- For each selling stockholder, this number represents the number of shares of common stock that would be beneficially owned by such selling stockholder after the conversion of the Notes beneficially owned by such selling stockholder as of June 28, 2005, assumes that the selling stockholders will sell all shares of common stock offered by them under this prospectus, and further assumes that all of the Notes have been converted.
 - For each selling stockholder, this number represents the percentage of common stock that would be owned by such selling stockholder after completion of the offering, based on the number of shares of common stock outstanding as of June 28, 2005 and assuming all the Notes beneficially owned by such selling stockholder as of June 28, 2005, have been converted.
 - We have been advised that Mr. Horacio Valeiras may be deemed the beneficial owner of these shares by virtue of his voting control and investment discretion.
 - We have been advised that Mr. Lawrence Keele may be deemed the beneficial owner of these shares by virtue of his voting control and investment discretion.
 - We have been advised that Van Kampen Asset Management may be deemed the beneficial owner of these shares by virtue of its voting control and investment discretion.

We note that the aggregate number of shares of common stock requested to be registered by the selling stockholders is greater than the total number of shares initially issuable upon conversion of 100% of the outstanding Notes. This may be due in part to sales or other transfers of Notes among the selling stockholders in which the person acquiring the Notes submits a request to register shares of common stock which were previously registered by

the person who sold the Notes.
