CORPORATE GOVERNANCE

Director Independence

We are authorized by our Bylaws to maintain a Board of Directors comprised of a minimum of three directors and no more than nine directors. Our Board currently consists of five directors, three of whom, Messrs. Norton, Patterson and Cowan, are independent as defined under rules promulgated by the Securities and Exchange Commission (SEC) and the Nasdaq Stock Market. In accordance with the independence standards of the Nasdaq Stock Market, a director must be determined to have no personal, professional, familial or other relationship with our company other than as a director. Our directors are elected for three year terms, or until an earlier resignation, death or removal. There are no family relationships among any of our directors or officers.

Board of Directors and Board Committees

The Board of Directors held four regularly scheduled meetings during the last full fiscal year and three special meetings. No director attended less than 75% of the aggregate of such meetings and meetings held by committees of the Board on which he served. We do not have a formal policy regarding attendance by members of the Board of Directors at our annual meeting of shareholders, but strongly encourage directors to attend. All members of our Board of Directors attended the 2006 Annual Meeting of Shareholders.

The standing committees of the Board are as follows: Audit, Nominating and Governance, and Compensation Committee. The Board has adopted a charter for its Audit Committee and its Nominating and Governance Committee, which are available on our website at www.meadowvalley.com by following the link Investor Information. The Compensation Committee is not operating under a written charter. Shareholders may also receive a free copy of the committee charters by sending a written request to 4602 E. Thomas Road, Phoenix, Arizona 85018, Attention: Secretary, or calling (602) 437-5400.

The Audit Committee

Our Audit Committee consists of Messrs. Patterson, Cowan and Norton. Mr. Patterson is our Audit Committee Chairman and has been determined by the Board to be a financial expert as defined by the Securities and Exchange Commission. In the opinion of the Board and as independent is defined under current standards of the Nasdaq Capital Market, these directors are independent of management and free of any relationship that would interfere with their exercise of independent judgment as a member of this committee. The Audit Committee reviews in detail and recommends approval by the Board of our annual and quarterly financial statements, recommends approval of the remuneration of our auditors to the Board, reviews the scope of the audit procedures and the final audit report prepared by our auditors and reviews our overall accounting practices, procedures and internal controls with our auditors.

The Nominating and Governance Committee

The Nominating and Governance Committee is currently comprised of Messrs. Cowan, Norton and Patterson, our independent directors. Mr. Cowan is our Nominating and Governance Committee Chairman. The committee met four times during fiscal 2006. The purpose of the Nominating and Governance Committee is as follows:

identify, consider and nominate candidates for membership on the Board, including any nominees properly received by the Secretary of the Corporation from any shareholder;

develop, recommend and evaluate corporate governance guidelines and a code of business conduct and ethics applicable to the Company;

make recommendations regarding the structure and composition of the Board and Board committees; and

advise the Board on corporate governance matters.

All members of our Nominating and Governance Committee are independent, as defined under applicable law and the listing standards for companies traded on the Nasdaq Capital Market. Nominations of candidates for election as Directors may be made by the Board of Directors upon recommendation by the Nominating and Governance Committee, or by shareholders. Shareholders may nominate candidates for election as directors if they follow the procedures and conform to the deadlines specified in our By-laws. For more information, see the disclosure in our Proxy Statement for our 2007 Annual Meeting of Shareholders under the caption Shareholder Proposals for the 2008 Annual Meeting of Shareholders, which will be filed with the SEC and mailed to our shareholders on approximately May 9, 2007.

In evaluating the suitability of potential nominees for membership on the Board, the Nominating and Governance Committee will consider the Board's current composition, including expertise, diversity, and balance of inside, outside and independent directors, and consider the general qualifications of the potential nominees, such as:

Unquestionable integrity and honesty;

The ability to exercise sound, mature and independent business judgment in the best interests of the shareholders as a whole;

Recognized leadership in business or professional activity;

A background and experience that will complement the talents of the other Board members;

Willingness and capability to take the time to actively participate in Board and Committee meetings and related activities;

Ability to work professionally and effectively with other Board members and the Company's management;

An age to enable the Director to remain on the Board long enough to make an effective contribution; and

Lack of realistic possibilities of conflict of interest or legal prohibition.

The Committee will also see that all necessary and appropriate inquiries are made into the backgrounds of such candidates. Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Governance Committee may also consider such other factors as it may deem to be in the best interests of the Company and its shareholders.

The Compensation Committee on Executive Compensation

Our Compensation Committee consists of Messrs. Patterson, Cowan and Norton. Mr. Norton is our Compensation Committee Chairman. The purpose of the Compensation Committee is to determine the compensation to be paid to the Company's executive officers, and to approve any incentive compensation plans. The Compensation Committee will recommend approval to the Board of the compensation of our executive officers, the annual compensation budget for all other employees, bonuses, grants of stock options and any changes to our benefit plans. The committee met four times during fiscal 2006.

Shareholder Communications with Directors

Shareholders may communicate with any and all members of the Company's Board of Directors by transmitting correspondence by mail or facsimile addressed to one or more directors by name or, for a communication to the entire board, to the President at the following address and fax number: Meadow Valley Corporation, 4602 E. Thomas Road, Phoenix, Arizona 85018; main, (602) 437-5400; facsimile, (602) 437-1681.

Communications from our shareholders to one or more directors will be collected and organized by our Corporate Secretary under procedures adopted by our independent directors. The Corporate Secretary will forward all communications to the President or to the identified director(s) as soon as practicable, although communications that are abusive, in bad taste or that present safety or security concerns may be handled differently. If multiple communications are received on a similar topic, the Corporate Secretary may, in his direction, forward only representative correspondence.

The President will determine whether any communication addressed to the entire Board of Directors should be properly addressed by the entire Board of Directors or a committee thereof. If a communication is sent to the Board of Directors or a committee, the Chairman of the Board or the chairman of that committee, as the case may be, will determine whether a response to the communication is warranted. If a response to the communication is warranted, the content and method of the response may be coordinated with our counsel.

Other Corporate Governance Policies

We have adopted a Code of Ethics that applies to all of our directors and senior management. Amendments to and waivers, if any, from our Code of Ethics will be disclosed on our website. Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers and persons who beneficially own more than 10% of our Common Stock to file with the Securities and Exchange Commission initial reports of ownership and reports of change in their ownership of our Common Stock. Securities and Exchange Commission regulations require our directors, executive officers and greater than 10% shareholders to furnish us with copies of these reports. Based solely upon a review of such reports and related information furnished to us, we believe that, during the 2006 fiscal year, each person who served as a director or executive officer of our company or held more than 10% of our Common Stock complied with the Section 16(a) filing requirements.

Clint Tryon received incentives pursuant to Meadow Valley Corporation's Incentive Plan as it related to the portion of 2006 spent as Principal Accounting Officer of the Company and the subsequent subsidiary transition.

Bradley E. Larson, Kenneth D. Nelson, Alan A. Terril, David D. Doty and Clint Tryon, each received 10,000 stock options issued from the Company's equity incentive plan (the "Equity Incentive Plan").

Oversight of Executive Compensation Program and Role of Executive Officers in Compensation Decisions

While the Compensation Committee approves all aspects of our executive compensation program, it reports to the full Board of Directors on a regular basis and seeks approval for certain actions. The Committee coordinates with its consultants and management to obtain marketplace and internal data analyses, project reports and program recommendations to assist the Committee in making executive compensation decisions. Our Chief Executive Officer and, in some cases, other executive officers make recommendations to the Committee with respect to various elements of executive compensation.

Compensation Objectives and Philosophy

The Company's primary objectives when determining compensation for its named executive officers are to: set levels of annual salary, non-equity incentives and equity compensation that are competitive and that will attract and retain superior executives, taking into account the difficult industry conditions and competitive environment that the Company faces,

incorporate a performance-based component to executive compensation by linking the incentive compensation to the Company's financial and operational performance, and

provide long-term equity-based compensation, thereby further aligning the interests of the Company's executives with those of its other stockholders.

These objectives are designed to reward each executive's (1) past individual performance and contribution to the Company's corporate performance, (2) level and scope of responsibility and experience, and (3) ability to influence the Company's future growth and profitability.

Elements of Compensation

Our executive compensation has three main parts: a salary paid in cash, an annual non-equity cash incentive plan, in which payment is contingent on the financial performance of the Company, and a long-term equity incentive that the Company provides through the award of options to purchase the Company's common stock. The salary component is intended to reward executives for their current, day-to-day work. The cash incentive bonus is intended to be a reward for the executive's contribution to the financial success of the Company in a given year. Awards of equity are intended to create longer-term incentive for the executive to remain with the Company since the benefit is realized, if the Company is successful, over a multi-year period similar to our shareholders.

Table of Contents**Compensation Components***Annual Salary*

Because an executive's annual salary is meant to reflect his value to the Company on a day-to-day basis, it is a fixed, predetermined element of his compensation. When the Compensation Committee reviews the level of an executive's salary for a possible increase at the end of the term of his employment agreement or annual basis if no employment agreement is in place, that review is based on two main factors: his prior salary and the salary range of executives in comparable companies at a comparable level of responsibility. The Compensation Committee members take an executive's prior salary into account because they believe that it reflects the assessment of prior boards and/or compensation committees of the executive's value to the Company. Compensation levels of comparable companies are obtained from industry trade publications, management consulting firms such as FMI Management Consulting and other public companies similar to our size and industry. In addition, the Compensation Committee provides their knowledge of construction industry compensation levels gained in the course of the work each independent director performs in their daily business activity.

Non-Equity Cash Incentive Plan

The level of compensation that an executive can earn under the Company's cash incentive plan is based on the Company's attainment of financial success when compared to a predetermined amount, which the Board of Directors has approved in advance. Financial performance that exceeds expectations can enable the Company's management team including its CEO, CFO, Vice-Presidents and other management personnel to earn a cash incentive. The amount of the cash incentive earned in a given year, if any, is derived from a formula based principally on the Company's income before tax, by the manager's primary geographic area of responsibility. The amount of income before tax for each year must be approved by the Board of Directors, which has a majority of directors who are not employees of the Company and are independent. The cash incentive bonus plan has a discretionary element. In exercising this discretion, members of the Compensation Committee use their personal judgment of appropriate amounts after taking into account information about the executive's work during the year, his past compensation, his current cash incentive amount, his perceived contribution to the Company generally, his level of responsibility, and any notable individual achievements or failings in the year in question.

The Compensation Committee authorizes the payment of incentive amounts and, if applicable, makes any decisions on discretionary amounts, when the results for the year in question are known, typically in late February of the following year. Bonuses for 2006 were approved in March, 2007. The *Summary Compensation Table for 2006*, below, shows the total 2006 cash incentive amounts of each named executive officer.

Equity Incentive Plan

The award of an option to buy the Company's common stock is a long-term element of compensation since on the date of the award, the exercise price, or purchase price, of the shares subject to the option is the same as the price of those shares on the open market. The recipient of a stock option will only realize its value if the market price of the shares increases over the life of the option, the award gives the executive an incentive to remain with the Company and aligns his interests with those of our shareholders.

The Company calculates the value of a stock option award on the date of its grant under accounting requirements that involve the use of a complex formula consisting of estimates about the Company, its stock price and the likelihood of the option holder forfeiting the stock option. Beginning in fiscal year 2006, recording stock option awards as an expense was required of all companies under Financial Accounting Standard No. 123 (revised 2004), or FAS 123R. The dollar amount shown in the *Summary Compensation Table for 2006*, below, for stock option awards is the value of the options computed under FAS 123R.

In determining the size of a stock option award, the Compensation Committee takes into account both the value of the award to the recipient and the corresponding accounting cost to the Company.

Table of Contents

Other Compensation

The only other forms of compensation of the executive officers are the personal use of company vehicles, disability and term life insurance and other benefits made available to all salaried employees and the perquisites shown in the *Summary Compensation Table for 2006*, below, in the column labeled *All Other Compensation*. A detailed description of the perquisites is shown in footnote 3 to the table. The payment of Messrs. Larson, Terril and Nelson's term life insurance premiums is a benefit that has been provided to them by the Company for many years and was established when the Company determined to carry a key officer life policy on each of the executives in the same amounts as the policy provided each officer. This benefit is also applicable to Mr. Doty, however, no amounts were paid in 2006 for term life insurance on his behalf.

Overall Compensation Levels

As with salary, the Company attempts to provide its executives with a total compensation package that is comparable to their peers in the industry and that the members of the Compensation Committee believe in their personal judgment based on their business experience is fair and appropriate for the executive's level of responsibility and contribution to the Company. The Compensation Committee, which consists of only our independent members of the Board of Directors, makes the final determination of the compensation of the named executive officers. However, the Committee discusses their compensation recommendations for each executive officer with the Chief Executive Officer in advance of making a decision.

Employment Agreements

Messrs. Larson, Doty, Terril and Nelson currently are employed by the Company through employment agreements. In November 2006, the Company entered into three-year employment agreements with Messrs. Larson, Doty and Nelson providing for an annual base salary. These individuals are also eligible to receive incentive amounts based upon performance as determined by our Compensation Committee and approved by our Board of Directors. In the event the Company terminates any of these individuals without cause (as defined in the agreements) or the Company is the subject of a change of control, all options held by the individual will vest and the Company will be required to pay compensation to these individuals for the remaining terms of the agreements.

Compensation of the Chief Executive Officer

Employment Agreement and Compensation Elements

Mr. Larson's 2006 compensation was determined according to the above compensation components per his applicable employment agreement.

(1) This column represents the aggregate dollar amount of the awards granted in 2006. Therefore, the values shown here are not representative of the amounts that may eventually be realized by an executive. Pursuant to the rules of the Securities and Exchange Commission, we have provided a grant date fair value for option awards in accordance with the provisions of Statement of Financial Accounting Standards No. 123(R), Share-based

Payments. For option awards, the fair value is estimated as of the date of grant using the Black-Scholes option pricing model, which requires the use of certain assumptions, including the risk-free interest rate, dividend yield, volatility and expected term. The risk-free interest rate is based on the yield at the date of grant of a U.S. Treasury security with a maturity period equal to or approximating the option's expected term. The dividend yield assumption is based on our historical dividend payouts, which is zero. The volatility assumption is based on the historical volatility of our common stock over a period equal to the option's expected term or trading stock's trading history whichever is shorter. The

expected term
of options
granted is based
on expectations
about future
exercises and
represents the
period of time
that options
granted are
expected to be
outstanding.

Equity Incentive Plans

Meadow Valley Corporation Equity Incentive Plan:

In 2005, the 2004 Plan was ratified by the shareholders. The 2004 Plan permits the granting of any or all of the following types of awards: (1) incentive and nonqualified stock options, (2) stock appreciation rights, (3) stock awards, restricted stock and stock units, (4) other stock or cash-based awards. In connection with any award or any deferred award, payments may also be made representing dividends or their equivalent.

The 2004 Plan authorizes the issuance of up to 1,200,000 shares of Common Stock, all of which were previously reserved for issuance under the Company's prior plan. Shares of Common Stock covered by an award granted under the 2004 Plan will not be counted as used unless and until they are actually issued and delivered to a participant. Shares relating to awards granted under the 2004 Plan that are forfeited, settled for cash or otherwise terminated and shares withheld by or tendered to the Company in connection with the exercise of an option or other award granted under the 2004 Plan or in connection with the satisfaction of tax withholding obligations relating to awards or exercises of options or other awards are available for grant under the 2004 Plan. Awards made or adjusted to assume or convert awards in connection with acquisition transactions will not reduce the number of shares authorized for issuance under the 2004 Plan. The shares of stock deliverable under the 2004 Plan will consist of authorized and unissued shares. The plan administrator may adjust the aggregate number of shares or the awards under the plan in the event of a change affecting shares of Common Stock, such as stock dividends, recapitalization, reorganization or mergers.

The 2004 Plan is administered by the Compensation Committee of the Board of Directors which was comprised of non-employee directors. The 2004 Plan has no fixed termination date. The Company's Board of Directors or the committee may generally amend, alter, suspend, discontinue or terminate all or a portion of the 2004 Plan at any time, as long as the rights of a participant are not materially impaired without the participant's consent, subject to shareholder approval to the extent necessary to comply with applicable law, stock exchange rule or regulatory requirements or, as determined by the committee, to qualify with tax requirements.

In 2006, we granted, under the 2004 Plan, an aggregate of 85,000 stock options to officers and directors at an exercise price of \$10.11.

We have reserved 1,200,000 shares of our common stock for issuance under the 2004 Plan. As of December 31, 2006, 90,149 shares were available for future grant under the 2004 Plan. The term of the stock options is five or ten years and may be exercised after issuance as follows: 33.3% after one year of continuous service, 66.6% after two years of continuous service and 100% after three years of continuous service. The exercise price of each option is equal to the market closing price of the Company's common stock on the date of grant.

Ready Mix, Inc. Equity Incentive Plan:

In January 2005, RMI adopted an equity incentive plan, which we refer to as RMI's Plan, which provides for the grant of options intended to qualify as incentive stock options and non-statutory stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended, together with the grant of bonus stock and stock appreciation rights at the discretion of RMI's Board of Directors. Incentive stock options are issuable only to RMI's eligible officers, directors and key employees. Non-statutory stock options are issuable only to RMI's non-employee directors and consultants.

Table of Contents

RMI's Plan is administered by RMI's Compensation Committee. Currently, RMI has 675,000 shares of common stock reserved for issuance under RMI's Plan. Under RMI's Plan, the Board of Directors determines which individuals shall receive options, grants or stock appreciation rights, the time period during which the rights may be exercised, the number of shares of common stock that may be purchased under the rights and the option price.

With respect to stock options, the per share exercise price of the common stock may not be less than the fair market value of the common stock on the date the option is granted. No person who owns, directly or indirectly, at the time of the granting of an incentive stock option, more than 10% of the total combined voting power of all classes of our stock is eligible to receive incentive stock options under RMI's Plan unless the option price is at least 110% of the fair market value of the common stock subject to the option on the date of grant. The option price for non-statutory options is established by RMI's Board and may not be less than 100% of the fair market value of RMI's common stock subject to the option on the date of grant.

No options may be transferred by an optionee other than by will or the laws of descent and distribution, and during the lifetime of an optionee, the option may only be exercisable by the optionee. Options may be exercised only if the option holder remains continuously associated with us from the date of grant to the date of exercise, unless extended under RMI's Plan grant. Options under RMI's Plan have no expiration date and the exercise date of an option cannot be longer than 10 years from the date of grant, but can be shorter when established by RMI's plan administrator. Any options that expire unexercised or that terminate upon an optionee's ceasing to be employed by RMI become available once again for issuance. Shares issued upon exercise of an option rank equally with other shares then outstanding.

RMI has reserved 675,000 shares of common stock for issuance to officers, directors and employees under RMI's equity incentive plan described above. Options will be issued to employees and executive officers based on the recommendation of RMI's Compensation Committee of the Board of Directors according to the following:

- employees holding positions of responsibility with RMI whose performance can have a significant effect on RMI's success; and

- non-employee directors.

Currently, RMI has granted under RMI's Plan an aggregate of 348,125 stock options to officers, directors and employees at an exercise price from \$10.35 to \$12.50. From the grant date 33% of the options are exercisable after one year of continuous service to RMI, 66% after two years of continuous service and 100% after three years of continuous service.
