OVERSEAS REGULATORY ANNOUNCEMENT -  
ADJUSTMENTS OF TARIFFS FOR EXCESSIVE GENERATION

This announcement is made pursuant to Rule 13.09(2) of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited.

Huaneng Power International, Inc. (the "Company") announced the approval in the adjustments of tariffs for excessive generation in respect of some of its power plants. According to documents (the "Documents") issued by the National Development and Reform Commission, with effect from 15th June 2004, the tariffs (including VAT) for excessive generation for the Company's power plants in Shanghai Municipality, Jiangsu Province and Zhejiang Province are to be adjusted to RMB280.00/MWh, RMB300.00/MWh and RMB338.00/MWh, respectively. According to the Documents, the tariffs (including VAT) for excessive generation of the Company's power plants in those areas are to be adjusted as follows:

| Power Plant                            | Existing<br>tariff for<br>excessive<br>generation<br>(RMB/MWh) | Adjusted<br>tariff for<br>excessive<br>generation<br>(RMB/MWh) |
|----------------------------------------|----------------------------------------------------------------|----------------------------------------------------------------|
| Shanghai Shidongkou First Power Plant  | 260.00                                                         | 280.00                                                         |
| Shanghai Shidongkou Second Power Plant | 260.00                                                         | 280.00                                                         |
| Nantong Power Plant                    | 280.00                                                         | 300.00                                                         |
| Nanjing Power Plant                    | 280.00                                                         | 300.00                                                         |
| Huaiyin Power Plant                    | 280.00                                                         | 300.00                                                         |
| Taicang Power Plant                    | 280.00                                                         | 300.00                                                         |
| Changxing Power Plant                  | 328.00                                                         | 338.00                                                         |

Moreover, having liaised with the relevant tariff setting authorities, it is

## Edgar Filing: HUANENG POWER INTERNATIONAL INC - Form 6-K

agreed that the proposed on-grid power generation for 2004 in respect of Shanghai Shidongkou First Power Plant of the Company shall be calculated on the basis of the temporary on-grid tariff which shall be increased by RMB16.90/MWh from its existing approved tariff (RMB281.00/MWh (including VAT)).

The Company develops, constructs and manages large thermal power plants in China nationwide, with a total generation capacity of 19,852 MW on an equity basis. The Company wholly owns 16 power plants, has controlling interests in 7 power plants and minority interests in 4 power companies. Today, the Company is one of the largest independent power producers in China.
