the services described in Tax Fees were approved by the Audit Committee in accordance with the Company's formal policy on auditor independence. Prior to June 8, 2007, we did not have a formal policy on auditor independence.

Previous Independent Accountants

On June 11, 2007, BTHC VI dismissed S.W. Hatfield, CPA as its independent accountant. The reports of S.W. Hatfield, CPA on the financial statements of BTHC VI for each of the past two fiscal years contained no adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. The decision to change independent accountants was approved by the Audit Committee of BTHC VI's Board of Directors on June 12, 2007.

During BTHC VI's two most recent fiscal years and through June 12, 2007, BTHC VI has had no disagreements with S.W. Hatfield, CPA on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of S.W. Hatfield, CPA, would have caused it to make reference to the subject matter of such disagreements in its report on the financial statements of BTHC VI for such periods.

During BTHC VI's two most recent fiscal years and through June 12, 2007, there were no reportable events as defined under Item 304(a)(1)(v) of Regulation S-K adopted by the SEC.

New Independent Accountants

The Audit Committee of BTHC VI's Board of Directors appointed Ernst & Young, LLP as its new independent registered public accounting firm as of June 12, 2007. During the two most recent fiscal years and through the date of Ernst & Young's engagement by BTHC VI, BTHC VI did not consult Ernst & Young regarding either (1) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on BTHC VI's financial statements, or (2) any matter that was either the subject of a disagreement (as defined in Regulation S-K Item 304(a)(1)(iv) and the related instructions to Item 304) or a reportable event (as defined in Regulation S-K Item 304(a)(1)(v)). Ernst & Young served as ABT Holding Company's independent registered public accounting firm before the merger.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is composed of three Directors who are independent and operates under a written Audit Committee charter adopted and approved by the Board of Directors. The Audit Committee annually selects Athersys' independent auditors.

Management is responsible for the Company's internal controls and financial reporting process. Ernst & Young, the Company's independent auditors, is responsible for performing an independent audit of Athersys' consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to provide oversight to these processes.

In fulfilling its oversight responsibility, the Audit Committee relies on the accuracy of financial and other information, opinions, reports, and statements provided to the Audit Committee. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Nor does the Audit Committee's oversight assure that the audit of Athersys' financial statements has been carried out in accordance with generally accepted auditing standards or the audited financial statements are presented in accordance with generally accepted accounting principles.

The Audit Committee has reviewed and discussed with the Company's management and Ernst & Young the audited financial statements of the Company for the year ended December 31, 2007. The Audit Committee has also discussed with Ernst & Young the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended, as adopted by the Public Company Oversight Board in Rule 3200T, and Auditing Standard No. 5 (An Audit of Internal Control Over Financial Reporting that is Integrated with an Audit of Financial Statements).

The Audit Committee has also received and reviewed the written disclosures and the letter from Ernst & Young required by Independence Standards Board Standard No. 1, "Independence Discussion with Audit Committees," as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and has discussed with Ernst & Young such independent auditors' independence. The Audit Committee has also considered whether Ernst & Young's provision of services to the Company beyond those rendered in connection with their audit and review of the Company's financial statements is compatible with maintaining their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2007 for filing with the Securities and Exchange Commission.

Campbell, our Vice President, Finance, and the three most highly compensated executive officers other than Dr. Van Bokkelen and Ms. Campbell who were serving as executive officers as of December 31, 2007, and places in perspective the data presented in the compensation tables and narratives that follow.

Executive Summary

On May 24, 2007, BTHC VI, Inc., a Delaware corporation, and its wholly owned subsidiary, B-VI Acquisition Corp., a Delaware corporation, entered into an Agreement and Plan of Merger with Athersys, Inc., a Delaware corporation and privately-held company. Pursuant to the terms of the Agreement and Plan of Merger, B-VI Acquisition Corp., which BTHC VI recently had incorporated in the state of Delaware for the purpose of completing the merger transaction, merged with and into Athersys on June 8, 2007, with Athersys continuing as the surviving entity in the merger. As a result of the merger, Athersys became our wholly-owned subsidiary and the business of Athersys became our sole operations. On August 31, 2007, Athersys, Inc. changed its name to ABT Holding Company, and BTHC VI, Inc. changed its name to Athersys, Inc. In June 2007, we also completed an offering of our Common Stock in a private placement. As a result, 2007 was a year of transition for us in terms of our compensation and benefit programs.

We are a biopharmaceutical company engaged in the discovery and development of therapeutic product candidates designed to extend and enhance the quality of human life. Through the application of our proprietary technologies, we have established a pipeline of therapeutic product development programs in multiple diseases. As further discussed in this section, our compensation and benefit programs help us attract, retain and motivate individuals who will maximize our business results by working to meet or exceed established company or individual objectives. In addition, we reward our executive officers for meeting certain developmental milestones, such as completing financings and advancements in product candidate development.

The following are the highlights of our 2007 compensation and benefit programs:

established our Long-Term Incentive Plan and Equity Incentive Compensation Plan, which we refer to as our equity compensation plans; and

granted discretionary bonuses to our named executive officers based on a number of our achievements in 2007.

The following discussion and analysis of our compensation and benefit programs for 2007 should be read together with the compensation tables and related disclosures that follow this section. This discussion includes forward-looking statements based on our current plans, considerations, expectations and determinations about our compensation program. Actual compensation decisions that we may make for 2008 and beyond may differ materially from our recent past.

Compensation Objectives and Philosophy

Our compensation programs are designed to:

Recruit, retain, and motivate executives and employees that can help us achieve our core business goals;

Provide incentives to promote and reward superior performance throughout the organization;

Facilitate stock ownership and retention by our executives and other employees; and

Promote alignment between executives and other employees and the long-term interests of stockholders.

Table of Contents

The Compensation Committee seeks to achieve these objectives by:

Establishing a compensation program that is market competitive and internally fair;

Linking performance with certain elements of compensation through the use of equity options, stock grants, cash performance bonuses or other means of compensation, the value of which is substantially tied to the achievement of our company goals; and

When appropriate, given the nature of our business, rewarding our executive officers for both company and individual achievements with discretionary bonuses.

Components of Compensation

Our executive compensation program includes the following elements:

Base salary;

Discretionary and performance-based bonuses;

Long-term incentive plan awards; and

Retirement and health insurance benefits.

Our Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid-out compensation, between cash and non-cash compensation or among different forms of non-cash compensation. We consider competitive practices, relative management level and operating responsibilities of each executive officer when determining the compensation elements to reward his or her ability to impact short-term and long-term results.

Role of the Chief Executive Officer

Historically, our Chief Executive Officer has taken the lead in providing our Board of Directors with advice regarding executive compensation. During 2007, the Compensation Committee relied on recommendations from our Chief Executive Officer regarding the compensation for and performance of our executive officers. The Compensation Committee relied on the recommendations made by our Chief Executive Officer because of his knowledge of the business and the performance of the other executive officers. The Compensation Committee is not bound by the input it receives from our Chief Executive Officer. Instead, the Compensation Committee exercises independent discretion when making executive compensation decisions. We describe and discuss the particular compensation decisions made by the Compensation Committee regarding the 2007 compensation of our named executive officers below under Elements of Executive Compensation.

Elements of Executive Compensation

Base Salary. We pay base salaries to attract executive officers and provide a basic level of financial security. We establish base salaries for our executives based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies for similar positions. Base salaries are generally reviewed annually, with adjustments based on the individual's responsibilities, performance and experience during the year. This review generally occurs each year at the annual review.

Effective in June 2007, the base salaries of our executive officers were increased in connection with the closing of the merger and the June 2007 offering of our Common Stock in a private placement. Such increases had been previously approved by the Board in June 2006, but were deferred until the closing of the offering. In June 2007, the executive officers received the amount of the deferred base salary increases applied on a retroactive basis from June 1, 2006. The increase in salaries was due to several years without any increases to base salaries and the achievement of the merger and offering in 2007.

For 2008, the Compensation Committee recommended and the Board of Directors approved that each of the named executive officers be entitled to receive a 6% increase in such officer's salary for 2008 as compared

Table of Contents

to 2007 based on the recommendation of our Chief Executive Officer. The increase in salaries was due to (1) the excellent progress in advancing our lead clinical program for ATHX-105, (2) important advancements in the pre-clinical programs for stroke, cognition, and back-up candidates for ATHX-105, (3) the successful and efficient transition from being privately held to being listed on the Nasdaq Capital Market, (4) the successful awarding of additional grants to support the MutiStem program, (5) the validation of, and improvements to, our clinical-grade MultiStem production system to enable a broader range of clinical and pre-clinical studies in the future, and (6) the named executive officers' exceptional success in motivating and retaining key personnel.

Discretionary and Performance-Based Bonuses. We utilize annual incentive bonuses to reward officers and other employees for achieving financial and operational goals and for achieving individual annual performance objectives. These objectives vary depending on the individual executive and employee, but relate generally to strategic factors, including establishment and maintenance of key strategic relationships, advancement of our product candidates, identification and advancement of additional programs or product candidates, and to financial factors, including raising capital, improving our results of operations and increasing the price per share of our Common Stock.

We had a cash incentive plan that was established in November 2005 that resulted in the payment of bonuses of one month of salary to our employees (two months of salary for named executive officers) upon achievement of certain milestones, which included the issuance of the unsecured convertible promissory notes to Angiotech Pharmaceuticals, the completion of the June 2007 offering of our Common Stock, and the sale of certain non-core assets related to our asthma discovery program. Additionally, Mr. Lehmann was eligible for a one-time bonus in the amount of \$50,000 in connection with the completion of the June 2007 offering pursuant to the terms of his employment agreement. In connection with these events, the named executive officers received the following aggregate cash bonuses in 2007: Dr. Van Bokkelen \$79,938; Dr. Harrington \$68,519; Mr. Lehmann \$118,519; Dr. Deans \$53,674; and Ms. Campbell \$44,537.

In addition, in 2007, we awarded discretionary bonuses to our named executive officers equal to 15% of such officer's 2007 salary. We made these payments, which are set forth in the 2007 Summary Compensation Table, to reward our named executive officers for the same reasons enumerated above for the increase in 2008 salaries.

The Compensation Committee approved a cash bonus incentive plan for the year ended December 31, 2008 for our executive officers. Under the incentive plan, executive officers will be entitled to earn a target bonus of 25% of their 2008 salary based upon the achievement of specified company goals, as well as specified individual goals. The bonus payout depends 75% on achievement of the specified company goals and 25% on achievement of the individual goals. The company goals include advancing our lead clinical program for ATHX-105, advancements in the pre-clinical programs using our MultiStem technology and certain finance, governance and investor relations goals. There is no formally adopted plan document for the incentive plan.

Long-Term Incentive Program. We believe that we can encourage superior long-term performance by our executive officers and employees through encouraging them to own, and assisting them with the acquisition of, our stock. Our equity compensation plans provide our employees, including named executive officers, with incentives to help align their interests with the interests of our stockholders. We believe that the use of stock and stock-based awards offers the best approach to achieving our compensative objective of fostering a culture of ownership, which we believe will, in turn, motivate our named executive officers to create and enhance stockholder value. We have not adopted stock ownership guidelines, but our equity compensation plans provide a principal method for our executive officers to acquire equity in our company.

Our equity compensation plans authorize us to grant options, restricted stock and restricted stock units to our employees, Directors and consultants. To date, we have not granted any restricted stock or restricted stock units under our equity compensation plans. We anticipate that to implement our long-term incentive goals, we may grant

restricted stock or restricted stock units in the future. Historically, we have elected to use stock

Table of Contents

options as our primary long-term equity incentive vehicle. We expect to continue to use stock options as a long-term incentive vehicle because we believe:

Stock options align the interests of our executives with those of our stockholders, support a pay-for-performance culture, foster an employee stock ownership culture and focus the management team on increasing value for our stockholders;

The value of stock options is based on our performance, because all the value received by the recipient of a stock option is based on the growth of our stock price;

Stock options help to provide a balance to the overall executive compensation program because, while base salary and our discretionary annual bonus program focus on short-term compensation rewards, vesting stock options reward increases in stockholder value over the longer term; and

The vesting period of stock options encourages executive retention and their efforts to preserve stockholder value.

In determining the number of stock options to be granted to executives, we take into account the individual's position, scope of responsibility, ability to affect results and stockholder value, the individual's historic and recent performance and the value of stock options in relation to other elements of the individual executive's total compensation. Awards of stock options will be granted from time to time under the guidance and approval of the Compensation Committee. In June 2007, upon the closing of the merger, we granted option awards to purchase 3,250,000 shares of Common Stock with an exercise price of \$5.00 to our employees, including our named executive officers and certain consultants. Given the dilutive effects of the merger, the existing options were worthless. Consequently, we granted the options described above. We did not grant any other equity awards to our executive officers during 2007.

Retirement and Health Insurance Benefits. Consistent with our compensation philosophy, we maintain benefits for our executive officers, including medical, dental, vision and life and disability insurance coverage and the ability to contribute to a 401(k) retirement plan. The executive officers and employees have the ability to participate in these benefits at the same levels. We provide such retirement and health insurance benefits to our employees to motivate and retain qualified personnel. In addition, Dr. Van Bokkelen, Dr. Harrington, Mr. Lehmann and Dr. Deans also receive Company-paid life insurance benefits in the amounts of \$2,000,000, \$2,000,000, \$1,000,000 and \$1,000,000, respectively. These additional life insurance policies are provided to these officers due to their extensive travel requirements for the Company. We have no current plans to change the level of benefits provided to our named executive officers.

Severance Arrangements

See the disclosure under **Potential Payments Upon Termination or Change of Control** for more information about severance arrangements with our named executive officers. We provide such severance arrangements to attract and retain qualified personnel.

Employment Agreements and Arrangements

We believe that entering into employment agreements with each of our named executive officers was necessary for us to attract and retain talented and experienced individuals for our senior level positions. In this way, the employment agreements help us meet the initial objective of our compensation program. Each agreement contains terms and arrangements that we agreed to through arms-length negotiation with our named executive officers. We view these employment agreements as reflecting the minimum level of compensation that our named executive officers require to

remain employed with us, and thus the bedrock of our compensation program for our named executive officers. For more details of our employment agreements and arrangements, see the disclosure under Summary Compensation Table.

Table of Contents**General Tax Deductibility of Executive Compensation**

We structure our compensation program to comply with Internal Revenue Code Sections 162(m) and 409A. Under Section 162(m) of the Internal Revenue Code, a limitation was placed on tax deductions of any publicly-held corporation for individual compensation to certain executives of such corporation exceeding \$1.0 million in any taxable year, unless the compensation is performance-based. If an executive is entitled to nonqualified deferred compensation benefits that are subject to Section 409A, and such benefits do not comply with Section 409A, then the benefits are taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, the executive is subject to regular federal income tax, interest and an additional federal income of 20% of the benefit includible in income. The Compensation Committee manages our incentive programs to qualify for the performance-based exemption; however, it also reserves the right to provide compensation that does not meet the exemption criteria if, in its sole discretion, it determines that doing so advances our business objectives.

Equity Compensation Plans

In June 2007, we adopted our equity compensation plans, which authorize the Board of Directors, or a committee thereof, to provide equity-based compensation in the form of stock options, stock appreciation rights restricted stock, restricted stock units, performance shares and units, and other stock-based awards, which will be used to attract and retain qualified employees, Directors and consultants. Equity awards will be granted from time to time under the guidance and approval of the Compensation Committee. Total awards under these plans are limited to 4,500,000 shares of Common Stock.

Stock option grants are made at the commencement of employment and, on occasion, following a significant change in job responsibilities or to meet other special retention objectives. The Compensation Committee annually reviews and approves stock option awards to executive officers based upon a review of competitive compensation data, its assessment of individual performance, a review of each executive's existing long-term incentives and retention considerations. Periodic stock option grants are made at the discretion of the Compensation Committee to eligible employees, including named executive officers.

In June 2007, upon the closing of the merger, we granted option awards to purchase 3,250,000 shares of Common Stock with an exercise price of \$5.00 to our employees, including our named executive officers and certain consultants. These option awards generally vest 40% on the date of grant and 20% in each of the three years (on a quarterly basis) thereafter. Dr. Van Bokkelen received stock option grants to purchase 712,500 shares of Common Stock at \$5.00 per share; Dr. John Harrington received stock option grants to purchase 700,000 shares of Common Stock at \$5.00 per share; Mr. Lehmann received stock option grants to purchase 400,000 shares of Common Stock at \$5.00 per share; Dr. Deans received stock option grants to purchase 240,000 shares of Common Stock at \$5.00 per share; and Ms. Campbell received stock option grants to purchase 200,000 shares of Common Stock at \$5.00 per share. Also in June 2007, option awards to purchase 75,000 shares of Common Stock with an exercise price of \$5.00 were granted to five of our Directors (options for a total of 375,000 shares), which stock options vest at a rate of 50% in the first year (on a quarterly basis) and 25% in each of the two years (on a quarterly basis) thereafter. In September 2007, an option award to purchase 75,000 shares of Common Stock with an exercise price of \$7.80 was granted to Lorin J. Randall, upon his appointment as one of our Directors, which vests at a rate of 50% in the first year (on a

quarterly basis) and 25% in each of the two years (on a quarterly basis) thereafter. We did not grant any other equity awards to our named executive officers or Directors during 2007.

Table of Contents**401(k) Plan**

In 1997, we adopted a tax-qualified employee savings and retirement plan, also known as a 401(k) plan that covered all of our employees, which was replaced with a new plan in 2004. Under our current 401(k) plan, eligible employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit, which was \$15,000 in 2006 and is \$15,500 in 2007, and have the amount of the reduction contributed to the 401(k) plan. The trustees of the 401(k) plan, at the direction of each participant, invest the assets of the 401(k) plan in designated investment options. We may make matching or profit-sharing contributions to the 401(k) plan in amounts to be determined by our Board of Directors. We have not made any matching or profit-sharing contributions to the 401(k) plan as of April 28, 2008. The 401(k) plan is intended to qualify under Section 401 of the Internal Revenue Code, so that contributions to the 401(k) plan and income earned on the 401(k) plan contributions are not taxable until withdrawn, and so that any contributions we make will be deductible when made.

2007 GRANTS OF PLAN-BASED AWARDS TABLE

We implemented an incentive plan in November 2005, which was amended in June 2007, which provides the named executive officers with cash (or equity, as applicable) bonus payments upon the achievement of certain thresholds from financing transactions, mergers or acquisitions, and asset sale transactions. Cash payments under this plan are set forth in the 2007 Summary Compensation Table. The following table sets forth plan-based equity awards granted to our named executive officers during 2007 under our equity compensation plans.

- (1) These options listed in column (c) were granted on June 8, 2007, vested at a rate of 40% on the grant date (which are included in column (b)) and vest 20% in each of the three years (on a quarterly basis) thereafter and will be fully exercisable on June 8, 2010.

2007 Options Exercised and Stock Vested

None of our named executive officers exercised any stock options during 2007. As of December 31, 2007, our named executive officers did not have any other stock awards other than options.

Potential Payments Upon Termination or Change of Control

Upon termination, the named executive officers may be entitled to certain potential payments. In the event that an executive officer is terminated without cause or terminates employment for good reason including a change of control, we would be obligated to pay full base salary and other benefits for a defined period, subject to mitigation related to other employment. For Dr. Gil Van Bokkelen and Dr. John Harrington, this period is eighteen months, and for all other executive officers, the period is six months. Assuming a termination event for each of our named executive officers on December 31, 2007, we estimate that the named executive officers would have received the following aggregate payment amounts, consisting of salary and monthly health and dental benefits, as applicable: Dr. Van Bokkelen, \$545,206; Mr. Lehmann, \$150,000; Dr. Harrington, \$470,206; Dr. Deans, \$117,500; Ms. Campbell, \$97,500; and Mr. Halter, \$0. In addition, we would be obligated to continue the participation of the executive officer in all medical, life and other employee welfare benefit programs for a period of eighteen months to the extent available and possible under the programs.

In the event than an executive officer is terminated for cause, other than for good reason, or as a result of death, we would be obligated to pay full base salary and other benefits, including any unpaid expense reimbursements, through the date of termination, and would have no further obligations to the executive officer. In the event that an executive officer is unable to perform duties as a result of a disability, we would be obligated to pay full base salary and other benefits until employment is terminated and for a period of twelve months from the date of such termination.

Table of Contents**2007 Director Compensation Table**

The following table summarizes compensation paid to our non-employee Directors in 2007:

Name(a)	Fees Earned or Paid in Cash \$(b)	Option Awards \$(1)(d)	Total \$(h)
George M. Milne, Jr.	\$ 35,000	\$ 27,355	\$ 62,355
William C. Mulligan	\$ 26,500	\$ 27,355	\$ 53,855
Jordan S. Davis	\$ 23,500	\$ 27,355	\$ 50,855
Floyd D. Loop	\$ 21,000	\$ 27,355	\$ 48,355
Michael Sheffery	\$ 20,500	\$ 27,355	\$ 47,855
Lorin J. Randall	\$ 13,000	\$ 29,887	\$ 42,887

- (1) Amounts in column (d) do not necessarily reflect compensation actually received by our Directors. The amounts in column (d) reflect the dollar amount recognized for financial statement reporting purposes for the fiscal year ended December 31, 2007, in accordance with SFAS No. 123R. Assumptions used in the calculation of these amounts are included in Note B to Athersys' audited consolidated financial statements for the fiscal year ended December 31, 2007. Each of the non-employee Directors had option awards outstanding as of December 31, 2007 for 75,000 shares of Common Stock.

Prior to the merger with BTHC IV, Athersys non-employee Directors typically did not receive cash for services they provided as Directors; however, Dr. Milne historically received \$25,000 annually for his services as a board member. Also, Athersys' non-employee Directors have historically received grants of options to purchase shares of Common Stock. Prior to 2007, none of Athersys' other non-employee Directors received any compensation for his service as a Director.

The Board approved a compensation program for the non-executive Board members beginning in June 2007. The new compensation program includes an initial stock option grant to purchase 75,000 shares of Common Stock at fair market value on the date of grant, which options vest at a rate of 50% in the first year (on a quarterly basis) and 25% in each of the two years (on a quarterly basis) thereafter. In 2007, our non-employee Directors each received a grant of an option to purchase 75,000 shares of Common Stock.

Additionally, the non-employee Directors will receive, at each anniversary of service, an option award to purchase 15,000 shares of Common Stock at fair market value on the date of grant. These additional awards will vest at a rate of 50% in the first year (on a quarterly basis), and 25% in each of the two years (on a quarterly basis) thereafter.

The non-employee Directors also receive cash compensation of \$30,000 per year, paid quarterly, plus daily fees of \$1,500 for participating in person, or \$500 for participating by telephone, at Board meetings. The chair of the Audit Committee receives additional cash compensation of \$10,000 per year, paid quarterly, and the chair of the Compensation Committee receives additional cash compensation of \$6,000 per year, paid quarterly. All Audit Committee and Compensation Committee members also receive additional daily fees of \$1,000 for participating in person, or \$500 for participating by telephone, at each Audit Committee or Compensation Committee meeting. Directors, however, cannot receive more than \$2,500 in any one day for participation in Board and committee meetings. Directors will be reimbursed for reasonable out-of-pocket expenses incurred while attending Board and

committee meetings. There are no fees paid to members of the Nominations Committee.

Table of Contents**BENEFICIAL OWNERSHIP OF COMMON STOCK**

The following table sets forth certain information known to us regarding the beneficial ownership of our Common Stock as of March 31, 2008 by:

each person known by us to beneficially own more than 5% of our Common Stock;

each of our Directors;

each of our named executive officers; and

all of our Directors and executive officers as a group.

We have determined beneficial ownership in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of Common Stock that could be issued upon the exercise of outstanding options and warrants held by that person that are exercisable within 60 days of March 31, 2008 are considered outstanding. These shares, however, are not considered outstanding when computing the percentage ownership of each other person.

Except as indicated in the footnotes to this table and pursuant to state community property laws, each stockholder named in the table has sole voting and investment power for the shares shown as beneficially owned by them.
